We are glad you decided to take a look at what El Centro College has to offer you. Our goal is to serve Dallas County with excellent learning opportunities that are accessible, affordable and accredited. We've been serving learners like you since 1966, teaching you what you need to know to be successful at work, at home, and at play. That's what we're all about.

You are invited to visit the El Centro College campus, which is located at: Main at Lamar in Downtown Dallas
Dallas, Texas 75202
Telephone 214-860-2037

El Centro College is accredited by the Commission of Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097. Telephone number 404-679-4501) to award the associate degree.

This catalog contains policy regulations and procedures in existence at the time this publication went to press. The District Colleges reserve the right to make changes at any time to reflect current Board policies, administrative regulations and procedures and applicable state and federal regulations. This catalog is for information purposes and does not constitute a contract, express or implied, between any applicant, student or faculty member and Dallas County Community College District.

Educational opportunities are offered by the Dallas County Community College District without regard to race, color, age, national origin, religion, sex or disability.

1. **Apply**

*Complete an application for admission.* Applying early is a good idea because your place in registration is determined by the date you apply. An early start also ensures you have plenty of time to visit with an advisor and plan your course schedule. There are several convenient ways to get an application and apply:

- Go by a campus and fill out the application in person
- Get an application by mail. Just call toll-free metro 817-COLLEGE and we’ll send you an application and any other information you would like on the colleges
- Apply online at our website at http://www.dcccd.edu

2. **See an advisor**

See an advisor for academic assistance and for required or recommended assessment of your skills.

3. **Register**

After you apply and are accepted for admission to the college, then visit with your academic advisor, you will be able to register for the courses you choose using one of several methods:

- In-person registration during regular registration times, the week before the semester begins
- By telephone—telephone registration is easy and convenient
- Or, *coming soon*, registration online through our website at http://www.dcccd.edu

El Centro, a college of the Dallas County Community College District, is centrally located in downtown Dallas and has played a vital role in its educational advancement for the past 35 years.

El Centro’s central location allows students from all parts of Dallas County to take advantage of pre-professional courses transferable to four-year institutions, as well as career training in over 40 exciting fields. There is no typical student at El Centro. Students are of all ages and come from all walks of life.

The campus has gained international attention for making use of a nine-story, turn-of-the-century department store, renovated to accommodate classrooms, laboratories, computer technology, student center, learning center, and administrative offices, as well as labs, arts facilities, gymnasium, and library. Nestled between the two wings is an inviting green space which has been commended for beautifying the downtown area.

Accreditation

El Centro College is accredited by the Commission of Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097: Telephone number 404-679-4501) to award the associate degree.

Institutional Memberships

El Centro belongs to The American Association of Community Colleges, The Association of Texas Colleges and Universities, and The League for Innovation in the Community College.

El Centro College is recognized and sanctioned by the Texas Higher Education Coordinating Board and the Texas Education Agency and is an affirmative action, equal opportunity institution.

DCCCD Statement of Purpose

The purpose of the DCCCD is to equip students for successful living and responsible citizenship in a rapidly changing local, national and world community. We do this by providing accessible, accredited, affordable, cost-effective, quality educational opportunities for development of intellectual skills, job skills, personal growth and/or transfer to a baccalaureate program. In fulfilling our purpose, we further cultural, economic and workforce development in the communities we serve.

Mission

El Centro College: at the forefront of education, serving the community in an urban, multicultural setting.

Purpose*

In keeping with the mission, the purpose of El Centro College is to provide:

- Freshman and sophomore courses in arts and sciences;
- Workforce education programs leading to associate degrees or certificates;
- Continuing adult education programs for occupational or cultural enrichment;
- Workforce development programs designed to meet local and statewide needs;
- Education programs designed to fulfill the commitment of an admission policy allowing the enrollment of underprepared students;
- Ongoing counseling and guidance designed to assist students in achieving their individual educational goals;
- Adult literacy and other basic skills programs; and
- Such other purposes as may be prescribed by the Texas Higher Education Coordinating Board or local governing boards in the best interest of post-secondary education in Texas.

*Purpose is adapted from Texas Education Code 130.003a.

Guarantee for Job Competency

The DCCCD makes certain guarantees to its students who earn an Associate in Applied Sciences degree or who complete a certificate program. If an Associate in Applied Science or certificate program graduate is judged by his/her employer to be lacking in technical job skills identified as exit competencies for his/her specific degree or certificate program, the graduate will be provided up to nine tuition-free hours of additional skill training by a District college under the conditions of the guarantee policy.

Special conditions, which apply to the guarantee, are as follows:

1. The graduate must have earned the Associate in Applied Science Degree or completed the certificate program beginning May 1992 or thereafter in a Technical program identified in the college catalog.

2. The graduate must have completed this degree or certificate program in the District (with a majority of the credits being earned at the District) and must have completed the degree or certificate within a four-year time span.

3. Graduates must be employed full-time in an area directly related to the area of program concentration as certified by the College Vice President.

4. Employment must commence within 12 months of graduation.

5. The employer must certify in writing that the employee is lacking entry-level skills identified by the DCCCD as the employee's program competencies and must specify the areas of deficiency within 90 days of the graduate's initial employment.

6. The employer, graduate, division dean, job placement counselor and appropriate faculty member will develop a written educational plan for retraining.

7. Retraining will be limited to nine credit hours related to the identified skill deficiency and to those classes regularly scheduled during the period covered by the retraining plan.

8. All retraining must be completed within a calendar year from the time the educational plan is agreed upon.

9. The graduate and/or employer is responsible for the cost of books, insurance, uniforms, fees and other course-related expenses.

10. The guarantee does not imply that the graduate will pass any licensing or qualifying examination for a particular career.

11. The student's sole remedy against the District and its employees for skill deficiencies shall be limited to nine credit hours of tuition-free education under conditions described above. The program can be initiated through written contact with the office of the college president.

Guarantee for Transfer Credit

The DCCCD guarantees to its Associate in Arts/Associate in Sciences graduates and other students who have met the requirements of a 60-credit-hour transfer plan the transferability of course credits to those Texas colleges or universities which have chosen to participate in the DCCCD Transfer Guarantee Program. If such courses are rejected by the college or the university, the student may take tuition-free alternate courses at a District college which are acceptable to the college or university. In addition, students may receive the Associate of College/University Transfer Degree upon the completion of 61 credit hours which are included in the Student Transfer Guarantee.

Special Conditions which apply to the guarantee are as follows:

1. Transferability means the acceptance of credits toward a specific major and degree. Courses must be identified by the receiving university as transferable and applicable in transfer guides dated 1991-92 or later;

2. Limitations of total number of credits accepted in transfer, grades required, relevant grade point average and duration of transferability apply as stated in the catalog of the receiving institution; and

3. The guarantee applies to courses included in a written transfer guide that includes the institution to which the student will transfer, as well as the baccalaureate major and degree sought. Transfer guides dated 1995-1996 or before can be guaranteed by filing a transfer guarantee form with a DCCCD guarantee advisor.

This guarantee is designed specifically for those DCCCD students who have made firm decisions about their major and the institution to which they plan to transfer. The DCCCD is working with a number of Texas institutions, such as the University of North Texas, Texas A&M at Commerce, the University of Texas at Arlington, the University of Texas at Dallas, Texas Woman's University, Texas Tech University, Dallas Baptist University, Baylor University, Southern Methodist University and others, in order to make such guarantees possible. In order to secure such a guarantee, students should begin the process in their college Counseling/Advisement Center by scheduling an appointment with the transfer guarantee advisor. Students who have completed a transfer guarantee may be eligible to receive the Associate of College/University Transfer Degree. Students interested in this opportunity should inquire at their college Counseling/Advisement Center.
History

The Dallas County Community College District (DCCCD) enrolls about 50,000 credit and 27,000 continuing education students every semester, making it one of the largest higher education institutions in the State of Texas. The DCCCD is comprised of seven colleges located strategically throughout Dallas County. Anyone in Dallas County has only a short drive, bus or train ride to reach the nearest college.

More than three decades of growth and progress are a credit to the vision of Dallas area citizens. In May 1965, Dallas County voters created the Dallas County Junior College District and approved a $41.5 million bond issue to finance it. The next year, El Centro College began serving students in downtown Dallas. Eastfield College in Mesquite and Mountain View College in southeast Dallas enrolled their first students in 1970. Richland College opened two years later in north Dallas.

An additional $85 million in bonds supported the DCCCD's expansion, and construction began on three more colleges. Cedar Valley College in Lancaster and North Lake College in Irving opened in 1977, followed by Brookhaven College in Farmers Branch in 1978.

In addition to the colleges, the DCCCD also operates the Bill J. Priest Institute for Economic Development and the R. Jan LeCroy Center for Educational Telecommunications, both named for former DCCCD chancellors. The Bill J. Priest Institute for Economic Development opened south of downtown Dallas in 1989, serving individuals and businesses of all sizes with training programs customized to meet their needs. The LeCroy Center is one of the largest producers of distance education products in the nation.

Purpose & Goals

The DCCCD Board of Trustees has approved and adopted the following statements regarding the DCCCD's mission, purpose, philosophy, goals and responsibilities:

Mission and Purpose

The purpose of the District is to prepare students for successful living and responsible citizenship in a rapidly changing local, national and world community. The District does this by providing accessible, accredited, affordable, cost-effective, quality learning opportunities for development of intellectual skills, job skills, personal growth and/or transfer to a baccalaureate program. In fulfilling the purpose, the District furthers cultural, economic and workforce development in the communities served. In all its efforts, the District strives to meet the needs and exceed the expectations of those the District serves.

More specifically, the District's purpose is to provide:
1. Technical programs up to two years in length leading to associate degrees or certificates;
2. Vocational programs leading directly to employment in semi-skilled and skilled occupations;
3. Freshman and sophomore courses in arts and sciences;
4. Continuing adult education programs for occupational or cultural upgrading;
5. Compensatory education programs designed to fulfill the commitment of an admissions policy allowing the enrollment of disadvantaged students;
6. A continuing program of counseling and guidance designed to assist students in achieving their individual educational goals;
7. Work force development programs to meet local and statewide needs;
8. Adult literacy and other basic skills programs for adults; and
9. The Texas Higher Education Coordinating Board or the District's Board, in the best interest of post-secondary education in Texas, may prescribe other purposes.

DCCCD Philosophy and Goals

Since 1972, the District has been known as the Dallas County Community College District. The name shows that the District has outgrown the term "junior college." The name also reflects the District's philosophy. The colleges truly are community institutions, meeting the varied educational needs of the growing Dallas County region. The primary goal of the District and its colleges is to help students of all ages achieve effective living and
responsible citizenship in a fast-changing region, state, nation and world. Each college is therefore committed to providing a broad range of educational programs for the people it serves. The needs, abilities and goals of each student are considered important. The focus is on creating an educational program for the individual rather than squeezing or stretching the individual to fit an “educational mold.”

The Dallas County Community Colleges and the Bill J. Priest Institute for Economic Development are teaching, learning, community-building institutions. To fulfill the public trust the DCCCD:

- Offers a student guarantee to the institutions and employers receiving its graduates;
- Measures its collective and individual behaviors against a code of ethics and a statement of organizational values;
- Makes decisions through a line organizational structure which receives input from those most affected by the decisions;
- Strives to provide its services with revenues of No more than 20% from student tuition;
- No more than 30% from local taxes; and
- A minimum of 50% from the State;
- Seeks to maintain the highest possible credit ratings;
- Views itself as a team player in the local community of educators, business people, elected officials and other community leaders; and
- Sees its role as a weaver of a seamless fabric of educational opportunity for the people of Dallas County;
- As a major employer, the DCCCD: follows open search procedures which solicit the best available candidates for positions and which will provide a balanced workforce that reflects the ethnic composition of the adult workforce in Dallas County;
- Involves those most directly affected by hiring decisions in the candidate review process; and
- Seeks to assure that competent performers do not lose real compensation through inflation.

In its organizational culture, the DCCCD:

- Places ultimate value on student success;
- Applies the principles of continuous quality improvement to achieve student success; and
- Uses technology not only to teach distant learners, but also to educate, train and retool both its students and its employees.

Additional programs are available for the high school student, dropouts and others with special needs. The colleges help each student design the educational program that best meets individual needs. Every student is offered advisement to define goals and identify abilities. Continued guidance is available throughout the student’s college career in case goals and plans change. This emphasis on advisement, rare for some institutions, is routine at all District colleges.

DCCCD Responsibilities

To carry out the District philosophy, the Colleges offer a wide range of programs and courses, including guidance services. These programs and courses must help each individual attain a high level of technical competence and a high level of cultural, intellectual and social development. In addition, high professional standards for the academic staff must be maintained within a framework prescribed by the Board of Trustees. At the same time, the program and organization of each college must make maximum use of faculty and facilities.

The colleges have a basic responsibility to provide educational and cultural leadership to the community. They must be sensitive to changing community needs and adapt readily to those needs. Individuals capable of continuing their educational development should be given the opportunity to improve their skills. Finally, to continue to meet its responsibilities in changing times, the college system must guard against stagnation. Creativity and flexibility are therefore fostered at the District level and at each college.

The DCCCD and Innovation

The DCCCD is a member of the League for Innovation in the Community College. The League is composed of 19 outstanding community college districts throughout the nation. Its purpose is to encourage innovative experimentation and the continuing development of the community college movement in America. Membership commits the DCCCD to research, evaluation and cooperation with other community college districts. The goal is to serve the community with the best educational program and the fullest use of resources.
Commonly Used Terms & Abbreviations

Academic Advisor: A member of the college staff who helps students set educational goals and selects courses to meet those goals.

Add: During any single semester, to enroll in additional course(s) after registration.

Admission: A person wishing to enroll must complete an application, be accepted and receive acknowledgement of acceptance from the Admissions Office before registering. An application can be acquired on-line at www.dcccd.edu

Audit: Enrollment in a credit course without receiving academic credit.

Campus-Based Distance Learning Class: A Campus-based Distance Learning Class has more than 50% of the instructional contact hours delivered at a distance, with occasional campus-based instructional requirements, i.e. testing and review sessions. Most student services are delivered on campus. Campus-Based Distance Learning Classes are offered using one or more of the distance learning course delivery formats.

Career & Technical Courses: Courses that lead to a certificate or Associate in Applied Science Degree in a technical or occupational program. These courses are designed to aid the student in developing entry-level skills to be used in the job market. Consult an advisor regarding transferability if you plan to attend a four-year institution.

Catalog: The book containing course descriptions, certificate and associate degree requirements and general information.

Class Schedule: A booklet that is published prior to each semester listing classes, sections, dates, times, instructors' names and meeting places. This booklet is used by students in preparing personal class schedules each semester.

Common Course Numbers: Beginning in Fall 1995, the Common Course Number became the official number of the course. This same Common Course Number is being used for the same course by a number of colleges throughout Texas to help students identify how a course will transfer. However, the lack of a Common Course Number does not necessarily mean a course will not transfer.

Concurrent Enrollment: (a) Enrollment by the same student in two different DCCCD colleges at the same time; (b) Enrollment by a high school student in one of the DCCCD colleges while still enrolled in high school; (c) Enrollment by a student in two courses in the same semester; (d) Enrollment in both a DCCCD institution and another college at the same time; (e) Enrollment in both credit and continuing education courses at the same time.

Core: The 48 prescribed hours of a 61-hour degree plan that a student must successfully complete in order to receive an Associate in Arts/Associate in Sciences Degree.

Course Load: The number of hours or courses in which a student is enrolled in any given semester.

Credit: The numerical value assigned to a course (See "credit hours/semester hours").

Credit Hours/Semester Hours: The unit of credit earned for course work. Each college course is worth a certain number of credit or semester hours. This number is determined by the type of class and the number of hours per week it meets. For example, a three-credit-hour class (English, history, etc.) meets three hours per week during the fall/spring semester; a four-credit-hour class (science, languages, etc.) meets six hours per week. Check the Catalog or the current Class Schedule for the value of any course you wish to take.

Credit/Non-Credit: Credit classes are those that award academic credit and may apply toward a degree. Non-credit classes do not apply toward a degree and are usually offered as continuing education courses.

DCCCD: Dallas County Community College District comprised of Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View, North Lake and Richland colleges, plus the Bill J. Priest Institute for Economic Development and the R. Jan LeCroy Center for Educational Telecommunications.

DALLAS TeleCollege Virtual Class: Courses offered through DALLAS TeleCollege are defined as "virtual classes." A DALLAS TeleCollege virtual class requires that all instruction and student services be delivered at a distance with no campus-based requirements. DALLAS TeleCollege virtual class sections are numbered 900-level. Virtual class sections may be offered using the online course or Telecourse Plus distance learning course delivery formats. A course offered through DALLAS TeleCollege is the equivalent of the same course offered by all DCCCD colleges.

Developmental Studies Courses: Courses that develop prerequisite skills in reading, writing and mathematics. Because of the nature of these courses, the credit earned will not count toward graduation requirements and may not be transferred to colleges outside the DCCCD.
Distance Learning: DCCCD distance learning courses are offered in a variety of formats. Each format requires a unique set of technologies essential to successful course completion.

Drop: The act of officially withdrawing from a particular course without penalty before a specified date. See the Academic Calendar in this catalog for "Last Day to Withdraw." It is the student's responsibility to drop a course by the date published.

Dual Credit: Credit earned for both high school and college via concurrently enrolled high school students.

Electives: Courses that do not count toward a major but are required for most college degrees. Electives are selected for personal interest, skill development or to increase one's knowledge or understanding. Consult with an advisor before deciding upon electives.

Fee: A charge, in addition to tuition charges, that the college requires for services.

Flexible-entry course: A course beginning and ending on dates that are different from the regular semesters. This is also referred to as "flex-entry" or "short semester." Consult the Class Schedule for further information.

eConnect: eConnect is a Web interface that allows you to access information contained in the DCCCD administrative database. eConnect consists of forms and supporting infrastructure to extract and deliver information from this database via the Internet to your desktop. eConnect currently offers Search For Classes at all seven of our campuses. eBusiness features such as on-line registration and on-line payment are already available at Richland College and will expand to the other six campuses in the summer of 2001.

Former Student: One who has not attended a DCCCD college in the past year.

Full-time Student: A student who is enrolled for at least 12 credit hours during a semester or for six credit hours during a summer session. The student may be enrolled in one or more DCCCD colleges as long as the total number of hours meets the full-time requirement.

GPA: Grade Point Average. Two different ways of computing a GPA are utilized. For further explanation, see Grades & Transcripts.

Grade points: See Grades & Transcripts.

Grades: See Grades & Transcripts.

Lab Hours: The number of hours a student spends each week in a laboratory or other learning environment.

Lecture Hours: The number of hours a student spends each week in a classroom other than a laboratory.

Live-Interactive Television Course: The live-Interactive television course uses one-way video and two-way audio. Each class is a live cable broadcast. Tapes are not available for these courses. Students must view class at broadcast times. See the Cable Broadcast Schedule in the distance learning pages printed in the College's Class Schedule. Students must have access to a participating cable television system. Students may interact during the live class with the faculty by telephone, placing a call to a voice bridge system. The course may include campus-based requirements including orientations, testing and review sessions. Call the Distance Learning Hotline for more information about participating cable systems, (972) 669-6400 or if outside Dallas, toll-free: 1 (888) 468-4268. Only campus-based distance learning classes may utilize the live-interactive television course delivery format.

Major: The subject or field of study in which the student plans to specialize. For example, one "majors" in Automotive Technology, Business, etc.

Online Courses: Online courses are delivered using only computers and computer peripherals. Students are required to have reliable Internet access and the latest version of an Internet browser software. The online classroom is used to deliver instruction, facilitate interactions among faculty and students and more. DALLASTeJeColiege virtual classes and campus-based distance learning classes may use the online course delivery format.

Part-time Student: A student who is enrolled for less than 12 credit hours during a semester or less than six credit hours in a summer session. The student may be enrolled in one or more DCCCD colleges as long as the total number of hours meets the part-time requirement.

Performance Grade: A grade of "A," "B," "C," "D" or "F." This does not include the grades of "W," "I," "E" or "WX." See Grades & Transcripts for more on grades and grade point averages.

Prerequisite: A requirement that must be met before registering for a specified course. For example, the prerequisite for English 1302 is the successful completion of English 1301. A prerequisite may be another course (high school or college), an appropriate assessment score or instructor's permission.

Probation: A warning for a student whose academic work or behavior is unsatisfactory. Students on academic probation may be suspended if their academic performance does not improve.
Registration: The official process for enrolling in courses. This involves selecting classes with the help of an advisor, completing all registration forms and paying fees. Check the College's Class Schedule for registration dates. Distance Learning students register just as you would for any on-campus course.

Registration Number: A number indicating the course, day/evening, hour, room number and name of instructor for a particular course.

Semester: A term denoting the length of time a student is enrolled in a specific course. For example, there are two long semesters (fall and spring) that last approximately 16 weeks. There are two summer sessions or "semesters" (Summer I and Summer II) that last approximately 12 weeks. "Mini-semesters" are designed for highly-motivated students who can devote time to an intense, fast-paced program of study, which usually is held within a three-week period of time.

Skills for Living: Skills needed for living well with oneself, others and changing environments. Skills for Living are discussed and learned throughout the curriculum.

Syllabus (Syllabi): An outline for a course of study. Students usually receive a syllabus from the instructor at the beginning of each course.

TASP: Texas Academic Skills Program; See TASP & Alternative Assessment.

Technical/Occupational Courses: See "Career & Technical Courses."

Tech-Prep: An educational process where the DCCCD and the public high school districts cooperatively develop and implement a planned sequence of course work to prepare students for technologically advanced careers. Tech Prep programs are endorsed and approved by The Texas Education Agency (TEA) and The Texas Higher Education Coordinating Board (THECB). Through the Tech Prep process students earn college credit while in high school and advance to college programs after graduation.

Telecourse: The telecourse allows the student to work and learn independently, with campus-based requirements including orientations, testing and review sessions. The course includes a pre-produced video series with print materials. Class interaction is offered through the telephone, fax and mail. Students are required to have access to a participating local cable system, KDTN public television or a VHS-format videocassette player. Only campus-based distance learning classes may use the telecourse delivery format.

Telecourse Plus Courses: The Telecourse Plus course incorporates the use of video and the online classroom. The course includes a pre-produced video series with print materials. Students are required to have access to a participating local cable system, KDTN public television or a VHS-format videocassette player. Students are also required to have reliable Internet access and the latest version of an Internet browser software. The online classroom is used to deliver instruction, facilitate interactions between faculty and students, and more. DALLAS TeleCollege virtual classes and campus-based distance learning classes may use the Telecourse Plus delivery format.

Transfer Courses: Courses which are designed to transfer to other colleges and universities. Students need to consult with an advisor or counselor about the transferability of specific courses. Because a course will transfer does not mean it will apply toward a specific major or degree at a four-year college or university.

Transcript: An official copy of a student's academic record, which can be obtained through the Admissions Office. An official transcript must have the seal of the college affixed and the signature of the Registrar.

Withdrawal: The act of ending enrollment in classes. A student withdrawing must go through a formal procedure. It is the student's responsibility to withdraw officially by the appropriate date. See the Academic Calendar in this catalog or in the College's Class schedule for the "Last Day to Withdraw."
General Admissions Policy
The DCCCD’s open door admissions policy ensures that every person who can benefit from higher education has the opportunity to enroll. Students admitted to a DCCCD college are automatically admitted to all seven DCCCD colleges. Admitted students may take courses at any of the colleges under certain conditions.

How to Enroll

Follow these steps:
1. Complete an Application for Admission, located in the back of this catalog. Applications are also available from any DCCCD Admissions Office and on the Internet at www.dcccd.edu.
2. Submit all of the following with your Application for Admission:
   3. Proof of Texas residency (for those who wish to be considered residents for tuition purposes),
   4. Scores from college entrance exams (SAT, ACT) taken in the last five years,
   5. Scores from the Texas Assessment of Academic Skills Program (TAAS) taken in the last three years,
   6. Scores from the Texas Academic Skills Program (TASP) OR scores from the Alternative assessment to the TASP,
   7. GED certificate (required for students who are under 18 and have taken the GED exam),
   8. Official transcripts from high school (required for students with no college experience),
   9. Official transcripts from all colleges previously attended (required for students with college experience).

After you are admitted, but prior to registration, you must either present TASP scores or take the alternative assessment.

HOT TIP!
Applying early is a good idea because your place in registration is determined by the date you apply. An early start ensures you have plenty of time to visit with an advisor and plan your course schedule.
Immunizations

The DCCCD does not require proof of immunizations for admission to most programs. However, all prospective students should have adequate immunization for diphtheria, rubella, rubeola, mumps, tetanus and poliomyelitis (See Texas Department of Health's Recommended Adult Immunization Schedule). Some health-related programs require specific immunizations prior to admission; that information is outlined in student orientations for those programs.

Student Identification

When you apply, you are asked to furnish a Social Security Number. This number doubles as your student identification number and insures the accuracy of your student records. If you do not have a Social Security Number, or do not choose to use the Social Security Number, the college will assign you a student identification number. It is your responsibility to report any changes in your name or address to the Admissions Office.

Admission Requirements

If you wish to be classified as a resident and have the benefit of paying lower tuition than non-residents, you must prove you lived in Texas for the 12 months immediately prior to the semester in which you enroll. If you cannot provide proof of residency, you will be classified as a non-resident and required to pay non-resident tuition and fees. For specific information about required documentation, contact the Admissions Office.

Some admission requirements vary depending on a variety of factors. Determine which one or more of the following categories best describes you, then read the corresponding information below:

- First-time student
- Student concurrently enrolled in high school and the DCCCD
- High school student enrolled in dual-credit programs
- Transfer student
- Former DCCCD student
- International student

First-time students

You may apply as a beginning freshman if you meet one of these standards:

- You are a graduate of an accredited high school.
- You are a graduate of an unaccredited high school and are 18 years of age or older.
- You earned a General Education Diploma (G.E.D.).
- You are at least 18 years of age and do not have a diploma or G.E.D. (may be admitted by individual approval).
- If you are under the age of 18, are no longer enrolled in high school of any kind and do not have a diploma or a G.E.D., you may be admitted by one of the following:
  * A written recommendation of the principal or superintendent of the last high school you attended or
  * TASP or alternative assessment results indicating you have the ability to benefit from the College's programs.
  * If you are 16, did not graduate from an accredited school, but did graduate from a non-accredited high school or were schooled in a non-traditional setting (i.e., home-schooled), you may be admitted if you meet all of the following conditions:
    * Present a written recommendation of the principal or superintendent of the last school you attended or TASP or alternative assessment results indicating you have the ability to benefit from the college's programs; and
    * Present a notarized record of the high school equivalent work completed and the date of successful completion; and
    * Complete the enrollment agreement noting you understand and accept that academic freedom and the collegiate environment is supported in all courses within DCCCD, and
    * Agree to limitations on conditions of admission established by the college.

After you are admitted, but prior to registration, you must either present TASP scores or take the alternative assessment.

Students Concurrently Enrolled in High School and the DCCCD

If you are still enrolled in high school you may be admitted under the following conditions:

- If you have completed your junior year in an accredited high school, you may be admitted with your high school principal's written recommendation. You must also present scores on TASP or the alternative assessment with results indicating your ability to do college-level work. You may take no more than two courses each semester.
- Submit your high school principal's written recommendation; • Present scores on TASP or alternative assessment with results indicating your ability to do college-level work; • Receive approval from the college vice president or designee. Upon approval, you may take no more than two courses each semester. However, if you meet specific conditions, you may be permitted to enroll for three courses.

- If you have not completed your junior year at an accredited high school, you may be admitted upon meeting all of the following conditions:
  * Submit your high school principal's written recommendation; * Present scores on TASP or alternative assessment with results indicating your ability to do college-level work; * Receive approval from the college vice president or designee. Upon approval, you may take no more than two courses each semester. However, if you meet specific conditions, you may be permitted to enroll for three courses.

- If you are enrolled in non-accredited high schools or educated in a non-traditional setting (i.e., home-schooled) and have completed the equivalent of the junior year (16 units) in high school, you may be admitted by meeting all the following
conditions: • Provide a notarized record of the school subjects completed (consistent with the Texas Education Agency minimum requirements); • Present scores on TASP or alternative assessment with results indicating your ability to do college-level work; • Complete the enrollment agreement noting you understand and accept that academic freedom and the collegiate environment is supported in all courses within DCCCD; • Agree to limitations on conditions of admission. You may take no more than two courses each semester. However, students meeting specific conditions may be permitted to enroll for three courses. • Receive approval from the college vice president or designee.

* If you are enrolled in non-accredited high schools or educated in a non-traditional setting (i.e., home-schooled) and have not completed the equivalent of the junior year (16 units) in high school, you may be admitted by meeting all the following conditions: * Provide a notarized record of the school subjects completed (consistent with the Texas Education Agency minimum requirements); • Present scores on TASP or alternative assessment with results indicating your ability to do college-level work; • Complete the enrollment agreement noting you understand and accept that academic freedom and the collegiate environment is supported in all courses within DCCCD. * Agree to limitations on conditions of admission. You may take no more than two courses each semester; and * Receive approval from the vice president of Instruction or designee.

* High school students may enroll in remedial courses only if a contract for such services exists between the colleges and the school.

High School Students Enrolled in Dual Credit Programs

Dual Credit Programs are instructional partnerships between a public school district or private secondary school and the DCCCD. Concurrent course credit is provided to high school students for both high school and college credit. College credit may be for certificate or associate degree programs. Eligibility requirements: * To enroll in courses for an associate degree or level-two certificate (TASP eligible) program, you must present a passing score on TASP or the alternative assessment in at least one area (reading, writing or math) as deemed applicable by the college for the intended course in which you wish to enroll. If you are exempt from TASP, you are also exempt from local assessment for the purposes of dual course credit. This is also required of students in private and home schools. * You must have passed all sections of TAAS to enroll in dual credit classes. * High school students are generally limited to enrolling in two dual credit courses per semester. You may be permitted to enroll in more than two courses if recommended to do so by your high school principal and under one of the following conditions: * Achieve a minimum GPA of 3.00 on at least two college courses taken in previous semesters; or * Prove you have passed all sections of TASP or the Alternative assessment; or * Prove your eligibility to be TASP exempt based upon TAAS, ACT or SAT as approved by the Texas Higher Education Coordinating Board. (Note: these score standards are often altered by the THECB and the currently approved scores must be used.) * High school students must meet all appropriate admissions criteria to the college. * High school students must fulfill all prerequisite requirements to enrolling in a dual credit course.

Transfer Students

If you wish to transfer college credit to the DCCCD, you are eligible for admission for enrollment from an accredited collegiate institution as defined in the Acceptance of Credit in Transfer section (next) if you meet the following conditions: * You must present a complete transcript bearing impression of seal and signature of college/university official of each institution attended. Transcripts must be submitted before you enroll and should include the previous admission record and evidence of honorable dismissal. If you do not submit transcripts prior to enrolling, you can be blocked from a number of courses that require taking certain prerequisites. Transcripts received become the permanent property of the college. If you have earned a baccalaureate and/or graduate degrees from accredited colleges and universities, you may submit a copy of a college/university diploma in lieu of transcripts. However, documentation of prerequisites for specific courses must still be provided. If you are transferring from another college, you are not at liberty to disregard your collegiate record by applying as a beginning student. The college reserves the right to review academic credentials and/or transcripts from other higher education institutions for the purposes of evaluating the acceptability of credits. If you do not report all accredited college/university course work, you will be subject to disciplinary action, including expulsion and possible loss of credit for subsequent course work taken at the college. * You must meet the minimum academic standards of the college. If another institution enforced scholastic withdrawal or suspension, and you meet the minimum academic standards of the College, you may petition for admission to the college's admissions committee. Admission may be provisional, and credit hours and course work may be limited. * You must meet all TASP requirements, as follows, after you are admitted: * If you are transferring from another Texas public college or university, you must present TASP or alternative assessment scores if you are not TASP exempt and wish to enroll in any college-level coursework, and * If you are transferring from a private and/or out-of-state college or university, you must present TASP or alternative assessment scores if you are not TASP exempt.
Acceptance of Credit in Transfer
Credit for courses in which a passing grade ("D" or better) has been earned may be transferred to the college from colleges and universities accredited through one of the following associations: * Middle States Association of Colleges and Schools/Commission on Higher Education * New England Association of Schools and Colleges * North Central Association of Colleges and Schools * Northwest Association of Colleges and Schools/Commission on Colleges * Southern Association of Colleges and Schools/Commission on Colleges * Western Association of Schools and Colleges/Accrediting Commission for Senior Colleges * Western Association of Schools and Colleges/Accrediting Commission for Community and Junior Colleges

It is the college's responsibility not to transfer credits received from any United States institution not so accredited except where signed agreements between the College and other institutions exist. However, if you have gained proficiency through completing coursework from non-accredited institutions, you may receive college credit through credit-by-examination and, in some circumstances, credit by experience. The registrar or other appropriate college personnel will complete course-by-course evaluations as needed for degree or program planning. Individual courses transferred will not be posted to the college's student record. Official transcripts from all higher education institutions must be on file in the Registrar's Office. Credits earned through other education programs - such as credit-by-examination, military experience, and the U.S. Armed Forces Institute - are reviewed by the registrar and credit may be granted if applicable. You must submit all official transcripts from all higher education institutions and a request for a degree plan evaluation to the Registrar's Office before an evaluation can take place. Any questions concerning the validity of the document(s) will result in the need to have an official transcript(s) sent directly from the other institution(s) to the Registrar's Office. If you are admitted with a grade point deficiency, you cannot graduate until you have cleared the deficiency by earning additional grade points.

Academic Forgiveness Policy
In keeping with SB1321 passed into legislation in 1993, any state resident may elect not to have the college utilize college credits on courses which are ten (10) years or older. If you elect this option, no college courses or credits ten (10) years or older will be evaluated for credit. You may not selectively choose courses ten (10) years or older to be utilized. This provision does not relieve you from notifying the college of attendance at previous institutions nor of the need for you to submit transcripts indicating all previous course work attempted. If you elect this option, must notify the Registrar's Office when you submit your Application for Admission. The Academic Forgiveness Policy does not apply toward eligibility issues for federal financial aid.

Former DCCCD Students
If you were formerly enrolled in the DCCCD but have not attended a DCCCD college for more than one year, you must update your Application for Admission to any DCCCD college. If you have unsettled financial debts or your record is blocked for any other reason at any DCCCD college, you will not be allowed to register until the record is cleared.

International Students
The college is authorized under federal law to enroll non-immigrant students carrying valid visas. International students are admitted once all admission requirements are complete. If you are an international student seeking F-1 visa status, you must: * Contact the institution to request international student admission information; * Provide an official TOEFL (Test of English as a Foreign Language) score of 530 or higher on the paper/pencil version or TOEFL score of 197 or higher on the computerized version to meet the English proficiency requirement and be considered for academic credit. If you meet one of the following criteria, you will be excused from the TOEFL requirement: * If you are a graduate of an accredited U.S. college or university; or * If you are a native speaker of English from a country in which English is the primary language of the majority as documented by the Cambridge Encyclopedia of Languages. (See international admissions advisor for list of approved countries.) * An institutional TOEFL score of 530 or higher on the paper/pencil version or TOEFL score of 197 or higher on the computerized version from the University of North Texas or the University of Texas at Arlington may be substituted for the TOEFL; or * If you can present documented completion of the final level of an Intensive English Language Program that is approved by the DCCCD through an established agreement.

Upon admission, all international students are required to complete DCCCD assessment for academic advisement and placement. If adequate English proficiency is not demonstrated through this assessment, placement in additional English language courses will be required. * Show documented evidence of sufficient financial support for the academic year; * Enroll in the DCCCD F-1 International Student Medical Benefits Plan or provide documentation of adequate health insurance.
**Texas Academic Skills Program (TASP) and Alternative Assessments**

After you are admitted, but prior to registration, you must either present TASP scores or take the Alternative assessment. See Exemptions from TASP Requirements in this section to determine if you are exempt or waived from TASP requirements. Assessment is not used to determine admission except for students wishing to enroll in "special admissions" programs. The Texas Academic Skills Program (TASP) is required by state law to ensure students enrolled in Texas public colleges possess the academic skills needed to perform effectively in college-level coursework. TASP includes a testing component designed to identify and provide information about your reading, writing, and math skills. The program is very complex, and you are expected to consult with the college TASP Coordinator in order to meet the TASP requirements. It is your responsibility to be aware of all TASP regulations.

**When TASP Requirements Must Be Met**

You must meet all TASP requirements prior to receiving a certificate (if TASP is required) or degree or before taking junior or senior level courses at a Texas public university.

**Meeting TASP Requirements**

You may meet the TASP requirements in several ways: * Pass all sections of TASP or QuickTASP; * Pass all sections of the DCCCD Alternate Assessment on the initial attempt; * In the exact following order, take and fail a section of TASP or QuickTASP, complete all required developmental coursework with a grade of "C" or better, retake and fail the same section of TASP or QuickTASP, and then take and make a "B" or better in an approved, related college-level course; or * In the exact following order, take and fail a section of the DCCCD Alternate Assessment, complete all required developmental coursework with a grade of "C" or better, retet with TASP or QuickTASP and fail the same subject area originally failed on the DCCCD Alternate Assessment, and then take and make a grade of "B" or better in an approved, related college-level course. Students attempting to meet the requirements through the third or fourth methods must check with the College TASP Coordinator to learn of all required steps to be met. * The "B or Better" courses that can be used to satisfy TASP requirements (after having successfully completing Developmental coursework) are: English 1301, English 1302, History 1301, History 1302, English 2321, English 2322, English 2323, English 2331, English 2332, English 2333, English 2326, English 2327, English 2328, Psychology 2301, Government 2301, Government 2302, Government 2305, Government 2306, Math 1332, Math 1333, Math 1314, Math 1316 or higher level of math courses.

If you are a deaf student enrolling Fall 1995 and thereafter, you are subject to all TASP regulations with the exception that you must take the Stanford Achievement Test rather than TASP, QuickTASP, or DCCCD alternate assessment.

---

Evaluation of Foreign Credentials

Coursework completed at colleges and universities outside the United States will be considered for transfer on an individual basis. All foreign credentials submitted to the college must include the original plus a certified English translation. An official evaluation of foreign credentials must be completed before transfer credit will be considered. You, the student, are responsible for arranging for credential evaluation. A partial list of acceptable professional evaluation services is available in the District Office of Academic and Student Programs or the college's Registrar's Office. You, the student, are expected to pay all costs of translation and/or evaluation of foreign credentials. Evaluations of foreign credentials completed by individuals and/or by professional evaluation services are subject to review and approval by the director of Admissions and Registrar.
Low Assessment Scores

Students entering with academic deficiencies or low assessment scores may be admitted on probation and will be required to enroll in developmental or other programs designated by the College. If you fail a section of either the TASP, DCCCD Alternate Assessment or QuickTASP, you must enroll and actively participate in developmental courses related to the failed area(s) or be dropped from college-level courses. (Concurrently enrolled high school students will not be mandated to take developmental courses while in high school.) You must continue to participate in mandated developmental coursework until: 1. You pass the failed section of TASP or QuickTASP test, (please note that the DCCCD Alternate Assessment cannot be used for retesting purposes), or 2. You have completed the developmental coursework required, at which time the College may release you from such coursework. The College is not required to release you from further developmental coursework.

Exemptions from TASP Requirements

You must have TASP, DCCCD Alternate Assessment (an approved TASP alternate test), or QuickTASP tests scores on file prior to enrolling for college-level courses. If you meet the following conditions, you are exempt or waived from the TASP requirements: * You have at least 3 hours of college credit prior to Fall 1989; * You are blind/deaf and have at least 3 hours of college credit prior to Fall 1995; * You enroll in certain certificate programs; * You have a baccalaureate or higher degree; * You have ACT/SAT or TAAS scores which meet state standards for an exemption; * You enroll as a transient student from an out-of-state or private institution; * You are not seeking a degree and are an international student; * The Texas Higher Education Coordinating Board has certified you as being dyslexic or having a related disorder or as having a math disorder. If you seek this exemption, you must check with the college TASP Coordinator to ascertain what documentation must be submitted to the Texas Higher Education Coordinating Board as only that agency may grant such an exemption; * You are an out-of-state student enrolled in official distance education courses; * You transfer into the DCCCD from a private or out-of-state college or university with a transcript showing a grade of "A" or "B" in a course that the DCCCD believes is equivalent to a course on the "B or Better" list (See #5 in previous section, Meeting TASP Requirements.) * You are a self-declared casual, enrichment or non-degree-seeking student. You must be tested on TASP, QuickTASP or the DCCCD Alternate Assessment, but you do not have to participate in remediation. You must sign a form, available in the Admissions Office, Registrar's Office or Advisement Office each semester you are enrolled. You will be restricted from enrolling in certain courses until TASP requirements for such courses have been met, and you will not be awarded a certificate or degree. * All other students are subject to TASP requirements.

When Tests Are Administered

The DCCCD Alternate Assessment and QuickTASP are offered at each DCCCD Assessment/Testing Center throughout the year at various times. Please contact your DCCCD college Assessment/Testing Center for specific information regarding DCCCD Alternate Assessment and QuickTASP test administration procedures. The TASP test is administered statewide at least six times a year. You must register on forms available in the college Assessment/Testing Center in order to take the TASP test. The on-time registration fee for TASP and QuickTASP is $29. A TASP study guide is available for purchase.

Transferring Assessment Scores

If you take the DCCCD Alternate Assessment and later transfer to another Texas public college or university, the receiving institution will honor your scores. If you transfer from another Texas public college or university to the DCCCD, the DCCCD will honor your state-approved alternate assessment scores.

TASP Assistance

Additional TASP information can be found at the Texas Higher Education Coordinating Board’s website:

www.thecb.state.tx.us

And remember... TASP rules are always subject to change.
For the latest TASP information, see the "official" DCCCD catalog at
http://www.dcccd.edu
Tuition

Tuition is based on the number of credit hours for which you enroll and your place of legal residence. Tuition is subject to change without notice from the Board of Trustees or the Texas Legislature.

Tuition Installment Pay Plan (TIPP)

A law passed by the Texas State Legislature permits students registering at community colleges to pay tuition and fees in installments. If you wish to pay your tuition and fees in installments, you must initiate an installment plan before the first class day. One-half of the payment is required in advance of the official institutional first day of classes; one-quarter is due prior to the start of the sixth class week; and the final one-quarter payment must be made prior to the eleventh class week. Promissory notes must be signed at the time the first payment is made. Late fees will be assessed for late installments.

If courses are dropped, the refund, if any, will be applied to the balance of the installment plan. If courses are dropped and no refund is due, the balance of the installment plan must still be paid in full. Course credit may be denied if you have not made payment in full by the end of the semester. Tuition Installment pay plans are allowed only during the fall and spring semesters and do not apply to flexible entry courses. A $15 fee is charged to all TIPP participants. This fee must be paid at the time the installment plan is initiated and is non-refundable.

HOPE and Lifetime Learning Tax Credits

The HOPE tax credit, based upon federal law, is available for eligible taxpayers enrolling in the first two years of post-secondary education. You must be enrolled at least half-time in a degree, certificate, or other program leading to a recognized educational credential. This tax credit applies only to qualified tuition and fee expenses paid for enrollment during the tax year in question.

The Lifetime Learning tax credit is available for eligible taxpayers who are college juniors, seniors, graduate students, adults returning to college and students enrolled less than half time. This tax credit applies only to qualified tuition and fee expenses paid for enrollment during the tax year in question.

For additional information on the two tax credits, contact the local Internal Revenue Service office, your tax preparer, or visit: www.dcccd.edu. You will receive a 1098-T by February 1, 2001, for qualified tuition and fees paid during the 2000 tax year and by February 1, 2002 for qualified tuition and fees paid during the 2001 tax year. When you receive your 1098-T, if any information appears incorrect, please call the DCCCD hotline at 972-880-7480 for assistance.

Reciprocal Tuition Agreement

Technical courses from the following Associate in Applied Sciences Degrees offered by the DCCCD may be taken by Tarrant County residents at in-county tuition rates:

In addition, residents of Collin, Cooke, Denton, Ellis, Grayson, Hill, Tarrant and Weatherford counties may take the Construction Technology program at Dallas County tuition rates.

Tuition Rebate Program

The State has established a tuition rebate program for students who graduate with a baccalaureate degree from a Texas public university. If you graduate with a baccalaureate degree from a Texas public university, you may qualify to receive a total of $1,000 from the baccalaureate-granting institution if you meet the following criteria:

- You must have enrolled in a Texas public institution of higher education in Fall 1997 or thereafter;
- You must have been a resident of Texas and entitled to pay in-state tuition at all times while pursuing the degree;
- You must have received a baccalaureate degree from a Texas public university; and
- You must have attempted no more than three hours in excess of the minimum number of semester hours required to complete the degree under the catalog under which you graduated. Hours attempted include transfer credits, course credits earned exclusively by examination, courses that are dropped after the official census date, and for-credit developmental/remedial courses.

Texas public universities are required to provide students with appropriate forms and instructions regarding this program. Please note this rebate applies only to baccalaureate degrees. Therefore, according to state law, the DCCCD cannot offer such a rebate.

Refund Policy

Tuition and fees provide only a fraction of the cost of offering educational opportunities in the DCCCD. When you enroll in a class, you reserve a place that cannot be made available to another student until you officially drop the class. Therefore, a refund is made only under the following conditions:

- Official withdrawal (See Official Withdrawal in this section.)
- If extenuating circumstances exist, you may appeal to the College's Refund Petitions Committee for a greater refund.

Submit a refund petition, accompanied by an explanation of any extenuating circumstances, to the College's Refund Petitions Committee. If the committee approves the petition, you will be notified and receive a refund of tuition and fees accordingly.

Requests for refunds will not be accepted after the end of the semester or summer session for which the refund is sought. Cash refunds are not issued. Refund checks are mailed to you at the address on file in the Admissions/Registrar's Office. If you originally paid by credit card, the refund will be applied back to the same credit card.

Refunds for withdrawal from flexible entry courses will be prorated based on the number of weeks the course spans.

NOTE:
Refund checks normally require a minimum of one month from the date of approval for processing.

The Academic Calendar, located in this catalog and also in the College's Class Schedule, specifies the last day for withdrawal with refund for regular semester-length courses.
Official Withdrawal

If you officially withdraw from all or a portion of your class load, your tuition and mandatory fees will be refunded according to the following schedule:

**Fall and Spring Semesters (based on a 16-week semester)**
- Prior to the first class day of the semester: 100%
- During the first 15 class days of the semester: 70%
- During the 16th through 20th class days of the semester: 25%
- After the 20th class day of the semester: NONE

**Summer Semesters (based on a 5-week semester)**
- Prior to the first class day of the semester: 100%
- During the first five class days of the semester: 70%
- During the sixth class day of the semester: 25%
- After the sixth class day of the semester: NONE

* Your registration fee is non-refundable.

The first class day will be considered as the officially published date when the semester begins. The first class day means the first day all classes begin for the semester, not the first day your class is scheduled to meet. No refunds are issued after the last class day of each semester.

Refunds are calculated based upon net charges for hours dropped and added if occurring prior to the official reporting date.

Federal law requires that the college refund unearned tuition and fees to all students receiving financial aid who have not completed 60% of the enrollment period for which they have been charged.

The calculated refund will be returned to the federal funds in the following order:
1. Federal Family Educational Loan Programs
2. Federal Direct Loan Programs
3. Federal Pell Grant Program
4. Federal SEOG Program
5. Other Title IV programs
6. Student

For additional information about this pro-rata refund, contact the Financial Aid Office.

Separate refund schedules may be established for incidental fees such as intercollegiate athletics, cultural entertainment, parking, etc.

Tuition and fees paid directly to the institution by a sponsor, donor, employer or scholarship shall be refunded based on the terms stipulated by the funding source.

Returned Checks

When the Business Office receives returned checks, it notifies students in writing. You must pay the amount of the check plus a check fee with cash or a cashier's check within the time limits prescribed by the notification letter you receive. (A returned check fee of $20 will be charged for each returned item except in the case of bank error.) If the bank for any reason returns a check for tuition, the college Business Office may submit the check to the justice of the peace for appropriate legal action and collection. The vice president of Student Development may also implement disciplinary procedures. You may be dropped from courses if your check(s) are returned. Additionally, you may be blocked from further enrollment until all costs are paid.

Fees

Additional fees may be assessed as new programs are developed with special laboratory costs. These fees will always be kept to a practical minimum. A graduation fee is not assessed, but each student must pay for cap and gown rental.

**Special Fees and Charges**

Mandatory fees shall include, but not be limited to, registration fee, laboratory fees and private lesson fees.

**Registration Fee**: A $5 non-refundable registration fee will be assessed each semester.

**Laboratory Fee**: $4 to $24 a semester.

**Class Fee**: This fee covers variable special costs of a course not otherwise defined as “laboratory fee.” Rental costs of specialized equipment, cost of class-specific software and off-campus facilities (i.e. bowling lane rental costs) are examples of class fees.

**Private Music Lesson Fee**: $45 for one hour per week for one course, $25 for one-half hour per week.

**Audit Fee**: The charge for auditing a course is the same as if the course were taken for credit.

**Credit by Examination**: A fee will be charged for each examination. This fee can change without prior notice.

A distance learning fee of $55 per credit hour, a minimum of $165 for a 3-credit-hour course, shall be charged only to out-of-state students who receive all services remotely through the District's "Virtual College." This fee may be adjusted, depending on contracted services with distance learning partners.

The following definitions are brief guidelines only; please discuss any questions regarding proper tuition classification with admissions office personnel.

## SPECIAL FEES AND CHARGES

The Chancellor shall be authorized to set the fees and charges for specialized services and programs provided by the District colleges. Other special fees may be assessed as new services or programs are developed with special laboratory costs. These fees will be kept to a basic, practical minimum for the program or service involved.

### SEMESTER TUITION

Tuition for all semesters is as follows:

1. **Dallas County Residents** $23.00 per credit unit or a minimum of $25.00
2. **Out-of-District Residents** $43.00 per credit unit or a minimum of $43.00
3. **Out-of-State Residents** $73.00 per credit unit; minimum of $200.00
4. **Out-of-Country Residents** $73.00 per credit unit; minimum of $200.00

The charge for auditing a course is the same as taking the course for credit.

**Effective Date:** Spring Semester, 2000

Provided they established legal residence in the State of Texas, a student's county of residence is the county in which their legal guardian resides, if they are under 18 years of age. Students 18 years of age and older are deemed to be residents of the county in which they reside.

"Out-of-State Residents" are defined as students of less than 18 years of age, living away from their family and whose family resides in another state or whose family has not resided in Texas for twelve months immediately preceding the date of registration; or students 18 years of age or older who have not been residents of the state twelve months subsequent to their 18th birthdays or for the twelve months immediately preceding the date of registration.

The description of resident and non-resident status contained above are generally applicable, but the determination of residence status for tuition purposes is specifically governed by the provisions of V.T.C.A. Education Code, Section 54.052, the rules and regulations of the Coordinating Board, Texas College and University System, and judicial and/or administrative interpretations thereof. In the event of conflict between the above-noted descriptions and the latter authorities, the latter shall govern.

A foreign national on any other than a permanent resident visa must pay out-of-country tuition and fees.

The tuition schedule above is subject to change without notice by action of the District Board of Trustees or the State of Texas.

By law (TEC: section 4, subchapter B, chapter 54; sec. 54.0621, 1985), the STATE OF TEXAS requires that the OATH OF RESIDENCY be signed.

The law states that if the institution later determines that the individual was not entitled to be classified as a resident at the time of the individual's registration, the individual shall pay to the institution the amount the individual should have paid as a non-resident. If the individual fails to make a timely payment as required, the individual is not entitled to receive a transcript or to receive credit for courses taken during the time the individual was falsely registered as a resident student.

THE OATH OF RESIDENCY IS NOT ACCEPTABLE IN LIEU OF DOCUMENTARY EVIDENCE.

Pursuant to the authorization contained in the Education Code, Section 130.0032, the Board authorizes a person who resides outside the District, but is a state resident and who owns property subject to ad valorem taxation by the District, or a dependent of the person, to pay tuition at the rate that applies to a student who resides in the District.

An individual who has come from outside the state of Texas and registered with a college before having resided in the state for a 12-month period immediately preceding the date of registration and his or her dependents are entitled to pay the tuition and other fees required of Texas residents if the individual has located in Texas as an employee of a business or organization that became established in this state as part of the state's economic development and diversification program authorized by the constitution and laws of the this state and if the individual files with the college a letter of intent to establish residency in Texas.

28
On October 7, 1998, the President of the United States signed reauthorization of the Higher Education Act of 1965 into law. This legislation provides financial aid to eligible students.

Financial aid is available to help those students who, without such aid, would be unable to attend college. You, the student, your parents and/or spouse are primarily responsible for paying the cost of your education. However, financial aid can remove the barriers for you if you cannot afford the cost of college, or it can help you afford college if you can only afford to pay part of the cost.

Follow these steps:

1. Complete an Application for Admission, located in the back of this catalog. Applications are also available from any DCCCD Admissions Office and on the Internet at www.dcccd.edu.

2. Complete the Free Application for Federal Student Assistance (FAFSA). This is the standard form used to provide an analysis of the financial need. It may be obtained from a high school counselor, from any DCCCD Financial Aid Office or on the Internet at www.FAFSA.ed.gov.

   For faster service, we recommend your completing the FAFSA online. The Department of Education offers this automated application service, which provides immediate assistance if you make any errors that could otherwise cause your application to be rejected.

   The online FAFSA is designed with clear instructions on completing the form as well as easy-to-use pop-up menus. If you complete a paper FAFSA, you must mail it to the address indicated on the application.

   You should allow six weeks for processing. You should mail it at least two months before the priority deadline for the semester for which you are applying. See Priority Processing Dates in the next section.

   The Department of Education will randomly select some applicants and require that information reported on the FAFSA be verified for accuracy. If your application is one that is selected, you will be required to provide additional documents before financial assistance can be awarded.

   The Department of Education matches data such as: the Selective Service, Immigration and Naturalization Service (INS) and the National Student Loan Data System. If the match with INS has not confirmed your noncitizen eligibility, the College must submit the copy of your document to INS so the confirmation can be completed. Additionally, the social security number of each federal assistance applicant will be verified by the Federal Social Security Administration. If the number you list does not match the records of the Federal Social Security Administration, the application will be returned to you unprocessed.

   If you have attended other colleges, universities, vocational or trade schools, a Financial Aid Transcript may be required from each previous institution, even if no aid was received from a previous school.

   If you were born after December 31, 1960, and are required under the Military Selective Service Act to register for the draft, you must do so before financial aid can be approved.

   The online FAFSA is designed with clear instructions on completing the form as well as easy-to-use pop-up menus. If you complete a paper FAFSA, you must mail it to the address indicated on the application.

   The online FAFSA is designed with clear instructions on completing the form as well as easy-to-use pop-up menus. If you complete a paper FAFSA, you must mail it to the address indicated on the application.

   You should allow six weeks for processing. You should mail it at least two months before the priority deadline for the semester for which you are applying. See Priority Processing Dates in the next section.

   The Department of Education will randomly select some applicants and require that information reported on the FAFSA be verified for accuracy. If your application is one that is selected, you will be required to provide additional documents before financial assistance can be awarded.

   The Department of Education matches data such as: the Selective Service, Immigration and Naturalization Service (INS) and the National Student Loan Data System. If the match with INS has not confirmed your noncitizen eligibility, the College must submit the copy of your document to INS so the confirmation can be completed. Additionally, the social security number of each federal assistance applicant will be verified by the Federal Social Security Administration. If the number you list does not match the records of the Federal Social Security Administration, the application will be returned to you unprocessed.

   If you have attended other colleges, universities, vocational or trade schools, a Financial Aid Transcript may be required from each previous institution, even if no aid was received from a previous school.

   If you were born after December 31, 1960, and are required under the Military Selective Service Act to register for the draft, you must do so before financial aid can be approved.
Grants

Federal Pell Grants

The Federal Pell Grant is a federally funded program designed to help undergraduate pre-baccalaureate students continue their education. The purpose of this program is to provide eligible students with a foundation of financial aid to assist with the cost of attending college.

All students applying for financial assistance through the College must apply for a Federal Pell Grant. This is done through the FAFSA application. See How to Apply at the beginning of this section. Other types of financial aid may be awarded if you apply and qualify. Eligibility for a Federal Pell Grant is based on financial need and satisfactory academic progress. The application process takes approximately six to eight weeks. In response to the Federal Pell Grant application, the Department of Education will provide a Student Aid Report (SAR) to you. You should immediately review the SAR to make sure it is correct. The exact amount of the Federal Pell Grant award will depend upon the Estimated Family Contribution (EFC) on the SAR and the number of hours for which you enroll.

Federal Supplemental Educational Opportunity Grant (SEOG)

The Federal SEOG program provides assistance for eligible undergraduate students who show exceptional financial need and are making satisfactory academic progress toward their educational goal. The actual amount of the grant will vary depending on the availability of funds at the college, your family financial condition, and other financial aid you are receiving. Priority is given to students receiving the Federal Pell Grant who have very limited Estimated Family Contribution (EFC).

Texas Public Educational-State Student Incentive Grant (TPE-SSIG)

The TPE-SSIG Program is a state grant that is matched with federal funds to provide financial assistance to needy students attending Texas public colleges. To qualify, you must make satisfactory academic progress toward your educational goal and have financial need. The actual amount of the grant award will depend on the availability of funds and the degree of financial need. Grants are awarded on a first-come, first-served basis. You must apply each academic year for the TPE-SSIG.

Toward Excellence, Access & Success (TExAS) Grant Program

The TExAS Grant program is a state grant that provides financial assistance to needy students attending Texas public colleges. To qualify, you must make satisfactory academic progress toward your educational goal and have financial need. You must have graduated from a public or accredited private high school in Texas no earlier than Fall 1998, with the recommended or advanced high school curriculum or its equivalent. You must enroll in at least nine hours and must not have been convicted of a felony or a crime involving a controlled substance. The award amount will be based on the statewide average tuition and fees for Texas community colleges.

Scholarships

DCCCD Foundation Scholarships

The DCCCD Foundation provides a scholarship program for students who attend DCCCD colleges. These funds are made available through the colleges to eligible students who also meet additional criteria of the scholarship funds. Information and application forms are available in the Financial Aid Office of each college.

Rising Star Scholarship Program

The Dallas County Community College District and its Foundation believe that cost shouldn’t stop anyone from getting a college education. The Rising Star Program guarantees a FREE college education to graduating seniors from Dallas County Public High Schools who are in the top 40% of their class or who have at least a "B" average and who qualify for financial assistance. It provides a full two-year college education—worth $2,200, including tuition, fees and books—at El Centro or any of the Dallas County Community Colleges. Contact: Fela Alfaro, Dean of Students, 214-860-2119 or check out the website at www.dcccd.foundation.edu.
Miscellaneous Scholarships

Several DCCCD colleges have a limited number of scholarships available as a result of gifts from individuals, private industry and community organizations. Generally, the eligibility criteria are the same as noted for the DCCCD Foundation Scholarships, and application forms are available in the Financial Aid Offices at each college.

Loans

Federal Stafford Loans

The Department of Education provides loans from private commercial lending agencies such as banks, savings and loan associations, credit unions and insurance companies. To be eligible, you must demonstrate financial need, make satisfactory academic progress toward your educational goal, be enrolled for at least six credit hours and attend a loan entrance counseling session.

The interest rate is variable with a maximum of 9%. Borrowers do not pay interest until six months after ceasing at least half-time enrollment. The U.S. Dept. of Education pays the interest during the time you are enrolled and during the grace period of six months following enrollment. Repayment begins six months after you leave school or drop below half-time enrollment. Lenders will charge a loan origination fee on each loan in addition to the insurance premium charged on the loan. These charges will be deducted from the proceeds of the loan.

Due to high default rates, some colleges delay certification of loans and checks arrive mid-semester.

Federal Unsubsidized Stafford Loans

The Federal Unsubsidized Stafford Loan is available for all students regardless of income. Interest payments begin the day the loan is disbursed, and you are responsible for interest accrued during in-school and deferment periods. Repayment of principle begins six months after you drop below half-time enrollment.

Federal Stafford Loan Sample Repayment Schedule

The chart below shows estimated monthly payments and total interest charges for 9% loans of varying amounts, with typical repayment periods. Remember that 9% is the highest interest rate can be. Your rate may be lower.

Federal Parent Loan for Undergraduate Students (FPLUS)

Under the Federal Parent Loan for Undergraduate Students, parents may borrow up to the cost of education, less other aid, per year for each dependent undergraduate student. The interest rate is variable with a cap of 10%. Repayment of principle and interest begins within 60 days after disbursement of the loan. The parent's credit rating will be checked to determine eligibility, and disbursement checks will be made co-payable to the parent and the institution.

Hinson-Hazlewood College Student Loan Program (HHCSLP)

The Hinson-Hazlewood Loan is a state-funded Federal Stafford Student Loan Program for students who are attending Texas colleges and are eligible to pay Texas resident tuition rates. All Hinson-Hazlewood Loan applicants must demonstrate financial need before a loan can be approved. The loan limit is $2,625 for the first year and $3,500 for the second year of undergraduate study and a maximum of $23,000 for all years of undergraduate study. The actual loan amount may be limited to less than this depending on the cost of attendance, other financial aid, and the family's financial condition.

A loan origination fee and a life insurance premium for you will be taken from the total amount of each loan. You pay no interest or payments while enrolled half time or during the six-month grace period. The interest rate will be variable and will be disclosed by the Texas Higher Education Coordinating Board at the time of disbursement. The minimum payment will be $50 per month over a 5- to 10-year period, depending on the total amount borrowed. Participation in this loan program is on an individual college basis.

Emergency Short-Term Loans

DCCCD colleges have limited short-term loan funds available that have been established by individuals and organizations, including the DCCCD Foundation, to meet emergency needs of students. Loans are usually limited in amount and bear no interest. These loans must be repaid within 60 days of the date of the loan, or the end of the term, whichever date comes
first. A late fee of $10 and collection costs will be added for payments made after the due date. You must not have any outstanding debts with the DCCCD to receive these funds.

Employment

Federal Work-Study Program (FWSP)

If you demonstrate financial need and are making satisfactory academic progress toward your educational goal, you may be eligible to work part time under the Federal Work-Study Program. Most students work 15 to 20 hours per week. The amount you can earn in a school year is determined by the amount of your financial need and other aid awarded as part of your financial aid package. The majority of Federal Work-Study students are employed on campus; however, some off-campus community service positions are also available. You must apply each academic year for Federal Work-Study.

Student Assistants Employment Program (Non-Work Study)

The College also provides part-time, on-campus employment opportunities for students who do not demonstrate financial need. The wage rate and the average hours worked per week are the same as those for the Federal Work-Study Program.

Off-Campus Employment

The College Placement Office can help you find a job off campus. The wage rate varies with each job, and financial need is not a requirement of employment.

