1. **Apply to be admitted to the college.**

Complete an application for admission. Applying early is a good idea. Your place in registration is determined by the date you apply. An early start also ensures you have plenty of time to visit with an advisor to plan your course schedule. There are several convenient ways to get an application and apply:

- Come by the campus and fill out your application in person.

- Get your application by mail. Just call, toll-free, metro 817-COLLEGE and we’ll send you an application and other information you would like about the college.

- Apply on-line at our website at www.dcccd.edu/cvc

2. **See your Cedar Valley College advisor.**

After you are admitted to college, you must attend an orientation session. Please contact the Advisement/Counseling Center at 972-860-8262 to schedule a session. After orientation, you should contact the Assessment/Testing Center to schedule your assessment. After your assessment is completed, you will visit with your academic advisor to select your courses.

3. **Register for classes.**

You may register for classes by:

- In-person registration during early and regular registration times. Regular registration occurs the week before classes begin.

- By telephone—telephone registration is easy and convenient.

- Or register online through our website at eConnect.dcccd.edu.

There are certain qualifications you must meet to register by telephone or online. Please contact the Advisement/Counseling Center at 972-860-8262 to find out if you meet the qualifications.
Thanks for taking a look at Cedar Valley College. We’re committed to your educational success, with a wide range of classes and a faculty dedicated to providing you with an excellent educational experience. That’s been our mission since we opened our doors in 1977.

We invite you to visit our campus and let us show you what Cedar Valley College can do to help ensure your future success.

We’re located at: 3030 North Dallas Avenue
Lancaster, Texas 75134
(972) 860-8201

Cedar Valley College is accredited by the Commission of Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097: Telephone number 404-679-4501) to award the associate degree.

Mini-semesters, flexible-entry classes, and other alternative schedules may be offered between or during regular semesters by some of the Dallas County Community Colleges. Please contact individual colleges for class and registration schedules.

Fall Semester, 2002

Note: Students should register as early as possible. By registering early, students may take full advantage of academic advisement and may have more course options available. Early registration for the Fall Semester begins June 11th.

August 19 (M) Faculty reports
August 20-24 (T-S) Regular registration
August 24 (S) TASP test administered
August 26-27 (M-T) Late registration
August 26 (M) Classes begin
September 2 (M) Labor Day holiday
September 9 (M) 12th class day
November 9 (S) TASP test administered
November 14 (R) Last day to withdraw with a grade of "W"
November 28 (R) Thanksgiving holidays begin
December 2 (M) Classes resume
December 9-12 (M-R) Final exams
December 12 (R) Semester closes
December 16 (M) Grades due in Registrar's Office by 10 a.m.
December 24 (T) College buildings and offices close for the holidays at end of workday

Winter Term, 2002/2003

Note: Registration for the Winter Term begins November 12th.

December 16-20 (M-F) College buildings and offices open
January 2-3 (R-F) Faculty reports
January 6-8 (M-W) Regular registration

Spring Semester, 2003

Note: Students should register as early as possible. By registering early, students may take full advantage of academic advisement and may have more course options available. Early registration for the Spring Semester begins November 12th.

January 2 (R) College buildings and offices open
January 5 (M) Faculty reports
January 7-11 (T-S) Regular registration
January 13 (M) Classes begin
January 13-14 (M-T) Late registration
January 20 (M) Martin Luther King, Jr. Day holiday
January 27 (M) 12th class day
February 20 (R) District Conference Day, faculty and administrators' professional development (TCCTA)
February 21 (F) Faculty professional development
March 1 (S) TASP test administered
March 10 (M) Spring Break begins
March 13 (R) District Conference Day, professional support staff
March 14 (F) Spring holiday for all employees
March 17 (M) Classes resume

Spring Semester, 2003 (continued)

April 10 (R) Last day to withdraw with a grade of "W"
April 18 (F) Holiday begins
April 21 (M) Classes resume
April 26 (S) TASP test administered
May 5-8 (M-R) Final exams
May 8 (R) Semester closes
May 8 (F) Graduation
May 12 (M) Grades due in Registrar's Office by 10 a.m.

May Term, 2003

Note: Registration for the May Term begins April 15th.

May 10-31 (F-M-F) 4 Hour Class
May 13-31 (M-F) 3 Hour Class

Summer Sessions, 2003

Note: Students should register as early as possible. By registering early, students may take full advantage of academic advisement and may have more course options available. Early registration for the Summer Sessions begins April 15th.

First Summer Session
(Based on a 4-day class week plus 1st Friday)

May 26 (M) Memorial Day holiday
May 28-29 (W-R) Regular Registration
June 2 (M) Classes begin
June 2 (M) Late registration
June 5 (R) 4th class day
June 6 (F) Class day (1st Friday class meeting)
June 19 (R) Last day to withdraw with a grade of "W"
June 21 (S) TASP test administered
July 2 (W) Final exams
July 2 (W) Semester closes
July 4 (F) Fourth of July holiday
July 7 (M) Grades due in Registrar's Office by 10 a.m.

Second Summer Session
(Based on 4 day class week plus 1st Friday)

July 3-7 (W-M) Regular Registration
July 8 (T) Classes begin
July 8 (T) Late registration
July 11 (F) Class day (1st Friday class meeting)
July 11 (F) 4th class day
July 26 (S) TASP test administered
July 31 (R) Last day to withdraw with a grade of "W"
August 7 (R) Final exams
August 7 (R) Semester closes
August 11 (M) Grades due in Registrar's Office by 10 a.m.
CEDAR VALLEY COLLEGE

A rewarding educational experience awaits you at Cedar Valley College.

Cedar Valley is one of seven colleges in the Dallas County Community College District (DCCCD). Approximately 3,000 students benefit from our comprehensive curriculum, which includes academic transfer, career programs, including workforce development training for area employers and non-credit continuing education courses.

Our dedicated faculty and innovative programs combine to create an exciting learning environment, including:

- Affordable, with opportunities for personal growth and/or transfer to a baccalaureate program. Half price tuition for afternoon and weekend courses during specified times
- Mini-esters between the traditional fall and spring semesters
- Guarantees that every class listed in the schedule will be offered, plus guarantees for transfer credit and job competency
- Special services, including tutoring and note-taking, for disabled students
- Distance learning from home by telecourse, computer and live TV, as well as the DCCCD's only completely on-line biology course
- Veterinary Technology Program accredited by the American Veterinary Medical Association and the Texas Veterinary Medical Association. One of only three accredited Distance Education Veterinary Technology Programs nationwide
- Computer Graphics program with emphasis on learning the skills and techniques of computer graphics, electronic imaging and production
- Nationally recognized Music and Fine Arts program with two internationally known artists on the faculty
- Law Enforcement Academy
- Student Resource Center with state-of-the-art computers with internet access
- Programs for high school students, including Tech Prep, Concurrent Credit and TAAS/TASP preparation and Upward Bound
- Career and Job Placement Center, Advisement Counseling Center and Student Support Services
- Tutoring Services.

The Campus

Cedar Valley is located on 353 acres in southern Dallas County, just south of I-20. The campus plan was developed to take advantage of the site's natural beauty, which includes a gazebo and a pedestrian walk along two sides of a 17-acre lake. Cedar Valley has a 400-seat performance hall, gymnasium, baseball field, and a surgery facility and barn for the Veterinary Technology program.

Cedar Valley College Mission

The Mission of Cedar Valley College is to enrich the potential and increase the productivity of people in the communities we serve by providing quality educational experiences in a caring and innovative environment.

Cedar Valley College maintains an institutional environment of excellence which facilitates and encourages learning, which emphasizes and values quality education, which champions diversity, which promotes student well-being, and which creates a public understanding and commitment to the college and its value to the community.

Cedar Valley College will maintain a comprehensive curriculum and related support services that reflect the needs of the communities it serves and the financial capabilities of the institution. The College will strive to:

- provide a curriculum balanced with academic, occupational and continuing education offerings
- provide opportunities for learning through excellence in teaching
- provide a learner centered environment
- be responsive to current and future needs of the communities it serves
- provide developmental education for effective participation in occupational education and in further higher education
- foster critical thinking and questioning skills in all students
- prepare students personally and academically to meet the demands of a changing world

Cedar Valley is committed to providing the highest quality educational experiences for each student it serves.

The Cedar Valley College Mission Statement was developed from a Delphi study done in 1991. The study polled students, faculty, staff, administrators and community residents to gather opinions about the mission of the College. The current Mission Statement is based on this foundation of information, and was revised in 1998. It accurately reflects the culture, climate and instructional needs of the community it serves.

Cedar Valley College Statement of Purpose

As determined by the State of Texas, the purpose of each public community college shall be to provide:

1) technical programs up to two years in length leading to associate degrees or certificates;
2) vocational programs leading directly to employment in semi-skilled and skilled occupations;
3) freshman and sophomore courses in arts and sciences;
4) continuing adult education programs for occupational or cultural upgrading;
5) compensatory education programs designed to fulfill the commitment of an admissions policy allowing the enrollment of disadvantaged students;
6) a continuing program of counseling and guidance designed to assist students in achieving their individual education goals;
7) workforce development programs designed to meet local and statewide needs;
8) adult literacy and other basic skills programs for adults; and
9) such other purposes as may be prescribed by the Texas Higher Education Coordinating Board of local governing boards in the best interest of post-secondary education in Texas.

Accreditation

Cedar Valley College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, GA 30033-4097; Telephone number 404-679-4501) to award the associate degree.

Guarantees Offered By Cedar Valley College

Guarantee for Job Competency

The college makes certain guarantees to its students who earn its Associate in Applied Sciences degree or who complete a certificate program. If an Associate in Applied Science or Certificate Program graduate is judged by his/her employer to be lacking in technical job skills identified as exit competencies for his/her specific degree or certificate program, the graduate will be provided up to nine tuition-free hours of additional skill training by the college under the conditions of the guarantee policy.

Special conditions, which apply to the guarantee, are as follows:

- The graduate must have earned the Associate in Applied Science Degree or completed the certificate program beginning May 1992, or thereafter in a Technical program identified in the college catalog.
- The graduate must have completed this degree or certificate program in the DCCCD (with a majority of the credits being earned at the college) and must have completed the degree or certificate within a four-year time span.
- Graduates must be employed full-time in an area directly related to the area of program concentration as certified by the Vice President of Instruction.
- Employment must commence within 12 months of graduation.
- The employer must certify in writing that the employee is lacking entry-level skills identified by the college as the employee's program competencies and must specify the areas of deficiency within 90 days of the graduate's initial employment.
- The employer, graduate, division dean, job placement counselor, and appropriate faculty member will develop a written educational plan for retraining.
- Retraining will be limited to nine credit hours related to the identified skill deficiency and to those classes regularly scheduled during the period covered by the retraining plan.
- All retraining must be completed within a calendar year from the time the educational plan is agreed upon.
- The graduate and/or employer is responsible for the cost of books, insurance, uniforms, and other course-related expenses.
- The guarantee does not imply that the graduate will pass any licensing or qualifying examination for a particular career.
- The student's sole remedy against the college and its employees for skill deficiencies shall be limited to nine credit hours of tuition-free education under conditions described above.
- The program can be initiated through written contact with the office of the college president.

Guarantee For Transfer Credit

The college guarantees to its Associate in Arts and Associate in Sciences graduates the transferability of course credit to Texas public colleges and universities. Students pursuing these degrees will complete the college's core curriculum of 48 credit hours. By Texas State Law, the entire core will transfer as a
bloc to all Texas public colleges and universities to take the 
place of the core curriculum of the receiving transfer 
institution. Students should work closely with an advisor 
in the choice of electives to ensure that the transfer 
institution has cooperated with the college in the develop-
ment of Transfer Guides that clearly indicate how the 
university accepts the selected elective courses in transfer.

Another means of ensuring the transferability and 
applicability of all courses within an Associate in Arts or an 
Associate in Sciences is to follow specific degree plans in 
specific majors that are called Fields of Study. A Field of 
Study plan has the approval of the Texas Higher Education 
Coordinating Board. The entire plan of courses is de-
dsigned to transfer as a bloc of courses to all Texas public 
colleges and universities when the student majors in the 
specific Field of Study at the transfer institution.

The college guarantees the transferability of 
course credit to private and out-of-state colleges and 
universities when the student pursues the Associate in 
College/University Transfer degree. This degree is com-
posed of courses negotiated through a formal process with 
private and out-of-state universities. Students interested in 
pursuing this degree should contact the Advisement 
Center early in their college career.

The college guarantees that a student may take 
tuition-free course(s) if: (a) A Texas public college or 
university refuses to accept in transfer core courses when 
the student has received the Associate in Arts or Associ-
ate in Sciences degree; (b) A Texas public college or 
university refuses to accept in transfer courses listed in 
that institution's Transfer Guide; (c) A Texas public college 
or university refuses to accept in transfer all courses taken 
in order to receive a Field of Study Associate in Arts/ 
Associate in Sciences degree; or (d) A private or out-of-

state institution refuses to accept in transfer a course 
when the student has received the Associate in College/ 
University Transfer.

The conditions that apply to the guarantee area are as 
follows:
- Transferability means the acceptance of credits toward 
a specific major and degree at a Texas public college 
or university. The courses must consist entirely of 
those in the core curriculum, the courses outlined in an 
official Field of Study, and additional elective courses 
identified by the receiving university as transferable 
and applicable toward a specific major and degree in 
its Transfer Guides written within the last five years;
- For transfer to private and out-of-state institutions, a 
written plan with the receiving institution must be 
executed; and
- Limitations of total number of credits accepted in 
transfer, grades required, relevant grade point average 
and duration of transferability apply as stated in the 
catalog of the receiving institution.

The college works with a number of institutions to 
develop Transfer Guides. These include such as the 
University of North Texas, Texas A&M-Commerce, the 
University of Texas at Arlington, the University of Texas at 
Dallas, Texas Woman's University, Texas Tech University, 
Amberton University, Dallas Baptist University, Baylor 
University, Southern Methodist University, and others. In 
order to secure such a guarantee, students should begin 
the process in the college Counseling/Advisement Center 
to work closely with an advisor.

Cedar Valley College Mission and Purpose

The Mission of Cedar Valley College is to enrich the potential and increase the productivity of people in the communities we serve by providing quality educational experiences in a caring and innovative environment.

Cedar Valley College maintains an institutional environment of excellence which facilitates and encourages learning, which emphasizes and values quality education, which champions diversity, which promotes student well-being, and which creates a public understanding and commitment to the college and its value to the community.

Cedar Valley College will maintain a comprehensive curriculum and related support services that reflect the needs of the communities it serves and the financial capabilities of the institution. The College will strive to:

- provide a curriculum balanced with academic, occupational and continuing education offerings
- provide opportunities for learning through excellence in teaching
- provide a learner centered environment
- be responsive to current and future needs of the communities it serves
- provide developmental education for effective participation in occupational education and in further higher education
- foster critical thinking and questioning skills in all students
- prepare students personally and academically to meet the demands of a changing world
Cedar Valley is committed to providing the highest quality educational experiences for each student it serves.

The Cedar Valley College Mission Statement was developed from a Delphi study done in 1991. The study polled students, faculty, staff, administrators and community residents to gather opinions about the mission of the College. The current Mission Statement is based on this foundation of information, and was revised in 1998. It accurately reflects the culture, climate and instructional needs of the community it serves.

More specifically, Cedar Valley College's purpose is to provide:
- technical programs up to two years in length leading to associate degrees or certificates;
- vocational programs leading directly to employment in semi-skilled and skilled occupations;
- freshman and sophomore courses in arts and sciences;
- continuing adult education programs for occupational or cultural upgrading;
- compensatory education programs designed to fulfill the commitment of an admissions policy allowing the enrollment of disadvantaged students;
- a continuing program of counseling and guidance designed to assist students in achieving their individual educational goals;
- workforce development programs to meet local and statewide needs;
- adult literacy and other basic skills programs for adults; and
- other purposes as may be prescribed by the Texas Higher Education Coordinating Board or the District's Board in the best interest of post-secondary education in Texas.

DOCCD Philosophy
The Dallas County Community Colleges, Institute for Economic Development, and Center for Educational Telecommunications are teaching, learning, and community building institutions.

To fulfill the public trust, the College
- offers a student guarantee to the institutions and employers receiving its graduates;
- measures its collective and individual behaviors against a code of ethics and a statement of organizational values;
- makes decisions through a line organizational structure which receives input from those most affected by the decisions;
- strives to provide its services by seeking full formula funding from the State and maintain a balance between the District's local revenue sources with about 40% from tuition sources and 60% tax revenues;
- seeks to maintain the highest possible credit ratings consistent with other institutional goals and objectives;
- views itself as a team player in the local community of educators, business people, elected officials and other community leaders; and
- sees its role as a weaver of a seamless fabric of learning opportunity for the people of Dallas County.

As a major employer, the College
- follows open search procedures which solicit the best available workforce which reflects the ethnic composition of the adult workforce of Dallas County;
- involves those most directly affected by hiring decisions in the candidate review process; and
- seeks to assure that competent performers do not lose real compensation through inflation.

In its organizational culture, the College
- places ultimate value on student success;
- applies the principles of continuous quality improvement to achieve student success; and
- uses technology not only to teach distant learners, but also to educate, train and re-tool both its students and its employees.

Cedar Valley College Strategic Goals

Goal 1 - CVC will develop curriculum to meet local commercial, industrial and educational needs and will emphasize program development in the areas of health occupations, computer technology, business careers and teacher preparation. The College will consistently scan the environment to determine emerging needs and respond as appropriate.

Goal 2 - CVC will develop instructional delivery and scheduling modes that are flexible, responsive and accessible to satisfy customer needs. Where feasible associate degree technical programs will include multiple exit points.
Goal 3 - CVC will build partnerships to maximize resources and provide learning and employment opportunities for students. These partnerships will be symbiotic - enhancing learning and building community for the College and for our partners. The College will emphasize partnerships with health care providers, public and private schools, and businesses.

Goal 4 - CVC will regularly assess student support needs and implement support services for students on and off campus, emphasizing career services for both credit and non-credit students.

Goal 5 - CVC will create an internal environment where employees find personal and professional satisfaction in contributing to the college mission, where students and employees acquire skills to deal with a continually changing world, and where diversity in staff and student body is sought and valued.

Goal 6 - CVC will provide, maintain and use technology as tools for teaching and learning, enabling students to succeed in the workplace and in further education. Student learning will be emphasized in all phases of its technology planning, and administrative uses of technology will be student focused.

Goal 7 - CVC will act as a responsible steward of our facilities, designing and utilizing those facilities to support student learning.

Cedar Valley College and The League for Innovation
The Dallas County Community College District is a member of the League for Innovation in the Community College. The League is comprised of 19 outstanding community colleges and districts throughout North America. The League Alliance includes more than 700 community and technical colleges from around the world. The League's purpose is to encourage innovation, experimentation, institutional transformation, and the continuing development of the community college movement internationally. Membership commits the District to research, evaluation and cooperation with other community college districts. The goal is to serve the community with the best educational programs and to make a positive difference in the lives of students. As a college in the DCCCD, Cedar Valley College is active in the League for Innovation programs and activities.

Information about the Dallas County Community College District
History
The Dallas County Community College District (DCCCD) enrolls over 100,000 credit and non-credit students every semester, making it one of the largest higher education institutions in the State of Texas. Cedar Valley College is one of the seven colleges in the Dallas County Community College District which are located strategically throughout Dallas County. Anyone in Dallas County has only a short drive, bus or train ride to reach the nearest college. More than three decades of growth and progress are a credit to the vision of Dallas area citizens. In May 1965, Dallas County voters created the Dallas County Junior College District and approved a $41.5 million bond issue to finance it. The next year, El Centro College began serving students in downtown Dallas. Eastfield College in Mesquite and Mountain View College in southeast Dallas enrolled their first students in 1970. Richland College opened two years later in north Dallas. An additional $85 million in bonds supported the DCCCD's expansion, and construction began on three more colleges. Cedar Valley College in Lancaster and North Lake College in Irving opened in 1977, followed by Brookhaven College in Farmers Branch in 1978. In addition to the colleges, the DCCCD also operates the Bill J. Priest Institute for Economic Development and the R. Jan LeCroy Center for Educational Telecommunications, both named for former DCCCD chancellors. The Bill J. Priest Institute for Economic Development opened south of downtown Dallas in 1989, serving individuals and businesses of all sizes with training programs customized to meet their needs. The LeCroy Center is one of the largest producers of distance education products in the nation.
Commonly Used Terms & Abbreviations

**Academic Advisor:** A member of the college staff who helps students set educational goals and select courses to meet those goals.

**Add:** During any single semester, to enroll in additional course(s) after registration.

**Admission:** A person wishing to enroll must complete an application, be accepted and receive acknowledgement of acceptance from the Admissions Office before registering. An application can be acquired online at www.dcccd.edu.

**Audit:** Enrollment in a credit course without receiving academic credit.

**College-Based Distance Learning Class:** A College-based Distance Learning Class has more than 50% of the instructional contact hours delivered at a distance, with occasional college-based instructional requirements, i.e., testing and review sessions. Most student services are delivered on campus. College-based Distance Learning Classes are offered using one or more of the distance learning course delivery formats.

**Career & Technical Courses:** Courses that lead to a Certificate or Associate in Applied Science Degree in a technical or occupational program. These courses are designed to aid the student in developing entry-level skills to be used in the job market. Consult an advisor regarding transferability if you plan to attend a four-year institution.

**CVC:** Cedar Valley College.

**Catalog:** The book containing course descriptions, certificate and associate degree requirements, and general information.

**Class schedule:** A booklet that is published prior to each semester listing classes, sections, dates, times, instructors’ names and meeting places. This booklet is used by students in preparing personal class schedules each semester.

**Common Course Numbers:** Beginning in Fall 1995, the Common Course Number became the official number of the course. This same Common Course Number is being used for the same course by a number of colleges throughout Texas to help students identify how a course will transfer. However, the lack of a Common Course Number does not necessarily mean a course will not transfer.

**Concurrent enrollment:** (a) Enrollment by the same student in two different colleges of the DCCCD at the same time; (b) Enrollment by a high school student in one of the DCCCD colleges while still enrolled in high school; (c) Enrollment by a student in two courses in the same semester; (d) Enrollment in both a college of the DCCCD and another college or university at the same time (e) Enrollment in both credit and continuing education courses at the same time.

**Core:** The 48 prescribed hours of a 61-hour degree plan that a student must successfully complete in order to receive an Associate in Arts / Associate in Sciences Degree.

**Course Load:** The number of hours or courses in which a student is enrolled in any given semester.

**Credit:** The numerical value assigned to a course (See “credit hours/semester hours.”)

**Credit hours/semester hours:** The unit of credit earned for course work. Each college course is worth a certain number of credit or semester hours. This number is determined by the type of class and the number of hours per week it meets. For example, a three-credit-hour class (English, history, etc.) meets three hours per week during the fall/spring semester; a four-credit-hour class (science, languages, etc.) meets six hours per week. Check the Catalog or the current Class Schedule for the value of any course you wish to take.

**Credit/non-credit:** Credit classes are those that award academic credit and may apply toward a degree. Non-credit classes do not apply toward a degree and are usually offered as continuing education courses.

**DCCCD:** Dallas County Community College District. The district is composed of Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View, North Lake, and Richland Colleges. These colleges are all subject to the policies established by the DCCCD Board of Trustees.

**DALLAS TeleCollege Virtual Class:** Courses offered through DALLAS TeleCollege are defined as “virtual classes.” A DALLAS TeleCollege virtual class requires that all instruction and student services be delivered at a distance with no college based requirements. DALLAS Telecollege virtual class sections are numbered 9000-level. Virtual class sections may be offered using the online course or Telecourse Plus distance learning course delivery formats. A course offered through DALLAS TeleCollege is the equivalent of the same course offered by all colleges of the DCCCD.

**Developmental Studies Courses:** Courses that develop prerequisite skills in reading, writing and mathematics. Because of the nature of these courses, the credit earned will not count toward graduation requirements and may not be transferred to colleges outside the DCCCD.
Distance Learning: Distance learning courses are offered in a variety of formats. Each format requires a unique set of technologies essential to successful course completion.

Drop: The act of officially withdrawing from a particular course without penalty before a specified date. See the Academic Calendar in this catalog for “Last Day to Withdraw.” It is the student’s responsibility to drop a course by the date published.

Dual credit: Credit earned for both high school and college via concurrently enrolled high school students.

EConnect: eConnect is a web application that allows you to search, register and pay for your credit classes, view your grades and access your financial information online.

Electives: Courses that do not count toward a major but are required for most college degrees. Electives are selected for personal interest, skill development, or to increase one’s knowledge or understanding. Consult with an advisor before deciding upon electives.

Flexible-entry course: A course beginning and ending on dates that are different from the regular semester. This is also referred to as “flex-entry” or “short semester.” Consult the Class Schedule for further information.

Former student: One who has not attended a college of the DCCCD in the past year.

Full-time student: A student who is enrolled for at least 12 credit hours during a semester or for six credit hours during a summer session. The student may be enrolled in one or more colleges of the DCCCD as long as the total number of hours meets the full-time requirement.

GPA: Grade Point Average. Two different ways of computing a GPA are utilized. For further explanation, see Grades & Transcripts.

Lab hours: The number of hours a student spends each week in a laboratory or other learning environment.

Lecture hours: The number of hours a student spends each week in a classroom other than a laboratory.

Live-Interactive Television Course: The live-interactive television course uses one-way video and two-way audio. Each class is a live cable broadcast. Tapes are not available for these courses. Students must view class at broadcast times. See the Cable Broadcast Schedule in the distance learning pages printed in the College’s Class Schedule. Students must have access to a participating cable television system. Students may interact during the live class with the faculty by telephone, placing a call to a voice bridge system. The course may include college based requirements including orientations, testing and review sessions. Call the Distance Learning Hotline for more information about participating cable systems, (972) 669-6400 or if outside Dallas, toll-free: 1 (888) 468-4268. Only college based distance learning classes may utilize the live-interactive television course delivery format.

Major: The subject or field of study in which the student plans to specialize. For example, one “majors” in Automotive Technology, Business, etc.

Online Courses: Online courses are delivered using only computers and computer peripherals. Students are required to have reliable Internet access and the latest version of an Internet browser software. The online classroom is used to deliver instruction, facilitate interactions among faculty and students, and more. DALLAS TeleCollege virtual classes and campus-based distance learning classes may use the online course delivery format.

Part-time student: A student who is enrolled for less than 12 credit hours during a semester or less than six credit hours in a summer session. The student may be enrolled in one or more colleges of the DCCCD as long as the total number of hours meets the part-time requirement.

Performance grade: A grade of “A,” “B,” “C,” “D” or “F.” This does not include the grades of “W,” “I,” “E” or “U.”

Prerequisite: A requirement that must be met before registering for a specified course. For example, the prerequisite for English 1302 is the successful completion of English 1301. A prerequisite may be another course (high school or college), an appropriate assessment score, or instructor's permission.

Probation: A warning for a student whose academic work or behavior is unsatisfactory. Students on academic probation may be suspended if their academic performance does not improve.

Registration: The official process for enrolling in courses. This involves selecting classes with the help of an advisor, completing all registration forms and paying fees. Check the College’s Class Schedule for registration dates.
Registration Number: A number indicating the course, day/evening, hour, room number and name of instructor for a particular course.

Semester: A term denoting the length of time a student is enrolled in a specific course. For example, there are two long semesters (fall and spring) that last approximately 16 weeks. There are two summer sessions or “semesters” (Summer I and Summer II) that last approximately 12 weeks.

Syllabus (Syllabi): An outline for a course of study. Students usually receive a syllabus from the instructor at the beginning of each course.

TASP: Texas Academic Skills Program; See TASP & Alternative Assessment.

Technical/Occupational Courses: Courses that lead to a Certificate or Associate in Applied Science Degree in a technical or occupational program. These courses are designed to aid the student in developing entry-level skills to be used in the job market. Consult an advisor regarding transferability if you plan to attend a four-year institution.

Tech-Prep: An educational process where the college and the public high school districts cooperatively develop and implement a planned sequence of course work to prepare students for technologically advanced careers. Tech Prep programs are endorsed and approved by The Texas Education Agency (TEA) and The Texas Higher Education Coordinating Board (THECB). Through the Tech Prep process students earn college credit while in high school and advance to college programs after graduation.

Telecourse: The telecourse allows the student to work and learn independently, with campus-based requirements including orientations, testing and review sessions. The course includes a pre-produced video series with print materials. Class interaction is offered through the telephone, fax and mail. Students are required to have access to a participating local cable system, KDTN public television, or a VHS-format videocassette player. Only campus-based distance learning classes may use the telecourse delivery format.

Telecourse Plus Courses: The Telecourse Plus course incorporates the use of video and the online classroom. The course includes a pre-produced video series with print materials. Students are required to have access to a participating local cable system, KDTN public television, or a VHS-format videocassette player. Students are also required to have reliable Internet access and the latest version of an Internet browser software. The online classroom is used to deliver instruction, facilitate interactions between faculty and students, and more. DALLAS TeleCollege virtual classes and campus-based distance learning classes may use the Telecourse Plus delivery format.

Telephone registration: Touch-tone registration is available during regular registration. The telephone number for touch-tone telephone registration is 972-613-1818.

Transfer courses: Courses which are designed to transfer to other colleges and universities. Students need to consult with an advisor or counselor or check on college web site about the transferability of specific courses. Because a course will transfer does not mean it will apply toward a specific major or degree at a four-year college or university.

Transcript: An official copy of a student’s academic record which can be obtained through the Admissions Office. An official transcript must have the seal of the college affixed and the signature of the Registrar.

Withdrawal: The act of ending enrollment in classes. A student withdrawing must go through a formal procedure. It is the student’s responsibility to withdraw officially by the appropriate date. See the Academic Calendar in this catalog or in the College Class Schedule for the “Last Day to Withdraw.”
Getting Started

General Admissions Policy

The college's open door admissions policy ensures that every person who can benefit from higher education has the opportunity to enroll. Students admitted to this college are automatically admitted to the seven colleges of the Dallas County Community College District composed of Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View, North Lake and Richland colleges. Admitted students may take courses at any of the colleges under certain conditions. A centralized transcript system records student grades from all colleges.

How to Enroll

Follow these steps:

- Complete an Application for Admission. Applications are also available from any Admissions Office and on the Internet at www.dcccd.edu.
- Submit all of the following with your Application for Admission:
  - Proof of Texas residency (for those who wish to be considered residents for tuition purposes),
  - Scores from college entrance exams (SAT, ACT) taken in the last five years,
  - Scores from the Texas Assessment of Academic Skills Program (TAAS) taken in the last three years,
  - Scores from the Texas Academic Skills Program (TASP) OR scores from the Alternative assessment to the TASP,
  - GED certificate (required for students who have taken the GED exam),
  - Official transcripts from high school (required for students with no college experience),
  - Official transcripts from all colleges previously attended (required for students with college experience).

After you are admitted, but prior to registration, you must either present TASP scores or take the alternative assessment unless you are TASP exempt or TASP waived.

Immunizations

The college does not require proof of immunizations for admission to most programs. However, all prospective students should have adequate immunization for bacterial meningitis, diphtheria, rubella, rubella, mumps, tetanus and poliomyelitis (See Texas Department of Health’s Recommended Adult Immunization Schedule.) Some health-related programs require specific immunizations prior to admission; that information is outlined in student orientations for those programs.

Important Information You Need to Know about Bacterial Meningitis

This information is being provided to all new college students in the state of Texas. Bacterial Meningitis is a serious, potentially deadly disease that can progress extremely fast - so take utmost caution. It is an inflammation of the membranes that surround the brain and spinal cord. The bacteria that causes meningitis can also infect the blood. This disease strikes about 3,000 Americans each year, including 100-125 on college campuses, leading to 5-15 deaths among college students every year. There is a treatment, but those who survive may develop severe health problems or disabilities.

What are the symptoms?

- High fever
- Severe headache
- Rash or purple patches on skin
- Vomiting
- Light sensitivity
- Stiff neck
- Confusion and sleepiness
- Nausea
- Lethargy
- Seizures

There may be a rash of tiny, red-purple spots caused by bleeding under the skin. These can occur anywhere on the body.
The more symptoms, the higher the risk, so when these symptoms appear seek immediate medical attention.

**How is bacterial meningitis diagnosed?**
- Diagnosis is made by a medical provider and is usually based on a combination of clinical symptoms and laboratory results from spinal fluid and blood tests.
- Early diagnosis and treatment can greatly improve the likelihood of recovery.

**How is the disease transmitted?**
- The disease is transmitted when people exchange saliva (such as by kissing, or by sharing drinking containers, utensils, cigarettes, toothbrushes, etc.) or come in contact with respiratory or throat secretions.

**How do you increase your risk of getting meningitis?**
- Exposure to saliva by sharing cigarettes, water bottles, eating utensils, food, kissing, etc.
- Living in close conditions (such as sharing a room/suite in a dorm or group home).

**What are the possible consequences of the disease?**
- Death (in 8 to 24 hours from perfectly well to dead)
- Permanent brain damage
- Kidney failure
- Learning disability
- Hearing loss, blindness
- Limb damage (fingers, toes, arms, legs) that requires amputation
- Gangrene
- Coma
- Convulsions

**Can the disease be treated?**
- Antibiotic treatment, if received early, can save lives and chances of recovery are increased. However, permanent disability or death can still occur.
- Vaccinations are available and should be considered for: Those living in close quarters and college students 25 years old or younger
- Vaccinations are effective against 4 of the 5 most common bacterial types that cause 70% of the disease in the U.S. (but does not protect against all types of meningitis).
- Vaccinations take 7-10 days to become effective, with protection lasting 3-5 years.
- The cost of vaccine varies, so check with your health care provider.
- Vaccination is very safe – most common side effects are redness and minor pain at injection site for up to two days.
- Vaccination is available at Dallas County Health Department, phone 214-819-2000.

**How can I find out more information?**
- Contact your own health care provider.
- Contact your Student Health Center at: Cedar Valley 972-860-8277
- Contact your local or regional Texas Department of Health office at 817-264-4551.
- Contact web sites: www.cdc.gov/ncidod/dbmd/diseaseinfo; www.acha.org

---

**Student Identification**
When you apply, you are asked to furnish a Social Security number. This number ensures the accuracy of your student records. If you do not have a Social Security Number, or do not choose to use the Social Security Number, the college will assign you a number other than your Social Security Number. Each student will be assigned an identification number. It is your responsibility to report any changes in your name or address to the Admissions Office.

**Admission Requirements**
If you wish to be classified as a resident and have the benefit of paying lower tuition than non-residents, you must prove you lived in Texas for the 12 months immediately prior to the semester in which you enroll. If you cannot provide proof of residency, you will be classified as a non-resident and required to pay non-resident tuition.

For specific information about required documentation, contact the Admissions Office.

Some admission requirements vary depending on a variety of factors. Determine which one or more of the following categories best describes you, then read the corresponding information below:
- First time student
- Student concurrently enrolled in high school and the DCCCD
- High school student enrolled in dual credit programs
- Transfer student
- Former DCCCD student
- International student
First time students
You may apply as a beginning freshman if you meet one of these standards:

- You are a graduate of an accredited high school.
- You are a graduate of an unaccredited high school and are 18 years of age or older.
- You earned a General Education Diploma (G.E.D.).
- You are at least 18 years of age and do not have a diploma or G.E.D. (may be admitted by individual approval).
- If you are under the age of 18, are no longer enrolled in high school of any kind, and do not have a diploma or a G.E.D., you may be admitted by one of the following:
  - A written recommendation of the principal or superintendent of the last high school you attended, or
  - TASP or alternative assessment results indicating you have the ability to benefit from the college's programs.
- If you are 16, did not graduate from an accredited school, but did graduate from a non-accredited high school, or were schooled in a non-traditional setting (i.e., home-schooled), you may be admitted if you meet all of the following conditions:
  - Present a written recommendation of the principal or superintendent of the last school you attended, or TASP or alternative assessment results indicating you have the ability to benefit from the college’s programs; and
  - Present a notarized record of the high school equivalent work completed and the date of successful completion; and
  - Complete the enrollment agreement noting you understand and accept that academic freedom and the collegiate environment is supported in all courses within the college, and
  - Agree to limitations on conditions of admission established by the college.

After you are admitted, but prior to registration, you must either present TASP scores or take the alternative assessment.

Students Concurrently Enrolled in High School and the College
If you are still enrolled in high school you may be admitted under the following conditions:

- If you have completed your junior year in an accredited high school, you may be admitted with your high school principal’s written recommendation. You must also present scores on TASP or the alternative assessment with results indicating your ability to complete college-level work. You may take no more than two courses each semester.
- If you have not completed your junior year at an accredited high school, you may be admitted upon meeting all of the following conditions:
  - Submit your high school principal’s written recommendation;
  - Present scores on TASP or alternative assessment with results indicating your ability to do college-level work;
  - Receive approval from the college Vice President of Instruction or designate. Upon approval, you may take no more than two courses each semester. However, if you meet specific conditions, you may be permitted to enroll for three courses.
  - If you are enrolled in non-accredited high schools or educated in a non-traditional setting (i.e., home-schooled) and have completed the equivalent of the junior year (16 units) in high school, you may be admitted by meeting all the following conditions:
    - Provide a notarized record of the school subjects completed (consistent with the Texas Education Agency minimum requirements);
    - Present scores on TASP or alternative assessment with results indicating your ability to do college-level work;
    - Complete the enrollment agreement noting you understand and accept that academic freedom and the collegiate environment is supported in all courses within college;
    - Agree to limitations on conditions of admission. You may take no more than two courses each semester. However, students meeting specific conditions may be permitted to enroll for three courses.
    - Receive approval from College’s Vice President of Instruction or designate.

- If you are enrolled in non-accredited high schools or educated in a non-traditional setting (i.e., home-schooled) and have not completed the equivalent of the junior year (16 units) in high school, you may be admitted by meeting all the following conditions:
  - Provide a notarized record of the school subjects completed (consistent with the Texas Education Agency minimum requirements);
  - Present scores on TASP or alternative assessment with results indicating your ability to do college-level work;
  - Complete the enrollment agreement noting you understand and accept that academic freedom and the collegiate environment is supported in all courses within the college.
  - Agree to limitations on conditions of admission. You may take no more than two courses each semester; and
  - Receive approval from the Vice President of Instruction or designate.

- High school students are generally not admitted into developmental courses unless a contract for such services exists between the college and the school.
High School Students Enrolled in Dual Credit Programs

Dual Credit Programs are instructional partnerships between a public school district, a private secondary school or a home school and the college. Concurrent course credit is provided to high school students for both high school and college credit. College credit may be for certificate or associate degree programs.

Eligibility requirements:

- To enroll in courses for an associate degree or level-two certificate (TASP eligible) program, you must present a passing score on TASP or the alternative assessment in at least one area (reading, writing, or math) as deemed applicable by the college for the intended course in which you wish to enroll. If you are exempt from TASP, you are also exempt from local assessment for the purposes of dual course credit. Public school students wishing to enroll in level-one certificate (TASP waived) programs must have met TAAS standards by passing all sections of the exit-level TAAS or through end-of-course exams.

- High school students are generally limited to enrolling in two dual credit courses per semester. You may be permitted to enroll in more than two courses if recommended to do so by your high school principal or appropriate home school "official" and under one of the following conditions:
  - Achieve a minimum GPA of 3.00 on at least two college courses taken in previous semesters; or
  - Prove you have passed all sections of TASP or the Alternative assessment; or
  - Prove your eligibility to be TASP exempt based upon TAAS, ACT, or SAT as approved by the Texas Higher Education Coordinating Board. (Note: these score standards are often altered by the THECB and the currently approved scores must be used.)

- High school students must meet all appropriate admissions criteria to the college.
- High school students must fulfill all prerequisite requirements to enrolling in a dual credit course.

Transfer Students

If you wish to transfer college credit, you are eligible for admission for enrollment from an accredited collegiate institution as defined in the Acceptance of Credit in Transfer section (next) if you meet the following conditions:

- You must present a complete transcript bearing impressions of seal and signature of college/university official of each institution attended. Transcripts must be submitted before you enroll and should include the previous admission record and evidence of honorable dismissal. If you do not submit transcripts prior to enrolling, you can be blocked from a number of courses that require taking certain prerequisites. Transcripts received become the permanent property of the college. If you have earned a baccalaureate and/or graduate degrees from accredited colleges and universities, you may submit a copy of a college/university diploma in lieu of transcripts. However, documentation of prerequisites for specific courses must still be provided. If you are transferring from another college, you are not at liberty to disregard your collegiate record by applying as a beginning student. The college reserves the right to review academic credentials and/or transcripts from other higher education institutions for the purposes of evaluating the acceptability of credits. If you do not report all accredited college/university course work, you will be subject to disciplinary action, including expulsion and possible loss of credit for subsequent course work taken at the college.

- You must meet the minimum academic standards of the college. If another institution enforced scholastic withdrawal or suspension, and you meet the minimum academic standards of the college, you may petition for admission to the college's admissions committee. Admission may be provisional, and credit hours and course work may be limited.

- You must meet all TASP requirements, as follows, after you are admitted:
  - If you are transferring from another Texas public college or university, you must present TASP or alternative assessment scores if you are not TASP exempt and wish to enroll in any college-level coursework, and
  - If you are transferring from a private and/or out-of-state college or university, you must present TASP or alternative assessment scores unless you are TASP exempt or will be enrolled at this college for only one semester or two summer sessions.
Acceptance of Credit in Transfer

Credit for courses in which a passing grade ("D" or better) has been earned may be transferred to the college from colleges and universities accredited through one of the following associations:

- Middle States Association of Colleges and Schools/Commission on Higher Education
- New England Association of Schools and Colleges
- North Central Association of Colleges and Schools
- Northwest Association of Colleges and Schools/Commission on Colleges
- Southern Association of Colleges and Schools/Commission on Colleges
- Western Association of Schools and Colleges/Accrediting Commission for Senior Colleges
- Western Association of Schools and Colleges/Accrediting Commission for Community and Junior Colleges

In keeping with SB1321 passed into legislation in 1993, any Texas state resident may elect not to have the college utilize college credits on courses which are ten (10) years or older. If you elect this option, no college courses or credits ten (10) years or older will be evaluated for credit. You may not selectively choose courses ten (10) years or older to be utilized. This provision does not relieve you from notifying the college of attendance at previous institutions nor of the need for you to submit transcripts indicating all previous coursework attempted. If you elect this option, you must notify the Registrar’s Office when you submit your Application for Admission. The Academic Forgiveness Policy does not apply toward eligibility issues for federal financial aid.

Former Students

If you were formerly enrolled in this college or any college of the DCCCD, but have not attended a DCCCD college for more than one year, you must update your Application for Admission. If you have unsettled financial debts or your record is blocked for any other reason at this or any DCCCD college, you will not be allowed to register until the record is cleared.

Aliens who are Residents of Texas

Texas State Law states that you can be admitted to the college and be considered a resident of Texas if you resided with a parent, guardian, or conservator at least part of the time while you attended a public or private high school in Texas, and met all the following conditions:

- Graduated from a Texas public or private high school or received the equivalent of a high school diploma in Texas;
- Resided in Texas for at least three years as of the date you graduated from high school or received the equivalent of a high school diploma;
- Have not registered as an entering student at any college or university prior to the Fall Semester of 2001, and
- Sign the affidavit provided by the college that states you will file an application to become a permanent resident at the earliest opportunity you are eligible to do so.

It is the college’s responsibility not to transfer credits received from any United States institution not so accredited except where signed agreements between the college and other institutions exist. However, if you have gained proficiency through completing coursework from non-accredited institutions, you may receive college credit through credit-by-examination and, in some circumstances, credit by experience.

The Registrar or other appropriate college personnel will complete course-by-course evaluations as needed for degree or program planning. Individual courses transferred will not be posted to the college’s student record. Official transcripts from all higher education institutions must be on file in the Registrar’s Office.

Credits earned through other education programs – such as credit-by-examination, military experience, and the U.S. Armed Forces Institute – are reviewed by the Registrar and credit may be granted if applicable.

You must submit all official transcripts from all higher education institutions and a request for a degree plan evaluation to the Registrar’s Office before an evaluation can take place. Any questions concerning the validity of the document(s) will result in the need to have an official transcript(s) sent directly from the other institution(s) to the Registrar’s Office. If you are admitted with a grade point deficiency, you cannot graduate until you have cleared the deficiency by earning additional grade points.
International Students

The college is authorized under federal law to enroll non-immigrant students carrying valid visas. International students are admitted once all admission requirements are complete. If you are an international student seeking F-1 visa status, you must:

• Contact the college to request international student admission information;
• Provide an official TOEFL (Test of English as a Foreign Language) score of 530 or higher on the paper/pencil version or TOEFL score of 197 or higher on the computerized version to meet the English proficiency requirement and be considered for academic credit. If you meet one of the following criteria, you will be excused from the TOEFL requirement:
  ✓ You are a graduate of an accredited U.S. college or university; or
  ✓ You are a native speaker of English from a country in which English is the primary language of the majority as documented by the Cambridge Encyclopedia of Languages. (See international admissions advisor for list of approved countries.)
  ✓ You have an institutional TOEFL score of 530 or higher on the paper/pencil version or TOEFL score of 197 or higher on the computerized version from the University of North Texas or the University of Texas at Arlington may be substituted for the TOEFL;
  ✓ You have successfully completed the final level of the American English and Culture Institute (AECI) or
  ✓ You can present documented completion of the final level of an Intensive English Language Program that is approved by the DCCCD through an established agreement.

Upon admission, all international students are required to

• complete the college assessment for academic advisement and placement. If adequate English proficiency is not demonstrated through this assessment, placement in additional English language courses will be required.
• Show documented evidence of sufficient financial support for the academic year;
• Provide written proof of negative tuberculin skin test or chest X-ray taken within the last one (1) year, diphtheria/tetanus immunizations taken within the last ten (10) years, measles and rubella vaccines taken since January 1, 1968, and polio immunization if you are under nineteen (19) years of age;
• Submit official transcripts from each high school, college or university previously attended with a minimum of “C” average;
• Fulfill all admission requirements before the deadline designated by the college for international students and receive approval for admission from international admissions advisor.
• In addition to the requirements stated above, if you are an international student wishing to transfer from another U.S. institution, you must also:
  ✓ Present documentation indicating valid non-immigrant status;
  ✓ Provide official transcripts or documented proof verifying that you are "in-status" and have been pursuing a full course of study during the term immediately preceding the transfer from the institution last authorized by INS for attendance. International students are subject to the requirements of the Texas Academic Skills Program (TASP).

Upon admission, students must present all original immigration documents including a valid visa (I-94 arrival/departure record) and unexpired passport to be copied and kept on file. F-1 students must receive and secure the Form I-20AB from each new school attended. F-1 students must enroll in a minimum of 12 credit hours and maintain full-time enrollment during each regular semester in order to maintain visa status. It is strongly recommended that F-1 students obtain health insurance for the duration of their studies in the college. After admission, international students must present TASP scores or take the alternate assessment unless otherwise exempt.

Evaluation of Foreign Credentials

Coursework completed at colleges and universities outside the United States will be considered for transfer on an individual basis. All foreign credentials submitted to the college must include the original plus a certified English translation.

An official evaluation of foreign credentials must be completed before transfer credit will be considered. You, the student, are responsible for arranging for credential evaluation. A partial list of acceptable professional
evaluation services is available in the District Office of
Academic and Student Programs or the College's
Registrar's Office. You, the student, are expected to pay
all costs of translation and/or evaluation of foreign creden-
tials.

Evaluations of foreign credentials completed by
individuals and/or by professional evaluation services are
subject to review and approval by the college Registrar.

Texas Academic Skills Program (TASP) and
Alternative Assessments

After you are admitted, but prior to registration,
you must either present TASP scores or take the college
alternative assessment. See Exemptions from TASP
Requirements in this section to determine if you are
exempt or waived from TASP requirements. Assessment is
not used to determine admission except for students
wishing to enroll in "special admissions" programs.

The Texas Academic Skills Program (TASP) is
required by state law to ensure students enrolled in Texas
public colleges possess the academic skills needed to
perform effectively in college-level coursework. TASP
includes a testing component designed to identify and
provide information about your reading, writing, and math
skills. The program is very complex, and you are expected
to consult with the college TASP Coordinator in order to
meet the TASP requirements. It your responsibility to be
aware of all TASP regulations.

When TASP Requirements Must Be Met

You must meet all TASP requirements prior to
receiving a certificate (if TASP is required) or degree or
before taking junior or senior level courses at a Texas
public university.

Meeting TASP Requirements
You may meet the TASP requirements in several ways:

- Pass all sections of TASP or QuickTASP;
- Pass all sections of the college alternate assessment
  on the initial attempt;
- In the exact following order, take and fail a section of
  TASP or QuickTASP, complete all required develop-
  mental coursework with a grade of "C" or better, retake
  and fail the same section of TASP or QuickTASP, and
  then take and make a "B" or better in an approved,
  related college-level course; or
- In the exact following order, take and fail a section of
  the college alternate assessment, complete all re-
  quired developmental coursework with a grade of "C"
  or better, retest with TASP or QuickTASP and fail the
  same subject area originally failed on the college
  alternate assessment, and then take and make a grade
  of "B" or better in an approved, related college-
  level course. Students attempting to meet the require-
  ments through the third or fourth methods must check
  with the College TASP Coordinator to learn of all
  required steps to be met.

- The "B or Better" courses that can be used to satisfy
  TASP requirements (after having successfully com-
  pleting Developmental coursework) are: English 1301,
  English 1302, History 1301, History 1302, English
  2321, English 2322, English 2323, English 2331,
  English 2332, English 2333, English 2326, English
  2327, English 2328, Psychology 2301, Government
  2301, Government 2302, Government 2305, Govern-
  ment 2306, Math 1332, Math 1333, Math 1314, Math
  1316, Math 1414 or a higher level math course for
  which any of the above Math courses are prerequi-
sites.

If you are a deaf student enrolling Fall 1995 and
thereafter, you are subject to all TASP regulations with the
exception that you must take the Stanford Achievement
Test rather than TASP, QuickTASP, or college alternate
assessment.

Low Assessment Scores

Students entering with academic deficiencies or
low assessment scores may be admitted on probation and
will be required to enroll in developmental or other pro-
grams designated by the college.

If you fail a section of the TASP, QuickTASP or
college alternate assessment, you must enroll and actively
participate in developmental courses related to the failed
area(s) or be dropped from college-level courses. The
college Instructional Vice President may exempt you from
this requirement under limited circumstances (Concur-
rently enrolled high school students will not be mandated
to take developmental courses while in high school.) You
must continue to participate in mandated developmental
coursework until:
1. You pass the failed section of TASP or QuickTASP
   test, (please note that the college alternate assess-
   ment cannot be used for retesting purposes), or
2. You have completed the developmental coursework
   required, at which time the college may release you
   from such coursework. The college is not required to
   release you from further developmental coursework.

Exemptions from TASP Requirements

You must have TASP, QuickTASP or college
alternate assessment (an approved TASP alternate test)
scores on file prior to enrolling for college-level courses. If
you meet any of the following conditions, you are exempt
or waived from the TASP requirements:

- You have at least 3 hours of college credit prior to Fall
  1989;
- You are blind/deaf and have at least 3 hours of college
  credit prior to Fall 1995
- You enroll in certain certificate programs;
- You have a baccalaureate or higher degree;
- You have ACT/SAT or TAAS scores which meet state
  standards for an exemption;
- You enroll as a transient student from an out-of-state
  or private institution;
• You are not seeking a degree and are at least 55 years of age;
• You are not seeking a degree and are an international student;
• The Texas Higher Education Coordinating Board has certified you as being dyslexic or having a related disorder or as having a math disorder. If you seek this exemption, you must check with the college TASP Coordinator to ascertain what documentation must be submitted to the Texas Higher Education Coordinating Board as only that agency may grant such an exemption;
• You are an out-of-state student enrolled in official distance education courses.
• You transfer from a private or out-of-state college or university with a transcript showing a grade of "A" or "B" in a course that the DCCCD believes is equivalent to a course on the "B or Better" list (See #5 in previous section, Meeting TASP Requirements.)
• You are a self-declared casual, enrichment, or non-degree seeking student. You must be tested on TASP, QuickTASP, or the college alternate assessment, but you do not have to participate in remediation. You must sign a form, available in the Admissions Office, Registrar's Office or Advisement Office each semester you are enrolled. You will be restricted from enrolling in certain courses until TASP requirements for such courses have been met, and you will not be awarded a certificate or degree.
• You are a student who is serving full-time, active duty as a member of the armed forces of the United States. Members of the National Guard or other less-than-full-time military groups will not qualify.
• You are a student who graduates from a public high school or an accredited private high school in any state with a grade point average of 3.5 or higher on a 4.0 scale or the equivalent and completed the recommended or advanced high school curriculum or an equivalent or similar curriculum at an accredited private high school or at a high school outside of Texas. This exemption is effective only for a student who enrolls in an institution of higher education on or before the second anniversary of the date the student graduated from high school.

All other students are subject to TASP requirements.

When Tests Are Administered

The college alternate assessment and QuickTASP are offered at the college Testing Center throughout the year at various times. Please contact the Testing Center for specific information regarding college alternate assessment and QuickTASP test administration procedures. The TASP test is administered statewide at least six times a year. You must register on forms available in the college Assessment/Testing Center in order to take the TASP test. The on-time registration fee for TASP and QuickTASP is $29. A TASP study guide is available for purchase.

Transferring Assessment Scores

If you take the college's state approved alternate assessment test for TASP, accumulate any collegiate hours, and later transfer to another Texas public college or university, the receiving institution will honor your officially transcripted scores. If you transfer from another Texas public college or university to this college, the college will honor your officially transcripted state-approved alternate assessment (for TASP) scores.

TASP Assistance

The college TASP Coordinator can assist you with information about TASP requirements:

• Cedar Valley College: Carolyn Ward (972) 860-8204

Additional TASP information can be found at the Texas Higher Education Coordinating Board's website:

www.thecb.state.tx.us

And remember.....TASP rules are always subject to change.
For the latest TASP information, see the college TASP Coordinator.
Tuition

Tuition is the dollar amount a student pays for academic instruction. It is based on credit hours and place of legal residence. Tuition rates are subject to change, without notice, by DCCCD's board of trustees and by the State of Texas.

In Fall 2002 and Spring 2003 semesters, the college is offering reduced tuition for certain afternoon and weekend classes. Classes that qualify for reduced tuition have a lecture start time between 1:30 and 4:15 p.m. Monday-Thursday, and, between 1:30 p.m. Friday and 11:00 p.m. Sunday. Note: Normal tuition applies to distance learning classes and off campus classes, also to winter term, May term, summer term, flex term, and fast track classes (except those fast track classes that occur between the hours of 1:30 p.m. Friday and 11:00 p.m. Sunday).

<table>

<td>$46 per credit hour with a $46 minimum</td>
<td>$76 per credit hour with a $200 minimum</td>
</tr>
<tr>
<td>Reduced Tuition for certain afternoon and weekend classes</td>
<td>$13 per credit hour with a $13 minimum</td>
<td>$23 per credit hour with a $23 minimum</td>
<td>$38 per credit hour with a $100 minimum</td>
</tr>
</tbody>
</table>

Texas residents, who own property subject to ad valorem taxation by the DCCCD, or dependents of such persons, may pay tuition at the rate of residents of Dallas County. If a senior citizen (person 65 years or older) who resides in or owns property subject to ad valorem taxation in Dallas County enrolls in credit courses, DCCCD colleges will waive a maximum of six hours tuition each semester or summer session if space is available.

