2004-2006
Richland College Catalog
It all begins here.

Dallas County Community Colleges
All blank pages have been removed from this document.
Beginning College

1. Apply to be admitted to the college.

Apply to be admitted to the college by completing an application for admission. Applying early is a good idea. Your place in registration is determined by the date you apply. An early start also ensures you have plenty of time to visit with an advisor to plan your course schedule. There are several convenient ways to get an application and apply:

- Come by the campus and fill out your application in person.
- Get your application by mail. Just call, toll-free, metro 817-COLLEGE and we'll send you an application and other information you would like about the college.
- Apply on-line at our website at www.richlandcollege.edu

2. See your Richland College advisor.

See a Richland College advisor for academic assistance and for required or recommended assessment of your skills.

3. Register for classes.

After you apply and are accepted for admission to the college, then visit with your academic advisor, you will be able to register for the courses you choose using one of several methods:

- In-person registration during regular registration times, the week before the semester begins
- By telephone--Telephone registration is easy and convenient
- Or register online through our website at www.richlandcollege.edu
We are glad you decided to take a look at what Richland College has to offer you. Our goal is to serve Dallas County with excellent learning opportunities that are accessible, affordable and accredited. We've been serving learners like you since 1972, teaching you what you need to know to be successful at work, at home, and at play. That's what we're all about.

You are invited to visit the Richland College campus, located:

12800 Abrams Road
Dallas, Texas 75243
Telephone 972-238-6194
Website: www.richlandcollege.edu

Richland College is accredited by the Commission of Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097: Telephone number 404-679-4501) to award the associate degree.

This catalog contains policy regulations and procedures in existence at the time this publication went to press. Richland College reserves the right to make changes at any time to reflect current Board policies, administrative regulations and procedures and applicable state and federal regulations. This catalog is for information purposes and does not constitute a contract, express or implied, between any applicant, student or faculty member and Richland College of the Dallas County Community College District.

Educational opportunities are offered by the Richland College without regard to race, color, age, national origin, religion, sex, disability or sexual orientation.

Academic Calendar

Mini-semesters, flexible-entry classes and other alternative schedules, along with their final exam dates, may be offered between or during regular semesters by some of the Dallas County Community Colleges. Please contact individual colleges or go online to www.dcccd.edu for updated class and registration schedules.

Fall Semester, 2004
Note: Students should register as early as possible. By registering early, students may take full advantage of academic advisement and may have more course options available. Check the class schedule or website for registration times.

- August 16 (M) Faculty reports
- August 23 (M) Classes begin
- September 4 (S) 12th class day
- September 6 (M) Labor Day holiday
- November 11 (R) Last day to withdraw with a grade of "W"
- November 25 (R) Thanksgiving holidays begin
- November 29 (M) Classes resume
- December 6-9 (M-F) Final exams
- December 9 (R) Semester closes
- December 13 (M) Grades due in Registrar's Office by 10 a.m.
- December 23 (R) College buildings and offices close for the holidays at end of workday

Winter Term, 2004/2005
Note: Contact colleges for availability and schedules.

Spring Semester, 2005
Note: Students should register as early as possible. By registering early, students may take full advantage of academic advisement and may have more course options available. Check the colleges for registration times.

- January 3 (M) College buildings and offices open
- January 10 (M) Faculty reports
- January 17 (M) Martin Luther King, Jr. Day holiday
- January 18 (T) Classes begin
- January 31 (M) 12th class day
- February 17 (R) District Conference Day, faculty and administrators
- February 18 (F) Faculty professional development (TCCTA)
- March 14 (M) Spring break begins
- March 17 (R) District Conference Day, professional support staff
- March 18 (F) Spring holiday for all employees
- March 21 (M) Classes resume

Spring Semester, 2005 (continued)
- March 25 (F) Holiday begins
- March 28 (M) Classes resume
- April 14 (R) Last day to withdraw with a grade of "W"
- May 9-12 (M-R) Final exams
- May 12 (R) Semester ends
- May 12 (R) Graduation
- May 16 (M) Grades due in Registrar's Office by 10 a.m.

May Term, 2005
Note: Contact colleges for availability and schedules.

Summer Sessions, 2005*
Note: Students should register as early as possible. By registering early, students may take full advantage of academic advisement and may have more course options available. Check with your college or its website for registration times and dates.

First Summer Session* Please see asterisk note below.
(Based on a 4-day class week plus first Friday)
- May 30 (M) Memorial Day holiday
- June 6 (M) Classes begin
- June 9 (R) 4th class day
- June 10 (F) Class day (1st Friday class meeting)
- June 28 (W) Last day to withdraw with a grade of "W"
- July 4 (M) Fourth of July holiday
- July 7 (R) Final exams
- July 7 (R) Session I ends
- July 11 (M) Grades due in Registrar's Office by 10 a.m.

Second Summer Session* Please see asterisk note below.
(Based on 4 day class week plus first and second Friday)
- July 12 (T) Classes begin
- July 15 (F) Class day (1st Friday class meeting)
- July 15 (F) 4th class day
- August 3 (W) Last day to withdraw with a grade of "W"
- August 11 (R) Final exams
- August 11 (R) Session II ends
- August 15 (M) Grades due in Registrar's Office by 10 a.m.

* Summer Sessions, 2005 - DCCCD Colleges' summer sessions can vary. Please see your college's class schedule or its website for updated times, dates and locations.
RICHLAND COLLEGE

A challenging educational experience awaits students at Richland College, where a dedicated faculty, innovative programs, functional campus design and the beauty of nature combine to create an exciting learning environment.

Richland was the fourth of seven colleges in the Dallas County Community College District enrolling its first students in 1972. It has subsequently become the largest DCCCD college, enrolling more than 12,000 college credit students and 8,000 non-credit continuing education students each semester.

A comprehensive curriculum with a variety of flexible formats is offered at Richland including academic transfer programs, career programs and non-credit continuing education courses. In addition, the college offers:

- Fast-track degree program
- Honors courses and an Honors Scholar program
- Global Studies and Global Scholar program
- World Languages Division
- Multicultural Center
- Adult Resource Center
- Career Information & Placement Services
- Center for Tutoring & Learning Connections
- Disability Services
- American English & Culture Institute

The Campus

Richland is located on 243 acres at 12800 Abrams Road just north of LBJ Freeway. The campus plan enhances the natural beauty of the site. Campus facilities are linked by pedestrian bridges which extend along both sides of a spring-fed creek and two picturesque lakes. Richland has a performance hall, a greenhouse with a demonstration garden, and a planetarium. The campus athletic complex includes an outdoor swimming pool and a fitness center.

Richland College Statement of Purpose

The purpose of Richland College/DCCCD is to equip students for successful living and responsible citizenship in a rapidly changing local, national and world community. We do this by providing accessible, accredited, affordable, cost-effective, quality educational opportunities for the development of intellectual skills, job skills, personal growth and/or transfer to a baccalaureate program. In fulfilling our purpose, we further cultural, economic and workforce development in the communities we serve. In all our efforts, Richland strives to meet the needs and exceed the expectations of those the college serves.

Accreditation

Richland College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, GA 30033-4097; Telephone number 404-679-4501) to award the associate degree.

General Information

Accreditation
Each of the Dallas County Community College District's seven colleges - Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View, North Lake, and Richland - is individually accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; Telephone number 404.679.4501) to award the associate degree. The official statement of accreditation for each college is published in that college's individual catalog.

Guarantee for Job Competency
The college makes certain guarantees to its students who earn its Associate in Applied Sciences degree or who complete a certificate program. If an Associate in Applied Sciences or Certificate Program graduate is judged by his or her employer to be lacking in technical job skills identified as exit competencies for his or her specific degree or certificate program, the graduate will be provided up to nine tuition-free hours of additional skill training by the college under the conditions of the guarantee policy.

Special conditions, which apply to the guarantee, are as follows:

- The graduate must have earned the Associate in Applied Sciences Degree or completed the certificate program beginning May 1992, or thereafter in a Technical program identified in the college catalog.
- The graduate must have completed this degree or certificate program in the DCCCD (with a majority of the credits being earned at the college) and must have completed the degree or certificate within a four-year time span.
- Graduates must be employed full-time in an area directly related to the area of program concentration as certified by the Vice President of Instruction.
- Employment must commence within 12 months of graduation.
- The employer must certify in writing that the employee is lacking entry-level skills identified by the college as the employee's program competencies and must specify the areas of deficiency within 90 days of the graduate's initial employment.
- The employer, graduate, division dean, job placement, counselor, and appropriate faculty member will develop a written educational plan for retraining.
- Retraining will be limited to nine credit hours related to the identified skill deficiency and to those classes regularly scheduled during the period covered by the retraining plan.
- All retraining must be completed within a calendar year from the time the educational plan is agreed upon.
- The graduate and/or employer is responsible for the cost of books, insurance, uniforms, and other course-related expenses.
- The guarantee does not imply that the graduate will pass any licensing or qualifying examination for a particular career.
- The student's sole remedy against the college and its employees for skill deficiencies shall be limited to nine credit hours of tuition-free education under conditions described above.
- The program can be initiated through written contact with the office of the college president.

Guarantee for Transfer Credit
The college guarantees to its Associate in Arts and Associate in Sciences graduates the transferability of course credit to Texas public colleges and universities. Students pursuing these degrees will complete the college's core curriculum of 48 credit hours. By Texas State Law, the entire core will transfer as a block to all Texas public colleges and universities to take the place of the core curriculum of the receiving transfer institution. Students should work closely with an advisor in the choice of electives to ensure that the
transfer institution has cooperated with the college in the development of Transfer Guides that clearly indicate how the university accepts the selected elective courses in transfer.

Another means of ensuring the transferability and applicability of all courses within an Associate in Arts or an Associate in Sciences is to follow specific degree plans in specific majors that are called Fields of Study. A Field of Study plan has the approval of the Texas Higher Education Coordinating Board. The entire plan of courses is designed to transfer as a block of courses to all Texas public colleges and universities when the student pursues the Associate in College/University Transfer degree. This degree is composed of courses negotiated through a formal articulation process with private and out-of-state universities. Students interested in pursuing this degree should contact the Advisement Center early in their college career.

The college guarantees the transferability of course credit to private and out-of-state colleges and universities when the student pursues the Associate in College/University Transfer degree. This degree is composed of courses negotiated through a formal articulation process with private and out-of-state universities. Students interested in pursuing this degree should contact the Advisement Center early in their college career.

The college guarantees that a student may take tuition-free course(s) if: (a) A Texas public college or university refuses to accept in transfer core courses when the student has received the Associated in Arts or Associate in Sciences degree; (b) A Texas public college or university refuses to accept in transfer courses listed in that institution's Transfer Guide; (c) A Texas public college or university refuses to accept in transfer all courses taken in order to receive a Field of Study Associate in Arts/Associate in Sciences degree; or (d) A private or out-of-state institution refuses to accept in transfer a course when the student has received the Associate in College/University Transfer.

The conditions that apply to the guarantee area are as follows:

- Transferability means the acceptance of credits toward a specific major and degree at a Texas public college or university. The courses must consist entirely of those in the core curriculum, the courses outlined in an official Field of Study, and additional elective courses identified by the receiving university as transferable and applicable toward a specific major and degree in its Transfer Guides written within the last five years.
- For transfer to private and out-of-state institutions, a written plan with the receiving institution must be executed; and
- Limitations of total number of credits accepted in transfer, grades required, relevant grade point average and duration of transferability apply as stated in the catalog of the receiving institution.

The college works with a number of institutions to develop Transfer Guides. These include such as the University of North Texas, Texas A&M Commerce, The University of Texas at Arlington, The University of Texas at Dallas, Texas Woman's University, Texas Tech University, Amberton University, Dallas Baptist University, Baylor University, Southern Methodist University, and others. In order to secure such a guarantee, students should begin the process in the college Counseling/Advisement Center to work closely with an advisor.

To ensure guaranteed transfer, students are strongly encouraged to check with the university where they plan to transfer. No university shall be required to accept in transfer toward a degree, more than 66 semester credit hours of academic credits earned by a student in a community college. Universities, however, may choose to accept additional credit hours. Also, all public colleges and universities must offer at least 45 semester credit hours of academic courses that are substantially equivalent to courses listed in the Lower Division Academic Course Guide manual including those that fulfill the lower-division portion of the institution's core curriculum.

History

The Dallas County Community College District (DCCCD) enrolls over 100,000 credit and non-credit students every semester, making it one of the largest higher education institutions in the State of Texas.

The DCCCD comprises seven colleges located strategically throughout Dallas County. Anyone in Dallas County has only a short drive, bus or train ride to reach the nearest college.