Tuition Exemption Programs

The State of Texas and DCCCD offer a number of exemptions from tuition and fee charges. These exemptions are often overlooked simply because of their unusual nature. They are not related to family income or financial need, nor do they require you to complete a regular financial aid application. The Texas Higher Education Coordinating Board (512) 427-6340 has information concerning tuition exemption programs and the criteria for eligibility. The exemptions are listed below:

- Veterans and Dependents (Hazlewood Act)
- Highest Ranking High School Graduate
- American (Other than US) Hemisphere Student
- Blind or Deaf Student
- Children of Disabled Fireman and Peace Officers
- Children of Prisoners of War or Persons Missing in Action
- Fire Fighters Enrolled in Fire Science Courses
- Foster Care Students
- Senior Citizens
- AFDC Students
- ROTC/National Guard Students
- Early High School Graduation

For information concerning tuition exemption programs and the criteria for eligibility, contact the Texas Higher Education Coordinating Board: (512)427-6340.

Vocational Rehabilitation

The Texas Rehabilitation Commission offers tuition and fees assistance to students who are vocationally challenged as a result of a physically or mentally disabling condition. This assistance is generally limited to students not receiving other types of aid. For information, contact the Texas Rehabilitation Commission, (817) 467-8400, FAX (817) 467-8449.

American Indian/Native American Students

The Bureau of Indian Affairs offers educational benefits to American Indian/Native American students. Contact the regional Bureau of Indian Affairs Office regarding eligibility.

Oklahoma Area Education Office
4149 Highline Blvd., Ste. 380
Oklahoma City, OK 73108
(405) 945-6051 or (405) 945-6052

Veteran’s Benefits Programs

The Veterans Affairs Office at the college coordinates veterans’ benefits programs. The Veterans Affairs Office function is to assist you with completing proper forms and coordinating the certification procedures for monthly benefits. Veterans Affairs staff may also counsel you concerning VA educational benefits, and if possible, assist you in enrolling, arrange tutoring services, administer the Veterans’ Work-Study Program on campus and provide assistance with other areas related to your general welfare.

Standards of Progress For Veterans

Acceptable scholastic performance is the maintenance of a grade point average, based on GPA (1), of 2.0 or better. If you earn a cumulative grade point average of less than 2.0, you will be placed on probation. Once on probation, failure to obtain a 2.0 grade point average will result in suspension of benefits. Once suspended, you must obtain a 2.0 cumulative grade point average to re-establish eligibility. You must receive academic advisement concerning your suspension and receive permission to enroll for classes from a suspension academic advisor. See Grades & Transcripts for an explanation of how grades are interpreted, how grade points are determined and how a grade point average is calculated.

Here’s A Tip:

Learn about all kinds of financial aid...
...Loans, scholarships and grants...
...Need-based & other types of financial aid.
And start your quest for aid as early as possible.
Guidelines For Veterans

As a veteran student, you should be aware of regulations enforced by the Department of Veterans Affairs:

- You may be required to pay back portions of the benefits received if you drop a course or in some other way receive a non-punitive "W" grade.
- If you withdraw from all courses attempted during a semester, and if the VA considers you to be making unsatisfactory progress, you may lose future benefits.
- If you plan to enroll in developmental courses, you must first take an assessment test at the College and determine a need in basic skills before enrolling in these courses.
- You can be certified for a TV class(es) without taking any other courses.
- You must enroll in courses required by your educational degree plan. You will not receive payment of benefits for courses not required by this plan. Violation of these regulations can cause complications in receiving monthly educational benefits or loss of those benefits.

The above VA regulations are subject to change without notice. You should contact the Veterans Affairs Office in order to be aware of current regulations and procedures. Questions concerning amounts of educational assistance for which you may be eligible and other finance-related questions should be referred to the Department of Veterans Affairs, Regional Office at 1 (800) 827-1000.

Hazlewood Act

Under the Hazlewood Act, certain Texas veterans who have exhausted remaining educational benefits from the Department of Veterans Affairs can attend Texas public colleges and have tuition and some fees waived. To be eligible, you must have been a resident of Texas at the time you entered the service, have an honorable discharge, be a Texas resident, be ineligible for federal financial aid grants and not be in default on any federal educational loans. Beginning Fall 1995, you may receive benefit under the Act for a maximum of 150 credit hours. Classes taken or attempted prior to Fall 1995 are not counted toward this limit. To apply, you must submit a copy of your discharge papers, a letter from the Department of Veterans Affairs stating ineligibility for VA educational benefits, a Hazlewood Act application, a bill for tuition and fees and proof that you are not eligible for federal financial aid grants.

In most instances, proof of ineligibility for federal financial aid grants will require the submission of a Student Aid Report. You must apply for financial aid in order to receive a Student Aid Report.

Women In Food And Hospitality

The Women in Food and Hospitality program is designed to increase the number of women in Careers in Food Service, Baking and Pastry and the Culinary Arts. It provides textbook lending services and reimbursement for supplies for women enrolled in the El Centro Food and Hospitality Institute. Contact, Beth Sonnier, Director, 214-860-2368.

Workforce Investment Act (WIA)

The Workforce Investment Act provides tuition, books, and transportation assistance to students referred by the Texas Workforce Commission. This program is primarily for individuals who have been laid off from a job. Contact the El Centro Counseling Center, 214-860-2084.

Standards of Progress for Financial Aid Students

Academic Progress Requirements

To comply with applicable laws and accreditation standards, the DCCCD has developed a policy describing satisfactory progress for both applicants and recipients of student financial aid.

The following Standards of Academic Progress are effective beginning with the Spring 2000 semester grades and are adopted according to federal mandates for the purpose of determining continuing student eligibility for financial aid. These Standards apply to all need-based financial assistance, unless the terms of a particular grant provide other standards.

Grade Point Average (GPA) Requirement

Continuing students applying for financial assistance must have a 2.0 cumulative GPA on all credit hours earned from DCCCD colleges prior to the semester for which aid is requested. Each fall and spring semester you must complete the minimum numbers of hours from those attempted with a 2.0 Cumulative GPA. The following chart states the minimums that you must meet if you receive financial aid:

<table>
<thead>
<tr>
<th>Semester Requirements</th>
<th>Cumulative GPA (CGPA) Requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hours Attempted</td>
<td>Hours Required to Complete with a Passing Grade</td>
</tr>
<tr>
<td>12 or more</td>
<td>9</td>
</tr>
<tr>
<td>6 to 11</td>
<td>6</td>
</tr>
<tr>
<td>5 or less</td>
<td>All</td>
</tr>
</tbody>
</table>
Failure to Meet the Standards of Academic Progress

In these provisions, probation or suspension refers only to financial aid probation or suspension.

1. Following the first semester in which the above standards of academic progress are not met, you will be placed on probation for the next semester of funding.

2. You may be allowed to receive financial aid funds while on probation, but you must complete the subsequent term by meeting all of the minimum requirements at the close of that term.

3. If you fail to meet the Standards of Academic Progress during the semester of attendance while on probation, you will be placed on suspension and denied further funding for one semester. You will be responsible for paying for tuition, and any related institutional charges already applied to your account, including, but limited to, any financial aid checks already released to you.

4. During the suspension period, you must enroll at a DCCCD college for a minimum of six (6) credit hours during a fall or spring semester, pay the expenses related to that enrollment and complete all courses attempted with a GPA of 2.0 or better.

5. If you have been reinstated from any suspension status, you may continue only on a probationary status for at least one term, regardless of your CGPA at the time of reinstatement.

6. If you are placed on probation or suspension, you will be notified in writing of your status at the end of the semester.

7. If you fail to meet Satisfactory Progress results in a third suspension from Financial Aid, no additional aid will be awarded.

Appeal Process

If you have been denied financial aid because of a failure to meet any of the criteria of the standards, you may petition the Director of Financial Aid to consider any mitigating circumstances. Your appeal must be in writing, and supporting documentation regarding special circumstances must be provided. If the Director denies a reinstatement of aid, you may appeal the Director's decision by following the same procedure of written appeal to the appropriate Vice President overseeing the Financial Aid Office.

Maximum Time Allowed for Completion of Educational Objectives

If you receive financial aid, you will have a maximum of 90 attempted hours to complete your educational requirements of 90 credit hours.

Additional Information

- Financial Aid will not be provided for:
  - Courses taken by audit;
  - Credit hours earned by placement tests;
  - Non-credit coursework;
  - Any course registered for the Fall 2001 term after September 1, 2001 and any course registered for the Spring 2002 term after January 19, 2002 (i.e., flex entry, fast track, mini term courses);
  - Transfer students attending for summer only.

  Grades of "W," "WX," "E" or "I" will be counted toward hours attempted but will not be treated as completed coursework.

  For the purpose of financial aid eligibility only, a course resulting in a grade of "F" will be counted toward hours attempted but will not be considered a completed course. When calculating the financial aid cumulative grade point average (CGPA), the value of the "F" will be equal to "0." Thus, it will negatively affect the financial aid CGPA.

  Developmental remedial coursework may receive funding up to a maximum of 27 credit hours according to federal regulations.

  Many support services are available at each DCCCD college to help you achieve academic success. The services include counseling, testing, tutoring, health services, placement, the Career Development Center and the Learning Resource Center. Information on such services is available at www.dcccd.edu and at each college.

If you withdraw from all of your fall classes before October 30, 2001, or spring classes before March 31, 2002, you will be required to repay a portion of your federal grants.

Financial Aid & Distance Learning

Dallas TeleCollege makes DCCCD college courses available in a variety of distance learning formats. See Distance Learning elsewhere in this catalog. Creative financial aid options are available to students who choose distance education.

If you wish to receive federal aid for distance education classes, the classes must be associated with an Associate's Degree program. Other distance education classes are considered to be under the umbrella of continuing education; if you are eligible, state aid may be awarded for such classes.

In most cases, federal and state aid is awarded similarly for traditional on-campus and distance education classes. However, you should be careful to adhere to the rules and regulations that apply to distance education where financial aid is concerned. See http://telecollege.dcccd.edu for more information regarding distance education and financial aid.

A DALLAS TeleCollege Financial Aid Advisor is available to all DALLAS TeleCollege students at the Dallas TeleCollege homepage, http://telecollege.dcccd.edu. The site also contains a rich resource of web-based information regarding financial aid, including links to the online FAFSA (Free Application for Federal Student Aid) and other web-based resources. Contact the DALLAS TeleCollege Financial Aid Advisor if you are a student receiving financial aid and you are interested in DALLAS TeleCollege courses.
Registration

How to Register

When you are admitted, you will receive notification about when you can register for classes. Class schedules made available each semester and summer session outline the courses that are planned. As students register, some class sections reach capacity, making them unavailable to more students. You may select classes available at the time you register.

Registration for specific courses takes place throughout the academic year. Refer Flexible Entry Courses in this section and/or contact the Registrar's Office for additional information.

Follow these steps:
1. After receiving notification that your Application for Admission has been accepted, ask the College's Admissions Office staff what assessment steps are required for you.
2. Obtain a schedule for the semester or summer session for which you are enrolling. Schedules are available at the College and online at www.dcccd.edu.
3. Meet with an advisor to determine the courses you wish to take. Refer to Recommended Academic Load in this section.
4. Register for classes.

Assessment Procedures

Our assessment services evaluate your readiness for certain college courses and determine whether you are likely to be successful in those courses. The college offers an assessment and advisement program for entering students that is a required part of the enrollment process.

The assessment program is comprised of several parts. You complete a questionnaire that documents information about your career and work plans, previous academic achievement and other relevant information. Your basic skills in reading, writing and mathematics are also assessed; this information may come from ACT, SAT, previous college-level work or from scores on the standardized tests administered at the college. If you have taken TASP, you will also need your TASP scores. You should have official copies of TASP, ACT, RSAT or SAT scores and transcripts mailed to the Admissions Office or make them available when you apply for admission. It is your responsibility as a student to have these available when you enroll.

Counseling & Advisement Services

The College offers valuable resources in the Counseling/Advisement Center to help you plan each semester of study.

Our counselors and academic advisors can assist you in selecting courses of study, determining transferability of courses, choosing or changing careers, gaining independence and confronting problems of daily living. Counseling and advising staff provide assistance in the following areas:

- Career counseling to explore possible vocational directions, occupational information and self appraisal of interest, personality and abilities.
- Academic advisement to develop and clarify educational plans and make appropriate course choices.
- Confidential counseling sessions to assist you in managing the academic environment and dealing with issues that may hinder success.
- Small group discussions led by counselors focusing on such areas as interpersonal relationships, test anxiety and assertiveness. Counselors will consider forming any type of group for which there is a demand.
• Crisis intervention and referral sources to provide in-depth assistance for such matters as legal concerns, financial aid, tutoring, job placement, medical problems or emotional problems.

Among the Counseling/Advisement Center's resources are computerized transfer guides, a large collection of senior institution catalogs and bulletins, senior college admission application forms and other specialized brochures and information.

You can also take advantage of several computer resources, such as DISCOVER, GIS and SIGI. These simple computer programs are designed to help you clarify goals, identify career and occupational interests and research information about senior institutions.

The college also plans events especially for transfer students. These activities include College Days (where officials from senior institutions visit on campus to talk directly with you), special transfer workshops and seminars and events designed to assist students in making career decisions. Many other materials are available to help you if you plan to transfer, including Transfer Guides and Course-by-Course Equivalency Guides.

Flexible Entry Courses

In keeping with its commitment to meet individual educational needs, the College offers flexible entry courses. These courses are often self-paced, allowing you to work at your own speed. You should be aware of the time specified by the college that course requirements need to be completed. You should check with the Registrar to determine times for registration in these courses. You must obtain approval to enroll in these courses.

Recommended Academic Load

The maximum academic load is 18 credit hours of course work per semester or five classes plus physical education. You must receive permission from the appropriate college official to carry a heavier load. If you are employed and carrying a full load (12 credit hours or more), you should not work more than 20 hours per week. If you work more than 20 hours, you should reduce your academic load proportionately. The recommended load limit for day or evening students who are employed full-time is six credit hours. The recommended load limit in a six-week summer session is six credit hours. A maximum number of hours can be taken during the summer. Contact your campus registrar for specific information.

Change of Schedule

You should pay close attention to the days and meeting times for your classes. If you must request a class change, contact the Registrar's Office during the time specified in the current Class Schedule. No change is complete until it has been appropriately processed through the registration system.

---

Classification of Students

Freshman:
A student who has completed fewer than 30 credit hours.

Sophomore:
A student who has completed 30 or more credit hours.

Part-time:
A student carrying fewer than 12 credit hours in a fall or spring semester.

Full-time:
A student carrying 12 or more credit hours in a fall or spring semester.
Student Programs and Resources

Recent research in higher education indicates that for many students involvement is an important contributor to academic success. That's why the DCCCD's Student Programs and Resources (SPAR) staff plans activities to encourage your involvement in campus life.

SPAR staff plans and presents a variety of programs and activities for students and the surrounding community. These programs include lectures, art gallery activities and performance events. Programs often are coordinated with the various instructional divisions to provide you with valuable educational experiences. Leadership conferences, retreats, diversity training and service learning programs offer you opportunities to develop skills that enrich your quality of life.

The DCCCD invites you to take an active role in your college experience. You have many opportunities to become involved in the decision-making processes for the college. You may want to join a student club, participate in student government/ambassador activities, or serve on one of several committees engaging in real decision making for the college.

Depending on the college you attend, you may be involved regularly in decisions regarding:

- Improvements for an aspect of the college (facilities, services provided, instruction, etc.);
- Programming speakers and special events offered to the student body;
- Student disciplinary hearings;
- Conducting (or completing) surveys and questionnaires designed to gather information about your college experiences; and
- The selection process of new College administration.

Adult Resource Center

The Adult Resource Center is often the office where students come for assistance when there is no where else to turn. The Adult Resource Center has an emergency loan fund (which fluctuates depending on usage) and refers students to community agencies for assistance with food, clothing, health care, child support and other concerns. The center also offers several special programs:

Assessment/Testing Center

The Assessment/Testing Center offers a variety of testing services that meet the needs of students, staff and the community. Assessment/Testing Centers provide these services:

- Academic testing (instructor's tests, make-up exams, self-paced exams and distance education testing)
- Assessment testing (approved alternate TASP testing that meets both TASP and placement requirements)
- Computer Assisted Assessment using Accuplace software
- Standardized exams (national and state exam programs such as: TASP, ACT, SAT, CLEP, GED, etc.)
- Psychometric Testing* (assessment of personality, vocational interests, aptitude, etc.); you must be referred by a counselor or faculty member for psychometric testing.

Before taking a test in the one of the Assessment/Testing Centers, you must provide photo identification. Some centers may also require a student identification card. There is a charge for some test services. For additional information, please contact the college's Assessment/Testing Center.

The Student Code of Conduct provisions regarding disruptive behavior and/or academic dishonesty apply equally to Assessment/Testing Centers and classrooms. Irregularities will be referred to the proper authorities for disciplinary action. See the Student Code of Conduct.

Career Planning and Job Placement Services

The DCCCD provides career planning and job placement services free of charge to DCCCD students, alumni, former students and those in the process of enrolling. Although services may vary among
DCCCD colleges, most Career Planning and Job Placement Centers provide opportunities for you to learn job search skills, such as how to establish employment contacts, complete an application, write a resume and cover letter, and interview for a job. In addition, some Career Planning and Job Placement Centers offer services such as career testing and computerized career guidance programs to assist you with choosing a college major and making career decisions.

Job listing services are provided at each college, and all DCCCD colleges and the Bill J. Priest Institute for Economic Development participate in an Internet-based job listing service that contains full- and part-time opportunities in the Metroplex. All Career Planning and Job Placement Offices strictly adhere to EEO guidelines. Employers posting job openings with DCCCD Job Placement Services must be EEO employers. All services are free of charge to you.

Human Resources Office

The Mission of El Centro Human Resources is to recruit, develop, and retain a quality and diverse workgroup and become an effective strategic partner and change agent. We are committed to providing quality human resource services needed to support faculty, administrators, professional support staff, and student workers. We provide a variety of human resources services, including employment, compensation, payroll processing, benefits, employee relations, and training and development. Contact: Robert Garcia, Director, 214-860-2064.

Disability Services/Special Services Offices

The Disability Services/Special Services Offices offer a variety of support services to enable students with disabilities and/or special needs to participate in the full range of college experiences. Services are coordinated to fit your individual needs and may include sign language interpreting, note-taking, tutoring, mobility assistance, reading/audio taping and loan of specialized equipment such as audio tape recorders, talking calculators, raised-line drawing kits and large print materials. Academic and career advisement services, testing accommodations, registration assistance and extensive information and referral services are also available.

If you are a student with disabilities and/or special needs, and you wish to request accommodations, you are responsible for documenting your needs and initiating a request at the Disability Services/Special Services Offices, preferably one month prior to registration. Orientation and registration information will be provided.

Students with disabilities attending any DCCCD college have a right to appeal decisions concerning physical and academic accommodations by submitting a written petition to the College's designated Americans with Disabilities Act (ADA) Compliance Officer.

For additional information, contact the Disability Services/Special Services Offices at the college you plan to attend.

Mascot

The El Centro College Mascot is the Chaparral, commonly known in the Southwest as the "roadrunner". The Chaparral is known especially for its speed in darting across roads. (This quality may be desirable to reach our urban campus!) Look for the Chaparral as a symbol representing student success at El Centro.

Health Services & Insurance

The Health Center is a multi-purpose facility that promotes health, wellness and preventive care for the college community. Registered nurses coordinate and provide the health services, which include:
- First aid for accident, injury or illness;
- Health information and brochures;
- Some over-the-counter (non-prescription) medicines such as Tylenol, aspirin and antacids;
- Referral information for community health services;
- Selected health education and screening programs;
- Confidential health counseling; and
- A rest area.

Health services are available to current students and staff. You do not need to be sick to come to the Health Center. Health questions and
concerns are welcome. Students with chronic health problems should visit the Health Center to discuss any special concerns with the nurse before attending classes or whenever problems arise. No information about your health will be released without your written permission unless it is required by law.

We recommend that all prospective students have adequate immunization for diphtheria, rubella, rubella, mumps, tetanus and poliomyelitis (See the Texas Department of Health's Recommended Adult Immunization Schedule.)

Optional student health insurance, with optional coverage for spouse and children, is available through an outside vendor. This limited coverage policy is administered by an insurance company for a relatively inexpensive fee.

Housing
The College does not operate dormitories of any kind nor maintain listings of available housing for students. If you do not reside in the area, you must make your own arrangements for housing.

Library
The DCCCD libraries orient students to the information environment. They introduce you to the tools you need to navigate an increasingly complex world of information resources. Each library provides orientation classes to teach you how to access information that will benefit you as you pursue your academic goals.

Each college library has an information center where you can receive assistance in locating print and non-print materials, electronic full-text resources, the Internet and database services to supplement classroom and distance learning. Electronic resources are available to you both on-campus and off-campus. Each library has a growing collection of books and journals on a variety of subject areas to support academic transfer programs and technical/occupational programs. Other resources provided may include slides, tapes, compact discs, computer software, videotapes, films and digital video disks. In addition, special collections of career materials, pamphlets, popular and technical periodicals and newspapers are available to you.

Willful damage to library materials (or property) or actions disturbing other library users may lead to your losing library privileges. Damage cases are referred to the appropriate authorities for further action. All books and other library materials must be returned before the end of each semester. No transcript may be issued until your library record is cleared.

Ombudsman Office
The purpose of the Ombudsman Service is to provide a panel of well-trained, highly credible facilitators/mediators who can assist students and staff with resolution of problems/misunderstandings, communications, or differences that could occur between and among students, staff, faculty and administrators.

Users of the Ombudsman Service can expect expert, confidential assistance in learning how to:
- Negotiate the bureaucracy
- Interpret college/district policies and procedures
- Considerately question and/or challenge decisions/actions that seem inequitable or inappropriate
- Register serious complaints in a way that will receive rapid, serious responses

The Service will also provide facilitation, intervention and mediation, if difference cannot be easily resolved by direct communication between the parties.

Contact: Dr. Bettie Tully, 214-860-2105

Police Departments at the College
Campus safety is provided within the framework of state law to protect and police buildings and grounds. All state laws apply to the campus community. College Police Department officers are licensed peace officers of the State of Texas; they are specifically trained and educated to protect life and both college and personal property. These officers are vested with full authority to enforce all Texas laws and rules, regulations and college policies, including the Code of Student Conduct.

All DCCCD colleges comply with the provisions of the Campus Security Act of 1990, Public Law 101-542. Copies of the document for each campus are available upon request through the college Police Department.

Student Organizations
Information about participation in any organization may be obtained through the Student Programs and Resources (SPAR) Office. The development of student organizations is determined by student interest. Categories of organizations include:
- Co-curricular organizations pertinent to the College's educational goals and purpose;
- Social organizations to provide an opportunity for you to make friends and establish a sense of community with fellow students;
- Service organizations to promote your involvement in the community; and
- Pre-professional and academic organizations to contribute to your career development.

El Centro College offers membership in the following clubs and organizations:
- Allied Health
- American Indian Association
- American Institute of Architecture
- American Society of Interior Design
- Apparel Design
Trio Program

Designed for students interested in completing an associate's degree and transferring to complete a bachelor's degree, the TRIO Student Support Services Program at El Centro Colleges offers:

- Tutoring for developmental courses and core curriculum courses
- Academic counseling and registration
- Personal counseling referrals
- Transfer and career counseling
- Financial aid and scholarship information and assistance
- Workshops and cultural activities
- Field trips to area universities

These services are available to students who apply and complete an interview and who meet the eligibility requirements. In order to be eligible, students must be a first generation college student, a low-income student, or a student with a documented disability. Students must have an academic need, be enrolled in 7 hours or more, and have more than 20 hours left to complete in order to qualify for the program. A completed application and interview are required to enter the program. 100% of program services are paid for through a federal grant from the Department of Education. Contact: Sarah Oglesby, TRIO Director, 214-860-2214.

Athletics

Intercollegiate Athletics

The intercollegiate athletic program provides male and female athletes opportunities to compete in sports in an educational environment. Bringing together those students with motor skills beyond the level of the College physical education class and/or intramural offerings, the program promotes physical fitness, intellectual development, social interaction, sportsmanship and team commitment.

The athletic program strives to bring together both participants and spectators of diverse ethnic and cultural backgrounds. Participation on athletic teams is voluntary on a non-scholarship basis for women and men meeting requirements established by the Metro Athletic Conference and the National Junior College Athletic Association. Most teams are associated with the N.J.C.A.A. Conference champions compete at regional and national tournaments. In the last several years, DCCCD colleges have been the national champions in basketball, taken second place in the national baseball and volleyball tournament, placed fourth in golf and have been regional champions and participated in the district tournament in both men's and women's soccer. For more information regarding eligibility, rules, standards and sports offered, contact the college's Physical Education Office.

Intramural Sports

The Intramural Sports Program provides opportunities for men and women to participate in a variety of individual, dual and team sports in a supervised recreational setting. Students and employees can enrich their campus life, have fun, make new acquaintances and benefit from exercise through the Intramural Sports Program. For additional information, contact the intramural director in the Physical Education Office, or contact the Student Programs and Resources (SPAR) Office.

Tutoring Services

The DCCCD provides individual and small group tutoring as an academic support service for students needing extra help with coursework and/or study skills. You should seek these services early in the semester.
Community Band
El Centro College sponsors an extracurricular band whose membership is made up of any person in the college community. Participation is open to students, staff, faculty, and administrators. Both full-time and part-time credit and continuing education students are accepted. Both full-time and part-time staff are eligible. This band performs at El Centro events and upon invitation. If you are interested in participating contact: Jerry Jones, Music Faculty at 214-860-2341

DCCCD Policies

Drug-Free Schools and Communities Act
To satisfy the requirements of the "Drug Free Schools and Communities Act," the DCCCD, its colleges and facilities are committed to creating an educational and work environment free from use or distribution of illicit drugs and abuse of alcohol. All of the DCCCD facilities prohibit the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities. Information and confidential referrals concerning counseling and treatment programs for drug and alcohol abuse may be obtained from the Counseling/Advisement Center, Health Center and location Human Resources Office.

Equal Educational And Employment Opportunity Policy
The DCCCD is committed to providing equal educational and employment opportunity regardless of sex, race, color, religion, age, national origin or disability. The DCCCD provides equal opportunity in accord with federal and state laws. Equal educational opportunity includes admission recruitment, extracurricular programs and activities, access to course offerings, counseling and testing, financial aid, employment, health and insurance services and athletics. Existing administrative procedures of the college are used to handle student grievances. When you believe a condition of the college is unfair or discriminatory, you can appeal to the administrator in charge of that area. Appeals to a higher administrative authority are considered on the merits of the case.

Equity in Athletics Disclosure Act
All coeducational institutions of higher education that participate in any federal student financial aid program and have intercollegiate programs must provide information concerning their intercollegiate athletics programs under the Equity in Athletics Disclosure Act of 1994, Section 360B of Public Law 103-382. This act and accompanying federal regulations requires that intercollegiate athletics information be made available for inspections by students, prospective students and the public. DCCCD college web sites or Physical Education Offices can provide this information.

Family Educational Rights and Privacy Act of 1974
In compliance with the Family Educational Rights and Privacy Act of 1974, the college may release information classified as "directory information" to the general public without the written consent of the student. Directory information includes: (1) student name, (2) student address, (3) telephone number, (4) date and place of birth, (5) weight and height of members of athletic teams, (6) participation in officially recognized activities and sports, (7) dates of attendance, (8) educational institution most recently attended and (9) other similar information, including major field of study and degrees and awards received.

Students may request that all or any part of the directory information be withheld from the public by giving written notice to the Registrar's Office during the first 12 class days of a fall or spring semester or the first four class days of a summer session. If no request is filed, directory information is released upon written inquiry. No telephone inquiries are acknowledged; all requests must be made in person. No transcript or academic record is released without written consent from the student, except as specified by law.

Standard of Conduct
As a college student, you are considered a responsible adult. Your enrollment indicates acceptance of the Student Code of Conduct published in this catalog. If you are unable to complete the course (or courses) for which you have registered, it is your responsibility to withdraw formally from the course (or courses). Failure to do so will result in your receiving a performance grade, usually an "F."

Student Consumer Information Services
Pursuant to the Educational Amendment of 1980, Public Law 96-374, the College provides all students with information about its academic programs and financial aid available to students.

Student Right to Know Act
Under the terms of the Student Right to Know Act, the DCCCD maintains and updates on an annual basis student persistence, graduation rates, transfer rates and other relevant statistics. To obtain copies of these reports, contact the District Office of Research, Campus crime statistics may be obtained from College police/security offices. (Published in compliance with the Student Right-to-Know and Campus Security Act; Public Law 101-542.)
SPECIAL PROGRAMS

El Centro offers three programs in collaboration with the Dallas Public Schools. These special programs offer opportunities to future college students who are now in elementary, middle and high school. Students in these programs receive grant-funded experiences and services which will help them become the next generation in college. Enrichment experiences, tutoring, and career planning will pay off for these future College-bound students!

Gear Up Program

The purpose of this program is to give more public school student the skills, encouragement, and preparation needed to pursue postsecondary education. To accomplish this goal, El Centro College has established partnerships with the L.U.L.A.C National Educational Service Center and the Dallas Urban League. Gear Up offers a variety of direct student services and supplements the targeted schools in the areas of curriculum and staff development. Our five year Gear Up partnership project began with approximately 400 seventh graders at T.J. Rusk Middle School of the Dallas Public Schools. El Centro will be following this cohort of students to North Dallas High School and on into college. Contact: Dini Turley, 214-860-2294.

Middle College High School

The Dallas Independent School District and the Dallas County community College District have established, through a collaborative effort, a special high school located on the El Centro campus. One of twenty-four Middle College High Schools, the school at El Centro is an educational program that seeks to address issues related to educating DISD high school students who may need some relevant alternatives to the traditional comprehensive high schools in Dallas. Students are encouraged to succeed through innovative classes with a reduced teacher-pupil ratio, and they are able to earn a high school diploma while earning dual college credits. Application information is available in the Middle College High School administrative offices in the El Centro basement. Contact: Richard Davis, Principal at 214-860-2356.

Dallas Rocks!

Dallas ROCKS! (Reaching Out To Challenge Kids) is a 21st Century Learning Center program in collaboration with El Centro College. DallasROCKS! is currently providing free after-school programming at Nova Charter School, Pegasus Charter School and DallasCAN! Academy. The DallasROCKS! program currently serves 150 children and is growing! We are proud to be providing the Voyager Expanded Learning curriculum to our K-8th grade students. Other services the program provides includes: TAAS tutoring, academic tutoring, career centers, enrichment classes such as drama, art, and music etc. and field trips. Contact: Sherri Settles, 214-860-2404.
Degree Requirements

The college confers the Associate in Arts Degree, Associate in Sciences Degree, the Associate in Sciences Degree with a major in Business, the Associate in Applied Sciences Degree, the Associate in College/University Transfer Degree, Associate in Arts Degree in Arts and certificates to students who have completed all requirements for graduation. You must earn at least 25% of the credit hours required for graduation through instruction (not credit-by-examination) by the college granting the degree. The degree must be awarded by a college that offers the program in which you majored. The registrar must approve correspondence work for graduation credit. If you qualify for a degree from more than one DCCCD college, you must indicate which college is to award the degree.

If you are seeking a certificate or associate degree, you must submit official transcripts of all previous work attempted before a certificate or degree will be awarded. If you fail to submit official transcripts from other institutions you have attended, you will not receive a degree or certificate. If you enroll in the DCCCD Fall 1989 or thereafter, you must successfully complete all sections of the TASP (Texas Academic Skills Program) before a degree can be awarded. See TASP & Alternative Assessment.

To qualify for a second degree or certificate, you must fulfill the residence requirement and must complete all required courses in the plan for the second degree or certificate.

Accrediting Agencies For El Centro College Programs

Associate Degree Nursing
Board of Nurse Examiners for the State of Texas
National League for Nursing Accrediting Commission

Diagnostic Medical Sonography
Commission on Accreditation of Allied Health Education Programs (CAAHEP), in cooperation with the Joint Review Committee on Education in Diagnostic Medical Sonography (JRC-DMS)

Echocardiology Technology
Commission on Accreditation of Allied Health Education Programs (CAAHEP), in cooperation with the Joint Review Committee on Education in Cardiovascular Technology (JRC-CVT)

Interior Design
Foundation for Interior Design Education and Research (FIDER)

Invasive Cardiovascular Technology
Commission on Accreditation of Allied Health Education Programs (CAAHEP), in cooperation with the Joint Review Committee on Education in Cardiovascular Technology (JRC-CVT)

Medical Assisting
Commission on Accreditation of Allied Health Education Programs (CAAHEP), in cooperation with the Committee on Accreditation for Medical Assistant Education*

*aka Curriculum Review Board of the American Association of Medical Assistant Endowment (AAMAE)

Medical Laboratory Technology
National Accrediting Agency for Clinical Laboratory Sciences (NAACLS)

Medical Staff Services
Recognized by the National Association of Medical Staff Services (NAMSS)

Paralegal Program
American Bar Association (ABA) approved

Paramedic Program
Commission on Accreditation of Allied Health Education Programs (CAAHEP), in cooperation with the Joint Review Committee on Educational Programs for the EMT-Paramedic (JRC-EMT-P)

Radiologic Sciences
Commission on Accreditation of Allied Health Education Program (CAAHEP) in cooperation with the Joint Review Committee in Radiologic Technology (JERCERT)
Respiratory Care
Commission on Accreditation of Allied Health Education Programs (CAAHEP), in cooperation with the Joint Review Committee on Accreditation for Respiratory Care (CoARC)

Surgical Technology
Commission on Accreditation of Allied Health Education Programs (CAAHEP), in cooperation with the Accreditation Review Committee for Educational Programs in Surgical Technology (ARC-ST)

Vocational Nursing
Board of Vocational Nurse Examiners for the State of Texas
National League for Nursing Accrediting Commission (NLNAC)

Associate in Arts and
Associate in Sciences Degrees
These degrees are designed as the equivalent of the first half of a baccalaureate degree. Both are general plans and may or may not satisfy the requirements of a specific transfer university. Students desiring to transfer should seek one of these degrees after consultation with the college's Counseling/Advising Center. However, in keeping with Texas State law, students who complete the 48 hour credits of the DCCCD core curriculum are assured that the core will transfer to any Texas public college or university; in such instances, the DCCCD core will be substituted for the core requirements of the receiving institution. Therefore, in pursuing this degree, students are encouraged to complete the entire core within the DCCCD.

In order to receive either of these degrees, students should:
• Successfully complete 61 credit hours including the 48 credit hour core of the DCCCD plus an additional 13 hours of electives, comprised of courses designed for the selected major,
• Have a grade of "C" or better in each of the three Core courses (English 1301, Speech Communications 1311 and one selected math course listed here: MATH 1314, 1324, 1332, 1333, 1342, 1348, 1414, 2412 or higher level).
• Have a grade point average of at least "C" (2.00), based on GPA (2) and
• Have met all TASP requirements (if students are not TASP exempt).

At the completion of these requirements students may select the title of their degree, either their Associate in Arts or the Associate in Sciences. These 61 hours may be completed at any DCCCD college and must include courses listed on the degree outline.

Associate in Sciences Degree
with Major in Business
This degree is designed to meet the needs of students who plan to major in business but who are unsure about where they wish to transfer in order to complete a baccalaureate degree in a business field. This plan includes the DCCCD core of 48 hours. Students who complete this core are assured that the core in its entirety will transfer to any Texas public college or university; in such instances, the DCCCD core will be substituted for the core requirements of the receiving institution. Therefore, in pursuing this degree, students are encouraged to complete the entire core within the DCCCD.

This plan also includes courses designed for business majors. Students planning to transfer must consult the transfer institution's catalog to ensure selected courses in this area will both transfer and apply toward their degree at the receiving institution. Once students have decided on the specific transfer institution and a specific major within business, they are strongly encouraged to utilize the transfer degree for those hours beyond the DCCCD core.

In order to receive this degree, students should successfully complete 61 credit hours including the 48-hour core of the DCCCD, the required business courses and any elective courses to bring the total to 61 credit hours. These 61 hours may be completed at any DCCCD college.

Associate in College/University Transfer Degree
A student may earn an Associate in College/University Transfer through an individually-negotiated degree plan that incorporates those elements of the DCCCD Associate in Arts or Associate in Sciences Degree that fall within the student's transfer plan developed under the Student Transfer Guarantee program. Students must have completed a minimum of 61 credit hours; earned a grade of "C" or better in English 1301, the selected college-level math course, and speech (if required); a grade point average of at least
“C” (2.00) based upon GPA (2); and have met all TASP requirements (if students are not TASP Exempt) to receive this degree. These 61 hours may be earned at any DCCCD college and must include:

- History 1301 and 1302 (6 credit hours)
- Government 2301 and 2302 (6 credit hours)
- English 1301 (3 credit hours)
- A math course numbered 1000 or above
- A speech communications course (3 credit hours), if a speech course is required.

The remaining hours will be comprised of courses equivalent to those designated by the student’s selected transfer institution as being applicable to the baccalaureate degree being sought. In no case will DCCCD course prerequisites be waived. Students who qualify for an Associate in Arts or Associate in Sciences degree will be granted that degree rather than the Associate in College/University Transfer degree. Students who qualify for the Associate in Arts or the Associate in Sciences degree are not eligible for the Associate in College/University Transfer degree.

This degree may be attractive to students who wish to transfer to a private or out-of-state college or university. Students who wish to transfer to another Texas public college or university should follow the Associate in Arts/Associate in Sciences degree because that degree pattern includes the DCCCD 48 credit hour core requirements. Other Texas public colleges and universities must accept the DCCCD core requirements in place of their own core requirements.

Receiving institutions have a right to determine if they will accept grades of “D” as meeting the core requirements. Students wishing to transfer are encouraged to make a grade of no less than “C” in any core course.

Associate in Applied Sciences Degree

This degree is designed to teach specific career/technical skills. The requirements for each major in the Associate in Applied Sciences Degree are clearly shown in the curriculum patterns in this catalog. Students seeking such a degree should become familiar with the specific required courses in the appropriate curriculum pattern. Students must have a minimum of 60 credit hours, a grade of “C” or better in each of the three core courses (English 1301 or English 1302 [whichever is required], Speech Communication 1311 and in the math course required in the specific degree plan), a grade point average of at least “C” (2.00), based on GPA (2), and a passing score on all sections of TASP (if students are not TASP exempt) to receive the Associate in Applied Sciences Degree. These 60 hours must include the following general education requirements:

- English 1301 or English 1302 (whichever is required) (3 credit hours): A core course requirement; a grade of “C” or better must be earned.
- Speech Communication 1311 (3 credit hours): A core course requirement; a grade of “C” or better must be earned. If the degree plan requires Math 1314 or higher, a grade of “C” or better must be earned. (Please note that courses which have as their prefix something other than Math will not meet this requirement.) Should the degree plan not include Math 1314 or higher, then a grade of “C” or higher must be earned in the required Science (Biology, Chemistry, Geology, Physics) course.

Unless specified courses are named within their degree plans, the following list of courses will count toward the requirements in Humanities/Fine Arts, Social/Behavior Sciences and Science/Natural Sciences. Exceptions that will not count are courses numbered below 1000, ARTS 1170, Music 1176 and Drama 1170.

- Three credit hours from a Humanities/Fine Arts course if required by chosen degree plan: This includes any course, unless otherwise specified in the degree plan, with the title of Arts, Cultural Studies 2370, Dance, Drama, American Sign Language Program, English 2321, 2322, 2323, 2326, 2327, 2328, 2331, 2332, 2333, 2370 OR 2371, Foreign Language, Humanities, Music, Philosophy, Photography, or Religion.

- Three credit hours from a Social/Behavioral Science course if required by chosen degree plan: This includes any course, unless otherwise specified in the degree plan, with the title of Anthropology, Economics, Geography, Government, History, Human Development numbered greater than 1000, Psychology or Sociology.
- Three credit hours from a Science/Natural Science course if required by chosen degree plan: This includes any course, unless otherwise specified in the degree plan, with the title of Biology, Chemistry, Ecology, Geology or Physics.
Specific degree plans for each technical/occupational/workforce development program can be found in this catalog.

For some programs, more than 60 credit hours are required. All prescribed requirements for the specific technical/occupational program in which the student is enrolled must be completed. These programs may also have other criteria in addition to degree requirements. See the Career and Technical Programs for a more detailed explanation. The GPA for an Associate in Applied Sciences degree is based only on the hours used to meet degree requirements. The following courses will not count toward graduation or the GPA for graduation: Courses numbered below 1000, ARTS 1170, Music 9176 and Drama 1170.

Certificate Program Requirements

Certificate Programs are part of the DCCCD's Career and Technical Program offerings. In order to be awarded a certificate, you must complete all program course requirements with a grade point average of 2.00 ("C") or better. Only the grades for the specific courses required in the certificate program will be used in calculating the GPA to determine eligibility for these awards.

Some certificate programs do not require you to meet TASP requirements. When you seek a TASP waiver based upon participation in one of these certificate programs, you may not enroll in any course other than those required for completing the certificate program requirements. If you attempt other coursework, your TASP-waived status will end and you must meet the TASP testing and/or remediation requirements that apply to students not enrolled in a TASP-waived certificate program.

The specific requirements for each certificate program are outlined within each technical specialization. See the Career and Technical Programs section of this catalog.

Transfer Students

Core Curriculum

Every Texas public college and university is required by Texas law to have a core curriculum of no less than 42 credit hours. The DCCCD has a core of 48 credit hours. If you wish to transfer from the DCCCD to another Texas public college or university, you are highly encouraged to begin and complete the core within the DCCCD because the receiving institution must accept the DCCCD core in its entirety and substitute the DCCCD core for its own core requirements. It is to your advantage to remain and complete the DCCCD core prior to transferring because of this guarantee that the core will transfer as a whole.

If you take some of the DCCCD core but do not complete it, you are assured that core courses will transfer and apply to the receiving institution's core if that institution also requires the same course(s) within its own core requirements. You should work closely with a DCCCD advisor to ensure you are completing the courses needed for the core requirements. You have various options to demonstrate core curriculum competencies through credit-by-exam, CLEP, etc.

Receiving institutions have the right to determine if they will accept grades of "D" as meeting the core requirements. If you wish to transfer, you are encouraged to make a grade of no less than "C" in any core course. In addition, you should take care in selecting math and science courses as some universities have specific math and/or science courses that will apply to the choice of major fields of study.

There are a number of ways you may demonstrate you already possess the competencies taught in core courses. Among these are successfully completing an instructor-made exam or successfully completing the appropriate CLEP or DANTES exam. Contact the college's Testing Center for a current list of such tests.

Academic Transfer Programs

The DCCCD offers a broad range of educational opportunities for the student whose goal is to transfer to a four-year institution. In addition to offering a strong, creative foundation for the freshman and sophomore years, the academic transfer curriculum is coordinated with a number of Texas four-year institutions to ensure the transfer of credits. Although each four-year school is different, you may guarantee your courses' transferability by being active and responsible in the advisement process. By consulting the four-year institution regularly and taking advantage of the resources available at each of the DCCCD colleges, you may ensure that the transfer process is a positive experience.

The Texas Education Code Section 61.078 enacted by the 71st Texas Legislature (SB 457) provides a means to aid students in resolving
The DCCCD core of 48 credit hours is composed of the following courses:

COMMUNICATIONS - 9 credit hours
- English 1301: A grade of "C" or better must be earned.
- English 1302
- Speech 1311* or
- any Foreign Language Course 1311 or higher

*Students must select Speech 1311 if seeking an AA or AS degree. You must earn a grade of "C" or better if you select Speech 1311.

MATHEMATICS - 3 credit hours
(Select one course)
- Math 1314, 1324, 1332, 1333, 1342, 1348, 1414, 2412 or higher level. A grade of "C" or better must be earned in the selected college-level math course.

LAB SCIENCES - 8 credit hours
(Select two courses)
- Biology 1406, 1407, 1408, 1409; Chemistry 1405, 1407, 1411, 1412; Geology 1401, 1403, 1404, 1445; Physics 1401, 1402, 1405, 1407, 1411, 1412, 1415, 1417, 2425, 2426.

Students may not use the following combinations to meet this requirement:
- Biology 1406 and 1408;
- Chemistry 1405 and 1411;
- Physics 1401 and 1405;
- Physics 1401 and 2425; or
- Physics 1405 and 2425.

SOCIAL/BEHAVIORAL SCIENCES - 15 credit hours
- History 1301, 1302
- Government 2301, 2302

Select one course from the following:
- Anthropology 2346, 2351; Economics 1303, 2301, 2302, 2311; Psychology 2301, 2314, 2316; Sociology 1301, 1306, 2319

HUMANITIES/visual and performing arts - 9 credit hours
Select one course from each of the three groupings:
Category I:
- Arts 1301, 1303, 1304
- Dance 2303
- Drama 1310, 2366
- Humanities 1301
- Music 1306, 1308, 1309

Category II
- English 2321, 2322, 2323, 2326, 2327, 2328, 2331, 2332, 2333

Category III
- Cultural Studies 2370
- History 2321, 2322, 2380, 2381
- Philosophy 1301, 2306, 2307, 2316, 2317
- Religion 1304

OTHER- 4 credit hours
- Physical Education 1164 and
- Computer Science 1300 or higher level COSC course.

disputes regarding the transfer of course credits. To qualify as a dispute the course(s) in question must be listed in the Community College General Academic Course Guide Manual and be offered at the receiving institution. The sending institution, or the student working through the senior institution, must initiate the dispute. From the date a student is notified of the denial of credit, the law allows a maximum of 45 calendar days for the resolution of the dispute by the sending and receiving institutions.

In order to challenge the denial of credit, a Transfer Dispute Resolution form must be completed within 15 days after the student has been notified of the denial of credit. This form is sent to the receiving institution. You can obtain the form by calling the District Office of Articulation and Transfer Services, (214) 860-2453 or 2185.

The receiving institution must then inform the student, the sending institution and the state commissioner of higher education of the resolution. If need be, the commissioner, or designate, may be called upon to resolve the dispute.

Earning an Associate Degree Prior to Transferring
During the time you attend college in the DCCCD, you may elect to earn a two-year associate degree. The Associate in Arts and the Associate in Sciences degrees are designed specifically for those students who plan to transfer to a Texas four-year institution. Both of these degrees require you to complete many of the core courses that will also be required by most senior institutions. The flexibility of these degree programs also allows you to complete many of the introductory courses specifically related to your major field of study. For those students seeking a four-year degree in business, the DCCCD offers the Associate in Sciences with a specialization in business.
Additional information regarding this degree can be found in this catalog, from a counselor or advisor or online: www.dcccd.edu.

The Associate of College/University Transfer Degree is an individually negotiated degree designed to permit students to take only those courses that will apply toward a specific major at a specific university. Additional information about this degree can be found in this catalog or online: www.dcccd.edu.

Guarantee for Transfer Credit

See the Live & Learn section for more information on this important program.

Transfer Dispute Resolution

The Texas Higher Education Coordinating Board (THECB) intends that approved academic coursework transfer between Texas public institutions, providing that the course(s) are within approved transfer curriculum of the declared major field and provided that published transfer policies are met. Texas public institutions are required to notify students if approved academic coursework earned at another institution will not transfer.

If you transfer to a DCCCD college, you can expect that approved academic courses earned at any Texas public institution will be accepted in transfer. To dispute a transfer decision made by the College, you should contact the District Office of Articulation and Transfer Services to appeal the denial of transfer credit for any approved academic course. Call (214) 860-2453 or 2185.

If an academic course is not accepted in transfer by another Texas public college or university, you can request that the college submit a Transfer Dispute Form to the receiving institution. Forms are available through the District Office of Academic and Student Programs. The form must be completed within 15 days from the date you are notified of the non-transfer. If the College cannot identify an appropriate reason for the course not transferring, the form will be forwarded to the receiving institution and/or to the THECB for resolution.

Choosing a Major and Developing an Educational Plan

You may be entering college with a clear idea of what major you will choose and which senior institution you plan to attend. But, if you are like many students, you may not know where you will transfer or what your major will be.

Several freshman-level core courses are available that will apply toward most majors. During the first semester, you should investigate your interests. By the second or third semester, you should begin to develop a clear sense of which senior institution you will attend and the requirements for your chosen degree program. Working closely with a counselor or advisor, and using current information from four-year institutions, you should follow the Associate in Arts/Associate in Sciences Degree plan because many of the required courses are often required at four-year institutions. The counseling personnel at each of the DCCCD colleges can help you develop a degree plan for almost any major.

Listed below are some of the four-year majors you can begin in the DCCCD:

- Accounting
- Advertising
- Agriculture
- American Studies
- Anthropology
- Architecture
- Art
- Biological Science
- Botany
- Business Administration
- Chemistry
- Computer Science
- Dance
- Dental Hygiene
- Dentistry
- Dietetics
- Drama
- Economics
- Engineering
- English
- Entomology
- Finance
- Fine Arts
- Foreign Languages
- Forestry
- Geography
- Geology
- Health Sciences
- History
- Industrial Arts
- Interior Design
- Journalism
- Law
- Legal Science
- Liberal Arts
- Life Sciences
- Management
- Marine Biology
- Marketing
- Mathematics
- Medical Technology
- Medicine
- Meteorology
- Microbiology
- Music
- Music Education
- Nursing
- Occupational Therapy
- Oceanography
- Optometry
- Pharmacy
- Philosophy
- Photojournalism
- Physical Education
- Physical Science
- Physical Therapy
- Physics
- Political Science
- Psychology
- Public Relations
- Radio/TV/Film
- Recreation
- Social Work
- Sociology
- Speech Communication
- Speech Pathology
- Teacher Preparation
- Telecommunications
- Theatre
- Veterinary Medicine
- Wildlife Management
- Zoology

*These fields require study beyond the bachelor's degree.

College Resources for Transfer Students

Each of the DCCCD colleges offers many resources designed specifically for those students planning to transfer to a four-year institution. You should take advantage of these resources early in your college experience, particularly if you have not chosen a major or have not selected a senior institution. Many of the resources can assist you in making informed decisions when selecting courses, choosing a transfer institution and completing all of the necessary steps in the transfer process.

Many resources are available online for future transfer students. On the DCCCD Transfer Information and Services web page, www.dcccd.edu, you will find:

- Tips on how to transfer successfully.
- Answers to "most commonly asked" transfer questions.
- Transfer guides for specific majors at approximately 30 Texas universities.
- Course-by-course equivalencies for DCCCD courses at Texas universities.
- Details on the DCCCD Transfer Guarantee Program and the Associate of College University Transfer Degree
- Educational Resources for Students and Counselors/Advisors.
Transfer guides are for your benefit. See your campus advisor.

Transfer Guides

Transfer guides offer a listing of courses, by DCCCD course numbers, necessary for a number of majors at many institutions throughout Texas. Transfer guides may be available for the following majors:

- Accounting
- Advertising Art
- Aerospace Engineering
- Agriculture
- Architecture
- Art
- Biology
- Business Administration
- Chemical Engineering
- Chemistry
- Civil Engineering
- Computer Science
- Criminal Justice
- Dental Hygiene
- Economics
- Electrical Engineering
- English
- Exercise and Sports Studies
- Fashion Design
- Fashion Merchandising
- Finance
- Foreign Languages
- Geography
- Geology
- History/Sociology
- Hotel & Restaurant Management
- Industrial Engineering
- Interior Design
- Kinesiology (Exercise and Sports Science)
- Legal Science
- Management
- Marketing
- Mathematics
- Medical Technology
- Music
- Music Education
- Nursing
- Occupational Therapy
- Pharmacy
- Photojournalism
- Physical Education
- Physical Therapy
- Physician Assistant
- Physics
- Political Science
- Pre-Law
- Pre-Medicine
- Pre-Veterinary Medicine
- Psychology
- Radio/TV/Film
- Social Work
- Speech
- Speech Pathology/Audiology
- Teacher Preparation
- Theatre
- Undecided

Although officials at the various senior institutions have reviewed the information in these guides, the content is subject to change. It is your responsibility to verify the accuracy of this information with the institution of your choice. Counselors and academic advisors can also assist you in preparing for majors other than those listed above.

Course-by-Course Equivalency Guides

Equivalency guides offer a listing of how every course offered in the DCCCD transfers to each specific senior institution. This information can be helpful to you if you have selected a senior institution but have not chosen a major yet. You should note that the transfer equivalencies shown on these guides offer information on how, or if, courses are generally accepted by the senior institution, and do not indicate how these courses will apply toward a particular major or degree program. A counselor or advisor can assist you in determining whether courses apply to a particular major.

Common Course Numbering System

To help meet your transfer needs, the DCCCD has joined the Texas Common Course Numbering System Consortium. All Texas community/junior colleges participate in this system. Most universities are cooperating with this new numbering system indicating courses equivalent to the common course system.

Colleges teach courses similar in nature, and these courses have been designated by a common number. The common number facilitates the transfer of these courses between and among the participating institutions. Further in this catalog you will find course descriptions for every course offered in the DCCCD. Course descriptions will indicate if a course has been assigned a common course number. You should not assume that only courses with common course numbers will transfer.

Hot Tip:

It is your responsibility as a student to know any specific requirement of the college or university to which you wish to transfer. This responsibility includes knowing course requirements, number of credit hours accepted and grade point average requirements.

Choosing a Catalog Year

If you plan to transfer to a four-year college or university, you have a choice to make regarding your requirements for graduation. You may choose the catalog year under which you wish to graduate. This choice is subject to restrictions that are outlined in the four-year school's catalog. You should consult with your advisor or the catalog of your choice to learn about any such limitations.
If you plan to transfer, you should keep a copy of the DCCCD catalog, the four-year institution's catalog and the transfer guide valid at the time you enrolled in the DCCCD and at the time you selected a major. You should also keep syllabi for each of your DCCCD courses.

Other Things to Consider

During the time you are enrolled in the DCCCD, you should begin to determine the necessary steps for completing the transfer admission process. The process may require a great amount of preparation, and you should be certain you understand all of the requirements for admission, such as:

- Application deadlines,
- Minimum grade-point average requirements,
- Limits on the number of credit hours that are acceptable in transfer,
- Policies regarding acceptance of repeated courses,
- Housing information and
- Financial aid application procedures.

Of equal importance is a personal visit to the chosen institution.

Many senior institutions plan special activities and campus visitation periods when you can meet with representatives from all areas of the institution.

There is a limit on the number of hours taken by any one student in which the state of Texas will reimburse universities. By law, some Texas public universities may charge a higher rate of tuition to students who exceed the limit. Contact the college or university to which you plan to transfer and obtain more information concerning tuition fees.

Other Educational Programs

American English and Culture Institute

The DCCCD offers an intensive English program called the American English and Culture Institute (AECI) for international students preparing to study in American colleges and universities or planning to work in fields where English is the primary language. The AECI is a year-round program of English and culture study that is offered in eight-week sessions and divided into proficiency levels of one through six. It is located at the University Center at Dallas (UCD) in downtown Dallas.

Career & Technical Programs

You can prepare for a career as a skilled employee after one or two years of college study if you enroll in one of our many Career and Technical Programs. We establish these programs after studies verify that related employment opportunities exist in business and industry. With the assistance and cooperation of representatives from local business, industry and public agencies, the Career and Technical Programs are designed to meet increasing local and regional workforce needs. These programs provide you with the opportunity to develop the necessary competencies to meet the demands of area employers.

Career and technical courses are accredited college courses that lead to a Certificate or an Associate in Applied Sciences Degree. We offer placement assistance to you as you complete course work in our Career and Technical Programs. We maintain a continuous relationship with local and regional industries to keep you informed of employment opportunities.

In addition to classroom instruction, the DCCCD offers external learning experiences programs. These are competency-based learning experiences provided at a work site that enhance lecture and laboratory instruction. See External Learning Experiences for Career and Technical Programs in this catalog for more information.

Certificate and associate degree Career and Technical Programs are offered at the colleges; these programs are designed for you to complete within one or two years. The Bill J. Priest Institute for Economic Development offers certificate programs; these are designed for you to complete in less than one year.

The college offers a Guarantee for Job Competency for all students who earn a certificate or an Associate in Applied Science Degree.

Certificate Programs

Some of the DCCCD's Career and Technical Programs offer certificates to graduates. In order to be awarded a certificate, you must complete all program course requirements with a grade point average of 2.00 ("C") or better. Only the grades for the specific courses required in the certificate program will be used in the calculation of the GPA for determining eligibility for these awards.

Some certificate programs do not require you to meet TASP requirements. When you seek a TASP waiver based upon participation in one of these certificate programs, you may not enroll in any course other than those required for completing the
Credit By Examination

If you think you already meet the requirements of a course by experience or previous training, you may request credit by examination. You may not request credit by examination for courses in which you are currently enrolled. The Registrar’s Office has information about the courses for which credit by examination is available. The examination may be an approved subject examination (not a general examination) of the College Level Examination Program (CLEP), Advanced Placement Exams (CLEP, AP, CEEB), Defense Activity for Nontraditional Education Support (DANTES) or an instructor-made test, depending on the course. You should ensure DCCCD acceptance of specific national exams prior to taking them. Scores for national testing programs, such as CLEP, AP, and DANTES, will be valid for 10 years.

You must pay an examination fee for each course examination. This fee must be paid prior to taking the examination and is not refundable. Final acceptance of credit by examination for specific degree purposes is determined by the degree-granting institution. If you are planning to use credit by examination to meet degree requirements at other institutions, you should check the receiving institution’s requirements.

You must be currently enrolled at a DCCCD college to receive credit by examination. Although your current enrollment in a course may normally make you ineligible for national testing programs, the Foreign Language Curriculum Committee permits an exception to this policy for students enrolled in foreign language courses. You may earn as many credits through examination as your ability permits and needs require, but at least 25% of the credit hours required for graduation must be taken through instruction and not through credit by examination.

Credit by examination may be attempted only one time in any given course, and a minimum score must be earned in order for credit to be recorded. Those who successfully complete an approved national exam are granted “CR” for credit rather than a grade.

As of the publication date of this catalog, the following national tests are approved for credit-by-examination procedures:

**CLEP Subject Exams (CLEP General Exams are NOT approved)**

If you take these tests, you should check with the Registrar’s Office to ensure these tests will be accepted in lieu of coursework. You should do this prior to taking the test as the previous list may change. You may challenge courses not on this list by taking an instructor-made examination. If you are interested in this method, contact the appropriate academic division office.
Continuing Education Programs

Within the DCCCD, continuing education programs deliver flexible, diverse, visionary instruction responsive to the needs of public, private and corporate citizens. Continuing Education programs provide workforce training, personal and professional development courses and other outreach programs to enhance individual, community and economic development including customized training for business and industry. See Business & Industry Services.

Continuing education instructors are professionals from the community chosen for their knowledge, expertise and experience in their fields. Training and instruction are offered as courses, programs, seminars, workshops and distance learning opportunities. Registration is continuous, convenient and customer-oriented with new classes starting throughout the year on weekdays and weekends both during the day and evening hours. Continuing education classes are offered at the college and in a variety of locations throughout the community. For specific information on public course offerings, contact a DCCCD college and request a current Continuing Education Schedule or find it online at www.dccd.edu.

A variety of student services are available for continuing education students including financial aid, library privileges, job placement assistance, tutoring and academic/career advising. Some scholarship and grant funds may be available for specific non-credit programs and courses. To apply for these funds, contact the college's Continuing Education or Financial Aid Office.

Continuing Education Units

Continuing Education Units (CEUs) are transcripted upon successful completion of all requirements, competencies and learning outcomes for approved workforce education courses. In all recognized educational circles, one CEU is equal to 10 contact hours of participation in an organized continuing education or extension experience. The CEU is a means of recording and accounting for continuing education activities and meeting the certification requirements of certain professional organizations.

Credit for Experiential Learning

Because individuals learn in a variety of ways and through a multitude of experiences, the college has established a means by which you may earn credit for college-equivalent education acquired through earlier education, work or other life experiences. Such credit is only applicable to an Associate in Applied Science Degree or certificate. You must document your prior learning in a portfolio. If you are currently enrolled in the DCCCD, you may petition for credit by developing a portfolio that describes and documents pertinent learning comparable to that available in a specified college course. A faculty member in the appropriate program area will evaluate the portfolio and determine commensurate credit. In order to petition for experiential learning you must:

- Be currently enrolled in the college assessing the learning experiences;
- Have completed at least 12 semester hours of course work within the DCCCD, six of which must be in your major, technical or workforce development area before credit is awarded; and
- Enroll in Human Development 0110 to learn the necessary skills to develop the portfolio.

The number of equivalent credits awarded may not exceed 25% of the total number of credits required for your specific degree or certificate. The number of equivalent credits awarded may not exceed the total number of credits required for your specific associate degree or certificate objectives. No graduation, residency, degree or certificate program requirements will be waived as a result of credits earned through this process.

Developmental Education

The DCCCD offers many levels of Developmental Writing, Developmental Reading, Developmental Math and English as a Second Language courses to enable underprepared students to complete the prerequisites for college-level work and to satisfy TASP remediation requirements. If you have low assessment test scores, you will be advised to enroll in developmental courses. Even if you are not required to take a developmental course, if you wish to review and improve your basic skills, you may elect to take one or more of these courses. If you fail a portion of the state-mandated TASP, you will be required to participate continuously in developmental coursework until you retake and pass the failed section. Failure to attend and participate in the required developmental coursework will result in administrative withdrawal from all college-level classes.

Fast Track and Flexible options

Evening & Weekend College

Most courses offered during the day are also available in the evening or on the weekend. Courses are offered both on campus and at selected community locations.

Evening and weekend courses offer high-quality instructional and excellent facilities. Student services, including advisement, health, library, bookstore, food services, financial aid, and recreation may be available. Instructors are selected from the college's own full-time staff, from outstanding Dallas-area educators and from other professional specialists. To enroll in evening and weekend courses, contact the director of Admissions.

May Term

This three week mini-semester is nestled between the end of Spring classes and the beginning of Summer classes, typically between the third week of May and the first week of June. Classes for the credit courses meet Monday through Friday, and offer students to a chance to add credits to their transcripts. Contact the Admissions Office at 214-860-2311.

Winter Term

Make the most of your holidays by taking credit classes on the fast track between the end of the Fall Semester and the beginning of Spring Term! This is a three-week term with no classes held from Dec. 25 through January 1. Contact El Centro Admissions, 214-860-2311.
External Learning Experiences for Career and Technical Programs

An external learning experience for Career and Technical Programs is a competency-based learning experience, paid or unpaid, that enhances lecture and laboratory instruction and is provided at a worksite appropriate to the program. An external learning experience allows you to have practical, hands-on training and to apply learned concepts and theories in a workplace setting. Four types of external learning experiences are available: co-ops, practica, internships, and clinicals. Clinical experiences must take place in a healthcare setting and you must not be paid for the learning experience.