An individual who has moved to Texas and enrolled before having resided here for 12 months immediately preceding registration, and his or her dependents, may be entitled to pay the tuition required of Texas residents. Such an individual 1) must be an employee of a business or organization that is part of Texas' economic development and diversification program, and 2) must file with the college a letter of intent to establish residency in Texas.

Residency

The residency status of each student is determined during the admissions process, based upon documentary evidence available to make that decision. If the college later determines that a student was not entitled to resident status at the time of his or her registration, the student shall pay the college the amount he or she should have paid as a non-resident. If the student fails to pay as required, he or she is not entitled to receive a transcript or to receive credit for the courses taken while falsely registered as a resident student.

State law requires that students sign an oath of residency. The oath of residency is not and may not be substituted for documentary evidence. Provided they established legal residence in the state of Texas, the county of residence for a student under 18 years of age is the county in which his or her parents or legal guardian resides. Students who are 18 years
of age and older are deemed to be residents of the county in which they reside.

Students less than 18 years of age whose family resides in another state or whose family has not resided in Texas for twelve months immediately preceding the date of registration are classified as out-of-state residents. Students 18 years of age or older who have not been residents of the state twelve months following their 18th birthdays or for the twelve months immediately preceding the date of registration are also classified as out-of-state residents.

A foreign national on any other than a permanent resident visa must pay out-of-country tuition.

The descriptions of residency statuses contained above are generally applicable. The Education Code (Section 54.052), rules of the Texas Higher Education Coordinating Board, and judicial and/or administrative interpretations specifically govern residency status. In the case of conflict between the above-noted descriptions and the latter authorities, the latter shall govern. Questions concerning residency should be directed to the admissions office.

Tuition Installment Pay Plan (TIPP)

Students may elect to pay tuition in installments during the fall and spring semesters. The following conditions apply.

- A nonrefundable, $15 charge is due when the installment plan is initiated, which must be before the first day of classes.
- Tuition for flexible-entry courses may not be paid in installments unless registered for prior to the official certification date of the term in which the pay plan is initiated.
- Course credit may be denied if payment in full has not been made by the end of the semester.
- A promissory note must be signed when the first payment is made.
- If courses are dropped, the refund (if any) is applied to the balance due.
- If courses are dropped and no refund is due, the balance must still be paid in full.
- A $10 late charge is applied to late payment (maximum of $20 per pay plan).
- Payment due dates and amounts are ½ before the official institutional first day of classes, ¼ before start of the 6th class week, and the final ¼ before start of the 11th class week.

HOPE Scholarship and Lifetime Learning Tax Credits

The Taxpayer Relief Act of 1997 (TRA) provides education tax incentives in the form of the Hope Scholarship Credit and the Lifetime Learning Credit. These benefits allow taxpayers to reduce their federal income tax based upon qualified tuition and fees paid, assuming the taxpayer meets TRA requirements.

The Hope Scholarship Credit is for students who are enrolled at least half-time in one of the first two years of post-secondary education and are pursuing an undergraduate degree, certificate or other recognized credential. The Lifetime Learning Credit is offered to encourage people to improve or acquire new job skills. For more information about these education tax incentives, call the Internal Revenue Service at 1-800-TAX-1040 or visit their Web site at www.irs.gov.

For purposes of filing tax returns, 1098-T forms indicating amount of tuition paid and financial aid received during the tax year are mailed to taxpayers by January 31 of each year. There is a telephone number on the form to call if any of the information appears incorrect. Students may view their 1098-T online after January 31 through the web site http://www.1098t.com.

Reciprocal Tuition Agreements

Courses in certain associate degree programs offered by Cedar Valley may be taken by Collin and Tarrant County residents at in-county tuition rates (see table below). Residents of Cooke, Denton, Ellis, Grayson, Hill and Weatherford counties may also take courses in the construction technology program at in-county tuition rates.

Tuition Rebate Program

Students who graduate with a baccalaureate degree from a Texas public university may qualify to receive $1,000 from the baccalaureate-granting institution if they meet the following criteria:

- Must have been a resident of Texas and entitled to pay in-state tuition at all times while pursuing the degree;
- Must have received a baccalaureate degree from a Texas public university; and
- Must have attempted no more than three hours in excess of the minimum number of semester hours required to complete the degree in the catalog under
which graduated. Hours attempted includes transfer credits, course credits earned exclusively by examination, courses that are dropped after the official census date, and for-credit developmental/remedial courses. The college has academic advisors to help students plan their course of study at the community college to maximize their chances of qualifying for this rebate when they graduate from a university with a baccalaureate degree.

Refund of Tuition
To be considered officially withdrawn from one or more classes and eligible for a refund, a student must have filed the appropriate form with the college within the refund period. Refunds for flexible-entry classes are prorated based on the number of weeks each class spans. Refund periods for fall, spring and summer semesters are the following:

<table>
<thead>
<tr>
<th>Amount of Refund</th>
<th>Fall and Spring (16-week semesters)</th>
<th>Summer (5-week semesters)</th>
</tr>
</thead>
<tbody>
<tr>
<td>100%</td>
<td>Prior to the 1st class day of the semester</td>
<td>Prior to the 1st class day of the semester</td>
</tr>
<tr>
<td>70%</td>
<td>During the first 15 class days of the semester</td>
<td>During the first 5 class days of the semester</td>
</tr>
<tr>
<td>25%</td>
<td>During the 16th-20th class days of the semester</td>
<td>During the 6th class day of the semester</td>
</tr>
<tr>
<td>None</td>
<td>After the 20th class day of</td>
<td>After the 6th class day of</td>
</tr>
</tbody>
</table>

The amount of refund may be reduced for federal financial aid recipients who have not completed 60% of the enrollment period for which they have received aid. The 1st class day is the official institutional first day of classes; it may precede a student's actual first day of class. Refunds are based on net charges for classes dropped and added if occurring prior to the date the college must report official enrollment.

Refunds are made to credit cards (if tuition was paid by credit card) or by check mailed to the student's address on file with the college. Refunds are not issued in cash. Tuition paid directly to the college by a sponsor, donor, employer or scholarship is refunded based on the terms stipulated by the funding source. Processing a refund check normally requires a minimum of one month from the date of approval.

A student who wishes to appeal for a greater refund may do so by submitting a petition and explanation of any extenuating circumstances to the college refund petitions committee. If the committee approves the petition, the college will notify the student and issue a refund accordingly.

Returned Checks
The college notifies students, in writing, to pay the amount of returned checks plus a $20 service charge, with cash or a cashier's check, within time limits prescribed in the written notification. If for any reason a check for tuition is returned, the college may submit the check to a Justice of the Peace for legal action and collection. The college vice president may implement disciplinary action—the student may be dropped from classes and may be blocked from future enrollment until all accounts are paid.

Additional Charges
Some classes may use facilities or services for which students pay a third party, such as for scuba gear rental or bowling alley admission. The college levies a service charge for administering tests that establish credit-by-exam; the charge may change without prior notice. Out-of-state students who receive all instruction remotely through DCCCD's "Virtual College" pay $55 per credit hour for distance learning services. (This charge may be adjusted depending on contracted services with distance learning partners.) Graduating students pay for cap and gown rental. The cost for auditing a course is the same as if taking the course for credit.

A distance learning fee of $55 per credit hour, a minimum of $165 for a 3-credit-hour course, shall be charged only to out-of-state students who receive all services remotely through the District's 'Virtual College.' This fee may be adjusted, depending on contracted services with distance learning partners.

Please discuss any questions regarding proper tuition classification with admissions office personnel.

The Chancellor shall be authorized to set the fees and charges for specialized services and programs provided by the District colleges. Other special fees may be assessed as new services or programs are developed with specialized costs. These fees will be kept to a basic, practical minimum for the program or service involved.

Tuition for all semesters is as follows:

1. Dallas County Residents $26.00 per credit unit or a minimum of $26.00
2. Out-of-District Residents $46.00 per credit unit or a minimum of $46.00
3. Out-of-State Residents $76.00 per credit unit; minimum of $200.00
4. Out-of-Country Residents $76.00 per credit unit; minimum of $200.00

The charge for auditing a course is the same as taking the course for credit.

Effective Date: Fall Semester, 2001

Provided they established legal residence in the State of Texas, a student's county of residence is the county in which their legal guardian resides, if they are under 18 years of age. Students 18 years of age and older are deemed to be residents of the county in which they reside.

"Out-of-State Residents" are defined to be students of less than 18 years of age living away from their family and whose family resides in another state or whose family has not resided in Texas for twelve months immediately preceding the date of registration; or students 18 years of age or older who have not been residents of the state twelve months subsequent to their 18th birthdays or for the twelve months immediately preceding the date of registration.

The description of resident and non-resident status contained above are generally applicable, but the determination of residence status for tuition purposes is specifically governed by the provisions of V.T.C.A. Education Code, Section 54.052, the rules and regulations of the Coordinating Board, Texas College and University System, and judicial or administrative interpretations thereof. In the event of conflict between the above-noted descriptions and the latter authorities, the latter shall govern.

A foreign national on any other than a permanent resident visa must pay out-of-country tuition and fees.

The tuition schedule above is subject to change without notice by action of the District Board of Trustees or the State of Texas.

By law (TEC: section 4, subchapter B, chapter 54; sec. 54.0521, 1985), the STATE OF TEXAS requires that the OATH OF RESIDENCY be signed.

The law states that if the institution later determines that the individual was not entitled to be classified as a resident at the time of the individual's registration, the individual shall pay to the institution the amount the individual should have paid as a non-resident. If the individual fails to make a timely payment as required, the individual is not entitled to receive a transcript or to receive credit for courses taken during the time the individual was falsely registered as a resident student.

"THE OATH OF RESIDENCY IS NOT ACCEPTABLE IN LIEU OF DOCUMENTARY EVIDENCE."

Pursuant to the authorization contained in the Education Code, Section 130.0032, the Board authorizes a person who resides outside the District, but is a state resident and who owns property subject to ad valorem taxation by the District, or a dependent of the person, to pay tuition at the rate that applies to a student who resides in the District.

An individual who has come from outside the state of Texas and registered with a college before having resided in the state for a 12-month period immediately preceding the date of registration and his or her dependents are entitled to pay the tuition and other fees required of Texas residents if the individual has located in Texas as an employee of a business or organization that became established in this state as part of the state's economic development and diversification program authorized by the constitution and laws of the this state and if the individual files with the college a letter of intent to establish residency in Texas.
College Financial Aid

The primary goal of financial aid is to assist students who, without such aid, would be unable to attend college. The college financial aid office administers grants, loans, scholarships and part-time employment. To learn more about student financial aid programs, visit www.students.gov (federal Website), www.collegefortexans.com (state Website), and www.dcccd.edu (college Website). To reflect changes in students’ eligibility and needs and changes in the cost of attendance, applications are required annually. Financial aid is awarded for one academic year at a time.

It is important to read all information carefully to ensure compliance with regulations governing receipt and maintenance of financial aid funds.

Eligibility Requirements for Financial Aid

In general, a student is eligible for financial aid if he or she meets the following requirements:

- Be a U.S. citizen or an eligible non-citizen;
- Have a demonstrated financial need;
- Be making satisfactory academic progress (as defined by the college) in the course of study;
- Not be in default on a Federal Perkins Loan, Federal Stafford Loan, or Federal PLUS Loan;
- Be enrolled at the college for the purpose of obtaining a degree or certificate;
- Have a high school diploma or G.E.D., or meet special ability-to-benefit requirements;
- Be registered with the selective service if required to do so; and
- Not owe a refund on a Federal Pell Grant or Federal Supplemental Educational Opportunity Grant.

Types of Aid Available

Generally, loans must be repaid whereas grants and scholarships do not require repayment. In all cases, students should make themselves completely familiar with the terms and conditions of financial aid they receive.

Federal Pell Grant

Pell Grants are awarded to undergraduate students who have not earned a bachelor’s or professional degree. For many students, Pell Grants provide a foundation of financial aid to which other aid may be added. Eligibility requirements include enrollment for at least 1 credit hours.

Texas Public Educational Grant (TPEG)

Texas Public Educational Grants are for students enrolled in credit and certain continuing education courses whose educational costs are not met in whole or in part from other sources. TPEGs may be used to assist students who have financial need but may be ineligible for other aid programs. Eligibility requirements include enrollment for at least 3 credit hours.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The Federal Supplemental Educational Opportunity Grant program is for undergraduates with exceptional financial need—that is, students with the lowest Expected Family Contributions (EFCs) and gives priority to students who receive federal Pell Grants. Eligibility requirements include enrollment for at least 1 credit hours.
Toward EXcellence, Access and Success
(Texas) Grant

TEXAS Grants are for well-prepared, eligible graduates (no earlier than 1998) from public or accredited high schools in Texas. In addition to satisfying general eligibility requirements, recipients of these grants:

- Are Texas residents,
- Completed the recommended or advanced high school curriculum or its equivalent,
- Enroll at least 3/4 time in an undergraduate degree or certificate program,
- Receive their first award in this grant program within 16 months of high school graduation, and
- Have not been convicted of a felony or a crime involving a controlled substance.

Academic performance and other requirements must be met for students to receive continuing eligibility.

Toward EXcellence, Access and Success
(Texas) Grant II (TGII)

TGII provides aid to financially needy students enrolled in Texas public two-year colleges. In addition to satisfying general eligibility requirements, recipients of these grants:

- Are Texas residents,
- If applying for a first-time award, have a family contribution of no more than $2,000,
- Are enrolled at least 1/2 time in an associate's degree or certificate program at a two-year college in Texas,
- Have not been granted an associate's or a bachelor's degree, and
- Have not been convicted of a felony or a crime involving a controlled substance.

Academic performance and other requirements must be met for students to receive continuing eligibility.

Leveraging Educational Assistance Partnership Program (LEAP, formerly SSIG)

LEAP is a federally funded program that provides grant assistance to financially needy students who are Texas residents and who receive state grant funds. Eligibility requirements include enrollment for at least 6 credit hours.

Rising Star Program

Each year, the Rising Star Program makes a promise to graduating seniors in Dallas County high schools: If you graduate from high school, demonstrate a modest level of academic potential, and have specific financial need, the DCCCD Foundation, Inc. guarantees you the opportunity to earn an associate's degree or job certification from any of the seven DCCCD colleges. Rising Star covers all direct costs, up to $2,200, for tuition, books and other charges associated with enrollment at a DCCCD college. For more information, visit www.dcccd.edu/fdn.

Academic eligibility requirements for Rising Star are 1) graduation from a Dallas County public high school or Dallas CAN! Academy, and 2) ranking in the top 40% of the graduating class OR having at least a "B" average OR passing the TASP test (or DCCCD alternative test) before enrolling in college classes. Financial eligibility is based on number of people in household and annual family income.

Foundation and College Scholarships

Through the generosity of individuals, businesses, foundations, and many community, professional and service organizations, the DCCCD Foundation and colleges have an array of student scholarships. Visit www.dcccd.edu/fdn/scholarships or the college financial aid office to obtain a complete listing and application.

Stafford and PLUS Loans

Stafford Loans to students are either subsidized or unsubsidized. A subsidized loan is awarded on the basis of financial need. The borrower is not charged any interest before beginning repayment or during authorized periods of deferment. The federal government "subsidizes" the interest during these periods.

An unsubsidized loan is not awarded on the basis of need. The borrower is charged interest from the time the loan is disbursed until it is paid in full. If the borrower allows interest to accumulate, it will be capitalized—that is, the interest will be added to the principal amount of the loan and additional interest will be based upon the higher amount. The borrower can receive a subsidized loan and an unsubsidized loan for the same enrollment period.

Students planning to become teachers may be interested in Stafford Loan cancellation for teachers. Borrowers may be able to cancel up to $5,000 of their Stafford Loans if they are teaching in a low-income school. To qualify, the borrower must work as a full-time teacher for five consecutive years in an elementary or secondary school that has been designated as a "low-income" school. The U.S. Department of Education each year designates low-income elementary and secondary schools, and a list of these schools, by year, is posted on the department's Web site. A full list of qualifying conditions and other information concerning repayment of loans may be found at www.ed.gov or from the college financial aid office.
PLUS loans enable parents with good credit histories to borrow to pay the education expenses of each child who is a dependent undergraduate student enrolled at least half time. The yearly limit on a PLUS loan is equal to the student's cost of attendance minus any other financial aid he or she receives.

Eligibility requirements for Stafford and PLUS loans include enrollment for at least 6 credit hours.

Emergency Short-term Loans
The college has limited funds available for short-term loans to meet emergency needs of students. Loans are usually limited in amount, bear no interest, and must be repaid within 60 days of the date of the loan or the end of the term, whichever comes first. A late charge of $10 and collection costs is added for payments made after the due date. To qualify, applicants must be making satisfactory academic progress (as defined by the college) and not have any debts or blocks on their college record.

Tuition Installment Pay Plan
See the "Money Matters" section of this catalog for information about paying tuition in installments.

Part-time Employment
The Federal College Work-Study Program (FCWS) provides part-time (not to exceed 18.5 hours per week) employment for eligible students. To be considered, students should indicate their interest in work-study employment on the financial aid application they submit each year.

The college also provides a limited number of part-time employment opportunities for students who do not demonstrate financial need. In some cases, the college may be able to help students find employment off-campus.

Tuition Exemptions
The State of Texas offers a number of exemptions for various categories of students. For example, exemptions are available to:

- AFDC students,
- American (other than U.S.) hemisphere students,
- Blind or deaf students,
- Children of disabled firemen and peace officers,
- Children of prisoners of war or persons missing in action,
- Early high school graduation students,
- Fire fighters enrolled in fire science courses,
- Foster care students,
- Highest ranking high school graduate,
- ROTC/National Guard students,
- Senior citizens, and
- Veterans and dependents.

For a full list and the criteria for eligibility, visit www.collegefortexans.com or contact the Texas Higher Education Coordinating Board at 1-800-242-3062.

Vocational Rehabilitation
The Texas Rehabilitation Commission offers tuition assistance to students who are vocationally challenged as a result of a physically or mentally disabling condition. This assistance is generally limited to students who are not receiving other forms of financial aid. For information, contact the Texas Rehabilitation Commission at 817-467-8400.

American Indian/Native American Students
The Bureau of Indian Affairs offers educational benefits to American Indian/Native American students. For information, contact the Oklahoma Area Education Office at 405-945-6051 or 405-945-6052.

Veterans' Educational Benefits
The college assists veterans with completing proper forms and coordinating the certification procedures for monthly benefits administered under the auspices of the U.S. Department of Veterans Affairs (VA). The college veterans' affairs office may also provide information about VA educational benefits and assist with accomplishing enrollment and arranging tutoring services. (The VA Web site is www.va.gov.)

VA regulations are subject to change without notice. Contact the college veterans' affairs office for information about current regulations and procedures. Direct questions about specific financial benefits to the VA Regional Office at 1-800-827-1000.

Under the Hazlewood Act, certain Texas veterans who have exhausted their educational benefits from the VA can attend Texas public colleges and have tuition waived. To be eligible, the student must:

- Have been a resident of Texas at the time he or she entered the service,
- Have an honorable discharge,
- Now be a Texas resident,
- Be ineligible for federal financial aid grants, and
- Not be in default on any federal educational loans.
Financial Aid Application Process

1. First, file an application for admission with the college. This is essential. Without an application for admission, the college will not act upon an application for financial aid. See http://www1.dcccd.edu/stuapp or visit the admissions office to obtain a paper form.

2. Then, as soon as possible, file a Free Application for Federal Student Assistance (FAFSA). See www.FAFSA.ed.gov to file electronically, or obtain a paper form from a high school counselor or college financial aid office. (One of the advantages of filing electronically is the U.S. Department of Education offers an automated application service that gives immediate assistance with errors.) Note: Answering "yes" to question 26 on the FAFSA will accomplish Selective Service Registration for those who are required to register.

3. Processing a FAFSA may be delayed at the U.S. Department of Education for reasons such as the following:
   a. The U.S. Department of Education randomly selects applicants and requires verification of information on the FAFSA. If selected, the applicant must provide additional documents.
   b. The U.S. Department of Education matches data with the Immigration and Naturalization Service (INS). If the match with INS has not confirmed the applicant's noncitizen eligibility, the college must submit a document to INS to complete the confirmation.
   c. The social security number of each applicant is verified by the Social Security Administration (SSA). If the number does not match SSA records, the FAFSA is returned to the applicant unprocessed.

1. The applicant receives a Student Aid Report (SAR), which he or she should examine immediately for accuracy. Applicants may correct SARs at www.FAFSA.ed.gov.
2. The college has established priority-processing dates for SARs (see table below). SARs received after these dates are acted upon, as funds are available and time permits. Late applicants should be prepared to pay for tuition and books from personal resources.

<table>
<thead>
<tr>
<th>Priority Processing Dates</th>
</tr>
</thead>
<tbody>
<tr>
<td>April 1 -- The next summer sessions</td>
</tr>
<tr>
<td>May 1 -- The next academic year</td>
</tr>
<tr>
<td>October 1 -- The next spring semester</td>
</tr>
</tbody>
</table>

3. Continuing students should file a FAFSA as soon as possible after January 1 of each year if they want to receive aid the next academic year.

Class Registration Deadlines
To use a Fall 2002 financial aid award, a student must be registered for classes on or before September 9, 2002. To use a Spring 2003 financial aid award, a student must be registered on or before January 27, 2003.

Distance Learning
In most cases, federal and state agencies award financial aid similarly for traditional on-campus and distance education classes. However, students should be careful to adhere to the rules and regulations that apply to distance education where financial aid is concerned. Visit http://telecollege.dcccd.edu for more information.

Federal Repayment Dates
Under the following conditions, students will be required to repay a portion of federal aid received:

• Students who withdraw from all Fall 2002 courses on or before October 30, 2002,
• Students who withdraw from all Spring 2003 courses on or before March 26, 2003, and
Students who withdraw from all Summer 2003 courses on or before June 20, 2003.

Satisfactory Academic Progress (SAP) Policy

Unless the terms of a particular grant or funding source require otherwise, the college uses standards for satisfactory academic progress (SAP) to determine eligibility for all need-based financial aid. Standards for SAP are the following:

1. Each award year, the student must maintain a Cumulative Grade Point Average (CGPA) of 2.0 or higher. A continuing student must have a CGPA of 2.0 on all credit hours earned from colleges before the year for which aid is requested.

2. For the fall and spring semesters of each award year, the student must complete a minimum number of credit hours from all hours attempted. Grades of W, WX, E, F and I count as hours attempted but not as hours completed.

<table>
<thead>
<tr>
<th>Requirements for Hours Completed</th>
</tr>
</thead>
<tbody>
<tr>
<td>24 or more</td>
</tr>
<tr>
<td>18-23</td>
</tr>
<tr>
<td>12-17</td>
</tr>
<tr>
<td>6-11</td>
</tr>
<tr>
<td>5 or less</td>
</tr>
</tbody>
</table>

3. Students may apply for, and if eligible receive, financial aid for no more than 108 attempted credit hours. Credit hours transferred to the college and developmental credit hours count toward the 108 maximum. To complete an educational program within the 108 hours, students should file a degree plan or establish a transfer plan and enroll in courses that apply to their degree or transfer program.

4. An otherwise eligible student may receive financial aid for a maximum of 30 attempted credit hours in developmental/remedial course work. Once the 30 credit hour maximum is reached, additional developmental credit hours will not be used to calculate the award amount, but will continue to count toward the 108 maximum.

The college will review academic records in May of each year and determine each student’s compliance with SAP. Students who fail to satisfy SAP will be placed on financial aid suspension for the next award year in which they enroll. To regain eligibility, a student must pay the expenses related to enrollment during the next award year and meet standards of SAP. Financial aid will be terminated for students who receive three suspensions for failure to meet standards of SAP.

A student placed on financial aid suspension may petition the college financial aid office to consider mitigating circumstances. The petition must be in writing with supporting documentation regarding the circumstances (for example, medical statements, divorce documents, unemployment letters, etc.). The financial aid office will notify the student of its decision. If the petition is denied, the student may make the same appeal to the college administrator to whom the financial aid office reports.
College Registration

How To Register

When you are admitted, you will receive notification about when you can register for classes. Class schedules made available each semester and summer session outline the courses that are planned. As students register, some class sections reach capacity, making them unavailable to more students. You may select classes available at the time you register.

Registration for specific courses takes place throughout the academic year. Refer Flexible Entry Courses in this section and/or contact the Registrar's Office for additional information.

Follow these steps:
1. After receiving notification that your Application for Admission has been accepted, contact the Advisement Center to schedule orientation (if needed).
2. After orientation, take the TASP or the alternative TASP test.
3. Obtain a schedule for the semester or summer session for which you are enrolling. Schedules are available at the college and online.
4. Meet with an advisor to determine the courses you wish to take. Refer to Recommended Academic Load in this section.
5. Register for classes.

Assessment Procedures

Our assessment services evaluate your readiness for certain college courses and determine whether you are likely to be successful in those courses. The college offers an assessment and advisement program for entering students that is a required part of the enrollment process.

The assessment program is comprised of several parts. You complete a questionnaire that documents information about your career and work plans, previous academic achievement and other relevant information. Your basic skills in reading, writing and mathematics are also assessed; this information may come from ACT, SAT, previous college-level work or from scores on the standardized tests administered at the college. If you have taken TASP, you will also need your TASP scores. You should have official copies of TASP, ACT, RSAT, or SAT scores and transcripts mailed to the Admissions Office or make them available when you apply for admission. It is your responsibility as a student to have these available when you enroll.

The assessment program provides you and your academic advisor the information you need to make informed decisions.
Information about your skills, abilities, career plans, educational background, life experiences and motivation is important in helping you make selections from the many educational options available. The college reserves the right to insist that you enroll in the appropriate remediation if your assessment results indicate a need for improving skills in reading, writing and/or mathematics.

Details of assessment and advisement procedures are available through the college Advisement/Counseling Center or in the College Class Schedule, published each semester.

If you are not exempt from TASP, you must take the TASP (Texas Academic Skills Program) or the college alternative assessment prior to enrolling in any college-level course work. If you fail either the reading, writing, or mathematics section of the TASP or alternative assessment, you are mandated by state law to enroll and participate in a developmental program continuously until all appropriate developmental courses are successfully completed or until each failed section is passed. See Texas Academic Skills Program (TASP).

Advisement & Counseling Services

The college offers valuable resources in the Advisement Center to help you plan each semester of study.

Our counselors and academic advisors can assist you in selecting courses of study, determining transferability of courses, choosing or changing careers, gaining independence, and confronting problems of daily living. Counseling and advising staff provide assistance in the following areas:

- Career counseling to explore possible vocational directions, occupational information, and self appraisal of interest, personality and abilities.
- Academic advisement to develop and clarify educational plans and make appropriate course choices.
- Confidential counseling sessions to assist you in managing the academic environment and dealing with issues that may hinder success.
- Crisis intervention and referral sources to provide in-depth assistance for such matters as legal concerns, financial aid, tutoring, job placement, medical problems, or emotional problems.

Among the Advisement Center's resources are computerized transfer guides, a large collection of senior institution catalogs and bulletins, senior college admission application forms, and other specialized brochures and information.

You can also take advantage of several computer resources to help you clarify goals, identify career and occupational interests, and research information about senior institutions.

The college also plans events especially for students who plan to transfer. These activities include College Days (where officials from senior institutions visit on campus to talk directly with you), special transfer workshops and seminars, and events designed to assist students in making career decisions. Many other materials are available to help you if you plan to transfer, including Transfer Guides and Course-by-Course Equivalency Guides.

Flexible Entry Courses

In keeping with its commitment to meet individual educational needs, the college offers flexible entry courses. These courses are often self-paced, allowing you to work at your own speed. You should be aware of the time specified by the college that course requirements need to be completed. You should check with the Registrar to determine times for registration in these courses. You must obtain approval to enroll in these courses.

Recommended Academic Load

The maximum academic load is 18 credit hours of course work per semester or five classes plus physical education. You must receive permission from the appropriate college official to carry a heavier load. If you are employed and carrying a full load (12 credit hours or more), it is recommended that you not work more than 20 hours per week. If you work more than 20 hours, you should consider reducing your academic load proportionately. The recommended load limit for day or evening students who are employed full-time is six credit hours. The recommended load limit in a six-week summer session is six credit hours. For shortened terms, you may not enroll for more credit hours than the total number of weeks the class meets; i.e. for a 3 week term, you may register for no more than 3 credit hours. Contact your college advisor for specific information.

Change of Schedule

You should pay close attention to the days and meeting times for your classes. If you must request a class change, contact the Registrar's Office during the time specified in the current Class Schedule. No change is complete until it has been appropriately processed through the registration system.
Classification of Students

Freshman: A student who has completed fewer than 30 credit hours.
Sophomore: A student who has completed 30 or more credit hours.
Part-time: A student carrying fewer than 12 credit hours in a fall or spring semester.
Full-time: A student carrying 12 or more credit hours in a fall or spring semester.

Distance Learning Formats

The college offers distance learning courses in four formats. Each format requires a unique set of technologies essential to successful course completion.

Telecourse

A telecourse allows you to work and learn independently and may include college-based requirements such as orientations, testing, and review sessions. The course includes a pre-produced video series with print materials. Class interaction is offered via the telephone, fax and mail. You are required to have access to local cable, KDTN public television, or a VHS format videocassette player.

Online Course

An online course is delivered using only computers and computer peripherals. You are required to have reliable Internet access and the latest version of an Internet browser software. The online classroom is used to deliver instruction, facilitate interactions among faculty and students, and more. (The course may include campus-based requirements including orientations, testing and review sessions.)

Telecourse Plus Course

The Telecourse Plus format incorporates the use of video and the online classroom. The course includes a pre-produced video series with print materials. You are required to have access to local cable, KDTN public television, or a VHS-format videocassette player. You are also required to have reliable Internet access and the latest version of an Internet browser software. The online classroom is used to deliver instruction, facilitate interactions among faculty and students, and more. The courses may include college-based requirements including orientations, testing and review sessions.

Live-Interactive Television Course

A live-interactive television course uses one-way video and two-way audio. You must have access to a participating cable television system. Students may interact with the faculty by telephone, placing a call to a voice bridge system. The course may include college-based requirements including orientations, testing and review sessions.

Videoconferencing

In January 2002, Cedar Valley College began using videoconferencing to teach classes. As part of the Southern Dallas County Distance Learning Initiative, the college has entered into a partnership with the School Districts of Lancaster, DeSoto, and Cedar Hill. We are currently beaming World History and Economics classes into the high school classroom for students who are taking these courses for Dual Credit. The use of two-way video equipment to teach classes is new, and we are the first in the District to use it.

College-Based Distance Learning

The college offers a growing number of distance learning courses and programs each year. As the college identifies student demand for distance learning instruction in specific programs and courses, the college, through its appropriate instructional division, begins the process of adding the distance delivery option for a specific program or course.

A college-based distance learning course has more than 50% of the instructional contact hours delivered at a distance, with occasional on campus instructional requirements. Most student services are delivered on campus.

College-based distance learning courses are offered using one or more of the distance learning delivery formats detailed previously. For a complete listing of college-based distance learning courses offered district-wide by all of the DCCCD colleges, refer to the distance learning pages printed in the college's schedule of classes. A college-based distance learning class schedule is also available on the web at http://telecollege.dcccd.edu, click on Class Schedules.

37
Recent research in higher education indicates that for many students involvement is an important contributor to academic success. That's why the college plans activities to encourage your involvement in college life.

SPAR staff plans and presents a variety of programs and activities for students and the surrounding community. These programs may include lectures, art gallery activities, and performance events. Programs often are coordinated with the various instructional divisions to provide you with valuable educational experiences. Leadership conferences, retreats, diversity training, and service learning programs offer you opportunities to develop skills that enrich your quality of life.

The institution invites you to take an active role in your college experience. You have many opportunities to become involved in the decision-making processes for the college. You may want to join a student club, participate in student government/ambassador activities, or serve on one of several committees engaging in real decision making for the college. You may be able to become involved regularly in decisions regarding:

- improvements for an aspect of the college (facilities, services provided, instruction, etc.);
- programming speakers and special events offered to the student body;
- student disciplinary hearings;
- conducting (or completing) surveys and questionnaires designed to gather information about your college experiences; and/or
- the selection process of new college administrators.

Testing Center

The Testing Center offers a variety of testing services that meet the expressed needs of students, staff and the community. Testing Centers provide these services:

- Academic testing (instructors' tests, make-up exams, self-paced exams and distance education testing)
- Assessment testing (approved alternate TASP testing that meets both TASP and placement requirements)

- Standardized exams (national and state exam programs such as: TASP, ACT, SAT, CLEP, GED, etc.)
- Psychometric Testing (assessment of personality, vocational interests, aptitude, etc.); you must be referred by an advisor or appropriate faculty member for psychometric testing.

Before taking a test in the Testing Center, you must provide photo identification. There is a charge for some test services. For additional information, please contact the college Testing Center.

The Student Code of Conduct provisions regarding disruptive behavior and/or academic dishonesty apply equally to Assessment/Testing Centers and classrooms. Irregularities will be referred to the proper authorities for disciplinary action. See the Student Code of Conduct.

Career Planning and Job Placement Services

The college provides career planning and job placement services free of charge to students, alumni, former students and those in the process of enrolling. The Career Planning and Job Placement Office may provide opportunities for you to learn job search skills, such as how to establish employment contacts, complete an application, write a resume and cover letter, and interview for a job. In addition, the college may offer services such as career testing and computerized career guidance programs to assist you with choosing a college major and making career decisions.

Job listing services are provided at the college, and it participates in an Internet-based job listing service that contains full- and part-time opportunities in the Metroplex. The Career Planning and Job Placement Offices strictly adhere to EEO guidelines. Employers posting job openings with the college Job Placement Services must be EEO employers. All services are free of charge to you.

Disability Services/Special Services Offices

The Disability Services/Special Services Office offers a variety of support services to enable students with disabilities and/or special needs to participate in the full range of college experiences. Services are coordinated to fit your individual needs and may include sign language interpreting, note-taking, tutoring, mobility assistance, reading/audio taping, and loan of specialized equipment such as audio tape recorders, talking calculators, raised-line drawing kits, and large print materials. Academic and career advisement services, testing accommodations, registration assistance, and extensive information and referral services also are available.
If you are a student with disabilities and/or special needs, and you wish to request accommodations, you are responsible for documenting your needs and initiating a request at the Disability Services/Special Services Office, preferably one month prior to registration. Orientation and registration information will be provided.

Students with disabilities attending the college have a right to appeal decisions concerning physical and academic accommodations by submitting a written petition to the college's designated Americans with Disabilities Act (ADA) Compliance Officer.

For additional information, contact the Disability Services/Special Services Office at the college.

Health Services and Insurance

The Health Center is a multi-purpose facility that promotes health, wellness, and preventive care for the college community. Registered nurses coordinate and provide the health services, that include:

- First aid for accident, injury or illness;
- Health information and brochures;
- Some over-the-counter (non-prescription) medicines such as Tylenol, aspirin and antacids;
- Referral information for community health services;
- Selected health education and screening programs;
- Confidential health counseling; and
- A rest area.

Health services are available to current students and staff. You do not need to be sick to come to the Health Center. Health questions and concerns are welcome. Students with chronic health problems should visit the Health Center to discuss any special concerns with the nurse before attending classes or whenever problems arise. No information about your health will be released without your written permission unless it is required by law.

We recommend that all prospective students have adequate immunization for bacterial meningitis, diphtheria, measles, rubella, mumps, tetanus and poliomyelitis (See the Texas Department of Health's Recommended Adult Immunization Schedule.)

Optional student health insurance, with optional coverage for spouse and children, is available through outside vendors. These limited coverage policies are administered by an insurance company at a cost outlined by the insurance company.

Housing

The college does not operate dormitories of any kind nor maintain listings of available housing for students. If you do not reside in the area, you must make your own arrangements for housing.

Library

The college library orients students to the information environment. The staff introduces the tools needed to navigate an increasingly complex world of information resources. Through orientation and research classes, the library provides information skills to help you achieve your academic goals.

The college library has an information center where you can receive assistance in using print and non-print materials, electronic full-text resources, the Internet and database services to supplement classroom and distance learning. Electronic resources are available to you both on-campus and off-campus. The library has a growing collection of books and journals on a variety of subject areas to support academic transfer programs and technical/occupational programs. In addition, there are special collections available of career materials, pamphlets, newspapers, popular magazines and technical periodicals. Other resources provided may include slides, tapes, compact discs, computer software, videotapes, films, digital videodisks and electronic books. Willful damage to library materials (or property) or actions disturbing other library users may lead to your losing library privileges. Damage cases are referred to the appropriate authorities for further action. All books and other library materials must be returned before the end of each semester. No transcript may be issued until your library record is cleared.

College Police Departments

Campus safety is provided within the framework of state law to protect and police buildings and grounds. All state laws apply to the campus community. College Police Department officers are licensed Peace Officers of the State of Texas; they are specifically trained and educated to protect life and both college and personal property. These officers are vested with full authority to enforce all Texas laws and rules, regulations, and college policies, including the Code of Student Conduct.

The college complies with the provisions of the Campus Security Act of 1990, Public Law 101-542. Copies of the document are available upon request through the College Police Department.
Student Organizations

Information about participation in any organization may be obtained through the Student Programs and Resources (SPAR) Office. The development of student organizations is determined by student interest. Categories of organizations include:

- Co-curricular organizations pertinent to the college's educational goals and purpose;
- Social organizations to provide an opportunity for you to make friends and establish a sense of community with fellow students;
- Service organizations to promote your involvement in the community; and
- Pre-professional and academic organizations to contribute to your career development.

Tutoring Services

The college may provide individual and small group tutoring as an academic support service for students needing extra help with coursework and/or study skills. You should seek these services early in the semester.

Athletics

Intercollegiate Athletics

The intercollegiate athletic program provides student athletes opportunities to compete in sports in an educational environment. Bringing together those students with motor skills beyond the level of the college physical education class and/or intramural offerings, the program promotes physical fitness, intellectual development, social interaction, sportsmanship and team commitment.

The athletic program strives to bring together both participants and spectators of diverse ethnic and cultural backgrounds. Participation on athletic teams is voluntary on a non-scholarship basis for women and men meeting requirements established by the Metro Athletic Conference and the National Junior College Athletic Association (N.J.C.A.A.). Most teams are associated with the N.J.C.A.A., and our conference champions compete at regional, district and national tournaments. In the last several years, the college teams have been the N.J.C.A.A. Division III national champion in basketball and baseball and have taken second place in the national volleyball tournament. For more information regarding eligibility, rules, standards, and sports offered contact the school Athletic Department.

Intramural Sports

The Intramural Sports Program provides opportunities for students to participate in a variety of individual, dual and team sports in a supervised recreational setting. Students and employees can enrich their college life, have fun, make new acquaintances and benefit from exercise through the Intramural Sports Program. For additional information, contact the intramural director in the Athletics Office, or contact the Student Programs and Resources (SPAR) Office.

Policies

Equal Educational And Employment Opportunity Policy

The college is committed to providing equal educational and employment opportunity regardless of sex, race, color, religion, age, national origin or disability. The college provides equal opportunity in accord with federal and state laws. Equal educational opportunity includes admission recruitment, extra-curricular programs and activities, access to course offerings, counseling and testing, financial aid, employment, health and insurance services and athletics. Existing administrative procedures of the college are used to handle student grievances. When you believe a condition of the college is unfair or discriminatory, you can appeal to the administrator in charge of that area. Appeals to a higher administrative authority are considered on the merits of the case.
Family Educational Rights and Privacy Act Of 1974

In compliance with the Family Educational Rights and Privacy Act of 1974, the college may release information classified as "directory information" to the general public without the written consent of the student. Directory information includes: (1) student name, (2) student address, (3) telephone number, (4) date and place of birth, (5) weight and height of members of athletic teams, (6) participation in officially recognized activities and sports (7) dates of attendance, (8) educational institution most recently attended and (9) other similar information, including major field of study and degrees and awards received.

Students may request that all or any part of the directory information be withheld from the public by giving written notice to the Registrar's Office during the first 12 class days of a fall or spring semester or the first four class days of a summer session. If no request is filed, directory information is released upon written inquiry. No telephone inquiries are acknowledged; all requests must be made in person. No transcript or academic record is released without written consent from the student, except as specified by law.

Student Consumer Information Services

Pursuant to the Educational Amendment of 1980, Public Law 96-374, the college provides all students with information about its academic programs and financial aid available to students.

Student Right to Know Act

Under the terms of the Student Right to Know Act, the college maintains and updates on an annual basis, student persistence, graduation rates, transfer rates and other relevant statistics. To obtain copies of these reports, contact the District Office of Research. College crime statistics may be obtained from college police/security offices. (Published in compliance with the Student Right-to-Know and Campus Security Act; Public Law 101-542.)

Equity in Athletics Disclosure Act

All coeducational institutions of higher education that participate in any Federal student financial aid program and have intercollegiate programs must provide information concerning their intercollegiate athletics programs under the Equity in Athletics Disclosure Act of 1994, Section 360B of Public Law 103-382. This Act and accompanying federal regulations requires that intercollegiate athletics information be made available for inspections by students, prospective students and the public. The college web site or Physical Education Office can provide this information.

Drug-Free Schools and Communities Act

To satisfy the requirements of the "Drug Free Schools and Communities Act," the colleges and facilities are committed to creating an educational and work environment free from use or distribution of illicit drugs and abuse of alcohol. The college prohibits the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities. Information and confidential referrals concerning counseling and treatment programs for drug and alcohol abuse may be obtained from the Counseling/Advisement Center, Health Center, and location Human Resources Office.

Standard of Conduct

As a college student, you are considered a responsible adult. Your enrollment indicates acceptance of the Student Code of Conduct published in this catalog. If you are unable to complete the course (or courses) for which you have registered, it is your responsibility to withdraw formally from the course (or courses). Failure to do so will result in your receiving a performance grade, usually an "F."
Degree Requirements

The college confers the Associate in Arts Degree, Associate in Sciences Degree, the Associate in Applied Sciences Degree, the Associate of College/University Transfer Degree, and Certificates to students who have completed all requirements for graduation.

If you are seeking a certificate or associate degree, you must submit official transcripts of all previous work attempted before a certificate or degree will be awarded. If you fail to submit official transcripts from other institutions you have attended, you will not receive a degree or certificate.

If you enroll in the a college of the DCCCC Fall 1989 or thereafter, you must successfully complete all sections of the TASP (Texas Academic Skills Program) before a degree can be awarded. See TASP & Alternative Assessment.

To qualify for a second degree or certificate, you must fulfill the residence requirement and must complete all required courses in the plan for the second degree or certificate.

Associate in Arts and Associate in Sciences Degrees

These degrees are designed as the equivalent of the first half of a baccalaureate degree. Both are general plans and may or may not satisfy the requirements of a specific transfer university. Students desiring to transfer should seek one of these degrees after consultation with the college Counseling/Advising Center. However, in keeping with Texas State law, students who complete the 48 hour credits of the core curriculum are assured that the core will transfer to any Texas public college or university; in such instances, the core will be substituted for the core requirements of the receiving institution. Therefore, in pursuing a degree, students are encouraged to complete the entire core within the college. However, care should be taken in the selection of math and science courses to ensure that those courses also meet requirements of the proposed major at the transfer institution.

Students transferring from another Texas public college or university who have completed that institution's core requirements are assured that this college will accept the completion of that core in lieu of its own toward the requirements for the Associate in Arts or the Associate in Sciences degree.

In order to receive either of these degrees, students should complete the college's 48-hour core curriculum and 13 additional elective hours. Students should look and follow the degree outline for those degree requirements. At the completion of these requirements students may select the title of their degree, either their Associate in Arts or the Associate in Sciences. These 61 hours may be completed at any college of the DCCCC and must include all the courses listed on the degree outline.

Associate in Arts/Associate in Sciences Field of Study Degrees

The Texas Higher Education Coordinating Board has created degrees called Field of Study Degrees. These degrees are designed to transfer in a specific major to any Texas public college or university. Students who complete these degrees are guaranteed that all courses completed with a grade of C or better will transfer and count toward that specific major at all Texas public colleges and universities. At the time of printing of this catalog, Field of Study Degrees exist for the following majors: Business, Child Development/Early Childhood Education Teacher Preparation Pre-K through Grade 4, and Music. As additional Field of Study Degrees are approved, they will appear on the college web page.

Associate in Arts/Associate in Sciences "Emphasis" Degrees

In addition, the college offers a number of "emphasis" degrees in specific majors. An "emphasis" degree is one designed by the college. It includes the core curriculum required in all degrees plus courses within the student's desired major. Students pursuing an "emphasis" degree should work closely with an advisor to ensure all courses will transfer and count toward the major at the selected institution to which the student plans to transfer. An "Articulated Emphasis" degree is one that will transfer to specified universities.

You must earn at least 25% of the credit hours required for graduation through instruction (not credit-by-examination) by the college of the DCCCC granting the degree. The degree must be awarded by a college that offers the program in which you majored. The Registrar must approve correspondence work for graduation credit. If you qualify for a degree from more than one college of the DCCCC, you must indicate which college is to award the degree.
Associate in College/University Transfer Degree

A student may earn an Associate in College/University Transfer through an individually-negotiated degree plan that incorporates those elements of the Associate in Arts or Associate in Sciences Degree that fall within the student's transfer plan developed under the Student Transfer Guarantee program. Students must have completed a minimum of 61 credit hours; earned a grade of "C" or better in English 1301, the selected college-level math course, and speech (if required); a grade point average of at least "C" (2.00) based upon GPA (2); and have met all TASP requirements (if students are not TASP Exempt) to receive this degree. These 61 hours may be earned at any college of the DCCCD and must include:

- History 1301 and 1302 (6 credit hours)
- Government 2301 and 2302 (6 credit hours)
- English 1301 (3 credit hours)
- A math course numbered above 1000 or above
- A speech communications course (3 credit hours), IF a speech course is required.

The remaining hours will be comprised of courses equivalent to those designated by the student's selected transfer institution as being applicable to the baccalaureate degree sought. In no case will course prerequisites be waived. Students who qualify for an Associate in Arts or the Associate in Sciences degree will be granted that degree rather than the Associate in College/University Transfer degree. Students who qualify for the Associate in Arts or the Associate in Sciences degree are not eligible for the Associate in College/University Transfer degree.

This degree may be attractive to students who wish to transfer to a private or out-of-state college or university. Students who wish to transfer to another Texas public college or university should follow the Associate in Arts / Associate in Sciences degree because that degree pattern includes the 48 credit hour core requirements. Other Texas public colleges and universities must accept the core requirements in place of their own core requirements.

Receiving institutions have a right to determine if they will accept grades of "D" as meeting the core requirements. Students wishing to transfer are encouraged to make a grade of no less than "C" in any core course.

Associate in Applied Sciences Degree

This degree is designed to teach specific career/technical skills. The requirements for each major in the Associate in Applied Sciences Degree are clearly shown in the curriculum patterns in this catalog. Students seeking such a degree should become familiar with the specific required courses in the appropriate curriculum pattern.

Students must have a minimum of 60 credit hours, a grade of "C" or better in each of the three Core courses (English 1301 or English 1302 [whichever is required], Speech Communication 1311, and in the math course required in the specific degree plan), a grade point average of at least "C" (2.00), based on GPA (2), and a passing score on all sections of TASP (if students are not TASP exempt) to receive the Associate in Applied Sciences Degree. These 60 hours must include the following general education requirements:

- English 1301 or English 1302 (3 credit hours): A core course requirement; a grade of "C" or better must be earned.
- Speech Communication 1311 (3 credit hours): A core course requirement; a grade of "C" or better must be earned.

If the degree plan requires Math 1314 or higher, a grade of "C" or better must be earned. (Please note that courses which have as their prefix something other than Math will not meet this requirement.) Should the degree plan not include Math 1314 or higher, then a grade of "C" or higher must be earned in the required Science (Biology, Chemistry, Geology, Physics) course.

Unless specified courses are named within their degree plans, the following list of courses will count toward the requirements in Humanities/Fine Arts, Social/Behavior Sciences, and Science/Natural Sciences.

- Three credit hours from a Humanities/Fine Arts course if required by chosen degree plan: This includes any course, unless otherwise specified in the degree plan, with the title of Arts, Cultural Studies 2370, Dance, Drama, American Sign Language Program, English 2321, 2322, 2323, 2326, 2328, 2331, 2332, 2333, 2370 OR 2371, Foreign Language, Humanities, Music, Philosophy, Photography, or Religion. Exceptions that will not count are courses numbered below 1000, ARTS 1170, Music 9176, and Drama 1170.
- Three credit hours from a Social/Behavioral Science course if required by chosen degree plan: This includes any course, unless otherwise specified in the degree plan, with the title of Anthropology, Economics, Geography, Government, History, Human Development numbered greater than 1000, Psychology, or Sociology.
- Three credit hours from a Science/Natural Science course if required by chosen degree plan: This includes any course, unless otherwise specified in the degree plan, with the title of Biology, Chemistry,
Ecology, Geology, or Physics.

Specific degree plans for each technical/occupational/workforce development program can be found in this catalog.

For some programs, more than 60 credit hours are required. All prescribed requirements for the specific technical/occupational program in which the student is enrolled must be completed. These programs may also have other criteria in addition to degree requirements. See the Career and Technical Programs for a more detailed explanation. The GPA for an Associate in Applied Sciences degree is based only on the hours used to meet degree requirements. The following courses will not count toward graduation or the GPA for graduation: Courses numbered below 1000, ARTS 1170, Music 9176, and Drama 1170.

Certificate Program Requirements

Certificate Programs are part of the Career and Technical Program offerings. In order to be awarded a certificate, you must complete all program course requirements with a grade point average of 2.00 ("C") or better. Only the grades for the specific courses required in the certificate program will be used in calculating the GPA to determine eligibility for these awards.

Some certificate programs do not require you to meet TASP requirements. When you seek a TASP waiver based upon participation in one of these certificate programs, you may not enroll in any course other than those required for completing the certificate program requirements. If you attempt other coursework, your TASP-waived status will end and you must meet the TASP testing and/or remediation requirements that apply to students not enrolled in a TASP-waived certificate program.

The specific requirements for each certificate program are outlined within each technical specialization. See Career and Technical Programs.

Transfer Students

Core Curriculum

Every Texas public college and university is required by Texas law to have a core curriculum that, if completed at one institution, will transfer and take the place of the core at the receiving institution. Therefore, if your plans include transferring to a Texas public university, it is to your distinct advantage to complete the core at this college since the core will transfer as a block of credit to the receiving university. In addition, the core is the very basis of the Associate in Arts or Associate in Sciences degrees. If you complete the core of 48 hours, you need only an additional 13 hours in order to receive a degree.

If you take some of the college's core but do not complete it, you are assured that core courses will transfer and ply to the receiving institution's core IF that institution also requires the same course(s) within its core. Most universities will not accept a grade of D in transfer as meeting core requirements. In addition, you should take care in the selection of math and science courses to ensure they are applicable to the major you wish to pursue.

The core curriculum is predicated on the judgment that series of basic intellectual competencies—reading, writing, speaking, listening, critical thinking, and computer literacy—are essential to the learning process in any discipline. Although students can be expected to come to college with some experience in exercising these competencies, they often need further instruction and practice to meet college standards and, later, to succeed in both their major field of academic study and their chosen career or profession. Therefore, the following 6 intellectual competencies can be found throughout the college core:

- READING: Reading at the college level means the ability to analyze and interpret a variety of printed materials—books, articles, and documents. A core curriculum should offer students the opportunity to master both general methods of analyzing printed materials and specific methods for analyzing the subject matter of individual disciplines.

- WRITING: Competency in writing is the ability to produce clear, correct, and coherent prose adapted to purpose, occasion, and audience. Although correct grammar, spelling, and punctuation are each a sine qua non in any composition, they do not automatically ensure that the composition itself makes sense or that the writer has much of anything to say. Students need to be familiar with the writing process including how to discover a topic and how to develop and organize it, how to phrase it effectively for their audience. These abilities can be acquired only through practice and reflection.

- SPEAKING: Competence in speaking is the ability to communicate orally in clear, coherent, and persuasive language appropriate to purpose, occasion, and audience. Developing this competency includes acquiring poise and developing control of the language through experience in making presentations to small groups, to large groups, and through the media.

- LISTENING: Listening at the college level means the ability to analyze and interpret various forms of spoken communication.

- CRITICAL THINKING: Critical thinking embraces methods of applying both qualitative and quantitative skills analytically and creatively to subject matter in order to evaluate arguments and to construct alternative strategies. Problem solving is one of the applications of critical thinking, used to address an identified task.

- COMPUTER LITERACY: Computer Literacy at the college level means the ability to use computer-based technology in communicating, solving problems, and acquiring information. Core-educated students should have an understanding of the limits, problems, and possibilities associated with the use of technology, and should have the tools necessary to evaluate and learn new technologies as they become available.

The core curriculum includes courses that satisfy specific exemplary educational objectives.
Component Area of Communication

The objective of a communication component of a core is to enable a student to communicate effectively in clear and correct prose in a style appropriate to the subject, occasion, and audience. The exemplary educational objectives are:

1. To understand and demonstrate writing and speaking processes through invention, organization, drafting, revision, editing, and presentation.
2. To understand the importance of specifying audience and purpose and to select appropriate communication choices.
3. To understand and appropriately apply modes of expression, i.e., descriptive, expository, narrative, scientific, and self-expressive, in written, visual and oral communications.
4. To participate effectively in groups with emphasis on listening, critical and reflective thinking, and responding.
5. To understand and apply basic principles of critical thinking, problem solving, and technical proficiency in the development of exposition and argument.
6. To develop the ability to research and write a documented paper and/or to give an oral presentation.

The following courses include the above objectives in the college core: English 1301, English 1302, Speech 1311 or any Foreign Language course 1311 or higher (NOTE: Students seeking an Associate in Arts or Associate in Sciences must select Speech 1311.)

Component Area of Mathematics

The objective of the mathematics component of a core is to develop a quantitatively literate college graduate. Every college graduate should be able to apply basic mathematical tools in the solution of real-world problems. The exemplary educational objectives are:

1. To understand and demonstrate the process of applying mathematical and statistical methods to solve real-world problems.
2. To understand and apply mathematical reasoning and models such as formulas, graphs, tables, and schematics, and draw inferences from them.
3. To recognize the limitation of mathematical and statistical models.
4. To develop the view that mathematics is an evolving discipline, interrelated with human culture, and understand its connections to other disciplines.

The following math courses include the above exemplary educational objectives: Math 1314, 1324, 1332, 1333, 1348, 1414, 2342, 2412, or 2442 or higher level math.

Component Area of Natural Sciences

The objective of the study of a natural sciences component of a core curriculum is to enable the student to understand, construct, and evaluate relationships in the natural sciences, and to enable the student to understand the bases for building and testing theories. The exemplary educational objectives are:

1. To understand and apply methods and appropriate technology to the study of natural sciences.
2. To recognize scientific and quantitative methods and the differences between these approaches and other methods of inquiry and to communicate findings, analyses, and interpretation both orally and in writing.
3. To develop the ability to research and write a documented paper and/or to give an oral presentation.
4. To develop knowledge of the major issues and problems facing modern science, including issues that touch upon ethics, values, and public policies.
5. To develop knowledge of the interdependence of science and technology and their influence on, and contribution to, modern culture.