More than three decades of growth and progress are a credit to the vision of Dallas area citizens. In May 1965, Dallas County voters created the Dallas County Junior College District and approved a $41.5 million bond issue to finance it. The next year, El Centro College began serving students in downtown Dallas. Eastfield College in Mesquite and Mountain View College in southwest Dallas enrolled their first students in 1970. Richland College opened two years later in north Dallas.

An additional $85 million in bonds supported the DCCCD's expansion, and construction began on three more colleges. Cedar Valley College in Lancaster and North Lake College in Irving opened in 1977, followed by Brookhaven College in Farmers Branch in 1978.

In addition to the colleges, the DCCCD also operates the Bill Priest Institute and R. Jan LeCroy Center for Educational Telecommunications, both named for former DCCCD chancellors. The Bill Priest Institute opened south of downtown Dallas in 1989, serving individuals and businesses of all sizes with training programs customized to meet their needs. The LeCroy Center is one of the largest producers of distance education products in the nation.
Dallas County Community College District  
Vision, Mission, and Goals

Vision

The Dallas County Community College District adds value to lives and builds communities.

Mission

We prepare students to become productive and responsible members in communities that are increasingly diverse in a world that continues to change dramatically. We provide students with academic, technical, work and life skills, as well as self-confidence to be successful in the workplace, community, and in other endeavors.

Goals

In implementing our goals, we are clear that we must remain accessible and affordable while maintaining educational quality. We will embrace and celebrate the diversity of our students, staff, and communities in all we do. The diversity of our institution and our programs and services is important. We will continue to improve our student retention and offer necessary remediation for students to successfully reach their goals.

- Student Success - The success of students is always our primary focus.
- Employee Success - Our commitment to hiring, retaining and developing successful employees is key to the positive impact we have on our students and communities.
- Economic and Workforce Development - We play a major role in economic and workforce development programs and initiatives that are key to development in this region, state and nation.
- Community Development - We support improvement in the quality of life of our communities and will continue to strengthen and expand our connections to civic, community, and educational organizations.
- Business and Fiscal Affairs - We maintain the public's trust by being fiscally responsible and accountable at all times.
- Institutional Development - Our regular assessment of programs and services, as well as our daily business, guides our planning into future.

Approved by the DCCCD Board of Trustees on December 16, 2003.

The DCCCD and Innovation

The Dallas County Community College District is a member of the League for Innovation in the Community College. The League is comprised of 19 outstanding community colleges and districts throughout North America. The League Alliance includes more than 700 community and technical colleges from around the world. The League's purpose is to encourage innovation, experimentation, institutional transformation, and the continuing development of the community college movement internationally. Membership commits the District to research, evaluation and cooperation with other community college districts. The goal is to serve the community with the best educational programs and to make a positive difference in the lives of students. See http://www.league.org/welcome.htm for more information about the League for Innovation.

Commonly Used Terms & Abbreviations

Academic Advisor: A member of the college staff who helps students set educational goals and select courses to meet those goals.
Add: During any single semester to enroll in additional course(s) after the registration period, only if the course is available and has not met more than twice.
Admission: A person wishing to enroll must complete an application, be accepted and receive acknowledgement of acceptance from the Admissions Office before registering for classes. An application can be acquired online at www.dcccd.edu
Audit: Enrollment in a credit course without receiving academic credit.
Career & Technical Courses: Courses that lead to a Certificate or Associate in Applied Sciences Degree in a technical or occupational program. These courses are designed to aid the student in developing entry-level skills to be used in the job market. Consult an advisor regarding transferability if you plan to attend a four-year institution.
Catalog: The book containing course descriptions, certificate, and associate degree requirements, and general information. The DCCCD Catalog can be located on the web at www.dcccd.edu.
Class schedule: A booklet that is published prior to each semester listing classes, sections, dates, times, instructors' names and meeting places. This booklet is utilized by students in preparing personal class schedules each semester.
College-Based Distance Learning Class: A College-based Distance Learning Class has a portion of the instructional contact hours delivered at a distance, with occasional college-based instructional requirements, i.e. testing and review sessions. Most student services are delivered on campus. College-based Distance Learning Classes are offered using one or more of the distance learning course delivery formats.
College Level Math: Requires a student to have successfully completed two years of high school algebra and acquire an appropriate assessment score at the DCCCD standard, a standard which is higher than the state's TSI standard, or successfully complete Developmental Mathematics 0099 or Developmental Mathematics 0093 with a grade of C or better. Other math prerequisites may be required.
Common Course Numbers: Beginning in Fall 1995, the Common Course Number became the official number of the course. This same Common Course Number is being used for the same course by a number of colleges throughout Texas to help students identify how a course will transfer. However, the lack of a Common Course Number does not necessarily mean a course will not transfer.
Concurrent enrollment: (a) Enrollment by the same student in two different colleges of the DCCCD at the same time; (b) Enrollment by a high school student in one of the DCCCD colleges while still enrolled in high school; (c) Enrollment by a student in two courses in the same semester; (d) Enrollment in both a college of the DCCCD and another college or university at the same time (e) Enrollment in both credit and continuing education courses at the same time.
Core: The 48 prescribed hours of a 61-hour degree plan that a student must successfully complete in order to receive an Associate in Arts/Associate in Sciences Degree.
Course Load: The number of hours or courses in which a student is enrolled in any given semester.
Credit: The numerical value assigned to a course (see "credit hours/semester hours").

Credit hours/semester hours: The unit of credit earned for course work. Each college course is worth a certain number of credit or semester hours. This number is determined by the type of class and the number of hours per week it meets. For example, a three-credit-hour class (English, history, etc.) meets three hours per week during the fall/spring semester; a four-credit-hour class (science, languages, etc.) meets six hours per week. Check the Catalog or the current Class Schedule for the value of any course you wish to take.

Credit/non-credit: Credit classes are those that award academic credit and may apply toward a degree. Non-credit classes do not apply toward a degree and are usually offered as continuing education courses.

DCCCD: Dallas County Community College District. The district is composed of Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View, North Lake, and Richland Colleges. These colleges are all subject to the policies established by the DCCCD Board of Trustees.

Dallas TeleCollege Virtual Class: Courses offered through Dallas TeleCollege are defined as "virtual classes." A Dallas TeleCollege virtual class requires that all instruction and student services be delivered at a distance with no on-campus requirements. Dallas TeleCollege virtual class sections are numbered 9000-level. Virtual class sections may be offered using the online course or Telecourse Plus distance learning course delivery formats. A course offered through Dallas TeleCollege is the equivalent of the same course offered by all colleges of the DCCCD.

Developmental Studies Courses: Courses that develop prerequisite skills in reading, writing, and mathematics. Because of the nature of these courses, the credit earned will not count toward graduation requirements and may not be transferred to colleges outside the DCCCD.

Distance Learning: Distance learning courses are offered in a variety of formats. Each format requires a unique set of technologies essential to successful course completion.

Dropping a Course: The act of officially withdrawing from a particular course without penalty before a specified date. See the Academic Calendar in this catalog for "Last Day to Withdraw." It is the student's responsibility to drop a course by the date published. Effective with the Fall 2004 Semester, students may have to pay a higher rate of tuition for the third or more times they attempt a course. Students should take care in dropping a course as any future retake of that course may result in a higher rate of tuition.

Dual credit: Credit earned for both high school and college via concurrently enrolled high school students.

eConnect: eConnect is a web application that allows you to search, register and pay for your credit classes, view your grades and access your financial information online. You must meet certain eligibility criteria to register on-line. All students are eligible to pay for credit classes and access your financial information using eConnect.

Electives: Courses that do not count toward a major but are required for most college degrees. Electives are selected for personal interest, skill development, or to increase one's knowledge or understanding. Consult an advisor before deciding upon electives.

Flexible-entry course: A course beginning and ending on dates that are different from the regular semester. This is also referred to as "flex-entry" or "short semester." Consult the Class Schedule for further information.

Former student: One who has not attended a college of the DCCCD in the past year.

Full-time student: A student who is enrolled for at least 12 credit hours during a semester or for six credit hours during a summer session. The student may be enrolled in one or more colleges of the DCCCD as long as the total number of hours meets the full-time requirement.

GPA: Grade Point Average. Two different ways of computing a GPA are utilized. For further explanation, see Grades & Transcripts.

Grade points: See Grades & Transcripts.

Grades: See Grades & Transcripts.

Lab hours: The number of hours a student spends each week in a laboratory or other learning environment.

Lecture hours: The number of hours a student spends each week in a classroom other than a laboratory.

Live-interactive Television Course: The live-interactive television course uses one-way video and two-way audio. Each class is a live cable broadcast. Tapes are not available for these courses. Students must view class at broadcast times. See the Cable Broadcast Schedule in the distance learning pages printed in the College's Class Schedule. Students must have access to a participating cable television system. Students may interact during the live class with the faculty by telephone, placing a call to a voice bridge system. The course may include college-based requirements including orientations, testing and review sessions. Call the Distance Learning Hotline for more information about participating cable systems, (972)-669-6400 or if outside Dallas, toll-free: 1(888)-468-4268. Only college based distance learning classes may utilize the live-interactive television course delivery format.

Major: The subject or field of study in which the student plans to specialize. For example, one "majors" in Automotive Technology, Business, etc.

Grades & Transcripts:

Lab hours: The number of hours a student spends each week in a laboratory or other learning environment.

Lecture hours: The number of hours a student spends each week in a classroom other than a laboratory.
Online Courses: Online courses are delivered using only computers and computer peripherals. Students are required to have reliable Internet access and the latest version of an Internet browser software. The online classroom is used to deliver instruction and facilitate interactions among faculty and students.

Part-time student: A student who is enrolled for less than 12 credit hours during a semester or less than six credit hours in a summer session. The student may be enrolled in one or more colleges of the DCCCD as long as the total number of hours meets the part-time requirement.

Performance grade: A grade of "A," "B," "C," "D" or "F." This does not include the grades of "W", "I," "E" or "WX". See Grades & Transcripts for more on grades and grade point averages.

Prerequisite: A requirement that must be met before registering for a specified course. For example, the prerequisite for English 1302 is the successful completion of English 1301. A prerequisite may be another course (high school or college) or an appropriate assessment score.

Probation: A warning for a student whose academic work or behavior is unsatisfactory. Students on academic probation may be suspended if their academic performance does not improve.

Registration: The official process for enrolling in courses. This involves selecting classes with the help of an advisor, completing all registration forms and paying fees. Check the College’s Class Schedule for registration dates.

Registration Number: A number indicating the course, day/evening, hour, room number and name of instructor for a particular course.

Semester: A term denoting the length of time a student is enrolled in a specific course. For example, there are two long semesters (fall and spring) that last approximately 16 weeks. There are two summer sessions or “semesters” (Summer I and Summer II) that last approximately 12 weeks.

Syllabus (Syllabi): An outline for a course of study. Students usually receive a syllabus from the instructor at the beginning of each course.

Technical/Occupational Courses: Courses that lead to a Certificate or Associate in Applied Sciences Degree in a technical or occupational program. These courses are designed to aid the student in developing entry-level skills to be used in the job market. Consult an advisor regarding transferability if you plan to attend a four-year institution.

Tech-Prep: An educational process where the college and the public high school districts cooperatively develop and implement a planned sequence of course work to prepare students for technologically advanced careers. Tech Prep programs are endorsed and approved by the Texas Education Agency (TEA) and the Texas Higher Education Coordinating Board (THECB). Through the Tech Prep process students earn college credit while in high school and advance to college programs after graduation.

Telecourse: The telecourse allows the student to work and learn independently, with college-based requirements including orientations, testing and review sessions. The course includes a pre-produced video series with print materials. Class interaction is offered through the telephone, fax, and mail. Students may view video lessons either through a local cable system, by purchasing videocassettes or viewing them on campus, or by purchasing videostreaming.

Telecourse Plus Courses: The Telecourse Plus course incorporates the use of video and the online classroom. The course includes a pre-produced video series with print materials. Students may view video lessons either through a local cable system, by purchasing videocassettes or viewing them on campus, or by purchasing videostreaming. Students are also required to have reliable Internet access and the latest version of Internet browser software for the online instruction.

Telephone registration: Touch-tone telephone registration is available during registration for those who meet eligibility criteria. The telephone number for touch-tone telephone registration is 972-613-1818.

Transfer courses: Courses that are designed to transfer to other colleges and universities. Students need to consult with a registration advisor or check on college website about the transferability of specific courses. Because a course will transfer does not mean it will apply toward a specific major or degree at a four-year college or university.

Transcript: An official copy of a student’s academic record that can be obtained through the Admissions Office. An official transcript must have the seal of the college affixed and the signature of the Registrar.

TSI: Texas Success Initiative; See TSI and Assessment.

