NORTH LAKE COLLEGE CATALOG

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

1994-95
All blank pages have been removed from this document.
In 1987, the Texas Legislature passed House Bill 2162. This bill, effective with the 1989 Fall Semester, requires that all Texas public college and university students be tested for reading, writing and mathematics skills. This legislation applies to students enrolling in the Dallas Community Colleges - Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View, North Lake and Richland.

Q. What is the Texas Academic Skills Program (TASP)?
A. TASP is a diagnostic testing program to assess the academic skills of students entering Texas public colleges and universities. It is designed to determine if students have the reading, writing and math skills necessary to succeed in college courses. The results of the test point to specific academic strengths and weaknesses and help advisors and counselors place students in courses in which they can do well and develop the necessary skills for college success. If students score poorly in one or more areas of the test, TASP requires them to immediately participate in appropriate remediation until all sections of the test are passed.

Q. Who must take the TASP test?
A. All Texas public college students must take TASP either before or during the semester of completing nine (9) college-level credit hours. Such scores must be reported to the college prior to the next registration. ALL students planning to become a certified teacher in Texas MUST take and pass TASP.

Q. Are there any exemptions from taking the TASP test?
A. Students who completed at least three (3) credit hours of college-level work prior to the 1989 Fall Semester will be exempt from taking TASP. Courses that count toward this exemption are those taken at the DCCCD or other regionally-accredited colleges or universities and which will count toward graduation; also, various credit-by-exam programs taken prior to Fall 1989 will result in an exemption. Students enrolled in a DCCCD academic program leading to a certificate may receive a waiver from TASP. Students who meet the following: (1) score at least 1800 on each of the three sections of TAAS; (2) score at least 29 or higher on both ACT math and ACT English and have an ACT composite score of at least 27; or (3) score at least 550 or higher on both SAT verbal and SAT math with a SAT composite score of at least 1200. The following DCCCD courses or their equivalents will NOT count toward the three hours: Any course numbered below 100, Art 199, College Learning Skills 100, Developmental Communications 120, Human Development 100, Human Development 110, Library Skills 101, Music 199, and Theatre 199.

Q. Must a student take TASP prior to entering a DCCCD college?
A. No, it is not necessary that a student take TASP prior to enrolling. However, DCCCD students must take TASP prior to completing nine (9) hours of college-level course or report scores prior to the next registration. In most cases, three courses will equal nine hours of credit. PERFORMANCE GRADES (A - D) earned in courses will count toward the nine hours of credit.

Q. If students must take TASP by the completion of their ninth credit hour, does this mean they must pass TASP by that same time?
A. No, students are required only to take TASP prior to completing their ninth credit hour and report scores before their next DCCCD registration. If students do not "pass" a section or sections of TASP, they will be immediately mandated into remediation. Students must pass all sections of TASP before they can be awarded a degree from the DCCCD. Students who transfer to a four-year state college or university will not be allowed to take junior or senior courses until they have passed all sections of TASP.

Q. How and when will the TASP test be given?
A. The three-part (reading, writing and mathematics) test will be given on a statewide basis at designated testing sites. Each DCCCD college is a test site. During 1994, the test will be given on June 18, July 23, September 17 and November 12. During 1995, the test dates are February 25, April 22, June 10 and July 15. TASP registration materials are available in the Counseling Centers and/or Testing Centers of each of the DCCCD colleges.

Q. What is the cost of the TASP test? Is there a study guide available?
A. The cost for the total test is $26. An Official TASP Study Guide can be purchased in DCCCD College Book Stores or be ordered by writing to TASP Project, P.O. Box 1403478, Austin, Texas, 78714-0347. Study Guides are available for reference use in each of the DCCCD college libraries.

Q. How will TASP affect students planning to attend a DCCCD college?
A. Students planning to attend a DCCCD college will continue to complete the usual steps for enrollment. TASP scores should be reported after being admitted by those who have taken TASP. However, for students who have not taken TASP, the college will indicate whether or not they should take the DCCCD's assessment test. Then, before completing their ninth credit hour, students must take the TASP test and report their scores before their next registration.

Q. Are students transferring into the DCCCD required to take TASP?
A. Unless transfer students qualify for one of the exemptions discussed above, they are required to take TASP no later than the semester of enrollment in nine college-level credit hours in a Texas public institution. Students who have scores must report them before registering for college-level hours in the DCCCD.

If you would like more information on the Texas Academic Skills Program, please contact the college's Counseling Center.
Academic Calendar for 1994-95

Summer Sessions, 1994

First Summer Session: (Based on 4 day class week, except for first week)

May 30 (M)  Memorial Day Holiday
June 1-2 (W-R)  Registration (Varies by Campus)
June 6 (M)  Classes Begin
June 9 (R)  4th Class Day
June 10 (F)  Class Day (Only Friday Class Day)
June 18 (S)  TASP Test Administered
June 28 (T)  Last Day to Withdraw with a Grade of “W”
July 4 (W)  Fourth of July Holiday
July 7 (R)  Final Exams
July 7 (R)  Semester Ends
July 11 (M)  Grades due in Registrar’s Office by 10 a.m.

Second Summer Session: (Based on 4 day class week, except for first week)

July 13 (W)  Registration (All Campuses)
July 14 (R)  Classes Begin
July 15 (F)  Class Day (Only Friday Class Day)
July 19 (T)  4th Class Day
July 23 (S)  TASP Test Administered
August 8 (M)  Last Day to Withdraw with a Grade of “W”
August 16 (T)  Final Exams
August 16 (T)  Semester Ends
August 18 (R)  Grades due in Registrar’s Office by 10 a.m.

Fall Semester, 1994

August 22 (M)  Faculty Reports
August 22-25 (M-R)  Registration Period (Varies by College)
August 29 (M)  Classes Begin (M-R Classes)
September 2 (F)  Friday Only Classes Begin
September 3 (S)  Saturday Only Classes Begin
September 5 (M)  Labor Day Holiday
September 12 (M)  12th Class Day
September 17 (S)  TASP Test Administered
November 12 (S)  TASP Test Administered
November 18 (F)  Last Day to Withdraw with a Grade of “W”
November 24 (R)  Thanksgiving Holidays Begin
November 28 (M)  Classes Resume
December 9 (F)  Final Exams for Friday Only Classes
December 10 (S)  Final Exams for Saturday Only Classes
December 12-15 (M-R)  Final Exams for M-R Classes
December 15 (R)  Semester Closes
December 19 (M)  Grades due in Registrar’s office by 10 a.m.
December 24  (S)  College Buildings and Offices Closed for the Holidays

Spring Semester, 1995

January 3 (T)  College Buildings and Offices Reopen
January 9 (M)  Faculty Reports
January 9-12 (M-R)  Registration Period (Varies by College)
January 13 (F)  Faculty Professional Development
January 16 (M)  Martin Luther King, Jr. Day Holiday
January 17 (T)  Classes Begin (M-R Classes)
January 20 (F)  Friday Only Classes Begin
January 21 (S)  Saturday Only Classes Begin
January 30 (M)  12th Class Day
February 25 (S)  TASP Test Administered
March 2 (R)  District Conference Day
March 3 (F)  Faculty Professional Development (TJCTA)
March 5 (F)  Friday Only Classes Meet
March 4 (S)  Saturday Only Classes Meet
March 13 (M)  Spring Break Begins
March 17 (F)  Spring Holiday for All Employees
March 20 (M)  Classes Resume
April 13 (R)  Last Day to Withdraw with “W”
April 14 (F)  Holidays Begin
April 17 (M)  Classes Resume
April 22 (S)  TASP Test Administered
May 5 (F)  Final Exams for Friday Only Classes
May 6 (S)  Final Exams for Saturday Only Classes
May 8-11 (M R)  Final Exams for M-R Classes
May 11 (R)  Semester Closes
May 11 (R)  Graduation
May 15 (M)  Grades due in Registrar’s office by 10 a.m.

Second Summer Session: (Based on 4 day class week, except for first week)

May 29 (M)  Memorial Day Holiday
May 31-June 1 (W-R)  Registration Period (Varies by College)
June 5 (M)  Classes Begin
June 8 (R)  4th Class Day
June 9 (F)  Class Day (Only Friday Class Meeting)
June 10 (S)  TASP Test Administered
June 27 (T)  Last Day to Withdraw with “W”
July 4 (T)  Fourth of July Holiday
July 6 (R)  Final Exams
July 6 (R)  Semester Closes
July 10 (M)  Grades due in Registrar’s Office by 10 a.m.

Summer Sessions, 1995

First Summer Session: (Based on 4 day class week, except for first week)

May 30 (M)  Memorial Day Holiday
May 31-June 1 (W-R)  Registration Period (Varies by College)
June 5 (M)  Classes Begin
June 8 (R)  4th Class Day
June 9 (F)  Class Day (Only Friday Class Meeting)
June 10 (S)  TASP Test Administered
June 27 (T)  Last Day to Withdraw with “W”
July 4 (T)  Fourth of July Holiday
July 6 (R)  Final Exams
July 6 (R)  Semester Closes
July 10 (M)  Grades due in Registrar’s Office by 10 a.m.

Second Summer Session: (Based on 4 day class week, except for first week)

July 12 (W)  Registration (All Campuses)
July 13 (R)  Classes Begin
July 14 (F)  Class Day (Only Friday Class Meeting)
July 15 (S)  TASP Test Administered
July 18 (T)  4th Class Day
August 7 (M)  Last Day to Withdraw with “W”
August 15 (T)  Final Exams
August 15 (T)  Semester Closes
August 17 (R)  Grades due in Registrar’s office by 10 a.m.

North Lake College makes educational and cultural opportunities available to all area citizens with its accessible location and active involvement in the community. This commitment to serve the community has resulted in a balance of academic courses, technical programs and continuing education offerings.

Outstanding facilities provide a stimulating and pleasant environment for students, faculty and staff. This combination makes North Lake an exciting center for personal growth for each of its nearly 10,000 students.

North Lake College Mission Statement

North Lake College is the bridge that connects individuals and the community through education.

In support of this mission, North Lake College will

• Maintain high educational standards
• Establish effective learning environments
• Promote excellence in the workforce
• Demonstrate a commitment to student success
• Provide access to life-long learning and enrichment
• Provide programs and resources to help students and the community meet educational goals
• Strengthen support systems to ensure student success
• Encourage innovation, creativity and flexibility
• Celebrate diversity and the integrity of the individual
• Develop responsible citizens concerned with global issues
• Provide a continuing self-evaluation process to include input from the communities we serve

The Campus

Opened in the fall of 1977, North Lake occupies 276 wooded acres in the Las Colinas area of Irving, at 5001 N. MacArthur Boulevard. This architecturally remarkable college is surrounded by gently rolling hills accentuated by a beautiful nine-acre lake. The energy-efficient buildings are designed in a series of terraces which follow the natural elevations of the building site.

North Lake's excellent facilities include a 450-seat Performance Hall, a 2,000 seat gymnasium, and a covered natatorium, complemented by exceptionally well-equipped laboratories, studios, and learning centers.

Accreditation

North Lake College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate degree.

Institutional Memberships:

The American Association of Community and Junior Colleges
The Texas Public Community/Junior College Association
The Texas Association of Colleges and Universities
The League for Innovation in the Community College

North Lake College is recognized and sanctioned by the Coordinating Board of the Texas College and University System and the Texas Education Agency, and is an Affirmative Action Equal Opportunity Institution.

I. GENERAL INFORMATION

History of the Dallas County Community College District

The Dallas County Community College District is comprised of seven colleges located strategically throughout Dallas County. Together the colleges enroll approximately 50,000 credit and 45,000 non-credit students per long semester and employ over 2,000 full-time faculty and staff members.

The growth of the District into an educational system with such impact was not by chance. In May, 1965, voters created the Dallas County Junior College District and approved a $41.5 million bond issue to finance it. The next year the District's first college, El Centro, began operation in downtown Dallas. Eastfield and Mountain View Colleges enrolled their first students in 1970, and the plans for a multi-campus district became a reality. Richland College became the District's fourth college in 1972.

The voters of Dallas County approved the sale of an additional $85 million in bonds in September, 1972. This step provided for expansion of the four existing colleges and the construction of three more colleges. A key part of the expansion program was the remodeling and enlarging of El Centro College, a project completed in 1979. Construction of new facilities resulted in the opening of Cedar Valley College and North Lake College in 1977. Brookhaven College, the final campus in the seven college master plan, opened in 1978.

In 1989, the Bill J. Priest Institute for Economic Development opened south of downtown Dallas. Named for the DCCCD's founding chancellor, the BJPIED serves the community through the Business and Professional Institute, Edmund J. Kahn Job Training Center, Small Business Development Center, Center for Government Contracting, Business Incubation Center and International Trade Resource Center.

Mission of the Dallas County Community College District

The mission of the DCCCD is to equip students for successful living and responsible citizenship in a rapidly-changing local, national and world community. We do this by providing accessible, accredited, affordable, cost-effective, quality educational opportunities for development of intellectual skills, job skills, personal growth and/or transfer to a baccalaureate program. In fulfilling our purpose, we further cultural, economic and workforce development in the communities we serve.

District Philosophy And Goals

Since 1972, the District has been known as the Dallas County Community College District. The name shows that the District has outgrown the term "junior college." The name also reflects the District's philosophy. The colleges truly are community institutions, meeting the varied educational needs of the growing Dallas County region. The primary goal of the District and its colleges is to help students of all ages achieve effective living and responsible citizenship in a fast-changing region, state, nation and world. Each college is therefore committed to providing a broad range of educational programs for the people it serves.

The needs, abilities and goals of each student are considered important. The focus is on creating an educational program for the individual rather than squeezing or stretching the individual to fit an "educational mold."

The Dallas County Community Colleges and the Bill J. Priest Institute for Economic Development are teaching, learning, community-building institutions. To fulfill the public trust the DCCCD:

• offers a student guarantee to the institutions and employers receiving its graduates;
• measures its collective and individual behaviors against a code of ethics and a statement of organizational values;
• makes decisions through a line organizational structure which receives input from those most affected by the decisions;
• strives to provide its services with revenues of —no more than 20% from student tuition —no more than 30% from local taxes; and —a minimum of 50% from the State
• seeks to maintain the highest possible credit ratings;
• views itself as a team player in the local community of educators, business people, elected officials and other community leaders; and
• sees its role as a weaver of a seamless fabric of educational opportunity for the people of Dallas County.

As a major employer, the DCCCD:

• follows open search procedures which solicit the best available candidates for positions and which will provide a balanced workforce which reflects the ethnic composition of the adult workforce in Dallas County;
• involves those most directly affected by hiring decisions in the candidate review process; and
• seeks to assure that competent performers do not lose real compensation through inflation.
In its organizational culture, the DCCCD:
• places ultimate value on student success;
• applies the principles of continuous quality improvement to achieve student success; and
• uses technology not only to teach distant learners, but also to educate, train and retool both its students and its employees.

How do the colleges meet the educational needs of such a varied family? The answer is found in four categories of programs:

1. For the student working toward a bachelor's or higher degree, the colleges offer a wide range of first-year and second-year courses which transfer to senior colleges and universities.

2. For the student seeking a meaningful job, the colleges offer one-year and two-year programs in technical and occupational fields.

3. For the employed person wishing to improve job skills or to move into a new job, the colleges offer credit and non-credit adult educational courses.

4. For the person who simply wants to make life a little more interesting, the colleges offer continuing education programs on cultural, civic and other topics.

Additional programs are available for the high school student, dropout and others with special needs. The colleges help each student design the educational program that best meets individual needs. Every student is offered intensive counseling to define goals and identify abilities. Continued guidance is available throughout the student's college career in case goals and plans change. This emphasis on counseling, rare for some institutions, is routine at all District colleges.

District Responsibilities
To carry out the District philosophy, the colleges obviously must offer a wide range of programs and courses, including guidance services. These programs and courses must help each individual attain a high level of technical competence and a high level of cultural, intellectual and social development. In addition, high professional standards for the academic staff must be maintained within a framework prescribed by the Board of Trustees. At the same time, the program and organization of each college must make maximum use of faculty and facilities.

The colleges have a basic responsibility to provide educational and cultural leadership to the community. They must be sensitive to changing community needs and adapt readily to those needs. Individuals capable of continuing their educational development should be given the opportunity to improve their skills. Finally, to continue to meet its responsibilities in changing times, the college system must guard against stagnation. Creativity and flexibility are therefore fostered at the District level and on each campus.

League for Innovation
The Dallas County Community College District is a member of the League for Innovation in the Community College. The League is composed of 19 outstanding community college districts throughout the nation. Its purpose is to encourage innovative experimentation and the continuing development of the community college movement in America. Membership commits the District to research, evaluation and cooperation with other community college districts. The goal is to serve the community with the best educational program and the fullest use of resources.

Equal Educational And Employment Opportunity Policy
The Dallas County Community College District is committed to providing equal educational and employment opportunity regardless of sex, race, color, religion, age, national origin or disability. The District provides equal opportunity in accord with federal and state laws. Equal educational opportunity includes admission recruitment, extra-curricular programs and activities, access to course offerings, counseling and testing, financial aid, employment, health and insurance services and athletics. Existing administrative procedures of the College are used to handle student grievances. When a student believes a condition of the College is unfair or discriminatory, the student can appeal to the administrator in charge of that area. Appeals to a higher administrative authority are considered on the merits of the case.

Family Educational Rights And Privacy Act Of 1974
In compliance with the Family Educational Rights and Privacy Act of 1974, the College may release information classified as “directory information” to the general public without the written consent of the student. Directory information includes: (1) student name, (2) student address, (3) telephone number, (4) date and place of birth, (5) weight and height of members of athletic teams, (6) participation in officially recognized activities and sports, (7) dates of attendance, (8) educational institution most recently
attended and (9) other similar information, including major field of study and degrees and awards received.

A student may request that all or any part of the directory information be withheld from the public by giving written notice to the Registrar's Office during the first 12 class days of a fall or spring semester or the first four class days of a summer session. If no request is filed, directory information is released upon written inquiry. No telephone inquiries are acknowledged; all requests must be made in person. No transcript or academic record is released without written consent from the student, except as specified by law.

Student Consumer Information Services
Pursuant to the Educational Amendment of 1980, Public Law 96-374, the College provides all students with information about its academic programs and financial aid available to students.

II. IMPORTANT TERMS AND ABBREVIATIONS

Add: During any single semester, to enroll in additional course(s) after registration.

Admission: Formal application and acceptance as a credit student. A person wishing to enroll must complete an application, be accepted and receive a letter of acceptance from the Registrar before registering.

Audit: Enrollment in a credit course without receiving academic credit.

Catalog: The book containing course descriptions, certificate and associate degree requirements and general information.

Class schedule: A booklet which is published prior to each semester listing classes, sections, dates, times, instructors' names and meeting places. This booklet is used by students in preparing personal class schedules each semester.

Common Course Numbers: Some course descriptions also indicate a Common Course Number. Beginning in the Fall of 1994, the Common Course Number will become the official number of the course. This same Common Course Number is being used for this same course by a number of colleges throughout Texas to help students identify how a course will transfer. However, the lack of a Common Course Number does not necessarily mean a course will not transfer.

Common Learning: "General Education" as defined by the DCCCD. Common Learning courses contain learning experiences which provide knowledge and skills necessary for living well and functioning competently in rapidly-changing local, state, national and world communities.

Concurrent enrollment: (a) Enrollment by the same student in two different DCCCD colleges at the same time; (b) Enrollment by a high school senior in one of the DCCCD colleges while still enrolled in high school; (c) Enrollment by a student in two related courses in the same semester; (d) Enrollment in both a DCCCD institution and a four-year institution at the same time; (e) Enrollment in both credit and Continuing Education courses at the same time.

Course Load: The number of hours or courses in which a student is enrolled in any given semester.

Credit: The numerical value assigned to a course (see "CREDIT HOURS/SEMESTER HOURS").

Credit hours/semester hours: The unit of credit earned for course work. Each college course is worth a certain number of credit or semester hours. This number is determined by the type of class and the number of hours per week it meets. For example, a 3-credit-hour class (English, history, etc.) meets 3 hours per week during the fall/spring semesters; a 4-credit-hour class (science, languages, etc.) meets 6 hours per week. Check this catalog or the current class schedule for the value of any course you wish to take.

Credit/non-credit: Credit classes are those which award academic credit and may apply toward a degree. Non-credit classes do not apply toward a degree and are usually offered through Continuing Education.
DCCCD: Dallas County Community College District comprised of Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View, North Lake and Richland Colleges, plus the Bill J. Priest Institute for Economic Development.

Developmental studies courses: Courses which develop prerequisite skills in reading, writing and mathematics. Because of the nature of these courses, the credit earned will not count toward graduation requirements and may not be transferred to colleges outside the DCCCD.

Drop: The act of officially withdrawing from a particular course without penalty before a specified date. See the calendar at the first part of this catalog for “Last Day To Withdraw.” It is the student’s responsibility to drop a course by the date published.

Dual credit: Credit earned for both high school and college via concurrently enrolled high school students.

Electives: Courses which do not count toward a major but are required for most college degrees. Electives are selected for personal interest, skill development or to increase one’s knowledge or understanding. Consult with an advisor before deciding upon electives.

Fee: A charge which the college requires for services in addition to tuition charges.

Flexible-entry course: A course beginning and ending on dates which are different from the regular semester. This is also referred to as “flex-entry” or “short semester registration.” Consult the class schedule for further information.

Former student: One who has attended a DCCCD college in the past but not during the previous long semester.

Full-time student: A student who is enrolled for at least 12 credit hours during a semester or for 6 credit hours during a summer session.

GPA: Grade Point Average. Two different ways of computing a GPA are utilized. For further explanation, see catalog section entitled “Scholastic Standards.”

Grade points: See catalog section entitled “Scholastic Standards.”

Grades: See catalog section entitled “Scholastic Standards.”

Lab hours: The number of hours a student spends each week in a laboratory or other learning environment.

Lecture hours: The number of hours a student spends each week in a classroom other than a laboratory.

Major: The subject or field of study in which the student plans to specialize. For example, one “majors” in automotive technology, business, etc.

Part-time student: A student who is enrolled for less than 12 credit hours during a semester or less than 6 credit hours in a summer session.

Performance grade: A grade of A, B, C, D or F. This does not include the grades of W, I or WX. See catalog section on “Academic Information” for more on grades and grade point averages.

Prerequisite: A requirement which must be met BEFORE enrolling for a specific course. For example, the prerequisite for English 102 is the successful completion of English 101. A prerequisite may be another course (high school or college), an appropriate assessment score or permission of the instructor.

Probation: A warning for a student whose academic work or behavior is unsatisfactory. Students on academic probation may be suspended if their academic performance does not improve.

Registration: The official process for enrolling in courses. This involves selecting classes with the help of an advisor, completing all registration forms and paying fees. Check the class schedules for registration dates.

Section: A number indicating day/evening, hour, room number and name of instructor for a particular course. For example, the section number differentiates among the various classes of English 101.

Semester: A term denoting the length of time a student is enrolled in a specific course. For example, there are two long semesters (Fall and Spring) which last approximately 16 weeks. There are two summer sessions or “semesters” (Summer I and Summer II) which last approximately 5 1/2 weeks.

Skills for Living: Skills needed for living well with oneself, others and changing environments. Skills for Living are discussed and learned throughout the curriculum and provide basic goals for all Common Learning courses.

Student services fee: A fee for activities and services to students, which are considered separate and apart from the regularly scheduled academic functions of the college. Such activities and services include, but are not necessarily limited to, the following: health services; recreational activities; automobile parking privileges; intramural and intercollegiate athletics; artists and lecture series; cultural entertainment series; student publications; and/or student government.

TASP: Texas Academic Skills Program; see special section in this catalog about this testing program.

Technical/occupational courses: Courses which lead to a certificate or Associate of Applied Science Degree in a technical or occupational program. These courses are designed to aid the student in developing entry-level skills to be utilized in the job market. Consult an advisor regarding transferability if you plan to attend a four-year institution.

Tech-Prep: Tech-Prep is an educational process which prepares students for emerging, technologically-advanced careers.

Telecourses: Courses providing flexibility and convenience for students seeking college credit with minimum campus visits. Students watch the course television programs at home on regular broadcasts or cablecasts, complete the study guide and reading assignments, take tests on campus and attend optional discussion meetings. Instructors are available during regular office hours or via telephone when assistance is needed.

Transfer courses: Courses which are designed to transfer to other colleges and universities. Students need to consult with an advisor or counselor about the transferability of specific courses. Because a course will transfer does not mean it will apply toward a specific major or degree at a four-year college or university.
Transcript: An official copy of a student's academic record which can be obtained through the Admissions Office. An official transcript must have the seal of the college affixed and the signature of the Registrar.

Withdrawal: The act of ending enrollment in classes. A student withdrawing must go through a formal procedure. It is the student's responsibility to withdraw officially by the appropriate date. See the calendar in this catalog or the class schedule for the "Last Day to Withdraw."

III. ADMISSIONS AND REGISTRATION

General Admissions Policy

The College has an "open door" admissions policy. It insures that all persons who can profit from post-secondary education have an opportunity to enroll. The College requires certain assessment procedures for use in course placement prior to admission to a certificate or degree program, but the assessment is not used to determine admission.

Admission Requirements

Documentary evidence of Texas residency must be provided by all applicants claiming Texas residence and requesting resident tuition classification. This evidence must be submitted with the application for admission and must prove twelve (12) months of Texas residency immediately prior to the semester of enrollment. Failure to provide evidence will result in an applicant being classified as a non-resident for tuition/fee purposes. Contact the Admissions Office for specific information detailing required documentation.

It is recommended, although not required, that all prospective students have adequate immunization for diphtheria, rubella, rubella, mumps, tetanus and poliomyelitis. Health-related programs may require specific immunizations prior to admission. Information is provided at orientation sessions.

Beginning Freshmen

Students enrolling in college for the first time who fit one of the following categories may apply for admission:

a. Graduates from an accredited high school;

b. Graduates of an unaccredited high school who are 18 years of age or older;

c. Those who have earned a General Education Diploma (G. E. D.);

d. Those who are at least 18 years of age and who do not have a diploma or G.E.D. may be admitted by individual approval;

e. Those who are under the age of 18, are no longer enrolled in high school of any kind, and who do not have a diploma or G.E.D. may be admitted by one of the following:

(1) Written recommendation of the principal or superintendent of the last high school attended, or

(2) On the basis of completion of the college's assessment program with the results indicating the student has the ability to benefit from the college's curricular offerings.

f. Those who are under the age of 18, did not graduate from an accredited school, but who graduated from an unaccredited high school, or were schooled in a non-traditional setting (i.e., home-schooled) may be admitted by meeting all of the following conditions:

(1) Written recommendation of the principal or superintendent of the last school attended, or on the basis of completion of the college’s assessment program with the results indicating the student has the ability to benefit from the college’s curricular offerings;

(2) Present a notarized record of the high school equivalent work completed and the date of successful completion; and

(3) Agree to limitations on conditions of admission established by the college.

Students Enrolled In High School

Students still enrolled in high school may be admitted under the following conditions:

a. Students who have completed their junior year in an accredited high school may be admitted upon the written recommendation of the high school principal. Such students may take no more than two courses each semester.

b. Students who have not completed their junior year at an accredited high school may be admitted upon meeting all the following conditions:

(1) The written recommendation of the high school principal;

(2) Presentation of scores on the ACT/SAT/or college assessment program which indicate the student does not need remedial/developmental courses;

(3) Approval of the Vice President of Instruction or designate. Such students may take no more than two courses each semester.

c. Students who are enrolled in non-accredited high schools or schooled in a non-traditional setting (i.e., home-schooled) and who have completed the equivalent of the junior year (16 units) in high school may be admitted by meeting all the following conditions:

(1) Provide a notarized record of the school subjects completed (consistent with the Texas Education Agency minimum
requirements); (2) Presentation of scores on the ACT/SAT/or college's assessment program which indicate the student does not need remedial/developmental courses; and (3) Agree to limitations on conditions of admission. Students may take no more than two courses each semester.

d. Students who are enrolled in non-accredited high schools or schooled in a non-traditional setting (i.e., home-schooled) and have not completed the equivalent of the junior year (16 units) in high school may be admitted by meeting all the following conditions:

(1) Provide a notarized record of the school subjects completed (consistent with the Texas Education Agency minimum requirements); (2) Presentation of scores on the ACT/SAT/or college’s assessment program which indicate the student does not need remedial/developmental courses; (3) Agree to limitations on conditions of admission. Students may take no more than two courses each semester; and (4) Approval of the Vice President of Instruction or designee.

Transfer Students
An applicant is eligible for admission for enrollment from an accredited collegiate institution as defined in the “Transfer of Credit” section of the catalog and must meet the following conditions:

a. Present a complete transcript bearing impression of seal and signature of college/university official of each institution attended. Transcripts, which must be received no later than the mid-semester date of the semester in which the student first enrolls, should include the previous admission record and evidence of honorable dismissal. Students not submitting transcripts prior to enrollment may be excluded from taking certain courses having prerequisites. Transcripts received become the permanent property of the college. Recipients of baccalaureate and/or graduate degrees from accredited colleges and universities may submit a copy of a college/university diploma in lieu of transcripts. A student transferring from another collegiate institution is not at liberty to disregard his/her collegiate record and apply as a beginning student. The college reserves the right to review academic credentials and/or transcripts from other higher education institutions for purposes of evaluating the acceptability of credits. An applicant who fails to re-port all accredited college/university course work will be subject to disciplinary action (including expulsion) and possible loss of credit for subsequent course work taken at the college.

b. Meet the minimum academic standards of the college. If an applicant on enforced scholastic withdrawal or suspension from another institution meets the minimum academic standards of the college, the applicant may petition for admission to the Admissions Committee of the college. Admission may be provisional and enrollment may be limited as to credit hours and course work.

c. Meet all TASP requirements as shown below:

(1) Transfers from other Texas public colleges/universities and who are not TASP exempt must present TASP scores if they have accumulated 9 or more college-level hours if they wish to enroll in any college-level coursework; (2) Transfers from any college/university, who are not TASP exempt, and who have accumulated less than 9 college-credit hours must take TASP in the semester in which they accumulate their 9th college-level credit hour; and (3) Transfers from private and/or out-of-state colleges/universities, who are not TASP exempt, and who have accumulated more than 9 college-level hours, must take TASP during their initial semester of enrollment.

Former Students
Students formerly enrolled in the Dallas County Community College District must submit an application for readmission to any District college. Students with unsettled financial debts or whose record is blocked for any other reason at any District college will not be allowed to register.

Academic Forgiveness Policy
In keeping with SB 1321, passed into legislation in 1993, any state resident may elect not to have the college utilize college credits on courses which are ten (10) years or older. Should the student elect this option, then no college courses or credits ten (10) years or older will be evaluated for credit. Students may not selectively choose courses ten (10) years or older to be utilized. This provision does not relieve students from notifying the college of attendance at previous institutions nor of the need to submit transcripts indicating all previous course work attempted. Students electing this option must notify the Office of the Registrar upon submission of admission application.

Non-Credit Students
Students enrolling for non-credit courses apply through the Office of Continuing Education.

International Students
The College is authorized under federal law to enroll non-immigrant students carrying valid visas. International students are admitted once all admissions requirements are complete. International students on F-1, J-1, M-1, B-1, B-2 visas must:

1. Contact the institution to request international student admission information;
2. Provide official TOEFL (Test of English as a Foreign Language) scores of 525 or higher to meet the English proficiency requirement and be considered for academic credit.
Students who meet one of the following criteria will be excused from the TOEFL requirement:

a. A graduate of an accredited U. S. college or university;
b. A native speaker of English from a country in which English is the primary language of the majority as documented by the Cambridge Encyclopedia of Languages. (See international admissions advisor for list of approved countries.)

Upon admission, all students are required to complete DCCCD assessment for academic advisement and placement. If adequate English proficiency is not demonstrated through this assessment, placement in additional English language courses will be required.

1. Present documentation indicating valid non-immigrant visa status;
2. Provide official transcripts or documented proof verifying that the student is “in-status” and has been pursuing a full course of study during the term immediately preceding the transfer from the institution last authorized by INS for attendance.

In addition to the requirements stated above, international students wishing to transfer from another U.S. institution must also:

1. Present documentation indicating valid non-immigrant status;
2. Provide official transcripts or documented proof verifying that the student is “in-status” and has been pursuing a full course of study during the term immediately preceding the transfer from the institution last authorized by INS for attendance.

International students are subject to the requirements of the Texas Academic Skills Program (TASP).

**Evaluation of Foreign Credentials**

Coursework completed at colleges and universities outside the United States will be considered for transfer on an individual basis. All foreign credentials submitted to the college must include the original plus a certified English translation.

An official evaluation of foreign credentials must be completed before transfer credit can be granted. The student is responsible for arranging for credential evaluation.

A list of acceptable professional evaluation services is available in the District Office of Student and International Programs or the Office of the College Registrar. The student is expected to pay all costs of translation and/or evaluation of foreign credentials.

Evaluations of foreign credentials completed by individuals and/or by professional evaluation services are subject to review and approval by the Director of Admissions and Registrar.

**Application and Admissions Procedures**

Applications may be submitted any time prior to registration. Early application is essential because the student’s place in registration is determined by the date of the applicant’s file; submitting admissions documents early also insures that there is adequate time for effective counseling and schedule planning. A later place in registration often means that the classes a student desires are already filled, as all District colleges conduct early registration in some form.

Applicants must submit the following material to the Admissions Office to have a complete admissions file:

a. An official application, available from the Admissions Office;
b. Test Scores: Students who have ACT, SAT and/or TASP test scores taken within the last five (5) years are strongly urged to submit those scores to the college.
c. Official Transcripts: The following MUST be submitted—
   (1) a beginning student is required to furnish a transcript of the student’s high school record; (2) a college transfer student is required to furnish official transcripts of all college work attempted. The College accrediting agency requires transcripts, and the College uses them in program advisement. IT IS ABSOLUTELY ESSENTIAL THAT TRANSFER STUDENTS SUBMIT OFFICIAL TRANSCRIPTS FROM PREVIOUS COLLEGES ATTENDED. If transcripts are not submitted, future enrollment of the student will be blocked and a transcript of work attempted at any DCCCD institution will not be released.

An official transcript must bear the institution’s embossed seal and signature of the Registrar. Although transcripts sent electronically over the Electronic Transcript Network will be considered official, a photocopy or facsimile (FAX) is not an official transcript.

Students entering with academic deficiencies or low assessment scores may be admitted on probation and will be required to enroll in developmental or other programs designated by the college.

All applicants may select only those classes available when they register. Students may enroll in certain courses at times other than regular semester registration. See the Flexible Entry courses section in this catalog and contact the Registrar’s Office for additional information.

Construction Technology programs offered by the DCCCD may be taken by residents of Collin County, Cooke County, Grayson County, Hill County and Weatherford Colleges at in-county tuition rates.

**Tuition**

Tuition is charged on a sliding scale according to the number of credit hours for which a student is enrolled and the student’s place of legal residence. Tuition is subject to change without notice by the Board of Trustees or the Texas Legislature.

**Additional Fees**

Additional fees may be assessed as new programs are developed with special laboratory costs. These fees will always be kept to a practical minimum. A graduation fee is not assessed, but each student must pay for cap and gown rental.

**Concurrent Enrollment and Fees**

Students planning to enroll at more than one DCCCD college should complete applications for each DCCCD college they wish to attend. Also, all fees must be paid at the first college prior to enrolling at a second college.

**Special Fees And Charges**

**Technology Fee:** There will be a student technology fee of $10.00 assessed for each credit student each semester.

**Registration Fee (Non-refundable):** There will be a $5 non-refundable Registration Fee assessed each semester.

**Schedule Change Fee:** A schedule change fee will be charged for any form of “drop” from a class. The fee is $10 per transaction during early registration and $15 per transaction beginning on the first day of regular registration. No fee will be applied after the appropriate official reporting date of the regular semester or summer session. A schedule change fee will not be assessed on “add only” transactions.

**Laboratory Fee:** $4 to $12 a semester (per lab).

**Class Fee:** Variable special costs of course not otherwise defined as “Laboratory Fee.” Rental costs of specialized equipment and off-campus facilities are examples of “class fees.”

**Physical Education Activity Fee:** $4 a semester.

**Dance Activity Fee:** $8 a semester.

**Bowling Class Fee:** Student pays cost of lane rental.

**Private Music Lesson Fee:** $45 for one hour per week (maximum) for one course, $25 for one half hour per week.

**Audit Fee:** The charge for auditing a course is the same as if the course were taken for credit.

**Credit by Examination:** A fee will be charged for each examination. This fee can change without prior notice.

**Refund Policy**

The refund policy of the District is based upon state regulations and on the fact that student tuition and fees provide only a fraction of the cost of offering educational opportunities. When students enroll in a class, they reserve places which cannot be made available to other students.

Continues following Tuition & Fees Schedule
TUITION AND STUDENT SUPPORT FEES
Fall and Spring Sessions

NOTE: A STUDENT REGISTRATION FEE OF $5.00 WILL BE INCLUDED IN THE TUITION FOR EACH CREDIT STUDENT EACH SEMESTER. THIS FEE IS NON-REFUNDABLE UNLESS A CLASS IS CANCELLED OR INSTITUTIONAL ERROR IS MADE.

TUITION REQUIREMENTS FOR LONG TERM:
1. Dallas County Residents $16.00 per credit unit through ten credit units and $14.00 for each additional credit unit over ten credit units; minimum of $48.00
2. Out-of-District Residents $35.00 per credit unit through ten credit units and $14.00 for each additional credit unit over ten credit units; minimum of $105.00
3. Out-of-State Residents $71.00 per credit unit; minimum of $225.00
4. Out-of-Country Residents $65.00 per credit unit; minimum of $200.00

SUMMER SESSION
1. Dallas County Residents $18.00 per credit unit through six credit units and $12.00 for each additional credit unit over six credit units; minimum of $54.00
2. Out-of-District Residents $48.00 per credit unit through six credit units and $12.00 for each additional credit unit over six credit units; minimum of $150.00
3. Out-of-State Residents $71.00 per credit unit; minimum of $225.00
4. Out-of-Country Residents $65.00 per credit unit; minimum of $200.00

The following definitions are brief guidelines only; please discuss any questions regarding proper tuition classification with admissions office personnel.

TUITION REQUIREMENTS FOR LONG TERM:
1. Dallas County Residents $16.00 per credit unit through ten credit units and $14.00 for each additional credit unit over ten credit units; minimum of $48.00

1. Dallas County Residents $18.00 per credit unit through six credit units and $12.00 for each additional credit unit over six credit units; minimum of $54.00
2. Out-of-District Residents $48.00 per credit unit through six credit units and $12.00 for each additional credit unit over six credit units; minimum of $150.00
3. Out-of-State Residents $71.00 per credit unit; minimum of $225.00
4. Out-of-Country Residents $65.00 per credit unit; minimum of $200.00

The charge for auditing a course is the same as taking the course for credit.

Effective Date: Fall Semester, 1993

Provided they established legal residence in the State of Texas, a student’s county of residence is the county in which they are deemed to be residents of the county in which they reside.

NOTE: A STUDENT REGISTRATION FEE OF $5.00 WILL BE INCLUDED IN THE TUITION FOR EACH CREDIT STUDENT EACH SEMESTER. THIS FEE IS NON-REFUNDABLE UNLESS A CLASS IS CANCELLED OR INSTITUTIONAL ERROR IS MADE.

TUITION AND STUDENT SUPPORT FEES
Summer Sessions

SUMMER SESSION
1. Dallas County Residents $18.00 per credit unit through six credit units and $12.00 for each additional credit unit over six credit units; minimum of $54.00
2. Out-of-District Residents $48.00 per credit unit through six credit units and $12.00 for each additional credit unit over six credit units; minimum of $150.00
3. Out-of-State Residents $71.00 per credit unit; minimum of $225.00
4. Out-of-Country Residents $65.00 per credit unit; minimum of $200.00

“Out-of-State Residents” are defined to be students of less than 18 years of age, living away from their family and whose family resides in another state or whose family has not resided in Texas for twelve months immediately preceding the date of registration; or students 18 years of age or older who have not been residents of the state twelve months subsequent to their 18th birthdays or for the twelve months immediately preceding the date of registration.

The description of resident and non-resident status contained above are generally applicable, but the determination of residence status for tuition purposes is specifically governed by the provisions of V.T.C.A. Education Code, Section 54.052, the rules and regulations of the Coordinating Board, Texas College and University System, and judicial and/or administrative interpretations thereof. In the event of conflict between the above-noted descriptions and the latter authorities, the latter shall govern.

A foreign national on any other than a permanent resident visa must pay out-of-country tuition and fees.

The tuition schedule above is subject to change without notice by action of the District Board of Trustees or the State of Texas.

By law (TEC, section 4, subchapter B, chapter 54, sec. 54.0521, 1985), the STATE OF TEXAS requires that the OATH OF RESIDENCY be signed.

The law states that if the institution later determines that the individual was not entitled to be classified as a resident at the time of the individual's registration, the individual shall pay to the institution the amount the individual should have paid as a non-resident, if the individual fails to make a timely payment as required, the individual is not entitled to receive credit for courses taken during the time the individual was falsely registered as a resident student.

THE OATH OF RESIDENCY IS NOT ACCEPTABLE IN LIEU OF DOCUMENTARY EVIDENCE.

If you are an out-of-state resident or an out-of-county student AND if you (or the parent on whom you are dependent) own property subject to ad valorem tax by the College District, you may qualify for a waiver of tuition to the In-District rate. Please check with the college Admissions Office for additional details. A foreign national is not eligible for the waiver unless under a permanent resident visa.
until they officially drop the class. In addition, the original enrollment of students represents a sizable cost to the District regardless of continuance in that class. Therefore, a refund is made only under the following conditions:

(1) Official withdrawal:
Students who officially withdraw from the institution shall have their tuition and mandatory fees refunded according to the following schedule:

Fall and Spring Semesters

Prior to the first class day of the semester.....100%*
During the first five class days of the semester....80%*
During the second five class days of the semester....70%*
During the third five class days of the semester...50%*
During the fourth five class days of the semester...25%*
After the fourth five class days of the semester...NONE

Summer Semesters

Prior to the first class day of the semester...100%*
During the first, second or third class day of the semester...80%*
During the fourth, fifth or sixth class day of the semester...50%*
After the sixth class day of the semester...NONE

(2) Official drop of a course or courses:

Students who reduce their semester credit hour load by officially dropping a course or courses and remain enrolled at the institution will have applicable tuition and fees refunded according to the following schedule:

Regular Session
During the first twelve class days of the semester....100%*
After the twelfth class day of the semester...NONE

Summer Session
During the first four class days...100%*
After the fourth class day...NONE

* Registration and any applicable Schedule Change Fees are non-refundable even if one is due a refund.

The federal law requires that the college refund unearned tuition and fees to all first-time students receiving financial aid who have not completed 60% of the enrollment period for which they have been charged.

The calculated refund will be returned to the federal funds in the following order:
1. Federal Family Educational Loan Programs
2. Federal Direct Loan Programs
3. Federal Pell Grant Program
4. Federal SEOG Program
5. Other Title IV programs
6. Student

For additional information about this pro-rata refund, contact the Financial Aid Office.

The first “class day” is to be counted as the officially published date when the semester begins. The first “class day” means the first day ALL classes begin for the semester, not the first day a student’s class is scheduled to meet. No refunds are issued after the last class day of each semester.

Separate refund schedules may be established for optional fees such as intercollegiate athletics, cultural entertainment, parking, etc.

Tuition and fees paid directly to the institution by a sponsor, donor or scholarship shall be refunded to the source rather than directly to the student.

(3) A student dropping a portion of his or her class load after the twelfth class day of a fall or spring semester (fourth class day of a summer session) is not entitled to a refund unless approved by the Refund Petitions Committee.

(a) Refund petitions, accompanied by an explanation of any existing circumstances, shall be submitted to the Refund Petitions Committee on the campus.

(b) If the petition is approved by the committee, the student shall be notified and shall receive a refund of tuition and fees according to the appropriate schedules in this policy.

(4) Requests for refunds will not be accepted after the end of the semester or summer session for which the refund is sought. Cash refunds are not issued. Refund checks are mailed to the student at the address on file in the Admissions/Registrar's Office.

(5) Mandatory fees shall include, but not be limited to, registration fee, student activity fees, laboratory fees, private lesson fees and physical education activity fees.

(6) Flexible entry courses are to be handled as regular semester-length courses. The refund schedule will be prorated accordingly.

(7) Refund checks normally require a minimum of one month from date of approval for processing.

(8) The college academic calendar and the class schedule shall specify the last day for withdrawal with refund.

Returned Checks

Checks returned to the Business Office must be paid with cash or a cashier's check within the time limits prescribed by the notification letter. An additional fee is added for returned checks. If a check for tuition is returned by the bank for any reason, including stop payment, the College Business Office may submit the check to the Justice of the Peace for appropriate legal action and collection. The Vice President of Student Development may also implement disciplinary procedures. Students may be dropped from courses due to returned checks.
Assessment and Advisement Procedures

Assessment is the process of evaluating readiness for certain college courses and the probabilities for success in those courses. The College has an assessment and advisement program for entering students which is a required part of the enrollment process.

The assessment program includes the completion of a questionnaire which documents information on career and work plans, previous academic achievement and other relevant information. Assessment also includes an examination of individual skill levels in reading, writing and mathematics. Information on skills may come from ACT, SAT, previous college-level work or from scores on the standardized tests administered free of charge by the College. Students who have taken TASP also need their TASP scores.

Because of the importance of such information, students should have official copies of ACT, SAT or TASP scores and transcripts mailed to the Admissions Office or bring them personally at the time of application. It is the responsibility of the student to have these available at the time of enrollment.

The assessment program provides information needed in advisement. Academic advisement sessions provide a framework for informed decision-making on the part of students and advisors. Information on a student’s skills, abilities, career plans, educational background, life experiences and motivation is important in helping the student and advisor make selections from the many educational options available. However, the College reserves the right to insist students enroll in the appropriate remediation should assessment results indicate a need for the improvement of skills in reading, writing and/or mathematics.

Details of assessment and advisement procedures are available through the College Counseling/Advisement Center, International Center or in the “Schedule of Classes” each semester.

Students who did not have at least 3 college-level credit hours prior to the 1989 Fall Semester must take the TASP (Texas Academic Skills Program) test either prior to, or during, their semester of enrollment in their 9th college-level credit hour. Such students must report TASP scores prior to their next semester of enrollment. Should students fail either the reading, writing or mathematics section of TASP, they will be required, as mandated by Texas state law, to participate in the appropriate remediation continuously until the failed section is passed.

Change Of Schedule

Students should be careful in registering to schedule courses only for the days and hours they can attend. Students requesting class changes should contact the Registrar’s Office during the time specified in the current class schedule. A schedule change fee will be charged for any form of “drop” from a class, except in the case of classes canceled by the college. No change is complete until it has been processed by the Registrar’s Office.

Non-Credit Student (Audit)

A person who meets the admission requirements of the District may, with the consent of the division chairperson and instructor, enroll in a credit course as a non-credit student. A non-credit student may attend class, but may not receive a final grade nor credit for a course. An instructor may give an examination if he or she determines the examination is an essential component of the learning process. The fee in a credit course is the same for a non-credit student as for a credit student, except that a student service fee may not be charged.

Acceptance of Credit In Transfer

Credit for courses in which a passing grade (D or better) has been earned may be transferred to the College from colleges and universities accredited through one of the following associations:

- Middle States Association of College and Schools/Commission on Higher Education
- New England Association of Schools and Colleges
- North Central Association of Colleges and Schools
- Northwest Association of Colleges and Schools
- Southern Association of Colleges and Schools/Commission on Colleges
- Western Associations of Schools and Colleges/Accrediting Commission for Senior Colleges
- Western Association of Schools and Colleges/Accrediting Commission for Community and Junior Colleges

It is the policy of the College not to transfer credits received from any United States institution not so accredited except where signed agreements between the college and other institutions exist. However, students who have gained proficiency through completion of coursework from non-accredited institutions may receive college credit through credit-by-examination/credit by experience.

Course-by-course evaluation will be completed by the registrar or other appropriate college personnel as needed for degree or program planning. Individual courses transferred will not be posted to the college’s student record. Official transcripts from all higher education institutions must be on file in the Registrar’s Office.
Students are referred to the section found elsewhere in this catalog entitled "Academic Forgiveness Policy."

Credits earned through other education programs, such as credit-by-examination, military experience, the U.S. Armed Forces Institute, are reviewed by the Registrar and credit is granted, if applicable.

Official transcripts from all higher education institutions and a request for a degree plan evaluation must be on file before the evaluation can be accomplished in the Registrar's Office. Any questions concerning the validity of the document(s) will result in the need to have an official transcript(s) sent directly from the other institution(s) to the Registrar's Office. Transfer students admitted with a grade point deficiency cannot graduate until the deficiency is cleared by earning additional grade points.

**Address Changes And Social Security Number**

Each student has the responsibility to inform the Registrar's Office of changes in name or address. Each applicant for admission is asked to furnish a Social Security number. This number doubles as a student identification number and insures accuracy of student records. If a student does not have a Social Security number, or does not choose to use the Social Security number, the College will assign a student identification number.

**TASP (Texas Academic Skills Program) Test**

The Texas Academic Skills Program (TASP) is required by state law to insure that students enrolled in Texas public colleges possess the academic skills needed to perform effectively in college-level coursework. TASP includes a testing component designed to identify and provide diagnostic information about the reading, mathematics and writing skills of students.

Students who entered the DCCCD Fall, 1989, or thereafter, must take the TASP test prior to accumulating, or during the semester of enrollment in, 9 hours of college credit, and must report TASP scores prior to their next DCCCD enrollment. Students who have had at least 3 hours of college-level credit prior to Fall, 1989 are exempt from the TASP requirement. Students enrolled in certain DCCCD Certificate programs may be waived from the TASP requirement.

Deaf and blind students are TASP-exempt, as are students whose composite Enhanced ACT is 29 or higher with individual math and English scores of at least 27; or whose SAT composite score is at least 1200 with Verbal and Math scores each of at least 550; or with TAAS scores of at least 1800 on each of the three sections. (ACT/SAT scores must have been taken within the last five (5) years; TAAS scores must have been within the last three (3) years and are valid for TASP exemption ONLY if testing occurred in grades 10, 11 or 12.)

Students transferring with hours earned at other Texas public institutions must take TASP before or during the semester in which they earn nine (9) college-level hours; in other words, the hours earned at other Texas public institutions are used to compute the nine hours. Students transferring from private, out-of-state institutions must take TASP before or during the semester in which they have earned nine college-level hours in a Texas public college/university; in other words, while public hours count toward the nine hours, private/out-of-state hours do not count toward this limit.

Students who earned between nine and 14 college-level hours in the DCCCD between Fall, 1989 and Summer II, 1993 AND who have not attended a Texas public college since that time must take TASP during their next semester of enrollment in the DCCCD. While these students entered when state TASP rules allowed DCCCD students to take up to 15 college-level hours before they had to take TASP, these state regulations have been changed.

TASP scores may be utilized in place of the DCCCD Assessment Program, except in math. Students scoring below the state-determined level must continuously participate in appropriate remediation until such time as the TASP Test is passed. A student who wishes to withdraw from a mandated remediation course must drop all college-level courses. The successful completion of TASP may be a prerequisite to enrollment in some courses. In addition, course placement also may be based on the results of the DCCCD assessment.

DCCCD students must pass all sections of TASP prior to being awarded the Associate of Arts and Sciences Degree, the Associate of Arts and Sciences in Business Degree, the Associate of College/University Transfer or the Associate of Applied Science Degree. Students planning to transfer must pass all TASP sections before enrolling in upper division (junior or senior level) courses.

For more complete information on TASP, contact the Counseling Center; to obtain a copy of the TASP Registration Bulletin, contact the Testing/Appraisal Center. Students must preregister to take TASP. All test fees are to be paid by the student although financial aid may be available to offset the cost for eligible students.
IV. ACADEMIC INFORMATION

Scholastic Standards: Grades And Grade Point Average

Final grades are reported for each student for every course according to the following grading system.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Interpretation</th>
<th>Grade Point Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4 points</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>3 points</td>
</tr>
<tr>
<td>C</td>
<td>Average</td>
<td>2 points</td>
</tr>
<tr>
<td>D</td>
<td>Poor</td>
<td>1 point</td>
</tr>
<tr>
<td>F</td>
<td>Failing</td>
<td>0 points</td>
</tr>
<tr>
<td>I</td>
<td>Incomplete</td>
<td>Not Computed</td>
</tr>
<tr>
<td>WX</td>
<td>Progress; re-enrollment required</td>
<td>Not Computed</td>
</tr>
<tr>
<td>W</td>
<td>Withdrawn</td>
<td>Not Computed</td>
</tr>
<tr>
<td>CR</td>
<td>Credit</td>
<td>Not Computed</td>
</tr>
</tbody>
</table>

Grade points earned for each course are determined by multiplying the number of points for each grade by the number of credit hours the course carries. For example, a student who takes a three hour course and earns an "A" accumulates 12 grade points for that course. A student's grade point average is computed by adding the total grade point values for all courses and dividing by the number of credit hours attempted during the same period. For example, a student who takes the following courses and earns the following grades has a grade point average 2.93:

<table>
<thead>
<tr>
<th>Credit Hours</th>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>2-hour course</td>
<td>A</td>
<td>8</td>
</tr>
<tr>
<td>3-hour course</td>
<td>B</td>
<td>9</td>
</tr>
<tr>
<td>4-hour course</td>
<td>B</td>
<td>12</td>
</tr>
<tr>
<td>3-hour course</td>
<td>C</td>
<td>6</td>
</tr>
<tr>
<td>Total Credit Hours:</td>
<td>Total Grade Points:</td>
<td></td>
</tr>
<tr>
<td>12</td>
<td>35</td>
<td></td>
</tr>
</tbody>
</table>

\[
\frac{35}{12} = 2.93
\]

The student's transcript and grade reports will indicate two different GPA's. GPA.(1) is based upon all DCCCD courses in which the student received a performance grade of A-F. GPA.(1) is utilized to determine Suspension/Probation status, athletic participation eligibility, and financial aid eligibility. GPA.(2) is based upon grade points earned in all DCCCD courses with the exception of those courses numbered 099 and below, Art 199, College Learning Skills 100, Developmental Communications 120, Human Development 100 and 110, Library Skills 101, Music 199, and Theatre 199 in which a student received a performance grade of A-F. GPA. (2) is utilized to determine eligibility for graduation, honor rolls, and eligibility in Who's Who in American Junior Colleges. It is also the GPA which may be considered by four-year institutions when a student transfers.

For repeated courses, only the latest grade earned is included in cumulative grade point averages, even if the latest grade is lower than a preceding grade. However, transcripts do indicate all work attempted and completed in the District. When a student withdraws from a course being repeated, the cumulative grade point average is calculated by using the immediately preceding grade in the same course.

If a student believes an error has been made in determining a course grade, the instructor or appropriate division office should be contacted as soon as possible. Requests for grade changes will not be considered later than two years following the last day of the semester for which the grade was assigned.

An incomplete grade "I" may be given when an unforeseen emergency prevents a student from completing the work in a course. The "I" must be converted to a performance grade (A-F) within 90 days after the first day of classes in the subsequent regular semester. If the work is not completed after 90 days, the "I" is converted to a performance grade.

An Incomplete Contract is used to convert an incomplete grade to a performance grade and states the requirements for the satisfactory completion of the course. The Incomplete Contract must be agreed upon and signed by the instructor, the student and the division chairperson and submitted with the final grade report. When an Incomplete Contract must be submitted without the student’s signature, the instructor must include a statement indicating that the student is aware of and in agreement with the contract.

Students who do not complete course requirements may receive a "WX" grade when the instructor determines that reasonable progress has been made and when the student can reenroll for course completion prior to the certification date in the next regular semester. If the student does not complete the course requirements, the "WX" is converted to a performance grade.

Acceptable Scholastic Performance

College work is measured in terms of credit hours. The number of credit hours offered for each course is given with the course description.

Acceptable scholastic performance is the maintenance of a grade point average, based on GPA.(1), of 2.0 (on a 4.0 scale) or better. Students may not be graduated from any degree or certificate program unless they have a cumulative grade point average of 2.0, based on GPA.(2), or better. Grade points and hours earned in courses numbered 99 and below, Art 199, College Learning Skills 100, Developmental Communications 120, Human Development 100, Human Development 110, Library Skills 101, Music 199, and Theatre 199 cannot be used to meet graduation requirements.

Recommended Academic Load

The maximum academic load is 18 credit hours of course work per semester or five classes plus physical education. Students must receive permission of the appropriate college official to carry a heavier load. Employed students carrying a full load (12 credit hours or more)
should not work more than 20 hours per week. Students working more hours should reduce their academic load proportionately. The recommended load limit for day or evening students who are employed full-time is six credit hours. The recommended load limit in a six-week summer session is six credit hours. A total of 14 credits is the maximum that may be earned in any 12-week summer period.

Classification Of Students

Freshman:
A student who has completed fewer than 30 credit hours.

Sophomore:
A student who has completed 30 or more credit hours.

Part-time:
A student carrying fewer than 12 credit hours in a Fall or Spring semester.

Full-time:
A student carrying 12 or more credit hours in a Fall or Spring semester.

Class Attendance
Students are expected to attend regularly all classes in which they are enrolled. Students have the responsibility to attend class and to consult with the instructor when an absence occurs.

Instructors are responsible for describing attendance policies and procedures to all students enrolled in their classes. If a student is unable to complete a course (or courses) in which he/she is registered, it is the student's responsibility to withdraw from the course by the appropriate date. (The date is published in the academic calendar each year and in each semester's class schedule.) If the student does not withdraw, he/she will receive a performance grade, usually a grade of "F".

Students who are absent from class for the observance of a religious holiday may take an examination or complete an assignment scheduled for that day within a reasonable time after the absence if, not later than the 15th day of the semester, the student notified the instructor(s) that the student would be absent for a religious holiday. Sec. 51.911 Tx. Educ. Code.

Dropping A Course Or Withdrawing From College
To drop a class or withdraw from the College, students must obtain a drop or withdrawal form and follow the prescribed procedure. It is the student's responsibility to drop or withdraw. Failure to do so will result in receiving a performance grade, usually a grade of "F." Should circumstances prevent a student from appearing in person to withdraw from the College, the student may withdraw by mail by writing to the Registrar. A drop/withdrawal request by mail must be received in the Registrar's Office by the semester deadline. No drop or withdrawal requests are accepted by telephone. Students who drop a class or withdraw from the College before the semester deadline receive a "W" (Withdraw) in each class dropped. The deadline for receiving a "W" is indicated on the academic calendar and the current class schedule. See "Refund Policy" for possible eligibility for a refund.