The following science courses include the above exemplary educational objectives: Biology 1406, 1407, 1408, 1409, Chemistry 1405, 1407, 1411, 1412, Geology 1401, 1403, 1404, 1445, Physics 1401, 1402, 1405, 1407, 1411, 1412, 1415, 1417, 2425, and 2426.

Component Area of Humanities and Visual and Performing Arts

The objective of the humanities and visual and performing arts in a core curriculum is to expand students’ knowledge of the human condition and human culture, especially in relation to behaviors, ideas, and values expressed in works of human imagination and thought. Through study in disciplines such as literature, philosophy, and the visual and performing arts, students will engage in critical analysis, form aesthetic judgments, and develop an appreciation of the arts and humanities as fundamental to the health and survival of any society. Students should have experiences in both the arts and humanities. The exemplary educational objectives are:

1. To demonstrate awareness of the scope and variety of works in the arts and humanities.
2. To understand those works as expressions of individual and human values within an historical and social context.
3. To respond critically to works in the arts and humanities.
4. To engage in the creative process or interpretive performance and comprehend the physical and intellectual demands required of the author or visual or performing artist.
5. To articulate an informed personal reaction to works in the arts and humanities.
6. To develop an appreciation for the aesthetic principles that guide or govern the humanities and arts.
• To demonstrate knowledge of the influence of literature, philosophy, and/or the arts on intercultural experiences. The following humanities and visual performing arts courses include the above exemplary educational objectives: Arts 1301, 1303, 1304, Dance 2303, Drama 1310, 2366, Humanities 1301, Music 1306, 1308, 1309, English 2321, 2322, 2323, 2326, 2327, 2328, 2331, 2332, 2333, Cultural Studies 2370, History 2321, 2322, 2380, 2381, Philosophy 1301, 2306, 2307, 2316, 2317, and Religion 1304.

Component Area of Social and Behavioral Science
The objective of a social and behavioral science component of a core curriculum is to increase students' knowledge of how social and behavioral scientists discover, describe, and explain the behaviors and interactions among individuals, groups, institutions, events, and ideas. Such knowledge will better equip students to understand themselves and the roles they play in addressing the issues facing humanity. The exemplary educational objectives are:
• To employ the appropriate methods, technologies, and data that social and behavioral scientists use to investigate the human condition.
• To examine social institutions and processes across a range of historical periods, social structures, and cultures.
• To use and critique alternative explanatory systems or theories.
• To develop and communicate alternative explanations or solutions for contemporary social issues.
• To analyze the effects of historical, social, political, economic, cultural, and global forces on the areas under study.
• To comprehend the origins and evolution of U.S. and Texas political systems, with a focus on the growth of political institutions, the constitutions of the U.S. and Texas, federalism, civil liberties, and civil and human rights.
• To understand the evolution and current role of the U.S. in the world.
• To differentiate and analyze historical evidence (documentary and statistical) and differing points of view.
• To recognize and apply reasonable criteria for the acceptability of historical evidence and social research.
• To analyze, critically assess, and develop creative solutions to public policy problems.
• To recognize and assume one's responsibility as a citizen in a democratic society by learning to think for oneself, by engaging in public discourse, and by obtaining information through the news media and other appropriate information sources about politics and public policy.
• To identify and understand differences and commonalities within diverse cultures.

The following social and behavioral science courses include the above exemplary educational objectives: History 1301, 1302, Government 2301, 2302, Anthropology 2346, 2351, Economics 1303, 2301, 2302, 2311, Psychology 2301, 2314, 2316, Sociology 1301, 1306, and 2319.

The DCCCD core of 48 credit hours is composed of the following courses:

COMMUNICATIONS – 9 credit hours
(Select each of the following)
• English 1301: A grade of "C" or better must be earned.
• English 1302
• Speech 1311 or any Foreign Language Course 1311 or higher

*Students must select Speech 1311 if seeking an AA or AS degree. You must earn a grade of "C" or better if you select Speech 1311.

MATHEMATICS – 3 credit hours
(Select one from the following)
• Math 1314, 1324, 1332, 1333, 1348, 1414, 2342, 2412, 2442, or higher level. A grade of "C" or better must be earned in the selected college-level math course.

LAB SCIENCES – 8 credit hours
(Select two from the following)
• Biology 1406, 1407, 1408, 1409; Chemistry 1405, 1407, 1411, 1412; Geology 1401, 1403, 1404, 1445; Physics 1401, 1402, 1405, 1407, 1411, 1412, 1415, 1417, 2425, 2426.

Students may not use the following combinations to meet this requirement:
• Biology 1406 and 1408;
• Chemistry 1405 and 1411;
• Physics 1401 and 1405;
• Physics 1401 and 2425; or
• Physics 1405 and 2425.
SOCIAL/BEHAVIORAL SCIENCES – 15 credit hours
(Select each of the following)
- History 1301, 1302
- Government 2301, 2302

(Select one from the following)
- Anthropology 2346, 2351, Economics 1303, 2301, 2302, 2311, Psychology 2301, 2314, 2316, Sociology 1301, 1306, 2319

HUMANITIES/VISUAL AND PERFORMING ARTS – 9 credit hours
(Select one from each of the three groupings)
Category I
- Arts 1301, 1303, 1304
- Dance 2303
- Drama 1310, 2366
- Humanities 1301
- Music 1306, 1308, 1309

Category II
- English 2321, 2322, 2323, 2326, 2327, 2331, 2332, 2333

Category III
- Cultural Studies 2370
- History 2321, 2322, 2380, 2381
- Philosophy 1301, 2306, 2307, 2316, 2317
- Religion 1304

OTHER– 4 credit hours
(Select each of the following)
- Physical Education 1164 and
- Computer Science 1300 or higher level COSC course.

Earning an Associate Degree Prior To Transferring
You may elect to earn a two-year associate degree. The Associate in Arts and the Associate in Sciences degrees are designed specifically for those students who plan to transfer to a Texas four-year institution. Both of these degrees are built upon the college’s core curriculum. The flexibility of these degree programs also allows you to complete many of the introductory courses specifically related to your major field of study. You should also keep in mind the Associate in Arts/Associate in Sciences Field of Study degrees in Business, Music, and the two programs in Teacher Preparation. The entire curriculum of the Field of Study degrees will transfer to all Texas public colleges and universities. In addition, the college offers “Emphasis” degrees that feature “majors” that are recommended to students transferring in a specific discipline. All these degree patterns are shown elsewhere in this catalog.

The Associate of College/University Transfer Degree is an individually negotiated degree designed to permit students to take only those courses that will apply toward a specific major at a specific university. Additional information about this degree can be found in this catalog or online: www.dcccd.edu.

Guarantee for Transfer Credit
See the introductory Live and Learn section for more information on this important program.

Transfer Dispute Resolution
The Texas Higher Education Coordinating Board (THECB) intends that approved academic coursework transfer between Texas public institutions, providing that the course(s) are within approved transfer curriculum of the declared major field and provided that published transfer policies are met. Texas public institutions are required to notify students if approved academic coursework earned at another institution will not transfer.

If you transfer to a college of the DCCCD, you can expect that approved academic courses earned at any Texas public institution will be accepted in transfer. To dispute a transfer decision made by the college, you should contact the District Office of Articulation and Transfer Services to appeal the denial of transfer credit for any approved academic course. Call (214) 860-2453 or 2185.

If an academic course is not accepted in transfer by another Texas public college or university, you can request that the college submit a Transfer Dispute Form to the receiving institution. Forms are available through the District Office of Academic and Student Programs. The form must be completed within 15 days from the date you are notified of the non-transfer. If the college cannot identify an appropriate reason for the course not transferring, the form will be forwarded to the receiving institution and/or to the THECB for resolution.
Choosing A Major and Developing An Educational Plan

You may be entering college with a clear idea of what major you will choose and which senior institution you plan to attend. But, if you are like many students, you may not know where you will transfer or what your major will be.

If you are undecided about a major at the university, you may decide to take courses in the core curriculum as these will transfer to all Texas public universities. During the first semester, you should investigate your interests. By the second or third semester, you should begin to develop a clear sense of which senior institution you will attend and the requirements for your chosen degree program. Working closely with a counselor or advisor, and using current information from four-year institutions, you should follow the Associate in Arts / Associate in Sciences Degree plan because many of the required courses are often required at four-year institutions.

The counseling and advising personnel at the college can help you develop a degree plan for almost any major. Listed below are some of the four-year majors you can begin in the college:

College Resources for Transfer Students

The college offers many resources designed specifically for those students planning to transfer to a university. You should take advantage of these resources early in your college experience, particularly if you have not chosen a major or have not selected a university. Many of the resources can assist you in making informed decisions when selecting courses, choosing a transfer institution, and completing all of the necessary steps in the transfer process.

"These fields require study beyond the bachelor's degree."
Many resources are available online for future transfer students. On the Transfer Information and Services web page, www.dcccd.edu/trans/transfer.htm, you will find:

- Tips on how to transfer successfully.
- Answers to “most commonly asked” transfer questions.
- Transfer guides for specific majors at approximately 30 Texas universities.
- Course-by-course equivalencies for college courses at Texas universities.
- Details on the Transfer Guarantee Program and the Associate in College University Transfer Degree
- Educational resources for students and counselors/advisors.
- DCCCD-University Articulation Agreements

Transfer Guides

Transfer Guides offer a listing of courses, by course numbers, necessary for a number of majors at many institutions throughout Texas. Transfer Guides may be available for the following majors:

Accounting
Advertising Art
Aerospace Engineering
Agriculture
Architecture
Art
Biology
Business Administration
Chemical Engineering
Chemistry
Civil Engineering
Computer Science
Criminal Justice
Dental Hygiene
E-commerce
Economics
Electrical Engineering
English
Exercise and Sports Studies
Fashion Design
Fashion Merchandising
Finance
Foreign Languages
Geography
Geology
History
Motel & Restaurant Management
Industrial Engineering
Interior Design

Kinesiology (Exercise and Sports Science)
Legal Science
Management
Marketing
Mathematics
Medical Technology
Music
Music Education
Nursing
Occupational Therapy
Pharmacy
Photojournalism
Physical Education
Physical Therapy
Physician Assistant
Physics
Political Science
Pre-Law
Pre-Medicine
Pre-Veterinary Medicine
Psychology
Radio/TV/Film
Social Work
Sociology
Speech
Speech Pathology/Audiology
Teacher Preparation
Theatre
Undecided

Although officials at the various universities have reviewed the information in these guides, the content is subject to change. It is your responsibility to verify the accuracy of this information with the institution of your choice. Counselors and academic advisors can also assist you in preparing for majors other than those listed above.

Course-by-Course Equivalency Guides

Equivalency Guides offer a listing of how every course transfers to each specific senior institution. This information can be helpful to you if you have selected a senior institution but have not chosen a major yet. You should note that the transfer equivalencies shown on these guides offer information on how, or if, courses are generally accepted by the senior institution, and do not indicate how these courses will apply toward a particular major or degree program. A counselor or advisor can assist you in determining whether courses apply to a particular major.

Common Course Numbering System

To help meet your transfer needs, the college is a member of the Texas Common Course Numbering System Consortium. All Texas community/junior colleges participate in this system. Most universities are cooperating with this new numbering system indicating courses equivalent to the common course system.

Colleges teach courses similar in nature, and these courses have been designated by a common number. The common number facilitates the transfer of these courses.
between and among the participating institutions. Further in this catalog you will find course descriptions for every course offered in the college. Course descriptions will indicate if a course has been assigned a common course number. You should not assume that only courses with common course numbers will transfer.

Choosing A Catalog Year

The college catalog has a “life” of 5 years. This means that from the time you enter the college until you graduate, you may elect to utilize the requirements of any catalog during that 5-year period. If you plan to transfer, you should keep a copy of the catalog of the year in which you entered, the catalog of the university to which you wish to transfer, and the transfer guide valid at the time you enrolled at the college. You may wish to maintain a copy of all course syllabi, particularly if you plan to transfer to either a private university or one located out of state.

Other Things to Consider

During the time you are enrolled in the college, you should begin to determine the necessary steps for completing the transfer admission process. The process may require a great amount of preparation, and you should be certain you understand all of the requirements for admission, such as:

- Application deadlines,
- Minimum grade-point average requirements,
- Limits on the number of credit hours that are acceptable in transfer,
- Policies regarding acceptance of repeated courses,
- Housing information, and
- Financial aid application procedures.

Of equal importance is a personal visit to the chosen institution. Many senior institutions plan special activities and campus visitation periods where you can meet with representatives from all areas of the institution.

There is a limit on the number of hours taken by any one student in which the state of Texas will reimburse universities. By law, some Texas public universities may charge a higher rate of tuition to students who exceed the limit. Contact the college or university to which you plan to transfer and obtain more information concerning tuition fees.

HOT TIP!

It is your responsibility as a student to know any specific requirement of the college or university to which you wish to transfer. This responsibility includes knowing course requirements, number of credit hours accepted and grade point average requirements.

Other Educational Programs

American English and Culture Institute

The Dallas County Community College District offers an intensive English program called the American English and Culture Institute (AECI) for international students preparing to study in American colleges and universities or planning to work in fields where English is the primary language. The AECI is a year-round program of English and culture study that is offered in eight-week sessions and divided into proficiency levels of one through six. Students who score higher than 117 but less than 197 on the computer-based TOEFL or who score higher than 430 but less than 530 on the paper-based TOEFL will be considered for the AECI.
Career and Technical Programs

You can prepare for a career as a skilled employee after one or two years of college study if you enroll in one of our many Career and Technical Programs. These programs are established after studies verify that related employment opportunities exist in business and industry. With the assistance and cooperation of representatives from local business, industry, and public agencies, the Career and Technical Programs are designed to meet increasing local and regional workforce needs. These programs provide you with the opportunity to develop the necessary competencies to meet the demands of area employers.

Career and Technical courses are accredited college courses that lead to a Certificate or an Associate in Applied Science Degree. We offer placement assistance to you as you complete course work in our Career and Technical Programs. We maintain a continuous relationship with local and regional industries to keep you informed of employment opportunities.

In addition to classroom instruction, the college offers external learning experiences programs. These are competency-based learning experiences provided at a work site that enhance lecture and laboratory instruction. See External Learning Experiences for Career and Technical Programs in this catalog for more information.

Certificate and associate degree Career and Technical Programs are offered at the college; these programs are designed for you to complete within one or two years. The Bill J. Priest Institute for Economic Development offers certificate programs; these are designed for you to complete in less than one year.

The College offers a Guarantee for Job Competency for all students who earn a certificate or an Associate in Applied Science Degree.

Certificate Programs

Some of the college's Career and Technical Programs offer certificates to graduates. In order to be awarded a certificate, you must complete all program course requirements with a grade point average of 2.00 ("C") or better. Only the grades for the specific courses required in the certificate program will be used in the calculation of the GPA for determining eligibility for these awards.

Some certificate programs do not require you to meet TASP requirements. When you seek a TASP waiver based upon participation in one of these certificate programs, you may not enroll in any course other than those required for completing the certificate program. If you attempt other coursework, your TASP-waived status will end, and you must meet the TASP testing and/or remediation requirements that apply to students not enrolled in a TASP-waived certificate program.

The specific requirements for each certificate program are outlined within each technical specialization in this catalog.

Credit-By-Examination

If you think you already meet the requirements of a course by experience or previous training, you may request credit by examination. You may not request credit-by-examination for courses in which you are currently enrolled. The Registrar's Office has information about the courses for which credit by examination is available. The examination may be an approved subject examination (not a general examination) of the College Level Examination Program (CLEP), computerized Advanced Placement Exams (CEEB), Defense Activity for Nontraditional Education Support (DANTES), or an instructor-made test, depending on the course. You should ensure college acceptance of specific national exams prior to taking them. Scores for national testing programs, such as computerized CLEP, AP, and DANTES, will be valid for 10 years.

You must pay a test administration service charge for each course examination. This service charge must be paid prior to taking the examination and is not refundable. Final acceptance of credit-by-examination for specific degree purposes is determined by the degree-granting institution. If you are planning to use credit by examination to meet degree requirements at other institutions, you should check the receiving institution's requirements.

You must be currently enrolled at the college to receive credit by examination. Although your current enrollment in a course may normally make you ineligible for national testing programs, the Foreign Language Curriculum Committee permits an exception to this policy for students enrolled in foreign language courses. You may earn as many credits through examination as your ability permits and needs require, but at least 15 hours of the credit hours required for graduation must be taken through instruction and not through credit by examination.

Credit by examination may be attempted only one time in any given course, and a minimum score must be earned in order for credit to be recorded. Those who successfully complete an approved credit by examination may choose to have either the grade earned or "CR" recorded on the transcript.
As of the publication date of this catalog, the following national tests are approved for credit-by-examination procedures:

**Important Notice:** Students who meet the minimum passing standard on Computerized CLEP Exams will be awarded “CR”. The option for a letter grade is not currently available.

CLEP Computerized Test Subject Exams (CLEP General Exams are NOT approved).

*See Advisement for test limitations for these computerized CLEP exams*

* Students taking Advanced Placement Exams have a choice of receiving a grade or “CR” for credit, except for the English—Literature & Composition exam and the AP language exams for which only "CR" may be granted. For all but the English—Literature & Composition exam and the AP language exams, a score of 3 equals C; a score of 4 equals B; a score of 5 equals A. If you take any of the tests listed above, you should check with the Registrar’s Office to ensure these tests will be accepted in lieu of coursework. You should do this prior to taking the test as the previous list may change. You may challenge courses not on this list by taking an instructor-made examination. If you are interested in this method, contact the appropriate academic division office.

Certified Professional Secretary (CPS) Exam

Students who can provide documentation from the Institute for Certifying Secretaries that they have passed all sections of the CPS should be granted credit for 15 hours from the courses listed below. Such students must complete 12 college level hours within the DCCCD and at least two courses must be completed in Office Technology with a grade of C or better. Credit earned through the CPS is applicable only to the Associate of Applied Sciences in Office Technology program. The student may select no more than 15 hours from the list below and ACR® should be shown on transcript.

Continuing Education Programs

Within the college, continuing education programs deliver flexible, diverse, visionary instruction responsive to the needs of public, private, and corporate citizens. Continuing Education programs provide workforce training, personal and professional development courses and other outreach programs to enhance individual, community and economic development including customized training for business and industry. See Business & Industry Services.

Continuing education instructors are professionals from the community chosen for their knowledge, expertise and experience in their fields. Training and instruction are offered as courses, programs, seminars, workshops and distance learning opportunities. Registration is continuous, convenient and customer-oriented with new classes starting throughout the year on weekdays and weekends both during the day and evening hours. Continuing education classes are offered at the college and in a variety of locations throughout the community. For specific information on public course offerings, contact Cedar Valley College and request a current Continuing Education Schedule or find it online at www.dcccd.edu.

A variety of student services are available for Continuing Education students including financial aid, library privileges, job placement assistance, tutoring and academic/career advising. Some scholarship and grant funds may be available for specific non-credit programs and courses. To apply for these funds, contact the College's Continuing Education or Financial Aid Office.

Continuing Education Units

Continuing Education Units (CEUs) are transcripted upon successful completion of all requirements, competencies and learning outcomes for approved workforce education courses. In all recognized educational circles, one CEU is equal to 10 contact hours of participation in an organized continuing education or extension experience. The CEU is a means of recording and accounting for continuing education activities and meeting the certification requirements of certain professional organizations.

Credit for Experiential Learning

Because individuals learn in a variety of ways and through a multitude of experiences, the college has established a means by which students may earn credit for college-equivalent education acquired through earlier schooling, work or other life experiences. In order to petition for experiential learning the student must be currently enrolled in the college assessing the learning experiences.

A student may be able to transcript college credit based on recommendations of the College Credit Recommendation Service of the American Council on Education. Such credit is granted as “CR.” Evaluation and awarding of credit is the responsibility of the college where the student is enrolled.

A student may also petition for credit for other experiential learning. Portfolio assessment is one method by which the prior learning may be documented. Currently enrolled students may petition for credit by developing a portfolio that describes and documents pertinent learning comparable to that available in a specified college course. A faculty member in the appropriate program or discipline area evaluates the portfolio and determines commensurate credit. Credit is recorded as “CR.” A second method is for the student to enroll in an existing section of a course (after consultation with the instructor) and develop an individualized plan for participation and testing based on the instructor's evaluation of skill and experience levels.
Completion of this method results in the award of a letter grade. Finally, any district curriculum committee has the option of designing a program unique to their discipline.

The number of equivalent credits awarded may not exceed 25% of the total number of credits required for the specific degree or certificate. The number of equivalent credits awarded may not exceed the total number of credits required for the student’s specific associate degree or certificate objectives. No graduation, residency, degree or certificate program requirements will be waived as a result of credits earned through this process.

Developmental Education

The college offers many levels of Developmental Writing, Developmental Reading, Developmental Math, and English as a Second Language courses to enable under-prepared students to complete the prerequisites for college-level work and to satisfy TASP remediation requirements. If you have low assessment test scores, you will be advised to enroll in developmental courses. Even if you are not required to take a developmental course, if you wish to review and improve your basic skills, you may also elect to take one or more of these courses. If you fail a portion of the state-mandated TASP, you will be required to participate continuously in developmental coursework until you meet the TASP standard for the failed section. Failure to attend and participate in the required developmental coursework will result in administrative withdrawal from all college-level classes.

Evening & Weekend College

Most courses offered during the day are also available in the evening or on the weekend. Courses are offered both on campus and at selected community locations. Evening and weekend courses offer high quality instruction and excellent facilities. Student services, including advisement, health, library, bookstore, food services, financial aid, and recreation may be available. Instructors are selected from the college’s own full-time staff, from outstanding Dallas-area educators, and from other professional specialists. To enroll in evening and weekend courses, contact the Director of Admissions.

You may be eligible for reduced tuition of approximately 50% if you take classes between 1:30 p.m. and 4:30 p.m., Monday through Thursday or after 1:30 p.m. on Friday through Sunday at 11:00 p.m.

External Learning Experiences for Career and Technical Programs

An external learning experience for Career and Technical Programs is a competency-based learning experience, paid or unpaid, that enhances lecture and laboratory instruction, and is provided at a work site appropriate to the program. An external learning experience allows you to have practical, hands-on training and to apply learned concepts and theories in a workplace setting. Four types of external learning experiences are available: co-ops, practica, internships and clinicals. Clinical experiences must take place in a health care setting and you must not be paid for the learning experience.

External Learning Experience work sites must be approved by the college, and employers must be willing to enter into training agreements with the college and the student/employee. The college will assist you in seeking approved employment, if needed. Career and Technical Programs that include external learning experiences are indicated in this catalog. Prior to enrolling in one of these courses, you must consult with the program’s External Learning Experience Coordinator.

Human Development Courses

The Human Development curriculum is comprised of several courses that provide a theoretical and practical foundation in human growth and development across the life span. These courses are organized around different topics including educational and career/life planning; interpersonal communication; personal and social growth; learning theory and study skills; and success in college. The college may offer special sections of Human Development courses that emphasize various issues such as understanding multicultural concepts, making life transitions, and appreciating gender differences for special populations including women returning to school, adults making career or job changes, at-risk students, young adults, or academically under-prepared students.

Human Development courses transfer to many colleges and universities as elective credit. These courses use an experiential model that allows for the use of a variety of teaching and learning strategies including small group work, journal writing, mini-lectures, selected readings, classroom discussion, team teaching, peer teaching, outside guest speakers, psychometric testing, and volunteer experiences in the community.

International Studies/Study Abroad Opportunities

An important part of the commitment of the colleges of the DCCCD to enhancing student appreciation and understanding of diverse cultures is its international studies and study abroad programs. Therefore, any program offered by another college of the DCCCD is open to students of this college. These programs are available in a variety of countries during fall and spring semesters and in the summer and are available to students of this college. Semester-length programs are currently available in England, France, Costa Rica, Spain, Italy and Ireland. In most programs, no prior knowledge of a foreign language is required. Many of the colleges also offer study-abroad opportunities during the summer sessions. College faculty teach these courses, which normally last two to four weeks. In previous years, these courses have been offered in Austria, Australia, China, Dominican Republic, France, Great Britain, Italy, Jamaica, Mexico, Portugal, Russia, Senegal, and Spain. For information about any of the semester or summer programs, contact the District Office of Student and Academic Programs 214-860-2410 or contact the study abroad advisor of the college. There are also other non-semester length courses offered during the year.
Texas residents enrolled in colleges that are members of the North Texas Community College Consortium may enroll in DCCCD international courses by paying "in-District" tuition. These colleges include: Brookhaven, Cedar Valley, Cisco, Collin County, Eastfield, El Centro, Grayson County, Hill, Kilgore, McLennan, Mountain View, Navarro, North Central Texas, Northeast Texas, North Lake, Panola, Paris, Richland, Tarrant, Texas State Technical at Marshall and Waco, Trinity Valley, Tulsa, Tyler, Vernon, Weatherford and the University of North Texas.

Transcript

Non-Credit Student (Audit)

A person who meets the college's admission requirements may, with the consent of the division dean and instructor, enroll in a credit course as a non-credit student. As a non-credit student, you may attend class, but you will not receive a final grade or credit for the course. An instructor may give you exams if the instructor determines that the examination is an essential component of the learning process. The tuition is the same for a non-credit student as for a credit student.

Servicemen's Opportunity College

In cooperation with other community colleges in the United States, the college participate in the Servicemen's Opportunity College. Through this program, you can plan an educational experience regardless of where the military requires you to serve. While military service, per se, carries no equivalent college credit, coursework earned in the military may result in equivalent college credit with appropriate documentation. For further information contact the Registrar's Office.

Tech Prep

Tech Prep is a college program that prepares students for technical careers. Participation in the program prepares the student for direct entry into the workplace as a technically skilled employee. It also leads to an associate degree, a post-secondary certificate program, and may allow students the opportunity to continue toward completion of a baccalaureate degree.

Students can earn college credit while in high school through the Tech Prep Program. The college Tech Prep program is a sequence of courses developed cooperatively between the school districts and the college. These programs are supported and approved by both the Texas Education Agency (TEA) and the Texas Higher Education Coordinating Board (THECB). The Tech Prep policy is written as follows:

"Tech Prep students must enroll in an associate degree or certificate program at a college of the DCCCD to receive college credit for high school Tech Prep courses."

High school students must follow these steps to participate in Tech Prep:

- Choose a Tech Prep career program offered at your high school.
- Speak to the high school counselor and take the suggested high school classes.
- Ask the high school counselor to fill out a "Transfer of Tech Prep College Credit" form.

After high school graduation:

- Enroll in the college where the Tech Prep associate degree is offered.
- Meet with an advisor at the college; declare a major and file a degree plan in a related Associate in Applied Science (AAS) degree or Certificate Program.

Upon enrollment, the college personnel will begin developing a transcript for the student. The transcript will include courses taken at the high school, which meet Tech Prep requirements.

For more information about the Tech Prep program, contact the counselor or career and technology teacher at the high school or call the college's Tech Prep office.

Workforce Education Course Manual (WECM)

The Workforce Education Course Manual (WECM) is a statewide inventory of workforce education courses offered for semester credit hours and Continuing Education Units (CEUs). These courses are used by the college to respond rapidly to the needs of business and industry. The WECM offers a means for the college to continually design and update high quality workforce courses by receiving input from business and industry and community college faculty throughout Texas.

The Texas Higher Education Coordinating Board approves all courses cited in the WECM for use by all Texas public community and technical colleges. Therefore, if you earn semester credit hours and CEUs by successfully completing the requirements for the course(s), you will be able to transfer the credits or CEUs to another Texas public community or technical college that also offers the same course(s).

Student Obligations

Attending Classes

You are expected to attend regularly all classes in which you enroll. You have the responsibility to attend class and to consult with the instructor when an absence occurs.

Instructors are responsible for describing attendance policies and procedures you. If you are unable to complete a course (or courses) in which you are enrolled, it is your responsibility to withdraw from the course by the appropriate date. If you do not withdraw, you will receive a performance grade, usually a grade of "F."
Students who are absent from class for the observance of a religious holiday may take an examination or complete an assignment scheduled for that day within a reasonable time after the absence if, not later than the 15th day of the semester, the student notified the instructor(s) that the student would be absent for a religious holiday. Sec. 51.911 Tx. Educ. Code.

Dropping A Course or Withdrawing from College

To drop a class or withdraw from the college, you must follow the prescribed procedure. It is your responsibility as a student to drop or withdraw. Failure to do so will result in your receiving a performance grade, usually a grade of "F." Should circumstances prevent you from appearing in person to withdraw from the college, you may withdraw by the following: By mail or FAX to the registrar indicating which courses and by including college I.D. number and signature; through the college registration computer system; or through the "telephone registration" system. A drop/withdrawal request by any means must be received in the Registrar's Office by the semester deadline. No drop or withdrawal requests are accepted by telephone unless through the "telephone registration" system. If you drop a class or withdraw from the college before the semester deadline, you will receive a "W" (Withdraw) in each class dropped. The deadline for receiving a "W" is indicated on the academic calendar and the current class schedule. See Refund Policy for possible refund eligibility.

Students who withdraw from a mandated remediation course as a result of TASP requirements must also withdraw from all college-level courses.

Grades & Transcripts

Grades and Grade Point Average

Final grades are reported for each student for every course according to the following grading system.

<table>
<thead>
<tr>
<th>Grade Interpretation</th>
<th>Grade Point Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A   Excellent</td>
<td>4 points</td>
</tr>
<tr>
<td>B   Good</td>
<td>3 points</td>
</tr>
<tr>
<td>C   Average</td>
<td>2 points</td>
</tr>
<tr>
<td>D   Poor</td>
<td>1 point</td>
</tr>
<tr>
<td>E*  Effort</td>
<td>Not computed</td>
</tr>
<tr>
<td>F   Failing</td>
<td>0 points</td>
</tr>
<tr>
<td>I   Incomplete</td>
<td>Not computed; re-enrollment required</td>
</tr>
<tr>
<td>WX  Progress</td>
<td>Not computed</td>
</tr>
<tr>
<td>W   Withdrawn</td>
<td>Not computed</td>
</tr>
<tr>
<td>CR  Credit</td>
<td>Not computed</td>
</tr>
</tbody>
</table>

*Used only with developmental studies courses.

Grade points earned for each course are determined by multiplying the number of points for each grade by the number of credit hours the course carries. For example, if you take a three-hour course and earn an "A" you will accumulate 12 grade points for that course. Your grade point average is computed by adding the total grade point values for all courses and dividing by the number of credit hours attempted during the same period. For example, if you take the following courses, you will earn the following grades and have a grade point average of 2.93:

<table>
<thead>
<tr>
<th>Credit Hours</th>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>2-hour course</td>
<td>A</td>
<td>8</td>
</tr>
<tr>
<td>3-hour course</td>
<td>B</td>
<td>9</td>
</tr>
<tr>
<td>4-hour course</td>
<td>B</td>
<td>12</td>
</tr>
<tr>
<td>3-hour course</td>
<td>C</td>
<td>6</td>
</tr>
</tbody>
</table>

Total Credit Hours: 12
Total Grade Points: 35

35 / 12 = 2.93

Your transcript and grade reports will indicate two different GPAs. GPA(1) is based upon all DCCCD courses in which you received a performance grade of A-F. GPA(1) is used to determine Suspension/Probation status and athletic participation eligibility. GPA(2) is based upon grade points earned in all college-level courses taken at the college and all other colleges of the DCCCD in which you received a performance grade of A-F. Courses numbered below 1000, ARTS 1170, MUS 19176, and DRAM 1170 are not used in the calculation of GPA(2). GPA(2) is used to determine eligibility for graduation, honor rolls, and eligibility in Who's Who in American Junior Colleges. It is also the GPA that may be considered by four-year institutions if you transfer. Federal financial aid eligibility is based upon ALL course work that is attempted.

For repeated courses, only the latest grade earned is included in cumulative grade point averages even if the latest grade is lower than a preceding grade. However, transcripts do indicate all work attempted and completed at
all of the colleges of the DCCCD. When you withdraw from a course being repeated, the cumulative grade point average is calculated by using the immediately preceding grade in the same course.

If you believe an error has been made in determining a course grade, you should contact the instructor or appropriate division office as soon as possible. Requests for grade changes will not be considered later than two years following the last day of the semester for which the grade was assigned.

An incomplete grade of "I" may be given when an unforeseen emergency prevents you from completing the work in a course. The "I" must be converted to a performance grade (A-F) within 90 days after the first day of classes in the subsequent regular semester. If the work is not completed after 90 days, the "I" is converted to a performance grade.

An Incomplete Contract is used to assign an incomplete grade and states the requirements for the satisfactory completion of the course. The Incomplete Contract must be agreed upon and signed by the instructor, you, and the appropriate division dean and submitted with the final grade report. When an Incomplete Contract must be submitted without your signature, the instructor must include a statement indicating that you are aware of and agree with the contract.

If you do not complete course requirements, you may receive a "WX" grade when the instructor determines that reasonable progress has been made and when you can re-enroll for course completion prior to the certification date in the next regular semester. If you do not complete the course requirements, the "WX" is converted to a performance grade.

An "E" grade may be given when an instructor wishes to indicate that you have made progress in a developmental studies course. An "E" grade is non-punitive and is not computed. The "E" grade provides more flexibility for re-enrollment, particularly for students who do not achieve a C-level grade in a course. An "E" grade indicates that you participated in a course according to TASP guidelines, but were unable to do C-level or passing work that would qualify you to enroll in transfer-level courses. The E grade indicates below college skill level work, but shows that you participated in and attended the class and attempted to do the work in the course.

Students on Federal Financial Aid should check with the Financial Aid Office concerning E grade(s) and any impact they have on benefits.

Acceptable Scholastic Performance
College work is measured in terms of credit hours. The number of credit hours offered for each course is listed with the course description in this catalog. In college-level courses (those numbered above 1000), the number of credit hours a course has is indicated by the second digit of the course number. A course numbered 1301 is a 3-hour credit course, one numbered 2401 is a 4-hour course, etc.

Acceptable scholastic performance is the maintenance of a grade point average, based on GPA(1), of 2.0 (on a 4.0 scale) or better. You may not be graduated from any degree or certificate program unless you have a cumulative grade point average of 2.0, based on GPA (2), or better. Grade points and hours earned in courses numbered below 1000, ARTS 1170, MUSI 9176, and DRAM 1170 cannot be used to meet graduation requirements.

Grade Reports/Notification of Grades
A grade report may be mailed to you at the address on record at the end of each semester.

HOT TIP!
Inform the Admissions Office of any changes in your name or address. This will ensure that your student records are accurate and that grade reports and other important documents are sent to the correct residence.

Transcript of Credit
The transcript of credit is a chronological listing of college credit classes attempted within the DCCCD seven-college system. The transcript is official if the document is embossed with the college seal and imprinted with the signature of the Registrar. It includes both GPA(1) and GPA(2).

Upon your written request, the Registrar’s Office will send an official transcript you or to any college or agency named. A minimum of two working days is required for processing. A transcript will be released only if all obligations to the DCCCD have been settled.

Transfer credits from other institutions are not recorded on transcripts. If you desire a transcript of work completed at another institution, you must secure it from that institution.

Transcript Evaluations
If you have completed course work at a regionally accredited college or university, and you will be working toward an associate degree or a certificate at the college, you should contact the Registrar’s Office to request a transcript evaluation.

Probation, Suspension & Dismissal

Scholastic Probation
If you have completed a total of nine (9) credit hours with a performance grade of "A," "B," "C," "D" or "F" and have a grade point average based on GPA(1) of less than 2.0, you will be placed on scholastic probation. While on scholastic probation, you may have coursework and total hours limited, but you may re-enroll at the college if you earn a minimum 2.0 grade point average based on GPA(1)
in each semester or summer session. While on scholastic probation, if you fail to meet the above requirements in a semester or summer session, you will be placed on scholastic suspension and will not be allowed to register.

Scholastic Suspension
If you are on scholastic probation and become ineligible to re-enroll, you shall be suspended from the college for not less than one semester. After you have served a first suspension, you may petition for readmission. If readmission is approved, you may then continue to re-enroll with completion of a semester or summer session with a GPA of 2.0 or greater.

Academic Dismissal
If you do not meet the required standards and are placed on continued scholastic suspension for a second time, you will be academically dismissed for a period of 12 months. Prior to applying for readmission, you must present to the admissions committee a written explanation of how you plan to improve the your academic standing. You may be readmitted on continued scholastic probation, and your coursework and total hours may be limited.

Indefinite Academic Dismissal
If you are readmitted after having been on scholastic suspension and academic dismissal, and subsequently fail to achieve a GPA(1) of 2.0 greater, you shall be placed on indefinite academic dismissal. After a period of more than 12 months, only the Vice President of Student Development or designee may recommend you for readmission. It is your responsibility to understand and comply with the college's academic standards and procedures.

If you are on academic suspension or academic dismissal from another institution, you are ineligible for admission to the college unless you have met the academic standards required by the college.

Graduation Requirements
In addition to other graduation requirements, you are expected to complete within five (5) years the course and hour degree requirements as outlined in the catalog in effect at the time of your entrance to the college. You may have the option to select a more recent catalog year in which you were enrolled, provided the degree requirements are met within five (5) years of the catalog selected and the requisite courses are still offered.

To qualify for a second degree or certificate, you must fulfill the residence requirement and must complete all required courses in the plan for the second degree or certificate.

The college reserves the right to modify curricula or to make changes as appropriate.

You, the student, have the ultimate responsibility to select and register for courses meeting graduation requirements.

Associate Degree Plans
If you are seeking an associate degree, you should request a degree plan from the Registrar's Office no later than at the end of your freshman year and preferably sooner. Official transcripts of all previous college work must be on file at the time you request a degree plan. The application for the granting of the degree should be filed in the Registrar's Office prior to the deadline announced by the registrar.

Certificate Plans
If you are following a one-year certificate program, you should request an official plan during your first semester of enrollment. The application for the granting of the certificate should be filed in the Registrar's Office prior to the deadline announced by the registrar.

Graduation Ceremony
An annual graduation ceremony is held at the conclusion of the spring semester. Participation is ceremonial only and confers on a student no rights to a degree. If you graduate in December, you may participate in the next commencement if you desire; likewise if you graduate in July or August, you may participate in the spring commencement if you desire, but you are not required to do so. You should notify the Registrar's Office if you wish to participate in the commencement ceremony. Instructions for graduation are mailed to all candidates prior to commencement.

Waiving of Scholastic Deficiency for Graduation Purposes
Any student in an academic transfer program may transfer to an Associate in Applied Science Degree or certificate program. In such a case, you may choose to have any grades below "C" disregarded. The procedure for disregarding low grades below a "C" may only be exercised while you are in that career program. The GPA for an
Associate in Applied Sciences Degree or certificate is based only on the hours used to meet degree requirements; however, the overall GPA(2) must still be 2.0 or above. If you change to an academic transfer program, the original conditions of the academic transfer program must be followed, including the calculation of a cumulative grade point average of all college credits earned. The procedure for waiving scholastic deficiency applies both to students of this college and to students transferring from other institutions. If you wish to use the procedure for waiving scholastic deficiency, you should indicate this in writing to the registrar prior to registration, and you should inform a counselor of your intentions during the pre-registration advisement session.

Academic Recognition & College Honors

Full-time students who complete at least 12 hours of college-level credit and earn a grade point average of 3.5-3.79 are listed on the Vice President’s Honor Roll. Full-time students who complete at least 12 hours of college-level credit and average 3.8-4.0 are placed on the President’s Honor Roll. Part-time students who take six to 11 college-level credit hours and maintain a 3.5 or higher grade point average are placed on the Academic Recognition List. GPA(2) is used to determine academic recognition.

Phi Theta Kappa

Phi Theta Kappa is the international honor society for community colleges. Founded in 1918 to give prestigious recognition to students with excellent scholarship and character, Phi Theta Kappa has always maintained fidelity to its founders’ commitment to provide enrichment in four hallmarks: scholarship, leadership, service, and fellowship. Phi Theta Kappa features some of the nation’s finest educational programs for community college students. These programs form the cornerstone of the college’s successes in nurturing intellectual curiosity, good citizenship, and leadership potential. Many scholarship opportunities are available including the USA All-American Scholarships and the Guistwhite Scholarship Program.

Who’s Who Among Students in American Community Colleges

Selections to Who’s Who Among Students in American Community Colleges are made each fall. Who’s Who is a highly regarded honor reserved for outstanding second-year college students eligible for the program. In general, students are recognized at graduation and at convocation in the spring.
ASSOCIATE IN ARTS/ASSOCIATE IN SCIENCES DEGREES

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 61 credit hours including all the required courses listed;
2. Earn a grade of "C" or better in English 1301, Speech 1311, and the selected college-level Mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C"); and
4. Meet all TASP requirements.

Students completing the requirements may select to receive the Associate in Arts or Associate in Sciences degree title. These degrees may be taken through a combination of on-campus and distance education offerings, or if planned correctly, the degree may be completed entirely through distance education.

Students who plan to transfer must work closely with an advisor.

EFFECTIVE: Fall Semester 2002
ASSOCIATE IN SCIENCES DEGREE  
BUSINESS FIELD OF STUDY  

This plan is an official Field of Study Degree approved by The Texas Higher Education Coordinating Board  
Available at all DCCCD Colleges

This degree plan is designed to meet the needs of students who plan to major in Business and transfer to a four-year college/university. This curriculum applies to the Bachelor of Arts, Bachelor of Science, or Bachelor of Business Administration as deemed appropriate by the awarding institution. The field of study in business included in this degree is approved by the Texas Higher Education Coordinating Board. This degree plan will constitute a 61-63 semester credit hour transfer block to any public Texas four-year college or university. Transferring students shall not be required to repeat courses transferred as part of the field of study curriculum. Completion of the field of study curriculum shall not prevent a receiving institution from requiring additional lower-division courses that may be necessary for specific degree programs.

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 61 credit hours including all the required courses listed below;
2. Earn a grade of "C" or better in English 1301, Speech 1315, and Math 1324;
3. Receive a GPA (2) of at least 2.00 ("C"); and
4. Meet all TASP requirements.

EFFECTIVE: Fall Semester 2002
ASSOCIATE in SCIENCES DEGREE IN CHILD DEVELOPMENT/EARLY CHILDHOOD EDUCATION
(TEACHER PREPARATION FOR PRE-K - GRADE 4)
This plan is an official Field of Study Degree approved by The Texas Higher Education Coordinating Board
Available at Brookhaven, Cedar Valley, Eastfield, Mountain View, and Richland Colleges

This degree plan is an officially approved plan by the Texas Higher Education Coordinating Board. If the plan is completed in its entirety with no grade lower than a "C", all Texas public universities are required to accept this plan and count it in their Bachelor of Science in Human Sciences or Bachelor of Science in Interdisciplinary Studies with a Concentration in Child and Family Studies/Child Development.

In order to be eligible to receive an Associate in Sciences Degree, a student must:
1. Complete a minimum of 61 credit hours as shown below;
2. Earn a grade of "C" or better in English 1301, Speech 1311, and the selected college-level Mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C"); and
4. Meet all TASP requirements.

Students receiving this degree will receive the Associate in Sciences Degree in Child Development/Early Childhood Education

EFFECTIVE: Fall Semester 2002
ASSOCIATE IN ARTS DEGREE
MUSIC FIELD OF STUDY

This plan is an official Field of Study Degree approved by The Texas Higher Education Coordinating Board
Available at all DCCCD Colleges

This degree plan is designed to meet the needs of students who plan to major in Music and transfer to a four-year college/university. This curriculum applies to the Bachelor of Music degree, but also may be applied to the Bachelor of Arts or other baccalaureate-level music degree as deemed appropriate by the awarding institution. The field of study in music included in this degree is approved by the Texas Higher Education Coordinating Board. This degree plan will constitute a 66-semester credit hour transfer block to any public Texas four-year college or university.

Transferring students who have completed the field of study curriculum must satisfy the competency and proficiency requirements of the receiving institution. Transferring students shall not be required to repeat courses transferred as part of the field of study curriculum. However, diagnostic assessment of transfer students is permissible if the receiving institution routinely conducts diagnostic assessment of native students at the same point in the program of study.

Completion of the field of study curriculum shall not prevent a receiving institution from requiring additional lower-division courses that may be necessary for specific degree programs. Receiving institutions may require transfer students in specialized programs (e.g., jazz studies, performance, composition, music therapy, etc.) to take additional degree-specific lower-division courses that are not included in the field of study curriculum.

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 66 credit hours including all the required courses listed;
2. Earn a grade of "C" or better in English 1301, Speech 1311, and the selected college-level Mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C"); and
4. Meet all TASP requirements.

ACCOUNTING

Offered at all seven campuses

(Associate in Applied Sciences Degree, Tech Prep Enhanced Skills Certificate)

(Students pursuing this AAS program are required to meet all TASP requirements.)

Degree Plan Code: AAS.ACCT

This degree is designed to prepare students for various career opportunities in accounting. Students may specialize in the areas of financial, managerial, cost, tax, and/or small business accounting. Emphasis is placed on internal accounting procedures and generally accepted accounting principles. This program is intended to provide a foundation on which the graduate can build an accounting career through expanded experience and/or further education.

Minimum Hours Required ........................................... 60-66

Upon completion of Semester I courses, the Accounting Clerk Certificate will be conferred.

Upon completion of Semester I and Semester II courses, the Accounting Assistant Certificate will be conferred.

Upon completion of Semester I through Semester IV courses, the Associate in Applied Sciences Degree in Accounting will be conferred.

*ACNT 1303 is recommended prior to ACCT 2301 or ACCT 2401 for a student with no accounting background. ACNT 1303 and ACNT 1304 are included in the Elective¹ (Business/Technical) list in this program.

++Any student demonstrating proficiency by previous training, experience, or placement tests may substitute a course from the Elective¹ (Business/Technical) list.

+++Any MATH course numbered 1300 or above may be substituted.

Elective¹--The Business/Technical elective must be selected from the following fields/courses:

Accounting, Business, Computer Information Technology and/or Computer Science, ECON 1303, ENGL 2311, Management, Marketing, Mathematics, Office Technology. The practicum courses (ACNT 1366 and ACNT 2366) are recommended for students employed in a general business area. The cooperative education courses (ACNT 1380 and ACNT 2380) are recommended for students employed in the accounting area.

Elective²--The Accounting Specialty elective must be selected from the following accounting courses:

ACNT 1329 Payroll and Business Tax Accounting ............... 3
ACNT 1331 Federal Income Tax: Individual .................... 3
ACNT 1380 Cooperative Education-Accounting ................ 3
ACNT 1391 Special Topics in Accounting ..................... 3
ACNT 2303 Intermediate Accounting I ........................ 3
ACNT 2304 Intermediate Accounting II ....................... 3
ACNT 2305 Cost Accounting .................................. 3
ACNT 2311 Managerial Accounting ............................ 3
ACNT 2380 Cooperative Education-Accounting ................. 3

Elective³--The Social/Behavioral Science elective must be selected from the following fields:

Anthropology, ECON 1303, Geography (excluding GEOG 1301), Government, History, Human Development, Psychology, Sociology.

Elective⁴--The Humanities/Fine Arts elective must be selected from the following fields:

Art, Dance, Drama, English, Foreign Language, Humanities, Music, Philosophy, Religion, Sign Language.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
TECH PREP ENHANCED SKILLS CERTIFICATE

This Enhanced Skills Certificate is attached to the Associate in Applied Sciences Degree in Accounting and provides the student advanced skills required by the industry to specialize in Accounting Technician.

ACCOUNTING TECHNICIAN

Offered at all seven campuses

(Students pursuing this certificate program are required to meet all TASP requirements.)

Degree Plan Code: ES.ACCT.TECH

<table>

Minimum Hours Required .................................. 6

Select two courses not previously taken in the Associate in Applied Sciences Degree in Accounting from the following Accounting Specialty Courses:

- ACNT 1329 Payroll and Business Tax Accounting .................................. 3
- ACNT 1380 Cooperative Education-Accounting .......... 3
- ACNT 1391 Special Topics in Accounting ............. 3
- ACNT 2303 Intermediate Accounting I .................. 3
- ACNT 2304 Intermediate Accounting II .................. 3
- ACNT 2309 Cost Accounting .................................. 3
- ACNT 2311 Managerial Accounting ...................... 3
- ACNT 2380 Cooperative Education-Accounting .......... 3

This is a Tech Prep Program. Students interested in pursuing this Tech Prep Enhanced Skills Certificate should consult their advisor.
ACCOUNTING ASSISTANT

Offered at all seven campuses

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: CERT.ACCT.ASSIST

The program is designed to provide the student with an expanded knowledge of basic accounting and business principles while emphasizing the development of communication and human relations skills necessary for advancement in accounting or other business-related careers. The courses required for this certificate are applicable to the Associate in Applied Sciences Degree in Accounting.

AIR CONDITIONING AND REFRIGERATION -- RESIDENTIAL

Cedar Valley, Eastfield, and North Lake only

(Associate in Applied Sciences Degree, Tech Prep Enhanced Skills Certificate)

(Students pursuing this AAS program are required to meet all TASP requirements.)

Degree Plan Code: AAS.HVAC.RESIDENT

This program is designed to train students to meet employment requirements in the field of residential air conditioning. This will include the installation, repair and maintenance of residential air conditioning equipment. Included in this program is the study of residential air conditioners, heat pumps, gas and electric furnaces, humidifiers, and the design of residential air conditioning systems. Throughout the entire program an emphasis is placed on current techniques used by service technicians.

AUTOMOTIVE TECHNOLOGY --
SERVICE TECHNICIAN

Cedar Valley and Eastfield only

(Associate in Applied Sciences Degree)

(Students pursuing this AAS program are required to meet all TASP requirements.)

Degree Plan Code: AAS.AT.SERV.TECH

The purpose of this program is to prepare students for entry level employment as an automotive technician. This program reflects a building-block approach from simple to complex and includes theory, diagnosis, repair and maintenance of automobiles, including late model vehicles with electronic systems. Emphasis is placed on operational theory, practical skills and accepted shop procedures.

BUSINESS ADMINISTRATION

Offered at all seven campuses

(Associate in Applied Sciences Degree)

(Students pursuing this AAS program are required to meet all TASP requirements.)

Degree Plan Code: AAS.BUSI.ADMIN

The Associate in Applied Sciences Degree in Business Administration is designed for students seeking a broad program of study in all phases of business practices. This degree focuses not only at the core of management (principles of management, organizational behavior, and personnel administration) but also encompasses the critical areas of business operations (principles of marketing, accounting, and business law).

++Applied music courses to be selected from any music course numbered from MUAP 1101 through MUAP 1181 or MUAP 2201 through MUAP 2281.

+++Elective - Students may choose any Natural Science course listed in the catalog to meet this requirement.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
COMMERCIAL MUSIC -- PERFORMING MUSICIAN

*Cedar Valley only*

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.COMM.MUS.PERF.MUS

This program is designed to prepare the instrumental or vocal student for entry-level positions in the live performing market of commercial music (jazz, rock, pop, country, etc.) with enough training provided for a strong foundation to build upon. Coursework includes development of music theory written and aural skills, keyboard introduction, audio engineering and MIDI skills, and development of improvisation skills and repertoire applicable to the individual student.

COMMERCIAL MUSIC--RECORDING TECHNOLOGY

Cedar Valley only

(One-year Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.COMM.REC.TECH

This program is designed to prepare commercial musicians with additional skills in the field of recording technology. In addition to preparing the student in vocal or instrumental commercial music techniques, training is provided in the basic console recording skills such as microphone selection and placement, mix down techniques, master tape production, studio techniques, trouble-shooting, and session procedures. Emphasis is placed on the specific needs of the commercial musician in the field of recording.

COMPUTER GRAPHICS

Cedar Valley and North Lake only

(Associate in Applied Sciences Degree)

(Students pursuing this AAS program are required to meet all TASP requirements.)

Degree Plan Code: AAS.COMP.GRAPH

This degree is designed to develop the hands-on skills and conceptual art knowledge necessary for a graduate to advance in career paths appropriate to their own interests and abilities. The program will allow students to gain skills in using industry standard equipment and software and will stress the role of motion graphics in designing and producing professional graphics for the web, animation, and video games.

COMPUTER INFORMATION TECHNOLOGY -- PERSONAL COMPUTER USER

Offered at all seven campuses

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.CIT.PC.USER

This one semester certificate option is designed to provide training for those wishing to have a basic understanding of word processing, spreadsheets, database, and pc operating systems. The graduate will be qualified to use software applications at a level required for certification.

Prerequisite: Basic understanding of personal computers and operating systems as obtained in ITSC 1401, Introduction to Computers or equivalent experiences approved by an Information Technology faculty member.

COMPUTER INFORMATION TECHNOLOGY -- SOFTWARE PROGRAMMER/DEVELOPER

Offered at all seven campuses

(Students pursuing this AAS program are required to meet all TASP requirements.)

Degree Plan Code: AAS.CIT.PROG.DEVE

This associate degree program is designed to provide in-depth skills and knowledge in one primary programming language, and an operating system from the same platform, plus additional knowledge of a secondary language. The graduate will be qualified to work as an entry-level programmer in an applications selling to support the information processing function of the organization.

| SEMESTER I     | ITSE 1401 Introduction to Computers  | 4 |
|                | ITSE 2435 Application Problem Solving | 4 |
|                | ITNW 1321 Introduction to Networking | 3 |
|                | ENGL 1301 Composition I              | 3 |
|                | **Total**                            | 14 |

| SEMESTER II    | ITSE X4XX Introductory Programming course-List A*                     | 4 |
|                | ITSW 1407 Introduction to Database                                     | 4 |
|                | ITSC X4XX Operating Systems course-List C                              | 4 |
|                | MATH 1414 College Algebra OR                                           | 3 |
|                | MATH 1314 College Algebra                                              | 4 |
|                | SPCH 1311 Introduction to Speech Communication                         | 3 |
| **Total**      |                                                                 | 18-19 |

| SEMESTER III   | ITSE X4XX Introductory Programming course-List A*                     | 4 |
|                | ITSE X4XX Advanced Programming course-List B**                         | 4 |
|                | Elective Any ITCC, ITSC, ITSE, ITSW, ITNW, or ITMC course              | 3-4 |
|                | ITSW 1410 Presentation Media Software OR                                 | 4 |
|                | Elective Any ITCC, ITSC, ITSE, ITSW, ITNW, or ITMC course              | (3-4) |
|                | +Elective Humanities/Fine Arts                                         | 3 |

**Total** 17-19

SEMESTER IV

| ITSE X4XX Programming course-List A or B | 4 |
| OR                                     |   |
| Application Development course-List D  | 4 |
| ITSE 1450 System Analysis and Design   | 4 |
| OR                                     |   |
| ITSC/ITSE/ITSW 13XX Cooperative Education course | 3 |
| Elective Any ITCC, ITSC, ITSE, ITSW, ITNW or ITMC course | 3 |
| +Elective Social/Behavioral Science    | 3 |

Minimum Hours Required 62-67

1 Student must complete the introductory and advanced course in the same programming language to be considered a completer for this certificate. (ITSE2437, Assembly Language may be combined with any course from List A to meet this requirement).

2 An introductory programming course other than the course taken in Semester II must be chosen.

+ Humanities/Fine Arts elective must be selected from the DCCCD approved course list.

++ Social/Behavioral Science elective must be selected from the DCCCD approved course list.

*First in a two-course programming language series

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.

COMPUTER INFORMATION TECHNOLOGY -- WEB DEVELOPER SPECIALIST

(Offered at all seven campuses)

(Certificate)

(Students pursuing this certificate program are required to meet all TASP requirements.)