Withdrawal: The act of ending enrollment in classes. A student withdrawing must go through a formal procedure. It is the student’s responsibility to withdraw officially by the appropriate date. See the Academic Calendar in this catalog or in the College Class Schedule for the “Last Day to Withdraw.” Effective with the Fall 2004 Semester, students may have to pay a higher rate of tuition for the third or more times they attempt a course. Students should take care in withdrawing from a course as any future retake of that course may result in a higher rate of tuition.
Getting Started

How to Enroll

1. Complete an Application for Admission. Applications are also available from any Admissions Office and on the Internet at https://www1.dcccd.edu/stuapp/.

2. Submit all of the following with your Application for Admission:

- Proof of Texas residency (for those who wish to be considered residents for tuition purposes,
- Scores from college entrance exams (SAT, ACT) taken in the last five years,
- Scores from the Texas Assessment of Academic Skills Program (TAAS) taken in the last three years,
- Scores from the Texas Assessment of Knowledge and Skills (TAKS) taken in the last three years,
- Approved Texas Success Initiative (TSI) program test scores from ACCUPLACER, ASSET, COMPASS, or THEA (Texas Higher Education Assessment). TASP scores will still be honored even though the TASP test is no longer made available.
- GED certificate (required for students who took the GED exam,
- Official transcripts from high school are recommended for students with no college experience,
- Official transcripts from all colleges previously attended (required for students with college experience).

After you are admitted, but prior to registration, you must either present scores from ACCUPLACER, ASSET, COMPASS or THEA (Texas Higher Education Assessment).

If you are TSI (Texas Success Initiative) exempt or TSI waived, you are still required to meet all course prerequisites. Currently, the colleges of the DCCCD offer ACCUPLACER and ASSET state approved assessment instruments. Please see your advisor to determine your testing requirements.

Please refer to the college credit class schedule for registration dates.

“Extended” registration opportunities may be limited.

Immunizations

The college does not require proof of immunizations for admission to most programs. However, all prospective students should have adequate immunization for bacterial meningitis, diphtheria, rubella, rubella, mumps, tetanus and poliomyelitis (See Texas Department of Health's Recommended Adult Immunization Schedule.) Some health-related programs require specific immunizations prior to admission; that information is outlined in student orientations for those programs.

Important Information You Need To Know About Bacterial Meningitis

This information is being provided to all new college students in the state of Texas. Bacterial Meningitis is a serious, potentially deadly disease that can progress extremely fast - so take utmost caution. It is an inflammation of the membranes that surround the brain and spinal cord. The bacteria that causes meningitis can also infect the blood. This disease strikes about 3,000 Americans each year, including 100-125 on college campuses, leading to 5-15 deaths among college students every year. There is a treatment, but those who survive may develop severe health problems or disabilities.

WHAT ARE THE SYMPTOMS?

- High fever
- Severe headache
- Rash or purple patches on skin
- Vomiting
- Light sensitivity
- Stiff Neck
- Confusion and sleepiness
- Nausea
- Lethargy
- Seizures

There may be a rash of tiny, red-purple spots caused by bleeding under the skin. These can occur anywhere on the body.

The more symptoms, the higher the risk, so when these symptoms appear seek immediate medical attention.

HOW IS BACTERIAL MENINGITIS DIAGNOSED?

- Diagnosis is made by a medical provider and is usually based on a combination of clinical symptoms and laboratory results from spinal fluid and blood tests.
- Early diagnosis and treatment can greatly improve the likelihood of recovery.
HOW IS THE DISEASE TRANSMITED?
• The disease is transmitted when people exchange saliva (such as by kissing, or by sharing drinking containers, utensils, cigarettes, toothbrushes, etc.) or come in contact with respiratory or throat secretions.

HOW DO YOU INCREASE YOUR RISK OF GETTING BACTERIAL MENINGITIS?
• Exposure to saliva by sharing cigarettes, water bottles, eating utensils, food, kissing, etc.
• Living in close conditions (such as sharing a room/suite in a dorm or group home).

WHAT ARE THE POSSIBLE CONSEQUENCES OF THE DISEASE?
• Death (in 8 to 24 hours from perfectly well to dead)
• Permanent brain damage
• Kidney failure
• Learning disability
• Hearing loss, blindness
• Limb damage (fingers, toes, arms, legs) that requires amputation
• Gangrene
• Coma
• Convulsions

CAN THE DISEASE BE TREATED?
• Antibiotic treatment, if received early, can save lives and chances of recovery are increased. However, permanent disability or death can still occur.
• Vaccinations are available and should be considered for:
  • Those living in close quarters
  • College students 25 years old or younger
  • Vaccinations are effective against 4 of the 5 most common bacterial types that cause 70% of the disease in the U.S. (but does not protect against all types of meningitis).
  • Vaccinations take 7-10 days to become effective, with protection lasting 3-5 years.
  • The cost of vaccine varies, so check with your health care provider.
  • Vaccination is very safe - most common side effects are redness and minor pain at injection site for up to two days.
  • Vaccination is available at Dallas County Health Department, phone 214-819-2000.

HOW CAN I FIND OUT MORE INFORMATION?
• Contact your own health care provider
• Contact Student Health Center at:
  • Brookhaven — 972-860-4195
  • Cedar Valley — 972-860-8277
  • Eastfield — 972-860-7190
  • El Centro — 214-860-2113
  • Mountain View — 972-860-8699
  • North Lake — 972-273-3170
  • Richland — 972-236-6135
• Contact your local or regional Texas Department of Health office at 817-264-4551
• Contact web sites: www.cdc.gov/ncidod/dbmd/diseaseinfo
• Vaccinations are available and should be considered for:
• The cost of vaccine varies, so check with your health care
• Vaccination is very safe - most common side effects are
• Antibiotic treatment, if received early, can save lives and
• CAN THE DISEASE BE TREATED?
• First time student
• Student concurrently enrolled in high school & DCCC
• High school student enrolled in dual credit programs
• Transfer student
• Former student
• Undocumented student who is a resident of Texas
• International student

First time students
You may apply as a beginning freshman if you meet one of these standards:
• You are a graduate of an accredited high school.
• You are a graduate of an unaccredited high school and are 18 years of age or older.
• You earned a General Education Diploma (G.E.D.).
• You are at least 18 years of age and do not have a diploma or G.E.D (may be admitted by individual approval).
• If you are under the age of 18, are no longer enrolled in high school of any kind, and do not have a diploma or a G.E.D., you may be admitted by one of the following:
  • A written recommendation of the principal or superintendent of the last high school you attended, or
  • Show results indicating you have the ability to benefit from the college's programs through performance on an assessment test associated with the Texas Success Initiative (TSI) program. These tests are the ACCUPLACER, ASSET, COMPASS or Texas Higher Education Assessment (THEA). ACCUPLACER and ASSET are available at the college.
• If you are 16, did not graduate from an accredited school, but did graduate from a non-accredited high school, or were schooled in a non-traditional setting (i.e., home-schooled), you may be admitted if you meet all of the following conditions:
• Present a written recommendation of the principal or superintendent of the last school you attended, or TSI approved test results indicating you have the ability to benefit from the college's programs; and

• Present a notarized record of the high school equivalent work completed and the date of successful completion; and

• Complete the enrollment agreement noting you understand and accept that academic freedom and the collegiate environment is supported in all courses within the college, and

• Agree to limitations on conditions of admission established by the college.

After you are admitted, but prior to registration, you must have test scores on file from a TSI approved test.

Students Concurrently Enrolled in High School and the College

If you are still enrolled in high school you may be admitted under the following conditions:

• If you have completed your junior year in an accredited high school, you may be admitted with your high school principal's written recommendation. You must also present scores on one of the following tests: ACCUPLACER, ASSET, COMPASS or Texas Higher Education Assessment (THEA), with results indicating your ability to complete college-level work. ACCUPLACER and ASSET are available at the college. Generally, you may take no more than two courses each semester. The college-vice president or designate will have a conversation with prospective students under the age of sixteen (16) and their parents so that expectations of college readiness issues of the students, parents, and college are clarified. These issues will be considered in determining readiness for college level course work.

• If you have not completed your junior year at an accredited high school, you may be admitted upon meeting all of the following conditions:
  - Submit your high school principal's written recommendation;
  - Present scores on ACCUPLACER, ASSET, COMPASS, or Texas Higher Education Assessment (THEA) with results indicating your ability to do college-level work;
  - Receive approval from the college Vice President of Instruction or designate. Upon approval, you may take no more than two courses each semester. However, if you meet specific conditions, you may be permitted to enroll for three courses.

• The college-vice president or designate will have a conversation with prospective students under the age of sixteen (16) and their parents so that expectations of college readiness issues of the students, parents, and college are clarified. These issues will be considered in determining readiness for college level course work.

• If you are enrolled in non-accredited high schools or educated in a non-traditional setting (i.e., home-schooled) and have not completed the equivalent of the junior year (16 units) in high school, you may be admitted by meeting all the following conditions:
  - Provide a notarized record of the school subjects completed (consistent with the Texas Education Agency minimum requirements);
  - Present scores on ACCUPLACER, ASSET, COMPASS, or Texas Higher Education Assessment (THEA) with results indicating your ability to do college-level work;
  - Complete the enrollment agreement noting you understand and accept that academic freedom and the collegiate environment is supported in all courses within college;
  - Agree to limitations on conditions of admission. You may take no more than two courses each semester. However, students meeting specific conditions may be permitted to enroll for three courses.
  - Receive approval from College's Vice President of Instruction or designate.

• The college-vice president or designate will have a conversation with prospective students under the age of sixteen (16) and their parents so that expectations of college readiness issues of the students, parents, and college are clarified. These issues will be considered in determining readiness for college-level course work.

• If you are admitted, but prior to registration, you must have test scores on file from a TSI approved test.

High School Students Enrolled in Dual Credit Programs

Dual Credit Programs are instructional partnerships between a public school district, a private secondary school or a home school and the college. Course credit is provided to high school students for both high school and college credit. College credit may be for certificate or associate degree programs. Financial Aid is generally limited to those who have either graduated from high school or have a G.E.D.
Transfer Student

Eligibility requirements for Dual Credit:

- To enroll in courses for an associate degree or level-two certificate (TSI eligible) program, you must present a passing score on the ACCUPLACER, ASSET, COMPASS or Texas Higher Education Assessment (THEA) in at least one area (reading, writing, or math) as deemed applicable by the college for the intended course in which you wish to enroll. ACCUPLACER and ASSET are available at the college. If you are exempt from TSI, you are also exempt from local assessment for the purposes of dual course credit. Public school students wishing to enroll in level-one certificate (TSI waived) programs must have met TAAS/TAKS standards by passing all sections of the exit-level TAAS/TAKS or through end-of-course exams.

- High school students are generally limited to enrolling in two dual credit courses per semester. You may be permitted to enroll in more than two courses if recommended to do so by your high school principal or appropriate home school "official" and under one of the following conditions:
  - Achieve a minimum GPA of 3.00 on at least two college courses taken in previous semesters; or
  - Prove you have passed all sections of TSI tests; or
  - Prove your eligibility to be TSI exempt based upon TAAS, TAKS, ACT, or SAT as approved by the Texas Higher Education Coordinating Board. (Note: these score standards are often altered by the THECB and the currently approved scores must be used.)

- High school students must meet all appropriate admissions criteria to the college.

- High school students must fulfill all prerequisite requirements to enrolling in a dual credit course.

The college-vice president or designate will have a conversation with prospective students under the age of sixteen (16) and their parents so that expectations of college readiness issues of the students, parents, and college are clarified. These issues will be considered in determining readiness for college-level course work.

Acceptance of Credit in Transfer

Credit for courses in which a passing grade ("D" or better) has been earned may be transferred to the college from colleges and universities accredited through one of the following associations: "Middle States Association of Colleges and Schools/Commission on Higher Education "New England Association of Schools and Colleges "North Central Association of Colleges and Schools "Northwest Association of Colleges and Schools/Commission on Colleges

*Southern Association of Colleges and Schools/Commission on Colleges *Western Association of Schools and Colleges/Accrediting Commission for Senior Colleges *Western Association of Schools and Colleges/Accrediting Commission for Community and Junior Colleges

It is the college's responsibility not to transfer credits received from any United States institution not so accredited except where signed agreements between the college and other institutions exist. However, if you have gained proficiency through completing coursework from non-accredited institutions, you may receive college credit through credit-by-examination
and, in some circumstances, credit by experience. Appropriate Dallas County Community College personnel will complete course-by-course evaluation as needed for degree or program planning. The institution will inform transfer students of the amount of credit that will transfer prior to the end of the first academic term in which they are enrolled. Once the student has been notified that the credits have been evaluated, the student may look at the results at http://econnct.dcccd.edu. Individual courses transferred will not be posted to the student's record. Official transcripts from all higher education institutions must be on file in the Registrar's Office. Generally, the college will not accept junior and senior level coursework as transfer credit unless there is an approved articulation agreement with the specific four-year college or university. Credits earned through other education programs—such as credit-by-examination, military experience, and the U.S. Armed Forces Institute—are reviewed by the Registrar and credit may be granted if applicable. You must submit all official transcripts from all higher education institutions and a request for a degree plan evaluation to the Registrar's Office before an evaluation can take place. Any questions concerning the validity of the document(s) will result in the need to have an official transcript(s) sent directly from the other institution(s) to the Registrar's Office. If you are admitted with a grade point deficiency, you cannot graduate until you have cleared the deficiency by earning additional grade points.