Students who withdraw from a mandated remediation course as a result of TASP performance must also withdraw from all college-level courses.

Academic Recognition

Full-time students who complete at least 12 hours of college-level credit and earn a grade point average of 3.5-3.79 are listed on the Vice President's Honor Roll. Full-time students who complete at least 12 hours of college-level credit and average 3.8-4.0 are placed on the President's Honor Roll. Part-time students who take 6-11 college-level credit hours and maintain a 3.5 or higher grade point average are placed on the Academic Recognition List. GPA.(2) is utilized to determine honor roll inclusion.

Scholastic Probation, Scholastic Suspension and Academic Dismissal

Scholastic Probation
Students who have completed a total of nine(9) credit hours with a performance grade of A, B, C, D or F and who have a grade point average based on GPA (1) of less than 2.00 will be placed on Scholastic Probation. A student on Scholastic Probation who is ineligible to re-enroll at the College if a minimum 2.00 grade point average based on GPA (1) is earned in each semester or summer term.

If a student on scholastic probation fails to meet the above requirements in a given semester or summer term, the student will be placed on Scholastic Suspension and will not be allowed to register.

Scholastic Suspension
A student on Scholastic Probation who is ineligible to re-enroll shall be suspended from the college for not less than one long term.

After students have served their first suspension, they may continue to re-enroll with the completion of a semester/summer term GPA of 2.00 or greater. Should students not meet the required standards and be placed on continued Scholastic Suspension for a second time, they will be suspended for a period of 12 months. Prior to application for readmission, a student must present to the Admissions Committee a written explanation of how he/she plans to improve his/her academic standing. The student will be readmitted on continued Scholastic Probation, and may have his/her coursework and total hours limited.
Academic Dismissal

Students readmitted after having been on Scholastic Suspension a second time, and who subsequently fail to achieve a GPA (1) of 2.0 or higher, shall be placed on Academic Dismissal. After a 12-month period of Academic Dismissal, these students may be recommended for readmission only by the vice president of Student Development or designate.

Students are responsible for knowing if they have passed the minimum standards for continuing in the College.

Students who are on Academic Suspension or Academic Dismissal from other institutions are ineligible for admission to the College unless they have met the academic standards required of students at the college.

Grade Reports

A grade report is mailed to the address on record of enrollment to each student at the end of each semester. The grade report contains a listing of all credit courses attempted within the DCCCD, as well as information on academic standing. Interim grade reports are issued for other-than-semester length classes.

DCCCD Transcript of Credit

The DCCCD transcript of credit is a chronological listing of college credit courses attempted within the seven college system of the DCCCD. The transcript is official if the document is embossed with the college seal and imprinted with the signature of the Registrar. It includes both GPA(1) and GPA(2).

Upon written request of the student, the Registrar's Office will send an official transcript to the individual student or to any college or agency named. There is a minimum of two working days required for processing. A transcript will be released only if all obligations to the DCCCD have been settled.

The Electronic Transcript Network permits member colleges to send transcripts to one another through a computer network. Member colleges prefer to receive transcripts in this fashion rather than through the generation of an "official transcript."

Transfer credits from other institutions are not recorded on DCCCD transcripts. If a student desires a transcript of work completed at another institution, the student should secure it from that institution.

Degree Requirements

The College confers the Associate of Arts and Sciences Degree, the Associate of Arts and Sciences in Business Degree, the Associate of Applied Science Degree, the Associate of College/University Transfer Degree and certificates upon students who have completed all requirements for graduation. Each degree candidate must earn the last 25% of the hours for a degree (15 hours for a 60-hour degree, 18 hours for a 72-hour degree, etc.) as a resident student in the DCCCD, or accrue 45 hours in residence in the DCCCD. At least 25% of the credit hours required for graduation must be earned through instruction (not credit-by-examination) by the college granting the degree.

Students seeking certificates or associate degrees must submit official transcripts of all previous work attempted before a certificate or degree will be awarded. Failure to submit official transcripts directly from the institutions attended will result in the degree or certificate not being awarded.

The degree must be awarded by the college which offers the program in which the student majored. If two or more schools offer the program, the student is granted the degree where the majority of the hours were taken, but at least 25% of the credit hours required for graduation must be earned at the college granting the degree. Correspondence work must be approved by the Registrar for graduation credit.

Students entering the DCCCD Fall 1989, or thereafter, must successfully complete all sections of the TASP (Texas Academic Skills Program) Test before a degree can be awarded. See the TASP catalog section for additional information.

The Common Learning Curriculum

The Common Learning curriculum is composed of required courses and clusters of courses designed to advance the learning which is common to all candidates for a degree. Therefore, the courses students take toward a DCCCD degree are designed around a series of skills to be achieved in order to be a successful, contributing member of society. The courses required in DCCCD degrees should equip students to learn to live better with themselves, others and environments, as well as to learn to live as producers, consumers and as members within a community.

It is also expected that students will learn to live more creatively, become more proficient in understanding future trends and how those trends impact their own lives, and how to develop effective learning skills. While not each of the skills will be found in each and every course within a DCCCD degree, the faculty believe that by taking those courses required for a degree program, students will encounter many of the above-named skills.

The Core Curriculum consists of English 101, Speech Communication 101, and a math course numbered 100 or above. A grade of "C" or better in each of the three courses is required for graduation. Students are strongly advised to enroll in these courses in the first two semesters of study because skills necessary for success in other courses are taught in Core courses.

Common Learning course requirements beyond the Core are designed to help ensure that all graduates have general knowledge as well as the specific knowledge ordinarily associated with a major course of study or a technical program. Candidates for the Associate of Arts and Sciences Degree must take 34-36 hours in approved Common Learning courses beyond the Core. Candidates for the Associate of Applied Science must choose six to eight hours of course work from two of the following clusters: Laboratory Science, Behavioral/Social Science, Business, and Humanities.
Associate of Arts and Sciences Degree

This degree is primarily designed as the first two years of a four-year degree. Students desiring to transfer should seek this degree after consultation with the college counseling/advising center.

Students must have a minimum of 61 credit hours, a grade of "C" or better in each of the three Core courses (English 101, Speech Communication 101, and math course numbered 100 or above), a grade point average of at least "C" (2.0), based on GPA, and a passing score on all sections of TASP (if students who are not TASP exempt) to receive the Associate of Arts and Sciences Degree. These 61 hours may be earned at any district college and must include:

- English 101 (3 credit hours) [A CORE COURSE REQUIREMENT; A GRADE OF "C" OR BETTER MUST BE EARNED]
- Speech Communication 101 (3 credit hours) [A CORE COURSE REQUIREMENT; A GRADE OF "C" OR BETTER MUST BE EARNED]
- A math course numbered 100 or above (3 credit hours) [A CORE COURSE REQUIREMENT; A GRADE OF "C" OR BETTER MUST BE EARNED]
- English 102 (3 credit hours).
- A sophomore literature course (3 credit hours) to be chosen from English 201, 202, 203, 204, 205, 206, 215, or 216 (English 209 and English 210 do not meet the sophomore literature requirements.)
- Laboratory Science (8 credit hours) to be chosen from Astronomy, Biology, Chemistry, Geology, Physical Science, or Physics. (For Astronomy to meet this requirement, the student must successfully complete Astronomy 101 in combination with 103, and Astronomy 102 in combination with 104 OR successfully complete Astronomy 111-112.)
- Humanities (3 credit hours) to be chosen from: Art 104, a foreign language, Humanities 101, English 201, 202, 203, 204, 205, 206, 215 or 216, Music 104, Philosophy 101 OR Theatre 101.
- Physical Education activity course (1 credit hour) (NOTE: Neither chronological age nor military service are acceptable excuses for waiving the physical education requirement.)
- Behavioral Science (3 credit hours) to be chosen from Anthropology, Human Development, Psychology, or Sociology
- History 101 AND 102 (6 credit hours) (NOTE: Only three credit hours of History may be earned through credit-by-examination.)
- Government 201 AND 202 (6 credit hours) (NOTE: Only three credit hours of Government may be earned through credit-by-examination.)
- Business (3 credit hours) to be chosen from Business, Accounting, Management 136, Computer Information Systems, OR Economics. Cooperative Work Experience courses may not be used to meet Common Learning requirements
- Electives (16 - 18 credit hours)

A maximum of four physical education activity hours may be counted as credit toward requirements for graduation. The GPA for graduation is based on the credit earned for all DCCCD work and all credit which is transferred from other institutions. The following courses will not count toward graduation nor the GPA for graduation: Courses numbered 099 and below, Art 199, College Learning Skills 100, Developmental Communications 120, Human Development 100, Human Development 110, Music 199 and Theatre 199.

All students planning to transfer to a four-year institution may complete their four semester requirements in physical education during their freshman and sophomore years. Students are urged to consult the catalogs of the institutions to which they may transfer for their special requirements. These catalogs should be used by students and advisors in planning programs.

Associate of Arts and Sciences Degree with major in Business

This degree is available only at Brookhaven, Eastfield, El Centro, Mountain View, North Lake and Richland Colleges.

This degree is designed to meet the needs of students who plan to major in business but who are unsure about where they wish to transfer in order to complete a baccalaureate in a business field. This is a general plan and may or may not satisfy the requirements of a specific transfer university. Students planning to transfer to a four-year institution must consult that institution's catalog to
insure selected courses will both transfer and apply toward the intended major. Once students have decided on the specific four-year institution to which they plan to transfer and a specific major within business, they are strongly encouraged to utilize the transfer degree plan which is customized to meet specific requirements of the selected four-year institution. Such students may also wish to take advantage of the DCCCD Transfer Guarantee Program. Transfer information materials are available in the Counseling/Advisement Center.

Students must have a minimum of 61 credit hours, a grade of "C" or better in each of the three core courses (English 101, Speech Communications 101 and Math 111), a grade average of at least "C" (2.0) based on GPA (2) and a passing score on all sections of TASP (if students are not TASP exempt) to receive this degree. These 61 hours must include:

- English 101 (3 credit hours) [A CORE COURSE REQUIREMENT; A GRADE OF "C" OR BETTER MUST BE EARNED]
- Speech Communication 101 (3 credit hours) [A CORE COURSE REQUIREMENT; A GRADE OF "C" OR BETTER MUST BE EARNED]
- Math 111 (3 credit hours) [A CORE COURSE REQUIREMENT; A GRADE OF "C" OR BETTER MUST BE EARNED]
- English 102 (3 credit hours)
- A sophomore literature course (3 credit hours) to be chosen from English 201, 202, 203, 204, 205 or 206
- Laboratory Science (8 credit hours) to be chosen from: Biology 101 and 102, Biology 115 and 116, Chemistry 101 and 102; Astronomy 111 and 112, Geology 101 and 102, Physics 111 and 112, Physics 117 and 118, Physics 201 and 202, or Physical Science 118 and 119
- Humanities (3 credit hours) to be chosen from: Art 104, a foreign language, Humanities 101, Sophomore Literature (select from English 201, 202, 203, 204, 205 or 206), Music 104, Philosophy 101 or Theatre 101
- Physical Education activity course (1 credit hour) (NOTE: Neither chronological age nor military service are acceptable excuses for waiving the physical education requirement.)
- History 101 and 102 (6 credit hours) (NOTE: Only three credit hours of history may be earned through credit-by-exam.)
- Government 201 and 202 (6 credit hours) (NOTE: Only three credit hours of Government may be earned through credit-by-exam.)
- Core Business courses (19 credit hours) Students must complete Accounting 201 and 202, Economics 201 and 202, Computer Information Systems 101 and Math 112.
- Electives (3 credit hours) Electives should be chosen to satisfy transfer requirements with an emphasis on business courses. Students should consult with an advisor for the appropriate course selection to meet the requirements of the four-year institution and major field of study.

A maximum of four physical education activity hours may be counted as credit toward requirements for graduation. The GPA for graduation is based on the credit earned for all DCCCD work and all credit which is transferred from other institutions. The following courses will not count toward graduation nor the GPA for graduation: Courses numbered 099 and below, Art 199, College Learning Skills 100, Developmental Communications 120, Human Development 100, Human Development 110, Music 199 and Theatre 199.

All students planning to transfer to a four-year institution may complete their four semester requirements in physical education during their freshman and sophomore years. Students are urged to consult the catalogs of the institutions to which they may transfer for their special requirements. These catalogs should be used by students and advisors in planning programs.

**Associate of College/University Transfer Degree**

A student may earn an Associate of College/University Transfer through an individually-negotiated degree plan that incorporates those elements of the DCCCD Associate of Arts and Sciences Degree that fall within the student's transfer plan developed under the Student Transfer Guarantee program. Students must have a minimum of 61 credit hours, a grade of "C" or better in English 101 and in a 100 or higher math course, a grade point average of at least "C" (2.0), based on GPA, (2), and a passing score on all sections of TASP (if students are not TASP exempt) to receive this degree. These 61 hours may be earned at any District college and must include:

- History 101 and 102 (6 credit hours) (NOTE: Only three credit hours of history may be earned through credit-by-examination)
• Government 201 and 202 (6 credit hours) (NOTE: Only three credit hours of government may be earned through credit-by-examination)
• English 101 (3 credit hours with a grade of "C" or better)
• A math course numbered 100 or above (3 credit hours with a grade of "C" or better if math is included in the degree plan. If more than one math course is required, a grade of "C" or better must be earned in at least one math course.)
• A speech course (3 credit hours with a grade of "C" or better, if a speech course is required)

The remaining hours will be comprised of courses equivalent to those designated by the student's selected transfer institution as being applicable to the baccalaureate degree being sought. In no case will DCCCD course prerequisites be waived. Students who qualify for an Associate of Arts and Sciences will be granted that degree rather than the Associate of College/University Transfer.

Students wishing to pursue this degree should make an appointment with the Transfer Degree Counselor/Advisor on the campus to ensure their eligibility for this degree and that all the required steps are fulfilled.

Students who qualify for the Associate of Arts and Sciences degree are not eligible for the Associate of College/University Transfer degree.

**Associate of Applied Science Degree**

This degree is designed to teach specific career/technical skills. The requirements for each major in the Associate of Applied Science Degree are clearly shown in the curriculum patterns elsewhere in this catalog. Students seeking such a degree should become familiar with the specific required courses in the appropriate curriculum pattern.

Students must have a minimum of 60 credit hours, a grade of "C" or better in each of the three Core courses (English 101 OR Communications 131, Speech Communication 101, AND in the math course required in the specific degree plan), a grade point average of at least "C" (2.0), based on GPA(2), and a passing score on all sections of TASP (if students are not TASP exempt) to receive the Associate of Applied Science Degree. These 60 hours must include 18 hours of the following general education requirements:

- English 101 OR Communications 131 (3 credit hours) [A CORE COURSE REQUIREMENT; A GRADE OF "C" OR BETTER MUST BE EARNED]
- Speech Communication 101 (3 credit hours) [A CORE COURSE REQUIREMENT; A GRADE OF "C" OR BETTER MUST BE EARNED]
- A math course as required in the specific degree plan (3 credit hours) [A CORE COURSE REQUIREMENT; A GRADE OF "C" OR BETTER MUST BE EARNED]
- Three credit hours from a Social/Behavioral Science course: Anthropology, Government, History, Human Development, Psychology, OR Sociology
- Three hours from a Humanities/Fine Arts course: This includes any course with the title of Humanities, Art, Music, Philosophy, Dance, Theatre, Religion, Foreign Language, English 201, English 202, English 203, English 204, English 205, English 206, English 215, OR English 216
- Three credit hours of an elective course chosen from a discipline outside the student's area of specialization.

Elsewhere in this catalog can be found specific degree plans for each technical/occupational program.

For some programs, more than 60 credit hours are required. All prescribed requirements for the specific technical/occupational program in which the student is enrolled must be completed. These programs may also have other criteria in addition to degree requirements. See the Technical/Occupational Programs section of the catalog for a more detailed explanation. A maximum of four physical education activity hours may be counted as credit toward graduation. The GPA for an Associate of Applied Science Degree is based only on the hours used to meet degree requirements. The following courses will not count toward graduation nor the GPA for graduation: Courses numbered 099 and below, Art 199, College Learning Skills 100, Development Communications 120, Human Development 100, Human Development 110, Music 199, and Theatre 199.

**Tech-Prep**

Tech-Prep programs provide high quality, rigorous technical preparation based on a common core of academic courses that meet Texas recommended proficiencies in English, mathematics, science and social studies. Tech-Prep students are provided with options leading to advanced training in four technical clusters: business/computer sciences, engineering technology, health and human services. DCCCD offers an associate degree and certificates as well as college transfer opportunities based on agreements among area secondary programs as well as 4-year colleges and universities which benefit Tech-Prep students. After successfully completing the required high school courses outlined in a Tech-Prep program, Tech-Prep students may receive college credit toward graduation in certain college programs. Tech-Prep students
Guarantee For Job Competency

The DCCC makes certain guarantees to its students who earn its Associate of Applied Science degree. If an Associate of Applied Science graduate is judged by his/her employer to be lacking in technical job skills identified as exit competencies for his/her specific degree program, the guarantee will be provided upon to nine tuition-free hours of additional skill training by a District college under the conditions of the guarantee policy.

Special conditions which apply to the guarantee are as follows:

1. The graduate must have earned the Associate of Applied Science Degree beginning May, 1992 or thereafter in an occupational program identified in the college catalog.
2. The graduate must have completed this degree at the District (with a majority of the credits being earned at the District) and must have completed the degree within a four-year time span.
3. Graduates must be employed full-time in an area directly related to the area of program concentration as certified by the Vice President of Instruction.
4. Employment must commence within 12 months of graduation.
5. The employer must certify in writing that the employee is lacking entry-level skills identified by the DCCC as the employee's program competencies and must specify the areas of deficiency within 90 days of the employee's initial employment.
6. The employer, graduate, division dean, job placement counselor, and appropriate faculty member will develop a written educational plan for retraining.
7. Retraining will be limited to nine credit hours related to the identified skill deficiency and to those classes regularly scheduled during the period covered by the retraining plan.
8. All retraining must be completed within a calendar year from the time the educational plan is agreed upon.
9. The graduate and/or employer is responsible for the cost of books, insurance, uniforms, fees and other course-related expenses.
10. The guarantee does not imply that the graduate will pass any licensing or qualifying examination for a particular career.
11. Students sole remedy against District and its employees for skill deficiencies shall be limited to nine credit hours of tuition-free education under conditions described above.
12. The program can be initiated through written contact with the office of the college president.

Certificate Programs

The requirements for certificates are detailed under specific programs in the Technical/Occupational Programs section of this catalog. A "C" (2.0) grade point average, based on GPA. (2), is required. The GPA for a certificate is based only on the hours used to meet certificate requirements. The following courses will not count toward graduation nor the GPA, for graduation: Courses numbered 099 and below, Art 199, College Learning Skills 100, Development Communications 120, Human Development 100, Human Development 110, Music 199, and Theatre 199. Students working toward a certificate may be waived from the TASP requirement; the student may enroll only in courses leading toward the certificate in order to maintain their TASP Waved status.

Procedure For Filing Degree And Certificate Plans And For Graduation

Students should request a degree plan from the Registrar's Office at the end of their freshman year. Official transcripts of all previous college work must be on file at the time of request for degree plans. Students following a one-year certificate program should request an official plan during the first semester of their enrollment. Application for the granting of the degree or certificate should be filed in the Registrar's Office prior to the deadline announced by the Registrar.

An annual graduation ceremony is held at the conclusion of the spring semester. Participation is ceremonial only and confers on a student no rights to a degree. December graduates may participate in the next commencement if they desire and July and August graduates may participate in the spring commencement if they desire, but neither is required to do so. The Registrar's Office should be notified if the student wishes to participate. Instructions for graduation are mailed to all candidates prior to commencement.

In addition to other graduation requirements, students are expected to complete within five (5) years the course and hour degree requirements as outlined in the catalog in effect at the time of their entrance to a DCCC college. Students may have the option to select a more recent catalog year in which they were enrolled, provided the degree requirements are met within five (5) years of the catalog selected and the requisite courses are still offered.

The college reserves the right to modify curricula or to make changes as appropriate.

The student has the ultimate responsibility to select and register for courses meeting graduation requirements.

Waiving Of Scholastic Deficiency

Any student in an academic transfer program may transfer to Applied Science degree or Certificate program. In such a case, the student may choose to have any grades below "C" disregarded. However, the procedure for disregarding low grades may only be exercised while the student is in that career program. If the student changes to an academic transfer program, the original conditions of

should check with the College vice president of Instruction for specific information.
the academic transfer program must be followed, including the calculation of a cumulative grade point average of all college credits earned. The procedure for waiving scholastic deficiency applies both to students of this college and to students transferring from other institutions. The student who wishes to use the procedure for waiving scholastic deficiency should so state in writing to the Registrar prior to registration and should inform a counselor of such intentions during the pre-registration advisement session.

V. EDUCATIONAL AND SPECIAL OPPORTUNITIES FOR STUDENTS WISHING TO TRANSFER

Academic Transfer Programs
The Dallas County Community College District offers a broad range of educational opportunities for the student whose goal is to transfer to a four-year institution. In addition to offering a strong, creative foundation for the freshman and sophomore years, the academic transfer curriculum is coordinated with a number of Texas four-year institutions to insure the transfer of credits. Although each four-year school is different, students may guarantee transferability of their courses by being active and responsible in the advisement process. By consulting the four-year institution regularly and taking advantage of the resources available at each of the DCCCD colleges, students may insure that the transfer process is a positive experience.

The Texas Education Code Section 61.078 enacted by the 71st Texas Legislature (SB 457) provides a means to aid students in resolving disputes regarding the transfer of course credits. To qualify as a dispute the course(s) in question must be listed in the Community College General Academic Course Guide Manual and be offered at the receiving institution. The sending institution, or the student working through the senior institution, must initiate the dispute. From the date a student is notified of the denial of credit, the law allows a maximum of 45 calendar days for the resolution of the dispute by the sending and receiving institutions.

In order to challenge the denial of credit, a "Transfer Dispute Resolution" form, available through the District Office of Student and International Programs (telephone 214-746-2410) must be completed within 15 days after the student has been notified of the denial of credit. This form is sent to the receiving institution.

The receiving institution must then inform the student, the sending institution and the State Commissioner of Higher Education of the resolution. If need be, the Commissioner, or designate, may be called upon to resolve the dispute.

Earning An Associate Degree Prior To Transferring
During the time of attendance in the DCCCD, students may elect to earn a two year associate degree. The Associate of Arts and Sciences Degree is designed specifically for those students who plan to transfer to a Texas four-year institution. The Associate of Arts and Sciences Degree requires students to complete many of the core courses that will also be required by most senior institutions. The flexibility of this degree program also allows students to complete many of the introductory courses specifically related to their major field of study. Additional information regarding this degree can be found elsewhere in this catalog or from a counselor or advisor.

The Associate of College/University Transfer is an individually negotiated degree designed to permit students to take only those courses which will apply toward a specific major at a specific university. Additional information about this degree can be found elsewhere in this catalog.

Transfer Dispute Resolution
The Texas Higher Education Coordinating Board intends that approved academic coursework transfer between Texas public institutions, providing that the course(s) are within approved transfer curriculum of the declared major field and provided that published transfer policies are met. Texas public institutions are required to notify students if approved academic coursework earned at another institution will not transfer.

Students transferring to the College can expect that approved academic courses earned at any Texas public institution will be accepted in transfer. Students who dispute a transfer decision made by the College should contact the District Office of Student and International Programs to appeal the denial of transfer credit for any approved academic course.

If an academic course is not accepted in transfer by another Texas public college or university, students can request that the College submit a Transfer Dispute Form to the receiving institution. Forms are available through the District Office of Student and International Programs. The form must be completed within 15 days from the date the student is notified of the non-transfer. If the College cannot identify an appropriate reason for the course not transferring, the form will be forwarded to the receiving institution and/or to the Coordinating Board for resolution.
Choosing A Major And Developing An Educational Plan

Some students will enter college with a clear idea of what major they will choose and to which senior institution they will transfer. However, the fact is that many students do not know where they will transfer or what their major may be.

There are several freshman level core courses that will apply toward most majors. Students are encouraged to use the first semester to investigate their own interests. By the second or third semester, students should begin to develop a clear sense of which senior institution they will enter and the requirements for their chosen degree program. Working closely with a counselor or advisor, and utilizing current information from four-year institutions, students who plan to transfer are encouraged to follow the Associate in Arts and Sciences Degree plan as many of the required courses are often required at four-year institutions.

The Counseling personnel at each of the DCCCD campuses can provide assistance in developing a degree plan for almost any major. Listed below are some of the four-year majors students can begin in the DCCCD:

- Accounting
- Advertising
- Agriculture
- American Studies
- Anthropology
- Architecture
- Art
- Biological Science
- Botany
- Business Administration
- Chemistry
- City/Regional Planning
- Computer Science
- Dance
- Dental Hygiene
- Dentistry
- Dietetics
- Drama
- Economics
- Engineering
- English
- Entomology
- Finance
- Fine Arts
- Foreign Languages
- Forestry
- Geography
- Geology
- Health Sciences
- History
- Home Economics
- Industrial Arts
- Interior Design
- Journalism
- Law
- Legal Science
- Liberal Arts
- Life Sciences
- Management
- Marine Biology
- Marketing
- Mathematics
- Medical Technology
- *Medicine
- Meteorology
- Microbiology
- Music
- Music Education
- Nursing
- Occupational Therapy
- Oceanography
- Optometry
- Pharmacy
- Philosophy
- Photojournalism
- Physical Education
- Physical Science
- Physical Therapy
- Physics
- Political Science
- Psychology
- Public Relations
- Radio/TV/Film
- Recreation
- Social Work
- Sociology
- Speech Communication
- Speech Pathology
- Substance Abuse Counseling
- Teacher Preparation
- Telecommunications
- Theatre
- *Veterinary Medicine
- Wildlife Management
- Zoology
- * These fields require study beyond the bachelor's degree.

College Resources For Transfer Students

Each of the DCCCD colleges offers many resources designed specifically for those students planning to transfer to a four-year institution. Students are encouraged to take advantage of these resources early in their collegiate experience, particularly if they are undecided upon a major or have not selected a senior institution. Many of the resources can assist students in making informed decisions when selecting courses, choosing a transfer institution, and completing all of the necessary steps in the transfer process.

The Counseling Center

Students are invited to utilize the valuable resources found in the Counseling Center, and are encouraged to seek the advice of a counselor/advisor when planning each semester of study.

The Counseling Center has several resources to assist students, including a large collection of senior institution catalogs and bulletins, senior college admission application forms, and other specialized brochures and information. Students can also take advantage of several computer resources, such as DISCOVER, GIS, and SIGI. These simple computer programs are designed to help students clarify goals, identify career and occupational interests, and research information about senior institutions.

In addition, there are many activities planned especially for transfer students. These activities include College Days where officials from senior institutions visit on-campus to talk directly with students, special transfer workshops and seminars, and events designed to assist students in making career decisions.

A number of other materials are available to aid students who plan to transfer. These materials are outlined below:

Course Selection Guides

Course Selection Guides offer a listing, in DCCCD course numbers, of courses necessary for a number of majors at many institutions throughout Texas. Course Selection Guides may be available for the following majors:

- Accounting
- Advertising Art
- Aerospace Engineering
- Agriculture
- Architecture
- Art
Although the information on these guides has been reviewed by officials at the various senior institutions, the content is subject to change, and it is the responsibility of the student to verify with the institutions of their choice the applicability of this information. Counselors and academic advisors can also assist students with preparation for majors other than those listed above.

**Equivalency Guides**

Equivalency Guides offer a listing of how every course offered in the DCCCD transfers to a given senior institution. This information is helpful for those students who have selected a senior institution, but have yet to determine a major. Students should note that the transfer equivalencies shown on these guides offer information on how, or if, courses are generally accepted by the senior institution, and do not indicate how these courses will apply toward a particular major or degree program. A counselor/advisor can assist students in determining the applicability of courses to a particular major.

**Common Course Numbering System**

To help meet the transfer needs of its students, the Dallas County Community College District has joined the Texas Common Course Numbering System Consortium. At the time of this printing, all Texas community/junior colleges had moved, or will be moving, to this system. Most universities are cooperating with this new numbering system indicating courses equivalent to the common course system.

Institutions teach courses similar in nature and these courses have been designated by a common number. The common number is to facilitate the transfer of these courses between and among the participating institutions. Elsewhere in this catalog can be found course descriptions for every course offered in the DCCCD. If a course has been assigned a common course number, it can be found in parenthesis. For example, the common course number for our English 101 course will be shown as "(ENGL 1301)," and our Math 101 as "(MATH 1314)." Students should not assume that only courses with common course numbers will transfer.

**Choosing A Catalog Year**

Students who plan to transfer to a four-year school have a choice to make regarding their requirements for graduation. They may choose the catalog year under which they wish to graduate. This choice is subject to restrictions that are outlined in the four-year school's catalog. Students should consult the catalog of their choice to learn about any such limitations.

Transferring students should keep a copy of the DCCCD catalog, the four-year institution's catalog, and the Course Selection Guide valid at the time of initial enrollment in the DCCCD and at the time when a major was selected. DCCCD course syllabi should also be kept.

**Other Things To Consider**

During the time of study in the DCCCD, students should begin to determine the necessary steps for completing the transfer admission process. The process may require a great amount of preparation, and students should be certain that they understand all of the requirements for admission, such as application deadlines, minimum grade point average requirements, limitation on the number of credit hours that are acceptable in transfer, policies regarding acceptance of repeated courses, housing information, and financial aid application procedures. Of equal importance is a personal visit to the chosen institution. Many senior institutions plan special activities and campus visitation periods where students can meet with representatives from all areas of the institution.
**VI. OTHER EDUCATIONAL PROGRAMS**

**Technical/Occupational Programs**

Students who desire to enter a chosen field as a skilled employee after one or two years of college work may enroll in one of the many technical/occupational programs offered by the College.

Technical/occupational courses are accredited college courses which lead to a Certificate of Completion or an Associate of Applied Science Degree. These programs are established only after studies verify that employment opportunities exist in business and industry.

The College attempts to match the community’s labor requirements with the ambitions and goals of its students. This realistic approach to occupational education is made possible by the excellent cooperation of local industry, business, and public agencies who increasingly depend on District colleges to supply skilled personnel.

A continuous liaison is maintained with prospective employers to help place graduates and to keep the training programs current with job requirements. Recommendations for adding new programs to the College offerings are made periodically and are based on community studies which identify additional needs.

Many technical/occupational courses can be offered on company sites for their employees.

**Credit By Examination**

Students who believe they already meet the requirements of a course by experience or previous training may request credit by examination. The Registrar’s Office has knowledge of courses available through this method. The examination may be an approved subject examination (not a general examination) of the College Level Examination Program (CLEP), Advanced Placement Exams (CEEB), Defense Activity for Nontraditional Education Support (DANTES) or a teacher-made test, depending on the course. Students should insure DCCCD acceptance of specific national exams prior to taking them.

The student pays an examination fee for each course examination. This fee must be paid prior to taking the examination and is not refundable. The College’s credit by examination program is coordinated with similar programs of four-year institutions. Final acceptance of credit by examination for specific degree purposes is determined by the degree-granting institution. Students planning to use credit by examination to meet degree requirements at other institutions should check the requirements of the receiving institution.

Students must be currently enrolled at a DCCCD college to receive credit by examination. Students may not request credit by examination in courses for which they are currently enrolled. Students may earn as many credits through examination as their ability permits and needs require, but the last 25% of the credit hours required for graduation in any degree or certificate program may not be earned through credit by examination except as approved by the Vice President of Instruction.

---

**Guarantee For Transfer Credit**

The DCCCD guarantees to its Associate of Arts and Sciences graduates and other students who have met the requirements of a 60-credit-hour transfer plan the transferability of course credits to those Texas colleges or universities which cooperate in the development of DCCCD Course Selection Guides. If such courses are rejected by the college or the university, the student may take tuition-free alternate courses at a District college which are acceptable to the college or university. In addition, students may receive the Associate of College/University Transfer upon the completion of 61 credit hours which are included in the Student Transfer Guarantee.

Special Conditions which apply to the guarantee are as follows:

1. Transferability means the acceptance of credits toward a specific major and degree. Courses must be identified by the receiving university as transferable and applicable in Course Selection Guides dated 1991-92 or later;

2. Limitations of total number of credits accepted in transfer, grades required, relevant grade point average and duration of transferability apply as stated in the catalog of the receiving institution; and

3. The guarantee applies to courses included in a written transfer plan—which includes the institution to which the student will transfer, the baccalaureate major and degree sought, and the date such a decision was made—which must be filed with the appropriate DCCCD college.

This guarantee is designed specifically for those DCCCD students who have made firm decisions about their major and the institution to which they planned to transfer. The DCCCD is working with a number of Texas institutions, such as the University of North Texas, East Texas State University, the University of Texas at Arlington, the University of Texas at Dallas, Texas Woman's University, Texas Tech, Dallas Baptist University, Baylor University, Southern Methodist University and others, in order to make such guarantees possible. In order to secure such a guarantee, students should begin the process in their college Counseling/Advisement Center by scheduling an appointment with the Transfer Guarantee advisor.

Students who have completed a Transfer Guarantee may be eligible to receive the Associate of College/University Transfer Degree. Such students will be notified of this opportunity.
Credit by examination may be attempted only one time in any given course, and a minimum score must be earned in order for credit to be recorded. A student may use credit by examination for only three (3) credit hours to apply toward the degree requirements in history and only three (3) credit hours to apply toward the degree requirements in government.

As of the publication date of this catalog, the following national tests are approved for credit-by-examination procedures:

**CLEP Subject Exams (CLEP General Exams are NOT approved)**

Students taking advantage of these tests should check with the Office of the Registrar to ensure these tests will be accepted in lieu of coursework. This should be done prior to taking the test as the above list may change.

**Non-Traditional Learning**

The College is committed to serve students and the community in the most effective manner possible while maintaining high standards of education. Students learn in a variety of ways and through a multitude of experiences. Therefore, the College will evaluate these learning experiences and grant equivalent college credit applicable to an Associate of Applied Science degree or certificate program. The following guidelines pertain to such evaluations:

1. The student must be currently enrolled in the college to receive equivalent credit for non-traditional learning.
2. Credit for specific courses offered by the college may be granted for non-traditional learning experiences after proper assessment of those experiences. Credit will be awarded on a course by course basis only. The student must be enrolled in the college which is assessing the learning experiences.
3. A student is required to complete at least 12 semester hours of course work with the District, six of which are in the student's major occupational area, prior to awarding of equivalent credits for non-traditional activities. The "CR" grade is awarded for non-traditional course work accepted for credit.

4. Credit may be granted for occupational courses approved by the Coordinating Board of Colleges and Universities.

5. The number of equivalent credits awarded may not exceed 25% of the total number of credits required. The number of equivalent credits awarded may not exceed the total number of credits required for the student's specific associate degree objectives. No graduation, residency, degree or program requirements will be waived as a result of credits earned as provided by this policy.

Students desiring to take advantage of this opportunity should consult with the College Advocate for Non-Traditional Learning for additional information. Students making application for assessment of prior learning through life experiences are required to enroll in Human Development 110 to facilitate the process.

Flexible Entry Courses

In keeping with its commitment to meet individual educational needs, the College makes available flexible entry courses. These courses are often self paced, allowing students to work at their own speed. Students are cautioned to be aware of the time specified by the College as to when the course requirements need to be completed. Students may register for flexible entry courses during the pre-semester registration periods or at regular times during the semester. Students should check with the Registrar to determine times for registration in these courses. Approval must be obtained for enrollment.

Distance Learning Courses

Telecourses

Students have the option of taking a variety of credit courses through the TELECOURSE program of learning. Telecourses require viewing a series of video programs, along with studying a textbook, completing specific assignments and taking course tests. In addition, students use a course Study Guide, which provides detailed directions for reading and viewing lessons. At a required orientation at the beginning of the course, students meet with the telecourse instructor who is available by telephone or in person throughout the semester. Course testing is done through the campus testing center. Telecourses are equivalent to the on-campus sections of the same courses in terms of objective, content, rigor and transferability.

Most telecourses are shown on open broadcast through KDTN-TV2 and on local cable system channels, as well as being available for viewing on campus. A few courses are offered as video cassettes for lease through the colleges' bookstores. Telecourses may be taken in conjunction with on-campus classes and students enroll for telecourses through the normal registration processes. Successful TELECOURSE students are goal oriented and self directed, know how to learn independently and have prerequisite skills such as a college reading level. Telecourse offerings are listed in the credit class schedules published by all DCCCD colleges each semester and subject matter includes:

<table>
<thead>
<tr>
<th>Accounting</th>
<th>Anthropology</th>
</tr>
</thead>
<tbody>
<tr>
<td>Business</td>
<td>Computer Information Systems</td>
</tr>
<tr>
<td>Economics</td>
<td>English</td>

</tr>
<tr>
<td>Health</td>
<td>Psychology</td>
</tr>
<tr>
<td>Sociology</td>
<td></td>
</tr>
</tbody>
</table>

For additional information, interested students should consult a DCCCD Telecourse Information brochure containing course descriptions, requirements, viewing schedules and other pertinent information. This brochure is available on all campuses each semester or by calling the TELECOURSE HOTLINE at 952-0300.

Teleclasses Via DC-NET

A growing number of courses are offered for the LeCroy Center for Educational Telecommunications on Dallas College Network. DC-NET is live television, but with a difference. It is interactive: students watch and listen to the instructor on television and talk with the instructor and classmates at other sites by using special microphones.

DC-NET classes are available at DCCCD colleges, select business sites and in Dallas, Mesquite, Farmers Branch and Richardson on cable television. Students taking the courses via cable TV interact by using the telephone.

DC-NET provides students with several important benefits:

** access to courses which otherwise might not be available at individual colleges because of low enrollments. DC-NET allows students at multiple colleges, businesses and homes with cable TV to be combined so that the class has enough students to be offered.

** access to high-demand courses which are filled and not available at an individual college. A class on DC-NET can make additional enrollments available for those courses.

** access to courses at times which may be more convenient for students. Because DC-NET courses have small numbers of students at any one college receive site, and because they often have students at business sites and in homes, courses can be scheduled for the convenience of the few.

DC-NET courses are listed in the colleges' class schedules with special designations. Tests are administered at the testing centers of the colleges of the DCCCD. For more information, call 952-0340.
Cooperative Work Experience

Students may enrich their education by enrolling in cooperative education courses. Cooperative education is a method of instruction that offers the student the opportunity to earn college credit for the development and achievement of learning objectives which are accomplished through current on-the-job experience.

Work experience must be related to a field of study and an occupational goal. This work experience takes place at work training stations approved by the College. Employers must be willing to enter into training agreements with the College and the student/employee. The College will assist a student in seeking approvable employment, if needed.

To enroll in a cooperative education course, students must:

* complete an application for a student cooperative work experience program
* have completed at least six semester hours in an occupational major or secure waiver or requirement from the instructor
* declare a technical/occupational major or file a degree plan
* be currently enrolled in a course related to the major area of study;
* be approved by the instructor.

Additional information regarding cooperative education may be secured from the Cooperative Education Office, the Division Office, or Counseling Office at each college. Technical/occupational programs which include cooperative education are indicated in this catalog.

International Studies

An important part of the DCCCD's commitment to enhancing student appreciation for and understanding of diverse cultures is its international studies programs. These are available in a variety of countries during both the regular semesters and in the summer. Semester-length programs are currently available in England, France, Mexico, Spain, Germany, and Ireland. Students are usually sophomore level and have at least a 2.5 cumulative grade point. In most programs, no prior knowledge of a foreign language is required, allowing even novices to learn a language in its cultural context while taking other credit courses taught in English to complete their study of the native culture.

Also offered by many of the campuses are study-abroad opportunities during the summer sessions. Such courses are taught by DCCCD faculty and normally last two to three weeks. In previous years these courses have been offered in Austria, Australia, China, France, Great Britain, USSR, Mexico, Jamaica, Spain, and Italy. For information about any of the semester-length or summer programs, contact the District Office of Student and International Programs at 214-746-2410.

Students from institutions belonging to the North Texas Community and Junior College Consortium may enroll in DCCCD international courses by paying "in-District" tuition charges plus related fees.

Human Development Courses

The Human Development curriculum is composed of several different credit courses designed to help students master skills that are necessary for successful everyday living. The courses emphasize different life skills, including educational and career/life planning, interpersonal communication, relationship building, personal and social growth, conflict resolution, leadership, decision making, and success in college. Some campuses offer special sections of Human Development courses which focus on various issues, such as multicultural understanding, gender differences, career change, and life transitions. Some sections are designed for special populations, such as women returning to school, adults making career or job changes, students in academic difficulty, young adults, or academically underprepared students.

Many Human Development courses transfer to many 4-year institutions as elective credit. These courses use an experimental model which allows for the use of a wide variety of teaching/learning strategies including small group work, journal writing, mini-lectures, selected readings, classroom discussion, team teaching, peer teaching, outside guest speakers, psychometric testing, and volunteer experiences in the community. The Human Development classes are intentionally small to allow students to actively participate in discussions and practice new skills.

Developmental Studies

Students whose assessment test scores (DCCCD, SAT, ACT, or TASP) indicate they lack the skills necessary to be successful in college-level courses will be advised to enroll in developmental courses. Successful completion of these courses will provide prerequisite skills for college-level work and satisfy TASP remediation requirements. Other students who wish to review and improve basic skills may also elect to take one or more developmental courses.

Reading, writing and mathematics courses are offered in classroom settings with laboratory support. These developmental courses provide instruction directly related to the personal, academic and career goals of students.

Evening And Weekend College

In order to serve those people whose work schedule and/or personal involvements make it impossible for them to attend college during normal daytime hours, most courses offered during the day also are available in the Evening and
Weekend College. Courses are offered both on campus and at selected community locations.

Evening and weekend courses offer high quality instruction and excellent facilities. A variety of student services, including counseling, health, library, bookstore, food services, financial aid, and recreation may be available. Instructors are selected from the College's own full-time staff, from outstanding Dallas area educators, and from other professional specialists interested in teaching. To enroll in the evening and weekend courses, contact the Director of Admissions.

Library and Student Obligations

The library is an information center where students can find print, non-print materials and database services to supplement classroom learning. The library has a growing collection of books on a wide variety of general information subjects to support academic transfer programs and technical/occupational programs. Other resources provided may include slides, tapes, compact discs, computer software, videotapes and films. In addition, there are special collections of career materials and pamphlets as well as subscriptions to popular and technical periodicals and newspapers.

Willful damage to library materials (or property) or actions disturbing users of the library may lead to the loss of library privileges. Damage cases are referred to the appropriate authorities for further action. All books and other library materials must be returned before the end of each semester. No transcript is issued until the student's library record is cleared.

Servicemen's Opportunity College

In cooperation with other community colleges in the United States, colleges of the Dallas County Community College District participate in the Servicemen's Opportunity College. Through this program, students can plan an educational experience regardless of location requirements of the military. For further information, contact the Admissions Office.

Continuing Education Programs

Within the Dallas County Community College District, Continuing Education is an educational development process which creates an instructional delivery system that is flexible, diverse, visionary, and responsive to the needs of its public, private, and corporate citizens. Continuing Education provides non-credit skills training, personal and professional courses, and programs for human, community, and economic development, and thus expands the available educational opportunities for all persons of all ages to participate in college programs.

Continuing Education instructors are professionals from the community chosen because they have proven experience in their field. Their objective is to share their knowledge, insight and expertise, to insure that students acquire a knowledge of the subject, and through a meaningful learning experience to become equipped to serve better their community, business, and themselves.

Courses are offered as seminars, workshops and institutes—the type of course is determined by the nature of the material, instructional approach, and the needs of the students. Usually there are no entrance requirements or examinations; however, some courses may have age restrictions and others may require a certain amount of experience in the subject field for enrollment. Admission is on a first-come, first-served basis. Registration is simple, quick and easy, and may even be accomplished by phone. Continuing Education classes are held on the campus of each college and in a variety of locations throughout the community. Classes and activities are conducted throughout the week, both during the day and evening hours, and also on Saturday and Sunday.

Because of the nature of Continuing Education course offerings, textbooks may not be required in some courses; however, other courses will require the purchase of texts and/or special class materials. To enhance the educational experience of those students who enroll in Continuing Education classes, library privileges are afforded them during the term in which they are registered.

Scholarship funds are available for specific vocationally oriented courses. To apply for these scholarship funds please inquire at the Continuing Education Office.

Continuing Education Units (CEU's)

College credit may be awarded for some courses related to DCCCD vocational/technical/occupational programs. Continuing Education Units (CEU's) are transcripted upon successful completion of the course. In all recognized educational circles, one CEU is equal to "ten contact hours of participation in an organized Continuing Education or extension experience under responsible sponsorship, capable direction, and qualified instruction." The CEU is a means of recording and accounting for Continuing Education activities and meeting the certification requirements of certain professional organizations.

The Bill J. Priest Institute for Economic Development

The Bill J. Priest Institute for Economic Development is located at 1402 Corinth, just south of downtown Dallas. The Institute houses non-credit programs serving the business community.

The Institute's program areas include:

- The Business & Professional Institute (BPI)—Offers non-credit customized contract training to business and industry;

- The Edmund J. Kahn Job Training Center (JTC)—Provides short-term, intensive career training and basic skills instruction as well as evening and weekend continuing education courses; career training and instruction to unemployed and under-employed individuals;

- The Dallas Small Business Development Center (SBDC)—Provides counseling, training, and resources to small businesses throughout Dallas County.

- The International Business Center SBDC (IBC), Located in the World Trade Center, provides services to businesses interested in international trade;
The Center for Government Contracting SBDC (CGC)—Assists businesses seeking government contracts on municipal, county, state or federal levels;

Technology Assistance Center SBDC (TAC)—Offers counseling services and training seminars focusing on technology transfer, product development and commercialization, the invention process and licensing; and

The Business Incubation Center (BIC)—Offers cost-shared facilities and services to small businesses which can provide a viable business plan. Time-shared services are also provided on a contract basis for businesses which do not need to locate their home offices on-site.

The North Texas-Dallas SBDC—One of four regional SBDC offices in Texas, is also located in the Priest Institute for Economic Development. It administers SBDC activities in 49 counties and comprises 16 field centers, including the Dallas SBDC, IBC, CGC and TAC.

For more information about any of these programs, please consult the BJPIED section at the back of the comprehensive District Catalog or call (214) 565-5803.

VII. STUDENT DEVELOPMENT

The College is committed to providing opportunities for each individual student’s total educational development. Specific student services are integrated with the instructional program of the College to address individual needs for educational, personal, social, cultural, and career development.

Student Programs and Resources

The Student Programs and Resources Office plans and presents a wide variety of programs and activities for the general campus population and the surrounding community, including lectures, art gallery activities, and performance events. Programs often are coordinated with the various instructional divisions to provide students with valuable educational experiences. Leadership conferences, retreats, and service learning programs offer students opportunities to develop skills that can enrich the quality of their own lives and the life of their community. Student Programs and Resources seeks to involve students meaningfully in campus life. Recent research in higher education indicates that for many students involvement is an important contributor to academic success.

The Dallas County Community College District invites all students to take an active role in their college experience. There are many opportunities for students to become involved in the decision-making processes for the college. You may want to join a student club, participate in student government/ambassador activities or serve on one of several committees that engage in real decision making for the College. Depending on the college you attend, students may be involved regularly in decisions regarding:

- selecting the use of student activity fees and other institutional funds;
- determining improvements for an aspect of the college (facilities, services provided, instruction, etc.);

- programming speakers and special events offered to the student body;
- participating in student disciplinary hearings;
- conducting (or completing) surveys and questionnaires designed to gather information about your college experiences; and
- assisting in the selection process of new college administration.

Counseling Center Services

Individuals may find the counseling services helpful as they make plans and decisions in various phases of their development. For example, counselors can assist students in selecting courses of study, determining transferability of courses, choosing or changing careers, gaining independence, and confronting problems of daily living. Assistance is provided by the counseling staff in the following areas:

1. Career counseling to explore possible vocational directions, occupational information, and self appraisal of interest, personality and abilities. Career Counseling may be available to students enrolled in credit classes only.
2. Academic advisement to develop and clarify educational plans and make appropriate course choices.
3. Confidential counseling sessions to assist students in managing academic environment and dealing with issues which can hinder classroom participation.
4. Small group discussions led by counselors focusing on such areas as interpersonal relationships, test anxiety, and assertiveness. Counselors will consider forming any type of group for which there is a demand.
5. Problem identification and referral sources to provide in-depth assistance for such matters as legal concerns, financial aid, tutoring, job placement, medical problems, or emotional problems.

Tutoring Services

For students needing special assistance in course work, tutoring services are available. Students are encouraged to seek services through self-referral as well as through instructor referral.

Testing/Appraisal Center

The Testing Center administers various tests. Types of tests include:

1. Psychological tests of personality, vocational interests, and aptitudes;
2. Academic tests for college instructional programs. Many courses are individualized and self-paced, permitting students to be tested at appropriate times;
3. Assessment tests, required for appropriate class placement;
4. Tests for selected state and national programs;
5. Testing for correspondence courses.

Individuals desiring to take tests in the Centers must provide picture identification and also may be asked to show their student identification card prior to receiving testing materials. Students must be referred by a counselor for psychometric testing. Exceptions must be arranged by faculty in writing.
The Student Code of Conduct provisions regarding disruptive behavior and/or academic dishonesty apply equally to Test Centers and classrooms. Irregularities will be referred to the proper authorities for disciplinary action.

Health Services

The Health Center is a multi-purpose facility that promotes health, wellness and preventive care for the college community. Registered nurses coordinate and provide the health services which include:

- First aid for accident, injury or illness
- Health information and brochures
- Some over-the-counter (non-prescription) medicines such as Tylenol, aspirin and antacids
- Referral information for community health services
- Selected health education and screening programs
- Confidential health counseling
- A rest area

The health services are available to current students and staff. Students do not need to be sick to come to the Health Center. Health questions and concerns are welcomed. Students with chronic health problems are encouraged to visit the Health Center to discuss any special concerns with the nurse before attending classes and/or whenever problems arise. A small portion of the student activity fees goes to support the health services so no additional fees are charged. No information about the individual’s health is released without the written permission of that individual unless required to do so by law.

Student Health Insurance

Optional student health insurance, with optional coverages of spouse and children, is available at the college. This limited coverage policy is administered by a local insurance company for a relatively-inexpensive fee.

Job Placement Services

The Dallas County Community College District provides job placement services free of charge to DCCCD students (credit and non-credit), alumni, former students, and those in the process of enrolling. Although services may vary among DCCCD colleges, most Placement Offices provide opportunities for students to learn job search skills including how to establish employment contacts, complete an application, write a resume and cover letter, and interview for a job.

All DCCCD colleges participate in a computer-assisted job bank which contains full and part-time opportunities in the Metroplex. Such opportunities are categorized by the career program areas offered by the DCCCD. All Placement Offices strictly adhere to EEO and Affirmative Action Guidelines. Employers listing positions with the DCCCD Job Placement Service must be EEO employers. All services are free of charge.

Special Services

The Special Services Office offers a variety of support services to enable students with disabilities and/or special needs to participate in the full range of college experiences. Services are arranged to fit the individual needs of the student and may include sign language interpreters, notetakers, tutors, mobility assistants, readers/audio tapers, and loan of specialized equipment such as wheelchairs, audio tape recorders, talking calculators, closed captioning decoders, raised-line drawing kits and large print materials. Academic, career and personal counseling, special testing accommodations, registration assistance and extensive information and referral services are also available. Students with special needs are encouraged to contact the office at least one month prior to registration. They will be provided orientation and registration information. For additional information, please contact the Special Services Office on the campus you plan to attend.

Student Organizations

Information about participation in any organization may be obtained through the Student Programs and Resources Office. The development of student organizations is determined by student interest. Categories of organizations include:

Co-curricular organizations pertinent to the educational goals and purposes of the College; social organizations to provide an opportunity for friendships and promote a sense of community among students; service organizations to promote student involvement in the community; pre-professional and academic organizations to contribute to the development of students in their career fields.

Intercollegiate Athletics

Participation on athletics teams is voluntary on a non-scholarship basis for students who meet requirements established by the Metro Athletic Conference. Most teams are associated with the National Junior College Athletic Association. For more information regarding eligibility, rules, standards, and sports offered, contact the Physical Education Office.

Intramural Sports

The College provides a campus intramural program for students and encourages participation. For additional information contact the intramural director in the Physical Education Office or the Student Programs and Resources Office.

Housing

The College does not operate dormitories of any kind nor maintain listings of available housing for students. Students who do not reside in the area must make their own arrangements for housing.

College Police Departments

Campus safety is provided within the framework of state law to "protect and police buildings and grounds of state institutions of higher learning." Because all laws of
the state are applicable within the campus community, specially trained and educated personnel are commissioned to protect college property, personal property, and individuals on campus. Officers of the College Police Departments are licensed Peace Officers of the State of Texas. These officers are vested with full authority to enforce all Texas laws and rules, regulations, and policies of the College, including the Code of Student Conduct.

All colleges of the DCCCD comply with the provisions of the Campus Security Act of 1990, Public Law 101-542. Copies of the document for each campus are available upon request through the College Police Department.

Drug-Free Schools and Communities Act
To satisfy the requirements of the "Drug Free Schools and Communities Act," the DCCCD, its colleges and facilities are committed to creating an educational and work environment free from use or distribution of illicit drugs and abuse of alcohol. All of the DCCCD facilities prohibit the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities. Information and confidential referrals concerning counseling and treatment programs for drug and alcohol abuse may be obtained from the Counseling/Advisement Center, Health Center and location Human Resources Office.

VIII. FINANCIAL AID
Reauthorization of the Higher Education Act of 1965 was signed into law by President Bush on July 23, 1992. The Higher Education Amendments of 1992 included several significant changes to the Federal Financial Aid Programs. Several of these changes altered the methodology for determining students' eligibility and the administration of the programs at the campus level.

Financial aid is available to help those students who, without such aid, would be unable to attend college. The primary resources for meeting the cost of education are the student, the parents and/or spouse. Financial aid, however, can remove the barriers for those families who cannot afford the cost of education beyond high school and can fill in the gap for families who can afford only part of the cost.

How to Apply
The Free Application For Federal Student Assistance (FAFSA) must be completed using data from the Federal Income Tax Return. This form is used to provide an analysis of the financial need. It may be obtained from a high school counselor or from any DCCCD Financial Aid Office. The FAFSA is to be mailed directly to the address indicated on the application. Six to eight weeks should be allowed for processing. The student should mail the FAFSA at least TWO MONTHS before the priority deadline for the semesters for which the student is applying. In addition to the FAFSA, all students must complete the DCCCD Financial Application and return it to the Financial Aid Office of the DCCCD college the student plans to attend.

The Department of Education will randomly select some applicants and require that information reported on the FAFSA be verified for accuracy. If the student's application is one that is selected, the student will be required to provide additional documents before financial assistance can be awarded. All eligible non-citizens may be required to submit a copy of an INS card as proof of immigration status before financial assistance can be awarded.

For students who attended other colleges (including our DCCCD colleges), universities, vocational or trade schools, a Financial Aid Transcript must be sent from each previous institution to the Financial Aid office of the school where the student is applying. This procedure is required even though the student may not have received financial assistance at the previous institution.

Students born after December 31, 1959, and who are required under the Military Selective Service Act to register for the draft, must do so before financial aid can be approved. All students who apply for financial aid must sign a Registration Compliance Statement giving their selective service registration status before financial aid can be awarded. All students receiving Federal Pell Grants must also sign an Anti-Drug Abuse statement certifying that they will not violate drug laws, "in conducting any activity with the grant."

Deadlines for Applying
Application for financial assistance received by the following dates will be given first priority:

- **Academic Year** — May 1
- **Spring Only** — October 1
- **Summer Sessions** — April 1

APPLICATIONS RECEIVED AFTER THESE DATES WILL BE PROCESSED AS TIME AND AVAILABILITY OF FUNDS PERMIT. Late applicants need to be prepared to pay their own registration costs until their application can be completed. Applicants should contact the Financial Aid Office at the school to which they plan to attend for additional deadlines and requirements.

The student must reapply for financial assistance once each academic year (fall/spring). The award does not continue automatically beyond the period awarded.

Grants

**Federal Pell Grant**
The Federal Pell Grant is a federally-funded program designed to help undergraduate pre-baccalaureate students continue their education. The purpose of this program is to provide eligible students with a "foundation" of financial aid to assist with the cost of attending college.

All students applying for financial assistance through the College must apply for a Federal Pell Grant. This is done through the FAFSA application discussed earlier. Other types of financial aid may be awarded if the student applies and qualifies. Eligibility for Federal Pell Grant is based on financial need and satisfactory academic progress. Applications and additional information concerning the Pell Grant Program are available in the Financial Aid Office and
in the counseling offices of most high schools. The application process takes approximately 8-10 weeks. In response to the Federal Pell Grant application, a Student Aid Report (SAR) will be mailed directly to the student. The student should immediately review the SAR to make sure it is correct, sign the certification statement, and bring all copies to the Financial Aid Office. The exact amount of the Federal Pell Grant award will depend upon the Estimated Family Contribution (EFC) on the SAR and the number of hours for which the student enrolls.

Federal Supplemental Educational Opportunity Grant (SEOG)

The Federal SEOG program provides assistance for eligible undergraduate students who show exceptional financial need and are making satisfactory academic progress toward their educational goal. The maximum award for an academic year is $4,000; however, the actual amount of the grant may be limited to less than this, depending on the availability of funds at the school, the student's family financial condition and other financial aid the student is receiving. Priority is given to students receiving the Federal Pell Grant. Students must apply each year for the Federal SEOG Grant.

Texas Public Educational Grant (TPEG)

The TPEG Program was enacted by the 64th Texas legislature to assist needy students attending state supported colleges in Texas. To be eligible students must show financial need and be making satisfactory academic progress toward their educational goal. The actual amount of the grant will vary depending on the availability of funds at the school, the student’s family financial condition and other financial aid the student is receiving. This grant is available to students enrolled in credit and certain non-credit courses. Students must apply each year for the TPEG grant.

Texas Public Educational-State Student Incentive Grant (TPE-SSIG)

The TPE-SSIG Program is a state grant that is matched with federal funds to provide financial assistance to needy students attending state-supported colleges in Texas. No more than 10% of the funds may be awarded to non-resident students. To qualify, students must make satisfactory academic progress toward their educational goal and have financial need. The maximum grant for an academic year is $5,000; however, the actual amount of the grant award may be less depending on the availability of funds and the degree of financial need. Grants are awarded by eligibility on a first-come, first-served basis. Students must apply each year for the TPE-SSIG grant.