Degree Plan Code: C2.CIT.WEB.DEV.SPED

This certificate option trains the student to design and develop web pages and web business applications. It prepares the student to enter the workforce as a member of the company web development team for Internet/Intranet applications.

Prerequisite: Basic understanding of personal computers and operating systems as obtained in ITSC 1401, Introduction to Computers or equivalent experiences approved by an Information Technology faculty member.

COMPUTER INFORMATION TECHNOLOGY -- NETWORKING SUPPORT

Brookhaven, Cedar Valley, Mountain View and North Lake only

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.CIT.NWK.SUPP.01

This certificate offers multiple specialty options for development of networking systems engineer, software developer, and database administrator. Students acquire knowledge and skills necessary to become expert on Microsoft products and technologies. NOTE: Students must select and complete one specialty track to be considered as having met the requirements for this award.

### MCDBA
1Elective

### WIN2000

One course selected from the following:
- Implementing a Microsoft Windows 2000 Network Infrastructure (MS 2153)
- Mastering Distributed Application Design and Development Using Microsoft Visual Basic 6.0

Other Approved Elective from MCDBA track

2Elective

Any ITCC, ITMC, ITNW, ITSC, ITSE or ITSW course not included in this curriculum pattern.

(continued on next page)
Elective One course selected from the following:

ITMC 2431 Designing a Microsoft Windows 2000 Directory Services Infrastructure (MS 1561) .......................... 4

ITMC 2432 Designing a Microsoft Windows 2000 Networking Infrastructure (MS 1562) .............................................. 4

ITMC 2433 Designing a Secure Microsoft Windows 2000 Network (MS 2150) ................................................................. 4

Elective One course selected from the following:

ITMC 2431 Designing a Microsoft Windows 2000 Directory Services Infrastructure (MS 1561) .......................... 4

ITMC 2432 Designing a Microsoft Windows 2000 Networking Services Infrastructure (MS 1562) ............................... 4

ITMC 2433 Designing a Secure Microsoft Windows 2000 Network (MS 2150) ................................................................. 4

OR

Other Approved Elective from Windows 2000 track.

Upon completion of MCSD, MCDBA, or MCSE tracks, the student is eligible to take the Microsoft Certification credentialing exam.
The associate degree provides students with required technological skills to work in an evolving networking environment. Students who master course competencies can validate their skills through a certification program. Hands-on training and certification provide students with the tools and technologies to excel in networking positions. Topics include networking strategies, communications protocol, implementation, installation, configuration, and troubleshooting.

NOTE: Students must select and complete one specialty track to be considered as having met the requirements for this award.

CRIMINAL JUSTICE

Cedar Valley, Eastfield, El Centro and Mountain View only

(associate in Applied Sciences Degree, Tech Prep Enhanced Skills Certificate)

(Students pursuing this AAS program are required to meet all TASP requirements.)

Degree Plan Code: AAS.CRIMINAL.JUST

The curriculum is designed for those with Criminal Justice backgrounds as well as for recent high school graduates interested in preparing for employment in the fields of law enforcement, corrections, probation and parole or private security.

CJSA 2482 Cooperative Education-Criminal Justice Studies... 4

+++ Criminal Justice Electives - must be chosen from the following:

CRIJ 1313 Juvenile Justice System ....................... 3
CRIJ 2313 Correctional Systems and Practices .......... 3
CRIJ 2301 Community Resources in Corrections .......... 3
SPAN 1411 Beginning Spanish* ............................ 4
SPAN 1412 Beginning Spanish* ............................ 4

*American Sign Language may not be substituted for this course.

The following courses are to be taken only after completing thirty semester hours of approved academic courses, to include fifteen hours of the transfer curriculum in Criminal Justice:

CJLE 2420 Texas Peace Officer Procedures .............. 4
CJLE 2421 Texas Peace Officer Law ...................... 4
CJLE 2522 Texas Peace Officer Skills ................... 5

A student enrolling in the Criminal Justice program must meet the Texas Commission on Law Enforcement Officer Standards and Education Requirements for minimum standards if you plan to seek employment in the law enforcement field. Licensing: (a) not currently on probation for any criminal offense; (b) not convicted of a Class B misdemeanor in the last six (6) months, or a Class A misdemeanor in the last twelve (12) months, or DWI or DWD in the last two (2) years; (c) never been convicted of a felony.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
TECH PREP ENHANCED SKILLS CERTIFICATES

These Enhanced Skills Certificates are attached to the Associate in Applied Sciences Degree in Criminal Justice and provide the student advanced skills required by the industry to specialize in Human Services or Law Enforcement.

ENGINE TECHNOLOGY --
MOTORCYCLE MECHANICS

Cedar Valley only

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: CERT.ENGINE.MOTORCYCLE

This program is designed to train students to meet entry level requirements in the field of motorcycle mechanics. This will include diagnosis, repair, and maintenance of foreign and domestic motorcycles. Included in this program is the study of carburetion, ignition, and electrical systems, engine overhaul and tune-up, and motorcycle chassis. Throughout the entire program an emphasis is placed on the latest factory recommended techniques.

Since not all courses in this program are transferable, students enrolling in this program who may plan to transfer to a four-year institution should consult with an advisor or counselor regarding transfer requirements.

ENGINE TECHNOLOGY --
OUTBOARD ENGINE

Cedar Valley only

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: CERT.ENGINE.OUTBOARD

This program is designed to train students to meet entry level requirements in the field of outboard marine engine mechanics. This will include theory, diagnosis, repair, overhaul and maintenance of outboard marine engines. Included in this program is the study of outboard marine engine fuel, electrical and ignition systems, engine overhaul and tune-up, and lower units. Throughout the entire program an emphasis is placed on accepted shop techniques used throughout the outboard marine engine service industry.

Since not all courses in this program are transferable, students enrolling in this program who may plan to transfer to a four-year institution should consult with an advisor or counselor regarding transfer requirements.

MANAGEMENT

Offered at all seven campuses

(Associate in Applied Sciences Degree)

(Students pursuing this AAS program are required to meet all TASP requirements.)

Degree Plan Code: AAS.MANAGEMENT

The Management degree is accepted for transfer by many of the area universities and colleges. The degree is designed for working students. Students can earn a business related degree in the shortest amount of on-campus time. This degree provides the foundation courses needed for a bachelor degree in the various business disciplines offered by many universities.

Students learn practical management skills which have immediate applicability in the business world. They also learn theoretical concepts which support these skills. These skills enhance their visibility on the job as professional managers.

A significant and unique benefit of the Management degree is experienced by participating in the Management cooperative work experience classes. These classes allow students to earn 12 of the total required credit hours by applying practical management concepts to their present jobs. During this educational process faculty provide continuous, individualized career and academic guidance to students. Students attend core courses once a week.

The Management degree effectively bridges the gap between management theory and management practice. It is designed to be a benefit to the new manager, the seasoned manager and the aspiring manager.

MANAGEMENT

Offered at all seven campuses

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: CERT.MGMT.MANAGEMENT

The Management program is designed to develop the fundamental skills, knowledge, attitudes and experiences which enable men and women to function in leadership and decision-making positions as managers. Students combine management classes and on-the-job management training with their present employers. All of the courses for this certificate are applicable to the Management associate degree option. This certificate program provides an external learning experience and/or capstone experience.

MARKETING CAREERS -- BUSINESS MARKETING

Brookhaven and Cedar Valley only

(Associate in Applied Sciences Degree, Tech Prep Enhanced Skills Certificate)

(Students pursuing this AAS program are required to meet all TASP requirements.)

Degree Plan Code: AAS.MRKT.BUSINESS

The Business Marketing program provides an opportunity for students to acquire knowledge and training for careers in sales and marketing. In addition to a broad program of study encompassing all phases of marketing, students apply what is learned in the classroom to real-life situations in the business sector. Cooperative work experience provides students with the necessary skills to become competent in the industry.

++Elective - Any POFI, POFT, ACCT, ACNT, or ITSC, ITSW, ITSE, ITNW course.

+++Elective - Humanities/Fine Arts elective must be selected from the DCCCD approved course list.

++++Elective - Social/Behavioral Science elective must be selected from the DCCCD approved course list.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
OFFICE TECHNOLOGY -- EXECUTIVE ASSISTANT - TECH PREP NAVY YEOMAN

Offered at all seven campuses

(Students pursuing this AAS program are required to meet all TASP requirements.)

Degree Plan Code: AAS.OFCT.NAVY.YEOMAN

The DCCCD Navy Yeoman Option is developed in agreement with the United States Navy. This program is designed for Navy recruits only and incorporates the certificate programs leading to the Associate in Applied Sciences Degree in the Tech Prep Office Technology program. Each certificate serves as an exit point or as an incentive to continue to build promotion points and credentials while pursuing the Associate in Applied Sciences Degree during Navy training.

Exit Points:

Following the exit points within the curriculum pattern the student may:

1. Choose to enlist in the Navy September 1 after high school graduation. By completing all the tech prep high school courses and the courses listed in Summer I and II, the student will also graduate from one of the DCCCD Colleges with an Office Assistant Certificate.

2. Choose to continue during the Fall semester at the DCCCD college and defer enlistment in the Navy until January 1. This recruit will earn both the Office Assistant Certificate and the Software Application Specialist Certificate.

3. Choose to continue in the Spring semester at the DCCCD college and enlist in the Navy June 1, one year after high school graduation. This recruit will earn the Office Assistant Certificate, the Software Application Specialist Certificate and the Administrative Support Certificate. After the specialized Navy training, the yeoman will qualify for the AAS degree.

PATIENT CARE TECHNICIAN

(Certificate)

(Students pursing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.PATIENT.CARE.02

The one-semester Patient Care Technician program is designed to prepare students for entry-level positions in the health care industry. Students learn to apply basic nursing assisting skills in a variety of settings, including long-term care facilities (nursing homes), hospitals, clinics, home health care, and assisted living facilities. Skills developed will include patient hygiene and comfort, patient safety, obtaining lab samples, phlebotomy (drawing blood), and electrocardiography (running EKGs). Upon successful completion of classroom, lab and the practicum (clinical), students will be awarded the Patient Care Technician Certificate.

PATIENT CARE TECHNICIAN -- CERTIFIED NURSING ASSISTANT

(Certificate)

(Students pursing this certificate program are waived from TASP requirements.)

Degree Plan Code: SA.CERT.NURS.ASST

This certificate program teaches basic nursing skills needed for entry-level positions in a variety of health care organizations. Students completing this program will be able to provide care to patients under the direction and supervision of a licensed nurse. Successful completion of the classroom portion is mandatory to progress to the clinical practicum. Upon successful completion of classroom study and clinical practicum, students will receive the Certified Nursing Assistant Skills Achievement Award.

VETERINARY TECHNOLOGY

Cedar Valley only

(Associate in Applied Sciences Degree)

(Students pursuing this AAS program are required to meet all TASP requirements.)

Degree Plan Code: AAS.VETERINARY.TECH

This program is designed to help meet the need for graduate veterinary technicians as indicated by the American Veterinary Medical Association. The graduate serves primarily as an assistant to veterinarians in private practice, functions in biological research or serves to meet the needs of allied health industries.

The Veterinary Technology curriculum is designed to provide the graduate with information, experience and skills needed to perform all technical duties in a practice, excluding diagnosis, prescribing and surgery. The Veterinary Technology program is accredited by the American Veterinary Medical Association and graduates are qualified to take the Texas Veterinary Medical Association Examination to become a Registered Veterinary Technician (RVT).

Admission to the Veterinary Technology program is limited and applicants should be assessed and advised prior to enrolling in the program. Students are encouraged to have a good academic background in English, mathematics, and the biological sciences.

VETERINARY TECHNOLOGY --
VETERINARY ASSISTING

Cedar Valley only

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.VETT.ASSISTING

Veterinary Assistants are an integral part of the veterinary health team. Individuals in this position assist both the veterinarian and the veterinary technician in performing veterinary procedures in clinical settings as well as in research areas and other veterinary related fields. Students in this program can continue their studies in the Veterinary Technology program to attain the Associate Degree in Veterinary Technology.

The curriculum is designed to provide the graduate with the information, experience, and skills needed to perform all veterinary assistant duties in a practice. Admission to the Veterinary Technology program and the Veterinary Assisting certificate program is limited. Applicants should be assessed and advised prior to enrolling in the program. Students are encouraged to have a good background in English, mathematics and the biological sciences.

Minimum Hours Required ........................................ 20
ACCT 2301 is a 3 credit hour lecture course. ACCT 2401 is a 4 credit hour lecture and laboratory course. Either course will meet degree requirements.

ACCT 2301 Principles of Accounting I (3)
(This is a common course number. Former course prefix/number ACC 201.)
This course covers the theory and practice of measuring and interpreting financial data for business units. Basic concepts, principles, and procedures are applied to the following topics: operating cycle, accruals and deferrals, financial statements, internal controls, receivables, inventory, fixed assets, and liabilities. (3 Lec.)
(Coordinating Board Academic Approval Number 5203015104)

ACCT 2302 is a 3 credit hour lecture course. ACCT 2402 is a 4 credit hour lecture and laboratory course. Either course will meet degree requirements.

ACCT 2302 Principles of Accounting II (3)
(This is a common course number. Former course prefix/number ACC 202.)
Prerequisite: Accounting 2301 or Accounting 2401. This course is a continuation of Accounting 2301 or Accounting 2401. This course covers the theory and practice of measuring and interpreting financial data for business units, with emphasis on corporations and managerial applications. Basic concepts, principles, and procedures are applied to the following topics: preparation and analysis of financial statements, budgeting, cash flow, cost systems, responsibility accounting, and cost-volume-profit analysis. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5203015104)

ACCT 2401 is a 4 credit hour lecture and laboratory course. ACCT 2301 is a 3 credit hour lecture course. Either course will meet degree requirements.

ACCT 2401 Principles of Accounting I (4)
(This is a common course number. Former course prefix/number ACC 208.)
This course covers the theory and practice of measuring and interpreting financial data for business units. Basic concepts, principles, and procedures are applied to the following topics: operating cycle, accruals and deferrals, financial statements, internal controls, receivables, inventory, fixed assets, and liabilities. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5203015104)

ACCT 2402 is a 4 credit hour lecture and laboratory course. ACCT 2302 is a 3 credit hour lecture course. Either course will meet degree requirements.

ACCT 2402 Principles of Accounting II (4)
(This is a common course number. Former course prefix/number ACC 209.)
Prerequisite: Accounting 2301 or Accounting 2401 This course is a continuation of Accounting 2301 or Accounting 2401. This course covers the theory and practice of measuring and interpreting financial data for business units, with emphasis on corporations and managerial applications. Basic concepts, principles, and procedures are applied to the following topics: preparation and analysis of financial statements, budgeting, cash flow, cost systems, responsibility accounting, and cost-volume-profit analysis. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5203015104)

ACNT 1303 Introduction to Accounting I (3)
(This is a WECM course number. Former course prefix/number ACC 1371.)
A study of analyzing, classifying, and recording business transactions in a manual and computerized environment. Emphasis on understanding the complete accounting cycle and preparing financial statements, bank reconciliations, and payroll. (3 Lec.)

ACNT 1304 Introduction to Accounting II (3)
(This is a WECM course number. Former course prefix/number ACC 1372.)
Prerequisite: Accounting 1303. A study of accounting for merchandising, notes payable, notes receivable, valuation of receivables and equipment, and valuation of inventories in a manual and computerized environment. (3 Lec.)

ACNT 1311 Introduction to Computerized Accounting (3)
(This is a WECM course number.)
Prerequisite: Accounting 2301 or Accounting 2401, Accounting 1303, or concurrent enrollment. Introduction to utilizing the computer in maintaining accounting records, making management decisions, and processing common business applications with primary emphasis on a general ledger package. (2 Lec., 2 Lab.)
ACNT 1313 Computerized Accounting Applications (3)  
(This is a WECM course number. Former course prefix/number ACCT 2370.)  
Prerequisite: Accounting 2301 or Accounting 2401, Accounting 1303, or concurrent enrollment: A study of utilizing the computer to develop and maintain accounting record keeping systems, make management decisions, and process common business applications with emphasis on utilizing a spreadsheet and/or data base package/program. (2 Lec., 2 Lab.)

ACNT 1329 Payroll and Business Tax Accounting (3)  
(This is a WECM course number.)  
Prerequisite: Accounting 2301 or Accounting 2401, Accounting 1303, or concurrent enrollment. A study of payroll procedures, taxing entities, and reporting requirements of local, state, and federal taxing authorities in a manual and computerized environment. (3 Lec.)

ACNT 1331 Federal Income Tax: Individual (3)  
(This is a WECM course number. Former course prefix/number ACCT 2372.)  
Prerequisite: Accounting 2301 or Accounting 2401. Basic instruction in the tax laws as currently implemented by the Internal Revenue Service providing a working knowledge of preparing taxes for the individual. (3 Lec.)

ACNT 1366 Practicum - Accounting (3)  
(This is a WECM course number. Former course prefix/number ACCT 7371.)  
Prerequisite: Accounting 2301 or Accounting 2401, Accounting 1303, or concurrent enrollment and instructor approval. A basic or intermediate type of non-health professions work-based instruction that provides basic career exploration or helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. The emphasis is on practical work experience. Indirect supervision is provided by the work supervisor. A practicum may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)

ACNT 1380 Cooperative Education - Accounting (3)  
(This is a WECM course number. Former course prefix/number ACCT 7472.)  
Prerequisite: Accounting 1380 and instructor approval. An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. (1 Lec., 20 Ext.)

ANTH 1370 American Indian Culture (3)  
(This is a unique need course. Former course prefix/number ANT 104)  
Native Americans are studied from three perspectives: Native American history and prehistory; traditional Indian cultures; and native Americans today. The latter theme stresses current topics such as discrimination, poverty, employment, reservations, The Bureau of Indian Affairs, self-determination, health care, etc. (3 Lec.)  
(Coordinating Board Academic Approval Number 4502019325)
ANTH 2302 Introduction to Archeology (3)
(This is a common course number. Former course prefix/number ANT 231.)
This course is an anthropological approach to archeology. Topics include an introduction to the study of humanity's past. How archeologist retrieve, process, analyze and interpret surviving prehistoric materials is covered, as well as a survey of world prehistory through Neolithic times. (3 Lec.)
(Coordinating Board Academic Approval Number 4503015125)

ANTH 2346 Introduction to Anthropology (3)
(This is a common course number. Former course prefix/number ANT 100.)
This course surveys the origin of mankind involving the processes of physical and cultural evolution, ancient man, and preliterate man. Attention is centered on fossil evidence, physiology and family/group roles and status. (3 Lec.)
(Coordinating Board Academic Approval Number 4502015325)

ANTH 2351 Cultural Anthropology (3)
(This is a common course number. Former course prefix/number ANT 101.)
This course introduces students to the elements and processes that create culture, society and social interaction. Language, cross-cultural communication, fieldwork, and analysis of multi-cultural societies are covered. A special emphasis is given to cross-cultural comparison and analysis of basic social institutions on a global scale in order to provide students with an appreciation and understanding of the underlying unity of diverse cultural expressions. (3 Lec.)
(Coordinating Board Academic Approval Number 4502015325)

ANTH 2380 The Heritage of Mexico (3)
(Former course prefix/number ANT 110.)
This course (cross-listed as History 2380) is taught in two parts each semester. The first part of the course deals with the archeology of Mexico beginning with the first humans to enter the North American continent and culminating with the arrival of the Spanish in 1519 A.D. Emphasis is on archaic cultures, the Maya, the Toltec, and Aztec empires. The second part of the course deals with Mexican history and modern relations between the United States and Mexico. The student may register for either History 2380 or Anthropology 2380, but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015325)

ARTC 1301 Basic Animation (3)
(This is a WECM course number. Former course prefix/number VCOM 2384.)
Prerequisite: Visual Communications Core Curriculum, or demonstrated competence approved by the instructor. Examination of concepts, characters, and storyboards for basic animation production. Emphasis on creating movement and expression utilizing traditional or electronically generated image sequences. (2 Lec., 4 Lab.)

ARTC 1305 Basic Graphic Design (3)
(This is a WECM course number. Former course prefix/number VCOM 1373.)
A study of two-dimensional (2-D) design with emphasis on the visual communication design process. Topics include basic terminology and graphic design principles. (2 Lec., 4 Lab.)

ARTC 1313 Computer Production Art I (3)
(This is a WECM course number.)
An introduction to the fundamentals of using the computer as a primary production tool. Topics include an overview of industry standard software for page layout and design, drawing and image manipulation, and various methods of reproduction for print and electronic delivery. (2 Lec., 4 Lab.)

ARTC 1345 3-D Modeling and Rendering (3)
(This is a WECM course number. Former course prefix/number MULT 2371 or VCOM 2381 or RFTV 2374/FLMC 1331.)
Prerequisite: IMED 1301. A studio course in the theory and technique of three-dimensional (3-D) modeling utilizing appropriate software. Topics include the creation and modification of 3-D geometric shapes; a variety of rendering techniques; and use of camera light sources, texture, and surface mapping. (2 Lec., 4 Lab.)

ARTC 2305 Digital Painting and Imaging (3)
(This is a WECM course number. Former course prefix/number VCOM 1371.)
General principles of digital image processing and electronic painting. Emphasis on bitmapped- or raster-based image making and the creative aspects of electronic illustration for commercial and fine art applications. the skills necessary for creating art work, design and illustration with a Macintosh computer. instruction is centered on natural media paint applications and the Macintosh operating system. Prior computer experience is not necessary. (2 Lec., 4 Lab.)

ARTC 2313 Computer Production Art II (3)
(This is a WECM course number.)
Studio art utilizing layout procedures from thumbnails and roughs to final comprehensive and printing. Emphasis on the effective use of a variety of stylistic approaches to visual communication and the development of effective work habits and studio skills. (2 Lec., 4 Lab.)

ARTS 1301 Art Appreciation (3)
(This is a common course number. Former course prefix/number ART 104.)
Films, lectures, slides, and discussions focus on the theoretical, cultural, and historical aspects of the visual arts. Emphasis is on the development of visual and aesthetic awareness. (3 Lec.)
(Coordinating Board Academic Approval Number 5007035126)
ARTS 1303 Survey of Art History (3)
(This is a common course number. Former course prefix/number ART 105.)
This course covers the history of western art from prehistoric time through the Gothic period. It explores the cultural, geophysical, and personal influences on art styles. (3 Lec.)
(Coordinating Board Academic Approval Number 5007035226)

ARTS 1304 Survey of Art History (3)
(This is a common course number. Former course prefix/number ART 106.)
This course covers the history of art from the Renaissance through the present. It explores the cultural, geophysical, and personal influences on art styles. (3 Lec.)
(Coordinating Board Academic Approval Number 5007035226)

ARTS 1311 2D Design (3)
(This is a common course number. Former course prefix/number ART 110.)
Basic concepts of design with two-dimensional materials are explored. The use of line, color, illusion of space or mass, texture, value, shape, and size in composition is considered. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004015326)

ARTS 1312 3D Design (3)
(This is a common course number. Former course prefix/number ART 111.)
Basic concepts of design with three-dimensional materials are explored. The use of mass, space, movement, and texture, line, plane, volume, color, and scale is considered. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004015326)

ARTS 1316 Drawing I (3)
(This is a common course number. Former course prefix/number ART 114.)
This beginning course investigates various media, techniques, and subjects. It explores perceptual and descriptive possibilities and considers drawing as a developmental process as well as an end in itself. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055226)

ARTS 1317 Drawing II (3)
(This is a common course number. Former course prefix/number ART 115.)
Prerequisite: Arts 1316. This course is an expansion of Arts 1316. It stresses the expressive and conceptual aspects of drawing, including advanced composition arrangements, a range of wet and dry media, and the development of an individual approach to theme and content. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055226)

ARTS 2311 Advanced Design (3)
(This is a common course number. Former course prefix/number ART 227.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. This course will focus on two- or three-dimensional projects in a special topics area. Emphasis is on individual expression. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004015326)

ARTS 2312 Advanced Design (3)
(Former course prefix/number ART 229.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. This course will focus on two- or three-dimensional projects in a special topics area. Emphasis is on individual expression. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004015326)

ARTS 2313 Computer Graphics Design I (3)
(This is a common course number. Former course prefix/number ART 223.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. Introduction to the computer as an art tool with emphasis on design principles and visual communication or ideas. Course will include exposure to basic computer graphic technology including computer illustration and electronic imaging techniques. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004015126)

ARTS 2316 Painting I (3)
(This is a common course number. Former course prefix/number ART 205.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. This studio course stresses fundamental concepts of painting with acrylics and oils. Emphasis is on painting from still life, models, and the imagination. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085226)

ARTS 2317 Painting II (3)
(This is a common course number. Former course prefix/number ART 206.)
Prerequisite: Arts 2316. This course continues Arts 2316. Emphasis is on individual expression. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085230)

ARTS 2323 Drawing III (3)
(This is a common course number. Former course prefix/number ART 213.)
Prerequisite: Arts 1317. Arts 1311, Arts 1312 and Arts 1316 are recommended for Art Majors. This course covers the analytic and expressive drawing of the human figure. Movement and volume are stressed. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055326)
ARTS 2324 Drawing IV (3)
(This is a common course number. Former course prefix/number ART 202.)
Prerequisite: Arts 2323, sophomore standing, or demonstrated competence approved by the instructor. This course continues Arts 2323. Emphasis is on individual expression. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055326)

ARTS 2326 Sculpture I (3)
(This is a common course number. Former course prefix/number ART 208.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. Various sculptural approaches are explored. Different media and techniques are used. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007095126)

ARTS 2327 Sculpture II (3)
(This is a common course number. Former course prefix/number ART 209.)
Prerequisite: Arts 2326. This course continues Arts 2326. Emphasis is on individual expression. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007095126)

ARTS 2333 Printmaking I (3)
(This is a common course number. Former course prefix/number ART 220.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. Basic printmaking processes are introduced. Included are planographic, intaglio, stencil and relief processes. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 50070105126)

ARTS 2334 Printmaking II (3)
(This is a common course number. Former course prefix/number ART 222.)
Prerequisite: Arts 2333. This course is a continuation of Printmaking I. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 50070105126)

ARTS 2346 Ceramics I (3)
(This is a common course number. Former course prefix/number ART 215.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. This course focuses on the building of pottery forms by coil, slab, and use of the wheel. Glazing and firing are also included. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007115126)

ARTS 2347 Ceramics II (3)
(This is a common course number. Former course prefix/number ART 216.)
Prerequisite: Arts 2346 or demonstrated competence approved by the instructor. Glaze technology is studied. Advanced problems in the creation of artistic and practical ceramic ware. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007115126)

ARTS 2356 Photography I (3)
(Former course prefix/number ART 118.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. Creative use of the camera is studied. Photosensitive materials are examined as a means of making expressive graphic images. Emphasis is on black and white processing and printing techniques. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5006055126)

ARTS 2357 Photography II (3)
(Former course prefix/number ART 119.)
Prerequisite: Arts 2356. This course is a continuation of Arts 2356. Emphasis is on individual expression. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5006055226)

ARTS 2366 Watercolor I (3)
(This is a common course number. Former course prefix/number ART 217.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. This course explores studio techniques in water base media. Emphasis is placed on exploration of a variety of modes and techniques as a means to original expression. This course may be repeated for credit. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085330)

ARTS 2367 Watercolor II (3)
(This is a common course number. Former course prefix/number ART 218.)
Prerequisite: Arts 2366. This course continues the development of skills in water base media. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085326)

ARTS 2370 Arts History (3)
(This is a unique need course. Former course prefix/number ART 203.)
Prerequisite: Arts 1303 and Arts 1304. The development of the art of western culture during the Renaissance Period is presented. Emphasis is on the development of Renaissance art in Northern and Southern Europe. (3 Lec.)
(Coordinating Board Academic Approval Number 5007039226)

ARTS 2371 Arts History (3)
(This is a unique need course. Former course prefix/number ART 204.)
Prerequisite: Arts 1303 and Arts 1304 are recommended for Art Majors. The development of the art of western culture from the late 19th century through today is presented. Emphasis is on the development of modern art in Europe and America. (3 Lec.)
(Coordinating Board Academic Approval Number 5007039226)
ARTS 2372 Commercial Arts I (3)  
(This is a unique need course. Former course prefix/number ART 210.)  
Prerequisite: Arts 1311, Arts 1312, Arts 1316, and Arts 1317 are recommended for Art majors. The working world of commercial art is introduced. Typical commercial assignments are used to develop professional attitudes and basic studio skills. (2 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 5004027126)

ARTS 2389 Academic Cooperative in Art, Photography/Digital Imaging (3)  
(This is a common course number. Former course prefix/number PHO 215/PHOT 2375.)  
An instructional program designed to integrate on-campus study with practical hands-on work experience in the humanities and/or fine arts. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of languages, art, music, philosophy, or religion. This course should be given a discipline prefix and Texas Common Course Number 2389. (2 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 2401035212)

ARTT 1101 Conceptual Figure Drawing (1)  
(This is a WECM course number. Former course prefix/number ARTS 2323.)  
Prerequisite: Visual Communications Core Curriculum or demonstrated competence approved by the instructor. Introduction to the techniques of drawing the human figure with emphasis on gesture and contour technique. Topics include structure of the human form in relation to drawing body proportions; bone and muscle structure of the human form and the bone and muscle components of human hands and other appendages. This class must be taken concurrently with ARTT 1201. (4 Lab.)

ARTT 1149 Drawing Techniques (1)  
(This is a WECM course number. Former course prefix/number VCOM 2371.)  
Prerequisite: Visual Communications Core Curriculum or demonstrated competence approved by the instructor. Instruction in production of creative illustrations with techniques using special surfaces and tools for black and white artwork for reproduction. Projects in ink drawings using coquille board, India ink, technical drawing pens, pen and ink, drybrush, bristol board, scratch board, and litho pencil. This class must be taken concurrently with ARTT 1249. (4 Lab.)

ARTT 1201 Conceptual Figure Drawing (2)  
(This is a WECM course number. Former course prefix/number ARTS 2323.)  
Prerequisite: Visual Communications Core Curriculum or demonstrated competence approved by the instructor. Introduction to the techniques of drawing the human figure with emphasis on gesture and contour technique. Topics include structure of the human form in relation to drawing body proportions; bone and muscle structure of the human form and the bone and muscle components of human hands and other appendages. This class must be taken concurrently with ARTT 1101. (2 Lec.)

ARTT 1249 Drawing Techniques (2)  
(This is a WECM course number. Former course prefix/number VCOM 2371.)  
Prerequisite: Visual Communications Core Curriculum or demonstrated competence approved by the instructor. Instruction in production of creative illustrations with techniques using special surfaces and tools for black and white artwork for reproduction. Projects in ink drawings using coquille board, India ink, technical drawing pens, pen and ink, drybrush, bristol board, scratch board, and litho pencil. This class must be taken concurrently with ARTT 1149. (2 Lec.)

AUMT 1305 Introduction to Automotive Technology (3)  
(This is a WECM course number. Former course prefix/number AUTO 1163 or AUTO 1370.)  
An introduction to the automotive industry including automotive history, safety practices, shop equipment and tools, vehicle subsystems, service publications, fasteners, professional responsibilities, and automotive maintenance. May be taught manufacturer specific. (2 Lec., 4 Lab.)
AUMT 1306 Automotive Engine Removal and Installation (3)
(This is a WECM course number. Former course prefix/number AUTO 1164.)
Prerequisite: AUMT 1305 or concurrent enrollment in AUMT 1305. Fundamentals of engine inspection, removal and installation procedures. May be taught manufacturer specific. (2 Lec., 4 Lab.)

AUMT 1307 Automotive Electrical Systems (3)
(This is a WECM course number. Former course prefix/number AUTO 1173 or AUTO 1371.)
Prerequisite: AUMT 1305 or concurrent enrollment in AUMT 1305. An overview of automotive electrical systems including topics in operational theory, testing, diagnosis, and repair of batteries, charging and starting systems, and electrical accessories. Emphasis on electrical schematic diagrams and service manuals. May be taught manufacturer specific. (2 Lec., 4 Lab.)

AUMT 1310 Automotive Brake Systems (3)
(This is a WECM course number. Former course prefix/number AUTO 1166 or AUTO 2470.)
Prerequisite: AUMT 1307 or concurrent enrollment in AUMT 1307. Operation and repair of drum/disc type brake systems. Emphasis on safe use of modern equipment. Topics include brake theory, diagnosis, and repair of power, manual, anti-lock brake systems, and parking brakes. May be taught manufacturer specific. (2 Lec., 4 Lab.)

AUMT 1316 Suspension and Steering (3)
(This is a WECM course number. Former course prefix/number AUTO 1167.)
Prerequisite: AUMT 1307 or concurrent enrollment in AUMT 1307. Theory and operation of automotive suspension and steering systems including tire and wheel problem diagnosis, component repair, and alignment procedures. May be taught manufacturer specific. (2 Lec., 4 Lab.)

AUMT 1319 Automotive Engine Repair (3)
(This is a WECM course number. Former course prefix/number AUTO 1165.)
Prerequisite: AUMT 1305 or concurrent enrollment in AUMT 1305. Fundamentals of engine operation, diagnosis and repair including lubrication systems and cooling systems. Emphasis on overhaul of selected engines, identification and inspection, measurements, and disassembly, repair, and reassembly of the engine. May be taught manufacturer specific. (2 Lec., 4 Lab.)

AUMT 1345 Automotive Heating and Air Conditioning (3)
(This is a WECM course number. Former course prefix/number AUTO 2244 or AUTO 2370.)
Prerequisite: AUMT 1307 or concurrent enrollment in AUMT 1307. Theory of automotive air conditioning and heating systems. Emphasis on the basic refrigeration cycle and diagnosis and repair of system malfunctions. Covers EPA guidelines for refrigerant handling and new refrigerant replacements. May be taught manufacturer specific. (2 Lec., 4 Lab.)

AUMT 1380 Cooperative Education-Auto/Automotive Mechanic/Technician (3)
(This is a WECM course number. Former course prefix/number AUTO 1743 or AUTO 7371.)
Prerequisite: Completion of at least 2 AUMT courses and Automotive Department approval. An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)

AUMT 1381 Cooperative Education-Auto/Automotive Mechanic/Technician (3)
(This is a WECM course number. Former course prefix/number AUTO 1753 or AUTO 7372.)
Prerequisite: Completion of at least 2 AUMT courses and Automotive Department approval. An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)

AUMT 2313 Manual Drive Train and Axles (3)
(This is a WECM course number. Former course prefix/number AUTO 1168 or AUTO 2371.)
Prerequisite: AUMT 1305 or concurrent enrollment in AUMT 1305. A study of automotive clutches, clutch operation devices, standard transmissions, transaxles, and differentials with emphasis on the diagnosis and repair of transmissions and drive lines. May be taught manufacturer specific. (2 Lec., 4 Lab.)

AUMT 2317 Engine Performance Analysis I (3)
(This is a WECM course number. Former course prefix/number AUTO 2245.)
Prerequisite: AUMT 1307. Theory, operation, diagnosis, and repair of basic engine dynamics, ignition systems, and fuel delivery systems. Use of basic engine performance diagnostic equipment. May be taught manufacturer specific. (2 Lec., 4 Lab.)
AUMT 2325 Automatic Transmission and Transaxle (3)
(This is a WECM course number. Former course prefix/number AUTO 2241.)
Prerequisite: AUMT 1307. A study of the operation, hydraulic principles, and related circuits of modern automatic transmissions and automatic transaxles. Diagnosis, disassembly, and assembly procedures with emphasis on the use of special tools and proper repair techniques. May be taught manufacturer specific. (2 Lec., 4 Lab.)

AUMT 2332 Automatic Transmission and Transaxle II (3)
(This is a WECM course number. Former course prefix/number AUMT 2374.)
Prerequisite: AUMT 2325. A study of electronic controls and actuators and the related circuits of modern automatic transmissions and automatic transaxles. Diagnosis, service, and repair procedures with emphasis on the use of special tools, and proper repair techniques. May be taught manufacturer specific. (2 Lec., 4 Lab.)

AUMT 2334 Engine Performance Analysis II (3)
(This is a WECM course number. Former course prefix/number AUTO 2248.)
Prerequisite: AUMT 2317. Diagnosis and repair of emission systems, computerized engine performance systems, and advanced ignition and fuel systems; and proper use of advanced engine performance diagnostic equipment. May be taught manufacturer specific. (2 Lec., 4 Lab.)

AUMT 2340 Automotive Alternative Fuels (3)
(This is a WECM course number. Former course prefix/number AUTO 2380.)
Prerequisite: AUMT 1307. A study of the composition and use of various alternative automobile fuels including retrofit procedures and applications, emission standards, availability, and course effectiveness. Overview of federal and state legislation concerning fuels. (2 Lec., 4 Lab.)

AUMT 2375 Powertrain Diagnostics (3)
(This is a local need course number. Former course prefix/number AUTO 2247.)
Prerequisite: AUMT 2334 or AUMT 2374. Diagnosis and repair of powertrain systems including engine and/or transmission systems; with emphasis on the application of advanced diagnostic information, tools and techniques. May be taught manufacturer specific. (2 Lec., 4 Lab.)

AUMT 2380 Cooperative Education-Auto/Automotive Mechanic/Technician (3)
(This is a WECM course number. Former course prefix/number AUTO 2843, AUTO 7371 or AUTO 7471.)
Prerequisite: Completion of at least 2 AUMT courses and Automotive Department approval. An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)

AUMT 2381 Cooperative Education-Auto/Automotive Mechanic/Technician (3)
(This is a WECM course number. Former course prefix/number AUTO 2853 or AUTO 7472.)
Prerequisite: Completion of at least 2 AUMT courses and Automotive Department approval. An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)

BIOL 1406 General Biology (4)
(This is a common course number. Former course prefix/number BIO 101.)
This course is the first of a two-semester sequence designed for students majoring or minoring in biology and related disciplines. Topics include but are not limited to the scientific method, general and biological chemistry, cell structure and function, cell reproduction, and molecular genetics. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601015103)

BIOL 1407 General Biology (4)
(This is a common course number. Former course prefix/number BIO 102.)
This course is the first of a two-semester sequence designed for students majoring or minoring in biology and related disciplines. Topics include but are not limited to the scientific method, general and biological chemistry, cell structure and function, cell reproduction, and molecular genetics. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601015103)
BIOL 1408 Biological Science (4)
(This is a common course number. Former course prefix/number BIO 115.)
This course is designed for all majors except science. Selected topics in biological science are presented to students not majoring in the sciences to promote their understanding of biological concepts and to enable them to use these concepts in their daily lives. Topics include chemistry and biochemistry, the cell, respiration, photosynthesis, cell reproduction, genetics, and reproduction and development. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601015103)

BIOL 1409 Biological Science (4)
(This is a common course number. Former course prefix/number BIO 116.)
This course is designed for all majors except science. Selected topics in biological science are presented to students not majoring in the sciences to promote their understanding of biological concepts and to enable them to use these concepts in their daily lives. Topics include plant and animal systems, diversity of life and population dynamics, taxonomy, evolution, and ecology. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601015103)

BIOL 1411 Introductory Botany (4)
(This is a common course number. Former course prefix/number BIO 110.)
This course introduces plant form and function. Topics ranging from the cell through organs are included. Emphasis is on the vascular plants, including the taxonomy and life cycles of major plant divisions. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2603015103)

BIOL 1424 Intermediate Botany (4)
(Former course prefix/number BIO 203.)
Prerequisite: Biology 1406 and 1407. The major plant groups are surveyed. Emphasis is on morphology, physiology, classification, and life cycles. Evolutionary relationships of plants to each other and their economic importance to humans are also covered. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2063015203)

BIOL 2306 Environmental Biology (3)
(This is a common course number. Former course prefix/number BIO 223.)
The principles of aquatic and terrestrial communities are presented. Emphasis is on the relationship of these principles to the problems facing people in a modern technological society. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 0301025101)

BIOL 2370 Field Biology (3)
(This is a unique need course. Former course prefix/number BIO 218.)
Local plant and animal life are surveyed in relationship to the environment. Aquatic and terrestrial communities are studied with reference to basic ecological principles and techniques. Emphasis is upon classification, identification, and collection of specimens in the field. This course may be repeated for credit. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 2606039203)

BIOL 2401 Anatomy and Physiology I (4)
(This is a common course number. Former course prefix/number BIO 221.)
Prerequisite: Biology 1406 and Biology 1407 or demonstrated competence approved by the instructor. This course examines cell structure and function, tissues, and the skeletal, muscular, and nervous systems. Emphasis is on structure, function, and the interrelationships of the human systems. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2607065103)

BIOL 2402 Anatomy and Physiology II (4)
(This is a common course number. Former course prefix/number BIO 222.)
Prerequisite: Biology 2401 or demonstrated competence approved by the instructor. This is the second course of a two-course sequence. Structure and function as related to the human circulatory, respiratory, urinary, digestive, reproductive, and endocrine systems are studied. Emphasis is placed on the interrelationships of these systems. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2607065103)

BIOL 2406 Environmental Biology (4)
(This is a common course number.)
The principles of aquatic and terrestrial communities are presented. Emphasis is on the relationship of these principles to the problems facing people in a modern technological society. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 0301025101)

BIOL 2420 General Microbiology (4)
(This is a common course number. Former course prefix/number BIO 216.)
Prerequisite: Biology 1406 and Biology 1407 or demonstrated competence approved by the instructor. Topics include growth, reproduction, nutrition, genetics, and ecology of micro-organisms, as well as aspects of microbial disease, immunology and chemotherapy. Laboratory activities constitute a major part of the course. (3 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 2605015103)

BMGT 1301 Supervision (3)
(This is a WECM course number. Former course prefix/number MGMT 1374.)
A study of the role of the supervisor. Managerial functions as applied to leadership, counseling, motivation, and human skills are examined. (3 Lec.)
BMGT 1302 Principles of Retailing (3)
(This is a WECM course number. Former course prefix/number MRKT 1370.)
Introduction to the retailing environment and its relationship to consumer demographics, trends, and traditional/nontraditional retailing markets. The employment of retailing techniques and the factors that influence modern retailing. (3 Lec.)

BMGT 1303 Principles of Management (3)
(This is a WECM course number. Former course prefix/number MGMT 1370.)
Concepts, terminology, principles, theory, and issues that are the substance of the practice of management. (3 Lec.)

BMGT 1333 Principles of Selling (3)
(This is a WECM course number. Former course prefix/number MRKT 2373.)
Introduction to the selling process and its application to all forms of sales. Identification of the elements of the communication process between buyers and sellers in business and examination of the legal regulations and ethical issues of business which effect salespeople. (3 Lec.)

BMGT 1349 Advertising and Sales Promotion (3)
(This is a WECM course number. Former course prefix/number MRKT 2374.)
Introduction to the advertising principles, practices, and multimedia of persuasive communication including buyer behavior, budgeting, and regulatory constraints. (3 Lec.)

BMGT 1382 Cooperative Education - Business Administration and Management, General (3)
(This is a WECM course number. Former course prefix/number MGMT 7371.)
The student should have previous credit in or concurrent enrollment in BMGT 1301 or demonstrated competence approved by the instructor. Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 14 Ext.)

BMGT 1383 Cooperative Education - Business Administration and Management, General (3)
(This is a WECM course number. Former course prefix/number MGMT 7372.)
The student should have previous credit in or concurrent enrollment in HRPO 2301 or demonstrated competence approved by the instructor. Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 14 Ext.)

BMGT 2303 Problem Solving and Decision Making (3)
(This is a WECM course number. Former course prefix/number MGMT 2375.)
Decision making and problem solving processes in organizations, utilizing logical and creative problem solving techniques. Application of theory is provided by experiential activities such as small group discussions, case studies, and the use of other managerial decision aids. (3 Lec.)

BMGT 2382 Cooperative Education - Business Administration and Management, General (3)
(This is a WECM course number. Former course prefix/number MGMT 8381.)
The student should have previous credit in or concurrent enrollment in HRPO 2307 or demonstrated competence approved by the instructor. Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 14 Ext.)
BMGT 2383 Cooperative Education - Business Administration and Management, General (3)
(This is a WECM course number. Former course prefix/number MGMT 8382.)
The student should have previous credit in or concurrent enrollment in BMGT 2303 or demonstrated competence approved by the instructor. Career related activities encountered in the student’s area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 14 Ext.)

BUSI 1301 Introduction to Business (3)
(This is a common course number. Former course prefix/number BUS 103.)
This course provides an introduction to business operations. Topics include: the business system, legal forms of business, organization and management, business functions (production, marketing, finance, risk management, information systems, accounting) and the environments affecting business (the economy, labor, government regulation, social responsibility, law, international business, and technology). (3 Lec.)

BUSI 2301 Business Law (3)
(This is a common course number. Former course prefix/number BUS 234.)
This course presents the legal principles affecting business decisions. The law of contracts, agency, sales, negotiable instruments, and secured transactions are specifically covered. (3 Lec.)

CETT 1402 Electricity Principles (4)
(This is a WECM course number. Former course prefix/number HVAC 1671/HART 1401.)
Principles of electricity including proper use of test equipment, A/C and D/C circuits, and component theory and operation. The student will exhibit knowledge of basic principles of electricity, electrical current, circuitry, and A/C devices; apply Ohm’s law to electrical calculations; perform electrical continuity, voltage, and current tests with appropriate meters; and demonstrate electrical safety. (3 Lec., 3 Lab.)

CHEM 1204 Chemical Calculations (2)
(This is a common course number. Former course prefix/number CHM 205/CHM 1207.)
Prerequisite: Chemistry 1411. Chemical calculations are reviewed. Emphasis is on stoichiometry and chemical equilibrium. (2 Lec.)

CHEM 1405 Introductory Chemistry I (4)
(Former course prefix/number CHM 115.)
Prerequisite: Developmental Mathematics 0091 or the equivalent. This course is for non-science majors. Fundamental concepts are presented in lecture and laboratory including the periodic table, atomic structure, chemical bonding, reactions, stoichiometry, states of matter, properties of metals, nonmetals and compounds, acid-base theory, oxidation-reduction and solutions. Descriptive chemistry is emphasized. (3 Lec., 3 Lab.)

CHEM 1407 Introductory Chemistry II (4)
(Former course prefix/number CHM 116.)
Prerequisite: Chemistry 1405 or demonstrated competence approved by the instructor. This course is for non-science majors. It surveys organic chemistry and biochemistry. The reactions, synthesis, nomenclature, uses, purposes and properties of the important classes of organic and biochemical compounds are studied. (3 Lec., 3 Lab.)

CHEM 1411 General Chemistry I (4)
(This is a common course number. Former course prefix/number CHM 101.)
Prerequisite: Developmental Mathematics 0093 or the equivalent and one of the following: high school chemistry, Chemistry 1405, or the equivalent. This course is for science and science-related majors. Fundamental concepts of chemistry are presented including measurement and the metric system, the history of chemistry, the mole concept, chemical reactions and stoichiometry, energy and chemical reactions, states and properties of matter, the periodic table, chemical bonding, atomic and molecular structure, gas laws, and concentrations of solutions. (3 Lec., 3 Lab.)

CHEM 1412 General Chemistry II (4)
(This is a common course number. Former course prefix/number CHM 102.)
Prerequisite: Chemistry 1411. This course is for science and science-related majors. It is a continuation of Chemistry 1411. Topics include states of matter, phase diagrams and intermolecular interactions; reaction kinetics, chemical equilibrium, modern acid-base theory, buffers, chemical thermodynamics, colligative properties of solutions, electrochemistry and nuclear chemistry. Topics may further include transition-metal chemistry, an introduction to organic chemistry and qualitative inorganic analysis. (3 Lec., 3 Lab.)
CHEM 2423 Organic Chemistry I (4)
(This is a common course number. Former course prefix/number CHM 201.)
Prerequisite: Chemistry 1412. This course is for science and science-related majors. It introduces the fundamental classes of organic (carbon) compounds, and begins the study of aliphatic and aromatic compounds, including nomenclature, structure and isomerism, stereochemistry, types of reactions, common mechanisms and syntheses. Lab includes synthesis, purification by distillation, extraction, recrystallization and chromatography, and identification by physical and chemical means and may include spectroscopic identification. (3 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 4005045203)

CHEM 2425 Organic Chemistry II (4)
(This is a common course number. Former course prefix/number CHM 202.)
Prerequisite: Chemistry 2423. This course is for science and science-related majors. It is a continuation of Chemistry 2423. Topics include properties and syntheses of aliphatic and aromatic systems of aldehydes, ketones, carboxylic acids, esters, ethers, alcohols, amines and amides. Spectroscopy is included. Further topics may include polyfunctional and heterocyclic compounds, amino acids, proteins, lipids, and carbohydrates. Laboratory includes spectroscopy and qualitative organic analysis, and further work in synthesis. (3 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 4005045203)

CJLE 2420 Texas Peace Officer Procedures (4)
(This is a WECM course number. Former course prefix/number CRJ 2333.)
This course is a study of the techniques and procedures used by police officers on patrol. Includes controlled substance identification, handling abnormal persons, traffic collision investigation, note taking and report writing, vehicle operation, traffic direction, crowd control, and jail operations. (3 Lec., 4 Lab.)

CJLE 2421 Texas Peace Officer Law (4)
(This is a WECM course number. Former course prefix/number CRJ 2334.)
This course is a study of laws that are directly related to police field work. Topics include traffic, intoxicated driver, Penal Code, elements of crimes, the Family Code, Alcoholic Beverage Code, and civil liability. (3 Lec., 4 Lab.)

CJLE 2522 Texas Peace Officer Skills (5)
(This is a WECM course number. Former course prefix/number CRJ 2335.)
This course includes the demonstration and practice of the skills expected of a police officer. Topics include patrol, traffic stops, use of force, mechanics of arrest, firearms safety and emergency medical care. (4 Lec., 4 Lab.)

CJSA 1382 Cooperative Education - Criminal Justice Studies (3)
(This is a WECM course number. Former course prefix/number CRJ 7371.)
Career related activities encountered in the student’s area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a specific discipline, specific learning objectives guide the student through the paid work experience. The course may be repeated if topics and learning outcomes vary. (1 Lec., 15 Ext.)

CJSA 1482 Cooperative Education - Criminal Justice Studies (4)
(This is a WECM course number. Former course prefix/number CRJ 7471.)
Career related activities encountered in the student’s area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a specific discipline, specific learning objectives guide the student through the paid work experience. The course may be repeated if topics and learning outcomes vary. (1 Lec. 20 Ext.)

CJSA 2382 Cooperative Education - Criminal Justice Studies (3)
(This is a WECM course number. Former course prefix/number CRJ 7372.)
Career related activities encountered in the student’s area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a specific discipline, specific learning objectives guide the student through the paid work experience. The course may be repeated if topics and learning outcomes vary. (1 Lec., 15 Ext.)

CJSA 2482 Cooperative Education - Criminal Justice Studies (4)
(This is a WECM course number. Former course prefix/number CRJ 7472.)
Career related activities encountered in the student’s area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a specific discipline, specific learning objectives guide the student through the paid work experience. The course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Ext.)
COSC 1300 Computer Literacy (3)  
(This is a common course number.)  
The student will develop the ability to use computer-based technology in communicating, acquiring information and solving problems. Additionally, the student will evaluate the effects and implications of technology on various aspects of society.  
COSC 1300 may not be applied towards a computer science major or minor. (2 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 1101015107)  

COSC 1315 Computer Science I (3)  
(This is a common course number. Former course prefix/number CS 113.)  
This introductory course is designed to meet the requirements for a four-year degree with a major or minor in computer science, mathematics, or a scientific field. This course will focus on problem-solving using modular design techniques implemented with a structured programming language. (3 Lec., 1 Lab.)  
(Coordinating Board Academic Approval Number 1102015207)  

COSC 1401 Microcomputer Concepts and Applications (4)  
(This is a common course number.)  
This course introduces the use of computers in business organizations, professional activities and personal life. Topics include terminology, hardware and software, applications and systems development, networking and the use of contemporary software. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 1101015207)  

COSC 1415 Introduction to Computer Science and Programming (4)  
(This is a common course number.)  
This introductory course is designed to meet the requirements for a four-year degree with a major or minor in computer science, mathematics, or a scientific field. This course focuses on problem-solving using modular design techniques implemented with a structured programming language. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 1102015207)  

COSC 1430 Programming I (4)  
(This is a common course number.)  
Prerequisite: Computer Science 1315 or Computer Science 1415 or equivalent. Introduction to computer programming in an emerging or alternative programming language. Fundamentals of structured design, development, testing, implementation, and documentation are emphasized. Topics include language syntax, control structures, and program execution logic. This course may be repeated for credit when language varies. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 1102015207)  

COSC 2315 Computer Science II (3)  
(This is a common course number.)  
Prerequisite: Computer Science 1315 and Mathematics 1414 or demonstrated competence approved by the instructor. This course is a continuation of Computer Science 1315 and is designed to meet the requirements for a degree in computer science or related field. Topics covered include structured problem-solving, elementary and advanced data structures, the use of pointer variables and references, and an introduction to object-oriented programming. (3 Lec., 1 Lab.)  
(Coordinating Board Academic Approval Number 1102015307)  

COSC 2415 Advanced Computer Science and Programming (4)  
(This is a common course number.)  
Prerequisite: Computer Science 1415 and Mathematics 1414 or demonstrated competence approved by the instructor. This course is a continuation of Computer Science 1415 and is designed to meet the requirements for a degree in computer science or a related field. Topics include structured problem-solving, elementary and advanced data structures, the use of pointer variables and references, and an introduction to object-oriented programming. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 1102015307)  

COSC 2425 Assembly Language (4)  
(This is a common course number. Former course prefix/number CS 212/COSC 2325.)  
Prerequisite: Computer Science 1315 or demonstrated competence approved by the instructor. This course is designed to meet the requirements for a degree in computer science or a related field. Topics covered include a study of assembly language programming, machine representation of data and instructions, and addressing techniques. (3 Lec., 2 Lab.)  
(Coordinating Board Academic Approval Number 1102015407)  

CREX 1309 Career Exploration/Planning (3)  
(This is a WECM course number. Former course prefix/number HD 104/HDEV 1370.)  
An introduction to the process of career decision-making, educational planning, and job searching. Topics include analyzing personal career interests, values, and aptitudes; surveying and researching career fields with related educational and training requirements; practicing the decision-making process; and basic job search skills such as completing applications, writing letters of application, developing and using resumes and interviewing. (3 Lec.)
CRIJ 1301 Introduction to Criminal Justice (3)
(This is a common course number. Former course prefix/number CJ 140.)
This course is a study of history and philosophy of criminal justice including ethical considerations. Topics include the definition of crime, the nature and impact of crime, an overview of the criminal justice system, law enforcement, court system, prosecution and defense, trial process, and corrections. (3 Lec.)
(Coordinating Board Academic Approval Number 4301045124)

CRIJ 1306 Court Systems and Practices (3)
(This is a common course number. Former course prefix/number CJ 122.)
The judiciary in the criminal justice system is explained. The structure of the American Court System is defined. Prosecutorial right to counsel is explained. Other areas covered are pretrial release, grand juries, adjudication process, and types of rules of evidence and sentencing. (3 Lec.)
(Coordinating Board Academic Approval Number 2201015424)

CRIJ 1307 Crime in America (3)
(This is a common course number. Former course prefix/number CJ 139.)
American crime problems are studied in the historical perspective. Social and public policy factors affecting crime are discussed. The impact of crime and crime trends are shown along with the social characteristics of specific crimes. The prevention of crime is emphasized. (3 Lec.)
(Coordinating Board Academic Approval Number 4504015225)

CRIJ 1310 Fundamentals of Criminal Law (3)
(This is a common course number. Former course prefix/number CJ 130.)
A study of the nature of criminal law is presented. The philosophical and historical development of criminal law is covered. Major definitions and concepts are given. The classification of crime is covered. The elements of crimes and penalties are discussed using Texas statutes as illustrations. Criminal responsibility is defined. (3 Lec.)
(Coordinating Board Academic Approval Number 2201015324)

CRIJ 1313 Juvenile Justice System (3)
(This is a common course number. Former course prefix/number CJ 232.)
A study of the juvenile justice process. Topics include specialized juvenile law, role of the juvenile law, role of the juvenile courts, role of police agencies, role of corrections agencies, and theories concerning delinquency. (3 Lec.)
(Coordinating Board Academic Approval Number 4301045224)

CRIJ 2301 Community Resources in Corrections (3)
(This is a common course number. Former course prefix/number CJ 251.)
An overview of diversionary practices and treatment programs available to offenders in a local context. Topics include selected recognized models and future trends in community treatment. (3 Lec.)
(Coordinating Board Academic Approval Number 4301045324)

CRIJ 2313 Correctional Systems and Practices (3)
(This is a common course number. Former course prefix/number CJ 250.)
A study of the role of corrections in the criminal justice system. Topics include organization and theory of correctional systems, institutional operations, management, alternatives to institutionalization, treatments and rehabilitation, and current and future issues. (3 Lec.)
(Coordinating Board Academic Approval Number 4301045424)

CRIJ 2314 Criminal Investigation (3)
(This is a common course number. Former course prefix/number CJ 240.)
Prerequisite: CRIJ 1301. Study of investigative theory, the collection an preservation of evidence, sources of information, concepts of interviewing and interrogation, the use of forensic sciences, and trial preparation. (3 Lec.)
(Coordinating Board Academic Approval Number 4301045524)

CRIJ 2323 Legal Aspects of Law Enforcement (3)
(This is a common course number. Former course prefix/number CJ 247.)
This course covers police authority, responsibilities, and constitutional constraints. Topics include laws of arrest, search and seizure, and police liability. (3 Lec.)
(Coordinating Board Academic Approval Number 4301045624)

CRIJ 2328 Police System and Practices (3)
(This is a common course number. Former course prefix/number CJ 248.)
Exploration of the profession of police officer. Topics include organization of law enforcement systems, the police role, police discretion, ethics, police-community interaction, and current and future issues. (3 Lec.)
(Coordinating Board Academic Approval Number 4301045724)

DCLS 0100 College Learning Skills (1)
(Former course prefix/number CLS 100.)
This course is for students who wish to extend their learning skills for academic or career programs. Individualized study and practice are provided in reading, study skills, and composition. This course may be repeated for a maximum of three credits. Students may enroll in up to three different sections of DCLS during one semester. This course does not count as TASP.