Academic Forgiveness Policy

In keeping with SB1321 passed into legislation in 1993, any Texas state resident may elect not to have the college utilize college credits on courses which are ten (10) years or older. If you elect this option, no college courses or credits ten (10) years or older will be evaluated for credit. You may not selectively choose courses ten (10) years or older to be utilized. This provision does not relieve you from notifying the college of attendance at previous institutions nor of the need for you to submit transcripts indicating all previous coursework attempted. If you elect this option, you must notify the Registrar's Office when you submit your Application for Admission. You must have all official transcripts on file before meeting with a designated official to review all official college transcripts before the Academic Forgiveness Policy is granted. The Academic Forgiveness Policy does not apply toward eligibility issues for federal financial aid.

Former Students

If you were formerly enrolled in this college or any college of the DCCCD, but have not attended a DCCCD college for more than one year, you must update your Application for Admission. If you have unsettled financial debts or your record is blocked for any other reason at this or any DCCCD College, you will not be allowed to register until the record is cleared.

Undocumented Student who is a Resident of Texas

Texas State Law states that you can be admitted to the college and be considered a resident of Texas if you resided with a parent, guardian, or conservator at least part of the time while you attended a public or private high school in Texas and met all the following conditions:

- Graduated from a Texas public or private high school or received the equivalent of a high school diploma in Texas;
- Resided in Texas for at least three years as of the date you graduated from high school or received the equivalent of a high school diploma;
- Have not registered as an entering student at any college or university prior to the Fall Semester of 2001, and
- Sign the affidavit provided by the college that states you will file an application to become a permanent resident at the earliest opportunity you are eligible to do so.

The Matricula Consular I.D. Card can be utilized as an I.D. for admissions purposes. Students who are undocumented and of Mexican descent are eligible to apply for the Matricula Consular I.D. Card. To read more about this card, go to http://www.sre.gob.mx/dallas/english/idcards.htm.

International Students

The college is authorized under federal law to enroll non-immigrant students carrying valid visas. International students are admitted once all admission requirements are complete. If you are an international student seeking F-1 visa status, you must:

- Contact the college to request international student admission information;
- Provide an official TOEFL (Test of English as a Foreign Language) score of 530 or higher on the paper/pencil version or a TOEFL score of 197 or higher on the computerized version to meet the English proficiency requirement for college level classes. Intensive English students are recommended to have at least 430 or higher on the paper/pencil version of TOEFL or 117 or higher on the computerized version of TOEFL. The TOEFL requirement may be waived for the intensive English programs of the DCCCD through approved methods as outlined by the college. If you meet one of the following criteria, you will be excused from the TOEFL requirement for admissions to college level courses:
  - You are a graduate of an accredited U.S. college or university; or
  - You are a native speaker of English from a country in which English is the primary language of the majority as documented by the Cambridge Encyclopedia of Languages. See international admissions advisor for list of approved countries; or
  - You have an official transcript from an accredited college or university in the United States showing a grade of C or better for English 1301 or the equivalent; or
  - You have an institutional TOEFL score of 530 or higher on the paper/pencil version or TOEFL score of 197 or higher on the computerized version from the University of North Texas, the University of Texas at Arlington, or University of Texas at Dallas; or
• You have successfully completed the final level of an intensive English program of the DCCCD; or
• You can present documented completion of the final level of an intensive English language program that is approved by the DCCCD through an established agreement.
• Show documented evidence of sufficient financial support for the academic year;
• International students must provide official written medical proof of freedom from tuberculosis through either a negative Mantoux tuberculin skin test or chest X-ray that was given in the United States within the last one (1) year. Out-of-country students must undergo testing for freedom from tuberculosis upon arrival in the United States before registration in classes is allowed. The DCCCD does recommend that all prospective students have adequate immunization for bacterial meningitis, diphtheria, rubella, mumps, tetanus and poliomyelitis (see Texas Department of Health's Recommended Adult Immunization Schedule).
• Submit official transcripts from each high school, college or university previously attended with a minimum of "C" average;
• Fulfill all admission requirements before the deadline designated by the college for international students and receive approval for admission from international admissions advisor.
• In addition to the requirements stated above, if you are an international student wishing to transfer from another U.S. institution, you must also:
  • Present documentation indicating valid non-immigrant status;
  • Provide official transcripts or documented proof verifying that you are “in-status” and have been pursuing a full course of study during the term immediately preceding the transfer from the institution last authorized by INS for attendance. International students are subject to the requirements of the Texas Success Initiative (TSI) program.
  • Upon admission, students must present all original immigration documents including a valid I-94 arrival/departure record and an unexpired passport to be copied and kept on file. F-1 students must receive and secure the Form I-20AB from each new school attended. F-1 students must enroll in a minimum of 12 credit hours and maintain full-time enrollment during each regular semester in order to maintain visa status. It is strongly recommended that F-1 students obtain health insurance for the duration of their studies in the college. After admission, international students must present TSI scores unless otherwise exempt. If adequate English proficiency is not demonstrated through this assessment, placement in additional English language and/or Math courses will be required.

Evaluation of Foreign Credentials
Coursework completed at colleges and universities outside the United States will be considered for transfer on an individual basis. All foreign credentials submitted to the college must include the original plus a certified English translation.
An official course-by-course evaluation of foreign credentials must be completed before transfer credit will be considered. You, the student, are responsible for arranging for the course-by-course credential evaluation. A partial list of acceptable professional evaluation services is available at the Admissions Office and the International Student Advisor's Office. You, the student, are expected to pay all costs of translation and/or evaluation of foreign credentials.
Evaluations of foreign credentials completed by individuals and/or by professional evaluation services are subject to review and approval by the head of Admissions and/or the college Registrar.

Texas Success Initiative (TSI) Program
After you are admitted, but prior to registration, you must either present scores from an assessment test associated with the Texas Success Initiative (TSI) program or be exempt. See exemptions from TSI Requirements in this section to determine if you are exempt or waived from TSI requirements. Assessment is not used to determine admission except for students wishing to enroll in “special admissions” programs.
The Texas Success Initiative (TSI) Program is required by state law to ensure students enrolled in Texas public colleges possess the academic skills needed to perform effectively in college-level coursework. TSI includes a testing component designed to identify and provide information about your reading, writing, and math skills. You are expected to consult with the college TSI Coordinator in order to meet the TSI requirements. It is your responsibility to be aware of all TSI regulations. For more information, visit www.thecb.state.tx.us/

TSI Requirements
Effective fall 2003 the Texas Higher Education Coordinating Board (THECB) implemented the Texas Success Initiative (TSI) for Texas public institutions of higher education, a program to replace the former TASP program. It is the intent of the Texas Higher Education Coordinating Board that Texas public institutions of higher education use the flexibility and responsibility of TSI rules to improve individualized programs to ensure the success of students in higher education. The Dallas County Community College District (DCCCD) makes every effort to ensure that students have equal opportunity for success in their academic coursework. In order to facilitate their college readiness for such coursework, the District assesses students with a TSI required assessment instrument and places them based on their assessment results. DCCCD students must be assessed on TSI Reading, Writing and Math. TSI Standards in Reading, Writing and Math must be met with required course prerequisites.
TSI Assessment Instruments

TSI approved test instruments are ACCUPLACER, ASSET, COMPASS and Texas Higher Education Assessment (THEA), formerly known as TASP. Even though the TASP test is no longer administered, previous TASP scores will continue to be honored as directed by the THECB.

The colleges administer ACCUPLACER or ASSET, both of which are TSI state approved assessments.

Exemptions/Waivers

You must have TSI assessment scores on file prior to enrolling for college-level courses. If you meet any of the following conditions, you are exempt or waived from the TSI requirements.

1. For a period of five years from the date of assessment, a student who is tested and performs at or above the following standards is exempt: (Scores for exemption must be attained in one sitting.) DCCCD course prerequisite requirements will be maintained.
   - ACT: English = 19, Math = 19, Composite = 23
   - SAT: Verbal = 500, Math = 500, Combined = 1070

2. For a period of three years from the date of assessment, a student who is tested and performs on the Texas Assessment of Academic Skills (TAAS) with minimum, scaled scores of 1770 (Writing), 89 (TLI-Reading), and 86 (TLI-Math) is exempt. Since the TAAS test is administered over several days, students who miss a day of testing due to illness or emergency are allowed to make up the missed sections of the test and have the aggregate results count as a single sitting of the test. DCCCD course prerequisite requirements will be maintained.

3. For a period of three (3) years from the date of testing, a student who is tested and performs on the Eleventh grade exit-level Texas Assessment of Knowledge and Skills (TAKS) with a minimum scale score of 2200 on the math section and a minimum scale score of 2200 on the English Language Arts section with a writing subsection score of at least 3, shall be exempt from assessment required under this title for those corresponding sections. DCCCD course prerequisite requirements will be maintained.

4. A student who has graduated with an associate or baccalaureate degree from a regionally accredited institution or from a recognized international institution and submits appropriate documentation of degree and official transcript is exempt. DCCCD course prerequisite requirements will be maintained.

5. A student who transfers to the DCCCD from a regionally accredited private or independent institution of higher education or a regionally accredited out-of-state institution of higher education and who has satisfactorily completed at least 3 hours college-level core-related coursework with a grade of "C" or better is exempt. The transferred college-level core-related coursework will be evaluated to determine which component area(s) reading, writing or math will have been met. An official transcript must be submitted. DCCCD course prerequisite requirements will be maintained.

6. A student who has previously attended any accredited institution of higher education and has been determined to have met readiness standards by that institution is exempt. An official transcript must be submitted. DCCCD course prerequisite requirements will be maintained.

7. A student who is enrolled in a certificate program of one year or less will be waived of TSI requirements (Level-One certificates, 42 or fewer semester credit hours). DCCCD course prerequisite requirements will be maintained.

8. A student who is serving on active duty as a member of the armed forces of the United States, the Texas National Guard, or as a member of a reserve component of the armed forces of the United States and has been serving for at least three years preceding enrollment is exempt. DCCCD course prerequisite requirements will be maintained.

9. A student who on or after August 1, 1990, was honorably discharged, retired, or released from active duty as a member of the armed forces of the United States or the Texas National Guard or service as a member of a reserve component of the armed forces of the United States is exempt. DCCCD course prerequisite requirements will be maintained.

10. A non-degree-seeking or non-certificate-seeking student is waived from TSI requirements. DCCCD course prerequisite requirements will be maintained.

Minimum Passing TSI Standards

Students who meet the TSI State standard for reading and writing will be able to enroll into college level courses that require college level readiness in reading and writing skills.

Students who meet the minimum TSI State standard for math must still score at a higher level to meet college level readiness standard as required for enrolling into college level math. The Texas Higher Education Coordinating Board acknowledges that colleges and universities can require a higher TSI cut score for enrollment into college level math courses since the TSI State standard for mathematics does not meet the college level math readiness standard (see grid below). Level II Certificates and Associate in Applied Sciences degrees that do not require college-level math will have the passing standard for mathematics as required by the state's TSI math readiness standard. Associate in Arts, Associate in Sciences, Associate in Applied Sciences, and Level Two Certificates that require college level math will have the passing standard for mathematics as required by the state's TSI math standard plus successful completion of required DCCCD course prerequisites or by appropriate test score (see grid below). The DCCCD will use the following minimum passing standards to determine a student's readiness to enroll in freshman-level academic coursework:
### ADVISEMENT AND PLAN FOR ACADEMIC SUCCESS

For each student who fails to meet the minimum passing standards, the DCCCD shall:

- Advise the student regarding developmental education necessary to ensure the readiness of that student in performing freshman-level academic coursework.
- Provide a plan, working with the student, for academic success, which shall include developmental education and may include provisions for enrollment in appropriate non-developmental coursework.
- Each plan for academic success shall:
  * Be designed on an individual basis to provide the best opportunity for each student to succeed in performing freshman-level academic coursework.
  * Provide to the student a description of the appropriate developmental education considered necessary to ensure the readiness of that student to perform freshman-level academic coursework.
  * Provide to the student an appropriate measure for determining readiness to perform freshman-level academic coursework, which shall be a grade of "C" or better in the terminal course, or appropriate scores on developmental education exit exams.