Scholarships

DCCCD Foundation Scholarships

The DCCCD Foundation provides a scholarship program for students who attend the colleges of the DCCCD. These funds are made available through the colleges to needy students who also meet additional criteria of the scholarship funds. Students holding student visas are not eligible. Application forms for these Foundation scholarships and information concerning other requirements and deadlines are available in the Financial Aid Office at each college.

Miscellaneous Scholarships

Several of the colleges have a limited number of scholarships available as a result of gifts from individuals, private industry, and community organizations. Generally, the eligibility criteria is the same as noted for the DCCCD Foundation Scholarships, and application forms are available in the Financial Aid Office.

Loans

Federal Stafford Loans (formerly GSL):

The Higher Education Act of 1965, as amended, provided for student loans from private commercial lending agencies such as banks, savings and loan associations, credit unions and insurance companies. To be eligible students must now have financial need, make satisfactory academic progress toward their educational goal, and be enrolled for at least six (6) credit hours. As an undergraduate, the student may borrow up to $2,625 per year for the first year and $3,500 for the second year, with a maximum of $23,000 for all years of undergraduate study. The actual loan amount may be limited to less than this, depending on the cost of attendance, other financial aid, and family financial condition.

The interest rate is variable with a maximum of 9%. Borrowers do not pay interest until six months after ceasing at least half-time enrollment. The U.S. Dept. of Education pays the interest during the time the student is enrolled and during the grace period of six months following enrollment. Repayment begins six months after the student leaves school or drops to less than half-time enrollment. The minimum payment will be $50 per month, and the loan must be repaid within 10 years. Lenders may charge a loan origination fee on each loan in addition to the insurance premium charged on the loan. These charges will be deducted from the proceeds of the loan.

Federal Unsubsidized Stafford Loans

The Federal Unsubsidized Stafford Loan program was created by the Higher Education Amendments of 1992 and is available for all students regardless of income. The interest rate and loan limits are the same as the Federal Stafford Loan Program. Interest payments begin the day the loan is disbursed and the student is responsible for interest accrued during in-school and deferment periods. Repayment of principle begins 6 months after the student ceases to be enrolled at least half-time.

Federal Supplemental Loans to Students (FSLS)

Under the Federal Supplemental Loans to Students (FSLS) Program, independent undergraduate students may be eligible to borrow up to $4,000 each year for the first two years of academic study. Legislation requires an undergraduate to complete a needs analysis to determine
whether there is federal aid eligibility before a Federal SLS can be completed. The loan maximum is $23,000 for all the years of undergraduate study. The interest rate is variable with a maximum of 11%. For students receiving FLS only, lenders should be contacted regarding repayment. Most lenders will capitalize the interest if the payments are deferred.

Federal Parent Loan for Undergraduate Students (FPLUS)
Under the Federal Parent Loan for Undergraduate Students, parents may now borrow up to the cost of education, less other aid, per year for each dependent undergraduate student. The interest rate is variable with a cap of 10%. Repayment of principle and interest begins within 60 days after disbursement of the loan. The parents credit rating will be checked to determine eligibility and disbursement checks will be made co-payable to the parent and the institution.

Hinson-Hazlewood College Student Loan Program (HHCSLP)
The Hinson-Hazlewood Loan is a state-funded Federal Stafford Student Loan Program for students who are attending Texas colleges and are eligible to pay Texas resident tuition rates. All Hinson-Hazlewood Loan applicants must demonstrate financial need before a loan can be approved. The loan limit is $2,625 for the first year and $3,500 for the second year of undergraduate study and a maximum of $23,000 for all years of undergraduate study. The actual loan amount may be limited to less than this depending on the cost of attendance, other financial aid, and the family's financial condition. A loan origination fee and an insurance premium on the life of the student will be taken from the total amount of each loan. No interest or payments are paid by the student while enrolled at least half-time or during the six-month grace period. The interest rate will be variable and will be disclosed by the Coordinating Board at time of disbursement. The minimum payment will be $50 per month over a 5- to 10-year period depending on the total amount borrowed. Participation in this loan program is on an individual campus basis.

Emergency Short-Term Loans
The colleges of the DCCCD have limited short-term loan funds available which have been established by individuals and organizations, including the DCCCD Foundation, to meet emergency needs to students. Loans are usually limited in amount and bear no interest. These loans must be repaid within 60 days of the date of the loan or the end of the term. A late fee of $10 will be added for late payment. Because the funds are very limited, students should apply early if financial assistance is needed for registration costs.

Employment
Federal Work-Study Program (FWSP)
The Federal Work-Study Program provides part-time employment for students with financial need who are making satisfactory academic progress toward their educational goal. The wage rate is $4.25 per hour and most students work 15 to 20 hours per week. Students will be paid on the last working day of the month. The amount students can earn in a school year is determined by the amount of their financial need and other aid awarded as part of their financial aid package. The majority of the students are employed on campus; however, some off-campus employment is also available. Students must apply each year for Federal Work-Study.

Student Assistants Employment Program (Non-Work-Study)
Part-time employment for students who do not have financial need is available on campus. The wage rate and the average hours worked per week are the same as the Federal Work-Study Program.

Off-Campus Employment
Students who need help finding a job off-campus should apply at the Placement Office of the college they plan to attend. The wage rate varies with each job and financial need is not a requirement of employment.

Sample Repayment Schedule
The chart below shows estimated monthly payments and total interest charges for 9% loans of varying amounts, with typical repayment periods. Remember that 9% is the highest the interest rate can be. Your rate may be lower.

Tuition Exemption Programs

In addition to the grants, scholarships, employment and loan programs already mentioned, the State of Texas and DCCCD offer a number of exemptions from tuition and fee charges. These exemptions are often overlooked simply because of their unusual nature. They are not related to family income or “financial need,” nor do they require completion of a regular financial aid application. Check with the Business Office for information concerning tuition exemption programs and the criteria for eligibility.

Vocational Rehabilitation

The Texas Rehabilitation Commission offers assistance for tuition and fees to students who are vocationally challenged as a result of a physically- or mentally-disabling condition. This assistance is generally limited to students not receiving other types of aid. For information, contact Texas Rehabilitation Commission, 13612 Midway, Suite 530, Dallas, Texas 75234.

Bureau of Indian Affairs

The Bureau of Indian Affairs offers educational benefits to American Indian/Native American students. Students need to contact the regional Bureau of Indian Affairs Office regarding eligibility.

Veteran’s Benefits Programs

The Veteran’s Benefits Programs are coordinated by the Veterans’ Services Office of the College. Services of this office include counseling the veteran concerning benefits, Veterans’ Administration loans, Veterans’ Administration work study programs, financial problems, career counseling, and other areas related to the veteran’s general welfare. Tutoring services are also available to the veteran who is having learning difficulties in one or more subjects. The veteran student should be aware of the Veterans’ Administration guidelines and should consult them before taking developmental or television courses. Violation of these guidelines causes complications in receiving monthly benefits or loss of those benefits.

1. A veteran student who plans to enroll in developmental courses must be tested and show a need in basic skills before enrolling in these courses.
2. A veteran student enrolled in television courses must be enrolled in three on-campus semester credit hours. VA payments for TV courses are limited to five semester credit hours per student.
3. A veteran student who has successfully completed credit hours at another college or university before applying for V.A. benefits must submit official academic transcripts to the Admissions Office. The transcript is evaluated and credit granted when applicable. The Admissions Office will evaluate all previous course work and prepare an educational plan.
4. A veteran student must enroll in courses required for a degree program. Information about degree requirements may be obtained from the Admissions Office.
5. A veteran student who withdraws from all courses attempted during a semester is considered as making unsatisfactory progress by the V.A. and may lose future benefits. A veteran student must also maintain a satisfactory grade point average as outlined in this catalog.

The above V.A. regulations are subject to change without notice. Students should contact the Veterans’ Services Office in order to be aware of current regulations and procedures.

Hazlewood Act

Under the Hazlewood Act, certain Texas veterans who have exhausted remaining educational benefits from the Veterans’ Administration can attend Texas state supported institutions and have some fees waived. To be eligible, students must have been residents of Texas at the time they entered the service, have an honorable discharge, must now be residents of Texas, and be ineligible for federal grants. Applications are available at the Financial Aid Office and will take a minimum of eight weeks to process. To apply, students must submit a Hazlewood Act application, a copy of their discharge papers and a Student Aid Report stating ineligibility to the Financial Aid Office.

Academic Progress Requirements

To comply with applicable laws and accreditation standards the Dallas County Community College District has developed a policy describing satisfactory progress for both applicants and recipients of student financial aid.
STUDENT FINANCIAL AID STANDARDS OF ACADEMIC PROGRESS

I. Purpose and Scope
The following Standards of Academic Progress are effective beginning with the fall 1993 semester and are adopted according to federal mandates for the purpose of determining continuing student eligibility for financial aid. These Standards shall apply to all need-based financial assistance, unless the terms of a particular grant provide otherwise. These provisions apply only to students who apply and are awarded financial aid.

II. Grade Point Average (GPA) Requirement
A. All new and continuing students applying for financial assistance must have a cumulative GPA that meets the District's requirements (see following chart) on all credit hours earned from District colleges prior to the semester for which aid is requested.
B. Transfer students from colleges outside the district may be eligible for funding only on a probationary basis (unless an academic transcript is provided to the Financial Aid Office indicating a cumulative GPA of at least 2.0).
C. Each fall and spring semester students must complete both the minimum number of hours from those attempted as well as achieve the Cumulative GPA requirements. The following chart states the minimums that all Financial Aid students must meet:

<table>
<thead>
<tr>
<th>Semester Requirements</th>
<th>Cumulative GPA Requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hours Attempted</td>
<td>Hours Required to Complete</td>

<td>9 to 11</td>
<td>6</td>
</tr>
<tr>
<td>6 to 8</td>
<td>6</td>
</tr>
<tr>
<td>5 or less</td>
<td>All</td>
</tr>
</tbody>
</table>

III. Failure to Meet the Standards of Academic Progress
In these provisions, probation or suspension refers only to financial aid probation or suspension.
A. Following the first semester in which the above standards of academic progress are not met, the student will be placed on probation for the next semester of funding.
B. The student may be allowed to receive financial aid funds while on probation, but must complete the subsequent term by meeting all of the minimum requirements at the close of that term.
C. The student who fails to meet the Standards of Academic Progress during the semester of attendance while on probation will be placed on suspension and denied further funding for one semester.
D. During the first period of suspension, the student must enroll at least half-time (6 credit hours) for one semester at a District college, pay the expenses related to that enrollment and pass the semester with a GPA of 2.0 or better.
E. If failure to meet satisfactory progress results in a second (or any subsequent) suspension from financial aid, the student must enroll in at least 6 credit hours and complete the semester with a GPA of 2.0 or better.
F. Students who have been reinstated from any suspension status may continue only on a probationary status for at least one term, regardless of their CGPA at the time of reinstatement.
G. Students placed on probation or suspension will be notified in writing of their status at the end of the semester.
H. If failure to meet Satisfactory Progress results in a third suspension from Financial Aid, no additional aid will be awarded.

IV. Appeal Process
A student who has been denied financial aid because of a failure to meet any of the criteria of the standards may petition the Director of Financial Aid to consider any mitigating circumstances. The student's appeal must be in writing and supporting documentation regarding special circumstances must be provided. Should the Director deny a reinstatement of aid, the student may appeal the Director's decision by following the same procedure of written appeal to the appropriate vice president overseeing the aid office.

V. Maximum Time Allowed For Completion of Educational Objectives
All financial aid recipients will have a maximum time frame in which to complete their educational requirements of 75 credit hours.

Additional Information
A. Financial Aid will not be provided for:
   - courses taken by audit;
   - any course registered for after the last official day of late registration (i.e. flex entry, fast track, mini term courses);
   - credit hours earned by placement tests;
   - non-credit coursework;
   - transfer students attending for summer only.
B. Grades of "W", "WX" or "I" will not be treated as completed coursework.
C. An "F" grade is a completed grade and will be taken into consideration when calculating the number of hours completed and CGPA.
D. Developmental remedial coursework may receive funding up to a maximum of "30 credit hours" according to Federal Regulations.
E. Support Services: Many services are available at each district college to help students attain academic success. The services include Counseling, Testing, Tutoring, Health Services, Placement, the Career Development Center, and the Learning Resource Center. Information on such services shall be made available to all financial aid students.
CODE OF STUDENT CONDUCT

1. PURPOSE

The purpose of this document is to provide guidelines to the educational environment of the Dallas County Community College District. This environment views students in a holistic manner, encouraging and inviting them to learn and grow independently. Such an environment supposes both rights and responsibilities. Free inquiry and expression are essential parts of this freedom to learn, to grow, and to develop. However, this environment also demands appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students must exercise these freedoms with responsibility.

2. POLICIES, RULES, AND REGULATION

a. Interpretation of Regulations

Disciplinary regulations at the college are set forth in writing in order to give students general notice of prohibited conduct. The regulations should be read broadly and are not designed to define misconduct in exhaustive terms.

b. Inherent Authority

The college reserves the right to take necessary and appropriate action to protect the safety and well-being of the campus community.

c. Student Participation

Students are asked to assume positions of responsibility in the college judicial system in order that they might contribute their skills and insights to the resolution of disciplinary cases. Final authority in disciplinary matters, however, is vested in the college administration and in the Board of Trustees.

d. Standards of Due Process

Students who allegedly violate provisions of this code are entitled to fair and equitable proceedings under this code.

The focus of inquiry in disciplinary proceedings shall be the guilt or innocence of those accused of violating disciplinary regulations. Formal rules of evidence shall not be applicable, nor shall deviations from prescribed procedures necessarily invalidate a decision or proceeding, unless significant prejudice to a student respondent or the college may result.

e. Prohibited Conduct

Students may be accountable to both civil authorities and to the college for acts which constitute violations of law and this code. Disciplinary action at the college will normally proceed during the pendency of criminal proceedings and will not be subject to challenge on the ground that criminal charges involving the same incident have been dismissed or reduced.

f. Definitions

In this code:

(1) "aggravated violation" means a violation which resulted or foreseeably could have resulted in significant damage to persons or property or which otherwise posed a substantial threat to the stability and continuance of normal college or college-sponsored activities.

(2) "cheating" means intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.

(3) "college" or "institution" means the colleges of the Dallas County Community College District.

(4) "college premises" means buildings or grounds owned, leased, operated, controlled, or supervised by the college.

(5) "college-sponsored activity" means any activity on or off campus which is initiated, aided, authorized, or supervised by the college.

(6) "collusion" means the unauthorized collaboration with another person in preparing work offered for credit.

(7) "complaint" means a written summary of essential facts which constitute an alleged violation of published college regulation or policy.

(8) "controlled substance" and "illegal drugs" are those as defined by the state-controlled substances act, as amended.

(9) "distribution" means sale or exchange for personal profit.

(10) "fabrication" means intentional and unauthorized falsification or invention of any information or citation in an academic exercise.

(11) "group" means a number of persons who are associated with each other and who have not complied with college requirements for registration as an organization.

(12) "hazing" is defined in Appendix B of this code.

(13) "intentionally" means conduct that one desires to engage in or one's conscious objective.

(14) "organization" means a number of persons who have complied with college requirements for registration.

(15) "plagiarism" means intentionally representing the words or ideas of another as one's own in any academic exercise.

(16) "published college regulation or policy" means standards of conduct or requirements located in any publication or manual:

(a) College Catalog

(b) Board of Trustees Policies and Administrative Procedures Manual

(c) Student Handbook

(d) Any other official publication

(17) "reckless" means conduct which one should reasonably be expected to know would create a substantial risk or harm to persons or property or which would otherwise be likely to result in interference with normal college or college-sponsored activities.

(18) "sanctions" means any or all of the punitive actions described in Appendix A of this code.

(19) "student" means a person who has paid fees and is taking or auditing courses through the Dallas County Community College District.

(20) "violation" means an act or omission which is contrary to a published college regulation or policy.

(21) "weapon" means any object or substance designed to inflict a wound, cause injury, or incapacitate, including, but not limited to, all firearms, knives, clubs, or other weapons which are defined and prohibited by the state penal code, as amended.

(22) "will" and "shall" are used in the imperative sense.

g. Prohibited Conduct

The following misconduct is subject to disciplinary action:

(1) Intentionally causing physical harm to any person on college premises or at college-sponsored activities, or intentionally or recklessly causing reasonable apprehen-
sion of such harm or hazing.

(2) unauthorized use, possession, or storage of any weapon on college premises or at college-sponsored activities.

(3) intentionally initiating or causing to be initiated any false report, warning or threat of fire, explosion or other emergency on college premises or at college-sponsored activities.

(4) intentionally interfering with normal college or college-sponsored activities, including, but not limited to, studying, teaching, research, college administration, or fire, security, or emergency services.

(5) knowingly violating the terms of any disciplinary sanction imposed in accordance with this chapter.

(6) unauthorized distribution or possession for purposes of distribution of any controlled substance or illegal drug on college premises or at college-sponsored activities.

(7) intentionally furnishing false information to the college.

(8) forgery, unauthorized alteration, or unauthorized use of any college document or instrument of identification.

(9) unauthorized use of computer hardware or software.

(10) all forms of academic dishonesty, including cheating, fabrication, facilitating academic dishonesty, plagiarism, and collusion.

(11) intentionally and substantially interfering with the freedom of expression of others on college premises or at college-sponsored activities.

(12) theft of property or of services on college premises or at college-sponsored activities; having possession of stolen property on college premises or at college-sponsored activities.

(13) intentionally destroying or damaging college property or property of others on college premises or at college-sponsored activities.

(14) failure to comply with the direction of college officials, including campus security/safety officers, acting in performance of their duties.

(15) violation of published college regulations or policies. Such regulations or policies may include those relating to entry and use of college facilities, use of vehicles and media equipment, campus demonstrations, misuse of identification cards, and smoking.

(16) use or possession of any controlled substance or illegal drug on college premises or at college-sponsored activities.

(17) unauthorized presence on or use of college premises.

(18) nonpayment or failure to pay any debt owed to the college with intent to defraud.

(19) use or possession of an alcoholic beverage on college premises with the exception of specific beverage-related courses within the El Centro food service program.

Sanctions for violations of prohibited conduct for (1) through (6) may result in EXPULSION; for (7) through (12) may result in SUSPENSION; for (13) through (19) may result in sanctions other than expulsion or suspension.

Repealed or aggravated violations of any provision of this code may also result in expulsion or suspension or in the imposition of such lesser penalties as are appropriate.

3. DISCIPLINARY PROCEEDINGS

a. Administrative Disposition

(1) Investigation, Conference and Complaint

(a) When the Vice President of Student Development (VPSD as referred to in this code) receives information that a student has allegedly violated a published college regulation or policy, the VPSD or a designee shall investigate the alleged violation. After completing the preliminary investigation, the VPSD may:

(i) Dismiss the allegation as unfounded, either before or after conforming with the student; or

(ii) Proceed administratively and impose disciplinary action; or

(iii) Prepare a complaint based on the alleged violation for use in disciplinary hearings along with a list of witnesses and documentary evidence supporting the allegation.

The VPSD will notify the complainant of the disposition of the complaint. If the VPSD dismisses the allegation, the complainant may appeal to the President for review in writing within (5) working days after disposition.

(b) The President or a designee may suspend a student immediately and without prior notice for an interim period pending disciplinary proceedings, when there is evidence that the continued presence of the student on college premises poses a substantial threat to himself or herself, to others, or to the stability and continuance of normal college functions. A student who is suspended on an interim basis shall be given an opportunity to appear before the President or a designee within five (5) working days from the effective date of the interim suspension. A hearing with the President shall be limited to the following issues only.

(i) the reliability of the information concerning the student's conduct, including the matter of his or her identity; and

(ii) the conduct and surrounding circumstances reasonably indicate that the student's continued presence on college premises poses a substantial threat to himself or herself, to others or to the stability and continuance of normal college functions.

After the hearing, the President or designee may modify the interim suspension as reasonable to protect the student, public, and college.

(c) No person shall search a student's personal possessions for the purpose of enforcing this code unless the student's prior permission has been obtained or unless a law enforcement officer conducts the search as authorized by law.

(2) Summons

(a) The VPSD shall summon a student regarding an alleged violation of this code by sending the student a letter. The letter shall be sent by certified mail, return receipt requested, addressed to the student at his or her last known address as it appears in the records of the Registrar's Office or shall be delivered personally to the student.

(b) The letter shall direct a student to appear at a specific time and
(3) Disposition

(a) At a conference with a student in connection with an alleged violation of this code, the VPSD shall provide the student with a copy of this code and discuss administrative disposition of the alleged violation.

(i) If a student accepts the administrative disposition, the student shall sign a statement that he or she understands the charges, his or her right to a hearing or to waive same, the penalty or penalties imposed, and that he or she waives the right to appeal. The student shall return the signed form by 5:00 p.m. of the day following administrative disposition.

(ii) If a student refuses administrative disposition of the alleged violation, the student is entitled to a hearing as provided herein. The VPSD shall note the date of refusal in writing and the student shall acknowledge in writing such date.

Administrative disposition means:

* the voluntary acceptance of the penalty or penalties provided in this code.
* other appropriate penalties administered by the VPSD.
* without recourse by the student to hearings procedures provided herein.

(b) The VPSD shall prepare an accurate, written summary of each administrative disposition and send a copy to the student (and, if the student is a minor, to the parent or guardian of the student), to the Director of Campus Security, to the complainant, and to other appropriate officials.

b. Student Discipline Committee

(1) Composition: Organization

(a) When a student refuses administrative disposition of a violation, the student is entitled to a hearing before the Student Discipline Committee. The hearing request must be made to the VPSD in writing, on or before the sixth (6th) working day after the date of refusal of administrative disposition. The committee shall be composed of equal numbers of students, administrators and faculty of the college. The committee and its chair shall be appointed by the President for each hearing on a rotating basis or on a basis of availability. The committee chair will be selected from the administration or faculty.

(b) The chairman of the committee shall rule on the admissibility of evidence, motions, and objections to procedure, but a majority of the committee members may override the chairman’s ruling. All members of the committee are expected to attend all meetings and are eligible to vote in the hearing.

(c) The chairman shall set the date, time, and place for the hearing and may summon witnesses and require the production of documentary and other evidence.

(d) The VPSD shall represent the college before the Student Discipline Committee and present evidence to support any allegations of violations.

(2) Notice

(a) The committee chairman shall notify the student of the date, time, and place for the hearing by sending the student a letter by certified mail, return receipt requested, addressed to the student at his or her address appearing in the Registrar’s Office records. The letter shall specify a hearing date not less than five (5) nor more than (10) working days after date of the letter. If a student is under 18 years of age, a copy of the letter shall be sent to the parents or guardian of the student.

(b) The chairman may for good cause postpone the hearing so long as all interested parties are notified of the new hearing date, time, and place.

(c) The notice shall advise the student of the following rights:

(i) To a private hearing or a public hearing (as he or she chooses);
(ii) To appear alone or with legal counsel if the alleged violation subjects the student to expulsion or suspension. The role of legal counsel is limited as provided in the code;
(iii) To have a parent or legal guardian present at the hearing;
(iv) To know the identity of each witness who will testify;
(v) To cause the committee to summon witnesses, and to require the production of documentary and other evidence possessed by the College;
(vi) To cross-examine each witness who testifies;

(d) A student who fails to appear after proper notice and without good cause will be deemed to have pleaded guilty to the violation pending against him. The committee shall impose appropriate penalty and notify the student in the same manner as the notice of hearing.

(e) Legal counsel who represents a student in a hearing where the alleged violation subjects the student to expulsion or suspension is limited to advising and assisting the student. This limitation means that legal counsel shall not cross-examine witnesses, make objections, testify, or perform other similar functions generally associated with legal representation. The same preceding limitation applies to counsel who represents the college. Student representation by legal counsel is not permitted in a hearing where the alleged violation does not subject the student to expulsion or suspension.

(3) Preliminary Matters

(a) Charges arising out of a single transaction or occurrence, against one or more students, may be heard together, or, upon request by one of the students-in-interest, separate hearings may be held.

(b) There will be disclosure of all evidence to both sides prior to the hearing.

(c) At least by 12:00 noon, five (5) full working days before the hearing date, the student concerned shall furnish the committee chairman with:

(i) The name of each witness he or she wants summoned and a description of all documentary and other evidence possessed by the college which he or she wants produced.
(ii) An objection that, if sustained by the chairman of the Student Disciplinary Committee, would prevent the hearing;
(iii) The name of the legal counsel, if any, who will appear with the student;
(iv) A request for a separate hearing, if any, and the grounds for such a request.

(a) The hearing shall be conducted by the chairman who shall
(4) Procedure

Procedures shall provide opportunities for witnesses to be heard. The college will be represented by legal counsel if the student is represented by legal counsel in a hearing where the student is subject to expulsion or suspension.

(b) If a hearing may result in expulsion or suspension of a student, the college will have a court reporter present to transcribe the proceedings. If a hearing will not result in expulsion or suspension of a student, legal representation is not permitted and recording of the hearing by any means is not permitted unless authorized by law.

(c) If the hearing is a private hearing, the committee shall proceed generally as follows:

(i) Persons present: the complainant, the VPSD and the student with a parent or guardian if desired.
(ii) Before the hearing begins, the VPSD or the student may request that witnesses remain outside the hearing room.
(iii) The VPSD shall read the complaint.
(iv) The VPSD shall inform the student of his or her rights, as stated in the notice of hearing.
(v) The VPSD shall present the college's case.
(vi) The student may present his or her defense.
(vii) The VPSD and the student may present rebuttal evidence and argument.
(viii) The committee, by majority vote, shall determine the guilt or innocence of the student regarding the alleged violation.
(ix) The committee shall state in writing each finding of a violation of a published college regulation or policy. Each committee member concurring in the finding shall sign the statement. The committee may include in the statement its reasons for the finding. The committee shall notify the student in the same manner as the notice of hearing.
(x) A determination of guilt shall be followed by a supplemental proceeding in which either party may submit evidence or make statements to the committee concerning the appropriate penalty to be imposed. The past disciplinary record of a student shall not be submitted to the committee prior to the supplemental proceeding. The committee shall determine a penalty by majority vote and shall inform the student, in writing, of its decision as in (ix) above.

(d) If the hearing is a public hearing, the committee shall proceed generally as follows:

(i) Persons present: the complainant, the VPSD and the student with a parent or guardian if desired. Designated college representatives for the following groups may have space reserved if they choose to attend:
* Faculty Association
* College Newspaper
* President

Other persons may attend based on the seating available. The Chairman may limit seating accommodations based on the size of the facilities.

(ii) Before the hearing begins, the VPSD or the student may request that witnesses remain outside the hearing room.

(iii) The VPSD shall read the complaint.
(iv) The VPSD shall inform the student of his or her rights, as stated in the notice of hearing.
(v) The VPSD shall present the college's case.
(vi) The student may present his or her defense.
(vii) The VPSD and the student may present rebuttal evidence and argument.
(viii) The committee, by majority vote, shall determine the guilt or innocence of the student regarding the alleged violation.
(ix) The committee shall state in writing each finding of a violation of a published college regulation or policy. Each committee member concurring in the finding shall sign the statement. The committee may include in the statement its reasons for the finding. The committee shall notify the student in the same manner as the notice of hearing.
(x) A determination of guilt shall be followed by a supplemental proceeding in which either party may submit evidence or make statements to the committee concerning the appropriate penalty to be imposed. The past disciplinary record of a student shall not be submitted to the committee prior to the supplemental proceeding. The committee shall determine a penalty by majority vote and shall inform the student, in writing, of its decision as in (ix) above.

(5) Evidence

(a) Legal rules of evidence shall not apply to hearings under this code. Evidence that is commonly accepted by reasonable persons in the conduct of their affairs is admissible. Irrelevant, immaterial, and unduly repetitious evidence may be excluded.

(b) The committee shall recognize as privileged communications between a student and a member of the professional staff of the Health Center, Counseling or Guidance Center where such communications were made in the course of performance of official duties and when the matters discussed were understood by the staff member and the student to be confidential. Committee members may freely question witnesses.

(c) The committee shall presume a student innocent of the alleged violation until there is a preponderance of evidence, presented by the VPSD, that the student violated a published college regulation or policy.

(d) All evidence shall be offered to the committee during the hearing.

(e) A student defendant may choose not to testify against himself or herself. The committee will make a determination based on the evidence presented.

(6) Record

The hearing record shall include: a copy of the notice of hearing; all documentary and other evidence offered or admitted in evidence; written motions, pleas, and other materials considered by the committee; and the committee's decisions.

(7) Petition for Administrative Review

(a) A student is entitled to appeal in writing to the President who may alter, modify, or rescind the finding of the committee and/or the penalty imposed by the committee. A student is ineligible to appeal if the penalty imposed is less than suspension or expulsion. The President shall automatically review every penalty of expulsion. Sanctions will not be imposed while appeal is pending.

(b) A student is entitled to appeal in writing to the Board of Trustees through the President, the Chancellor, and the Chairman of the Board. An appeal from the Student Discipline Committee is by review of the record (not de novo).

(c) A student's reasons for disagreeing with the committee's action are part of the record where such information is germane.

A petition for review is informal but shall contain, in addition to the information required, the date of the Student Discipline Committee's action and the student's reasons for disagreeing with the committee's action. A student shall file his or her petition with the President on or before the third working day after the day the Discipline committee determines the penalty. If the President extends the petition, and the student wishes to appeal the President, he or she shall file the petition with the Chancellor on or before the third working day after the President rejects the petition in writing. If the Chancellor rejects the petition, and the student presents a petition to the Board of Trustees, he or she shall file the petition with the Board of Trustees, he or she shall file the petition
with the Chairman of the Board on or before the third working day after the day the Chancellor rejects the petition in writing.

(d) The President, the Chancellor, and the Board of Trustees in their review may take any action that the Student Discipline Committee is authorized to take; however, none may increase the penalty. They may receive written briefs and hear oral argument during their review.

(e) The President, Chancellor and Board of Trustees shall modify or set aside the finding of violation, penalty, or both, if the substance rights of a student were prejudiced because of the Student Discipline Committee’s finding of facts, conclusions or decisions were:

(i) in violation of federal or state law or published college regulation or policy;
(ii) clearly erroneous in view of the reliable evidence and the preponderance of the evidence; or
(iii) capricious, or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

APPENDIX A - SANCTIONS

1. Authorized Disciplinary Penalties:

The VPSD or the Student Discipline Committee may impose one or more of the following penalties for violation of a Board policy, College regulation, or administrative rule:

a. Admonition
b. Warning probation
c. Disciplinary probation
d. Withholding of transcript of degree
e. Bar against readmission
f. Restitution
g. Suspension of rights or privileges
h. Suspension of eligibility for official athletic and nonathletic extracurricular activities
i. Denial of degree
j. Suspension from the college
k. Expulsion from the college

2. Definitions:

The following definitions apply to the penalties provided above:

a. An "Admonition" means a written reprimand from the VPSD to the student on whom it is imposed.

b. "Warning probation" means further violations may result in suspension. Disciplinary probation may be imposed for any length of time up to one calendar year and the student shall be automatically removed from probation when the imposed period expires.

c. "Disciplinary probation" means further violations may result in suspension. Disciplinary probation may be imposed for any length of time up to one calendar year and the student shall be automatically removed from probation when the imposed period expires. Students may be placed on disciplinary probation for engaging in activities as illustrated by, but not limited to the following: being intoxicated, misuse of I.D. card, creating a disturbance in or on college premises or gambling.

d. "Withholding of transcript of degree" may be imposed upon a student who fails to pay a debt owed the college or who has a disciplinary case pending final disposition or who violates the oath of residency. The penalty terminates on payment of the debt or the final disposition of the case or payment of proper tuition.

e. "Bar against readmission" may be imposed on a student who has left the College on enforced withdrawal for disciplinary reasons.

f. "Restitution" means reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.

g. "Disciplinary suspension" may be either or both of the following:

   (1) "Suspension of rights and privileges" is an elastic penalty which may impose limitations or restrictions to fit the particular case.

   (2) "Suspension of eligibility for official athletic and nonathletic extracurricular activities": prohibits, during the period of suspension, the student on whom it is imposed from joining a registered student organization; taking part in a registered student organization’s activities, or attending its meetings or functions; and from participating in an official athletic or nonathletic extracurricular activity. Such suspension may be imposed for any length of time up to one calendar year. Students may be placed on disciplinary suspension for engaging in activities as illustrated by, but not limited to the following: having intoxicating beverages in any college facility, with the exception of specific beverage related courses within the El Centro food service program; destroying property or student's personal property; giving false information in response to requests from the college; instigating a disturbance or riot; stealing, possession, use, sale or purchase of illegal drugs on or off campus; any attempt at bodily harm, which includes taking an overdose of pills or any other act where emergency medical attention is required; and conviction of any act which is classified as a misdemeanor or felony under state or federal law.

h. "Denial of degree" may be imposed on a student found guilty of scholastic dishonesty and may be imposed for any length of time up to and including permanent denial.

i. "Suspension from the college" prohibits, during the period of suspension, the student on whom it is imposed from being initiated into an honorary or service organization; from entering the college campus except in response to an official summons; and from registering, either for credit or for noncredit, for scholastic work at or through the college.

j. "Expulsion" is permanent severance from the college. This policy shall apply uniformly to all the colleges of the Dallas County Community College District.

In the event any portion of this policy conflicts with the state law of Texas, the state law shall be followed.

APPENDIX B - HAZING

1. Personal Hazing Offense

a. A person commits an offense if the person:

   (1) engages in hazing;

   (2) solicits, encourages, directs, aids, or attempts to aid another person in engaging in hazing;

   (3) intentionally, knowingly, or recklessly permits hazing to occur; or

   (4) has firsthand knowledge of the planning of a specific hazing incident involving a student in an educational institution, or firsthand knowledge that a specific hazing incident has occurred, and knowingly fails to report said knowledge in writing to the VPSD or other appropriate official of the institution.

b. The offense for failing to report hazing incident is a misdemeanor punishable by a fine not to exceed $1,000,
5. Definition

"Hazing" means any intentional, knowing, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization whose members are or include students at an educational institution. The term includes but is not limited to:

a. any type of physical brutality, such as whipping, beating, striking, brandishing, electronic shocking, placing of a harmful substance on the body, or similar activity;

b. any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small place, calisthenics, or any other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.

c. any activity involving consumption of a food, liquid, alcoholic beverage, liquor, drug, or any other substance which subjects the student to an unreasonable risk of harm or which adversely affects the mental or physical health or safety of the student.

d. any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental

4. Immunity from Prosecution

Any person reporting a specific hazing incident involving a student in an educational institution to the VPSD or other appropriate official of the institution is immune from liability, civil or criminal, that might otherwise be incurred or imposed because of such injury, damage, or loss.

e. any activity that induces, causes, or requires the student to perform a duty or task which involves a violation of the Penal Code.

3. Consent Not a Defense

It is not a defense to prosecution of a hazing offense that the person against whom the hazing was directed consented to or acquiesced in the hazing activity.

2. Organization Hazing Offense

a. An organization commits an offense if the organization condones or encourages hazing or if an officer or any combination of members, pledges, or alumni of the organization commits or assists in the commission of hazing.

b. The above offense is a misdemeanor punishable by a fine of not less than $5,000 nor more than $10,000. If a court finds that the offense caused personal injury, property damage, or other loss, the court may sentence the organization to pay a fine of not less than $5,000 nor more than double that amount lost or expenses incurred because of such injury, damage, or loss.

c. Any organization whose members are or include students at an educational institution. The term includes but is not limited to:

2. Organization Hazing Offense

a. Any organization whose members are or include students at an educational institution. The term includes but is not limited to:

2. Operation Hazing Offense

a. An organization commits an offense if the organization condones or encourages hazing or if an officer or any combination of members, pledges, or alumni of the organization commits or assists in the commission of hazing.

b. The above offense is a misdemeanor punishable by a fine of not less than $5,000 nor more than $10,000. If a court finds that the offense caused personal injury, property damage, or other loss, the court may sentence the organization to pay a fine of not less than $5,000 nor more than double that amount lost or expenses incurred because of such injury, damage, or loss.

c. Any achievement not a defense

It is not a defense to prosecution of a hazing offense that the person against whom the hazing was directed consented to or acquiesced in the hazing activity.

4. Immunity from Prosecution

Any person reporting a specific hazing incident involving a student in an educational institution to the VPSD or other appropriate official of the institution is immune from liability, civil or criminal, that might otherwise be incurred or imposed as a result of the report. A person reporting in bad faith or with malice is not protected.

5. Definition

"Hazing" means any intentional, knowing, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization whose members are or include students at an educational institution. The term includes but is not limited to:

a. any type of physical brutality, such as whipping, beating, striking, brandishing, electronic shocking, placing of a harmful substance on the body, or similar activity;

b. any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small place, calisthenics, or any other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.

c. any activity involving consumption of a food, liquid, alcoholic beverage, liquor, drug, or any other substance which subjects the student to an unreasonable risk of harm or which adversely affects the mental or physical health or safety of the student.

d. any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental

a. A student who wishes a grievance to be heard must submit a request in writing to the VPSD.
b. The VPSD will convene and chair the Appeal Committee.
c. The appeal must be heard by the committee within ten (10) class days of the request unless extended with the agreement of both the student and the VPSD.
d. The committee will be ad hoc and will consist of two (2) students, two (2) faculty members, and one (1) staff member who is either an administrator or a non-contractual employee. It is the responsibility of the President or the President's designee to appoint all committee members.
e. The Appeal Committee will make its recommendation directly to the President. The decision of the President shall be final.

2. CAMPUS PARKING AND DRIVING REGULATIONS

a. Authority for Regulations: The Board of Trustees, for the benefit of its colleges, is authorized by state law (Sec. 51.202, Education Code) to promulgate and enforce rules and regulations for the safety and welfare of students, employees, and property and other rules and regulations it may deem necessary to govern the institution, including rules for the operation and parking of vehicles on the college campuses and any other property under institutional control.
b. Authority of Campus Peace Officers: Pursuant to the provisions of Sec. 51.2203, Education Code, campus peace officers are commissioned peace officers of the State of Texas, and such have full authority to enforce all parking regulations, and other regulations and laws within areas under the control and jurisdiction of the District. In addition, campus peace officers may enforce all traffic laws on public streets and highways which are in proximity to areas under District control. Campus peace officers may issue citations to violators or take other action consistent with the law.
c. Permits:

Vehicle: In accordance with Sec. 51.207, Education Code, each college may issue and require use of a suitable vehicle identification decal as permits to park and drive on college property. Permits may be suspended for violations of applicable state law or parking and driving regulations. Each person who is required to have a vehicle identification decal shall apply to the Department of Campus Security for the decal. No fee is charged for the decal which must be placed on the rear window of the driver's side of a motor vehicle and on the gas tank of the motorcycle or motorbike.

Handicap: All authorized decals for handicap parking areas must be displayed prior to parking in such areas.
d. Posting of Signs: Under the direction of the college president, the Department of Campus Safety shall post proper traffic and parking signs.
e. Applicability of Regulations: The rules and regulations in this Chapter apply to motor vehicles, motorbikes and bicycles on college campuses or other District property, and are enforceable against students, employees of the District and visitors.

2. Prohibited Acts: The following acts shall constitute violations of these regulations:

a. Speeding: The operation of a vehicle at a speed greater than is reasonable and prudent under existing conditions. The prima facie maximum reasonable and prudent speed on campus streets is twenty (20) miles per hour, and ten (10) miles per hour in parking areas, unless the street or area is otherwise posted.
b. Double parking, or otherwise parking, standing or stopping so as to impede the flow of traffic.
c. Driving the wrong way on a one-way street or lane.
d. Driving on the wrong side of the roadway.
e. Improper parking, so that any portion of a vehicle is outside the marked limits of a parking space.
f. Parking in unauthorized areas, as illustrated by, but not limited to those areas posted as visitor parking, no parking, handicapped parking or loading zones, designated crosswalks, motorcycle areas, or other unauthorized areas as designated by sign.
g. Parking trailers or boats on campus.
h. Parking or driving in areas other than those designated for vehicular traffic, as illustrated by, but not limited to courtyards, sidewalks, lawns, or curb areas.
i. Failure to display a parking permit.
j. Collision with another vehicle, a person, sign or immovable object.
k. Reckless driving.
l. Failure to yield the right-of-way to pedestrians in designated crosswalks.
m. Violation of any state law regulating vehicular traffic.

3. Tow-away Areas: A vehicle may be towed if parked without authority in the following areas:

a. Handicapped parking.
b. Fire lanes.
c. Courtyards.
d. 'No Parking' zones.
e. Areas other than those designated for vehicular traffic.
f. Other unauthorized areas as designated by sign.

4. Citations:

a. Types: Citations shall be of two types:

(1) Campus Citations: A campus citation is a notice that the alleged violator's parking and driving privilege or permit has been suspended pending appeal or disposition.

(2) Court Citations: A court citation is a notice of alleged violation of the type used by the Texas Highway Patrol, as authorized by Education Code, Sec. 51.206. Generally, such citations shall be used for violations by visitors, other persons holding no college permit, and employees of the District for excessive violations. However, such citations may be used for the enforcement of any provisions of these regulations.

b. Disposition

(1) Campus Citation: A campus citation is returnable to the Department of Campus Safety, and a permit or driving privilege may be reinstated by the payment of a five dollar ($5.00) service charge per citation at the college business office.

(2) Court Citation: A court citation is returnable to the justice or municipal court in which the case is filed. Disposition of the citation may be made in the same manner as any other criminal case within the jurisdiction of such court.

5. Suspension Review: A person receiving a campus citation shall have
the right to appeal the suspension of rights by submitting to the college safety committee, within ten (10) days after the date of violation, notice of appeal in writing, which shall state the reasons for such appeal.

6. Safety Committee: The safety committee shall consist of not less than three (3) persons appointed by the President, none of whom shall be a campus peace officer. The committee shall meet as needed, but not less than five (5) business days after receipt of notice of appeal. Notice of such meetings shall be given to an appellant not less than twenty-four (24) hours prior thereto.

7. Penalties
   a. Impoundment: Failure to pay the service charge within ten (10) days after receipt thereof, or, if appealed, within ten (10) days after denial of appeal, shall result in impoundment of the vehicle, denial of readmission to any District college, and withholding of any transcript or degree. If a vehicle is impounded, the owner is liable for any wrecker charges and storage fees in addition to the service charge.
   b. Multiple Citations: Receipt of four (4) citations during the period from August 15 of a year to August 14 of the year following will result in suspension of the parking and driving permit or driving privilege for the balance of such year.
   c. Court Citations: Penalties for convictions in municipal or justice court are as prescribed by state law, not to exceed $200 per conviction.

8. Miscellaneous: The District nor any of its colleges or employees are responsible for damage to or theft of a vehicle or its contents while on the college campus.

Communicable Disease Policy

The Board acknowledges the serious threat to our community and nation posed by the AIDS epidemic. This policy and other procedures developed by the Chancellor shall emphasize educating employees and students concerning AIDS and managing each case of AIDS individually with sensitivity, flexibility, and concern for the individual as well as employees and students. In addition, this policy defines and addresses other communicable diseases which from time to time arise in the colleges and District among students and employees.

The District's decisions concerning a person who has a commu-
nicable disease shall be based upon current and well-informed medical judgment which includes the nature of the disease, risk of transmission to others, symptoms and special circumstances of the person, and balancing identifiable risks and available alternatives to respond to a student or employee with a communicable disease.

Discrimination
   Students: No student will be required to cease attending a college or participating in college functions solely on the basis of diagnosis of a communicable disease.
   Employees: An employee who has a communicable disease will be treated in the same manner as other employees who have other illnesses or injuries.

Confidentiality
   The District shall comply with applicable statutes and regulations which protect the privacy of persons who have a communicable disease.

Education
   The Chancellor shall develop and maintain a comprehensive educa-
tional program regarding HIV infection for students and employees.

Each college shall have a Communicable Disease Coordinator. The coordinator shall be a registered nurse who has received training in communicable diseases, particularly HIV infection. A student or employee who has a communicable disease is strongly encouraged to report the disease to the coordinator.

Counseling
   The Communicable Disease Coordinator shall refer students and employees to sources of testing for HIV infection and counseling upon voluntary request. An individual shall bear the expenses of such testing and counseling.

**ALERT!!**

**MEASLES** (aka. rubeola, Red Measles, Hard Measles, 10-day Measles)

Measles is a highly contagious viral disease. Antibiotics are NOT available to treat persons infected with this organism. Recent outbreaks of this illness have included many hospitalizations and several deaths among college-aged persons, for these reasons it is strongly recommended that students of Institutions of Higher Education have two doses of the vaccine prior to beginning classes. Most young adults have had only one dose. The measles vaccine is most often given in combination with the vaccines for mumps and rubella which are also caused by viruses.

**TETANUS** (aka. Lockjaw)

The illness caused by tetanus results from the poison produced by a bacteria. Again this is a very difficult illness to treat once it occurs and prevention is the most appropriate choice. The vaccine is effective for about 10 years and needs to be boosted at that interval. It is now common for older adults to develop Tetanus in the United States as many adults do not receive the recommended 10 year boosters. The Tetanus vaccine should be given in combination with the diphtheria vaccine.

**POLIOMYELITIS**

In the United States, polio immunization is not routinely recommended for persons 18 years of age or older. However, if travel to other parts of the world is planned, a physician should be contacted for specific recommendations.

**SECTION 2.09 AND 2.09A TEX. EDU. CODE**

The campus health centers have information regarding local providers of immunization services. Check with the health center for specific local information.
ASSOCIATE OF ARTS AND SCIENCES DEGREE

IN ORDER TO BE ELIGIBLE TO RECEIVE AN ASSOCIATE OF ARTS AND SCIENCES DEGREE, A STUDENT MUST:

1. Complete a minimum of 61 credit hours
2. Receive a grade of "C" or better in each of three CORE courses
3. Have a passing score on all sections of TASP (for students entering the DCCCD Fall, 1989 or thereafter)
4. Complete 61 hours, including the following courses:

Students who plan to transfer to a four-year institution must consult the catalog of that institution to insure that selected courses will both transfer and apply toward the intended major. Material about transfer information is available in the Counseling Center.

<td>Students wishing to transfer to a four year institution, must consult the catalog of the institutions to which they wish to transfer. These catalogs should be used by students working with an advisor in planning their academic program. Elective credit courses should be selected based on such an advisement process. The selection of science and math courses is frequently based on the four-year major. SEE AN ADVISOR FOR SELECTION OF APPROPRIATE COURSES.</td>

TOTAL 61
ASSOCIATE OF ARTS AND SCIENCES DEGREE IN BUSINESS
(Available at Brookhaven, Eastfield, El Centro, Mountain View, North Lake, and Richland Colleges)

THIS DEGREE PLAN IS DESIGNED TO MEET THE NEEDS OF STUDENTS WHO PLAN TO MAJOR IN BUSINESS BUT ARE UNSURE ABOUT WHERE THEY WISH TO TRANSFER. THIS IS A GENERAL PLAN AND MAY OR MAY NOT SATISFY THE REQUIREMENTS OF A SPECIFIC TRANSFER UNIVERSITY.

IN ORDER TO RECEIVE AN ASSOCIATE OF ARTS AND SCIENCES DEGREE, A STUDENT MUST:

(1) Complete a minimum of 61 credit hours including the following courses.
(2) *Receive a grade of "C" or better in core courses.
(3) Have a passing score on all sections of TASP (for students entering DCCCD Fall, 1989, or thereafter).

Students planning to transfer to a four year institution must consult that institution to insure selected courses will both transfer and apply toward the intended major. Once students have decided on the specific four year institution to which they plan to transfer and a specific major within Business, they are strongly encouraged to utilize the transfer degree plan which is customized to meet specific requirements of the selected institution. Material about transfer information is available in the Counseling/Advisement Center.

ACCOUNTING ASSOCIATE

Offered at all seven campuses

(Associate Degree)

The Accounting Associate two-year program is designed to prepare a student for a career as a junior accountant in business, industry and government. Emphasis will be placed on internal accounting procedures and generally accepted accounting principles.

The Associate in Applied Sciences Degree is awarded for successful completion of at least 67 credit hours as outlined below. Students desiring a less comprehensive program that includes some bookkeeping procedures and practices should consider the General Office Certificate. The General Office Certificate is available in the Office Technology Program.

CREDIT HOURS

SEMESTER I
ACC 201 Principles of Accounting I 3
BUS 105 Introduction to Business 3
ENG 101 Composition I 3
MTH 111 Mathematics for Business and Economics 3
OFC 160 Office Calculating Machines 3

SEMESTER II
ACC 202 Principles of Accounting II 3
ENG 102 Composition II 3
CIS 101 Introduction to Computer Applications & Concepts 4
OFC 172 Beginning Typing* 3
SC 101 Introduction to Speech Communication 3

SEMESTER III

BUS 143 Personal Finance 3
MGT 136 Principles of Management 3
MGT 237 Organizational Behavior 3
MKT 206 Principles of Marketing 3

Foreign Language

*Students who can demonstrate proficiency by previous training, experience, or placement tests may substitute a course from the electives + + listed for this program.
AIR CONDITIONING AND REFRIGERATION – RESIDENTIAL

Cedar Valley, Eastfield, and North Lake only

(Associate Degree)

This program is designed to train students to meet employment requirements in the field of residential air conditioning. This will include the installation, repair and maintenance of residential air conditioning equipment. Included in this program is the study of residential air conditioners, heat pumps, gas and electric furnaces, humidifiers, and the design of residential air conditioning systems. Throughout the entire program an emphasis is placed on current techniques used by service technicians.

COMPUTER INFORMATION
SYSTEMS – BUSINESS
SOFTWARE
PROGRAMMER/DEVELOPER

Offered at all seven campuses
(Associate Degree)

This option is intended for the preparation of entry-level computer programmers who will work in an applications setting to support the information processing function. It is designed as a two-year career program to prepare students for direct entry into the work environment. It is intended to provide a sufficient foundation so the graduate with experience and continued learning may advance in career paths appropriate to their own particular interests and abilities. Touch typing speed of 20 words per minute is suggested for most CIS courses with a lab component. Students are advised to develop this proficiency.

* MTH 111 may be substituted for MTH 115

* PSY 101 may be substituted for PSY 131

* First in a two-course programming language series or CIS 164 or CIS 292

* ACC 131 and ACC 132 may be substituted for ACC 201

* Second in a two-course programming language series or any CIS programming course if CIS 164 or CIS 292 is completed

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
COMPUTER INFORMATION SYSTEMS – LOCAL AREA NETWORK ADMINISTRATOR

Eastfield, North Lake and Richland only

(Associate Degree)

This program will provide training and education for individuals interested in developing their knowledge and skills as a local area network administrator. The program emphasizes practical skills required to perform duties in the work environment under the supervision of an experienced local area network administrator. The objectives of the program are to provide instruction that presents the fundamentals of computer networking, an in-depth look at fundamentals of designing and implementing computer-related local area networks, local area network software, network and hardware supply to local area networks, and instruction that will help the student build his background in the area of operation and management in the local area network environment. Additionally, practical experience and skills will be acquired through the student's participation in cooperative education work experiences. This course of study will allow the student to get work-related exposure for applying skills as a local area network administrator.

Total Credit Hours: 18

Minimum Hours Required: 68

+ Elective—must be selected from the following:

- HUM 101 Introduction to the Humanities
- PHI 103 Critical Thinking

++ Elective—Any CIS course including but not limited to CIS 701, CIS 702, CIS 703, or CIS 704

++ Elective—must be selected from the following:

- CIS 162 COBOL Programming I
- CIS 169 Application Development Tools
- CIS 172 BASIC Programming
- CIS 192 UNIX Operating System I
- CIS 218 Spreadsheet Applications
- CIS 228 Database Applications
- CIS 272 Advanced BASIC Techniques
- CIS 292 UNIX Operating System II
- CIS 295 UNIX System Administration
- CIS 702 Cooperative Work Experience
- CIS 703 Cooperative Work Experience
- CIS 704 Cooperative Work Experience
- CIS 712 Cooperative Work Experience
- CIS 713 Cooperative Work Experience
- CIS 714 Cooperative Work Experience
- MTH 202 Introduction to Statistics
- CIS 172 or CS 122
- CIS 210 or CS 212

Students who wish to pursue a particular interest in connection with networking should select their elective courses accordingly. A student who has an interest related to network use of applications should select CIS 218, CIS 228, or appropriate work experience. A LAN student interested in programming skills should select CIS 162, CIS 169, CIS 172 or CIS 272.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
COMPUTER INFORMATION
SYSTEMS – LAN SERVER
OPERATOR

Eastfield, North Lake and Richland only

(Certificate)

LAN server operators are prepared to perform the daily and routine tasks associated with maintaining a local area network server. These operators can set up new users on the system, create directories, perform daily backups of the server hard disk, scan for computer virus infections, manipulate printer operations, check for security problems, install applications on the server, and assist users in learning how to log in and out of the network and perform other routine user tasks on the network.

CREDIT HOURS

SUMMER SEMESTER
CIS 101 Introduction to Computer Concepts and Applications .......... 4
ENG 101 Composition I ..................................... 3

7

FALL SEMESTER
CIS 106 Problem Solving with the Computer ........ 4
CIS 121 Text Processing Applications ............. 4
CIS 160 Data Communications and Operating Systems ..................... 3
SC 101 Introduction to Speech Communication ...................... 3

14

SPRING SEMESTER III
CIS 200 Fundamentals of Networking .................. 3
CIS 207 Network Software ................................. 4
CIS 221 PC Operating Systems and Utilities .......................... 4
CIS 275 User Documentation and Training ................... 3

14

Minimum Hours Required ................................. 35

Students who are not interested in completing the two-year program in Local Area Network Administrator have the option of completing in one year the certificate program for LAN Server Operator. All ten of the courses required for the LAN Server Operator certificate will apply if the student subsequently chooses to continue work on the two-year program in LAN Administrator.
Construction Management and Technology

North Lake only

( Associate Degree )

Construction Management is a relatively new discipline within the environmental design professions yet, virtually every commercial building project in the United States today—from the smallest retail “strip” center to the tallest skyscraper—requires construction leadership that is knowledgeable of labor; construction materials, installation methods and equipment; contract administration, construction scheduling, cost estimating and much more.

The Construction Management Curriculum at North Lake College prepares the student with the essential tools for a managerial career in construction or related industry endeavors. Such career positions could include project manager, field engineer, scheduler, specifier, sales representative, owner/developer liaison, estimator, purchaser, expediter, and inspector.

This program is fully accredited by the American Council for Construction Education. It is the only two-year accredited construction program in the State of Texas, and only the second to be accredited in the U.S.

Should the student decide to continue formal educational studies, this program articulates with major universities. Contact the CMT program coordinator for details.

| SEMESTER I | CMT 121 | Construction Materials, Methods and Equipment I ....................................................... 3 |
| CMT 123     | Construction Graphics ................................................................. 4 |

| SPA 101 | Beginning Spanish ................................................................. 4 |

*MTH 195 may be taken only when a science course is taken as well. Select natural science course from Astronomy, Biology, Chemistry, Earth Science, Ecology, Geology, Physical Science or Physics.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
The ConstructionSpecifier option of the Construction and Management Technology Program is an in-depth study of written construction communications. Topics covered include the organization and preparation, development, implementation, modification and administration of contracts and specifications, as well as the ramifications of non-compliance. Emphasis is placed on collecting, organizing, and applying information; researching products and systems; developing rough and final drafts of each type of specification. The latest in computer applications and automated editing procedures are utilized with hands on experience acquired. Advanced computer applications for electronic media, text manipulation, and macro utilization are studied. Administrative skills necessary for a specification writer are studied including managing a technical library, maintaining data bases, performing project cost budgeting, implementing a continuing education/quality assurance program, assisting in the bidding and construction phases, and archiving of documents.

This program option has been developed in conjunction with the Dallas Chapter of the Construction Specification Institute. Upon satisfactory completion of this program and work experience in this field of study, a student will be eligible to take the CSI certification test, Certified Construction Specifier (CCS).

This program is fully accredited by the American Council for Construction Education.

Should the student decide to continue formal educational studies, this program articulates with major universities. Contact the CMT program coordinator for details.

CONSTRUCTION TECHNOLOGY

North Lake only

(Associate Degree)

This program is designed to develop the skills and knowledge necessary so that a graduate may advance in career paths appropriate to a person's own particular interests and abilities, in either the field of residential or commercial building or contracting. In addition to the specific technical skills and knowledge required to build buildings and supervise employees on a construction job, the graduate will have covered skills in other areas such as planning and organization, problem solving and decision making, related communication, and business and human relations.

CONSTRUCTION TECHNOLOGY

North Lake only

(Certificate)

This is a one-year certificate that provides the student with the technical knowledge and hands-on skills required to work in one of two areas: residential or commercial carpentry. In addition, the student will cover job planning and materials estimating, human-relation skills and the economics of the construction industry. After completion of the program, students will be qualified to enter the construction field as a carpenter.

MANAGEMENT CAREERS – ADMINISTRATIVE MANAGEMENT OPTION

**Offered at all seven campuses**

(Associate Degree)

The Administrative Management Option is designed for students seeking a broad program of study in all phases of business practices. This option focuses not only at the core of management (principles of management, organizational behavior, and personnel administration) but also encompasses the critical areas of business operations (principles of marketing, accounting, and business law).

**Foreign Language**

*Students may substitute ACC 131 and ACC 132 for ACC 201. Only three hours may be applied to the required number of hours for granting the degree.*

**NOTE:** Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
MANAGEMENT CAREERS -- MID-MANAGEMENT OPTION

Offered at all seven campuses

(Associate Degree)

The Mid-Management Program provides an opportunity for students to acquire knowledge in the management field and at the same time update and sharpen personal management skills. In addition to learning about supervision, personnel management, human relations psychology, problem-solving, decision-making, and other related business topics, students also participate in an on-the-job management training course with their present employers. These management training courses at work allow students to apply what is learned in the classroom environment and obtain the valuable practical experience necessary to become competent business managers. The Mid-Management Program allows students the opportunity to bridge the gap between theory and practice as professional managers.

MANAGEMENT CAREERS -- MID-MANAGEMENT

Offered at all seven colleges

(Certificate)

The Mid-Management program is designed to develop the fundamental skills, knowledge, attitudes and experiences which enable men and women to function in leadership and decision-making positions as managers. Students combine management classes and on-the-job management training with their present employers. All of the courses for this certificate are applicable to the Mid-Management associate degree option.

MORTGAGE BANKING

North Lake College Only

(Associate Degree)

This program is designed to develop the skills and knowledge necessary so that a graduate may advance in career paths appropriate to that person's own particular interests and abilities in the field of mortgage banking. In addition to the specific technical skills and knowledge required to originate, process and manage mortgage loans, the graduate will have covered skills in other areas such as real estate, planning and organization, problem solving and decision making, communication, accounting and business.