External learning experience worksites must be approved by the college, and employers must be willing to enter into training agreements with the college and the student/employee. The college will assist you in seeking approved employment, if needed. Career and technical programs that include external learning experiences are indicated in this catalog. Prior to enrolling in one of these courses, you must consult with the program's external learning experience coordinator.

External Learning Experiences

The following are the definitions of the External Learning Experiences that El Centro offers.

- **Apprenticeship**: This is a structured system of job training designed to prepare individuals for occupations in skilled areas. It combines on-the-job training under the supervision of experienced journeyman-level workers with job-related classroom instruction. Apprenticeships provide workplace settings that are registered with the Bureau of Apprenticeship Training (BAT) of the US Department of Labor. El Centro offers apprenticeships at this time only in the Food and Hospitality Institute Programs.

- **Clinical Experience**: FOR HEALTH CARE SETTINGS ONLY. Clinicals offer the opportunity to experience direct and/or close supervision by a clinical professional. Clinicals are unpaid. Contact your Nursing or Allied Health Program Director.

- **Cooperative Education**: Co-op provides workplace settings in which students gain practical experience in a discipline, enhance skills, and integrate knowledge. This experience may be paid or unpaid. Most Cooperative Education experiences are attached to a Certificate or AAS Award Program. Each student must attend at least one lecture hour a week at El Centro. Contact the Program Director of the program that interests you.

- **Internship**: An external learning experience that allows the student the opportunity in a workplace setting to synthesize new knowledge, apply previous knowledge, and learn to manage work flow. May be paid or unpaid. Most Internships are attached to a Certificate or AAS Award Program. Contact the Program Director of the program that interests you.

- **Practicum**: Allows the student supervised practice in a workplace to gain practical experience in a discipline to enhance skills and integrate knowledge. May be a paid or unpaid experience. Most Practicums are attached to a Certificate or AAS Award Program. Contact the Program Director of the program that interests you.

### Human Development Courses

The Human Development curriculum is comprised of several courses that provide a theoretical and practical foundation in human growth and development across the life span. These courses are organized around different topics including educational and career/life planning, interpersonal communication, personal and social growth, learning theory, and study skills, and success in college. Some colleges offer special sections of Human Development courses that emphasize various issues such as understanding multi-cultural concepts, making life transitions and appreciating gender differences for special populations including women returning to school, adults making career or job changes, at-risk students, young adults or academically under-prepared students.

Human Development courses transfer to many colleges and universities as elective credit. These courses use an experiential model that allows for the use of a variety of teaching and learning strategies including small group work, journal writing, mini-lectures, selected readings, classroom discussion, team teaching, peer teaching, outside guest speakers, psychometric testing and volunteer experiences in the community.

### Study Abroad Programs

**Study Abroad Programs give you a chance to earn college credit while experiencing other lands, other cultures.**

### International Studies/Study Abroad Opportunities

An important part of the DCCCD's commitment to enhancing student appreciation and understanding of diverse cultures is its international studies and study abroad programs. These programs are available in a variety of countries during fall and spring semesters and in the summer. Semester-length programs are currently available in England, France, Mexico, Spain, Italy and Ireland. In most programs, no prior knowledge of a foreign language is required. Many of the colleges also offer study-abroad opportunities during the summer sessions. DCCCD faculty teach these courses, which normally last two to four weeks. In previous years, these courses have been offered in Austria, Australia, China, Dominican...
Jail Education Program

The El Centro Jail Education Program is a partnership with the college and the Dallas County Sheriff's Office to offer college classes for inmates at the Lew Sterrett Facility in Downtown Dallas. The goal of the program is to provide opportunities for both male and female inmates to begin educational rehabilitation during their incarceration through college credit courses. The intent is to provide education while strengthening work skills and increase self-esteem along with self-reliability. The ultimate goal of the Jail Education Program is to decrease recidivism, whether or not an inmate will return to incarceration. Contact: Jane VanDeventer at 214-860-2218

Learning Communities

A “learning community” is comprised of a pair or cluster of courses that are linked together around an overarching theme, writing across the curriculum, and intrusive holistic counseling. The purpose of a learning community is to provide students with additional opportunities for greater understanding, integration, application, and retention of instructional materials and educational resources. The flexibility of a learning community also allows for more student interaction with one another and teachers via study group sessions, allow for more participants in the learning process and comprise a distinct “community of learners.”

Non-Credit Student (Audit)

A person who meets the DCCCD’s admission requirements may, with the consent of the division dean and instructor, enroll in a credit course as a non-credit student. As a non-credit student, you may attend class, but you will not receive a final grade or credit for the course. An instructor may give you exams if the instructor determines the examination is an essential component of the learning process. The fee in a credit course is the same for a non-credit student as for a credit student.

Reserve Officers Training Corps

The DCCCD offers a Reserve Officers Training Corps (ROTC) program in cooperation with the University of Texas at Arlington. The ROTC program provides a unique opportunity for you to assess and develop your leadership skills by being exposed to a variety of leadership styles, techniques and tools. It also develops college-educated officers for the active Army and the reserve components, giving you the opportunity to pursue either a civilian or military career after completing college.

ROTC credits may be used to complete a college degree by applying them toward elective credit. Military science may be declared as a minor course of study in many degree programs at The University of Texas at Arlington. To be eligible, you must be enrolled in the ROTC program, must receive acceptance of military science as a minor from your major degree department, and must complete 18 hours of military science, 10 of which are advanced. If you participate in ROTC while enrolled in the DCCCD, you will be eligible to apply at UTA for ROTC scholarships to complete degrees at UTA. The U.S. Army Scholarship Program provides an excellent way for you to obtain assistance in financing a college education. Every scholarship provides for payment of all expenses incurred for fees and tuition, an allowance for books and supplies, and $200 a month for up to 10 months per year.

Service Learning

Service Learning combines academic instruction with active community service, utilizing critical, reflective thinking to examine the world around you and your civic responsibilities. It is a mutually beneficial partnership, allowing you to apply what you have learned in the classroom into the real world while developing new skills in a volunteer position in the community. You get a chance to improve your critical thinking skills, explore career possibilities, and make a difference by meeting community needs and increasing community support. The DCCCD Service Learning Program offers you an opportunity to serve at a wide variety of charitable and social agencies. So come with an open mind and heart, and join in the DCCCD’s commitment to serving the community, and to learning through service. Contact: Fela Alfaro, Dean of Students, 214-86-2119

Servicemen’s Opportunity College

In cooperation with other community colleges in the United States, DCCCD colleges participate in the Servicemen’s Opportunity College. Through this program, you can plan an educational experience regardless of where the military requires you to serve. While military service, per se, carries no equivalent college credit, coursework earned in the military may result in
equivalent college credit with appropriate documentation. For further information contact the Registrar’s Office.

Tech Prep

Students can earn college credit while in high school through the Tech Prep Program. Each DCCCD Tech Prep program is a planned sequence of courses developed cooperatively between the public school districts and the DCCCD. These programs are supported and approved by both the Texas Education Agency (TEA) and the Texas Higher Education Coordinating Board (THECB). Approved programs for DCCCD are indicated in this catalog.

Tech Prep is a college program that prepares students for technical careers. Each program prepares you for direct entry into the workplace as a technically skilled employee and also provides you with opportunities to earn an advanced skills certificate or to further your studies at area universities.

High school students follow these PREP steps to participate in Tech Prep:

- Pick a Tech Prep career program offered at your high school.
- Register to take the high school Tech Prep course work.

After high school graduation:

- Enroll in the Tech Prep program at one of the DCCCD colleges. When you identify yourself as a Tech Prep student, a counselor will help you determine the next level course you will need to complete with a grade of "C" or better.
- Petition to articulate high school Tech Prep course work credit into the program degree plan and complete the college course work.

For more information about Tech Prep career preparation programs, contact the counselor or career and technology teacher at your high school or call the District Tech Prep office at (214) 860-2324.

Workforce Education Course Manual (WECM)

The Workforce Education Course Manual (WECM) is a statewide inventory of workforce education courses offered for semester credit hours and Continuing Education Units (CEUs). Community colleges use WECM to respond rapidly to the needs of business and industry. Instead of each institution creating courses and programs from scratch, the WECM offers a means for colleges to continually design and update high-quality workforce courses by collaborating with business and industry and community college faculty throughout Texas.

The Texas Higher Education Coordinating Board approves all courses cited in the WECM for use by all Texas public community and technical colleges. Therefore, if you earn semester credit hours and CEUs by successfully completing the requirements for the course(s), you will be able to transfer the credits or CEUs to another Texas public community or technical college that also offers the same course(s).

Student Obligations

Attending Classes

You are expected to attend regularly all classes in which you enroll. You have the responsibility to attend class and to consult with the instructor when an absence occurs.

Instructors are responsible for describing attendance policies and procedures to you. If you are unable to complete a course (or courses) in which you are enrolled, it is your responsibility to withdraw from the course by the appropriate date. If you do not withdraw, you will receive a performance grade, usually a grade of "F".

Students who are absent from class for the observance of a religious holiday may take an examination or complete an assignment scheduled for that day within a reasonable time after the absence. If, not later than the 15th day of the semester, the student notified the instructor(s) that the student would be absent for a religious holiday. Sec. 51.911 Tx. Educ. Code.

Dropping a Course or Withdrawing from College

To drop a class or withdraw from the college, you must follow the prescribed procedure. It is your responsibility as a student to drop or withdraw. Failure to do so will result in your receiving a performance grade, usually a grade of "F". Should circumstances prevent you from appearing in person to withdraw from the college, you may withdraw by mail writing to the registrar. A drop/withdrawal request by mail must be received in the Registrar’s Office by the semester deadline. No drop or withdrawal requests are accepted by telephone. If you drop a class or withdraw from the college before the semester deadline, you will receive a "W" (Withdraw) in each class dropped. The deadline for receiving a "W" is indicated on the academic calendar and the current class schedule. See Refund Policy for possible refund eligibility.

Students who withdraw from a mandated remediation course as a result of TASP requirements must also withdraw from all college-level courses.

Grades & Transcripts

Grades and Grade Point Average

Final grades are reported for each student for every course according to the following grading system.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Interpretation</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4 points</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>3 points</td>
</tr>
<tr>
<td>C</td>
<td>Average</td>
<td>2 points</td>
</tr>
<tr>
<td>D</td>
<td>Poor</td>
<td>1 point</td>
</tr>
<tr>
<td>I</td>
<td>Incomplete</td>
<td>Not computed</td>
</tr>
<tr>
<td>WX</td>
<td>Progress;</td>
<td>Not computed; re-enrollment required</td>
</tr>
<tr>
<td>W</td>
<td>Withdrawn</td>
<td>Not computed</td>
</tr>
<tr>
<td>CR</td>
<td>Credit</td>
<td>Not computed</td>
</tr>
</tbody>
</table>

*Used only with developmental studies courses.

Grade points earned for each course are determined by multiplying the number of points for each grade by the number of credit hours the course carries. For example, a student who takes a three-hour course and earns an "A" accumulates 12 grade points for that course. Your grade point average is computed by adding the total grade point values for all courses and dividing by the number of credit hours attempted during the
same period. For example, a student who takes the following courses and earns the following grades has a grade point average of 2.93:

<table>
<thead>
<tr>
<th>Credit Hours</th>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>2-hour course</td>
<td>A</td>
<td>8</td>
</tr>
<tr>
<td>3-hour course</td>
<td>B</td>
<td>9</td>
</tr>
<tr>

<td>6</td>
</tr>
<tr>
<td>Total Credit</td>
<td></td>
<td>Total Grade</td>
</tr>
<tr>
<td>Hours:</td>
<td></td>
<td>Points:</td>
</tr>
<tr>
<td>12</td>
<td></td>
<td>35</td>
</tr>
</tbody>
</table>

The grade point average is calculated by using the immediately preceding grade in the same course.

If you withdraw from a course being repeated, the cumulative grade point average is calculated by using the immediately preceding grade in the same course.

For repeated courses, only the latest grade earned is included in cumulative grade point averages even if the latest grade is lower than a preceding grade. However, transcripts do indicate all work attempted and completed in the DCCCD. When you withdraw from a course being repeated, the cumulative grade point average is calculated by using the immediately preceding grade in the same course.

If you believe an error has been made in determining a course grade, you should contact the instructor or appropriate division office as soon as possible. Requests for grade changes will not be considered later than two years following the last day of the semester for which the grade was assigned.

An incomplete grade of "I" may be given when an unforeseen emergency prevents you from completing the work in a course. The "I" must be converted to a performance grade (A-F) within 90 days after the first day of classes in the subsequent regular semester. If the work is not completed after 90 days, the "I" is converted to a performance grade.

An Incomplete Contract is used to assign an incomplete grade and states the requirements for the satisfactory completion of the course. The Incomplete Contract must be agreed upon and signed by the instructor, you and the division dean and submitted with the final grade report. When an Incomplete Contract must be submitted without your signature, the instructor must include a statement indicating that you are aware of and agree with the contract.

If you do not complete course requirements, you may receive a "WX" grade when the instructor determines that reasonable progress has been made and when you can re-enroll for course completion prior to the certification date in the next regular semester. If you do not complete the course requirements, the "WX" is converted to a performance grade.

An "E" grade may be given when an instructor wishes to indicate that you have made progress in a developmental studies course. An "E" grade is non-punitive and is not computed. The "E" grade provides more flexibility for re-enrollment, particularly for students who do not achieve a C-level grade in a course. An "E" grade indicates that you participated in a course according to TASP guidelines, but were unable to do C-level or passing work that would qualify you to enroll in transfer-level courses. The "E" grade indicates below college skill level work, but shows that you participated in and attended the class and attempted to do the work in the course.

Students on Federal Financial Aid should check with the Financial Aid Office concerning "E" grade(s) and any impact they have on benefits.

Acceptable Scholastic Performance

College work is measured in terms of credit hours. The number of credit hours offered for each course is listed with the course description in this catalog.

The acceptance of or change in an "E" grade will not be considered later than two years following the last day of the semester for which the grade was assigned.

Acceptable scholastic performance is the maintenance of a grade point average, based on GPA(1), of 2.0 (on a 4.0 scale) or better. You may not be graduated from any degree or certificate program unless you have a cumulative grade point average of 2.0, based on GPA(2), or better. Grade points and hours earned in courses numbered below 1000, ARTS 1170, MUSI 9176 and DRAM 1170 cannot be used to meet graduation requirements.

Grade Reports/Notification of Grades

A grade report may be mailed to you at the address on record at the end of each semester.

HOT TIP:
Inform the Admissions Office of any changes in your name or address. This will ensure that your student records are accurate and that grade reports and other important documents are current.

DCCCD Transcript of Credit

The DCCCD transcript of credit is a chronological listing of college credit classes attempted within the DCCCD seven-college system. The transcript is official if the document is embossed with the college seal and imprinted with the signature of the registrar. It includes both GPA(1) and GPA(2).

Upon your written request, the Registrar's Office will send an official transcript you or to any college or agency named. A minimum of two working days is required for processing. A transcript will be released only if all obligations to the DCCCD have been settled.
Transfer credits from other institutions are not recorded on DCCCD transcripts. If you desire a transcript of work completed at another institution, you must secure it from that institution.

Transcript Evaluations
If you have completed course work at a regionally accredited college or university, and you will be working toward an associate degree or a certificate at a DCCCD college, you should contact the Registrar's Office to request a transcript evaluation.

Probation, Suspension & Dismissal

Scholastic Probation
If you have completed a total of nine (9) credit hours with a performance grade of "A," "B," "C," "D" or "F" and have a grade point average based on GPA(1) of less than 2.0, you will be placed on scholastic probation. While on scholastic probation, you may have coursework and total hours limited, but you may re-enroll at the college if you earn a minimum 2.0 grade point average based on GPA(1) in each semester or summer session. While on scholastic probation, if you fail to meet the above requirements in a semester or summer session, you will be placed on scholastic suspension and will not be allowed to register.

Scholastic Suspension
If you are on scholastic probation and become ineligible to re-enroll, you shall be suspended from the College for not less than one semester.

After you have served a first suspension, you may petition for readmission. If readmission is approved, you may then continue to re-enroll with completion of a semester or summer session with a GPA of 2.0 or greater.

Academic Dismissal
If you do not meet the required standards and are placed on continued scholastic suspension for a second time, you will be academically dismissed for a period of 12 months. Prior to applying for readmission, you must present to the admissions committee a written explanation of how you plan to improve your academic standing. You may be readmitted on continued scholastic probation, and your coursework and total hours may be limited.

Indefinite Academic Dismissal
If you are readmitted after having been on scholastic suspension and academic dismissal, and subsequently fail to achieve a GPA(1) of 2.0 greater, you shall be placed on indefinite academic dismissal. After a period of more than 12 months, only the vice president of Student Development or designee may recommend you for readmission.

It is your responsibility to understand and comply with the College's academic standards and procedures. If you are on academic suspension or academic dismissal from another institution, you are ineligible for admission to the College unless you have met the academic standards required by the College.

Graduation Requirements
In addition to other graduation requirements, you are expected to complete within five (5) years the course and hour degree requirements as outlined in the catalog in effect at the time of your entrance to a DCCCD college. You may have the option to select a more recent catalog year in which you were enrolled, provided the degree requirements are met within five (5) years of the catalog selected and the requisite courses are still offered.

To qualify for a second degree or certificate, you must fulfill the residence requirement and must complete all required courses in the plan for the second degree or certificate.

The college reserves the right to modify curricula or to make changes as appropriate. You, the student, have the ultimate responsibility to select and register for courses meeting graduation requirements.

Associate Degree Plans
If you are seeking an associate degree, you should request a degree plan from the Registrar's Office no later than at the end of your freshman year and preferably sooner. Official transcripts of all previous college work must be on file at the time you request a degree plan. The application for the granting of the degree should be filed in the Registrar's Office prior to the deadline announced by the registrar.
Certificate Plans

If you are following a one-year certificate program, you should request an official plan during your first semester of enrollment. The application for the granting of the certificate should be filed in the Registrar's Office prior to the deadline announced by the registrar.

Graduation Ceremony

An annual graduation ceremony is held at the conclusion of the spring semester. Participation is ceremonial only and confers on a student no rights to a degree. If you graduate in December, you may participate in the next commencement if you desire; likewise if you graduate in July or August, you may participate in the spring commencement if you desire, but you are not required to do so. You should notify the Registrar's Office if you wish to participate in the commencement ceremony. Instructions for graduation are mailed to all candidates prior to commencement.

Waiving of Scholastic Deficiency for Graduation Purposes

Any student in an academic transfer program may transfer to an Associate in Applied Science Degree or certificate program. In such a case, you may choose to have any grades below "C" disregarded. The procedure for disregarding low grades below a "C" may only be exercised while you are in that career program. The GPA for an Associate in Applied Sciences Degree or certificate is based only on the hours used to meet degree requirements; however, the overall GPA(2) must still be 2.0 or above. If you change to an academic transfer program, the original conditions of the academic transfer program must be followed, including the calculation of a cumulative grade point average of all college credits earned. The procedure for waiving scholastic deficiency applies both to students of this College and students transferring from other institutions. If you wish to use the procedure for waiving scholastic deficiency, you should indicate this in writing to the Registrar prior to registration, and you should inform a counselor of your intentions during the pre-registration advisement session.

Academic Recognition & College Honors

Full-time students who complete at least 12 hours of college-level credit and earn a grade point average of 3.5-3.79 are listed on the vice president's honor roll. Full-time students who complete at least 12 hours of college-level credit and average 3.8-4.0 are placed on the President's Honor Roll. Part-time students who take six to 11 college-level credit hours and maintain a 3.5 or higher grade point average are placed on the academic recognition list. GPA(2) is used to determine academic recognition.

Honors Program

The Honors Program affords the talented student a chance to earn honors credit in almost any course that is not developmental. The student is given the opportunity to do extra, in-depth study in a particular subject of interest. In addition, the student has close and frequent contact with the instructor and with fellow students who have like interests. The Honors Program provides a forum for collegiality and opportunities for intellectual and personal growth.

When a student is awarded "honors credit" in a class, that class is annotated on the student's permanent academic transcript. Also, the student is awarded an honors certificate, suitable for framing, and signed by the College President and the Instructor. Contact Wanda Jones, History Faculty, 214-860-2976.

Phi Theta Kappa

Phi Theta Kappa is the international honor society for community colleges. Founded in 1918 to give prestigious recognition to students with excellent scholarship and character, Phi Theta Kappa has always maintained fidelity to its founders' commitment to provide enrichment in four hallmarks: scholarship, leadership, service and fellowship. Phi Theta Kappa features some of the nation's finest educational programs for community college students. These programs form the cornerstone of the DCCCD's successes in nurturing intellectual curiosity, good citizenship and leadership potential. Many scholarship opportunities are available including the USA All-American Scholarships and the Guistwhite Scholarship Program.

Who's Who Among Students in American Community Colleges

Selections to Who's Who Among Students in American Community Colleges are made each fall at each of the DCCCD colleges. Who's Who is a highly regarded honor reserved for outstanding second-year college students eligible for the program. In general, students are recognized at graduation and at convocation in the spring.
ASSOCIATE IN ARTS/ASSOCIATE IN SCIENCES DEGREES

In order to be eligible to receive an Associate in Arts/Associate in Sciences Degree, a student must:
1. Complete a minimum of 61 credit hours as shown below;
2. Earn a grade of at least a "C" in English 1301, Speech 1311, and the selected college math course;
3. Receive a GPA (2) of at least 2.00 ("C"); and
4. Meet all TASP requirements.

Students completing the requirements may select to receive the Associate in Arts or Associate in Sciences degree title.

Students who plan to transfer must work closely with an advisor.

ASSOCIATE IN ARTS DEGREE IN ART

This degree plan is designed to meet the needs of students who plan to major or minor in ART. Students planning to continue their ART study as a transfer student should check on specific requirements at the transfer institution. This is a general plan and may or may not satisfy the requirements of a specific transfer university. Students should work closely with an advisor.

In order to be eligible to receive this degree, a student must:

1. Complete a minimum of 61 credit hours including all the required courses in the core and the courses listed under Photographic/Imaging;
2. Earn a grade of "C" or better in English 1301, Speech 1311, and the selected college-level Mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C"); and
4. Meet all TASP requirements.

Degree is awarded at 61 hours although students are encouraged to take at least 5 arts classes. Additional art classes also may be taken for the purpose of developing skills and ideas and a strong portfolio of work.

Select three courses from the following:
ARTS 1316
ARTS 1317
ARTS 1311
ARTS 1312

Select two courses from the following:
ARTS 2316, ARTS 2326, ARTS 2346, ARTS 2313, ARTS 2341, ARTS 2333, ARTS 2356, ARTS 1303 or 1304, ARTS 2323 and 2324, or ARTS 1316, ARTS 1317, ARTS 1311, 1312

TOTAL CREDIT HOURS 61

NOTE: Students who complete this plan are awarded the Associate in Arts Degree
ASSOCIATE IN ARTS/ASSOCIATE IN SCIENCES DEGREES
THROUGH DISTANCE LEARNING COURSES

In order to be eligible to receive an Associate in Arts/Associate in Sciences Degree, a student must:
1. Complete a minimum of 61 credit hours as shown below;
2. Earn a grade of at least a "C" in English 1301, Speech 1311, and the selected college math course;
3. Receive a GPA (2) of at least 2.00 ("C"); and
4. Meet all TASP requirements.

Students completing the requirements may select to receive the Associate in Arts or Associate in Sciences degree title.

Students who plan to transfer must work closely with an advisor.
- Students who plan to transfer to a four-year institution should consult an advisor of that institution to ensure that selected courses will both transfer and apply toward the intended major.
- Veterans and Financial Aid recipients should consult an advisor before enrolling in distance learning.
- Students completing the requirements may select to receive the Associate in Arts or Associate in Sciences degree title.

DCCCD Distance Learning Course Options - Associate in Arts/Associate in Sciences

This chart shows how one can earn the A.A. or A.S. degree in its entirety with distance learning courses. However, one can also earn a degree with a combination of distance learning courses and on-campus courses. Talk to an advisor about the best options.

- Psychology 2301, 2314
- Sociology 1301

NOTE: Students who complete this plan are awarded the Associate Degree
ASSOCIATE IN ARTS DEGREE IN URBAN EDUCATION
Available at El Centro and Richland Colleges

This degree plan is designed to meet the needs of students who plan to major in Urban Education and pursue a teaching career. This plan will transfer directly into the Early childhood/Elementary Certification (PreK-6) and the Bilingual Education programs at UT-Arlington. Students should work closely with an advisor if they plan to transfer into teacher certification programs at other universities.

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 61 credit hours including all the required courses in the core and the courses listed under "Required Other Courses";
2. Earn a grade of "C" or better in English 1301, Speech 1311, and the selected college-level Mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C"); and
4. Meet all TASP requirements.

ACCOUNTING

Offered at all seven campuses

(Intermediate Sciences Degree, Tech Prep Enhanced Skills Certificate)

Degree Plan Code: AAS.ACCT

This degree is designed to prepare students for various career opportunities in accounting. Students may specialize in the areas of financial, managerial, cost, tax, and/or small business accounting. Emphasis is placed on internal accounting procedures and generally accepted accounting principles. This program is intended to provide a foundation on which the graduate can build an accounting career through expanded experience and/or further education.

ENGL 1302 Composition II........................................3
Elective¹ Business/Technical........................................3-4
Elective² Accounting Specialty........................................3
Elective³ Humanities/Fine Arts........................................3
15-16

Minimum Hours Required........................................60-66

Upon completion of Semester I courses, the Accounting Clerk Certificate will be conferred.

Upon completion of Semester I and Semester II courses, the Accounting Assistant Certificate will be conferred.

Upon completion of Semester I through Semester IV courses, the Associate in Applied Sciences Degree in Accounting will be conferred.

+ACNT 1303 is recommended prior to ACCT 2301 or ACCT 2401 for a student with no accounting background. ACNT 1303 and ACNT 1304 are included in the Elective¹ (Business/Technical) list in this program.

++Any student demonstrating proficiency by previous training, experience, or placement tests may substitute a course from the Elective¹ (Business/Technical) list.

+++Any MATH course numbered 1300 or above may be substituted.

Elective¹—The Business/Technical elective must be selected from the following fields/courses:

Accounting, Business, Computer Information Technology, ECON 1303, ENGL 2311, Management, Marketing, Mathematics, Office Technology. The practicum courses (ACNT 1366 and ACNT 2366) are recommended for students employed in a general business area. The cooperative education courses (ACNT 1380 and ACNT 2380) are recommended for students employed in the accounting area.

Elective²—The Accounting Specialty elective must be selected from the following accounting courses:

ACNT 1329 Payroll and Business Tax Accounting........................................3
ACNT 1331 Federal Income Tax: Individual........................................3
ACNT 1380 Cooperative Education—Accounting........................................3
ACNT 1391 Special Topics in Accounting........................................3
ACCT 2303 Intermediate Accounting I........................................3
ACCT 2304 Intermediate Accounting II........................................3
ACCT 2309 Cost Accounting........................................3
ACCT 2380 Cooperative Education—Accounting........................................3

Elective³—The Social/Behavioral Science elective must be selected from the following fields/courses:

Anthropology, ECON 1303, Geography (excluding GEOG 1301), Government, History, Human Development, Psychology, Sociology.

Elective⁴—The Humanities/Fine Arts elective must be selected from the following fields:

Art, Dance, Drama, English, Foreign Language, Humanities, Music, Philosophy, Religion, Sign Language

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
TECH PREP ENHANCED SKILLS CERTIFICATE

This Enhanced Skills Certificate is attached to the Associate in Applied Sciences Degree in Accounting and provides the student advanced skills required by the industry to specialize in Accounting Technician.

ACCOUNTING TECHNICIAN

Offered at all seven campuses

(Students pursuing this certificate program are required to meet all TASP requirements.)

Degree Plan Code: ES.ACCT.TECH

ASSOCIATE DEGREE NURSING

El Centro only (Brookhaven is an authorized site)

(Associate in Applied Sciences Degree, Tech Prep Enhanced Skills Certificate)

Degree Plan Code: AAS.NURSING

The Associate Degree Nursing Program is a two-year, 72 credit hour program, leading to the Associate in Applied Sciences Degree. The program prepares graduates to be eligible to write the NCLEX-RN Examination to become licensed as a Registered Nurse (R.N.) in Texas. The program is accredited by the Board of Nurse Examiners for the State of Texas, (333 Guadalupe, Suite 3-460, Austin, Texas 78701: Telephone number 512-305-7400) and the National League for Nursing Accrediting Commission (61 Broadway, 33rd Floor, New York, New York 10006: Telephone number 1-800-669-1656 X 153).

The program combines classroom and skills laboratory experience with hospital clinical experience.

The program offered at Brookhaven is under the administration and accreditation of the El Centro College Associate Degree Nursing Program. Students apply for admission and attend classes at Brookhaven but receive their degrees from El Centro.

Contact the Assessment Center at El Centro College for the pre-entrance assessment and Health Occupations Admissions to receive an information packet.

ADMISSION TO THE PROGRAM

Applicants are rank ordered for admission based on the G.P.A. earned on four prerequisite courses.

Applicants must:
1. Fulfill all requirements for admission to both the college and the Associate Degree Nursing Program.
2. Complete the designated assessment testing process and any required remediation.
3. Complete the four prerequisite courses in English, Biology, Psychology and Mathematics with a cumulative grade point average of 2.5 or better.
4. Submit a completed admission application packet to the nursing admission office at El Centro or Brookhaven on or before the enrollment period deadline. Information sessions are available to further discuss the application process to the program.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding the transferability of DCCCD courses.

| DRAM 1310 Introduction to Theatre | 3 |

#BIOL 1406, General Biology and BIOL 1407, General Biology are prerequisites to BIOL 2401.

A grade of "C" or better is required for all courses. Support courses must be completed before or during the semester indicated.
TECH PREP ENHANCED SKILLS CERTIFICATE

This Enhanced Skills Certificate is attached to the Associate in Applied Sciences Degree in Nursing and provides the student advanced skills required by the industry to specialize in Perioperative Nursing.

PERIOPERATIVE NURSE INTERNSHIP

El Centro only

(Students pursuing this certificate program are required to meet all TASP requirements.)

Degree Plan Code: ES.NURS.PERIOP.INTERN

This two-semester program offers registered and graduate nurses the opportunity to acquire additional theory and skills required for patient care in the surgical setting. The perioperative approach to patient care is employed. Principles of surgical asepsis, patient care, use of surgical supplies and equipment, and ethical/legal aspects are presented. The emphasis of the program is on the scrub and circulating roles in perioperative nursing. Nurses enrolled in this program must hold a current license from the Board of Nurse Examiners for the State of Texas, or be a graduate of a nursing program eligible for the next NCLEX-RN examination.

CREDIT HOURS

PREREQUISITES

Nurses enrolled in this program must hold a current license from the Board of Nurse Examiners for the State of Texas, or be a graduate of a nursing program eligible for the next NCLEX-RN examination. Current CPR certification.

SEMESTER I

SRGT 1471 Perioperative Nurse Internship I ....... 4
SRGT 1167 Practicum (or Field Experience) - Surgical/Operating Room Technician ............................................. 1 5

SEMESTER II

SRGT 2571 Perioperative Nurse Internship II ..... 5
SRGT 2366 Practicum (or Field Experience) - Surgical/Operating Room Technician ............................................. 3 8

Minimum Hours Required ............................................. 13

This is a Tech Prep program. Students interested in pursuing the Tech Prep Enhanced Skills Certificate need to consult with their advisor.
ASSOCIATE DEGREE NURSING -- LVN OPTION

El Centro only

(Associate in Applied Sciences Degree)

Degree Plan Code: AAS.NURSING.LVN

A Licensed Vocational Nurse in Texas may qualify to complete the Associate Degree Nursing program at an accelerated pace. Students must meet all entrance requirements for the Associate Degree Nursing Program, and complete twenty-seven hours of prerequisite courses to enter this articulation option. Upon completion of the "bridging" course, which focuses on the change in role from LVN to RN, the student is granted equivalency credit for the first two semesters of the Associate Degree Nursing Program. The student will then complete the second year of the curriculum. Graduates of this program will receive an Associate in Applied Sciences Degree, and they will be eligible to write the NCLEX-RN Examination to become licensed as a Registered Nurse (RN) in Texas.

ADMISSION TO THE PROGRAM:

Applications are rank ordered for admission based on the G.P.A. earned on four prerequisite courses.

Applicants must:

1. Fulfill any requirements for admission to both the college and the Associate Degree Nursing Program.
2. Complete the designated assessment testing process and any required remediation.
3. Complete the four prerequisite courses in English, Biology, Psychology and Mathematics with a grade point average of 2.5 or better. Complete the remaining prerequisite courses with a grade of "C" or better.
4. Submit a completed admission application packet to the nursing admission office at El Centro on or before the enrollment period deadline. Information sessions are available to further discuss the application process to the program.
5. Successfully complete a check-off procedure to validate proficiency in basic nursing skills and math.

This degree plan is in the process of being revised prior to Fall 2001. Please consult with an advisor prior to enrolling for courses in this degree plan. Revised degree plans can be accessed and viewed on the Dallas County Community College District web page beginning June 2001 at [http://www.dcccd.edu/catalog/admiss/dp.htm].
The Associate in Applied Sciences Degree in Business Administration is designed for students seeking a broad program of study in all phases of business practices. This degree focuses not only at the core of management (principles of management, organizational behavior, and personnel administration) but also encompasses the critical areas of business operations (principles of marketing, accounting, and business law).

**Students may substitute ACNT 1303 and ACNT 1304. Only three hours may be applied to the required number of hours for granting the degree.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
COMPUTER INFORMATION TECHNOLOGY—CISCO NETWORKING INTERN

El Centro only

(Skills Achievement Award)

Degree Plan Code: SA.CISCO.INTERN.01

This sequence is for students who wish to learn about design and installation of local area networks, and basic router configuration. Upon completion, the student will have acquired the skills needed for employment in the networking industry as an intern.

Prerequisite: A working knowledge and understanding of personal computers and operating systems obtained in ITSC 1401 (Introduction to Computers) or equivalent experiences approved by an Information Technology faculty member.

Minimum Hours Required: 8

COMPUTER INFORMATION TECHNOLOGY—CISCO NETWORKING ASSISTANT

El Centro only

(Skills Achievement Award)

Degree Plan Code: SA.CISCO.ASSIST.01

This sequence is for students who wish to develop skills in managing traffic and networking devices in local area networks (LAN) and wide area network (WAN) services and management. Upon completion, the student will have acquired skills needed to prepare for certification as a Cisco Certified Networking Associate (CCNA).

Prerequisite: Basic understanding of local area networks design and protocols and basic router configuration obtained in ITCC 1402 (Cisco 1) and ITCC 1406 (Cisco 2) or equivalent experiences approved by an Information Technology faculty member.

COMPUTER INFORMATION TECHNOLOGY -- PERSONAL COMPUTER USER

Offered at all seven campuses

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.CIT.PC.USER

This one semester certificate option is designed to provide training for those wishing to have a basic understanding of word processing, spreadsheets, database, and pc operating systems. The graduate will be qualified to use software applications.

COMPUTER INFORMATION TECHNOLOGY – PERSONAL COMPUTER SUPPORT

Offered at all seven campuses

(Associate in Applied Sciences Degree)

Degree Plan Code: AAS.CIT.PC.SUPPORT

This associate degree program trains the student to troubleshoot software and hardware problems, implementing corrections where possible; to evaluate new software and hardware; to install hardware and software, including equipment assembly and diagnostics; and to assist in the development and presentation of training courses for users. The graduate will be qualified to provide support for personal computer users in a corporate environment.

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.CIT.MIDRNG.ASSIST

This one semester certificate option is designed to provide training primarily for persons with previous computer experiences who want to retrain quickly for AS/400 midrange environments.

Graduates will be qualified to enter the midrange environment in an entry-level system administration or junior programmer position.

COMPUTER INFORMATION TECHNOLOGY – MIDRANGE TECH SUPPORT

El Centro only

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.CIT.MIDRNG.TECH

This one-year certificate option is designed to provide training for any student wishing to enter the midrange field through system administration. Skills and knowledge of the AS/400 operating system environment, control language, pc operating systems, and introductory networking concepts are developed. The graduate will be qualified to enter the midrange environment as a systems operator/administration trainee.

COMPUTER INFORMATION TECHNOLOGY -- MIDRANGE SPECIALIST

El Centro only

(Associate in Applied Sciences Degree)

Degree Plan Code: AAS.CIT.MIDRNG.SPEC

This associate degree program is designed to provide training in system administration, as well as midrange programming using the RPG language. Skills and knowledge of networking and hardware and pc operating systems are also developed. Graduates will be qualified to enter the midrange environment as a junior RPG programmer.

COMPUTER INFORMATION
TECHNOLOGY – NETWORKING ASSOCIATE

El Centro, Mountain View, North Lake and Richland only

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.CIT.NWK.ASSOC.01

This certificate option will provide education and training for individuals interested in developing their knowledge and skills as networking professionals with an emphasis on preparation for those wishing to take the CCNA certification examination.

<table>

Minimum Hours Required.......................................................... 16

Upon completion of ITCC 1446 Wide Area Management (WAN): Cisco 4, the student is eligible to take the CCNA (Cisco Certified Networking Associate) credentialing exam.

This degree plan is in the process of being revised prior to Fall 2001. Please consult with an advisor prior to enrolling for courses in this degree plan. Revised degree plans can be accessed and viewed on the Dallas County Community College District web page beginning June 2001 at [http://www.dcccd.edu/catalog/admiss/dp.htm].
COMPUTER INFORMATION TECHNOLOGY -- NETWORKING PROFESSIONAL

El Centro, Mountain View, North Lake and Richland only

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.CIT.NWK.PROF.01

This certificate will examine complex networking concepts, such as troubleshooting tools and more sophisticated configurations. Upon completion, the student will have acquired skills needed to prepare for certification as a Cisco Certified Networking Professional.

Prerequisite: Completion of Cisco 4 (ITCC 1446 or ITNW 1344) or CCNA certification and successful completion of Skills Test.

DIAGNOSTIC MEDICAL SONOGRAPHY

El Centro only

(Associate in Applied Sciences Degree, Tech Prep)

Degree Plan Code: AAS.DM.SONOGRAPHY

The Diagnostic Medical Sonography program prepares the student to function as a medical sonographer.

The diagnostic medical sonographer performs sonography examinations using high frequency sound waves to visualize soft tissue structures, including the gall bladder, kidneys, pregnant uterus and other organs as requested by the physician.

This program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP, 35 East Wacker Drive, Suite 1970, Chicago, Illinois 60601-2208: Telephone number 312-553-9355) and (JRC-DMS, 7108-C South Alton Way, Englewood, CO 80112-3533: Telephone number 303-741-3533) in cooperation with the Joint Review Committee on Education in Diagnostic Medical Sonography.

Admission requirements include an information session, satisfactory scores on pre-entrance assessment testing, rank ordering by grade point, interviews and recommendation letters, and completion of all requirements for admission as a full-time student to the college. Contact the Assessment Center at El Centro College to sign up for the assessment tests and, Health Occupations Admissions to receive an information packet.

DIAGNOSTIC MEDICAL SONOGRAPHY

El Centro only

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: CERT.AHIC.SONOGRAPHY

The Diagnostic Medical Sonography Certificate Option is for students having at least a previous Associate Degree in a designated allied health field or a B.S. degree with a major in a science discipline. Potential students will be considered on an individual basis to determine if they have an adequate background in anatomy and physiology, math and physics. Upon completion, a certificate will be awarded.

The diagnostic medical sonographer performs sonography examinations using high-frequency sound waves to visualize soft tissue structures including the gall bladder, kidneys, pregnant uterus, and other organs as requested by the physician.

This program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP, 35 East Wacker Drive, Suite 1970, Chicago, Illinois 60601-2208; Telephone number 312-553-9355) in cooperation with the Joint Review Committee on Education in Diagnostic Medical Sonography (JRC-DMS, 7108-C South Alton Way, Englewood, CO 80112-3533; Telephone number 303-741-3533).

Admission requirements include an information session, satisfactory scores on pre-entrance assessment testing, rank ordering by grade point, interviews and recommendation letters, and completion of all requirements for admission as a full-time student to the college. Contact the Assessment Center at El Centro College to sign up for the assessment tests and, Health Occupations Admissions to receive an information packet.

91
THE ECHOCARDIOLOGY TECHNOLOGY PROGRAM is a two-year program that prepares students to function as an Echocardiographer. The first year of the program consists of general education and health occupations core courses. The second year of the program provides intensive didactic and clinical training in the medical specialty of Echocardiology.

The Echocardiography technologist performs cardio-vascular examinations to produce a picture of a heart and great vessels using high-frequency sound waves. These examinations are used to diagnose congenital heart disease, valvular disease, pericardial disease, cardiomyopathy, and other cardiovascular disorders. Types of examinations include 2D and 3D Echo, M-mode and color flow Doppler, as well as Transesophageal and Stress Studies. The Echocardiographer may work in hospitals, clinics and physicians offices.

Admission requirements include an information session, satisfactory scores on pre-entrance assessment testing, completion of program prerequisite courses with a cumulative grade point of 2.85 or higher, completion of all requirements for admissions as a full-time student to the college. Applicants are rank-ordered for admission based on grade point earned on prerequisite courses, interviews and recommendation letters. Contact the Assessment Center at El Centro College to sign up for the assessment tests and Health Occupations Admissions to receive an information packet.

ECHOCARDIOLOGY TECHNOLOGY

El Centro only

(Certificate)

(Students pursuing this certificate program are required to meet all TASP requirements)

Degree Plan Code: CERT.AHIC.ECHOCARD

The Echocardiology Technology Certificate Option is for a student having at least a previous Associate Degree in a designated allied health field or a B.S. degree with a major in a science discipline. Potential students will be considered on an individual basis to determine if they have an adequate background in anatomy and physiology and math and physics. A background in basic ECGs and pharmacology is also required. Upon completion, a certificate will be awarded.

The Echocardiology technologist performs cardio-vascular examinations to produce a picture of a heart and great vessels using high-frequency sound waves. These examinations are used to diagnose congenital heart disease, valvular disease, pericardial disease, cardiomyopathy, and other cardiovascular disorders. Types of examinations include 2D and 3D Echo, M-mode and color flow Doppler, as well as Transesophageal and Stress Studies. The Echocardiographer may work in hospitals, clinics and physicians offices.

Admission requirements include an information session, satisfactory scores on pre-entrance assessment testing, completion of program prerequisite courses with a cumulative grade point of 2.85 or higher, completion of all requirements for admissions as a full-time student to the college. Applicants are rank-ordered for admission based on grade point earned on prerequisite courses, interviews and recommendation letters. Contact the Assessment Center at El Centro College to sign up for the assessment tests and, Health Occupations Admissions to receive an information packet.

Minimum Hours Required 43-44
EDUCATIONAL PERSONNEL

Richland only (El Centro is an authorized site)

(Associate in Applied Sciences Degree)

Degree Plan Code: AAS.ED.PERSONNEL

This program is designed to prepare educational personnel in a wide range of competencies needed for effective roles in public and nonpublic schools. A student can take courses required for the one year Educational Assistant Certificate and continue in the program to receive the two-year Associate in Applied Sciences Degree.

Educational personnel are employed under job titles such as teacher aide, assistant teacher, library assistant, P.E. aide, study hall teacher, tutor, tutoring coordinator, youth worker, special education aides, etc. Individuals working with handicapped children have found this program to be especially beneficial.

The program offered at El Centro College is under the administration of Richland College. Students apply for admission and attend classes at El Centro but receive their degrees from Richland.

Ask about special articulation agreements that utilize this program as the first two years of area University Teacher Education Programs.

EDUCATIONAL PERSONNEL-
BILINGUAL/ESL OPTION

Richland only (El Centro is an authorized site)

(Associate in Applied Sciences Degree)

Degree Plan Code: AAS.ED.PERSONNEL.BIL

The Bilingual/ESL Option in the Educational Personnel Program is designed to prepare the student to assist in the instructional development of children who have a limited English proficiency.

The Associate in Applied Sciences Degree is awarded for successful completion of at least 64 credit hours as outlined.

Ask about special articulation agreements that utilize this program as the first two years of area University Teacher Education Programs.

Students may ONLY take one (1) Special Topics course for this certificate.
The Fashion design freshman student is provided a core curriculum of study related to the fashion industry. The basic fashion core, along with the general education courses, enables the student to enter a specialized track of either Apparel Design or Pattern Design in the second year of studies. Upon completion of the 37 semester hour core, students should select one of two specialties: Apparel Design or Pattern Design. See next page.

FASHION DESIGN--APPAREL DESIGN

El Centro only

(Associate in Applied Sciences Degree)

Degree Plan Code: AAS.FASHION.APPAREL

The apparel designer converts the design idea into an industrial paper pattern used in the mass production of clothing. New style trends each season demand individual creative thinking to develop saleable designs. Upon successful completion of the program, the student enters a women's wear or children's wear manufacturing company as an assistant in the design department.

FASHION DESIGN--PATTERN DESIGN

El Centro only

(Associate in Applied Sciences Degree)

Degree Plan Code: AAS.FASHION.PATTERN

The pattern designer converts the fashion sketch or original garment into an industrial paper pattern used in the mass production of clothing. Drafting is the skill of developing a flat pattern with measurements. Draping is the skill of developing a pattern by placing cloth over a dress form. Upon completion of the program, the student enters a women's wear or children's wear manufacturing company as an assistant in the pattern department.

INTERIOR DESIGN

El Centro only

(Associate in Applied Science Degree)

Degree Plan Code: AAS. INTERIOR. DESIGN

The Interior Design Department offers a 2-year Associate in Applied Sciences Degree in Interior Design. In addition a 15-hour Enhanced Skills Certificate in the third year provides the student with a Professional Certificate in Interior Design.

An Interior Designer is an individual who identifies, researches, and creatively solves problems relating to the functions and aesthetics of the interior environment, including issues pertaining to life safety. The Interior Designer must possess specialized knowledge in interior construction, equipment, materials, furniture and building codes.

Formal training in Interior Design prepares the individual to begin work as a design assistant and to possibly progress to full professional status and independent practice. In order to be fully licensed as an Interior Designer by the State of Texas, one must have an appropriate combination of formal education and practical experience, and must also pass a formal examination administered by the National Council for Interior Design Qualification (NCIDQ).

INTERNATIONAL BUSINESS AND TRADE

Richland and El Centro only

(Associate in Applied Sciences Degree)

Degree Plan Code: AAS.INTERNATIONAL.B

The International Business and Trade Program prepares students for entry-level employment in such positions as specialists in exporting and importing for the growing international trade community. Skills developed for the export and import of goods and services are presented in the context of the global economy and cross-cultural awareness. Emphasis is placed on the contribution of exports to the local, state, and national economies. Entrepreneurs, managers of firms with export potential, aspiring international agents, traders, brokers, customer sales and service representatives, transportation managers, product managers as well as documentation clerks, letters of credit specialists, export and/or import managers, and those engaged in global e-commerce may all benefit from Richland’s international business and trade studies. A 24-credit Import-Export Certificate will expedite your entrance to the international arena.

INTERNET PUBLISHING AND E-COMMERCE TECHNOLOGIES

El Centro only

(Level I Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.INET.E-COMM.TECH

This El Centro College Internet Publishing and E-Commerce Technologies Program is designed to prepare individuals to perform the duties of Web Site Production Specialists who function as members of a Webmaster Team. The Certificate Option curricula is designed to provide a series of courses teaching students how to integrate text, still graphics, audio and video materials into a digital, media-rich information, training and electronic commerce space. The program is three semesters in length, awarding 38 credit hours upon successful completion.

INTERNET PUBLISHING AND E-COMMERCE TECHNOLOGIES

El Centro only

(Level II-Advanced Certificate)

(Students pursuing this certificate program are required to meet all TASP requirements.)

Degree Plan Code: C2.INET.E-COMM.ADV

The El Centro College Internet Publishing and E-Commerce Program's Advanced Certificate Option is designed to prepare individuals in advance management of Web server Technology. Skills taught allow the Web Site Production Specialist to configure Web servers to provide secure transactions, private communications and data base access. Site maintenance and management of server security are also implemented.

The Advanced Certificate requires successful completion of the Internet Publishing and E-Commerce Technologies Certificate Option prior to admission. Upon successful completion of a fourth semester, graduates will earn an additional 13 credit hours; earning a grand total of 51 credit hours for the Advanced Certificate Option.

INVASIVE CARDIOVASCULAR TECHNOLOGY

El Centro only

(Degree Plan Code: AAS.INV.CARDIO.TECH)

The El Centro Invasive Cardiovascular Technology program is a two-year Associate degree program. The intensive didactic and clinical training program prepares the graduate for employment in the medical specialty of invasive cardiovascular technology as an invasive cardiovascular technologist.

Invasive Cardiovascular Technology students study the theory of techniques used in diagnosis, treatment, and follow-up of cardiovascular disease in humans.

Invasive cardiovascular technologists work in cardiac catheterization laboratories. They assist the cardiologist in performing intracardiac pressure and electrical measurements, oximetry determination, angiocardiography, and measurement/calculation of cardiac function indices. The technologist assists in all phases of the cardiac catheterization including catheter insertion, operation of the electronic instruments, and calculation of the cardiac data used by the physician in confirming diagnosis and designing treatment for the cardiac patient.

Admission requirements include an information session, satisfactory scores on pre-entrance assessment testing, completion of program prerequisite courses with a cumulative grade point of 2.85 or better, and completion of all requirements for admissions as a full-time student to the College. Applicants are rank-ordered for admission based on the grade point earned on prerequisite courses, interviews and letters of recommendation. Contact the Assessment Center at El Centro College to sign up for the assessment tests, and Health Occupational Admissions, to receive an information packet.

This program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP, 35 East Wacker Drive, Suite 1970, Chicago, Illinois 60601-2208: Telephone number 312-553-9355) in cooperation with the Joint Review Committee on Education in Cardiovascular Technology (JRC-CVT, 9111 Old Georgetown Road, Bethesda, Maryland 20814-1699: Telephone number 301-493-2334).

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.

INVASIVE CARDIOVASCULAR TECHNOLOGY

El Centro only

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.ICVT.INV.CARDIO

The Invasive Cardiovascular Technology Certificate Option is for a student having at least a previous Associate Degree in a designated allied health field or a B.S. degree with a major in a science discipline. Potential students will be considered on an individual basis to determine if they have an adequate background in anatomy and physiology and math and physics. A background in basic ECGs and pharmacology is also required, which may be verified by either college-level coursework or job skills tested by examination. Basic ECG and pharmacology examinations will be available through the El Centro Assessment Center by special request. A minimum passing grade of 70% is required on the appropriate test(s) and exam results must be included with program applications materials submitted to the Health Occupations Admissions Office prior to the application deadline. If minimum score(s) are not achieved, the applicant can enroll in and complete the appropriate course(s). Upon completion of the Invasive Cardiovascular Technology program, a certificate will be awarded.

Invasive Cardiovascular Technology students study the theory of techniques used in diagnosis, treatment, and follow-up of cardiovascular disease in humans. Invasive Cardiovascular technologists work in cardiac catheterization laboratories. They assist the cardiologist in performing intracardiac pressure and electrical measurements, oximetry determination, angiography, and measurement/calculation of cardiac function indices. The technologist assists in all phases of the cardiac catheterization, including catheter insertion, operation of the electronic instruments, and calculation of the cardiac data used by the physician in confirming diagnosis and designing treatment for the cardiac patient.

Admission requirements include an information session, satisfactory scores on pre-entrance assessment testing, completion of program prerequisite courses with a cumulative grade point of 2.85 or higher, completion of all requirements for admissions as a full-time student to college. Applicants are rank-ordered for admission based on grade point earned on prerequisite courses, interviews, and recommendation letters. Contact the Assessment Center at El Centro college to sign up for the assessment tests, and Health Occupations Admissions to receive an information packet.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
MANAGEMENT

Offered at all seven campuses

(Associate in Applied Sciences Degree)

Degree Plan Code: AAS.MANAGEMENT

The Management degree is accepted for transfer by many of the area universities and colleges. The degree is designed for working students. Students can earn a business related degree in the shortest amount of on-campus time. This degree provides the foundation courses needed for a bachelor degree in the various business disciplines offered by many universities.

Students learn practical management skills which have immediate applicability in the business world. They also learn theoretical concepts which support these skills. These skills enhance their visibility on the job as professional managers.

A significant and unique benefit of the Management degree is experienced by participating in the Management cooperative work experience classes. These classes allow students to earn 12 of the total required credit hours by applying practical management concepts to their present jobs. During this educational process faculty provide continuous, individualized career and academic guidance to students. Students attend core courses once a week.

The Management degree effectively bridges the gap between management theory and management practice. It is designed to be a benefit to the new manager, the seasoned manager and the aspiring manager.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
MANAGEMENT

Offered at all seven campuses

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: CERT.MGMT.MANAGEMENT

The Management program is designed to develop the fundamental skills, knowledge, attitudes and experiences which enable men and women to function in leadership and decision-making positions as managers. Students combine management classes and on-the-job management training with their present employers. All of the courses for this certificate are applicable to the Management associate degree option. This certificate program provides an external learning experience and/or capstone experience.

MEDICAL LABORATORY TECHNOLOGY

El Centro only

(Associate in Applied Sciences Degree, Tech Prep)

Degree Plan Code: AAS.MED.LAB.TECH

The Medical Laboratory Technology program prepares the student to perform tests and related duties in a medical laboratory. The program is a balanced curriculum of science, liberal arts, and technical courses including didactic and clinical education. The program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS, 8410 West Bryn Mawr, Suite 670, Chicago, Illinois, 60631-3415; Telephone 773-714-8880).

Admission requirements include an information session, satisfactory scores on pre-entrance assessment testing, rank ordering by grade point average earned on the two pre-requisite courses, and completion of all requirements for admission as a full-time student to the college. Contact the Assessment Center at El Centro College to sign up for the assessment tests and, Health Occupations Admissions, to receive an information packet.

Upon completion of the program, the student is awarded an Associate in Applied Sciences Degree and is qualified to take the Board of Registry for the American Society of Clinical Pathologists (ASCP).

CREDIT HOURS

PROGRAM PREREQUISITES
BIOl 2401 Anatomy and Physiology I # OR. 4

10

SEMESTER VI
MLAB 2267 Practicum (or Field Experience)-Medical Laboratory Technician/Assistant 2
1

Minimum Hours Required 72

+Humanities/Fine Arts Elective- must be selected from the following:
ARTS 1301 Art Appreciation 3
HUMA 1301 Introduction to Humanities 3
MUSI 1306 Music Appreciation 3
PHIL 1301 Introduction to Philosophy 3
DRAM 1310 Introduction to Theater 3

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
MEDICAL STAFF SERVICES

El Centro only

(Associate in Applied Sciences Degree)

Degree Plan Code: AAS.MED.STAFF.SVCS

The Medical Staff Services program includes a two-year, 64 credit hour curriculum. The program is designed to prepare individuals to perform duties of a Medical Staff Service Coordinator in health care settings, including hospitals, managed care organizations, and credentialing organizations.

A Medical Staff Services Coordinator provides credentialing and monitoring services for physicians and allied health professionals. Confidentiality and legal issues associated with accredited services of health care organizations, peer review and impaired physicians issues are included in the responsibilities of a Medical Staff Services Coordinator.

Upon completion of the program, graduates are eligible to sit for the National Association of Medical Staff Services (NAMSS) Certification Examination.

Admission requirements include attending an information session, satisfactory scores on pre-entrance assessment testing, completion of program prerequisite courses with a cumulative grade point average of 2.5 or better, and completion of all requirements for admission as a student to the college. Applicants are ranked according to grade point average earned on two prerequisite courses. Contact the Assessment Center at El Centro College to sign up for the pre-entrance assessment tests and Health Occupations Admissions to receive an information packet.

MEDICAL TRANSCRIPTION

El Centro only

(Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: CERT.MEDT.TRANSCRIPT

The nine-month certificate program in Medical Transcription prepares the student to function as a medical typist or medical transcriptionist with a thorough knowledge of medical terminology, advanced typing, word processing skills, and work experience. Proper form, editing abilities, and legal implications are stressed. Entry requirement to this program is a typing skill of 50 words per minute. Job opportunities are available in medical records, pathology and radiology departments of hospitals and clinics; physician's offices; the health insurance industry; public and private health foundations and institutions; medical schools; and research centers. Cooperative work experience is a part of this program.

Admission requirements include an information session, satisfactory scores on assessment tests and a typing test, rank ordering by grade point average, and meeting all requirements for admission as a full-time student. Call Health Occupations Admissions to receive an information packet.

OFFICE TECHNOLOGY – EXECUTIVE ASSISTANT

Offered at all seven campuses

(Associate in Applied Sciences Degree, Tech Prep)

Degree Plan Code: AAS.OFCT.EXEC.ASSIST

The Associate in Applied Sciences Degree comprehensive curriculum is designed as an advanced level program to prepare students for executive assistant and computer support positions in an office environment. Students will use state-of-the-art technology to develop skills necessary to become a productive member of the business community. Topics include office management, human relations, records management, oral and written business communications, plus word processing, spreadsheets, database, presentation, and telecommunication applications.

**NOTE:** Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.

This degree plan is in the process of being revised prior to Fall 2001. Please consult with an advisor prior to enrolling for courses in this degree plan. Revised degree plans can be accessed and viewed on the Dallas County Community College District web page beginning June 2001 at [http://www.dcccd.edu/catalog/admiss/dp.htm](http://www.dcccd.edu/catalog/admiss/dp.htm).
OFFICE TECHNOLOGY --
EXECUTIVE ASSISTANT -
TECH PREP NAVY YEOMAN

Offered at all seven campuses

(Associate in Applied Sciences Degree, Tech Prep)

Degree Plan Code: AAS.OFCT.NAVY.YEOMAN

The DCCCD Navy Yeoman Option is developed in agreement with the United States Navy. This program is designed for Navy recruits only and incorporates the certificate programs leading to the Associate in Applied Sciences Degree in the Tech Prep Office Technology program. Each certificate serves as an exit point or as an incentive to continue to build promotion points and credentials while pursuing the Associate in Applied Sciences Degree during Navy training.

Exit Points:

Following the exit points within the curriculum pattern the student may:

1. Choose to enlist in the Navy September 1 after high school graduation. By completing all the tech prep high school courses and the courses listed in Summer I and II, the student will also graduate from one of the DCCC Colleges with an Office Assistant Certificate.

2. Choose to continue during the Fall semester at the DCCCD college and defer enlistment in the Navy until January 1. This recruit will earn both the Office Assistant Certificate and the Software Application Specialist Certificate.

3. Choose to continue in the Spring semester at the DCCCD college and enlist in the Navy June 1, one year after high school graduation. This recruit will earn the Office Assistant Certificate, the Software Application Specialist Certificate and the Administrative Support Certificate. After the specialized Navy training, the yeoman will qualify for the AAS degree.

The Paralegal Program is an Associate in Applied Sciences Degree program designed to prepare the student to function as a technically qualified assistant to the lawyer. Legal assistants (also called paralegals) typically work in law firms, governmental agencies, and corporations. The program does not qualify a graduate to take a Bar exam, represent clients in court, or give legal advice.

PSYC 2301 Introduction to Psychology ............................. 3 |
SOCI 1301 Introduction to Sociology .............................. 3 |

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.

This degree plan is in the process of being revised prior to Fall 2001. Please consult with an advisor prior to enrolling for courses in this degree plan. Revised degree plans can be accessed and viewed on the Dallas County Community College District web page beginning June 2001 at [http://www.dcccd.edu/catalog/admiss/dp.htm].
(Certificate – Level I)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.EMT.PARAMEDIC

The Paramedic Certificate Option is for students already certified as Emergency Medical Technicians. Potential students will be considered on an individual basis to determine if they have an adequate background in anatomy and physiology, math and reading. Admission priority is given to local EMS providers and their employees.

CREDIT HOURS

PREREQUISITE REQUIREMENT*
Completion of EMT training and transcripted Anatomy/Physiology coursework or passing the Anatomy/Physiology competency exam..........................8

SEMESTER I
EMSP 1338 Introduction to Advanced Practice .......3
EMSP 1355 Trauma Management..........................3
EMSP 2544 Cardiology........................................5
EMSP 2187 Internship-Emergency Medical
Technology/Technician..........................1

SEMESTER II
EMSP 2534 Medical Emergencies .....................5
EMSP 2430 Special Populations.........................4
EMSP 2188 Internship-Emergency Medical
Technology/Technician..........................1

SEMESTER III
EMSP 2338 EMS Operations.............................3
EMSP 2143 Assessment Based Management.........1
EMSP 2289 Internship-Emergency Medical
Technology/Technician..........................2
EMSP 2586 Internship-Emergency Medical
Technology/Technician..........................5

Minimum Hours Required.................................41

*Students who have previous EMT, Anatomy and Physiology coursework/experience will receive 8 hours credit for these two classes.
RADIOLOGIC SCIENCES

El Centro only

(Associate in Applied Sciences Degree, Tech Prep)

Degree Plan Code: AAS.RADIOLOG.SCI

This program prepares the student to become a professional radiologic technologist with a specialty in radiography. The radiographer uses radiation to produce internal images of the human being which are used by the physician to make diagnoses. For the vast majority of diagnostic procedures, the radiographer has total responsibility for the care and well-being of the patient and must be prepared to produce quality images with care and empathy.

The graduate radiographer is eligible to sit for the examination given by the American Registry of Radiologic Technologists and eligible to be a Certified Medical Radiologic Technologist licensed by the Texas Department of Health. Radiographers work in hospitals, physician's offices, and primary care facilities.

Students must be admitted to the program. Admission requirements include an information session, satisfactory scores on pre-entrance assessment testing, completion of four prerequisite courses with a minimum of 2.5 grade point average and completion of all requirements for admission as a full-time student to the College. Applicants are rank-ordered for admission based on grade point average earned for the prerequisite courses. Applicants should contact the Assessment Center at El Centro College to sign up for the assessment tests and Health Occupations Admissions to obtain an information packet.

Completion of the program and successful completion of the ARRT examination provides the graduate with credentials to continue their education in other radiologic specialty disciplines. The program is accredited by the Joint Review Committee in Radiologic Technology (JRCERT, 20 N. Wacker Drive, Suite 900, Chicago, Illinois 60606-2901: Telephone number 312-704-5304).

#BIOL 1406, General Biology and BIOL 1407, General Biology are prerequisites to BIOL 2401.

NOTE: Pending approval curriculum changes will affect students admitted Fall, 2001.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.

This degree plan is in the process of being revised prior to Fall 2001. Please consult with an advisor prior to enrolling for courses in this degree plan. Revised degree plans can be accessed and viewed on the Dallas County Community College District web page beginning June 2001 at [http://www.dcccd.edu/catalog/admiss/dp.htm].
RESPIRATORY CARE

El Centro only

(Associate in Applied Sciences Degree, Tech Prep)

Degree Plan Code: AAS.RESPIRATOR.CARE

The Respiratory Care Program prepares students to become respiratory therapists and perform complex patient care procedures in specialized patient care units and diagnostic laboratories.