### TSI Retest Requirements

In compliance with Section 4.59 (c), a student is required to retake an assessment instrument after successfully completing all developmental education if the student did not initially perform at or above the following scores:

<table>
<thead>
<tr>
<th>Instrument</th>
<th>Reading Comp</th>
<th>Writing Skills</th>
<th>Mathematics</th>
</tr>
</thead>
<tbody>
<tr>
<td>ASSET</td>
<td>35</td>
<td>35 (objective)</td>
<td>Ele Alg = 30</td>
</tr>
<tr>
<td>COMPASS</td>
<td>64</td>
<td>44 (objective)</td>
<td>Algebra = 23</td>
</tr>
<tr>
<td>ACCUPLACER</td>
<td>61</td>
<td>62 (sentence skills)</td>
<td>Ele Alg = 42</td>
</tr>
<tr>
<td>THEA</td>
<td>201</td>
<td>205</td>
<td>206</td>
</tr>
</tbody>
</table>
TSI Retest Options

In extenuating circumstances, a student may retake an assessment instrument after waiting at least forty-eight hours after initial testing. The student must submit a written appeal to the Director of Advising to retest. Upon official notification and if approved, the student must take the re-test within two weeks of the approval and prior to enrolling in classes.

Additional institutional re-testing with ACCUPLACER, ASSET, or Quick THEA, to determine the student’s readiness to perform freshman-level academic coursework, shall be allowed once per term district wide, starting in the next term after the initial term of enrollment.

DCCCD may require students to pay for re-testing services by fall 2004.

COURSE PREREQUISITES

All courses in the DCCCD core curriculum and other courses require documented college-level readiness in the appropriate area before enrollment. In compliance with the work of the Curriculum Committees for courses, the DCCCD catalog will identify, and the Course Master will regulate, prerequisites for these courses. No student shall be exempt or waived from prerequisites without evidence of academic readiness. Students who have met all of their TSI standards, course prerequisite requirements, and all other graduation requirements will be awarded their certificate or degree. The DCCCD transcript will indicate a student’s readiness in reading, writing and mathematics.

Transferring Assessment Scores

If you take a TSI approved assessment test, accumulate any collegiate hours, and later transfer to another Texas public college or university, the receiving institution shall honor your officially transcripted scores. If you transfer from another Texas public college or university to this college, the college will honor your officially transcripted TSI approved assessment scores.

TSI Assistance

The college TSI Coordinators can assist you with information about TSI requirements:

- Brookhaven College: Brenda Dalton (972) 860-4677
- Cedar Valley College: Carolyn Ward (972) 860-8204
- Eastfield College: Jennie Banks (972) 860-7028
- El Centro College: Jim Handy (214) 860-2073
- LeCroy Center: Lakendra Higgs (972)-669-6417
- Mountain View College: Kathy Taylor (214) 860-8557
- North Lake College: Deena Reeve (972) 273-3127
- Richland College: Teddy Krekula (972) 238-5115

Additional TSI information can be found at the Texas Higher Education Coordinating Board’s web site: www.thecb.state.tx.us.

And remember TSI rules are always subject to change. For the latest TSI information, see the college TSI Coordinator.
Money Matters

Tuition

Tuition is the dollar amount a student pays for his or her academic instruction. It is based on credit hours and place of legal residence. Tuition rates are subject to change, without notice, by DCCCD's Board of Trustees and by the State of Texas.

<table>
<thead>
<tr>
<th>Category of Tuition</th>
<th>Dallas County Residents</th>
<th>Other Texas Residents (Out of County Residents)</th>
<th>Out of State/Out of Country</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full Tuition</td>
<td>$30 per credit hour with a $30 minimum</td>
<td>$50 per credit hour with a $50 minimum</td>
<td>$80 per credit hour with a $200 minimum</td>
</tr>
</tbody>
</table>

Texas residents, who own property subject to ad valorem taxation by the DCCCD, or dependents of such persons, may pay tuition at the rate of residents of Dallas County. If a senior citizen (person 65 years or older) who resides in or owns property subject to ad valorem taxation in Dallas County enrolls in credit courses, DCCCD colleges will waive a maximum of six hours tuition each semester or summer session if space is available.

An individual who has moved to Texas and enrolled before having resided here for 12 months immediately preceding registration, and his or her dependents, may be entitled to pay the tuition required of Texas residents. Such an individual 1) must be an employee of a business or organization that is part of Texas' economic development and diversification program, and 2) must file with the college a letter of intent to establish residency in Texas.

Residency

The residency status of each student is determined during the admissions process, based upon documentary evidence available to make that decision. If the college later determines that a student was not entitled to resident status at the time of his or her registration, the student shall pay the college the amount he or she should have paid as a non-resident. If the student fails to pay as required, he or she is not entitled to receive a transcript or to receive credit for the courses taken while falsely registered as a resident student.

State law requires that students sign an oath of residency. The oath of residency is not and may not be substituted for documentary evidence.

Provided they established legal residence in the state of Texas, the county of residence for a student under 18 years of age is the county in which his or her parents or legal guardian resides. Students who are 18 years of age and older are deemed to be residents of the county in which they reside.

Students less than 18 years of age whose family resides in another state or whose family has not resided in Texas for twelve months immediately preceding the date of registration are classified as out-of-state residents. Students 18 years of age or older who have not been residents of the state twelve months following their 18th birthdays or for the twelve months immediately preceding the date of registration are also classified as out-of-state residents.

A foreign national on any other than a permanent resident visa must pay out-of-country tuition.

The descriptions of residency statuses contained above are generally applicable. The Education Code (Section 54.052), rules of the Texas Higher Education Coordinating Board, and judicial and/or administrative interpretations specifically govern residency status. In the case of conflict between the above-noted descriptions and the latter authorities, the latter shall govern. Questions concerning residency should be directed to the admissions office.

Tuition Installment Pay Plan (TIPP)

Students may elect to pay tuition in installments during the fall and spring semesters. The following conditions apply.

- A nonrefundable, $15 charge is due when the installment plan is initiated, which must be before the first day of classes.
- Tuition for flexible-entry courses may not be paid in installments unless registered for prior to the official certification date of the term in which the pay plan is initiated.
- Course credit may be denied if payment in full has not been made by the end of the semester.
- A promissory note must be signed when the first payment is made.
- If courses are dropped, the refund (if any) is applied to the balance due.
- If courses are dropped and no refund is due, the balance must still be paid in full.
• A $10 late charge is applied to a late payment (maximum of $20 per pay plan).
• Payment due dates and amounts are before the official institutional first day of classes, before start of the 6th class week, and the final before start of the 11th class week.

HOPE Scholarship and Lifetime Learning Tax Credits

The Taxpayer Relief Act of 1997 (TRA) provides education tax incentives in the form of the Hope Scholarship Credit and the Lifetime Learning Credit. These benefits allow taxpayers to reduce their federal income tax based upon qualified tuition and fees paid, assuming the taxpayer meets TRA requirements.

The Hope Scholarship Credit is for students who are enrolled at least half-time in one of the first two years of post-secondary education and are pursuing an undergraduate degree, certificate or other recognized credential. The Lifetime Learning Credit is available to qualifying individuals who may not otherwise qualify for the Hope Scholarship. For more information about these education tax incentives, call the Internal Revenue Service at 1-800-TAX-1040 or visit their Web site at www.irs.gov.

For purposes of filing tax returns, 1098-T forms indicating amount of tuition paid and financial aid received during the tax year are mailed to taxpayers by January 31 of each year. There is a telephone number on the form to call if any of the information appears incorrect. Students may view their 1098-T online after January 31 through the web site www.1098t.com

Refund of Tuition

To be considered officially withdrawn from one or more classes and eligible for a refund, a student must have the appropriate form with the college within the refund period. Refunds for flexible-entry classes are prorated based on the number of weeks each class spans. Refund period for fall, spring, and summer semesters are the following:

<table>
<thead>
<tr>
<th>Amount of Refund</th>
<th>Fall and Spring (16-week semesters)</th>
<th>Summer (5-week semesters)</th>
</tr>
</thead>
<tbody>
<tr>
<td>100%</td>
<td>Prior to the 1st class day of the semester</td>
<td>Prior to the 1st class day of the semester</td>
</tr>
<tr>
<td>70%</td>
<td>During the first 15 class days of the semester</td>
<td>During the first 5 class days of the semester</td>
</tr>
<tr>
<td>25%</td>
<td>During the 16th-20th class days of the semester</td>
<td>During the 6th class day of the semester</td>
</tr>
<tr>
<td>None</td>
<td>After the 20th class day of the semester</td>
<td>After the 6th class day of the semester</td>
</tr>
</tbody>
</table>

The amount of refund may be reduced for federal financial aid recipients who have not completed 60% of the enrollment period for which they have received aid. The 1st class day is the official institutional first day of classes; it may precede a student's actual first day of class. Refunds are based on net charges for classes dropped and added if occurring prior to the date the college must report official enrollment.

Refunds are made to credit cards (if tuition was paid by credit card) or by check mailed to the student's address on file with the college. Refunds are not issued in cash. Tuition paid directly to the college by a sponsor, donor, employer or scholarship is refunded based on the terms stipulated by the funding source. Processing a refund check normally requires a minimum of one month from the date of approval.

A student who wishes to appeal for a greater refund may do so by submitting a petition and explanation of any extenuating circumstances to the college refund petitions committee. If the committee approves the petition, the college will notify the student and issue a refund accordingly.

Reciprocal Tuition Agreements

(See next page for chart)

Tuition Rebate Program

Students who graduate with a baccalaureate degree from a Texas public university may qualify to receive $1,000 from the baccalaureate-granting institution if they meet the following criteria:

• Must have enrolled in a Texas public institution of higher education in fall 1997 or thereafter;
• Must have been a resident of Texas and entitled to pay in-state tuition at all times while pursuing the degree;
• Must have received a baccalaureate degree from a Texas public university; and
• Must have attempted no more than three hours in excess of the minimum number of semester hours required to complete the degree in the catalog under which graduated. Hours attempted includes transfer credits, course credits, earned exclusively by examination, courses that are dropped after official census date, and for-credit developmental/remedial courses. The college has academic advisors to help students plan their course of study at the community college to maximize their chances of qualifying for this rebate when they graduate from a university with a baccalaureate degree.
## Reciprocal Tuition Agreements

Courses in certain associate degree programs offered by DCCCD colleges may be taken by Collin and Tarrant County residents at in-county tuition rates (see table below). Residents of Cooke, Denton, Ellis, Grayson, Hill and Weatherford counties may also take courses in the construction technology program at in-county tuition rates.

Returned Checks

When the Business Office receives returned checks, it notifies students in writing. You must pay the amount of the check plus a check fee with cash or a cashier's check within the time limits prescribed by the notification letter you receive. (A returned check fee of $20 will be charged for each returned item except in case of bank error. If the bank for any reason returns a check for tuition, the College Business Office may submit the check to the Justice of the Peace for appropriate legal action and collection. The Vice President of Student Development may also implement disciplinary procedures. You may be dropped from courses if check(s) are returned. Additionally, you may be blocked from further enrollment until all costs are paid.

Additional Charges

Some classes may use facilities or services for which students pay a third party, such as for scuba gear rental or bowling alley admission. The college levies a service charge for administering tests that establish credit-by-exam; the charge may change without prior notice. Out-of-state students who receive all instruction remotely through DCCCD's "Virtual College" pay $55 per credit hour for distance learning services. (This charge may be adjusted depending on contracted services with distance learning partners.) Graduating students pay for cap and gown rental. The cost for auditing a course is the same as if taking the course for credit.

A distance learning fee of $55 per credit hour, a minimum of $165 for a 3-credit-hour course, shall be charged only to out-of-state students who receive all services remotely through the District's "Virtual College." This fee may be adjusted, depending on contracted services with distance learning partners.

Please discuss any questions regarding proper tuition classification with admissions office personnel.

The Chancellor shall be authorized to set the fees and charges for specialized services and programs provided by the District colleges. Other special fees may be assessed as new services or programs are developed with special laboratory costs. These fees will be kept to a basic, practical minimum for the program or service involved.

Tuition for all semesters is as follows:

1. Dallas County Residents $30.00 per credit unit or a minimum of $30.00
2. Out-of-District Residents $50.00 per credit unit or a minimum of $50.00
3. Out-of-State Residents $80.00 per credit unit; minimum of $200.00
4. Out-of-Country Residents $80.00 per credit unit; minimum of $200.00

The charge for auditing a course is the same as taking the course for credit.

Effective Date: Summer, 2003

Provided they established legal residence in the State of Texas, a student's county of residence is the county in which their legal guardian resides, if they are under 18 years of age. Students 18 years of age and older are deemed to be residents of the county in which they reside.

"Out-of-State Residents" are defined to be students of less than 18 years of age, living away from their family and whose family resides in another state or whose family has not resided in Texas for twelve months immediately preceding the date of registration; or students 18 years of age or older who have not been residents of the state twelve months subsequent to their 18th birthdays or for the twelve months immediately preceding the date of registration.