DEMR 1229 Preventative Maintenance (2)
(This is a WECM course number. Former course prefix/number AUTO 1270.)
An introductory course designed to provide the student with basic knowledge of proper servicing practices. Content includes record keeping and condition of major systems. (1 Lec., 3 Lab.)

DEMR 1317 Basic Brake Systems (3)
(This is a WECM course number.)
An introduction to the basic principles of brake systems of diesel powered equipment. Emphasis on maintenance, repairs, and troubleshooting. (1 Lec., 7 Lab.)
DEMR 1327 Tractor Trailer Service and Repair (3)
(This is a WECM course number. Former course prefix/number AUTO 2573.)
An introduction to and familiarization with components and systems related to tractor trailer service. Emphasis on records required by the Department of Transportation. (1 Lee., 7 Lab.)

DEMR 1410 Diesel Engine Testing and Repair I (4)
(This is a WECM course number. Former course prefix/number AUTO 1372.)
An introduction to testing and repairing diesel engines including related systems specialized tools. (2 Lec., 6 Lab.)

DEMR 1411 Diesel Engine Testing and Repair II (4)
(This is a WECM course number. Former course prefix/number AUTO 1474.)
Coverage of testing and repairing diesel engines including related systems specialized tools. (2 Lec., 6 Lab.)

DEMR 1416 Basic Hydraulics (4)
(This is a WECM course number. Former course prefix/number AUTO 2474.)
Fundamentals of hydraulics including components and related systems. (2 Lec., 6 Lab.)

DEMR 1421 Power Train I (4)
(This is a WECM course number.)
Introduction to the fundamentals, repair, and theory of power trains including clutches, transmissions, drive shafts, and differentials. Emphasis on inspection and repair. (2 Lec., 7 Lab.)

DEMR 1447 Power Train II (4)
(This is a WECM course number. Former course prefix/number AUTO 2572.)
Extended applications of mechanics and theory of power trains. Emphasis on disassembly, inspection, and repair of power train components. (2 Lec., 6 Lab.)

DEMR 2331 Advanced Brake Systems (3)
(This is a WECM course number. Former course prefix/number AUTO 2248.)
An advanced brake system course designed for diesel powered equipment. Advanced concepts and schematics including anti-lock, air, pneumatic, and hydraulic brake systems and related components. (2 Lec., 4 Lab.)

DEMR 2334 Advanced Diesel Tune-Up and Troubleshooting (3)
(This is a WECM course number. Former course prefix/number AUTO 2251.)
Concepts and skills required for tune-up and troubleshooting procedures of diesel engines. Emphasis on the science of diagnostics with a common sense approach. (1 Lec., 7 Lab.)

DEMR 2335 Advanced Hydraulics (3)
(This is a WECM course number. Former course prefix/number AUTO 2250.)
Advanced study of hydraulic systems and components including diagnostics and testing of hydraulic systems. (1 Lec., 6 Lab.)

DEMR 2348 Failure Analysis (3)
(This is a WECM course number. Former course prefix/number AUTO 2376.)
An advanced course designed for analysis of typical part failures on equipment. (2 Lec., 3 Lab.)

DEMR 2432 Electronic Controls (4)
(This is a WECM course number. Former course prefix/number AUTO 2249.)
Advanced skills in diagnostic and programming techniques of electronic control systems. (2 Lec., 7 Lab.)

DEMR 2542 Automatic Power Shift and Hydrostatic Transmissions I (5)
(This is a WECM course number. Former course prefix/number AUTO 2571.)
A study of the operation, maintenance, and repair of automatic shift hydrostatic transmissions. (3 Lec., 6 Lab.)

Developmental Mathematics courses offer a review of mathematical skills. Developmental Mathematics 0099 or Developmental Mathematics 0093 satisfies prerequisites for Mathematics 1314, 1324, 1332, 1333, 1414 and 2342. Developmental Mathematics 0097 or Developmental Mathematics 0091 satisfies prerequisites for TECM 1341.

DMAT 0060 Basic Mathematics I (1)
(Former course prefix/number DM 060.)
This course is designed to give an understanding of fundamental operations. Selected topics include whole numbers, decimals, and ratio and proportions. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045119)

DMAT 0061 Basic Mathematics II (1)
(Former course prefix/number DM 061.)
This course is designed to give an understanding of fractions. Selected topics include primes, factors, least common multiples, percents, and basic operations with fractions. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045119)

DMAT 0062 Pre Business (1)
(Former course prefix/number DM 062.)
This course is designed to introduce students to business mathematics. Selected topics include discounts and commissions, interest, metric and English measuring systems, areas, and volumes. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045119)
DMAT 0063 Pre Algebra (1)
(Former course prefix/number DM 063.)
This course is designed to introduce students to the
language of algebra with such topics as integers,
metrics, equations, and properties of counting numbers.
(1 Lec.)
(Coordinating Board Academic Approval Number 3201045119)

DMAT 0064 Mathematics for Nursing I (1)
(Former course prefix/number OM 064.)
This course is designed to develop an understanding of
the measurements and terminology in medicine and calculations involving conversions of applicable systems
of measurement. It is designed primarily for students in
all nursing programs. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045119)

DMAT 0065 Mathematics for Nursing II (1)
(Former course prefix/number OM 065.)
Prerequisite: Developmental Mathematics 0064. This
course includes medical calculations used in problems
dealing with solutions and dosages. It is designed
primarily for students in the nursing programs. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045119)

DMAT 0070 Elementary Algebra I (1)
(Former course prefix/number DM 070.)
Prerequisite: Developmental Mathematics 0090,
Developmental Mathematics 0063, or equivalent. This
course is an introduction to algebra and includes
selected topics such as basic principles and operations
of sets, counting numbers, and integers. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045119)

DMAT 0071 Elementary Algebra II (1)
(Former course prefix/number DM 071.)
Prerequisite: Developmental Mathematics 0070 or
equivalent. This course includes selected topics such as
rational numbers, algebraic polynomials, factoring, and
algebraic fractions. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045119)

DMAT 0072 Elementary Algebra III (1)
(Former course prefix/number DM 072.)
Prerequisite: Developmental Mathematics 0071 or
equivalent. This course includes selected topics such as
fractional and quadratic equations, quadratic equations
with irrational solutions, and systems of equations
involving two variables. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045119)

DMAT 0073 Introduction to Geometry (1)
(Former course prefix/number DM 073.)
This course introduces principles of geometry. Axioms,
theorems, axiom systems, models of such systems, and
methods of proof are stressed. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045119)

DMAT 0080 Intermediate Algebra I (1)
(Former course prefix/number DM 080.)
Prerequisite: Developmental Mathematics 0072,
Developmental Mathematics 0091 or equivalent. This
course includes selected topics such as systems of
rational numbers, real numbers, and complex numbers.
(1 Lec.)
(Coordinating Board Academic Approval Number 3201045219)

DMAT 0081 Intermediate Algebra II (1)
(Former course prefix/number DM 081.)
Prerequisite: Developmental Mathematics 0080 or
equivalent. This course includes selected topics such as
sets, relations, functions, inequalities, and absolute
values. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045219)

DMAT 0082 Intermediate Algebra III (1)
(Former course prefix/number DM 082.)
Prerequisite: Developmental Mathematics 0081 or
equivalent. This course includes selected topics such as
graphing, exponents, and factoring. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045219)

DMAT 0090 Pre Algebra Mathematics (3)
(Former course prefix/number DM 090.)
Prerequisite: An appropriate assessment test score. This
course is designed to develop an understanding of
fundamental operations using whole numbers, fractions,
decimals, and percentages and to strengthen basic skills
in mathematics. The course is planned primarily for
students who need to review basic mathematical
processes. This is the first three-hour course in the
developmental mathematics sequence. (3 Lec.)
(Coordinating Board Academic Approval Number 3201045119)

DMAT 0091 Elementary Algebra (3)
(Former course prefix/number DM 091.)
Prerequisite: Developmental Mathematics 0090 or an
appropriate assessment test score. This is a course in
introductory algebra which includes operations on real
numbers, polynomials, special products and factoring,
rational expressions, and linear equations and
inequalities. Also covered are graphs, systems of linear
equations, exponents, roots, radicals, and quadratic
equations. (3 Lec.)
(Coordinating Board Academic Approval Number 3201045119)
DMAT 0093 Intermediate Algebra (3)
(Former course prefix/number DM 093.)
Prerequisite: One year of high school algebra and an appropriate assessment test score or Developmental Mathematics 0091. This course includes further development of the terminology of sets, operations on sets, properties of real numbers, polynomials, rational expressions, linear equations and inequalities, the straight line, systems of linear equations, exponents, roots, and radicals. Also covered are products and factoring, quadratic equations and inequalities, absolute value equations and inequalities, relations, functions, and graphs. (3 Lec.)
(Coordinating Board Academic Approval Number 3201045219)

DMAT 0096 Essential Math (3)
(Former course prefix/number DM 096.)
This course is designed primarily for students who need to review basic mathematical processes. Students will develop an understanding of fundamental operations using fractions, decimals, and percentages to strengthen basic skills in mathematics. This is a first course in the developmental mathematics sequence. (3 Lec.)
(Coordinating Board Academic Approval Number 3201045219)

DMAT 0097 Algebra Fundamentals I (3)
(Former course prefix/number DM 097.)
Prerequisite: Developmental Mathematics 0096 or 0090 or an appropriate assessment test score. This is a course in introductory algebra which includes operations on real numbers, polynomials, special products and factoring, and linear equations. Also covered are graphs, systems of linear equations and simple exponents. (3 Lec.)
(Coordinating Board Academic Approval Number 3201045219)

DMAT 0098 Algebra Fundamentals II (3)
(Former course prefix/number DM 098.)
Prerequisite: One year of high school algebra and an appropriate assessment test score or Developmental Mathematics 0097 or Developmental Mathematics 0091. This course is a course in introductory algebra which includes rational expressions, inequalities and quadratic equations. Also included are properties of real numbers, the straight line, absolute value equations and advanced factoring. (3 Lec.)
(Coordinating Board Academic Approval Number 3201045219)

DMAT 0099 Algebra Fundamentals III (3)
(Former course prefix/number DM 099.)
Prerequisite: One year of high school algebra and an appropriate assessment test score or Developmental Mathematics 0098. This is a course in intermediate algebra which further develops rational expressions, roots, exponents and radicals. Also covered are quadratic inequalities, relations functions and graphs and system of non-linear equations. (3 Lec.)
(Coordinating Board Academic Approval Number 3201045219)

DMAT 0100 Review of Basic Mathematical Concepts (1)
(Former course prefix/number: None.)
Prerequisite: Developmental Mathematics 0093 or Developmental Mathematics 0098. This course is for students who have not passed the mathematics section of the TASP test. Topics covered will include: real numbers; graphs, charts and tables; solving linear and quadratic equations; algebraic expressions; solving problems involving geometric concept and applied reasoning skills. This course cannot be used as a prerequisite for any college-level mathematics course. This course may be repeated for a maximum of 3 credits. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045119)

DMAT 0200 Review of Fundamental Mathematical Concepts (2)
Prerequisite: Developmental Mathematics 0093 or Developmental Mathematics 0099 or consent of instructor. This is a review course for students who have completed and passed the recommended developmental mathematics sequence of courses but have not passed the mathematics section of the TASP test. Emphasis is on individual needs. This course cannot be used as a prerequisite for any college-level mathematics course. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 3201045119)

DMAT 0300 Review of Algebraic and Geometric Concepts (3)
Prerequisite: Developmental Mathematics 0093 or Developmental Mathematics 0099. This is a review course for students who have completed and passed the recommended developmental mathematics sequence of courses but have not passed the mathematics section of the TASP test. Topics include test-taking strategies and practice as well as TASP related mathematical concepts. This course cannot be used as a prerequisite for any college-level mathematics course. (3 Lec.)
(Coordinating Board Academic Approval Number 3201045119)

DMAT 0400 Review of Fundamental Algebraic Concepts (4)
Prerequisite: Developmental Mathematics 0093 or Developmental Mathematics 0099. This is a review course for students who have completed and passed the recommended developmental mathematics sequence of courses but have not passed the mathematics section of the TASP test. Topics include basic operations of real numbers; analysis and interpretation of graphs and tables; solutions and graphs of linear, absolute value and quadratic equations and inequalities; factoring; exponent; principles of geometry; inductive reasoning; and functions. This course cannot be used as a prerequisite for any college-level mathematics course. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 3201045119)
DRAM 1120 Rehearsal and Performance I (1)
(This is a common course number. Former course prefix/number THE 114.)
Participation in the class may include any phase of rehearsal and performance of the current theatrical presentation. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5005015226)

DRAM 1121 Demonstration Lab (1)
(Former course prefix/number THE 199/DRAM 1170.)
Scenes studied in various theatre classes are demonstrated to show contrast and different styles. This course may be repeated for credit. (1 Lab.)
(Coordinating Board Academic Approval Number 5005015226)

DRAM 1221 Rehearsal and Performance II (2)
(This is a common course number. Former course prefix/number THE 210.)
Participation in the class may include any phase of rehearsal and performance of the current theatrical presentation. This course may be repeated for credit. (6 Lab.)
(Coordinating Board Academic Approval Number 5005015226)

DRAM 1310 Introduction to the Theatre (3)
(This is a common course number. Former course prefix/number THE 101.)
The various aspects of theatre are surveyed. Topics include plays, playwrights, directing, acting, theatres, artists, and technicians. (3 Lec.)
(Coordinating Board Academic Approval Number 5005015226)

DRAM 1323 Theatre Workshop (3)
(This is a common course number. Former course prefix/number THE 236.)
A course in theatre with emphasis on performance techniques in musical and repertory theatre with practical performance experience. This course may be repeated for credit. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005015226)

DRAM 1330 Stagecraft I (3)
(This is a common course number. Former course prefix/number THE 103.)
The technical aspects of play production are studied. Topics include shop procedures, the planning and fabrication of scenic elements, and backstage operations. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005015226)

DRAM 1336 Television Production I (3)
(Former course prefix/number THE 201/DRAM 2370. The common course number is COMM 1336.)
This course is cross-listed with COMM 1336. Station organization, studio operation, and the use of studio equipment are introduced. Topics include continuity, camera, sound, lights, and videotape recording. The student may register for either DRAM 1336 or COMM 1336, but may receive credit for only one of the two courses. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005025126)

DRAM 1337 Television Production II (3)
(Former course prefix/number THE 202/DRAM 2371. The common course number is COMM 1337.)
Prerequisite: Drama 1336. This course is a continuation of Drama 1336. This course is cross-listed with COMM 1337. Emphasis is on the concept and technique of production in practical situations. The student may register for either DRAM 1337 or COMM 1337, but may receive credit for only one of the two courses. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1001045206)

DRAM 1341 Make-Up for the Stage (3)
(This is a common course number. Former course prefix/number THE 105.)
The craft of make-up is explored. Both theory and practice are included. (3 Lec.)
(Coordinating Board Academic Approval Number 5005025226)

DRAM 1351 Acting I (3)
(This is a common course number. Former course prefix/number THE 106.)
The theory of acting and various exercises are presented. Body control, voice, interpretation, characterization, and stage movement are included. Both individual and group activities are used. Specific roles are analyzed and studied. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005035126)

DRAM 1352 Acting II (3)
(This is a common course number. Former course prefix/number THE 107.)
Prerequisite: Drama 1351 or demonstrated competence approved by the instructor. This course is a continuation of Drama 1351. Emphasis is on characterization and ensemble acting. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005035126)

DRAM 2324 Broadcasting Communications I (3)
(Former course prefix/number THE 211/DRAM 2375. The common course number is COMM 2324)
Basic techniques of television and video performance are introduced. (3 Lec.)
(Coordinating Board Academic Approval Number 0907015306)

DRAM 2325 Broadcasting Communications II (3)
(Former course prefix/number THE 212/DRAM 2376. The common course number is COMM 2325.)
Prerequisite: Drama 2324 or demonstrated competence approved by the instructor. This course is a continuation of Drama 2324. Emphasis is on radio and television as mass media and practical applications in both radio and television. (3 Lec.)
(Coordinating Board Academic Approval Number 0907015306)

DRAM 2331 Stagecraft II (3)
(This is a common course number. Former course prefix/number THE 104.)
Emphasis is placed on the design process and individual projects. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005025126)
Students can improve their academic success by taking the appropriate reading courses. For an assessment of which course to begin with, talk with a reading faculty member or a counselor.

DREA 0090 Developmental Reading (3)  
(Former course prefix/number DR 090.)  
This course presents basic reading comprehension and vocabulary skills. Basic study skills are introduced. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085212)

DREA 0091 Developmental Reading (3)  
(Former course prefix DR 091.)  
This course continues the development of reading comprehension and vocabulary skills. Study skills are also included. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085212)

DREA 0093 Developmental Reading (3)  
(Former course prefix DR 093.)  
This course offers further development of reading comprehension, vocabulary, and study skills. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085212)

DREA 0100 College Learning Skills in Reading (1)  
This course offers further development of reading comprehension, vocabulary, and study skills for students who have completed the developmental reading series, but have not passed the reading portion of the TASP test. This course may be repeated for a maximum of three credits. (1 Lec.)  
(Coordinating Board Academic Approval Number 3201085212)

DREA 0200 Learning Skills Improvement in Reading (2)  
This course offers further development of reading comprehension, vocabulary, and study skills for students who have completed the developmental reading series, but have not passed the reading portion of the TASP test. Emphasis is on the development of learning skills according to individual needs. This course may be repeated for a maximum of three credits. (2 Lab.)  
(Coordinating Board Academic Approval Number 3201085212)

DREA 0300 Communication Skills in Reading (3)  
This course offers basic reading skill training through the use of whole language development. This course is designed for students whose assessment scores indicate special needs. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085212)

DREA 0400 Communication Skills in Reading (4)  
This course is for students with significant reading problems. It is organized around reading skill development. Emphasis is on individual needs and personalized programs. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085212)
Students can improve their writing skills by taking Developmental Writing. These courses are offered for three hours of credit.

**DWRI 0090 Developmental Writing (3)**
(Former course prefix/number DW 090.)
This course introduces the writing process. Course topics include practice in getting ideas, writing and rewriting, making improvements, and correcting mistakes. A learning lab is available to provide additional assistance. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085312)

**DWRI 0091 Developmental Writing (3)**
(Former course prefix/number DW 091.)
This course focuses on the writing process. Course topics include inventing, drafting, revising, and editing multi-paragraph papers. Building reading skills, using resources, developing thinking skills, and improving attitudes toward writing comprise other course topics. A learning lab is available to provide additional assistance. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085312)

**DWRI 0093 Developmental Writing (3)**
(Former course prefix/number DW 093.)
This course refines student writing skills in inventing, drafting, revising, and editing multi-paragraph papers. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085312)

**DWRI 0100 Developmental Writing (1)**
This course focuses on instruction to prepare students to meet TASP requirements. This course is also for students who wish to extend their writing skills for academic or career programs. Individualized study and practice are provided. This course may be repeated for a maximum of three credits. (1 Lec.)
(Coordinating Board Academic Approval Number 3201085312)

**ECON 2301 Principles of Economics I (3)**
(This is a common course number. Former course prefix/number ECO 201.)
Sophomore standing is recommended. An introduction to principles of macroeconomics is presented. Economic principles are studied within the framework of classical, Keynesian, monetarist and alternative models. Emphasis is given to national income determination, money and banking, and the role of monetary and fiscal policy in economic stabilization and growth. Other topics include international trade and finance. (3 Lec.)
(Coordinating Board Academic Approval Number 4506015125)

**ECON 2302 Principles of Economics II (3)**
(This is a common course number. Former course prefix/number ECO 202.)
Prerequisite: Sophomore standing is recommended. The principles of microeconomics are presented. Topics include the theory of demand, supply, and price of factors. Income distribution and theory of the firm are also included. Emphasis is given to microeconomic applications of international trade and finance as well as other contemporary microeconomic problems. (3 Lec.)
(Coordinating Board Academic Approval Number 4506015125)

(Also see Developmental Reading and Developmental Writing.) Additional instruction in writing and reading is available through the Learning Skills Center.

**ENGL 1111 Creative Writing (1)**
(Former course prefix/number ENS 111.)
This course is an imaginative writing workshop. It may include fiction, non-fiction, poetry, or drama. (1 Lec.)
(Coordinating Board Academic Approval Number 2304015112)

**ENGL 1301 Composition I (3)**
(Former course prefix/number ENGL 101.)
Prerequisite: One of the following must be met: (1) Developmental Reading 0093 AND Developmental Writing 0093; (2) English as a Second Language (ESOL) 044 AND 054; or (3) have met TASP or Alternative Assessment Reading and Writing Standards. This course focuses on student writing. It emphasizes reading and analytical thinking and introduces research skills. Students practice writing for a variety of audiences and purposes. (3 Lec.)
(Coordinating Board Academic Approval Number 2304015112)

**ENGL 1302 Composition II (3)**
(Former course prefix/number ENGL 102.)
Prerequisite: English 1301. In this course students refine the writing, research, and reading skills introduced in English 1301. A related goal is the development of critical thinking skills. Writing assignments emphasize argumentation and persuasion. Students will also write a formal research paper. (3 Lec.)
(Coordinating Board Academic Approval Number 2304015112)

**ENGL 2307 Creative Writing (3)**
(Former course prefix/number ENS 209.)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. The writing of fiction is the focus of this course. Included are the short story, poetry, and short drama. (3 Lec.)
(Coordinating Board Academic Approval Number 2305015112)
ENGL 2308 Creative Writing (3)
(This is a common course number. Former course prefix/number ENG 211.)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. Advanced experience in the techniques of imaginative writing. May include fiction, non-fiction, poetry, or drama. (3 Lec.)
(Coordinating Board Academic Approval Number 2305015112)

ENGL 2311 Technical Writing (3)
(This is a common course number. Former course prefix/number ENG 210.)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. The technical style of writing is introduced. Emphasis is on the writing of technical papers, reports, proposals, progress reports, and descriptions. (3 Lec.)
(Coordinating Board Academic Approval Number 2311015112)

English In The Sophomore Year

ENGL 2321 British Literature (3)
(This is a common course number. Former course prefix/number ENG 212.)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes selections in British Literature organized by movements, schools, periods, or themes. (3 Lec.)
(Coordinating Board Academic Approval Number 2308015112)

ENGL 2322 British Literature (3)
(This is a common course number. Former course prefix/number ENG 201.)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes significant works of British and Commonwealth writers from their beginnings through the 18th century. (3 Lec.)
(Coordinating Board Academic Approval Number 2308015112)

ENGL 2323 British Literature (3)
(This is a common course number. Former course prefix/number ENG 202.)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes significant works of British and Commonwealth writers from the 19th century to the present. (3 Lec.)
(Coordinating Board Academic Approval Number 2308015112)

ENGL 2326 American Literature (3)
(This is a common course number. Former course prefix/number ENG 213.)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes selections in American Literature organized by movements, schools, periods, or themes. (3 Lec.)
(Coordinating Board Academic Approval Number 2307015112)

ENGL 2327 American Literature (3)
(This is a common course number. Former course prefix/number ENG 205.)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes significant works of American writers from their beginnings to the 19th century. (3 Lec.)
(Coordinating Board Academic Approval Number 2307015112)

ENGL 2328 American Literature (3)
(This is a common course number. Former course prefix/number ENG 206.)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes significant works of American writers from the 19th century to the present. (3 Lec.)
(Coordinating Board Academic Approval Number 2307015112)

ENGL 2331 World Literature (3)
(This is a common course number. Former course prefix/number ENG 214.)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes selections in World Literature organized by movements, schools, periods, or themes. (3 Lec.)
(Coordinating Board Academic Approval Number 2303015212)

ENGL 2332 World Literature (3)
(This is a common course number. Former course prefix/number ENG 203.)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes significant works representing a variety of cultures from the ancient world to approximately 1600 C.E. (3 Lec.)
(Coordinating Board Academic Approval Number 2303015212)

ENGL 2333 World Literature (3)
(This is a common course number. Former course prefix/number ENG 204.)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes significant works representing a variety of cultures from approximately 1600 C.E. to the present. (3 Lec.)
(Coordinating Board Academic Approval Number 2303015212)
ENGL 2342 Studies in Literature (3)
(Former course prefix/number ENG 215/ENG 2370)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes selections in literature organized by genre, period, or geographical region. Course descriptions are available each semester prior to registration. This course may be repeated for credit. (3 Lee.)
(Coordinating Board Academic Approval Number 2303015112)

ENGL 2343 Studies in Literature (3)
(Former course prefix/number ENG 216/ENG 2371)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes selections in literature organized by theme, interdisciplinary content or major author. Course descriptions are available each semester prior to registration. This course may be repeated for credit. (3 Lee.)
(Coordinating Board Academic Approval Number 2303015112)

GOVT 2301 American Government (3)
(This is a common course number. Former course prefix/number GVT 201.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the TASP/Alternative Assessment Standard in Reading. This course is an introduction to the study of political science. Topics include the origin and development of constitutional democracy (United States and Texas), federalism and intergovernmental relations, local governmental relations, local government, parties, politics, and political behavior. (To ensure transferability, students should plan to take both Government 2301 and 2302 within the DCCCD.) (3 Lec.)
(Coordinating Board Academic Approval Number 4510025125)

GOVT 2302 American Government (3)
(This is a common course number. Former course prefix/number GVT 202.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the TASP/Alternative Assessment Standard in Reading. The three branches of the United States and Texas government are studied. Topics include the legislative process, the executive and bureaucratic structure, the judicial process, civil rights and liberties, and domestic policies. Other topics include foreign relations and national defense. (To ensure transferability, students should plan to take both Government 2301 and 2302 within the DCCCD.) (3 Lec.)
(Coordinating Board Academic Approval Number 4510025125)

GOVT 2371 Introduction to Comparative Politics (3)
(This is a unique need course. Former course prefix/number GVT 211.)
A comparative examination of governments, politics, problems and policies with illustrative cases drawn from a variety of political systems. (3 Lec.)
(Coordinating Board Academic Approval Number 4509017125)

GRPH 1223 Digital Imaging I (2)
(This is a WECM course number. Former course prefix/number GRAP 1270.)
An introduction to digital imaging on the computer using image editing and/or image creation software. Topics include: scanning, resolution, file formats, output devices, color systems, and image-acquisitions. (1 Lec., 2 Lab.)

GRPH 1224 Digital Imaging I (2)
(This is a WECM course number. Former course prefix/number GRAP 1271.)
An introduction to digital imaging on the computer using image exciting and/or image creation software. Topics include: scanning, resolution, file formats, output devices, color systems, and image-acquisitions. (1 Lec., 2 Lab.)

GRPH 1258 Object Oriented Computer Graphics (2)
(This is a WECM course number. Former course prefix/number GRP 102.)
Mastery of the tools and transformation options of an industry standard draw program to create complex illustrations and follow them through to the color output stage. Mastery in the use of basic elements of good layout and design principles and use the capabilities specific to vector (object oriented) drawing software to manipulate both text and graphics with emphasis on the use of bezier curves. Acquisition of images via scanning and the creative use of clip art is included. (1 Lec., 2 Lab.)

GRPH 1305 Introduction to Graphic Arts and Printing (3)
(This is a WECM course number. Former course prefix/number GRAP 1370.)
An introduction to various phases of the graphic arts industry, including the history of printing, techniques involved in the production and distribution of printed materials, the kinds of printing industries and printing terminology. An introduction to printing equipment and relationship of each piece of equipment to the total plant operation and shop safety, including job planning and career data. (2 Lec., 4 Lab.)

GRPH 1309 Press Operations I (3)
(This is a WECM course number. Former course prefix/number GRAP 1374.)
An introduction to offset printing including knowledge and skills to operate a small offset press to print single color jobs. Emphasis on parts of the press and operation procedures, printing terminology, paper types and ink types and their uses, make ready and cleanup. (2 Lec., 4 Lab.)
GRPH 1322 Electronic Publishing I (3)  
(This is a WECM course number. Former course prefix/number GRAP 1378 or VCOM 2374.)  
An introduction to computer layout and design using major components of electronic publishing including text, graphics, and page layout and design using a computer. Introduction to the basic concepts and terminology associated with typography and page layout. (2 Lec., 4 Lab.)

GRPH 1325 Digital Imaging I (3)  
(This is a WECM course number. Former course prefix/number GRAP 1379 or VCOM 2380.)  
An introduction to digital imaging on the computer using image editing and/or image creation software. Topics include: scanning, resolution, file formats, output devices, color systems, and image-acquisitions. (2 Lec., 4 Lab.)

GRPH 1354 Electronic Publishing II (3)  
(This is a WECM course number. Former course prefix/number GRAP 2377.)  
Emphasis on design principles for the creation of advertising and publishing materials such as letterheads, business cards, ads, fliers, brochures, and manuals. Master of design principles regarding typography, effective use of color, special graphic effects, informational graphics and output considerations. Emphasis on techniques for planning and documenting projects and on efficient project design techniques. (2 Lec., 4 Lab.)

GRPH 1357 Digital Imaging II (3)  
(This is a WECM course number. Former course prefix/number GRAP 2379.)  
Prerequisite: GRPH 1325. An in-depth investigation of digital imaging on the computer using image editing and/or image creation software. Manipulation, creation, and editing of digital images. Topics include: image capture, high-end work stations, image bit-depth, interaction with service bureaus and printing industries. (2 Lec., 4 Lab.)

GRPH 1359 Object Oriented Computer Graphics (3)  
(This is a WECM course number. Former course prefix/number GRAP 2378 or VCOM 1378.)  
Mastery of the tools and transformation options of an industry standard draw program to create complex illustrations and follow them through to the color output stage. Mastery in the use of basic elements of good layout and design principles and use the capabilities specific to vector (object oriented) drawing software to manipulate both text and graphics with emphasis on the use of bezier curves. Acquisition of images via scanning and the creative use of clip art is included. (2 Lec., 4 Lab.)

GRPH 1391 Special Topics in Graphic and Printing Equipment Operator (3)  
(This is a WECM course number. Former course prefix/number GRAP 2371.)  
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (2 Lec., 4 Lab.)

GRPH 1395 Special Topics in Computer Typographer and Composition Equipment Operator (3)  
(This is a WECM course number. Former course prefix/number GRAP 1375.)  
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (2 Lec., 4 Lab.)

GRPH 1396 Special Topics in Desktop Publishing Equipment Operator (3)  
(This is a WECM course number. Former course prefix/number GRAP 1372.)  
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (2 Lec., 4 Lab.)

GRPH 2336 Prepress Techniques (3)  
(This is a WECM course number. Former course prefix/number GRAP 2380.)  
Hands-on experience in both electronic file imaging and traditional graphics camera use. Electronic file output and troubleshooting, graphics camera knowledge, traditional film assembly, and proofing process. High-end color scanning. (2 Lec., 4 Lab.)

GRPH 2341 Electronic Publishing III (3)  
(This is a WECM course number. Former course prefix/number GRAP 2375 or VCOM 2378.)  
Advanced concepts in electronic publishing using an industry standard page layout software package. In-depth color separations, trapping and advanced techniques for controlling type and graphics. Overview of color schemes, software additions (plug-ins, filters, utilities), and preparation of files for printing. (2 Lec., 4 Lab.)
GRPH 2381 Cooperative Education - Graphic and Printing Equipment Operator (3)  
(This is a WECM course number. Former course prefix/number GRAP 7471.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lab., 15 Ext.)

GRPH 2382 Cooperative Education Graphic and Printing Equipment Operator (3)  
(This is a WECM course number.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lab., 15 Ext.)

HART 1368 Practicum (or Field Experience) - Heating, Air Conditioning, and Refrigeration Technologies/Technicians (3)  
(This is a WECM course number.)
Prerequisite: CETT 1402, HART 1403, and HART 1407. A basic or intermediate type of non-health professions work-based instruction that provides basic career exploration or helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. The emphasis is on practical work experience. Indirect supervision is provided by the work supervisor. A practicum may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)

HART 1380 Cooperative Education - Heating, Air Conditioning, and Refrigeration Technologies/Technicians (3)  
(This is a WECM course number.)
Prerequisite: CETT 1402, HART 1403, and HART 1407. An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)

HART 1403 A/C Control Principles (4)  
(This is a WECM course number. Former course prefix/number HVAC 1671.)
Prerequisite: CETT 1402. A basic study of electrical, pressure, and temperature controls including motor starting devices, operating relays, and troubleshooting safety controls and devices. Emphasis on use of wiring diagrams to analyze high and low voltage circuits. A review of Ohms law as applied to A/C controls and circuits. (3 Lec., 3 Lab.)

HART 1407 Refrigeration Principles (4)  
(This is a WECM course number. Former course prefix/number HVAC 1670.)
An introduction to the refrigeration cycle, basic thermodynamics, heat transfer, temperature/pressure relationship, safety, refrigeration containment, and refrigeration components. (3 Lec., 3 Lab.)

HART 1441 Residential Air Conditioning (4)  
(This is a WECM course number. Former course prefix/number HVAC 1672.)
Prerequisite: HART 1403, HART 1407 or consent of instructor. A study of components, applications, and installation of mechanical air conditioning systems including operating conditions, troubleshooting, repair, and charging of air conditioning systems. (3 Lec., 3 Lab.)

HART 1445 Gas and Electric Heating (4)  
(This is a WECM course number. Former course prefix/number HVAC 1673.)
Prerequisite: HART 1403 or consent of instructor. A study of the procedures and principles used in servicing heating systems including gas fired and electric furnaces. (3 Lec., 3 Lab.)

HART 1449 Heat Pumps (4)  
(This is a WECM course number. Former course prefix/number HVAC 1673.)
Prerequisite: HART 1403, HART 1407 or consent of instructor. A study of heat pumps, heat pump control circuits, defrost controls, auxiliary heat, air flow, and other topics related to heat pump systems. (3 Lec., 3 Lab.)

HART 2368 Practicum (or Field Experience) - Heating, Air Conditioning, and Refrigeration Technologies/Technicians (3)  
(This is a WECM course number.)
Prerequisite: CETT 1402, HART 1403, and HART 1407. An intermediate or advanced type of non-health professions work-based instruction that provides basic career exploration or helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. The emphasis is on practical work experience. Indirect supervision is provided by the work supervisor. A practicum may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)
HART 2380 Cooperative Education - Heating, Air Conditioning, and Refrigeration Technologies/Technicians (3)
(This is a WECM course number. Former course prefix/number HVAC 7371.)
Prerequisite: CETT 1402, HART 1403, and HART 1407.
An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)

HART 2436 Troubleshooting (4)
(This is a WECM course number.)
Prerequisite: HART 1441, HART 1445, HART 1449, or consent of instructor. An advanced course in application of troubleshooting principles and use of test instruments to diagnose air conditioning and refrigeration components and system problems including conducting performance tests. (3 Lec., 3 Lab.)

HART 2438 Air Conditioning Installation/Service (4)
(This is a WECM course number.)
Prerequisite: CETT 1402, HART 1507 or consent of instructor. A study of air conditioning system installation, refrigerant piping, condensate disposal, and air cleaning equipment with emphasis on service, troubleshooting, performance testing, and repair techniques. (3 Lec., 3 Lab.)

HART 2441 Commercial Air Conditioning (4)
(This is a WECM course number. Former course prefix/number HVAC 2375.)
A study of components, applications, and installation of air conditioning systems with capacities of 25 tons or less. (3 Lec., 3 Lab.)

HART 2445 Air Conditioning Systems Design (4)
(This is a WECM course number.)
Prerequisite: Advanced standing, or consent of instructor. A study of the properties of air and results of cooling, heating, humidifying or dehumidifying; heat gain and heat loss calculations including equipment selection and balancing the air system. (3 Lec., 3 Lab.)

HDEV 0092 Student Success (3)
(Former course prefix/number HD 092.)
In this orientation course, students are introduced to academic and personal goal-setting and learning skills that enhance their chances for educational success. Students will learn how to develop positive attitudes toward themselves, improve communication and decision-making skills, and make effective use of campus resources. This course supports students enrolling in other appropriate remediation. (3 Lec.)
(Coordinating Board Academic Approval Number 3201995178)

HDEV 0100 Educational Alternatives (1)
(Former course prefix/number HD 100.)
The learning environment is introduced. Career, personal study skills, educational planning, and skills for living are all included. Emphasis is on exploring career and educational alternatives and learning a systematic approach to decision-making. A wide range of learning alternatives is covered, and opportunity is provided to participate in personal skills seminars. This course may be repeated for credit. (1 Lec.)
(Coordinating Board Academic Approval Number 3201995178)

HDEV 0110 Assessment of Prior Learning (1)
(Former course prefix/number HD 110.)
Prerequisite: Limited to students in Technical Occupational Programs. Demonstrated competence approved by the instructor is required. This course is designed to assist students in documenting prior learning for the purpose of applying for college credit. Students develop a portfolio which includes a statement of educational/career goals, related non-collegiate experiences which have contributed to college-level learning, and documentation of such experiences. This course may be repeated for credit. (1 Lec.)
(Coordinating Board Academic Approval Number 3201995178)

HDEV 1372 Cognitive Processes: The Master Student Course (3)
(This is a unique need course. Former course prefix/number HD 108.)
This course is an overview of the processes of learning, memory, perception, language and thought. Special emphasis is placed upon the practical applications of these psychological principles for students to learn, practice and adopt in support of their success in college. Adaptation to the higher education atmosphere is also emphasized. (3 Lec.)
(Coordinating Board Academic Approval Number 4203019125.)

HDEV 2315 Principles and Processes of Personal and Social Adjustment (3)
(Former course prefix/number HD 112. Common course number is PSYC 2315.)
Designed as an Applied Psychology and Human Relations course, this course is an intensive theoretical and practical study of interpersonal communication processes. The course content surveys the major psychological principles of communication and utilizes an experiential model for the practical application of skill based competencies. Students develop an awareness and understanding of their own feelings, values, attitudes, and behaviors and also explore the processes by which these factors affect the quality of their interactions with others. (3 Lec.)
(Coordinating Board Academic Approval Number 4201015625)
HEMR 1501 Tracks and Undercarriages (5)
(This is a WECM course number. Former course prefix/number AUTO 2570.)
Concepts in operation and maintenance of final drive truck systems and undercarriages used on truck and wheel type equipment. (3 Lec., 6 Lab.)

HIST 1301 History of the United States (3)
(This is a common course number. Former course prefix/number HST 101.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the TASP/Alternative Assessment Standard in Reading. The history of the United States is presented, beginning with the European background and first discoveries. The pattern of exploration, settlement, and development of institutions is followed throughout the colonial period and the early national experience to 1877. (3 Lec.)
(Coordinating Board Academic Approval Number 4508025125)

HIST 1302 History of the United States (3)
(This is a common course number. Former course prefix/number HST 102.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the TASP/Alternative Assessment Standard in Reading. The history of the United States is surveyed from the Reconstruction era to the present day. The study includes social, economic, and political aspects of American life. The development of the United States as a world power is followed. (3 Lec.)
(Coordinating Board Academic Approval Number 4508025125)

HIST 2301 History of Texas from 1500 to the Present (3)
(This is a common course number.)
A survey of Texas development from early Spanish colonization (1500) to the establishment of the modern urban state. The course emphasizes the variety of influences from Indian, Spanish and American cultures. The social, political and economic evolution of the state, including the multi-ethnic character of its population, is studied. (3 Lec.)
(Coordinating Board Academic Approval Number 4508025225)

HIST 2311 Western Civilization (3)
(This is a common course number. Former course prefix/number HST 105.)
The civilization in the West from ancient times through the Enlightenment is surveyed. Topics include the Mediterranean world, including Greece and Rome, the Middle Ages, and the beginnings of modern history. Particular emphasis is on the Renaissance, Reformation, the rise of the national state, the development of parliamentary government, and the influences of European colonization. (3 Lec.)
(Coordinating Board Academic Approval Number 4508015425)

HIST 2312 Western Civilization (3)
(This is a common course number. Former course prefix/number HST 106.)
This course is a continuation of History 2311. It follows the development of Western civilization from the Enlightenment to current times. Topics include the Age of Revolution, the beginning of industrialism, 19th century, and the social, economic, and political factors of recent world history. (3 Lec.)
(Coordinating Board Academic Approval Number 4508015425)

HIST 2321 World Civilizations (3)
(This is a common course number. Former course prefix/number HST 103.)
This course presents a survey of ancient and medieval history with emphasis on Asian, African, and European cultures. (3 Lec.)
(Coordinating Board Academic Approval Number 4508015325)

HIST 2322 World Civilizations (3)
(This is a common course number. Former course prefix/number HST 104.)
This course is a continuation of History 2321. The modern history and cultures of Asia, Africa, Europe, and the Americas, including recent developments, are presented. (3 Lec.)
(Coordinating Board Academic Approval Number 4508015325)

HIST 2372 Advanced Historical Studies (3)
(This is a unique need course. Former course prefix/number HST 205.)
Prerequisite: Six hours of history. An in-depth study of minority, local, regional, national, or international topics is presented. This course may be repeated for credit when topics vary. (3 Lec.)
(Coordinating Board Academic Approval Number 4508019625)

HIST 2380 The Heritage of Mexico (3)
(This is a common course number. Former course prefix/number HST 110.)
This course is cross-listed as Anthropology 2380. This course includes an introduction to the history of Mexico. The course focuses on the social, political, economic and cultural contributions of Mexican-Americans to the United States. The student may register for either History 2380 or Anthropology 2380, but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 4508019625)

HIST 2381 African-American History (3)
(This is a common course number. Former course prefix/number HST 120.)
The role of African Americans in the history of the United States is studied. The slave trade and slavery in the United States are reviewed. Contributions of African Americans in the U.S. are described. Emphasis is on the political, economic, and sociological factors of African American life in the 20th century. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015325)
HRPO 1301 Customer Relations (3)
Topics address general principles of customer service including skills, knowledge, attitudes, and behaviors pertinent to the professional development of the student. (3 Lec.)

HRPO 2301 Human Resources Management (3)
Behavioral and legal approaches to the management of human resources in organizations. (3 Lec.)

HRPO 2307 Organizational Behavior (3)
The analysis and application of organizational theory, group dynamics, motivation theory, leadership concepts, and the integration of interdisciplinary concepts from the behavioral sciences. (3 Lec.)

HUMA 1301 Introduction to the Humanities (3)
Introduction to the Humanities focuses on the study and appreciation of the fine and performing arts and the ways in which they reflect the values of civilizations. (3 Lec.)

HUMA 1302 Advanced Humanities (3)
Prerequisite: Humanities 1301 or demonstrated competence approved by the instructor. Human value choices are presented through the context of the humanities. Universal concerns are explored, such as a person's relationship to self and to others and the search for meaning. The human as a loving, believing and hating being is also studied. Emphasis is on the human as seen by artists, playwrights, film makers, musicians, dancers, philosophers, and theologians. The commonality of human experience across cultures and the premises for value choices are also stressed. (3 Lec.)

IMED 1191 Special Topics in Educational/Institutional Media Technology/Technician (1)
Topics address recently identified current events, skills, knowledge, and attitudes or behaviors pertinent to multimedia technology or occupations in the field. Focus is on concepts relevant to the professional development of the student. (1 Lec.)

IMED 1291 Special Topics in Educational/Institutional Media Technology/Technician (2)
Topics address recently identified current events, skills, knowledge, and attitudes or behaviors pertinent to multimedia technology or occupations in the field. Focus is on concepts relevant to the professional development of the student. (1 Lec., 2 Lab.)

IMED 1301 Introduction to Multimedia (3)
Prerequisite: ITSC 1401 or demonstrated competence with approval of instructor. A survey of the theories, elements, and hardware/software components of multimedia. Topics include digital image editing, digital sound and video editing, animation, web page development, and interactive presentations. Course emphasis is on conceptualizing and producing effective multimedia presentations. (2 Lec., 4 Lab.)

IMED 1305 Multimedia Authoring I (3)
Prerequisite: IMED 1301 and PHTC 1349. Instruction in multimedia development with an icon based development tool. Topics include interactivity, branching, navigation, and interface/information design using industry-standard authoring software. (2 Lec., 4 Lab.)

IMED 1316 Web Page Design I (3)
Prerequisite: IMED 1301 and PHTC 1349. Instruction in Internet web page design and related graphic design issues including mark-up languages, web sites, Internet access software, and interactive topics. (2 Lec., 4 Lab.)

IMED 2409 Internet Commerce (4)
An overview of the Internet as a marketing and sales tool with emphasis on developing a prototype for electronic commerce. Topics include database technology, creating web sites in order to collect information, performing online transactions, and generating dynamic content. (3 Lec., 3 Lab.)

IMED 2415 Web Page Design II (4)
A study of hypertext mark-up language (HTML) and interesting layout techniques for creating engaging well designed web pages. Emphasis on identifying the target audience and producing a web site according to physical and technical limitations, cultural appearance, and legal issues. (3 Lec., 3 Lab.)
ITMC 1401 Microsoft Windows 2000 Network and Operating System Essentials (MS 2151) (4)
(This is a WECM course number.)
An introduction to Microsoft Windows 2000 and to the networking technologies that it supports. (3 Lec., 4 Lab.)

ITMC 1403 Querying Microsoft SQL Server 2000 with Transact-SQL (4)
(This is a WECM course number.)
A course to provide students with the technical skills required to write basic Transact-SQL queries for Microsoft SQL Server 2000. Licensing/Certification Agency: Microsoft Corporation. (3 Lec., 4 Lab.)

ITMC 1419 Installing and Administering Windows 2000 (4)
(This is a WECM course number.)
An introduction to Microsoft Windows 2000 operating system in a single domain environment. Topics include basic installation, configuration tasks, and day-to-day administration tasks in a Windows 2000-based network. (3 Lec., 4 Lab.)

ITMC 1441 Implementing Microsoft Windows 2000 Professional and Server (MS 2152) (4)
(This is a WECM course number.)
Provides students with the knowledge and skills necessary to install and configure Microsoft Windows 2000 Professional on standalone computers and on client computers that are part of a workgroup or domain. In addition, this course provides the skills and knowledge necessary to install and configure Windows 2000 Server to create file, print, and servers. (3 Lec., 4 Lab.)

ITMC 1442 Implementing a Microsoft Windows 2000 Network Infrastructure (MS 2153) (4)
(This is a WECM course number.)
Installing, configuring, managing, and supporting a network infrastructure that uses the Microsoft Windows 2000 server family of products. (3 Lec., 4 Lab.)

ITMC 1443 Implementing and Administering Microsoft Windows 2000 Directory Services (MS 2154) (4)
(This is a WECM course number.)
Provides students with the knowledge and skills necessary to install, configure, and administer Microsoft Windows 2000 Active Directory service. The course also focuses on implementing Group Policy and understanding the Group Policy tasks required to centrally manage users and computers. (3 Lec., 4 Lab.)

ITMC 1458 Supporting Microsoft Windows 2000 (4)
(This is a WECM course number.)
Skill development for customizing, configuring, supporting, and troubleshooting Windows 2000. (3 Lec., 4 Lab.)

ITMC 2403 Administering a Microsoft SQL Server 2000 Database (4)
(This is a WECM course number.)
A course to provide students with the knowledge and skills required to install, configure, administer, and troubleshoot the client-server database management system of Microsoft SQL Server databases. Licensing/Certification Agency: Microsoft Corporation. (3 Lec., 4 Lab.)

ITMC 2431 Designing a Microsoft Windows 2000 Directory Services Infrastructure (MS 1561) (4)
(This is a WECM course number.)
Provides Microsoft senior support professionals and network architects with the knowledge and skills necessary to design a Microsoft Windows 2000 directory services infrastructure. Strategies are presented to assist the student in identifying the information technology needs of the organization, and then designing the Active Directory structure that meets those needs. (3 Lec., 4 Lab.)

ITMC 2432 Designing a Microsoft Windows 2000 Networking Services Infrastructure (MS 1562) (4)
(This is a WECM course number.)
Provides senior support professionals with the information and skills to create a networking services infrastructure design that supports the required network applications. (3 Lec., 4 Lab.)

ITMC 2433 Designing a Secure Microsoft Windows 2000 Network (MS 2150) (4)
(This is a WECM course number.)
Provides students with the knowledge and skills necessary to design a security framework for small, medium, and enterprise networks by using Microsoft Windows 2000 technologies. (3 Lec., 4 Lab.)

ITMC 2434 Designing a Microsoft Windows 2000 Upgrade Strategy (MS 2010) (4)
(This is a WECM course number.)
Provides students with the knowledge and skills necessary to select and design a strategy to migrate from Microsoft Windows NT Server 4.0 directory services infrastructure to a Microsoft Windows 2000 Active Directory service by describing the planning processes and implications involved. (3 Lec., 4 Lab.)

ITMC 2435 Analyzing and Tuning Microsoft Windows 2000 and Microsoft BackOffice Server 4.5 Performance (MS 1535) (4)
(This is a WECM course number.)
Provides students with the knowledge and necessary skills to monitor, analyze, and optimize the performance of a computer running Microsoft Windows 2000 and the Microsoft BackOffice Server 4.5 family. (3 Lec., 4 Lab.)
ITMC 2437 Programming a Microsoft SQL Server 2000 Database (4)
(This is a WECM course number.)
A course to provide students with the knowledge and skills necessary to program and implement a database solution by using SQL Server 2000.
Licensing/Certification Agency: Microsoft Corporation. (3 Lec., 4 Lab.)

ITNW 1192 Special Topics in Business Systems Networking and Telecommunications (1)
(This is a WECM course number. Former course prefix/number CISC 2170.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec.)

ITNW 1280 Cooperative Education - Business Systems Networking and Telecommunications (2)
(This is a WECM course number. Former course prefix/number CISC 7271.)
Career related activities encountered in the student’s area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 10 Lab.)

ITNW 1321 Introduction to Networking (3)
(This is a WECM course number. Former course prefix/number CISC 1372.)
Introduction to the fundamentals, basic concepts, and terminology of networks. Topics include the access and use of the Internet and networking hardware and software, including current developments in networking. (2 Lec., 2 Lab.)

ITNW 1380 Cooperative Education - Business Systems Networking and Telecommunications (3)
(This is a WECM course number. Former course prefix/number CISC 7471)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Lab.)

ITNW 1437 Introduction to the Internet (4)
(This is a WECM course number. Former course prefix/number CISC 1376.)
Introduction to the Internet with emphasis on using the World Wide Web to locate, transfer, and publish information. Survey of emerging technologies on the Internet. (3 Lec., 4 Lab.)

ITNW 2313 Networking Hardware (3)
(This is a WECM course number.)
Preparation to work with and maintain network hardware devices. Topics include network cables, servers, and workstations; network connectivity devices such as routers, hubs, bridges, gateways, repeaters, and uninterruptible power supplies; and other networking hardware devices. (3 Lec.)

ITNW 2317 Network Security (3)
(This is a WECM course number.)
Instruction in security for network hardware, software, and data including physical security, backup procedures, firewalls, encryption, and protection from viruses. (2 Lec., 2 Lab.)

ITNW 2417 Network Security (4)
(This is a WECM course number.)
Instruction in security for network hardware, software, and data including physical security, backup procedures, firewalls, encryption, and protection from viruses. (3 Lec., 4 Lab.)

ITSC 1380 Cooperative Education - Computer and Information Sciences, General (3)
(This is a WECM course number. Former course prefix/number CISC 7471.)
Career related activities encountered in the student’s area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Lab.)
ITSC 1401 will not meet the core curriculum and/or Associate in Arts or Associate in Sciences requirement. COSC 1300 will meet this requirement.

ITSC 1401 Introduction to Computers (4)
(This is a WECM course number. Former course prefix/number CISC 1470.)
Overview of computer information systems. Introduces computer hardware, software, procedures, and human resources. Explores integration and application in business and other segments in society. Fundamentals of computer problem-solving and programming may be discussed and applied. Examines applications and software relating to a specific curricular area. (3 Lec., 4 Lab.)

ITSC 1405 Introduction to PC Operating Systems (4)
(This is a WECM course number. Former course prefix/number CISC 2478.)
A study of personal computer operating systems. Topics include installation and configuration, file management, memory and storage management, control of peripheral devices, and use of utilities. (3 Lec., 3 Lab.)

ITSC 1413 Internet/Web Page Development (4)
(This is a WECM course number.)
Instruction in the use of Internet services and the fundamentals of web page design and website development. The student will identify basic Internet concepts and terminology; use electronic communication methods; collect and evaluate research data using the Internet; and design, create, organize, and publish web pages and sites. This course may be repeated when topics and learning outcomes vary. (3 Lec., 3 Lab.)

ITSC 1417 PC Operating Systems - DOS (4)
(This is a WECM course number.)
Introduction to the DOS operating system. Topics include installation and configuration, file management, memory and storage management, peripheral device control, and use of utilities. (3 Lec., 3 Lab.)