The Associate in Applied Sciences degree is awarded for successful completion of the program, enabling the graduate to apply for the Entry Level Credentialing Examination to become a Certified Respiratory Therapy Technician (CRTT). After CRTT certification is obtained, the graduate may then apply for the Advanced Practitioner Examination to become a Registered Respiratory Therapist (RRT). Passing the Entry Level Examination enables the graduate to obtain licensure as a Respiratory Care Practitioner (RCP) in the State of Texas.

The Respiratory Care Program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP, 35 East Wacker Drive, Suite 1970, Chicago, Illinois 60601-2208; Telephone number 312-553-9355) in cooperation with the Committee on Accreditation for Respiratory Care (CoARC, 1701 W. Euless Blvd., Suite 300, Euless, Texas 76040-8823; Telephone number 817-283-2835).

Admission requirements include satisfactory scores on pre-entrance assessment testing, completion of program prerequisite courses with a cumulative grade point average of 2.5 or better, rank ordering by grade point average, and completion of all requirements for admission as a full-time student to the college. Clinical skills testing may be required for advanced placement. Contact the Health Occupations Admissions Office at El Centro College to receive an information packet, and the Assessment Center to sign up for the assessment tests.

SMALL BUSINESS ACADEMY

El Centro only

(Level I Certificate)

(Students pursuing this certificate program are waived from TASP requirements.)

Degree Plan Code: C1.SMALL.BUS.ACAD

This is a 15 semester credit hour Level I Certificate Program in entrepreneurship. Graduates of this program receive instruction underwritten by the REAL (Rural Entrepreneurship through Action Learning) National and State Organizations. The program is designed to teach foundational business competencies which will provide learners with the knowledge and practical skills to plan, start and run their own business.

Coursework in Accounting, Business Law and Computer Information Systems enhance the emphasized skills in entrepreneurship: life skills, opportunity identification, opportunity evaluation, and opportunity realization. Instruction focuses on such topics as financial feasibility, products and services, marketing, operations legal and ethical issues, and attracting customers. Students will keep journals, make oral presentations and construct a business plan which they can apply in their own community.

This degree plan is in the process of being revised prior to Fall 2001. Please consult with an advisor prior to enrolling for courses in this degree plan. Revised degree plans can be accessed and viewed on the Dallas County Community College District web page beginning June 2001 at [http://www.dcccd.edu/catalog/admiss/dp.htm].
SURGICAL TECHNOLOGIST

El Centro only

(Certificate)

(Students pursuing this certificate program are required to meet all TASP requirements.)

Degree Plan Code: CERT.SGTC.TECHNOLOGY

The Surgical Technologist program offers the student a learning opportunity to provide patient services in the operating room setting under the supervision of the operating room director. The Surgical Technologist, as a part of the operating team, aids in providing safe and efficient patient care. The technologist prepares the instruments, supplies and equipment for use at the operating room table and assists in the use of these materials during surgical procedures.

The Surgical Technology program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP, 35 East Wacker Drive, Suite 1970, Chicago, Illinois 60601-2206: Telephone number 312-553-9355) in cooperation with the Accreditation Review Committee for Educational Programs in Surgical Technology (ARC-ST, 7108-C South Alton Way, Englewood, Colorado 80112: Telephone number 303-694-9262).

ADMISSION TO THE PROGRAM:

Admission requirements include:

1. Completion of all requirements for admission as a full-time student to the college.
2. High school diploma or GED.
3. Satisfactory scores on assessment exams.
4. An information session.
5. Must complete prerequisites to program with a 2.5 G.P.A. or better.
6. Must have a G.P.A. of 2.5 or better from previous college courses. Developmental course grades are not included in the G.P.A. calculation.
7. Applicants are rank ordered for admission based on the grade point average earned on five prerequisite courses.

Contact the Assessment Center at El Centro College to schedule the assessment exam. Call Health Occupational Admissions, (214) 860-2272, to receive an information packet.

# # Support courses may be completed before, but not after, the semester indicated.

A "C" grade or better is required in all courses.
VOCATIONAL NURSING

El Centro only

(Certificate)

(Students pursuing this certificate program are required to meet all TASP requirements.)

Degree Plan Code: C2.NURS.VOCATIONAL

The Vocational Nursing program prepares students to give direct patient care under the supervision of a registered nurse or a physician. The program is accredited by the Board of Vocational Nurse Examiners for the State of Texas (333 Guadalupe, Suite 3-400, Austin, Texas 78701: Telephone number 512-305-8100) and the National League for Nursing Accrediting Commission (61 Broadway, 33rd floor, New York, New York 10006: Telephone number 212-363-5555). Upon completion of the program, the student is awarded a certificate and may write the Licensing Examination for Vocational Nurses (NCLEX-PN) in order to become a Licensed Vocational Nurse (LVN) in Texas. The program includes classroom and laboratory work on campus as well as clinical experience at various area hospitals.

Admission requirements include an information session, satisfactory scores on pre-entrance assessment testing, and a cumulative grade point average of 2.0 or better on any college course work completed. There are no formal prerequisite courses; however, students are encouraged to complete the general education support courses required in the nursing curriculum prior to application to the program. Applicants are ranked utilizing the following priority criteria: 1) number of credit hours of general education support courses required by the Vocational Nursing curriculum, 2) grade point average on the required general education support courses, and 3) information session attendance date.

ACCT 2301 Principles Of Accounting I (3)
(This is a common course number. Former course prefix/number ACC 201)
Suggested Prerequisite: None. This course covers the theory and practice of measuring and interpreting financial data for business units. Basic concepts, principles, and procedures are applied to the following topics: operating cycle, accruals and deferrals, financial statements, internal controls, receivables, inventory, fixed assets, and liabilities. (3 Lec.)

ACCT 2302 Principles Of Accounting II (3)
(This is a common course number. Former course prefix/number ACC 202)
Suggested Prerequisite: Accounting 2301 or Accounting 2401. This course covers the theory and practice of measuring and interpreting financial data for business units, with emphasis on corporations and managerial applications. Basic concepts, principles, and procedures are applied to the following topics: preparation and analysis of financial statements, budgeting, cash flow, cost systems, responsibility accounting, and cost-volume-profit analysis. (3 Lec.)

ACCT 2401 Principles Of Accounting I (4)
(This is a common course number. Former course prefix/number ACC 203)
Suggested Prerequisite: None. This course covers the theory and practice of measuring and interpreting financial data for business units. Basic concepts, principles, and procedures are applied to the following topics: operating cycle, accruals and deferrals, financial statements, internal controls, receivables, inventory, fixed assets, and liabilities. Laboratory fee. (3 Lec., 2 Lab.)

ACCT 2402 Principles Of Accounting II (4)
(This is a common course number. Former course prefix/number ACC 204)
Suggested Prerequisite: Accounting 2301 or Accounting 2401. This course covers the theory and practice of measuring and interpreting financial data for business units, with emphasis on corporations and managerial applications. Basic concepts, principles, and procedures are applied to the following topics: preparation and analysis of financial statements, budgeting, cash flow, cost systems, responsibility accounting, and cost-volume-profit analysis. Laboratory fee. (3 Lec., 2 Lab.)
ACNT 1313 Computerized Accounting
Applications (3)
(This is a WECM course number. Former course prefix/number ACCT 2370.)
Suggested Prerequisite: Accounting 2301 or Accounting 2401, Accounting 1303, or concurrent enrollment. A study of utilizing the computer to develop and maintain accounting record keeping systems, make management decisions, and process common business applications with emphasis on utilizing a spreadsheet and/or database package/program. Laboratory fee. (2 Lec., 2 Lab.)

ACNT 1329 Payroll And Business Tax Accounting (3)
(This is a WECM course number.)
Suggested Prerequisite: Accounting 2301 or Accounting 2401, Accounting 1303, or concurrent enrollment. A study of payroll procedures, taxing entities, and reporting requirements of local, state, and federal taxing authorities in a manual and computerized environment. (3 Lec.)

ACNT 1331 Federal Income Tax: Individual (3)
(This is a WECM course number. Former course prefix/number ACCT 2372.)
Suggested Prerequisite: Accounting 2301 or Accounting 2401. Basic instruction in the tax laws as currently implemented by the Internal Revenue Service providing a working knowledge of preparing taxes for the individual. (3 Lec.)

ACNT 1366 Practicum - Accounting (3)
(This is a WECM course number. Former course prefix/number ACCT 7371.)
Suggested Prerequisite: Accounting 2301 or 2401, Accounting 1303, or concurrent enrollment and instructor approval. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Ext.)

ACNT 1380 Cooperative Education - Accounting (3)
(This is a WECM course number. Former course prefix/number ACCT 7372.)
Suggested Prerequisite: Accounting 2301 or 2401, Accounting 1303, or concurrent enrollment and instructor approval. Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Ext.)

ACNT 1391 Special Topics In Accounting (3)
(This is a WECM course number.)
Suggested Prerequisite: None. Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (3 Lec.)

ACNT 2303 Intermediate Accounting I (3)
(This is a WECM course number. Former course prefix/number ACCT 2378.)
Suggested Prerequisite: Accounting 2301 or Accounting 2401. Critical analysis of generally accepted accounting principles, concepts, and theory underlying the preparation of financial statements. Emphasis on current theory and practice. (3 Lec.)

ACNT 2304 Intermediate Accounting II (3)
(This is a WECM course number. Former course prefix/number ACCT 2379.)
Suggested Prerequisite: Accounting 2301 or Accounting 2401. Continued in-depth analysis of generally accepted accounting principles underlying the preparation of financial statements including comparative analysis and statement of cash flow. (3 Lec.)

ACNT 2309 Cost Accounting (3)
(This is a WECM course number. Former course prefix/number ACCT 2376.)
Suggested Prerequisite: Accounting 2302 or Accounting 2402. A study of budgeting and cost control systems including a detailed study of manufacturing cost accounts and reports, job order costing, and process costing. Includes introduction to alternative costing methods such as activity-based and just-in-time costing. (3 Lec.)
ACNT 2366 Practicum - Accounting (3)
(This is a WECM course number. Former course prefix/number ACCT 7471.)
Suggested Prerequisite: Accounting 1366 and instructor approval. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student’s general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Ext.)

ACNT 2380 Cooperative Education - Accounting (3)
(This is a WECM course number. Former course prefix/number ACCT 7472.)
Suggested Prerequisite: Accounting 1380 and instructor approval. Career related activities encountered in the student’s area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Ext.)

ARCHITECTURE

ARCH 1205 Architectural Aesthetics (3)
(This is a common course number. Former course prefix/number ARC 102)
Visual experiences in the aesthetics of architecture are studied in context with architecture as a contemporary philosophical concept. (3 Lec.)
(Coordinating Board Academic Approval Number 0402015222)

ARCH 1301 History Of Architecture Survey To 1850 (3)
(This is a common course number. Former course prefix/number ARC 233)
The architectural contributions of Ancient, Classical, Medieval, and Renaissance societies are surveyed, along with their relationships to the cultural heritage of the Western World. (3 Lec.)
(Coordinating Board Academic Approval Number 3012015122)

ARCH 1302 History Of Modern Architecture (3)
(This is a common course number. Former course prefix/number ARC 230)
The evolution of 20th. Century design theory is surveyed, from the Industrial Revolution to the present. Special attention is given to significant architects, designers, and personalities and their effect on the modern movement. (3 Lec.)
(Coordinating Board Academic Approval Number 3012015122)

ARCH 1303 Architectural Design I (3)
(This is a common course number. Former course prefix/number ARC 161)
Basic concepts of design are studied including form, scale, proportion, rhythm, unity, accent, texture, and pattern, as applied to two-dimensional and three-dimensional abstract projects. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 0402015422)

ARCH 1304 Architectural Design II (3)
(This is a common course number. Former course prefix/number ARC 162)
Prerequisites: For architecture majors only, Architecture 1307 and Architecture 1303. This course is a continuation of Architecture 1303, with emphasis upon architecture theories, perceptions, environmental factors and communication of those elements in design. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 0402015422)

ARCH 1307 Architectural Graphics I (3)
(This is a common course number. Former course prefix/number ARC 130)
Basic architectural drafting techniques are studied including orthographic projection and isometric drawing. Linework in pencil and ink are emphasized. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 4801025322)

ARCH 1308 Architectural Graphics II (3)
(This is a common course number. Former course prefix/number ARC 133)
Prerequisite: Architecture 1307 or demonstrated competence approved by the division dean. Three-dimensional drawing utilizing perspective and shade/shadow theory is studied in pencil and ink. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 4801025322)

ARCH 1311 Introduction to Architecture (3)
(This is a common course number. Former course prefix/number ARC 101)
This course is an introduction to the elements of architecture, opportunities within the architectural profession are explored. (3 Lec.)
(Coordinating Board Academic Approval Number 0402015922)

ARCH 1315 Architectural Computer Graphics I (3)
(This is a common course number. Former course prefix/number ARC 257)
Basic computer terminology and software applications utilizing the microcomputer in architecture and design are studied. Laboratory fee. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4801025222)
ART 104
Prerequisites: Interior Design program major. Basic concepts of design limited to black and white values are studied including form, scale, space, proportion, rhythm, theme, variety, accent, unity, texture, and pattern as applied to two-dimensional and three-dimensional abstract projects. This course is intended for students enrolled in applied arts programs. Laboratory fee. (2 Lec., 5 Lab.)
(Coordinating Board Academic Approval Number 0402015422)

ARCH 2301 Freehand Drawing I (3)
Prerequisite: Architecture 2301. Representational drawing is studied with emphasis upon eye-to-hand coordination utilizing light, shade, line, and tonal quality. Pencil media is utilized. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 4801028122)

ARCH 2302 Freehand Drawing II (3)
Prerequisite: Architecture 2301. Representational drawing is continued using a variety of techniques in pen and ink media. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 4801028122)

ARCH 2312 Materials Of Construction (3)
The nature and use of materials in construction are explored. Emphasis is placed upon appropriateness and use in design as they relate to design expression and codes. (3 Lec.)
(Coordinating Board Academic Approval Number 1501018122)

ARTS 1170 Problems In Contemporary Art (1)
(This is a common course number. Former course prefix/number ART 199)
Area artists, critics, and art educators speak with students about the work exhibited in the gallery and discuss current art styles and movements. They also discuss specific aspects of being artists in contemporary society. This course may be repeated for credit. (1 Lec.)
(Coordinating Board Academic Approval Number 6007035330)

ARTS 1301 Art Appreciation (3)
Films, lectures, slides, and discussions focus on the theoretical, cultural, and historical aspects of the visual arts. Emphasis is on the development of visual and aesthetic awareness. (3 Lec.)
(Coordinating Board Academic Approval Number 5007035130)

ARTS 1303 Survey Of Art History (3)
This course covers the history of western art from prehistoric time through the Gothic period. It explores the cultural, geophysical, and personal influences on art styles. (3 Lec.)
(Coordinating Board Academic Approval Number 6007035230)

ARTS 1304 Survey Of Art History (3)
This course covers the history of art from the Renaissance through the present. It explores the cultural, geophysical, and personal influences on art styles. (3 Lec.)
(Coordinating Board Academic Approval Number 6007035230)

ARTS 1311 2D Design (3)
Basic concepts of design with two-dimensional materials are explored. The use of line, color, illusion of space or mass, texture, value, shape, and size in composition is considered. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 6004018330)

ARTS 1312 3D Design (3)
Basic concepts of design with three-dimensional materials are explored. The use of mass, space, movement, and texture, line, plane, volume, color, and scale is considered. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 6004018330)

ARTS 1316 Drawing I (3)
This beginning course investigates various media, techniques, and subjects. It explores perceptual and descriptive possibilities and considers drawing as a developmental process as well as an end in itself. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055230)

ARTS 1317 Drawing II (3)
Prerequisite: Arts 1316. This course is an expansion of Arts 1316. It stresses the expressive and conceptual aspects of drawing, including advanced composition arrangements, a range of wet and dry media, and the development of an individual approach to theme and content. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055230)
ARTS 2316 Painting I (3)
(This is a common course number. Former course prefix/number ART 220)
Prerequisites: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317.
This studio course stresses fundamental concepts of painting with acrylics and oils. Emphasis is on painting from still life, models, and the imagination. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007086230)

ARTS 2317 Painting II (3)
(This is a common course number. Former course prefix/number ART 206)
Prerequisite: Arts 2316. This course continues Arts 2316. Emphasis is on individual expression. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007088230)

ARTS 2326 Sculpture I (3)
(This is a common course number. Former course prefix/number ART 208)
Prerequisites: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317.
Various sculptural approaches are explored. Different media and techniques are used. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007086230)

ARTS 2333 Printmaking I (3)
(This is a common course number. Former course prefix/number ART 220)
Prerequisites: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317.
Basic printmaking processes are introduced. Included are planographic, intaglio, stencil and relief processes. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007086130)

ARTS 2341 Art Metals/Jewelry I (3)
(This is a common course number. Former course prefix/number ART 116)
Prerequisites: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317.
This course focuses on the building of pottery forms by coil, slab, and use of the wheel. Glazing and firing are also included. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007136130)

ARTS 2342 Art Metals/Jewelry II (3)
(This is a common course number. Former course prefix/number ART 117)
Prerequisite: Arts 2341. This course continues Arts 2341. Advanced fabrication, lost wax casting, setting of faceted stones, and forging and shaping of metal, including repousse and chasing are presented. Emphasis is on original design. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007138130)

ARTS 2346 Ceramics I (3)
(This is a common course number. Former course prefix/number ART 215)
Prerequisites: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317.
This course focuses on the building of pottery forms by coil, slab, and use of the wheel. Glazing and firing are also included. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007118130)

ARTS 2366 Watercolor I (3)
(This is a common course number. Former course prefix/number ART 217)
Prerequisites: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317.
This course explores studio techniques in water base media. Emphasis is placed on exploration of a variety of modes and techniques as a means to original expression. This course may be repeated for credit. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085330)

BIOLOGY

SCIT 1407 Human Anatomy and Physiology I (4)
(This is a WECM course number. Former course prefix/number BIOL 1470)
Suggested Prerequisite: SCIT 1470 Human Anatomy and Physiology I. In-depth coverage of the structure and function of the human body. Topics include cell structure and function; tissues; body organization; and the integumentary, skeletal, muscular, nervous and endocrine systems. Emphasis is on homeostasis. (3 Lec., 3 Lab.)

SCIT 1408 Human Anatomy and Physiology II (4)
(This is a WECM course number. Former course prefix/number BIOL 1472)
A continuation of Human Anatomy and Physiology I with in-depth coverage of the structure and function of the human body. Topics include the digestive, respiratory, cardiovascular, lymphatic, immune, excretory, and reproductive systems. Emphasis is on homeostasis. (3 Lec., 3 Lab.)

BIOL 1406 General Biology (4)
(This is a common course number. Former course prefix/number BIO 101)
This course is the first of a two semester sequence designed for students majoring or minoring in biology and related disciplines. Topics include but are not limited to the scientific method, general and biological chemistry, cell structure and function, cell reproduction, and molecular genetics. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2501015124)
BIOL 1407 General Biology (4)
(This is a common course number. Former course prefix/number BIO 102)
Prerequisite: Biology 1406 General Biology. This course is a continuation of Biology 1406 and is intended for students majoring or minoring in biology and related disciplines. Topics include but are not limited to development, evolution, ecology, population genetics, and a review of the diversity of life. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601016124)

BIOL 1408 Biological Science (4)
(This is a common course number. Former course prefix/number BIO 116)
This course is designed for all majors except science. Selected topics in biological science are presented to students not majoring in the sciences to promote their understanding of biological concepts and to enable them to use these concepts in their daily lives. Topics include chemistry and biochemistry, the cell, respiration, photosynthesis, cell reproduction, genetics, and reproduction and development. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601016124)

BIOL 1409 Biological Science (4)
(This is a common course number. Former course prefix/number BIO 116)
This course is designed for all majors except science. Selected topics in biological science are presented to students not majoring in the sciences to promote their understanding of biological concepts and to enable them to use these concepts in their daily lives. Topics include plant and animal systems, diversity of life and population dynamics, taxonomy, evolution, and ecology. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601016124)

BIOL 2306 Environmental Biology (3)
(This is a common course number. Former course prefix/number BIO 223)
The principles of aquatic and terrestrial communities are presented. Emphasis is on the relationship of these principles to the problems facing people in a modern technological society. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 0301028124)

BIOL 2370 Field Biology (3)
(Former course prefix/number BIO 218)
Local plant and animal life are surveyed in relationship to the environment. Aquatic and terrestrial communities are studied with reference to basic ecological principles and techniques. Emphasis is upon classification, identification, and collection of specimens in the field. This course may be repeated for credit. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 2606039203. This is a unique need course.)

BIOL 2401 Anatomy And Physiology I (4)
(This is a common course number. Former course prefix/number BIO 221)
Prerequisite: Biology 1406 and Biology 1407 or demonstrated competence approved by the instructor. This course examines cell structure and function, tissues, and the skeletal, muscular, and nervous systems. Emphasis is on structure, function, and the interrelationships of the human systems. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2607068124)

BIOL 2402 Anatomy And Physiology II (4)
(This is a common course number. Former course prefix/number BIO 222)
Prerequisite: Biology 2401 or demonstrated competence approved by the instructor. This is the second course of a two course sequence. Structure and function as related to the human circulatory, respiratory, urinary, digestive, reproductive, and endocrine systems are studied. Emphasis is placed on the interrelationships of these systems. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2607068124)

BIOL 2416 Genetics (4)
(This is a common course number. Former course prefix/number BIO 226)
Prerequisite: Biology 1406 or demonstrated competence approved by the instructor. This course focuses on genetics. Topics include Mendelian inheritance, recombinant genetics, the biochemical theory of genetic material, and mutation theory. Plant and animal materials are used to study population genetics, linkage, gene structure and function, and other concepts of heredity. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2606136124)

BIOL 2420 General Microbiology (4)
(This is a common course number. Former course prefix/number BIO 210)
Prerequisite: Biology 1406 and Biology 1407 or Biology 1472 or demonstrated competence approved by the instructor. Topics include growth, reproduction, nutrition, genetics, and ecology of micro-organisms, as well as aspects of microbial disease, immunology and chemotherapy. Laboratory activities constitute a major part of the course. Laboratory fee. (3 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 2606018124)
BUSINESS

BUSI 1301 Introduction To Business (3)
(This is a common course number. Former course prefix/number BUS 108)
This course provides an introduction to business operations. Topics include: the business system, legal forms of business, organization and management, business functions (production, marketing, finance, risk management, information systems, accounting) and the environments affecting business (the economy, labor, government regulation, social responsibility, law, international business, and technology). (3 Lec.)
(Coordinating Board Academic Approval Number 5201015121)

BUSI 1307 Personal Finance (3)
(This is a common course number. Former course prefix/number BUS 143)
Personal financial issues are explored. Topics include financial planning, insurance, budgeting, credit use, home ownership, savings, investment, and tax problems. (3 Lec.)
(Coordinating Board Academic Approval Number 1904015121)

BUSI 2301 Business Law (3)
(This is a common course number. Former course prefix/number BUS 234)
This course presents the legal principles affecting business decisions. The law of contracts, agency, sales, negotiable instruments, and secured transactions are specifically covered. (3 Lec.)
(Coordinating Board Academic Approval Number 2204015121)

CHEMISTRY

CHEM 1104 Chemical Calculations (1)
(This is a common course number.)
Prerequisite: None. Chemical calculations are studied. This course is intended for students needing additional practice or preparation. Variable credit (one or two hours) is available. (1 Lec.)
(Coordinating Board Academic Approval Number 4005025203)

CHEM 1405 Introductory Chemistry I (4)
(Former course prefix/number CHM 115)
Prerequisite: Developmental Mathematics 0091 or the equivalent. This course is for non-science majors. Fundamental concepts are presented in lecture and laboratory including the periodic table, atomic structure, chemical bonding, reactions, stoichiometry, states of matter, properties of metals, nonmetals and compounds, acid-base theory, oxidation-reduction and solutions. Descriptive chemistry is emphasized. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4005015139)

CHEM 1407 Introductory Chemistry II (4)
(Former course prefix/number CHM 116)
Prerequisite: Chemistry 1405 or demonstrated competence approved by the instructor. This course is for non-science majors. It surveys organic chemistry and biochemistry. The reactions, syntheses, nomenclature, uses, purposes and properties of the important classes of organic and biochemical compounds are studied. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4005015139)

CHEM 1411 General Chemistry I (4)
(This is a common course number. Former course prefix/number CHM 101)
Prerequisites: Developmental Mathematics 0093 or the equivalent and one of the following: high school chemistry, Chemistry 1405, or the equivalent. This course is for science and science-related majors. Fundamental concepts of chemistry are presented including measurement and the metric system, the history of chemistry, the mole concept, chemical reactions and stoichiometry, energy and chemical reactions, states and properties of matter, the periodic table, chemical bonding, atomic and molecular structure, gas laws, and concentrations of solutions. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4005015239)

CHEM 1412 General Chemistry II (4)
(This is a common course number. Former course prefix/number CHM 102)
Prerequisite: Chemistry 1411. This course is for science and science-related majors. It is a continuation of Chemistry 1411. Topics include states of matter, phase diagrams and intermolecular interactions; reaction kinetics, chemical equilibrium, modern acid-base theory, buffers, chemical thermodynamics, colligative properties of solutions, electrochemistry and nuclear chemistry. Topics may further include transition-metal chemistry, an introduction to organic chemistry and qualitative inorganic analysis. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4005015239)

CHEM 2423 Organic Chemistry I (4)
(Former course prefix/number CHM 201)
Prerequisite: Chemistry 1412. This course is for science and science-related majors. It introduces the fundamental classes of organic (carbon) compounds, and begins the study of aliphatic and aromatic compounds, including nomenclature, structure and isomerism, stereochemistry, types of reactions, common mechanisms and syntheses. Lab includes synthesis, purification by distillation, extraction, recrystallization and chromatography, and identification by physical and chemical means and may include spectroscopic identification. Laboratory fee. (3 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 4005045239)
CHEM 2425 Organic Chemistry II (4)
(This is a common course number. Former course prefix/number CHM 202)
Prerequisite: Chemistry 2423. This course is for science and science-related majors. It is a continuation of Chemistry 2423. Topics include properties and syntheses of aliphatic and aromatic systems of aldehydes, ketones, carboxylic acids, esters, ethers, alcohols, amines and amides. Spectroscopy is included. Further topics may include polyfunctional and heterocyclic compounds, amino acids, proteins, lipids, and carbohydrates. Laboratory includes spectroscopy and qualitative organic analysis, and further work in synthesis. Laboratory fee. (3 Lec., 4 Lab.)

(Coordinating Board Academic Approval Number 4005045239)

COLLEGE LEARNING SKILLS

(See Developmental College Learning Skills)

COMMUNICATIONS

COMM 1336 Television Production I (3)
(This is a common course number. Former course prefix/number RTV 210)
Prerequisite: Journalism 1307 or demonstrated competence approved by the instructor. This course is cross-listed with DRAM 1336. This course introduces the student to station organization, studio operation, and the use of studio equipment. Topics include continuity, camera operation, sound, lighting, and videotape recording. The student may register for either COMM 1336 or DRAM 1336, but may receive credit for only one of the two courses. (2 Lec., 3 Lab.)

(Coordinating Board Academic Approval Number 1001045226)

COMM 1337 Television Production II (3)
(This is a common course number. Former course prefix/number RTV 211)
Prerequisite: Communications 1336. This course is a continuation of Communications 1336. This course is cross-listed with DRAM 1337. Emphasis is on the concept and technique of production of television broadcasts in practical situations. The student may register for either COMM 1337 or DRAM 1337, but may receive credit for only one of the two courses. (2 Lec., 3 Lab.)

(Coordinating Board Academic Approval Number 1001045226)

COMPUTER INFORMATION TECHNOLOGY

ITCC 1402 Local Area Networks Design and Protocols: Cisco 1 (4)
(This is a WECM course number. Former course prefix/number CISC 2373, CISC 2484, and ITNW 1313.)
Suggested prerequisite: Advanced level of understanding of personal computers and operating systems approved by designated Information Technology personnel. Skill development in the design and installation of local area networks to ensure optimal throughput. Topics include cabling, cable closets, management devices, selection, and installation of network devices, protocols, and subnetting. Laboratory fee. (3 Lec., 4 Lab.)

(Coordinating Board Academic Approval Number 1001045226)

ITCC 1406 Basic Router Configuration: Cisco 2 (4)
(This is a WECM course number. Former course prefix/number CISC 2373, CISC 2484, and ITNW 1317)
Prerequisite: ITCC 1402 or ITNW 1313. An introduction to Cisco basic router configuration for local area networks. Topics include initial router configuration for TCP/IP, management of the configuration, backup of router configuration files, routing protocols, and the use of security features. Laboratory fee. (3 Lec., 4 Lab.)

ITCC 1442 Local Area Management (LAN): Cisco 3 (4)
(This is a WECM course number. Former course prefix/number CISC 2373, CISC 2484, and ITNW 1340.)
Prerequisite: ITCC 1406 or ITNW 1317. Skill development in managing traffic in local area networks (LAN) and in the management of network devices for LANs. Topics include configuring routers for the IPX protocol, filtering traffic in an IPX environment, and identifying and resolving network congestion problems. Laboratory fee. (3 Lec., 4 Lab.)

ITCC 1446 Wide Area Management (WAN): Cisco 4 (4)
(This is a WECM course number. Former course prefix/number CISC 2484 and ITNW 1344.)
Prerequisite: ITCC 1442 or ITNW 1340. An introduction to wide area networking (WAN) services and management. Topics include configuring and monitoring WAN services, encapsulating WAN data, and WAN protocols. Laboratory fee. (3 Lec., 4 Lab.)
ITCC 2432 Advanced Routing Configuration: Cisco 5 (4)
(This is a WECM course number. Former course prefix/number ITNW 1492.)
Prerequisite: ITCC 1446 or ITNW 1344 or CCNA certification. A study of advanced network deployment issues and methods used to configure Cisco routers for effective LAN and WAN traffic management. Topics include designing scalable internetworks, managing traffic and access for IP and IPX/SPX, configuring OSPF in single and multiple areas, and configuring and using interior and border gateway routing protocols. Laboratory fee. (3 Lec., 4 Lab.)

ITCC 2436 Building Remote Access Networks: Cisco 6 (4)
(This is a WECM course number.)
Prerequisite: ITCC 2432. Designing and building remote access networks with Cisco products. Topics include assembling and cabling WAN components, configuring network connections via asynchronous modem, ISDN, X.25, and frame relay architectures and associated protocols. Laboratory fee. (3 Lec., 4 Lab.)

ITCC 2440 Configuring LAN Switches: Cisco 7 (4)
(This is a WECM course number.)
Prerequisite: ITCC 2436. An introduction to Cisco switches and how to use Cisco switches effectively in networks. Topics include switching concepts, virtual LANs, switch architecture (hardware and software), switch configuration, management and troubleshooting. Laboratory fee. (3 Lec., 4 Lab.)

ITCC 2444 Internetwork Troubleshooting: Cisco 8 (4)
(This is a WECM course number.)
Prerequisite: ITCC 2440. A study of troubleshooting methods for internetworks. Topics include Cisco Troubleshooting Tools, diagnosing and correcting problems with TCP/IP, Novell, and AppleTalk networks, and with Frame Relay and ISDN network connections. Laboratory fee. (3 Lec., 4 Lab.)

ITNW 1280 Cooperative Education - Business Systems Networking and Telecommunications (2)
(This is a WECM course number. Former course prefix/number CISC 7271.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 10 Lab.)

ITNW 1292 Special Topics in Business Systems Networking and Telecommunications (2)
(This is a WECM course number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (2 Lec.)

ITNW 1380 Cooperative Education - Business Systems Networking and Telecommunications (3)
(This is a WECM course number. Former course prefix/number CISC 7471.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Lab.)

ITNW 1392 Special Topics in Business Systems Networking and Telecommunications (3)
(This is a WECM course number. Former course prefix/number CISC 2372.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)

ITNW 1425 Fundamentals of Networking (4)
(This is a WECM course number. Former course prefix/number CISC 2370.)
Instruction in networking technologies and their implementation. Topics include the OSI reference model, network protocols, transmission media, and networking hardware and software. Laboratory fee. (3 Lec., 4 Lab.)
ITNW 1437 Introduction to the Internet (4)
(This is a WECM course number. Former course prefix/number CISC 1376.)
Introduction to the Internet with emphasis on using the World Wide Web to locate, transfer, and publish information. Survey of emerging technologies on the Internet. Laboratory fee. (3 Lec., 4 Lab.)

ITNW 1492 Special Topics in Business Systems Networking and Telecommunications (4)
(This is a WECM course number. Former course prefix/number CISC 2484.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. Laboratory fee. (3 Lec., 4 Lab.)

ITSC 1280 Cooperative Education - Computer and Information Sciences, General (2)
(This is a WECM course number. Former course prefix/number CISC 7271.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 10 Lab.)

ITSC 1281 Cooperative Education - Computer and Information Sciences, General (2)
(This is a WECM course number. Former course prefix/number CISC 7272.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 10 Lab.)

ITSC 1380 Cooperative Education - Computer and Information Sciences, General (3)
(This is a WECM course number. Former course prefix/number CISC 7471.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Lab.)

ITSC 1381 Cooperative Education - Computer and Information Sciences, General (3)
(This is a WECM course number. Former course prefix/number CISC 7472.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Lab.)

ITSC 1401 Introduction to Computers (4)
(This is a WECM course number. Former course prefix/number CISC 1470)
Overview of computer information systems. Introduces computer hardware, software, procedures, and human resources. Explores integration and application in business and other segments in society. Fundamentals of computer problem-solving and programming may be discussed and applied. Examines applications and software relating to a specific curricular area. Laboratory fee. (3 Lec., 4 Lab.)

ITSC 1401 will not meet the core curriculum and/or Associate in Arts or Associate in Sciences requirement.

ITSC 1402 Computer Control Language (4)
(This is a WECM course number. Former course prefix/number CISC 2478.)
Skill development in the use of system control language on mini/mid-range/mainframe computers. Topics include command formats, file management, job scheduling, resource management, and utilities. Laboratory fee. (3 Lec., 3 Lab.)

ITSC 1405 Introduction to PC Operating Systems (4)
(This is a WECM course number. Former course prefix/number CISC 2479.)
A study of personal computer operating systems. Topics include installation and configuration, file management, memory and storage management, control of peripheral devices, and use of utilities. Laboratory fee. (3 Lec., 3 Lab.)

ITSC 1407 UNIX Operating System I (4)
(This is a WECM course number. Former course prefix/number CISC 1480.)
A study of the UNIX operating system including multi-user concepts, terminal emulation, use of system editor, basic UNIX commands, and writing script files. Topics include introductory systems management concepts. Laboratory fee. (3 Lec., 3 Lab.)
ITSC 1409 Integrated Software Applications I (4)
Integration of applications from popular business productivity software suites. Instruction in embedding data, linking and combining documents using word process, spreadsheets, databases, and/or presentation media software. Laboratory fee. (3 Lec., 4 Lab.)

ITSC 1413 Internet/Web Page Development (4)
Instruction in the use of Internet services and the fundamentals of web page design and web site development. The student will identify basic Internet concepts and terminology; use electronic communication methods; collect and evaluate research data using the Internet; and design, create, organize, and publish web pages and sites. Laboratory fee. (3 Lec., 4 Lab.)

ITSC 1425 Personal Computer Hardware (4)
A study of current personal computer hardware including personal computer assembly and upgrading, setup and configuration, and troubleshooting. Laboratory fee. (3 Lec., 3 Lab.)

ITSC 2431 Integrated Software Applications III (4)
Prerequisite: ITSC 1409 or instructor consent. Designed for advanced users with emphasis on a wide range of productivity tasks including complex assignments that require advanced formatting and functionality. Laboratory fee. (3 Lec., 3 Lab.)

ITSC 2435 Application Problem Solving (4)
Analysis and design methods and tools are studied and applied to practical situations involving various business functions. Utilization of current application software to solve advanced problems and generate customized solutions, involving projects and software specific to a specific curricular area. Topics include problem solving skills, logic structures, and programming. Laboratory fee. (3 Lec., 4 Lab.)

ITSC 2437 UNIX Operating System II (4)
Prerequisite: ITSW 1406 or instructor consent. Advanced study of the UNIX operating system. Includes advanced concepts of system management and communication, the installation and maintenance of software, network security, and data integrity issues. Laboratory fee. (3 Lec., 3 Lab.)

ITSC 2439 Personal Computer Help Desk (4)
Prerequisite: ITSC 1405 and (ITSW 1401 or ITSW 2431) and (ITSW 1404 or ITSW 1434) and (ITSW 1407 or ITSW 2437) or instructor consent. Diagnosis and solution of user hardware and software related problems with on-the-job projects in either a Help Desk lab or in short-term assignments for local business. (2 Lec., 4 Lab.)

ITSE 1191 Special Topics in Computer Programming (1)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec.)

ITSE 1280 Cooperative Education - Computer Programming (2)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 10 Lab.)

ITSE 1281 Cooperative Education - Computer Programming (2)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 10 Lab.)

ITSE 1291 Special Topics in Computer Programming (2)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (2 Lec.)
ITSE 1380 Cooperative Education - Computer Programming (3)
(This is a WECM course number. Former course prefix/number CISC 7471.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Lab.)

ITSE 1381 Cooperative Education - Computer Programming (3)
(This is a WECM course number. Former course prefix/number CISC 7472.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Lab.)

ITSE 1391 Special Topics in Computer Programming (3)
(This is a WECM course number. Former course prefix/number CISC 2372.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)

ITSE 1402 Introduction to Computer Programming (4)
(This is a WECM course number. Former course prefix/number CISC 1476.)
Introduction to computer programming with emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 1407 Introduction to C++ Programming (4)
(This is a WECM course number.)
Introduction to computer programming using C++. Emphasis on the fundamentals of structured design with development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 1414 Introduction to RPG Programming (4)
(This is a WECM course number. Former course prefix/number CISC 1478.)
Introduction to computer programming using RPG. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 1418 Introduction to COBOL Programming (4)
(This is a WECM course number. Former course prefix/number CISC 1476.)
Introduction to computer programming using COBOL. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 1422 Introduction to C Programming (4)
(This is a WECM course number. Former course prefix/number CISC 2474.)
Introduction to computer programming using C. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 1431 Introduction to Visual BASIC Programming (4)
(This is a WECM course number. Former course prefix/number CISC 1373.)
Introduction to computer programming using Visual BASIC. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 1450 System Analysis and Design (4)
(This is a WECM course number. Former course prefix/number CISC 2479.)
Prerequisite: Any ITSE programming course or instructor consent. Comprehensive introduction to the planning, design, and construction of computer information systems using the systems development life cycle and other appropriate design tools. Laboratory fee. (3 Lec., 4 Lab.)
ITSE 1491 Special Topics in Computer Programming (4)  
(This is a WECM course number. Former course prefix/number CISC 2484.)  
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 2409 Introduction to Database Programming (4)  
(This is a WECM course number. Former course prefix/number CISC 2484.)  
Application development using database programming techniques emphasizing database structures, modeling, and database access. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 2413 Web Authoring (4)  
(This is a WECM course number.)  
Instruction in designing and developing web pages that incorporate text, graphics, and other supporting elements using current technologies and authoring tools. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 2417 JAVA Programming (4)  
(This is a WECM course number.)  
Introduction to JAVA programming with object-orientation. Emphasis on the fundamental syntax and semantics of JAVA for applications and web applets. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 2421 Introduction to Object-Oriented Programming (4)  
(This is a WECM course number. Former course prefix/number CISC 2487.)  
Introduction to object-oriented programming. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes object-oriented programming techniques, classes, and objects. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 2431 Advanced C++ Programming (4)  
(This is a WECM course number.)  
Prerequisite: ITSE 1407 or instructor consent. The student will develop correct, well documented programs containing complex data structures; incorporate complex input/output file handling techniques; create classes and objects in programs; and incorporate advanced C++ techniques. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 2435 Advanced RPG Programming (4)  
(This is a WECM course number. Former course prefix/number CISC 2492.)  
Prerequisite: ITSE 1414 or instructor consent. Further application of RPG programming techniques, including file access methods, data structures, modular programming, program testing, and documentation. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 2445 Data Structures (4)  
(This is a WECM course number.)  
Prerequisite: Any ITSE Introductory programming course or instructor consent. Further applications of programming techniques. Includes an in-depth look at various data structures and the operations performed on them. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 2449 Advanced Visual BASIC Programming (4)  
(This is a WECM course number.)  
Prerequisite: ITSE 1431 or instructor consent. Further applications of programming techniques using Visual BASIC. Topics include file access methods, data structures, modular programming, program testing, and documentation. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 2451 Advanced COBOL Programming (4)  
(This is a WECM course number. Former course prefix/number CISC 1477.)  
Prerequisite: ITSE 1418 or instructor consent. Further applications of programming techniques using COBOL, including file access methods, data structures, modular programming, program testing, and documentation. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 2455 Advanced C Programming (4)  
(This is a WECM course number. Former course prefix/number CISC 2488.)  
Prerequisite: ITSE 1422 or instructor consent. Further applications of programming techniques using C. Topics include file access methods, data structures, modular programming, program testing, and documentation. Laboratory fee. (3 Lec., 4 Lab.)

ITSE 2457 Advanced Object-Oriented Programming (4)  
(This is a WECM course number.)  
Prerequisite: ITSE 2421 or instructor consent. Application of advanced object-oriented programming techniques such as abstract data structures, class inheritance, virtual functions, and exception handling. Laboratory fee. (3 Lec., 4 Lab.)
ITSE 2459 Advanced Computer Programming (4)
(This is a WECM course number. Former course prefix/number CISC 1477.)
Prerequisite: ITSE 1402 or instructor consent. Further applications of programming techniques. Topics include file access methods, data structures, modular programming, program testing, and documentation. Laboratory fee. (3 Lec., 4 Lab.)

ITSW 1192 Special Topics in Management Information Systems and Business Data Processing, General (1)
(This is a WECM course number. Former course prefix/number CISC 2170.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec.)

ITSW 1280 Cooperative Education-Data Processing Technology/Technician (2)
(This is a WECM course number. Former course prefix/number CISC 7271.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 10 Lab.)

ITSW 1281 Cooperative Education - Data Processing Technology/Technician (2)
(This is a WECM course number. Former course prefix/number CISC 7272.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 10 Lab.)

ITSW 1282 Cooperative Education - Management Information Systems and Business Data Processing, General (2)
(This is a WECM course number. Former course prefix/number CISC 7271.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 10 Lab.)

ITSW 1283 Cooperative Education - Management Information Systems and Business Data Processing, General (2)
(This is a WECM course number. Former course prefix/number CISC 7272.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 10 Lab.)

ITSW 1284 Cooperative Education - Data Processing Technology/Technician (2)
(This is a WECM course number. Former course prefix/number CISC 7273.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 10 Lab.)

ITSW 1292 Special Topics in Management Information Systems and Business Data Processing, General (2)
(This is a WECM course number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (2 Lec.)

ITSW 1380 Cooperative Education - Data Processing Technology/Technician (3)
(This is a WECM course number. Former course prefix/number CISC 7471.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Lab.)
ITSW 1381 Cooperative Education - Data Processing Technology/Technician (3)
(This is a WECM course number. Former course prefix/number CISC 7472.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Lab.)

ITSW 1382 Cooperative Education - Management Information Systems and Business Data Processing, General (3)
(This is a WECM course number. Former course prefix/number CISC 7471)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Lab.)

ITSW 1383 Cooperative Education - Management Information Systems and Business Data Processing, General (3)
(This is a WECM course number. Former course prefix/number CISC 7472)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Lab.)

ITSW 1392 Special Topics in Management Information Systems and Business Data Processing, General (3)
(This is a WECM course number. Former course prefix/number CISC 2372)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)

ITSW 1401 Introduction to Word Processing (4)
(This is a WECM course number. Former course prefix/number CISC 1474)
An overview of the production of documents, tables, and graphics. Topics include entry and editing, reformatting, search and replace, cut-and-paste, file and print operations, and spelling checkers. Laboratory fee. (3 Lec., 4 Lab.)

ITSW 1404 Introduction to Spreadsheets (4)
(This is a WECM course number. Former course prefix/number CISC 2476)
Instruction in the concepts, procedures, and importance of electronic spreadsheets. Topics include formula creation, template design, formatting features, statistical, mathematical and financial functions, file operations, report generation, graphics, and introduction to macro programming. Laboratory fee. (3 Lec., 4 Lab.)

ITSW 1407 Introduction to Database (4)
(This is a WECM course number. Former course prefix/number CISC 2481)
Introduction to database theory and the practical applications of a database. Topics include terminology, database design, table structures, report forms, queries and macros. Laboratory fee. (3 Lec., 4 Lab.)

ITSW 1410 Presentation Media Software (4)
(This is a WECM course number. Former course prefix/number CISC 2375)
Instruction in the utilization of presentation software to produce multimedia presentations. Graphics, text, sound, animation and/or video may be used in presentation development. Topics include product documentation, creating user guides and reference manuals, using tutorials, evaluating and using training materials. Laboratory fee. (3 Lec., 4 Lab.)

ITSW 1411 AS/400 Operating System I (4)
(This is a WECM course number. Former course prefix/number CISC 1473 and CISC 2484)
A study of the AS/400 operating system including multi-user concepts, terminal emulation, use of system editor, basic AS/400 menus, commands, and help screens. Topics include introductory system management concepts and file management. Laboratory fee. (3 Lec., 3 Lab.)

ITSW 1413 Introduction to Data Entry (4)
(This is a WECM course number. Former course prefix/number CISC 1371)
Training in data input. Includes source documents, conversion of source data into computer input media, input record layout design, and input coding. Laboratory fee. (3 Lec., 4 Lab.)

147
ITSW 1492 Special Topics in Management
Information Systems and Business Data Processing, General (4)
(This is a WECM course number. Former course prefix/number CISC 2484.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. Laboratory fee. (3 Lec., 4 Lab.)

ITSW 2431 Advanced Word Processing (4)
(This is a WECM course number. Former course prefix/number OFCT 2372.)
Prerequisite: ITSW 1401 or instructor consent.
Continuation of the study of word processing including advanced applications in merging, macros, graphics, desktop publishing, and extensive formatting for technical documents. Laboratory fee. (3 Lec., 4 Lab.)

ITSW 2434 Advanced Spreadsheets (4)
(This is a WECM course number.)
Prerequisite: ITSW 1404 or instructor consent.
Designed to provide an understanding of advanced functionality of electronic spreadsheets. Topics include mathematical and financial functions, advanced formatting, graphics and macros. Laboratory fee. (3 Lec., 4 Lab.)

ITSW 2437 Advanced Database (4)
(This is a WECM course number.)
Prerequisite: ITSW 1407 or instructor consent.
Designed to provide an understanding of advanced functionality of databases. Topics include advanced data manipulation features, importing and exporting data, and advanced macros and programming. Laboratory fee. (3 Lec., 4 Lab.)

ITSW 2441 AS/400 Operating System II (4)
(This is a WECM course number. Former course prefix/number CISC 1475 and CISC 2484.)
Prerequisite: ITSW 1411 or instructor consent.
Advanced study of the AS/400 operating system. Topics include advanced concepts of systems management and communications, installation and maintenance of software, network security, and data integrity. Laboratory fee. (3 Lec., 3 Lab.)

COMPUTER SCIENCE

COSC 1300 Computer Literacy (3)
(This is a common course number.)
The student will develop the ability to use computer-based technology in communicating, acquiring information and solving problems. Additionally, the student will evaluate the effects and implications of information technology on various aspects of society. COSC 1300 may not be applied towards a computer science major or minor. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 1101015127)

COSC 1315 Computer Science I (3)
(This is a common course number. Former course prefix/number CS 113)
This introductory course is designed to meet the requirements for a four-year degree with a major or minor in computer science, mathematics, or a scientific field. This course will focus on problem-solving using modular design techniques implemented with a structured programming language. Laboratory fee. (3 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 1102015227)

COSC 1320 C Programming (3)
(This is a common course number. Former course prefix/number CS 120)
Prerequisite: Two years of high school algebra or Developmental Math 0093 or demonstrated competence approved by the instructor. This introductory course is designed to meet the requirements for a four-year degree with a major or minor in computer science, mathematics, or a scientific field. The emphasis is on the fundamentals of programming using the C Programming language. Topics covered include input/output processing, structured programming, modular design and problem-solving techniques. Laboratory fee. (3 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 1102015227)

COSC 1401 Microcomputer Concepts and Applications (4)
(This is a common course number.)
This course introduces the use of computers in business organizations, professional activities and personal life. Topics include terminology, hardware and software, applications and systems development, networking and the use of contemporary software. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1101015227)
CRIJ 1307 Crime In America (3)
(This is a common course number. Former course prefix/number CJ 139.)
American crime problems are studied in the historical perspective. Social and public policy factors affecting crime are discussed. The impact of crime and crime trends are shown along with the social characteristics of specific crimes. The prevention of crime is emphasized. (3 Lec.)
(Coordinating Board Academic Approval Number 4504013242)

CRIJ 1310 Fundamentals Of Criminal Law (3)
(This is a common course number. Former course prefix/number CJ 130.)
A study of the nature of criminal law is presented. The philosophical and historical development of criminal law is covered. Major definitions and concepts are given. The classification of crime is covered. The elements of crimes and penalties are discussed using Texas statutes as illustrations. Criminal responsibility is defined. (3 Lec.)
(Coordinating Board Academic Approval Number 2201013242)

CRIJ 1313 Juvenile Justice System (3)
(This is a WECM course number. Former course prefix/number CJ 2232.)
A study of the juvenile justice process. Topics include specialized juvenile law, role of the juvenile law, role of the juvenile courts, role of police agencies, role of correctional agencies, and theories concerning delinquency. (3 Lec.)
(Coordinating Board Academic Approval Number 4301043242)

CRIJ 2301 Community Resources In Corrections (3)
(This is a WECM course number. Former course prefix/number CJ 281.)
An overview of diversionary practices and treatment programs available to offenders in a local context. Topics include selected recognized models and future trends in community treatment. (3 Lec.)
(Coordinating Board Academic Approval Number 4301043242)

CRIJ 2313 Correctional Systems And Practices (3)
(This is a WECM course number. Former course prefix/number CJ 250.)
A study of the role of corrections in the criminal justice system. Topics include organization and theory of correctional systems, institutional operations, management, alternatives to institutionalization, treatments and rehabilitation, and current and future issues. (3 Lec.)
(Coordinating Board Academic Approval Number 4301043242)
CRIJ 2314 Criminal Investigation (3)
(This is a WECM course number. Former course prefix/number CJ 240.)
Study of investigative theory, the collection and preservation of evidence, sources of information, concepts of interviewing and interrogation, the use of forensic sciences, and trial preparation. (3 Lec.)
(Coordinating Board Academic Approval Number 4301045842)

CRIJ 2323 Legal Aspects of Law Enforcement (3)
(This is a WECM course number. Former course prefix/number CJ 247.)
This course covers police authority, responsibilities, and constitutional constraints. Topics include laws of arrest, search and seizure, and police liability. (3 Lec.)
(Coordinating Board Academic Approval Number 4301045844)

CRIJ 2328 Police System And Practices (3)
(This is a WECM course number. Former course prefix/number CJ 248.)
Exploration of the profession of police officer. Topics include organization of law enforcement systems, the police role, police discretion, ethics, police-community interaction, and current and future issues. (3 Lec.)
(Coordinating Board Academic Approval Number 4301045742)

CJLE 2420 Texas Peace Officer Procedures (4)
(This is a WECM course number. Former course prefix/number CRJ 2333.)
Prerequisite: None. This course is a study of the techniques and procedures used by police officers on patrol. Includes controlled substance identification, handling abnormal persons, traffic collision investigation, note taking and report writing, vehicle operation, traffic direction, crowd control, and jail operations. Laboratory fee. (3 Lec., 4 Lab.)

CJLE 2421 Texas Peace Officer Law (4)
(This is a WECM course number. Former course prefix/number CRJ 2334.)
Prerequisite: None. This course is a study of laws that are directly related to police field work. Topics include traffic, intoxicated driver, Penal Code, elements of crimes, the Family Code, Alcoholic Beverage Code, and civil liability. Laboratory fee. (3 Lec., 4 Lab.)

CJLE 2522 Texas Peace Officer Skills (5)
(This is a WECM course number. Former course prefix/number CRJ 2335.)
Prerequisite: None. This course includes the demonstration and practice of the skills expected of a police officer. Topics include patrol, traffic stops, use of force, mechanics of arrest, firearms safety and emergency medical care. Laboratory fee. (4 Lec., 4 Lab.)

CJSA 1382 Cooperative Education - Criminal Justice Studies (3)
(This is a WECM course number. Former course prefix/number CRJ 7371.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a specific discipline, specific learning objectives guide the student through the paid work experience. The course may be repeated if topics and learning outcomes vary. (1 Lec., 15 Ext.)

CJSA 1482 Cooperative Education - Criminal Justice Studies (4)
(This is a WECM course number. Former course prefix/number CRJ 7471.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a specific discipline, specific learning objectives guide the student through the paid work experience. The course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Ext.)

CJSA 2382 Cooperative Education - Criminal Justice Studies (3)
(This is a WECM course number. Former course prefix/number CRJ 7372.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a specific discipline, specific learning objectives guide the student through the paid work experience. The course may be repeated if topics and learning outcomes vary. (1 Lec., 15 Ext.)

CJSA 2482 Cooperative Education - Criminal Justice Studies (4)
(This is a WECM course number. Former course prefix/number CRJ 7472.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a specific discipline, specific learning objectives guide the student through the paid work experience. The course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Ext.)
FIRT 1303 Fire And Arson Investigation I (3)
(This is a WECM course number.)
In-depth study of basic fire and arson investigation practices. Emphasis on fire behavior principles related to fire cause and origin determination. (3 Lec.)

CULTURAL STUDIES

CUST 2370 Cultural Studies (3)
(This is a common course number.)
Prerequisite: ENGL 1302. This interdisciplinary and cross-cultural course studies human thought and relationships by considering a significant theme. Themes may vary each semester. The course promotes ethical and critical reasoning. (3 Lec.)

DEVELOPMENTAL COLLEGE LEARNING SKILLS

DCLS 0100 College Learning Skills (1)
(Former course prefix/number CLS 100)
This course is for students who wish to extend their learning skills for academic or career programs. Individualized study and practice are provided in reading, study skills, and composition. This course may be repeated for a maximum of three credits. TASP remediation and/or preparation may be included. Students may enroll in up to three different sections of CLS during one semester. This course should not be used for TASP remediation. (1 Lec.)

DEVELOPMENTAL COMMUNICATIONS

DCOM 0085 Communication Skills (3)
(Former course prefix/number DC 085)
This course focuses on strengthening language communications. Topics include grammar, paragraph structure, reading skills, and oral communication. Emphasis is on individual testing and needs. This course should not be used for TASP remediation. (3 Lec.)

DCOM 0120 Communication Skills (3)
(Former course prefix/number DC 120)
This course is for students with significant communication problems. It is organized around skill development, and students may enroll at any time (not just at the beginning of a semester) upon the referral of an instructor. Emphasis is on individual needs and personalized programs. Special attention is given to oral language. Contacts are made with other departments to provide other ways of learning for the students. This course should not be used for TASP remediation. (2 Lec., 2 Lab.)

DEVELOPMENTAL MATHEMATICS

DMAT 0060 Basic Mathematics I (1)
(Former course prefix/number DM 060)
This course is designed to give an understanding of fundamental operations. Selected topics include whole numbers, decimals, and ratio and proportions. (1 Lec.)

DMAT 0061 Basic Mathematics II (1)
(Former course prefix/number DM 061)
This course is designed to give an understanding of fractions. Selected topics include primes, factors, least common multiples, percents, and basic operations with fractions. (1 Lec.)
DMAT 0063 Pre Algebra (1)  
(Former course prefix/number DM 063)  
This course is designed to introduce students to the  
language of algebra with such topics as integers, metrics,  
equations, and properties of counting numbers. (1 Lec.)  
(Coordinating Board Academic Approval Number 3201048137)

DMAT 0090 Pre Algebra Mathematics (3)  
(Former course prefix/number DM 090)  
Prerequisite: An appropriate assessment test score.  
This course is designed to develop an understanding of  
fundamental operations using whole numbers, fractions,  
decimals, and percentages and to strengthen basic skills  
in mathematics. The course is planned primarily for  
students who need to review basic mathematical  
processes. This is a first three-hour course in a  
developmental mathematics sequence. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201048137)

DMAT 0091 Elementary Algebra (3)  
(Former course prefix/number DM 091)  
Prerequisite: Developmental Mathematics 0090 or an  
appropriate assessment test score. This is a course in  
introductory algebra which includes operations on real  
numbers, polynomials, special products and factoring,  
rational expressions, and linear equations and  
inequalities. Also covered are graphs, systems of linear  
equations, exponents, roots, radicals, and quadratic  
equations. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201048137)

DMAT 0093 Intermediate Algebra (3)  
(Former course prefix/number DM 093)  
Prerequisite: One year of high school algebra and an  
appropriate assessment test score or Developmental  
Mathematics 0091. This course includes further  
development of the terminology of sets, operations on  
sets, properties of real numbers, polynomials, rational  
expressions, linear equations and inequalities, the  
straight line, systems of linear equations, exponents,  
roots, and radicals. Also covered are products and  
factoring, quadratic equations and inequalities, absolute  
value equations and inequalities, relations, functions, and  
graphs. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201048137)

DEVELOPMENTAL READING

Students can improve their academic success by taking  
the appropriate reading courses. For an assessment of  
which course to begin with, talk with a reading faculty  
member or a counselor.

DREA 0090 Developmental Reading (3)  
(Former course prefix/number DR 090)  
This course presents basic reading comprehension and  
vocabulary skills. Basic study skills are introduced.  
(3 Lec.)  
(Coordinating Board Academic Approval Number 3201088235)

DREA 0091 Developmental Reading (3)  
(Former course prefix DR 091)  
This course continues the development of reading  
comprehension and vocabulary skills. Study skills are  
also included. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201088235)

DREA 0093 Developmental Reading (3)  
(Former course prefix DR 093)  
This course offers further development of reading  
comprehension, vocabulary, and study skills. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201088235)

DREA 0100 College Learning Skills in Reading (1)  
This course offers further development of reading  
comprehension, vocabulary, and study skills for  
students who have completed the developmental  
reading series, but have not passed the reading portion  
of the TASP test. This course may be repeated for a  
maximum of three credits. (1 Lec.)  
(Coordinating Board Academic Approval Number 3201088235)

DREA 0200 Learning Skills Improvement in  
Reading (1)  
This course offers further development of reading  
comprehension and vocabulary for students who have  
completed the developmental reading series, but have  
not passed the reading portion of the TASP test.  
Emphasis is on the development of learning skills  
according to individual needs. This course may be  
repeated for a maximum of three credits. (2 Lab.)  
(Coordinating Board Academic Approval Number 3201088235)

DREA 0300 Communication Skills in Reading (3)  
This course offers basic reading skill training through  
the use of whole language development. This course is  
designed for students whose assessment scores  
indicate special needs. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201088235)
DREA 0400 Communication Skills in Reading (3)
This course is for students with significant reading problems. It is organized around reading skill development. Emphasis is on individual needs and personalized programs. (3 Lee.)
(Coordinating Board Academic Approval Number 3201088235)

DEVELOPMENTAL WRITING

Students can improve their writing skills by taking Developmental Writing. These courses are offered for three hours of credit.

DWRI 0090 Developmental Writing (3)
(Former course prefix/number DW 090)
This course introduces the writing process. Course topics include practice in getting ideas, writing and rewriting, making improvements, and correcting mistakes. A learning lab is available to provide additional assistance. (3 Lec.)
(Coordinating Board Academic Approval Number 3201088335)

DWRI 0091 Developmental Writing (3)
(Former course prefix/number DW 091)
This course focuses on the writing process. Course topics include inventing, drafting, revising, and editing multi-paragraph papers. Building reading skills, using resources, developing thinking skills, and improving attitudes toward writing comprise other course topics. A learning lab is available to provide additional assistance. (3 Lec.)
(Coordinating Board Academic Approval Number 3201088335)

DWRI 0093 Developmental Writing (3)
(Former course prefix/number DW 093)
This course refines student writing skills in inventing, drafting, revising, and editing multi-paragraph papers. (3 Lec.)
(Coordinating Board Academic Approval Number 3201088335)

DWRI 0100 Developmental Writing (1)
This course focuses on instruction to prepare students to meet TASP requirements. This course is also for students who wish to extend their writing skills for academic or career programs. Individualized study and practice are provided. This course may be repeated for a maximum of three credits. (1 Lec.)
(Coordinating Board Academic Approval Number 3201088335)

DWRI 0200 Developmental Writing (1)
This course focuses upon writing skills improvement. Writing skills are strengthened. Emphasis is on individual needs and personalized programs. This course may be repeated for a maximum of three credits. (2 Lab.)
(Coordinating Board Academic Approval Number 3201088335)

DWRI 0300 Developmental Writing (3)
This course focuses upon strengthening writing skills. Topics include grammar, paragraph structure, and effective communication strategies. (3 Lec.)
(Coordinating Board Academic Approval Number 3201088335)

DWRI 0400 Developmental Writing (3)
This course is for students with significant writing problems. It is organized around skill development, and students may enroll at any time (not just at the beginning of the semester) upon the referral of an instructor. Contacts are made with other departments to provide other ways of learning for the students. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 3201088335)

DIAGNOSTIC MEDICAL SONOGRAPHY

NOTE: HPRS 1204, 1291, 1202, 2300, 2231, 2201 are all health occupations core curriculum courses. These courses are listed and described in a separate section of the college catalog: Health Occupations Core Curriculum.

DMSO 1191 Special Topics In Diagnostic Medical Sonography (1)
(This is a WECM course number. Former course prefix/number SONO 2171.)
Prerequisite: Grade of "C" or better in all previous courses. Detailed study of normal and pathological superficial structures as related to scanning techniques, patient history and laboratory data, transducer selection, and scanning protocols. (1 Lec.)
(Coordinating Board Academic Approval Number 3201088335)

DMSO 1192 Special Topics In Diagnostic Medical Sonography (1)
(This is a WECM course number. Former course prefix/number SONO 2174.)
Prerequisite: Grade of "C" or better in all previous courses. Continuation of superficial structures as related to scanning techniques, patient history and laboratory data, transducer selection, and scanning protocols. Detailed study of normal and pathological neonatal head structures. Review of previously covered material. (1 Lec.)