The description of resident and non-resident status contained above are generally applicable, but the determination of residence status for tuition purposes is specifically governed by the provisions of V.T.C.A. Education Code, Section 54.052, the rules and regulations of the Coordinating Board, Texas College and University System, and judicial and/or administrative interpretations thereof. In the event of conflict between the above-noted descriptions and the latter authorities, the latter shall govern.

A foreign national on any other than a permanent resident visa must pay out-of-country tuition and fees.

The tuition schedule above is subject to change without notice by action of the District Board of Trustees or the State of Texas.

By law (TEC: section 4, subchapter B, chapter 54; sec. 54.0521, 1985), the STATE OF TEXAS requires that the OATH OF RESIDENCY be signed.

The law states that if the institution later determines that the individual was not entitled to receive all services or programs provided by the District colleges. The individual shall pay the tuition and other fees required of Texas residents if the individual has located in Texas as an employee of a business or organization that became established in this state as part of the state's economic development and diversification program authorized by the constitution and laws of this state and if the individual files with the college a letter of intent to establish residency in Texas.
Financial Aid

The colleges of the Dallas County Community College District recognize that many students who wish to attend college do not have the financial resources available to pay the cost of higher education. Each college operates an Office of Financial Aid to assist students seeking a degree or certificate by making their educational goals possible financially. The primary purpose of financial aid is to assist students who, without such aid, would be unable to attend college. The college financial aid office administers various types of financial aid programs including grants, loans, scholarships and part-time employment. To learn more about student financial aid programs, visit www.students.gov (federal programs), www.collegefortexans.com (state programs), and www.dcccd.edu (college, district, and community programs).

No person shall be excluded from participation in, denied the benefits of, or subject to discrimination under any program administered by DCCCD on any basis prohibited by applicable law, including but not limited to, race, color, age, national origin, religion, sex, disability or sexual orientation.

Most financial aid is awarded on the basis of need. In addition, most financial aid programs require annual applications. The Office of Financial Aid will make every effort to assist the student in meeting his/her need using all resources available. Each student has certain rights and responsibilities in the financial aid application process. Therefore, it is important to read all information carefully to ensure compliance with regulations governing receipt and maintenance of financial aid funds. Failure to comply with regulations may result in loss of funding and/or eligibility.

Eligibility Requirements for Financial Aid

In general, a student is eligible for financial aid if he or she meets the following requirements:

- Be a U.S. citizen or an eligible non-citizen;
- Have a demonstrated financial need;
- Be making satisfactory academic progress (as defined by the college) in the course of study;
- Not be in default on a Federal Perkins Loan, Federal Stafford Loan, or Federal PLUS Loan;
- Be enrolled at the college for the purpose of obtaining a degree or certificate;
- Have a high school diploma or G.E.D., or meet special ability-to-benefit requirements;
- Be registered with the selective service if required to do so; and
- Not owe a refund on a Federal Pell Grant or Federal Supplemental Educational Opportunity Grant.

Eligibility Requirements for Texas Residents Who Are Non-Citizens

The Texas State legislature extended eligibility for state student financial aid programs to certain non-citizens in the 2001 legislative session. This legislation is known as HB 1403 or the "Noriega Bill". To receive assistance from state aid programs the student must:

- Have resided with the individual's parent, guardian, or conservator while attending a public or private high school in this state, and
- Have lived in Texas at least three years as of the date of the GED or high school graduation, and
- Have earned the GED or graduated from a public or private high school in Texas, and
- Be registered as an entering student in an institution of higher education not earlier than the 2001 fall semester.

In addition, these individuals must sign an affidavit in the college's admissions office stating that they will apply for permanent resident status when they are eligible.

Do you need financial aid?

The time to apply is right now!
Types of Aid Available

Financial Aid is categorized into two types: Gift Aid and Self-Help Aid. Gift Aid includes grants and scholarships that do not have to be repaid. Self-Help Aid includes Student employment and Student loans. Student loans must be repaid with few exceptions. In all cases, students should make themselves completely familiar with the terms and conditions of financial aid they receive. Brief descriptions of the most common programs are given below. For more detailed information, please visit the websites listed on the previous page. Since most programs have limited funding, it is important to apply as early as possible each year. A list of priority processing dates is listed later in this section. Funds for applications received after these dates may be limited.

Federal Pell Grant
Pell Grants are awarded to undergraduate students who have not earned a bachelor's or professional degree. For many students, Pell Grants provide a foundation of financial aid to which other aid may be added. Eligibility requirements include enrollment for at least 1 credit hour during an eligible enrollment period.

Federal Supplemental Educational Opportunity Grant (FSEOG)
The Federal Supplemental Educational Opportunity Grant program is for undergraduates with exceptional financial need—that is, students with the lowest Expected Family Contributions (EFC). Federal regulations give priority to students who receive federal Pell Grants. Eligibility requirements include enrollment for at least 3 credit hours.

Texas Public Educational Grant (TPEG)
Texas Public Educational Grants are for students enrolled in credit and certain continuing education courses whose educational costs are not met in whole or in part from other sources. TPE Grants may be used to assist students who have demonstrable financial need but may be ineligible for other aid programs. Eligibility requirements include enrollment for at least 3 credit hours.

Toward EXcellence, Access and Success (TEXAS) Grant
TEXAS Grants are for well-prepared, eligible graduates (no earlier than 1998) from public or accredited high schools in Texas. In addition to satisfying general eligibility requirements, recipients of these grants:

A student who:
• Is a Texas resident;
• Has financial need and an expected family contribution (EFC) of no more than $8,500;
• Has not been previously granted a baccalaureate degree;
• Enrolls at least 1 time in a graduate degree or certificate program at a Texas non-profit college or university;
• Has not been convicted of a felony or a crime involving a controlled substance; and
• Graduated from an accredited high school in Texas no earlier than the 1998-1999 school year;
• Completed the recommended or distinguished achievement high school curriculum or its equivalent (1), and
• Enrolls in an eligible Texas college or university within 16 months of high school graduation;

A student who:
• Has not been previously granted a baccalaureate degree;
• Enrolls at least 1 time in an undergraduate degree or certificate program at a Texas non-profit college or university;
• Has not been convicted of a felony or a crime involving a controlled substance; and
• Graduated from an accredited high school in Texas no earlier than the 1998-1999 school year;
• Completed the recommended or distinguished achievement high school curriculum or its equivalent (1), and
• Enrolls in an eligible Texas college or university within 16 months of high school graduation;

A student who:
• Has not been previously granted a baccalaureate degree;
• Enrolls at least 1 time in an undergraduate degree or certificate program at a Texas non-profit college or university;
• Has not been convicted of a felony or a crime involving a controlled substance; and
• Graduated from an accredited high school in Texas no earlier than the 1998-1999 school year;
• Completed the recommended or distinguished achievement high school curriculum or its equivalent (1), and
• Enrolls in an eligible Texas college or university within 16 months of high school graduation;

A student who:
• Is a Texas resident;
• Has financial need and an expected family contribution (EFC) of no more than $8,500;
• Has applied for any available financial aid or assistance;

A student who:
• Has not been previously granted a baccalaureate degree;
• Enrolls at least 1 time in an undergraduate degree or certificate program at a Texas non-profit college or university;
• Has not been convicted of a felony or a crime involving a controlled substance; and
• Graduated from an accredited high school in Texas no earlier than the 1998-1999 school year;
• Completed the recommended or distinguished achievement high school curriculum or its equivalent (1), and
• Enrolls in an eligible Texas college or university within 16 months of high school graduation;

• Enrolls in an eligible Texas college or university within 16 months of high school graduation;
Leveraging Educational Assistance Partnership Program (LEAP, formerly SSIG) and Special Leveraging Educational Assistance Partnership Program (SLEAP)

LEAP and SLEAP are federally funded programs that provide grant assistance to financially needy students who are Texas residents and those state grant funds. Eligibility requirements include enrollment for at least 6 credit hours.

Rising Star Program

Each year, the Rising Star Program makes the following promise to graduating seniors in many Dallas County high schools. If you graduate from high school, demonstrate a modest level of academic potential, and have specific financial need, the DCCCD Foundation, Inc. guarantees you the opportunity to earn an associate's degree or job certification from any of the seven DCCCD colleges. The message that college is possible through the Rising Star program is an important one to send to students in Dallas County. The DCCCD Foundation is building a special endowment to make this a permanent opportunity for elementary and junior high school students who get the message early. Rising Star scholarships cover all direct costs, up to $4,000, for tuition, books, and other charges associated with enrollment at any of the DCCCD colleges. For more information, visit www.dcccd.edu/fdn.

Academic eligibility requirements for the Rising Star program are 1) graduation from a Dallas County public high school or Dallas CAN! Academy, and 2) ranking in the top 40% of the graduating class or having at least a “B” average in a standard high school curriculum or passing the Texas Success Initiative (TSI) approved tests and meeting course prerequisites before enrolling in college classes. Financial eligibility is based on number of people in the household and the annual family income.

Foundation and College Scholarships

Through the generosity of individuals, businesses, foundations, and many community professional and service organizations, the DCCCD Foundation and colleges have an array of student scholarships. Visit the college financial aid office to obtain a complete listing and application, or on the web at www.dcccd.edu/fdn/scholarships/scholarships.html. The colleges of the district have been given the authority and discretion to award Foundation scholarships within the guidelines of the general scholarship and award packaging policies of each school.

Stafford and PLUS Loans

Stafford Loans to students are either subsidized or unsubsidized. A subsidized loan is awarded on the basis of financial need. The borrower is not charged any interest before beginning repayment or during authorized periods of deferment. The federal government "subsidizes“ the interest during these periods.

An unsubsidized loan is not awarded on the basis of need. The borrower is charged interest from the time the loan is disbursed until it is paid in full. If the borrower allows interest to accumulate, it will be capitalized—that is, the interest will be added to the principal amount of the loan and additional interest will be based upon the higher amount. The borrower can receive a subsidized loan and an unsubsidized loan for the same enrollment period. A student must be enrolled in at least six credit hours to be eligible to borrow from the Stafford Loan Program.

Students planning to become teachers may be interested in Stafford Loan cancellation for teachers. Borrowers may be able to cancel up to $5,000 of their Stafford Loans if they are teaching in a low-income school. To qualify, the borrower must work as a full-time teacher for five consecutive years in an elementary or secondary school that has been designated as a "low-income" school. The U.S. Department of Education each year designates low-income elementary and secondary schools, and a list of these schools, by year, is posted on the department's website. A full list of qualifying conditions and other information concerning repayment of loans may be found at www.ed.gov/offices/OSFAP/Students/ or from the college financial aid office.

PLUS loans enable parents with good credit histories to borrow for the education expenses of each child who is a dependent undergraduate student enrolled at least half time. The yearly limit on a PLUS loan is equal to the student's cost of attendance minus any other financial aid he or she receives. Eligibility requirements include enrollment for at least 6 credit hours.

Emergency Short-term Loans

The college has limited funds available for short-term loans to meet emergency needs of students. Loans are usually limited in amount, bear no interest, and must be repaid within 60 days of the date of the loan or the end of the term, whichever comes first. A late charge of $10 and collection costs is added for payments made after the due date. To qualify, applicants must be making satisfactory academic progress (as defined by the college) and not have any debts or blocks on their college record.

Tuition Installment Pay Plan

See the "Money Matters" section of this catalog for information about paying tuition in installments.

Part-time Employment

The Federal College Work-Study Program (FCWS) is a need-based financial aid program that provides part-time (not to exceed 18.5 hours per week) employment for eligible students. To be considered, students should indicate their interest in work-study employment on the financial aid application they submit each year. The average wage for the FWCS positions is $7.00 per hour.

The college also provides a limited number of part-time employment opportunities for students who do not demonstrate financial need. In some cases, the college may be able to help students find employment off-campus.

Tuition Exemptions

The State of Texas offers a number of exemptions for various categories of students. For example, exemptions are available to:

- Aid for Dependent children (AFDC) students,
- American (other than U.S.) hemisphere students,
- Blind or deaf students,
- Children of disabled firemen and peace officers,
- Children of prisoners of war or persons missing in action,
- Early high school graduation students,
• Salaried Firefighters enrolled in fire science courses,
• Foster-care students,
• Highest ranking high school graduate,
• ROTC/National Guard students,
• Senior citizens, and
• Veterans and dependents

For a full list and the criteria for eligibility, visit or contact the Texas Higher Education Coordinating Board at 1-800-242-3062.

Vocational Rehabilitation

The Texas Rehabilitation Commission offers tuition assistance to students who are vocationally challenged as a result of a physically or mentally disabling condition. This assistance is generally limited to students who are not receiving other forms of financial aid. For information, contact the Texas Rehabilitation Commission at 1-800-634-2616.