Minimum Hours Required 70

1 Students may be placed in typing courses based on proficiency level determined by previous training, experience and/or placement tests. If a student places out, any OFC course may be taken to supplement the minimum hours required.

2 For legal emphasis, OFC 274 (Legal Secretarial Procedures) may be substituted.

3 OFC 190 is equivalent to 179, 182 and 185

4 For legal emphasis, OFC 167 (Legal Terminology and Transcription) may be added.

5 + Electives must be taken from the following:

| OFC 143 | Contemporary Topics in Office Technology 1 |
| OFC 144 | Contemporary Topics in Office Technology 2 |
| OFC 145 | Contemporary Topics in Office Technology 3 |
| OFC 183 | Keyboarding and Speed for Accuracy 1 |
| OFC 284 | Specialized Software 1 |

6 For legal emphasis, BUS 234 (Business Law) may be taken.

7 Elective must be selected from the following: Astronomy, Biology, Chemistry, Earth Science, Ecology, Geology, Physical Science or Physics.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
OFFICE TECHNOLOGY --
CERTIFIED PROFESSIONAL
SECRETARY ARTICULATION

Offered at all seven campuses

Credit toward an associate degree in Office Technology will be granted upon successful completion of all parts of the Certified Professional Secretary (CPS) Exam. In order to receive credit, the registrar at the college must receive notification from the Institute for Certifying Secretaries that the applicant has passed all sections of the exam. The student must complete 12 credit hours (excluding developmental courses) within the District of which at least two courses must be completed in the area of Office Technology. The student must complete the courses with a grade of "C" or higher.

The courses for which credit may be granted are:

2OFC 190 is equivalent to OFC 179, 182, and 185.
This program prepares students for employment in the physical fitness industry. Students in this program acquire skills in conducting physical fitness and health risk assessments, prescribing exercise and lifestyle change programs, and instructing individuals and groups in physical fitness and health promotion activities. Areas studied include health risk appraisal, nutrition and weight control, smoking cessation, stress management, body composition analysis, and the development of joint flexibility, muscular strength and endurance, and aerobic capacity. The students acquire the knowledge and skills to supervise the use of physical fitness facilities and to provide exercise leadership and programming.

Upon successful completion of the program, the student will receive an Associate in Applied Sciences Degree and will be prepared to sit for national certification examinations.

*PEH Activity - Any Physical Education activity course.

**Mathematics Requirement - Any 100 level Mathematics course.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
This certificate program in physical fitness technology prepares students to make physical fitness assessments, prescribe exercise programs, and instruct individuals and groups in physical fitness activities. This one-year program is particularly appropriate for those who want to expand or upgrade their skills, e.g., those who already have a degree and/or are employed in a physical fitness or related field. Students completing the certificate program have the option to continue their study toward the completion of the Associate Degree.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
ACCOUNTING

ACC 131 Bookkeeping I (3)
(Next year's course prefix/number ACCT 1371)
The fundamental principles of double-entry bookkeeping are presented and applied to practical business situations. Emphasis is on financial statements, trial balances, work sheets, special journals, and adjusting and closing entries. A practice set covering the entire business cycle is completed. (3 Lec.)

ACC 132 Bookkeeping II (3)
(Next year's course prefix/number ACCT 1372)
Prerequisite: Accounting 131. This course covers accruals, bad debts, taxes, depreciation, controlling accounts, and business vouchers. Bookkeeping for partnerships and corporations is introduced. (3 Lec.)

ACC 201 Principles of Accounting I (3)
(Common Course Number ACCT 2301)
This course covers the theory and practice of measuring and interpreting financial data for business units. Basic concepts, principles, and procedures are applied to the following topics: operating cycle, accruals and deferrals, financial statements, internal controls, receivables, inventory, fixed assets, and liabilities. (3 Lec.)

ACC 202 Principles of Accounting II (3)
(Common Course Number ACCT 2302)
Prerequisite: Accounting 201. This course is a continuation of Accounting 201. This course covers the theory and practice of measuring and interpreting financial data for business units, with emphasis on corporations and managerial applications. Basic concepts, principles, and procedures are applied to the following topics: preparation and analysis of financial statements, budgeting, cash flow, cost systems, responsibility accounting, and cost-volume-profit analysis. (3 Lec.)

ACC 203 Intermediate Accounting I (3)
(Next year's course prefix/number ACCT 2376)
Prerequisite: Accounting 202. This course is an intensive study of the concepts, principles, and practice of modern financial accounting. Included are the purposes and procedures underlying financial statements. (3 Lec.)

ACC 204 Managerial Accounting (3)
(Next year's course prefix/number ACCT 2377)
Prerequisite: Accounting 202. This course is a study of accounting practices and procedures used to provide information for business management. Emphasis is on the preparation and internal use of financial statements and budgets. Systems, information, and procedures used in management planning and control are also covered. (3 Lec.)

ACC 205 Business Finance (3)
(Next year's course prefix/number ACCT 2375)
Prerequisites: Economics 201 or 202 and Accounting 201. This course focuses on the financial structure in the free enterprise system. Topics include interest rates, value analysis, the financing of business firms and government, and security markets. Financial requirements for decision-making and capital formation are analyzed. (3 Lec.)

ACC 207 Intermediate Accounting II (3)
(Next year's course prefix/number ACCT 2379)
This course continues Accounting 203. Principles and problems in fixed liabilities and capital stock are examined. Equities, business combinations, and the analysis and interpretation of supplementary statements are also included. (3 Lec.)

ACC 238 Cost Accounting (3)
(Next year's course prefix/number ACCT 2378)
Prerequisite: Accounting 202. The theory and practice of accounting for a manufacturing concern are presented. The measurement and control of material, labor, and factory overhead are studied. Budgets, variance analysis, standard costs, and joint and by-product costing are also included. (3 Lec.)

ACC 239 Income Tax Accounting (3)
(Next year's course prefix/number ACCT 2372)
Prerequisite: Accounting 202 or demonstrated competence approved by the instructor. This course examines basic income tax laws which apply to individuals and sole proprietorships. Topics include personal exemptions, gross income, business expenses, non-business deductions, capital gains and losses. Emphasis is on common problems. (3 Lec.)

ACC 250 Microcomputer-Based Accounting Applications (3)
(Next year's course prefix/number ACCT 2370)
Prerequisites: Accounting 202 and Computer Information Systems 101 or demonstrated competence approved by the instructor. This course is designed to provide students with an overview of microcomputer-based accounting systems for small businesses. Actual "hands-on" experience will be provided utilizing an integrated general ledger accounting package, including accounts receivable and accounts payable. In addition, various electronic spreadsheet applications and other topics will be covered. Laboratory fee. (2 Lec., 2 Lab.)
ACC 703 Cooperative Work Experience (3)
(Next year's course prefix/number ACCT 7371)
Prerequisites: Completion of Accounting 201 and 202 or instructor approval. This course combines work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Each student must complete three objectives and work a minimum of 15 hours per week for a total of three credit hours. Seminar topics include an orientation session, setting and writing job objectives, career planning, interpersonal skills, and an exit session. (1 Lec., 15 Lab.)

ACC 704 Cooperative Work Experience (4)
(Next year's course prefix/number ACCT 7471)
Prerequisites: Completion of Accounting 201 and 202 or instructor approval. This course combines work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Each student must complete four objectives and work a minimum of 20 hours per week for a total of four credit hours. Seminar topics include an orientation session, setting and writing job objectives, career planning, interpersonal skills, and an exit session. (1 Lec., 20 Lab.)

ACC 713 Cooperative Work Experience (3)
(Next year's course prefix/number ACCT 7372)
Prerequisite: Completion of Accounting 703 or 704. This course combines work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Each student must complete three new objectives and work a minimum of 15 hours per week for a total of three credit hours. Seminar topics include an orientation session, setting and writing job objectives, and additional independent study of business topics. The independent study topics in this course must be different from those included in the previous cooperative education course. (1 Lec., 15 Lab.)

ACC 714 Cooperative Work Experience (4)
(Next year's course prefix/number ACCT 7472)
Prerequisite: Completion of Accounting 703 or 704. This course combines work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Each student must complete four new objectives and work a minimum of 20 hours per week for a total of four credit hours. Seminar topics include an orientation session, setting and writing job objectives, and additional independent study of business topics. The independent study topics in this course must be different from those included in the previous cooperative education course. (1 Lec., 20 Lab.)

AIR CONDITIONING AND REFRIGERATION

ACR 109 Contemporary Topics I (2)
(Next year's course prefix/number HVAC 1270)
Topics studied in this course will vary based on areas of special interest and recent developments in the air conditioning and refrigeration service industry. Topics covered in this course may be repeated for credit when topics vary. Laboratory fee. (1 Lec., 2 Lab.)

ACR 110 Contemporary Topics II (3)
(Next year's course prefix/number HVAC 1370)
Topics studied in this course will vary based on areas of special interest and recent developments in the air conditioning and refrigeration service industry. Topics covered in this course may be repeated for credit when topics vary. Laboratory fee. (2 Lec., 2 Lab.)

ACR 120 Principles Of Refrigeration (6)
(Next year's course prefix/number HVAC 1670)
This course is a comprehensive course that includes Air Conditioning 121 and 122. Students may register in the comprehensive course or the inclusive courses. The physical principles applying to refrigeration systems are studied including thermodynamics, gas laws, heat transfer, refrigerants, pressure-enthalpy diagrams, vapor compression systems, safety procedures and the proper safe use of hand tools. Laboratory fee. (4 Lec., 5 Lab.)

ACR 121 Principles Of Refrigeration I (3)
(Next year's course prefix/number HVAC 1371)
The physical principles applying to refrigeration systems including thermodynamics, gas laws and heat transfer are covered by this course. The proper use of hand tools and safety procedures followed in the industry are presented. Laboratory fee. (2 Lec., 2 Lab.)

ACR 122 Principles Of Refrigeration II (3)
(Next year's course prefix/number HVAC 1372)
Prerequisite: Air Conditioning and Refrigeration 121. This course is a continued study of the physical principles related to refrigeration systems including basic properties of refrigerants and the construction of pressure-enthalpy diagrams. The operation of vapor compression systems are studied in detail. (2 Lec., 3 Lab.)
ACR 125 Principles Of Electricity (6)
(Next year's course prefix/number HVAC 1671)
This course is a comprehensive course that includes Air Conditioning 126 and 127. Students may register in the comprehensive course or the inclusive courses. The electrical principles applied to the air conditioning and refrigeration systems are studied including simple circuits, circuits, basic electrical units, test instruments, construction and diagnosis of complex electrical circuits, alternating current motors and electrical safety procedures. Laboratory fee. (4 Lec., 5 Lab.)

ACR 126 Principles Of Electricity I (3)
(Next year's course prefix/number HVAC 1373)
This course is a study of the principles of electricity as applied in the air conditioning and refrigeration service field. Simple circuits, circuit components, basic electrical units and test instruments are covered. Laboratory fee. (2 Lec., 3 Lab.)

ACR 127 Principles Of Electricity II (3)
(Next year's course prefix/number HVAC 1374)
Prerequisite: Air Conditioning and Refrigeration 126. This course continues the study of electricity applied to air conditioning and refrigeration. Emphasis is placed on the construction and diagnosis of complex electrical circuits and alternating current motors used in the air conditioning and refrigeration service industry. Laboratory fee. (2 Lec., 2 Lab.)

ACR 130 Residential Cooling Systems (6)
(Next year's course prefix/number HVAC 1672)
Prerequisites: Air Conditioning and Refrigeration 120 and 125. This course is a comprehensive course that includes Air Conditioning 131 and 132. Students may register in the comprehensive course or the inclusive courses. This course covers compressors, condensers, evaporators, metering devices, pipe sizing, piping practices, seasonal maintenance, electrical systems, system trouble-shooting and system installation. Laboratory fee. (4 Lec., 5 Lab.)

ACR 131 Residential Cooling Systems I (3)
(Next year's course prefix/number HVAC 1375)
Prerequisites: Air Conditioning and Refrigeration 122 and 127. The principles of refrigeration and electricity are applied to residential cooling systems. Emphasis is placed on compressors, condensers, evaporators, metering devices and electrical components function and relationship. Laboratory fee. (2 Lec., 2 Lab.)

ACR 132 Residential Cooling Systems II (3)
(Next year's course prefix/number HVAC 1376)
Prerequisite: Air Conditioning and Refrigeration 131. This course includes pipe sizing, piping practices, seasonal maintenance, system trouble-shooting and system installation. Laboratory fee. (2 Lec., 3 Lab.)

ACR 137 Contemporary Topics III (1)
(Next year's course prefix/number HVAC 1170)
Topics studied in this course will vary based on areas of special interest and recent developments in the air conditioning and refrigeration service industry. Topics covered in this course will be annotated in the class schedule. This course may be repeated for credit when topics vary. (1 Lec.)

ACR 138 Contemporary Topics IV (2)
(Next year's course prefix/number HVAC 1271)
Topics studied in this course will vary based on areas of special interest and recent developments in the air conditioning and refrigeration service industry. Topics covered in this course will be annotated in the class schedule. This course may be repeated for credit when topics vary. (2 Lec.)

ACR 139 Contemporary Topics V (3)
(Next year's course prefix/number HVAC 1377)
Topics studied in this course will vary based on areas of special interest and recent developments in the air conditioning and refrigeration service industry. Topics covered in this course will be annotated in the class schedule. This course may be repeated for credit when topics vary. (3 Lec.)

ACR 140 Residential Heating Systems (6)
(Next year's course prefix/number HVAC 1673)
Prerequisites: Air Conditioning and Refrigeration 120 and 125. This course is a comprehensive course that includes Air Conditioning 141 and 142. Students may register in the comprehensive course or the inclusive courses. The servicing of residential heating systems is studied. Topics include gas-fired furnaces, electric furnaces, heat pumps, control circuits and other related topics. Laboratory fee. (4 Lec., 5 Lab.)

ACR 141 Residential Heating Systems I (3)
(Next year's course prefix/number HVAC 1376)
Prerequisites: Air Conditioning and Refrigeration 122 and 127. This course is a study of the procedures and principles used in servicing residential heating systems including gas-fired and electric furnaces. Laboratory fee. (2 Lec., 3 Lab.)

ACR 142 Residential Heating Systems II (3)
(Next year's course prefix/number HVAC 1379)
Prerequisite: Air Conditioning and Refrigeration 141. Heat pumps, heating system control circuits and other topics related to residential heating systems are covered in this course. Laboratory fee. (2 Lec., 2 Lab.)
ACR 200 Contractor Estimating (6)
(Next year's course prefix/number HVAC 2370)
This course is a comprehensive course that includes Air Conditioning 209 and 210. Students may register in the comprehensive course or the inclusive courses. The study of load calculations, air duct design, building plans, construction codes, state and local licenses, job estimating and job scheduling are covered in this course. Laboratory fee. (4 Lec., 5 Lab.)

ACR 209 Contractor Estimating I (3)
(Next year's course prefix/number HVAC 2370)
This course is a study of load calculations, air duct design and building plans used in the industry by service contractors. Laboratoy fee. (2 Lec., 3 Lab.)

ACR 210 Contractor Estimating II (3)
(Next year's course prefix/number HVAC 2371)
Prerequisite: Air Conditioning and Refrigeration 209. This course continues the study of contractor estimating including construction codes, state and local licenses, job estimating elements, and job scheduling. Laboratory fee. (2 Lec., 2 Lab.)

ACR 212 System Servicing (6)
(Next year's course prefix/number HVAC 2671)
Prerequisites: Air Conditioning and Refrigeration 130 and 140. This course is a comprehensive course that includes Air Conditioning 213 and 214. Students may register in the comprehensive course or the inclusive courses. This course includes psychometric air properties, system balancing, the service of humidifiers and electronic air cleaners, advanced system trouble-shooting, and system installation. Laboratory fee. (4 Lec., 5 Lab.)

ACR 213 System Servicing I (3)
(Next year's course prefix/number HVAC 2372)
Prerequisites: Air Conditioning and Refrigeration 132 and 142. The topics of psychometric air properties, system balancing, the service of humidifiers and electronic air cleaners are covered in this course. Laboratory fee. (2 Lec., 2 Lab.)

ACR 214 System Servicing II (3)
(Next year's course prefix/number HVAC 2373)
Prerequisite: Air Conditioning and Refrigeration 213. This course is a continuation of system servicing with emphasis on advanced system trouble-shooting and system installation. Laboratory fee. (2 Lec., 3 Lab.)

ACR 221 Refrigeration Loads (3)
(Next year's course prefix/number HVAC 2374)
Prerequisites: Air Conditioning and Refrigeration 130 and 140. This course focuses on the analysis and estimation of refrigeration loads for medium and low temperature systems. Product storage data and procedures for calculating loads with a variety of products and refrigeration equipment are included. Laboratory fee. (2 Lec., 2 Lab.)
ACR 229 Refrigeration Equipment Selection (3)  
(Next year's course prefix/number HVAC 2380)  
Prerequisite: Credit or enrollment in Air Conditioning and Refrigeration 223 or 227. This course presents a procedure for selecting equipment and estimating the capacity of commercial refrigeration systems. Consideration is given to component compatibility, system continuity control, balancing, and efficiency. Laboratory fee. (2 Lec., 2 Lab.)

ACR 230 Energy Conservation (3)  
(Next year's course prefix/number HVAC 2381)  
Prerequisite: Credit or enrollment in Air Conditioning and Refrigeration 229. The flow of energy in an air conditioning or refrigeration system is examined in depth. Emphasis is on cost effectiveness and energy savings. Practical situations are examined where industry offers a range of equipment or construction designs using various sources of energy with different degrees of efficiency. Laboratory fee. (2 Lec., 2 Lab.)

ACR 703 Cooperative Work Experience (3)  
(Next year's course prefix/number HVAC 7371)  
Prerequisites: Completion of two courses in the Air Conditioning/Refrigeration program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of topics which include preparation of resumes, changing jobs, supervising subordinates, and building self-esteem. (1 Lec., 15 Lab.)

ACR 704 Cooperative Work Experience (4)  
(Next year's course prefix/number HVAC 7471)  
Prerequisites: Completion of two courses in the Air Conditioning/Refrigeration program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of topics which include preparation of resumes, changing jobs, supervising subordinates, and building self-esteem. (1 Lec., 20 Lab.)

ANTHROPOLOGY

ANT 100 Introduction To Anthropology (3)  
(Common Course Number ANTH 2346)  
This course surveys the origin of mankind involving the processes of physical and cultural evolution, ancient man, and preliterate man. Attention is centered on fossil evidence, physiology and family/group roles and status. (3 Lec.)  
(Coordinating Board Academic Approval Number 4502015142)

ANT 101 Cultural Anthropology (3)  
(Common Course Number ANTH 2351)  
This course introduces students to the elements and processes that create culture, society and social interaction. Language, cross-cultural communication, fieldwork, and analysis of multicultural societies are covered. A special emphasis is given to cross-cultural comparison and analysis of basic social institutions on a global scale in order to provide students with an appreciation and understanding of the underlying unity of diverse cultural expressions. (3 Lec.)  
(Coordinating Board Academic Approval Number 4502015342)
ANT 104 American Indian Culture (3)
(Next year’s course prefix/number ANTH 1370)
Native Americans are studied from three perspectives: Native American history and prehistory; traditional Indian cultures; and native Americans today. The latter theme stresses current topics such as discrimination, poverty, employment, reservations, The Bureau of Indian Affairs, self-determination, health care, etc. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015342)

ANT 110 The Heritage Of Mexico (3)
(Next year’s course prefix/number ANTH 1371)
This course (cross-listed as History 110) is taught in two parts each semester. The first part of the course deals with the archeology of Mexico beginning with the first humans to enter the North American continent and culminating with the arrival of the Spanish in 1519 A.D. Emphasis is on archaic cultures, the Maya, the Toltec, and Aztec empires. The second part of the course deals with Mexican history and modern relations between the United States and Mexico. The student may register for either History 110 or Anthropology 110 but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015342)

ANT 231 Introduction To Archeology (3)
(Common Course Number ANTH 2302)
This course is an anthropological approach to archeology. Topics include an introduction to the study of humanity’s past. How archeologist retrieve, process, analyze and interpret surviving prehistoric materials is covered, as well as a survey of world prehistory through neolithic times. (3 Lec.)
(Coordinating Board Academic Approval Number 4503015142)

ART 104 Art Appreciation (3)
(Common Course Number ARTS 1301)
Films, lectures, slides, and discussions focus on the theoretical, cultural, and historical aspects of the visual arts. Emphasis is on the development of visual and aesthetic awareness. (3 Lec.)
(Coordinating Board Academic Approval Number 5007035130)

ART 105 Survey Of Art History (3)
(Common Course Number ARTS 1303)
This course covers the history of art from prehistoric time through the Gothic period. It explores the cultural, geophysical, and personal influences on art styles. (3 Lec.)
(Coordinating Board Academic Approval Number 5007035230)

ART 106 Survey Of Art History (3)
(Common Course Number ARTS 1304)
This course covers the history of art from the Renaissance through the present. It explores the cultural, geophysical, and personal influences on art styles. (3 Lec.)
(Coordinating Board Academic Approval Number 5007035230)

ART 110 Design I (3)
(Common Course Number ARTS 1311)
Basic concepts of design with two-dimensional materials are explored. The use of line, color, illusion of space or mass, texture, value, shape, and size in composition is considered. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004015330)

ART 111 Design II (3)
(Common Course Number ARTS 1312)
Basic concepts of design with three-dimensional materials are explored. The use of mass, space, movement, and texture, line, plane, volume, color, and scale is considered. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004015330)

ART 114 Drawing I (3)
(Common Course Number ARTS 1316)
This beginning course investigates various media, techniques, and subjects. It explores perceptual and descriptive possibilities and considers drawing as a developmental process as well as an end in itself. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055230)

ART 115 Drawing II (3)
(Common Course Number ARTS 1317)
Prerequisite: Art 114. This course is an expansion of Art 114. It stresses the expressive and conceptual aspects of drawing, including advanced compositional arrangements, a range of wet and dry media, and the development of an individual approach to theme and content. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055230)

ART 116 Jewelry Design And Construction (3)
(Common Course Number ARTS 2341)
This course explores the uses of metal in design, basic fabrication techniques in metal, bezel setting of stones, and simple casting. Emphasis is on original design. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007135130)

ART 117 Advanced Jewelry Design And Construction (3)
(Common Course Number ARTS 2342)
Prerequisite: Art 116. This course continues Art 116. Advanced fabrication, lost wax casting, setting of faceted stones, and forging and shaping of metal, including repousse and chasing are presented. Emphasis is on original design. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007135130)
ART 118 Creative Photography For The Artist I (3)
(Next year's course prefix/number ARTS 1370)
Prerequisites: Art 110, Art 114, or demonstrated competence approved by the instructor. Creative use of the camera is studied. Photosensitive materials are examined as a means of making expressive graphic images. Emphasis is on black and white processing and printing techniques. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5006057130)

ART 119 Creative Photography For The Artist II (3)
(Next year's course prefix/number ARTS 1371)
Prerequisite: Art 118 or demonstrated competence approved by the instructor. This course is a continuation of Art 118. Emphasis is on individual expression. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5006057130)

ART 165 Fundamental Design Studio I (4)
(Common Course Number ARCH 1403)
Prerequisites: Interior Design program major. Basic concepts of design limited to black and white values are studied including form, scale, space, proportion, rhythm, theme, variety, accent, unity, texture, and pattern as applied to two-dimensional and three-dimensional abstract projects. This course is intended for students enrolled in applied arts programs. Laboratory fee. (2 Lec., 5 Lab.)
(Coordinating Board Academic Approval Number 0402015422)

ART 199 Problems In Contemporary Art (1)
(Next year's course prefix/number ARTS 1170)
Area artists, critics, and art educators speak with students about the work exhibited in the gallery and discuss current art styles and movements. They also discuss specific aspects of being artists in contemporary society. This course may be repeated for credit. (1 Lec.)
(Coordinating Board Academic Approval Number 5007035230)

ART 201 Drawing III (3)
(Common Course Number ARTS 2323)
Prerequisites: Art 110, Art 111, Art 115, sophomore standing, or demonstrated competence approved by the instructor. This course covers the analytic and expressive drawing of the human figure. Movement and volume are stressed. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055330)

ART 202 Drawing IV (3)
(Common Course Number ARTS 2324)
Prerequisites: Art 201, sophomore standing, or demonstrated competence approved by the instructor. This course continues Art 201. Emphasis is on individual expression. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055330)

ART 203 Art History (3)
(Next year's course prefix/number ARTS 2370)
Prerequisites: Art 105 and Art 106. The development of the art of western culture during the Renaissance Period is presented. Emphasis is on the development of Renaissance art in Northern and Southern Europe. (3 Lec.)
(Coordinating Board Academic Approval Number 5007035230)

ART 204 Art History (3)
(Next year's course prefix/number ARTS 2371)
Prerequisites: Art 105 and Art 106. The development of the art of western culture from the late 19th century through today is presented. Emphasis is on the development of modern art in Europe and America. (3 Lec.)
(Coordinating Board Academic Approval Number 5007035230)

ART 205 Painting I (3)
(Common Course Number ARTS 2316)
Prerequisites: Art 110, Art 111, Art 115, or demonstrated competence approved by the instructor. This studio course stresses fundamental concepts of painting with acrylics and oils. Emphasis is on painting from still life, models, and the imagination. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085230)

ART 206 Painting II (3)
(Common Course Number ARTS 2317)
Prerequisite: Art 205. This course continues Art 205. Emphasis is on individual expression. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085230)

ART 208 Sculpture I (3)
(Common Course Number ARTS 2326)
Prerequisites: Art 110, Art 111, Art 115, or demonstrated competence approved by the instructor. Various sculptural approaches are explored. Different media and techniques are used. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085130)

ART 209 Sculpture II (3)
(Common Course Number ARTS 2327)
Prerequisite: Art 208. This course continues Art 208. Emphasis is on Individual expression. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085130)

ART 210 Commercial Art I (3)
(Next year's course prefix/number ARTS 2372)
Prerequisites: Art 110, Art 111, Art 115 or demonstrated competence approved by the instructor. The working world of commercial art is introduced. Typical commercial assignments are used to develop professional attitudes and basic studio skills. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 4802037129)

88
ART 215 Ceramics I (3)
(Common Course Number ARTS 2346)
Prerequisites: Art 110, Art 111, Art 115 or demonstrated competence approved by the instructor. This course focuses on the building of pottery forms by coil, slab, and use of the wheel. Glazing and firing are also included. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007115130)

ART 216 Ceramics II (3)
(Common Course Number ARTS 2347)
Prerequisite: Art 215 or demonstrated competence approved by the instructor. Advanced problems in the creation of artistic and practical ceramic ware. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007115130)

ART 217 Watercolor I (3)
(Common Course Number ARTS 2366)
Prerequisites: Art 110, Art 111, and Art 115 or demonstrated competence approved by the instructor. This course explores studio techniques in water base media. Emphasis is placed on exploration of a variety of modes and techniques as a means to original expression. This course may be repeated for credit. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085330)

ART 218 Watercolor II (3)
(Common Course Number ARTS 2367)
Prerequisite: Art 217. This course continues the development of skills in water base media. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085330)

ART 220 Printmaking I (3)
(Common Course Number ARTS 2333)
Prerequisites: Art 110, Art 111, Art 115, or demonstrated competence approved by the instructor. Basic printmaking processes are introduced. Included are planographic, intaglio, stencil and relief processes. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007105130)

ART 221 Design I (3)
(Common Course Number ARTS 2311)
Prerequisites: Art 110, Art 111, Art 114, and Art 115. This course is a development of two- and three-dimensional projects in a variety of materials. Emphasis is on individual expression. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004015330)

ART 222 Design II (3)
(Common Course Number ARTS 2334)
Prerequisite: Art 221. This course is a continuation of Printmaking I. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007105130)

ART 227 Design III (3)
(Common Course Number ARTS 2311)
Prerequisites: Art 110, Art 111, Art 114, and Art 115. This course is a development of two- and three-dimensional projects in a variety of materials. Emphasis is on individual expression. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004015330)

ART 229 Design IV (3)
(Next year's course prefix/number ARTS 2373)
Prerequisite: Art 227. This course is a continued investigation into the problems of two- and three-dimensional concepts. Emphasis is on individual expression. Laboratory fee. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004015330)

ART 232 Fibers I (3)
(Common Course Number ARTS 2336)
Prerequisites: Art 110, Art 111, Art 114, and Art 115. This course explores the problems of design, construction, and form utilizing basic fiber techniques. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007125130)

ART 233 Fibers II (3)
(Common Course Number ARTS 2337)
Prerequisite: Art 232. This course is a continuation of Art 232. It further explores fiber techniques and processes. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007125130)

ASTRONOMY

AST 101 Descriptive Astronomy (3)
(Common Course Number PHYS 1311)
This course surveys the fundamentals of astronomy. Emphasis is on the solar system. Included is the study of the celestial sphere, the earth's motions, the moon, planets, asteroids, comets, meteors, and meteorites. (3 Lec.)
(Coordinating Board Academic Approval Number 4002015130)

AST 102 General Astronomy (3)
(Common Course Number PHYS 1312)
Stellar astronomy is emphasized. Topics include a study of the sun, the properties of stars, star clusters, nebulae, interstellar gas and dust, the Milky Way Galaxy, and external galaxies. (3 Lec.)
(Coordinating Board Academic Approval Number 4002015130)

AST 103 Astronomy Laboratory I (1)
(Common Course Number PHYS 1111)
Prerequisite: Credit or concurrent enrollment in Astronomy 101. The student uses simple equipment to make elementary astronomical observations of the motions of celestial objects. Also covered are elementary navigational techniques, graphical techniques of calculating the position of a planet or comet, and construction of simple observing equipment. This laboratory includes night observations. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 4002015130)
the various uses
AST 111 Fundamentals Of Astronomy (4)
(Common Course Number PHYS 1411)
This course concerns fundamental aspects of the solar system and the historical development of astronomical ideas. Included are studies of the celestial sphere and motions of the earth, the moon, planets, and other minor bodies. The origin and evolution of the solar system are also covered. The laboratory includes outdoor viewing sessions and study of celestial motions, elementary navigation, constellation identification, and telescope construction. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4002015139)

AST 112 General Introductory Astronomy (4)
(Common Course Number PHYS 1412)
This course concerns fundamental properties of stars, stellar systems, star clusters, nebulae, interstellar gas and dust, and galaxies. Included is the study of the sun, Milky Way Galaxy, stellar evolution, black holes, and current cosmological ideas. The laboratory includes outdoor viewing sessions and the study of timekeeping, use of spectra, and motions of stars and galaxies. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4002015139)

BIOLOGY

BIO 101 General Biology (4)
(Common Course Number BIOL 1406)
This course is the first of a two semester sequence designed for students majoring or minoring in biology and related disciplines. Topics include but are not limited to the scientific method, general and biological chemistry, cell structure and function, cell reproduction, and molecular genetics. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601015124)

BIO 102 General Biology (4)
(Common Course Number BIOL 1407)
This course is a continuation of Biology 101 and is intended for students majoring or minoring in biology and related disciplines. Topics include but are not limited to development, evolution, ecology, population genetics, and a review of the diversity of life. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601015124)

BIO 103 Introductory Botany (4)
(Common Course Number BIOL 1411)
This course introduces plant form and function. Topics ranging from the cell through organs are included. Emphasis is on the vascular plants, including the taxonomy and life cycles of major plant divisions. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2603015124)

BIO 105 Biological Science (4)
(Common Course Number BIOL 1408)
This course is designed for all majors except science. Selected topics in biological science are presented to students not majoring in the sciences to promote their understanding of biological concepts and to enable them to use these concepts in their daily lives. Topics include chemistry and biochemistry, the cell, respiration, photosynthesis, cell reproduction, genetics, and reproduction and development. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601015124)

BIO 106 Biological Science (4)
(Common Course Number BIOL 1409)
This course is designed for all majors except science. Selected topics in biological science are presented to students not majoring in the sciences to promote their understanding of biological concepts and to enable them to use these concepts in their daily lives. Topics include plant and animal systems, diversity of life and population dynamics, taxonomy, evolution, and ecology. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601015124)

BIO 120 Introduction To Human Anatomy And Physiology (4)
(Next year's course prefix/number BIOL 1470)
Prerequisite: Prior enrollment in Biology 115 is recommended for those with no previous high school biology. Major topics include cell structure and function, tissues, organization of the human body, and the following organ systems: skeletal, muscular, nervous, and endocrine. This course is a foundation course for specialization in Associate Degree Nursing and allied health disciplines. Other students interested in the study of structure and function of the human body should consult a counselor. Emphasis is on homeostasis. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2607065124)

BIO 121 Introduction To Human Anatomy And Physiology (4)
(Next year's course prefix/number BIOL 1472)
Prerequisite: Biology 120. This course is a continuation of Biology 120. Major topics include the following organ systems: digestive, circulatory, respiratory, urinary, and reproductive. Emphasis is on homeostasis. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2607065124)
BIO 203 Intermediate Botany (4)
(Next year's course prefix/number BIOL 2470)
Prerequisites: Biology 101 and 102. The major plant groups are surveyed. Emphasis is on morphology, physiology, classification, and life cycles. Evolutionary relationships of plants to each other and their economic importance to humans are also covered. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2603015124)

BIO 218 General Microbiology (4)
(Next year's course prefix/number BIOL 2420)
Prerequisite: Biology 102 or 121 or demonstrated competence approved by the instructor. Topics include growth, reproduction, nutrition, genetics, and ecology of microorganisms, as well as aspects of microbial disease, immunology and chemotherapy. Laboratory activities constitute a major part of the course. Laboratory fee. (3 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 2605015124)

BIO 218 Field Biology (3)
(Next year's course prefix/number BIOL 2370)
Local plant and animal life are surveyed in relationship to the environment. Aquatic and terrestrial communities are studied with reference to basic ecological principles and techniques. Emphasis is upon classification, identification, and collection of specimens in the field. This course may be repeated for credit. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 0301025124)

BIO 221 Anatomy And Physiology I (4)
(Next year's course prefix/number BIOL 2401)
Prerequisite: Biology 102 or demonstrated competence approved by the instructor. This course examines cell structure and function, tissues, and the skeletal, muscular, and nervous systems. Emphasis is on structure, function, and the interrelationships of the human systems. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2607065124)

BIO 222 Anatomy And Physiology II (4)
(Next year's course prefix/number BIOL 2402)
Prerequisite: Biology 221 or demonstrated competence approved by the instructor. This is the second course of a two course sequence. Structure and function as related to the human circulatory, respiratory, urinary, digestive, reproductive, and endocrine systems are studied. Emphasis is placed on the interrelationships of these systems. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2607065124)

BIO 223 Environmental Biology (3)
(Next year's course prefix/number BIOL 2306)
The principles of aquatic and terrestrial communities are presented. Emphasis is on the relationship of these principles to the problems facing people in a modern technological society. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 0301025124)

BIO 226 Genetics (4)
(Next year's course prefix/number BIOL 2416)
This course focuses on genetics. Topics include Mendelian inheritance, recombinant genetics, the biochemical theory of genetic material, and mutation theory. Plant and animal materials are used to study population genetics, linkage, gene structure and function, and other concepts of heredity. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2606135124)

BIO 230 Mammalian Physiology (4)
(Next year's course prefix/number BIOL 2471)
Prerequisite: Twelve hours of biology, eight hours of inorganic chemistry or concurrent registration in organic chemistry and demonstrated competence approved by the instructor. This course is a study of the function of various mammalian systems. Emphasis is on interrelationships. Instruments are used to measure various physiological features. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2607065124)

BIO 235 Comparative Anatomy Of The Vertebrates (4)
(Next year's course prefix/number BIOL 2472)
Prerequisites: Biology 101 and 102. For science majors and pre-medical and pre-dental students. Major groups of vertebrates are studied. Emphasis is on morphology and evolutionary relationships. Laboratory fee. (3 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 2607065124)

BLUEPRINT READING

BPR 177 Blueprint Reading - Mechanical (2)
(Next year's course prefix/number BLPR 1270)
Engineering drawings are described and explained. Topics include multi view projection, sections, auxiliaries, bill of materials, symbols, notes, conventions, and standards. The skills of visualization, dimensioning, and sketching of machine parts are covered. (1 Lec., 3 Lab.)

BPR 178 Blueprint Reading - Architectural (2)
(Next year's course prefix/number BLPR 1271)
The different architectural type prints are read. Specifications and more complex prints such as structural, electrical, HVAC and plumbing are included. (1 Lec., 3 Lab.)
BPM 160 Design, Operation and Maintenance of Building Systems I (3)
Prerequisite: Real Estate 130 or demonstrated competence approved by the instructor. This course provides the student with a working knowledge of project development, codes and regulations, structural design and maintenance, heating and air conditioning, plumbing and water treatment. Life cycle costing and energy management are integrated into the study of the systems presented. (3 Lec.)

BPM 260 Design, Operation and Maintenance of Building Systems II (3)
Prerequisite: Real Estate 130 or demonstrated competence approved by the instructor. This course provides the student with a working knowledge of building electrical and lighting systems, elevators and escalators, custodial management and interior maintenance, pest control and sanitation, exterior landscaping design and maintenance, parking lots and structures, and building security, safety, and inspection. The application of life cycle costing and energy management of building systems is continued. (3 Lec.)

BPM 261 Law for Property Managers (3)
Prerequisite: Real Estate 130 or demonstrated competence approved by the instructor. This course includes a review of the court systems and dispute resolution. The basic laws of real and personal property, liability, contracts and contract law, agency, mortgages, liens and leases, transfer of rights and interests, conveyances, landlord/tenant relationships, land use controls and environmental law are also studied. (3 Lec.)

BPM 262 Real Property Accounting (3)
Prerequisite: Real Estate 130 or demonstrated competence approved by the instructor. This course reviews financial accounting concepts and their application to real property managerial accounting. Topics include the revenue and expense cycles, cash flow and financial statements, financial statements analysis, cost controls, lease financial administration, and income and expense budgeting. Computerized accounting applications are integrated into the presentation of topics covered. (3 Lec.)

BPM 263 Risk Management and Insurance (3)
Prerequisite: Real Estate 130 or demonstrated competence approved by the instructor. This course provides the student with a working knowledge of risk management and the function of insurance as a component of risk management. Topics include risk control and funding mechanisms, insurance company operations, insurance policy principles and components, property and income, loss and liability policies, employee benefit plans, and managing real estate loss exposures. The claims adjustment process, dealing with insurers and agents or brokers and environmental concerns are also studied. All topics are addressed from a real property management perspective. (3 Lec.)

BPM 264 Leasing and Marketing for Property Managers (3)
This course focuses on the marketing of commercial real estate to include market analysis, developing a marketing plan, public relations and advertising and tenant satisfaction. The leasing function to include prospecting for tenants, negotiating the contract, and lease documentation and administration are also studied. (3 Lec.)

BUS 105 Introduction To Business (3)
This course provides an introduction to business operations. Topics include: the business system, legal forms of business, organization and management, business functions (production, marketing, finance, risk management, information systems, accounting) and the environments affecting business (the economy, labor, government regulation, social responsibility, law, international business, and technology). (3 Lec.)

BUS 143 Personal Finance (3)
Personal financial issues are explored. Topics include financial planning, insurance, budgeting, credit use, home ownership, savings, investment, and tax problems. (3 Lec.)

BUS 234 Business Law (3)
This course presents the legal principles affecting business decisions. The law of contracts, agency, sales, negotiable instruments, and secured transactions are specifically covered. (3 Lec.)
CHEMISTRY

CHM 101 General Chemistry (4)
(Common Course Number CHEM 1411)
Prerequisites: Developmental Mathematics 093 or equivalent and any one of the following: high school chemistry, Chemistry 115, or the equivalent. This course is for science and science-related majors. Fundamental concepts of chemistry are presented including states and properties of matter, the periodic table, chemical reaction types and energy relationships, chemical bonding, atomic and molecular structure, stoichiometry, gas laws and solutions. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4005015239)

CHM 102 General Chemistry (4)
(Common Course Number CHEM 1412)
Prerequisite: Chemistry 101. This course is for science and science-related majors. It is a continuation of Chemistry 101. Previously learned and new concepts are applied. Topics include reaction kinetics and chemical equilibrium, acids, bases, salts and buffers, thermodynamics, colligative properties of solutions, electrochemistry, transition-metal chemistry, nuclear chemistry, qualitative inorganic analysis and an introduction to organic chemistry. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4005015239)

CHM 115 Chemical Science (4)
(Next year's course prefix/number CHEM 1470)
Prerequisite: Developmental Mathematics 091 or the equivalent. This course is for non-science majors. Fundamental concepts are presented in lecture and laboratory including the periodic table, atomic structure, chemical bonding, reactions, stoichiometry, states of matter, properties of metals, nonmetals and compounds, acid-base theory, oxidation-reduction, solutions and nuclear chemistry. Descriptive chemistry is emphasized. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4005015239)

CHM 116 Chemical Science (4)
(Next year's course prefix/number CHEM 1471)
Prerequisite: Chemistry 115 or demonstrated competence approved by the instructor. This course is for non-science majors. It surveys organic chemistry and biochemistry. The reactions, syntheses, nomenclature, uses, purposes and properties of the important classes of organic and biochemical compounds are studied. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4005015239)

CHM 201 Organic Chemistry I (4)
(Common Course Number CHEM 2423)
Prerequisite: Chemistry 102. This course is for science and science-related majors. It introduces the fundamental classes of organic (carbon) compounds and studies alliphatic and aromatic hydrocarbons in detail. It includes occurrence, structure, stereo-chemistry, nomenclature, and reactions and mechanisms of synthesis. Lab includes: synthesis, purification by distillation, recrystallization, extraction and chromatography, and identification by spectroscopic, physical and chemical methods. Laboratory fee. (3 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 4005045239)

CHM 202 Organic Chemistry II (4)
(Common Course Number CHEM 2425)
Prerequisite: Chemistry 201. This course is for science and science-related majors. It is a continuation of Chemistry 201. Topics studied include properties and syntheses of aliphatic and aromatic systems of aldehydes, ketones, carboxylic acids, esters, ethers, amines, alcohols and amides. Further topics include polyfunctional and heterocyclic compounds, amino acids, proteins, lipids and carbohydrates. Laboratory includes qualitative organic analysis. Laboratory fee. (3 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 4005045239)

CHM 203 Quantitative Analysis (4)
(Common Course Number CHEM 2401)
Prerequisite: Chemistry 102, Mathematics 101. A survey of methods used in analytical chemistry: gravimetric and volumetric methods based on equilibria, oxidation-reduction, and acid-base theory, spectrophotometry, chromatography and electroanalytical chemistry. (2 Lec., 6 Lab.)
(Coordinating Board Academic Approval Number 4005025139)

CHM 205 Chemical Calculations (2)
(Common Course Number CHEM 1207)
Prerequisite: Chemistry 102. Chemical calculations are reviewed. Emphasis is on stoichiometry and chemical equilibrium. (2 Lec.)
(Coordinating Board Academic Approval Number 4005025139)

CHM 234 Instrumental Analysis (4)
(Common Course Number CHEM 2402)
Prerequisite: Chemistry 203 or demonstrated competence approved by the instructor. The role of modern electronic instrumentation in analysis is explored. Topics include infrared and ultraviolet spectroscopy, gas chromatography, potentiometric titration, electrochemistry, continuous flow analysis, scintillation counting, electrophoresis, flame photometry, and atomic absorption spectrophotometry as analytical tools. Laboratory fee. (2 Lec., 6 Lab.)
(Coordinating Board Academic Approval Number 4005025139)
COLLEGE LEARNING SKILLS

CLS 100 College Learning Skills (1)
(Next year’s course prefix/number DCLS 0100)
This course is for students who wish to extend their learning skills for academic or career programs. Individualized study and practice are provided in reading, study skills, and composition. This course may be repeated for a maximum of three credits. TASP remediation and/or preparation may be included. Students may enroll in up to three different sections of CLS during one semester.
(1 Lec.)
(Coordinating Board Academic Approval Number 3201015235)

COMMUNICATIONS

COM 131 Applied Communications (3)
(Common Course Number ENGL 2311)
Prerequisite: An appropriate assessment test score (ACT, DCCC, or SAT). This course focuses on student writing. It emphasizes reading and analytical thinking skills and introduces research skills. Students practice writing for a variety of audiences and purposes, primarily job-related.
(3 Lec.)
(Coordinating Board Academic Approval Number 2311015135)

COMPUTER AIDED DESIGN & DRAFTING

CAD 101 CAD Operations (2)
(Next year’s course prefix/number CADD 1270)
This course provides instruction in hardware selection, setup and use of a CAD station. Emphasis is placed on control of the operating system, file management and keyboarding. Other topics include software installation, hardware installation and configuration, such as mouse, tablet, printers, plotters, graphics adapters and other configurable items such as communication ports, and serial ports. An introduction to word processing and spread sheets is included. Laboratory fee.
(1 Lec., 2 Lab.)

CAD 135 CAD/Graphic Processes (2)
(Next year’s course prefix/number CADD 1271)
Equipment, media and processes used to print, plot and reproduce multiple copies of technical drawings and art are studied. Topics include preparing drawings to be offset printed in multiple colors; techniques of shading and varying line weights for laser printers; sizing and inserting electronic art into files created by word processors; preparing silk screen art for panels, printed circuit boards, etc. and the use of screened prints for technical art works such as PCB and shade line drawings and other current topics in CAD.
(1 Lec., 3 Lab.)

CAD 136 Civil Design (3)
(Next year’s course prefix/number CADD 1370)
This is a specialty course to prepare one to work in civil drafting. Various drawings are completed, such as relief maps, plan and profile drawings, roadways, pipelines, and petroleum and geophysical maps. Calculations are made from surveyor’s notes to plot traverse and contour lines and to determine areas and volume. A set of drawings is prepared for a residential subdivision, a shopping center, or some other type of land development. The use of the computer to produce drawings is encouraged. Laboratory fee.
(2 Lec., 4 Lab.)

CAD 161 Manufacturing Fundamentals (3)
(Next year’s course prefix/number CADD 1371)
Manufacturing fundamentals and production methods including NC-CNC concepts are studied. Emphasis is on automation and set up for operation of CNC machines. The student will be able to interpret and describe information required to produce a CNC program. The functions and role of CAD and its relationship to computer aided manufacturing are studied. Laboratory fee.
(2 Lec., 4 Lab.)

CAD 182 Technician Drafting (2)
(Next year’s course prefix/number CADD 1272)
This course focuses on the reading and interpretation of engineering drawings. Topics include multi view drawings, pictorial drawings, dimensioning, measurement with scales, schematic diagrams, and printed circuit boards. Laboratory fee.
(1 Lec., 3 Lab.)

CAD 183 Basic Drafting (4)
(Next year’s course prefix/number CADD 1470)
This course is for students who have had little or no previous experience in conventional drafting procedures or computer aided drafting. Topics include orthographic projection, dimensioning, tolerancing, sections, auxiliaries and fasteners. Emphasis will be on learning drafting conventions to produce technical sketches and drawings while the student learns the basic operations of interactive CAD systems. Experience is provided in using handbooks and other resource materials. No previous background in the use of computers is required. Laboratory fee.
(2 Lec., 6 Lab.)
CAD 185 Architectural Design (4)
(Next year's course prefix/number CADD 1471)
This course begins with architectural lettering and drafting of construction details. Emphasis is on technique and use of appropriate material symbols and conventions. Working drawings are prepared, including plans, elevations, sections, and details. Drawings for buildings using steel, concrete, and timber structural components are covered. Reference materials are used to provide skills in locating data and in using handbooks. The use of the computer to produce drawings is encouraged. Laboratory fee. (2 Lec., 6 Lab.)

CAD 230 Structural Design (3)
(Next year's course prefix/number CADD 2370)
Prerequisites: Computer Aided Design 183. Stresses and thermal and elastic qualities of various materials are studied. Beams, columns, and other materials are included. Structural plans, details, and shop drawings of components are developed for buildings using steel, reinforced concrete, and timber structures. Emphasis is on drafting appropriate drawings for fabrication and erection of structural components. The use of the computer to produce drawings is encouraged. Laboratory fee. (2 Lec., 4 Lab.)

CAD 231 Electronic Design (3)
(Next year's course prefix/number CADD 2371)
Prerequisite: Computer Aided Design 183. This course focuses on drawings used in the electronics industry. Topics include block and logic diagrams, schematic diagrams, interconnecting wiring diagrams, printed circuit boards, integrated circuits, component packaging, chassis design and current practices. The use of the computer to produce drawings is encouraged. Laboratory fee. (2 Lec., 4 Lab.)

CAD 232 CAD Illustration (3)
(Next year's course prefix/number CADD 2372)
Prerequisite: Computer Aided Design 245. The rendering and creation of three-dimensional drawings and models are covered. Engineer sketches and orthographic drawings are developed into isometric, oblique and perspective drawings and models. Exploded views and cutaway drawings are created and fully indexed as required by repair and installation description or part lists. Models are shaded using current software programs. Laboratory fee. (2 Lec., 4 Lab.)

CAD 235 Facilities Management Design (3)
(Next year's course prefix/number CADD 2373)
Prerequisite: Computer Aided Design 245. Students completing this course have the basic knowledge for the job of facilities drafter. Commercial space plans and extracting of data from these plans is covered. Details of modular furniture, free standing furnishings, reflected ceiling plans including heating ventilating and air conditioning vents are drawn. Locating and specifying of these elements is examined in detail. After commercial spaces are drawn, and furniture, lighting and HVAC elements are located on the drawing, a computer generated listing of all items is created. The student is required to create the form for this list from commonly used software. Plans for spaces such as offices, restaurants, manufacturing areas, banks and etc. are assigned. Laboratory fee. (2 Lec., 4 Lab.)

CAD 236 Pipe Design (3)
(Next year's course prefix/number CADD 2374)
Prerequisites: Computer Aided Design 183 and Mathematics 195 or the equivalent. This course presents the methods of piping of fluids for refineries, petrochemical plants, and industrial facilities. ASME codes are applied to the design of pressure vessels, pipe fitting, welded and seamless piping, pumps, and heat exchanges. Drawing techniques are emphasized in orthographic isometric projections. The use of the computer to produce drawings is encouraged. Laboratory fee. (2 Lec., 4 Lab.)

CAD 237 Advanced 3-D Illustration (3)
(Next year's course prefix/number CADD 2375)
Prerequisites: Computer Aided Design 232 and 245. The creation, rendering and animation of technical art for technical publications is pursued in-depth. Slide shows, VCR output and hard copies of complex drawings and models are produced. Complex exploded views, cutaways, and external views of current industrial equipment and products are produced in black and white and color. Laboratory fee. (2 Lec., 4 Lab.)

CAD 240 Printed Circuit Design (3)
(Next year's course prefix/number CADD 2376)
Prerequisite: Computer Aided Design 231, concurrent enrollment in Computer Aided Design 231 or the equivalent. This course develops skills in the design of double-sided and multi-layer printed circuit boards. Students design boards from schematics, parts lists, and manufacturing specifications. Some boards are designed for manual parts insertion and taped art works. Others are designed for automatic parts insertion and digitized inputs for art works. The use of the computer to produce drawings is encouraged. Laboratory fee. (2 Lec., 4 Lab.)
CAD 241 Integrated Circuit Design (3)
(Next year's course prefix/number CADD 2377)
Prerequisites: Computer Aided Design 240, Electronics Technology 190 or the equivalent. Must be taken concurrently with Electronics Technology 250. This course develops skills in the design of integrated circuits. Electronic theory and laboratory exercises in active devices are combined with drafting lectures and laboratory drafting to enable students to design simple integrated circuits from schematic diagrams and given design rules. Laboratory fee. (2 Lec., 4 Lab.)

CAD 242 Advanced Integrated Circuit Design (3)
(Next year's course prefix/number CADD 2378)
Prerequisite: Computer Aided Design 241. This course develops skills in the design of complex integrated circuits. Students work from schematic diagrams and two sets of given rules. Work is done to meet industrial standards of current technologies. Laboratory fee. (2 Lec., 4 Lab.)

CAD 243 Advanced Printed Circuit Design (3)
(Next year's course prefix/number CADD 2379)
Prerequisite: Computer Aided Design 240. This course includes the design of double-sided, multi-layer, surface-mounted, and flex-cable printed circuit boards. Students select various types of integrated circuit chips while applying pin swapping and gate combination techniques. Industry standards are followed in design development. The use of computers to produce drawings is encouraged. Laboratory fee. (2 Lec., 4 Lab.)

CAD 244 Computer Aided Design (3)
(Next year's course prefix/number CADD 2380)
Prerequisite: Computer Aided Design 183 or the equivalent. Capabilities and limitations of the electronic computer as an aid to the designer are studied. Drafting procedures using an interactive system with computer graphics are practiced. Forms and uses of computer aided products are viewed in perspective with the overall design process. Laboratory fee. (2 Lec., 4 Lab.)

CAD 245 Advanced CAD-Electronic (3)
(Next year's course prefix/number CADD 2381)
Prerequisites: Computer Aided Design 231. Advanced uses of the electronic computer as an aid to the designer are studied. Special emphasis is given to printed circuit board design. Menu and library construction will be practiced while using the interactive graphic system. Laboratory fee. (2 Lec., 4 Lab.)

CAD 246 Advanced CAD-Mechanical (3)
(Next year's course prefix/number CADD 2382)
Prerequisite: Computer Aided Design 240. Special applications of printed circuit design techniques and principles in particular systems of design are studied. Specialization may be focused by classification of the electronic circuits, of resources for design, and of processes for manufacture of the printed circuits. Laboratory fee. (2 Lec., 4 Lab.)

CAD 247 Applied Printed Circuit Design (3)
(Next year's course prefix/number CADD 2382)
Prerequisite: Computer Aided Design 240. Special applications of printed circuit design techniques and principles in particular systems of design are studied. Specialization may be focused by classification of the electronic circuits, of resources for design, and of processes for manufacture of the printed circuits. Laboratory fee. (2 Lec., 4 Lab.)
CAD 255 Selected Topics In Drafting (3)
(Next year's course prefix/number CADD 2388)
Prerequisite: Demonstrated competence approved by the instructor. Special topics in advanced drafting are covered. Topics will be those with current industry applications and may be individualized for each student. This course may be repeated for credit when topics vary. Laboratory fee. (2 Lec., 4 Lab.)

CAD 704 Cooperative Work Experience (4)
(Next year's course prefix/number CADD 7471)
Prerequisites: Completion of two courses in the Computer Aided Design and Drafting program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of an introduction to cooperative education, orientation to learning on the job, writing the learning plan, college resources available, and college degree plans. (1 Lec., 20 Lab.)

CIS 101 Introduction to Computer Applications And Concepts (4)
(Next year's course prefix/number CISC 1470)
This course introduces the use of computers in business organizations, professional activities and personal life. Topics include terminology, hardware components, systems and application software, systems development of applications, and use of contemporary software application packages (such as word processing, spreadsheet, database, and graphics). Laboratory fee. (3 Lec., 3 Lab.)

CIS 103 Introduction to Computer Information Systems (3)
(Next year's course prefix/number CISC 1370)
This course presents an overview of computer information systems with an emphasis on business applications. Topics include terminology, systems and procedures, and the role of computers and their evolution in an information-oriented society. The fundamentals of computer problem solving are applied through the use of the BASIC programming language and application software packages. Laboratory fee. (3 Lec., 1 Lab.)

CIS 106 Problem Solving With The Computer (4)
(Next year's course prefix/number CISC 1471)
Prerequisite: Credit or concurrent enrollment in Computer Information Systems 101 or demonstrated competence approved by the instructor. This course explores the methods of providing computerized solutions to business problems. Analysis and design methods and tools are studied and applied to practical situations involving various business functions. Topics include problem solving skills, logic structures, and programming. Laboratory fee. (3 Lec., 4 Lab.)
CIS 108  X-base Programming I  (4)  (Next year's course prefix/number CISC 1472)
Prerequisites: Computer Information Systems 101 and Computer Information Systems 106 or demonstrated competence approved by the instructor. This course develops structured programming skills using an Xbase language. Topics include input/output, comparisons, control breaks, array concepts and report forms. Skills in problem analysis, using design tools, coding, testing, and documentation are also developed. Laboratory fee.  (3 Lec., 4 Lab.)

CIS 111  Data Entry Applications And Concepts  (3)  (Next year's course prefix/number CISC 1371)
Prerequisite: One semester of high school or college-level typing or keyboarding or demonstrated competence approved by the instructor. This course provides hands on experience using a personal computer for data entry applications. Students will learn to use a data entry utility program to create, change, and modify data sets, as well as enter variable data. Speed and accuracy will be stressed. Laboratory fee.  (2 Lec., 4 Lab.)

CIS 116  Systems Management/Operations I  (4)  (Next year's course prefix/number CISC 1473)
Prerequisite: Credit or concurrent enrollment in Computer Information Systems 101 and Computer Information Systems 106 or demonstrated competence approved by the instructor. The Interrelationships among computer systems, hardware and software are covered. Topics include tasks associated with systems management and computer operations; peripheral device fundamentals; physical file concepts; using job documentation, standards, operating procedures, control language; and analyzing output and audit logs. Laboratory fee.  (3 Lec., 4 Lab.)

CIS 121  Text Processing Applications  (4)  (Next year's course prefix/number CISC 1474)
Prerequisite: Computer Information Systems 101 or demonstrated competence approved by the instructor. The course covers the use of microcomputers in preparing and editing documents, the mechanics of writing and the composition of various types of communications including letters. Topics include entry and editing, reformatting, search and replace, cut-and-paste, file and print operations, utilities including spelling checkers, outliners, and office productivity tools. Office automation concepts including desk top publishing, facsimile and networking are covered. Students will learn to use commercially available text processors. Laboratory fee.  (3 Lec., 4 Lab.)

CIS 126  Systems Management/Operations II  (4)  (Next year's course prefix/number CISC 1475)
Prerequisites: Computer Information Systems 101, Computer Information Systems 106, and Computer Information Systems 116 or demonstrated competence approved by the instructor. Management theories and multi-user operating system concepts are covered. Topics include physical and logical files; system commands and control language programming; interpretation of messages and codes; maintaining system security; introduction to data communications; data base screen and report design aids, query and update methods used on mainframes, midrange, and personal computer systems. Laboratory fee.  (3 Lec., 4 Lab.)

CIS 160  Data Communications And Operating Systems  (3)  (Next year's course prefix/number CISC 1372)
Prerequisite: Computer Information Systems 101 or demonstrated competence approved by the instructor. This course provides a survey of operating environments and data communications, including vocabulary, concepts, and uses. Topics include connectivity, operating system functions, data communications hardware, software, networks, and protocols.  (3 Lec.)