DMSO 1351 Sonographic Cross Sectional Anatomy (3)
(This is a WECM course number. Former course prefix/number SONO 2377.)
Prerequisite: Minimum grade of "C" or better in all previous courses. This course focuses on a detailed study of the anatomy of the abdomen, including the anatomical relationships of organs such as the liver, gallbladder, spleen, vascular system, and pelvis, as it relates to an ultrasound examination. (3 Lec.)
DMSO 1355 Pathophysiology (3)
(This is a WECM course number. Former course prefix/number SONO 2278)
Prerequisite: Minimum grade of "C" or better in all previous courses. This course presents a study of the pathology and pathophysiology of abdominal structures visualized with ultrasound examination, including urinary and reproductive systems, breast and thyroid. Correlations will be made between sonographic examination and disease processes of these organs. (3 Lec.)

DMSO 1366 Practicum (or Field Experience)-Diagnostic Medical Sonography (3)
(This is a WECM course number. Former course prefix/number SONO 2371)
Prerequisite: Grade of "C" or better in all previous courses. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. (3 Lec.)

DMSO 1405 Sonography I (4)
(This is a WECM course number. Former course prefix/number SONO 2475)
Prerequisite: Admission to program. Detailed study of normal and pathological abdominal structures as related to scanning techniques, patient history and laboratory data, transducer selection, and scanning protocols. Laboratory fee. (3 Lec., 2 Lab.)

DMSO 2101 Ultrasound Instrumentation (1)
(This is a WECM course number. Former course prefix/number SONO 2173)
Prerequisite: A grade of "C" or better in all previous courses. This course focuses on the basic pulse-echo ultrasound system including components and function of the scanner, display system, scan converter, and hard copy units. Emphasis on Doppler production and display and safety and performance issues. (1 Lec.)

DMSO 2263 Clinical-Diagnostic Medical Sonography (2)
(This is a WECM course number. Former course prefix/number SONO 2277)
Prerequisite: Grade of "C" or better in all previous courses. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. (11 Ext.)

DMSO 2343 Advanced Acoustical Physics (3)
(This is a WECM course number. Former course prefix/number SONO 2278)
Prerequisite: Grade of "C" or better in all previous courses. Advanced course emphasizing the use of ultrasound instruments including modes of operation, operation control options, techniques for recording static and dynamic images, and advances in transducer design. (3 Lec.)

DMSO 2345 Advanced Sonography Practices (3)
(This is a WECM course number. Former course prefix/number SONO 2378)
Prerequisite: Minimum grade of "C" or better in all previous courses. Advanced sonographic procedures and special topics. Review of previously covered material is included. Vascular methodology, case studies, and film critique are discussed. This is the capstone experience for the DMSO program. (3 Lec.)

DMSO 2366 Practicum (or Field Experience)-Diagnostic Medical Sonography (3)
(This is a WECM course number. Former course prefix/number SONO 2371)
Prerequisite: Grade of "C" or better in all previous courses. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. (24 Ext.)

DMSO 2367 Practicum (or Field Experience)-Diagnostic Medical Sonography (3)
(This is a WECM course number. Former course prefix/number SONO 2477)
Prerequisite: Grade of "C" or better in all previous courses. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. (30 Ext.)
DMSO 2405 Sonography II (4)
(This is a WECM course number. Former course prefix/number SONO 2476)
Prerequisite: Grade of "C" or better in all previous courses. Detailed study of the male and female pelvis and obstetrics/gynecology as related to scanning techniques, patient history and laboratory data, transducer selection, and scanning protocols. Laboratory fee. (3 Lec., 2 Lab.)

DRAMA
(Formerly Theatre)

DRAM 1120 Rehearsal And Performance I (1)
(This is a common course number. Former course prefix/number THE 114)
Participation in the class may include any phase of rehearsal and performance of the current theatrical presentation. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5005015230)

DRAM 1221 Rehearsal And Performance II (2)
(This is a common course number. Former course prefix/number THE 210)
Participation in the class may include any phase of rehearsal and performance of the current theatrical presentation. This course may be repeated for credit. (6 Lab.)
(Coordinating Board Academic Approval Number 5005015230)

DRAM 1310 Introduction To The Theatre (3)
(This is a common course number. Former course prefix/number THE 101)
The various aspects of theatre are surveyed. Topics include plays, playwrights, directing, acting, theatres, artists, and technicians. (3 Lec.)
(Coordinating Board Academic Approval Number 5005015130)

DRAM 1330 Stagecraft I (3)
(This is a common course number. Former course prefix/number THE 103)
The technical aspects of play production are studied. Topics include shop procedures, the planning and fabrication of scenic elements, and backstage operations. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005025130)

DRAM 1341 Make-Up For The Stage (3)
(This is a common course number. Former course prefix/number THE 105)
The craft of make-up is explored. Both theory and practice are included. Laboratory fee. (3 Lec.)
(Coordinating Board Academic Approval Number 5005025230)

DRAM 1351 Acting I (3)
(This is a common course number. Former course prefix/number THE 106)
The theory of acting and various exercises are presented. Body control, voice, interpretation, characterization, and stage movement are included. Both individual and group activities are used. Specific roles are analyzed and studied. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005035130)

DRAM 1352 Acting II (3)
(This is a common course number. Former course prefix/number THE 107)
Prerequisite: Drama 1351 or demonstrated competence approved by the instructor. This course is a continuation of Drama 1351. Emphasis is on characterization and ensemble acting. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005035130)

DRAM 2336 Voice And Articulation (3)
(This is a common course number. Former course prefix/number THE 109)
Students may register for either Speech 1342 or Drama 2336 but may receive credit for only one of the two. Emphasis is on improving voice and pronunciation. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015835)

DRAM 2351 Scene Study I (3)
(This is a common course number. Former course prefix/number THE 205)
Prerequisites: Drama 1351 and 1352. Emphasis is on the study, rehearsal and performance of selected scenes of various periods and styles. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005035130)

DRAM 2352 Scene Study II (3)
(This is a common course number. Former course prefix/number THE 207)
Prerequisite: Drama 2351. This course is a continuation of Drama 2351. Emphasis is on individual needs of the student and the various styles of production. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005035130)

DRAM 2374 Lighting Design (3)
(Former course prefix/number THE 209)
The design and techniques of lighting are covered. Topics include instrumentation, electricity, control and practical experience. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number is to be assigned. Unique need approval pending.)
ECHOCARDIOLOGY TECHNOLOGY

NOTE: HPRS 1204, 1291, 1202, 2300, 2231, 2201 are all health occupations core curriculum courses. These courses are listed and described in a separate section of the college catalog: Health Occupations Core Curriculum.

DCMS 1214 Introduction to the Echocardiology Lab (2)
(This is a WECM course number. Partial equivalent to ECHO 1270)
Prerequisite: Admission to the Echocardiology Technology program with Health Occupations Core Curriculum or prior degree in Health Sciences. This course is an introductory lab for learning cardiac ultrasound. The student will obtain hands-on experience in a laboratory setting with the opportunity to scan volunteers. Emphasis will be placed on instrumentation, on imaging, and the identification of cardiac anatomy. The student will also be introduced to Doppler, color flow mapping, and M-mode. (2 Lec.)

DCMS 1260 Clinical - Echocardiology Technology (2)
(This is a WECM course number.)
Prerequisite: Admission to the Echocardiology Technology program with Health Occupations Core Curriculum or prior degree in Health Sciences. A method of instruction providing detailed education, training, and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the college faculty. On-site clinical instruction, supervision, evaluation and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. Emphasis will be placed on instrumentation, on imaging and the identification of cardiac anatomy. The student will be introduced to Doppler, color flow mapping, and M-mode studies in the clinical setting. (9 Ext.)

DCMS 1291 Special Topics in Echocardiology Technology (2)
(This is a WECM course number.)
Prerequisite: Grade of "C" or better in all previous DCMS and support courses. Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Course may be repeated if topics and learning outcomes vary. (2 Lec.)

DCMS 1304 Cardiovascular Physiology (3)
(This is a WECM course number. Equivalent to CVTT 1304. No former course prefix/number.)
Prerequisite: Admission to the Echocardiology Technology program with Health Occupations Core Curriculum or prior degree in Health Sciences. A study of the anatomy, physiology, and structural relationships of the human heart and vascular system. Focus on cardiac anatomy, electrocardiology, cardiac hemodynamics, and the innervation of the heart. (3 Lec.)

DCMS 1313 Echocardiology Lab Fundamentals I (3)
(This is a WECM course number. Former course prefix/number ECHO 1370.)
Prerequisite: Admission to the Echocardiology Technology program with Health Occupations Core Curriculum or prior degree in Health Sciences. The student will be introduced to the principles of ultrasound physics and instrumentation. Emphasis is placed on transducers, artifacts, safety, and quality assurance. The student becomes familiar with metric units, sound beams types of resolution, display modes and scan converters, and an overview of the principles of echocardiology. The student learns proper technique, equipment controls, recognition of technical artifacts, best approach for Doppler studies and two-dimensional studies, and identification of M-mode pattern. Laboratory fee. (3 Lec., 3 Lab.)

DCMS 2240 Noninvasive Vascular Echocardiology (2)
(This is a WECM course number.)
Prerequisite: Grade of "C" or better in all previous DCMS and support courses. Introduction to noninvasive vascular studies, primarily using ultrasound to diagnose disease states. The student will learn the role of the echocardiographer in vascular studies. Emphasis will be on the anatomy and physiology of the vascular system, hemodynamics, and pathophysiology of the vascular system. The student will learn the different tests and techniques for noninvasive studies of the peripheral arteries, veins, and cerebrovascular system. (2 Lec.)

DCMS 2410 Echocardiology I (4)
(This is a WECM course number. Former course prefix/number ECHO 2470.)
Prerequisite: Grade of "C" or better in all previous DCMS and support courses. This course is a continuation of Echocardiology Lab Fundamentals. Special emphasis is placed on heart pathologies. This course includes a discussion of pericardial disease, cardiomyopathies, cardiac masses, and endocarditis. Laboratory fee. (3 Lec., 3 Lab.)
DCMS 2450  Echocardiology II (4)
(This is a WECM course number. Former course number/prefix
ECHO 2471.)
Prerequisite: Grade of "C" or better in all previous DCMS
and support courses. This course is a continuation of
Echocardiology I. Emphasis in this course is placed on
the two-dimensional images, Doppler waveforms, and
color-flow mapping. Written reports, review of current
professional literature, and attendance at conferences
are required. This course contains the capstone
experience for the Allied Health Imaging -
Echocardiology Technology program. Laboratory fee. (3
Lec., 3 Lab).

DCMS 2660  Clinical - Echocardiology
Technology (6)
(This is a WECM course number. Former course number/prefix
ECHO 2670.)
Prerequisite: Grade of "C" or better in all previous DCMS
and support courses. A method of instruction providing
detailed education, training, and work-based experience
and direct patient/client care, generally at a clinical site.
Specific detailed learning objectives are developed for
each course by the college faculty. On-site clinical
instruction, supervision, evaluation and placement is the
responsibility of the college faculty. Clinical experiences
are unpaid external learning experiences. Course may be
repeated if topics and learning outcomes vary. Emphasis
will be placed on imaging and the identification of cardiac
anatomy in the standard echocardiography views. The
student will apply the principles of medical ethics,
professionalism, and proper imaging protocol to the
instructor, student, physician, and clinical staff. (32 Ext.).

DCMS 2661  Clinical - Echocardiology
Technology (6)
(This is a WECM course number. Former course number/prefix
ECHO 2671.)
Prerequisite: Grade of "C" or better in all previous DCMS
and support courses. A method of instruction providing
detailed education, training, and work-based experience
and direct patient/client care, generally at a clinical site.
Specific detailed learning objectives are developed for
each course by the college faculty. On-site clinical
instruction, supervision, evaluation and placement is the
responsibility of the college faculty. Clinical experiences
are unpaid external learning experiences. Course may be
repeated if topics and learning outcomes vary. Students
will broaden and perfect their echo-cardiographic skills
through active hands-on participation in a noninvasive
cardiovascular laboratory. Emphasis of this course is
placed on two-dimensional images, Doppler waveforms,
and color flow mapping. Written reports, review of current
professional literature, and attendance at conferences as
required. (32 Ext.).

ECONOMICS

ECON 1303  Economics Of Contemporary Social
issues (3)
(This is a common course number. Former course prefix/number
EC0 105)
This course is an application of the basic economic
concepts to the study of social issues and issues of
public policy. Topics such as the environment, health
care, welfare reform, poverty, job security and economic
growth are discussed. This course may also serve as
preparation for Economics 2301 and Economics 2302,
but will not replace either of these courses where they
are required in a specific degree plan. (3 Lec.)
(Coordinating Board Academic Approval Number 1904026242)

ECON 2301  Principles Of Economics I (3)
(This is a common course number. Former course prefix/number
EC0 201)
Sophomore standing is recommended. An introduction
to principles of macroeconomics is presented.
Economic principles are studied within the framework of
classical, Keynesian, monetarist and alternative models.
Emphasis is given to national income determination,
money and banking, and the role of monetary and fiscal
policy in economic stabilization and growth. Other
topics include international trade and finance. (3 Lec.)
(Coordinating Board Academic Approval Number 4506016142)

ECON 2302  Principles Of Economics II (3)
(This is a common course number. Former course prefix/number
EC0 202)
Prerequisite: Sophomore standing is recommended.
The principles of microeconomics are presented.
Topics include the theory of demand, supply, and price
of factors. Income distribution and theory of the firm are
also included. Emphasis is given to microeconomic
applications of international trade and finance as well as
other contemporary microeconomic problems. (3 Lec.)
(Coordinating Board Academic Approval Number 4506016142)

ECON 2311  Economics of Global Issues (3)
(This is a common course number. Former course prefix/number
EC0 203)
This course examines the history and theory of
international trade and global economic development.
Economic, social, cultural, and political issues which
impact the global economy and basic human welfare are
studied. (3 Lec.)
(Coordinating Board Academic Approval Number 4507016242)
EDUCATIONAL PERSONNEL

EDTC 1164 Practicum (or Field Experience)-Teacher Assistant/Aide (1)
(This is a WECM course number. Former course prefix/number EDUC 7271/EDUC 7371/EP 703/EP 702)
Prerequisite: The completion of two EDTC courses or Instructor's approval. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (10 Lab.)

EDTC 1165 Practicum (or Field Experience)-Teacher Assistant/Aide (1)
(This is a WECM course number. Former course prefix/number EDUC 7272/EDUC 7372/EP 712/EP 713)
Prerequisite: The completion of two EDTC courses or Instructor's approval. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (10 Lab.)

EDTC 1194 Special Topics in Teacher Assistant/Aide (1)
(This is a WECM course number. Former course prefix/number EDUC 2170/EP 248)
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (1 Lec.)

EDTC 1294 Special Topics in Teacher Assistant/Aide (2)
(This is a WECM course number. Former course prefix/number EDUC 2370/EP 246)
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (2 Lec.)

EDTC 1301 Instructional Practices: Educational Processes (3)
(This is a WECM course number. Former course prefix/number EDUC 1371/EP 131)
A study of the role and responsibility of the instructional teacher assistant with emphasis on development of professionalism and effective communication strategies with adults. Topics include the various code of ethics governing the educational field, the issue of confidentiality, learners' rights and responsibilities, and challenges facing schools. (3 Lec.)

EDTC 1307 Teaching Reading in the Elementary School (3)
(This is a WECM course number. Former course prefix/number EDUC 1370/EP 129)
Fundamental concepts and principles of reading instruction. Topics include readiness, beginning reading instruction, how literacy emerges, classroom learning environments, word-attach skills, study skills, comprehension, other aspects of the reading program, and examination of varied materials and techniques for teaching reading. (3 Lec.)

EDTC 1321 Bilingual Education (3)
(This is a WECM course number. Former course prefix/number EDUC 1377/EP 143)
A course in the core techniques of bilingual education. Topics include awareness of cultural diversity, teaching techniques, material development, and historical and philosophical concepts of bilingual/bicultural education. (3 Lec.)

EDTC 1325 Principles and Practices of Multicultural Education (3)
(This is a WECM course number. Former course prefix/number EDUC 1375/EP 136)
Examination of cultural variations found in our society and reflected in our pluralistic classrooms. Topics include culturally influenced behavior, major cultures, cultural diversity, and the process of intercultural communication and teaching, including differences in lifestyles, communication styles, learning styles, and various sources of stress for diverse cultural groups. (3 Lec.)

EDTC 1341 Computer Instruction for Educators (3)
(This is a WECM course number. Former course prefix/number EDUC 2370/EP 210)
A course in specialized computer utilization for educators. Topics include the integration of educational computer terminology, systems operations, software, and multimedia in the contemporary classroom environment. (2 Lec., 2 Lab.)
EDTC 1364 Practicum (or Field Experience)-Teacher Assistant/Aide (3)
(This is a WECM course number. Former course prefix/number EDUC 7471/EP 704)
Prerequisite: The completion of two EDTC courses or Instructor's approval. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (21 Lab.)

EDTC 1365 Practicum (or Field Experience)-Teacher Assistant/Aide (3)
(This is a WECM course number. Former course prefix/number EDUC 7472/EP 714)
Prerequisite: The completion of two EDTC courses or Instructor's approval. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (21 Lab.)

EDTC 1391 Special Topics in English Teacher Education (3)
(This is a WECM course number. Former course prefix/number EDUC 2371/EP 241)
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (3 Lec.)

EDTC 1394 Special Topics in Teacher Assistant/Aide (3)
(This is a WECM course number. Former course prefix/number EDUC 2372/EP 247)
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (3 Lec.)

ENGLISH

(Also see Developmental Reading and Developmental Writing.) Additional instruction in writing and reading is available through the Learning Skills Center.

ENGL 1111 Creative Writing (1)
(This is a common course number. Former course prefix/number ENG 111)
This course is an imaginative writing workshop. It may include fiction, non-fiction, poetry, or drama. (1 Lec.)
(Competing Board Academic Approval Number 2305011518)

ENGL 1301 Composition I (3)
(This is a common course number. Former course prefix/number ENG 101)
Prerequisite: Developmental Reading 0093 and Developmental Writing 0093 or meet TASP/Alternative Assessment Standard in Reading and Writing. This course focuses on student writing. It emphasizes reading and analytical thinking and introduces research skills. Students practice writing for a variety of audiences and purposes. (3 Lec.)
(Competing Board Academic Approval Number 2304011518)

ENGL 1302 Composition II (3)
(This is a common course number. Former course prefix/number ENG 102)
Prerequisite: English 1301 and TASP/Alternative Assessment Standard in Reading and Writing must be met. In this course students refine the writing, research, and reading skills introduced in English 1301. A related goal is the development of critical thinking skills. Writing assignments emphasize argumentation and persuasion. Students will also write a formal research paper. (3 Lec.)
(Competing Board Academic Approval Number 2304011518)

ENGL 2307 Creative Writing (3)
(This is a common course number. Former course prefix/number ENG 209)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. The writing of fiction, creative non-fiction, poetry or drama is the focus of this course. Included are the short story, poetry, and short drama. (3 Lec.)
(Competing Board Academic Approval Number 2305011518)

ENGL 2308 Creative Writing (3)
(This is a common course number. Former course prefix/number ENG 211)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. Advanced experience in the techniques of imaginative writing. May include fiction, non-fiction, poetry, or drama. (3 Lec.)
(Competing Board Academic Approval Number 2305011518)
ENGL 2311 Technical Writing (3)
(This is a common course number. Former course prefix/number ENG 210)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. The technical style of writing is introduced. Emphasis is on the writing of technical papers, reports, proposals, progress reports, and descriptions. (3 Lec.)
(Coordinating Board Academic Approval Number 2311016135)

English In The Sophomore Year
English 2321, 2322, 2323, 2326, 2327, 2328, 2331, 2332, 2333, 2342, and 2343 are independent units of three credit hours each. Any one of these courses will satisfy DCCCD degree requirements in sophomore English.

ENGL 2321 British Literature (3)
(This is a common course number. Former course prefix/number ENG 212)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes selections in British Literature organized by movements, schools, periods, or themes. (3 Lec.)
(Coordinating Board Academic Approval Number 2308016135)

ENGL 2322 British Literature (3)
(This is a common course number. Former course prefix/number ENG 201)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes significant works of British and Commonwealth writers from their beginnings through the 18th century. (3 Lec.)
(Coordinating Board Academic Approval Number 2308016135)

ENGL 2323 British Literature (3)
(This is a common course number. Former course prefix/number ENG 202)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes significant works of British and Commonwealth writers from the 19th century to the present. (3 Lec.)
(Coordinating Board Academic Approval Number 2308016135)

ENGL 2326 American Literature (3)
(This is a common course number. Former course prefix/number ENG 213)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes selections in American Literature organized by movements, schools, periods, or themes. (3 Lec.)
(Coordinating Board Academic Approval Number 2307016135)

ENGL 2327 American Literature (3)
(This is a common course number. Former course prefix/number ENG 205)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes significant works of American writers from their beginnings to the 19th century. (3 Lec.)
(Coordinating Board Academic Approval Number 2307016135)

ENGL 2328 American Literature (3)
(This is a common course number. Former course prefix/number ENG 206)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes significant works of American writers from the 19th century to the present. (3 Lec.)
(Coordinating Board Academic Approval Number 2307016135)

ENGL 2331 World Literature (3)
(This is a common course number. Former course prefix/number ENG 214)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes selections in World Literature organized by movements, schools, periods, or themes. Course descriptions are available each semester prior to registration. (3 Lec.)
(Coordinating Board Academic Approval Number 2303016235)

ENGL 2332 World Literature (3)
(This is a common course number. Former course prefix/number ENG 203)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes significant works representing a variety of cultures from the ancient world to approximately 1600 C.E. (3 Lec.)
(Coordinating Board Academic Approval Number 2303016235)

ENGL 2333 World Literature (3)
(This is a common course number. Former course prefix/number ENG 204)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes significant works representing a variety of cultures from approximately 1600 C.E. to the present. (3 Lec.)
(Coordinating Board Academic Approval Number 2303016235)

ENGL 2342 Forms of Literature (3)
(Fomer course prefix/number ENG 215/ENGL 2370)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes selections in literature organized by genre, period, or geographical region. Course descriptions are available each semester prior to registration. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 2303016112)
ENGL 2343 Forms of Literature (3)
(Former course prefix/number ENG 216/ENGL 2371)
Prerequisite: English 1301, English 1302 and TASP/Alternative Assessment Standards in Reading and Writing must be met. This course includes selections in literature organized by theme, interdisciplinary content or major author. Course descriptions are available each semester prior to registration. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 2303015112)

ENGLISH AS A SECOND LANGUAGE

The English As A Second Language ESL credit curriculum is designed to develop a student's pre-academic language proficiency in the areas of listening, speaking, reading, and writing. The plan of study consists of sixteen courses divided into four proficiency levels and four skill areas (Listening-Speaking, Reading, Writing, and Grammar). The credit curriculum is designed to interface both with other ESL programs and with developmental studies or college level programs on each campus. A student enters this program by taking an English placement test and then by being advised by a specially trained ESL academic advisor.

ESOL 0031 - ESOL 0034 (Listening-Speaking)
These courses prepare students to communicate orally in both public and academic environments. Emphasis is placed on developing language functions, pronunciation, and listening skills, and improving social and intercultural communication skills. Activities range from one-on-one conversation and brief descriptions to formal oral presentations and debates.

ESOL 0041 - ESOL 0044 (Reading)
These courses engage students in reading material from daily experience and prepare them for college reading tasks. Each course instructs students in reading skills, vocabulary development, critical thinking skills, and the use of resources.

ESOL 0051 - ESOL 0054 (Writing)
These courses are designed to help students increase fluency and build confidence in writing. The courses focus on writing as a process. Through inventing, drafting, and revising, students write for specific audiences and purposes.

ESOL 0061 - ESOL 0064 (Grammar)
These courses are designed to complement the ESOL 0051-0054 writing series. They provide instruction and practice with discrete grammar points necessary for effective writing.

INGLES COMO SEGUNDO IDIOMA

El programa de credito academico de Ingles Como Segundo Idioma ESL esta diseñado para desarrollar el dominio del idioma pre-academico del estudiante en las areas de escuchar, hablar, leer y escribir. El plan de estudio consiste en dieciseis cursos divididos en cuatro niveles de dominio y cuatro areas de habilidades (Escuchar/Hablar, Lectura, Escritura y Gramatica). El programa de credito academico esta diseñado para complementar otros programas de ESL y con los estudios de desarrollo o programas de nivel universitario de cada campus. El estudiante comienza este programa al tomar un examen de clasificacion y despues de una entrevista individual con un asesor academic entrenado especialmente en ESL.

ESOL 0031 - ESOL 0034 (Escuchar y Conversar)
Estos cursos preparan al alumno para comunicarse con confianza en situaciones sociales y academicas. Se desarrollan las varias funciones del lenguaje, se mejora la pronunciacion y comprension auditiva y se practica la comunicacion academica y transcultural. Las actividades didacticas incluyen describir lugares y objetos, proyectos en grupo, presentaciones orales y debates formales.

ESOL 0041 - ESOL 0044 (Lectura)
Estos cursos permiten a los estudiantes el acceso a material de lectura de la vida dia y los prepara para tareas de lectura academica. Cada curso instruye a los estudiantes en habilidades de lectura, desarrollo de vocabulario, pensar en forma critica y el uso de los varios recursos disponibles en la institucion.

ESOL 0051 - ESOL 0054 (Escritura)
Estos cursos estan disenados con el objeto de ayudar los alumnos a obtener fluidez y confianza en escritura. Los cursos se enfocan en el proceso de escritura. A traves de crear, planear y revisar, los estudiantes produciran escritos para diferentes audiencias y con diversos propósitos.

ESOL 0061 - ESOL 0064 (Gramatica)
Estos cursos estan disenados para complementar la serie de Escritura 0051-0054. Dichos cursos proveen instruccion y ejercicios practicos, asi como puntos esenciales de gramatica necesarios para la efectiva comunicacion escrita.
ENGLISH AS A SECOND LANGUAGE

ESOL 0031 ESL Listening/Speaking (3)
(Former course prefix/number ESL 031)
This course focuses on developing basic social and pre-academic listening and speaking skills. It includes skills such as describing, giving directions, and learning to understand explanations. Conversation conventions will be practiced as well as non-verbal communication skills. (Pronunciation is introduced through the study of basic phonetic segments and intonation patterns.) (3 Lec.)
(Coordinating Board Academic Approval Number 3201085535)

ESOL 0032 ESL Listening/Speaking (3)
(Former course prefix/number ESL 032)
This course develops intermediate social and pre-academic listening and speaking skills through situational activities. Students will express ideas and opinions in small groups and learn to understand and react appropriately. Intercultural communication will be incorporated. (Pronunciation skills will be practiced through identifying phonetic correctness and applying concepts of stress and intonation.) (3 Lec.)
(Coordinating Board Academic Approval Number 3201085535)

ESOL 0033 ESL Speaking (3)
(Former course prefix/number ESL 033)
This course develops public/academic oral language skills through active participation in group projects and presentations. Rhetorical skills such as narration and description will be practiced, and improving cross-cultural communication skills will be emphasized. (Pronunciation skills, including stress and intonation, will be refined with focused effort on areas of need through monitoring of oral production.) (3 Lec.)
(Coordinating Board Academic Approval Number 3201085535)

ESOL 0034 ESL Academic Speaking (3)
(Former course prefix/number ESL 034)
This course stresses academic speaking skills. Students learn formal presentation techniques as they defend a point of view and participate in seminars, panels, and debates. Formal rhetorical skills such as cause/effect, process, and summary will be practiced. The course will emphasize the value of cultural diversity. (Pronunciation skills, including stress and intonation, will continue to be refined with focused effort on areas of need through monitoring of oral production.) (3 Lec.)
(Coordinating Board Academic Approval Number 3201085535)

ESOL 0041 ESL Reading (3)
(Former course prefix/number ESL 041)
This course focuses on language development through reading activities. It includes reading comprehension, vocabulary building, study skills techniques, and intercultural sharing. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085638)

ESOL 0042 ESL Reading (3)
(Former course prefix/number ESL 042)
This course continues language development through reading comprehension and vocabulary building. It introduces paragraph organization, idiom study, and adapting reading rate for different purposes. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085635)

ESOL 0043 ESL Reading (3)
(Former course prefix/number ESL 043)
This course includes specific reading comprehension skills, reading efficiency strategies, critical thinking skills, vocabulary expansion, and the use of campus resources such as labs and libraries. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085636)

ESOL 0044 ESL Reading (3)
(Former course prefix/number ESL 044)
This course is designed to build on skills taught in previous reading classes but with a more academic emphasis. Students are taught reading skills and critical thinking skills as they relate to academic topics and to literature. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085635)

ESOL 0045 Developmental Reading for Non-Native Speakers (1)
(Former course prefix/number ESL 045)
This course provides individualized instruction in order to fulfill the TASP remediation requirement for reading. The content will include a review of reading comprehension, vocabulary development and critical thinking skills. This course is only open to students whose first language is not English. (1 Lec.)
(Coordinating Board Academic Approval Number 3201085635)

ESOL 0051 ESL Writing (3)
(Former course prefix/number ESL 051)
This course stresses the creation of sentences and groups of sentences. It also introduces basic spelling rules and vocabulary development. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085735)

ESOL 0052 ESL Writing (3)
(Former course prefix/number ESL 052)
This course introduces the development of controlled and guided paragraphs using a variety of organizational structures and stresses logic patterns of English. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085735)

ESOL 0053 ESL Writing (3)
(Former course prefix/number ESL 053)
This course stresses the process of paragraph writing and the characteristics of effective paragraph structure. It also introduces modes of discourse such as description, cause-effect, and comparison-contrast. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085735)
ESOL 0054 ESL Writing (3)
(Former course prefix/number ESL 054)
This course emphasizes modes of discourse in expository writing for academic purposes. Particular attention is given to improving unity, coherence, transition, and style as students progress to multi-paragraph compositions. Paraphrasing and summarizing are also introduced. (3 Lee.)
(Coordinating Board Academic Approval Number 3201085735)

ESOL 0055 ESL Writing (1)
(Former course prefix/number ESL 055)
This course provides individualized instruction in order to fulfill the TASP remediation requirement for writing. Content will include a review of single and multi-paragraph compositions, sentence structure, and edited American usage. This course is open only to students whose first language is not English. (1 Lee.)
(Coordinating Board Academic Approval Number 3201085435)

ESOL 0061 ESL Grammar (3)
(Former course prefix/number ESL 061)
This course introduces the basic aspects of English grammar needed to write simple and compound sentences. It includes the study of basic verb tenses, parts of speech, subject-verb agreement, and question formation. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085735)

ESOL 0062 ESL Grammar (3)
(Former course prefix/number ESL 062)
This course reviews basic elements of English grammar introduced in ESOL 0061 and introduces grammar points necessary for writing controlled paragraphs. It includes further study of verb tenses, parts of speech, and question formation and introduces two-word verbs, modals, gerunds, and infinitives. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085735)

ESOL 0063 ESL Grammar (3)
(Former course prefix/number ESL 063)
This course reviews grammar points studied in ESOL 0061 and ESOL 0062 and introduces elements necessary for students to write effective one-paragraph essays. It continues the study of verb tenses, parts of speech, and modals and introduces adverb, adjective, and noun clauses. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085735)

ESOL 0064 ESL Grammar (3)
(Former course prefix/number ESL 064)
This course reviews grammar points studied in ESOL 0061, ESOL 0062, and ESOL 0063 and analyzes complex elements of those points. In addition, it introduces passive voice and conditional sentences. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085735)

FASHION DESIGN

FSHD 1217 Apparel Computer Systems (2)
(This is a WECM course number. Former course prefix/number PDDD 2370.)
Prerequisites: FSHN 1319 and concurrent enrollment in FSHN 1449 or consent of instructor. An introduction to apparel computer systems used in wholesale and retail fashion businesses. Applications demonstrated include computer-aided garment and textile design, fashion illustration, pattern making, pattern grading, marker making, newsletters, brochures, advertisements, and catalogs. Laboratory fee. (1 Lec., 2 Lab.)

FSHD 1218 Apparel Computer Systems (2)
(This is a WECM course number. Former course prefix/number PDDD 2372.)
Prerequisites: FSHD 1217 and concurrent enrollment in FSHN 2432 or consent of instructor. A continuation of FSHD 1217. An introduction to apparel computer systems used in wholesale and retail fashion businesses. Applications demonstrated include computer-aided garment and textile design, fashion illustration, pattern-making, pattern grading, marker making, newsletters, brochures, advertisements, and catalogs. Laboratory fee. (1 Lec., 2 Lab.)

FSHD 1322 Fashion Sketching (3)
(This is a WECM course number. Former course prefix/number DESI 1372.)
Fundamentals of quick sketching to communicate design ideas. Instruction in drawing the male and female fashion figure. Emphasis on simple methods for making quick sketches to illustrate style information. Laboratory fee. (2 Lec., 4 Lab.)

FSHD 1324 Ready-to-Wear Construction (3)
(This is a WECM course number. Former course prefix/number DESI 1170.)
Fundamentals of mass production of apparel focusing on the operation of industrial sewing and pressing equipment. Survey of materials selection and construction techniques used at all price levels of mass produced apparel. Introduction to industry seam allowances. Identification of differences between ready-to-wear and couture construction. Laboratory fee. (2 Lec., 4 Lab.)

FSHD 1391 Special Topics in Fashion Design and Illustration (3)
(This is a WECM course number. Former course prefix/number APPD 2370.)
Prerequisite: Sophomore standing or demonstrated competence approved by instructor, FSHN 1319, FSHD 1324. The principles of good design for mass produced apparel are studied, especially as they apply to structural and decorative design. Careful attention is given to fabric selection and design. Laboratory fee. (2 Lec., 4 Lab.)
FSHD 2205 Draping (2)33
(This is a WECM course number. Former course prefix/number DESI 1171.)
Prerequisite: FSHN 1317. A study of three dimensional fashion design conceptualization by draping in muslin or fashion fabric directly on the dress form. Skill development in observing grain of fabric, identifying drapable fabrics, and creating design suitable for draping. Presentation of major fashion designers' draping techniques. Laboratory fee. (1 Lec., 2 Lab.)

FSHD 2241 Pattern Grading (2)
(This is a WECM course number. Former course prefix/number DESI 1172.)
Prerequisite: FSHN 1317. Instruction in sizing patterns larger and smaller for the mass production of the apparel. A study of 1", 1½", and 2" and S-M-L-XL grade rules and their applications. Skill development in grading basic and fashion patterns with the ruler, the grading machine, and the computer. Laboratory fee. (1 Lec., 2 Lab.)

FSHD 2343 Fashion Collection Design (3)
(This is a WECM course number. Former course prefix/number APPD 2271.)
Advanced concepts in designing a collection of marketable apparel. Instruction in developing a design work board for specific target market and selecting the most marketable ideas for the collection. Emphasis on resource development, fabric selection, estimating wholesale costs, and initial pattern and garment production. Laboratory fee. (2 Lec., 2 Lab.)

FSHD 2344 Fashion Collection Production (3)
(This is a WECM course number. Former course prefix/number APPD 2272.)
Prerequisite: FSHD 2343 and FSHN 1391. A continuation of the Fashion Collection Design course (FSHD 2343). Emphasis on production, costing, and marketing a cohesive collection of fashion apparel. Instruction in completing production patterns for all collection garments. Laboratory fee. (2 Lec., 4 Lab.)

FSHN 1123 Introduction to Mass Production (1)
(This is a WECM course number. Former course prefix/number DESI 1173.)
An introduction to mass production, marketing, and merchandising in the fashion industry. (1 Lec.)

FSHN 1301 Textiles (3)
(This is a WECM course number. Former course prefix/number DESI 1370 or DESI 1371.)
A general study of textiles with emphasis on factors that affect the hand, appearance, and performance in clothing use. Examination of the properties of natural and man-made fibers, how yarn is formed, methods of production, and the properties of a wide variety of fabrics. Application of textiles used in the apparel industry. Laboratory fee. (2 Lec., 2 Lab.)

FSHN 1309 History of Costume Through the 18th Century (3)
(This is a WECM course number. Former course prefix/number DESI 2371.)
Traces the development of garments from the earliest times through the 18th Century. Emphasis on customs which affect styles. (3 Lec.)

FSHN 1310 History of Costume: 18th Century to Present (3)
(This is a WECM course number. Former course prefix/number DESI 2372.)
Traces the development of garments from the 18th Century to the present day. Emphasis on customs which affect styles. (3 Lec.)

FSHN 1313 Basic Color Theory and Application (3)
(This is a WECM course number. Former course prefix/number DESI 1370.)
Principles of color theory including the effect of light on color and mixing color pigment in opaque media. Laboratory fee. (2 Lec., 4 Lab.)

FSHN 1317 Pattern Drafting I (3)
(This is a WECM course number. Former course prefix/number PDDD 1371.)
Concurrent enrollment in FSHD 1342. Principles of drafting and draping basic collars, skirts, bodices and sleeves. Includes cutting out garments. Laboratory fee. (2 Lec., 4 Lab.)

FSHN 1318 Pattern Drafting II (3)
(This is a WECM course number. Former course prefix/number PDDD 1372.)
Prerequisite: FSHN 1317. A continuation of Pattern Drafting I. Emphasis on drafting and draping basic patterns and garment construction. Laboratory fee. (2 Lec., 4 Lab.)

FSHN 1319 Pattern Drafting III (3)
(This is a WECM course number. Former course prefix/number PDDD 1373.)
Prerequisites: FSHN 1317 and FSHN 1318. Develops techniques for drafting and draping patterns for apparel. Includes creation and construction of original designs. Laboratory fee. (2 Lec., 4 Lab.)

FSHN 1325 Basic Women's Tailoring (3)
(This is a WECM course number. Former course prefix/number DESI 2370.)
Prerequisite: FSHD 1324. An introduction to tailoring women's apparel including instruction in pattern alterations; assembling women's jackets, skirts, and pants; and fitting andalteration procedures. Fundamentals of sewing machine operations, fabric preparation and cutting, machine and hand sewing techniques, and pressing proficiencies. Laboratory fee. (2 Lec., 4 Lab.)
FSHN 1449 Intermediate Pattern Drafting (4)
(This is a WECM course number. Former course prefix/number PDDD 2371.)
Prerequisites: FSHN 1317, FSHN 1318, FSHN 1319 and FSHD 1324. Intermediate techniques for drafting and draping patterns. Emphasis on computer drafting of patterns. Laboratory fee. (2 Lec., 8 Lab.)

FSHN 2380 Cooperative Education - Commercial Garment and Apparel Worker (3)
(This is a WECM course number. Former course prefix/number PDDD 7371.)
Prerequisite: FSHN 1317. Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combined classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 15 Ext.)

FSHN 2432 Advanced Pattern Drafting (4)
(This is a WECM course number. Former course prefix/number PDDD 2374.)
Prerequisites: FSHN 1217, FSHN 1325, FSHN 1449, and concurrent enrollment in FSHN 1218. Advanced techniques for drafting and draping patterns. Emphasis on computer pattern design. Laboratory fee. (2 Lec., 8 Lab.)

CULA 1305 Sanitation and Safety (3)
(This is a WECM course number. Former course prefix/number FHSV 1379.)
A study of personal cleanliness; sanitary practices in food preparation; causes, investigation, control of illness caused by food contamination (Hazard Analysis Critical Control Points); and work place safety standards. Laboratory fee. (3 Lec., 1 Lab.)

CULA 1364 Practicum (or Field Experience) - Culinary Arts/Chef Training (3)
(This is a WECM course number.)
Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be for pay or no pay. This course may be repeated if topics and learning outcomes vary. (21 Ext.)

CULA 1409 Garde Manger (4)
(This is a WECM course number. Former course prefix/number FHSV 2375.)
Prerequisite: CULA 2331. A study of specialty foods and garnishes. Emphasis on design, techniques, and display of fine foods. Students will learn preparations in the cold kitchen to include salads, appetizers, cold sauces, and cold buffet display principles. Laboratory fee. (2 Lec., 4 Lab.)

CULA 1441 American Regional Cuisine (4)
(This is a WECM course number. Former course prefix/number FHSV 2470.)
Prerequisite: CULA 2331. A study of the development of regional cuisine's in the United States with emphasis on the similarities in production and service systems. Application of skills to develop, organize, and build a portfolio of recipe strategies and production systems. Students will work in groups to plan, execute and evaluate a weekly meal served to the public. Focus will be on menu and production planning, as well as cost analysis. Laboratory fee. (3 Lec., 5 Lab.)

CULA 1445 International Cuisine (4)
(This is a WECM course number. Former course prefix/number FHSV 2471.)
Prerequisite: CULA 2331. The study of classical cooking skills associated with the preparation and service of international and ethnic cuisine's. Topics include similarities between food production systems used in the United States and other regions of the world. Students will work in groups to plan, execute and evaluate a weekly meal served to the public. Focus will be on menu and production planning, as well as cost analysis. Laboratory fee. (3 Lec., 5 Lab.)
CULA 2302 Saucier (3)  
(This is a WECM course number. Former course prefix/number FHSV 2376.)  
Prerequisite: CULA 2331. Instruction in the preparation of stocks, soups, classical sauces, contemporary sauces, accompaniments, and the pairing of sauces with a variety of foods. Students will learn classical preparations and butchering skills in addition to plate presentation and design. Emphasis will be on alternative varieties of meats, poultry, game and seafood. Laboratory fee. (2 Lec., 4 Lab.)

CULA 2331 Advanced Food Preparation (3)  
(This is a WECM course number. Former course prefix/number FHSV 1376.)  
Prerequisite: CULA 1301. Reinforces the course material of Intermediate Food Preparation. Topics include the concept of pre-cooked food items and the preparation of canapes, hors d'oeuvres, and breakfast items. Meat, seafood, and poultry preparation, baking and menu planning are also included. The student will discuss and review Basic Food Preparation. WECM intermediate food preparation topics are covered in Basic and Advanced Food Preparation at El Centro College. Laboratory fee. (2 Lec., 4 Lab.)

CULA 2341 Advanced Pastry/Culinary Competition (3)  
(This is a WECM course number. Former course prefix/number FHSV 2371 and FHSV 2381.)  
Prerequisite: CULA 1409 or PSTR 2331. Skill development for culinary competition by offering advanced experience in salon presentations as well as hot food competition. Laboratory fee. (2 Lec., 4 Lab.)

CULA 2364 Practicum (or Field Experience) - Culinary Arts/Chef Training (3)  
(This is a WECM course number.)  
Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates to workplace training and experiences to the student's general and technical course of study. The guided external experiences may be for pay or no pay. This course may be repeated if topics and learning outcomes vary. (22 Ext.)

FDNS 1391 Special Topics In Foods and Nutrition Studies, General (3)  
(This is a WECM course number. Former course prefix/number FHSV 2379 and FHSV 2380.)  
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Laboratory fee. (3 Lec., 1 Lab.)

HAMG 1321 Introduction to the Hospitality Industry (3)  
(This is a WECM course number. Former course prefix/number FHSV 1376.)  
Introduction to the elements of the hospitality industry. Laboratory fee. (3 Lec., 1 Lab.)

HAMG 1340 Hospitality Legal Issues (3)  
(This is a WECM course number. Former course prefix/number FHSV 2373.)  
A course in legal and regulatory requirements that impact the hospitality industry. Topics include Occupational Safety and Health Administration (OSHA), labor regulations, tax laws, tip reporting, franchise regulations, and product liability laws. Laboratory fee. (3 Lec., 1 Lab.)

HAMG 2307 Hospitality Marketing and Sales (3)  
(This is a WECM course number. Former course prefix/number FHSV 2372.)  
Identification of the core principles of marketing and their impact on the hospitality industry. Laboratory fee. (3 Lec., 1 Lab.)

IFWA 1371 Organization and Management (3)  
(This is a local need course number. Former course prefix/number FHSV 1372)  
The organizational structure of various types of group care institutions is studied. Administration, tools of management, budget, and cost analysis are emphasized. (3 Lec., 1 Lab.)

PSTR 1191 Special Topics In Baker/Pastry Chef (1)  
(This is a WECM course number. Former course prefix/number FHSV 2170.)  
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Laboratory fee. (1 Lec., 1 Lab.)

PSTR 1206 Cake Decorating I (2)  
(This is a WECM course number. Former course prefix/number FHSV 2371.)  
Introduction to skills, concepts and techniques of cake decorating. Laboratory fee. (1 Lec., 3 Lab.)

PSTR 1207 Cake Decorating II (2)  
(This is a WECM course number. Former course prefix/number FHSV 2272.)  
Prerequisite: PSTR 1206. A course in decoration of specialized and seasonal products. Laboratory fee. (1 Lec., 3 Lab.)

PSTR 1291 Special Topics In Baker/Pastry Chef (2)  
(This is a WECM course number.)  
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Laboratory fee. (2 Lec., 1 Lab.)
PSTR 1301 Fundamentals of Baking (3)
(This is a WECM course number. Former course prefix/number FHSV 1383.)
Fundamentals of baking including dough, quick breads, pies, cakes, cookies, tarts, and doughnuts. Instruction in flours, fillings, and ingredients. Topics include baking terminology, tool and equipment use, formula conversions, functions of ingredients, and the use of proper flours. Laboratory fee. (2 Lec., 4 Lab.)

PSTR 1305 Breads and Rolls (3)
(This is a WECM course number. Former course prefix/number FHSV 1384.)
Concentration on fundamentals of chemically and yeast raised breads and rolls. Instruction on commercial preparation of a wide variety of products. The student will identify and explain baking terms, ingredients, equipment, and tools; scale and measure ingredients; convert and cost recipes; safely operate baking equipment and tools; and prepare yeast and quick breads and rolls to a commercially acceptable standard. Laboratory fee. (2 Lec., 4 Lab.)

PSTR 1310 Pies, Tarts, Teacakes and Cookies (3)
(This is a WECM course number. Former course prefix/number FHSV 1383.)
Prerequisite: PSTR 1301 or PSTR 1305. Focus on preparation of American and European style pie and tart fillings and dough, cookies, teacakes, custard and batters. Instruction in finishing and presentation techniques. Laboratory fee. (2 Lec., 4 Lab.)

PSTR 1312 Laminated Dough, Pate a Choux, and Donuts (3)
(This is a WECM course number. Former course prefix/number FHSV 1387.)
Prerequisite: PSTR 1301 or PSTR 1305. Focus on preparation of laminated dough's to include puff pastry, croissant, and Danish and a variety of pate a choux (eclair paste) products and donuts. Fillings and finishing techniques included. Laboratory fee. (2 Lec., 4 Lab.)

PSTR 1371 Bakery Operations and Management (3)
(This is a local need course number. Former course prefix/number FHSV 1388.)
Introduction to management, marketing, supervision and sanitation principles required in retail and wholesale bakery operations. Laboratory fee. (3 Lec., 1 Lab.)

PSTR 1391 Special Topics in Baker/Pastry Chef (3)
(This is a WECM course number. Former course prefix/number FHSV 2382.)
Topics address recently identified current events, skills, knowledge's, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Laboratory fee. (2 Lec., 4 Lab.)

PSTR 2331 Advanced Pastry Shop (3)
(This is a WECM course number. Former course prefix/number FHSV 2377.)
A study of classical desserts, French and international pastries, hot and cold desserts, ice creams and ices, chocolate work, and decorations. Emphasis on advanced techniques. Laboratory fee. (2 Lec., 4 Lab.)

RSTO 1191 Special Topics In Food and Beverage/Restaurant Operations Manager (1)
(This is a WECM course number. Former course prefix/number FHSV 2170.)
Topics address recently identified current events, skills, knowledge's, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Laboratory fee. (1 Lec., 1 Lab.)

RSTO 1291 Special Topics In Food and Beverage/Restaurant Operations Manager (2)
(This is a WECM course number. Former course prefix/number FHSV 2270.)
Topics address recently identified current events, skills, knowledge's, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Laboratory fee. (2 Lec., 1 Lab.)

RSTO 1301 Beverage Management (3)
(This is a WECM course number. Former course prefix/number FHSV 2379.)
A study of the beverage service of the hospitality industry including spirits, wines, beers, and non alcoholic beverages. Topics include purchasing, resource control, legislation, marketing, physical plant requirements, staffing, service, and the selection of wines to enhance foods. Laboratory fee. (3 Lec., 1 Lab.)

RSTO 1304 Dining Room Service (3)
(This is a WECM course number. Former course prefix/number FHSV 1371.)
Introduces the principles, concepts, and systems of professional table service. Topics include dining room organization, scheduling, and management of food service personnel. Laboratory fee. (2 Lec., 4 Lab.)

RSTO 1306 Facilities Layout and Design (3)
(This is a WECM course number. Former course prefix/number FHSV 1378.)
Overview of the planning, development, and feasibility aspects of building or renovating a food service facility. Application of principles of work and flow analysis, spatial relationships, and equipment selection as they relate to the overall layout and design. Laboratory fee. (3 Lec., 1 Lab.)
RSTO 1311 Marketing of Hospitality Services (3)
(This is a WECM course number. Former course prefix/number FHSV 2374.)
An overview of marketing strategies for the hospitality industry including unique features of the hospitality business for marketing orientation. Topics include service marketing, strategic planning, competition, analyzing the environment, and marketing to the season/event. Laboratory fee. (3 Lec., 1 Lab.)

RSTO 1313 Hospitality Supervision (3)
(This is a WECM course number. Former course prefix/number FHSV 1375.)
Fundamentals of recruiting, selection, and training of food service and hospitality personnel. Topics include job descriptions, schedules, work improvement, motivation, and applicable personnel laws and regulations. Emphasis on leadership development. Laboratory fee. (3 Lec., 1 Lab.)

RSTO 1317 Nutrition for the Food Service Professional (3)
(This is a WECM course number. Former course prefix/number FHSV 1381.)
An introduction to nutrition including nutrients, digestion and metabolism, menu planning, recipe modification, dietary guidelines and restrictions, diet and disease, and healthy cooking techniques. Laboratory fee. (3 Lec., 1 Lab.)

RSTO 1319 Viticulture and Oenology (3)
(This is a WECM course number. Former course prefix/number FHSV 2370.)
A study of the growing regions, production, processing, and distribution of domestic and international wines. Topics include types of wine grapes, varieties of wine, proper storage procedures, and the techniques of proper wine service. Student must be 21 on first class day. Laboratory fee. (3 Lec., 1 Lab.)

RSTO 1325 Purchasing for Hospitality Operations (3)
(This is a WECM course number. Former course prefix/number FHSV 1382.)
Study of purchasing and inventory management of foods and other supplies include development of purchase specifications, determination of order quantities, formal and informal price comparisons, proper receiving procedures, storage management, and issue procedures. Emphasis on product cost analysis, yields, pricing formulas, controls, and record keeping at each stage of the purchasing cycle. Laboratory fee. (3 Lec., 1 Lab.)

RSTO 1380 Cooperative Education - Food and Beverage/Restaurant Operations Manager (3)
(This is a WECM course number. Former course prefix/number FHSV 7471.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Ext.)

RSTO 1391 Special Topics in Food and Beverage/Restaurant Operations Manager (3)
(This is a WECM course number. Former course prefix/number FHSV 2371.)
Topics address recently identified current events, skills, knowledge's, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Laboratory fee. (2 Lec., 4 Lab.)

RSTO 1491 Special Topics in Food and Beverage/Restaurant Operations Manager (4)
(This is a WECM course number.)
Topics address recently identified current events, skills, knowledge's, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Laboratory fee. (2 Lec., 4 Lab.)

RSTO 2301 Principles of Food and Beverage Controls (3)
(This is a WECM course number. Former course prefix/number FHSV 1382.)
Suggested prerequisite: TECM 1303 OR TECM 1391 or concurrent enrollment. A study of financial principles and controls of food service operation including review of operation policies and procedures. Topics include financial budgeting and cost analysis emphasizing food and beverage labor costs, operational analysis, and international and regulatory procedures. Laboratory fee. (3 Lec., 1 Lab.)

RSTO 2307 Catering (3)
(This is a WECM course number. Former course prefix/number FHSV 2370.)
Principles, techniques, and applications for both on-premises, off-premises, and group marketing of catering operations including food preparation, holding, and transporting techniques. Laboratory fee. (3 Lec., 1 Lab.)
RSTO 2380 Cooperative Education - Food and Beverage/Restaurant Operations Manager (3)
(This is WECM course number. Former course prefix/number FHSV 7472.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Ext.)

GEOL 1403 Physical Geology (4)
(This is a common course number. Former course prefix/number GEO 101)
This course is for science and non-science majors. It is a study of earth materials and processes. Included is an introduction to geochemistry, geophysics, the earth's interior, and magnetism. The earth's setting in space, minerals, rocks, structures, and geologic processes are also included. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4006015139)

GEOL 1404 Historical Geology (4)
(This is a common course number. Former course prefix/number GEO 102)
This course is for science and non-science majors. It is a study of earth materials and processes within a developmental time perspective. Fossils, geologic maps, and field studies are used to interpret geologic history. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4006015139)

GEOL 2471 Mineralogy (4)
(Former course prefix/number GEO 208)
Prerequisites: Geology 1403 and 1404 and Chemistry 1412. This course covers basic geochemistry; crystal chemistry; crystallography, including symmetry elements, stereographic and gnomonic projections, Miller indices, crystal systems, and forms; x-ray diffraction; optical properties of minerals; descriptive mineralogy including identification of hand specimens; and phase equilibria. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4006015239)

GERM 1311 Beginning German (3)
(This is a common course number.)
This course is an introduction to German speaking, comprehension, reading, writing and grammar. Cultural insights are also presented. Emphasis is on pronunciation, comprehension, and oral expression. It is strongly recommended that students who plan to study German for more than one semester enroll in German 1411 which includes an extra hour of lab per week (and an extra hour of credit for the course). Students who successfully complete German 1311 and wish to continue their studies of German may register for German 1412. Laboratory fee. (3 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 1605015131)

GERM 1411 Beginning German (4)
(This is a common course number. Former course prefix/number GER 101)
The essentials of grammar and easy idiomatic prose are studied. Emphasis is on pronunciation, comprehension, and oral expression. Laboratory fee. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1605015131)

GERM 1412 Beginning German (4)
(This is a common course number. Former course prefix/number GER 102)
Prerequisite: German 1411 or the equivalent. This course is a continuation of German 1411. Emphasis is on idiomatic language and complicated syntax. Laboratory fee. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1605015131)

GERM 2311 Intermediate German (3)
(This is a common course number. Former course prefix/number GER 201)
Prerequisite: German 1412 or the equivalent or demonstrated competence approved by the instructor. Reading, composition, and intense oral practice are covered. Grammar is reviewed. (3 Lec.)
(Coordinating Board Academic Approval Number 1605015231)

GERM 2312 Intermediate German (3)
(This is a common course number. Former course prefix/number GER 202)
Prerequisite: German 2311 or the equivalent. This course is a continuation of German 2311. Contemporary literature and composition are studied. Grammar is reviewed and expanded. (3 Lec.)
(Coordinating Board Academic Approval Number 1605015231)
GOVERNMENT

GOVT 2301 American Government (3)
(This is a common course number. Former course prefix/number GOVT 201)
Prerequisite: Developmental Reading 0093 or meet TASP/Alternative Assessment Standard in Reading. This course is an introduction to the study of political science. Topics include the origin and development of constitutional democracy (United States and Texas), federalism and intergovernmental relations, local governmental relations, local government, parties, politics, and political behavior. (To ensure transferability, students should plan to take both Government 2301 and 2302 within the DCCCD.) (3 Lec.) (Coordinating Board Academic Approval Number 4510025142)

GOVT 2302 American Government (3)
(This is a common course number. Former course prefix/number GOVT 202)
Prerequisite: Developmental Reading 0093 or meet TASP/Alternative Assessment Standard in Reading. The three branches of the United States and Texas government are studied. Topics include the legislative process, the executive and bureaucratic structure, the judicial process, civil rights and liberties, and domestic policies. Other topics include foreign relations and national defense. (To ensure transferability, students should plan to take both Government 2301 and 2302 within the DCCCD.) (3 Lec.) (Coordinating Board Academic Approval Number 4510025142)

GOVT 2371 Introduction To Comparative Politics (3)
(Former course prefix/number GOVT 211)
A comparative examination of governments, politics, problems and policies with illustrative cases drawn from a variety of political systems. (3 Lec.) (Coordinating Board Academic Approval Number 4509017125. This is a unique need course.)

HEALTH OCCUPATIONS CORE CURRICULUM

HPRS 1204 Basic Health Professions Skills (2)
(This is a WECM course number. Former course prefix/number HOC 1270)
A study of the concepts that serve as the foundation for health profession courses. Topics include client handling and safety issues, basic client monitoring, and health documentation methods. Laboratory fee. (1 Lec., 4 Lab)

HPRS 1291 Special Topics in Health Professions and Related Sciences, Other (2)
(This is a WECM course number. Former course prefix/number HOC 1271)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course builds on previously acquired knowledge and skills. Lecture and simulated laboratory experience prepares the student to perform patient care utilizing critical thinking and advanced clinical skills. The student for successful completion must demonstrate an effective level of practice and knowledge. Laboratory fee. (1 Lec, 4 Lab.)

HPRS 2201 Pathophysiology (2)
(This is a WECM course number. Former course prefix/number HOC 1273)
Study of the pathology and general health management of diseases and injuries across the life span. Topics include etiology, symptoms, and the physical and psychological reactions to diseases and injuries. (2 Lec.)

HPRS 2231 General Health Professions Management (2)
(This is a WECM course number. Former course prefix/number HOC 1272)
Exploration of the management concepts necessary for effective health profession operations. Laboratory fee. (1 Lec., 2 Lab)

HPRS 2300 Pharmacology for Health Professions (3)
(This is a WECM course number. Former course prefix/number HOC 1370)
A study of drug classifications, actions, therapeutic uses, adverse effects, methods of administration, client education, and calculation of dosages. (3 Lec.)
HISTORY

HIST 1301 History Of The United States (3)
(This is a common course number. Former course prefix/number HST 101)
Prerequisite: Developmental Reading 0093 or meet TASP/Alternative Assessment Standard in Reading. The history of the United States is presented, beginning with the European background and first discoveries. The pattern of exploration, settlement, and development of institutions is followed throughout the colonial period and the early national experience to 1877. (3 Lee.)
(Coordinating Board Academic Approval Number 4508025142)

HIST 1302 History Of The United States (3)
(This is a common course number. Former course prefix/number HST 102)
Prerequisite: Developmental Reading 0093 or meet TASP/Alternative Assessment Standard in Reading. The history of the United States is surveyed from the Reconstruction era to the present day. The study includes social, economic, and political aspects of American life. The development of the United States as a world power is followed. (3 Lee.)
(Coordinating Board Academic Approval Number 4508025142)

HIST 2301 History of Texas from 1500 to the Present (3)
(This is a common course number.)
A survey of Texas' development from early Spanish colonization (1500) to the establishment of the modern urban state. The course emphasizes the variety of influences from Indian, Spanish and American cultures. The social, political and economic evolution of the state, including the multi-ethnic character of its population, is studied. (3 Lee.)
(Coordinating Board Academic Approval Number 4508025242)

HIST 2311 Western Civilization (3)
(This is a common course number. Former course prefix/number HST 108)
The civilization in the West from ancient times through the Enlightenment is surveyed. Topics include the Mediterranean world, including Greece and Rome, the Middle Ages, and the beginnings of modern history. Particular emphasis is on the Renaissance, Reformation, the rise of the national state, the development of parliamentary government, and the influences of European colonization. (3 Lee.)
(Coordinating Board Academic Approval Number 4508015442)

HIST 2312 Western Civilization (3)
(This is a common course number. Former course prefix/number HST 109)
This course is a continuation of History 2311. It follows the development of Western civilization from the Enlightenment to current times. Topics include the Age of Revolution, the beginning of industrialism, 19th century, and the social, economic, and political factors of recent world history. (3 Lee.)
(Coordinating Board Academic Approval Number 4508015442)

HIST 2321 World Civilizations (3)
(This is a common course number. Former course prefix/number HST 103)
This course presents a survey of ancient and medieval history with emphasis on Asian, African, and European cultures. (3 Lee.)
(Coordinating Board Academic Approval Number 4508015342)

HIST 2322 World Civilizations (3)
(This is a common course number. Former course prefix/number HST 104)
This course is a continuation of History 2321. The modern history and cultures of Asia, Africa, Europe, and the Americas, including recent developments, are presented. (3 Lee.)
(Coordinating Board Academic Approval Number 4508015342)

HIST 2370 Latin American History (3)
(Former course prefix/number HST 112)
This course presents developments and personalities which have influenced Latin American history. Topics include Indian cultures, the Conquistadors, Spanish administration, the wars of independence, and relations with the United States. A brief survey of contemporary problems concludes the course. (3 Lee.)
(Coordinating Board Academic Approval Number 0501079126. This is a unique need course.)

HIST 2372 Advanced Historical Studies (3)
(Former course prefix/number HST 205)
Prerequisite: Six hours of history. An in-depth study of minority, local, regional, national, or international topics is presented. This course may be repeated for credit when topics vary. (3 Lee.)
(Coordinating Board Academic Approval Number 4508016442)

HIST 2380 The Heritage Of Mexico (3)
(This is a common course number. Former course prefix/number HST 110)
This course includes an introduction to the history of Mexico. The course focuses on the social, political, economic and cultural contributions of Mexican-Americans to the United States. (3 Lee.)
(Coordinating Board Academic Approval Number 4511015342)
HIST 2381 African-American History (3)
(This is a common course number. Former course prefix/number HST 120)
The role of African Americans in the history of the United States is studied. The slave trade and slavery in the United States are reviewed. Contributions of African Americans in the U.S. are described. Emphasis is on the political, economic, and sociological factors of African American life in the 20th century. (3 Lec.)
(Coordinating Board Academic Approval Number 4511016342)

HUMAN DEVELOPMENT

CREX 1309 Career Exploration/Planning (3)
(This is a WECM course number. Former course prefix/number HD 104/HDEV 1370)
An introduction to the process of career decision-making, educational planning, and job searching. Topics include analyzing personal career interests, values, and aptitudes; surveying and researching career fields with related educational and training requirements; practicing the decision-making process; and basic job search skills such as completing applications, writing letters of application, developing and using resumes and interviewing. (3 Lec.)

HDEV 0092 Student Success (3)
(Former course prefix/number HD 092)
In this orientation course, students are introduced to academic and personal goal-setting and learning skills that enhance their chances for educational success. Students will learn how to develop positive attitudes toward themselves, improve communication and decision-making skills, and make effective use of campus resources. This course supports students enrolling in other appropriate remediation. (3 Lec.)
(Coordinating Board Academic Approval Number 3201995140)

HDEV 0100 Educational Alternatives (1)
(Former course prefix/number HD 100)
The learning environment is introduced. Career, personal study skills, educational planning, and skills for living are all included. Emphasis is on exploring career and educational alternatives and learning a systematic approach to decision-making. A wide range of learning alternatives is covered, and opportunity is provided to participate in personal skills seminars. This course may be repeated for credit. (1 Lec.)
(Coordinating Board Academic Approval Number 3201995140)

HDEV 0110 Assessment Of Prior Learning (1)
(Former course prefix/number HD 110)
Prerequisite: Limited to students in Technical Occupational Programs. Demonstrated competence approved by the instructor is required. This course is designed to assist students in documenting prior learning for the purpose of applying for college credit. Students develop a portfolio which includes a statement of educational/career goals, related non-collegiate experiences which have contributed to college-level learning, and documentation of such experiences. This course may be repeated for credit. (1 Lec.)