ITSC 1421 PC Operating Systems - Windows (4)
(This is a WECM course number.)
Introduction to windows-based microcomputer operating systems. Topics include installation and configuration, file management, memory and storage management, peripheral device control, and use of utilities. (3 Lec., 3 Lab.)

ITSC 1425 Personal Computer Hardware (4)
(This is a WECM course number. Former course prefix/number CISC 2480.)
A study of current personal computer hardware including personal computer assembly and upgrading, setup and configuration, and troubleshooting. (3 Lec., 3 Lab.)

ITSC 2435 Application Problem Solving (4)
(This is a WECM course number. Former course prefix/number CISC 1471.)
Analysis and design methods and tools are studied and applied to practical situations involving various business functions. Utilization of current application software to solve advanced problems and generate customized solutions, involving projects and software specific to a specific curricular area. Topics include problem solving skills, logic structures, and programming. (3 Lec., 4 Lab.)

ITSC 2439 Personal Computer Help Desk (4)
(This is a WECM course number.)
Prerequisite: ITSC 1405 and (ITSW 1401 or ITSW 2431) and (ITSW 1404 or ITSW 1434) and (ITSW 1407 or ITSW 2437) or instructor consent. Diagnosis and solution of user hardware and software related problems with on-the-job projects in either a Help Desk lab or in short-term assignments for local business. (2 Lec., 4 Lab.)

ITSE 1191 Special Topics in Computer Programming (1)
(This is a WECM course number. Former course prefix/number CISC 2170.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec.)

ITSE 1280 Cooperative Education - Computer Programming (2)
(This is a WECM course number. Former course prefix/number CISC 7271.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 10 Lab.)

ITSE 1380 Cooperative Education - Computer Programming (3)
(This is a WECM course number. Former course prefix/number CISC 7471.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Lab.)
ITSE 1402 Introduction to Computer Programming (4)
(This is a WECM course number. Former course prefix/number CISC 1476.)
Introduction to computer programming with emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. (3 Lec., 4 Lab.)

ITSE 1407 Introduction to C++ Programming (4)
(This is a WECM course number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming using C++. Emphasis on the fundamentals of structured design with development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. (3 Lec., 4 Lab.)

ITSE 1418 Introduction to COBOL Programming (4)
(This is a WECM course number. Former course prefix/number CISC 1476.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming using COBOL. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. (3 Lec., 4 Lab.)

ITSE 1422 Introduction to C Programming (4)
(This is a WECM course number. Former course prefix/number CISC 2474.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming using C. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. (3 Lec., 4 Lab.)

ITSE 1431 Introduction to Visual BASIC Programming (4)
(This is a WECM course number. Former course prefix/number CISC 1373.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming using Visual BASIC. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. (3 Lec., 4 Lab.)

ITSE 1445 Introduction to Oracle SQL and PL/SQL (4)
(This is a WECM course number.)
An introduction to the design and creation of relational databases. Topics include storing, retrieving, updating, and displaying data using Structured Query Language (SQL) and Procedure Language (PL). (3 Lec., 4 Lab.)

ITSE 1450 System Analysis and Design (4)
(This is a WECM course number. Former course prefix/number CISC 2479.)
Prerequisite: Any ITSE programming course or instructor consent. Comprehensive introduction to the planning, design, and construction of computer information systems using the systems development life cycle and other appropriate design tools. (3 Lec., 4 Lab.)

ITSE 1491 Special Topics in Computer Programming (4)
(This is a WECM course number. Former course prefix/number CISC 2484.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITSE 2401 Introduction to Windows Programming Using C++ (4)
(This is a WECM course number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming for windows using C++. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. (3 Lec., 4 Lab.)
ITSE 2405 Introduction to Windows Programming (4)
(This is a WECM course number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming for windows. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. (3 Lec., 4 Lab.)

ITSE 2409 Introduction to Database Programming (4)
(This is a WECM course number. Former course prefix/number CISC 1472.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Application development using database programming techniques emphasizing database structures, modeling, and database access. (3 Lec., 4 Lab.)

ITSE 2413 Web Authoring (4)
(This is a WECM course number.)
Instruction in designing and developing web pages that incorporate text, graphics, and other supporting elements using current technologies and authoring tools. (3 Lec., 4 Lab.)

ITSE 2417 JAVA Programming (4)
(This is a WECM course number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to JAVA programming with object-orientation. Emphasis on the fundamental syntax and semantics of JAVA for applications and web applets. (3 Lec., 4 Lab.)

ITSE 2421 Introduction to Object-Oriented Programming (4)
(This is a WECM course number. Former course prefix/number CISC 2487.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to object-oriented programming. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes object-oriented programming techniques, classes, and objects. (3 Lec., 4 Lab.)

ITSE 2431 Advanced C++ Programming (4)
(This is a WECM course number.)
Prerequisite: ITSE 1407 or instructor consent. The student will develop correct, well documented programs containing complex data structures; incorporate complex input/output file handling techniques; create classes and objects in programs; and incorporate advanced C++ techniques. (3 Lec., 4 Lab.)

ITSE 2433 Implementing a Database on Microsoft SQL Server 7.0 (4)
(This is a WECM course number. Former course prefix/number CISC 2484.)
Skills development in the implementation of a database solution using Microsoft SQL Server client/server database management system version 7.0. (3 Lec., 4 Lab.)

ITSE 2437 Assembly Language Programming (4)
(This is a WECM course number. Former course prefix/number CISC 2475.)
Prerequisite: Any ITSE programming course or instructor consent. Comprehensive coverage of low-level computer operations and architecture. Includes design, development, testing, implementation, and documentation of programs; language syntax; data manipulation; input/output devices and operations; and file access. (3 Lec., 4 Lab.)

ITSE 2439 Advanced Windows Programming Using C++ (4)
(This is a WECM course number.)
Prerequisite: ITSE 2401 or instructor consent. Further applications of windows programming techniques using C++ including file access methods, data structures, modular programming, program testing, and documentation. (3 Lec., 4 Lab.)

ITSE 2443 Advanced Windows Programming (4)
(This is a WECM course number.)
Prerequisite: ITSE 2405 or instructor consent. Further applications of windows programming techniques, including file access methods, data structures, modular programming, program testing, and documentation. (3 Lec., 4 Lab.)

ITSE 2447 Advanced Database Programming (4)
(This is a WECM course number. Former course prefix/number CISC 2472.)
Prerequisite: ITSE 2409 or instructor consent. Application development using complex database programming techniques emphasizing multiple interrelated files, menu design, security implementation, and multiple access. (3 Lec., 4 Lab.)
ITSE 2449 Advanced Visual BASIC Programming (4)
(This is a WECM course number.)
Prerequisite: ITSE 1431 or instructor consent. Further applications of programming techniques using Visual BASIC. Topics include file access methods, data structures, modular programming, program testing, and documentation. (3 Lec., 4 Lab.)

ITSE 2451 Advanced COBOL Programming (4)
(This is a WECM course number. Former course prefix/number CISC 1477.)
Prerequisite: ITSE 1418 or instructor consent. Further applications of programming techniques using COBOL, including file access methods, data structures, modular programming, program testing, and documentation. (3 Lec., 4 Lab.)

ITSE 2454 Advanced Oracle SQL and PL/SQL (4)
(This is a WECM course number.)
Prerequisite: ITSE 1445 or instructor consent. A continuation of Oracle SQL and PL/SQL. Topics include hierarchical queries, set based queries, correlated subqueries, scripting, and scripting generation. (3 Lec., 4 Lab.)

ITSE 2455 Advanced C Programming (4)
(This is a WECM course number. Former course prefix/number CISC 2486.)
Prerequisite: ITSE 1422 or instructor consent. Further applications of programming techniques using C. Topics include file access methods, data structures, modular programming, program testing, and documentation. (3 Lec., 4 Lab.)

ITSE 2456 Oracle Database Administration I (4)
(This is a WECM course number.)
Fundamentals of the tasks and functions required of a database administrator. Topics include managing database files; managing table spaces, segments, extents, and blocks; start up and shut down of an Oracle instance and database; managing users, privileges and resources; using National Language and Support (NLS) features; and creation of an operational database. (3 Lec., 4 Lab.)

ITSE 2457 Advanced Object-Oriented Programming (4)
(This is a WECM course number.)
Prerequisite: ITSE 2421 or instructor consent. Application of advanced object-oriented programming techniques such as abstract data structures, class inheritance, virtual functions, and exception handling. (3 Lec., 4 Lab.)

ITSE 2458 Oracle Database Administration II (4)
(This is a WECM course number.)
Prerequisite: ITSE 2456 or instructor consent. A continuation of Oracle Database Administration I. Topics include recovery procedures, logical backups, standby database capabilities, and performance tuning of the Oracle Server. Common performance problems and the use of diagnostic tools to troubleshoot and optimize throughput will be discussed. (3 Lec., 4 Lab.)

ITSE 2459 Advanced Computer Programming (4)
(This is a WECM course number. Former course prefix/number CISC 1477.)
Prerequisite: ITSE 1402 or instructor consent. Further applications of programming techniques. Topics include file access methods, data structures, modular programming, program testing, and documentation. (3 Lec., 4 Lab.)

ITSW 1280 Cooperative Education - Data Processing Technology/Technician (2)
(This is a WECM course number. Former course prefix/number CISC 7271.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 10 Lab.)

ITSW 1327 Multiuser Operating Systems (3)
(This is a WECM course number.)
Summary of multi-user operating systems including a contrast of single user and multi-user systems. Investigation of a variety of multi-user operating systems, similarities, and differences. (3 Lec.)

ITSW 1380 Cooperative Education - Data Processing Technology/Technician (3)
(This is a WECM course number. Former course prefix/number CISC 7471.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Lab.)
ITSW 1401 Introduction to Word Processing (4)  
(This is a WECM course number. Former course prefix/number CISC 1474)  
An overview of the production of documents, tables, and graphics. Topics include entry and editing, reformatting, search and replace, cut-and-paste, file and print operations, and spelling checkers. (3 Lec., 4 Lab.)

ITSW 1404 Introduction to Spreadsheets (4)  
(This is a WECM course number. Former course prefix/number CISC 2476.)  
Instruction in the concepts, procedures, and importance of electronic spreadsheets. Topics include formula creation, template design, formatting features, statistical, mathematical and financial functions, file operations, report generation, graphics, and introduction to macro programming. (3 Lec., 4 Lab.)

ITSW 1407 Introduction to Database (4)  
(This is a WECM course number. Former course prefix/number CISC 2481.)  
Introduction to database theory and the practical applications of a database. Topics include terminology, database design, table structures, report forms, queries and macros. (3 Lec., 4 Lab.)

ITSW 1410 Presentation Media Software (4)  
(This is a WECM course number. Former course prefix/number OFCT 2375.)  
Prerequisite: ITSC 1401 Introduction to Computers or instructor consent. Instruction in the utilization of presentation software to produce multimedia presentations. Graphics, text, sound, animation and/or video may be used in presentation development. Topics include product documentation, creating user guides and reference manuals, using tutorials, evaluating and using training materials. (3 Lec., 4 Lab.)

ITSW 2431 Advanced Word Processing (4)  
(This is a WECM course number. Former course prefix/number OPCT 2372.)  
Prerequisite: ITSW 1401 or instructor consent. Continuation of the study of word processing including advanced applications in merging, macros, graphics, desktop publishing, and extensive formatting for technical documents. (3 Lec., 4 Lab.)

ITSW 2434 Advanced Spreadsheets (4)  
(This is a WECM course number. Former course prefix/number)

ITSW 2437 Advanced Database (4)  
(This is a WECM course number.)  
Prerequisite: ITSW 1407 or instructor consent. Designed to provide an understanding of advanced functionality of databases. Topics include advanced data manipulation features, importing and exporting data, and advanced macros and programming. (3 Lec., 4 Lab.)

LIBR 1370 College Library Research Methods and Materials (3)  
(This is a unique need course. Former course prefix/number LS 102.)  
This course is a survey of college research methodologies and materials with emphasis on search strategies appropriate for college-level research in the undergraduate disciplines, the structure and assessment of information sources within society, and the organization of academic libraries. Attention will also be given to the formal presentation of research results, including models of academic writing, bibliographic preparation and documentation standards. (3 Lec.) (Coordinating Board Academic Approval Number 2501019112)

MATH 1314 College Algebra (3)  
(This is a common course number. Former course prefix/number MTH 101.)  
Prerequisite: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 0099 or Developmental Mathematics 0093. This course is a study of relations and functions including polynomial, rational, exponential, logarithmic, and special functions. Other topics include variation, complex numbers, systems of equations and inequalities, theory of equations, progressions, the binomial theorem, proofs, and applications. (3 Lec.) (Coordinating Board Academic Approval Number 2701015419)
MATH 1316 Plane Trigonometry (3)
(This is a common course number. Former course prefix/number MTH 102.)
Prerequisite: Mathematics 1314 or Mathematics 1414 or equivalent, or approval of instructor. This course is a study of angular measures, functions of angles, identities, solutions of triangles, equations, inverse trigonometric functions, and complex numbers. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015319)

MATH 1324 Mathematics for Business and Economics (3)
(This is a common course number. Former course prefix/number MTH 111.)
Prerequisite: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 0099 or Developmental Mathematics 0093. This course includes equations, inequalities, matrices, linear programming; linear, quadratic, polynomial, rational, exponential, and logarithmic functions; and probability. Applications to business and economics problems are emphasized. (3 Lec.)
(Coordinating Board Academic Approval Number 2703015219)

MATH 1325 Business Calculus and Applications (3)
(This is a common course number. Former course prefix/number MTH 112.)
Prerequisite: Mathematics 1324, MATH 1314 or MATH 1414. This course includes limits, differential calculus, integral calculus, and appropriate applications. (3 Lec.)
(Coordinating Board Academic Approval Number 2703015219)

MATH 1332 College Mathematics I (3)
(This is a common course number. Former course prefix/number MTH 115.)
Prerequisite: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 0099 or Developmental Mathematics 0093. Designed for liberal arts students, this course includes the study of sets, logic, sets of numbers, and mathematical systems. Additional topics will be selected from mathematics of finance, introduction to computers, introduction to statistics, and introduction to matrices. Recreational and historical aspects of selected topics are also included. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015119)

MATH 1333 College Mathematics II (3)
(This is a common course number. Former course prefix/number MTH 116.)
Prerequisite: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 0099 or Developmental Mathematics 0093. Designed for liberal arts students, this course includes the study of algebra, linear programming, permutations, combinations, probability, and geometry. Recreational and historical aspects of selected topics are also included. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015119)

MATH 1348 Analytic Geometry (3)
(This is a common course number. Former course prefix/number MTH 121.)
Prerequisite: Mathematics 1316 or equivalent. This course is a study of the real numbers, distance, the straight line, conics, transformation of coordinates, polar coordinates, parametric equations, and three-dimensional space. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015519)

MATH 1350 Fundamentals of Mathematics I (3)
(This is a common course number.)
Prerequisite: Math 1314 or Math 1414 or the equivalent. Concepts of sets, functions, numeration systems, number theory, and properties of the natural numbers, integers, rational, and real number systems with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4-8) teacher certification. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015119)

MATH 1351 Fundamentals of Mathematics II (3)
(This is a common course number.)
Prerequisite: MATH 1350, College Algebra or the equivalent. Concepts of geometry, probability, and statistics, as well as applications of the algebraic properties of real numbers to concepts of measurement with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4-8) teacher certification. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015619)

MATH 1370 Business Calculus and Applications II (3)
(This is a unique need course.)
Prerequisite: Mathematics 1325. This course includes applications of differential equations, functions of several variables, least squares modeling, multiple integrals, and infinite series. (3 Lec.)
(Coordinating Board Academic Approval Number is to be assigned.)

MATH 1414 is a 4 credit hour lecture course. MATH 1314 is a 3 credit hour lecture course. Either course will meet degree requirements.

MATH 1414 College Algebra (4)
(Former course prefix/number MTH 103.)
Prerequisite: Two years of high school algebra and an appropriate assessment score or Developmental Mathematics 0099 or Developmental Mathematics 0093. This course is study of relations and functions including polynomial, rational, exponential, logarithmic, and special functions. Other topics include complex numbers, systems of equations and inequalities, theory of equations, progressions, the binomial theorem, proofs, and applications. (4 Lec.)
(Coordinating Board Academic Approval Number is 2701015419)
MATH 1425 Business Calculus and Applications (4)
(This is a common course number.)
Prerequisite: Mathematics 1324, MATH 1314 or MATH 1414. This course includes limits, differential calculus, integral calculus, and appropriate applications. (4 Lec.)
(Coordinating Board Academic Approval Number 2703015219)

MATH 2305 Discrete Mathematics (3)
(This is a common course number. Former course prefix/number MTH 215.)
Prerequisite: Mathematics 2513 and an introductory programming course. This course is a study of sets, algebraic structures (relations, functions, groups, and Boolean Algebra), combinatorics, graphs, logic, algorithms, and applications to computing devices. (3 Lec.)
(Coordinating Board Academic Approval Number 2705015119)

MATH 2315 Calculus III (3)
(This is a common course number. Former course prefix/number MTH 226.)
Prerequisite: Mathematics 2414 or equivalent. This course is a study of topics in vector calculus, functions of several variables, and multiple integrals, with applications. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015919)

MATH 2318 Linear Algebra (3)
(This is a common course number. Former course prefix/number MTH 221.)
Prerequisite: Mathematics 2513 or equivalent. This course is a study of matrices, linear equations, dot products, cross products, geometrical vectors, determinants, n-dimensional space, and linear transformations. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015919)

MATH 2320 Differential Equations (3)
(This is a common course number. Former course prefix/number MTH 230.)
Prerequisite: Mathematics 2414 or demonstrated competence approved by the instructor. This course is a study of ordinary differential equations, including linear equations, systems of equations, equations with variable coefficients, existence and uniqueness of solutions, series solutions, singular points, transform methods, boundary value problems, and applications. (3 Lec.)
(Coordinating Board Academic Approval Number 2701016119)

MATH 2342 Introductory Statistics (3)
(This is a common course number. Former course prefix/number MTH 202.)
Prerequisite: Two years of high school algebra or demonstrated competence approved by the instructor. This course is a study of collection and tabulation of data, bar charts, graphs, sampling, measures of central tendency and variability, correlation, index numbers, statistical distributions, probability, and application to various fields. (3 Lec.)
(Coordinating Board Academic Approval Number 2705015119)

MATH 2412 Precalculus Mathematics (4)
(This is a common course number. Former course prefix/number MTH 109.)
Prerequisite: An appropriate assessment test score and either high school pre-AP precalculus or trigonometry, or Mathematics 1316. This course consists of the study of algebraic and trigonometric topics including polynomial, rational, exponential, logarithmic and trigonometric functions and their graphs. Conic sections, polar coordinates, and other topics of analytic geometry will be included. (4 Lec.)
(Coordinating Board Academic Approval Number 2701015819)

MATH 2414 Calculus II (4)
(This is a common course number. Former course prefix/number MTH 225.)
Prerequisite: Mathematics 2513 or equivalent. This course is a study of techniques of integration, polar coordinates, parametric equations, topics in vector calculus, sequences, series, indeterminate forms, and partial differentiation with applications. (4 Lec.)
(Coordinating Board Academic Approval Number 2701015919)

MATH 2418 Linear Algebra (4)
(This is a common course number. Former course prefix/number MTH 221.)
Prerequisite: Mathematics 2513 or equivalent. This course is a study of matrices, linear equations, dot products, cross products, geometrical vectors, determinants, n-dimensional space, and linear transformations. (4 Lec.)
(Coordinating Board Academic Approval Number 2701016119)

MATH 2420 Differential Equations (4)
(This is a common course number. Former course prefix/number MTH 230.)
Prerequisite: Mathematics 2414 or demonstrated competence approved by the instructor. This course is a study of ordinary differential equations, including linear equations, systems of equations, equations with variable coefficients, existence and uniqueness of solutions, series solutions, singular points, transform methods, boundary value problems, and applications. (4 Lec.)
(Coordinating Board Academic Approval Number 2703015119)

MATH 2442 Introductory Statistics (4)
(This is a common course number.)
Prerequisite: Two years of high school algebra and an appropriate test scores or Developmental Mathematics 0093 or Developmental Mathematics 0099. This course is a study of collection and tabulation of data, bar charts, graphs, sampling, measures of central tendency and variability, correlation, index numbers, statistical distributions, probability, and application to various fields. (4 Lec.)
(Coordinating Board Academic Approval Number 2705015119)
MATH 2513 Calculus I (5)
(This is a common course number. Former course prefix/number MTH 124.)
Prerequisite: Mathematics 2412 or Mathematics 1348 or equivalent. This course is a study of limits, continuity, derivatives, and integrals of algebraic and transcendental functions, with applications. (5 Lec.)
(Coordinating Board Academic Approval Number 2701015919)

MDCA 1205 Medical Law and Ethics (2)
(This is a WECM course number.)
Prerequisite: GED or High School Diploma and admission to program. Instruction in principles, procedures, and regulations involving legal and ethical relationships among physicians, patients, and medical assistants. Includes current ethical issues as they relate to the practice of medicine and fiduciary responsibilities. This course may be repeated for credit. (2 Lec.)

MDCA 1352 Medical Assistant Laboratory Procedures (3)
(This is a WECM course number.)
Emphasis on common laboratory procedures performed in the physician's office or clinic setting. Includes blood collection, specimen handling, basic urinalysis, identification of normal ranges, and electrocardiography. Student will demonstrate competencies necessary to function as a Patient Care Technician in caring for patients in various age groups with respiratory, circulatory, musculoskeletal, endocrine, reproductive and neurosensory disturbances.

MRKG 1291 Special Topics in Business Marketing and Marketing Management (2)
(This is a WECM course number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (2 Lec.)

MRKG 1311 Principles of Marketing (3)
(This is a WECM course number. Former course prefix/number MRKT 2370.)
Introduction to basic marketing functions, identification of consumer and organizational needs, explanation of economic, psychological, sociological, and global issues, and description and analysis of the importance of marketing research. (3 Lec.)

MRKG 1366 Practicum (or Field Experience) - Business Marketing and Marketing Management (3)
(This is a WECM course number.)
Prerequisite: Completion of two courses in Business Marketing or demonstrated competence approved by the instructor. A basic or intermediate type of non-health professions work-based instruction that provides basic career exploration or helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. The emphasis is on practical work experience. Indirect supervision is provided by the work supervisor. A practicum may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)

MRKG 1380 Cooperative Education - Business Marketing and Marketing Management (3)
(This is a WECM course number. Former course prefix/number ITNW 1370.)
An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. (1 Lec., 14 Ext.)

MRKG 1381 Cooperative Education - Business Marketing and Marketing Management (3)
(This is a WECM course number. Former course prefix/number MRKT 7371.)
Prerequisite: Completion of two courses in Business Marketing or demonstrated competence approved by the instructor. An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. (1 Lec., 15 Ext.)

MRKG 2366 Practicum (or Field Experience) - Business Marketing and Marketing Management (3)
(This is a WECM course number.)
Prerequisite: Completion of two courses in Business Marketing or demonstrated competence approved by the instructor. A basic or intermediate type of non-health professions work-based instruction that provides basic career exploration or helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. The emphasis is on practical work experience. Indirect supervision is provided by the work supervisor. A practicum may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)
MRKG 2381 Cooperative Education - Business Marketing and Marketing Management (3)
(This is a WECM course number. Former course prefix/number MRKT 7372.)
Prerequisite: Previous credit in MRKG 1381, or completion of two courses in Business Marketing or demonstrated competence approved by the instructor. An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. (1 Lec., 15 Ext.)

MTRC 1366 Practicum - Motorcycle Mechanic and Repairer (3)
(This is a WECM course number. Former course prefix/number ETMC 1462.)
A basic or intermediate type of non-health professions work-based instruction that provides basic career exploration or helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. The emphasis is on practical work experience. Indirect supervision is provided by the work supervisor. A practicum may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)

MTRC 1380 Cooperative Education-Motorcycle Mechanic and Repairer (3)
(This is a WECM course number. Former course prefix/number ETMC 7371.)
An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)

MTRC 1402 Motorcycle Tune Up (4)
(This is a WECM course number. Former course prefix/number ETMC 1471.)Introduction to tune up procedures for both two and four stroke motorcycles including analysis, valve train, ignition, fuel system, and chassis service. Emphasis on the appropriate procedures and equipment. (3 Lec., 4 Lab.)

MTRC 1405 Motorcycle Service Principles (4)
(This is a WECM course number. Former course prefix/number ETMC 1470.)
Principles of operation of two and four stroke motorcycle engines and their associated systems. Emphasis on troubleshooting and analysis of faulty systems and their individual components. (3 Lec., 4 Lab.)

MTRC 1408 Motorcycle Chassis and Drive Systems (4)
(This is a WECM course number. Former course prefix/number ETMC 1475.)
Theory of operation, servicing procedures, and problem diagnosis of motorcycle chassis, final drive systems, wheels, brakes, frames, and suspensions with emphasis on troubleshooting for handling and ridability problems. (3 Lec., 4 Lab.)

MUAP 1101-1181 Applied Music-Minor (1)
These courses are open to students enrolled in music theory, ensembles, and other music major and minor courses. They provide private instruction in the student's secondary area and consist of a one-half hour lesson a week. Private music may be repeated for credit. (1 Lec.)

MUAP 1101 Applied Music-Violin (1)
(This is a common course number. Former course prefix/number MUS 124.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1105 Applied Music-Viola (1)
(This is a common course number. Former course prefix/number MUS 125.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1109 Applied Music-Cello (1)
(This is a common course number. Former course prefix/number MUS 126.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1113 Applied Music-Double Bass (1)
(This is a common course number. Former course prefix/number MUS 127.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1115 Applied Music-Electric Bass (1)
(This is a common course number. Former course prefix/number MUS 141.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1117 Applied Music-Flute (1)
(This is a common course number. Former course prefix/number MUS 128.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1121 Applied Music-Oboe (1)
(This is a common course number. Former course prefix/number MUS 129.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1125 Applied Music-Bassoon (1)
(This is a common course number. Former course prefix/number MUS 131.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1129 Applied Music-Clarinet (1)
(This is a common course number. Former course prefix/number MUS 130.)
(Coordinating Board Academic Approval Number 5009035426)
MUAP 1133 Applied Music-Saxophone (1)
(This is a common course number. Former course prefix/number MUS 132.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1137 Applied Music- Trumpet (1)
(This is a common course number. Former course prefix/number MUS 133.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1141 Applied Music-French Horn (1)
(This is a common course number. Former course prefix/number MUS 134.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1145 Applied Music-Trombone (1)
(This is a common course number. Former course prefix/number MUS 135.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1149 Applied Music-Baritone (1)
(This is a common course number. Former course prefix/number MUS 136.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1153 Applied Music-Tuba (1)
(This is a common course number. Former course prefix/number MUS 137.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1157 Applied Music-Percussion (1)
(This is a common course number. Former course prefix/number MUS 138.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1158 Applied Music-Drum Set (1)
(This is a common course number. Former course prefix/number MUS 143.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1161 Applied Music-Guitar (1)
(This is a common course number. Former course prefix/number MUS 140.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1165 Applied Music-Organ (1)
(This is a common course number. Former course prefix/number MUS 122.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1169 Applied Music-Piano (1)
(This is a common course number. Former course prefix/number MUS 124.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1177 Applied Music-Harp (1)
(This is a common course number. Former course prefix/number MUS 139.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1181 Applied Music-Voice (1)
(This is a common course number. Former course prefix/number MUS 123.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2201 Applied Music-Violin (2)
(This is a common course number. Former course prefix/number MUS 224.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2201-2281 Applied Music-Concentration (2)
These courses are open to students enrolled in music theory, ensembles, or other music major and minor courses. They provide private instruction in the area of the student's concentration and consist of one hour of instruction per week. Private music may be repeated for credit. (1 Lec.)

MUAP 2205 Applied Music-Viola (2)
(This is a common course number. Former course prefix/number MUS 225.)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2209 Applied Music-Cello (2)
(This is a common course number. Former course prefix/number MUS 226.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2213 Applied Music-Double Bass (2)
(This is a common course number. Former course prefix/number MUS 227.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2215 Applied Music-Electric Bass (2)
(This is a common course number. Former course prefix/number MUS 241.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2217 Applied Music-Flute (2)
(This is a common course number. Former course prefix/number MUS 228.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2221 Applied Music-Oboe (2)
(This is a common course number. Former course prefix/number MUS 229.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2225 Applied Music-Bassoon (2)
(This is a common course number. Former course prefix/number MUS 231.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2229 Applied Music-Clarinet (2)
(This is a common course number. Former course prefix/number MUS 230.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2233 Applied Music-Saxophone (2)
(This is a common course number. Former course prefix/number MUS 232.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2237 Applied Music-Trumpet (2)
(This is a common course number. Former course prefix/number MUS 233.)
(Coordinating Board Academic Approval Number 5009035426)
MUAP 2241 Applied Music-French Horn (2)
(This is a common course number. Former course prefix/number MUS 234.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2245 Applied Music-Trombone (2)
(This is a common course number. Former course prefix/number MUS 235.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2249 Applied Music-Baritone (2)
(This is a common course number. Former course prefix/number MUS 236.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2253 Applied Music-Tuba (2)
(This is a common course number. Former course prefix/number MUS 237.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2257 Applied Music-Percussion (2)
(This is a common course number. Former course prefix/number MUS 238.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2258 Applied Music-Drum Set (2)
(This is a common course number. Former course prefix/number MUS 243.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2261 Applied Music-Guitar (2)
(This is a common course number. Former course prefix/number MUS 240.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2265 Applied Music-Organ (2)
(This is a common course number. Former course prefix/number MUS 222.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2269 Applied Music-Piano (2)
(This is a common course number. Former course prefix/number MUS 221.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2277 Applied Music-Harp (2)
(This is a common course number. Former course prefix/number MUS 239.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2281 Applied Music-Voice (2)
(This is a common course number. Former course prefix/number MUS 223.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2301 Applied Music-Violin (3)
(This is a common course number. Former course prefix/number MUS 254.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2301 - 2381 Applied Music-Major (3)
These courses are primarily for music performance majors and are open to students enrolled in music theory, ensembles, or other music major and minor courses. They provide private instruction in the area of the student's major instrument and consist of one hour of instruction per week. These courses may be repeated for credit. (1 Lec.)

MUAP 2305 Applied Music-Viola (3)
(This is a common course number. Former course prefix/number MUS 255.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2309 Applied Music-Cello (3)
(This is a common course number. Former course prefix/number MUS 256.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2313 Applied Music-Double Bass (3)
(This is a common course number. Former course prefix/number MUS 257.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2317 Applied Music-Flute (3)
(This is a common course number. Former course prefix/number MUS 258.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2321 Applied Music-Oboe (3)
(This is a common course number. Former course prefix/number MUS 259.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2325 Applied Music-Bassoon (3)
(This is a common course number. Former course prefix/number MUS 261.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2329 Applied Music-Clarinet (3)
(This is a common course number. Former course prefix/number MUS 260.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2333 Applied Music-Saxophone (3)
(This is a common course number. Former course prefix/number MUS 262.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2337 Applied Music-Trumpet (3)
(This is a common course number. Former course prefix/number MUS 263.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2341 Applied Music-French Horn (3)
(This is a common course number. Former course prefix/number MUS 264.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2345 Applied Music-Trombone (3)
(This is a common course number. Former course prefix/number MUS 265.)
(Coordinating Board Academic Approval Number 5009035426)
MUAP 2349 Applied Music-Baritone (3)
(This is a common course number. Former course prefix/number MUS 266.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2353 Applied Music-Tuba (3)
(This is a common course number. Former course prefix/number MUS 267.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2357 Applied Music-Percussion (3)
(This is a common course number. Former course prefix/number MUS 268.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2361 Applied Music-Guitar (3)
(This is a common course number. Former course prefix/number MUS 270.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2365 Applied Music-Organ (3)
(This is a common course number. Former course prefix/number MUS 252.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2369 Applied Music-Piano (3)
(This is a common course number. Former course prefix/number MUS 251.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2377 Applied Music-Harp (3)
(This is a common course number. Former course prefix/number MUS 269.)
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2381 Applied Music-Voice (3)
(This is a common course number. Former course prefix/number MUS 253.)
(Coordinating Board Academic Approval Number 5009035426)

MUEN 1121 Orchestra (1)
(This is a common course number. Former course prefix/number MUS 170/MUSI 1123.)
Prerequisite: Demonstrated competence approved by the instructor. Experience is provided in performing and reading orchestral literature and in participating in the college orchestra. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035426)

MUEN 1122 Jazz Ensemble (1)
(This is a common course number. Former course prefix/number MUS 184/MUSI 1125.)
Prerequisite: Demonstrated competence approved by the instructor. The jazz ensemble rehearse and performs a variety of jazz styles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035526)

MUEN 1123 Band (1)
(This is a common course number. Former course prefix/number MUS 160/MUSI 1237/MUSI 1126.)
Prerequisite: Demonstrated competence approved by the instructor. The band studies and performs a wide variety of music in all areas of band literature. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035526)

MUEN 1131 Keyboard Ensemble (1)
(This is a common course number. Former course prefix/number MUS 174/MUSI 1132.)
Prerequisite: Demonstrated competence approved by the instructor. A group of keyboard instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035626)

MUEN 1132 Woodwind Ensemble (1)
(This is a common course number. Former course prefix/number MUS 171/MUSI 1133.)
Prerequisite: Demonstrated competence approved by the instructor. A group of woodwind instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035626)

MUEN 1133 Brass Ensemble (1)
(This is a common course number. Former course prefix/number MUS 172/MUSI 1134.)
Prerequisite: Demonstrated competence approved by the instructor. A group of brass instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035626)

MUEN 1134 Guitar Ensemble (1)
(This is a common course number. Former course prefix/number MUS 103/MUSI 1137.)
Music composed and arranged for a guitar ensemble is performed. Works for a guitar and a different instrument or for guitar and a voice are also included. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035626)

MUEN 1135 Percussion Ensemble (1)
(This is a common course number. Former course prefix/number MUS 173/MUSI 1138.)
Prerequisite: Demonstrated competence approved by the instructor. A group of percussion instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035626)

MUEN 1136 String Ensemble (1)
(This is a common course number. Former course prefix/number MUS 175/MUSI 1139.)
Prerequisite: Demonstrated competence approved by the instructor. A group of string instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035626)
MUEN 1137 Symphonic Wind Ensemble (1)
(This is a common course number. Former course prefix/number MUS 176/MUSI 1140.)
Prerequisite: Demonstrated competence approved by the instructor. In the symphonic wind ensemble, students study and perform stylistic literature of all periods. This course may be repeated for credit. (3 Lab.) (Coordinating Board Academic Approval Number 5009035626)

MUEN 1151 Vocal Ensemble (1)
(This is a common course number. Former course prefix/number MUS 155/MUSI 1143.)
Prerequisite: Demonstrated competence approved by the instructor. Activities include study and performance of specialized choral literature suitable for more advanced students. This course may be repeated for credit. (3 Lab.) (Coordinating Board Academic Approval Number 5009035826)

MUEN 1152 Chamber Ensemble (1)
(This is a common course number. Former course prefix/number MUS 177/MUSI 1151.)
Prerequisite: Demonstrated competence approved by the instructor. A group of chamber instrumentalists or vocalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.) (Coordinating Board Academic Approval Number 5009035830)

MUEN 1153 Madrigal Singers (1)
(This is a common course number. Former course prefix/number MUS 156/MUSI 1152.)
A group of vocalists read and perform literature for small ensembles. Membership is by audition with the appropriate director. This course may be repeated for credit. (3 Lab.) (Coordinating Board Academic Approval Number 5009035830)

MUEN 2123 Lab Band (1)
(This is a common course number. Former course prefix/number MUS 181/MUSI 2237/MUSI 2127.)
Prerequisite: Demonstrated competence approved by the instructor. Students study and perform various forms of commercial music, such as jazz, pop, avant-garde, and fusion. Student arranging, composing, and conducting are encouraged. This course may be repeated for credit. (3 Lab.) (Coordinating Board Academic Approval Number 5009035526)

MUEN 2141 Chorus (1)
(This is a common course number. Former course prefix/number MUS 150/MUSI 2143.)
Prerequisite: Demonstrated competence approved by the instructor. A wide variety of music representing the literature of the great eras of music history is studied and performed. This course may be repeated for credit. (3 Lab.) (Coordinating Board Academic Approval Number 5009035526)

MUSB 1305 Survey of the Music Business (3)
(This is a WECM course number. Former course prefix/number MUSI 1377.)
An overview of the music industry including songwriting, live performances, the record industry, music merchandising, contracts and licenses, and career opportunities. (3 Lec.)

MUSB 1380 Cooperative Education· Music Business Management and Merchandising (3)
(This is a WECM course number. Former course prefix/number MUSI 7371.)
An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. (1 Lec., 15 Lab.)

MUSC 1303 History of Popular Music (3)
(This is a WECM course number. Former course prefix/number MUSI 1374.)
A study of commercial music industry trends and developments through historical analysis. Topics include the evolution of the music industry with emphasis on the development of popular musical styles and the impact of culture and technology on industry growth. (3 Lec.)

MUSC 1327 Audio Engineering I (3)
(This is a WECM course number. Former course prefix/number MUSI 1272.)
An overview of the modern recording studio and related personnel. Topics include basic studio electronics and acoustic principles, wave form analysis, microphone concepts and miking techniques, studio set up and signal flow, recording console theory, signal processing concepts, tape machine principles and operation, and an overview of mixing and editing. (2 Lec., 3 Lab.)

MUSC 1331 Musical Instrument Digital Interface (MIDI) I (3)
(This is a WECM course number. Former course prefix/number MUSI 1271.)
An overview of the Musical Instrument Digital Interface (MIDI) systems and applications. Topics include the history and evolution of MIDI, hardware requirements, computer numbering systems, channels and modes, the MIDI language, and typical implementation of MIDI applications in the studio environment using software-based sequencing programs. (2 Lec., 2 Lab.)
MUSC 2141 Forum/Recital (1)  
(This is a WECM course number. Former course prefix/number MUSI 9175.)  
Stylistic analysis of commercial music performances presented by students, faculty, and guest artists. This course may be repeated if topics and learning outcomes vary. (2 Lab.)

MUSC 2314 Improvisation Theory I (3)  
(This is a WECM course number. Former course prefix/number MUSI 1375.)  
A study of the chordal structures of jazz, rock, country, and fusion with emphasis on extemporaneous performance. (3 Lec.)

MUSC 2319 Orchestration (3)  
(This is a WECM course number. Former course prefix/number MUSI 2370.)  
Exploration of writing for voices and instruments to include ranges, transposition, and idiosyncrasies of each instrument with emphasis on commercial music chord voicings. (3 Lec.)

MUSC 2355 Musical Instrument Digital Interface (MIDI) II (3)  
(This is a WECM course number. Former course prefix/number MUSI 2270.)  
Prerequisite: MUSC 1331 or demonstrated competence approved by the instructor. A continuation of MIDI I with emphasis on advanced sequencer operation, and SMPTE-based synchronization in the interaction of multiple recording and playback systems. (2 Lec., 2 Lab.)

MUSC 2427 Audio Engineering II (4)  
(This is a WECM course number. Former course prefix/number MUSI 1273.)  
Prerequisite: MUSC 1327. A continuation of Audio Engineering I with emphasis on implementation of the techniques and theories of the recording process. Topics include applications of microphones, the audio console, the multi-track tape recorder, and signal processing devices in recording session environments. (3 Lec., 3 Lab.)

MUSC 2447 Audio Engineering III (4)  
(This is a WECM course number. Former course prefix/number MUSI 2372.)  
Prerequisite: MUSC 2427. Presentation of advanced procedures and techniques utilized in recording and manipulating audio information. Topics include advanced computer-based console automation, hard disk based digital audio editing, nonlinear digital multi-track recording, and advanced engineering project completion. (3 Lec., 3 Lab.)

MUSC 2448 Audio Engineering IV (4)  
(This is a WECM course number. Former course prefix/number MUSI 2373.)  
Prerequisite: MUSC 2447. Examination of the role of the producer including recording, mixing, arranging, analyzing projects, session planning, communication, budgeting, business aspects, technical considerations, and music markets. (3 Lec., 3 Lab.)

MUSI 1116 Musicianship I (1)  
(This is a common course number. Former course prefix/number MUS 161.)  
Prerequisite: Music 1300, Music 1304 or consent of the instructor. Keyboard skills and aural skills (including sight-singing and ear training) are developed. It is recommended that students enrolled in Music 1311 enroll in this course. (3 Lab.) (Coordinating Board Academic Approval Number 5009045526)

MUSI 1117 Musicianship II (1)  
(This is a common course number. Former course prefix/number MUS 162.)  
Prerequisite: Music 1116. This course is a continuation of Music 1116. It is recommended that students enrolled in Music 1312 enroll in this course. (3 Lab.) (Coordinating Board Academic Approval Number 5009045526)

MUSI 1160 Italian Diction (1)  
(This is a common course number. Former course prefix/number MUS 105.)  
The phonetic sounds of the Italian language are studied. Included is selected vocabulary. This course is primarily for voice majors. (2 Lab.) (Coordinating Board Academic Approval Number 5009085326)

MUSI 1161 English Diction (1)  
(This is a common course number. Former course prefix/number MUS 106.)  
The phonetic sounds of the English language are studied. Included is selected vocabulary. This course is primarily for voice majors. (2 Lab.) (Coordinating Board Academic Approval Number 5009085326)

MUSI 1170 Synthesizer Class I (1)  
(This is a unique need course. Former course prefix/number MUS 147.)  
Prerequisite: Music 1181 or prior keyboard experience. This course is an entry-level performance course designed to teach students the basic theoretical concepts and performance skills necessary to perform on synthesizers. (3 Lab.) (Coordinating Board Academic Approval Number 5009037126)
MUSI 1172 Synthesizer Class II (1)
(This is a unique need course. Former course prefix/number MUS 148.)
Prerequisite: Music 1170 or prior music synthesizer experience. This course is a continuation of Music 1170. This course emphasizes the rehearsal and performance of commercial music styles. FM synthesis is introduced and a variety of programmable equipment is surveyed including drum machines, sequencers, digital samplers and computer software. (3 Lab.)
(Coordinating Board Academic Approval Number 5009037126)

MUSI 1181 Piano Class I (1)
(This is a common course number. Former course prefix/number MUS 117.)
This course is primarily for students with no piano background. It develops basic musicianship and piano skills. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009075126)

MUSI 1182 Piano Class II (1)
(This is a common course number. Former course prefix/number MUS 118)
Prerequisite: Music 1181 or demonstrated competence approved by the instructor. The study of piano is continued. Included are technique, harmonization, transposition, improvisation, accompanying, sight reading, and performing various styles of repertoire. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009075126)

MUSI 1183 Voice Class I (1)
(This is a common course number. Former course prefix/number MUS 151.)
This course is for non-voice majors. It presents the principles of breathing, voice production, tone control, enunciation, and phrasing in two group lessons a week. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009085126)

MUSI 1184 Voice Class II (1)
(This is a common course number. Former course prefix/number MUS 152.)
This course is a continuation of Music 1183. It is open to all non-voice majors. Emphasis is on solo singing, appearance in studio recital, stage deportment, and personality development. Two group lessons are given a week. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009085126)

MUSI 1192 Guitar Class I (1)
(This is a common course number. Former course prefix/number MUS 119.)
An introductory course in acoustic guitar playing based on acoustic and classical guitar technique. Music reading of melodic, harmonic, and rhythmic exercises are learned to gain initial mastery of the fundamental techniques of guitar playing. Introductory elements about the history and culture of the guitar are included in this course. May be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009035126)

MUSI 1193 Guitar Class II (1)
(This is a common course number. Former course prefix/number MUS 120.)
Prerequisite: Music 1192 or demonstrated competence approved by the instructor. This course is a continuation of Music 1192. Emphasis is on classical guitar techniques and music reading skills. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009035126)

MUSI 1263 Jazz Improvisation (2)
(This is a common course number. Former course prefix/number MUS 115.)
The art of improvisation is introduced. Basic materials, aural training, analysis, and common styles are presented. This course may be repeated for credit. (1 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5009036526)

MUSI 1300 Foundations of Music I (3)
(This is a common course number. Former course prefix/number MUS 113.)
This course is the initial course to prepare students with limited music training for Music 1311. It focuses on notation (music reading), musical terminology, analysis, listening to and creating rhythmic and melodic responses. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045426)

MUSI 1304 Foundations of Music II- (3)
(This is a common course number. Former course prefix/number MUS 114.)
Prerequisite: Music 1300 or demonstrated competence approved by the instructor. This course prepares students with limited music training for Music 1311 and increases their general music understanding. Emphasis is on rhythmic and melodic training, chord functions, melody, textures, and basic analysis of music. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045426)

MUSI 1306 Music Appreciation (3)
(This is a common course number. Former course prefix/number MUS 104.)
The basic elements of music are surveyed and examined in the music literature of western civilization, particularly from the Baroque Period to the present. Cultural influences on the music of each era are observed. (3 Lec.)
(Coordinating Board Academic Approval Number 5009025126)

MUSI 1308 Music Literature (3)
(This is a common course number. Former course prefix/number MUS 110.)
The music of recognized composers in the major periods of music history is examined. Topics include the characteristics of sound, elements of music, performance media, and musical texture. Emphasis is on the music of the late Gothic, Renaissance, and Baroque eras. (3 Lec.)
(Coordinating Board Academic Approval Number 5009025226)
MUSI 1309 Music Literature (3)
(This is a common course number. Former course prefix/number MUS 111.)
This course is a continuation of Music 1308. The compositional procedures and forms used by composers are studied. Emphasis is on the Classical, Romantic, and Modern periods. (3 Lec.)(Coordinating Board Academic Approval Number 5009025226)

MUSI 1310 History of Jazz/Rock Music (3)
(This is a common course number. Former course prefix/number MUS 166.)
The study of social and musical influences on Jazz/Rock music and the influence of Jazz/Rock Music on society and the music industry. This course may be repeated for credit. (3 Lec.)(Coordinating Board Academic Approval Number 5009025326)

MUSI 1311 Music Theory I (3)
(This is a common course number. Former course prefix/number MUS 145.)
Prerequisite: Music 1300 and 1304 or demonstrated competence approved by the instructor. This course is designed for music majors and minors. Emphasis is on notation, cadences, classification of diatonic triads, scales, and modes. It is recommended that students enrolled in Music 1116 enroll in this course. (3 Lec.) (Coordinating Board Academic Approval Number 5009045126)

MUSI 1312 Music Theory II (3)
(This is a common course number. Former course prefix/number MUS 146.)
Prerequisite: Music 1311 or demonstrated competence approved by the instructor. This course focuses on part-writing and harmonicization with triads and their inversions. Also included is a chord vocabulary expanded to include materials from the common practice period as well as contemporary periods. It is recommended that students enrolled in Music 1117 enroll in this course. (3 Lec.) (Coordinating Board Academic Approval Number 5009045126)

MUSI 1370 Guitar Literature and Materials (3)
(This is a unique need course. Former course prefix/number MUS 112.)
The body of music for the guitar is surveyed. Emphasis is on the repertoire of instruments in the guitar family, such as the lute. Transcription and arranging are studied as well as the selection of a program for public performance. (3 Lec.) (Coordinating Board Academic Approval Number 5009029226)

MUSI 1386 Composition (3)
(This is a common course number. Former course prefix/number MUS 203.)
Prerequisite: Music 1311 and 1312 or demonstrated competence approved by the instructor. This course covers composing in small forms for simple media in a variety of styles. This course may be repeated for credit. (3 Lec.) (Coordinating Board Academic Approval Number 5009045326)

MUSI 1390 Digital Music Production (3)
(This is a common course number. Former course prefix/number MUS 153/MUSI 137.)
Prerequisite: One semester of music theory and keyboard or demonstrated competence approved by the instructor. This course is designed to introduce major/non-major music students to the MIDI technology as an extension of the music theory/keyboard curriculum. Various MIDI devices, computer hardware, and computer software will be explored. This course may be repeated for credit. (2 Lec., 1 Lab.) (Coordinating Board Academic Approval Number is 5009045826.)

MUSI 1391 Digital Music Production (3)
(This is a common course number. Former course prefix/number MUS 154/MUSI 1373.)
Prerequisite: Successful completion of Music 1390 or demonstrated competence approved by the instructor. This course is a continuation of Music 1390 and will present advanced concepts in music production. This course may be repeated for credit. (2 Lec., 1 Lab.) (Coordinating Board Academic Approval Number is 5009045826.)

MUSI 2116 Musicianship III (1)
(This is a common course number. Former course prefix/number MUS 271.)
Prerequisite: Music 1116 and 1117 or demonstrated competence approved by the instructor. Keyboard and aural skills (including sight-singing and ear training) are developed. It is recommended that students enrolled in Music 2311 enroll in this course. (3 Lab.) (Coordinating Board Academic Approval Number 5009045726)

MUSI 2117 Musicianship IV (1)
(This is a common course number. Former course prefix/number MUS 272.)
Prerequisite: Music 2116 or demonstrated competence approved by the instructor. This course is a continuation of Music 2116. It is recommended that students enrolled in Music 2312 enroll in this course. (3 Lab.) (Coordinating Board Academic Approval Number 5009045726)

MUSI 2160 German Diction (1)
(This is a common course number. Former course prefix/number MUS 107.)
The phonetic sounds of the German language are studied. Included is selected vocabulary. This course is primarily for voice majors. (2 Lab.) (Coordinating Board Academic Approval Number 5009085326)

MUSI 2161 French Diction (1)
(This is a common course number. Former course prefix/number MUS 106.)
The phonetic sounds of the French language are studied. Included is selected vocabulary. This course is primarily for voice majors. (2 Lab.) (Coordinating Board Academic Approval Number 5009085326)
MUSI 2181 Piano Class III (1)
(This is a common course number. Former course prefix/number MUS 218.)
Prerequisite: Music 1181 and 1182 or demonstrated competence approved by the instructor. This course is a continuation of functional keyboard skills, including harmonization, sight-reading, accompanying styles, improvisation, and technical exercises. It is designed for the music major preparing for the piano proficiency exam, but is also open to any interested student. It is recommended that music majors also study privately. (2 Lab.)
(Coordinating Board Academic Approval Number 5009075126)

MUSI 2182 Piano Class IV (1)
(This is a common course number. Former course prefix/number MUS 218.)
Prerequisite: Music 2181 or demonstrated competence of the instructor. This course is a continuation of functional keyboard skills in Music 2181 with greater emphasis on advanced harmonization and appropriate technical skills. It is designed as a preparation for the piano proficiency exam for the music major, but is also open to any interested student. It is recommended that music majors also study privately. (2 Lab.)
(Coordinating Board Academic Approval Number 5009075126)

MUSI 2192 Guitar Pedagogy (1)
(This is a common course number. Former course prefix/number MUS 205.)
Guitar method books are surveyed. Emphasis is on the strengths and weaknesses of each method. Structuring lessons and optimizing each individual teacher-student relationship are also discussed. (2 Lec.)
(Coordinating Board Academic Approval Number 5009035126)

MUSI 2311 Music Theory III (3)
(This is a common course number. Former course prefix/number MUS 245.)
Prerequisite: Music 1311 and 1312 or demonstrated competence approved by the instructor. This course is a continuation of the study of music theory. It includes the materials of modulation, larger forms, and thematic development, and more advanced analysis. It is recommended that students enrolled in Music 2116 enroll in this course. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045226)

MUSI 2312 Music Theory IV (3)
(This is a common course number. Former course prefix/number MUS 246.)
Prerequisite: Music 2311 or demonstrated competence approved by the instructor. This course is a continuation of the topics developed in Music 2311. The preceding materials are expanded to include melody, harmony, tonality, and the formal processes of 20th century music. It is recommended that students enrolled in Music 2117 enroll in this course. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045226)

MUSI 9176 Recital (1)
(Former course prefix/number MUS 199.)
This is an on-campus concert/seminar series designed to provide a laboratory and listening experience as an extension of classroom music studies. Concerts, seminars and workshops are presented by guest artists and lecturers, faculty members and students. This is a one-hour credit course and may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009030026)

MUSP 1242 Small Commercial Music Ensemble (2)
(This is a WECM course number. Former course prefix/number MUSI 1376.)
Participation in a small commercial music ensemble concentrating on commercial music performance styles. (3 Lec.)

MUSP 1391 Special Topics in Music - General Performance (3)
(This is a WECM course number. Former course prefix/number MUSI 2371.)
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (3 Lec.)

NURA 1160 Clinical (1)
(This is a WECM course number.)
A basic, intermediate, or advanced type of health professions work-based instruction that helps students synthesize new knowledge, apply previous knowledge, or gain experience managing the workflow. Practical experience is simultaneously related to theory. Close and/or direction supervision is provided by the clinical professional (faculty or preceptor), generally in a clinical setting. Clinical education is an unpaid learning experience. (3 Ext.)

NURA 1260 Clinical (2)
(This is a WECM course number.)
A basic, intermediate, or advanced type of health professions work-based instruction that helps students synthesize new knowledge, apply previous knowledge, or gain experience managing the workflow. Practical experience is simultaneously related to theory. Close and/or direction supervision is provided by the clinical professional (faculty or preceptor), generally in a clinical setting. Clinical education is an unpaid learning experience. (6 Ext.)
NURA 1301 Nurse Aide for Health Care Organizations I (3)
(This is a WECM course number.)
Preparation for entry level nursing assistants to achieve a level of knowledge, skills, and abilities essential to provide basic care to residents of long-term care facilities. Topics include resident’s rights, communication, safety, observation, reporting and assisting residents in maintaining basic comfort and safety. Emphasis on effective interaction with members of the health care team. This course may be repeated for credit. (2 Lec., 3 Lab.)

NURA 1307 Nurse Aide for Health Care Organizations II (3)
(This is a WECM course number.)
A basic study of the structures and functions of the human body. This course may be repeated for credit. (2 Lec., 3 Lab.)

NUTR 1322 Principles of Nutrition (3)
(Former course prefix/number NTR 101. Common Course Number is HECO 1322.)
This is an introduction to human nutrition. Topics will include classes, sources, and function of nutrients, digestion and absorption, and metabolism with applications to normal and therapeutic nutritional needs. (3 Lec.)

PHED 1100 Beginning Lifetime Sports Activities (1)
(This is a common course number. Former course prefix/number PEH 100.)
Beginning level skills in various lifetime sports are presented as well as rules, etiquette, safety, strategy, offensive and defensive elements, conditioning activities and physical assessments where appropriate. Physical Education 1100 may be repeated for credit when students select different activities. (3 Lab.)

PHED 1101 Beginning Casting and Angling (1)
(This is a common course number. Former course prefix/number PEH 103.)
This course will include the fundamentals of bait casting, spinning and spin casting. This course covers basic knowledge and understanding of angling techniques and concepts, and will include several tackle crafts. (3 Lab.)

PHED 1102 Beginning Soccer (1)
(This is a common course number. Former course prefix/number PEH 104.)
Course content emphasizes the basic playing skills of both indoor and outdoor soccer at the beginner level, as well as rules, strategies, safety, offensive and defensive patterns of play, and competitive activities. (3 Lab.)

PHED 1103 Shooting and Firearm Safety (1)
(This is a common course number. Former course prefix/number PEH 105.)
Course content includes fundamentals of shooting, gun safety and principles of reloading. This course includes personal safety associated with hunting and sport shooting. (3 Lab.)