CIS 162  COBOL Programming I  (4)  (Next year's course prefix/number CISC 1476)
Prerequisites: Computer Information Systems 101 and Computer Information Systems 106 or demonstrated competence approved by the instructor. This course develops structured programming skills using the COBOL language. Topics include input/output, comparisons, control breaks, introductory table concepts, and report formats. Skills in problem analysis, using design tools, coding, testing, and documentation are also developed. Laboratory fee.  (3 Lec., 4 Lab.)

CIS 164  COBOL Programming II  (4)  (Next year's course prefix/number CISC 1477)
Prerequisites: Computer Information Systems 106 and Computer Information Systems 162 or demonstrated competence approved by the instructor. This course continues the development of programming skills using the COBOL language. Topics include advanced table concepts, sort techniques, disk file organizations and maintenance, debugging techniques, copy techniques, and subprograms. Laboratory fee.  (3 Lec., 4 Lab.)
CIS 169 Application Development Tools (4)
(Next year's course prefix/number CISC 1479)
Prerequisite: Computer Information Systems 101 and
Computer Information Systems 106 or demonstrated
competence approved by the instructor. This course in-
troduces application development tools and their
relationship to software productivity. Topics include sur-
vey and definition of available products and their uses,
current functions, evaluation standards, selection and im-
plementation. Laboratory fee. (3 Lec., 4 Lab.)

CIS 171 RPG Programming (4)
(Next year's course prefix/number CISC 1478)
Prerequisite: Computer Information Systems 101 and
Computer Information Systems 106 or demonstrated
competence approved by the instructor. This course in-
troduces programming skills using an RPG language.
Topics include basic listings with levels of totals, array
processing, exception reporting, sequential and keyed file
processing and introduction to interactive processing ap-
plications. Laboratory fee. (3 Lec., 4 Lab.)

CIS 172 BASIC Programming (3)
(Next year's course prefix/number CISC 1373)
Prerequisite: Computer Information Systems 101 and
Computer Information Systems 106 or demonstrated
competence approved by the instructor. This course cov-
ers the fundamentals of the BASIC programming
language. Topics include structured program develop-
ment, input/output operations, interactive concepts and
techniques, selection and iteration, arrays, functions,
string handling, and file processing. Laboratory fee. 
(2 Lec., 2 Lab.)

CIS 173 Pascal Programming For Business (3)
(Next year's course prefix/number CISC 1374)
Prerequisite: Computer Information Systems 101 and
Computer Information Systems 106 or demonstrated
competence approved by the instructor. This course is an
introduction to the Pascal programming language. Topics
will include structured programming and problem-solving
techniques as they apply to business applications. Labo-
rary fee. (2 Lec., 2 Lab.)

CIS 192 UNIX Operating System I (4)
(Next year's course prefix/number CISC 1480)
Prerequisite: Computer Information Systems 101 and
Computer Information Systems 106 or demonstrated
competence approved by the instructor. This course in-
troduces the UNIX operating system and includes topics
about the file system, both the C and Bourne shells,
standard editor (vi), and an introduction to shell program-
ming. (3 Lec., 4 Lab.)

CIS 200 Fundamentals Of Networking (3)
(Next year's course prefix/number CISC 2370)
Prerequisite: Computer Information Systems 160 or dem-
onstrated competence approved by the instructor. This
course presents the fundamentals of computer net-
working. Topics include network planning, cost evaluation,
design, and implementation. Laboratory fee. (3 Lec., 1
Lab.)

CIS 205 Control Language And Operating
Environments (4)
(Next year's course prefix/number CISC 2470)
Prerequisite: Computer Information Systems 101 and
Computer Information Systems 106 or demonstrated
competence approved by the instructor. This course in-
troduces operating systems concepts, terminology, control
language, and utilities. Laboratory fee. (3 Lec., 4 Lab.)

CIS 207 Network Software (4)
(Next year’s course prefix/number CISC 2471)
Prerequisite: Credit or concurrent enrollment in Computer
Information Systems 200 and credit or concurrent enroll-
ment in Computer Information Systems 221, or
demonstrated competence approved by the instructor.
This course presents networking software as applied to
local area networks. Topics include the OSI reference
model, LAN protocols, network utilities, NETBIOS, net-
work security and control, the log-in process, application
software in the network environment, and licensing agree-
ments. Students will learn to use commercially available
LAN software. Laboratory fee. (3 Lec., 4 Lab.)

CIS 209 X-base Programming II (4)
(Next year's course prefix/number CISC 2472)
Prerequisites: Computer Information Systems 109 or
demonstrated competence approved by the instructor.
This course continues programming skills in an Xbase
language. Topics include advanced array concepts, sub-
routine concepts, advanced screen handling techniques,
index techniques, and integrated system development and
organization. Laboratory fee. (3 Lec., 4 Lab.)

CIS 210 Assembly Language I (4)
(Next year's course prefix/number CISC 2473)
Prerequisite: Minimum of three credit hours in a program-
ing language or demonstrated competence approved by
the instructor. This course focuses on basic concepts
and instructions using a current mainframe assembler
language and structured programming techniques. Top-
ics include decimal features, fixed point operations using
registers, selected macro instructions, introductory table
concepts, editing printed output, and reading memory
dumps. Laboratory fee. (3 Lec., 4 Lab.)
CIS 212 C Programming (4)
(Next year's course prefix/number CISC 2474)
Prerequisite: Six credit hours in programming language courses or demonstrated competence approved by the instructor. This course covers the fundamentals of the C Programming language. Topics include structured programming and problem solving techniques. Laboratory fee. (3 Lec., 4 Lab.)

CIS 215 Microcomputer Assembly Language (4)
(Next year's course prefix/number CISC 2475)
Prerequisite: Minimum of three credit hours in programming language courses or demonstrated competence approved by the instructor. The basic elements of the assembler language are introduced and structured programming and top-down design techniques are applied. Topics include architecture and machine definition, data description and other assembler pseudo-ops, logic and shift, arithmetic processing, table concepts, printing, string and screen processing, macro definition, and disk processing. Laboratory fee. (3 Lec., 4 Lab.)

CIS 218 Spreadsheet Applications (4)
(Next year's course prefix/number CISC 2476)
Prerequisites: Computer Information Systems 101 and Computer Information Systems 106 or demonstrated competence approved by the instructor. The course covers the theory and uses of electronic spreadsheets using commercially available packages. Topics include formula creation, template design, formatting features, statistical, mathematical and financial functions, file operations, report generation, graphics, and macro programming. Laboratory fee. (3 Lec., 4 Lab.)

CIS 220 Assembly Language II (4)
(Next year's course prefix/number CISC 2477)
Prerequisite: Computer Information Systems 210 or demonstrated competence approved by the instructor. Advanced programming skills will be developed using a current mainframe assembler language. Topics include advanced fixed point operations, indexing, disk file organization and maintenance, advanced table concepts, data and bit manipulation techniques, macro writing, subprogram linkages, advanced problem analysis, debugging techniques, and introduction to floating point operations. Laboratory fee. (3 Lec., 4 Lab.)

CIS 221 PC Operating Systems And Utilities (4)
(Next year's course prefix/number CISC 2478)
Prerequisites: Computer Information Systems 101 and Computer Information Systems 106 or demonstrated competence approved by the instructor. This course covers operating system concepts and includes data and memory management, the use of batch files, and "path techniques" to facilitate efficient use of secondary storage. Back-up techniques, operating system commands, and operating system enhancer programs and utilities will be analyzed. Laboratory fee. (3 Lec., 3 Lab.)

CIS 225 Systems Analysis And Design (4)
(Next year's course prefix/number CISC 2479)
Prerequisite: Minimum of six hours of programming language courses or demonstrated competence approved by the instructor. This course introduces and develops skills to analyze existing business systems, to design new systems using structured methodology, and to prepare documentation. Emphasis is on a case study involving all facets of systems analysis and design. Laboratory fee. (3 Lec., 4 Lab.)

CIS 226 PC Hardware (4)
(Next year's course prefix/number CISC 2480)
Prerequisite: Minimum of six credit hours in Computer Information Systems courses or demonstrated competence approved by the instructor. This course presents a functional systems-level review of PC hardware and the organization of components and devices into architectural configurations. Students will learn how to prepare and evaluate system specifications, trouble-shoot minor hardware problems, configure and install hardware, manage memory, modify and patch short assembler language programs. Laboratory fee. (3 Lec., 3 Lab.)

CIS 228 Database Applications (4)
(Next year's course prefix/number CISC 2481)
Prerequisites: Minimum of nine credit hours in Computer Information Systems courses or demonstrated competence approved by the instructor. This course covers database management concepts using commercially available software. Topics include terminology, organizing data and designing files, report and menu generation, indexing, selection/queries, browsing, file operations, and program development. Laboratory fee. (3 Lec., 3 Lab.)

CIS 254 Data Base Systems (4)
(Next year's course prefix/number CISC 2482)
Prerequisite: Minimum of nine credit hours in Computer Information Systems courses or demonstrated competence approved by the instructor. This course is an introduction to applications program development in a data base environment with emphasis on loading, modifying, and querying a data base. Topics include data base design, data management, and structured query language. Laboratory fee. (3 Lec., 4 Lab.)

</tbody>
</table>
CIS 281 Applied Studies (3)
(Next year's course prefix/number CISC 2489)
Prerequisites: Minimum of eighteen credit hours of PC-oriented Computer Information Systems courses including Computer Information Systems 226 or demonstrated competence approved by instructor. This course applies PC analyst skills to business situations. Topics include planning and implementing solutions to business-related problems, incorporating student knowledge of hardware, software, applications packages, training, documentation, communication skills, and problem solving skills. Laboratory fee. (2 Lec., 3 Lab.)

CIS 287 Network Problems And Applications (4)
(Next year's course prefix/number CISC 2485)
Prerequisites: Computer Information Systems 207 and credit or concurrent enrollment in Computer Information Systems 277, or demonstrated competence approved by the instructor. This course presents networking problems and applications associated with local area networks. Topics include integration of network resources, network/application interaction, hardware and software conflicts, technical documentation, LAN management, archiving and backup, and common network problems. Laboratory fee. (3 Lec., 4 Lab.)

CIS 292 UNIX Operating System II (4)
(Next year's course prefix/number CISC 2490)
Prerequisites: Computer Information Systems 192 or demonstrated competence approved by the instructor. This course continues the development of UNIX concepts and tools. Topics include advanced file system management, additional editors, text formatting, multi-tasking support and advanced shell programming. Laboratory fee. (3 Lec., 4 Lab.)

CIS 295 UNIX System Administration (4)
(Next year's course prefix/number CISC 2491)
Prerequisites: Computer Information Systems 192 or demonstrated competence approved by the instructor. This course provides students with an introduction to UNIX systems administration. Topics include the administration of data communications, file systems, processes, operations, security and resources. In addition, system configuration and generation will be explored. Some network considerations will also be addressed. Laboratory fee. (3 Lec., 4 Lab.)

CIS 701 Cooperative Work Experience (1)
(Next year's course prefix/number CISC 7171)
Prerequisite: Completion of two courses in the Computer Information Systems program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Student must develop new learning objectives each semester. The seminar consists of topics which include job interview and application techniques, job site interpersonal relations, preparation of resumes, building self-esteem, setting and writing job objectives, time and stress management techniques, career interest/ aptitude test, evaluation and planning, vendor presentation and professional development. (1 Lec., 5 Lab.)

CIS 702 Cooperative Work Experience (2)
(Next year's course prefix/number CISC 7271)
Prerequisite: Completion of two courses in the Computer Information Systems program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Student must develop new learning objectives each semester. The seminar consists of topics which include job interview and application techniques, job site interpersonal relations, preparation of resumes, building self-esteem, setting and writing job objectives, time and stress management techniques, career interest/aptitude test, evaluation and planning, vendor presentation and professional development. (1 Lec., 10 Lab.)

CIS 703 Cooperative Work Experience (3)
(Next year's course prefix/number CISC 7371)
Prerequisites: Completion of two courses in the Computer Information Systems program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Student must develop new learning objectives each semester. The seminar consists of topics which include job interview and application techniques, job site interpersonal relations, preparation of resumes, building self-esteem, setting and writing job objectives, time and stress management techniques, career interest/aptitude test, evaluation and planning, vendor presentation and professional development. (1 Lec., 15 Lab.)
CIS 704 Cooperative Work Experience (4)  
(Next year's course prefix/number CISC 7471)  
Prerequisites: Completion of two courses in the Computer Information Systems program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Student must develop new learning objectives each semester. The seminar consists of topics which include job interview and application techniques, job site interpersonal relations, preparation of resumes, building self-esteem, setting and writing job objectives, time and stress management techniques, career interest/aptitude test, evaluation and planning, vendor presentation and professional development. (1 Lec., 20 Lab.)

CIS 712 Cooperative Work Experience (2)  
(Next year's course prefix/number CISC 7272)  
Prerequisites: Completion of one course in Computer Information Systems 701, 702, 703 or 704. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Student must develop new learning objectives each semester. The seminar consists of topics which include setting and writing job objectives and directed independent studies of computer-related topics such as expert systems, new vendor products or presentation graphics. (1 Lec., 10 Lab.)

CIS 713 Cooperative Work Experience (3)  
(Next year's course prefix/number CISC 7372)  
Prerequisites: Completion of one course in Computer Information Systems 701, 702, 703 or 704. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Student must develop new learning objectives each semester. The seminar consists of topics which include setting and writing job objectives and directed independent studies of computer-related topics such as expert systems, new vendor products or presentation graphics. (1 Lec., 15 Lab.)

CIS 714 Cooperative Work Experience (4)  
(Next year's course prefix/number CISC 7472)  
Prerequisite: Completion of one course in Computer Information Systems 701, 702, 703 or 704. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Student must develop new learning objectives each semester. The seminar consists of topics which include setting and writing job objectives and directed independent studies of computer-related topics such as expert systems, new vendor products or presentation graphics. (1 Lec., 20 Lab.)

COMPUTER SCIENCE

CS 113 Computing Science I (3)  
(Common Course Number COSC 1315)  
Prerequisite: Two years of high school algebra or Developmental Math 093 or demonstrated competence approved by the instructor. This introductory course is designed to meet the requirements for a four-year degree with a major or minor in computer science, mathematics, or a scientific field. This course will focus on problem-solving using modular design techniques implemented with structured programming in Pascal. Laboratory fee. (3 Lec., 1 Lab.)  
(Coordinating Board Academic Approval Number 1102015227)

CS 114 Computing Science II (3)  
(Common Course Number COSC 2318)  
Prerequisites: Computer Science 113 and Math 101 or demonstrated competence approved by the instructor. This course is a continuation of Computer Science 113 and is designed to meet the requirements for a degree in computer science or a related field. Topics include a continuation of Pascal programming, structured problem-solving, elementary data structures including arrays, records, files, and the use of pointer variables. Laboratory fee. (3 Lec., 1 Lab.)  
(Coordinating Board Academic Approval Number 1102015327)

CS 121 Introduction To FORTRAN Programming (3)  
(Common Course Number COSC 1317)  
Prerequisite: Math 102 or demonstrated competence approved by the instructor. This course is intended primarily for students pursuing a degree in an engineering, science, or related field which requires a one-semester course in FORTRAN programming. Emphasis is on the use of the FORTRAN language in technical applications. Topics include input/output, structures, and formatting. Laboratory fee. (2 Lec., 2 Lab.)  
(Coordinating Board Academic Approval Number 1102015227)
CS 122 Introduction To BASIC Programming (3)
(Common Course Number COSC 1310)
Prerequisite: Developmental Math 093 or demonstrated competence approved by the instructor. This course is an introduction to the BASIC programming language. Topics include input/output, looping, decision structures, functions, arrays, disk files, and formatting. Emphasis is placed on structured programming techniques and algorithm development. Laboratory fee. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1102015127)

CS 123 Introduction To PL/I Programming (3)
(Common Course Number COSC 1333)
Prerequisites: Developmental Math 093 and Computer Science 113 or Computer Information Systems 101 or demonstrated competence approved by the instructor. This course is an introduction to the PL/I programming language. Emphasis is placed upon the structured approach to program design using both mathematical and business applications. Topics include string processing, simple data structures, internal search/sort techniques, and sequential file processing. Laboratory fee. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1102015127)

CS 212 Assembly Language (4)
(Common Course Number COSC 2325)
Prerequisite: Computer Science 114 or demonstrated competence approved by the instructor. This course is designed to meet the requirements for a degree in computer science or a related field. Topics covered include a study of assembly language programming, machine representation of data and instructions, and addressing techniques. Laboratory fee. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1102015427)

CS 221 Introduction To Computer Organization (3)
(Common Course Number COSC 1306)
Prerequisite: Computer Science 114 or demonstrated competence approved by the instructor. This course introduces the organization and structuring of the major hardware components of computers, the mechanics of information transfer and control within a digital computer system, and the fundamentals of logic design. Laboratory fee. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1101015227)

CS 222 Introduction To File Processing (3)
(Common Course Number COSC 2315)
Prerequisite: Computer Science 114 or demonstrated competence approved by the instructor. This course introduces the concepts and techniques of structuring data. Experience is provided in the use of secondary storage devices and applications of data structures and file processing techniques. Laboratory fee. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1102015327)

CONSTRUCTION MANAGEMENT AND TECHNOLOGY

CMT 121 Construction Materials, Methods And Equipment I (3)
(Next year's course prefix/number CMGT 1370)
This course introduces construction materials, methods, and equipment. The origin, nature, and normal uses of materials are investigated. The integration of materials into finished projects is also covered. Laboratory fee. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1102015127)

CMT 122 Construction Materials, Methods And Equipment II (3)
(Next year's course prefix/number CMGT 1371)
This course continues the study of construction materials, methods, and equipment. Laboratory fee. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1102015127)

CMT 123 Construction Graphics (4)
(Next year's course prefix/number CMGT 1470)
Construction technology and construction graphic communications are introduced. The student learns to read blueprints and understand the expressed and implied meanings of symbols, conventions, and drawing. Free-hand sketching and basic drafting required of construction supervisors are also included. (2 Lec., 6 Lab.)
(Coordinating Board Academic Approval Number 1102015127)

CMT 124 Electrical And Mechanical Equipment For Buildings (4)
(Next year's course prefix/number CMGT 1471)
The nature and use of materials and equipment in various systems are explained. Included are plumbing, heating, ventilation, air conditioning, electrical, and conveying systems. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1102015127)

CMT 133 The Construction Industry (2)
(Next year's course prefix/number CMGT 1270)
This course will introduce one to the challenging and complex world of commercial and industrial construction. It will profile the construction industry, define its organizational structure, discuss the implications and ramifications of current market trends, provide an overview of construction management methodologies and information systems. Interrelationships between architects, engineers, contractors, agencies, organizations, and trades will be discussed. (2 Lec.)
lab exercises as a means of cost and quality control. Methods and techniques for evaluating construction budget estimates and for locating and correcting budget overruns are discussed and then implemented in various lab exercises as a means of cost and quality control.

Prerequisites: Construction Management Technology 121, 122, and 234, or demonstrated competence approved by the Instructor. The different procedures for scheduling construction projects are discussed then applied in lab exercises. Scheduling procedures to be explored include bar charts, precedence and arrow diagrams and the critical path method of scheduling. Methods and techniques for evaluating construction budget estimates and for locating and correcting budget overruns are discussed and then implemented in various lab exercises as a means of cost and quality control.

Prerequisites: Mathematics 196 and Construction Management Technology 136 or the equivalent. This course reviews the basic principles of surveying and measurements. It covers advanced principles and theories of physical measurements of spatial quantities, theory of errors and error adjustment techniques, the use of modern instruments and measurement systems, vertical and horizontal control measurements and an introduction to land surveying law, application of polynomial curves and polar equations to the vertical and horizontal alignment of route systems. Field problems put the theory into practice. Laboratory fee.

This course covers the responsibilities of a supervisor. Topics include organization, human relations, grievances, training, rating, promotion, quality and quality control, management- employee relations, scheduling of work, and job and safety instructions. Roles played by labor and management in the development of American industry are studied. Forces affecting labor supply, employment, and industrial relations in a democracy are analyzed. Emphasis is on safety and its value to economic operations and employee morale.

This course presents the construction methods in relation to basic code and zoning requirements. The Interrelationships between Federal, State, and municipal authorities and construction methodologies are examined in detail. Students completing this course will receive or update their CPR certification. Major historical events and developments leading to the enactment of the Occupational Safety and Health Act are also reviewed.

Computerized estimating procedures are introduced. Laboratory fee.

Using the Uniform Building Code as the textbook, this course presents the construction methods in relation to basic code and zoning requirements. The interrelationships between Federal, State, and municipal authorities and construction methodologies are examined in detail.

This course presents construction methods in relation to zoning and building codes and occupational safety standards and regulations. The interrelationships among federal, state and municipal authorities and construction operations are examined in detail. Emphasis is placed on the development and implementation of effective loss and accident prevention planning.
CMT 237 Soils, Foundations And Reinforced Concrete (4)
(Next year's course prefix/number CMGT 2475)
Prerequisites: Construction Management and Technology 121 and 122; Engineering 289 desirable. Soil characteristics for a good foundation are studied. Topics include soil sampling and testing. Concrete design, placement, and testing are also covered. Some study of asphaltic pavements is included. Laboratory fee. (3 Lec., 3 Lab.)

CMT 238 Construction Management II (4)
(Next year's course prefix/number CMGT 2476)
Prerequisite: Construction Management and Technology 138. This course examines project planning and development. Topics include feasibility studies, financing, planning, programming, design, and construction. Office engineering techniques and problem-solving are covered. (3 Lec., 3 Lab.)

CMT 239 Introduction To Construction Specification Writing (3)
(Next year's course prefix/number CMGT 2373)
This course will concentrate on the organization and preparation of written construction documents. Emphasis will be placed on further developing concepts initially covered in Construction Management & Technology 231, as well as studying the development and application of master specifications, preliminary project descriptions, outline specifications, and both full, and abbreviated construction documents. Computer applications and automated editing procedures will also be demonstrated and applied. Laboratoy fee. (2 Lec., 2 Lab.)

CMT 249 Advanced Construction Specification Writing (3)
(Next year's course prefix/number CMGT 2374)
This course will apply the principles and practices learned in Construction Management & Technology 239 to the actual preparation and administration of written construction documents for a mock project from schematic phase through bidding. Emphasis will be placed on collecting, organizing, and applying information; researching products and systems; developing rough and final drafts for each type of specification. Methods for coordinating written documents with the drawings and the written documents of other team members will also be investigated. Laboratory fee. (2 Lec., 2 Lab.)

CMT 279 Specification Administration (3)
(Next year's course prefix/number CMGT 2375)
This course will develop administrative skills necessary for a specification writer to function in an office where multiple roles must be performed. Roles include: managing a technical library, maintaining data bases, performing cost budgeting, implementing a continuing education/quality assurance program, assisting in the bidding and construction phases, and archiving of documents. Laboratory fee. (2 Lec., 2 Lab.)

CMT 703 Cooperative Work Experience (3)
(Next year's course prefix/number CMGT 7371)
Prerequisite: Completion of 30 hours in Construction Management & Technology Program or coordinator approval. This course will combine formal education with practical field experience. The CMT program coordinator, employer, and student will develop a competency-based learning plan that will enhance the long-term objective of the student. The lecture portion of this course will include job interview techniques, resume preparation, interpersonal skills, and employer expectations of the employee. (1 Lec., 15 Lab.)

CMT 704 Cooperative Work Experience (4)
(Next year's course prefix/number CMGT 7471)
Prerequisite: Completion of 30 hours in the Construction Management & Technology Program or coordinator approval. This course will combine formal education with practical field experience. The CMT program coordinator, employer, and student will develop a competency-based learning plan that will enhance the long-term objective of the student. The lecture portion of this course will include job interview techniques, resume preparation, interpersonal skills, and employer expectations of the employee. (1 Lec., 20 Lab.)

EGR 290 Mechanics Of Structures (2)
(Next year's course prefix/number ENGR 2270)
Prerequisite: Mathematics 196. This is a basic course in engineering mechanics for technology students. It covers the principles of statics and strengths of materials. Topics include force systems, equilibrium, moments, centroids, elasticity, yield, stresses and strains. Methods analysis and design of bolted and welded joints, trusses, beams, and columns are introduced. Laboratory fee. (2 Lec., 2 Lab.)
CONSTRUCTION TECHNOLOGY

CT 110 Construction I-Systems And Materials (3)  
(Next year's course prefix/number CNST 1370)  
This course is a study of the different types of building systems and materials used in the design and construction of residential and commercial buildings. Different structural building systems will be studied, and wood-related products, concrete and concrete masonry, brick, stone, and steel units are included. (3 Lec.)

CT 111 Construction II-Mechanical, Electrical, And Plumbing Systems (3)  
(Next year's course prefix/number CNST 1371)  
Prerequisite: Construction Technology 110 or demonstrated competence approved by the instructor. This course is a study of the mechanical and electrical systems used in modern buildings of today. Topics that will be covered include the basic understanding of how electrical, heating, air conditioning, and plumbing systems work and how they are designed for residential and light commercial buildings. (3 Lec.)

CT 115 Blueprint Reading/Specifications (3)  
(Next year's course prefix/number CNST 1372)  
The course covers the theory of projection, architectural symbols, relationship of views and measurements, plan and elevation views, sections and details. Also included are terms, specifications, and abbreviations used in reading residential and light commercial building blueprints. (3 Lec.)

CT 116 Commercial Blueprints/Specifications (3)  
(Next year's course prefix/number CNST 1373)  
Prerequisites: Construction Technology 110 and 115 or demonstrated competence approved by the instructor. This course covers commercial building blueprints and specifications. Topics covered include masonry wall, reinforced concrete, prestressed concrete, tilt-up, steel-frame and stairs, and elevators. (3 Lec.)

CT 117 Construction Safety (1)  
(Next year's course prefix/number CNST 1170)  
This course covers safety and job site working conditions for the construction industry. Some of the topics include safety planning, safety and health standards, regulations and codes, record keeping and accident documentation, hazardous materials, safety equipment and drug usage on construction jobs. (1 Lec., 1 Lab.)

CT 118 Codes and Inspections I (3)  
(Next year's course prefix/number CNST 1374)  
Prerequisite: Construction Technology 110 or demonstrated competence approved by the instructor. This course considers inspection procedures and codes. Topics covered include basic code requirements, use of standards in developing codes, model codes, role of the federal government, office and field operations, and building permits. Using the Uniform and Southern Building Codes as enforcement guides, the course reviews residential and light commercial building and minimum property standards. (3 Lec.)

CT 120 Foundations I (3)  
(Next year's course prefix/number CNST 1375)  
Prerequisites: Construction Technology 115 and 117. This course is a comprehensive course that includes Construction Technology 121, 122, and 123. Students may register in the comprehensive course or the inclusive courses. This course covers the construction of foundations for residential and light commercial buildings. Topics studied are builder's level and rod, site preparation for forms on grade, footings, piers and low wall foundations, flat work, curbing and low steps. Laboratory fee. (90 Contact Hours)

CT 121 Site Preparation And Layout (1)  
(Next year's course prefix/number CNST 1171)  
Prerequisites: Construction Technology 115 and 117 or demonstrated competence approved by the instructor. This is the first of three courses on residential and light commercial foundations and will center on site layout, use of builder's level and rod, locating building lines and erecting batter boards. Laboratory fee. (30 Contact Hours)

CT 122 Slabs On Grade (1)  
(Next year's course prefix/number CNST 1172)  
Prerequisites: Construction Technology 115, 117 and 121 or demonstrated competence approved by the instructor. This course will cover slabs on grade for residential and light commercial buildings. Topics covered include study of soils, construction of building slabs, curb and gutter, and edge forms. Laboratory fee. (30 Contact Hours)

CT 123 Low Wall Forms (1)  
(Next year's course prefix/number CNST 1173)  
Prerequisites: Construction Technology 115, 117 and 121 or demonstrated competence approved by instructor. This course will cover low wall and low step forming. Topics covered include low form wall construction, basements, low stair forms and job planning with emphasis on job safety. Laboratory fee. (30 Contact Hours)
CT 125 Building Construction I (3)
(Next year's course prefix/number CNST 1383)
Prerequisites: Construction Technology 115 and 117 or demonstrated competence approved by the instructor. This course is a comprehensive course that includes Construction Technology 126 and 127. Students may register in the comprehensive course or the inclusive courses. This course covers the basics of rough framing for residential and light commercial buildings. Topics include safety, equipment required, job planning, floor, wall, ceiling and roof framing systems. Laboratory fee. (90 Contact Hours)

CT 126 Framing (2)
(Next year's course prefix/number CNST 1270)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by instructor. This course focuses on the basics of rough framing for residential and light commercial buildings. The topics covered include planning, layout and installation of rough framing members for floors, walls, partitions, and basic components of a roof system. Laboratory fee. (60 Contact Hours)

CT 127 Roof Systems (1)
(Next year's course prefix/number CNST 1175)
Prerequisites: Construction Technology 115, 117 and 126 or demonstrated competence approved by instructor. This course covers the construction of basic gable and equal span intersecting roofs. Topics include study of roof framing principles, planning, layout, installation of roof framing members, selection of materials and use of local building codes with emphasis on job safety. Laboratory fee. (30 Contact Hours)

CT 130 Finish Systems I (3)
(Next year's course prefix/number CNST 1376)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by the instructor. This course is a comprehensive course that includes Construction Technology 131, 132 and 133. Students may register in the comprehensive course or the inclusive courses. This course focuses on the completion of the interior finish work performed on residential and small commercial buildings. Main topics covered include insulation and ventilation, drywall and wall finish, flooring, paneling, doors and hardware, and molding and trim work. Laboratory fee. (90 Contact Hours)

CT 131 Wall And Ceiling Finish (1)
(Next year's course prefix/number CNST 1176)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by the instructor. This course will focus on insulation and ventilation, wall and ceiling finish, and paneling. Laboratory fee. (30 Contact Hours)

CT 132 Doors And Hardware (1)
(Next year's course prefix/number CNST 1177)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by the instructor. This course will focus on doors and hardware. Topics include job planning, use of blueprints and specifications in determining types, styles and quantity required, and door and hardware installation. Laboratory fee. (30 Contact Hours)

CT 133 Trim And Millwork (1)
(Next year's course prefix/number CNST 1178)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by the instructor. This course covers millwork, molding and specialty trim work and floor covering. Other topics include job planning, blueprints and specifications for use in determining material requirements. Laboratory fee. (30 Contact Hours)

CT 134 Cabinetry And Millwork (3)
(Next year's course prefix/number CNST 1377)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by the instructor. This course covers cabinet design, construction, and detailed millwork. Topics include cabinet design and installation, built-in cabinetry and paneling, cost and drawings. Laboratory fee. (90 Contact Hours)

CT 135 Engineering Principles And Practices (3)
(Next year's course prefix/number CNST 1378)
Prerequisites: Construction Technology 110 and Math 195 or demonstrated competence approved by the instructor. This course is a comprehensive course that includes Construction Technology 136 and 137. Students may register in the comprehensive course or the inclusive courses. This course is an overall study in the correct use of structural materials. Special emphasis is placed on the use of specification tables, technical manuals, and load tables for building systems and materials. Topics covered are structural mechanics, steel, wood, reinforced concrete, and roof trusses. Residential and both light and heavy commercial building structures will be studied. Laboratory fee. (2 Lec., 2 Lab.)

CT 136 Engineering Principles (1)
(Next year's course prefix/number CNST 1179)
Prerequisites: Construction Technology 110 and Math 195 or demonstrated competence approved by the instructor. This course covers the basic principles of building engineering design. Topics include forces and stress, moments and reactions, shear and bending moments, and theory of bending and properties of sections. (1 Lec.)
CT 137 Engineering Practices (2)
(Next year's course prefix/number CNST 1271)
Prerequisites: Construction Technology 110 and 136 and Math 195 or demonstrated competence approved by instructor. This course covers the basic engineering most commonly used in planning residential and light commercial buildings. Topics include soils, concrete, steel, wood, and trusses. Emphasis will be placed on using charts and tables to determine loads and sizing of various materials. Laboratory fee. (1 Lec., 2 Lab.)

CT 138 Job Site Foreman-Supervision (3)
(Next year's course prefix/number CNST 1379)
This course introduces job site techniques which are important to good supervision. Topics covered include supervisor's role, leadership, motivation, communications, training for production, planning, and organizing. This course was developed as a comprehensive training program for job site foremen. Laboratory fee. (2 Lee., 1 Lab.)

CT 140 Estimating I (3)
(Next year's course prefix/number CNST 1380)
Prerequisites: Construction Technology 110 and 115 or demonstrated competence approved by the instructor. This course is a comprehensive course that includes Construction Technology 141 and 142. This course is designed to train the construction worker in the preparation of cost estimates for residential and light commercial structures. Topics include mathematics, construction techniques, estimating cycle, data sources and use, checklists, and detailed and unit quantity estimating methods. The emphasis in this course will be on establishing material requirements using residential and light commercial blueprints. Laboratory fee. (3 Lec., 1 Lab.)

CT 141 Basic Estimating (2)
(Next year's course prefix/number CNST 1272)
Prerequisites: Construction Technology 110 and 115 or demonstrated competence approved by the instructor. This course focuses on the basics of cost estimating. Topics include essential mathematics, estimating cycle, data sources, checklists, blueprints and specifications, estimating formats and bids, contracts, bonds, insurance, overhead and contingencies, labor and equipment checklists. (2 Lec.)

CT 142 Residential Estimating (2)
(Next year's course prefix/number CNST 1273)
Prerequisites: Construction Technology 110, 115 and 141 and Math 195 or demonstrated competence approved by the instructor. This course develops a bid package for a residential and/or light commercial building using skills developed in Construction Technology 141. Topics include construction techniques, residential estimating cycle, residential data sources and use, checklists, and detailed and unit quantity estimating methods. The emphasis in this course will be on developing a bid package for a residential and/or light commercial building. Laboratory fee. (1 Lec., 1 Lab.)

CT 143 Building Design (3)
(Next year's course prefix/number CNST 1381)
Prerequisites: Construction Technology 110 and 115 or demonstrated competence approved by the instructor. This course introduces basic design principles as applied to building construction, architectural style, land, and site planning. Topics covered include plan analysis, modular design, restrictions and legal aspects of the lot, site layout, architectural styles and basic components, technological advances in new material and methods, and choosing the most appropriate basic structure. (3 Lec.)

CT 145 Field Surveying (3)
(Next year's course prefix/number CNST 1382)
Prerequisites: Construction Technology 110 and 115 and Math 195 or demonstrated competence approved by the instructor. This course is a comprehensive course that includes Construction Technology 146 and 147. Students may register in the comprehensive course or the inclusive courses. This course covers proper methods of measuring distances, the builder's level and rod, and building layout using the transit. Topics covered include taping, builder's level and rod, cut and fill, differential leveling, use of various types of transits and methods of building layout, turning angles, and establishing control points using construction blueprints. Laboratory fee. (2 Lee., 3 lab.)

CT 146 Leveling And The Builder's Level (1)
(Next year's course prefix/number CNST 1180)
Prerequisites: Construction Technology 115 and 117 or demonstrated competence approved by the instructor. This course focuses on measuring distances and the practical uses of the builder's level used in the construction of a building. Topics covered include measuring horizontal and vertical distances, errors and accuracy in measuring, leveling equipment and field set up, differential leveling, cut and fill, contours and slopes, drainage and grading, establishing grades for form work, and piers and inserts. Use of drawings and leveling equipment will be covered. Laboratory fee. (1 Lec., 1 Lab.)
CT 147 Field Layout And The Transit (2)
(Next year’s course prefix/number CNST 1274)
Prerequisites: Construction Technology 110, 115 and 146
and Math 195 or demonstrated competence approved by
the instructor. This course covers the use of the transit in
building layout. Topics covered include a study of various
types of transits and their care and use, measuring and
turning angles, using land surveys, field notes, setting line
and grade, establishing control points, setting curves, and
establishing building points. Laboratory fee. (1 Lec.,
2 Lab.)

CT 212 Commercial Systems, Materials, And
Equipment (3)
(Next year’s course prefix/number CNST 2370)
Prerequisites: Construction Technology 110, 115 and 116
or demonstrated competence as approved by the instruc-
tor. This course focuses on systems and materials used
in commercial buildings. Topics covered are heavy ma-
soroy, prestressed and precast concrete, structural steel,
glass curtain walls, elevators, and interior and exterior
finish materials. (3 Lec.)

CT 213 Codes And Inspections II (3)
(Next year’s course prefix/number CNST 2371)
Prerequisites: Construction Technology 110, 115, 116,
118 and 212 or demonstrated competence approved by
the instructor. This course continues the study of building
codes and inspections centering on commercial building.
Topics include local building codes, enforcement, testing
labs, job site testing and inspections by private testing
companies. (3 Lec.)

CT 215 Reinforced Concrete And Steel-Frame
Structures (3)
(Next year’s course prefix/number CNST 2372)
Prerequisites: Construction Technology 116, 136 and 212
and Math 195 or demonstrated competence approved by
the instructor. This course applies Construction Technol-
ogy 136 skills in an in-depth study of reinforced concrete
and steel frame construction. Topics include soils, rein-
forcing steel, properties of concrete and steel, limitations,
design methods, codes, flexure and shear in concrete and
steel beams, anchorage and connectors, and columns
and piers, with the emphasis placed on commercial struc-
tures. Laboratory fee. (2 Lec., 2 Lab.)

CT 216 Building And Contracting (3)
(Next year’s course prefix/number CNST 2373)
Prerequisites: Construction Technology 110 and 115 and
Business 105. This course covers the basic process of
organizing and operating a building or contracting busi-
ness. Topics covered include establishing goals, orga-
nization, directing, staffing, coordinating and control-
ing, and budgeting required to operate and make a profit
in a construction business. (3 Lec.)

CT 217 Estimating II (4)
(Next year’s course prefix/number CNST 2470)
Prerequisites: Construction Technology 110, 115 and 140
or demonstrated competence approved by the instructor.
This course is a comprehensive course that includes Con-
struction Technology 218 and 219. This course covers
computerized estimating principles and applications for
the construction industry and focuses on a commercial
estimate. Topics covered include DOS commands,
spreadsheets, job tracking, commercial software pack-
eges, commercial estimating techniques and
organization, cost analysis and cost control, overhead
cost control, cost comparisons, and development of a bid
package. Laboratory fee. (3 Lec., 3 Lab.)

CT 218 Computerized Estimating (3)
(Next year’s course prefix/number CNST 2374)
Prerequisites: Construction Technology 110, 140 and
Math 195 or demonstrated competence approved by the
instructor. This course covers computerized estimating
principles and applications for the construction industry.
Topics covered include DOS commands, applications to
estimating and bid analysis, spreadsheets, job tracking,
commercial software packages. A cost estimate will be
developed during course to demonstrate varied concepts.
Laboratory fee. (2 Lec., 2 Lab.)

CT 219 Commercial Estimating (1)
(Next year’s course prefix/number CNST 2170)
Prerequisites: Construction Technology 110, 115 and 140
or demonstrated competence approved by the instructor.
This course will cover the estimating process and focus
on commercial bidding. Topics included are estimating
techniques, organization, completion of bid forms, cost
analysis, cost control, overhead cost control, cost com-
parisons, and bidding using commercial blueprints. Labora-
ory fee. (1 Lec., 1 Lab.)

CT 220 Foundations II (3)
(Next year’s course prefix/number CNST 2375)
Prerequisites: Construction Technology 110, 115 and 117
or demonstrated competence approved by the instructor.
This course is a comprehensive course that includes Con-
struction Technology 221, 222 and 223. Students may
register in the comprehensive course or the inclusive
courses. This course covers commercial foundation lay-
out and forming systems. Topics covered include
scaffolding and shoring, low and high wall forms, vertical
piers and columns, horizontal beam forms, suspended
slabs, stair forms, tilt-up, pre-cast construction and flying
forms. Laboratory fee. (90 Contact Hours)
CT 221 Walls And Columns (1)
(Next year’s course prefix/number CNST 2171)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by the instructor.
This course covers construction of form work for high walls, vertical pier and column forms and scaffolding.
Laboratory fee. (30 Contact Hours)

CT 222 Suspended Slabs And Beams (1)
(Next year’s course prefix/number CNST 2172)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by the instructor.
This course covers construction of horizontal beam and suspended slab forming systems. Also included are topics on job planning, material selection and storage, and scaffolding with an emphasis on safety. Laboratory fee. (30 Contact Hours)

CT 223 Specialty Forms And Stairs (1)
(Next year’s course prefix/number CNST 2173)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by the instructor.
This course will cover tilt-up and pre-cast building, flying forms and stair forms. Other topics covered are planning, materials selection and storage, and scaffolding with an emphasis on safety. Laboratory fee. (30 Contact Hours)

CT 225 Building Construction II (3)
(Next year’s course prefix/number CNST 2376)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by the instructor.
This course is a comprehensive course that includes Construction Technology 226, 227 and 228. Students may register in the comprehensive course or the inclusive courses. This course will continue wood framing with advanced concepts in the construction of various types of roofs and exterior wall and roof finish systems. Topics include selection and installation of exterior doors and windows and trim. Exterior finish systems such as wall coverings, roofing, and cornice will be applied to the various styles of buildings and roof styles. Laboratory fee. (90 Contact Hours)

CT 226 Advanced Roof Systems (1)
(Next year’s course prefix/number CNST 2174)
Prerequisites: Construction Technology 115, 117 and 127 or demonstrated competence approved by the instructor.
This course will continue the study of roof systems already begun in Construction Technology 127. Topics covered include unequal span intersecting roofs, hip roofs, dormers, skylights and structural timber framing. Emphasis will be placed on job planning and safety. Laboratory fee. (30 Contact Hours)

CT 227 Exterior Finish I (1)
(Next year’s course prefix/number CNST 2175)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by the instructor.
This course introduces completion of the exterior trim work. Topics covered include roof trim and cornice work, exterior doors and windows. Laboratory fee. (30 Contact Hours)

CT 228 Exterior Finish II (1)
(Next year’s course prefix/number CNST 2176)
Prerequisites: Construction Technology 110, 117 and 227 or demonstrated competence approved by the instructor.
This course focuses on completion of the exterior wall and roof finish work. Topics covered include roof covering and methods, masonry, stucco and wood wall finish systems, and job planning. Laboratory fee. (30 Contact Hours)

CT 230 Finish Systems II (3)
(Next year’s course prefix/number CNST 2377)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by the instructor.
This course is a comprehensive course that includes Construction Technology 231, 232 and 233. Students may register in the comprehensive course or the inclusive courses. This course covers completion of the exterior wall and roof finish work. Topics covered include exterior finishing systems such as wall coverings, roofing, and cornice will be applied to the various styles of buildings and roof styles. Laboratory fee. (90 Contact Hours)

CT 231 Metal Studs And Suspended Ceilings (1)
(Next year’s course prefix/number CNST 2177)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by the instructor.
This course covers metal stud framing and wall finish treatments for commercial buildings. Topics include metal stud framing, factory built partitions, and suspended ceiling systems, specialty fixtures and hardware, and stair construction. Laboratory fee. (30 Contact Hours)

CT 232 Commercial Doors And Hardware (1)
(Next year’s course prefix/number CNST 2178)
Prerequisites: Construction Technology 110, 115 and 117 or demonstrated competence approved by the instructor.
This course covers commercial doors, hardware and specialty fixtures. Topics include commercial doors and metal jambs, finish hardware, store fixtures, factory-built cabinets and laminates. Laboratory fee. (30 Contact Hours)
CT 233 Stair Building (1)
(Next year's course prefix/number CNST 2179)
Prerequisites: Construction Technology 110, 115 and 117
or demonstrated competence approved by instructor.
This course covers the construction and installation of
interior stairs. Topics covered include stair types and
parts, wood and metal stairs, layout and installation of job
and factory-built stairs, building codes, and blueprints.
Laboratory fee. (30 Contact Hours)

CT 235 Field Supervision I (3)
(Next year's course prefix/number CNST 2378)
This course covers human relations and how to develop
motivation on the job site. Topics include written and oral
communications, leadership and motivation, problem
solving and decision making. Laboratory fee. (90 Con-
tact Hours)

CT 240 Field Supervision II (3)
(Next year's course prefix/number CNST 2379)
This course covers areas from contract documents, plan-
ning and scheduling, along with cost awareness and
production control. Topics covered include document
information and construction decisions, peripheral docu-
ments, large project CPM, production control, work and
cost analysis. Laboratory fee. (90 Contact Hours)

CT 245 Field Supervision III (3)
(Next year's course prefix/number CNST 2380)
This course covers safety and loss control, project man-
agement, construction law, and productivity
improvement. Topics covered include project layout
start-up, OSHA, reading a construction contract, contract
and construction law, and documentation of project activ-
ities. Laboratory fee. (90 Contact Hours)

CT 250 Contemporary Topics In Construction (1)
(Next year's course prefix/number CNST 2180)
Prerequisite: Will vary based on topics covered and will
be annotated in each semester's schedule. Recent devel-
opments and topics of current interest are studied. May
be repeated when topics vary. (1 Lec.)

CT 251 Contemporary Topics In Construction (2)
(Next year's course prefix/number CNST 2270)
Prerequisite: Will vary based on topics covered and will
be annotated in each semester's schedule. Recent devel-
opments and topics of current interest are studied. May
be repeated when topics vary. Laboratory fee. (1 Lec.,
1 Lab.)

CT 252 Contemporary Topics In Construction (3)
(Next year's course prefix/number CNST 2381)
Prerequisite: Will vary based on topics covered and will
be annotated in each semester's schedule. Recent devel-
opments and topics of current interest are studied. May be
repeated when topics vary. (3 Lec.)

CT 253 Special Topics In Construction Technology (3)
(Next year's course prefix/number CNST 2382)
Prerequisite: Will vary based on topics covered and will
be annotated in each semester's schedule. Current devel-
opments in the field of construction are studied. May be
repeated when topics vary. Laboratory fee. (2 Lec.,
2 Lab.)

CT 254 Special Topics In Construction Technology (4)
(Next year's course prefix/number CNST 2471)
Prerequisite: Will vary based on topics covered and will
be annotated in each semester's schedule. Current devel-
opments in the field of construction are studied. May be
repeated when topics vary. Laboratory fee. (3 Lec.,
3 Lab.)

CT 255 Special Projects In Construction Technology (1)
(Next year's course prefix/number CNST 2181)
Prerequisite: Will vary based on projects covered and will
be annotated in each semester's schedule. Current devel-
opments in the field of construction will be developed.
May be repeated when topics vary. (30 Contact Hours)

CT 256 Special Projects In Construction Technology (3)
(Next year's course prefix/number CNST 2383)
Prerequisite: Will vary based on project covered and will
be annotated in each semester's schedule. Current devel-
opments in the field of construction will be developed.
May be repeated when topics vary. Laboratory fee.
(90 Contact Hours)

CT 703 Cooperative Work Experience (3)
(Next year's course prefix/number CHST 7371)
Prerequisites: Completion of two courses in the Construc-
tion Technology program or instructor approval. This
course combines productive work experience with acade-
mic study. The student, employer and instructor will
develop a written competency-based learning plan with
varied learning objectives each semester. The seminar
consists of topics which include job interview and job
application techniques, job site interpersonal relations,
and employer expectations of employees. (1 Lec.,
15 Lab.)

112
CT 704 Cooperative Work Experience (4)
(Next year's course prefix/number CNST 7471)
Prerequisites: Completion of two courses in the Construction Technology program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives each semester. The seminar consists of topics which include job interview and job application techniques, job site interpersonal relations, and employer expectations of employees. (1 Lec., 20 Lab.)

CT 713 Cooperative Work Experience (3)
(Next year's course prefix/number CNST 7372)
Prerequisites: Completion of two courses in the Construction Technology program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of topics which include preparation of resumes, changing jobs, supervising subordinates, and building self-esteem. (1 Lec., 15 Lab.)

CT 714 Cooperative Work Experience (4)
(Next year's course prefix/number CNST 7472)
Prerequisites: Completion of two courses in the Construction Technology program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of topics which include preparation of resumes, changing jobs, supervising subordinates, and building self-esteem. (1 Lec., 20 Lab.)

CRIMINAL JUSTICE

CJ 130 Fundamentals Of Criminal Law (3)
(Common Course Number CJRIJ 1310)
A study of the nature of criminal law is presented. The philosophical and historical development of criminal law is covered. Major definitions and concepts are given. The classification of crime is covered. The elements of crimes and penalties are discussed using Texas statutes as illustrations. Criminal responsibility is defined. (3 Lec.)

CJ 132 The Courts And Criminal Justice (3)
(Common Course Number CJRIJ 1306)
The judiciary in the criminal justice system is explained. The structure of the American Court System is defined. Prosecutional right to counsel is explained. Other areas covered are pretrial release, grand juries, adjudication process, and types of rules of evidence and sentencing. (3 Lec.)

CJ 139 Crime In America (3)
(Common Course Number CJRIJ 1307)
American crime problems are studied in the historical perspective. Social and public policy factors affecting crime are discussed. The impact of crime and crime trends are shown along with the social characteristics of specific crimes. The prevention of crime is emphasized. (3 Lec.)

CJ 140 Introduction To Criminal Justice (3)
(Common Course Number CJRIJ 1301)
This course is a study of history and philosophy of criminal justice including ethical considerations. Topics include the definition of crime, the nature and impact of crime, an overview of the criminal justice system, law enforcement, court system, prosecution and defense, trial process, and corrections. (3 Lec.)

CJ 143 Practical Spanish For Public Service Personnel (3)
(Next year's course prefix/number CJRIJ 1370)
Prerequisite: Criminal Justice 143. This course is a continuation of Criminal Justice 143. Emphasis continues on the skills of understanding, speaking, and listening. Specialized vocabulary and conversational drills in English and Spanish are included. (3 Lec.)

CJ 144 Practical Spanish For Public Service Personnel (3)
(Next year's course prefix/number CJRIJ 1371)
Prerequisite: Criminal Justice 143. This course is a continuation of Criminal Justice 143. Emphasis continues on the skills of understanding, speaking, and listening. Specialized vocabulary and conversational drills in English and Spanish are also continued. (3 Lec.)

CJ 148 Texas Peace Officers Law (3)
(Common Course Number CJRIJ 2333)
Prerequisite: Thirty semester hours of approved academic courses to include fifteen hours of the transfer curriculum in Law Enforcement. This course is a study of laws that are directly related to police field work. Topics include traffic, intoxicated driver, Penal Code, elements of crimes, the Family Code, Alcoholic Beverage Code and civil liability. This course qualifies for four TCLEOSE training points. (3 Lec., 2 Lab.)
CJ 150 Texas Peace Officer Procedures (3)
(Common Course Number CRIJ 2334)
Prerequisite: Criminal Justice 148 or concurrent enrollment. This course is a study of the techniques and procedures used by police officers on patrol. Topics include controlled substance identification, handling abnormal persons, traffic collision investigation, note taking and report writing, vehicle operation, traffic direction, crowd control and jail operations. This course qualifies for four TCLEOSE training points. (3 Lec., 2 Lab.)

CJ 232 Texas Peace Officer Skills (3)
(Common Course Number CRIJ 2335)
Prerequisites: Criminal Justice 148 and 150 or concurrent enrollment. This course includes the demonstration and practice of the skills expected of a police officer. Topics include patrol, traffic stops, use of force, mechanics of arrest, firearms safety and emergency medical care. This course qualifies for five TCLEOSE training points. (4 Lec., 2 Lab.)

CJ 240 Criminal Investigation (3)
(Common Course Number CRIJ 2314)
Prerequisite: Criminal Justice 140. This course covers investigative theory. Topics include the collection and preservation of evidence, sources of information, and interview and interrogation. The uses of forensic sciences and case and trial preparation are also included. (3 Lec.)

CJ 242 Juvenile Procedures (3)
(Common Course Number CRIJ 2322)
Prerequisite: Criminal Justice 140. This course covers recent research and new materials in juvenile procedures. Emphasis is on the major responsibilities of police work with children and youth. (3 Lec.)

CJ 244 Traffic Planning And Administration (3)
(Common Course Number CRIJ 2331)
Prerequisite: Criminal Justice 140. The magnitude and complexities of traffic problems are presented. Topics include techniques used by various agencies to eliminate or control these problems. Emphasis is on evaluation of problems and solutions. (3 Lec.)

CJ 247 Legal Aspects of Law Enforcement (3)
(Common Course Number CRIJ 2323)
This course covers police authority, responsibilities, and constitutional constraints. Topics include laws of arrest, search and seizure, and police liability. (3 Lec.)

CJ 248 Police Systems and Practices (3)
(Common Course Number CRIJ 2328)
The police profession is studied. The organization of law enforcement systems is explained. Other topics include the police role, police discretion, ethics, and police/community interaction. Current and future issues are emphasized. (3 Lec.)

CJ 250 Correctional Systems And Practices (3)
(Common Course Number CRIJ 2313)
The relationship of corrections in the Criminal Justice system, the organization of correctional systems, and the correctional role are covered. Attention is given to institutional operations, alternatives to institutionalization, treatment and rehabilitation, and current and future issues. (3 Lec.)

CJ 251 Community Resources In Corrections (3)
(Common Course Number CRIJ 2301)
This course is an Introductory study of the role of the community in corrections. Community programs for adults and juveniles and the administration of community programs are covered. Legal issues and future trends are presented. (3 Lec.)

CJ 703 Cooperative Work Experience (3)
(Next year's course prefix/number CRIJ 7371)
Prerequisites: Completion of two courses in the Criminal Justice program. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Student must develop new learning objectives each semester. The seminar consists of topics which include job interview and application techniques, job site interpersonal relations, preparation of resumes, building self-esteem, setting and writing job objectives, time and stress management techniques, career interest/aptitude test, evaluation and planning, and professional development. (1 Lec., 15 Lab.)

CJ 704 Cooperative Work Experience (4)
(Next year's course prefix/number CRIJ 7471)
Prerequisites: Completion of two courses in the Criminal Justice program. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Student must develop new learning objectives each semester. The seminar consists of topics which include job interview and application techniques, job site interpersonal relations, preparation of resumes, building self-esteem, setting and writing job objectives, time and stress management techniques, career interest/aptitude test, evaluation and planning, and professional development. (1 Lec., 20 Lab.)
CJ 713 Cooperative Work Experience (3)
(Next year's course prefix/number CRJ 7372)
Prerequisite: Completion of one course in Criminal Justice 703 or 704. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Student must develop new learning objectives each semester. The seminar consists of topics which include setting and writing job objectives. (1 Lec., 15 Lab.)

CJ 714 Cooperative Work Experience (4)
(Next year's course prefix/number CRJ 7472)
Prerequisite: Completion of one course in Criminal Justice 703 or 704. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Student must develop new learning objectives each semester. The seminar consists of topics which include setting and writing job objectives. (1 Lec., 15 Lab.)