HDEV 1372 Cognitive Processes: The Master Student Course (3)
(Former course prefix/number HD 106)
This course is an overview of the processes of learning, memory, perception, language and thought. Special emphasis is placed upon the practical applications of these psychological principles for students to learn, practice and adopt in support of their success in college. Adaptation to the higher education atmosphere is also emphasized. (3 Lec.)
(Coordinating Board Academic Approval Number 4203019125. This is a unique need course.)

HDEV 2315 Principles And Processes Of Personal And Social Adjustment (3)
(Former course prefix/number HD 112. Common course number is PSYC 2315)
Designed as an Applied Psychology and Human Relations course, this course is an intensive theoretical and practical study of interpersonal communication processes. The course content surveys the major psychological principles of communication and utilizes an experiential model for the practical application of skill based competencies. Students develop an awareness and understanding of their own feelings, values, attitudes, and behaviors and also explore the processes by which these factors effect the quality of their interactions with others. (3 Lec.)
(Coordinating Board Academic Approval Number 4201015640)

HUMANITIES

HUMA 1301 Introduction To The Humanities (3)
(This is a common course number. Former course prefix/number NUM 101)
Introduction to the Humanities focuses on the study and appreciation of the fine and performing arts and the ways in which they reflect the values of civilizations. (3 Lec.)
(Coordinating Board Academic Approval Number 2401035135)
HUMA 1302 Advanced Humanities (3)
(This is a common course number. Former course prefix/number HUM 102)
Prerequisite: Humanities 1301 or demonstrated competence approved by the instructor. Human value choices are presented through the context of the humanities. Universal concerns are explored, such as a person's relationship to self and to others and the search for meaning. The human as a loving, believing and hating being is also studied. Emphasis is on the human as seen by artists, playwrights, film makers, musicians, dancers, philosophers, and theologians. The commonality of human experience across cultures and the premises for value choices are also stressed. (3 Lee.)
(Coordinating Board Academic Approval Number 240103135)

INTERIOR DESIGN

DFTG 1309 Basic Computer-Aided Drafting (3)
(This is a WECM course number. Former course prefix/number INTD 1371 or INT 171)
An introduction to basic computer-aided drafting. Emphasis is placed on drawing setup, creating and modifying geometry, storing and retrieving predefined shapes, placing, rotating and scaling objects, adding text and dimensions, using layers, coordinating systems, as well as input and output devices. Manual drafting will also be included in the course. Laboratory fee. (2 Lee., 4 Lab.)

DFTG 1354 Architectural Drafting - Commercial (3)
(This is a WECM course number. Former course prefix/number CADD 2373.)
Architectural drafting procedures, practices and symbols, including preparation of detailed working drawings for commercial structure with emphasis on light frame construction methods. Laboratory fee. (2 Lee., 4 Lab.)

INDS 1301 Basic Elements of Design (3)
(This is a WECM course number. Former course prefix/number INTD 1374 or INT 168)
Prerequisite: Interior Design Program major. A study of basic design concepts with projects in shape, line, value, texture, pattern, spatial illusion, and form. Laboratory fee. (2 Lee., 4 Lab.)

INDS 1315 Materials, Methods, and Estimating (3)
(This is a WECM course number.)
A study of materials and textiles, methods of construction and installation, and estimating for interior design applications. Includes a thorough overview of textiles. The student will identify appropriate materials and textiles for specific interior design applications; calculate quantities and costs of materials; and identify quality construction, installation, and craftsmanship. (2 Lee., 4 Lab.)

INDS 1319 Technical Drawing for Interior Designers (3)
(This is a WECM course number. Former course prefix/number INTD 1372 or INT 173)
Prerequisite: DFTG 1309. An introduction to reading and preparing technical construction drawings for interior design; including plans, elevations, details, schedules, dimensions and lettering. Both manual and Autocad plans will be generated. Laboratory fee. (2 Lec., 4 Lab.)

INDS 1341 Color Theory and Application (3)
(This is a WECM course number. Former course prefix/number INTD 1370 or INT 164)
Prerequisite: Interior Design major. A study of Color theory and its applications to interior design. Laboratory fee. (2 Lec., 4 Lab.)

INDS 1345 Commercial Design I (3)
(This is a WECM course number. Former course prefix/number INTD 2372 or INT 282)
Prerequisites: IND 1319, 1301, 2335, 2313, 2321, 2317, 2315. A study of design principles applied to furniture lay-out and space planning for commercial interiors. Laboratory fee. (2 Lec., 4 Lab.)

INDS 1351 History of Interiors I (3)
(This is a WECM course number. Former course prefix/number INTD 2377 or INT 283)
Historical survey of antiques and European styles and periods of architecture, interior, and furnishings. With consideration of Egypt, Greece, Italy, Spain, and France. An illustrated research notebook is required. Laboratory fee. (3 Lec., 1 Lab.)

INDS 1352 History of Interiors II (3)
(This is a WECM course number. Former course prefix/number INTD 2378 or INT 284)
Prerequisite: IND 1351. Historical survey of English, American, Asian, and twentieth century styles and periods of Architecture, interiors, and furnishings. Laboratory fee. (3 Lec., 1 Lab.)

INDS 1391 Special Topics In Interior Design (3)
(This is a WECM course number. Former course prefix/number INTD 3373 or INT 389)
Prerequisites: IND 1352, 2325, and concurrent enrollment in IND 2331. This is an introductory course to the many aspects of restoration, preservation, and adaptive reuse of structures and spaces. Emphasis is placed on the architectural interior. Legal and tax issues are discussed. Restoration projects involving actual structures are studied, along with theoretical problems. Specialized resources are included. Laboratory fee. (2 Lec., 3 Lab.)
INOS 1491 Special Topics in Interior Design (4)  
(This is a WECM course number. Former course prefix/number INTD 3470 and 3375)  
Prerequisites: INOS 2331, 1391, 2325. The principles studied in INOS 2331 are expanded to include project management. Advanced construction documents are prepared. The design research document prepared in INOS 2331 will be developed into a capstone design experience demonstrating mastery of the interior design process from concept to completion. Laboratory fee. (3 Lec., 4 Lab.)

INOS 2280 Cooperative Education - Interior Design (2)  
(This is a WECM course number. Former course prefix/number INTD 7271 or INT 702)  
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topic and learning outcomes vary. (1 Lec., 10 Ext.)

INOS 2307 Textiles for Interior Design (3)  
(This is a WECM course number. Former course prefix/number INTD 2374 or INT 281)  
The study of interior design textiles including, characteristics, care, codes, and applications. A project notebook is required. (3 Lec.)

INOS 2313 Residential Design I (3)  
(This is a WECM course number. Former course prefix/number INTD 1375 or INT 167)  
Prerequisites: INOS 1301, DFTG 1309. The study of residential spaces, including identification of client needs, programming, standards, space planning, drawings, and presentations. Laboratory fee. (2 Lec., 4 Lab.)

INOS 2315 Lighting for Interior Designers (3)  
(This is a WECM course number. Former course prefix/number INTD 2376 or INT 284)  
Prerequisites: INOS 1341, 1319. Fundamentals of lighting design, including lamps, luminaries, lighting techniques, and applications for residential and commercial projects. Laboratory fee. (2 Lec., 4 Lab.)

INOS 2317 Rendering Techniques (3)  
(This is a WECM course number. Former course prefix/number INTD 2373 or INT 277)  
A study of rendering techniques for formal interior design presentation, using a variety of media. Laboratory fee. (2 Lec., 4 Lab.)

INOS 2321 Presentation Drawing (3)  
(This is a WECM course number. Former course prefix/number INTD 1376 or INT 177)  
Prerequisites: Interior Design Major, DFTG 1309, INOS 1301. An introduction to two- and three-dimensional presentations, including drawings with one- and two-point perspectives, plans, and elevations. Laboratory fee. (2 Lec., 4 Lab.)

INOS 2325 Professional Practices for Interior Designers (3)  
(This is a WECM course number. Former course prefix/number INTD 3372 or INT 385)  
Prerequisites: Interior Design Major, INOS 1301, INOS 2313. A study of business practices and procedures for interior designers, including professional ethics, project management, marketing, and legal issues. (3 Lec., 1 Lab.)

INOS 2331 Commercial Design II (3)  
(This is a WECM course number. Former course prefix/number INTD 3370 or INT 3374 or INT 363 and 367)  
Prerequisites: Completion of all first and second year INOS and DFTG courses. Advanced concepts of specialized commercial interior design projects, including hospitality, corporate, retail, health care, institutional, or other specialized commercial design projects. In addition the student will select a project and complete a research paper; which will be completely developed into the capstone interior design project in INOS 1491. Laboratory fee. (2 Lec., 4 Lab.)

INOS 2335 Residential Design II (3)  
(This is a WECM course number. Former course prefix/number INTD 2371 or INT 261)  
Prerequisites: INOS 1341, 2313, 1319, 2321. A comprehensive study of complex residential interior design problems, including advanced space planning, specifications, budgets, and presentation renderings. Laboratory fee. (2 Lec. 4 Lab.)

INTERNATIONAL BUSINESS AND TRADE

IBUS 1191 Special Topics in International Business (1)  
(This is a WECM course number.)  
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Business, industrial, or service requirements in the international arena will determine specific topics or skill development offered, such as, new software packages, regulation updates, or market research information. (1 Lec.)
IBUS 1291 Special Topics In International Business (2)  
(This is a WECM course number.)  
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Business, industrial, or service requirements in the international arena will determine specific topics or skill development offered, such as, new software packages, regulation updates, or market research information. (2 Lec.)

IBUS 1301 Principles Of Imports Exports I (3)  
(This is a WECM course number. Former course prefix/number IBTR 2372.)  
Suggested Prerequisite: IBUS 1305. A study of export management processes and procedures. Topics include governmental controls, licensing of products, documentation, commercial invoices, and traffic procedures. Application to human and public relations, management of personnel, finance, and accounting procedures. Other topics include international carriers, logistics, insurance, payments including letters of credit, requests for quotation, and other trade terminology. This course may be repeated for credit. (3 Lec.)

IBUS 1302 Principles Of Imports Exports II (3)  
(This is a WECM course number.)  
Suggested Prerequisites: IBUS 1301 and IBUS 1305. The practices and processes of import management operations, including government controls. Skill development in the preparation and understanding of import documents such as customs invoices, packing lists, and commercial invoices. The student will process appropriate import documentation and utilize selected regulations of daily operations. This course may be repeated for credit. (3 Lec.)

IBUS 1305 Introduction To International Business And Trade (3)  
(This is a WECM course number. Former course prefix/number IBTR 2370.)  
The techniques for entering the international marketplace. Emphasis on the impact and dynamics of sociocultural, demographic, economic, technological, and political-legal factors in the foreign trade environment. Topics include patterns of world trade, internationalization of the firm, and operating procedures of the multinational enterprise. (3 Lec.)

IBUS 1341 International Purchasing (3)  
(This is a WECM course number. Former course prefix/number IBTR 2374.)  
Suggested Prerequisite: IBUS 1305. The skills needed by a buyer in international purchasing or sourcing. Topics include the advantages and the barriers of purchasing internationally, global sourcing, and purchasing processes, including issues of contract administration, location, and evaluation of foreign suppliers, total cost approach, exchange fluctuations, customs procedures, and related topics. This course may be repeated for credit. (3 Lec.)

IBUS 1349 International Information Systems (3)  
(This is a WECM course number. Former course prefix/number IBTR 2373.)  
Suggested Prerequisites: IBUS 1305, Introduction to International Business and Trade, COSC 1401, Microcomputer Concepts and Applications, or higher, ITSC 1401, Introduction to Computers, or higher, or POFI 1345, Integrated Software Applications. A course in managing information systems and technology for multinational corporations. Skill development in the use of appropriate software and the National Trade Data Bank. Topics include global strategic information systems as applied to international E-Commerce, marketing research, problem solving, and current transportation and customs software, such as the Automated Broker Interface. This course may be repeated for credit. Laboratory fee. (3 Lec.)

IBUS 1351 Coordination In Multinational Industries (3)  
(This is a WECM course number.)  
Suggested Prerequisites: IBUS 1305. Introduction to the essential relationship between domestic and foreign industries engaged in shared production. Topics include economic development through international co-production agreements with governments, technology transfer, labor, legal and financial management factors, and practical applications for such agreements, such as those for Mexican maquiladora operations. This course may be repeated for credit. (3 Lec.)

IBUS 1354 International Marketing Management (3)  
(This is a WECM course number. Former course prefix/number IBTR 2371.)  
Suggested Prerequisites: IBUS 1305 and MRKG 1311. Analysis of international marketing strategies using trends, costs, forecasting, pricing, sourcing, and distribution factors. Development of an international export/import marketing plan based on the student's research of a firm's direct and indirect global environment. Opportunities for international trade are identified. This courses may be repeated for credit. (3 Lec.)
IBUS 1391 Special Topics In International Business (3)
(This is a WECM course number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Business, industrial, or service requirements in the international arena will determine specific topics or skill development offered, such as new software packages, regulation updates, or market research information. (3 Lec.)

IBUS 2331 International Human Resource Management (3)
(This is a WECM course number. Former course prefix/number IBTR 2381.)
Suggested Prerequisites: IBUS 1305, IBUS 2341, and HRPO 2301. A study of the effects of the process of internationalization on human resource management including the requirements of local or host-country nationals, expatriates, or parent-country nations, and third-country nationals. Emphasis on Asia-Pacific, Europe, Latin America, and emerging economies. A staffing plan for an international environment including processes from recruitment to evaluation and labor regulations is prepared. This course may be repeated for credit. (3 Lec.)

IBUS 2335 International Business Law (3)
(This is a WECM course number. Former course prefix/number IBTR 2379.)
Suggested Prerequisites: IBUS 1305 and BUSI 2301. A course in law as it applies to international business transactions in the global political-legal environment. Study of interrelationships among laws of different countries and the legal effects on individuals and business organizations. Topics include agency agreements, international contracts and administration, regulation of exports and imports, technology transfers, regional transactions, intellectual property, product liability, and legal organization. This course may be repeated for credit. (3 Lec.)

IBUS 2339 International Banking And Finance (3)
(This is a WECM course number. Former course prefix/number IBTR 2378.)
Suggested Prerequisites: IBUS 1305 and ECON 2301. A course in international monetary systems, financial markets, flow of capital, foreign exchange, and financial institutions. Topics include export-import payments and financing, the preparation of letters of credit, related shipping documentation, and electronic transfers. An introduction to multinational financial decisions, such as financing foreign investment or working capital is provided. This course may be repeated for credit. (3 Lec.)

IBUS 2341 International Comparative Management (3)
(This is a WECM course number. Former course prefix/number IBTR 2377.)
Suggested Prerequisites: IBUS 1305, Introduction to International Business and Trade, BMGT 1303, Principles of Management, or HRPO 2307, Organizational Behavior. A study of cross-cultural comparisons of management and communications processes. Emphasis on cultural and geographic distinctions and antecedents that affect individual, group, and organizational behavior. Topics include sociocultural, demographic, economic, technological, and political-legal environments of cluster countries and their relationship to organizational communication and decision making in both the international or multicultural environment. Students will develop a comprehensive IBTR Program portfolio for presentation to prospective employers. This course may be repeated for credit. (3 Lec.)

IBUS 2345 Import Customs Regulations (3)
(This is a WECM course number. Former course prefix/number IBTR 2376.)
Suggested Prerequisites: IBUS 1301, IBUS 1302, and IBUS 1305. A study of the duties and responsibilities of the licensed customs broker or customhouse broker. Topics include processes for customs clearance including appraisement, bonded warehouse entry, examination of goods, harmonized tariffs, fees, bonding penalties, quotas, immediate delivery, consumption, liquidation, computerized systems, laws, and regulations. The student will take sample examinations in preparation for the United States Customs Brokers examination and solve complex problems involving customs regulations and processes. This course may be repeated for credit. (3 Lec.)

IBUS 2366 Practicum-International Business (3)
(This is a WECM course number. Former course prefix/number IBTR 7471.)
Suggested Prerequisites: Nine credit hours in International Business and Trade. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be for pay or no pay. This course may repeated if topics and learning outcomes vary. (20 Ext.)
INTERNET PUBLISHING AND E-COMMERCE TECHNOLOGIES

ITNW 1270 Development Platforms for Internet Publishing (2)  
(This is a WECM course number. Former course prefix/number WEBT 1270)  
Prerequisites: Concurrent enrollment in the Internet Publishing and E-Commerce Program, or demonstrated competence approved by program director. Introduction to hardware, software operating systems used in the development of media and content rich Web sites. Students will compare and contrast various hardware components of computer workstations describing functionality and cross-platform utilization of each component. Students will demonstrate competency using various operating systems in a networked environment. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 1271 Introduction to Internet Publishing Technologies (2)  
(This is a WECM course number. Former course prefix/number WEBT 1271)  
Prerequisites: Concurrent enrollment in the Internet Publishing and E-Commerce Program, or demonstrated competence approved by program director. This course will review the history, employment possibilities, current trends and societal effects of the digital information age. Project development methodology, internetworking infrastructure, web based client-server systems and various Web development tools will be discussed and demonstrated. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 1272 Basic Design and Imaging for Internet Publishing (2)  
(This is a WECM course number. Former course prefix/number WEBT 1272)  
Prerequisites: Concurrent enrollment in the Internet Publishing and E-Commerce Program, or demonstrated competence approved by program director. This course provides a general overview of the principles of graphic design with a specific focus on the application of these principles in new media. Image acquisition, manipulation and conversion will be discussed, demonstrated and performed. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 1273 Audio and Video Concepts for Internet Publishing (2)  
(This is a WECM course number. Former course prefix/number WEBT 1273)  
Prerequisites: Concurrent enrollment in the Internet Publishing and E-Commerce Program, or demonstrated competence approved by program director. The course introduces the student to the processes and tools of audio and video acquisition for embedding and streaming from high performance Web sites. Emphasis is on skill building in the use of VCRs, camcorders, CD-ROMs, audio tape players, digital audio and video editing systems. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 1274 Project Management (2)  
(This is a WECM course number. Former course prefix/number WEBT 1274)  
Prerequisites: Concurrent enrollment in the Internet Publishing and E-Commerce Program, or demonstrated competence approved by program director. This course provides an introduction to the complexities of managing interactive projects. Students will learn cost specification, budgeting, schedule construction, negotiation, team-building, time management and status reporting skills. Legal issues like intellectual property rights, contract agreements, ethics and confidentiality will be described. (2 Lec.)

ITNW 1275 Content Management for Interactive Publishing (2)  
(This is a WECM course number. Former course prefix/number WEBT 1275)  
Prerequisites: Successful completion of all Semester I program curricula, and concurrent enrollment in second semester courses, or demonstrated competence approved by program director. This course explores specialized writing and content management requirements of electronic publishing. Emphasis is placed on creating original content in various styles, modifying acquired content from external sources, and designing interactive, nonlinear content appropriate for the intended target audience. Managing customer complaints, negative publicity and using suggestion and feedback from customers to enhance site content will also be covered. (2 Lec.)

ITNW 1276 Digital Graphics and Intermediate Web Site Design (2)  
(This is a WECM course number. Former course prefix/number WEBT 1276)  
Prerequisites: Successful completion of all Semester I program curricula, and concurrent enrollment in second semester courses, or demonstrated competence approved by the program director. This course explores visual design concepts for new media will be explored using raster and vector based software applications. Digital imaging and illustration projects will utilize advanced color theory, typography, 2D and 3D visual composition and communication techniques. Laboratory fee. (1 Lec., 2 Lab.)
ITNW 1277 Web Site Production Techniques (2)
(This is a WECM course number. Former course prefix/number WEBT 1276)
Prerequisites: Successful completion of all Semester I program curricula, and concurrent enrollment in second semester courses, or demonstrated competence approved by the program director. This course provides in-depth study of the tools required of publishing electronic documents on the World Wide Web. Emphasis is on utilizing HyperText Markup Language (HTML) to construct media rich Web pages for distribution over the Internet. A review of HTML page editors with proficiency in their use is also required. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 1278 2D Digital Animation for Internet Publishing (2)
(This is a WECM course number. Former course prefix/number WEBT 1278)
Prerequisites: Successful completion of all Semester I program curricula, and concurrent enrollment in second semester courses, or demonstrated competence approved by the program director. Introduction to two-dimensional animation techniques used in the production of popular web sites, with an emphasis on using web technologies such as Shockwave and Flash to design lightweight, internet friendly animated content, including interactive menus and web pages. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 1279 Authoring Interactive Web Sites (2)
(This is a WECM course number.)
Prerequisites: Successful completion of all Semester I program curricula, and concurrent enrollment in second semester courses, or demonstrated competence approved by the program director. Introduction to the basics of delivering interactive multimedia content over the Internet. Concepts such as button states, navigation, visual and auditory feedback, and timing will be covered, followed by a significant introduction to using a scripting language to control interactivity. Emphasis will be placed on using pre-written scripts to streamline the development process. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 1291 Portfolio Development – Internet Publishing and E-Commerce Technologies (2)
(This is a WECM course number. Former course prefix/number WEBT 1253)
Prerequisites: Successful completion of all Semester I and II program curricula, and concurrent enrollment in third semester courses, or demonstrated competence approved by program director. Advanced directed study with development of a media rich, Internet project for corporate or in-house client. Additional topics will include an overview of professional practices required of the workplace like networking, presentation skills and job-seeking techniques. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 1380 Cooperative Education-Internet Publishing and E-Commerce Technologies (3)
(This is a WECM course number. Former course prefix/number WEBT 7371)
Prerequisites: Successful completion of all Semester I, II and III program curricula, and concurrent enrollment in fourth semester courses, or demonstrated competence approved by program director. Students will work either in an off-campus cooperative work arrangement or on a campus production team to create a Web based interactive project. This cooperative education offers college credit for practical work experience related to career goals. (1 Lec., 14 Ext.)

ITNW 2270 Interactive Media and Marketing (2)
(This is a WECM course number. Former course prefix/number WEBT 1280)
Prerequisites: Successful completion of all semester I and II program curricula, and concurrent enrollment in third semester courses, or demonstrated competence approved by program director. The focus of this course is to familiarize the student with the concepts, strategies, tactics, and metrics of media and marketing concepts in an interactive environment. To accomplish this objective, the student will demonstrate the ability to discuss the components of the interactive marketing mix, develop an executable interactive marketing plan, and report upon the results. (2 Lec.)

ITNW 2271 Advanced Interactive Web Site Authoring (2)
(This is a WECM course number.)
Prerequisites: Successful completion of all Semester I and II program curricula, and concurrent enrollment in third semester courses, or demonstrated competence approved by program director. Advanced introduction to programming interactive multimedia for delivery over the Internet using a scripting language to control interactivity. Multiple levels of scripting will be explored, from simple one-line commands to the writing of custom functions. Students will apply their knowledge by creating advanced interactivity such as games and simulations. Laboratory fee. (1 Lec., 2 Lab.)
ITNW 2272 Fundamentals of Web Server System Administration (2)
(This is a WECM course number.)
Prerequisites: Successful completion of all Semester I and II program curricula, and concurrent enrollment in third semester courses, or demonstrated competence approved by program director. An introduction to the requirements of building Web server platforms that provide high-performance, scaleable solutions for delivery of digital content and E-commerce Web sites. Emphasis will be placed on describing basic networking terminology, network functionality, internetworking protocols, network operating systems, directory services, role of network administrator, administering user/group accounts, securing network resources and installing basic web services. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 2273 Introduction to Internet Scripting Languages (2)
(This is a WECM course number. Former course prefix/number WEBT 1370)
Prerequisites: Successful completion of all Semester I and II program curricula, and concurrent enrollment in third semester courses, or demonstrated competence approved by program director. This course serves as an introduction to Internet scripting languages and is designed to teach basic programming skills, methodology, and logic through the use of JavaScript. Emphasis will be placed on applying this knowledge to develop Internet scripts that can be used to make a web site dynamic. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 2274 Fundamentals of Object Oriented Programming (2)
(This is a WECM course number.)
Prerequisites: Successful completion of all Semester I and II program curricula, and concurrent enrollment in third semester courses, or demonstrated competence approved by program director. This course introduces fundamental programming concepts utilizing the object-based programming language, Visual Basic. Emphasis is placed on building custom desktop applications from initial flow diagram stage to product deployment. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 2275 Web Server Support and Maintenance (2)
(This is a WECM course number.)
Prerequisites: Successful completion of all Semester I, II and III program curricula, and concurrent enrollment in fourth semester courses, or demonstrated competence approved by program director. Continued study of web server system administration with emphasis on supporting and maintaining the web server platform. Topical coverage includes: selecting hardware and network operating systems (NOS), file and partition management, installation and configuration of NOS services, protocol configuration and NOS/web server troubleshooting will be covered. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 2276 Web Server Configuration and Management (2)
(This is a WECM course number.)
Prerequisites: Successful completion of all Semester I, II and III program curricula, and concurrent enrollment in fourth semester courses, or demonstrated competence approved by program director. Continued study of web server system administration with emphasis on server configuration and management issues like: port assignments, IP addressing, directory structure, access permissions, MIME type association, web application support, virtual hosting, error messaging, indexing/logging, security features, performance tuning and optimization. Additional Internet services like FTP, SMTP and NNTP will be installed and configured. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 2277 E-Commerce and Design Technologies (2)
(This is a WECM course number.)
Prerequisites: Successful completion of all Semester I, II and III program curricula, and concurrent enrollment in fourth semester courses, or demonstrated competence approved by program director. This course focuses on electronic commerce with topical coverage of the following functional areas: business plan integration, design, technologies, software packages, store front development, cryptography, payment methodologies, and measurements, site traffic and sales analysis tools. Laboratory fee. (1 Lec., 2 Lab.)
ITNW 2278 Intermediate Object Programming with Databases (2)
(This is a WECM course number.)
Prerequisites: Successful completion of all Semester I, II and III program curricula, and concurrent enrollment in fourth semester courses, or demonstrated competence approved by program director. Introduction to Database design utilizing Visual Basic with focus on the ActiveX Data Objects (ADO) model. Relational database concepts, structured query language (SQL), ActiveX data objects, data form wizard, Microsoft Access and SQL server database engines will be discussed and demonstrated. Laboratory fee. (1 Lec., 2 Lab.)

ITNW 2279 Advanced Internet Scripting Languages (2)
(This is a WECM course number.)
Prerequisites: Successful completion of all Semester I, II and III program curricula, and concurrent enrollment in fourth semester courses, or demonstrated competence approved by program director. This course is a continuation of INET 1233 and is designed to teach advanced programming skills, methodology, and logic through the use of JavaScript, VBScript, and Microsoft Active Server Pages. Emphasis will be placed on creating scripts that provide more complex interactive options for web sites. Laboratory fee. (1 Lec., 2 Lab.)

INVASIVE CARDIOLOGY TECHNOLOGY

NOTE: HPRS 1204, 1291, 1202, 2300, 2231, 2201 are all health occupations core curriculum courses. These courses are listed and described in a separate section of the college catalog: Health Occupations Core Curriculum.

CVTT 1110 Cardiac Catheterization I (1)
(This is a WECM course number.)
Prerequisite: A grade of "C" or better in all CVTT and support courses. A study of the anatomy, physiology, and structural relationships of the human heart and vascular system. Focus on cardiac anatomy, electrocardiology, cardiac hemodynamics, and the innervation of the heart. (1 Lec.)

CVTT 1153 Catheterization Lab Fundamentals II (1)
(This is a WECM course number.)
Prerequisite: A grade of "C" or better in all CVTT and support courses. A continuation of Catheterization Lab Fundamentals I with emphasis on X-ray technology and interventional procedures in the cardiac cath lab. Focus on the beginning cath lab clinical experience. (1 Lec.)

CVTT 1304 Cardiovascular Physiology (3)
(This is a WECM course number.)
Prerequisite: Admission to the Invasive Cardiovascular Technology program with Health Occupations Core Curriculum or prior degree in Health Sciences. A study of the anatomy, physiology, and structural relationships of the human heart and vascular system. Focus on cardiac anatomy, electrocardiology, cardiac hemodynamics, and the innervation of the heart. (3 Lec.)

CVTT 1313 Catheterization Lab Fundamentals I (3)
(This is a WECM course number. Former course prefix/number ICVT 1375.)
Prerequisite: Admission to the Invasive Cardiovascular Technology program with Health Occupations Core Curriculum or prior degree in Health Sciences. An intensive study of advanced cardiovascular diagnostic and therapeutic procedures including patient preparation and monitoring, angiographic equipment set-up, and the coronary angiography procedure itself. Laboratory fee. (2 Lec., 2 Lab.)

CVTT 1324 Cardiovascular Physiology II (3)
(This is a WECM course number.)
Prerequisite: A grade of "C" or better in all CVTT and support courses. A continuation of Cardiovascular Physiology with emphasis on cardiac disease states including methods of hemodynamic data collection and implications in relation to cardiac diseases. (3 Lec.)

CVTT 1350 Cardiac Catheterization II (3)
(This is a WECM course number. Former course prefix/number ICVT 2470.)
Prerequisite: A grade of "C" or better in all CVTT and support courses. A continuation of Cardiac Catheterization I. An intensive study of advanced cardiovascular diagnostic and therapeutic procedures including percutaneous transluminal coronary angioplasty and electrophysiology studies. (3 Lec.)

CVTT 1360 Clinical – Cardiovascular Technology (3)
(This is a WECM course number. Former course prefix/number ICVT 1272.)
Prerequisite: Admission to the Invasive Cardiovascular Technology program with Health Occupations Core Curriculum or prior degree in Health Sciences. A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. (15 Ext.)
CVTT 1491 Special Topics in Cardiovascular Technology/Technician (4)
(This is a WECM course number.)
Prerequisite: A grade of "C" or better in all CVTT and support courses. Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Laboratory fee. (3 Lec., 3 Lab.)

CVTT 2350 Cardiac Catheterization III (3)
(This is a WECM course number. Former course prefix/number ICVT 2471.)
Prerequisite: A grade of "C" or better in all CVTT and support courses. A continuation of Cardiac Catheterization II with emphasis on areas of opportunity outside the cath lab including non-invasive cardiology, cardiac surgical procedures, and hospital administration as related to the cath lab. Assistance for the student in role transition from student to cath lab employee. This class contains the capstone experience for the Allied Health Imaging - Invasive Cardiovascular Technology program. (3 Lec.)

CVTT 2460 Clinical - Cardiovascular Technology (4)
(This is a WECM course number. Former course prefix/number ICVT 2670.)
A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. (24 Ext.)

CVTT 2463 Clinical - Cardiovascular Technology (4)
(This is a WECM course number. Former course prefix/number ICVT 2671.)
A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. (24 Ext.)

LIBRARY SKILLS

LIBR 1370 College Library Research Methods and Materials (3)
(Former course prefix/number LS 102)
This course is a survey of college research methodologies and materials with emphasis on search strategies appropriate for college-level research in the undergraduate disciplines, the structure and assessment of information sources within society, and the organization of academic libraries. Attention will also be given to the formal presentation of research results, including models of academic writing, bibliographic preparation and documentation standards. (3 Lec.)
(Coordinating Board Academic Approval Number 2501019112. This is a unique need course.)

MANAGEMENT

BMGT 1191 Special Topics in Business Administration and Management, General (1)
(This is a WECM course number. Former course prefix/number MGMT 2170.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (1 Lec.)

BMGT 1301 Supervision (3)
(This is a WECM course number. Former course prefix/number MGMT 1374.)
A study of the role of the supervisor. Managerial functions as applied to leadership, counseling, motivation, and human skills are examined. (3 Lec.)

BMGT 1303 Principles of Management (3)
(This is a WECM course number. Former course prefix/number MGMT 1370.)
Concepts, terminology, principles, theory, and issues that are the substance of the practice of management. (3 Lec.)

BMGT 1313 Principles of Purchasing (3)
(This is a WECM course number. Former course prefix/number CMGT 2370 or MGMT 1373.)
The purchasing process as it relates to such topics as inventory control, price determination, vendor selection, negotiation techniques, and ethical issues. (3 Lec.)
BMGT 1382 Cooperative Education - Business Administration And Management, General (3)
(This is a WECM course number. Former course prefix/number MGMT 7371.)
The student should have previous credit in or concurrent enrollment in BMGT 1301 or demonstrated competence approved by the instructor. Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 14 Ext.)

BMGT 1383 Cooperative Education - Business Administration And Management, General (3)
(This is a WECM course number. Former course prefix/number MGMT 7372.)
The student should have previous credit in or concurrent enrollment in HRPO 2301 or demonstrated competence approved by the instructor. Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 14 Ext.)

BMGT 1391 Special Topics In Business Administration And Management, General (3)
(This is a WECM course number. Former course prefix/number MGMT 2372.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (3 Lec.)

BMGT 2303 Problem Solving And Decision Making (3)
(This is a WECM course number. Former course prefix/number MGMT 2375.)
Decision making and problem solving processes in organizations, utilizing logical and creative problem solving techniques. Application of theory is provided by experiential activities such as small group discussions, case studies, and the use of other managerial decision aids. (3 Lec.)

BMGT 2331 Total Quality Management (3)
(This is a WECM course number. Former course prefix/number MGMT 1371.)
Quality of productivity in organizations. Includes planning for quality throughout the organization, analysis of costs of quality, and employee empowerment. (3 Lec.)

BMGT 2382 Cooperative Education - Business Administration And Management, General (3)
(This is a WECM course number. Former course prefix/number MGMT 8381.)
The student should have previous credit in or concurrent enrollment in HRPO 2307 or demonstrated competence approved by the instructor. Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 14 Ext.)

BMGT 2383 Cooperative Education - Business Administration And Management, General (3)
(This is a WECM course number. Former course prefix/number MGMT 8382.)
The student should have previous credit in or concurrent enrollment in BMGT 2303 or demonstrated competence approved by the instructor. Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 14 Ext.)

BUSG 1315 Small Business Operations (3)
(This is a WECM course number. Former course prefix/number MGMT 2371.)
A course in the unique aspects of managing a small business. Topics address management functions including how managers plan, exercise leadership, organize, and control the operations. (3 Lec.)

BUSG 1341 Small Business Financing (3)
(This is a WECM course number. Former course prefix/number MGMT 2370.)
A study of the financial structure of a small business. Topics address business finance, including where the funds come from and what they are used for; budgeting including planning and preparing, record keeping, taxation, insurance, and banking. (3 Lec.)
BUSG 2309 Small Business Management (3)
(This is a WECM course number. Former course prefix/number MGMT 1372.)
A course on how to start and operate a small business. Topics include facts about a small business, essential management skills, how to prepare a business plan, financial needs, marketing strategies, and legal issues. (3 Lec.)

HRPO 2301 Human Resources Management (3)
(This is a WECM course number. Former course prefix/number MGMT 2374.)
Behavioral and legal approaches to the management of human resources in organizations. (3 Lec.)

HRPO 2307 Organizational Behavior (3)
(This is a WECM course number. Former course prefix/number MGMT 2373.)
The analysis and application of organizational theory, group dynamics, motivation theory, leadership concepts, and the integration of interdisciplinary concepts from the behavioral sciences. (3 Lec.)

MARKETING

MRKG 1311 Principles Of Marketing (3)
(This is a WECM course number. Former course prefix/number MRTK 2370.)
Introduction to basic marketing functions, identification of consumer and organizational needs, explanation of economic, psychological, sociological, and global issues, and description and analysis of the importance of marketing research. (3 Lec.)

MATH 1314 College Algebra (3)
(This is a common course number. Former course prefix/number MTH 101)
Prerequisites: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 0099 or Developmental Mathematics 0093. This course is a study of relations and functions including polynomial, rational, exponential, logarithmic, and special functions. Other topics include complex numbers, systems of equations and inequalities, theory of equations, progressions, the binomial theorem, proofs, and applications. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015437)

MATH 1316 Plane Trigonometry (3)
(This is a common course number. Former course prefix/number MTH 102)
Prerequisite: Mathematics 1314 or Mathematics 1414 or equivalent, or approval of instructor. This course is a study of angular measures, functions of angles, identities, solutions of triangles, equations, inverse trigonometric functions, and complex numbers. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015337)

MATH 1324 Mathematics For Business And Economics I (3)
(This is a common course number. Former course prefix/number MTH 111)
Prerequisites: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 0099 or Developmental Mathematics 0093. This course includes equations, inequalities, matrices, linear programming; linear, quadratic, polynomial, rational, exponential, and logarithmic functions; and probability. Applications to business and economics problems are emphasized. (3 Lec.)
(Coordinating Board Academic Approval Number 2703016237)

MATH 1325 Business Calculus and Applications (3)
(This is a common course number. Former course prefix/number MTH 112)
Prerequisite: Mathematics 1324, MATH 1314 or MATH 1414. This course includes limits, differential calculus, integral calculus, and appropriate applications. (3 Lec.)
(Coordinating Board Academic Approval Number 2703015237)

The following MATH courses meet the requirements for Core Curriculum EXCEPT: MATH 1335, TECM 1303, TECM 1317, TECM 1341 and TECM 1349.

MATH 1314 is a 3 credit hour lecture course. MATH 1414 is a 4 credit hour lecture course. Either course will meet degree requirements.
MATH 1332 College Mathematics I (3)
(This is a common course number. Former course prefix/number MTH 115)
Prerequisites: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 0099 or Developmental Mathematics 0093. Designed for liberal arts students, this course includes the study of sets, logic, sets of numbers, and mathematical systems. Additional topics will be selected from mathematics of finance, introduction to computers, introduction to statistics, and introduction to matrices. Recreational and historical aspects of selected topics are also included. (3 Lec.)
(Coordinating Board Academic Approval Number 2701016137)

MATH 1333 College Mathematics II (3)
(This is a common course number. Former course prefix/number MTH 116)
Prerequisites: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 0099 or Developmental Mathematics 0093. Designed for liberal arts students, this course includes the study of algebra, linear programming, permutations, combinations, probability, and geometry. Recreational and historical aspects of selected topics are also included. (3 Lec.)
(Coordinating Board Academic Approval Number 2701016137)

MATH 1348 Analytic Geometry (3)
(This is a common course number. Former course prefix/number MTH 121)
Prerequisite: Mathematics 1316 or equivalent. This course is a study of the real numbers, distance, the straight line, conics, transformation of coordinates, polar coordinates, parametric equations, and three-dimensional space. (3 Lec.)
(Coordinating Board Academic Approval Number 2701016537)

MATH 1350 Fundamentals of Mathematics I (3)
(This is a common course number.)
Prerequisite: Math 1314 or MATH 1414 or the equivalent. Concepts of sets, functions, numeration systems, number theory, and properties of the natural numbers, integers, rational, and real number systems with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4-8) teacher certification. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015819)

MATH 1351 Fundamentals of Mathematics II (3)
(This is a common course number.)
Prerequisite: MATH 1350. College Algebra or the equivalent. Concepts of geometry, probability, and statistics, as well as applications of the algebraic properties of real numbers to concepts of measurement with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4-8) certification. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015819)

MATH 1414 College Algebra (4)
(Former course prefix/number MTH 103)
Prerequisites: Two years of high school algebra and an appropriate assessment score or Developmental Mathematics 0099 or Developmental Mathematics 0093. This course is a study of relations and functions including polynomial, rational, exponential, logarithmic, and special functions. Other topics include complex numbers, systems of equations and inequalities, theory of equations, progressions, the binomial theorem, proofs, and applications. (4 Lec.)
(Coordinating Board Academic Approval Number is 2701016437.)

MATH 1425 Business Calculus and Applications (4)
(This is a common course number.)
Prerequisite: Mathematics 1324, MATH 1314 or MATH 1414. This course includes limits, differential calculus, integral calculus, and appropriate applications. (4 Lec.)
(Coordinating Board Academic Approval Number 2701016219)

MATH 2315 Calculus III (3)
(This is a common course number. Former course prefix/number MTH 228)
Prerequisite: Mathematics 2414 or equivalent. This course is a study of topics in vector calculus, functions of several variables, and multiple integrals, with applications. (3 Lec.)
(Coordinating Board Academic Approval Number 2701016379)

MATH 2342 Introductory Statistics (3)
(This is a common course number.)
Prerequisite: Two years of high school algebra and an appropriate test scores or Developmental Mathematics 0093 or Developmental Mathematics 0099. This course is a study of collection and tabulation of data, bar charts, graphs, sampling, measures of central tendency and variability, correlation, index numbers, statistical distributions, probability, and application to various fields. (3 Lec.)
(Coordinating Board Academic Approval Number 2701016511)

MATH 2414 Calculus II (4)
(This is a common course number. Former course prefix/number MTH 225)
Prerequisite: Mathematics 2513 or equivalent. This course is a study of techniques of integration, polar coordinates, parametric equations, topics in vector calculus, sequences, series, indeterminate forms, and partial differentiation with applications. (4 Lec.)
(Coordinating Board Academic Approval Number 2701015937)
MATH 2442 Introductory Statistics (4)
(This is a common course number.)
Prerequisite: Two years of high school algebra and an appropriate test scores or Developmental Mathematics 0093 or Developmental Mathematics 0099. This course is a study of collection and tabulation of data, bar charts, graphs, sampling, measures of central tendency and variability, correlation, index numbers, statistical distributions, probability, and application to various fields. (4 Lec.)
(Coordinating Board Academic Approval Number 2705018119)

MATH 2513 Calculus I (5)
(This is a common course number. Former course prefix/number MTH 124)
Prerequisite: Mathematics 2412 or Mathematics 1348 or equivalent. This course is a study of limits, continuity, derivatives, and integrals of algebraic and transcendental functions, with applications. (5 Lec.)
(Coordinating Board Academic Approval Number 27010111937)

TECM 1391 Special Topics in Applied Mathematics, General (3)
(This is a WECM course number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (3 Lec.)

MEDICAL ASSISTING

MDCA 1201 Human Disease/Pathophysiology (2)
(This is a WECM course number. Former course prefix/number MEDA 1271.)
Corequisite: MDCA 1313. A study of anatomy and physiology with emphasis on human pathophysiology, including etiology, prognosis, medical treatment, signs and symptoms of common diseases of all body systems. (2 Lec.)

MDCA 1205 Medical Law and Ethics (2)
(This is a WECM course number. Former course prefix/number MEDA 1270.)
Prerequisite: GED or High School Diploma and admission to program. Instruction in principles, procedures, and regulations involving legal and ethical relationships among physicians, patients, and medical assistants. Includes current ethical issues as they relate to the practice of medicine and fiduciary responsibilities. (2 Lec.)

MDCA 1216 Procedures in a Clinical Setting (2)
(This is a WECM course number. Former course prefix/number MEDA 1275.)
Prerequisite: MDCA 1313, MDCA 1205 and MDCA 1201. Emphasis on patient-centered assessment, examination, intervention, and treatment as directed by physician. Includes vital signs, collection and documentation of patient information, asepsis, minor surgical procedures, and other treatments as appropriate for the medical office. Laboratory fee. (1 Lec., 2 Lab.)

MDCA 1217 Procedures in a Clinical Setting (2)
(This is a WECM course number. Former course prefix/number MEDA 1276.)
Prerequisite: MDCA 1216, MDCA 1313 and MDCA 1201. Emphasis on patient-centered assessment, examination, intervention, and treatment as directed by physician. Includes vital signs, collection and documentation of patient information, asepsis, minor surgical procedures, and other treatments as appropriate for the medical office. Laboratory fee. (1 Lec., 2 Lab.)

MDCA 1247 Pharmacology and Administration of Medications (2)
(This is a WECM course number. Former course prefix/number MEDA 1280.)
Prerequisite: MDCA 1313 and MDCA 1201. Instruction in concepts and application of pharmacological principles. Focuses on drug classifications, principles and procedures of medication administration, mathematical systems and conversions, calculation of drug problems, and medico-legal responsibilities of the medical assistant. Laboratory fee. (1 Lec., 2 Lab.)

MDCA 1251 Medical Assistant Laboratory Procedures (2)
(This is a WECM course number. Former course prefix/number MEDA 1277.)
Prerequisite: MDCA 1313 and MDCA 1201. Emphasis on common laboratory procedures performed in the physician's office or clinical setting. Includes blood collection, specimen handling, basic urinalysis, identification of normal ranges, and electrocardiography. Laboratory fee. (1 Lec., 2 Lab.)

MDCA 1313 Medical Terminology (3)
(This is a WECM course number. Former course prefix/number MEDA 1370.)
Prerequisite: GED or High School Diploma and admission to program. A study and practical application of a medical vocabulary system. Includes structure, recognition, analysis, definition, spelling, pronunciation, and combination of medical terms from prefixes, suffixes, roots, and combining forms. (3 Lec.)
MDCA 1421 Administrative Procedures (4)
(This is a WECM course number. Former course prefix/number MECA 1270 and MECA 1273.)
Prerequisite: MDCA 1313, MDCA 1201. A course in medical office procedures, including appointment scheduling, medical records creation and maintenance, phone communications, transcriptions, coding, billing, collecting, third party reimbursement, credit arrangements, and use of computer in the medical office. (4 Lee.)

MDCA 1443 Medical Insurance (4)
(This is a WECM course number. Former course prefix/number MECA 1279.)
Prerequisite: MDCA 1313 and MDCA 1201. Emphasizes accurate ICD-9 and CPT coding of office procedures for payment/reimbursement by patient or third party. Additional topics may include managed care or medical economics. Laboratory fee. (4 Lee.)

MDCA 2388 Internship - Medical Assistant (3)
(This is a WECM course number. Former course prefix/number MECA 1274 and MECA 1278.)
Prerequisite: Successful completion of all courses in the Medical Assisting Curriculum. An experience external to the college for an advanced student in a specialized field involving a written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college and that are directly related to specific occupational outcomes. This is an unpaid experience. (3 Ext.)

MRMT 1192 Special Topics in Medical Transcription (1)
(This is a WECM course number. Former course prefix/number MECA 1272.)
Prerequisite: MDCA 1313, MDCA 1201, and program admission or instructor approval. Fundamental use of dictation equipment, medical office reports, and creating medical records. Students will learn to spell and use medical terminology appropriately. Laboratory fee. (2 Lab.)

MRMT 1211 Computers in Health Care (2)
(This is a WECM course number. Former course prefix/number MECA 1272.)
Prerequisite: Typing speed of 30 wpm. Introduction to the concepts of computer technology related to health care and the tools and techniques for collecting, storing and retrieving health care data. Laboratory fee. (1 Lec., 2 Lab.)

MEDICAL LABORATORY TECHNOLOGY

NOTE: HPRS 1204, 1291, 1202, 2300, 2231, 2201 are all health occupations core curriculum courses. These courses are listed and described in a separate section of the college catalog: Health Occupations Core Curriculum.

MLAB 1167 Practicum (or Field Experience)-Medical Laboratory Technician/Technology (1)
(This is a WECM course number. Former course prefix/number MDLT 1171.)
Prerequisite: MLAB 1415 with a minimum grade of a "C". Practical General training and experiences in the workplace. The college and the employer develop and document an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (8 Ext.)

MLAB 1335 Immunology/Serology (3)
(This is a WECM course number. Former course prefix/number MDLT 2371.)
Prerequisite: Acceptance in the Medical Laboratory Technology Program. An introduction to the theory and application of basic immunology, including the immune response, principles of antigen-antibody reactions, and the principles of serological procedures. Laboratory fee. (2 Lec., 2 Lab.)

MLAB 1415 Hematology (4)
(This is a WECM course number. Former course prefix/number MDLT 1470.)
Prerequisite: Acceptance into the Medical Laboratory Technology Program with completion of Biology 2401 or Biology 1470 and English 1301. Introduction to theory and practical application of routine and special hematology procedures, both manual and automated; red blood cells and white blood cells maturation sequences, and normal and abnormal morphology and associated diseases. Laboratory fee. (3 Lec., 4 Lab.)

MLAB 2266 Practicum (or Field Experience)-Medical Laboratory Technician/Technology (2)
(This is a WECM course number. Former course prefix/number MDLT 2272.)
Prerequisite: Completion of MLAB 2501 with a minimum grade of "C". Practical general training and experiences in the workplace. The college and the employer develop and document an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (14 Ext.)
MLAB 2267 Practicum (or Field Experience)-Medical Laboratory Technician/Technology (2)
(This is a WECM course number. Former course prefix/number MDLT 2273.)
Prerequisite: Completion of MLAB 2331 and MLAB 2434 with a minimum grade of "C". Practical general training and experiences in the workplace. The college and the employer develop and document an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (20 Ext.)

MLAB 2331 Immunohematology (3)
(This is a WECM course number. Former course prefix/number MDLT 2372.)
Prerequisite: Acceptance into the Medical Laboratory Technology Program. A study of blood antigens and antibodies. Performance of routine blood banking procedures, including blood group and Rh typing, antibody screens, antibody identification, cross matching, elution, and absorption techniques. This course contains the capstone experience for the program. Laboratory fee. (2 Lec., 4 Lab.)

MLAB 2434 (Clinical) Microbiology (4)
(This is a WECM course number. Former course prefix/number MDLT 2473.)
Prerequisite: Acceptance into the Medical Laboratory Technology Program. Instruction in the theory, practical application, and pathogenesis of clinical microbiology, including collection, setup, identification, susceptibility testing, and reporting procedures. Laboratory fee. (3 Lec., 4 Lab.)

MLAB 2501 (Clinical) Chemistry (5)
(This is a WECM course number. Former course prefix/number MDLT 2570.)
Prerequisite: CHEM 1411 and CHEM 1412 with a minimal grade of a "C" and acceptance into the Medical Laboratory Technology Program. An introduction to the principles and procedures of various tests performed in Clinical Chemistry. Presents the physiological basis for the test, the principle and procedure for the test, and the clinical significance of the test results, including quality control and normal values. Also includes basic chemical laboratory technique, chemical laboratory safety, electrolytes and acid-base balance, proteins, carbohydrate, lipids, enzymes, metabolites, endocrine function, and toxicology. The study of urines and body fluids is extensively studied with this course as well. Laboratory fee. (4 Lec., 4 Lab.)

MEDICAL STAFF SERVICES

MSST 1270 Legal and Ethical Aspects of Health Care (2)
(This is a local need course number. Former course prefix/number MEDS 1270.)
Focus of this course is on the legal processes and ethical aspects affecting health care. Exposure to legal terminology and statutes, as well as ethical decision making is provided. Confidentiality, consent, patient rights, liability and negligence will be covered. (2 Lec.)

MSST 1370 Medical Staff Services I (3)
(This is a local need course number. Former course prefix/number MEDS 1370.)
This introductory course covers the fundamental concepts, principles and organization of the Medical Staff Office in a healthcare organization. The role of the office, organization of health care facilities, credentialing of medical staff and allied health practitioners, staff appointments, privilege delineation, monitoring and documenting proctoring, peer review, medical management, and preparing agendas and minutes are covered. (3 Lec.)

MSST 2270 Performance Improvement (2)
(This is a local need course number. Former course prefix/number MEDS 2270.)
Performance improvement efforts in health care are the focus of this course. Quality assessment techniques, utilization review, medical staff peer review and risk management are covered. The roles and responsibilities of individuals involved in performance improvement are also included. (2 Lec.)

MSST 2370 Medical Staff Services II (3)
(This is a local need course number. Former course prefix/number MEDS 1371.)
Prerequisite: HPRS 1370 Medical Staff Services I. This course is a continuation of Medical Staff Services 1370, covering the process of meeting standards of the Joint Commission on the Accreditation of Health Care Organizations (JCAHO), National Committee for Quality Assurance (NCQA), state licensure laws and other regulatory requirements. (3 Lec.)

MSST 2371 Medical Staff Services Directed Study (3)
(This is a local need course number. Former course prefix/number MEDS 2370.)
Prerequisite: All Medical Staff Services courses. This course combines productive work experience with academic study. The student, employer, and instructor will develop a written competency-based learning plan with learning objectives. Emphasis is on developing organizational and problem-solving skills. (1 Lec., 20 Ext.)
MEDICAL TRANSCRIPTION

HITT 2331 Medical Terminology- Advanced (3)
(This is a WECM course number. Former course prefix/number 2270)
Prerequisite: MDCA 1313. The student will identify, spell, and pronounce advanced medical terms; use advanced medical terms in context; construct and analyze advanced medical terms; and use medical references as resource tools. (3 Lec.)

MDCA 1201 Human Disease/Pathophysiology (2)
(This is a WECM course number. Former course prefix/number MEDT 1270, MEDA 1272.)
A study of anatomy and physiology with emphasis on human pathophysiology, including etiology, prognosis, medical treatment, signs and symptoms of common diseases of all body systems. (2 Lec.)

MDCA 1202 Human Disease/Pathophysiology (2)
(This is a WECM course number. Former course prefix/number MEDT 1274.)
Prerequisite: MDCA 1201. A study of anatomy and physiology with emphasis on human pathophysiology, including etiology, prognosis, medical treatment, signs and symptoms of common diseases of all body systems. (2 Lec.)

MDCA 1205 Medical Law and Ethics (2)
(This is a WECM course number.)
Instruction in principles, procedures, and regulations involving legal and ethical relationships among physicians, patients, and medical assistants. Includes current ethical issues as they relate to the practice of medicine and fiduciary responsibilities. (2 Lec.)

MDCA 1313 Medical Terminology (3)
(This is a WECM course number. Former course prefix/number MEDT 1372.)
A study and practical application of a medical vocabulary system. Includes structure, recognition, analysis, definition, spelling, pronunciation, and combination of medical terms from prefixes, suffixes, roots, and combining forms. (3 Lec.)

MRMT 1292 Special Topics in Medical Transcription (2)
(This is a WECM course number. Former course prefix/number MEDT 1273)
Prerequisite: MRMT 1307, Intermediate Medical Transcription. Application of learned transcription fundamentals and utilization of references in the production of intermediate level reports of physician dictation with development of speed and accuracy. Laboratory fee. (1 Lec., 3 Lab.)

MRMT 1307 Medical Transcription Fundamentals (3)
(This is a WECM course number. Former course prefix/number MEDT 1371)
Prerequisite: Admission to Medical Transcription or Medical Assistant program or instructor approval. Fundamentals of medical transcription with hands-on experience in transcribing physician dictation including basic reports such as history and physicals, discharge summaries, consultations, operative reports, and other medical reports. Utilizes transcribing and information processing equipment compatible with industry standards. Designed to develop speed and accuracy. Laboratory fee. (2 Lec., 2 Lab.)

MRMT 1382 Cooperative Education - Medical Transcription (3)
(This is a WECM course number. Former course prefix/number MEDT 1373.)
Prerequisite: MRMT 2433 or concurrent enrollment. Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 16 Ext.)

MRMT 2433 Advanced Medical Transcription (4)
(This is a WECM course number. Former course prefix/number MEDT 2370)
Prerequisite: MRMT 1292. Production of advanced reports of physician dictation with increasing speed and accuracy including history and physicals, consultations, discharge summaries, operative reports, and other medical reports. Laboratory fee. (2 Lec., 4 Lab.)

MUSIC

MUAP 1101-1181 Applied Music-Minor (1)
This course is open to students enrolled in music theory, ensembles, and other music major and minor courses. It provides private instruction in the student's secondary area and consists of a one-half hour lesson a week. Private music may be repeated for credit. Laboratory fee required. (1 Lec.)

MUAP 1101 Applied Music-Violin (1)
(This is a common course number. Former course prefix/number MUS 124)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 1105 Applied Music-Viola (1)
(This is a common course number. Former course prefix/number MUS 125)
(Coordinating Board Academic Approval Number 5009035430)
MUAP 1109 Applied Music-Cello (1)
(This is a common course number. Former course prefix/number MUS 126)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 1160 Applied Music-Guitar (1)
(This is a common course number. Former course prefix/number MUS 140)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 1165 Applied Music-Organ (1)
(This is a common course number. Former course prefix/number MUS 122)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 1169 Applied Music-Piano (1)
(This is a common course number. Former course prefix/number MUS 121)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2201-2281 Applied Music-Concentration (2)
This course is open to students enrolled in music theory, ensembles, or other music major and minor courses. It provides private instruction in the area of the student's concentration and consists of one hour of instruction per week. Private music may be repeated for credit. Laboratory fee required. (1 Lec.)

MUAP 2201 Applied Music-Violin (2)
(This is a common course number. Former course prefix/number MUS 224)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2205 Applied Music-Viola (2)
(This is a common course number. Former course prefix/number MUS 228)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2261 Applied Music-Guitar (2)
(This is a common course number. Former course prefix/number MUS 240)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2265 Applied Music-Organ (2)
(This is a common course number. Former course prefix/number MUS 222)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2269 Applied Music-Piano (2)
(This is a common course number. Former course prefix/number MUS 221)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2281 Applied Music-Voice (2)
(This is a common course number. Former course prefix/number MUS 223)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2301-2381 Applied Music-Major (3)
This course is primarily for music performance majors and is open to students enrolled in music theory, ensembles, or other music major and minor courses. It provides private instruction in the area of the student's major instrument and consists of one hour of instruction per week. This course may be repeated for credit. Laboratory fee. (1 Lec.)

MUAP 2301 Applied Music-Violin (3)
(This is a common course number. Former course prefix/number MUS 254)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2305 Applied Music-Viola (3)
(This is a common course number. Former course prefix/number MUS 258)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2361 Applied Music-Guitar (3)
(This is a common course number. Former course prefix/number MUS 270)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2365 Applied Music-Organ (3)
(This is a common course number. Former course prefix/number MUS 252)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2369 Applied Music-Piano (3)
(This is a common course number. Former course prefix/number MUS 251)
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2381 Applied Music-Voice (3)
(This is a common course number. Former course prefix/number MUS 253)
(Coordinating Board Academic Approval Number 5009035430)

MUSI 1116 Musicianship I (1)
(This is a common course number. Former course prefix/number MUS 161)
Prerequisite: Music 1300 and 1304 or demonstrated competence approved by the instructor. Keyboard skills and aural skills (including sight-singing and ear training) are developed. It is recommended that students enrolled in Music 1311 enroll in this course. (3 Lab.)
(Coordinating Board Academic Approval Number 5009045630)

MUSI 1117 Musicianship II (1)
(This is a common course number. Former course prefix/number MUS 162)
Prerequisite: Music 1116. This course is a continuation of Music 1116. It is recommended that students enrolled in Music 1312 enroll in this course. (3 Lab.)
(Coordinating Board Academic Approval Number 5009045630)
MUSI 1126 Band (1)
(This is a common course number. Former course prefix/number MUS 160/MUSI 1237)
Prerequisite: Demonstrated competence approved by the instructor. The band studies and performs a wide variety of music in all areas of band literature. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035830)

MUSI 1132 Keyboard Ensemble (1)
(This is a common course number. Former course prefix/number MUS 174)
Prerequisite: Demonstrated competence approved by the instructor. A group of keyboard instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035630)

MUSI 1137 Guitar Ensemble (1)
(This is a common course number. Former course prefix/number MUS 103)
Music composed and arranged for a guitar ensemble is performed. Works for a guitar and a different instrument or for guitar and a voice are also included. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035530)

MUSI 1143 Vocal Ensemble (1)
(This is a common course number. Former course prefix/number MUS 155)
Prerequisite: Demonstrated competence approved by the instructor. Activities include study and performance of specialized choral literature suitable for more advanced students. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035730)

MUSI 1151 Chamber Ensemble (1)
(This is a common course number. Former course prefix/number MUS 177)
Prerequisite: Demonstrated competence approved by the instructor. A group of chamber instrumentalists or vocalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035830)

MUSI 1181 Piano Class I (1)
(This is a common course number. Former course prefix/number MUS 117)
This course is primarily for students with no piano background. It develops basic musicianship and piano skills. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009075130)

MUSI 1182 Piano Class II (1)
(This is a common course number. Former course prefix/number MUS 118)
Prerequisite: Music 1181 or demonstrated competence approved by the instructor. The study of piano is continued. Included are technique, harmonization, transposition, improvisation, accompanying, sight reading, and performing various styles of repertoire. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009075130)

MUSI 1183 Voice Class I (1)
(This is a common course number. Former course prefix/number MUS 161)
This course is for non-voice majors. It presents the principles of breathing, voice production, tone control, enunciation, and phrasing in two group lessons a week. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009085130)

MUSI 1184 Voice Class II (1)
(This is a common course number. Former course prefix/number MUS 162)
This course is a continuation of Music 1183. It is open to all non-voice majors. Emphasis is on solo singing, appearance in studio recital, stage deportment, and personality development. Two group lessons are given a week. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009085130)

MUSI 1192 Guitar Class I (1)
(This is a common course number. Former course prefix/number MUS 119)
This course is primarily for students with limited knowledge in reading music or playing the guitar. It develops basic guitar skills. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009035130)

MUSI 1193 Guitar Class II (1)
(This is a common course number. Former course prefix/number MUS 120)
Prerequisite: Music 1192 or demonstrated competence approved by the instructor. This course is a continuation of Music 1192. Emphasis is on classical guitar techniques and music reading skills. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009035830)

MUSI 1300 Foundations Of Music I (3)
(This is a common course number. Former course prefix/number MUS 113)
This course is the initial course to prepare students with limited music training for Music 1311. It focuses on notation (music reading), musical terminology, analysis, listening to and creating rhythmic and melodic responses. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045430)
MUSI 1304 Foundations Of Music II (3)
(This is a common course number. Former course prefix/number MUS 114)
Prerequisite: Music 1300 or demonstrated competence approved by the instructor. This course prepares students with limited music training for Music 1311 and increases their general music understanding. Emphasis is on rhythmic and melodic training, chord functions, melody, textures, and basic analysis of music. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045430)

MUSI 1306 Music Appreciation (3)
(This is a common course number. Former course prefix/number MUS 104)
The basic elements of music are surveyed and examined in the music literature of western civilization, particularly from the Baroque Period to the present. Cultural influences on the music of each era are observed. (3 Lec.)
(Coordinating Board Academic Approval Number 5009026130)

MUSI 1308 Music Literature (3)
(This is a common course number. Former course prefix/number MUS 110)
The music of recognized composers in the major periods of music history is examined. Topics include the characteristics of sound, elements of music, performance media, and musical texture. Emphasis is on the music of the late Gothic, Renaissance, and Baroque eras. (3 Lec.)
(Coordinating Board Academic Approval Number 5009028230)

MUSI 1309 Music Literature (3)
(This is a common course number. Former course prefix/number MUS 111)
This course is a continuation of Music 1308. The compositional procedures and forms used by composers are studied. Emphasis is on the Classical, Romantic, and Modern periods. (3 Lec.)
(Coordinating Board Academic Approval Number 5009028230)

MUSI 1311 Music Theory I (3)
(This is a common course number. Former course prefix/number MUS 145)
Prerequisite: Music 1300 and 1304 or demonstrated competence approved by the instructor. This course is designed for music majors and minors. Emphasis is on notation, cadences, classification of diatonic triads, scales, and modes. It is recommended that students enrolled in Music 1116 enroll in this course. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045130)

MUSI 1312 Music Theory II (3)
(This is a common course number. Former course prefix/number MUS 146)
Prerequisite: Music 1311 or demonstrated competence approved by the instructor. This course focuses on part-writing and harmonization with triads and their inversions. Also included is a chord vocabulary expanded to include materials from the common practice period as well as contemporary periods. It is recommended that students enrolled in Music 1117 enroll in this course. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045130)

MUSI 1386 Composition (3)
(This is a common course number. Former course prefix/number MUS 203)
Prerequisites: Music 1311 and 1312 or demonstrated competence approved by the instructor. This course covers composing in small forms for simple media in a variety of styles. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045330)

MUSI 1390 Digital Music Production (3)
(Former course prefix/number MUS 154/MUSI 1372)
Prerequisite: One semester of music theory and keyboard or demonstrated competence approved by the instructor. This course is designed to introduce major/non-major music students to the MIDI technology as an extension of the music theory/keyboard curriculum. Various MIDI devices, computer hardware, and computer software will be explored. This course may be repeated for credit. (2 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 5009045826.)