American Indian/Native American Students

The Bureau of Indian Affairs offers educational benefits to American Indian/Native American students. For information, contact the Oklahoma Area Education Office at 405-945-6051 or 405-945-6052.

Veterans' Educational Benefits

The college assists veterans with completing proper forms and coordinating the certification procedures for monthly benefits administered under the auspices of the U.S. Department of Veterans Affairs (VA). The college veterans' affairs office may also provide information about VA educational benefits and assist with accomplishing enrollment and arranging tutoring services. (The VA website is www.va.gov.) VA regulations are subject to change without notice. Contact the college veterans' affairs office for information about current regulations and procedures. Direct questions about specific financial benefits to the VA Regional Office at 1-800-827-1000.

Under the Hazlewood Act, certain Texas veterans who have exhausted their educational benefits from the VA can attend Texas public colleges and have tuition waived. To be eligible, the student must:

• Have been a resident of Texas at the time he or she entered the service,
• Have an honorable discharge,
• Must currently be a Texas resident,
• Must have exhausted any federal grant eligibility,
• Not be in default on any federal educational loans.

Financial Aid Application Process

To apply for financial aid in the DCCCD, applicants must complete the following items in a timely manner. In general, all application materials must be fully completed no later than 30 days before registration. Otherwise, the student will be expected to make payment arrangements with the Cashier's Office using personal resources at the time of registration. Late applications will be processed after registration for aid as it becomes available. Most scholarship programs have individual deadlines that must be met in order to be considered for an award from that particular scholarship program.

1. The Free Application for Federal Student Aid (FAFSA) is available upon request from the college financial aid office or from a local high school. Applicants should complete information on themselves and their spouses or parents (if applicable), and obtain the appropriate signatures as outlined in the directions for the FAFSA. The FAFSA can be filed with the government processor in one of the following ways:
   (a) By mail: This method will require four to six weeks to receive a Student Aid Report (SAR); or
   (b) By FAFSA on the web: Submitting the FAFSA to the government processor can be done over the Internet. The address to the website is http://www.fafsa.ed.gov. This method can take less than a week for the government to process.

2. Financial Aid awards will be made only after the FAFSA results have been sent to the college by the government processor and the entire financial aid application process has been completed. If a student's record is selected for verification (a review of the FAFSA data), all required documentation and corrected FAFSA information must be received before the application process is complete.

3. An Award Notification Letter is sent to each student who completes the application process and for whom aid eligibility can be determined. The Award Notification Letter contains the names and amounts of the financial aid awards that the student is eligible to receive. The letter also contains important information about restrictions and conditions that can affect the ability of the student to receive the amounts awarded.

4. Financial aid awards will be disbursed by the Business Office of each college according to the regulations of each award program. Please refer to the "Money Matters" section of this catalog for information on how and when aid is disbursed during each award period.

Release of Financial Aid Disbursements

The Business Office of the college cannot disburse financial aid awards until the student is enrolled in an eligible program of study as required by the guidelines of each applicable aid program. Some programs require attendance in all enrolled classes before aid may be released.

In general, aid may be applied to applicable tuition and fees no earlier than ten days prior to the start of classes each semester. Any excess amounts of awards, up to $500, remaining after tuition and fees are paid that can be allowed to pay for textbooks and supplies will be released to eligible students no earlier than ten days prior to the start of classes, also.

The remainder of unpaid awards that are eligible to be released to the student for the semester will be disbursed by the Business Office within fourteen days after the certification date of the semester. Disbursement will be made by a deposit to a student check card or by paper check issued to the student.

Continuing students should file a FAFSA as soon as possible after January 1 of each year if they want to receive aid the next academic year.
Class Registration Deadlines

Financial aid programs require enrollment and attendance in class in order for financial aid awards to be paid toward educational expenses. An eligible enrollment is determined by validation that the student is registered in the required number of credit hours and in the correct program of study on the twelfth class day of the semester in which aid is to be paid. The official academic calendar of the college will be used to determine the official date of enrollment. If the student withdraws from the class after aid has been paid, he or she may be required to return a portion of the financial aid received for the term. Please read the following section, “Return of Federal Title IV funds Policy.”

Return of Federal Title IV Funds Policy – Effective Date August 21, 2000

Colleges of the Dallas County Community College District return unearned funds received from Federal student assistance programs to the proper program accounts or lenders in accordance with Federal Title IV student assistance regulations, as amended, under 34 CFR, section 668.22(d) of the Reauthorization of the Higher Education Act of 1965, with rules of the Texas Higher Education Coordinating Board and with district board policies.

The student receiving assistance from Federal Title IV programs is required to complete a minimum number of hours for which assistance was received. If the student completely withdraws from school during the semester, or quits attending, but fails to officially withdraw, the student may be required to return the unearned part of the funds which were received to help pay educational expenses for the semester. Liability for return of Federal Title IV funds will be determined according to the following guidelines:

1. If the student remains enrolled and attends class beyond the 60% mark of the semester in which aid received, all federal aid is considered earned and not subject to this policy.
2. If the student completely withdraws from all classes before completing 60% of the semester, a pro-rated portion of the federal aid received must be returned to the federal aid programs equal to the percentage of the semester remaining.
3. If the student does not officially withdraw from classes, and stops attending all classes, a pro-rated portion of the federal aid received, based on the documented last date of attendance, must be returned to the federal aid programs. If the college is unable to document the last date of attendance, one-half of all federal aid received during the semester must be returned to the federal aid programs.

Return of Federal Title IV funds will be distributed according to statutory regulations. Worksheets provided by the U.S. Department of Education or calculations produced through the Datatel/Colleague Return of Funds (ROF) subroutine will be used to determine the amounts and order of return. If a student's share of the return amount exists, the student will be notified and allowed 45 days from the date of determination to return the funds to the business office of the college for deposit into the federal programs accounts. If the student does not return the amount owed within the 45 day period, the amount of overpayment will be reported to the U.S. Department of Education (USDE) via the National Student Loan Database (NSLDS) and the student will be referred to the USDE for resolution of the debt.

Examples of how this policy is applied are available upon written request to Dallas County Community College District, Office of Financial Aid, 701 Elm Street, Dallas, Texas 75202.

Distance Learning

In most cases, federal and state agencies award financial aid similarly for traditional on-campus and distance education classes. However, students should be careful to adhere to the rules and regulations that apply to distance education where financial aid is concerned. For more information, visit www.telecollege.dcccd.edu.

Don't wait until the last minute to apply for financial aid. Early application is essential to ensure all paperwork arrives in the right place at the right time.

Standards for Satisfactory Academic Progress (SAP)

Colleges of the DCCCD are required by law to formulate standards to gauge the progress of students receiving financial assistance through federal, state, or institutional student aid programs by applying both qualitative and quantitative measurements to academic work. [34 CFR 668.16(e)] A maximum time limit for the completion of a degree, a comparison of attempted to completed credit hours, and a minimum cumulative grade point average (CGPA) are used by the DCCCD to measure satisfactory academic progress. Satisfactory progress is reviewed at least once per academic year, at the end of the spring semester. Students who do not meet either the qualitative or quantitative standards at the end of the spring semester will be placed on suspension for the next award year in which they enroll. An exception to this rule is for students who exceed the overall time limits for program completion. Once the maximum time frame is reached, the student is suspended from receiving additional financial assistance to complete that program at the end of that particular academic term.

(Note: Some non-federal student aid programs [i.e., state and private foundations] have specific SAP requirements unique to the individual program. In those instances, the program requirements will supersede the general SAP policy stated here. It is the student's responsibility to understand the requirements of each financial aid program from which aid is received.)
Quantitative Progress

Federal student aid regulations state that student eligibility cannot extend past 150% of the stated length of a student's program of study. Associate degree programs in the DCCCD generally require up to 66 semester credit hours for completion. Therefore, a student who is working toward an associate degree must complete that program within 99 attempted semester credit hours (66 hrs. x 1.5). The maximum time frame for a certificate program would be similarly calculated.

A student's entire enrollment history is considered when evaluating academic progress within the established time frame, whether or not aid has ever been received. An otherwise eligible student may receive financial aid for a maximum of 30 attempted credit hours in developmental/remedial course work. Once the 30 credit hour maximum is reached, additional developmental credit hours will not be used to calculate the award amount, but will continue to count toward the overall maximum time frame.

As indicated in the above paragraph, at the end of the academic term in which the maximum number of allowed hours has been attempted, the student loses eligibility for financial assistance to complete that program.

A financial aid recipient must also be making progress toward completing his or her program by successfully completing at least a minimum number of the hours attempted. The table below indicates the minimum number of hours that must be successfully completed before the end of the spring semester each year for the applicable enrollment level.

Requirements for Hours Completed

<table>
<thead>
<tr>
<th>Hours Attempted</th>
<th>Hours Required to Complete with a Passing Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>24 or more</td>
<td>18</td>
</tr>
<tr>
<td>18-23</td>
<td>12</td>
</tr>
<tr>
<td>12-17</td>
<td>9</td>
</tr>
<tr>
<td>6-11</td>
<td>6</td>
</tr>
<tr>
<td>5 or less</td>
<td>Must complete all</td>
</tr>
</tbody>
</table>

Courses with a recorded grade or mark of “F,” “W,” “WX,” “E,” or “I” are not considered successfully completed. Repeated courses will be included in the total number of attempted enrollments used in measuring the overall time frame for completion of a program. Only courses attempted within the DCCCD will be considered in measuring the completion rate for academic progress. Courses transferred from other institutions outside the DCCCD will be considered only for monitoring the overall time frame for completion of a student’s program of study.

Qualitative Progress

Each financial aid recipient's academic record is reviewed at the end of the spring semester to measure the student's qualitative academic progress. Students are expected to maintain a minimum cumulative grade point average (CGPA) of 2.00 while they are enrolled within the DCCCD. Only courses attempted within the DCCCD will be considered in measuring the CGPA for academic progress. The GPA on transfer work will not be considered in computing the CGPA for financial aid satisfactory academic progress.

A student falling below this minimum CGPA at the end of the spring semester will be placed on financial aid suspension.

Reinstatement Procedures

The college will review academic records at the end of the spring semester each year and determine each student's compliance with SAP. Students who fail to satisfy SAP will be placed on financial aid suspension for the next award year in which they enroll. To regain eligibility, a student must pay the expenses related to enrollment from the personal resources until the student has satisfied the minimum standards of SAP. If a determination is made that the student is qualified for reinstatement, the upgrade status will become effective with the start of the next period of enrollment. Financial aid will be terminated for students who receive three suspensions for failure to meet standards of SAP.

Appeals Procedures

The DCCCD recognizes that students sometimes encounter circumstances beyond their control that can adversely affect their academic progress. Any student subject to suspension of financial aid eligibility may appeal to the Office of Financial Aid for a review of the decision.

The appeal must be made to the director at the college where the student is planning to enroll. The appeal must be submitted in writing and must include an explanation and documentation of the reason(s) why the minimum academic standards required by this policy were not achieved, and that the adversity has been resolved.

All appeals must be attached to an Appeal of Financial Aid Suspension form that can be obtained from the Financial Aid Office. The Financial Aid Officer will review the appeal and the student will be notified by the Financial Aid Office, in writing, within five working days after the appeal decision is made.

All documents pertinent to the appeals process become part of the student's financial aid record. If the petition is denied, the student has the right to request that the appeal decision be reconsidered by the college administrator to whom the financial aid office reports. The decision of the supervising administrator is final. The administrator shall also have the authority to place conditions upon the receipt of any financial aid for those cases in which aid is reinstated.
Students whose financial aid eligibility has been terminated after being suspended for the third time will forfeit their right of appeal and reinstatement to eligibility.

State-Mandated Standards of Satisfactory Academic Progress (TXG-SAP) for the TEXAS Grant

The Texas state legislature has included specific standards of Satisfactory Academic Progress for students receiving TEXAS Grants. As with the general SAP policy, the TXG-SAP has both a quantitative and qualitative standard that must be achieved each year to renew the award. The qualitative standard of 2.50 cumulative grade point average (CGPA) must be met by the end of the second year after the first grant was received. Texas law requires that the CGPA calculation must include all coursework taken for college credit from all institutions from prior semesters regardless of whether financial aid was received during that time. The quantitative standards limit the student to 150 credit hours or 6 years whichever comes first. In addition, the student must successfully complete at least 75% of the hours attempted during the last academic year.

Reinstatement Procedures

Students may appeal to the Office of Financial Aid for reinstatement to the TEXAS Grant Program. If the suspension is due to an insufficient CGPA the student may request in writing that the hours taken in the following summer be included in the calculation. If the new calculation achieves a CGPA above 2.50, and the student is otherwise eligible, then the student may be reinstated to eligibility. If the suspension is due to a deficient completion rate (below 75%), the student must complete a full academic year and attain a completion rate of 75% or better in the following year in order to be reinstated to eligibility.

Students' Rights and Responsibilities

- You have the right to know...