DANCE

DAN 116 Rehearsal and Performance (1)
(Common Course Number DANC 1151)
This course supplements beginning dance technique classes. Basic concepts of approaching work on the concert stage—stage directions, stage areas, and the craft involved in rehearsing and performing are emphasized. This course may be repeated for credit. (4 Lab.)
(Coordinating Board Academic Approval Number 5003015230)

DAN 155 Jazz I (1)
(Common Course Number DANC 1147)
The basic skills of jazz dance are introduced. Emphasis is on technique and development, rhythm awareness, jazz styles, and rhythmic combinations of movement. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 5003015230)

DAN 156 Jazz II (1)
(Common Course Number DANC 1148)
Prerequisite: Dance 155 or demonstrated competence approved by the instructor. Work on skills and style in jazz dance is continued. Technical skills, combinations of steps and skills into dance patterns, and exploration of composition in jazz form are emphasized. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 5003015230)

DAN 160 Dance Appreciation (3)
(Common Course Number DANC 2303)
The cultural, historical and aesthetic qualities of dance are presented through lectures, films, videos, demonstrations and dance productions. Primitive, classical and contemporary dance forms are included. (3 Lec.)
(Coordinating Board Academic Approval Number 5003015430)

DAN 161 Beginning Ballet I (2)
(Common Course Number DANC 1241)
This course explores basic ballet techniques. Included are posture, balance, coordination, rhythm, and flow of physical energy through the art form. Theory, terminology, ballet history, and current attitudes and events in ballet are also studied. Barre exercises and center floor combinations are given. Laboratory fee. (1 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5003015230)

DAN 163 Beginning Ballet II (2)
(Common Course Number DANC 1242)
Prerequisite: Dance 161. This course is a continuation of Dance 161. Emphasis is on expansion of combinations at the barre. Connecting steps learned at center are added. Jumps and pirouettes are introduced. Laboratory fee. (1 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5003015230)

DAN 165 Beginning Contemporary Dance I (2)
(Common Course Number DANC 1245)
This course explores basic contemporary techniques. Emphasis is on technique development, and familiarity with contemporary meters and rhythms. An awareness of major influences on concert dance is developed. Laboratory fee. (1 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5003015230)

DAN 166 Beginning Contemporary Dance II (2)
(Common Course Number DANC 1246)
Prerequisite: Dance 165. This course continues and further develops an exploration of Dance 165. Laboratory fee. (1 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5003015230)

DAN 200 Rehearsal and Performance (1)
(Common Course Number DANC 1152)
Prerequisite: Dance 116 or demonstrated competence approved by the instructor. This course supplements intermediate dance technique classes. It is a continuation of Dance 116 with emphasis on more advanced concepts as they apply to actual rehearsals and performances. This course may be repeated for credit. (4 Lab.)
(Coordinating Board Academic Approval Number 5003015230)
DAN 234 Introduction to Composition I (1)  
(Common Course Number DANC 1101)  
Prerequisite: Demonstrated competence approved by the instructor. Development of basic principles and theories involved in composition are studied. Emphasis is placed on movement principles, group and structural forms. This course may be repeated for credit. (2 Lab.)  
(Coordinating Board Academic Approval Number 5003015530)

DAN 235 Introduction to Composition II (1)  
(Common Course Number DANC 1102)  
Prerequisites: Dance 234 and demonstrated competence approved by the instructor. This course is a continuation of Dance 234. This course may be repeated for credit. (2 Lab.)  
(Coordinating Board Academic Approval Number 5003015530)

DAN 252 Coaching and Repertoire (1)  
(Common Course Number DANC 1112)  
Prerequisite: Demonstrated competence approved by the instructor. Variations (male and female) and pas de deux from standard ballet repertoire are studied and notated. The dancer is given individual coaching, with special attention given to the correction of problems. This course may be repeated for credit. Laboratory fee. (2 Lab.)  
(Coordinating Board Academic Approval Number 5003015530)

DAN 253 Improvisation (1)  
(Common Course Number DANC 1113)  
Prerequisite: Dance 155 or 163. This course consists of creative problem-solving utilizing basic elements of design. This course may be repeated for credit. Laboratory fee. (2 Lab.)  
(Coordinating Board Academic Approval Number 5003015530)

DAN 255 Jazz III (1)  
(Common Course Number DANC 2147)  
Prerequisite: Dance 156. This course consists of the development of proper performance framing. Complex jazz rhythms, turns, jumps, and intricate elements of choreography are introduced. Laboratory fee. (3 Lab.)  
(Coordinating Board Academic Approval Number 5003015530)

DAN 256 Jazz IV (1)  
(Common Course Number DANC 2148)  
Prerequisite: Dance 255. This course is a further exploration of Dance 255. This course may be repeated for credit. Laboratory fee. (3 Lab.)  
(Coordinating Board Academic Approval Number 5003015530)

DAN 258 Intermediate Ballet I (2)  
(Common Course Number DANC 2241)  
Prerequisite: Dance 163. The development of ballet techniques is continued. More complicated exercises at the barre and center floor are included. Emphasis is on long series of movements, adagio and jumps. Precision of movement is stressed. Laboratory fee. (1 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 5003015530)

DAN 260 Intermediate Ballet II (2)  
(Common Course Number DANC 2242)  
Prerequisite: Dance 258. This course begins pointe work for women. Specialized beats and tour are begun for men. Individual proficiency and technical virtuosity are developed. This course may be repeated for credit. Laboratory fee. (1 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 5003015530)

DAN 265 Intermediate Contemporary Dance I (2)  
(Common Course Number DANC 2245)  
Prerequisite: Dance 166. This course consists of the development of complex falls, combinations, phrasing, and dramatic emphasis. Laboratory fee. (1 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 5003015530)

DAN 266 Intermediate Contemporary Dance II (2)  
(Common Course Number DANC 2246)  
Prerequisite: Dance 265. This course is a further exploration of Dance 265. This course may be repeated for credit. Laboratory fee. (1 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 5003015530)

DEVELOPMENTAL COMMUNICATIONS

DC 095 Communication Skills (3)  
(Next year’s course prefix/number DEVC 0095)  
This course focuses on strengthening language communications. Topics include grammar, paragraph structure, reading skills, and oral communication. Emphasis is on individual testing and needs. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085135)

DC 120 Communication Skills (3)  
(Next year’s course prefix/number DEVC 0120)  
This course is for students with significant communication problems. It is organized around skill development, and students may enroll at any time (not just at the beginning of a semester) upon the referral of an instructor. Emphasis is on individual testing and needs. Each student learns at a different pace. Special attention is given to oral language. Contacts are made with other departments to provide other ways of learning for the students. (2 Lec., 1 Lab.)  
(Coordinating Board Academic Approval Number 3201085135)

DEVELOPMENTAL LEARNING

DL 094 Learning Skills Improvement (1)  
(Next year’s course prefix/number DEVL 0094)  
Learning skills are strengthened. Emphasis is on individual needs and personalized programs. This course may be repeated for a maximum of three credits. (2 Lab.)  
(Coordinating Board Academic Approval Number 3201085135)
DEVELOPMENTAL MATHEMATICS

DM 060 Basic Mathematics I (1)
(Next year's course prefix/number DEVM 0060)
This course is designed to give an understanding of fundamental operations. Selected topics include whole numbers, decimals, and ratio and proportions. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045137)

DM 061 Basic Mathematics II (1)
(Next year's course prefix/number DEVM 0061)
This course is designed to give an understanding of fractions. Selected topics include primes, factors, least common multiples, percents, and basic operations with fractions. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045137)

DM 062 Pre Business (1)
(Next year's course prefix/number DEVM 0062)
This course is designed to introduce students to business mathematics. Selected topics include discounts and commissions, interest, metric and English measuring systems, areas, and volumes. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045137)

DM 063 Pre Algebra (1)
(Next year's course prefix/number DEVM 0063)
This course is designed to introduce students to the language of algebra with such topics as integers, metrics, equations, and properties of counting numbers. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045137)

DM 064 Mathematics For Nursing I (1)
(Next year's course prefix/number DEVM 0064)
This course is designed to develop an understanding of the measurements and terminology in medicine and calculations involving conversions of applicable systems of measurement. It is designed primarily for students in all nursing programs. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045137)

DM 065 Mathematics For Nursing II (1)
(Next year's course prefix/number DEVM 0065)
Prerequisite: Developmental Mathematics 064. This course includes medical calculations used in problems dealing with solutions and dosages. It is designed primarily for students in the nursing programs. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045137)

DM 070 Elementary Algebra I (1)
(Next year's course prefix/number DEVM 0070)
Prerequisites: Developmental Mathematics 090, 063, or equivalent. This course is an introduction to algebra and includes selected topics such as basic principles and operations of sets, counting numbers, and integers. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045137)

DM 071 Elementary Algebra II (1)
(Next year's course prefix/number DEVM 0071)
Prerequisite: Developmental Mathematics 070 or equivalent. This course includes selected topics such as rational numbers, algebraic polynomials, factoring, and algebraic fractions. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045137)

DM 072 Elementary Algebra III (1)
(Next year's course prefix/number DEVM 0072)
Prerequisite: Developmental Mathematics 071 or equivalent. This course includes selected topics such as fractional and quadratic equations, quadratic equations with irrational solutions, and systems of equations involving two variables. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045137)

DM 073 Introduction To Geometry (1)
(Next year's course prefix/number DEVM 0073)
This course introduces principles of geometry. Axioms, theorems, axiom systems, models of such systems, and methods of proof are stressed. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045137)

DM 080 Intermediate Algebra I (1)
(Next year's course prefix/number DEVM 0080)
Prerequisites: Developmental Mathematics 071, 091 or equivalent. This course includes selected topics such as systems of rational numbers, real numbers, and complex numbers. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045137)

DM 081 Intermediate Algebra II (1)
(Next year's course prefix/number DEVM 0081)
Prerequisite: Developmental Mathematics 080 or equivalent. This course includes selected topics such as sets, relations, functions, inequalities, and absolute values. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045137)

DM 082 Intermediate Algebra III (1)
(Next year's course prefix/number DEVM 0082)
Prerequisite: Developmental Mathematics 081 or equivalent. This course includes selected topics such as graphing, exponents, and factoring. (1 Lec.)
(Coordinating Board Academic Approval Number 3201045137)
DM 090  Pre Algebra Mathematics (3)  
(Next year's course prefix/number DEVM 0090)  
This course is designed to develop an understanding of fundamental operations using whole numbers, fractions, decimals, and percentages and to strengthen basic skills in mathematics. The course is planned primarily for students who need to review basic mathematical processes. This is the first three-hour course in the developmental mathematics sequence. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201045137)

DM 091  Elementary Algebra (3)  
(Next year's course prefix/number DEVM 0091)  
Prerequisite: Developmental Mathematics 090 or an appropriate assessment test score. This is a course in introductory algebra which includes operations on real numbers, polynomials, special products and factoring, rational expressions, and linear equations and inequalities. Also covered are graphs, systems of linear equations, exponents, roots, radicals, and quadratic equations. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201045137)

DM 093  Intermediate Algebra (3)  
(Next year's course prefix/number DEVM 0093)  
Prerequisite: One year of high school algebra and an appropriate assessment test score or Developmental Mathematics 091. This course includes further development of the terminology of sets, operations on sets, properties of real numbers, polynomials, rational expressions, linear equations and inequalities, the straight line, systems of linear equations, exponents, roots, and radicals. Also covered are products and factoring, quadratic equations and inequalities, relations, functions, and graphs. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201045137)

DEVELOPMENTAL READING

Students can improve their academic success by taking the appropriate reading courses. For an assessment of which course to begin with, talk with a reading faculty member or a counselor.

DR 090  Developmental Reading (3)  
(Next year's course prefix/number DEVR 0090)  
This course presents basic reading comprehension and vocabulary skills. Basic study skills are introduced. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085235)

DR 091  Developmental Reading (3)  
(Next year's course prefix/DEVR 0091)  
This course continues the development of reading comprehension and vocabulary skills. Study skills are also included. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085235)

DR 093  Developmental Reading (3)  
(Next year's course prefix DEVR 0093)  
This course offers further development of reading comprehension, vocabulary, and study skills. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085235)

DEVELOPMENTAL WRITING

Students can improve their writing skills by taking Developmental Writing. These courses are offered for three hours of credit.

DW 090  Developmental Writing (3)  
(Next year's course prefix/number DEVW 0090)  
This course introduces the writing process. Course topics include practice in getting ideas, writing and rewriting, making improvements, and correcting mistakes. A learning lab is available to provide additional assistance. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085335)

DW 091  Developmental Writing (3)  
(Next year's course prefix/number DEVW 0091)  
This course focuses on the writing process. Course topics include inventing, drafting, revising, and editing multi-paragraph papers. Building reading skills, using resources, developing thinking skills, and improving attitudes toward writing comprise other course topics. A learning lab is available to provide additional assistance. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085335)

DW 093  Developmental Writing (3)  
(Next year's course prefix/number DEVW 0093)  
This course refines student writing skills in inventing, drafting, revising, and editing multi-paragraph papers. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085335)

EARTH SCIENCE

ES 117  Earth Science (4)  
(Common Course Number GEOL 1401)  
This course is for the non-science major. It covers the interaction of the earth sciences and the physical world. Geology, astronomy, meteorology, and space science are included. Selected principles and concepts of the applied sciences are explored. This course is also offered as Physical Science 119. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4001015139)
ECOLOGY

NOTE: This course will carry a Dallas County Community College prefix of "ECOL" next year; however, it may also be identified by a common course number for transfer evaluation purposes. Both are listed in the parenthetical notes in the course description.

ECY 291 People And Their Environment (3)
(Next year's course prefix/number ECOL 1305; Common Course Number GEOL 1305)
Environmental awareness and knowledge are emphasized. Topics include pollution, erosion, land use, energy resource depletion, overpopulation, and the effects of unguided technological development. Proper planning of societal and individual action in order to protect the natural environment is stressed. (3 Lec.)
(Coordinating Board Academic Approval Number 0301025339)

ECO 202 Principles Of Economics II (3)
(Common Course Number ECON 2302)
Prerequisite: Economics 201 or demonstrated competence approved by the Instructor. The principles of microeconomics are presented. Topics include the theory of demand, supply, and price of factors. Income distribution and theory of the firm are also included. Emphasis is given to microeconomic applications of international trade and finance as well as other contemporary microeconomic problems. (3 Lec.)
(Coordinating Board Academic Approval Number 4506015142)

ECONOMICS

ECO 105 Economics Of Contemporary Social Issues (3)
(Common Course Number ECON 1303)
This course is a study of the economics of current social issues and public policy, including such matters as antitrust policy, business deregulation, social security, wage and price controls, budget deficits, economic growth, medical care, nuclear power, farm policy, labor unions, foreign trade, and economic stabilization. This course is a credit course that can serve as a transfer elective and/or introductory course for the Principles sequence (Economics 201 or 202). This course, however, will not replace either Economics 201 or 202 where these courses are required in a university transfer curriculum. (3 Lec.)
(Coordinating Board Academic Approval Number 4507015242)

ELE 105 Introduction Of Electrical Technology (2)
(Next year's course prefix/number ELEC 1270)
This course focuses on the nature of the electrical technology industry and employment opportunities. Safety, materials, and the proper use of tools and common test devices are covered. Laboratory fee. (2 Lec., 1 Lab.)

ELE 106 Fundamentals Of Electricity (4)
(Next year's course prefix/number ELEC 1470)
Electrical theory and basic DC and AC circuits are covered. Voltage, current, resistance, reactance, impedance, phase angle, and power factors are calculated and measured in series, parallel and combination circuits. Laboratory fee. (3 Lec., 3 Lab.)

ELE 220 Contemporary Topics In Electrical Technology (1)
(Next year's course prefix/number ELEC 2170)
Prerequisite: Will vary based on topics covered and will be annotated in each semester's schedule. Recent developments and topics of current interest are studied. May be repeated when topics vary. (1 Lec.)

ELE 222 Contemporary Topics In Electrical Technology (1)
(Next year's course prefix/number ELEC 2172)
Prerequisite: Will vary based on topics covered and will be annotated in each semester's schedule. Recent developments and topics of current interest are studied. May be repeated when topics vary. Laboratory fee. (1 Lec., 1 Lab.)

ELE 224 Contemporary Topics In Electrical Technology (3)
(Next year's course prefix/number ELEC 2376)
Prerequisite: Will vary based on topics covered and will be annotated in each semester's schedule. Recent developments and topics of current interest are studied. May be repeated when topics vary. (3 Lec.)

ELE 703 Cooperative Work Experience (3)
(Next year's course prefix/number ELEC 7371)
Prerequisites: Completion of two courses in the Electrical Technology program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of topics which include preparation of resumes, changing jobs, supervising subordinates, and building self-esteem. (1 Lec., 15 Lab.)

ELE 704 Cooperative Work Experience (4)
(Next year's course prefix/number ELEC 7471)
Prerequisites: Completion of two courses in the Electrical Technology program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of topics which include preparation of resumes, changing jobs, supervising subordinates, and building self-esteem. (1 Lec., 20 Lab.)

ELE 713 Cooperative Work Experience (3)
(Next year's course prefix/number ELEC 7372)
Prerequisites: Completion of two courses in the Electrical Technology program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of topics which include preparation of resumes, changing jobs, supervising subordinates, and building self-esteem. (1 Lec., 15 Lab.)

ELE 714 Cooperative Work Experience (4)
(Next year's course prefix/number ELEC 7472)
Prerequisites: Completion of two courses in the Electrical Technology program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of topics which include preparation of resumes, changing jobs, supervising subordinates, and building self-esteem. (1 Lec., 20 Lab.)

ELECTRONICS TECHNOLOGY

ET 135 DC-AC Theory And Circuit Analysis (6)
(Next year's course prefix/number ELET 1670)
Prerequisite: Credit or concurrent enrollment in Mathematics 195 or the equivalent. This is an accelerated course combining DC circuits (190) and AC circuits (191) in one semester for students with previous electronics experience or a good mathematics background. Topics include the analysis of resistive, capacitive, inductive, and combination circuits. Magnetism, resonance, schematic symbols, and sine wave analysis are also included. Series, parallel, and series-parallel circuits are covered. Laboratory fee. (5 Lec., 3 Lab.)

ET 190 DC Circuits And Electrical Measurements (4)
(Next year's course prefix/number ELET 1470)
The mathematical theory of direct current circuits is presented in combination with laboratory fundamentals. Emphasis is on elementary principles of magnetism, electric concepts and units, diagrams, and resistance. Electromagnetism, series and parallel circuits, simple meter circuits, conductors, and insulators are also stressed. Laboratory fee. (3 Lec., 3 Lab.)
ET 191 A.C. Circuits (4)
(Next year's course prefix/number ELET 1471)
Prerequisites: Electronics Technology 190 and credit or concurrent enrollment in Mathematics 195 or the equivalent. This course covers the fundamental theories of alternating current. The theories are applied in various circuits. Included are laboratory experiments on power factor, sine wave analysis, resonant circuits, capacitance, inductance, Q of coils, magnetism, and resistance. Laboratory fee. (3 Lec., 3 Lab.)

ET 193 Active Devices (4)
(Next year's course prefix/number ELET 1472)
Prerequisites: Electronics Technology 190 and credit or concurrent enrollment in Electronics Technology 191. Semiconductors (active devices) are the focus of this course. Topics include composition, parameters, linear and nonlinear characteristics, In-circuit action, amplifiers, rectifiers, and switching. Laboratory fee. (3 Lec., 3 Lab.)

ET 194 Instrumentation (3)
(Next year's course prefix/number ELET 1370)
Prerequisites: Electronics Technology 190 and credit or concurrent enrollment in Electronics Technology 191 and 193. Electrical devices for measurement and instrumentation are studied and applied to work situations. Included are basic AC and DC measurement meters, impedance bridges, oscilloscopes, signal generators, signal-tracers, and tube and transistor testers. The course concludes with a study of audio frequency test methods and equipment. Laboratory fee. (3 Lec., 3 Lab.)

ET 201 Automated Manufacturing (4)
(Next year's course prefix/number ELET 2471)
This course provides an introduction to automated manufacturing and robotics. Areas of study include the types of equipment and devices used in industry, their construction, operation, programming methods and applications for use in manufacturing. The student develops skills in system operation and program analysis in the lab. Laboratory fee. (3 Lec., 3 Lab.)

ET 202 Industrial Power Systems (4)
(Next year's course prefix/number ELET 2472)
This course examines predominant power systems used in industrial applications. Topics covered include electric motors and their control circuits, mechanical devices and systems, and fluid power principles and systems, including pneumatic and hydraulic operations. Fundamental theory of operation, control and application are studied in each of these areas as well as developing skills and techniques of use with hands-on experience. Laboratory fee. (3 Lec., 3 Lab.)

ET 203 Industrial Controls (4)
(Next year's course prefix/number ELET 2473)
Prerequisite: Electronics Technology 193. This course examines the devices and systems used in industrial controls. Topics covered include electromechanical devices, various types of transducers, signal conditioning, modulation and demodulation methods, and interfacing and data communications techniques. The student gains operational experience working with the devices and equipment in the lab. Laboratory fee. (3 Lec., 3 Lab.)

ET 205 Selected Topics in Electronics (1)
(Next year's course prefix/number ELET 2270)
This course is intended for use by any given group of students that desires specific topics to be covered. This course may be substituted for any 200 level electronics course with the demonstrated competence approved by the instructor. This course is repeatable for credit as topics vary. Laboratory fee. (1 Lec.)

ET 206 Selected Topics in Electronics (2)
(Next year's course prefix/number ELET 2270)
This course is intended for use by any given group of students that desires specific topics to be covered. This course may be substituted for any 200 level electronics course with the demonstrated competence approved by the instructor. This course is repeatable for credit as topics vary. Laboratory fee. (2 Lec., 1 Lab.)

ET 210 Basic CRT Display And Television Theory and Service (4)
(Next year's course prefix/number ELET 2475)
Prerequisite: Electronics Technology 190, 191, 193 and 194. This course is designed to introduce CRT display and television theory and to give the student hands on experience in basic servicing of all major sections of modern television receivers and CRT displays for computers. Laboratory fee. (3 Lec., 3 Lab.)

ET 231 Special Circuits With Communications Applications (4)
(Next year's course prefix/number ELET 2476)
Prerequisites: Electronics Technology 193 and 194. Active devices are applied to circuitry common to most communications equipment. Both the theory of operation and practical applications of the circuits in laboratory experiments are included. Circuits including power supplies, voltage regulators, tuned and untuned amplifiers, filters, oscillators, modulators, and detectors, with application to various types of intelligence transmission and reception are emphasized in the course. Laboratory fee. (3 Lec., 3 Lab.)
ET 232 Analysis Of Electronic Logic And Switching Circuits (4)  
(Next year's course prefix/number ELET 2477)  
Prerequisites: Electronics Technology 193 and 194. The course presents circuitry common to electronic control systems and automatic measuring systems. Typical circuit systems functions covered include clamping, gating, switching, and counting. Circuits include voltage discriminators, multi-vibrators, dividers, counters, and gating circuits. Boolean algebra and binary numbers are reviewed. Emphasis is on semiconductor devices. Fluidic switching devices are introduced. Laboratory fee. (3 Lec., 3 Lab.)

ET 234 Electronic Circuits And Systems (3)  
(Next year's course prefix/number ELET 2370)  
Prerequisites: Completion of all electronics technology courses up to and including Electronics Technology 231; and may take Electronics Technology 232 and Electronics Technology 231 concurrently with Electronics Technology 234. The design, layout construction, and calibration of an electronic project are covered. Students develop independent project and prepare term papers on functions of components, operating specifications and schematics. Laboratory fee. (6 Lab.)

ET 237 Modular Memories And Microprocessors (4)  
(Next year's course prefix/number ELET 2479)  
Prerequisite: Electronics Technology 232. Read only memories (ROM's), random access memories (RAM's) and microprocessors are presented. Emphasis is on specifications, applications, and operation. Control buses, data busses, addressing, coding, and programming of typical microprocessor units are included. Microprocessor system is tested, coded, and programmed. Laboratory fee. (3 Lec., 3 Lab.)

ET 238 Linear Integrated Circuits (4)  
(Next year's course prefix/number ELET 2480)  
Prerequisites: Electronics Technology 190, 191, and 193. Differential amplifiers, operational amplifiers, and integrated circuit timers are investigated. Topics include comparators, detectors, inverting and non-inverting amplifiers, OP. AMP adders, differentiating and integrating amplifiers, and instrumentation amplifiers. Digital to analog converters, analog to digital converters, special OP. AMP applications, and integrated circuits timers are also included. Limitations and specifications of integrated circuits are covered. Laboratory fee. (3 Lec., 3 Lab.)

ET 239 Microwave Technology (3)  
(Next year's course prefix/number ELET 2371)  
Prerequisites: Electronics Technology 194 and Electronics Technology 231. Microwave concepts such as propagation, transmission lines including waveguides, standing waves, impedance matching, basic antennas and various basic microwave measurements are covered. Microwave measurement techniques such as power and frequency meter measurements and calibration, VSWR determinations, klystron characteristics, and waveguide tuning will be demonstrated. A basic radar system is discussed as time permits. (3 Lec.)

ET 240 Electronic Theory And Application Of Digital Computers (4)  
(Next year's course prefix/number ELET 2481)  
Prerequisites: Electronics Technology 190. The course presents the electronic switching circuits for digital computer systems. Logic symbology, gates, and related Boolean algebra are covered. Computer terminology and number systems are included. An introduction to BASIC language programming for electronic circuit analysis is also included. Laboratory experiments in addition to computer programming include basic logic gate analysis and test procedures. Laboratory fee. (3 Lec., 3 Lab.)

ET 268 Microprocessor Trouble-shooting And Interface (4)  
(Next year's course prefix/number ELET 2493)  
Prerequisite: Electronic Technology 267. This course studies trouble-shooting techniques on microprocessor, disk controls, CRT controls and interfaces. Emphasis is on hardware trouble-shooting and peripheral interface. Laboratory fee. (3 Lec., 3 Lab.)

ET 704 Cooperative Work Experience (4)  
(Next year's course prefix/number ELET 7471)  
Prerequisites: Completion of two courses in the Electronics Technology, Digital Electronics Technology, or Electronic Telecommunications Technology programs, or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences related to the electronics field. The seminar consists of group or individual meetings with the instructor, individualized plans for job-related or self improvement (i.e. job interview, job application procedures, job site interpersonal relations, employer expectations of employees) or combinations of both. (1 Lec., 20 Lab.)
ET 714 Cooperative Work Experience (4)
(Next year's course prefix/number ELET 7472)
Prerequisites: Completion of two courses in the Electronics Technology, Digital Electronics Technology, or Electronic Telecommunications Technology programs, or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences related to the electronics field. The seminar consists of group or individual meetings with the instructor, individualized plans for job-related or self improvement (i.e. preparation of resumes, changing jobs, supervising subordinates, building self-esteem), or combinations of both. (1 Lec., 20 Lab.)

ENGINEERING
EGR 290 Mechanics Of Structures (2)
(Next year's course prefix/number ENGR 2270)
Prerequisite: Mathematics 196. This is a basic course in engineering mechanics for technology students. It covers the principles of statics and strengths of materials. Topics include force systems, equilibrium, moments, centroids, elasticity, yield, stresses and strains. Methods analysis and design of bolted and welded joints, trusses, beams, and columns are introduced. Laboratory fee. (2 Lec., 2 Lab.)

ENGLISH
(Also see Developmental Reading and Developmental Writing.) Additional instruction in writing and reading is available through the Learning Skills Center.

ENG 101 Composition I (3)
(Common Course Number ENGL 1301)
Prerequisite: An appropriate assessment test score (ACT, DCCCD test, or SAT). This course focuses on student writing. It emphasizes reading and analytical thinking and introduces research skills. Students practice writing for a variety of audiences and purposes. (3 Lec.)
(Coordinating Board Academic Approval Number 2304015135)

ENG 102 Composition II (3)
(Common Course Number ENGL 1302)
Prerequisite: English 101. In this course students refine the writing, research, and reading skills introduced in English 101. A related goal is the development of critical thinking skills. Writing assignments emphasize argumentation and persuasion. Students will also write a formal research paper. (3 Lec.)
(Coordinating Board Academic Approval Number 2304015135)

English In The Sophomore Year

ENG 201 British Literature (3)
(Common Course Number ENGL 2322)
Prerequisite: English 102. This course includes significant works of British writers from the Old English Period through the 18th century. (3 Lec.)
(Coordinating Board Academic Approval Number 2308015135)

ENG 202 British Literature (3)
(Common Course Number ENGL 2323)
Prerequisite: English 102. This course includes significant works of British writers from the Romantic Period to the present. (3 Lec.)
(Coordinating Board Academic Approval Number 2308015135)

ENG 203 World Literature (3)
(Common Course Number ENGL 2333)
Prerequisite: English 102. This course includes significant works of Continental Europe and may include works from other cultures. It covers the Ancient World through the Renaissance. (3 Lec.)
(Coordinating Board Academic Approval Number 2303015235)

ENG 204 World Literature (3)
(Common Course Number ENGL 2334)
Prerequisite: English 102. This course includes significant works of Continental Europe and may include selected works of other cultures from the Renaissance to the present. (3 Lec.)
(Coordinating Board Academic Approval Number 2303015235)

ENG 205 American Literature (3)
(Common Course Number ENGL 2327)
Prerequisite: English 102. This course includes significant works of American writers from the Colonial through the Romantic Period. (3 Lec.)
(Coordinating Board Academic Approval Number 2307015135)

ENG 206 American Literature (3)
(Common Course Number ENGL 2328)
Prerequisite: English 102. This course includes significant works of American writers from the Realistic Period to the present. (3 Lec.)
(Coordinating Board Academic Approval Number 2307015135)

ENG 209 Creative Writing (3)
(Common Course Number ENGL 2307)
Prerequisite: English 102. The writing of fiction is the focus of this course. Included are the short story, poetry, and short drama. (3 Lec.)
(Coordinating Board Academic Approval Number 2305015135)
Prerequisites: English 101 and English 102. The technical style of writing is introduced. Emphasis is on the writing of technical papers, reports, proposals, progress reports, and descriptions. (3 Lec.)

(Coordinating Board Academic Approval Number 2311015135)

ENG 215 Studies In Literature (3)
(Common Course Number ENGL 2352)
Prerequisite: English 102. This course includes selections in literature organized by theme, interdisciplinary content or major author. Course titles and descriptions are available each semester prior to registration. This course may be repeated for credit. (3 Lec.)

(-Coordinating Board Academic Approval Number 2303015335)

ENG 216 Studies In Literature (3)
(Next year's course prefix/number ENGL 2371)
Prerequisite: English 102. This course includes selections in literature organized by genre, period, or geographical region. Course descriptions are available each semester prior to registration. This course may be repeated for credit. (3 Lec.)

(-Coordinating Board Academic Approval Number 2303015335)

ENGLISH AS A SECOND LANGUAGE

The English As A Second Language ESL credit curriculum is designed to develop a student’s pre-academic language proficiency in the areas of listening, speaking, reading, and writing. The plan of study consists of sixteen courses divided into four proficiency levels and four skill areas (Listening-Speaking, Reading, Writing, and Grammar). The credit curriculum is designed to interface both with other ESL programs and with developmental studies or college level programs on each campus. A student enters this program by taking an English placement test and then by being advised by a specially trained ESL academic advisor.

ESL 031-034 (Listening-Speaking)
These courses prepare students to communicate orally in both public and academic environments. Emphasis is placed on developing language functions, pronunciation, and listening skills, and improving social and intercultural communication skills. Activities range from one-on-one conversation and brief descriptions to formal oral presentations and debates.

ESL 041-044 (Reading)
These courses engage students in reading material from daily experience and prepare them for college reading tasks. Each course instructs students in reading skills, vocabulary development, critical thinking skills, and the use of resources.

ESL 051-054 (Writing)
These courses are designed to help students increase fluency and build confidence in writing. The courses focus on writing as a process. Through inventing, drafting, and revising, students write for specific audiences and purposes.

ESL 061-064 (Grammar)
These courses are designed to complement the ESL 051-054 writing series. They provide instruction and practice with discrete grammar points necessary for effective writing.

INGLE COMO SEGUNDO IDIOMA

El programa de credito academico de Ingles Como Segundo Idioma ESL esta disenado para desarrollar el dominio del idioma pre-academico del estudiante en las areas de escuchar, hablar, leer y escribir. El plan de estudio consiste en dieciséis cursos divididos en cuatro niveles de dominio y cuatro areas de habilidades (Escuchar/Hablar, Lectura, Escritura y Gramatica). El programa de credito academico esta disenado para complementar otros programas de ESL y con los estudios de desarrollo o programas de nivel universitario de cada campus. El estudiante comienza este programa al tomar un examen de clasificacion y despues de una entrevista individual con un asesor academico entrenado especialmente en ESL.

ESL 031-034 (Escuchar y Conversar)
Estos cursos preparan al alumno para comunicarse con confianza en situaciones sociales y academicas. Se desarrollan las varias funciones del lenguaje, se mejora la pronunciacion y comprension auditiva y se practica la comunicacion academica y transcultural. Las actividades didacticas incluyen describir lugares y objetos, proyectos en grupo, presentaciones orales y debates formales.

ESL 041-044 (Lectura)
Estos cursos permiten a los estudiantes el acceso a material de lectura de la vida diaria y los prepara para tareas de lectura academica. Cada curso instruye a los estudiantes en habilidades de lectura, desarrollo de vocabulario, pensar en forma critica y el uso de los varios recursos disponibles en la institucion.

ESL 051, ESL 052, ESL 053, ESL 054
Estos cursos estan disenados con el objeto de ayudar a los alumnos a obtener fluidez y confianza en escritura. Los cursos se enfocan en el proceso de escritura. A traves de crear, planear y revisar, los estudiantes produciran escritos para diferentes audiencias y con diversos propósitos.
ESL 061, ESL 062, ESL 063, ESL 064
Estos cursos están diseñados para complementar la serie de Escritura 051-054. Dichos cursos proveen instrucción y ejercicios prácticos, así como puntos esenciales de gramática necesarios para la efectiva comunicación escrita.

ENGLISH AS A SECOND LANGUAGE

ESL 031 ESL Listening/Speaking (3)
(Next year's course prefix/number ESL 0031)
This course focuses on developing basic social and pre-academic listening and speaking skills. It includes skills such as describing, giving directions, and learning to understand explanations. Conversation conventions will be practiced as well as non-verbal communication skills. (Pronunciation is introduced through the study of basic phonetic segments and intonation patterns.) This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085535)

ESL 032 ESL Listening/Speaking (3)
(Next year's course prefix/number ESL 0032)
This course develops intermediate social and pre-academic listening and speaking skills through situational activities. Students will express ideas and opinions in small groups and learn to understand and react appropriately. Intercultural communication will be incorporated. (Pronunciation skills will be practiced through identifying phonetic correctness and applying concepts of stress and intonation.) This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085535)

ESL 033 ESL Speaking (3)
(Next year's course prefix/number ESL 0033)
This course develops public/academic oral language skills through active participation in group projects and presentations. Rhetorical skills such as narration and description will be practiced, and improving cross-cultural communication skills will be emphasized. (Pronunciation skills, including stress and intonation, will be refined with focused effort on areas of need through monitoring of oral production.) This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085535)

ESL 034 ESL Academic Speaking (3)
(Next year's course prefix/number ESL 0034)
This course stresses academic speaking skills. Students learn formal presentation techniques as they defend a point of view and participate in seminars, panels, and debates. Formal rhetorical skills such as cause/effect, process, and summary will be practiced. The course will emphasize the value of cultural diversity. (Pronunciation skills, including stress and intonation, will continue to be refined with focused effort on areas of need through monitoring of oral production.) This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085535)

ESL 041 ESL Reading (3)
(Next year's course prefix/number ESL 0041)
This course focuses on language development through reading activities. It includes reading comprehension, vocabulary building, study skills techniques, and intercultural sharing. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085635)

ESL 042 ESL Reading (3)
(Next year's course prefix/number ESL 0042)
This course continues language development through reading comprehension and vocabulary building. It introduces paragraph organization, idiom study, and adapting reading rate for different purposes. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085635)

ESL 043 ESL Reading (3)
(Next year's course prefix/number ESL 0043)
This course includes specific reading comprehension skills, reading efficiency strategies, critical thinking skills, vocabulary expansion, and the use of campus resources such as labs and libraries. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085635)

ESL 044 ESL Reading (3)
(Next year's course prefix/number ESL 0044)
This course is designed to build on skills taught in previous reading classes but with a more academic emphasis. Students are taught reading skills and critical thinking skills as they relate to academic topics and to literature. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085635)

ESL 051 ESL Writing (3)
(Next year's course prefix/number ESL 0051)
This course stresses the creation of sentences and groups of sentences. It also introduces basic spelling rules and vocabulary development. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085735)
ESL 062 ESL Writing (3)
(Next year's course prefix/number ESOL 0052)
This course introduces the development of controlled and guided paragraphs using a variety of organizational structures and stresses logic patterns of English. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085735)

ESL 063 ESL Grammar (3)
(Next year's course prefix/number ESOL 0063)
This course reviews grammar points studied in ESL 061 and ESL 062 and introduces elements necessary for students to write effective one-paragraph essays. It continues the study of verb tenses, parts of speech, and modals and introduces adverb, adjective, and noun clauses. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085735)

ESL 064 ESL Grammar (3)
(Next year's course prefix/number ESOL 0064)
This course reviews grammar points studied in ESL 061, ESL 062, and ESL 063 and analyzes complex elements of those points. In addition, it introduces passive voice and conditional sentences. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085735)

FRENCH

FR 101 Beginning French (4)
(Common Course Number FREN 1411)
The essentials of grammar and easy idiomatic prose are studied. Emphasis is on pronunciation, comprehension, and oral expression. Laboratory fee. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1609015131)

FR 102 Beginning French (4)
(Common Course Number FREN 1412)
Prerequisite: French 101 or the equivalent. This course is a continuation of French 101. Emphasis is on idiomatic language and complicated syntax. Laboratory fee. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1609015231)

FR 201 Intermediate French (3)
(Common Course Number FREN 2311)
Prerequisite: French 202 or the equivalent. Reading, composition, and intense oral practice are covered in this course. Grammar is reviewed. (3 Lec.)
(Coordinating Board Academic Approval Number 1609015231)

FR 202 Intermediate French (3)
(Common Course Number FREN 2312)
Prerequisite: French 201 or the equivalent. This course is a continuation of French 201. Contemporary literature and composition are studied. Grammar is reviewed and expanded. (3 Lec.)
(Coordinating Board Academic Approval Number 1609015231)

FR 203 Introduction To French Literature (3)
(Common Course Number FREN 2303)
Prerequisite: French 202 or demonstrated competence approved by the instructor. This course is an introduction to French literature. It includes readings in French literature, history, culture, art, and civilization. (3 Lec.)
(Coordinating Board Academic Approval Number 1609015331)

FR 204 Introduction To French Literature (3)
(Common Course Number FREN 2304)
Prerequisite: French 202 or demonstrated competence approved by the instructor. This course is a continuation of French 203. It includes readings in French literature, history, culture, art, and civilization. (3 Lec.)
(Coordinating Board Academic Approval Number 1609015331)
FR 207 French Conversation I (3)  
(Common Course Number FREN 2306)  
Prerequisite: French 101 and French 102 or the equivalent. This course is designed to strengthen and improve oral skills in the language. Oral activities focus on current events, cultural, historical and social issues. Audio-visual media are used to explore French life and society. This course is intended to complement French 201. (3 Lec.)  
(Coordinating Board Academic Approval Number 1609015431)

FR 208 French Conversation II (3)  
(Common Course Number FREN 1310)  
Prerequisite: French 201 or the equivalent. This course is designed to further strengthen and improve oral skills in the language. Oral activities will continue to focus on current events, cultural, historical and social issues. Audio-visual media are used to explore French life and society. This course is intended to complement French 202. (3 Lec.)  
(Coordinating Board Academic Approval Number 1609015431)

GEOGRAPHY

GPY 101 Physical Geography (3)  
(Common Course Number GEOG 1301)  
The physical composition of the earth is surveyed. Topics include weather, climate, topography, plant and animal life, land, and the sea. Emphasis is on the earth in space, use of maps and charts, and place geography. (3 Lec.)  
(Coordinating Board Academic Approval Number 4507015142)

GPY 102 Economic Geography (3)  
(Common Course Number GEOG 2312)  
The relation of humans to their environment is studied. Included is the use of natural resources. Problems of production, manufacturing, and distributing goods are explored. Primitive subsistence and commercialism are considered. (3 Lec.)  
(Coordinating Board Academic Approval Number 4507015242)

GPY 103 Cultural Geography (3)  
(Common Course Number GEOG 1302)  
This course focuses on the development of regional variations of culture. Topics include the distribution of races, religions, and languages. Aspects of material culture are also included. Emphasis is on origins and diffusion. (3 Lec.)  
(Coordinating Board Academic Approval Number 4507015342)

GEOLOGY

GEO 101 Physical Geology (4)  
(Common Course Number GEOL 1403)  
This course is for science and non-science majors. It is a study of earth materials and processes. Included is an introduction to geochemistry, geophysics, the earth's interior, and magnetism. The earth's setting in space, minerals, rocks, structures, and geologic processes are also included. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4006015139)

GEO 102 Historical Geology (4)  
(Common Course Number GEOL 1404)  
This course is for science and non-science majors. It is a study of earth materials and processes within a developmental time perspective. Fossils, geologic maps, and field studies are used to interpret geologic history. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4006015139)

GEO 103 Introduction To Oceanography (3)  
(Common Course Number GEOL 1345)  
The physical and chemical characteristics of ocean water, its circulation, relationship with the atmosphere, and the effect on the adjacent land are investigated. The geological development of the ocean basins and the sediment in them is also considered. Laboratory fee. (2 Lec., 2 Lab.)  
(Coordinating Board Academic Approval Number 4007035138)

GEO 201 Introduction To Rocks And Mineral Identification (4)  
(Common Course Number GEOL 2409)  
Prerequisites: Geology 101 and 102. This course introduces crystallography, geochemistry, descriptive mineralogy, petrology, and phase equilibria. Crystal models and hand specimens are studied as an aid to rock and mineral identification. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4006015239)

GEO 205 Field Geology (4)  
(Next year's course prefix/number GEOL 2470)  
Prerequisites: Eight credit hours of geology or demonstrated competence approved by the instructor. Geological features, landforms, minerals, and fossils are surveyed. Map reading and interpretation are also included. Emphasis is on the identification, classification and collection of specimens in the field. This course may be repeated for credit. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4006015539)
GEO 207 Geologic Field Methods (4)
(Common Course Number GEOL 2407)
Prerequisites: Geology 101 and 102. This course covers basic geologic and topographic mapping, observation of geologic structures, and examination of petrologic systems in an actual field setting. Students will spend a major portion of the course collecting data for and constructing topographic and geologic maps and geologic cross sections and columns. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4006015539)

GEO 209 Mineralogy (4)
(Common Course Number GEOL 2471)
Prerequisites: Geology 101 and 102 and Chemistry 102. This course covers basic geochemistry, crystal chemistry, crystallography, including symmetry elements, stereographic and gnomonic projections, Miller Indices, crystal systems, and forms; X-ray diffraction; optical properties of minerals; descriptive mineralogy including identification of hand specimens; and phase equilibria. Laboratory fee. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 4006015239)

GERMAN

GER 101 Beginning German (4)
(Common Course Number GERM 1411)
The essentials of grammar and easy idiomatic prose are studied. Emphasis is on pronunciation, comprehension, and oral expression. Laboratory fee. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1605015131)

GER 102 Beginning German (4)
(Common Course Number GERM 1412)
Prerequisite: German 101 or the equivalent. This course is a continuation of German 101. Emphasis is on idiomatic language and complicated syntax. Laboratory fee. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1605015131)

GER 201 Intermediate German (3)
(Common Course Number GERM 2311)
Prerequisite: German 102 or the equivalent or demonstrated competence approved by the instructor. Reading, composition, and intense oral practice are covered. Grammar is reviewed. (3 Lec.)
(Coordinating Board Academic Approval Number 1605015239)

GER 202 Intermediate German (3)
(Common Course Number GERM 2312)
Prerequisite: German 201 or the equivalent. This course is a continuation of German 201. Contemporary literature and composition are studied. Grammar is reviewed and expanded. (3 Lec.)
(Coordinating Board Academic Approval Number 1605015239)

GOVERNMENT

GVT 201 American Government (3)
(Common Course Number GOVT 2301)
Prerequisite: Sophomore standing recommended. This course is an introduction to the study of political science. Topics include the origin and development of constitutional democracy (United States and Texas), federalism and intergovernmental relations, local governmental relations, local government, parties, politics, and political behavior. (To ensure transferability, students should plan to take both Government 201 and 202 within the DCCCD.) (3 Lec.)
(Coordinating Board Academic Approval Number 4510025142)

GVT 202 American Government (3)
(Common Course Number GOVT 2302)
Prerequisite: Sophomore standing recommended. The three branches of the United States and Texas government are studied. Topics include the legislative process, the executive and bureaucratic structure, the judicial process, civil rights and liberties, and domestic policies. Other topics include foreign relations and national defense. (To ensure transferability, students should plan to take both Government 201 and 202 within the DCCCD.) (3 Lec.)
(Coordinating Board Academic Approval Number 4510025142)

GVT 211 Introduction To Comparative Politics (3)
(Common Course Number GOVT 2331)
A comparative examination of governments, politics, problems and policies with illustrative cases drawn from a variety of political systems. (3 Lec.)
(Coordinating Board Academic Approval Number is to be assigned. This is a unique need course.)

HISTORY

HST 101 History Of The United States (3)
(Common Course Number HIST 1301)
The history of the United States is presented, beginning with the European background and first discoveries. The pattern of exploration, settlement, and development of institutions is followed throughout the colonial period and the early national experience to 1877. (3 Lec.)
(Coordinating Board Academic Approval Number 4508025142)

HST 102 History Of The United States (3)
(Common Course Number HIST 1302)
The history of the United States is surveyed from the Reconstruction era to the present day. The study includes social, economic, and political aspects of American life. The development of the United States as a world power is followed. (3 Lec.)
(Coordinating Board Academic Approval Number 4508025142)
The learning environment is introduced. Career, personal, study skills, educational planning, and skills for living are all included. Emphasis is on exploring career and educational alternatives and learning a systematic approach to decision-making. A wide range of learning alternatives is covered, and opportunity is provided to participate in personal skills seminars. This course may be repeated for credit. (1 Lec.)

(Coordinating Board Academic Approval Number 3201995140)

HD 104 Educational And Career Planning (3)

This course is designed to teach students the ongoing process of decision-making as it relates to career/life and educational planning. Students identify the unique aspects of themselves (interests, skills, values). They investigate possible work environments and develop a plan for personal satisfaction. Job search and survival skills are also considered. (3 Lec.)

(Coordinating Board Academic Approval Number 3201995140)

HD 105 Basic Processes Of Interpersonal Relationships (3)

This course is designed to help the student develop a self-awareness that will enable him/her to relate more effectively to others. Students are made aware of their feelings, values, attitudes, verbal and nonverbal behaviors. The course content, which utilizes an experiential model, also focuses on developing communication and problem-solving skills. (3 Lec.)

(Coordinating Board Academic Approval Number 3201995140)

HD 106 Personal And Social Growth (3)

This course focuses on the interactions between the individual and the social structures in which he/she lives. Roles, social influences and personal adjustments to the world around us are explored in readings and classroom discussion. Human behavior, the diversity of lifestyles and the components of a healthy personality are studied in an effort to develop a pattern for growth that demonstrates a responsibility to self and society. (3 Lec.)

(Coordinating Board Academic Approval Number 3201995140)

HD 107 Developing Leadership Behavior (3)

The basic purpose of this course is to help the student develop leadership and human relation skills. Topics include individual and group productivity, value systems, appropriate communication skills, and positive attitudes in a group environment. The concepts of leadership are explored through both theory and practice. These leadership activities can be applied to the student's personal, business, and professional interactions. (3 Lec.)

(Coordinating Board Academic Approval Number 3201995140)

HD 108 The Master Student Course (3)

This course will provide an opportunity for the student to learn, practice and adopt specific strategies to support his or her success in college. Topics include individual learning skills, self-monitoring, goal-setting, problem solving, critical thinking, stress/time management, understanding motivation and procrastination, test anxiety, memory, creativity, and the importance of supportive relationships. (3 Lec.)

(Coordinating Board Academic Approval Number 3201995140)

HD 110 Assessment Of Prior Learning (1)

Prerequisite: Limited to students in Technical-Occupational Programs. Demonstrated competence approved by the instructor is required. This course is designed to assist students in documenting prior learning for the purpose of applying for college credit. Students develop a portfolio which includes a statement of educational/career goals, related noncollegiate experiences which have contributed to college-level learning, and documentation of such experiences. This course may be repeated for credit. (1 Lec.)

(Coordinating Board Academic Approval Number 3201995140)

HUMANITIES

HUM 101 Introduction To The Humanities (3)

Introduction to the Humanities focuses on the study and appreciation of the fine and performing arts and the ways in which they reflect the values of civilizations. (3 Lec.)

(Coordinating Board Academic Approval Number 5007035130)

HUM 102 Advanced Humanities (3)

Prerequisite: Humanities 101 or demonstrated competence approved by the instructor. Human value choices are presented through the context of the humanities. Universal concerns are explored, such as a person's relationship to self and to others and the search for meaning. The human as a loving, believing and hating being is also studied. Emphasis is on the human as seen by artists, playwrights, film makers, musicians, dancers, philosophers, and theologians. The commonality of human experience across cultures and the premises for value choices are also stressed. (3 Lec.)

(Coordinating Board Academic Approval Number 2401035142)
NOTE: These courses will carry a Dallas County Community College prefix of "JOUR" next year; however, most can be identified by a common course number for transfer evaluation purposes. Both are listed in the parenthetical notes in the course descriptions.

JN 101 Introduction To Mass Communications (3)
(Next year's course prefix/number JOUR 1307; Common Course Number COMM 1307)
This course surveys the field of mass communications. Emphasis is on the role of mass media in modern society. (3 Lec.)
(Coordinating Board Academic Approval Number 0904035126)

JN 102 News Gathering And Writing (3)
(Next year's course prefix/number JOUR 2311; Common Course Number COMM 2311)
Prerequisite: Typing ability. This course focuses upon recognizing newsworthy events, gathering information and writing the straight news story. It provides a basis for future study in newspaper and magazine writing, advertising, broadcast journalism and public relations. Students are required to write for the campus newspaper. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 0904015726)

JN 103 News Gathering And Writing (3)
(Next year's course prefix/number JOUR 2315; Common Course Number COMM 2315)
Prerequisite: Journalism 102 or professional experience approved by the instructor. This course is a continuation of Journalism 102. Students study and practice writing more complex stories, such as features, profiles, follow-up stories, and sidebars. Students are required to write for the campus newspaper. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 0904015826)

JN 104 Student Publications (1)
(Next year's course prefix/number JOUR 2131; Common Course Number COMM 2131)
Prerequisite: Demonstrated competence approved by the instructor. This course may not be taken for credit concurrently with Journalism 102 or 103. Individual staff assignments are made for the student newspaper. Assignments may be made in writing, advertising, photography, cartooning, or editing. Student are required to work at prescribed periods under supervision and must attend staff meetings. (3 Lab.)
(Coordinating Board Academic Approval Number 0904015426)

JN 105 Student Publications (1)
(Next year's course prefix/number JOUR 2132; Common Course Number COMM 2132)
Prerequisite: Demonstrated competence approved by the instructor. This course may not be taken for credit concurrently with Journalism 102 or 103. This course is a continuation of Journalism 104. (3 Lab.)
(Coordinating Board Academic Approval Number 0904015426)

JN 106 Student Publications (1)
(Next year's course prefix/number JOUR 1370)
Prerequisite: Demonstrated competence approved by the instructor. This course may not be taken for credit concurrently with Journalism 102 or 103. This course is a continuation of Journalism 105. (3 Lab.)
(Coordinating Board Academic Approval Number 0904015426)

JN 202 Principles Of Advertising (3)
(Next year's course prefix/number JOUR 2327; Common Course Number COMM 2327)
Fundamentals of advertising, including advertising appeals, print and broadcast copy writing, and design and selection of media will be covered. Typography as it relates to advertising is stressed. The course will provide students with the concepts they will need to go into the advertising field and into advanced advertising courses. (3 Lec.)
(Coordinating Board Academic Approval Number 0902015126)

JN 203 Survey Of Broadcasting (3)
(Next year's course prefix/number JOUR 1335; Common Course Number 1335)
This course stresses broadcast organization and operations and includes the theoretical and historical aspects of broadcasting. It introduces students to the social, political, technical and economic aspects of the broadcasting industry. (3 Lec.)
(Coordinating Board Academic Approval Number 0904035226)

JN 204 News Editing And Copy Reading (3)
(Next year's course prefix/number JOUR 2370)
Prerequisite: Journalism 102. This course focuses on editing news for newspaper, radio, and television. Emphasis is on writing headlines and laying out pages. (3 Lec.)
(Coordinating Board Academic Approval Number 0904035226)

LEGAL ASSISTANT

LA 131 Introduction To Legal Technology (3)
(Next year's course prefix/number LEGL 1370)
Prerequisite: Legal Assistant 131 is a prerequisite for all other Legal Assistant courses except Legal Assistant 135. Legal technology is introduced. Topics include the legal technician concept, the legal profession and unauthorized practice, legal ethics and the "new profession" concept. The history and areas of American law are also included. Legal research, bibliography, legal drafting, and writing are also covered. (3 Lec.)
LA 133 Law Of Real Property And Real Estate Transactions (3)
(Next year's course prefix/number LEGL 1371)
Prerequisites: Legal Assistant 131, 135, and English 101.
The law of real property and common real estate transactions are studied. Topics include contracts, leases, and deeds of trust. Problems involved in the drafting of these instruments are examined. The system of recording and the search of public documents are also covered. (3 Lec.)

LA 134 Principles Of Family Law (3)
(Next year's course prefix/number LEGL 1372)
Prerequisites: Legal Assistant 131, 135, and English 101. Family law is surveyed. Divorce, separation, custody, legitimacy, adoption, change of name, guardianship, support, domestic relations court procedures, and separation agreements are studied. (3 Lec.)

LA 135 Texas And Federal Court Systems (3)
(Next year's course prefix/number LEGL 1373)
Prerequisite: Legal Assistant 135 is a prerequisite for all other Legal Assistant courses except Legal Assistant 131. The Texas and federal courts are studied. Legal practices related to the courts and principles of court administration are examined. (3 Lec.)

LA 138 Introductory Legal Research And Drafting (3)
(Next year's course prefix/number LEGL 1374)
Prerequisites: Legal Assistant 131 and 135 and English 101. This course familiarizes the beginning legal assistant student with operation of a typical law library and the use of various legal research materials and tools. General and Texas legal research resources are emphasized. The student also studies legal research terminology, introductory computerized legal research techniques, and "shepardizing." Basic citation form for legal resource material is discussed. The student is given several opportunities to research rudimentary legal problems and write short case reports and legal memoranda. (3 Lec.)

LA 203 Legal Assistant Special Topics (3)
(Next year's course prefix/number LEGL 2370)
Prerequisites: Legal Assistant 131 and 135 and English 101. Students participate in identifying, defining and analyzing current topics of interest in legal assistant services. The course emphasizes present career needs and problems, and students are guided to offer realistic and workable solutions which include the knowledge of legal concepts and principles involved in legal assistant careers. (3 Lec.)

LA 225 Business Organizations (3)
(Next year's course prefix/number LEGL 2371)
Prerequisites: Legal Assistant 131, 135, and English 101. This course is a study of the practical aspects of the law of business organizations, including a "how-to-do-it" approach, with explanation of the legal principles which must be observed in counseling and enterprise. This course covers the common law principles of proprietorships and reviews the Uniform Partnership Act, the Uniform Limited Partnership Act, and the Model Business Corporation Act as they have been used and adopted in Texas law. (3 Lec.)

LA 227 Civil Litigation I (3)
(Next year's course prefix/number LEGL 2372)
Prerequisites: Legal Assistant 131, 135, English 101 or demonstrated competence approved by the instructor. This course is an overview of civil litigation in both state and federal courts with particular emphasis on the areas in which a legal assistant can assist the trial attorney. Particular attention is paid to preparation for litigation (interviewing clients and witnesses, reviewing public information), discovery proceedings (interrogatories, requests for admissions, depositions and document production), pretrial proceedings (motions to dismiss, motions for summary judgment, pretrial orders), and trial (witnesses and exhibits). Attention is also devoted to practical techniques required to cope with protracted or complex litigation, including organization of pleadings, documents and depositions; preparation of summaries, chronologies and indices; and maintaining a complex file in an orderly manner. Mention is made of the legal theories involved in complex litigation (e.g., product liability, civil rights, securities, and antitrust). Principal emphasis is on procedural techniques rather than substantive areas of law. (3 Lec.)

LA 230 Income Taxation (3)
(Next year's course prefix/number LEGL 2373)
Prerequisites: Legal Assistant 131 and 135 or demonstrated competence approved by the instructor. This course is a study of federal, state and local income taxation including discussion of tax-paying entities such as individuals, estates, trusts and corporations. Emphasis is on training in basic legal research skills related to income tax materials. (3 Lec.)

LA 231 Wills, Trusts, And Probate Administration (3)
(Next year's course prefix/number LEGL 2374)
Prerequisites: Legal Assistant 131, 133 and 135 or demonstrated competence approved by the instructor. The forms and principles of law for wills and trusts are covered. The organization and jurisdiction of the Texas Probate Court are studied. The administration of estates under the Texas Probate Code is analyzed, and estate and inheritance taxes are reviewed. (3 Lec.)
LA 232 Tort And Insurance Law And Claims Investigation (3)
(Next year’s course prefix/number LEGL 2375)
Prerequisites: Legal Assistant 131, 135, and English 101 or demonstrated competence approved by the instructor. The law of torts and insurance is the focus of this course. The techniques of investigation involved in tort and insurance claims are considered, and the various forms of pleadings for making the claims are studied. (3 Lec.)

LA 234 Personal Property, Sales And Credit Transactions (3)
(Next year’s course prefix/number LEGL 2376)
Prerequisites: Legal Assistant 131, 135, and English 101 or demonstrated competence approved by the instructor. The law of personal property and contracts is presented. Included are the special forms related to the law of sales and credit transactions and special drafting problems of various instruments and legal research projects. The Uniform Commercial Code and its effect are also included. (3 Lec.)

LA 238 Legal Office Management (3)
(Next year’s course prefix/number LEGL 2377)
Prerequisites: Legal Assistant 131 and 135 and English 101. All aspects of law office management are covered. Topics include office organization, bookkeeping and accounting, fees and billing procedures, scheduling and calendaring, and ethics. Management of personnel, proofreading, file preparation, legal drafting, and procedures for specialized areas of law are also included. Trust accounts, law office forms, checklists and files, and dissemination on behalf of clients are covered. This course may be repeated for credit. (3 Lec.)

LA 240 Advanced Legal Research and Drafting (3)
(Next year’s course prefix/number LEGL 2378)
Prerequisites: Legal Assistant 131, 135 and 138 and English 101. This course familiarizes the students with advanced legal research materials, particularly federal legal resources. Students continue their study from Legal Research 138 of computerized legal research techniques. This course also continues training in citation form begun in Legal Assistant 138. The student is given several opportunities to research various legal problems and to write legal documents such as an appellate brief. This course may be repeated for credit. (3 Lec.)

LA 248 Constitutional And Criminal Law (3)
(Next year’s course prefix/number LEGL 2379)
Prerequisites: Legal Assistant 131 and 135 and English 101. This course covers freedom of communication and religion, individual privacy, private property and contractual rights, and criminal justice. Also studied are procedural due process and discrimination, rights and privileges of citizenship, states’ powers and limitations, theories of federal government and its powers, congressional powers, the presidency, and the courts system and judicial review of constitutional issues. Special emphasis is put on the elements of criminal law and evidence with practice given on drafting documents related to these areas. (3 Lec.)

LA 251 Civil Litigation II (3)
(Next year’s course prefix/number LEGL 2380)
Prerequisite: Legal Assistant 227. This course is a study coordinated with other legal technology courses at an advanced level. It includes specialized study and training in the preparation for and procedures of advanced litigation, including discovery and pretrial procedures, and specialized study of the basic legal concepts of antitrust and securities law, as well as the practical application of those concepts as the predominant topics of advanced litigation. (3 Lec.)

LA 253 Bankruptcy and Creditors’ Rights (3)
(Next year’s course prefix/number LEGL 2381)
Prerequisites: Legal Assistant 131 and 135 and English 101. This course provides the student with a historical overview of the Bankruptcy Code, Title 11, U.S.C., and understanding of the stages generally applicable to bankruptcy proceedings. The student will acquire a practical, comprehensive knowledge of chapters 7, 9, 11, and 13 of the Bankruptcy Code; the operations of the United States Trustee’s Office; recovery of fraudulent and preferential transfers; creditors’ rights under the Bankruptcy Code; and use of bankruptcy forms and schedules. Emphasis is put on preparation of documents related to this topic. (3 Lec.)

LA 255 Oil And Gas Law (3)
(Next year’s course prefix/number LEGL 2382)
Prerequisite: Legal Assistant 133 or demonstrated competence approved by the instructor. Oil and gas law’s history, terminology, and principle instruments are examined. Litigation of oil and gas matters, title determination, division of interest, and major regulatory agencies are also discussed. (3 Lec.)
LA 703 Cooperative Work Experience (3)
(Next year's course prefix/number LEGL 7371)
Prerequisites: Completion of two courses in the Legal Assistant program or Instructor approval. This course combines productive work experience with academic study. The student, employer and instructor develop a written competency-based learning plan with varied objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of topics which include preparation of resumes, job application and interview techniques, organizational skills and building self-esteem. (1 Lec., 15 Lab.)

LA 704 Cooperative Work Experience (4)
(Next year's course prefix/number LEGL 7471)
Prerequisites: Completion of two courses in the Legal Assistant program or Instructor approval. This course combines productive work experience with academic study. The student, employer and instructor develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of topics which include preparation of resumes, job application and interview techniques, organizational skills and building self-esteem. (1 Lec., 20 Lab.)