MUSI 1391 Digital Music Production (3)
(Former course prefix/number MUS 154/MUSI 1373)
Prerequisite: Successful completion of Music 1390 or demonstrated competence approved by the instructor. This course is a continuation of Music 1390 and will present advanced concepts in music production. This course may be repeated for credit. (2 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 5009045826.)

MUSI 2116 Musicianship III (1)
(This is a common course number. Former course prefix/number MUS 271)
Prerequisite: Music 1116 and 1117 or demonstrated competence approved by the instructor. Keyboard and aural skills (including sight-singing and ear training) are developed. It is recommended that students enrolled in Music 2311 enroll in this course. (3 Lab.)
(Coordinating Board Academic Approval Number 5009046730)
MUSI 2117 Musicianship IV (1)
(This is a common course number. Former course prefix/number MUS 272)
Prerequisite: Music 2116 or demonstrated competence approved by the instructor. This course is a continuation of Music 2116. It is recommended that students enrolled in Music 2312 enroll in this course. (3 Lab.)
(Coordinating Board Academic Approval Number 5009045730)

MUSI 2311 Music Theory III (3)
(This is a common course number. Former course prefix/number MUS 246)
Prerequisite: Music 1311 and 1312 or demonstrated competence approved by the instructor. This course is a continuation of the study of music theory. It includes the materials of modulation, larger forms, and thematic development, and more advanced analysis. It is recommended that students enrolled in Music 2116 enroll in this course. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045230)

MUSI 2312 Music Theory IV (3)
(This is a common course number. Former course prefix/number MUS 246)
Prerequisite: Music 2311 or demonstrated competence approved by the instructor. This course is a continuation of the topics developed in Music 2311. The preceding materials are expanded to include melody, harmony, tonality, and the formal processes of 20th century music. It is recommended that students enrolled in Music 2116 enroll in this course. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045230)

MUSI 9176 Recital (1)
(Former course prefix/number MUS 199)
This is an on-campus concert/seminar series designed to provide a laboratory and listening experience as an extension of classroom music studies. Concerts, seminars and workshops are presented by guest artists and lecturers, faculty members and students. This is a one-hour credit course and may be repeated for credit. (2 Lab.)

NURSING

RNSG 1105 Nursing Skills I (1)
(This is a WECM course number. Former course prefix/number NURS 1971)
Prerequisites: Minimum grade of C in RNSG 1523, RNSG 1460, Biology 1472 or Biology 2402; and Psychology 2314. Concurrent enrollment in Biology 2420 and Speech Communication 1311. Concurrent enrollment in corequisite courses RNSG 2504 and RNSG 1461. Study of the concepts and principles essential for demonstrating competence in the performance of nursing procedures. Topics include knowledge, judgement skills, and professional values within a legal/ethical framework. Focus is on assessment, parenteral medication administration; IV therapy; documentation; surgical asepsis; basic skills competency validation. Licensing/Certification Agency: Board of Nurse Examiners for the State of Texas (BNE). Laboratory fee. (2 Lab.)

RNSG 1160 Clinical-Nursing (R.N. Training) (1)
(This is a WECM course number. Former course prefix/number NURS 1870)
Prerequisites: Current Texas LVN license, admission to the Associate Degree Nursing program, and C grade or better in Biology 1470 or Biology 2401, Psychology 2301, English 1301, and Mathematics 1314 equaling a grade point average of 2.5 or better. Additional prerequisites include Biology 1472 or 2402, 2420, Psychology 2314 and Speech Communication 1311 with a minimum grade of C. Licensed Vocational Nurses will take this course in place of RNSG 1523, RNSG 1460, RNSG 2504, RNSG 1105, RNSG 1461. Concurrent enrollment in corequisites course RNSG 1327 and RNSG 1170. A method of instruction providing detailed education, training, and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. Utilizes Nursing process in the care of individuals with problems in areas of fluid/electrolytes, inflammation/immune response, and reproductive/sexual health. Focus is on health promotion, expanded assessment, multi-disciplinary teamwork, communication, and the role of the nurse within a legal/ethical framework. Content includes applicable competencies in basic workplace skills. (3 Ext.)
RNSG 1170 ADN Bridge Nursing Skills (1)
(This is a local need course number. Former course prefix/number NURS 1570.)
Prerequisite: Current Texas LVN license, admission to the Associate Degree Nursing program, and C grade or better in Biology 1470 or Biology 2401, Psychology 2301, English 1301, and Mathematics 1314 equaling a grade point average of 2.5 or better. Additional prerequisites include Biology 1472 or 2402, 2420, Psychology 2314 and Speech Communication 1311 with a minimum grade of C. Licensed Vocational Nurses will take this course in place of RNSG 1523, RNSG 1460, RNSG 2504, RNSG 1105, RNSG 1461. Concurrent enrollment in corequisite courses RNSG 1327, RNSG 1160. Knowledge and principles applicable in the performance of nursing skills and procedures. Focus is on assessment of adults, clients in childbearing/child rearing; critical thinking; documentation; communication skills; nursing process with an ethical legal framework; transition from LVN to RN role. Licensing/Certification Agency: Board of Nurse Examiners for the State of Texas (BNE). Laboratory fee. (2 Lab.)

RNSG 1301 Pharmacology (3)
(This is a WECM course number. Former course prefix/number NURS 1370.)
Prerequisites: Minimum grade of C in Biology 1470 or 2401 and concurrent enrollment in Biology 1472 or 2402. Registered Nurses or Licensed Vocational Nurses may enroll for refresher purposes. Introduction to the science of pharmacology with emphasis on the actions, interactions, adverse effects, and nursing implications of each drug classification. Topics include the roles and responsibilities of the nurse in safe administration of medications within a legal/ethical framework. (3 Lec.)

RNSG 1311 Nursing Pathophysiology (3)
(This is a WECM course number. Former course prefix/number NURS 1371.)
Prerequisites: Biology 1470 or 2401 and concurrent enrollment in Biology 1472 or 2402. Registered nurses or Licensed Vocational Nurses may enroll for refresher purposes. Basic principles of pathophysiology emphasizing nursing applications. Topics include principles of homeostasis related to body systems. (3 Lec.)

RNSG 1327 Transition from Vocational to Professional Nursing (3)
(This is a WECM course number. Former course prefix/number NURS 1570.)
Prerequisites: Current Texas LVN license, admission to the Associate Degree Nursing program, and C grade or better in Biology 1470 or Biology 2401, Psychology 2301, English 1301, and Mathematics 1314 equaling a grade point average of 2.5 or better. Additional prerequisites include Biology 1472 or 2402, 2420, Psychology 2314 and Speech Communication 1311 with a minimum grade of C. Licensed Vocational Nurses will take this course in place of RNSG 1523, RNSG 1460, RNSG 2504, RNSG 1105, RNSG 1461. Concurrent enrollment in corequisite courses RNSG 1170, RNSG 1160. Topics include health promotion, expanded assessment, analysis of data, nursing process, pharmacology, multidisciplinary teamwork, communication, and applicable competencies in knowledge, judgement, skills, and professional values within a legal/ethical framework throughout the lifespan. Specific areas of emphasis include the role of the nurse in the management of clients with problems of fluid and electrolytes, inflammation/immune response, nutrition and clients during childbearing and child rearing ages. Licensing/Certification Agency: Board of Nurse Examiners for the State of Texas (BNE). (3 Lec.)

RNSG 1460 Clinical-Nursing (R.N. Training) (4)
(This is a WECM course number. Former course prefix/number NURS 1570.)
Prerequisites: Admission to the program and C grade or better in Biology 1470 or Biology 2401, Psychology 2301, English 1301 and Mathematics 1314 equaling a grade point average of 2.5. Concurrent enrollment in Biology 1472 or Biology 2402 and Psychology 2314. Concurrent enrollment in corequisite course RNSG 1523. A method of instruction providing detailed education, training, and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. Nursing process is utilized in the care of adults in acute and transitional care settings. Focus is on health promotion/disease prevention, basic pharmacological concepts, caring, ethical/legal aspects, and decision-making. Emphasis is on beginning assessment, psychomotor; and communication skills. Content includes applicable competencies in basic workplace skills. (12 Ext.)
RNSG 1461 Clinical-Nursing (R.N. Training) (4)
(This is a WECM course number. Former course prefix/number NURS 1971.)
Prerequisites: Minimum grade of C in RNSG 1523, RNSG 1460, Biology 1472 or Biology 2402, and Psychology 2314. Concurrent enrollment in Biology 2420 and Speech Communication 1311. Concurrent enrollment in corequisite courses RNSG 2504 and RNSG 1105. A method of instruction providing detailed education, training, and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. Utilizes the nursing process to deliver care to individuals and families in varied structured health care settings. Focus in on health promotion/health maintenance, nutrition, pharmacologic management, communication, ethical/legal aspects, and course-related psychomotor skills. Emphasis is on physical and psychosocial assessment of newborns, children, and adults in the collaborative management of individuals and families during childbearing and child rearing ages and in caring for individuals undergoing selected surgical interventions. Content includes applicable competencies in basic workplace skills. (12 Ext.)

RNSG 1523 Introduction to Professional Nursing (5)
(This is a WECM course number. Former course prefix/number NURS 1870.)
Prerequisites: Admission to the program and C grade or better in Biology 1470 or Biology 2401, Psychology 2301, English 1301 and Mathematics 1314 equaling a grade point average of 2.5. Concurrent enrollment in Biology 1472 or Biology 2402 and Psychology 2314. Concurrent enrollment in corequisite course RNSG 1460. Introduction to the profession of nursing including the roles of the registered nurse with emphasis on the application of a systematic, problem-solving process to provide care to diverse clients across the life span; and including applicable competencies in knowledge, judgment, skills, and professional values within a legal/ethical framework. Focus is on caring, competent nursing care of adults in acute and transitional care settings. Emphasis in the lab component is on medical and surgical asepsis; assessment; documentation; safety; selected skills for basic care needs; oral/topical medications. Content includes applicable competencies in basic workplace skills. Licensing/Certification Agency: Board of Nurse Examiners for the State of Texas (BNE). Laboratory fee. (4 Lec., 2 Lab.)

RNSG 2161 Clinical-Nursing (R.N. Training) (1)
(This is a WECM course number. Former course prefix/number NURS 2378.)
Prerequisites: Minimum grade of C in RNSG 2504, RNSG 1105, RNSG 1461, Biology 2420, and Speech Communication 1311. Concurrent enrollment in RNSG 2414 and RNSG 2460 and in a Humanities course. Concurrent enrollment in corequisite course RNSG 2213 and RNSG 1160. LVN Option: Minimum of C in RNSG 1327, RNSG 1170 and RNSG 1160. A method of instruction providing detailed education, training, and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. Utilizes nursing process to deliver care to individuals/families who are experiencing alterations in mental health in a variety of health settings. Focus is on psychopathology of mental disorders as well as promotion of mental health. Emphasis is on assessment, communication techniques, caring, ethical/legal aspects, and collaborative roles in the delivery of nursing care. Content includes applicable competencies in basic workplace skills. (3 Ext.)

RNSG 2213 Mental Health Nursing (2)
(This is a WECM course number. Former course prefix NURS 2378.)
Prerequisites: Minimum grade of C in RNSG 2504, RNSG 1105, RNSG 1461, Biology 2420, and Speech Communication 1311. Concurrent enrollment in RNSG 2414 and RNSG 2460 and in a Humanities course. LVN Option: Minimum of C in RNSG 1327, RNSG 1170, and RNSG 1160. Concurrent enrollment in corequisite course RNSG 2161. Principles and concepts of mental health, psychopathology, and treatment modalities relating to the nursing care of clients and their families. Emphasis is on assessment, communication techniques, promotion of mental health, caring, ethical/legal aspects, collaborative roles of nurse in a variety of settings. Content includes applicable competencies in basic workplace skills. Licensing/Certification Agency: Board of Nurse Examiners for the State of Texas (BNE). (2 Lec.)
RNSG 2221 Management of Client Care (2)
(This is a WECM course number. Former course prefix/number NURS 2270.)
Prerequisites: Minimum grade of C in RNSG 2414, RNSG 2460, RNSG 2213, RNSG 2161. Concurrent enrollment in corequisite courses RNSG 2535 and RNSG 2562. Exploration of leadership and management principles applicable to the role of the nurse as a provider of care, coordinator of care, and member of a profession. Includes application of knowledge, judgment, skills, and professional values within a legal/ethical framework. Emphasis is on economics, communication skills, trends and issues in health care delivery systems, legal and ethical parameters of professional nursing according to the Nurse Practice Act. Licensing/Certification Agency: Board of Nurse Examiners for the State of Texas (BNE). (2 Lec.)

RNSG 2414 Care of the Client with Complex Health Care Needs (4)
(This is a WECM course number. Former course prefix/number NURS 2870.)
Prerequisites: Minimum grade of C in RNSG 2504, RNSG 1105, RNSG 1461, Biology 2420, and Speech Communication 1311. Concurrent enrollment in RNSG 2213, RNSG 2161 and in a Humanities course. LVN Option: Minimum of C in RNSG 1327, RNSG 1170, RNSG 1160. Concurrent enrollment in corequisite course RNSG 2460. Application of a systematic problem-solving process and critical thinking skills to provide nursing care to diverse clients/families across the life span with complex health care needs in health maintenance and health restoration. Opportunities to collaborate with members of the multidisciplinary health care team. Topics include the role of the nurse as client advocate and coordinator of care and applicable competencies in knowledge, judgment, skills, and professional values within a legal/ethical framework. Focus is on performance of an adult assessment, pharmacotherapeutic interventions, and the collaborative role of the nurse in the delivery of safe, caring nursing care. Content includes applicable competencies in basic workplace skills. Licensing/Certification Agency: Board of Nurse Examiners for the State of Texas (BNE). (4 Lec.)

RNSG 2460 Clinical-Nursing (R.N. Training) (4)
(This is a WECM course number. Former course prefix/number NURS 2870.)
Prerequisites: Minimum grade of C in RNSG 2504, RNSG 1105, RNSG 1461 Biology 2420, and Speech Communication 1311. Concurrent enrollment in RNSG 2213 and RNSG 2161 and in a Humanities course. LVN Option: Minimum of C in RNSG 1327, RNSG 1170, RNSG 1160. Concurrent enrollment in corequisite course RNSG 2414. A method of instruction providing detailed education, training, and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. Utilizes systematic problem-solving process and critical thinking skills to provide nursing care to adults with complex care needs in diverse health care settings. Focus is on health promotion, work organization, time management, communication techniques, ethical/legal aspects, and critical thinking skills. Emphasis is on performance of an adult assessment, pharmacotherapeutic interventions, and the collaborative role of the nurse in the delivery of nursing care. Content includes applicable competencies in course related and basic workplace skills. (12 Ext.)

RNSG 2504 Care of the Client with Common Health Care Needs (5)
(This is a WECM course number. Former course prefix/number NURS 1971.)
Prerequisites: Minimum grade of C in RNSG 1523, RNSG 1460, Biology 1472 or Biology 2402, and Psychology 2314. Concurrent enrollment in Biology 2420 and Speech Communication 1311. Concurrent enrollment in corequisite courses RNSG 1105 and RNSG 1461. Application of a systematic problem-solving process and critical thinking skills to provide nursing care to diverse clients/families across the life span with common health care needs. Opportunities for collaboration with members of the multidisciplinary health care team. Content includes applicable competencies in knowledge, judgment, skills, and professional values within a legal/ethical framework. Focus is on caring, competent nursing care of individuals and families during childbearing and child rearing ages. Emphasis is on aspects of health promotion, health maintenance, nutrition, pharmacologic management. Content includes applicable competencies in basic workplace skills. Licensing/Certification Agency: Board of Nurse Examiners for the State of Texas (BNE). (5 Lec.)
RNSG 2535 Integrated Client Care Management (5)
(This is a WECM course number. Former course/prefix NURS 2972.)
Prerequisites: Minimum grade of C in RNSG 2414, RNSG 2460 and RNSG 2213, RNSG 2161. Concurrent enrollment in corequisite RNSG 2562 and RNSG 2221. Application of client assessment skills, critical thinking, and independent nursing interventions to care for diverse clients/families throughout the life span whose health care needs may be difficult to predict. Emphasis on collaborative clinical decision-making, nursing leadership skills, and client management. Topics include the significance of professional development, trends in nursing and health care, and applicable knowledge judgement, skills, and professional values within a legal/ethical framework. Focus is on caring, competent nursing care of individuals who are experiencing acute episodes of illness and/or multisystem failure. Emphasis on pathophysiology, treatment modalities, and nursing interventions. Content includes applicable competencies in basic workplace skills. Licensing/Certification Agency: Board of Nurse Examiners for the State of Texas (BNE). (5 Lec.)

SRGT 1167 Practicum (or Field Experience)-Surgical/Operating Room Technician (1)
(This is a WECM course number. Former course prefix number SOTC 1671.)
Prerequisites: Current R. N. licensure by the Board of Nurse Examiners for the State of Texas, or graduate nurse pending NCLEX-RN examination. Current CPR certification. Acceptance into the Perioperative Nurse Internship program. Concurrent enrollment in Perioperative Nurse Internship I (SRGT 1471). Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (10 Ext.)

SRGT 1471 Perioperative Nurse Internship I (4)
(This is a local course number. Former course prefix number SOTC 1671.)
Prerequisites: Current R. N. licensure by the Board of Nurse Examiners for the State of Texas, or graduate nurse pending NCLEX-RN examination. Current CPR certification. Acceptance into the Perioperative Nurse Internship program. Concurrent enrollment in Practicum (SRGT 1167). Introduction of the registered nurse or new graduate nurse to the operating room environment. The intraoperative aspect of perioperative nursing is emphasized. The following are presented: basic principles of sterile technique sterilization, preparation and care of surgical instruments, supplies and equipment; ethical/legal implications; surgical pharmacology; basic care and safety of the patient in the operating room. The scrub role is emphasized. (4 Lec.)

SRGT 2366 Practicum (or Field Experience)-Surgical/Operating Room Technician (3)
(This is a WECM course number. Former course prefix number SOTC 1672.)
Prerequisites: A minimum C grade or better in Perioperative Nurse Internship I (SRGT 1471) and Practicum (SRGT 1167). Concurrent enrollment in Perioperative Nurse Internship II (SRGT 2571). Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. This course may be repeated if topics and learning outcomes vary. (24 Ext.)
SRGT 2571 Perioperative Nurse Internship II (5)
(This is a local need course number. Former course prefix/number SOTC 1672.)
Prerequisites: A minimum C grade or better in Perioperative Nurse Internship I (SRGT 1471) and Practicum (SRGT 1167). Concurrent enrollment in Practicum (SRGT 2366). Expansion of the principles and skills learned in Perioperative Nurse Internship I. Included are: specific patient preparations and care for given surgical procedures; wound healing; complications of anesthesia and surgery; and pre and post-operative visits. Selected surgical procedures will incorporate all human body systems. The circulating role is emphasized. (5 Lec.)

NUTRITION

NUTR 1322 Principles of Nutrition (3)
(Former course prefix/number NTR 101. Common Course Number is HECO 1322)
This is an introduction to human nutrition. Topics will include classes, sources, and function of nutrients, digestion and absorption, and metabolism with applications to normal and therapeutic nutritional needs. (3 Lec.)
(Coordinating Board Academic Approval Number 1905026133)

OFFICE TECHNOLOGY

ITSW 1407 Introduction to Database (4)
(This is a WECM course number. Former course prefix/number CISC 2481.)
Introduction to database theory and the practical applications of a database. Topics include terminology, database design, table structures, report forms, queries and macros. Laboratory fee. (3 Lec., 4 Lab.)

POFI 1301 Computer Applications I (3)
(This is a WECM course number. Former course prefix/number OFCT 1377.)
Overview of computer applications including current terminology and technology. Introduction to computer hardware, software applications, procedures, and Internet usage. This course may be repeated for credit. Laboratory fee. (2 Lec., 2 Lab.)

POFI 1341 Computer Applications II (3)
(This is a WECM course number. Former course prefix/number OFCT 2373.)
Continued study of current computer terminology and technology. Advanced skill development in computer hardware, software applications, and procedures. This course may be repeated for credit. Laboratory fee. (2 Lec., 2 Lab.)

POFI 1345 Integrated Software Applications II (3)
(This is a WECM course number. Former course prefix/number OFCT 1380.)
Continued study of computer applications from business productivity software suites. Instruction in embedding data and linking and combining documents using word processing, spreadsheets, databases, and/or presentation media software. This course may be repeated for credit. Laboratory fee. (2 Lec., 2 Lab.)

POFI 2301 Word Processing (3)
(This is a WECM course number. Former course prefix/number OFCT 1378.)
Suggested Prerequisite: Keyboarding proficiency. Instructions on the various aspects of a word processing software package. Emphasis on the use of text editing features to produce business documents. This course may be repeated for credit. Laboratory fee. (2 Lec., 3 Lab.)

POFI 2331 Desktop Publishing for the Office (3)
(This is a WECM course number. Former course prefix/number OFCT 2372.)
In-depth coverage of desktop publishing terminology, text editing, and use of design principles to create publishing material using word processing desktop publishing features. Emphasis on layout techniques, graphics, and multiple page displays. This course may be repeated for credit. Laboratory fee. (2 Lec., 2 Lab.)

POFT 1127 Introduction to Keyboarding (1)
(This is a WECM course number. Former course prefix/number OFFT 1171.)
Skill development in keyboarding with emphasis on alphabet, number, and symbol keys by touch. Laboratory fee. (2 Lab.)

POFT 1193 Special Topics in General Office/Clerical and Typing Services (1)
(This is a WECM course number. Former course prefix/number OFFT 1179.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation which are relevant to the professional development of the student. This course may be repeated for credit. Laboratory fee. (2 Lab.)
POFT 1207 Proofreading and Editing (2)  
(This is a WECM course number.)  
Instruction in proofreading and editing skills necessary to assure accuracy in written documents and business correspondence. Laboratory fee. (1 Lec., 2 Lab.)

POFT 1293 Special Topics in General Office/Clerical and Typing Services (2)  
(This is a WECM course number. Former course prefix/number OFCT 1170.)  
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation which are relevant to the professional development of the student. This course may be repeated for credit. Laboratory fee. (1 Lec., 2 Lab.)

POFT 1302 Business Communications I (3)  
(This is a WECM course number. Former course prefix/number OFCT 2370.)  
Introduction to a practical application of basic language usage skills with emphasis on fundamentals of writing and editing for business. Laboratory fee. (2 Lec., 2 Lab.)

POFT 1309 Administrative Office Procedures I (3)  
(This is a WECM course number. Former course prefix/number OFCT 1373.)  
Suggested Prerequisite: Basic Keyboarding Skills. Study of current office procedures including telephone skills, time management, travel and meeting arrangements, mail processing, and other duties and responsibilities in an office environment. Laboratory fee. (2 Lec., 2 Lab.)

POFT 1313 Professional Development for Office Personnel (3)  
(This is a WECM course number.)  
Preparation for the work force including business ethics, teamwork, professional attire, promotability, and interpersonal skills development. Laboratory fee. (2 Lec., 2 Lab.)

POFT 1319 Records and Information Management I (3)  
(This is a WECM course number. Former course prefix/number OFCT 1371.)  
Introduction to basic records and information management. Includes the life cycle of a record, manual and electronic records management, and basic filing procedures and rules. Laboratory fee. (2 Lec., 2 Lab.)

POFT 1321 Business Math (3)  
(This is a WECM course number.)  
Instruction in the fundamentals of business mathematics including analytical and problem-solving skills for critical thinking in business applications. Laboratory fee. (3 Lec.)

POFT 1325 Business Math and Machine Applications (3)  
(This is a WECM course number. Former course prefix/number OFCT 1372.)  
Skill development in the use of electronic calculators and business mathematical functions. Emphasis on business problem-solving skills using spreadsheet software. Laboratory fee. (2 Lec., 2 Lab.)

POFT 1329 Keyboarding and Document Formatting (3)  
(This is a WECM course number. Former course prefix/number OFCT 1376.)  
Skill development in the operation of the keyboard by touch applying proper keyboarding techniques. Emphasis on development of acceptable speed and accuracy levels and formatting basic documents. Laboratory fee. (2 Lec., 2 Lab.)

POFT 1349 Administrative Office Procedures II (3)  
(This is a WECM course number.)  
Advanced office application with special emphasis on decision making, goal setting, management theories, and critical thinking. Laboratory fee. (2 Lec., 2 Lab.)

POFT 1380 Cooperative Education-Administrative Assistant/Secretarial Science, General (3)  
(This is a WECM course number. Former course prefix/number OFCT 7471.)  
Career related activities encountered in the student's area of specialization offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Ext.)

POFT 1381 Cooperative Education-Administrative Assistant/Secretarial Science, General (3)  
(This is a WECM course number. Former course prefix/number OFCT 7471.)  
Career related activities encountered in the student's area of specialization offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Ext.)
POFT 1382 Cooperative Education-General
Office/Clerical and Typing Services (3)
(1 Lee., Ext.)
Career related activities encountered in the student’s area of specialization offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and employer, the student combines classroom learning with work experience directly related to a technical discipline. Specific learning objectives guide the student through the paid work experience. This course may be repeated for credit. (1 Lec., 15 Ext.)

POFT 1383 Cooperative Education-General
Office/Clerical and Typing Services (3)
(1 Lee., Ext.)
Career related activities encountered in the student’s area of specialization offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and employer, the student combines classroom learning with work experience directly related to a technical discipline. Specific learning objectives guide the student through the paid work experience. This course may be repeated for credit. (1 Lec., 15 Ext.)

POFT 1382 Special Topics in Administrative Assistant/Secretarial Science, General (3)
(1 Lee., Ext.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation which are relevant to the professional development of the student. This course may be repeated for credit. (1 Lec., 2 Lab.)

POFT 1383 Special Topics in General Office/Clerical and Typing Services (3)
(1 Lee., Ext.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation which are relevant to the professional development of the student. This course may be repeated for credit. (1 Lec., 2 Lab.)

POFT 1483 Special Topics in General Office/Clerical and Typing Services (4)
(1 Lee., Ext.)
Topics address recently identified current event, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated for credit. (1 Lec., 4 Lab.)

POFT 2203 Speed and Accuracy Building (2)
(1 Lee., 2 Lab.)
Review, correct, improve, and/or perfect touch keyboarding techniques for the purpose of increasing speed and improving accuracy. Laboratory fee. (1 Lec., 2 Lab.)

POFT 2301 Document Formatting and Skillbuilding (3)
(1 Lee., Ext.)
Suggested Prerequisite: Keyboarding and Document Formatting. A continuation of keyboarding skills in document formatting, speed, and accuracy. Emphasis is on proofreading, editing, following instruction, and keying documents from various copy. This course may be repeated for credit. Laboratory fee. (2 Lec., 2 Lab.)

POFT 2312 Business Communications II (3)
(1 Lee., Ext.)
Skill development in practical applications which emphasize the improvement of writing skills necessary for effective business communications. Laboratory fee. (2 Lec., 2 Lab.)

POFT 2331 Administrative Systems (3)
(1 Lee., Ext.)
Experience in project management and office procedures utilizing integration of previously learned skills. Laboratory fee. (2 Lec., 2 Lab.)

POFT 2380 Cooperative Education-Administrative Assistant/Secretarial Science, General (3)
(1 Lee., 20 Ext.)
Career related activities encountered in the student’s area of specialization offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Ext.)
POFT.2382 Cooperative Education-General Office/Clerical and Typing Services (3)
(This is a WECM course number. Former course prefix/number OFCT 7372.)
Career related activities encountered in the student's area of specialization offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience directly related to a technical discipline. Specific learning objectives guide the student through the paid work experience. This course may be repeated for credit. (1 Lec., 15 Ext.)

POFT 2383 Cooperative Education-General Office/Clerical and Typing Services (3)
(This is a WECM course number. Former course prefix/number OFCT 7472.)
Career related activities encountered in the student's area of specialization offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience directly related to a technical discipline. Specific learning objectives guide the student through the paid work experience. This course may be repeated for credit. (1 Lec., 20 Ext.)

POFT 2388 Internship-General Office/Clerical and Typing Services (3)
(This is a WECM course number. Former course prefix/number OFCT 7372.)
An experience external to the college for an advanced student in a specialized field involving a written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college and that are directly related to specific occupational outcomes. This may be paid or unpaid experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 15 Ext.)

PARALEGAL

LGLA 1266 Practicum Paralegal/Legal Assistant (2)
(This is a WECM course number. Former course prefix/number LEGL 7471.)
Prerequisites: LGLA 1313, LGLA 1311, ENGL 1301. Practical general training and experiences in the workplace are offered. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study (paralegal/legal assistant). The guided external experiences may be paid or unpaid. This course may be repeated (LGLA 2266 or LGLA 2380) if topics and learning outcomes vary. The student must attend a one-hour per week seminar in addition to the workplace hours required. (1 Lec., 14 Ext.)

LGLA 1301 Legal Research and Writing (3)
(This is a WECM course number. Former course prefix/number LEGL 1374.)
Corequisites: LGLA 1313 or LGLA 1311. This course provides a working knowledge of the fundamentals of effective legal research and writing. Topics include law library techniques and operations, computer assisted legal research, writing briefs and legal memoranda, proper citation form for legal resources, ethical obligations of the paralegal in legal research, and legal research terminology. (3 Lec.)

LGLA 1311 Introduction to Law (3)
(This is a WECM course number. Former course prefix/number LEGL 1373.)
Corequisites: LGLA 1313 or LGLA 1301. This course provides an overview of the law and the legal system. Topics include elementary legal concepts of various areas of the law, procedures, terminology, ethical obligations of the paralegal, current issues in law, and the function, jurisdiction, practices, and principles of trial and appellate courts at state and federal levels. (3 Lec.)

LGLA 1313 Introduction to Paralegal Studies (3)
(This is a WECM course number. Former course prefix/number LEGL 1370.)
Corequisites: LGLA 1311 or LGLA 1301. This course provides an overview of the paralegal profession including ethical obligations, regulation, professional trends and issues, and the paralegal's role in assisting the delivery of legal services. Professional organizations, job search strategies, legal vocabulary, legal analysis, writing skills, and critical thinking are introduced. (3 Lec.)
LGLA 1343 Bankruptcy (3)
(This is a WECM course number. Former course prefix/number
LEGL 2381.)
Prerequisites: LGLA 1313, LGLA 1311, ENGL 1301.
This course presents fundamental common law and
statutory concepts of bankruptcy law and procedure.
Topics include individual and business liquidation and
reorganization, debtors' and creditors' rights, adversarial
matters and litigation in bankruptcy court, legal
terminology relating to bankruptcy law, ethical
considerations for paralegals working in this area, and
emerging computer applications in bankruptcy practice.
(3 Lec.)

LGLA 1345 Civil Litigation (3)
(This is a WECM course number. Former course prefix/number
LEGL 2372.)
Prerequisites: LGLA 1313, LGLA 1311, ENGL 1301.
This course presents fundamental common law and
statutory concepts, rules, and procedures of civil litigation
with emphasis on the paralegal's role. Topics include
pretrial, trial, and post-trial phases of civil litigation, the
role of alternative dispute resolution processes in civil
litigation proceedings, practical techniques required to
cope with protracted or complex litigation, ethical
considerations, drafting problems a paralegal may
encounter in this area, and computer applications utilized
in civil litigation activities. (3 Lec.)

LGLA 1351 Contracts (3)
(This is a WECM course number. Former course prefix/number
LEGL 2378.)
Prerequisites: LGLA 1313, LGLA 1311, ENGL 1301.
This course presents fundamental common law and
statutory concepts of contract law with emphasis on the
paralegal's role. Topics include formation, performance,
and enforcement of contracts under the common law and
the Uniform Commercial Code, ethical considerations of
the paralegal working in this area, emerging computer
applications, contract law terminology, and special
problems encountered when drafting various instruments
and documents related to the law of contracts. (3 Lec.)

LGLA 1353 Wills, Trusts, and Probate
Administration (3)
(This is a WECM course number. Former course prefix/number
LEGL 2374.)
Prerequisites: LGLA 1313, LGLA 1311, ENGL 1301.
This course presents fundamental common law and
statutory concepts of the law of will, trusts, and probate
administration with emphasis on the paralegal's role.
Topics include common law and statutory components
of wills, trusts, and other instruments relating to estate
planning, estate tax considerations, alternatives to
traditional estate planning mechanisms, common law
and statutory requirements regarding testamentary and
intestate distribution of property, ethical obligations and
professional responsibilities of the paralegal working in
this area, drafting guidelines and concerns, probate
court structure and procedures, emerging computer
applications, and legal terminology related to wills,
trusts, and probate administration. (3 Lec.)

LGLA 1355 Family Law (3)
(This is a WECM course number. Former course prefix/number
LEGL 1372.)
Prerequisites: LGLA 1313, LGLA 1311, ENGL 1301.
This course presents fundamental common law and
statutory concepts of family law with emphasis on the
paralegal's role. Topics include formal and informal
marriages, separation, divorce, annulment, marital
property, the parent-child relationship, child custody and
support, adoption, guardianship, domestic relations
court procedures, public records research, and the
paralegal's role in alternative dispute resolution/mediation processes. Ethical obligations,
family law terminology, and emerging computer
applications in domestic relations practice are also
presented. (3 Lec.)

LGLA 1380 Cooperative Education-Paralegal/Legal
Assistant (3)
(This is a WECM course number. Former course prefix/number
LEGL 7371.)
Prerequisites: LGLA 1313, LGLA 1311, ENGL 1301.
Career related activities encountered in the student's
area of specialization (paralegal/legal assistant) are
offered through a cooperative agreement between the
college, employer, and student. Under supervision of
the college and the employer, the student combines
classroom learning with work experience. Directly
related to a technical discipline (paralegal/legal assistant), specific learning objectives guide the student
through the paid work experience. This course may be
repeated (LGLA 2380) if topics and learning outcomes vary. The student must attend a one-hour per week
seminar in addition to the workplace hours required.
(1 Lec., 15 Ext.)
LGLA 2266 Practicum-Paralegal/Legal Assistant (2)
(This is a WECM course number. Former course prefix/number LEGL 7472.)
Prerequisites: LGLA 1313, LGLA 1311, LGLA 1266 or LGLA 1380, ENGL 1301. Practical general training and experiences in the workplace are offered. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study (paralegal/legal assistant). The guided external experiences may be paid or unpaid. This course may be repeated (LGLA 2267) if topics and learning outcomes vary. This course is available for the student who has successfully completed LGLA 1266 or LGLA 1380 and who selected learning objectives different from those achieved in a previous practicum or cooperative work experience course. Seminar topics different from those covered in LGLA 1266 or LGLA 1380 are presented. The student must attend a one-hour per week seminar in addition to the workplace hours required. (1 Lec., 14 Ext.)

LGLA 2267 Practicum-Paralegal/Legal Assistant (2)
(This is a WECM course number.)
Prerequisites: LGLA 1313, LGLA 1311, LGLA 1266 and 2266, ENGL 1301. Practical general training and experiences in the workplace are offered. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study (paralegal/legal assistant). The guided external experiences may be paid or unpaid. This course is available for the student who has successfully completed LGLA 1266 and LGLA 2266 and who selects learning objectives different from those achieved in those previous practicum courses. Seminar topics different from those covered in LGLA 1266 and LGLA 2266 are presented. The student must attend a one-hour per week seminar in addition to the workplace hours required. (1 Lec., 14 Ext.)

LGLA 2307 Law Office Management (3)
(This is a WECM course number. Former course prefix/number LEGL 2377.)
Prerequisites: LGLA 1313, LGLA 1311, ENGL 1301. This course present the fundamentals of law office management and organization including basic principles and structure of management, administrative and substantive systems in large and small law offices and law practice technology. Topics include accounting systems, budgets, cash flow planning, marketing, time and billing systems, current developments in computer applications, benefits, effective utilization of attorney and staff resources, ethical obligations of the paralegal handling law office management responsibilities, and career opportunities for paralegals in this field. (3 Lec.)

LGLA 2309 Real Property (3)
(This is a WECM course number. Former course prefix/number LEGL 1371.)
Prerequisites: LGLA 1313, LGLA 1311, ENGL 1301. This course presents fundamental common law and statutory concepts of real property law with emphasis on the paralegal's role. Topics include the nature of real property, rights and duties of ownership, land use and limitations, voluntary and involuntary conveyances (deeds, contracts, liens, mortgages, deeds of trust, leases, etc.), property descriptions, the recording and searching for real estate documents, landlord and tenant issues, problems involved in drafting real estate documents, ethical considerations for a paralegal working in the real estate area, real property terminology, and emerging computer resources and applications in real estate practice. (3 Lec.)

LGLA 2311 Business Organizations (3)
(This is a WECM course number. Former course prefix/number LEGL 2371.)
Prerequisites: LGLA 1313 , LGLA 1311, ENGL 1301. This course presents basic common law and statutory concepts of business organizations with emphasis on the paralegal's role. Topics include the law of agency, sole proprietorships, forms of partnerships, forms of corporations, and emerging business entities such as limited liability companies and partnerships. Additional topics include ethical considerations, legal terminology related to business organizations, and computer applications being utilized in this area. Practical organizational and writing skills are emphasized through assigned drafting and formation projects. (3 Lec.)
LGLA 2313 Criminal Law and Procedure (3)  
(This is a WECM course number. Former course prefix/number LEGL 2379.)  
Prerequisites: LGLA 1313, LGLA 1311, ENGL 1301.  
This course introduces the criminal justice system including procedures from arrest to final disposition, principles of federal and state law and the preparation of pleadings and motions. The paralegal's role in assisting the attorney practicing criminal law is emphasized. Topics include review of the criminal court system, stages in a criminal prosecution, constitutional rights and limitations of the accused, investigation procedures, the juvenile justice system, dealing with clients, drafting specialized documents, ethical obligations of the paralegal working in this area, criminal law terminology, and the impact of computer applications on criminal courts and criminal law attorneys. (3 Lee.)

LGLA 2331 Advanced Legal Research and Writing (3)  
(This is a WECM course number. Former course prefix/number LEGL 2378.)  
Prerequisites: LGLA 1313, LGLA 1311, LGLA 1301, at least 7 other LGLA courses, and ENGL 1301. This capstone course must be taken during the final semester you are enrolled in the program. This course builds upon skills acquired in prior legal research and writing courses including computerized research techniques and preparation of complex legal documents such as briefs, legal office memoranda, and citation forms. This course requires the student to synthesize the specialized information and resources learned in all previously completed paralegal courses and apply this knowledge to a capstone activity. (3 Lec.)

LGLA 2335 Advanced Civil Litigation (3)  
(This is a WECM course number. Former course prefix/number LEGL 2380.)  
Prerequisites: LGLA 1313, LGLA 1311, LGLA 1345, ENGL 1301. This course provides opportunities to implement advanced civil litigation techniques and builds upon skills acquired in prior civil litigation courses with emphasis on the paralegal's role. Common law and statutory civil litigation concepts, ethical obligations of the paralegal assisting in civil litigation work, alternative dispute resolution processes, are reviewed. (3 Lec.)

LGLA 2380 Cooperative Education-Paralegal/Legal Assistant (3)  
(This is a WECM course number. Former course prefix/number LEGL 7372.)  
Prerequisites: LGLA 1313, LGLA 1311, LGLA 1380 or LGLA 1266, ENGL 1301. Career related activities encountered in the student's area of specialization (paralegal/legal assistant) are offered through a cooperative agreement between the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline (paralegal/legal assistant), specific learning objectives guide the student through the paid work experience. This course is available for the student who has successfully completed LGLA 1380 or LGLA 1266 and who selects learning objectives different from those achieved in a previous cooperative work experience or practicum course. Seminar topics different from those covered in LGLA 1380 or LGLA 1266 are presented. The student must attend a one-hour per week seminar in addition to the workplace hours required. (1 Lec., 15 Ext.)

PARAMEDIC

EMSP 1338 Introduction to Advanced Practice (3)  
(This is a WECM course number. Former course prefix/number EMPT 1570.)  
Prerequisites: (1) Completion of Texas Department of Health approved Emergency Medical Technician course, or certification by Texas Department of Health or National Registry of EMTs as Emergency Medical Technicians, (2) Current CPR certification, (3) Demonstrated competency in math, reading and anatomy and physiology. An exploration of the foundations necessary for mastery of the advanced topics of clinical practice out of the hospital. Laboratory fee. (2 Lec., 2 Lab.)

EMSP 1355 Trauma Management (3)  
(This is a WECM course number. Former course prefix/number EMPT 1670.)  
Prerequisites: (1) Completion of Texas Department of Health approved Emergency Medical Technician course, or certification by Texas Department of Health or National Registry of EMTs as Emergency Medical Technicians, (2) Current CPR certification, (3) Demonstrated competency in math, reading and anatomy and physiology. A detailed study of the knowledge and skills necessary to reach competence in the assessment and management of patients with traumatic injuries. Laboratory fee. (2 Lec., 2 Lab.)
EMSP 2143 Assessment Based Management (1)
(This is a WECM course number. Former course prefix/number EMPT 2470.)
Prerequisites: Successful completion of EMSP 2544, 2188, 2534 and 2430. The capstone course of the EMSP program. Designed to provide for teaching and evaluating comprehensive, assessment-based patient care management. Laboratory fee. (2 Lab.)

EMSP 2187 Internship-Emergency Medical Technology/Technician (1)
(This is a WECM course number. Former course prefix/number EMPT 1170.)
Prerequisite: (1) Completion of Texas Department of Health approved Emergency Medical Technician course, or certification by Texas Department of Health or National Registry of EMT’s as Emergency Medical Technicians, (2) Current CPR certification, (3) Demonstrated competency in math, reading and anatomy and physiology. (Taken concomitantly with Paramedic 1338, 1355, and 2544.) An experience external to the college for an advanced student in a specialized field involving a written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college and that are directly related to specific occupational outcomes. This may be a paid or unpaid experience. This course may be repeated if topics and learning outcomes vary. (8 Ext.)

EMSP 2188 Internship-Emergency Medical Technology/Technician (1)
(This is a WECM course number. Former course prefix/number EMPT 1171.)
Prerequisites: Successful completion of Paramedic 1338, 1355, and 2187. This course is taken concomitantly with Paramedic 2534 and 2430. An experience external to the college for an advanced student in a specialized field involving a written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college and that are directly related to specific occupational outcomes. This may be a paid or unpaid experience. This course may be repeated if topics and learning outcomes vary. (3 Ext.)

EMSP 2289 Internship - Emergency Medical Technology/Technician (1)
(This is a WECM course number. Former course prefix/number EMPT 2470.)
Prerequisites: Successful completion of Paramedic 2534, 2430 and 2188. An experience external to the college for an advanced student in a specialized field involving a written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college and that are directly related to specific occupational outcomes. This may be a paid or unpaid experience. This course may be repeated if topics and learning outcomes vary. (3 Ext.)

EMSP 2338 EMS Operations (3)
(This is a WECM course number. Former course prefix/number EMPT 2470.)
Prerequisites: Successful completion of Paramedic 1338, 1355, 2544 and 2187. A detailed study of the knowledge and skills necessary to reach competence to safely manage the scene of an emergency. Laboratory fee. (2 Lec., 2 Lab.)

EMSP 2430 Special Populations (4)
(This is a WECM course number. Former course prefix/number EMPT 1470.)
Prerequisite: Successful completion of Paramedic 1338, 1355, and 2187. A detailed study of the knowledge and skills necessary to reach competence in the assessment and management of ill or injured patients in nontraditional populations. Laboratory fee. (3 Lec., 2 Lab.)

EMSP 2534 Medical Emergencies (5)
(This is a WECM course number. Former course prefix/number EMPT 1670.)
Prerequisites: Successful completion of Paramedic 1338, 1355, and 2187. A detailed study of the knowledge and skills necessary to reach competence in the assessment and management of patients with medical emergencies. Laboratory fee. (4 Lec., 2 Lab.)

EMSP 2544 Cardiology (5)
(This is a WECM course number. Former course prefix/number EMPT 1571.)
Prerequisites: (1) Completion of Texas Department of Health approved Emergency Medical Technician course, or certification by Texas Department of Health or National Registry of EMT's as Emergency Medical Technicians, (2) Current CPR certification, (3) Demonstrated competency in math, reading and anatomy and physiology. A detailed study of the knowledge and skills necessary to reach competence in the assessment and management of patients with cardiac emergencies. (5 Lec.)
EMSP 2586 Internship-Emergency Medical Technology/Technician (5)
(This is a WECM course number. Former course prefix/number EMPT 2571.)
Prerequisites: Successful completion of Paramedic 2338 and 2289 and certification by the Texas Department of Health as an Emergency Medical Technician. An experience external to the college for an advanced student in a specialized field involving a written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college and that are directly related to specific occupational outcomes. This may be a paid or unpaid experience. This course may be repeated if topics and learning outcomes vary. (15 Ext.)

PHILOSOPHY

PHIL 1301 Introduction To Philosophy (3)
(This is a common course number. Former course prefix/number PHI 101)
An introduction to the ideas about such things as the good life, reality, God, the acquisition and characteristics of knowledge, and the nature of humans. Students will evaluate both ancient and modern theories about these issues in terms of their logic, historical significance, and meaning in everyday life, as they practice the methods for doing philosophy. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015135)

PHIL 1313 Critical Thinking (3)
(Former course prefix/number PHI 103/PHIL 1370)
This course is designed to improve students' critical thinking ability. Students will both analyze and construct arguments. Elementary deductive forms, common fallacies, and inductive reasoning are considered. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015735)

PHIL 2303 Logic (3)
(This is a common course number. Former course prefix/number PHI 103)
The critical and correct construction and analysis of arguments using induction, deduction and scientific reasoning. Students will practice analyzing fallacies, definitions, analogies, and uses of language. They will learn to use some of the elementary tools of formal logic, such as Venn diagrams, truth tables, and formal proofs using the rules of inference. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015235)

PHIL 2306 Ethics (3)
(This is a common course number. Former course prefix/number PHI 203)
Consideration of what constitutes a good and a moral life. Using classical and contemporary theories, students will weigh such ingredients as pleasure, duty, power, and love as they apply to current issues of daily living. Students may consider ethical problems in business, law, and medicine. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015335)

PHIL 2307 Introduction To Social And Political Philosophy (3)
(This is a common course number. Former course prefix/number PHI 202)
The relationships of philosophical ideas to the community are presented. Emphasis is on concepts of natural rights, justice, education, freedom, and responsibility. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015535)

PHIL 2316 History Of Ancient Philosophy (3)
(This is a common course number. Former course prefix/number PHI 207)
The history of philosophy from pre-Socratic times to the Renaissance is examined. Connections are made between the pre-Socratics, Plato, and Aristotle; Stoicism, Epicureanism, and Scholasticism are considered. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015535)

PHIL 2317 History Of Modern Philosophy (3)
(This is a common course number. Former course prefix/number PHI 208)
The history of philosophy from the Renaissance through the 19th. century is examined. Emphasis is on continental rationalism, British empiricism, Kantian metaphysics and epistemology, and the Hegelian system as it relates to 20th. century philosophies. The historical relationship between these schools of thought is explored. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015835)

PHYSICAL SCIENCE

(See Physics)
PHYSICS

PHYS 1401 Introductory General Physics (4)
(This is a common course number. Former course prefix/number PHY 111)
Prerequisite: Two years of high school algebra, including trigonometry, or the equivalent. This course is for pre-dental, biology, premedical, pre-pharmacy, and pre-architecture majors and other students who need a two-semester technical course in physics. Mechanics and heat are studied. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4008015339)

PHYS 1402 Introductory General Physics (4)
(This is a common course number. Former course prefix/number PHY 112)
Prerequisite: Physics 1401. This course is a continuation of Physics 1401. Electricity, magnetism, light, and sound are studied. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4008015339)

PHYS 1405 Concepts In Physics (4)
(This is a common course number. Former course prefix/number PHY 117/PHYS 1470)
This course is for non-science majors. It introduces principles of physics and does not require a mathematical background. Emphasis is on classical mechanics and thermodynamics. Historical developments and their impact on daily life are included. The principle of energy conservation is stressed, and current problems of worldwide energy production are examined. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4008015339)

PHYS 1407 Concepts In Physics (4)
(This is a common course number. Former course prefix/number PHY 118/PHYS 1471)
This course is for non-science majors. It introduces principles of physics and does not require a mathematical background. Emphasis is on modern developments in physics. Topics include acoustics, electricity and magnetism, light and the electromagnetic spectrum, atomic physics, and relativity. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4008015339)

PSYCHOLOGY

PSYC 2301 Introduction To Psychology (3)
(This is a common course number. Former course prefix/number PSY 101)
Prerequisite: Developmental Reading 0093 or meet TASP/Alternative Assessment Standards in Reading. Introduction to Psychology surveys major topics in the study of behavior. Factors which determine and affect behavior are examined. Psychological principles are applied to the human experience. (3 Lec.)
(Coordinating Board Academic Approval Number 4201015140)

PSYC 2302 Applied Psychology (3)
(This is a common course number. Former course prefix/number PSY 202)
Prerequisite: TASP/Alternative Assessment passing Reading Standards recommended. Psychological facts and principles are applied to problems and activities of life and will be used to examine basic aspects of human relationships in society. This course will involve the direct application of psychological principles to human relation problems in such areas as business, health occupations, social service agencies, and interpersonal relationships. (3 Lec.)
(Coordinating Board Academic Approval Number 4201015240)

PSYC 2314 Developmental Psychology (3)
(This is a common course number. Former course prefix/number PSY 203)
Prerequisite: TASP/Alternative Assessment passing Reading Standards and Psychology 2301 recommended. This course is a study of human growth, development, and behavior. Emphasis is on psychological changes during life. Processes of life from prenatal beginnings through adulthood and aging are included. (3 Lec.)
(Coordinating Board Academic Approval Number 4207015140)

PSYC 2316 Psychology Of Personality (3)
(This is a common course number. Former course prefix/number PSY 206)
Prerequisite: TASP/Alternative Assessment passing Reading Standards and Psychology 2301 recommended. This course is an introduction to the study of personality. Topics of personality and adjustment will be studied in the context of various personality theories. Emphasis will be on the application of those topics. (3 Lec.)
(Coordinating Board Academic Approval Number 4201015740)

PSYC 2340 Current Issues In Psychology (3)
(Former course prefix/number PSY 211/PSYC 2370)
This course provides an in-depth study of current issues in psychology. Topics include: abnormal psychology, psychology of the offender, death and dying, and gender roles. Topics may vary from semester to semester and may be repeated for credit when topics vary. (3 Lec.)
(Coordinating Board Academic Approval Number 4201015540)
RADIOLOGIC SCIENCES

NOTE: HPRS 1204, 1291, 1202, 2300, 2231, 2201 are all health occupations core curriculum courses. These courses are listed and described in a separate section of the college catalog: Health Occupations Core Curriculum.

RADR 1166 Practicum (or Field Experience)- Medical Radiologic Technology/Technician (1)
(This is a WECM course number. Former course prefix/number RADS 1274.)
Prerequisites: HPRS 2231, HPRS 1204, HPRS 1291, RADR 2213, RADR 1411, RADR 1313, RADR 2301. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student's general and technical course of study. The guided external experience is unpaid. This course may be repeated if topics and learning outcomes vary. (8 Ext.)

RADR 1267 Practicum (or Field Experience)- Medical Radiologic Technology/Technician (2)
(This is a WECM course number. Former course prefix/number RADS 1275.)
Prerequisites: RADR 1166. Practical general training and experience in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences are unpaid. This course may be repeated if topics and learning outcomes vary. (20 Ext.)

RADR 1313 Principles of Radiographic Imaging I (3)
(This is a WECM course number. Former course prefix/number RADS 1374.)
Prerequisites: RADR 1411. This course will analyze radiographic image quality and the effect of exposure variables upon radiographic quality. Laboratory fee. (2 Lec., 3 Lab.)

RADR 1411 Basic Radiographic Procedures (4)
(This is a WECM course number. Former course prefix/number RADS 1372 and RADS 1375.)
Prerequisites: RADR 2213, HPRS 1204, BIOL 1472 or BIOL 2402 or concurrent enrollment. This course includes an introduction to radiologic positioning terminology, the proper manipulation of equipment, positioning and alignment and evaluating images for proper demonstration of basic anatomy and related pathology. Laboratory fee. (3 Lec., 4 Lab.)

RADR 2133 Advanced Medical Imaging (1)
(This is a WECM course number not previously offered.)
Prerequisites: RADR 1313, RADR 2305 and ITSC 1401. An introduction to the use of computers in medical imaging and a survey of specialized imaging modalities. (1 Lec.)

RADR 2209 Radiographic Imaging Equipment (2)
(This is a WECM course number. Former course prefix/number RADS 2272.)
Prerequisites: RADR 1313 and RADR 2305. A study of the equipment and physics of x-ray production and basic x-ray circuits and the relationship of equipment to the imaging process. (2 Lec.)

RADR 2213 Radiation Biology and Protection (2)
(This is a WECM course number. Former course prefix/number RADS 1170.)
Prerequisites: BIOL 1470 or BIOL 2401 and admission to the program. A study of the effects of radiation exposure on biological systems, typical medical exposure levels, methods for measuring and monitoring radiation and methods for protecting personnel and patients from excessive exposure. (2 Lec.)

RADR 2217 Radiographic Pathology (2)
(This is a WECM course number. Former course prefix/number RADS 2272.)
Prerequisites: HPRS 2201, BIOL 1472 or BIOL 2402, RADR 1411, RADR 2301, RADR 2331. An overview of the disease process and common diseases and their appearances on medical images. (2 Lec.)

RADR 2235 Radiologic Technology Seminar (2)
(This is a WECM course number. Former course prefix/number RADS 2373 and RADS 2473.)
Prerequisites: All previously required RADR courses in sequence or concurrent enrollment. This is a capstone course focusing on the synthesis of professional knowledge, skills, and attitudes in preparation for professional employment and lifelong learning. Laboratory fee. (1 Lec., 3 Lab.)

RADR 2266 Practicum (or Field Experience)- Medical Radiologic Technology/Technician (2)
(This is a WECM course number. Former course prefix/number RADS 2372.)
Prerequisites: RADR 1166 and RADR 1267. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experience is unpaid. This course may be repeated if topics and learning outcomes vary. (20 Ext.)
RADR 2267 Practicum (or Field Experience)- Medical Radiologic Technology/Technician (2)
(This is a WECM course number. Former course prefix/number RADS 2472.)
Prerequisites: RADR 1166, RADR 1267, RAD 2266.
Practical general training and experience in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experience is unpaid. This course may be repeated if topics and learning outcomes vary. (15 Ext.)

RADR 2301 Intermediate Radiographic Procedures (3)
(This is a WECM course number. Former course prefix/number RADS 1376.)
Prerequisites: RADR 1411, HPRS 1204. A continuation of the study of the proper manipulation of radiographic equipment, positioning and alignment of the anatomical structure and equipment and evaluation of images for proper demonstration of intermediate anatomy and related pathology. Laboratory fee. (2 Lec., 4 Lab.)

RADR 2305 Principles of Radiographic Imaging II (3)
(This is a WECM course number. Former course prefix/number RADS 1276 and RADS 2373.)
Prerequisites: RADR 1313. A continuation in the study of radiographic imaging technique formulation, image quality assurance, and the synthesis of all variables in image production. Laboratory fee. (2 Lec., 2 Lab.)

RADR 2331 Advanced Radiographic Procedures (3)
(This is a WECM course number. Former course prefix/number RADS 1274.)
Prerequisites: RADR 1411 and RADR 2301. An advanced course including the proper manipulation of equipment, positioning and alignment of anatomical structure and equipment and evaluation of images for proper demonstrated of advanced anatomy and related pathology. Laboratory fee. (2 Lec., 2 Lab.)

READING

READ 1313 Analytical Reading and Critical Thinking (3)
(Former course prefix/number RD 101/READ 1370; RD 102/READ 1371. The common course number is ENGL 1313.)
Comprehension techniques for reading college texts are emphasized. Also included are vocabulary development, critical reading, and rate flexibility. Study skills addressed include listening, note taking, underlining, concentrating, and memory. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015735)

RESPIRATORY CARE

RSPT 1141 Respiratory Home Care/Rehabilitation (1)
(This is a WECM course number. Former course prefix/number RESP 2670)
Prerequisite: A grade of "C" in RSPT 1213, RSPT 1260, RSPT 1307, RSPT 1311, RSPT 2201, and RSPT 2310. Designed to develop an understanding of respiratory home care/rehabilitation equipment, procedures, and patient care, with emphasis on the use of special technology and equipment in the treatment of patients in a subacute and/or long term patient care setting. Laboratory fee. (2 Lab.)

RSPT 1213 Basic Respiratory Care Pharmacology (2)
(This is a WECM course number. Former course prefix/number RESP 1270)
Prerequisite: A grade of "C" in RSPT 1227 and RSPT 1431. A study of pharmacological principles/practices of drugs which affect the cardiopulmonary systems. Emphasis on classification, route of administration, dosages/calculations, and interaction of the autonomic nervous system. (2 Lec.)

RSPT 1227 Applied Physics for Respiratory Care (2)
(This is a WECM course number. Former course prefix/number RESP 1470)
Prerequisite: Admission to Respiratory Care Program; a grade of "C" in all courses in Semester I and Semester II; Elective course co-requisite if not completed previously. Exploration of the theoretical and practical applications of mathematics and physics with a focus on the applicability and clinical utility of the modalities, techniques, procedures, equipment, and diagnostic tests utilized in respiratory care. (2 Lec.)

RSPT 1260 Clinical-Respiratory Therapy Technician (2)
(This is a WECM course number. Former course prefix/number RESP 1670.)
Prerequisite: A grade of "C" in RSPT 1227 and RSPT 1431. A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. (12 Ext.)
RSPT 1307 Cardiopulmonary Anatomy and Physiology (3)
(This is a WECM course number. Former course prefix/number RESP 1370)
Prerequisite: A grade of "C" in RSPT 1227 and RSPT 1431. An introduction to the anatomy and physiology of the cardiovascular, renal, and pulmonary systems. Includes the terminology used in respiratory physiology. (3 Lec.)

RSPT 1311 Respiratory Care Procedures II (3)
(This is a WECM course number. Former course prefix/number RESP 1670)
Prerequisite: A grade of "C" in RSPT 1227 and RSPT 1431. Provides student with the essential knowledge of airway care and mechanical ventilation. Airway care includes indications, techniques, equipment, and hazards and complications. Mechanical ventilation includes indications, initiation, modes, clinical application, management, complications, and weaning. Laboratory fee. (2 Lab., 3 Lab.)

RSPT 1431 Respiratory Care Fundamentals II (4)
(This is a WECM course number. Former course prefix/number RESP 1670)
Prerequisite: A grade of "C" in all courses in Semester I and Semester II, RSPT 1227, and Elective course. Provides a foundation for the development of knowledge and skills for respiratory care including lung expansion therapy, postural drainage and percussion, artificial airways, manual resuscitation devices, suctioning, pulse oximetry, bedside spirometry, arterial sampling techniques and blood gas analysis and interpretation. Laboratory fee. (2 Lec., 5 Lab.)

RSPT 2163 Clinical-Respiratory Therapy Technician (1)
(This is a WECM course number. Former course prefix/number RESP 2670)
Prerequisite: A grade of "C" in RSPT 1141, RSPT 2113, RSPT 2258, RSPT 2262, RSPT 2314, and RSPT 2453. A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site instruction, supervision, evaluation and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated in topics and learning outcomes vary. (6 Ext.)

RSPT 2166 Practicum (or Field Experience)- Respiratory Therapy Technician (1)
(This is a WECM course number. Former course prefix/course number RESP 2670)
Prerequisite: A grade of "C" in RSPT 1141, RSPT 2113, RSPT 2258, RSPT 2262, RSPT 2314, and RSPT 2453. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experience may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (10 Ext.)

RSPT 2201 Cardiopulmonary Assessment (2)
(This is a WECM course number. Former course prefix/course number RESP 2670)
Prerequisite: A grade of "C" in RSPT 1227 and RSPT 1413. Advanced concepts of the physical, radiological, hemodynamic, laboratory, and fluid/electrolyte assessment of patients with cardiopulmonary disease. (2 Lec.)

RSPT 2258 Advanced Respiratory Care Patient Assessment (2)
(This is a WECM course number. Former course prefix/course number RESP 2370)
Prerequisite: A grade of "C" in RSPT 1213, RSPT 1260, RSPT 1307, RSPT 1311, RSPT 2201, and RSPT 2310. Instruction in the integration of patient examination techniques, clinical lab studies, x-ray, pulmonary function, arterial blood gases, and invasive and non-invasive hemodynamics results in patient assessment. (1 Lec., 2 Lab.)
RSPT 2262 Clinical-Respiratory Therapy
Technician (2)
(This is a WECM course number. Former course prefix/number RESP 2470 and RESP 1071)
Prerequisite: A grade of "C" in RSPT 1213, RSPT 1260, RSPT 1307, RSPT 1311, RSPT 2201, and RSPT 2310.
A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. (12 Ext.)

RSPT 2310 Cardiopulmonary Disease (3)
(This is a WECM course number. Former course prefix/number RESP 1471)
Prerequisite: A grade of "C" in RSPT 1227 and RSPT 1431. A discussion of pathogenesis, pathology, history, prognosis, manifestations, and management of cardiopulmonary diseases. (3 Lee.)