PHED 1104 Beginning Softball (1)
(This is a common course number. Former course prefix/number PEH 112.)
Course content includes the basic playing skills of softball at the beginner level, as well as rules, strategies, safety, offensive and defensive elements, and competitive activities. These common elements will be applied to fast pitch, slow pitch, and coed softball. (3 Lab.)

PHED 1107 Intramural Athletics (1)
(This is a common course number. Former course prefix/number PEH 116.)
Intramural competition in a variety of activities is offered for men and women. Individual and team competition are offered. (3 Lab.)

PHED 1109 Beginning Golf (1)
(This is a common course number. Former course prefix/number PEH 118.)
Course content emphasizes the basic skills involved in club selection, golf course analysis, shot selection and execution of the golf swing. Rules, scoring, handicapping, and etiquette are included. (3 Lab.)

PHED 1111 Beginning Bowling (1)
(This is a common course number. Former course prefix/number PEH 120.)
Basic bowling skills at the beginner level as well as rules, strategies, safety, scoring and competitive activities are emphasized. All classes are conducted at an off-campus bowling lane. (3 Lab.)

PHED 1114 Beginning Swimming (1)
(This is a common course number. Former course prefix/number PEH 123.)
This course is designed to teach a non-swimmer or a shallow water swimmer to become a safe and efficient deep-water swimmer. After the development of sufficient skills to perform a modified crawl stroke, the elementary back stroke, survival floating, jumping into deep water, leveling off and changing directions, swimmers will be able to swim in deep water. (3 Lab.)
PHED 1116 Conditioning Exercise (1)
(This is a common course number. Former course prefix/number PEH 125.)
This course focuses on understanding exercise and its effect on the body. Cardiovascular endurance, muscular strength, endurance and flexibility are improved through a variety of conditioning activities. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1117 Beginning Basketball and Volleyball (1)
(This is a common course number. Former course prefix/number PEH 127.)
Basic basketball and volleyball skills are taught. Rules, game strategies and competitive activities are included. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1119 Beginning Weight Training (1)
(This is a common course number. Former course prefix/number PEH 131.)
Instruction in weight training and conditioning techniques are stressed. Emphasis is placed on muscular strength and endurance. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1120 Beginning Self-Defense (1)
(This is a common course number. Former course prefix/number PEH 132.)
Various forms of self-defense are introduced. The history and philosophy of the martial arts are explored. The student should progress from no previous experience in self-defense to an adequate skill level covering basic self-defense situations. Both mental and physical aspects of the arts are stressed. Uniform required. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1121 Beginning Jogging (1)
(This is a common course number. Former course prefix/number PEH 133.)
Development and improvement of physical fitness through jogging is emphasized. Fitness concepts and jogging skills will be introduced. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1122 Outdoor Education (1)
(This is a common course number. Former course prefix/number PEH 134.)
Knowledge and skills in outdoor education and camping are presented. Planned and incidental experiences take place, including a week-end camp-out. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1123 Beginning Walking for Fitness (1)
(This is a common course number. Former course prefix/number PEH 135.)
This course is designed for the student who desires cardiovascular fitness by means of a low impact method. Maximum physical fitness is achieved by vigorous walking. The heart rate is elevated to the appropriate target zone for peak conditioning. An extensive warm-up and cool down increases joint and muscle flexibility. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1124 Beginning Aerobics (1)
(This is a common course number. Former course prefix/number PEH 137.)
This course emphasizes the development of cardiovascular endurance by utilizing choreographed routines which may combine basic dance patterns with walking, jogging, jumping, etc. Individual fitness levels are accommodated by the intensity of the workout. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1125 Aquatic Fitness (1)
(This is a common course number. Former course prefix/number PEH 143.)
This course is designed to promote fitness through the use of water-related activities compatible with a pool environment. Emphasis is placed on water resistant exercises, lap swimming utilizing various kicks and strokes, relays, and a variety of aquatic games. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1128 Canoeing/Kayaking (1)
(This is a common course number. Former course prefix/number PEH 149.)
This course is designed to teach the students knowledge and appreciation of basic white water canoeing/kayaking skills so they can actively engage in these activities throughout their lives. A weekend river trip is included in this course. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1130 Intermediate Lifetime Sports Activities (1)
(This is a common course number. Former course prefix/number PEH 200.)
Intermediate and intermediate/advanced skills in a variety of lifetime sports are presented. Students participate in a selected sport. Physical Education 1130 may be repeated for credit when students select different activities. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)
PHED 1131 Intermediate Soccer (1)  
(This is a common course number. Former course prefix/number PEH 204.)  
Basic skills and techniques are refined beyond the beginner level. Analysis and practice of strategies, safety, offensive and defensive patterns of play and competitive activities are covered. Course emphasis is placed on the development and preparation for participation on an intercollegiate team. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1132 Intermediate Softball (1)  
(This is a common course number. Former course prefix/number PEH 212.)  
Emphasis is placed on game strategy, base coaching, preparing a lineup, conducting drills, and performance on hitting, catching, and throwing. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1134 Intermediate Physical Fitness (1)  
(This is a common course number. Former course prefix/number PEH 215.)  
Basic skills and techniques of fitness-related activities are developed beyond the beginner level. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1136 Intermediate Golf (1)  
(This is a common course number. Former course prefix/number PEH 218.)  
Basic skills and techniques are refined beyond the beginner level. Analysis and practice of the golf swing, swing theory and methods, strategy, and actual golf course playing are emphasized. Equipment is furnished.  
(3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1140 Intermediate Swimming (1)  
(This is a common course number. Former course prefix/number PEH 223.)  
The correct performance of the crawl, elementary back stroke, side and breast strokes will be emphasized. Some speed and endurance swimming will be required.  
(3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1141 Intermediate Weight Training (1)  
(This is a common course number. Former course prefix/number PEH 231.)  
Skills and instruction in weight training techniques are developed beyond the beginner level. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1142 Intermediate Self-Defense (1)  
(This is a common course number. Former course prefix/number PEH 232.)  
Students will be introduced to intermediate forms of defense and combinations of self defense methods. Emphasis is on practical application of self defense movements. Uniform required. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1143 Intermediate Jogging (1)  
(This is a common course number. Former course prefix/number PEH 233.)  
Improvement of physical fitness through jogging is developed beyond the beginner stage. A higher level of fitness is expected. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1144 Intermediate Walking for Fitness (1)  
(This is a common course number. Former course prefix/number PEH 235.)  
Students participate in a low impact exercise walking program beyond the beginning level. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1145 Intermediate Aerobics (1)  
(This is a common course number. Former course prefix/number PEH 237.)  
This course emphasizes the development of cardiovascular endurance through a combination of walking, jogging, jumping, etc. Individual fitness levels are developed beyond the beginner level. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1146 Intermediate Basketball (1)  
(This is a common course number. Former course prefix/number PEH 239.)  
Basic skills and techniques are refined beyond the beginner level. Analysis and practice of shooting, passing, dribbling, team play, strategies, and competitive play covered. Course emphasis is placed on the development and preparation for participation on an intercollegiate team. Equipment is furnished. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1147 Intermediate Volleyball (1)  
(This is a common course number. Former course prefix/number PEH 240.)  
Basic skills and techniques are refined beyond the beginner level. Analysis and practice of the forearm pass, setting, spiking, serving, team play, strategies, and competitive play are covered. Course emphasis is placed on the development and preparation for participation on an intercollegiate team. Equipment is furnished. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1148 Intermediate Baseball (1)  
(This is a common course number. Former course prefix/number PEH 241.)  
Basic skills and techniques are refined beyond the beginner level. Analysis and practice of hitting, fielding, pitching, team play, and competitive play are emphasized. Baseball history and interpretation of the rules are also covered. Course emphasis is placed on the development and preparation for participation on an intercollegiate team. Equipment is furnished. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)
PHED 1150 Intermediate Bowling (1)
(This is a common course number. Former course prefix/number PEH 220.)
This course is designed for students seeking improvement in the lifetime sport of bowling. The course covers a review of history, etiquette, care and selection of equipment, rules and scoring. Additional information will be provided on handicapping, league play, variation of grips, spot bowling and alley textures. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1164 Beginning Physical Fitness (1)
(This is a common course number. Former course prefix/number PEH 115.)
Students are introduced to wellness related concepts and activities for the purpose of gaining knowledge and skills necessary to evaluate personal fitness level and to develop a personal lifelong fitness program. Activities include, but are not limited to: aerobics, circuit training, muscular development, flexibility, agility exercises, weight training and body composition. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085223)

PHED 1301 Introduction to Physical Education (3)
(This is a common course number. Former course prefix/number PEH 144.)
This course is for students majoring in physical education and is designed for professional orientation in physical education, health, and recreation. The history, philosophy, and modern trends of physical education are surveyed. Topics include teacher qualifications, vocational opportunities, expected competencies, and skill testing. This course does not satisfy the physical education activity course requirement. (3 Lec.)
(Coordinating Board Academic Approval Number 3105015223)

PHED 1304 Health for Today (3)
(This is a common course number. Former course prefix/number PEH 101.)
Emphasis is placed on relating course content to lifestyle to foster a better understanding of the major health issues of today. Current issues include, but are not limited to: emotional health, chemical use and abuse, human sexuality, major diseases, physical fitness, nutrition, aging, death and dying. This course does not satisfy the physical education activity course requirement. (3 Lec.)
(Coordinating Board Academic Approval Number 5103015123)

PHED 1308 Sports Officiating I (3)
(This is a common course number. Former course prefix/number PEH 147.)
This course is for students who choose officiating for an avocation and who want to increase their knowledge and appreciation of sports. Sports covered in this course are football, basketball, and other sports as appropriate. Students are expected to officiate intramural games. This course does not satisfy the physical education activity course requirement. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1202045109)

PHED 1309 Sports Officiating II (3)
(This is a common course number. Former course prefix/number PEH 148.)
This course is for students who choose officiating for an avocation and who want to increase their knowledge and appreciation of sports. Sports covered in this course are softball, track and field, baseball, and other sports as appropriate. Students are expected to officiate intramural games. This course does not satisfy the physical education activity course requirement. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1202045109)

PHED 1321 The Coaching of Football and Basketball (3)
(This is a common course number. Former course prefix/number PEH 236.)
The skills and techniques of coaching football and basketball are presented. Included are the history, theories, philosophies, rules, terminology, and finer points of the sports. Emphasis is on coaching techniques. This course does not satisfy the physical education activity course requirement. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 3105065123)

PHED 1336 Outdoor Recreation (3)
(This is a common course number. Former course prefix/number PEH 109.)
Outdoor recreation and organized camping are studied. Both the development of these activities and present trends are covered. This course does not satisfy the physical education activity course requirement. (3 Lec.)
(Coordinating Board Academic Approval Number 3101015123)

PHED 1337 Community Recreation (3)
(This is a common course number. Former course prefix/number PEH 110.)
This course is primarily for students majoring or minor in health, physical education, or recreation. The principles, organization, and function of recreation in American society are covered. This course does not satisfy the physical education activity course requirement. (3 Lec.)
(Coordinating Board Academic Approval Number 3101015123)

PHIL 1301 Introduction to Philosophy (3)
(This is a common course number. Former course prefix/number PHI 101.)
An introduction to the ideas about such things as the good life, reality, God, the acquisition and characteristics of knowledge, and the nature of humans. Students will evaluate both ancient and modern theories about these issues in terms of their logic, historical significance, and meaning in everyday life, as they practice the methods for doing philosophy. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015112)
PHIL 1313 Critical Thinking (3)  
(Former course prefix/number PHIL 1370.)  
This course is designed to improve students' critical thinking ability. Students will both analyze and construct arguments. Elementary deductive forms, common fallacies, and inductive reasoning are considered. (3 Lec.)  
(Coordinating Board Academic Approval Number 3801015712)

PHIL 2303 Logic (3)  
(This is a common course number. Former course prefix/number PHI 105.)  
The critical and correct construction and analysis of arguments using induction, deduction and scientific reasoning. Students will practice analyzing fallacies, definitions, analogies, and uses of language. They will learn to use some of the elementary tools of formal logic, such as Venn diagrams, truth tables, and formal proofs using the rules of inference. (3 Lec.)  
(Coordinating Board Academic Approval Number 3801015212)

PHIL 2306 Ethics (3)  
(This is a common course number. Former course prefix/number PHI 203.)  
Consideration of what constitutes a good and a moral life. Using classical and contemporary theories, students will weigh such ingredients as pleasure, duty, power, and love as they apply to current issues of daily living. Students may consider ethical problems in business, law, and medicine. (3 Lec.)  
(Coordinating Board Academic Approval Number 3801015312)

PHIL 2307 Introduction to Social and Political Philosophy (3)  
(This is a common course number. Former course prefix/number PHI 202.)  
The relationships of philosophical ideas to the community are presented. Emphasis is on concepts of natural rights, justice, education, freedom, and responsibility. (3 Lec.)  
(Coordinating Board Academic Approval Number 3801015412)

PHIL 2316 History of Ancient Philosophy (3)  
(This is a common course number. Former course prefix/number PHI 207.)  
The history of philosophy from pre-Socratic times to the Renaissance is examined. Connections are made between the pre-Socratics, Plato, and Aristotle; Stoicism, Epicureanism, and Scholasticism are considered. (3 Lec.)  
(Coordinating Board Academic Approval Number 3801015512)

PHIL 2317 History of Modern Philosophy (3)  
(Former course prefix/number PHI 208.)  
The history of philosophy from the Renaissance through the 19th. century is examined. Emphasis is on continental rationalism, British empiricism, Kantian metaphysics and epistemology, and the Hegelian system as it relates to 20th century philosophies. The historical relationship between these schools of thought is explored. (3 Lec.)  
(Coordinating Board Academic Approval Number 3801015512)

NOTE: These courses have a Dallas County Community College prefix of "PHOT;" however, some can be identified by a Common Course Number for transfer evaluation purposes. Both are listed in the parenthetical notes in the course descriptions.

PHOT 1316 Introduction to Photography and Photojournalism (3)  
(Former course prefix/number PHO 110. Common Course Number is COMM 1316.)  
Prerequisite: None. Photography and photojournalism are introduced. Topics include the general mechanics of camera lenses and shutters and the general characteristics of photographic films, papers, and chemicals. Darkroom procedures are presented, including enlarging, processing, contact printing, and exposing films and papers. Artificial lighting is introduced. (2 Lec., 4 Lab)  
(Coordinating Board Academic Approval Number 0904015506)

PHOT 1317 Advanced Photography and Photojournalism (3)  
(Former course prefix/number PHO 111. Common Course Number is COMM 1317.)  
Prerequisite: Photography 1316 or demonstrated competence approved by the instructor. Techniques learned in Photography 1316 are refined. Emphasis is on photographic communication. (2 Lec., 4 Lab)  
(Coordinating Board Academic Approval Number 0904015512)

PHOT 2324 Introduction to Multimedia (3)  
(Former course prefix/number PHO 212. Common Course Number is COMM 2324.)  
Prerequisite: Photography 1316 or Art 2356, Photography 2325. This course will provide students with an exploration of the latest computer hardware and software applications used to produce multimedia presentations. Students will experience the areas of digital sound reproduction, the creation of computer animation, converting video into digital images, and digital editing techniques. (2 Lec., 4 Lab)  
(Coordinating Board Academic Approval Number 0907015306)
PHOT 2325 Introduction to Digital Imaging (3)  
(Former course prefix/number PHO 124. Common Course Number is COMM 2325.)  
Prerequisite: Photography 1316 or Art 2356 is recommended for this course. This is a broad-based, introductory course which explores the creation and manipulation of images on the computer. The course content will include an introduction to the computer system, an overview of desktop publishing and graphic programs, use of the digital camera, scanning-in photographs, and exploring techniques of photo-manipulation. (2 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 0907015306)

PHOT 2326 Advanced Digital Imaging (3)  
(Former course prefix/number PHO 125. Common Course Number is COMM 2326.)  
Prerequisite: Photography 2325 is required. In addition, Photography 1316 or Art 2356 is recommended. This course will explore in greater depth the applications covered in the Introduction to Digital Photography (Photography 2325) class. Students will work to master the technical complexities of digital photography and seek to clarify a personal direction through extended projects. (2 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 0907015306)

PHOT 2356 Commercial Photography I (3)  
(Former course prefix/number PHO 122. Common Course Number is ARTS 2356.)  
Prerequisite: Photography 1316 and 1317 or demonstrated competence approved by the instructor. Commercial or contract photography is studied. Field, studio, and darkroom experiences for various kinds of photography are discussed. Social, portrait, studio, fashion, publicity, landscape, and product photography, as well as portfolio development, are included. The use of natural and artificial lighting is covered. (2 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 5006055126)

PHOT 2357 Commercial Photography II (3)  
(Former course prefix/number PHO 123. Common Course Number is ARTS 2357.)  
Prerequisite: Photography 1316 and 1317 or demonstrated competence approved by the instructor. This course is a continuation of Photography 2356. Publicity, architectural, interior, and advertising photography are included. The latest equipment, papers, films, and techniques are explored. Exchanges may be made with sample clients, employers, studios, and agencies. (2 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 5006055226)

PHTC 1349 Photo Digital Imaging I (3)  
(This is a WECM course number. Former course prefix/number MULT 1383 or RFTV 2378 or VCOM 2382.)  
Prerequisite: IMED 1301. Instruction in the computer as an electronic darkroom. Topics include color and gray scale images and image conversion and presentation. (2 Lec., 4 Lab.)

PHOT 2349 Photo Digital Imaging II (3)  
(This is a WECM course number. Former course prefix/number MULT 2374.)  
Prerequisite: PHTC 1349 or PHOT 2325. Continued skill development in the use of the computer for retouching, copying, photographic restoration, color correction, data importation, composite imaging, and background dropout and replacement. (2 Lec., 4 Lab.)

PHYS 1401 Introductory General Physics (4)  
(This is a common course number. Former course prefix/number PHY 111.)  
Prerequisite: Two years of high school algebra, including trigonometry, or the equivalent. This course is for pre-dental, biology, premedical, pre-pharmacy, and pre-architecture majors and other students who need a two-semester technical course in physics. Mechanics and heat are studied. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4008015303)

PHYS 1402 Introductory General Physics (4)  
(This is a common course number. Former course prefix/number PHY 112.)  
Prerequisite: Physics 1401. This course is a continuation of Physics 1401. Electricity, magnetism, light, and sound are studied. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4008015303)

PHYS 1411 Fundamentals of Astronomy (4)  
(This is a common course number. Former course prefix/number AST 111.)  
This course concerns fundamental aspects of the solar system and the historical development of astronomical ideas. Included are studies of the celestial sphere and motions of the earth, the moon, planets, and other minor bodies. The origin and evolution of the solar system are also covered. The laboratory includes outdoor viewing sessions and study of celestial motions, elementary navigation, constellation identification, and telescope construction. (3 Lec., 3 Lab)  
(Coordinating Board Academic Approval Number 4002015103)

PHYS 1412 General Introductory Astronomy (4)  
(This is a common course number. Former course prefix/number AST 112.)  
This course concerns fundamental properties of stars, stellar systems, star clusters, nebulae, interstellar gas and dust, and galaxies. Included is the study of the sun, Milky Way Galaxy, stellar evolution, black holes, and current cosmological ideas. The laboratory includes outdoor viewing sessions and the study of timekeeping, use of spectra, and motions of stars and galaxies. (3 Lec., 3 Lab)  
(Coordinating Board Academic Approval Number 4002015103)
PHYS 2425 General Physics (4)
(This is a common course number. Former course prefix/number PHY 201.)
Prerequisite: Credit or concurrent enrollment in Mathematics 2513. This course is designed primarily for physics, chemistry, mathematics, and engineering majors. The principles and applications of mechanics, wave motion, and sound are studied. Emphasis is on fundamental concepts, problem-solving, notation, and units. The laboratory includes a one-hour problem session. (3 Lec., 3 Lab)

PHYS 2426 General Physics (4)
(This is a common course number. Former course prefix/number PHY 202.)
Prerequisite: Physics 2425 and credit or concurrent enrollment in Mathematics 2414. This course presents the principles and applications of heat, electricity, magnetism, and optics. Emphasis is on fundamental concepts, problem-solving, notation and units. The laboratory includes a one-hour problem session. (3 Lec., 3 Lab)

POFI 1301 Computer Applications I (3)
(This is a WECM course number. Former course prefix/number OFCT 1377.)
Overview of computer applications including current terminology and technology. Introduction to computer hardware, software applications, procedures, and Internet usage. This course may be repeated for credit. (2 Lec., 2 Lab.)

POFI 1341 Computer Applications II (3)
(This is a WECM course number. Former course prefix/number OFCT 2373.)
Continued study of current computer terminology and technology. Advanced skill development in computer hardware, software applications, and procedures. This course may be repeated for credit. (2 Lec., 2 Lab.)

POFI 1345 Integrated Software Applications II (3)
(This is a WECM course number. Former course prefix/number OFCT 1380.)
Continued study of computer applications from business productivity software suites. Instruction in embedding data and linking and combining documents using word processing, spreadsheets, databases, and/or presentation media software. This course may be repeated for credit. (2 Lec., 2 Lab.)

POFI 1349 Spreadsheets (3)
(This is a WECM course number. Former course prefix/number OFCT 1380.)
Skill development in the use of a spreadsheet software package. Topics include worksheet creation and manipulation functions, templates, macro programming database functions, data-table features, and graphics. This course may be repeated for credit. (2 Lec., 3 Lab.)

POFI 2301 Word Processing (3)
(This is a WECM course number. Former course prefix/number OFCT 1379.)
Prerequisite: Keyboarding proficiency. Instructions on the various aspects of a word processing software package. Emphasis on the use of text editing features to produce business documents. This course may be repeated for credit. (2 Lec., 2 Lab.)

POFI 2331 Desktop Publishing for the Office (3)
(This is a WECM course number. Former course prefix/number OFCT 2372.)
In-depth coverage of desktop publishing terminology, text editing, and use of design principles to create publishing material using word processing desktop publishing features. Emphasis on layout techniques, graphics, and multiple page displays. This course may be repeated for credit. (2 Lec., 2 Lab.)

POFI 1127 Introduction to Keyboarding (1)
(This is a WECM course number. Former course prefix/number OFCT 1171.)
Skill development in keyboarding with emphasis on alphabet, number, and symbol keys by touch. (2 Lab.)

POFI 1192 Special Topics in Administrative Assistant/Secretarial Science, General (1)
(This is a WECM course number.)
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated for credit. (1 Lec.)

POFI 1193 Special Topics in General Office/Clerical and Typing Services (1)
(This is a WECM course number. Former course prefix/number OFCT 1170.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation which are relevant to the professional development of the student. This course may be repeated for credit. (2 Lab.)

POFI 1207 Proofreading and Editing (2)
(This is a WECM course number.)
Instruction in proofreading and editing skills necessary to assure accuracy in written documents and business correspondence. (1 Lec., 2 Lab.)

POFI 1292 Special Topics in Administrative Assistant/Secretarial Science, General (2)
(This is a WECM course number.)
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated for credit. (2 Lec.)
POFT 1293 Special Topics in General Office/Clerical and Typing Services (2)
(This is a WECM course number. Former course prefix/number OFCT 1170.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation which are relevant to the professional development of the student. This course may be repeated for credit. (1 Lec., 2 Lab.)

POFT 1302 Business Communications I (3)
(This is a WECM course number.)
Introduction to a practical application of basic language usage skills with emphasis on fundamentals of writing and editing for business. (2 Lec., 2 Lab.)

POFT 1309 Administrative Office Procedures I (3)
(This is a WECM course number. Former course prefix/number OFCT 1373.)
Prerequisite: Basic keyboarding skills. Study of current office procedures including telephone skills, time management, travel and meeting arrangements, mail processing, and other duties and responsibilities in an office environment. (2 Lec., 2 Lab.)

POFT 1313 Professional Development for Office Personnel (3)
(This is a WECM course number.)
Preparation for the work force including business ethics, teamwork, professional attire, promotability, and interpersonal skills development. (2 Lec., 2 Lab.)

POFT 1319 Records and Information Management I (3)
(This is a WECM course number. Former course prefix/number OFCT 1371.)
Introduction to basic records and information management. Includes the life cycle of a record, manual and electronic records management, and basic filing procedures and rules. (2 Lec., 2 Lab.)

POFT 1321 Business Math (3)
(This is a WECM course number. Former course prefix/number MTH 130/MATH 1371.)
Instruction in the fundamentals of business mathematics including analytical and problem-solving skills for critical thinking in business applications. (3 Lec.)

POFT 1325 Business Math and Machine Applications (3)
(This is a WECM course number. Former course prefix/number OFCT 1372.)
Skill development in the use of electronic calculators and business mathematical functions. Emphasis on business problem-solving skills using spreadsheet software. (2 Lec., 2 Lab.)

POFT 1329 Keyboarding and Document Formatting (3)
(This is a WECM course number. Former course prefix/number OFCT 1375.)
Skill development in the operation of the keyboard by touch applying proper keyboarding techniques. Emphasis on development of acceptable speed and accuracy levels and formatting basic documents. (2 Lec., 2 Lab.)

POFT 1349 Administrative Office Procedures II (3)
(This is a WECM course number.)
Advanced office application with special emphasis on decision making, goal setting, management theories, and critical thinking. (2 Lec., 2 Lab.)

POFT 1380 Cooperative Education-Administrative Assistant/Secretarial Science, General (3)
(This is a WECM course number. Former course prefix/number OFCT 7471.)
An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. This course may be repeated for credit. (1 Lec., 20 Ext.)

POFT 1381 Cooperative Education-Administrative Assistant/Secretarial Science, General (3)
(This is a WECM course number. Former course prefix/number OFCT 7471.)
An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. This course may be repeated for credit. (1 Lec., 20 Ext.)

POFT 1382 Cooperative Education-General Office/Clerical and Typing Services (3)
(This is a WECM course number. Former course prefix/number OFCT 7371.)
An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. This course may be repeated for credit. (1 Lec. 15 Ext.)
POFT 1383 Cooperative Education-General Office/Clerical and Typing Services (3)
(This is a WECM course number. Former course prefix/number OFCT 7471.)
An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. This course may be repeated for credit. (1 Lec., 20 Ext.)

POFT 1392 Special Topics in Administrative Assistant/Secretarial Science, General (3)
(This is a WECM course number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation which are relevant to the professional development of the student. This course may be repeated for credit. (2 Lec., 2 Lab.)

POFT 1393 Special Topics in General Office/Clerical and Typing Services (3)
(This is a WECM course number. Former course prefix/number OFCT 1270.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated for credit. (2 Lec., 2 Lab.)

POFT 1493 Special Topics in General Office/Clerical and Typing Services (4)
(This is a WECM course number. Former course prefix/number OFCT 1370.)
Topics address recently identified current event, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated for credit. (2 Lec., 4 Lab.)

POFT 2203 Speed and Accuracy Building (2)
(This is a WECM course number. Former course prefix/number OFCT 1173.)
Review, correct, improve, and/or perfect touch keyboarding techniques for the purpose of increasing speed and improving accuracy. (1 Lec., 2 Lab.)

POFT 2301 Document Formatting and Skillbuilding (3)
(This is a WECM course number. Former course prefix/number OFCT 1376.)
Prerequisite: Keyboarding and Document Formatting. A continuation of keyboarding skills in document formatting, speed, and accuracy. Emphasis is on proofreading, editing, following instruction, and keying documents from various copy. This course may be repeated for credit. (2 Lec., 2 Lab.)

POFT 2312 Business Communications II (3)
(This is a WECM course number. Former course prefix/number OFCT 2370.)
Skill development in practical applications which emphasize the improvement of writing skills necessary for effective business communications. (2 Lec., 2 Lab.)

POFT 2331 Administrative Systems (3)
(This is a WECM course number.)
Experience in project management and office procedures utilizing integration of previously learned skills. (2 Lec., 2 Lab.)

POFT 2380 Cooperative Education-Administrative Assistant/Secretarial Science, General (3)
(This is a WECM course number. Former course prefix/number OFCT 7471.)
An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. This course may be repeated for credit. (1 Lec., 20 Ext.)

POFT 2381 Cooperative Education-Administrative Assistant/Secretarial Science, General (3)
(This is a WECM course number. Former course prefix/number OFCT 7471.)
An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. This course may be repeated for credit. (1 Lec., 20 Ext.)

POFT 2382 Cooperative Education-General Office/Clerical and Typing Services (3)
(This is a WECM course number. Former course prefix/number OFCT 7372.)
An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. This course may be repeated for credit. (1 Lec., 15 Ext.)
POFT 2383 Cooperative Education-General Office/Clerical and Typing Services (3)
(This is a WECM course number. Former course prefix/number OFCT 7472.)
An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. This course may be repeated for credit. (1 Lec., 20 Ext.)

POFT 2388 Internship-General Office/Clerical and Typing Services (3)
(This is a WECM course number. Former course prefix/number OFCT 7372.)
An experience external to the college for an advanced student in a specialized field involving a written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college and that are directly related to specific occupational outcomes. This may be paid or unpaid experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 15 Ext.)

PSYC 1300 Learning Framework (3)
(This is a common course number.)
This course is a study of theoretical models regarding how people learn, think, and motivate themselves. Students will use assessment instruments to help them identify their own academic strengths and weaknesses. Students are ultimately expected to integrate and apply these skills to become effective, efficient learners. (3 Lec.)

PSYC 2301 Introduction to Psychology (3)
(This is a common course number. Former course prefix/number PSY 101.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the TASP/Alternative Assessment Standard in Reading. Introduction to Psychology surveys major topics in the study of behavior. Factors which determine and affect behavior are examined. Psychological principles are applied to the human experience. (3 Lec.)

PSYC 2302 Applied Psychology (3)
(This is a common course number. Former course prefix/number PSY 202.)
Prerequisite: TASP/Alternative Assessment passing Reading Standards recommended. Psychological facts and principles are applied to problems and activities of life and will be used to examine basic aspects of human relationships in society. This course will involve the direct application of psychological principles to human relations problems in such areas as business, health occupations, social service agencies, and interpersonal relationships. (3 Lec.)

PSYC 2306 Human Sexuality (3)
(This is a common course number. Former course prefix/number PSY 103.)
Prerequisite: TASP/Alternative Assessment passing Reading Standards recommended. Students may register for either Psychology 2306 or Sociology 2306 but receive credit for only one of the two. Topics include physiological, psychological, and sociological aspects of human sexuality. (3 Lec.)

PSYC 2314 Developmental Psychology (3)
(This is a common course number. Former course prefix/number PSY 201.)
Prerequisite: TASP/Alternative Assessment passing Psychology 2301 recommended. This course is a study of human growth, development, and behavior. Emphasis is on psychological changes during life. Processes of life from prenatal beginnings through adulthood and aging are included. (3 Lec.)

PSYC 2316 Psychology of Personality (3)
(This is a common course number. Former course prefix/number PSY 205.)
Prerequisite: TASP/Alternative Assessment passing Psychology 2301 recommended. This course is an introduction to the study of personality. Topics of personality and adjustment will be studied in the context of various personality theories. Emphasis will be on the application of those topics. (3 Lec.)
PSYC 2319 Social Psychology (3)  
(This is a common course number. Former course prefix/number PSY 207.)  
Prerequisite: TASP/Alternative Assessment passing Reading Standards and Psychology 2301 recommended. Students may register for either Psychology 2319 or Sociology 2326 but may receive credit for only one. Theories of individual behavior in the social environment are surveyed. Topics include the socio-psychological process, attitude formation and change, interpersonal relations, and group processes. (3 Lec.)  
(Coordinating Board Academic Approval Number 4216015125)

PSYC 2371 Current Issues in Psychology (3)  
(This is a unique need course. Former course prefix/number PSY 211/PSYC 2370/PSYC 2340)  
This course provides an in-depth study of current issues in psychology. Topics include: abnormal psychology, psychology of the offender, death and dying, and gender roles. Topics may vary from semester to semester and may be repeated for credit when topics vary. (3 Lec.)  
(Coordinating Board Academic Approval Number is to be assigned.)

PSYC 2389 Psychology Practicum (3)  
(This is a common course number.)  
An instructional program designed to integrate on-campus study with practical field experience in Psychology. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of human behavior, and/or social institutions, and in the practice of community services. The course may be repeated for credit when field experiences vary. (1 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 4501015125)

RELE 1191 Special Topics in Real Estate (1)  
(This is a WECM course number. Former course prefix/number REAL 2170.)  
Topics address recently identified current event, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (1 Lec.)

RELE 1201 Principles of Real Estate (2)  
(This is a WECM course number.)  
An overview of licensing as a real estate broker and salesperson, ethics of practice, titles to and conveying of real estate, legal descriptions, law of agency, deeds, encumbrances and liens, distinctions between personal and real property, contracts, appraisal, finance and regulations, closing procedures, and real estate mathematics. Also includes federal, state, and local laws relating to housing discrimination, housing credit discrimination, and community reinvestment. This course must be taken concurrently with RELE 2209. (2 Lec.)

RELE 1291 Special Topics in Real Estate (2)  
(This is a WECM course number. Former course prefix/number REAL 2270.)  
Topics address recently identified current event, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (2 Lec.)

RELE 1301 Principles of Real Estate (3)  
(This is a WECM course number. Former course prefix/number REAL 1370.)  
An overview of licensing as a real estate broker and salesperson, ethics of practice, titles to and conveying of real estate, legal descriptions, law of agency, deeds, encumbrances and liens, distinctions between personal and real property, contracts, appraisal, finance and regulations, closing procedures, and real estate mathematics. Also includes federal, state, and local laws relating to housing discrimination, housing credit discrimination, and community reinvestment. (3 Lec.)

RELE 1303 Real Estate Appraisal (3)  
(This is a WECM course number. Former course prefix/number REAL 1374.)  
A study of the central purposes and functions of an appraisal, social, and economic determinant of value, appraisal case studies, cost, market data and income approaches to value estimates, final correlations, and reporting. (3 Lec.)

RELE 1307 Real Estate Investment (3)  
(This is a WECM course number. Former course prefix/number REAL 2371.)  
Financing, evaluation, and management of real estate investment. Emphasis on real estate investment characteristics, techniques of investment analysis, time-valued money, discounted investment criteria, leverage, and applications to property tax implications of owning real estate. (3 Lec.)

RELE 1309 Real Estate Law (3)  
(This is a WECM course number. Former course prefix/number REAL 1375.)  
Provides a study of legal concepts of real estate, land description, real property rights, estates in land, contracts, conveyances, encumbrances, foreclosures, recording procedures, and evidence of title. (3 Lec.)

RELE 1311 Law of Contracts (3)  
(This is a WECM course number. Former course prefix/number REAL 1376.)  
Includes the elements of a contract, offer and acceptance, the statute of frauds, specific performance and remedies for breach, unauthorized practice of law, commission rules relating to use of adopted forms and owner disclosure requirements. (3 Lec.)

176
RELE 1319 Real Estate Finance (3)
(This is a WECM course number. Former course prefix/number REAL 1371.)
An overview of the U.S. monetary system, primary and secondary money markets, sources of mortgage loans, federal government programs, loan applications, processes and procedures, closing costs, alternative instruments, laws affecting mortgage lending, and the State Housing Agency. (3 Lec.)

RELE 1321 Real Estate Marketing (3)
(This is a WECM course number. Former course prefix/number REAL 1372.)
A study of real estate professionalism and ethics; characteristics of successful salespersons; time management; psychology of marketing; listing procedures; advertising; negotiating and closing financing; and the deceptive trade practice act, consumer protection act, and commercial code. (3 Lec.)

RELE 1324 Loan Origination and Quality Control (3)
(This is a WECM course number. Former course prefix/number MOBA 1170 or MOBA 1370.)
An introduction to the mortgage loan application process. Topics include regulatory compliance and documentation; real estate contracts; the mortgage application process, interview techniques; credit, income and property qualification, quality controls and procedures. (3 Lec.)

RELE 1325 Real Estate Mathematics (3)
(This is a WECM course number. Former course prefix/number REAL 1378.)
Mathematical logic and basic arithmetic skills including percentages, interest, time-valued money, depreciation, amortization, proration, and estimation of closing statement. (3 Lec.)

RELE 1327 Real Estate Commercial Appraisal (3)
(This is a WECM course number. Former course prefix/number REAL 1373.)
Principles and techniques used in the valuation of commercial property. Topics include purposes and functions of an appraisal, social and economic forces affecting value, appraisal case studies, cost, and income approaches to value. (3 Lec.)

RELE 1381 Cooperative Education - Real Estate (3)
(This is a WECM course number. Former course prefix/number REAL 7471.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning objectives vary. (1 Lec., 20 Ext.)
RELE 2388 Internship - Real Estate (3)
(This is a WECM course number. Former course prefix/number REAL 7471.)
A basic, intermediate, or advanced type of non-health professions work-based instruction that helps students synthesize new knowledge, apply previous knowledge, or gain experience managing the workflow. Practical experience is simultaneously related to theory. Direct supervision is provided by the faculty or the work supervisor. An internship may be a paid or unpaid learning experience. (9 Ext.)

RELE 2389 Internship - Real Estate (3)
(This is a WECM course number. Former course prefix/number REAL 7472.)
A basic, intermediate, or advanced type of non-health professions work-based instruction that helps students synthesize new knowledge, apply previous knowledge, or gain experience managing the workflow. Practical experience is simultaneously related to theory. Direct supervision is provided by the faculty or the work supervisor. An internship may be a paid or unpaid learning experience. (9 Ext.)

NOTE: These courses carry a Dallas County Community College prefix of "RELI"; however, some can be identified by a common course number for transfer evaluation purposes. Both are listed in the course descriptions.

RELI 1304 Major World Religion (3)
(Former course prefix/number REL 201. The common course number is PHIL 1304.)
This course surveys the major world religions. Hinduism, Buddhism, Judaism, Islam, and Christianity are included. The history of religions is covered, but the major emphasis is on current beliefs. Other topics may also be included, such as the nature of religion, tribal religion, and alternatives to religion. (3 Lec.)
(Coordinating Board Academic Approval Number 3802015212)

RELI 1316 Religion in American Culture (3)
(Former course prefix/number REL 101/RELI 1370.)
Prerequisite: None. This course examines the nature of religion in America. It covers important influences from the past and characteristics of current religious groups and movements. Emphasis is on understanding the role of religion in American life. (3 Lec.)
(Coordinating Board Academic Approval Number 3802015112)

RELI 1317 The History and Literature of the Bible (3)
(Former course prefix/number REL 105/RELI 1372.)
This course presents a history and literature of both the Hebrew people during the Old Testament period and the Christian movement during the New Testament period with emphasis upon the origins and development of the religious ideas and institutions of the biblical people (3 Lec.)
(Coordinating Board Academic Approval Number 3802015112)

RELI 2321 Contemporary Religious Problems (3)
(Former course prefix/number REL 102/RELI 1371.)
Both classic and recent issues are explored. Such topics as the nature of religion, the existence of God, world religions, mysticism, sexuality and religion, and the interpretation of death are included. This course may be offered with emphasis on a specific topic, such as death and dying (3 Lec.)
(Coordinating Board Academic Approval Number 3802015312)

SCIT 1407 Human Anatomy and Physiology I (4)
(This is a WECM course number. Former course prefix/number BIOL 1470.)
In-depth coverage of the structure and function of the human body. Topics include cell structure and function; tissues; body organization; and the integumentary, skeletal, muscular, nervous and endocrine systems. Emphasis is on homeostasis. (3 Lec., 3 Lab.)

SCIT 1408 Human Anatomy and Physiology II (4)
(This is a WECM course number. Former course prefix/number BIOL 1472.)
Prerequisite: SCIT 1407, Human Anatomy and Physiology I. A continuation of Human Anatomy and Physiology I with in-depth coverage of the structure and function of the human body. Topics include the digestive, respiratory, cardiovascular, lymphatic, immune, excretory, and reproductive systems. Emphasis is on homeostasis. (3 Lec., 3 Lab.)

SMER 1366 Practicum - Small Engine Mechanic and Repairer (3)
(This is a WECM course number. Former course prefix/number ETOB 1463 or ETSE 1464.)
A basic or intermediate type of non-health professions work-based instruction that provides basic career exploration or helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. The emphasis is on practical work experience. Indirect supervision is provided by the work supervisor. A practicum may be a paid or unpaid learning experience. (1 Lec., 20 Ext.)

SMER 1371 Service Department Operations (3)
(This is a local need course number.)
Prerequisite: Successful completion of 16 credit hours in Engine Technology courses. This course combines the study of the operations of a service department including repair orders, service scheduling, customer relations, parts department operations, PC based parts systems, and warranty policy with the performance of Capstone service projects. (1 Lec., 8 Lab.)
SMER 1380 Cooperative Education - Small Engine Mechanic and Repairer (3)
(This is a WECM course number. Former course prefix/number ETOB 7481, ETSE 7391, or ETSE 7491.)
An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. (1 Lect., 20 Ext.)

SMER 1401 Outboard Tune-Up (4)
(This is a WECM course number. Former course prefix/number ETOB 1481.)
An introductory course in tune up procedures for both two and four stroke outboard motors including analysis, valve train, ignition, fuel, cooling, and drive systems service. Emphasis is on appropriate equipment and procedures. (3 Lect., 4 Lab.)

SMER 1404 Outboard Service Principles (4)
(This is a WECM course number. Former course prefix/number ETOB 1480.)
Principles of operation of two- and four- stroke outboard motors and their associated systems. Emphasis is on troubleshooting and analysis of faulty systems and their individual components. (3 Lect., 4 Lab.)

SMER 1407 Outboard Powerhead Overhaul (4)
(This is a WECM course number. Former course prefix/number ETOB 1482.)
An introductory course in overhaul procedures for two stroke outboard powerhead overhaul. Emphasis is on proper shop procedures for disassembly, inspection, servicing, and assembly of two stroke outboard powerheads. (3 Lect., 4 Lab.)

SMER 1410 Outboard Lower Units (4)
(This is a WECM course number. Former course prefix/number ETOB 1483.)
Operation, service, troubleshooting, and overhaul of all systems of an outboard motor located below the powerhead. Emphasis on the use of proper tools and procedures when servicing the mid section, lower unit, trim and tilt systems. (3 Lect., 4 Lab.)

SMER 1413 Outboard Electrical Systems (4)
(This is a WECM course number. Former course prefix/number ETOB 1484.)
Theory of operation and test procedures and equipment used in the diagnosis and repair of the various circuits which make up an outboard motor's electrical systems. (3 Lect., 4 Lab.)

SMER 1416 Motorcycle Two-Stroke Engine/Transmission (4)
(This is a WECM course number. Former course prefix/number ETMC 1472.)
Overhaul procedures for two-stroke motorcycle engines and transmissions. Emphasis is on proper shop procedures for servicing the piston, cylinder, crankshaft assembly, and transmission during the course of an overhaul. (3 Lect., 4 Lab.)

SMER 1419 Motorcycle Four-Stroke Engine/Transmission (4)
(This is a WECM course number. Former course prefix/number ETMC 1473.)
Overhaul procedures for four-stroke motorcycle engines and transmissions. Emphasis is on approved shop procedures for disassembly, assembly, component inspection, measurement, servicing, and transmission troubleshooting in transmission inspection. (3 Lect., 4 Lab.)

SMER 1422 Motorcycle Electrical Systems (4)
(This is a WECM course number. Former course prefix/number ETMC 1474.)
Theory of operation and test procedures and equipment used in the diagnosis and repair of the various circuits which make up a motorcycle electrical system. (3 Lect., 4 Lab.)

SMER 1425 Small Engine Electrical Systems (4)
(This is a WECM course number. Former course prefix/number ETSE 1494.)
Theory of operation and test procedures and equipment used in the diagnosis and repair of the various circuits which make up a small engine electrical system. (3 Lect., 4 Lab.)

SMER 1428 Small Engine Service Principles (4)
(This is a WECM course number. Former course prefix/number ETSE 1490.)
Principles of operation of two- and four- stroke small engines and their associated systems. Emphasis on troubleshooting and the analysis of faulty systems and their components. (3 Lect., 4 Lab.)

SMER 1431 Small Engine Tune-Up (4)
(This is a WECM course number. Former course prefix/number ETSE 1491.)
Tune-up procedures for two- and four- stroke small engines including analysis, valve train, ignition fuel, starter, cutter, and safety compliance systems. Emphasis is on the use of appropriate equipment and procedures. (3 Lect., 4 Lab.)
SMER 1434 Small Engine Two-Stroke Overhaul (4)
(This is a WECM course number. Former course prefix/number ETSE 1492.)
Overhaul procedures for two-stroke small engines as used in lawn and garden applications. Emphasis is on proper shop procedures for disassembly, inspection, servicing, and assembly of two-stroke small engines and their applicable drive systems. (3 Lec., 4 Lab.)

SMER 1437 Small Engine Four-Stroke Overhaul (4)
(This is a WECM course number. Former course prefix/number ETSE 1493.)
Overhaul procedures for four-stroke small engines, transmissions, and transaxles. Emphasis is on shop procedures for disassembly, assembly, component inspection, component measurement, component servicing, transmission troubleshooting, transmission inspection, and transaxle inspection. (3 Lec., 4 Lab.)

SOCI 1301 Introduction to Sociology (3)
(This is a common course number. Former course prefix/number SOC 101.)
This course is a sociological study of social behavior, processes and structures, emphasizing diversity and commonality among human beings. Topics are examined through several sociological perspectives, encouraging critical thinking and personal responsibility about social issues. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015125)

SOCI 1306 Social Problems (3)
(This is a common course number. Former course prefix/number SOC 102.)
This course is a sociological study of social problems which typically include: crime, poverty, minorities, deviance, population, and health care. Specific topics may vary from semester to semester to address contemporary concerns. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015225)

SOCI 2301 Marriage, Family, and Close Relationships (3)
(This is a common course number. Former course prefix/number SOC 203.)
Prerequisite: Sociology 1301 recommended. Marriage, choosing of a partner, love and attachment, parenting, communication, conflict and conflict resolution are analyzed. Family forms, relationships, and functions are included. Sociocultural differences in close relationships and family behavior are also included. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015425.)

SOCI 2306 Human Sexuality (3)
(This is a common course number. Former course prefix/number SOC 103.)
Students may register for either Psychology 2306 or Sociology 2306 but receive credit for only one of the two. Topics include physiological, psychological, and sociological aspects of human sexuality. (3 Lec.)
(Coordinating Board Academic Approval Number 4201015325)

SOCI 2319 Race, Ethnicity and Community (3)
(This is a common course number. Former course prefix/number SOC 204.)
This course focuses on cultural, social, and institutional factors affecting relationships within and among ethnic, cultural, and racial groups. Emphasis is on current problems of intergroup relations, social movements, and related social changes, as well as community building and conflict resolution. The historic contributions of the groups may be presented. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015325)

SOCI 2320 Field Studies in American Minorities (3)
(This is a common course number. Former course prefix/number SOC 210.)
Prerequisite: Sociology 1301 or Sociology 2319. Experience is provided in various minority community centers. Work is under professional supervision in a task-oriented setting. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015325)

SOCI 2326 Social Psychology (3)
(This is a common course number. Former course prefix/number SOC 207.)
Prerequisite: Psychology 2301 or Sociology 1301. Students may register for either Psychology 2319 or Sociology 2326 but may receive credit for only one. Theories of individual behavior in the social environment are surveyed. Topics include the socio-psychological process, attitude formation and change, interpersonal relations, and group processes. (3 Lec.)
(Coordinating Board Academic Approval Number 4216015125)

SOCI 2372 Communication and Negotiation Skills for Conflict Resolution (3)
(This is a unique need course.)
This course teaches how to recognize negative communication styles and the technique necessary to break impasses, and create options or agreement; skills include how to build an atmosphere that fosters negotiation and how to mediate "win-win" solutions. (3 Lec.)
(Coordinating Board Academic Approval Number 4511019225)

SOCI 2373 Introduction to Mediation (3)
(This is a unique need course.)
This course defines the process of mediation, its history and development, and examines theories of conflict resolution and negotiation. Explores the use of mediation in domestic, commercial, educational, and other settings. Within each of these contexts, laws, ethics, gender considerations, psychology, sociology, and cultural diversity will be explored. (3 Lec.)
(Coordinating Board Academic Approval Number 4511019125)
SOCI 2389 Applied Sociology Practicum (3)  
(This is a common course number. Former course prefix/number SOC 232.)  
An instructional program designed to integrate on-campus study with practical field experience in sociology. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of human social behavior, and/or social institutions, and in the practice of community service. This course may be repeated for credit when field experience vary. (1 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 4501015125)

SOCW 2361 Introduction to Social Work (3)  
(This is a common course number. Former course prefix/number SOC 206)  
The development of the field of social work is studied. Topics include the techniques of social work and the requirements for training in social work. (3 Lec.)  
(Coordinating Board Academic Approval Number 4407015124)

SPAN 1100 Spanish Conversation (1)  
(Former course prefix/number SPA 107.)  
Prerequisite: Spanish 1411 or Spanish 1412. This course is a further exploration of the Spanish language through creative problem-solving while utilizing the basic elements of the Spanish language. The course may be repeated for credit. (2 Lab.)  
(Coordinating Board Academic Approval Number 1609055413)

SPAN 1311 Beginning Spanish (3)  
(This is a common course number.)  
This course is an introduction to Spanish speaking, oral comprehension, reading, writing, grammar, and culture. It is strongly recommended that students who plan to study Spanish for more than one semester enroll in Spanish 1411, which includes an extra hour of lab per week (and an extra hour of credit for the course). Students who successfully complete Spanish 1311 and wish to continue their studies of Spanish may register for Spanish 1412. (3 Lec., 1 Lab.)  
(Coordinating Board Academic Approval Number 1609055113)

SPAN 1411 Beginning Spanish (4)  
(This is a common course number. Former course prefix/number SPA 101.)  
This course is an introductory course intended for students with little or no knowledge of the language. Its aim is to present essential vocabulary and grammar, and to develop the pronunciation, listening, reading, and writing skills necessary for basic communication and comprehension. Customs and cultural insights are also presented. (3 Lec., 2 Lab.)  
(Coordinating Board Academic Approval Number 1609055113)

SPAN 1412 Beginning Spanish (4)  
(This is a common course number. Former course prefix/number SPA 102.)  
Prerequisite: Spanish 1411 or the equivalent or demonstrated competence approved by the instructor. This course continues the oral practice, reading, writing, grammar and cultural studies begun in Spanish 1411. Students are expected to acquire a substantial amount of vocabulary and begin to deal with idiomatic language and more advanced syntax. (3 Lec., 2 Lab.)  
(Coordinating Board Academic Approval Number 1609055113)

SPAN 2306 Spanish Conversation (3)  
(This is a common course number. Former course prefix/number SPA 207.)  
Prerequisite: Spanish 1411 and Spanish 1412 or the equivalent. This course is designed to strengthen and improve oral skills in the language. Oral activities focus on current events, cultural, historical and social issues. Audio-visual media are used to explore Hispanic life and society. This course is intended to complement Spanish 2311. This course may be repeated for credit. Topics vary from semester to semester. (3 Lec.)  
(Coordinating Board Academic Approval Number 1609055413)

SPAN 2311 Intermediate Spanish (3)  
(This is a common course number. Former course prefix/number SPA 201.)  
Prerequisite: Spanish 1412 or the equivalent or demonstrated competence approved by the instructor. This course is designed to further develop students' overall language proficiency and cultural knowledge though advanced reading, listening, speaking and writing exercises. Grammatical concepts are reviewed and expanded. (3 Lec.)  
(Coordinating Board Academic Approval Number 1609055213)

SPAN 2312 Intermediate Spanish (3)  
(This is a common course number. Former course prefix/number SPA 202.)  
Prerequisite: Spanish 2311 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of Spanish 2311. The stress is on reading, composition, grammatical complexities, and intense oral practice, with continued studies of the culture through contemporary literature. (3 Lec.)  
(Coordinating Board Academic Approval Number 1609055213)
SPAN 2316 Spanish for Business I (3)  
(This is a common course number. Former course prefix/number SPA 211/SPAN 2371.)  
Prerequisite: Spanish 2311 or the equivalent. This course exposes students to the Spanish language used in business, including the terminology and idioms of Spanish business language in special oral and written communication. Emphasis is placed on the structure course exposes students to the Spanish language used in business, including the terminology and idioms of Spanish business language in special oral and written communication. Emphasis is placed on the structure and content of Spanish business correspondence. Authentic materials are used to give students a contemporary view of business as it is conducted in Hispanic society. This course is not a substitute for Spanish 2311 or 2312. (3 Lec.)  
(Coordinating Board Academic Approval Number 1609055213)

SPAN 2317 Spanish for Business II (3)  
(This is a common course number. Former course prefix/number SPA 212/SPAN 2372.)  
Prerequisite: Spanish 2316 or the equivalent. This course is devoted to the continued development of business language skills with a focus on the accurate use of business vocabulary and business style. Emphasis is on preparing students to function using Spanish in a business setting via practice of receptive and productive linguistic skills. The course also provides training in cross-cultural communication skills and is designed to help students achieve levels of proficiency to meet foreign language needs for business and international trade. This course is not a substitute for Spanish 2311 or 2312. (3 Lec.)  
(Coordinating Board Academic Approval Number 1609055213)

SPAN 2321 Introduction to Spanish Literature (3)  
(This is a common course number. Former course prefix/number SPA 203.)  
Prerequisite: Spanish 2312 or the equivalent or demonstrated competence approved by the instructor. This course is an introduction to Spanish literature. It includes readings in Spanish literature, history, culture, art, and civilization. (3 Lec.)  
(Coordinating Board Academic Approval Number 1609055331)

SPAN 2322 Introduction to Spanish Literature (3)  
(This is a common course number. Former course prefix/number SPA 204.)  
Prerequisite: Spanish 2312 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of Spanish 2321. It includes readings in Spanish literature, history, culture, art, and civilization. (3 Lec.)  
(Coordinating Board Academic Approval Number 1609055313)

SPCH 1144 Speech Communication Laboratory (1)  
(This is a common course number. Former course prefix/number SC 100.)  
This laboratory course focuses on students applying speech communication skills through service projects, internships, and leadership activities. This course may be repeated for credit. (3 Lab.)  
(Coordinating Board Academic Approval Number 2310016012)

SPCH 1145 Speech Communication Workshop (1)  
(This is a common course number. Former course prefix/number SC 110.)  
This laboratory course offers students a wide variety of applied speech communication experiences. This course may be repeated four times for credit (2 Lab.)  
(Coordinating Board Academic Approval Number 2310016012)

SPCH 1311 Introduction to Speech Communication (3)  
(This is a common course number. Former course prefix/number SC 101.)  
Theory and practice of speech communication behavior in one-to-one, small group, and public communication situations are introduced. Students learn more about themselves, improve skills in communicating with others, and prepare and deliver formal public speeches. This course requires college-level reading and writing skills. (3 Lec.)  
(Coordinating Board Academic Approval Number 2310015112)

SPCH 1315 Fundamentals of Public Speaking (3)  
(This is a common course number. Former course prefix/number SC 105.)  
Public speaking is introduced. Topics include the principles of reasoning, audience analysis, collection of materials, outlining, and delivery. Emphasis is on the oral presentation of well prepared speeches. (3 Lec.)  
(Coordinating Board Academic Approval Number 2310015312)

SPCH 1318 Interpersonal Communication (3)  
(This is a common course number. Former course prefix/number SC 203.)  
This course presents theories and exercises in verbal and nonverbal communication with focus on interpersonal relationships. (3 Lec.)  
(Coordinating Board Approval Number 2310015412)

SPCH 1321 Business and Professional Communication (3)  
(This is a common course number. Former course prefix/number SC 209.)  
Theories and skills of speech communication as applied to business and professional situations will be studied. (3 Lec.)  
(Coordinating Board Academic Approval Number 2310015212)

SPCH 1342 Voice and Articulation (3)  
(This is a common course number. Former course prefix/number SC 109.)  
Students may register for either Speech Communication 1342 or Drama 2336 but may receive credit for only one of the two. The mechanics of speech are studied. Emphasis is on improving voice and pronunciation. (3 Lec.)  
(Coordinating Board Academic Approval Number 2310015812)
SPCH 2144 Forensic Workshop (1)  
(This is a common course number. Former course prefix/number SC 201.)  
This course focuses on preparing speeches, readings, and debate propositions. Presentations are made in competition and before select audiences. This course may be repeated for credit. (2 Lab.)  
(Coordinating Board Academic Approval Number 2310016012)

SPCH 2335 Discussion and Debate (3)  
(This is a common course number. Former course prefix/number SC 205.)  
Public discussion and argumentation are studied. Both theories and techniques are covered. Emphasis is on evaluation, analysis, and logical thinking. (3 Lab.)  
(Coordinating Board Academic Approval Number 2310015912)

SPCH 2341 Performance of Literature (3)  
(This is a common course number. Former course prefix/number SC 206.)  
Various types of literature are examined. Practice is provided in preparing and presenting selections orally. Emphasis is on individual improvement. (3 Lab.)  
(Coordinating Board Academic Approval Number 2310015712)

SPCH 2389 Academic Cooperative in Communication (3)  
(This is a common course number. Former course prefix/number SC 211.)  
This instructional program is designed to integrate on-campus study with practical hands-on work experience in Communication. In conjunction with class seminars, the student will set specific goals and objectives in the study of Communication. This course may be repeated for credit. (1 Lab., 4 Lab.)  
(Coordinating Board Academic Approval Number 2401035212)

TECM 1303 Technical Mathematics (3)  
(This is a WECM course number. Former course prefix/number MTH 1361/MATH 1372/MATH 1373.)  
A review of mathematical functions including fractions, decimals, proportions, perimeters, areas, volumes of geometric figures, and certain algebraic/trigonometric functions, as required by specific businesses and industries for successful on-the-job performance. (3 Lab.)