LA 713 Cooperative Work Experience (3)
(Next year's course prefix/number LEGL 7372)
Prerequisites: Completion of two courses in the Legal Assistant program or Instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives each semester. The seminar consists of topics which include job site interpersonal relations, employer expectations of employees, analysis of job market research and changing jobs. (1 Lec., 15 Lab.)

LA 714 Cooperative Work Experience (4)
(Next year's course prefix/number LEGL 7472)
Prerequisites: Completion of two courses in the Legal Assistant program or Instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives each semester. The seminar consists of topics which include job site interpersonal relations, employer expectations of employees, analysis of job market research and changing jobs. (1 Lec., 20 Lab.)

LIBRARY SKILLS

LS 102 College Library Research Methods and Materials (3)
(Next year's course prefix/number LIBR 1370)
This course is a survey of college research methodologies and materials with emphasis on search strategies appropriate for college-level research in the undergraduate disciplines, the structure and assessment of information sources within society, and the organization of academic libraries. Attention will also be given to the formal presentation of research results, including models of academic writing, bibliographic preparation and documentation standards. (3 Lec.)
(Coordinating Board Academic Approval Number to be assigned. This is a unique need course.)

MANAGEMENT

MGT 136 Principles Of Management (3)
(Next year's course prefix/number MGMT 1370)
This course emphasizes the managerial functions of planning, organizing, staffing, directing, and controlling. Communication, motivation, leadership, and decision making are included. (3 Lec.)

MGT 140 Introduction To Total Quality Management (3)
(Next year's course prefix/number MGMT 1371)
This survey course is designed to provide students with a general overview of quality management. Participants will learn the various components and features unique to total quality. Course content will include: the Deming philosophy of quality, statistical process control tools for problem solving, fitness for use criteria, steps to statistical based management, data collection, team building and employee management strategies. (3 Lec.)

MGT 153 Small Business Management (3)
(Next year's course prefix/number MGMT 1372)
Small Business Management presents an introductory view of the basic entrepreneurial strategies for planning, financing, establishing, and operating a small business. Resources for both initial start-up and day-to-day operations are emphasized including market research, site selection, and such services as financial, legal, and accounting. (3 Lec.)

MGT 171 Introduction To Supervision (3)
(Next year's course prefix/number MGMT 1374)
This course is a study of today's supervisors and their problems. The practical concepts of modern-day, first-line supervision are described. Emphasis is on the supervisor's major functions, such as facilitating relations with others, leading, motivating, communicating, and counseling. (3 Lec.)
MGT 212 Special Problems In Business (1)
(Next year’s course prefix/number MGMT 2170)
Each student will participate in the definition and analysis of current business problems. Special emphasis will be placed on relevant problems and pragmatic solutions that integrate total knowledge of the business process in American society. This course may be repeated for credit up to a maximum of three credit hours. (1 Lec.)

MGT 237 Organizational Behavior (3)
(Next year’s course prefix/number MGMT 2373)
The persisting human problems of administration in modern organizations are covered. The theory and methods of behavioral science as they relate to organizations are included. (3 Lec.)

MGT 242 Human Resources Management (3)
(Next year’s course prefix/number MGMT 2374)
This course presents the fundamentals, theories, principles, and practices of people management. Emphasis is on people and their employment. Topics include recruitment, selection, training, job development, interactions with others, labor management relations, and government regulations. The managerial functions of planning, organizing, staffing, directing, and controlling are also covered. (3 Lec.)

MGT 244 Problem Solving And Decision-Making (3)
(Next year’s course prefix/number MGMT 2375)
The decision-making process and problem-solving as key components are the focus of this course. Topics include: individual, group, and organizational decision-making; logical and creative problem-solving techniques; and the use of decision aids by managers. Application of theory is provided by experiential activities such as small group discussions, case studies, and simulations. (3 Lec.)

MGT 704 Cooperative Work Experience (4)
(Next year’s course prefix/number MGMT 7471)
Prerequisite: Previous credit in or concurrent enrollment in Management 171 or demonstrated competence approved by the instructor. This course is designed to develop the student’s managerial skills through the completion of a written competency-based learning plan describing varied student learning objectives and planned work experience. Emphasis is on improving leadership skills and goal-setting. (1 Lec., 20 Lab.)

MKT 137 Principles Of Retailing (3)
(Next year’s course prefix/number MKT 1370)
The operation of the retail system of distribution is examined. Topics include consumer demand, requirements, computer use, store location and layout, and credit policies. Interrelationships are emphasized. (3 Lec.)

MKT 206 Principles Of Marketing (3)
(Next year’s course prefix/number MKT 2370)
The scope and structure of marketing are examined. Marketing functions, consumer behavior, market research, sales forecasting, and relevant state and federal laws are analyzed. (3 Lec.)

MKT 230 Salesmanship (3)
(Next year’s course prefix/number MKT 2373)
The selling of goods and ideas is the focus of this course. Buying motives, sales psychology, customer approach, and sales techniques are studied. (3 Lec.)
MKT 233 Advertising And Sales Promotion (3)  
(Next year’s course prefix/number MRKT 2374)  
This course introduces the principles, practices, and media of persuasive communication. Topics include buyer behavior, use of advertising media, and methods of stimulating sales people and retailers. The management of promotion programs is covered, including goals, strategies, evaluation, and control of promotional activities. (3 Lec.)

MATHEMATICS

(See Developmental Mathematics also. Supplementary instruction in mathematics is available through the Learning Resources Center.)

MTH 101 College Algebra (3)  
(Common Course Number MATH 1314)  
Prerequisites: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 093. This course is a study of relations and functions including polynomial, rational, exponential, logarithmic, and special functions. Other topics include variation, complex numbers, systems of equations and inequalities, theory of equations, progressions, the binomial theorem, proofs, and applications. (3 Lec.)

MTH 102 Plane Trigonometry (3)  
(Common Course Number MATH 1316)  
Prerequisite: Mathematics 101 or equivalent. This course is a study of angular measures, functions of angles, identities, solutions of triangles, equations, inverse trigonometric functions, and complex numbers. (3 Lec.)

MTH 103 College Algebra (3)  
(Next year’s course prefix/number MATH 1370)  
Prerequisites: Two years of high school algebra and an appropriate assessment score or Developmental Mathematics 093. This course is a study of relations and functions including polynomial, rational, exponential, logarithmic, and special functions. Other topics include variation, complex numbers, systems of equations and inequalities, theory of equations, progressions, the binomial theorem, proofs, and applications. (4 Lec.)

MTH 109 Precalculus Mathematics (4)  
(Common Course Number MATH 2312)  
Prerequisites: Two years of high school algebra and trigonometry and an appropriate assessment test score. This course consists of the application of algebra and trigonometry to the study of polynomial, rational, exponential, logarithmic and trigonometric functions and their graphs. Conic sections, polar coordinates, and other topics of analytic geometry will be included. (4 Lec.)

MTH 110 Precalculus Mathematics II (3)  
(Common Course Number MATH 2313)  
Prerequisites: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 093. This course consists of the application of algebra and trigonometry to the study of polynomial, rational, exponential, logarithmic and trigonometric functions and their graphs. Conic sections, polar coordinates, and other topics of analytic geometry will be included. (3 Lec.)

MTH 111 Mathematics For Business And Economics I (3)  
(Common Course Number MATH 1324)  
Prerequisites: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 093. This course consists of the application of algebra and trigonometry to the study of polynomial, rational, exponential, logarithmic and trigonometric functions and their graphs. Conic sections, polar coordinates, and other topics of analytic geometry will be included. (3 Lec.)

MTH 112 Mathematics For Business And Economics II (3)  
(Common Course Number MATH 1325)  
Prerequisites: Mathematics 111. This course includes limits, differential calculus, integral calculus, and appropriate applications. (3 Lec.)

MTH 115 College Mathematics I (3)  
(Common Course Number MATH 1332)  
Prerequisites: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 093. Designed for liberal arts students, this course includes the study of sets, logic, sets of numbers, and mathematical systems. Additional topics will be selected from mathematics of finance, introduction to computers, introduction to statistics, and introduction to matrices. Recreational and historical aspects of selected topics are also included. (3 Lec.)

MTH 116 College Mathematics II (3)  
(Common Course Number MATH 1333)  
Prerequisites: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 093. Designed for liberal arts students, this course includes the study of algebra, linear programming, permutations, combinations, probability, and geometry. Recreational and historical aspects of selected topics are also included. (3 Lec.)
MTH 117 Fundamental Concepts Of Mathematics
For Elementary Teachers (3)
(Common Course Number MATH 1335)
Prerequisites: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 093. This course includes the structure of the real number system and geometry. Emphasis is on the development of mathematical reasoning needed for elementary teachers. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015137)

MTH 121 Analytic Geometry (3)
(Common Course Number MATH 1348)
Prerequisite: Mathematics 102 or equivalent. This course is a study of the real numbers, distance, the straight line, conics, transformation of coordinates, polar coordinates, parametric equations, and three-dimensional space. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015537)

MTH 124 Calculus I (5)
(Common Course Number MATH 2513)
Prerequisite: Mathematics 109 or 121 or equivalent. This course is a study of limits, continuity, derivatives, and integrals of algebraic and transcendental functions, with applications. (5 Lec.)
(Coordinating Board Academic Approval Number 2701015937)

MTH 130 Business Mathematics (3)
(Next year’s course prefix/number MATH 1371)
Prerequisites: One year of high school algebra and an appropriate assessment test score or Developmental Mathematics 091 or equivalent. This course is intended primarily for students in specialized occupational programs. It is a study of simple and compound interest, bank discount, payrolls, taxes, insurance, mark up and mark down, corporate securities, depreciation, and purchase discounts. (3 Lec.)

MTH 139 Applied Mathematics (3)
(Next year’s course prefix/number MATH 1373)
The course is a study of commercial, technical, and other applied uses of mathematics. Topics vary to fit the needs of the students enrolled in a particular technical/occupational program. The prerequisite will vary accordingly and be determined by the needed skills. (3 Lec.)

MTH 195 Technical Mathematics I (3)
(Next year’s course prefix/number MATH 1374)
Prerequisites: One year of high school algebra and an appropriate assessment test score or Developmental Mathematics 091 or equivalent. This course is designed for technical students. It covers the basic concepts and fundamental facts of plane and solid geometry, computational techniques and devices, units and dimensions, the terminology and concepts of elementary algebra, functions, coordinate systems, simultaneous equations, and stated problems. (3 Lec.)

MTH 196 Technical Mathematics II (3)
(Next year’s course prefix/number MATH 1375)
Prerequisite: Mathematics 195. This course is designed for technical students. It includes a study of topics in algebra, an introduction to logarithms, and an introduction to trigonometry, trigonometric functions, and the solution of triangles. (3 Lec.)

MTH 202 Introductory Statistics (3)
(Common Course Number MATH 1342)
Prerequisite: Two years of high school algebra or demonstrated competence approved by the instructor. This course is a study of collection and tabulation of data, bar charts, graphs, sampling, measures of central tendency and variability, correlation, index numbers, statistical distributions, probability, and application to various fields. (3 Lec.)
(Coordinating Board Academic Approval Number 2705015137)

MTH 215 Discrete Mathematics (3)
(Common Course Number MATH 2305)
Prerequisites: Mathematics 124 and an introductory programming course. This course is a study of sets, algebraic structures (relations, functions, groups, and Boolean Algebra), combinatorics, graphs, logic, algorithms, and applications to computing devices. (3 Lec.)
(Coordinating Board Academic Approval Number 2703017137)

MTH 221 Linear Algebra (3)
(Common Course Number MATH 2318)
Prerequisite: Mathematics 124 or equivalent. This course is a study of matrices, linear equations, dot products, cross products, geometrical vectors, determinants, n-dimensional space, and linear transformations. (3 Lec.)
(Coordinating Board Academic Approval Number 2701016137)

MTH 225 Calculus II (4)
(Common Course Number MATH 2414)
Prerequisite: Mathematics 224 or equivalent. This course is a study of techniques of integration, polar coordinates, parametric equations, topics in vector calculus, sequences, series, indeterminate forms, and partial differentiation with applications. (4 Lec.)
(Coordinating Board Academic Approval Number 2701015937)

MTH 226 Calculus III (3)
(Common Course Number MATH 2315)
Prerequisite: Mathematics 225 or equivalent. This course is a study of topics in vector calculus, functions of several variables, and multiple integrals, with applications. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015937)
MTH 230 Differential Equations (3)
(Common Course Number MATH 2320)
Prerequisite: Mathematics 225 or demonstrated competence approved by the Instructor. This course is a study of ordinary differential equations, including linear equations, systems of equations, equations with variable coefficients, existence and uniqueness of solutions, series solutions, singular points, transform methods, boundary value problems, and applications. (3 Lec.)
(Coordinating Board Academic Approval Number 2703015137)

MTH 297 Technical Mathematics III (3)
(Next year's course prefix/number MATH 2370)
Prerequisite: Mathematics 196. This course will introduce the concepts and applications of calculus used in the field of Engineering Technology. Included are basic concepts from analytic geometry, differential calculus, and integral calculus. Practical application of the derivative and of integration in technology will be emphasized. (3 Lec.)

MORTGAGE BANKING

MB 101 Loan Origination (3)
(Next year's course prefix/number MOBA 1370)
This course provides the student with an introduction to the mortgage loan application process. Topics include regulatory compliance and documentation, real estate sales contracts, how to pre-qualify borrowers and how to explain the mortgage application to borrowers. (3 Lec.)

MB 102 Loan Underwriting (3)
(Next year's course prefix/number MOBA 1372)
This course is designed to provide the student with an in-depth training of mortgage loan underwriting for all facets of conventional loans as well as some discussion of FHA/VA lending practices. It provides a thorough understanding of Underwriting Guidelines as set forth by the Federal National Mortgage Association, Federal Home Loan Mortgage Corporation and most institutional type lenders. Topics include analyzing and evaluating documentation, analyzing IRS forms and working with private and secondary market investors. (3 Lec.)

MB 103 Loan Closing (3)
(Next year's course prefix/number MOBA 1373)
This course provides the student with comprehensive training in mortgage loan closing with an in-depth study of title commitments/policies, engineer's survey, deed restrictions, and various documents (legal and other) used for residential mortgage loans. (3 Lec.)

MB 104 Loan Quality Control (1)
(Next year's course prefix/number MOBA 1170)
This course provides the student with the understanding of quality control, its purpose and procedure. The student will learn to distinguish abnormal unacceptable transactions as well as to resolve the deficiencies noted. (1 Lec.)

MB 205 Loan Servicing (3)
(Next year's course prefix/number MOBA 2370)
This specialized course examines how mortgage lenders handle loans from the time a loan is closed until the final payment is made. The course focuses on the legal aspects and actual procedures used in the daily operations of the loan servicing function. Topics include escrow accounting, contract servicing, governmental regulations, taxing authorities and establishing tax rates and economic impacts of delinquency. (3 Lec.)

MB 206 Secondary Market (3)
(Next year's course prefix/number MOBA 2372)
This course provides a study of the purpose of the secondary mortgage market and its history. Included are review of the policies and programs of the major secondary market conduits; review of the basic strategies used in the selling of closed real estate mortgages into the secondary market; conventional and government segments; mortgage backed securities and bonds; regulatory requirements; GNMA mortgage backed securities; preparing and completing loans for sale and servicing sold loans. Other topics are institutional and non-institutional lenders and characteristics provided; overview of types of mortgages; history, and alternative mortgage instruments. (3 Lec.)

MB 207 Investor Accounting (3)
(Next year's course prefix/number MOBA 2373)
This course provides the student with an introduction to accounting and investor reporting functions that relate to the financial aspects of servicing mortgages that are in either a first or second position. Topics include custodial and remittance accounting methods, reporting procedures and rules for establishment of a custodial account. (3 Lec.)

MB 208 Secondary Market (3)
(Next year's course prefix/number MOBA 2370)
This course provides the student with comprehensive training in mortgage loan closing with an in-depth study of title commitments/policies, engineer's survey, deed restrictions, and various documents (legal and other) used for residential mortgage loans. (3 Lec.)

MB 704 Cooperative Work Experience (4)
(Next year's course prefix/number MOBA 7471)
Prerequisites: Completion of two core Mortgage Banking courses, concurrent enrollment in a core or related course or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of the development of a personalized on-the-job training plan and discussions with field experts on the application of mortgage banking fundamentals which may include finance, law, lending practices, government regulations and servicing. (1 Lec., 20 Lab.)
MB 714 Cooperative Work Experience (4)
(Next year's course prefix/number MOBA 7472)
Prerequisites: Completion of two core Mortgage Banking courses, concurrent enrollment in a core or related course or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of the development of a personalized on-the-job training plan and discussions with field experts on the application of mortgage banking fundamentals which may include finance, law, lending practices, government regulations and servicing. (1 Lec., 20 Lab.)

MUS 103 Guitar Ensemble (1)
(Common Course Number MUSI 1137)
Music composed and arranged for a guitar ensemble is performed. Works for a guitar and a different instrument or for guitar and a voice are also included. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009056350)

MUS 104 Music Appreciation (3)
(Common Course Number MUSI 1306)
The basic elements of music are surveyed and examined in the music literature of western civilization, particularly from the Baroque Period to the present. Cultural influences on the music of each era are observed. (3 Lec.)
(Coordinating Board Academic Approval Number 5009025130)

MUS 105 Italian Diction (1)
(Common Course Number MUSI 1160)
The phonetic sounds of the Italian language are studied. Included is selected vocabulary. This course is primarily for voice majors. (2 Lab.)
(Coordinating Board Academic Approval Number 5009053300)

MUS 106 French Diction (1)
(Common Course Number MUSI 2161)
The phonetic sounds of the French language are studied. Included is selected vocabulary. This course is primarily for voice majors. (2 Lab.)
(Coordinating Board Academic Approval Number 5009053300)

MUS 107 German Diction (1)
(Common Course Number MUSI 2160)
The phonetic sounds of the German language are studied. Included is selected vocabulary. This course is primarily for voice majors. (2 Lab.)
(Coordinating Board Academic Approval Number 5009053300)

MUS 108 English Diction (1)
(Common Course Number MUSI 1161)
The phonetic sounds of the English language are studied. Included is selected vocabulary. This course is primarily for voice majors. (2 Lab.)
(Coordinating Board Academic Approval Number 5009053300)

MUS 110 Music Literature (3)
(Common Course Number MUSI 1308)
The music of recognized composers in the major periods of music history is examined. Topics include the characteristics of sound, elements of music, performance media, and musical texture. Emphasis is on the music of the late Gothic, Renaissance, and Baroque eras. (3 Lec.)
(Coordinating Board Academic Approval Number 5009025230)

MUS 111 Music Literature (3)
(Common Course Number MUSI 1309)
This course is a continuation of Music 110. The compositional procedures and forms used by composers are studied. Emphasis is on the Classical, Romantic, and Modern periods. (3 Lec.)
(Coordinating Board Academic Approval Number 5009025230)

MUS 112 Guitar Literature And Materials (3)
(Next year's course prefix/number MUSI 1370)
The body of music for the guitar is surveyed. Emphasis is on the repertoire of instruments in the guitar family, such as the lute. Transcription and arranging are studied as well as the selection of a program for public performance. (3 Lec.)
(Coordinating Board Academic Approval Number 5009025230)

MUS 113 Foundations Of Music I (3)
(Common Course Number MUSI 1300)
This course is the initial course to prepare students with limited music training for Music 145. It focuses on notation (music reading), musical terminology, analysis, listening to and creating rhythmic and melodic responses. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045430)

MUS 114 Foundations Of Music II (3)
(Next year's course prefix/number MUSI 1371)
Prerequisite: Music 113 or demonstrated competence approved by the instructor. This course prepares students with limited music training for Music 145 and increases their general music understanding. Emphasis is on rhythmic and melodic training, chord functions, melody, textures, and basic analysis of music. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045430)

MUS 115 Jazz Improvisation (2)
(Common Course Number MUSI 1263)
The art of improvisation is introduced. Basic materials, aural training, analysis, and common styles are presented. This course may be repeated for credit. (1 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5009036530)
MUS 117 Piano Class I (1)
(Common Course Number MUSI 1181)
This course is primarily for students with no piano background. It develops basic musicianship and piano skills. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009075130)

MUS 118 Piano Class II (1)
(Common Course Number MUSI 1182)
Prerequisite: Music 117 or demonstrated competence approved by the instructor. The study of piano is continued. Included are technique, harmonization, transposition, improvisation, accompanying, sight reading, and performing various styles of repertoire. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009075130)

MUS 119 Guitar Class I (1)
(Common Course Number MUSI 1192)
This course is primarily for students with limited knowledge in reading music or playing the guitar. It develops basic guitar skills. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009035130)

MUS 120 Guitar Class II (1)
(Common Course Number MUSI 1193)
Prerequisite: Music 119 or demonstrated competence approved by the instructor. This course is a continuation of Music 119. Emphasis is on classical guitar techniques and music reading skills. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009035130)

MUS 121-143 Applied Music-Minor (1)
This course is open to students enrolled in music theory, ensembles, and other music major and minor courses. It provides private instruction in the student's secondary area and consists of a one-half hour lesson a week. Private music may be repeated for credit. Laboratory fee required. (1 Loc.)

MUS 121 Applied Music-Piano (1)
(Common Course Number MUAP 1169)
(Coordinating Board Academic Approval Number 5009035430)

MUS 122 Applied Music-Organ (1)
(Common Course Number MUAP 1165)
(Coordinating Board Academic Approval Number 5009035430)

MUS 123 Applied Music-Voice (1)
(Common Course Number MUAP 1181)
(Coordinating Board Academic Approval Number 5009035430)

MUS 124 Applied Music-Violin (1)
(Common Course Number MUAP 1101)
(Coordinating Board Academic Approval Number 5009035430)

MUS 125 Applied Music-Viola (1)
(Common Course Number MUAP 1105)
(Coordinating Board Academic Approval Number 5009035430)

MUS 126 Applied Music-Cello (1)
(Common Course Number MUAP 1109)
(Coordinating Board Academic Approval Number 5009035430)

MUS 127 Applied Music-Double Bass (1)
(Common Course Number MUAP 1113)
(Coordinating Board Academic Approval Number 5009035430)

MUS 128 Applied Music-Flute (1)
(Common Course Number MUAP 1117)
(Coordinating Board Academic Approval Number 5009035430)

MUS 129 Applied Music-Oboe (1)
(Common Course Number MUAP 1121)
(Coordinating Board Academic Approval Number 5009035430)

MUS 130 Applied Music-Clarinet (1)
(Common Course Number MUAP 1129)
(Coordinating Board Academic Approval Number 5009035430)

MUS 131 Applied Music-Bassoon (1)
(Common Course Number MUAP 1125)
(Coordinating Board Academic Approval Number 5009035430)

MUS 132 Applied Music-Saxophone (1)
(Common Course Number MUAP 1133)
(Coordinating Board Academic Approval Number 5009035430)

MUS 133 Applied Music-Trumpet (1)
(Common Course Number MUAP 1137)
(Coordinating Board Academic Approval Number 5009035430)

MUS 134 Applied Music-French Horn (1)
(Common Course Number MUAP 1141)
(Coordinating Board Academic Approval Number 5009035430)

MUS 135 Applied Music-Trombone (1)
(Common Course Number MUAP 1145)
(Coordinating Board Academic Approval Number 5009035430)

MUS 136 Applied Music-Baritone (1)
(Common Course Number MUAP 1149)
(Coordinating Board Academic Approval Number 5009035430)

MUS 137 Applied Music-Tuba (1)
(Common Course Number MUAP 1153)
(Coordinating Board Academic Approval Number 5009035430)

MUS 138 Applied Music-Percussion (1)
(Common Course Number MUAP 1157)
(Coordinating Board Academic Approval Number 5009035430)

MUS 139 Applied Music-Harp (1)
(Common Course Number MUAP 1177)
(Coordinating Board Academic Approval Number 5009035430)

MUS 140 Applied Music-Guitar (1)
(Common Course Number MUAP 1161)
(Coordinating Board Academic Approval Number 5009035430)
MUS 141 Applied Music-Electric Bass (1)
(Common Course Number MUAP 1115)
(Coordinating Board Academic Approval Number 5009035430)

MUS 143 Applied Music-Drum Set (1)
(Common Course Number MUAP 1115)
(Coordinating Board Academic Approval Number 5009035430)

MUS 145 Music Theory I (3)
(Common Course Number MUS11311)
Prerequisite: Music 113 and 114 or demonstrated competence approved by the instructor. This course is designed for music majors and minors. Emphasis is on notation, cadences, classification of diatonic triads, scales, and modes. It is recommended that students enrolled in Music 161 enroll in this course. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045130)

MUS 146 Music Theory II (3)
(Common Course Number MUS 1312)
Prerequisite: Music 145 or demonstrated competence approved by the instructor. This course focuses on part-writing and harmonization with triads and their inversions. Also included is a chord vocabulary expanded to include materials from the common practice period as well as contemporary periods. It is recommended that students enrolled in Music 162 enroll in this course. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045130)

MUS 147 Synthesizer Class I (1)
(Next year's course prefix/number MUSI 1170)
Prerequisite: Music 117 or prior keyboard experience. This course is an entry-level performance course designed to teach students the basic theoretical concepts and performance skills necessary to perform on synthesizers. (3 Lab.)
(Coordinating Board Academic Approval Number 5009037130)

MUS 148 Synthesizer Class II (1)
(Next year's course prefix/number MUSI 1172)
Prerequisite: Music 147 or prior music synthesizer experience. This course is a continuation of Music 147. This course emphasizes the rehearsal and performance of commercial music styles. FM synthesis is introduced and a variety of programmable equipment is surveyed including drum machines, sequencers, digital samplers and computer software. (3 Lab.)
(Coordinating Board Academic Approval Number 5009037130)

MUS 150 Chorus (1)
(Common Course Number MUSI 2143)
Prerequisite: Demonstrated competence approved by the instructor. A wide variety of music representing the literature of the great eras of music history is studied and performed. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035730)

MUS 151 Voice Class I (1)
(Common Course Number MUSI 1183)
This course is for non-voice majors. It presents the principles of breathing, voice production, tone control, articulation, and phrasing in two group lessons a week. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009085130)

MUS 152 Voice Class II (1)
(Common Course Number MUSI 1184)
This course is a continuation of Music 151. It is open to all non-voice majors. Emphasis is on solo singing, appearance in studio recital, stage deportment, and personality development. Two group lessons are given a week. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009085130)

MUS 153 Digital Music Production (3)
(Next year's course prefix/number MUSI 1372)
Prerequisite: One semester of music theory and keyboard or demonstrated competence approved by the instructor. This course is designed to introduce major/non-major music students to the MIDI technology as an extension of the music theory/keyboard curriculum. Various MIDI devices, computer hardware, and computer software will be explored. This course may be repeated for credit. (2 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 5009035630.)

MUS 154 Digital Music Production (3)
(Next year's course prefix/number MUSI 1373)
Prerequisite: Successful completion of Music 153 or demonstrated competence approved by the instructor. This course is a continuation of Music 153 and will present advanced concepts in music production. This course may be repeated for credit. (2 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 5009035630.)

MUS 155 Vocal Ensemble (1)
(Common Course Number MUSI 1143)
Prerequisite: Demonstrated competence approved by the instructor. Activities include study and performance of specialized choral literature suitable for more advanced students. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035730)

MUS 156 Madrigal Singers (1)
(Common Course Number MUSI 1152)
A group of vocalists read and perform literature for small ensembles. Membership is by audition with the appropriate director. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035830)
HST 103 World Civilizations (3)
(Common Course Number HIST 2321)
This course presents a survey of ancient and medieval history with emphasis on Asian, African, and European cultures. (3 Lec.)
(Coordinating Board Academic Approval Number 4508015342)

HST 104 World Civilizations (3)
(Common Course Number HIST 2322)
This course is a continuation of History 103. The modern history and cultures of Asia, Africa, Europe, and the Americas, including recent developments, are presented. (3 Lec.)
(Coordinating Board Academic Approval Number 4508015342)

HST 105 Western Civilization (3)
(Common Course Number HIST 2311)
The civilization in the West from ancient times through the Enlightenment is surveyed. Topics include the Mediterranean world, including Greece and Rome, the Middle Ages, and the beginnings of modern history. Particular emphasis is on the Renaissance, Reformation, the rise of the national state, the development of parliamentary government, and the influences of European colonization. (3 Lec.)
(Coordinating Board Academic Approval Number 4508015442)

HST 106 Western Civilization (3)
(Common Course Number HIST 2312)
This course is a continuation of History 105. It follows the development of civilization from the Enlightenment to current times. Topics include the Age of Revolution, the beginning of industrialism, 19th century, and the social, economic, and political factors of recent world history. (3 Lec.)
(Coordinating Board Academic Approval Number 4508015442)

HST 110 The Heritage Of Mexico (3)
(Common Course Number HIST 2380)
This course (cross-listed as Anthropology 110) is taught in two parts each semester. The first part of the course deals with the archaeology of Mexico beginning with the first humans to enter the North American continent and culminating with the arrival of the Spanish in 1519 A.D. Emphasis is on archaic cultures, the Maya, the Toltec, and the Aztec empires. The second part of the course deals with Mexican history and modern relations between the United States and Mexico. The student may register for either History 110 or Anthropology 110, but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015342)

HST 112 Latin American History (3)
(Common Course Number HIST 2331)
This course presents developments and personalities which have influenced Latin American history. Topics include Indian cultures, the Conquistadors, Spanish administration, the wars of independence, and relations with the United States. A brief survey of contemporary problems concludes the course. (3 Lec.)
(Coordinating Board Academic Approval Number is to be assigned. This is a unique need course.)

HST 120 Afro-American History (3)
(Common Course Number HIST 2381)
The role of the Black in American history is studied. The slave trade and slavery in the United States are reviewed. Contributions of black Americans in the U.S. are described. Emphasis is on the political, economic, and sociological factors of the 20th century. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015342)

HST 204 American Minorities (3)
(Common Course Number HUMA 2319)
Prerequisite: Sociology 101 or six hours of U.S. history recommended. Students may register for either History 204 or Sociology 204 but may receive credit for only one of the two. The principal minority groups in American society are the focus of this course. The sociological significance and historic contributions of the groups are presented. Emphasis is on current problems of intergroup relations, social movements, and related social changes. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015342)

HST 205 Advanced Historical Studies (3)
(Next year's course prefix/number HIST 2470)
Prerequisite: Six hours of history. An in-depth study of minority, local, regional, national, or international topics is presented. This course may be repeated for credit when topics vary. (3 Lec.)
(Coordinating Board Academic Approval Number 4508015642)

HUMAN DEVELOPMENT

HD 092 Student Success (3)
(Next year's course prefix/number HDEV 0092)
In this orientation course, students are introduced to academic and personal goal-setting and learning skills that enhance their chances for educational success. Students will learn how to develop positive attitudes toward themselves, improve communication and decision-making skills, and make effective use of campus resources. This course supports students enrolling in other appropriate remediation. (3 Lec.)
(Coordinating Board Academic Approval Number 3201995140)
MUS 160 Band (1)
(Common Course Number MUSI 1237)
Prerequisite: Demonstrated competence approved by the instructor. The band studies and performs a wide variety of music in all areas of band literature. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035630)

MUS 161 Musicianship I (1)
(Common Course Number MUSI 1116)
Prerequisite: Music 113 and 114 or demonstrated competence approved by the Instructor. Keyboard skills and aural skills (including sight-singing and ear training) are developed. It is recommended that students enrolled in Music 145 enroll in this course. (3 Lab.)
(Coordinating Board Academic Approval Number 5009045630)

MUS 162 Musicianship II (1)
(Common Course Number MUSI 1217)
Prerequisite: Music 161. This course is a continuation of Music 161. It is recommended that students enrolled in Music 146 enroll in this course. (3 Lab.)
(Coordinating Board Academic Approval Number 5009045630)

MUS 166 History Of Jazz/Rock Music (3)
(Common Course Number MUSI 1310)
The study of social and musical influences on Jazz/Rock music and the influence of Jazz/Rock Music on society and the music industry. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 5009025330)

MUS 170 Orchestra (1)
(Common Course Number MUSI 1123)
Prerequisite: Demonstrated competence approved by the instructor. Experience is provided in performing and reading orchestral literature and in participating in the college orchestra. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009025330)

MUS 171 Woodwind Ensemble (1)
(Common Course Number MUSI 1133)
Prerequisite: Demonstrated competence approved by the instructor. A group of woodwind instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035630)

MUS 172 Brass Ensemble (1)
(Common Course Number MUSI 1134)
Prerequisite: Demonstrated competence approved by the instructor. A group of brass instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035630)

MUS 173 Percussion Ensemble (1)
(Common Course Number MUSI 1138)
Prerequisite: Demonstrated competence approved by the instructor. A group of percussion instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035630)

MUS 174 Keyboard Ensemble (1)
(Common Course Number MUSI 1132)
Prerequisite: Demonstrated competence approved by the instructor. A group of keyboard instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035630)

MUS 175 String Ensemble (1)
(Common Course Number MUSI 1139)
Prerequisite: Demonstrated competence approved by the instructor. A group of string instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035630)

MUS 176 Symphonic Wind Ensemble (1)
(Common Course Number MUSI 1140)
Prerequisite: Demonstrated competence approved by the instructor. In the symphonic wind ensemble, students study and perform stylistic literature of all periods. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035630)

MUS 177 Chamber Ensemble (1)
(Common Course Number MUSI 1151)
Prerequisite: Demonstrated competence approved by the instructor. A group of chamber instrumentalists or vocalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035830)

MUS 181 Lab Band (1)
(Common Course Number MUSI 2237)
Prerequisite: Demonstrated competence approved by the instructor. Students study and perform various forms of commercial music, such as jazz, pop, avant-garde, and fusion. Student arranging, composing, and conducting are encouraged. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035630)

MUS 184 Jazz Ensemble (1)
(Common Course Number MUSI 1125)
Prerequisite: Demonstrated competence approved by the instructor. The jazz ensemble rehearses and performs a variety of jazz styles. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5009035530)
OFFICE TECHNOLOGY

OFC 103 Speedwriting Theory (4)
(Next year's course prefix/number OFCT 1470)
Prerequisites: Credit or concurrent enrollment in Office Technology 172 or demonstrated competence approved by the instructor. The principles of speedwriting are introduced. Included is the development of the ability to read, write, and transcribe speedwriting notes. Basic spelling, grammar, and punctuation rules are reviewed. Laboratory fee. (3 Lec., 2 Lab.)

OFC 106 Speedwriting Dictation And Transcription (4)
(Next year's course prefix/number OFCT 1471)
Prerequisites: Office Technology 103. Principles of speedwriting are applied to build dictation speed and transcription rate. Special attention is given to the review of grammar, spelling, and punctuation rules. Laboratory fee. (3 Lec., 2 Lab.)

OFC 143 Contemporary Topics in Office Technology (1)
(Next year's course prefix/number OFCT 1170)
Prerequisites: Demonstrated competence approved by the instructor. This course emphasizes current topics of interest in office technology fields. Realistic solutions to problems relevant to the needs of industry are presented. This course may be repeated for credit with different emphasis up to six hours. (1 Lec.)

OFC 144 Contemporary Topics in Office Technology (2)
(Next year's course prefix/number OFCT 1270)
Prerequisites: Will vary based on topics covered and will be annotated in each semester’s class schedule. Current developments in the rapidly changing field of office technology are studied. This course may be repeated for credit when topics vary. (2 Lec.)

OFC 145 Contemporary Topics in Office Technology (3)
(Next year's course prefix/number OFCT 1370)
Prerequisites: Will vary based on topics covered and will be annotated in each semester’s class schedule. Current developments in the rapidly changing field of office technology are studied. This course may be repeated for credit when topics vary. (3 Lec.)

OFC 150 Automated Filing Procedures (3)
(Next year's course prefix/number OFCT 1371)
Prerequisite: Office Technology 172 or demonstrated competence approved by the instructor. This course introduces the basic principles and procedures of records storage and control. Topics include records storage methods; procedures for the operation and control of manual and automated storage systems; rules for indexing; and principles for the selection of records equipment and supplies. (2 Lec., 2 Lab.)

OFC 159 Beginning Shorthand (4)
(Next year's course prefix/number OFCT 1472)
Prerequisite: Credit or concurrent enrollment in Office Technology 172 or demonstrated competence approved by the instructor. The principles of Gregg Shorthand are introduced. Included is the development of the ability to read, write, and transcribe shorthand outlines. Knowledge of the mechanics of English is also developed. Laboratory fee. (3 Lec., 2 Lab.)

OFC 160 Office Calculating Machines (3)
(Next year's course prefix/number OFCT 1372)
This course focuses on the development of skills in using electronic calculators. Emphasis is on developing the touch system for both speed and accuracy. Business math and business applications are included. Laboratory fee. (3 Lec.)

OFC 162 Office Procedures (3)
(Next year's course prefix/number OFCT 1373)
Prerequisites: Office Technology 172 or demonstrated competence approved by the instructor. This course bridges the gap between the basic skills courses and current office practices. Topics include records management, electronic filing, reprographics, mail, telephone usage, financial transactions, and interpersonal relations. (3 Lec.)

OFC 166 Intermediate Shorthand (4)
(Next year's course prefix/number OFCT 1473)
Prerequisites: Office Technology 159 and Office Technology 172 or demonstrated competence approved by the instructor. The principles of Gregg Shorthand are studied. Emphasis is on increased speed dictation, accuracy in typing from shorthand notes, and beginning techniques of transcription skills. Also included are oral reading, speed building, and grammar. Office Careers 166 is equivalent to Office Technology 187, 188, and 189. Laboratory fee. (3 Lec., 2 Lab.)
OFC 187 Legal Terminology And Transcription (3)
(Next year's course prefix/number OFCT 1374)
Prerequisites: Office Technology 173 and Office Technology 185 or concurrent enrollment or demonstrated competence approved by the instructor. Legal terms are the focus of this course. Included are the spelling and use of legal terms and Latin words and phrases. Intensive practice is provided in building speed and accuracy in the transcription of legal terms. Laboratory fee. (3 Lec.)

OFC 172 Beginning Typing (3)
(Next year's course prefix/number OFCT 1375)
This course is for students with no previous training in typing. Fundamental techniques in typing are developed. The skills of typing manuscripts, business letters, and tabulations are introduced. Office Technology 172 is equivalent to Office Technology 176, 177, and 178. Laboratory fee. (2 Lec., 3 Lab.)

OFC 173 Intermediate Typing (3)
(Next year's course prefix/number OFCT 1376)
Prerequisites: Office Technology 172 or demonstrated competence approved by the instructor. Typing techniques are developed further. Emphasis is on problem-solving. Increasing speed and accuracy in typing business forms, correspondence, and manuscripts are also covered. Laboratory fee. (2 Lec., 3 Lab.)

OFC 176 Keyboarding (1)
(Next year's course prefix/number OFCT 1171)
This course is for students with no previous training in typing. The course introduces the typewriter parts. Alphabetic keys, numeric keys, and symbol keys are covered. Fundamental techniques are refined, and speed is developed. Laboratory fee. (1 Lec., 1 Lab.)

OFC 179 Office Information Systems Concepts (2)
(Next year's course prefix/number OFCT 1271)
Prerequisite: Office Technology 172. This course introduces information/word processing and describes its effect on traditional office operations. Basic information/word processing principles, concepts, terminology and advantages of word processing systems are introduced. This course does not include the operation of a wordprocessor or microcomputer. (2 Lec.)

OFC 182 Introduction To Word Processing (1)
(Next year's course prefix/number OFCT 1172)
Prerequisites: Office Technology 172 or demonstrated competence approved by the instructor. This course introduces the fundamental techniques required in the operation of word processing software. Basic concepts of electronic storage and retrieval involved in creating, printing, centering, and revising documents are introduced. May be repeated for credit using different software. Laboratory fee. (2 Lab.)

OFC 183 Keyboarding For Speed And Accuracy (1)
(Next year's course prefix/number OFCT 1173)
This course provides intensive practice drills for developing speed and accuracy on one-, three-, and five-minute writings. May be taken concurrently with Intermediate Typing or Advanced Typing Applications. May be repeated for credit. Laboratory fee. (2 Lab.)

OFC 185 Basic Machine Transcription (1)
(Next year's course prefix/number OFCT 1174)
Prerequisites: Office Technology 173 or concurrent enrollment. This course introduces the basic equipment, techniques, and skills required to transcribe recorded business information into mailable documents. Emphasis is placed on grammar, punctuation, and spelling skills required in word processing operations. Automated equipment and audio transcription machines are used. Laboratory fee. (1 Lec., 1 Lab.)

OFC 190 Principles Of Word Processing (4)
(Next year's course prefix/number OFCT 1474)
Prerequisites: Office Technology 173 or concurrent enrollment. This course introduces word processing and describes its effect on traditional office operations. An understanding of basic word processing principles and fundamental techniques required in the operation of word processing and transcription equipment are introduced. Emphasis is placed on grammar, punctuation, and spelling skills required in word processing operations. Office Technology 190 is equivalent to Office Technology 179, 182, and 185. Laboratory fee. (3 Lec., 3 Lab.)

OFC 192 Office Machines I (1)
(Next year's course prefix/number OFCT 1175)
Business mathematical skills needed to operate office calculators are reviewed. Speed and accuracy skills using ten-key touch are developed. Laboratory fee. (1 Lec.)

OFC 231 Business Communications (3)
(Next year's course prefix/number OFCT 2370)
Prerequisites: Office Technology 172 and English 101 or demonstrated competence approved by the instructor. This practical course includes a study of letter forms, the mechanics of writing and the composition of various types of communications. A critical analysis of the appearance and content of representative business correspondence, proposals, and reports is made. (3 Lec.)

OFC 266 Advanced Shorthand (4)
(Next year's course prefix/number OFCT 2470)
Prerequisites: Office Technology 166 and Office Technology 173 or demonstrated competence approved by the instructor. Emphasis is on building dictation speed. Producing mailable, typed transcriptions under timed conditions is also stressed. Vocabulary and extensive production work capabilities are developed. Laboratory fee. (3 Lec., 2 Lab.)
OFCT 273 Advanced Typing Applications (2)
(Next year’s course prefix/number OFCT 2270)
Decision-making and production of all types of business
correspondence under timed conditions are emphasized. A con-
tinuation of skill development and a review of typing
and machine functions are developed. Special emphasis
stress. Accuracy at advanced
speeds is demanded. Laboratory fee. (1 Lec., 2 Lab.)

OFCT 274 Legal Secretarial Procedures (3)
(Next year’s course prefix/number OFCT 2371)
Prerequisite: Office Technology 167 or demonstrated competence approved
or concurrent enrollment in, Office Technology 167, or demonstrated competence approved
by the instructor. This course focuses on
procedures of the legal secretary. Topics include re-
minders, telephone usage, dictation and
correspondence, the preparation of legal documents, and
and ethics are also covered. Ways to obtain a position as
a legal secretary are described. (3 Lec.)

OFCT 282 Word Processing Applications (1)
(Next year’s course prefix/number OFCT 2170)
Prerequisites: Office Technology 182 or demonstrated competence approved by the instructor. This course is
designed for students who have a basic knowledge of
Advanced word processing concepts
and machine functions are developed. Special emphasis
is placed on producing mailable documents. May be
repeated for credit using different emphasis. Laboratory
fee. (2 Lab.)

OFCT 283 Specialized Software I (1)
(Next year’s course prefix/number OFCT 2171)
Specialized applications are performed using automated
equipment which the student has previously mastered.
Applications may include word processing, graphics,
microcomputers will be used in this course. May be re-
peated for credit using different emphasis/equipment.
Laboratory fee. (2 Lab.)

OFCT 284 Specialized Software II (1)
(Next year’s course prefix/number OFCT 2172)
Specialized applications are performed using automated
equipment that the student has previously mastered.
More advanced applications may include graphics, math
tasking, billings, and bookkeeping.
This course may be repeated for credit using different
emphasis/equipment. (2 Lab.)

OFCT 285 Applied Machine Transcription (1)
(Next year’s course prefix/number OFCT 2173)
Prerequisites: Office Technology 173 or 190 and Office
Technology 185 or demonstrated competence approved
by the instructor. This course is designed for students with
basic skills in machine transcription. Emphasis is placed
on increasing accuracy and speed in the timed transcrip-
tion of recorded information. Composing and dictating
business communications are introduced. Laboratory
fee. (1 Lec., 1 Lab.)

OFCT 703 Cooperative Work Experience (3)
(Next year’s course prefix/number OFCT 7371)
Prerequisites: Completion of two courses in the Office
Technology program or instructor approval. This course
combines productive work experience with academic
study. The student, employer and instructor will develop
a written competency-based learning plan with varied
learning objectives and work experiences. Students must
develop new learning objectives each semester. Students
must complete three objectives and work a minimum of
15 hours per week for a total of three credit hours. This
seminar consists of orientation, setting/writing job object-
ives, interpersonal skills, career interest/aptitude test and
evaluation, time management, career planning, and exit
seminar. (1 Lec., 15 Lab.)

OFCT 704 Cooperative Work Experience (4)
(Next year’s course prefix/number OFCT 7471)
Prerequisites: Completion of two courses in the Office
Technology program or instructor approval. This course
combines productive work experience with academic
study. The student, employer and instructor will develop
a written competency-based learning plan with varied
learning objectives and work experiences. Students must
complete four objectives and work a minimum of 20 hours
per week for a total of four credit hours. This seminar
consists of orientation, setting/writing job objectives, inter-
personal skills, career interest/aptitude test and
evaluation, time management, career planning, and exit
seminar. (1 Lec., 20 Lab.)

OFCT 713 Cooperative Work Experience (3)
(Next year’s course prefix/number OFCT 7372)
Prerequisites: Completion of two courses in the Office
Technology program or instructor approval. This course
combines productive work experience with academic
study. The student, employer and instructor will develop
a written competency-based learning plan with varied
learning objectives each semester. Students must com-
plete three objectives and work a minimum of 15 hours per
week for a total of three credit hours. This seminar con-
fronts orientation, setting/writing job objectives, stress
management, Certified Professional Secretary, communi-
cation skills, job search, professional image, and exit
seminar. (1 Lec., 15 Lab.)
OFC 714 Cooperative Work Experience (4)
(Next year's course prefix/number OFCT 7472)
Prerequisites: Completion of two courses in the Office Technology program or Instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. Students must complete four objectives and work a minimum of 20 hours per week for a total of four credit hours. This seminar consists of orientation, setting/writing job objectives, stress management, Certified Professional Secretary, communication skills, job search, professional image, and exit seminar. (1 Lec., 20 Lab.)

OFC 803 Cooperative Work Experience (3)
(Next year's course prefix/number OFCT 8381)
Prerequisites: Completion of previous Office Technology 703 or 704 and 713 or 714. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. Students must complete three objectives and work a minimum of 15 hours per week for a total of three credit hours. This seminar consists of orientation, setting/writing job objectives, and independent study of business topics. (1 Lec., 15 Lab.)

OFC 804 Cooperative Work Experience (4)
(Next year's course prefix/number OFCT 8481)
Prerequisites: Completion of previous Office Technology 703 or 704 and 713 or 714. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. Students must complete four objectives and work a minimum of 20 hours per week for a total of four credit hours. This seminar consists of orientation, setting/writing job objectives, and independent study of business topics. (1 Lec., 20 Lab.)

PHI 101 Introduction To Philosophy (3)
(Common Course Number PHIL 1301)
The fundamental problems in philosophy are surveyed. Methods to deal with the problems are discussed. Ancient and modern views are examined as possible solutions. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015135)

PHI 103 Critical Thinking (3)
(Next year's course prefix/number PHIL 1370)
This course is designed to improve students' critical thinking ability. Students will both analyze and construct arguments. Elementary deductive forms, common fallacies, and inductive reasoning are considered. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015235)

PHI 105 Logic (3)
(Common Course Number PHIL 2303)
The principles of logical thinking are analyzed. The methods and tools of logic are applied to real-life situations. Fallacies, definitions, analogies, syllogisms, Venn diagrams, and other topics are discussed. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015235)

PHI 202 Introduction To Social And Political Philosophy (3)
(Common Course Number PHIL 2307)
The relationships of philosophical ideas to the community are presented. Emphasis is on concepts of natural rights, justice, education, freedom, and responsibility. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015535)

PHI 203 Ethics (3)
(Common Course Number PHIL 2306)
The classical and modern theories of the moral nature of the human are surveyed. Alternative views of responsibilities to self and society are posed. Ethical issues and their metaphysical and epistemological bases are vivified. Emphasis is on applying ethical principles in life. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015535)

PHI 207 History Of Ancient Philosophy (3)
(Common Course Number PHIL 2316)
The history of philosophy from pre-Socratic times to the Renaissance is examined. Connections are made between the pre-Socratics, Plato, and Aristotle; Stoicism, Epicureanism, and Scholasticism are considered. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015535)

PHI 208 History Of Modern Philosophy (3)
(Common Course Number PHIL 2317)
The history of philosophy from the Renaissance through the 19th century is examined. Emphasis is on continental rationalism, British empiricism, Kantian metaphysics and epistemology, and the Hegelian system as it relates to 20th century philosophies. The historical relationship between these schools of thought is explored. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015535)

PHOTOGRAPHY

NOTE: These courses will carry a Dallas County Community College prefix of "PHOT" next year; however, some can be identified by a common course number for transfer evaluation purposes. Both are listed in the parenthetical notes in the course descriptions.
PHO 110 Introduction To Photography And Photojournalism (3)
(Next year's course prefix/number PHOT 1316; Common Course Number COMM 1316)
Photography and photojournalism are introduced. Topics include the general mechanics of camera lenses and shutters and the general characteristics of photographic films, papers, and chemicals. Darkroom procedures are presented, including enlarging, processing, contact printing, and exposing films and papers. Artificial lighting is introduced. Laboratory fee. (2 Lec., 4 Lab.) (Coordinating Board Academic Approval Number 0904015526)

PHO 111 Advanced Photography And Photojournalism (3)
(Next year's course prefix/number PHOT 1317; Common Course Number COMM 1317)
Prerequisite: Photography 110 or demonstrated competence approved by the instructor. Techniques learned in Photography 110 are refined. Emphasis is on photographic communication. Laboratory fee. (2 Lec., 4 Lab.) (Coordinating Board Academic Approval Number 0904015526)

PHO 115 Special Photographic Topics and Problems (Non-Lab Related) (3)
(Next year's course prefix/number PHOT 1370)
This course of study addresses special photographic topics or problems which do not require lab instruction or use of lab facilities. Topics may include special interest areas such as: history of photography, photographic criticism, history of film making, looking at photographic collections, and color slide photography. The course will be narrow in scope to provide for in-depth study of the particular topics and may employ field trips and visiting instructors with specialized expertise. This course may be repeated for credit. (3 Lec.) (Coordinating Board Academic Approval Number 5006055230)

PHO 122 Commercial Photography I (3)
(Next year's course prefix/number PHOT 2356; Common Course Number ARTS 2356)
Prerequisites: Photography 110 and 111 or demonstrated competence approved by the instructor. Commercial or contract photography is studied. Field, studio, and darkroom experiences for various kinds of photography are discussed. Social, portrait, studio, fashion, publicity, landscape, and product photography, as well as portfolio development, are included. The use of natural and artificial lighting is covered. Laboratory fee. (2 Lec., 4 Lab.) (Coordinating Board Academic Approval Number 5006055130)

PHO 123 Commercial Photography II (3)
(Next year's course prefix/number PHOT 2376)
Prerequisites: Photography 110 and 111 or demonstrated competence approved by the instructor. This course is a continuation of Photography 122. Publicity, architectural, interior, and advertising photography are included. The latest equipment, papers, films, and techniques are explored. Exchanges may be made with sample clients, employers, studios, and agencies. Laboratory fee. (2 Lec., 4 Lab.) (Coordinating Board Academic Approval Number 5006055230)

PHO 124 Introduction to Digital Imaging (3)
(Next year's course prefix/number PHOT 1371)
Prerequisite: Photography 110 or Art 118. This is a broad-based, introductory course which explores the creation and manipulation of images on the computer. The course content will include an introduction to the computer system, an overview of desktop publishing and graphic programs, use of the digital camera, scanning-in photographs, and exploring techniques of photo-manipulation. Laboratory fee. (2 Lec., 4 Lab.) (Coordinating Board Academic Approval Number 5007015326)

PHO 125 Advanced Digital Imaging (3)
(Next year's course prefix/number PHOT 1372)
Prerequisites: Photography 110 or Art 118, Photography 124. This course will explore in greater depth the applications covered in the Introduction to Digital Photography (Photography 124) class. Students will work to master the technical complexities of digital photography and seek to clarify a personal direction through extended projects. Laboratory fee. (2 Lec., 4 Lab.) (Coordinating Board Academic Approval Number 5007015326)

PHO 207 Photography For Publications (3)
(Next year's course prefix/number PHOT 2372)
Prerequisites: Photography 110 and 111 or demonstrated competence approved by the instructor. This course is designed for the student who is interested in journalistic editing, publications photography, and graphic arts procedures. It encourages skills in all three areas and prepares the student for a broad job market that includes photojournalism, printing, editing, composing, and general copy preparation. Students who enroll in this course should have a background in journalism, photography, and graphic arts and be of sophomore standing. Laboratory fee. (2 Lec., 4 Lab.)
PHO 215 Special Photographic Topics And Problems (3)
(Next year's course prefix/number PHOT 2375)
Prerequisites: Photography 110 and 111 or demonstrated competence approved by the instructor. This course addresses special photographic topics or problems that may result from technological advances and particular student and/or instructor interests and/or expertise. Topics may include special interest areas such as architectural, landscape, wedding, environmental portraiture and audiovisual slide-with-sound productions. The course will be narrow in scope to provide for in-depth study of the particular topic and may employ visiting instructors with specialized expertise. This course may be repeated for credit. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5006055230)

PHYSICAL EDUCATION

PEH 100 Lifetime Sports Activities (1)
(Common Course Number PHED 1100)
Beginning level skills in various lifetime sports are presented as well as rules, etiquette, safety, strategy, offensive and defensive elements, and conditioning activities where appropriate. Physical Education 100 may be repeated for credit when students select different activities. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 361085128)

PEH 101 Health For Today (3)
(Common Course Number PHED 1304)
Emphasis is placed on relating course content to lifestyle to foster a better understanding of the major health issues of today. Current issues include, but are not limited to: emotional health, chemical use and abuse, human sexuality, major diseases, physical fitness, nutrition, aging, death and dying. This course does not satisfy the physical education activity course requirement. (3 Lec.)
(Coordinating Board Academic Approval Number 5103015128)

PEH 103 Beginning Casting And Angling (1)
(Common Course Number PHED 1101)
This course will include the fundamentals of fly casting, bait casting, spinning and spin casting. This course covers basic knowledge and understanding of angling techniques and concepts, and will include several tackle crafts. This course may be repeated for credit. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 361085128)

PEH 104 Beginning Soccer (1)
(Common Course Number PHED 1102)
Course content emphasizes the basic playing skills of both indoor and outdoor soccer at the beginner level, as well as rules, strategies, safety, offensive and defensive patterns of play, and competitive activities. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 361085128)

PEH 105 Shooting and Firearm Safety (1)
(Common Course Number PHED 1103)
Course content includes fundamentals of shooting, gun safety and principles of reloading. This course includes personal safety associated with hunting and sport shooting. This course may be repeated for credit. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 361085128)

PEH 109 Outdoor Recreation (3)
(Common Course Number PHED 1306)
Outdoor recreation and organized camping are studied. Both the development of these activities and present trends are covered. This course does not satisfy the physical education activity course requirement. (3 Lec.)
(Coordinating Board Academic Approval Number 3101015128)

PEH 110 Community Recreation (3)
(Common Course Number PHED 1307)
This course is primarily for students majoring or minoring in health, physical education, or recreation. The principles, organization, and function of recreation in American society are covered. This course does not satisfy the physical education activity course requirement. (3 Lec.)
(Coordinating Board Academic Approval Number 3101015128)

PEH 112 Beginning Softball (1)
(Common Course Number PHED 1104)
Course content includes the basic playing skills of softball at the beginner level, as well as rules, strategies, safety, offensive and defensive elements, and competitive activities. These common elements will be applied to fast pitch, slow pitch, and coed softball. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 361085128)

PEH 113 Beginning Racquetball (1)
(Common Course Number PHED 1105)
Basic racquetball skills, rules and strategies are taught and class tournaments are conducted. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 361085128)
PEH 114 Beginning Badminton (1)
(Common Course Number PHED 1106)
Course content emphasizes the basic playing skills of badminton at the beginner level, as well as rules, strategies, safety, offensive and defensive elements, and competitive activities. Each of the above elements will be applied to the singles, doubles, and mixed-double games. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 115 Physical Fitness (1)
(Common Course Number PHED 1184)
Students are introduced to health related concepts and activities for the purpose of gaining knowledge and skills necessary to evaluate personal fitness level and to develop a personal lifelong fitness program. Activities include, but are not limited to: aerobics, circuit training, muscular development, flexibility, agility exercises, weight training and body composition. This course may be repeated for credit. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3105015128)