RSPT 2314 Mechanical Ventilation (3)
(This is a WECM course number. Former course prefix/number RESP 1871 and RESP 2470)
Prerequisite: A grade of "C" in RSPT 1213, RSPT 1260, RSPT 1307, RSPT 1311, RSPT 2201, and RSPT 2310. Preparation is conduct the therapeutic procedures to achieve adequate spontaneous and artificial ventilation with emphasis on ventilator classification, methods, principles, and operational characteristics. Also included are the indication, complications, and physiologic effects/principles of mechanical ventilation. Laboratory fee. (2 Lec., 3 Lab.)

RSPT 2453 Neonatal/Pediatric Cardiopulmonary Care (4)
(This is a WECM course number. Former course prefix/number RESP 2170 and RESP 2371)
Prerequisite: A grade of "C" in RSPT 1213, RSPT 1260, RSPT 1307, RSPT 1311, RSPT 2201, and RSPT 2310. A study of acute care, monitoring, and management as applied to the neonatal and pediatric patient. Laboratory fee. (3 Lec., 3 Lab.)

SOCIOLoGY

SOCI 1301 Introduction To Sociology (3)
(This is a common course number. Former course prefix/number SOC 101)
This course is a sociological study of social behavior and social structures, emphasizing the importance of a knowledge and appreciation of the multi-cultural and multi-ethnic dimensions of society. Topics include cultural elements such as values, norms, beliefs, language, and roles, as well as group processes, social conflict and social change. (3 Lec.)
(Coordinating Board Academic Approval Number 4611018142)

SOCI 1306 Social Problems (3)
(This is a common course number. Former course prefix/number SOC 102)
This course is a sociological study of social problems which typically include: crime, poverty, minorities, deviance, population, and health care. Specific topics may vary from semester to semester to address contemporary concerns. (3 Lec.)
(Coordinating Board Academic Approval Number 4611018242)

SOCI 2301 Marriage, Family, and Close Relationships (3)
(This is a common course number. Former course prefix/number SOC 203)
Prerequisite: Sociology 1301 recommended. Marriage, choosing of a partner, love and attachment, parenting, communication, conflict and conflict resolution are analyzed. Family forms, relationships, and functions are included. Sociocultural differences in close relationships and family behavior are also included. (3 Lec.)
(Coordinating Board Academic Approval Number 4611018442)

SOCI 2306 Human Sexuality (3)
(This is a common course number. Former course prefix/number SOC 103)
Students may register for either Psychology 2306 or Sociology 2306 but receive credit for only one of the two. Topics include physiological, psychological, and sociological aspects of human sexuality. (3 Lec.)
(Coordinating Board Academic Approval Number 4201018342)

SOCI 2319 Race, Ethnicity and Community (3)
(This is a common course number. Former course prefix/number SOC 204)
This course focuses on cultural, social, and institutional factors affecting relationships within and among ethnic, cultural, and racial groups. Emphasis is on current problems of intergroup relations, social movements, and related social changes, as well as community building and conflict resolution. The historic contributions of the groups may be presented. (3 Lec.)
(Coordinating Board Academic Approval Number 4611018342)
SOCI 2370 Selected Topics (3)
(Former course prefix/number SOC 209)
Prerequisite: Sociology 1301 or demonstrated competence approved by the instructor. An in-depth study of specific contemporary topics in sociology such as popular culture (including sports, religion and mass media), the military as a social institution, education, medicine, ethnographic film, apartheid, deviance or formal organizations. This course may be repeated for credit when topics vary. (3 Lec.)
(Coordinating Board Academic Approval Number 4511018742)

SOCI 2389 Applied Sociology Practicum (3)
(Former course prefix/number SOC 232)
This course is designed to integrate on-campus study with practical field experience in sociology. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of human social behavior, and/or social institutions, and in the practice of community service. This course may be repeated for credit when field experiences vary. (1 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 4501018142)

SPANISH

SPAN 1100 Spanish Conversation (1)
(Former course prefix/number SPA 107)
Prerequisite: Spanish 1411 or Spanish 1412. The course is a further exploration of the Spanish language. This course consists of creative problem-solving utilizing the basic elements of the Spanish language. This course may be repeated for credit. Laboratory fee. (2 Lab.)
(Coordinating Board Academic Approval Number 160905431)

SPAN 1311 Beginning Spanish (3)
(Former course prefix/number SPA 101)
Prerequisite: Spanish 1411 or the equivalent. This course is an introduction to Spanish speaking, comprehension, reading, writing and grammar. Cultural insights are also presented. Emphasis is on pronunciation, comprehension, and oral expression. It is strongly recommended that students who plan to study Spanish for more than one semester enroll in Spanish 1411 which includes an extra hour of lab per week (and an extra hour of credit for the course). Students who successfully complete Spanish 1311 and wish to continue their studies of Spanish may register for Spanish 1412. Laboratory fee. (3 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 1609055131)

SPAN 1411 Beginning Spanish (4)
(Former course prefix/number SPA 101)
The essentials of grammar and easy idiomatic prose are studied. Emphasis is on pronunciation, comprehension, and oral expression. Laboratory fee. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1609055131)

SPAN 1412 Beginning Spanish (4)
(Former course prefix/number SPA 102)
Prerequisite: Spanish 1411 or the equivalent. This course is a continuation of Spanish 1411. Emphasis is on idiomatic language and complicated syntax. Laboratory fee. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1609055131)

SPAN 2306 Spanish Conversation (3)
(Former course prefix/number SPA 207; SPA 208/SOC 2370)
Prerequisite: Spanish 1411 and Spanish 1412 or the equivalent. This course is designed to strengthen and improve oral skills in the language. Oral activities focus on current events, cultural, historical and social issues. Audio-visual media are used to explore Hispanic life and society. This course is intended to complement Spanish 2311. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055131)

SPAN 2311 Intermediate Spanish (3)
(Former course prefix/number SPA 201)
Prerequisite: Spanish 1412 or the equivalent. Reading, composition, and intense oral practice are covered. Grammar is reviewed. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055131)

SPAN 2312 Intermediate Spanish (3)
(Former course prefix/number SPA 202)
Prerequisite: Spanish 2311 or the equivalent. Contemporary literature and composition are studied. Grammar is reviewed and expanded. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055131)

SPAN 2321 Introduction To Spanish Literature (3)
(Former course prefix/number SPA 203)
Prerequisite: Spanish 2312 or the equivalent. This course is an introduction to Spanish literature. It includes readings in Spanish literature, history, culture, art, and civilization. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055131)
SPAN 2322 Introduction To Spanish Literature (3)
(This is a common course number. Former course prefix/number SPA 204)
Prerequisite: Spanish 2312 or the equivalent or demonstrated competence approved by the instructor.
This course is a continuation of Spanish 2321. It includes readings in Spanish literature, history, culture, art, and civilization. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055331)

SPAN 2371 Spanish for Business I (3)
(Former course prefix/number SPA 211)
Prerequisite: Spanish 2311 or the equivalent. This course exposes students to the Spanish language used in business including the terminology and idioms of Spanish business language in special oral and written communication. Emphasis is placed on the structure and content of Spanish business correspondence. Authentic materials are used to give students a contemporary view of business as it is conducted in Hispanic society. This course is not a substitute for Spanish 2311 or 2312. (3 Lec.)
(Coordinating Board Academic Approval Number 1609059413. This is a unique need course.)

SPAN 2372 Spanish for Business II (3)
(Former course prefix/number SPA 212)
Prerequisite: Spanish 2371 or the equivalent. This course is devoted to the continued development of business language skills with a focus on the accurate use of business vocabulary and business style. Emphasis is on preparing students to function in Spanish in a business setting via practice of receptive and productive linguistic skills. The course also provides training in cross-cultural communication skills and is designed to help students achieve levels of proficiency to meet foreign language needs for business and international trade. This course is not a substitute for Spanish 2311 or 2312. (3 Lec.)
(Coordinating Board Academic Approval Number 1609059413. This is a unique need course.)

SPCH 1311 Introduction To Speech Communication (3)
(This is a common course number. Former course prefix/number SC 101)
Theory and practice of speech communication behavior in one-to-one, small group, and public communication situations are introduced. Students learn more about themselves, improve skills in communicating with others, and prepare and deliver formal public speeches. This course requires college-level reading and writing skills. (3 Lec.)
(Coordinating Board Academic Approval Number 2310016135)

SPCH 1315 Fundamentals Of Public Speaking (3)
(This is a common course number. Former course prefix/number SC 106)
Public speaking is introduced. Topics include the principles of reasoning, audience analysis, collection of materials, outlining, and delivery. Emphasis is on the oral presentation of well prepared speeches. (3 Lec.)
(Coordinating Board Academic Approval Number 2310016335)

SPCH 1321 Business And Professional Communication (3)
(This is a common course number. Former course prefix/number SC 209)
Theories and skills of speech communication as applied to business and professional situations will be studied. (3 Lec.)
(Coordinating Board Academic Approval Number 2310016235)

SPCH 1342 Voice And Articulation (3)
(This is a common course number. Former course prefix/number SC 109)
Students may register for either Speech Communication 1342 or Drama 2336 but may receive credit for only one of the two. The mechanics of speech are studied. Emphasis is on improving voice and pronunciation. (3 Lec.)
(Coordinating Board Academic Approval Number 2310016335)

SPCH 2341 Performance of Literature (3)
(This is a common course number. Former course prefix/number SC 206)
Various types of literature are examined. Practice is provided in preparing and presenting selections orally. Emphasis is on individual improvement. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015735)

SPCH 2389 Academic Cooperative in Communication (3)
(This is a common course number. Former course prefix/number SC 211)
This instructional program is designed to integrate on-campus study with practical hands-on work experience in Communication. In conjunction with class seminars, the student will set specific goals and objectives in the study of Communication. This course may be repeated for credit. (1 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 2401035230)

SPEECH COMMUNICATION

SPCH 1145 Speech Communication Workshop (1)
(This is a common course number. Former course prefix/number SC 110)
This laboratory course offers students a wide variety of applied speech communication experiences. This course may be repeated four times for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 2310016035)

212
SURGICAL TECHNOLOGIST

SRGT 1166 Practicum-Surgical/Operating Room Technician (1)
(This is a WECM course number. Former course prefix/number SOTC 1870.)
Prerequisites: Acceptance to the Surgical Technologist program and a minimum "C" grade or better in English 1301, Speech Communication 1311, Biology 1470, Health Professions and Related Sciences 1204 and Health Professions and Related Sciences 2231. Concurrent enrollment in, or a minimum "C" grade or better in Biology 1472 and Health Professions and Related Sciences 2300. Concurrent enrollment in Surgical Technology 1405 and 1409. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates to the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (10 Ext.)

SRGT 1201 Medical Terminology (2)
(This is a WECM course number. Former course prefix/number SOTC 1270.)
Study of basic structure of medical words including prefixes, suffixes, roots, combining forms, plurals, pronunciation, spelling, and the definitions of medical terms. Emphasis is on building a professional vocabulary required for employment with the allied health care field. May be taken as a continuing education course. (2 Lec.)

SRGT 1367 Practicum-Surgical/Operating Room Technician (3)
(This is a WECM course number. Former course prefix/number SOTC 1070.)
Prerequisites: A minimum "C" grade or better in all prerequisite and previous semester support and Surgical Technology course work. Concurrent enrollment in, or a minimum "C" grade or better in Health Professions and Related Sciences 1202. Concurrent enrollment in Surgical Technology 1441 and 1442. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (21 Ext.)

SRGT 1405 Introduction to Surgical Technology (4)
(This is a WECM course number. Former course prefix/number SOTC 1870.)
Prerequisites: Acceptance to the Surgical Technologist program and a minimum "C" grade or better in English 1301, Speech Communication 1311, Biology 1470, Health Professions and Related Sciences 1204 and Health Professions and Related Sciences 2231. Concurrent enrollment in, or a minimum "C" grade or better in Biology 1472 and Health Professions and Related Sciences 2300. Concurrent enrollment in Surgical Technology 1409 and 1166. Orientation to surgical technology theory, surgical pharmacology and anesthesia, and patient care concepts. Laboratory fee. (3 Lec., 4 Lab.)

SRGT 1409 Fundamentals of Aseptic Technique (4)
(This is a WECM course number. Former course prefix/number SOTC 1870.)
Prerequisites: Acceptance to the Surgical Technologist program and a minimum "C" grade or better in English 1301, Speech Communication 1311, Biology 1470, Health Professions and Related Sciences 1204 and Health Professions and Related Sciences 2231. Concurrent enrollment in, or "C" grade or better in Biology 1472 and Health Professions and Related Sciences 2300. Concurrent enrollment in Surgical Technology 1405 and 1166. In-depth coverage of aseptic technique principles and practices, infectious processes, wound healing, and creation and maintenance of the sterile field. Laboratory fee. (3 Lec., 4 Lab.)

SRGT 1441 Surgical Procedures I (4)
(This is a WECM course number. Former course prefix/number SOTC 1670.)
Prerequisites: A minimum "C" grade or better in all prerequisite and previous semester support and Surgical Technology course work. Concurrent enrollment in, or a minimum "C" grade or better in Health Professions and Related Sciences 1202. Concurrent enrollment in Surgical Technology 1442 and 1367. Introduction to surgical pathology and its relationship to surgical procedures. Emphasis on surgical procedures related to the general, OB/GYN, genitourinary, and orthopedic surgical specialities incorporating instruments, equipment, and supplies required for safe patient care. (4 Lec.)
SRGT 1442 Surgical Procedures II (4)
(This is a WECM course number. Former course prefix/number SOTG 1070.)
Prerequisites: A minimum "C" grade or better in all prerequisite and previous semester support and Surgical Technology course work. Concurrent enrollment in, or a minimum "C" grade or better in Health Professions and Related Sciences 1202. Concurrent enrollment in Surgical Technology 1441 and 1367. Introduction to surgical pathology and its relationship to surgical procedures. Emphasis on surgical procedures related to the thoracic, peripheral vascular, plastic/reconstructive, EENT, cardiac, and neurological surgical specialties incorporating instruments, equipment, and supplies required for safe patient care. (4 Lec.)

SRGT 2171 Surgical Technologist - Seminar (1)
(This is a WECM course number. Former course prefix/number SOTG 1171.)
Prerequisites: A minimum "C" grade or better in all prerequisite and previous semester support and Surgical Technology course work. Concurrent enrollment in Surgical Technology 2266. This course focuses on issues and special situations a student may face as a surgical technologist. Role transition from student to employee is incorporated. A capstone exam is included. (1 Lec.)

SRGT 2266 Practicum-Surgical/Operating Room Technician (2)
(This is a WECM course number. Former course prefix/number SOTG 1670.)
Prerequisites: A minimum "C" grade or better in all prerequisite and previous semester support and Surgical Technology course work. Concurrent enrollment in 2171. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (20 Ext.)

THEATRE
(See Drama and Dance)

VOCATIONAL NURSING

NOTE: HPRS 1204, 1291, 1202, 2300, 2231, 2201 are all health occupations core curriculum courses. These courses are listed and described in a separate section of the college catalog: Health Occupations Core Curriculum.

VNSG 1163 Clinical-Practical Nurse (LPN Training) (1)
(This is a WECM course number. Former course prefix/number VNUR 1872.)
Prerequisite: VNSG 1406. A method of instruction providing detailed education, training, and work-based experience, and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Courses may be repeated if topics and learning outcomes vary. Focus is on the care of the maternal/newborn client. (3 Ext.)

VNSG 1227 Essentials of Medication Administration (2)
(This is a WECM course number. Former course prefix/number VNUR 1873.)
General principles of medication administration including determination of dosage, preparation, safe administration, and documentation of multiple forms of drugs. Instruction includes various systems of measurement. (2 Lec.)

VNSG 1283 Clinical-Practical Nurse (LPN Training) (2)
(This is a WECM course number. Former course prefix/number VNUR 1873.)
Prerequisite: VNSG 1334. A method of instruction providing detailed education, training, and work-based experience, and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Courses may be repeated if topics and learning outcomes vary. Focus is on the care of pediatric clients. A clinical rotation focused on transition to the role of the vocational nurse is also included. (6 Ext.)
**VNSG 1304 Foundations of Nursing (3)**  
(This is a WECM course number. Former course prefix/number VNR 1471.)  
Introduction to the nursing profession including history, standards of practice, legal and ethical issues, and role of the vocational nurse. Topics include mental health, therapeutic communication, cultural and spiritual diversity, nursing process, and holistic awareness. (3 Lec.)

**VNSG 1323 Basic Nursing Skills (3)**  
(This is a WECM course number. Former course prefix/number VNUR 1271.)  
Mastery of entry level nursing skills and competencies for a variety of health care settings. Utilization of the nursing process as the foundation of all nursing interventions. Laboratory fee. (2 Lec., 2 Lab.)

**VNSG 1334 Pediatrics (3)**  
(This is a WECM course number. Former course prefix/number VNUR 1573.)  
Prerequisite: Completion of all Level III Vocational Nursing courses. Study of childhood diseases and childcare from infancy through adolescence. Focus on the care of the well and the ill child utilizing the nursing process. (3 Lec.)

**VNSG 1360 Clinical-Practical Nurse (LPN Training) (3)**  
(This is a WECM course number. Former course prefix/number VNUR 1571.)  
Prerequisite: VNSG 1227, VNSG 1332. Co-requisite: VNSG 1509. A method of instruction providing detailed education, training, and work-based experience, and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Courses may be repeated if topics and learning outcomes vary. Includes independent study activity, focused on care of the elderly in the community. (9 Ext.)

**VNSG 1406 Maternal/Newborn Nursing (4)**  
(This is a WECM course number. Former course prefix/number VNUR 1572.)  
Prerequisite: All Level II Vocational Nursing courses. A study of the biological, psychological and sociological concepts applicable to basic needs of the family including childbearing and neonatal care. Topics include physiological changes related to pregnancy, fetal development, and nursing care of the family during labor and delivery and the purpuren. Laboratory fee. (3 Lec., 2 Lab.)

**VNSG 1509 Nursing in Health and Illness II (5)**  
(This is a WECM course number. Former course prefix/number VNUR 1371.)  
Introduction to common health problems of the adult requiring medical and surgical interventions. (5 Lec.)

**VNSG 1510 Nursing in Health and Illness III (5)**  
(This is a WECM course number. Former course prefix/number VNUR 1670.)  
Prerequisite: All Level I Vocational Nursing Courses. Co-requisite: VNSG 2460. Continuation of Nursing in Health and Illness II. Further study of common medical-surgical health problems of the adult including concepts of mental illness. Incorporates knowledge necessary to make the transition from student to graduate vocational nurse. Laboratory fee. (4 Lec., 3 Lab.)

**VNSG 2460 Clinical-Practical Nurse (LPN Training) (4)**  
(This is a WECM course number. Former course prefix/number VNUR 1571.)  
Co-requisite: VNSG 1510. A method of instruction providing detailed education, training, and work-based experience, and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Courses may be repeated if topics and learning outcomes vary. Focus is on the care of patients with more complex medical-surgical health problems. (24 Ext.)

## Texas Department of Health
### Recommended Adult Immunization Schedule

<table>
<thead>
<tr>
<th>Vaccine/Toxoid/Biological</th>
<th>Primary Schedule &amp; Boosters</th>
<th>Indications</th>
<th>Major Precautions &amp; Contraindications Other Than Primary Allergies</th>
<th>Special Considerations</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tetanus-Diphtheria Toxoid</td>
<td>2 doses (IM) 4 weeks apart with 3rd dose (booster) 6-12 months then a booster every 10 years.</td>
<td>All Adults</td>
<td></td>
<td>Consider Human Tetanus Immune Globulin (TIG) for dirty wounds in patients with incomplete immunizations.</td>
</tr>
<tr>
<td>Measles Mumps Rubella (MMR) Vaccine</td>
<td>1 dose (SC); boosters for measles are necessary for certain adults.</td>
<td>Measles/Mumps for adults born after 1/1/57 who lack a vaccine history for measles and mumps since their 1st birthday OR serological proof of immunity OR a physician validated statement of Measles/ Mumps illness. 2 doses of measles vaccine are recommended for persons at high risk of exposure (e.g. medical personnel). Rubella for any adult who lacks documentation of rubella vaccine since the 1st birthday OR serological proof of immunity.</td>
<td>Pregnancy; immunocompromised hypersensitivity to neomycin and/or eggs</td>
<td>Persons vaccinated with killed measles vaccine (1963-1967) should be revaccinated with live measles vaccine; MMR is the vaccine of choice if the person is likely to be susceptible to more than 1 agent</td>
</tr>
<tr>
<td>Hepatitis B Vaccine</td>
<td>2 doses (IM) 4 weeks apart; 3rd dose 5 months after 2nd.</td>
<td>Adults at increased risk of occupational, environmental, social, or family exposure</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Influenza Vaccine (Split or Whole Vaccine)</td>
<td>1 dose annually (IM)</td>
<td>Adults with high-risk conditions; adults &gt; or = 65 years old; health care workers</td>
<td>Hypersensitivity to eggs; may be given during pregnancy to high-risk patients.</td>
<td></td>
</tr>
<tr>
<td>Pneumococcal Polyvalent Vaccine (23 Valent)</td>
<td>1 dose (IM or SC); boosters after 6 years indicated for certain</td>
<td>Underlying health conditions; adults 65 years old and older; adults with anatomic or functional asplenia</td>
<td>Pregnancy</td>
<td>Immune response is better if vaccinated prior to splenectomy</td>
</tr>

### ALERT!!

**MEASLES** (aka. rubella, Red Measles, Hard Measles, 10-day Measles)

Measles is a highly contagious viral disease. Antibiotics are NOT available to treat persons infected with this organism. Recent outbreaks of this illness have included many hospitalizations and several deaths among college-aged persons, for these reasons it is strongly recommended that students of Institutions of Higher Education have two doses of the vaccine prior to beginning classes. Most young adults have had only one dose.

The measles vaccine is most often given in combination with the vaccines for mumps and rubella which are also caused by viruses.

**TETANUS** (aka. Lockjaw)

The illness caused by tetanus results from the poison produced by a bacteria. Again this is a very difficult illness to treat once it occurs and prevention is the most appropriate choice. The vaccine is effective for about 10 years and needs to be boosted at that interval. It is now common for older adults to develop Tetanus in the United States as many adults do not receive the recommended 10 year boosters. The Tetanus vaccine should be given in combination with the diphtheria vaccine.

**POLIOMYELITIS**

In the United States, polio immunization is not routinely recommended for persons 18 years of age or older. However, if travel to other parts of the world is planned, a physician should be contacted for specific recommendations.

### SECTION 2.09 AND 2.09A TEX. EDU. CODE

The campus health centers have information regarding local providers of immunization services. Check with the health center for specific local information.
STUDENT CODE OF CONDUCT

Educational opportunities are offered by the Dallas County Community College District without regard to race, color, age, national origin, religion, sex or disability.

PURPOSE

The purpose of Policies about student conduct and discipline are to provide guidelines for the educational environment of the District. This environment views students in a holistic manner, encouraging and inviting them to learn and grow independently. Such an environment presupposes both rights and responsibilities. Free inquiry and expression are essential parts of this freedom to learn, to grow and to develop. However, this environment also demands appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students must exercise these freedoms with responsibility.

POLICIES, RULES, AND REGULATIONS

Interpretation of Regulations: Disciplinary regulations at the college are set forth in writing in order to give students general notice of prohibited conduct. The regulations should be read broadly and are not designed to define misconduct in exhaustive terms.

Inherent Authority: The college reserves the right to take necessary and appropriate action to protect the safety and well-being of the campus community.

Student Participation: Students are asked to assume positions of responsibility in the college judicial system in order that they might contribute their skills and insights to the resolution of disciplinary cases.

Final authority in disciplinary matters, however, is vested in the college administration and in the Board of Trustees.

Standards of Due Process: Students who allegedly violate District policy are entitled to fair and equitable proceedings. The focus of inquiry in disciplinary proceedings shall be the guilt or innocence of those accused of violating disciplinary regulations. Formal rules of evidence shall not be applicable, nor shall deviations from prescribed procedures necessarily invalidate a decision or proceeding, unless significant prejudice to a student respondent or the college may result.

Accountability: Students may be accountable to both civil authorities and to the college for acts which constitute violations of law and this code. Disciplinary action at the college will normally proceed during the pendency of criminal proceedings and will not be subject to challenge on the ground that criminal charges involving the same incident have been dismissed or reduced.

DEFINITIONS

Definitions to be used in this policy are as follows:

1. "Designated administrator" shall mean an administrator or the officer or officers directly responsible for student affairs in the District.

2. A "student" shall mean one who is currently enrolled in the District. These policies and regulations shall also apply to any prospective or former student who has been accepted for admission or readmission to any component institution while he or she is on the campus of any component institution.

3. "College-sponsored activity" means any activity on or off campus which is initiated, aided, authorized, or supervised by the college.

4. A "college" or "institution" means the colleges of the Dallas County Community College District, including the Bill J. Priest Institute of Economic Development.

5. "College premises" means buildings or grounds owned, leased, operated, controlled, or supervised by the college.

6. "Published college regulation or policy" means standards of conduct or requirements located in the:
   a. College catalog.
   b. Board of Trustees policies and administrative procedures manual.
   c. Student handbook.
   d. Any other official publication.

BILL J. PRIEST INSTITUTE FOR ECONOMIC DEVELOPMENT

The Provost of the Bill J. Priest Institute for Economic Development and College President are authorized to promulgate written regulations which apply only to students who are subject to provisions of the federal Job Training Partnership Act (JTPA), as amended, its regulations, and other similar federal programs. JTC or College regulations should be designed to foster good work habits, promote skills desired by local employers, and encourage success in obtaining and maintaining a job. JTPA students are subject to conduct standards in the code of student conduct as well as JTC or College regulations; however, the remainder of the code is not applicable to such students. A JTPA student who allegedly violates the code and/or JTC or College regulations must be given an opportunity to appeal expulsion, suspension, or other disciplinary sanctions in a manner determined by the Provost or College President. JTPA students may file grievances with the private industry council only.

RESPONSIBILITY

Each student shall be charged with notice and knowledge of the contents and provisions of the District's policies, procedures, and regulations concerning student conduct.

All students shall obey the law, show respect for properly constituted authority, and observe correct standards of conduct. In addition to activities prohibited by law, the following types of behavior shall be prohibited:

1. Intentionally causing physical harm to any person on college premises or at college-sponsored activities, or intentionally or recklessly causing reasonable apprehension of such harm or hazard.

2. Unauthorized use, possession, or storage of any weapon on college premises or at college-sponsored activities.

3. Intentionally initiating or causing to be initiated any false report, warning, or threat of fire, explosion, or other emergency on college premises or at college-sponsored activities.

4. Intentionally interfering with normal college or college-sponsored activities, including but not limited to, teaching, research, college administration, or fire, security, or emergency services.

5. Knowingly violating the terms of any disciplinary sanction imposed in accordance with District policies, regulations, and procedures.

6. Unauthorized distribution or possession for purposes of distribution of any controlled substance or illegal drug on college premises or at college-sponsored activities.

7. Intentionally or maliciously furnishing false information to the college.

8. Sexual harassment.

9. Forgery, unauthorized alteration, or unauthorized use of any college document or instrument of identification.

10. Unauthorized use of computer hardware or software.

11. Scholastic dishonesty shall constitute a violation of these rules and regulations and is punishable as prescribed by Board policies. Scholastic dishonesty shall include, but not be limited to, cheating on a test, plagiarism, and collusion.

"Cheating on a test" shall include:

   a. Copying from another student's test paper.
   b. Using test materials not authorized by the person administering the test.
   c. All forms of academic dishonesty, including cheating, fabrication, facilitating academic dishonesty, plagiarism, and collusion.
   d. Collaborating with or seeking aid from another student during a test without permission from the test administrator.
   e. Knowingly using, buying, selling, stealing, or soliciting, in whole or in part, the contents of an unadministered test.
   f. The unauthorized transporting or removal, in whole or in part, of the contents of the unadministered test.
   g. Substituting for another student, or permitting another student to substitute for one's self, to take a test.
12. Intentionally and substantially interfering with the freedom of expression of others on college premises or at college-sponsored activities.

13. Theft of property or of services on college premises or at college-sponsored activities; having possession of stolen property on college premises or at college-sponsored activities.

14. Intentionally destroying or damaging college property or property of others on college premises or at college-sponsored activities.

15. Failure to comply with the direction of college officials, including campus security/safety officers, acting in performance of their duties.

16. Violation of published college regulations or policies. Such regulations or policies may include those relating to entry and use of college facilities, use of vehicles and media equipment, campus demonstration, misuse of identification cards, and smoking.

17. Use or possession of any controlled substance or illegal drug on college premises or at college-sponsored activities.

18. Unauthorized presence on or use of college premises.

19. Nonpayment or failure to pay any debt owed to the college with intent to defraud.

(Appropriate personnel at a college may be designated by college or District officials to notify students of dishonored checks, library fines, nonpayment of loans, and similar debts. Such personnel may temporarily Ablock® admission or reenrollment of a student until the matter is resolved. If the matter is not settled within a reasonable time, such personnel shall refer the matter to the VPSD for appropriate action under this code. Such referral does not prevent or suspend proceeding with other appropriate civil or criminal remedies by college personnel.)

20. Use or possession of an alcoholic beverage on college premises with the exception of:
   a. specific beverage-related courses with the El Centro food service program, or
   b. a course that requires the use of alcohol and is approved by the Texas Commission on Law Enforcement Officers' Standards and Education.

DISCIPLINE

Any student violating this policy shall be subject to disciplinary sanctions including suspension, in accordance with The Student Code of Conduct. "Avulsion" means an act or omission which is contrary to a published college regulation or policy. Sanctions for violations of prohibited conduct for (1) through (6) may result in expulsion; for (7) through (20) may result in sanctions other than expulsion or suspension. Repeated or aggravated violations of any provision of this code may also result in expulsion or suspension or in the imposition of such lesser penalties as are appropriate.

"Aggravated violation" means a violation which resulted or foreseeable could have resulted in significant damage to persons or property or which otherwise posed a substantial threat to the stability and continuance of normal college or college-sponsored activities.

DISCIPLINARY PROCEEDINGS

When the Vice President of Student Development (VPSD) or officer directly responsible for student affairs or discipline receives information that a student has allegedly violated a published college regulation or policy, the VPSD or a designee shall investigate the alleged violation. After completing the preliminary investigation, the VPSD may:

1. Dismiss the allegation as unfounded, either before or after conferring with the student; or
2. Proceed administratively and impose disciplinary action; or
3. Prepare a complaint based on the alleged violation for use in disciplinary hearings along with a list of witnesses and documentary evidence supporting the allegation.

The VPSD will notify the complainant of the disposition of the complaint. If the VPSD dismisses the allegation, the complainant may appeal to the President for review in writing within five (5) working days after disposition.

The President or a designee may suspend a student immediately and without prior notice for an interim period pending disciplinary proceedings, when there is evidence that the continued presence of the student on college premises poses a substantial threat to himself or herself, to others, or to the stability and continuance of normal college functions. A student who is suspended on an interim basis shall be given an opportunity to appear before the President or a designee within five (5) working days from the effective date of the interim suspension. A hearing with the President shall be limited to the following issues only:

1. The reliability of the information concerning the student's conduct, including the matter of his or her identity; and
2. Whether the conduct and surrounding circumstances reasonably indicate that the student's continued presence on college premises poses a substantial threat to himself or herself, to others or to the stability and continuance of normal college functions.

After the hearing, the President or designee may modify the interim suspension as reasonable to protect the student, public, and college.

No person shall search a student's personal possessions for the purpose of enforcing this code unless the student's prior permission has been obtained or unless a law enforcement officer conducts the search as authorized by law.

SUMMONS

The VPSD shall summon a student regarding an alleged violation of this code by sending the student a letter. The letter shall be sent by certified mail, return receipt requested, addressed to the student at his or her last known address as it appears in the records of the Registrar's Office or shall be delivered personally to the student.

The letter shall direct a student to appear at a specific time and place not less than five (5) working days after the date of the letter. The letter shall describe briefly the alleged violation and cite the published college regulation or policy which allegedly has been violated.

The VPSD has authority to place a student on disciplinary probation if the student fails, without good cause, to comply with a letter of summons, or to apply sanctions against the student as provided in this code.

DISPOSITION

At a conference with a student in connection with an alleged violation of this code, the VPSD shall provide the student with a copy of this code and discuss administrative disposition of the alleged violation.

1. If a student accepts the administrative disposition, the student shall sign a statement that he or she understands the charges, his or her right to a hearing or to waive same, the penalty or penalties imposed, and that he or she waives the right to appeal. The student shall return the signed form by 5:00 p.m. of the day following administrative disposition.

2. If a student refuses administrative disposition of the alleged violation, the student is entitled to a hearing as provided herein. The VPSD shall note the date of refusal in writing and the student shall acknowledge in writing such date.

3. Administrative disposition means:
   a. The voluntary acceptance of the penalty or penalties provided in this code.
   b. Other appropriate penalties administered by the VPSD.
   c. Without recourse by the student to hearing procedures provided herein.
The VPSD shall prepare an accurate, written summary of each administrative disposition and send a copy to the student (and, if the student is a minor, the parent or guardian of the student), to the Director of Campus Security, to the complainant, and to other appropriate officials.

HEARING COMMITTEE

When a student refuses administrative disposition of a violation, the student is entitled to a hearing before the Student Discipline Committee. The hearing request must be made to the VPSD (or officer directly responsible for student affairs or discipline) in writing, on or before the sixth (6th) working day after the date of refusal of administrative disposition. The committee shall be composed of equal number of students, administrators, and faculty of the college. The committee and its chair shall be appointed by the President for each hearing on a rotating basis or on the basis of availability. The committee chair will be selected from the administration or faculty.

The chairman of the committee shall rule on the admissibility of evidence, motions, and objections to procedure, but a majority of the committee members may override the chairman's ruling. All members of the committee are expected to attend all meetings and are eligible to vote in the hearing.

The chairman shall set the date, time, and place for the hearing and may summon witnesses and require the production of documentary and other evidence. The VPSD shall represent the college before the Student Discipline Committee and present evidence to support any allegations of violations.

NOTICE

The committee chairman shall notify the student of the date, time, and place for the hearing by sending the student a letter by certified mail, return receipt requested, addressed to the student at his or her address appearing in the Registrar's Office records. The letter shall specify a hearing date not less than five (5) nor more than ten (10) working days after date of the letter. If a student is under 18 years of age, a copy of the letter shall be sent to the parents or guardian of the student.

The chairman may for good cause postpone the hearing as long as all interested parties are notified of the new hearing date, time, and place.

CONTENT OF NOTICE

The notice shall advise the student of the following rights:

1. To a private hearing or a public hearing (as he or she chooses);
2. To appear alone or with legal counsel if the alleged violation subjects the student to expulsion or suspension. The role of legal counsel is limited as provided in the code;
3. To have a parent or legal guardian present at the hearing;
4. To know the identity of each witness who will testify;
5. To cause the committee to summon witnesses, and to require the production of documentary and other evidence possessed by the College;
6. To cross-examine each witness who testifies.

FAILURE TO COMPLY WITH NOTICE

A student who fails to appear after proper notice and without good cause will be deemed to have pleaded guilty to the violation pending against the student. The committee shall impose appropriate penalty and notify the student in the same manner as the notice of hearing.

ROLE OF LEGAL COUNSEL

Legal counsel who represents a student in a hearing where the alleged violation subjects the student to expulsion or suspension is limited to advising and assisting the student. This limitation means that legal counsel shall not cross-examine witnesses, make objections, testify, or perform other similar functions generally associated with legal representation. The same preceding limitation applies to counsel who represents the college. Student representation by legal counsel is not permitted in a hearing where the alleged violation does not subject the student to expulsion or suspension.

PRELIMINARY MATTERS

Charges arising out of a single transaction or occurrence, against one or more students, may be heard together, or, upon request by one of the students-in-interest, separate hearings may be held.

There will be disclosure of all evidence to both sides prior to the hearing. At least by 12:00 noon, five (5) full working days before the hearing date, the student concerned shall furnish the committee chairman with:

1. The name of each witness he or she wants summoned and a description of all documentary and other evidence possessed by the college which he or she wants produced.
2. An objection that, if sustained by the chairman of the Student Disciplinary Committee, would prevent the hearing.
3. The name of the legal counsel, if any, who will appear with the student.
4. A request for a separate hearing, if any, and the grounds for such a request.

HEARING PROCEDURE

The hearing shall be conducted by the chairman who shall provide opportunities for witnesses to be heard. The college will be represented by legal counsel if the student is represented by legal counsel in a hearing where the student is subject to expulsion or suspension.

If a hearing may result in expulsion or suspension of a student, the college will have a court reporter present to transcribe the proceedings. If a hearing will not result in expulsion or suspension of a student, legal representation is not permitted and recording of the hearing by any means is not permitted unless authorized by law.

If the hearing is a private hearing, the committee shall proceed generally as follows:

1. Persons present shall be the complainant, the VPSD, and the student with a parent or guardian if desired.
2. Before the hearing begins, the VPSD or the student may request that witnesses remain outside the hearing room.
3. The VPSD shall read the complaint.
4. The VPSD shall inform the student of his or her rights, as stated in the notice of hearing.
5. The VPSD shall present the college's case.
6. The student may present his or her defense.
7. The VPSD and the student may present rebuttal evidence and argument.
8. The committee, by majority vote, shall determine the guilt or innocence of the student regarding the alleged violation.
9. The committee shall state in writing each finding of a violation of a published college regulation or policy. Each committee member concurring in the finding shall sign the statement. The committee may include in the statement its reasons for the finding. The committee shall notify the student in the same manner as the notice of hearing.
10. A determination of guilt shall be followed by a supplemental proceeding in which either party may submit evidence or make statements to the committee concerning the appropriate penalty to be imposed. The past disciplinary record of a student shall not be submitted to the committee prior to the supplemental proceeding.

The committee shall determine a penalty by majority vote and shall inform the student, in writing, of its decision as in 9 above.

If the hearing is a public hearing, the committee shall proceed generally as follows:

1. Persons present: the complainant, the VPSD and the student with a parent or guardian if desired. Designated college representatives for the following groups may have space reserved if they choose to attend:
   a. Faculty Association
   b. College Newspaper
A student is entitled to appeal in writing to the President through the President, the Chancellor, and the Board of Trustees. An appeal from the Student Discipline Committee is by review of the record (not de novo).

A petition for review is informal but shall contain, in addition to the information required, the date of the Student Discipline Committee’s action and the student’s reasons for disagreeing with the committee’s action. A student shall file his or her petition with the President on or before the third working day after the day the Discipline committee determines the penalty. If the President rejects the petition, and the student wishes to petition the Chancellor, he or she shall file the petition with the Chancellor on or before the third working day after the President rejects the petition in writing. If the Chancellor rejects the petition, the student appellant wishes to petition the Board of Trustees, he or she shall file the petition with the Chairman of the Board on or before the third working day after the day the Chancellor rejects the petition in writing.

The President, the Chancellor, and the Board in their review may take any action that the Student Discipline Committee is authorized to take; however, none may increase the penalty. They may receive written briefs and hear oral argument during their review.

The President, Chancellor and Board of Trustees shall modify or set aside the finding of violation, penalty, or both, if the substance rights of a student were prejudiced because of the Student Discipline Committee’s finding of facts, conclusions or decisions were:

1. In violation of federal or state law or published college regulation or policy;
2. Clearly erroneous in view of the reliable evidence and the preponderance of the evidence; or
3. Capricious, or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

AUTHORIZED DISCIPLINARY PENALTIES

The VPSD (or office directly responsible for student affairs or discipline) or the student discipline committee may impose one or more of the following penalties for violation of a Board policy, college regulation, or administrative rule:

1. An “admonition” means a written reprimand from the VPSD to the student on whom it is imposed.
2. “Warning probation” means further violations may result in suspension. Disciplinary probation may be imposed for any length of time up to one calendar year and the student shall be automatically removed from probation when the imposed period expires.
3. “Disciplinary probation” means further violations may result in suspension. Disciplinary probation may be imposed for any length of time up to one calendar year and the student shall be automatically removed from probation when the imposed period expires. Students may be placed on disciplinary probation for engaging in activities as illustrated, but not limited to, the following: being intoxicated, misuse of I.D. card, creating a disturbance in or on college premises, and gambling.
4. “Withholding of transcript or degree” may be imposed upon a student who fails to pay a debt owed the college or who has a disciplinary case pending final disposition or who violates the oath of residency. The penalty terminates on payment of the debt or the final disposition of the case or payment of proper tuition.
5. “Bar against readmission” may be imposed on a student who has left the college on enforced withdrawal for disciplinary reasons.
6. “Restitution” means reimbursement for damage or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.
7. “Suspension of rights and privileges” is an elastic penalty which may impose limitations or restrictions to fit the particular case.
8. “Suspension of eligibility for official athletic and nonathletic extracurricular activities” prohibits, during the period of suspension, the student on whom it is imposed from joining a registered student organization; taking part in a registered student organization’s activities, or attending its meetings or functions; and from participating in an official athletic or nonathletic extracurricular activity. Such suspension may be imposed for any length of time up to one calendar year. Students may be placed on disciplinary suspension for engaging in activities as illustrated by, but not limited, to the following: having intoxicating beverages in any college facility, with the exception of specific beverage-related courses
within the El Centro food service program; destroying property or student's personal property; giving false information in response to requests from the college; instigating a disturbance or riot; stealing, possession, use, sale, or purchase of illegal drugs on or off campus; any attempt at bodily harm, which includes taking an overdose of pills or any other act where emergency medical attention is required; and conviction of any act which is classified as a misdemeanor or felony under state or federal law.

9. "Denial of degree" may be imposed on a student found guilty of scholastic dishonesty and may be imposed for any length of time up to and including permanent denial.

10. "Suspension from the college" prohibits, during the period of suspension, the student on whom it is imposed from being initiated into an honorary or service organization; from entering the college campus except in response to an official summons; and from registering, either for credit or for noncredit, for scholastic work at or through the college.

11. "Expulsion" is permanent severance from the college.

A sanction imposed at one college shall apply to all colleges of the College District.

HAZING

1. Personal Hazing Offense
   A person commits an offense if the person:
   a. engages in hazing;
   b. solicits, encourages, directs, aids, or attempts to aid another person in engaging in hazing;
   c. intentionally, knowingly, or recklessly permits hazing to occur; or
   d. has firsthand knowledge of the planning of a specific hazing incident involving a student in an educational institution, or firsthand knowledge that a specific hazing incident has occurred, and knowingly fails to report said knowledge in writing to the VPSD or other appropriate official of the institution.

2. Definition
   *Hazing* means any intentional, knowing, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization whose members are or include students at an educational institution. The term includes but is not limited to:
   a. any type of physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activity;
   b. any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small place, calisthenics, or any other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
   c. any activity involving consumption of a food, liquid, alcoholic beverage, liquor, drug, or any other substance which subjects the student to an unreasonable risk of harm or which adversely affects the mental or physical health or safety of the student;
   d. any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame, or humiliation, or that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described in the subsection;
   e. any activity that induces, causes, or requires the student to perform a duty or task which involves a violation of the Penal Code.

STUDENT GRIEVANCE PROCEDURE

DEFINITION

A student grievance is a College-related problem or condition which a student believes to be unfair, inequitable, discriminatory, or a hindrance to the educational process. A grievance also includes discrimination on the basis of race, color, religion, national origin, sex, disability of age.

SCOPE

The student grievance procedure is not intended to supplant the Student Code of Conduct, which allows the student procedural due process in disciplinary proceedings initiated by the College. This student grievance procedure is designed to provide the student with the opportunity to file a grievance, as defined above, and to provide a process for resolution of the grievance. This student grievance procedure is not designed to include changes in policy nor does it apply to grading practices. Recommendations for initiating new policy or changing established policy are handled through normal administrative channels. Problems with grades will be dealt with first by the instructor, and then by the division dean. If a student is not satisfied, the student may appeal the decision, in writing, to the appropriate vice-president. If still not satisfied, the student may pursue the appeal to the College President whose decision is final.

SEXUAL HARASSMENT

The student grievance procedure is not applicable to complaints of sexual harassment. All students shall report complaints of sexual harassment informally to location Human Resources personnel or location representatives selected by the highest level administrator at the location or formally to the Vice-Chancellor of Educational Affairs as provided in the sexual harassment procedure.

INFORMAL PROCEDURES

Students who wish to file a College-related grievance should, but are not required to discuss it with the College employee most directly responsible for the condition which brought about the alleged grievance. If the grievance is not resolved to the student's satisfaction, the student may appeal to the next level of authority. The student may consult with the administrative offices to determine the next level of authority. If an appeal does not resolve the grievance, the student may proceed to the appropriate vice-president with a written presentation of the grievance. If the vice-presidential level of appeal does not prove satisfactory to the student, the student may seek review under the formal procedures below.

OTHER PROCEDURAL MATTERS

If a student files a grievance informally by discussing it with the College employee most directly responsible, etc., the following procedures apply. The student shall discuss the grievance fully at each level in the process. At each level of authority, a decision shall be made based on common sense and good judgment of a reasonable person. Each level may seek the appropriate authority, if necessary, to resolve the grievance. The entire informal procedure should take no longer than 30 days.

FORMAL PROCEDURES

Procedures for appeals are as follows:

1. A student who wishes a grievance to be heard by an appeal committee must submit a request in writing to the vice-president of student development (VPSD) or employee who is responsible for student development.

2. The VPSD or responsible employee will convene and chair the appeal committee.

3. The appeal must be heard by the committee within ten class days of the request unless extended with the agreement of both the student and the VPSD or responsible employee.

4. The committee will be ad hoc and will consist of two students, two faculty members, and one staff member who is either an
The appeal committee will make findings and send its decision to the College President. A grievant may seek review of an adverse decision through the President. The decision of the President shall be final.

BOARD ACTION

By law, the Board of Trustees is not required to take any action concerning a grievance, but is required to listen if the grievance is presented at a public meeting.

APPEAL COMMITTEE PROCEDURES

1. If a student requests a hearing by an appeal committee, a grievance must be in writing and contain:
   a. the student's name and address;
   b. the nature of the grievance, including the date it occurred;
   c. the corrective action sought;
   d. any other relevant information.

2. A grievance filed, either informally or formally, will not be considered unless it is filed not later than 120 days after the event or occurrence giving rise to the grievance or knowledge of the event or occurrence. The entire formal procedure should take no longer than 30 days.

3. In conducting the appeal committee hearing, the VPSD or responsible employee is authorized to:
   a. require any student or employee to provide a written statement along with any documents concerning the events and circumstances that may have given rise to the grievance;
   b. require any student or employee to appear and testify;
   c. question each individual who testifies; and
   d. copy all documents.

This is not an adversarial proceeding. A VPSD or responsible employee shall conduct a hearing in a professional and cooperative manner and all participants are expected to do likewise.

4. Failure to comply with a summons or order from the VPSD or responsible person may result in disciplinary action.

5. The appeal committee shall base its decisions during a hearing and make a recommendation upon the common sense and good judgement of a reasonable person.

6. The VPSD or responsible employee shall ensure that all relevant evidence is obtained from parties during the hearing.

7. An attorney or other representative of a grievant may present a grievance to the appeal committee, but this presentation does not include questioning or cross-examining witness (including the grievant), objecting to testimony or documents, or similar actions undertaken by an attorney to represent a client.

COMPUTER USE POLICY

Purpose of Computer Use Policy

The District is committed to providing an educational and work climate that is conducive to the personal and professional development of each individual. To fulfill its multiple missions as an institution of higher learning, the District encourages a climate that values and nurtures collegiality, diversity, pluralism and the uniqueness of the individual within our state, nation and world. The District also strives to protect the rights and to enhance the self-esteem of all its members. Faculty, staff and students should be aware that any form of illegal harassment or discrimination against any individual is inconsistent with the values and ideals of our community.

As an institution of higher education, the District encourages, supports, and protects First Amendment rights and an open environment to pursue scholarly inquiry and to share information. Access to networked computer information in general and to the Internet, in particular, supports the academic community by providing a link to electronic information in a variety of formats and covering all academic disciplines. As with any resource, it is possible to misuse computer resources and facilities and to abuse access to the Internet. The following statements address, in general terms, the District's policies concerning computer use.

The Chancellor is authorized to promulgate policies and procedures to implement this policy. Refer to the Business Procedures Manual for additional information.

Use of District Resources

Use of District computing resources and facilities requires that individual users act in compliance with District policies and procedures, and agreed to an account that permits use of the computing resources and facilities within policies and procedures established by the District. Any person who uses District computing resources and facilities through District-owned equipment (such as public access computers at the libraries and computer labs) is also a user and is permitted to use the computing resources and facilities without policies and procedures established by the District. Users must respect the integrity of the computing resources and facilities, respect the rights of others, and comply with all relevant laws (local, state, federal and international), District policies and procedures, and contractual agreements. The District reserves the right to limit, restrict or deny computing resources and facilities for those who violate District policies, procedures, or local, state or federal laws.
Freedom of Expression

Censorship is not compatible with the goals of the District. The District shall not limit adult users' voluntary access to any information due to its content when it meets the standard of legality. A minor's parent may permit a minor user to have voluntary access to any information that meets the standard of legality. Access to information by a user may be blocked at the request of that user, or at the request of a minor user's parent.

Privacy

The general right to privacy is extended to the electronic environment to the extent possible. Users have a lessened expectation of privacy when using computer resources and facilities owned by public institutions such as the District. Issuance of a password or other means of access is to assure appropriate confidentiality of District files and information. It is not a guarantee of privacy nor a license for abuse or improper use of the District's computing resources and facilities. Privacy is mitigated by the Texas Public Information Act, administrative review, computer system administration, audits, and the nature of the electronic medium itself. Contents of electronic files will be examined or disclosed only when authorized by the user, approved by designated District officials, or required by law.

Intellectual Property

All members of the District community should be aware that property laws apply to the electronic environment. Users must abide by all software licenses. District copyright and software policies and procedures, and applicable federal and state law. Users should assume that works communicated through a network are subject to copyright unless specifically stated otherwise. Unless permission of the author is obtained, utilization of any electronically transmitted information must comply with the "fair use" principle found in federal copyright law.

Criminal and Illegal Acts

Computing resources of the District, which include the hardware, software, and network environment, shall not be used for illegal activities. Any illegal use of these resources will be dealt with by the appropriate District authorities and/or other legal and law enforcement agencies. Criminal and illegal use may involve, but is not limited to: unauthorized access, intentional corruption or misuse of computing resources, theft, defamation, obscenity, child pornography, and harassment based upon race, ethnicity, national origin, disability, age, religion or sex.

Authorized Use

Computing resources are provided by the District to accomplish tasks related to the District's mission. Some computers may be dedicated to specific enterprises or teaching missions that limit their use. Incidental personal use of computing resources is acceptable if the use:

1. imposes no measurable cost on the District;
2. is not harmful to the District;
3. is not a hindrance to the daily operations of the District; and
4. has no adverse effect upon an individual's job or educational performance.

Unauthorized Use

Unauthorized use of the District's computing resources and facilities includes but is not limited to: illegal activities; failure to comply with laws, license agreements, and contracts governing network software and hardware use; abuse of communal resources; use of computing resources for unauthorized commercial purposes or personal gain; failure to protect the user's password or use of the user's account; breach of computer security, harmful access or invasion of privacy; use of computing resources for anonymous or identity-masked messages to other District users; or unauthorized encryption. Refer to the Business Procedures Manual for additional information.

Individual Responsibility for Use of Computing Resources and Facilities

All members of the District community will use these resources and facilities in accordance with District policies and procedures as well as all laws. Failure to fulfill these responsibilities may lead to the cancellation of computer access, other disciplinary action by the District and/or referral to legal and law enforcement agencies, in accord with existing District policies and procedures. Individuals using the District's computing resources or facilities shall:

1. Use District computing resources and facilities in accord with this policy, and respect the rights of other computer users by complying with laws, license agreements and contracts.
2. Use communal resources with respect for others. Disruptive mailings and print jobs, tying up work stations, and other disproportionate use of computing facilities prevent others from using these resources.
3. Use of District computing accounts must be limited to authorized purposes. Use of District-owned resources and facilities shall be limited to District-related business or incidental personal use as defined in this policy. Use of computing resources for unauthorized commercial purposes or personal gain is prohibited.
4. Protect the individual's password and use of the individual's account. The user shall not use another person's identification, account or password without his or her permission. Confidential information contained on various computers shall not be shared with others except when those persons are authorized to receive the information. Users shall not intentionally seek, read, provide, remove, reconfigure or modify information in or obtain copies of any files, accounts, software, hardware, programs, or passwords belonging to other computer users or the District without the permission of those other computer users or the District. A user must obtain written permission from the owner of a file to alter or copy a file if the file does not belong to the user or the file has not been sent to the user by the owner.
5. Report improper use of computer resources and facilities which may include:
   a. breach of computer security
   b. unauthorized access to computing resources
   c. release of password or other confidential information on computer security
   d. harmful access
   e. alteration, damage, or destruction of data
   f. injection of a destructive computer virus
   g. invasion of privacy
   h. reading files without authorization
   i. criminal and illegal acts
6. Comply with requests concerning computing from the system operator.
7. Report any incidents of harassment using District computing resources and facilities in accord with the District's policy. It may be harassment if the behavior:
   a. is unwelcome;
   b. interferes with the user=s ability, or the ability of others to work or study;
   c. creates an intimidating, hostile or offensive environment.
   Alternatively, users may file a grievance through appropriate channels.
8. Respect the forum (talk groups, bulletin boards, public computing facilities) when communicating ideas to others via District computing facilities and resources (includes access to external networks). All communications should reflect high ethical standards and mutual respect and civility. Users may use external network (e.g., BITNET, Internet) links solely for the purposes permitted in those policies and in the external network guidelines. Users are responsible for obtaining and adhering to all of the policies published by the external networks they use. The ability to connect to external systems through the District systems does not imply the right to connect to these systems or to make use of these systems unless properly authorized by the owners of those systems.
Computer Software and Copyright Law

The District respects the copyrights of others. With very few exceptions, all computer software and documentation is protected by federal copyright law. The unauthorized or unlicensed use, duplication, or copying of computer software or documentation is contrary to District policy and is a violation of the law. Violators of any copyright are subject to both civil and criminal penalties and/or disciplinary action. District regulations and procedures will establish guidelines for the use of computer resources and local area networks.

Computer Software Policy

It is the policy of the DCCCD to respect the copyrights of others. With very few exceptions, all computer software and documentation is protected by federal copyright law. The unauthorized or unlicensed use, duplication or copying of computer software or documentation is contrary to DCCCD policy and is a violation of the law. Violators are subject to both civil and criminal penalties and/or disciplinary action. Students may use individually owned software on DCCCD computers only if the user can provide proof of a license from the copyright owner or will sign a statement to that effect. Additionally, installation of any individually software may need to first be approved by the appropriate college official. Students may have access to computer networks only to further the institutional goals of the DCCCD.

COMMUNICABLE DISEASE POLICY

Purpose: The Board acknowledges the serious threat to our community and nation posed by the AIDS epidemic. This policy and other procedures developed by the Chancellor shall emphasize educating employees and students concerning AIDS and managing each case of AIDS individually with sensitivity, flexibility, and concern for the individual as well as employees and students. In addition, this policy defines and addresses other communicable diseases which from time to time arise in the colleges and District among students and employees.

Philosophy: The District's decisions concerning a person who has a communicable disease shall be based upon current and well-informed medical judgement which includes the nature of the disease, risk of transmission to others, symptoms and special circumstances of the person, and balancing identifiable risks and available alternatives to respond to a student or employee with a communicable disease.

Nondiscrimination

Students: No student will be required to cease attending a college or participating in college functions solely on the basis of diagnosis of a communicable disease.

Employees: An employee who has a communicable disease will be treated in the same manner as other employees who have other illnesses or injuries.

Confidentiality

The District shall comply with applicable statutes and regulations which protect the privacy of persons who have a communicable disease.

Education

The Chancellor shall develop and maintain a comprehensive educational program regarding HIV infection for students and employees.

Each college shall have a Communicable Disease Coordinator. The coordinator shall be a registered nurse who has received training in communicable diseases, particularly HIV infection. A student or employee who has a communicable disease is strongly encouraged to report the disease to the coordinator.

Counseling

The Communicable Disease Coordinator shall refer students and employees to sources of testing for HIV infection and counseling upon voluntary request. An individual shall bear the expenses of such testing and counseling.

FIREARMS POLICY

Firearms are strictly forbidden upon any campus (including all buildings and grounds) and all other locations owned, operated or leased by the Dallas County Community College District. This prohibition applies to any person including a person who processes a license to carry a handgun under the Concealed Handgun Law.

STUDENT RIGHT TO KNOW ACT

Under the terms of the Student Right to Know Act, the Dallas County Community College District maintains and updates on an annual basis, student persistence, graduation rates, transfer rates and other relevant statistics. To obtain copies of these reports, contact the District Office of Research. Campus crime statistics may be obtained from college police/security offices.

(Published in compliance with the Student Right-to-Know and Campus Security Act; Public Law 101-542)

1.) If you consider yourself a resident of Texas for tuition purposes, CHECK ONE of the following:

- I am a U.S. citizen.
- I am a Permanent Resident, Refugee or have other legal immigrant status.
  
  Date residency document/card issued

  "Documentation must be viewed by Admissions personnel."

- I have filed with the proper federal immigration authorities a declaration of intention to become a citizen.
- I have no documentation of formal status with federal immigration authorities and have lived in Dallas County the past 12 consecutive months.

2.) If your claim for residency is based upon your having lived in Texas for the past 12 months, please answer the following questions:

   **If you came here within the past 5 years, why did you move to Texas?**
   - Education
   - Employment
   - Other (Specify)

   **Have you been employed in Texas for the past 12 months?**
   - Yes
   - No

3.) If your claim for residency is based upon a parent or legal guardian (and not yourself)
please answer the following questions:

   **Name of the person upon whom claim is based**
   - Last
   - First
   - Middle
   - Parent
   - Legal Guardian
   - How long has this person lived in Texas?

   **Previous state or country of residence**
   - Is this person a U.S. citizen?
     - Yes
     - No

   **If this person came here within the past 5 years, why did this person move to Texas?**
   - Education
   - Employment
   - Other (Specify)

   **Has parent or legal guardian claimed you as a dependent for U.S. federal income tax purposes for the tax year preceding your registration?**
   - Yes
   - If "Yes," provide copies of income tax return.  No

   **WILL THIS PERSON CLAIM YOU AS A DEPENDENT FOR THE CURRENT TAX YEAR?**
   - Yes
   - No

## OATH OF RESIDENCY

I understand that information submitted herein will be relied upon by college/university officials to determine my status for admission and residency eligibility. I authorize the college/university to verify the information I have provided and obtain my TASP test scores as necessary. I agree to notify the proper officials of the institution of any changes in the information provided. I certify that the information on this application is complete and correct and understand that the submission of false information is grounds for rejection of my application, withdrawal of any offer of acceptance, cancellation of enrollment, or appropriate disciplinary action.

Have you taken the TASP (Texas Academic Skills Program) test?
- Yes. If "Yes," provide copies of income tax return.  No

**Applicant's Signature**

**Date**

The Admissions / Registrar's Office reserves the right to request additional information in order to comply with state residency requirements prior to enrollment.

**Documents Submitted to Meet Admissions and Residency Requirements Become the Property of the College and May Not Be Returned.**

Distance Learning

Since 1972, the DCCCD has offered distance learning courses and programs. Over the years, these programs have evolved to embrace emerging technologies and expanded to meet increasing student demand. About 14,000 students enroll in distance education courses in the DCCCD each year.

Making distance learning options convenient and accessible to students is part of the DCCCD's mission. In a rapidly changing local, national and world community, the DCCCD is committed to delivering flexible, accessible, affordable and quality-driven education.

Distance learning is a collaborative effort of all seven colleges, each accredited by the Commission on Colleges of the Southern Association of Colleges and Schools. The program draws its strength from its faculty and the breadth of courses - from technical to baccalaureate-transfer classes - offered by the colleges. Faculty teaching distance learning courses also teach campus-based courses at one of the seven colleges. Faculty ensure the continued success of distance learning courses by facilitating vigorous student interaction via multiple technologies.

Many aspects of the district-wide distance learning administration, technology infrastructure and instructional support service functions are housed at the R. Jan LeCroy Center for Educational Telecommunications, located adjacent to the Richland College campus in North Dallas. In addition to DALLAS TeleCollege, the LeCroy Center operates:
- DALLAS TeleLearning, one of the nation's premier producers of educational telecommunications and distance learning products;
- DALLAS Teleconferences, awarding-winning producer of international teleconferences on topics supporting education and training for educational institutions, businesses and government agencies; and
- STARLINK, a Texas-statewide videoconference network that produces and distributes staff development programming primarily for 90-two year colleges, technical institutes, state agencies and other public entities.

Distance Learning Formats

DCCCD distance learning courses are offered in four formats. Each format requires a unique set of technologies essential to successful course completion.

Telecourse

The telecourse allows you to work and learn independently, with campus-based requirements including orientations, testing, and review sessions. The course includes a pre-produced video series with print materials. Class interaction is offered through the telephone, fax and mail. You are required to have access to local cable, KDTN public television, or a VHS format videocassette player.

Online Courses

Online courses are delivered using only computers and computer peripherals. You are required to have reliable Internet access and the latest version of an Internet browser software. The online classroom is used to deliver instruction, facilitate interactions among faculty and students, and more. The courses may include campus-based requirements including orientations, testing and review sessions.

Telecourse Plus Courses

The Telecourse Plus format incorporates the use of video and the online classroom. The course includes a pre-produced video series with print materials. You are required to have access to local cable, KDTN public television, or a VHS-format videocassette player. You are also required to have reliable Internet access and the latest version of an Internet browser software. The online classroom is used to deliver instruction, facilitate interactions among faculty and students, and more. The courses may include campus-based requirements including orientations, testing and review sessions.

Live-Interactive Television Course

A live-interactive television course uses one-way video and two-way audio. You must have access to a participating cable television system. Students may interact with the faculty by telephone, placing a call to a voice bridge system. The course may include campus-based requirements including orientations, testing and review sessions. Call the Distance Learning Hotline for more information about participating cable systems, (972) 669-6400 or if outside of Dallas, call toll free 1 (888) 468-4268.

Campus-Based Distance Learning

DCCCD colleges offer a growing number of distance learning courses and programs each year. As DCCCD colleges identify student demand for distance learning instruction in specific programs and courses, the College, through its appropriate instructional division, begins the process of adding the distance delivery option for a specific program or course.

A campus-based distance learning course has more than 50% of the instructional contact hours delivered at a distance, with occasional on campus instructional requirements. Most student services are delivered on campus.

Campus-based distance learning courses are offered using one or more of the distance learning delivery formats detailed previously. For a complete listing of campus-based distance learning courses offered district-wide by all of the DCCCD colleges, refer to the distance learning pages printed in your college's schedule of classes. A campus-based distance learning class schedule is also available on the web at http://telecollege.dcccd.edu, click on Class Schedules.
The “official” catalog of the Dallas County Community College District is on the web. This printed version is for your convenience. Changes made since the printed catalog’s publication only can be found on the website at