TECM 1341 Technical Algebra (3)  
(This is a WECM course number. Former course prefix/number MTH 195/MATH 1374.)  
Prerequisite: One year of high school algebra and an appropriate assessment test score or Developmental Mathematics 0097 or Developmental Mathematics 0091 or equivalent. Application of algebra to technical occupations. Topics include principles of linear equations, simultaneous equations, and manipulation of powers and roots. Emphasis on stated word problems relevant to technical and vocation occupations. (3 Lab.)

TECM 1349 Technical Math Applications (3)  
(This is a WECM course number. Former course prefix/number MTH 207/MATH 2370.)  
Prerequisite: TECM 1317. Fundamentals of trigonometry and geometry as used in a variety of technical settings. Topics include the use of plane and solid geometry to solve areas and volumes encountered in industry. (3 Lab.)

VTHT 1105 Veterinary Medical Terminology (1)  
(This is a WECM course number. Former course prefix/number VETT 1170.)  
Introduction to word parts, directional terminology, and analysis of common veterinary terms. The student will define, apply, and analyze common veterinary terms. (1 Lab.)

VTHT 1317 Veterinary Office Management (3)  
(This is a WECM course number.)  
Practical experience in management of the veterinary hospital. Emphasis on client relations, record keeping, inventory, employment skills, and computer skills in the veterinary environment. The student will demonstrate effective client relation, communication, and computer skills; apply basic business principles such as the proper maintenance of medical records; and display employment skills including interviewing, resume writing, and proper dress. (3 Lab.)

VTHT 1321 Equine Reproduction (3)  
(This is a WECM course number. Former course prefix/number VETT 1371.)  
Prerequisite: Instructor approval. Introduction to common reproductive management techniques of equine reproduction including natural and artificial insemination. Emphasis on practical reproductive techniques in laboratory settings. The student will demonstrate knowledge of mare and stallion reproductive anatomy and physiology; perform handling techniques for and management of brood mares and stallions; and implement artificial insemination and natural breeding programs. (2 Lab., 3 Lab.)
VTHT 1341 Anesthesia and Surgical Assistance (3)
(This is a WECM course number. Former course prefix/number VETT 2470.)
Prerequisite: Introduction to Veterinary Technology, Veterinary Pharmacology, and Advanced Veterinary Anatomy and Physiology. In-depth application of surgical, obstetrical, and anesthesia techniques including identification and use of instruments and equipment. The student will identify instruments used in veterinary surgery; demonstrate operating room etiquette and the use of sterile technique; perform pre-anesthesia evaluation, administer and monitor anesthesia, and provide post-anesthesia care; recognize and respond appropriately to anesthetic emergencies; and assist with routine surgical and obstetrical procedures. (2 Lec., 4 Lab.)

VTHT 1345 Veterinary Radiology (3)
(This is a WECM course number. Former course prefix/number VETT 2371.)
Prerequisite: Anesthesia and Surgical Assistance. Presentation of theory and principles and practical application of radiology within the field of veterinary medicine. The student will implement and follow recommended safety procedures; prepare and use technique charts; take and process diagnostic radiographs using stationary and portable X-ray machines; properly care for radiographic equipment; and label, file, and store radiographs. (2 Lec., 3 Lab.)

VTHT 1349 Veterinary Pharmacology (3)
(This is a WECM course number. Former course prefix/number VETT 1370.)
Prerequisite: Mathematics and Advanced Veterinary Anatomy and Physiology. Fundamentals of pharmacology including recognition, calculation, labeling, packaging, and administration of common veterinary drugs, biologics, and therapeutic agents. Discussion of normal and abnormal responses to these agents. The student will recognize general types and groups of drugs; prepare, label, package, and dispense pharmaceuticals in an ethical/legal manner; calculate dosages using proper weights, units, and measures; explain and use appropriate routes and methods of drug administration; and differentiate between normal and abnormal responses to medication. (3 Lec., 1 Lab.)

VTHT 1401 Introduction to Veterinary Technology (4)
(This is a WECM course number. Former course prefix/number VETT 1470.)
Prerequisite: Program Acceptance. Survey of the profession of veterinary technology with emphasis on basic techniques, handling and care of domestic animals, and ethical and professional requirements. The student will demonstrate basic restraint, medication, and treatment techniques for domestic animals; identify breeds of domestic animals; and specify the distinct job responsibilities of a veterinary technician in a modern veterinary practice including physical exams, basic care, feeding, sanitation, public and/or client relations, and ethical and legal issues. (3 Lec., 3 Lab.)

VTHT 1413 Veterinary Anatomy and Physiology (4)
(This is a WECM course number. Former course prefix/number VETT 1472.)
Gross anatomy of domestic animals including physiological explanations of how each organ system functions. The student will identify and describe the major anatomical and physiological systems of domestic animals and apply this knowledge to common disease processes. (3 Lec., 3 Lab.)

VTHT 2201 Canine and Feline Clinical Management (2)
(This is a WECM course number. Former course prefix/number VETT 1171.)
Prerequisite: Introduction to Veterinary Technology. Survey of feeding, common management practices, and care of canines and felines in a clinical setting. Review of common diseases of canines and felines encountered in the practice of veterinary medicine. The student will apply appropriate sanitation and disease prevention techniques; utilize appropriate medication procedures; implement knowledge of nutrition, reproduction, and behavior of canines and felines in a clinical setting; and recognize common disease pathophysiology. (2 Lec., 1 Lab.)

VTHT 2205 Equine Clinical Management (2)
(This is a WECM course number. Former course prefix/number VETT 2170.)
Prerequisite: Introduction to Veterinary Technology. Survey of feeding, common management practices, and care of equines in a clinical setting. Review of common diseases of equines encountered in the practice of veterinary medicine. The student will apply appropriate sanitation and disease prevention techniques; utilize appropriate medication procedures; and implement knowledge of nutrition, behavior, and reproduction of equines in a clinical setting. (2 Lec., 1 Lab.)
VTHT 2209 Food Animal Clinical Management (2)
(This is a WECM course number. Former course prefix/number VETT 2171.)
Prerequisite: Introduction to Veterinary Technology. Survey of feeding, common management practices, and care of food producing animals in a clinical setting. Review of common diseases of food producing animals encountered in the practice of veterinary medicine. The student will apply appropriate sanitation and disease prevention techniques; utilize appropriate medication procedures; implement knowledge of nutrition, reproduction, and behavior of food producing animals in a clinical setting; and recognize common disease pathophysiology. (2 Lec., 1 Lab.)

VTHT 2213 Lab Animal Clinical Management (2)
(This is a WECM course number. Former course prefix/number VETT 2372.)
Prerequisite: Introduction to Veterinary Technology. Survey of feeding, common management practices, and care of laboratory animals in a clinical setting. Review of common diseases of laboratory animals encountered in the practice of veterinary medicine. The student will apply appropriate sanitation and disease prevention techniques; utilize appropriate medication procedures; implement knowledge of nutrition, reproduction, and behavior of laboratory animals in a clinical setting; and recognize common disease pathophysiology. (2 Lec., 1 Lab.)

VTHT 2217 Exotic Animal Clinical Management (2)
(This is a WECM course number. Former course prefix/number VETT 2374.)
Prerequisite: Instructor approval. Survey of feeding, common management practices, and care of exotic animals in a clinical or zoological setting. Review of common diseases of exotic animals encountered in the practice of veterinary medicine. The student will apply appropriate sanitation and disease prevention techniques; utilize appropriate medication procedures; implement knowledge of nutrition, reproduction, and behavior of exotic animals in a clinical setting; and recognize common disease pathophysiology. (2 Lec., 1 Lab.)

VTHT 2321 Veterinary Parasitology (3)
(This is a WECM course number.)
Prerequisite: Program acceptance. Study of parasites common to domestic animals including zoonotic diseases. The student will identify internal and external parasites and parasites of public health importance; and apply knowledge of basic life cycles to the study of parasites. (2 Lec., 3 Lab.)

VTHT 2323 Veterinary Clinical Pathology I (3)
(This is a WECM course number. Former course prefix/number VETT 1570.)
Prerequisite: Program acceptance. In-depth study of hematology and related chemistries with emphasis on lab procedures. The student will perform complete blood counts (CBC’s); recognize abnormal blood conditions; perform common blood chemistries; demonstrate appropriate use of diagnostic equipment; and perform pre-anesthesia evaluation. (2 Lec., 4 Lab.)

VTHT 2331 Veterinary Clinical Pathology II (3)
(This is a WECM course number. Former course prefix/number VETT 2570.)
Prerequisite: Program acceptance and Advanced Veterinary Anatomy and Physiology. In-depth study of urinalysis and cytology. Survey of microbiological techniques. Emphasis on laboratory procedures. The student will perform urinalysis, cytological, and basic microbiological techniques; review abnormal blood conditions and common blood chemistries; demonstrate appropriate use of diagnostic equipment; and perform pre-anesthesia evaluation. (2 Lec., 4 Lab.)

VTHT 2380 Cooperative Education - Veterinarian Assistant/Animal Health Technician (3)
(This is a WECM course number. Former course prefix/number VETT 7371.)
Prerequisite: Instructor approval, Anesthesia and Surgical Assistance, and Veterinary Clinical Pathology II. An intermediate or advanced course with lecture and work-based instruction that helps students gain practical experience in the discipline, enhance skills, and integrate knowledge. Indirect supervision is provided by the work supervisor while the lecture is provided by the college faculty or by other individuals under the supervision of the educational institution. Cooperative education may be a paid or unpaid learning experience. (1 Lec., 15 Ext.)

VTHT 2425 Large Animal Assisting Techniques (4)
(This is a WECM course number. Former course prefix/number VETT 2471.)
Prerequisite: Introduction to Veterinary Technology, Veterinary Pharmacology, and Advanced Veterinary Anatomy and Physiology. Study of basic restraint and proper management, treatment, and medication techniques for farm animals. The student will perform basic restraint of farm animals; demonstrate proper treatment and medication techniques; and identify common diseases of and management techniques for farm animals. (3 Lec., 4 Lab.)
VTHT 2435 Advanced Veterinary Anatomy and Physiology (4)
(This is a WECM course number. Former course prefix/number VETT 1473.)
Prerequisite: Veterinary Anatomy and Physiology. Continuation of anatomy of domestic animals including physiological explanations of the functioning of each system. The student will identify and describe each anatomical and physiological system of domestic animals and apply this knowledge to common disease processes. (3 Lec., 3 Lab.)

VTHT 2439 Veterinary Nursing Care (4)
(This is a WECM course number. Former course prefix/number VETT 2472.)
Prerequisite: VTHT 2425, VTHT 1341, and VTHT 2331. Capstone course requiring integration of course work in the field of veterinary technology. The student will apply surgical and anesthesia principles with special attention to pharmacological care; and demonstrate competencies expected of an entry level registered veterinary technician. (3 Lec., 3 Lab.)
COLLEGE POLICIES & PROCEDURES

STUDENT CODE OF CONDUCT

Educational opportunities are offered by the Dallas County Community College District without regard to race, color, age, national origin, religion, sex or disability.

The Code of Student Conduct, Student Grievance Procedure, Computer Use Policy, Computer Software Policy, Firearms Policy and Communicable Disease Policy are common to all the colleges of the Dallas County Community College District. Certain words in the policies and procedures have been changed to reflect a college perspective; for instance, "District" may have been changed to "college." A complete listing of policies and procedures may be found in the DCCCD Policies and Procedures Manual in the college President's Office.

PURPOSE

The purpose of Policies about student conduct and discipline are to provide guidelines for the educational environment of the college. This environment views students in a holistic manner, encouraging and inviting them to learn and grow independently. Such an environment presupposes both rights and responsibilities. Free inquiry and expression are essential parts of this freedom to learn, to grow and to develop. However, this environment also demands appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students must exercise these freedoms with responsibility.

POLICIES, RULES, AND REGULATIONS

Interpretation of Regulations: Disciplinary regulations at the college are set forth in writing in order to give students general notice of prohibited conduct. The regulations should be read broadly and are not designed to define misconduct in exclusive terms.

Inherent Authority: The college reserves the right to take necessary and appropriate action to protect the safety and well-being of the campus community.

Student Participation: Students are asked to assume positions of responsibility in the college judicial system in order that they might contribute their skills and insights to the resolution of disciplinary cases. Final authority in disciplinary matters, however, is vested in the college administration and in the Board of Trustees.

Standards of Due Process: Students who allegedly violate college policy are entitled to fair and equitable proceedings. The focus of inquiry in disciplinary proceedings shall be the guilt or innocence of those accused of violating disciplinary regulations. Formal rules of evidence shall not be applicable, nor shall deviations from prescribed procedures necessarily invalidate a decision or proceeding, unless significant prejudice to a student respondent or the college may result.

Accountability: Students may be accountable to both civil authorities and to the college for acts which constitute violations of law and this code. Disciplinary action at the college will normally proceed during the pendency of criminal proceedings and will not be subject to challenge on the ground that criminal charges involving the same incident have been dismissed or reduced.

DEFINITIONS

Definitions to be used in this policy are as follows:

1. "Designated administrator" shall mean an administrator or the officer or officers directly responsible for student affairs in the college.

2. A "student" shall mean one who is currently enrolled in the college. These policies and regulations shall also apply to any prospective or former student who has been accepted for admission or readmission to any component institution while he or she is on the campus of any component institution.

3. "College-sponsored activity" means any activity on or off campus which is initiated, aided, authorized, or supervised by the college.

4. A "college" or "institution" means the colleges of the Dallas County Community College District, including the Bill J. Priest Institute of Economic Development.

5. "College premises" means buildings or grounds owned, leased, operated, controlled, or supervised by the college.

6. "Published college regulation or policy" means standards of conduct or requirements located in the:
   a. College catalog.
   b. Board of Trustees policies and administrative procedures manual.
   c. Student handbook.
   d. Any other official publication.

BILLY J. PRIEST INSTITUTE FOR ECONOMIC DEVELOPMENT

The president of the Bill J. Priest Institute for Economic Development and college president are authorized to promulgate written regulations which apply only to students who are subject to provisions of the federal Job Training Partnership Act (JTPA), as amended, its regulations, and other similar federal programs. JTC or college regulations should be designed to foster good work habits, promote skills desired by local employers, and encourage success in obtaining and maintaining a job. JTPA students are subject to conduct standards in the code of student conduct as well as JTC or college regulations; however, the remainder of the code is not applicable to such students. A JTPA student who allegedly violates the code and/or JTC or college regulations must be given an opportunity to appeal expulsion, suspension, or other disciplinary sanctions in a manner determined by the JTP Institute president or the college president. JTPA students may file grievances with the private industry council only.

RESPONSIBILITY

Each student shall be charged with notice and knowledge of the contents and provisions of the college's policies, procedures, and regulations concerning student conduct.

All students shall obey the law, show respect for properly constituted authority, and observe correct standards of conduct. In addition to activities prohibited by law, the following types of behavior shall be prohibited:

1. Intentionally causing physical harm to any person on college premises or at college-sponsored activities, or intentionally or recklessly causing reasonable apprehension of such harm or hazing.

2. Unauthorized use, possession, or storage of any weapon on college premises or at college-sponsored activities.

3. Intentionally initiating or causing to be initiated any false report, warning, or threat of fire, explosion, or other emergency on college premises or at college-sponsored activities.

4. Intentionally interfering with normal college or college-sponsored activities, including but not limited to, studying, teaching, research, college administration, or fire, security, or emergency services.

5. Knowingly violating the terms of any disciplinary sanction imposed in accordance with college policies, regulations, and procedures.

6. Unauthorized distribution or possession for purposes of distribution of any controlled substance or illegal drug on college premises or at college-sponsored activities.

7. Intentionally or maliciously furnishing false information to the college.

8. Sexual harassment.

9. Forgery, unauthorized alteration, or unauthorized use of any college document or instrument of identification.

10. Unauthorized use of computer hardware or software.

11. Scholastic dishonesty shall constitute a violation of these rules and regulations and is punishable as prescribed by college policies. Scholastic dishonesty shall include, but not be limited to, cheating on a test, plagiarism, and collusion.

   a. "Cheating on a test" shall include:
      a. Copying from another student's test paper.
      b. Using test materials not authorized by the person administering the test.
      c. All forms of academic dishonesty, including cheating, fabrication, facilitating academic dishonesty, plagiarism, and collusion.
      d. Collaborating with or seeking aid from another student during a test without permission from the test administrator.
      e. Knowingly using, buying, selling, stealing, or soliciting, in whole or in part, the contents of an unadministered test.

   b. "Plagiarism" as defined by the college shall include:
      a. Using the work, ideas, or writings of another as one's own.
      b. Giving credit to another for one's own work, ideas, or writings.
13. Theft of property or of services on college premises or at college-sponsored activities.
14. Intentionally and substantially interfering with the freedom of expression of others on college premises or at college-sponsored activities.
15. Failure to comply with the direction of college officials, including campus security/safety officers, acting in performance of their duties.
16. Violation of published college regulations or policies. Such regulations or policies may include those relating to entry and use of college facilities, use of vehicles and media equipment, campus demonstrations, misuse of identification cards, and smoking.
17. Use or possession of any controlled substance or illegal drug on college premises or at college-sponsored activities.
18. Unauthorized presence or use of college premises.
19. Nonpayment or failure to pay any debt owed to the college with intent to defraud.
20. Use or possession of an alcoholic beverage on college premises with intent to defraud.

Anysstudentviolatingthispolicyshall

**DISCIPLINE**

Any student violating this policy shall be subject to disciplinary sanctions including suspension, in accordance with The Student Code of Conduct. A "violation" means an act or omission which is contrary to a published college regulation or policy.

Sanctions for violations of prohibited conduct for (1) through (6) may result in expulsion; for (7) through (20) may result in sanctions other than expulsion or suspension.

Repeated or aggravated violations of any provision of this code may also result in expulsion or suspension or in the imposition of such lesser penalties as are appropriate.

"Aggravated violation" means a violation which resulted or foreseeable could have resulted in significant damage to persons or property or which otherwise posed a substantial threat to the stability and continuance of normal college or college-sponsored activities.

**DISCIPLINARY PROCEEDINGS**

When the vice president of Student Development (VPSD) or officer directly responsible for student affairs or discipline receives information that a student has allegedly violated a published college regulation or policy, the VPSD or a designee shall investigate the alleged violation. After completing the preliminary investigation, the VPSD may:

1. Dismiss the allegation as unfounded, either before or after confering with the student; or
2. Proceed administratively and impose disciplinary action; or
3. Prepare a complaint based on the alleged violation for use in disciplinary hearings along with a list of witnesses and documentary evidence supporting the allegation.

The VPSD will notify the complainant of the disposition of the complaint. If the VPSD dismisses the allegation, the complainant may appeal to the President for review in writing within five (5) working days after disposition. The president or a designee may suspend a student immediately and without prior notice for an interim period pending disciplinary proceedings, when there is evidence that the continued presence of the student on college premises poses a substantial threat to himself or herself, to others, or to the stability and continuance of normal college functions. A student who is suspended on an interim basis shall be given an opportunity to appear before the President or a designee within five (5) working days from the effective date of the interim suspension. A hearing with the President shall be limited to the following issues only:

1. The reliability of the information concerning the student's conduct, including the matter of his or her identity; and
2. Whether the conduct and surrounding circumstances reasonably indicate that the student's continued presence on college premises poses a substantial threat to himself or herself, to others or to the stability and continuance of normal college functions.

After the hearing, the President or designee may modify the interim suspension as reasonable to protect the student, public, and college.

No person shall search a student's personal possessions for the purpose of enforcing this code unless the student's prior permission has been obtained or unless a law enforcement officer conducts the search as authorized by law.

**SUMMONS**

The VPSD shall summons a student regarding an alleged violation of this code by sending the student a letter. The letter shall be sent by certified mail, return receipt requested, addressed to the student at his or her last known address as it appears in the records of the Registrar's Office or shall be delivered personally to the student.

The letter shall direct a student to appear at a specific time and place not less than five (5) working days after the date of the letter. The letter shall describe briefly the alleged violation and cite the published college regulation or policy which allegedly has been violated.

The VPSD has authority to place a student on disciplinary probation if the student fails, without good cause, to comply with a letter of summons, or to apply sanctions against the student as provided in this code.

**DISPOSITION**

At a conference with a student in connection with an alleged violation of this code, the VPSD shall provide the student with a copy of this code and discuss administrative disposition of the alleged violation.

1. If a student accepts the administrative disposition, the student shall sign a statement that he or she understands the charges, his or her right to a hearing or to waive same, the penalty or penalties imposed, and that he or she waives the right to appeal. The student shall return the signed form by 5:00 p.m. of the day following administrative disposition.
2. If a student refuses administrative disposition of the alleged violation, the student is entitled to a hearing as provided herein. The VPSD shall note the date of refusal in writing and the student shall acknowledge in writing such date.
3. Administrative disposition means:
   a. The voluntary acceptance of the penalty or penalties provided in this code.
   b. Other appropriate penalties administered by the VPSD.
   c. Without recourse by the student to hearing procedures provided herein.
The VPSD shall prepare an accurate, written summary of each administrative disposition and send a copy to the student (and, if the student is a minor, to the parent or guardian of the student), to the Director of Campus Security, to the complainant, and to other appropriate officials.

HEARING COMMITTEE

When a student refuses administrative disposition of a violation, the student is entitled to a hearing before the Student Discipline Committee. The hearing request must be made to the VPSD (or officer directly responsible for student affairs or discipline) in writing, on or before the sixth (6th) working day after the date of refusal of administrative disposition. The committee shall be composed of equal numbers of students, administrators, and faculty of the college. The committee and its chair shall be appointed by the President for each hearing on a rotating basis or on the basis of availability. The committee chair will be selected from the administration or faculty.

The chairman of the committee shall rule on the admissibility of evidence, motions, and objections to procedure, but a majority of the committee members may overrule the chairman's ruling. All members of the committee are expected to attend all meetings and are eligible to vote in the hearing. The chairman shall set the date, time, and place for the hearing and may summon witnesses and require the production of documentary and other evidence.

The VPSD shall represent the college before the Student Discipline Committee and present evidence to support any allegations of violations.

NOTICE

The committee chairman shall notify the student of the date, time, and place for the hearing by sending the student a letter by certified mail, return receipt requested, addressed to the student at his or her address appearing in the Registrar's Office records. The letter shall specify a hearing date not less than five (5) nor more than ten (10) working days after date of the letter. If a student is under 18 years of age, a copy of the letter shall be sent to the parents or guardian of the student. The chairman may for good cause postpone the hearing as long as all interested parties are notified of the new hearing date, time, and place.

CONTENT OF NOTICE

The notice shall advise the student of the following rights:
1. To a private hearing or a public hearing (as he or she chooses);
2. To appear alone or with legal counsel if the alleged violation subjects the student to expulsion or suspension. The role of legal counsel is limited as provided in the code;
3. To have a parent or legal guardian present at the hearing;
4. To know the identity of each witness who will testify;
5. To cause the committee to summon witnesses, and to require the production of documentary and other evidence possessed by the College;
6. To cross-examine each witness who testifies.

FAILURE TO COMPLY WITH NOTICE

A student who fails to appear after proper notice and without good cause will be deemed to have pleaded guilty to the violation pending against the student. The committee shall impose appropriate penalty and notify the student in the same manner as the notice of hearing.

ROLE OF LEGAL COUNSEL

Legal counsel who represents a student in a hearing where the alleged violation subjects the student to expulsion or suspension is limited to advising and assisting the student. This limitation means that legal counsel shall not cross-examine witnesses, make objections, testify, or perform other similar functions generally associated with legal representation. The same preceding limitation applies to counsel who represents the college. Student representation by legal counsel is not permitted in a hearing where the alleged violation does not subject the student to expulsion or suspension.

PRELIMINARY MATTERS

Charges arising out of a single transaction or occurrence, against one or more students, may be heard together, or, upon request by one of the students-in-interest, separate hearings may be held. There will be disclosure of all evidence to both sides prior to the hearing. At least by 12:00 noon, five (5) full working days before the hearing date, the student concerned shall furnish the committee chairman with:
1. The name of each witness he or she wants summoned and a description of all documentary and other evidence possessed by the college which he or she wants produced.
2. An objection that, if sustained by the chairman of the Student Disciplinary Committee, would prevent the hearing.
3. The name of the legal counsel, if any, who will appear with the student.
4. A request for a separate hearing, if any, and the grounds for such a request.

HEARING PROCEDURE

The hearing shall be conducted by the chairman who shall provide opportunities for witnesses to be heard. The college will be represented by legal counsel if the student is represented by legal counsel in a hearing where the student is subject to expulsion or suspension. If a hearing may result in expulsion or suspension of a student, the college will have a court reporter present to transcribe the proceedings. If a hearing will not result in expulsion or suspension of a student, legal representation is not permitted and recording of the hearing by any means is not permitted unless authorized by law.

If the hearing is a private hearing, the committee shall proceed generally as follows:
1. Persons present shall be the complainant, the VPSD, and the student with a parent or guardian if desired.
2. Before the hearing begins, the VPSD or the student may request that witnesses remain outside the hearing room.
3. The VPSD shall read the complaint.
4. The VPSD shall inform the student of his or her rights, as stated in the notice of hearing.
5. The VPSD shall present the college's case.
6. The student may present his or her defense.
7. The VPSD and the student may present rebuttal evidence and argument.
8. The committee, by majority vote, shall determine the guilt or innocence of the student regarding the alleged violation.
9. The committee shall state in writing each finding of a violation of a published college regulation or policy. Each committee member concurring in the finding shall sign the statement. The committee may include in the statement its reasons for the finding. The committee shall notify the student in the same manner as the notice of hearing.
10. A determination of guilt shall be followed by a supplemental proceeding in which either party may submit evidence or make statements to the committee concerning the appropriate penalty to be imposed. The past disciplinary record of a student shall not be submitted to the committee prior to the supplemental proceeding. The committee shall determine a penalty by majority vote and shall inform the student, in writing, of its decision as in 9 above.

If the hearing is a public hearing, the committee shall proceed generally as follows:
1. Persons present: the complainant, the VPSD and the student with a parent or guardian if desired. Designated college representatives for the following groups may have space reserved if they choose to attend:
   a. Faculty Association
   b. College Newspaper
   c. College President
   Other persons may attend based on the seating available. The Chairman may limit seating accommodations based on the size of the facilities;
2. Before the hearing begins, the VPSD or the student may request that witnesses remain outside the hearing room.
3. The VPSD shall read the complaint.
4. The VPSD shall inform the student of his or her rights, as stated in the notice of hearing.
5. The VPSD shall present the college’s case.
6. The student may present his or her defense.
7. The VPSD and the student may present rebuttal evidence and argument.
8. The committee, by majority vote, shall determine the guilt or innocence of the student regarding the alleged violation.
9. The committee shall state in writing each finding of a violation of a published college regulation or policy. Each committee member concurring in the finding shall sign the statement. The committee may include in the statement its reasons for the finding. The committee shall notify the student in the same manner as the notice of hearing.
10. A determination of guilt shall be followed by a supplemental proceeding in which either party may submit evidence or make statements to the committee concerning the appropriate penalty to be imposed. The past disciplinary record of a student shall not be submitted to the committee prior to the supplemental proceeding. The committee shall determine a penalty by majority vote and shall inform the student, in writing, of its decision as in 9 above.

EVIDENCE

Legal rules of evidence shall not apply to hearings under this code. Evidence that is commonly accepted by reasonable persons in the conduct of their affairs is admissible. Irrelevant, immaterial, and unduly repetitious evidence may be excluded.

The committee shall recognize as privileged communications between a student and a member of the professional staff of the Health Center, Counseling or Guidance Center where such communications were made in the course of performance of official duties and when the matters discussed were understood by the staff member and the student to be confidential. Committee members may freely question witnesses.

The committee shall presume a student innocent of the alleged violation until there is a preponderance of evidence, presented by the VPSD, that the student violated a published college regulation or policy.

All evidence shall be offered to the committee during the hearing. A student defendant may choose not to testify against himself or herself. The committee will make a determination based on the evidence presented.

RECORD

The hearing record shall include: a copy of the notice of hearing; all documentary and other evidence offered or admitted in evidence; written motions, pleas, and other materials considered by the committee; and the committee’s decisions.

PETITION FOR ADMINISTRATIVE REVIEW

A student is entitled to appeal in writing to the President who may alter, modify, or rescind the finding of the committee and/or the penalty imposed by the committee. A student is ineligble to appeal if the penalty imposed is less than suspension or expulsion. The President shall automatically review every penalty of expulsion. Sanctions will not be imposed while appeal is pending.

A student is entitled to appeal in writing to the Board through the President, the Chancellor, and the Chairman of the Board. An appeal from the Student Discipline Committee is by review of the record (not de novo).

A petition for review is informal but shall contain, in addition to the information required, the date of the Student Discipline Committee's action and the student's reasons for disagreeing with the committee's action. A student shall file his or her petition with the President on or before the third working day after the day the discipline committee determines the penalty. If the President rejects the petition, and the student wishes to petition the Chancellor, he or she shall file the petition with the Chancellor on or before the third working day after the President rejects the petition in writing. If the Chancellor rejects the petition, and the student appellant wishes to petition the Board of Trustees, he or she shall file the petition with the Chairman of the Board on or before the third working day after the day the Chancellor rejects the petition in writing.

The President, the Chancellor, and the Board in their review may take any action that the Student Discipline Committee is authorized to take; however, none may increase the penalty. They may receive written briefs and hear oral argument during their review.

The President, Chancellor and Board of Trustees shall modify or set aside the finding of violation, penalty, or both, if the substance rights of a student were prejudiced because of the Student Discipline Committee’s finding of facts, conclusions or decisions were:

1. In violation of federal or state law or published college regulation or policy.
2. Clearly erroneous in view of the reliable evidence and the preponderance of the evidence;
or
3. Capricious, or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

AUTHORIZED DISCIPLINARY PENALTIES

The VPSD (or office directly responsible for student affairs or discipline) or the student discipline committee may impose one or more of the following penalties for violation of a Board policy, college regulation, or administrative rule:

1. An “admonition” means a written reprimand from the VPSD to the student on whom it is imposed.
2. “Warning probation” means further violations may result in suspension. Disciplinary probation may be imposed for any length of time up to one calendar year and the student shall be automatically removed from probation when the imposed period expires.
3. “Disciplinary probation” means further violations may result in suspension. Disciplinary probation may be imposed for any length of time up to one calendar year and the student shall be automatically removed from probation when the imposed period expires. Students may be placed on disciplinary probation for engaging in activities as illustrated by, but not limited to, the following: being intoxicated, misuse of I.D. card, creating a disturbance in or on college premises, and gambling.
4. “Withholding of transcript or degree” may be imposed upon a student who fails to pay a debt owed the college or who has a disciplinary case pending final disposition or who violates the oath of residency. The penalty terminates on payment of the debt or the final disposition of the case or payment of proper tuition.
5. “Bar against readmission” may be imposed on a student who has left the college on enforced withdrawal for disciplinary reasons.
6. “Restitution” means reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.
7. “Suspension of rights and privileges” is an elastic penalty which may impose limitations or restrictions to fit the particular case.
8. “Suspension of eligibility for official athletic and nonathletic extracurricular activities” prohibits, during the period of suspension, the student on whom it is imposed from joining a registered student organization; taking part in a registered student organization's activities, or attending its meetings or functions; and from participating in an official athletic or nonathletic extracurricular activity. Such suspension may be imposed for any length of time up to one calendar year. Students may be placed on disciplinary suspension for engaging in activities as illustrated by, but not limited, to the following: having intoxicating beverages in any college facility, with the exception of specific beverage-related courses within the El Centro food service program; destroying property or student’s personal property; giving false information in response to requests from the college; instigating a disturbance or riot; stealing, possession, use, sale, or purchase of illegal drugs on or off campus; any attempt at bodily harm, which includes taking an overdose of pills or any other act where emergency medical attention is required; and conviction of any act which is classified as a misdemeanor or felony under state or federal law.
9. “Denial of degree” may be imposed on a student found guilty of scholastic dishonesty and may be imposed for any length of time up to and including permanent denial.
10. “Suspension from the college” prohibits, during the period of suspension, the student on whom it is imposed from being initiated into an honorary or service organization; from entering the college campus.
except in response to an official summons; and from registering, either for credit or on noncredit, for scholastic work at or through the college.

11. "Expulsion" is permanent severance from the college.

A sanction imposed at one college shall apply to all colleges of the College District.

HAZING

1. Personal Hazing Offense
   A person commits an offense if the person:
   1. engages in hazing;
   2. solicits, encourages, directs, aids, or attempts to aid another person in engaging in hazing;
   3. intentionally, knowingly, or recklessly permits hazing to occur; or
   4. has firsthand knowledge of the planning of a specific hazing incident involving a student in an educational institution, or firsthand knowledge that a specific hazing incident has occurred, and knowingly fails to report said knowledge in writing to the VPSD or other appropriate official of the institution.

2. Definition
   "Hazing" means any intentional, knowing, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization whose members are or include students at an educational institution. The term includes but is not limited to:
   1. any type of physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activity;
   2. any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small place, calisthenics, or any other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
   3. any activity involving consumption of a food, liquid, alcoholic beverage, liquor, drug, or any other substance which subjects the student to an unreasonable risk of harm or which adversely affects the mental or physical health or safety of the student;
   4. any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame, or humiliation, or that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described in the subsection;
   5. any activity that induces, causes, or requires the student to perform a duty or task which involves a violation of the Penal Code.

STUDENT GRIEVANCE PROCEDURE

DEFINTION

A student grievance is a college-related problem or condition which a student believes to be unfair, inequitable, discriminatory, or a hindrance to the educational process. A grievance also includes discrimination on the basis of race, color, religion, national origin, sex, disability or age.

SCOPE

The student grievance procedure is not intended to supplant the Student Code of Conduct, which allows the student procedural due process in disciplinary proceedings initiated by the College. This student grievance procedure is designed to provide the student with the opportunity to file a grievance, as defined above, and to provide a process for resolution of the grievance. This student grievance procedure is not designed to include changes in policy nor does it apply to grading practices. Recommendations for initiating new policy or changing established policy are handled through normal administrative channels. Problems with grades will be dealt with first by the instructor, and then by the division dean. If a student is not satisfied, the student may appeal the decision, in writing, to the appropriate vice-president. If still not satisfied, the student may pursue the appeal to the college president whose decision is final.

SEXUAL HARASSMENT

The student grievance procedure is not applicable to complaints of sexual harassment. All students shall report complaints of sexual harassment informally to location Human Resources personnel or location representatives selected by the highest level administrator at the location or formally to the vice chancellor of Educational Affairs as provided in the sexual harassment procedure.

INFORMAL PROCEDURES

Students who wish to file a College-related grievance should, but are not required to discuss it with the College employee most directly responsible for the condition which brought about the alleged grievance. If the grievance is not resolved to the student's satisfaction, the student may appeal to the next level of authority. The student may consult with the administrative offices to determine the next level of authority. An appeal does not resolve the grievance, the student may proceed to the appropriate vice-president with a written presentation of the grievance. If the vice-presidential level of appeal does not prove satisfactory to the student, the student may seek review under the formal procedures below.

OTHER PROCEDURAL MATTERS

If a student files a grievance informally by discussing it with the college employee most directly responsible, etc., the following procedures apply. The student shall discuss the grievance fully at each level in the process. At each level of authority, a decision shall be made based on common sense and good judgment of a reasonable person. Each level may seek the appropriate authority, if necessary, to resolve the grievance. The entire informal procedure should take no longer than 30 days.

FORMAL PROCEDURES

Procedures for appeals are as follows:

1. A student who wishes a grievance to be heard by a appeal committee must submit a request in writing to the vice-president of student development (VPSD) or employee who is responsible for student development.
2. The VPSD or responsible employee will convene and chair the appeal committee.
3. The appeal must be heard by the committee within ten class days of the request unless extended with the agreement of both the student and the VPSD or responsible employee.
4. The committee will be ad hoc and will consist of two students, two faculty members, and one staff member who is either an administrator or a noncontractual employee. It is the responsibility of the College President or designee to appoint all committee members and the appointor shall examine each member to ensure their impartiality.
5. The appeal committee will make findings and send its decision to the College President. A grievant may seek review of an adverse decision through the President. The decision of the President shall be final.

BOARD ACTION

By law, the board of trustees is not required to take any action concerning a grievance, but is required to listen if the grievance is presented at a public meeting.

APPEAL COMMITTEE PROCEDURES

1. If a student requests a hearing by an appeal committee, a grievance must be in writing and contain:
   a. the student's name and address;
   b. the nature of the grievance, including the date it occurred;
   c. the corrective action sought;
   d. any other relevant information.
2. A grievance filed, either informally or formally, will not be considered unless it is filed not later than 120 days after the event or occurrence giving rise to the grievance or knowledge of the event or occurrence. The entire formal procedure should take no longer than 30 days.

3. In conducting the appeal committee hearing, the VPSD or responsible employee is authorized to:
   a. require any student or employee to provide a written statement along with any documents concerning the events and circumstances that may have given rise to the grievance;
   b. require any student or employee to appear and testify;
   c. question each individual who testifies; and
   d. copy all documents.

This is not an adversarial proceeding. A VPSD or responsible employee shall conduct a hearing in a professional and cooperative manner and all participants are expected to do likewise.

4. Failure to comply with a summons or order from the VPSD or responsible employee may result in disciplinary action.

5. The appeal committee shall base its decisions during a hearing and make a recommendation upon the common sense and good judgment of a reasonable person.

6. The VPSD or responsible employee shall ensure that all relevant evidence is obtained from parties during the hearing.

7. An attorney or other representative of a grievant may present a grievance to the appeal committee, but this presentation does not include questioning or cross-examining witness (including the grievant), objecting to testimony or documents, or similar actions undertaken by an attorney to represent a client.

COMPUTER USE POLICY
Purpose of Computer Use Policy
The college is committed to providing an educational and work climate that is conducive to the personal and professional development of each individual. To fulfill its multiple missions as an institution of higher learning, the college encourages a climate that values and nurtures collegiality, diversity, pluralism and the uniqueness of the individual within our state, nation and world. The college also strives to protect the rights and to enhance the self-esteem of all its members. Faculty, staff and students should be aware that any form of illegal harassment or discrimination against any individual is inconsistent with the values and ideals of our community.

As an institution of higher education, the college encourages, supports, and protects First Amendment rights and an open environment to pursue scholarly inquiry and to share information. Access to networked computer information in general and to the Internet, in particular, supports the academic community by providing a link to electronic information in a variety of formats and covering all academic disciplines. As with any resource, it is possible to misuse computing resources and facilities and to abuse access to the Internet. The following statements address, in general terms, the college's policies concerning computing use.

The chancellor is authorized to promulgate policies and procedures to implement this policy. Refer to the Business Procedures Manual for additional information.

Use of College Resources
Use of college computing resources and facilities requires that individual users act in compliance with college policies and procedures, and failure to comply may result in restriction or revocation of access to college resources. Computing "resources and facilities" include, but are not limited to college-owned host computer systems, networks, peripheral equipment (such as modems, terminals and printers), computers and workstations, software, data sets, storage devices (such as CD-ROMS, hard and soft disks and the like), and all computer communications controlled, administered, or accessed directly or indirectly by the college or by any user. The college provides users with an account that permits use of the computing resources and facilities within policies and procedures established by the college. Any person who uses college computing resources and facilities through college-owned equipment (such as public access computers at the libraries and computer labs) is also a user and is permitted to use the computing resources and facilities within policies and procedures established by the college. Users must respect the integrity of computing resources and facilities, respect the rights of other users, and comply with all relevant laws (local, state, federal and international), college policies and procedures, and contractual agreements. Employees who use college computers or facilities must comply with the Texas Public Information Act and the Local Government Records Act as described in CR (Regulation). The college reserves the right to limit, restrict or deny computing resources and facilities for those who violate college policies, procedures, or local, state or federal laws.

Freedom of Expression
Censorship is not compatible with the goals of the college. The college shall not limit adult users' voluntary access to any information due to its content when it meets the standard of legality. A minor's parent may permit a minor user to have voluntary access to any information that meets the standard of legality.

Privacy
The general right to privacy is extended to the electronic environment to the extent possible. Users have a lessered expectation of privacy when using computer resources and facilities owned by public institutions such as the college. Issuance of a password or other means of access is to assure appropriate confidentiality of college files and information. It is not a guarantee of privacy nor a license for abuse or improper use of the college's computing resources and facilities. Privacy is mitigated by the Texas Public Information Act, administrative review, computer system administration, audits, and the nature of the electronic medium itself. Contents of electronic files will be examined or disclosed only when authorized by the user, approved by designated college officials, or required by law and CR (Regulation).

Intellectual Property
All users should be aware that property laws apply to the electronic environment. Users must abide by all software licenses. College copyright and software policies and procedures, and applicable federal and state law. Users should assume that works communicated through a network are subject to copyright unless specifically stated otherwise. Unless
permission of the author is obtained, utilization of any electronically transmitted information must comply with the "fair use" principle found in federal copyright law.

Criminal and Illegal Acts
Computing resources of the college, which include the hardware, software, and network environment, shall not be used for illegal activities. Any illegal use of these resources will be dealt with by the appropriate college authorities and/or other legal and law enforcement agencies. Criminal and illegal use may involve, but is not limited to: unauthorized access, intentional corruption or misuse of computing resources, theft, defamation, obscenity, child pornography, and harassment based upon race, ethnicity, national origin, disability, age, religion or sex.

Authorized Use
Computing resources are provided by the college to accomplish tasks related to the college's mission. Some computers may be dedicated to specific enterprises or teaching missions that limit their use. Incidental personal use of computing resources is acceptable if the use:
1. imposes no measurable cost on the college;
2. is not harmful to the college;
3. is not a hindrance to the daily operations of the college; and
4. has no adverse effect upon an individual's job or educational performance.

Unauthorized Use
Unauthorized use of the college's computing resources and facilities includes but is not limited to: illegal activities; failure to comply with laws, license agreements, and contracts governing network software and hardware use; abuse of communal resources; use of computing resources for unauthorized commercial purposes or personal gain; failure to protect the user's password or use of the user's account; breach of computer security, harmful access or invasion of privacy; use of computing resources for diagnostic purposes; use of computing resources for anonymous or identity-masked messages to other college users; or unauthorized encryption. Refer to the Business Procedures Manual for additional information.

Individual Responsibility for Use of Computing Resources and Facilities
All users must use theses resources and facilities in accordance with college policies and procedures as well as all laws. Failure to fulfill these responsibilities may lead to the cancellation of computer access, other disciplinary action by the college and/or referral to legal and law enforcement agencies, in accord with existing college policies and procedures. Individuals using the college's computing resources or facilities shall:
1. Use college computing resources and facilities in accord with this policy, and respect the rights of other computer users by complying with laws, license agreements and contracts.
2. Use communal resources with respect for others. Disruptive mailings and print jobs, tying up work stations, and other disproportionate use of computing facilities prevent others from using these resources.
3. Use of college computing accounts must be limited to authorized purposes. Use of college-owned resources and facilities shall be limited to college-related business or incidental personal use as defined in this policy. Use of computing resources for unauthorized commercial purposes or personal gain is prohibited.
4. Protect the individual's password and use of the individual's account. The user shall not use another person's identification, account or password without his or her permission. Confidential information contained on various computers shall not be shared with others except when those persons are authorized to receive this information.

5. Report improper use of computer resources and facilities, which may include:
a. breach of computer security
b. unauthorized access to computing resources
c. release of password or other confidential information on computer security
d. harmful access
e. alteration, damage, or destruction of data
f. injection of a destructive computer virus
g. invasion of privacy
h. reading files without authorization
i. criminal and illegal acts

6. Comply with requests concerning computing from the system operator.
7. Report any incidents of harassment and/or discrimination using college computing resources and facilities in accord with the college's policy. It may be harassment if the behavior:
a. is unwelcome;
b. interferes with the user's ability, or the ability of others to work or study;
c. creates an intimidating, hostile or offensive environment.

Alternatively, users may file a grievance through appropriate channels.
8. Respect the forum (talk groups, bulletin boards, public computing facilities) when communicating ideas to others via college computing facilities and resources (includes access to external networks). All communications should reflect high ethical standards and mutual respect and civility. Users may use external networks (e.g., BITNET, Internet) links solely for the purposes permitted in these policies and in the external network guidelines. Users are responsible for obtaining and adhering to all of the policies published by the external networks they use. The ability to connect to external systems through college systems does not imply the right to connect to these systems or to make use of these systems unless properly authorized by the owners of those systems.

Computer Software and Copyright Law
The college respects the copyrights of others. With very few exceptions, all computer software and documentation is protected by federal copyright law. The unauthorized or unlicensed use, duplication, or copying of computer software or documentation is contrary to college policy and is a violation of the law. Violators are subject to both civil and criminal penalties and/or disciplinary action. College regulations and procedures will establish guidelines for the use of computer resources and local area networks.

Computer Software Policy
It is the policy of the college to respect the copyrights of others. With very few exceptions, all computer software and documentation is protected by federal copyright law. The unauthorized or unlicensed use, duplication, or copying of computer software or documentation is contrary to college policy and is a violation of the law. Violators of any copyright are subject to both civil and criminal penalties and/or disciplinary action. Students may use individually owned software on college computers only if the user can provide proof of a license from the copyright owner or will sign a statement to that effect. Additionally, installation of any individually software may need to first be approved by the appropriate college official. Students may have access to computer networks only to further the institutional goals of the college.

COMMUNICABLE DISEASE POLICY
Purpose: The college acknowledges the serious threat to our community and nation posed by the AIDS epidemic. This policy and other procedures developed by the president shall emphasize educating employees and students concerning AIDS and managing each case of AIDS individually with sensitivity, flexibility, and concern for the individual as well as employees and students. In addition, this policy defines and addresses other communicable diseases which from time to time arise in the colleges and District among students and employees.
Philosophy: The college's decisions concerning a person who has a communicable disease shall be based upon current and well-informed medical judgement which includes the nature of the disease, risk of transmission to others, symptoms and special circumstances of the person, and balancing identifiable risks and available alternatives to respond to a student or employee with a communicable disease.

Nondiscrimination

Students: No student will be required to cease attending a college or participating in college functions solely on the basis of diagnosis of a communicable disease.

Employees: An employee who has a communicable disease will be treated in the same manner as other employees who have other illnesses or injuries.

Confidentiality

The college shall comply with applicable statutes and regulations which protect the privacy of persons who have a communicable disease.

Education

The president shall develop and maintain a comprehensive educational program regarding HIV infection for students and employees.

Each college shall have a communicable disease coordinator. The coordinator shall be a registered nurse who has received training in communicable diseases, particularly HIV infection. A student or employee who has a communicable disease is strongly encouraged to report the disease to the coordinator.

Counseling

The communicable disease coordinator shall refer students and employees to sources of testing for HIV infection and counseling upon voluntary request. An individual shall bear the expenses of such testing and counseling.

FIREARMS POLICY

Firearms are strictly forbidden upon any campus (including all buildings and grounds) and all other locations owned, operated or leased by the Dallas County Community College District. This prohibition applies to any person including a person who processes a license to carry a handgun under the Concealed Handgun Law.

STUDENT RIGHT TO KNOW ACT

Under the terms of the Student Right to Know Act, the college maintains and updates on an annual basis, student persistence, graduation rates, transfer rates and other relevant statistics. To obtain copies of these reports, contact the District Office of Research. Campus crime statistics may be obtained from college police/security offices.

(Published in compliance with the Student Right-to-Know and Campus Security Act; Public Law 101-542)

**ALERT!!**

**MEASLES** (aka. rubella, Red Measles, Hard Measles, 10-day Measles)
Measles is a highly contagious viral disease. Antibiotics are NOT available to treat persons infected with this organism. Recent outbreaks of this illness have included many hospitalizations and several deaths among college-aged persons, for these reasons it is strongly recommended that students of Institutions of Higher Education have two doses of the vaccine prior to beginning classes. Most young adults have had only one dose.
The measles vaccine is most often given in combination with the vaccines for mumps and rubella which are also caused by viruses.

**TETANUS** (aka. Lockjaw)
The illness caused by tetanus results from the poison produced by a bacteria. Again this is a very difficult illness to treat once it occurs and prevention is the most appropriate choice. The vaccine is effective for about 10 years and needs to be boosted at that interval. It is now common for older adults to develop Tetanus in the United States as many adults do not receive the recommended 10 year boosters. The Tetanus vaccine should be given in combination with the diphtheria vaccine.

**POLIOMYELITIS**
In the United States, polio immunization is not routinely recommended for persons 18 years of age or older. However, if travel to other parts of the world is planned, a physician should be contacted for specific recommendations.

**SECTION 51.933TEX. EDU. CODE**
The campus health centers have information regarding local providers of immunization services. Check with the health center for specific local information.

### Application for Admission
Dallas County Community College District

Educational opportunities are offered by the Dallas County Community College District without regard to race, color, age, national origin, religion, sex, or disability.

#### SEMESTER YOU PLAN TO ENTER
- [ ] Fall (Aug. - Dec.)
- [ ] Spring (Jan. - May)
- [ ] Summer I (June)
- [ ] Summer II (July)

#### REASON FOR ATTENDING
- I will take courses:
  - [ ] To Earn a One-Year Certificate
  - [ ] To Earn a Two-Year Degree
  - [ ] To Improve Job Skills
  - [ ] To Transfer to a University
  - [ ] For Personal Interest
  - [ ] To Continue Education/Non-Credit
  - [ ] Uncertain

DOCUMENTATION & OATH REQUIREMENT

REQUIRED STATE RESIDENT VERIFICATION

DO YOU LIVE IN DALLAS COUNTY? □ Yes □ No

HOW LONG HAVE YOU LIVED IN DALLAS COUNTY? Year(s) ______ Month(s) _____

HOW LONG HAVE YOU LIVED IN TEXAS? Year(s) ______ Month(s) _____

PREVIOUS STATE OR COUNTRY OF RESIDENCE

1.) If you consider yourself a resident of TEXAS for tuition purposes, CHECK ONE of the following:

☐ I am a U.S. citizen.

☐ I have legal immigrant status: Permanent Resident, Refugee, Asylee, other.

Document / Card Number: ____________________________
"Document must be viewed by Admissions Personnel"

☐ I have no documentation of formal status with federal immigration authorities.

2.) If your claim for residency is based upon your having lived in Texas for the past 12 months, please answer the following questions:

IF YOU CAME HERE WITHIN THE PAST 5 YEARS, WHY DID YOU MOVE TO TEXAS?

☐ Education ☐ Employment ☐ Other (Please Specify) ________________________________

HAVE YOU BEEN EMPLOYED IN TEXAS FOR THE PAST 12 MONTHS? ☐ Yes ☐ No

3.) If your claim for residency is based upon a parent or legal guardian (and not yourself) please answer the following questions:

NAME OF THE PERSON UPON WHOM CLAIM IS BASED

Last ___________________ First ___________________ Middle ___________________

☐ Parent ☐ Legal Guardian

HOW LONG HAS THIS PERSON LIVED IN TEXAS? Year(s) ______ Month(s) _____

PREVIOUS STATE OR COUNTRY OF RESIDENCE ________________________________

IS THIS PERSON A U.S. CITIZEN? ☐ Yes ☐ No

IF THIS PERSON CAME HERE WITHIN THE PAST 5 YEARS, WHY DID THIS PERSON MOVE TO TEXAS?

☐ Education ☐ Employment ☐ Other (Please Specify) ________________________________

HAS PARENT OR LEGAL GUARDIAN CLAIMED YOU AS A DEPENDENT FOR U.S. FEDERAL INCOME TAX PURPOSES FOR THE TAX YEAR PRECEDING YOUR REGISTRATION?

☐ Yes. If "Yes," provide copies of income tax return. ☐ No

WILL THIS PERSON CLAIM YOU AS A DEPENDENT FOR THE CURRENT TAX YEAR? ☐ Yes ☐ No

OATH OF RESIDENCY

I understand that information submitted herein will be relied upon by college/university officials to determine my status for admission and residency eligibility. I authorize the college/university to verify the information I have provided and obtain my TASP test scores as necessary. I agree to notify the proper officials of the institution of any changes in the information provided. I certify that the information on this application is complete and correct and understand that the submission of false information is grounds for rejection of my application, withdrawal of any offer of acceptance, cancellation of enrollment, or appropriate disciplinary action.

I understand that, by enrolling, I have received or will receive information about bacterial meningitis from the Dallas County Community College District as required by Section 51.9191 of the Texas Education Code.

Have you taken the TASP (Texas Academic Skills Program) test? ☐ Yes. If "Yes," month and year ____________________________ ☐ No

APPLICANT’S SIGNATURE ____________________________ DATE ____________________________

The Admissions/Registrar’s Office reserves the right to request additional information in order to comply with state residency requirements prior to enrollment.

DOCUMENTS SUBMITTED TO MEET ADMISSIONS AND RESIDENCY REQUIREMENTS BECOME THE PROPERTY OF THE COLLEGE AND MAY NOT BE RETURNED.
Educational opportunities are offered by the Dallas County Community College District without regard to race, color, age, religion, national origin, sex or disability.