PEH 116 Intramural Athletics (1)
(Common Course Number PHED 1107)
Intramural competition in a variety of activities is offered for men and women. Individual and team competition are offered. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 117 Beginning Archery (1)
(Common Course Number PHED 1108)
The beginning level skills of target and field shooting and bow hunting are emphasized. History, rules of competition, preparation and care of equipment and safety are included. Equipment is furnished. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 118 Beginning Golf (1)
(Common Course Number PHED 1109)
Course content emphasizes the basic skills involved in club selection, golf course analysis, shot selection and execution of the golf swing. Rules, scoring, handicapping, and etiquette are included. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 119 Beginning Tennis (1)
(Common Course Number PHED 1110)
This course emphasizes the acquisition of beginning level skills in the execution of forehand strokes, backhand strokes, the serve, and the volley. Rules, strategies of the singles and doubles games, etiquette, safety, and competitive activities are included. Equipment is furnished. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 120 Beginning Bowling (1)
(Common Course Number PHED 1111)
Basic bowling skills at the beginner level as well as rules, strategies, safety, scoring and competitive activities are emphasized. All classes are conducted at an off-campus bowling lane. Lane fee. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 121 Folk Dance (1)
(Common Course Number PHED 1112)
Participation is provided in a variety of folk dances from other lands. The study of cultural backgrounds and costumes is included. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 122 Beginning Gymnastics (1)
(Common Course Number PHED 1113)
Beginning level skills in both men's and women's all-around gymnastic events are emphasized. Men's events include horizontal bar, pommel horse, rings, vaulting, floor exercise, and parallel bars. Women's events include floor exercise, vaulting, balance beam, and uneven parallel bars. Basic tumbling skills are also included. All appropriate events will be incorporated into a beginner's level routine. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 123 Beginning Swimming (1)
(Common Course Number PHED 1114)
This course is designed to teach a non-swimmer or a shallow water swimmer to become a safe and efficient deep water swimmer. After the development of sufficient skills to perform a modified crawl stroke, the elementary back stroke, survival floating, jumping into deep water, leveling off and changing directions, swimmers will be able to swim in deep water. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 124 Social Dance (1)
(Common Course Number PHED 1115)
This course is for students who have limited experience in dance. Ballroom and social dancing are offered. Included are fundamental steps and rhythms of the fox-trot, waltz, tango, and recent dances. "Country" dancing includes the two-step, cotton-eyed Joe, square dance, and other dances. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 125 Conditioning Exercise (1)
(Common Course Number PHED 1116)
This course focuses on understanding exercise and its effect on the body. Cardiovascular endurance, muscular strength, endurance and flexibility are improved through a variety of conditioning activities. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)
PEH 127 Beginning Basketball And Volleyball (1)
(Common Course Number PHED 1117)
Basic basketball and volleyball skills are taught. Rules, game strategies and competitive activities are included. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 129 Modern Dance (1)
(Common Course Number PHED 1118)
This beginning course is designed to emphasize basic dance technique, body alignment and placement, floor work, locomotor patterns, and creative movement. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 131 Weight Training And Conditioning (1)
(Common Course Number PHED 1119)
Instruction in weight training and conditioning techniques are stressed. Emphasis is placed on muscular strength and endurance. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 132 Self-Defense (1)
(Common Course Number PHED 1120)
Various forms of self-defense are introduced. The history and philosophy of the martial arts are explored. The student should progress from no previous experience in self-defense to an adequate skill level covering basic self-defense situations. Both mental and physical aspects of the arts are stressed. Uniform required. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 133 Jogging for Fitness (1)
(Common Course Number PHED 1121)
Development and improvement of physical fitness through jogging is emphasized. Fitness concepts and jogging skills will be introduced. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 134 Outdoor Education (1)
(Common Course Number PHED 1122)
Knowledge and skills in outdoor education and camping are presented. Planned and incidental experiences take place, including a week-end camp-out. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 135 Walking For Fitness (1)
(Common Course Number PHED 1123)
This course is designed for the student who desires cardiovascular fitness by means of a low impact method. Maximum physical fitness is achieved by vigorous walking. The heart rate is elevated to the appropriate target zone for peak conditioning. An extensive warm-up and cool down increases joint and muscle flexibility. This course may be repeated for credit. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 137 Aerobic Dance (1)
(Common Course Number PHED 1124)
This course emphasizes the development of cardiovascular endurance by utilizing choreographed routines which may combine basic dance patterns with walking, jogging, jumping, etc. Individual fitness levels are accommodated by the intensity of the workout. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 142 Divemaster (2)
(Next year's course prefix/number PHED 1270)
Prerequisite: Physical Education 228 or advanced certification from any of the national certifying organizations. This course is designed for the advanced diver who seeks additional training as an instructional assistant responsible for the organization, teaching and safety of scuba divers. Students who successfully complete this course will receive divemaster certification. This course may be repeated for credit. Laboratory fee. (1 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 3601085328)

PEH 143 Aquatic Fitness (1)
(Common Course Number PHED 1125)
This course is designed to promote fitness through the use of water-related activities compatible with a pool environment. Emphasis is placed on water resistant exercises, lap swimming utilizing various kicks and strokes, relays, and a variety of aquatic games. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 144 Introduction To Physical Education (3)
(Common Course Number PHED 1301)
This course is for students majoring in physical education and is designed for professional orientation in physical education, health, and recreation. The history, philosophy, and modern trends of physical education are surveyed. Topics include teacher qualifications, vocational opportunities, expected competencies, and skill testing. This course does not satisfy the physical education activity course requirement. (3 Lec.)
(Coordinating Board Academic Approval Number 3105015228)

PEH 145 Cycling (1)
(Common Course Number PHED 1126)
Development of cycling skills and improvement of physical fitness through cycling are emphasized. Fitness concepts, riding technique, safety, routine maintenance and repair of the cycle are fundamental topics of this course. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 146 Triathlon Fitness (1)
(Common Course Number PHED 1127)
This course includes an individualized program of walking, running, cycling, swimming, and weight training. From these activities, the student and instructor will design a fitness program to improve total body fitness, strength, endurance and self-image. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)
PEH 147 Sports Officiating I (3)
(Common Course Number PHED 1308)
This course is for students who choose officiating for an
avocation and who want to increase their knowledge and
appreciation of sports. Sports covered in this course are
football, basketball, and other sports as appropriate. Stu-
dents are expected to officiate intramural games. This
course does not satisfy the physical education activity
course requirement. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1202045128)

PEH 148 Sports Officiating II (3)
(Common Course Number PHED 1309)
This course is for students who choose officiating for an
avocation and who want to increase their knowledge and
appreciation of sports. Sports covered in this course are
softball, track and field, baseball, and other sports as
appropriate. Students are expected to officiate intramural
games. This course does not satisfy the physical educa-
tion activity course requirement. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1202045128)

PEH 149 Canoeing/Kayaking (1)
(Common Course Number PHED 1128)
This course is designed to teach the students knowledge
and appreciation of basic white water canoeing/kayaking
skills so they can actively engage in these activities
throughout their lives. A weekend river trip is included in
this course. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 150 Backpacking/Rock Climbing (1)
(Common Course Number PHED 1129)
This course is designed to teach the students basic skills,
knowledge and appreciation of backpacking and rock
climbing to the extent that they can actively engage in
these activities throughout their lives. A weekend back-
packing trip is included in the course. Laboratory fee.
(3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 200 Lifetime Sports Activities II (1)
(Common Course Number PHED 1130)
Prerequisite: Associate Physical Education 100 level or
demonstrated competence approved by the instructor.
Intermediate and intermediate/advanced skills in a variety
of lifetime sports are presented. Students participate in a
selected sport. Physical Education 200 may be repeated
for credit when students select different activities. Labo-
rary fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 204 Intermediate Soccer (1)
(Common Course Number PHED 1131)
Prerequisite: Physical Education 104 or demonstrated
competence approved by the instructor. Basic skills and
techniques are refined beyond the beginner level. Analy-
ysis and practice of strategies, safety, offensive and
defensive patterns of play and competitive activities are
covered. Course emphasis is placed on the development
and preparation for participation on an intercollegiate
team. This course may be repeated for credit. Laboratory
fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 212 Intermediate Softball (1)
(Common Course Number PHED 1132)
Prerequisite: Physical Education 112 or demonstrated
competence approved by the Instructor. Emphasis is
placed on game strategy, base coaching, preparing a
lineup, conducting drills, and performance on hitting,
catching, and throwing. This course may be repeated for
credit. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 213 Intermediate Racquetball (1)
(Common Course Number PHED 1133)
Prerequisite: Physical Education 113 or demonstrated
competence approved by the instructor. This activity
course is designed for students seeking to advance their
racquetball skill level. The course content covers ad-
vanced shot execution, strategy, and the doubles game.
Emphasis is placed on improved skill and strategy. This
course may be repeated for credit. Laboratory fee.
(3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 215 Intermediate Physical Fitness (1)
(Common Course Number PHED 1134)
Prerequisite: Demonstrated competence approved by
the instructor. Basic skills and techniques of fitness-re-
lated activities are developed beyond the beginner level.
Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 217 Intermediate Archery (1)
(Common Course Number PHED 1135)
Prerequisite: Demonstrated competence approved by
the instructor. Course content includes refinement for
basic archery skills and competitive target shooting and
field archery. Equipment is furnished. Laboratory fee.
(3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)
PEH 218 Intermediate Golf (1)
(Common Course Number PHED 1136)
Prerequisite: Demonstrated competence approved by the instructor. Basic skills and techniques are refined beyond the beginner level. Analysis and practice of the golf swing, swing theory and methods, strategy, and actual golf course playing are emphasized. Equipment is furnished. Green fees. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 219 Intermediate Tennis (1)
(Common Course Number PHED 1137)
Prerequisite: Demonstrated competence approved by the instructor. Emphasis is placed on refinement of basic skills and specialty shots. Competitive activities in singles, doubles and mixed doubles will be included. Equipment is furnished. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 220 Intermediate Bowling (1)
(Common Course Number PHED 1150)
This course is designed for students seeking improvement in the lifetime sport of bowling. The course covers a review of history, etiquette, care and selection of equipment, rules and scoring. Additional information will be provided on handicapping, league play, variation of grips, spot bowling and alley textures. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 221 Intermediate Gymnastics (1)
(Common Course Number PHED 1139)
Prerequisite: Demonstrated competence approved by the instructor. Basic tumbling and the all-around events for men and women will be emphasized at the intermediate performance level. Course emphasis is placed on the development, preparation and presentation of gymnastic routines. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 222 Intermediate Swimming (1)
(Common Course Number PHED 1140)
Prerequisite: Demonstrated competence approved by the instructor. The correct performance of the crawl, elementary back stroke, side and breast strokes will be emphasized. Some speed and endurance swimming will be required. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 225 Scuba Diving (2)
(Next year's course prefix/number PHED 2270)
Prerequisite: Demonstrated competence approved by the instructor. This course includes instruction in the proper use of equipment, safety, physiology and open water diving. Students completing course requirements receive certification through one of several major accredited associations. Equipment rental fee. Laboratory fee. (1 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 3601085328)

PEH 226 Advanced Life Saving (1)
(Common Course Number PHED 2155)
Prerequisite: Demonstrated competence approved by the instructor. Successful completion of this course qualifies students for the Red Cross Life Guarding Certificate. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085328)

PEH 228 Advanced Open Water Scuba (2)
(Next year's course prefix/number PHED 2271)
Prerequisite: Physical Education 225 or appropriate certifying agency entry level certificate or 10 log book hours. Instruction will include the introductory knowledge and skill development in the open water environment for the student to participate in underwater investigation, deep diving, search and light salvage, and limited visibility/night diving. Safety, special equipment, dive planning and dive buddy procedures will be covered. Upon successful completion of the course, the student will receive advanced open water certification through a qualified certifying agency. Laboratory fee. (1 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 3601085328)

PEH 231 Intermediate Weight Training (1)
(Common Course Number PHED 1141)
Prerequisite: Demonstrated competence approved by the instructor. Skills and instruction in weight training techniques are developed beyond the beginner level. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 232 Intermediate Self-Defense (1)
(Common Course Number PHED 1142)
Prerequisite: Demonstrated competence approved by the instructor. Students will be introduced to intermediate forms of defense and combinations of self defense methods. Emphasis is on practical application of self defense movements. Uniform required. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 233 Intermediate Jogging (1)
(Common Course Number PHED 1143)
Prerequisite: Demonstrated competence approved by the instructor. Improvement of physical fitness through jogging is developed beyond the beginner stage. A higher level of fitness is expected. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 234 Water Safety Instructor (2)
(Common Course Number PHED 2255)
Prerequisite: Current Advanced Life Saving Card. The principles and techniques for instructors in water safety and life saving classes are covered. Completion of the course qualifies the student to test for certification by the Red Cross as a water safety instructor. A uniform is required. Laboratory fee. (1 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 3601085328)
PEH 235 Walking For Physical Fitness (1)
(Common Course Number PHED 1144)
Prerequisite: Demonstrated competence approved by
the instructor. Students participate in a low impact exercise
walking program beyond the beginning level.
Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 236 The Coaching Of Football And
Basketball (3)
(Common Course Number PHED 1321)
The skills and techniques of coaching football and basketball are presented. Included are the history, theories, philosophies, rules, terminology, and finer points of the sports. Emphasis is on coaching techniques. This course does not satisfy the physical education activity course requirement. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 3105065128)

PEH 237 Intermediate Aerobic Dance (1)
(Common Course Number PHED 1145)
Prerequisite: Demonstrated competence approved by
the instructor. This course emphasizes the development of cardiovascular endurance through a combination of walking, jogging, jumping, etc. Individual fitness levels are developed beyond the beginner level. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 238 Intermediate Basketball (1)
(Common Course Number PHED 1146)
Prerequisite: Demonstrated competence approved by
the instructor. Basic skills and techniques are refined beyond the beginner level. Analysis and practice of shooting, passing, dribbling, team play, strategies, and competitive play covered. Course emphasis is placed on the development and preparation for participation on an intercollegiate team. Equipment is furnished. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 239 Intermediate Volleyball (1)
(Common Course Number PHED 1147)
Prerequisite: Demonstrated competence approved by
the instructor. Basic skills and techniques are refined beyond the beginner level. Analysis and practice of the forearm pass, setting, spiking, serving, team play, strategies, and competitive play are covered. Course emphasis is placed on the development and preparation for participation on an intercollegiate team. Equipment is furnished. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 240 Intermediate Baseball (1)
(Common Course Number PHED 1148)
Prerequisite: Demonstrated competence approved by
the instructor. Basic skills and techniques are refined beyond the beginner level. Analysis and practice of hitting, fielding, pitching, team play, and competitive play are emphasized. Baseball history and interpretation of the rules are also covered. Course emphasis is placed on the development and preparation for participation on an intercollegiate team. This course may be repeated for credit. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085128)

PEH 241 Intermediate Cycling (1)
(Common Course Number PHED 1149)
Prerequisite: Physical Education 145 or demonstrated competence approved by the instructor. Improvement of physical fitness through cycling is developed beyond the beginner stage. A higher level of fitness is expected. This course may be repeated for credit. Laboratory fee. (3 Lab.)
(Coordinating Board Academic Approval Number 3105065128)

PEH 245 Intermediate First Aid And
Emergency Care (3)
(Common Course Number PHED 1306)
This course covers the theory and practice in advanced first aid and emergency care. Various aspects of safety education also are included. The course content has been selected from nationally recognized organizations in safety education and first aid. This course does not satisfy the physical education activity course requirement. (3 Lec.)
(Coordinating Board Academic Approval Number 5103015328)

PHYSICAL FITNESS TECHNOLOGY

PFT 101 Exercise Science (3)
(Next year's course prefix/number PFIT 1370)
This course is a survey of scientific principles, methodologies, and research as applied to exercise and physical fitness. The emphasis is on physiological responses and adaptations to exercise. Basic elements of kinesiology, biomechanics, and motor learning are addressed. An introduction to the physical fitness industry is included. (3 Lec.)

PFT 120 Fitness And Exercise Testing I (4)
(Next year's course prefix/number PFIT 1470)
Techniques for conducting physical fitness assessments are studied. Tests of cardio-respiratory fitness, muscular strength and endurance, joint flexibility, body composition, and pulmonary capacity are included. The course includes an introduction to electrocardiography. Safety guidelines and precautions are emphasized. Equipment use and maintenance are covered. (3 Lec., 3 Lab.)
This survey course presents an overview of essential food nutrients. Methods for evaluating nutritional claims and guidelines for establishing nutritionally sound diets are covered. The concepts of caloric intake and energy expenditure in relationship to exercise are explored. Personal computer programs for nutritional analysis and nutritional counseling are introduced. (3 Lec.)

PFT 140 Physical Fitness Theory And Instruction (4)
(Next year's course prefix/number PFIT 1471)
Prerequisite: Physical Fitness Technology 120 or demonstrated competence approved by the instructor. Five health-related components of physical fitness are studied: cardiorespiratory endurance, muscular strength, muscular endurance, flexibility, and body composition. The theoretical bases underlying physical fitness and instructional techniques for fitness development are covered. Methods for leading an exercise session, including recruitment, design, instruction, and evaluation are studied. Safety and injury prevention are emphasized. Equipment use and maintenance are covered. (3 Lec., 3 Lab.)

PFT 181 Group Exercise Instruction (1)
(Next year's course prefix/number PFIT 1181)
The teaching of group exercise sessions is presented. Topics covered include music selection, cueing, sequencing, basic and advanced steps, and floor work. Techniques appropriate to low- and high-impact aerobics and water aerobics are presented. The emphasis is on the development of safe, enjoyable group exercise. Laboratory fee. (1 Lab.)

PFT 191 Personal Training (1)
(Next year's course prefix/number PFIT 1191)
Aspects of personal (one-on-one) training are presented. Topics include marketing, program development, documentation, training systems, and business considerations. The emphasis is on the development of safe, enjoyable individualized training sessions. (1 Lec.)

PFT 200 Instruction in Lifestyle Change (3)
(Next year's course prefix/number PFIT 2370)
Health risk appraisals and their application to lifestyle change are covered. The components of weight control, smoking cessation, and stress management programs and the principles of exercise adherence are studied. Techniques in behavior modification, motivation, teaching, and counseling are addressed, and behavior change as lifestyle change is emphasized. The use of personal computer and audiovisual programs for health risk appraisal and lifestyle change instruction is included. (2 Lec., 3 Lab.)

PFT 212 Exercise Programming (3)
(Next year's course prefix/number PFIT 2371)
The scheduling and implementation of physical fitness classes, recreational activities, and competitive events are studied. Non-exercise programming and programming for special populations are also included. The design of safe, enjoyable activities is emphasized. (3 Lec.)

PFT 220 Fitness And Exercise Testing II (4)
(Next year's course prefix/number PFIT 2470)
Prerequisite: PFT 120 or demonstrated competence approved by the instructor. This is an advanced course in graded exercise testing. Various exercise testing protocols for determining cardiorespiratory fitness are covered. Basic electrocardiography is studied, including abnormalities that would prompt limitation or termination of an exercise tolerance test. Methods for prescribing exercise programs based upon exercise test results are also studied. (3 Lec., 3 Lab.)

PFT 230 Prevention And Care Of Exercise Injury (3)
(Next year's course prefix/number PFIT 2372)
Prerequisite: Physical Education 257, current Advanced First Aid and CPR Certification, or demonstrated competence approved by the instructor. Methods for the injury-prevention design of the exercise setting and exercise program are covered in this course. The use of physical conditioning techniques to prevent injury, and current exercise fads and myths that promote injury are explored. Methods for injury recognition and evaluation, the on-site care of exercise injuries, and emergency procedures are presented. (2 Lec., 3 Lab.)

PFT 240 Practical Aspects Of The Fitness Industry (3)
(Next year's course prefix/number PFIT 2373)
This course is a survey of the practical aspects of the physical fitness industry. Topics covered include equipment cost analysis, program marketing, legal issues, policy formation, budgetary planning, and time management. A variety of computer applications and current industry trends are also covered. (3 Lec.)

PFT 250 Psychosocial Aspects Of Sport And Exercise (3)
(Next year's course prefix/number PFIT 2374)
The social and cultural influences on exercise initiation and exercise adherence are explored. Emphasis is given to the interrelatedness of mental skills and physical skills and the value of sport and exercise for overall well-being. Techniques for maximizing performance are included. (3 Lec.)
PFT 281 Selected Topics in Physical Fitness Technology (1)
(Next year's course prefix/number PFIT 2170)
This is an elective course designed to deal with specific topics in physical fitness technology. As the topics change, this course may be repeated twice for credit. (1 Lec.)

PFT 283 Selected Topics In Physical Fitness Technology (3)
(Next year's course prefix/number PFIT 2375)
This is an elective course designed to deal with specific topics in physical fitness technology. As the topics change, this course may be repeated once for credit. (3 Lec.)

PFT 290 Practical Application In Physical Fitness Technology I (1)
(Next year's course prefix/number PFIT 2171)
Prerequisites: PFT 140. The student serves as an instructional assistant in a physical education activity class. Course objectives are individualized to the student. The student assists in a class from one of the three activity course clusters: Aerobic Activities, Strength Activities, Recreational/Sport Activities. (3 Lab.)

PFT 291 Practical Application In Physical Fitness Technology II (1)
(Next year's course prefix/number PFIT 2172)
Prerequisite: PFT 290. The student serves as an instructional assistant in a physical education activity class. Course objectives are individualized to the student. The class in which the student assists must be from an activity course cluster (Aerobic Activities, Strength Activities, Recreational/Sport Activities) different from the student's PFT 290 assignment. (3 Lab.)

PFT 704 Cooperative Work Experience (4)
(Next year's course prefix/number PFIT 7471)
Prerequisites: Completion of two courses in Physical Fitness Technology or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of orientation to cooperative work experience, writing learning objectives, customer service, team building, problem solving, goal setting, and conflict resolution. (1 Lec., 20 Lab.)

PFT 713 Cooperative Work Experience (3)
(Next year's course prefix/number PFIT 7372)
Prerequisite: Completion of Physical Fitness Technology 703 or 704 or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of orientation to cooperative work experience, writing learning objectives, customer service, time management, stress management, chemical dependency, and personal wellness. (1 Lec., 15 Lab.)

PFT 803 Cooperative Work Experience (3)
(Next year's course prefix/number PFIT 8381)
Prerequisite: Completion of Physical Fitness Technology 713 or 714 or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives each semester. The seminar consists of orientation to cooperative work experience, writing learning objectives, customer service, job interviews, career goals, work ethics, and professional resources. (1 Lec., 15 Lab.)
PFT 804 Cooperative Work Experience (4)  
(Next year's course prefix/number PFT 8481)  
Prerequisite: Completion of Physical Fitness Technology 713 or 714 or Instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives each semester. The seminar consists of orientation to cooperative work experience, writing learning objectives, customer service, job interviews, career goals, work ethics, and professional resources. (1 Lec., 20 Lab.)

PHYSICAL SCIENCE

PSC 118 Physical Science (4)  
(Common Course Number PHYS 1415)  
This course is primarily for non-science majors. It is a study of the basic principles and concepts of physics, chemistry, and nuclear science. The three basic sciences are related to the physical world at an introductory level. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4001015139)

PSC 119 Physical Science (4)  
(Common Course Number PHYS 1417)  
This course is for non-science majors. It focuses on the interaction of the earth sciences and the physical world. Geology, astronomy, meteorology, and space science are emphasized. Selected principles and concepts are explored. This course is also offered as Earth Science 117. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4001015139)

PHYSICS

PHY 111 Introductory General Physics (4)  
(Common Course Number PHYS 1401)  
Prerequisite: Two years of high school algebra, including trigonometry, or the equivalent. This course is for pre-dental, biology, premedical, pre-pharmacy, and pre-architecture majors and other students who need a two-semester technical course in physics. Mechanics and heat are studied. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4008015339)

PHY 112 Introductory General Physics (4)  
(Common Course Number PHYS 1402)  
Prerequisite: Physics 111. This course is a continuation of Physics 111. Electricity, magnetism, light, and sound are studied. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4008015339)

PHY 117 Concepts In Physics (4)  
(Common Course Number PHYS 1405)  
This course is for non-science majors. It introduces principles of physics and does not require a mathematical background. Emphasis is on classical mechanics and thermodynamics. Historical developments and their impact on daily life are included. The principle of energy conservation is stressed, and current problems of worldwide energy production are examined. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4008015139)

PHY 118 Concepts In Physics (4)  
(Common Course Number PHYS 1407)  
This is for non-science majors. It introduces principles of physics and does not require a mathematical background. Emphasis is on modern developments in physics. Topics include acoustics, electricity and magnetism, light and the electromagnetic spectrum, atomic physics, and relativity. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4008015139)

PHY 131 Applied Physics (4)  
(Common Course Number PHYS 1470)  
Prerequisite: Mathematics 195 or concurrent enrollment in Mathematics 195. This course is primarily for students in technical programs. The properties of matter, mechanics, and heat are introduced. Emphasis is on uses and problem-solving. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4008015339)

PHY 132 Applied Physics (4)  
(Common Course Number PHYS 1471)  
Prerequisite: Physics 131. This course is a continuation of Physics 131. Concepts of sound, light, electricity, magnetism, and atomic theory are explained. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4008015339)

PHY 201 General Physics (4)  
(Common Course Number PHYS 2425)  
Prerequisite: Credit or concurrent enrollment in Mathematics 124. This course is designed primarily for physics, chemistry, mathematics, and engineering majors. The principles and applications of mechanics, wave motion, and sound are studied. Emphasis is on fundamental concepts, problem-solving, notation, and units. The laboratory includes a one-hour problem session. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4008015439)
PHY 202 General Physics (4)  
(Second Course Number PHYS 2426)  
Prerequisites: Physics 201 and credit or concurrent enrollment in Mathematics 225. This course presents the principles and applications of heat, electricity, magnetism, and optics. Emphasis is on fundamental concepts, problem-solving, notation and units. The laboratory includes a one-hour problem session. Laboratory fee. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4006015439)

PSYCHOLOGY

PSY 101 Introduction To Psychology (3)  
(Second Course Number PSYC 2301)  
Introduction to Psychology surveys major topics in the study of behavior. Factors which determine and affect behavior are examined. Psychological principles are applied to the human experience. (3 Lec.)  
(Coordinating Board Academic Approval Number 4201015140)

PSY 103 Human Sexuality (3)  
(Second Course Number PSYC 2306)  
Students may register for either Psychology 103 or Sociology 103 but receive credit for only one of the two. Topics include physiological, psychological, and sociological aspects of human sexuality. (3 Lec.)  
(Coordinating Board Academic Approval Number 4201015340)

PSY 131 Applied Psychology And Human Relations (3)  
(Next year's course prefix/number PSYC 1370)  
Psychological principles are applied to human relations problems in business and industry. Topics include group dynamics and adjustment factors for employment and advancement. (3 Lec.)  
(Coordinating Board Academic Approval Number 4201015240)

PSY 201 Developmental Psychology (3)  
(Second Course Number PSYC 2314)  
Prerequisite: Psychology 101. This course is a study of human growth, development, and behavior. Emphasis is on psychological changes during life. Processes of life from prenatal beginnings through adulthood and aging are included. (3 Lec.)  
(Coordinating Board Academic Approval Number 4207015140)

PSY 202 Applied Psychology (3)  
(Second Course Number PSYC 2302)  
Prerequisite: Psychology 101. Psychological facts and principles are applied to problems and activities of life. Emphasis is on observing, recording, and modifying human behavior. Some off-campus work may be required. (3 Lec.)  
(Coordinating Board Academic Approval Number 4201015240)

PSY 205 Psychology Of Personality (3)  
(Second Course Number PSYC 2316)  
Prerequisite: Psychology 101. This course is an introduction to the study of personality. Topics of personality and adjustment will be studied in the context of various personality theories. Emphasis will be on the application of those topics. (3 Lec.)  
(Coordinating Board Academic Approval Number 4201015740)

PSY 207 Social Psychology (3)  
(Second Course Number PSYC 2319)  
Prerequisite: Psychology 101 or Sociology 101. Students may register for either Psychology 207 or Sociology 207 but may receive credit for only one. Theories of individual behavior in the social environment are surveyed. Topics include the socio-psychological process, attitude formation and change, interpersonal relations, and group processes. (3 Lec.)  
(Coordinating Board Academic Approval Number 4216015140)

READING

RD 101 College Reading And Study Skills (3)  
(Next year's course prefix/number READ 1370)  
Comprehension techniques for reading college texts are emphasized. Also included are vocabulary development, critical reading, and rate flexibility. Study skills addressed include listening, note taking, underlining, concentrating, and memory. (3 Lec.)  
(Coordinating Board Academic Approval Number 3801015735)

RD 102 Speed Reading And Learning (3)  
(Next year's course prefix/number READ 1371)  
Reading and learning skills are addressed. Speed reading techniques and comprehension are emphasized. Learning and memory skills are also covered. (3 Lec.)  
(Coordinating Board Academic Approval Number 3801015735)

REAL ESTATE

RE 130 Real Estate Principles (3)  
(Next year's course prefix/number RLST 1370)  
This course provides an overview of licensing for the real estate broker and salesman, ethics of practice, titles to and conveyancing of real estate, legal descriptions, law of agency, deeds, encumbrances and liens. Distinctions between personal and real property, contracts, appraisal, finance and regulations, closing procedures, and real estate mathematics are also included. Three classroom hours will be devoted to federal, state and local laws governing housing discrimination, housing credit discrimination, and community reinvestment. (3 Lec.)
RE 131 Real Estate Finance (3)
(Next year's course prefix/number RLST 1371)
Prerequisite: Real Estate 130 or concurrent enrollment in
Real Estate 130 or equivalent. This course covers mone-
tary systems, primary and secondary money markets,
Sources of mortgage loans, federal government programs
and loan applications, processes, and procedures. Close-
ing costs, alternative financial instruments, equal credit
opportunity act, community reinvestment act, and state
housing agency are also included. (3 Lec.)

RE 133 Real Estate Marketing (3)
(Next year's course prefix/number RLST 1372)
Prerequisite: Real Estate 130 or concurrent enrollment in
Real Estate 130 or the equivalent. The emphasis of this
course is on real estate professionalism and ethics and the
satisfaction of all parties. Topics covered include charac-
teristics of successful salesmen, time management,
psychology of marketing, listing procedures, advertising,
negotiating and closing, financing, and the Deceptive
Trade Practices-Consumer Protection Act, as amended,
Section 17.01 et seq, Business and Commerce Code.
(3 Lec.)

RE 134 Real Estate Appraisal-Commercial (3)
(Next year's course prefix/number RLST 1373)
Prerequisite: Real Estate 130 and 131 or the equivalent.
This course focuses on commercial principles and meth-
ods of appraising. Topics include central purposes and
functions of an appraisal, social and economic determi-
nants of value, appraisal case studies, cost, market data
and income approaches to value estimates, final correla-
tions, and reporting. (3 Lec.)

RE 135 Real Estate Appraisal-Residential (3)
(Next year's course prefix/number RLST 1374)
Prerequisite: Real Estate 130 and 131 or the equivalent.
This course focuses on residential principles and methods
of appraising. Topics include central purposes and func-
tions of an appraisal, social and economic determinants
of value, appraisal case studies, cost, market data and
income approaches to value estimates, final correlations,
and reporting. (3 Lec.)

RE 136 Real Estate Law (3)
(Next year's course prefix/number RLST 1375)
Prerequisite: Real Estate 130 or concurrent enrollment in
Real Estate 130 or the equivalent. This course examines
the legal concepts of real estate land description, real
property rights and estates in land, contracts, convey-
ances, encumbrances, foreclosures, recording
procedures, and evidence of titles. (3 Lec.)

RE 138 Promulgated Contract Forms (3)
(Next year's course prefix/number RLST 1376)
Concepts of general contract law are reviewed as required
by the Real Estate License Act. Emphasis is on detailed
instructions and hands-on exercises in preparation of all
promulgated contract forms. The course shall include, but
not be limited to unauthorized practice of law, broker-law-
yer committee, current promulgated forms, commission
rules governing use of forms and case studies involving
use of forms. (3 Lec.)

RE 230 Real Estate Office Management/
Brokerage (3)
(Next year's course prefix/number RLST 2370)
Prerequisite: Real Estate 130 or demonstrated competen-
tence approved by the instructor. This course focuses on
knowledge and skills required to manage a real estate
office. Topics include law of agency, planning and orga-
nization, operational policies and procedures, recruiting,
selection and training of personnel, records and control,
and real estate firm analysis and expansion criteria.
(3 Lec.)

RE 233 Commercial And Investment
Real Estate (3)
(Next year's course prefix/number RLST 2371)
Prerequisite: Real Estate 130 or demonstrated competen-
tence approved by the instructor. Topics include real
estate investment characteristics, techniques of invest-
ment analysis, time-value of money, discounted and
non-discounted investment criteria, leverage, tax shelter
depreciation, and applications to property tax. (3 Lec.)

RE 235 Property Management (3)
(Next year's course prefix/number RLST 2372)
Prerequisite: Real Estate 130 or demonstrated competen-
tence approved by the instructor. This course focuses on
the various aspects of managing property. The role of the
property manager, landlord policies, operational guide-
lines, leases, lease negotiations, tenant relations,
maintenance, reports, habitability laws, and the Fair Hous-
ing Act are included. (3 Lec.)
RE 237 Residential Inspection For Real Estate Agents (3)
(Next year’s course prefix/number RLST 2373)
This course is a study of the different types of building systems and materials used in the design and construction of real property. The course will primarily cover residential construction; however, commercial building systems and materials will also be addressed. Different structural building systems will be studied including wood-related products, concrete and concrete masonry, brick, stone, and steel units. The TREC Promulgated Property Condition Addendum will be addressed along with inspector and client agreement, tools and procedures, electromechanical systems (plumbing, heating, air conditioning, appliances, energy-saving considerations); and structures (lot and landscape, roofs, chimney, gutters, paving, walls, windows and doors, insect damage and storage areas). (3 Lec.)

RE 240 Special Problems In Real Estate (1)
(Next year’s course prefix/number RLST 2170)
This is a special problems study course for organized class instruction in real estate. Examples of topics might include: market analysis and feasibility studies, land economics, international real estate, urban planning and development, tax shelter regulations, international money market, environmental impact and energy conservation. This course may be repeated for credit up to a maximum of three hours of credit. (1 Lec.)

RE 241 Special Problems In Real Estate (3)
(Next year’s course prefix/number RLST 2374)
This is a special problems study course for organized class instruction in real estate. Examples of topics might include: market analysis and feasibility studies, land economics, international real estate, urban planning and development, tax shelter regulations, international money market, environmental impact and energy conservation. This course may be repeated for credit up to a maximum of six hours of credit. (3 Lec.)

RE 704 Cooperative Work Experience (4)
(Next year’s course prefix/number RLST 7471)
Prerequisites: Completion of two core Real Estate courses, concurrent enrollment in a core or related course or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of the development of a personalized on-the-job training plan and discussions with field experts on the application of real estate fundamentals which may include brokerage, marketing, finance, law, property management and appraisal in the residential and commercial real estate sectors. (1 Lec., 20 Lab.)

RE 714 Cooperative Work Experience (4)
(Next year’s course prefix/number RLST 7472)
Prerequisites: Completion of two core real estate courses and Real Estate 704, enrollment in a core or related course or Instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of the development of a personalized on-the-job training plan and continuation of discussions with field experts on the application of real estate fundamentals which may include brokerage, marketing, finance, law, property management and appraisal in the residential and commercial real estate sectors. (1 Lec., 20 Lab.)

RELIGION

NOTE: These courses will carry a Dallas County Community College prefix of "REL" next year; however, some can be identified by a common course number for transfer evaluation purposes. Both are listed in the parenthetical notes in the course descriptions.)

REL 101 Religion In American Culture (3)
(Next year’s course prefix/number RELI 1370)
This course examines the nature of religion in America. It covers important influences from the past and characteristics of current religious groups and movements. Emphasis is on understanding the role of religion in American life. (3 Lec.)
(Coordinating Board Academic Approval Number 3802015135)

REL 102 Contemporary Religious Problems (3)
(Next year’s course prefix/number RELI 1371)
Both classic and recent issues are explored. Such topics as the nature of religion, the existence of God, world religions, mysticism, sexuality and religion, and the interpretation of death are included. This course may be offered with emphasis on a specific topic, such as death and dying. (3 Lec.)
(Coordinating Board Academic Approval Number 3802015335)

REL 105 The History And Literature Of The Bible (3)
(Next year’s course prefix/number RELI 1316; Common Course Number PHIL 1316))
This course presents a history and literature of both the Hebrew people during the Old Testament period and the Christian movement during the New Testament period with emphasis upon the origins and development of the religious ideas and institutions of the biblical people. (3 Lec.)
(Coordinating Board Academic Approval Number 3802015135)
REL 201 Major World Religions (3)
(Next year's course prefix/number RELI 1304; Common Course Number PHIL 1304))
This course surveys the major world religions. Hinduism, Buddhism, Judaism, Islam, and Christianity are included. The history of religions is covered, but the major emphasis is on current beliefs. Other topics may also be included, such as the nature of religion, tribal religion, and alternatives to religion. (3 Lec.)
(Coordinating Board Academic Approval Number 3802015235)

SOCIOMETRY

SOC 101 Introduction To Sociology (3)
(Common Course Number SOCI 1301)
This course is a sociological study of social behavior and social structures, emphasizing the importance of a knowledge and appreciation of the multicultural and multietnic dimensions of society. Topics include cultural elements such as values, norms, beliefs, language, and roles, as well as group processes, social conflict and social change. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015142)

SOC 102 Social Problems (3)
(Common Course Number SOCI 1306)
This course is a sociological study of social problems which typically include: crime, poverty, minorities, deviance, population, and health care. Specific topics may vary from semester to semester to address contemporary concerns. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015242)

SOC 103 Human Sexuality (3)
(Common Course Number SOCI 2306)
Students may register for either Psychology 103 or Sociology 103 but receive credit for only one of the two. Topics include physiological, psychological, and sociological aspects of human sexuality. (3 Lec.)
(Coordinating Board Academic Approval Number 4201015342)

SOC 203 Marriage And Family (3)
(Common Course Number SOCI 2301)
Prerequisite: Sociology 101 recommended. Courtship patterns and marriage are analyzed. Family forms, relationships, and functions are included. Sociocultural differences in family behavior are also included. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015442)

SOC 204 American Minorities (3)
(Common Course Number SOCI 2319)
Prerequisite: Sociology 101 or six hours of U.S. history recommended. Students may register for either History 204 or Sociology 204 but may receive credit for only one. The principal minority groups in American society are the focus of this course. The sociological significance and historic contributions of the groups are presented. Emphasis is on current problems of intergroup relations, social movements, and related social changes. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015342)

SOC 206 Introduction To Social Work (3)
(Common Course Number SOCW 2361)
The development of the field of social work is studied. Topics include the techniques of social work and the requirements for training in social work. (3 Lec.)
(Coordinating Board Academic Approval Number 4407015142)

SOC 207 Social Psychology (3)
(Common Course Number SOCI 2326)
Prerequisite: Psychology 101 or Sociology 101. Students may register for either Psychology 207 or Sociology 207 but may receive credit for only one. Theories of individual behavior in the social environment are surveyed. Topics include the socio-psychological process, attitude formation and change, interpersonal relations, and group processes. (3 Lec.)
(Coordinating Board Academic Approval Number 4216015142)

SOC 209 Selected Topics (3)
(Next year's course prefix/number SOCI 2370)
Prerequisite: Sociology 101 or demonstrated competence approved by the instructor. An in-depth study of specific contemporary topics in sociology such as popular culture (including sports, religion and mass media), the military as a social institution, education, medicine, ethnographic film, apartheid, deviance or formal organizations. This course may be repeated for credit when topics vary. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015742)

SOC 210 Field Studies In American Minorities (3)
(Common Course Number SOCI 2320)
Prerequisite: Sociology 101 or Sociology 204. Experience is provided in various minority community centers. Work is under professional supervision in a task-oriented setting. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015342)

SOC 231 Urban Social Problems (3)
(Next year's course prefix/number SOCI 2371)
The sociology of social institutions is studied. Topics include urbanization, theories of formation, and the impact of urbanization on the individual. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015742)
SPANISH

SPA 101 Beginning Spanish (4)
(Common Course Number SPAN 1411)
The essentials of grammar and easy idiomatic prose are studied. Emphasis is on pronunciation, comprehension, and oral expression. Laboratory fee. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1609055131)

SPA 102 Beginning Spanish (4)
(Common Course Number SPAN 1412)
Prerequisite: Spanish 101 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of Spanish 101. Emphasis is on idiomatic language and complicated syntax. Laboratory fee. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1609055131)

SPA 201 Intermediate Spanish (3)
(Common Course Number SPAN 2311)
Prerequisite: Spanish 202 or the equivalent or demonstrated competence approved by the instructor. Reading, composition, and intense oral practice are covered. Grammar is reviewed. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055231)

SPA 202 Intermediate Spanish (3)
(Common Course Number SPAN 2312)
Prerequisite: Spanish 201 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of Spanish 201. Contemporary literature and composition are studied. Grammar is reviewed and expanded. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055231)

SPA 203 Introduction To Spanish Literature (3)
(Common Course Number SPAN 2321)
Prerequisite: Spanish 202 or the equivalent or demonstrated competence approved by the instructor. This course is an introduction to Spanish literature. It includes readings in Spanish literature, history, culture, art, and civilization. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055331)

SPA 204 Introduction To Spanish Literature (3)
(Common Course Number SPAN 2322)
Prerequisite: Spanish 202 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of Spanish 203. It includes readings in Spanish literature, history, culture, art, and civilization. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055331)

SPA 207 Spanish Conversation I (3)
(Common Course Number SPAN 2306)
Prerequisite: Spanish 101 and Spanish 102 or the equivalent. This course is designed to strengthen and improve oral skills in the language. Oral activities focus on current events, cultural, historical and social issues. Audio-visual media are used to explore Hispanic life and society. This course is intended to complement Spanish 201. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055431)

SPA 208 Spanish Conversation II (3)
(Next year's course prefix/number SPAN 2370)
Prerequisite: Spanish 201 or the equivalent. This course is designed to further strengthen and improve oral skills in the language. Oral activities will continue to focus on current events, cultural, historical and social issues. Audio-visual media are used to explore Hispanic life and society. This course is intended to complement Spanish 202. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055431)

SPA 211 Spanish for Business I (3)
(Next year's course prefix/number SPAN 2371)
Prerequisite: Spanish 201 or the equivalent. This course exposes students to the Spanish language used in business including the terminology and idioms of Spanish business language in special oral and written communication. Emphasis is placed on the structure and content of Spanish business correspondence. Authentic materials are used to give students a contemporary view of business as it is conducted in Hispanic society. This course is not a substitute for Spanish 201 or 202. (3 Lec.)
(Coordinating Board Academic Approval Number is to be assigned. This is a unique need course.)

SPA 212 Spanish for Business II (3)
(Next year's course prefix/number SPAN 2372)
Prerequisite: Spanish 211 or the equivalent. This course is devoted to the continued development of business language skills with a focus on the accurate use of business vocabulary and business style. Emphasis is on preparing students to function in Spanish in a business setting via practice of receptive and productive linguistic skills. The course also provides training in cross-cultural communication skills and is designed to help students achieve levels of proficiency to meet foreign language needs for business and international trade. This course is not a substitute for Spanish 201 or 202. (3 Lec.)
(Coordinating Board Academic Approval Number is to be assigned. This is a unique need course.)
SPEECH COMMUNICATION

SC 100 Speech Communication Laboratory (1)
(Common Course Number SPCH 1144)
This laboratory course focuses on students applying speech communication skills through service projects, internships, and leadership activities. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 2310016035)

SC 101 Introduction To Speech Communication (3)
(Common Course Number SPCH 1311)
Theory and practice of speech communication behavior in one-to-one, small group, and public communication situations are introduced. Students learn more about themselves, improve skills in communicating with others, and make formal oral presentations. This course requires college-level skills in reading and writing. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015335)

SC 105 Fundamentals Of Public Speaking (3)
(Common Course Number SPCH 1315)
Public speaking is introduced. Topics include the principles of reasoning, audience analysis, collection of materials, outlining, and delivery. Emphasis is on the oral presentation of well prepared speeches. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015335)

SC 109 Voice And Articulation (3)
(Common Course Number SPCH 1342)
Students may register for either Speech Communication 109 or Theatre 109 but may receive credit for only one of the two. The mechanics of speech are studied. Emphasis is on improving voice and pronunciation. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015835)

SC 110 Speech Communication Workshop (1)
(Common Course Number SPCH 1145)
This laboratory course offers students a wide variety of applied speech communication experiences. This course may be repeated four times for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 2310016035)

SC 201 Forensic Workshop (1)
(Common Course Number SPCH 2144)
This course focuses on preparing speeches, readings, and debate propositions. Presentations are made in competition and before select audiences. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 2310016035)

SC 203 Interpersonal Communication (3)
(Common Course Number SPCH 1318)
Theories and exercises in verbal and nonverbal communication with focus on interpersonal relationships. (3 Lec.)
(Coordinating Board Approval Number 2310015435)

SC 205 Discussion And Debate (3)
(Common Course Number SPCH 2335)
Public discussion and argumentation are studied. Both theories and techniques are covered. Emphasis is on evaluation, analysis, and logical thinking. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015835)

SC 208 Oral Interpretation (3)
(Common Course Number SPCH 2341)
Techniques of analyzing various types of literature are examined. Practice is provided in preparing and presenting selections orally. Emphasis is on individual improvement. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015735)

SC 208 Group Interpretation (3)
(Next year's course prefix/number SPCH 2370)
This course offers practical experience in sharing fiction and nonfiction selections with audiences. Various types of literature are studied for group presentation. Emphasis is on selecting, cutting, and arranging prose and poetry, and applying reader’s theatre techniques to group performance of literature. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015735)

SC 209 Business And Professional Communication (3)
(Common Course Number SPCH 1321)
Theories and skills of speech communication as applied to business and professional situations will be studied. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015235)

THEATRE

THE 101 Introduction To The Theatre (3)
(Common Course Number DRAM 1310)
The various aspects of theatre are surveyed. Topics include plays, playwrights, directing, acting, theatres, artists, and technicians. (3 Lec.)
(Coordinating Board Academic Approval Number 5005015130)

THE 102 Contemporary Theatre (3)
(Next year's course prefix/number DRAM 1370)
This course is a study of the modern theatre. The historical background and traditions of each style are included. Emphasis is on understanding the social, culture, and aesthetic significance of each style. A number of modern plays are read and selected video tapes are viewed. (3 Lec.)
(Coordinating Board Academic Approval Number 5005055130)
THE 103 Stagecraft I (3)
(Common Course Number DRAM 1330)
The technical aspects of play production are studied. Topics include shop procedures, the planning and fabrication of scenic elements, and backstage operations. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005025130)

THE 104 Stagecraft II (3)
(Common Course Number DRAM 2331)
Prerequisite: Theatre 103 or demonstrated competence approved by the instructor. Emphasis is placed on the design process and individual projects. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005025130)

THE 105 Make-Up For The Stage (3)
(Common Course Number DRAM 1341)
The craft of make-up is explored. Both theory and practice are included. Laboratory fee. (3 Lec.)
(Coordinating Board Academic Approval Number 5005025230)

THE 106 Acting I (3)
(Common Course Number DRAM 1351)
The theory of acting and various exercises are presented. Body control, voice, interpretation, characterization, and stage movement are included. Both individual and group activities are used. Specific roles are analyzed and studied. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005035130)

THE 107 Acting II (3)
(Common Course Number DRAM 1352)
Prerequisite: Theatre 106 or demonstrated competence approved by the instructor. This course is a continuation of Theatre 106. Emphasis is on characterization and ensemble acting. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005035130)

THE 109 Voice And Articulation (3)
(Common Course Number DRAM 2336)
Students may register for either Speech 109 or Theatre 109 but may receive credit for only one of the two. Emphasis is on improving voice and pronunciation. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015835)

THE 110 History Of Theatre I (3)
(Common Course Number DRAM 2361)
Theatre is surveyed from its beginning through the 16th century. The theatre is studied in each period as a part of the total culture of the period. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015835)

THE 111 History Of Theatre II (3)
(Common Course Number DRAM 2362)
Theatre is surveyed from the 17th century through the 20th century. The theatre is studied in each period as a part of the total culture of the period. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015835)

THE 112 Beginning Dance Technique In Theatre (3)
(Common Course Number DANC 1345)
Basic movements of the dance are explored. Emphasis is on swing movements, circular motion, fall and recovery, contraction and release, and contrast of literal and abstract movements. Body balance, manipulation of trunk and limbs, and the rhythmic flow of physical energy are developed. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5003015230)

THE 113 Intermediate Dance (3)
(Common Course Number DANC 1346)
Prerequisite: Theatre 112 or demonstrated competence approved by the instructor. Various aspects of dance are surveyed. Topics include the role of dance in total theatre, the evolution of dance styles, and the jazz style. Emphasis is on the flow of movement, body placement, dynamic intensity, level, focus, and direction. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5003015230)

THE 114 Rehearsal And Performance I (1)
(Common Course Number DRAM 1120)
Participation in the class may include any phase of rehearsal and performance of the current theatrical presentation. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5005015230)

THE 199 Demonstration Lab (1)
(Next year's course prefix/number DRAM 1170)
Scenes studied in various theatre classes are demonstrated to show contrast and different styles. This course may be repeated for credit. (1 Lab.)
(Coordinating Board Academic Approval Number 5005015130)

THE 201 Television Production I (3)
(Next year's course prefix/number DRAM 2370)
Station organization, studio operation, and the use of studio equipment are introduced. Topics include continuity, camera, sound, lights, and videotape recording. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1001045226)

THE 202 Television Production II (3)
(Next year's course prefix/number DRAM 2371)
Prerequisite: Theatre 201. This course is a continuation of Theatre 201. Emphasis is on the concept and technique of production in practical situations. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1001045226)

THE 205 Scene Study I (3)
(Next year's course prefix/number DRAM 2372)
Prerequisites: Theatre 106 and 107. Emphasis is on the study, rehearsal and performance of selected scenes of various periods and styles. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005035130)
THE 207 Scene Study II (3)
(Common Course Number DRAM 2352)
Prerequisite: Theatre 205. This course is a continuation of Theatre 205. Emphasis is on individual needs of the performer and the various styles of production. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005035130)

THE 208 Introduction To Technical Drawing (3)
(Common Course Number DRAM 2373)
Basic techniques of drafting are studied. Isometrics, orthographic projections, and other standard procedures are included. The emphasis is on theatrical drafting, including ground plans, vertical sections, construction elevations, and spider perspective. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005025130)

THE 209 Lighting Design (3)
(Common Course Number DRAM 2374)
The design and techniques of lighting are covered. Topics include instrumentation, electricity, control and practical experience. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005015230)

THE 210 Rehearsal And Performance II (2)
(Common Course Number DRAM 1221)
Participation in the class may include any phase of rehearsal and performance of the current theatrical presentation. This course may be repeated for credit. (6 Lab.)
(Coordinating Board Academic Approval Number 0904035226)

THE 211 Broadcasting Communications I (3)
(Common Course Number DRAM 2375)
Basic techniques of television and video performance are introduced. (3 Lec.)
(Coordinating Board Academic Approval Number 0904035226)

THE 212 Broadcasting Communications II (3)
(Common Course Number DRAM 2376)
Prerequisite: Theatre 211 or demonstrated competence approved by the instructor. This course is a continuation of Theatre 211. Emphasis is on radio and television as mass media and practical applications in both radio and television. (3 Lec.)
(Coordinating Board Academic Approval Number 0904035226)

THE 236 Theatre Workshop (3)
(Common Course Number DRAM 1323)
A course in theatre with emphasis on performance techniques in musical and repertory theatre with practical performance experience. This course may be repeated for credit. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005015230)

VIDEO TECHNOLOGY

VFT 101 Introduction To Video Technology (3)
(Next year's course prefix/number RFTV 1370)
This course covers the practical selection and application of production supplies and equipment to shooting situations. It further covers the study of the properties of video tape and a variety of video apparatus used in studio and field production. Equipment theory covers the technical aspects of equipment internal operation and application. Laboratory fee. (2 Lec., 2 Lab.)

VFT 103 Television Lighting (3)
(Next year's course prefix/number RFTV 1371)
This course introduces students to the theory and application of lighting for television production. Topics include basic lighting equipment for studio and location productions and the application of lighting to a variety of production environments. Choices of color, angle, intensity, distribution, and the proper use of lighting control scrim, screens, and gels are emphasized. Laboratory fee. (2 Lec., 3 Lab.)

VFT 106 Video Production I (4)
(Next year's course prefix/number RFTV 1470)
This course introduces students to video production and provides an opportunity for students to get initial experience as directors, producers, and equipment crew while handling talent, blocking scenes, dealing with composition, lighting, packing, staging, sound, scripting, and sequencing of shots. This course reviews the history of television in looking at site selection, location shots, set discipline, breaks, shooting schedules, and property management. Laboratory fee. (3 Lec., 4 Lab.)

VFT 110 Video Production II (4)
(Next year's course prefix/number RFTV 1471)
Prerequisite: Video Technology 106 and 108. This course provides training in the operation of the equipment used in television production facilities and remote shooting locations. The course includes camera operations, application of light and sound, technical directing, video recording techniques, silent and sound over applications, switching, special effects, set blocking, and development of the shoot and use of above and below the line personnel. Laboratory fee. (3 Lec., 4 Lab.)

VFT 112 Video Editing And Post Production I (4)
(Next year's course prefix/number RFTV 1472)
Prerequisite: Video Technology 106. This course provides the theory and practice of video editing through laboratory exercises in the creative and mechanical aspects of editing and visual sweetening. Laboratory fee. (3 Lec., 4 Lab.)
VFT 115 Audio Production (3)  
(Next year’s course prefix/number RFTV 1372)  
This course introduces students to the fundamentals of audio production. The course focuses on the properties of sound, conversion into electronic signals, mixing, and recording. The application of audio production to television is emphasized. Laboratory fee. (2 Lec., 3 Lab.)

VFT 203 Video Production III (4)  
(Next year’s course prefix/number RFTV 2470)  
Prerequisite: Video Technology 106 and 110. The advanced application and design of video productions in location and studio shoots are studied. The students are provided opportunities to build on Video Production I and II knowledge in a variety of productions with real deadlines and quality control restrictions. Students will be introduced to a variety of more sophisticated production equipment than used in Video Technology 106 or 110. (2 Lec., 6 Lab.)

VFT 205 Broadcast Engineering I (3)  
(Next year’s course prefix/number RFTV 2370)  
Prerequisite: Video Technology 101. This course emphasizes the basics of engineering of video productions. It includes the basic alignment of cameras, vectorscopes, waveform monitors, signal and sync generators, time base correctors, the general operation of each and servicing of many other pieces of equipment. It includes audio and video cable and connector identification, construction, and testing. It further covers PAL, SMPTE, SECAM, NTSC, and EIAJ standards. The basics of electricity and electronics are also emphasized in this class. Laboratory fee. (2 Lec., 3 Lab.)

VFT 210 Video Production IV (4)  
(Next year’s course prefix/number RFTV 2471)  
Prerequisite: Video Technology 202. Students produce a variety in final projects demonstrating mastery of field and studio competence. The process of developing a video portfolio for use of post graduate interviews, polishing production techniques, and developing an individual style are all important parts of the final production course. Laboratory fee. (2 Lec., 6 Lab.)

VFT 213 Video Editing And Post Production II (4)  
(Next year’s course prefix/number RFTV 2472)  
Prerequisite: Video Technology 203 and 112. This course provides the students with the opportunity to apply advanced editing and post production skills to advanced equipment while producing final portfolio programs. The course incorporates the use of SMPTE time code editing with time base correction and multisource edits. It also provides opportunities for students to visit local post production facilities. Laboratory fee. (2 Lec., 6 Lab.)

VFT 214 Business Aspects Of Video Management (3)  
(Next year’s course prefix/number RFTV 2371)  
This general business course for video stresses personnel management, production budgeting, staffing, decision-making, portfolio/resume development, interviewing techniques, site selection, contract law, and copyright management. Use of legal and financial advisors, with a variety of business topics related to production companies, use of post houses, professional organizations, taxes, insurance, entrepreneurship, distribution, marketing, and sales will be discussed in depth. (3 Lec.)

VFT 215 Broadcast Engineering II (3)  
(Next year’s course prefix/number RFTV 2372)  
Prerequisite: Video Technology 205. This course carries forward the concepts taught in Video Technology 205 and provides for detailed application of electricity and electronics theory in the troubleshooting of problems and maintenance of video equipment. Specific problems in control room equipment adjustment and maintenance will be combined with detailed problems on camera, sound, and lighting instrument maintenance. Laboratory fee. (2 Lec., 4 Lab.)

VFT 218 Scriptwriting And Property Management (3)  
(Next year’s course prefix/number RFTV 2373)  
This course provides instruction in converting books, plays, drama, story, and other properties into video scripts. The course also deals with the management of these properties and the legal responsibility of property manager. (3 Lec.)

VFT 220 Computer Application To Video Production (3)  
(Next year’s course prefix/number RFTV 2374)  
Students are provided the opportunity to develop skills in producing computer graphics, working with character generators, teleprompters, and a variety of special computer applications to visual enhancement and special effects. Laboratory fee. (2 Lec., 4 Lab.)

VFT 226 Music Video Production (3)  
(Next year’s course prefix/number RFTV 2379)  
Prerequisite: Video Technology 202. The student will produce a variety of video programs with a music theme and a complementary visual sequence. The process of making music videos will be thoroughly explored including visits to local production houses and application of both original, live, and canned music to visual aesthetics. Laboratory fee. (2 Lec., 4 Lab.)
VFT 232 Broadcast, Cable, and Satellite Technology (3)
(Next year's course prefix/number RFTV 2376)
This course is designed to provide a working knowledge of control room, distribution, headend, uplink, transmission, and a variety of other signal transfer techniques. Students will study the theory and application of these diverse video operations. (3 Lec.)

VFT 703 Cooperative Work Experience (3)
(Next year's course prefix/number RFTV 7371)
Prerequisites: Completion of two courses in the Video Technology program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of orientation, writing objectives, and work station objectives, how to find a job, resume writing, preparation for the interview, the interview, job interview from the employer's viewpoint, group discussions on experiences of job interviews, interpersonal relationships with supervisor and co-workers. (1 Lec., 15 Lab.)

VFT 704 Cooperative Work Experience (4)
(Next year's course prefix/number RFTV 7471)
Prerequisites: Completion of two courses in the Video Technology program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of orientation, writing objectives, and work station objectives, how to find a job, resume writing, preparation for the interview, the interview, job interview from the employer's viewpoint, group discussions on experiences of job interviews, interpersonal relationships with supervisor and co-workers. (1 Lec., 20 Lab.)

VFT 713 Cooperative Work Experience (3)
(Next year's course prefix/number RFTV 7372)
Prerequisites: Completion of two courses in the Video Technology program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of orientation, writing objectives and work station agreements, review of work station objectives, problem solving in the workplace, role of supervisor and subordinates, building the workplace, role of supervisor and subordinates, building self-esteem, discussion of job site problems, revising existing resume, interpersonal relationships with professionals in the field that the students come into contact with, and how to gain a professional attitude within the workplace. (1 Lec., 15 Lab.)

VFT 714 Cooperative Work Experience (4)
(Next year's course prefix/number RFTV 7472)
Prerequisites: Completion of two courses in the Video Technology program or instructor approval. This course combines productive work experience with academic study. The student, employer and instructor will develop a written competency-based learning plan with varied learning objectives and work experiences. Students must develop new learning objectives each semester. The seminar consists of orientation, writing objectives and work station agreements, review of work station objectives, problem solving in the workplace, role of supervisor and subordinates, building self-esteem, discussion of job site problems, revising existing resume, interpersonal relationships with professionals in the field that the student comes into contact with, and how to gain a professional attitude within the workplace. (1 Lec., 20 Lab.)
The following DCCCD courses have been assigned Common Course Numbers (CCN #). The Common Course Numbering scheme is an attempt by a number of Texas colleges and universities to identify similar courses by utilizing the same number in order to facilitate the transfer of courses between and among institutions. A course, however, may transfer even if it does not have a Common Course Number.