- What financial aid programs are available in the Dallas County Community College District
- The deadline for submitting applications for each of the programs.
- How financial aid will be distributed, how decisions on distributions are made, and the basis for these decisions.
- How your financial aid was determined. (Costs for tuition, fees, room, board, travel, books, supplies, personal and miscellaneous expenses are considered in your budget)
- What resources (your current assets, parental contribution, other financial aid, etc.) were considered in the calculation of your need.
- How much of your financial need as determined by the college has been met.
- The details of the various programs in your student aid package.
- What portion of the financial aid you received must be repaid, and what portion is grant aid. If the aid is a loan, you have the right to know the interest rate, the total amount that must be repaid, the payback procedures, and the length of time you have to repay the loan, and when the repayment is to begin.
- How DCCCD determines if you are making satisfactory progress and what happens if you are not.

- In accepting your responsibilities you must...

- Complete all application forms accurately and submit them on time to the proper place.
- Provide correct information. In most instances, mis-reporting information on financial aid application forms is a violation of law and may be considered a criminal offense that could result in an indictment under the U.S. Criminal Code.
- Return all additional documentation, verification, corrections, and/or new information requested by either the Office of Financial Aid or the agency to which you submitted your application.
- Be responsible for reading and understanding all forms that you are asked to sign, and for keeping copies of them.
- Live up to all agreements that you sign.
- Perform the work agreed upon in accepting a work/study award.
- Be aware of and comply with deadlines for application or reapplication for aid.
- Be aware of the DCCCD refund procedures.
- Be aware that early withdrawal from the term may result in a pro rata reduction of financial aid eligibility. Such a reduction may require that you repay money that you received to attend school.
- Report change in name, address, e-mail address and telephone number to the Office of Financial Aid and Registrar Office.
Registering For College

How to register

When you are admitted, you will receive notification about when you can register for classes. Class schedules made available each semester and summer session outline the courses that are planned. As students register, some class sections reach capacity, making them unavailable to more students. You may select classes available at the time you register.

Registration for specific courses takes place throughout the academic year. Refer Flexible Entry Courses in this section and/or contact the Advising/Registration Offices for additional information.

Follow these steps:

1. After receiving notification that your Application for Admission has been accepted, ask the Admissions Office staff what assessment steps are required for you.
2. Obtain a schedule for the semester or summer session for which you are enrolling. Schedules are available at the college and online.
3. Meet with an advisor to determine the courses you wish to take. You may be eligible for online or telephone registration if you meet specific eligibility criteria. Refer to Recommended Academic Load in this section.
4. Register for classes.
5. Pay for your classes by the designated due date on your registration summary.

Assessment Procedures

Our assessment services evaluate your readiness for certain college courses and determine whether you are likely to be successful in those courses. The college offers an assessment and advisement program for entering students that is a required part of the enrollment process.

The assessment program is comprised of several parts. You complete a questionnaire that documents information about your career and work plans, previous academic achievement and other relevant information. Your basic skills in reading, writing and mathematics are also assessed; this information may come from ACT, SAT, previous college-level work or from scores on the standardized tests administered at the college. If you have previously taken any of the Texas Success Initiative (TSI) state approved tests, you will also need these scores. You should have official copies of ACT, RSAT, SAT, THEA, TAAS, or TAKS scores and transcripts mailed to the Admissions Office or make them available when you apply for admission. It is your responsibility as a student to have these available when you enroll.

The assessment program provides you and your academic advisor the information you need to make informed decisions. Information about your skills, abilities, career plans, educational background, life experiences and motivation is important in helping you make selections from the many educational options available.

Students may be required to assess by taking one of the TSI state approved assessments prior to enrolling in classes that have prerequisite skills in reading, writing, or math.

The college reserves the right to advise students in the appropriate remediation if assessment results indicate a need for improving skills in reading, writing, and/or mathematics. No student shall be exempt or waived from prerequisites without first evidence of academic readiness.

Details of assessment and advisement procedures are available through the college Counseling/Advisement Center or in the college class schedule, published each semester.

Counseling & Advisement Services

The college offers valuable resources in the Counseling/Advisement Center to help you plan each semester of study.

Our counselors and academic advisors can assist you in selecting courses of study, determining transferability of courses, choosing or changing careers, gaining independence, and confronting problems of daily living. Counseling and advising staff provide assistance in the following areas:

- Career counseling to explore possible vocational directions, occupational information, and self-appraisal of interest, personality and abilities.
- Academic advisement to develop and clarify educational plans and make appropriate course choices.
- Confidential counseling sessions to assist you in managing the academic environment and dealing with issues that may hinder success.
- Small group discussions led by counselors focusing on such areas as interpersonal relationships, test anxiety, and
assertiveness. Counselors will consider forming any type of group for which there is a demand.

- Crisis intervention and referral sources to provide in-depth assistance for such matters as legal concerns, financial aid, tutoring, job placement, medical problems, or emotional problems.

Among the Counseling/Advisement Center's resources are computerized transfer guides, a large collection of senior institution catalogs and bulletins, senior college admission application forms, and other specialized brochures and information.

You can also take advantage of several computer resources to help you clarify goals, identify career and occupational interests, and research information about senior institutions.

The college also plans events especially for students who plan to transfer. These activities include College Days where officials from senior institutions visit on campus to talk directly with you, special transfer workshops and seminars, and events designed to assist students in making career decisions. Many other materials are available to help you if you plan to transfer, including Transfer Guides and Course-by-Course Equivalency Guides.

**Flexible Entry Courses**

In keeping with its commitment to meet individual educational needs, the college offers flexible entry courses. These courses are often self-paced, allowing you to work at your own speed. You should be aware of the time specified by the college that course requirements need to be completed. You should check with the Registrar to determine times for registration in these courses. You must obtain approval to enroll in these courses.

**Recommended Academic Load**

The maximum academic load is 18 credit hours of course work per semester or five classes plus physical education. You must receive permission from the appropriate college official to carry a heavier load. If you are employed and carrying a full load (12 credit hours or more), it is recommended that you not work more than 20 hours per week. If you work more than 20 hours, you should consider reducing your academic load proportionately.

The recommended load limit for day or evening students who are employed full-time is six credit hours. The recommended load limit in a six-week summer session is six credit hours. For shortened terms, you may not enroll for more credit hours than the total number of weeks the class meets; i.e., for a 3 week term, you may register for no more than 3 credit hours. Contact your college advisor for specific information.

**Change of Schedule**

You should pay close attention to the days and meeting times for your classes. If you must request a class change, contact the Advising/Registration Offices during the time specified in the current Class Schedule. No change is complete until it has been appropriately processed through the registration system.

**Classification of Students**

- **Freshman:** A student who has completed fewer than 30 credit hours.
- **Sophomore:** A student who has completed 30 or more credit hours.
- **Part-time:** A student carrying fewer than 12 credit hours in a fall or spring semester.
- **Full-time:** A student carrying 12 or more credit hours in a fall or spring semester.
Student Programs and Resources

Recent research in higher education indicates that for many students involvement is an important contributor to academic success. That's why the college plans activities to encourage your involvement in college life.

SPAR staff plans and presents a variety of programs and activities for students and the surrounding community. These programs may include but not limited to lectures, art gallery visits/receptions and performance events to provide students with a stimulating co-curricular education. Programs often are coordinated with the various instructional divisions to provide you with valuable educational experiences. Leadership conferences, retreats, diversity training, and volunteer opportunities offer you opportunities to develop skills that enrich your quality of life.

The institution invites you to take an active role in your college experience. You have many opportunities to become involved in the decision-making processes for the college. You may want to join a student club, participate in student government/ambassador activities, or serve on one of several committees engaging in real decision making for the college. You may be able to become involved regularly in decisions regarding:
- Improvements for an aspect of the college (facilities, services provided, instruction, etc.);
- Programming speakers and special events offered to the student body;
- Student disciplinary hearings;
- Conducting (or completing) surveys and questionnaires designed to gather information about your college experiences; and/or
- The selection process of new college administrators.

Assessment/Testing Center

The Assessment/Testing Center offers a variety of testing services that meet the expressed needs of students, staff and the community. Assessment/Testing Centers provide these services:
- Academic testing (instructors' tests, make-up exams, self-paced exams and distance education testing)
- Assessment testing that meets both TSI and placement requirements.
- Standardized exams (national and state exam programs such as: ACT, SAT, CLEP, GED, THEA, etc.)
- Psychometric Testing (assessment of personality, vocations, aptitude, etc.); you must be referred by a counselor or appropriate faculty member for psychometric testing.

Before taking a test in one of the Assessment/Testing Centers, you must provide photo identification. Some centers may also require a student identification card. There is a charge for some test services. For additional information, please contact the college Assessment/Testing Center.

The Code of Student Conduct provisions regarding disruptive behavior and/or academic dishonesty apply equally to Assessment/Testing Centers and classrooms. Irregularities will be referred to the proper authorities for disciplinary action. See the Code of Student Conduct.

Career Planning and Job Placement Services

The college provides career planning and job placement services free of charge to students, alumni, former students and those in the process of enrolling. The Career Planning and Job Placement Office may provide opportunities for you to learn job search skills, such as how to establish employment contacts, complete an application, write a resume and cover letter, and interview for a job. In addition, the college may offer services such as career testing and computerized career guidance programs to assist you with choosing a college major and making career decisions.

Job listing services are provided at the college, and it participates in an Internet-based job listing service that contains full- and part-time opportunities in the Metroplex. The Career Planning and Job Placement Office strictly adhere to EEO guidelines. Employers posting job openings with the college Job Placement Services must be EEO employers. All services are free of charge to you.

Disability Services/Special Services Offices

The Disability Services/Special Services Offices offer a variety of support services for students with disabilities. Services are coordinated to fit the individual needs of the student. They may include sign
language interpreting, computer-aided real-time translation (CART), note-taking, tutoring, reader/scribe services, use of assistive technology, loan of specialized equipment, and providing large print materials. Academic and career advisement services, special testing arrangements, priority registration, and extensive information and referral services are also available.

Students requesting services are responsible for providing current educational or psychological/medical documentation from a qualified professional verifying the disability and the need for services. New students are encouraged to contact the Disability Services/Special Services Office at least one month prior to registration.

Students with disabilities attending the college have a right to appeal decisions concerning physical and academic accommodations by submitting a written petition to the designated Americans with Disabilities Act (ADA) Compliance Officer of the college.

For additional information, contact the Disability Services/Special Services Office at the college or see http://www.dcccd.edu/access/.

Health Services and Insurance

The Health Center is a multi-purpose facility that promotes health, wellness, and preventive care for the college community. Registered nurses coordinate and provide the health services that include:

- First aid for accident, injury or illness;
- Health information and brochures;
- Some over-the-counter (non-prescription) medicines such as Tylenol, aspirin and antacids;
- Referral information for community health services;
- Selected health education and screening programs;
- Confidential health counseling; and
- A rest area.

Health services are available to current students and staff. You do not need to be sick to come to the Health Center. Health questions and concerns are welcome. Students with chronic health problems should visit the Health Center to discuss any special concerns with the nurse before attending classes or whenever problems arise. No information about your health will be released without your written permission unless required by law.

We recommend that all prospective students have adequate immunization for bacterial meningitis, diphtheria, rubella, rubella, mumps, tetanus and poliomyelitis. See the Texas Department of Health's Recommended Adult Immunization Schedule at https://www1.dcccd.edu/catalog/admiss/immune.cfm

Optional student health insurance, with optional coverage for spouse and children, is available through outside vendors. These limited coverage policies are administered by insurance companies at a cost as outlined by these companies. Students may acquire a list of vendors from their college Health Center, International Student Advisor Office or at https://www1.dcccd.edu/catalog/ss/so/insurance.htm

Housing

The college does not operate dormitories of any kind nor maintain listings of available housing for students. If you do not reside in the area, you must make your own arrangements for housing.

Library

The college libraries are information centers which support academic transfer programs and technical/occupational programs through classroom instruction and distance learning. Each college library, http://library.dcccd.edu/, maintains a substantial collection of books, journals, and electronic resources on a variety of subjects. Additionally, there are special collections available for career materials, pamphlets, newspapers, popular magazines and technical periodicals. Other resources provided may include slides, tapes, compact discs, computer software, videotapes, films, digital videodisks, links to websites, electronic books, and online databases.

The college librarians orient users to the information environment and introduce them to the tools needed to
navigate an increasingly complex world of information resources. Through orientation and research classes, librarians provide information skills to help the users achieve academic goals.

Willful damage to library materials (or property) or actions disturbing other library users may lead to the loss of library privileges. Damage cases are referred to the appropriate authorities for further action. All books and other library materials must be returned before the end of each semester. Student transcripts will not be issued until all library records are cleared.

College Police Departments

Campus safety is provided within the framework of state law to protect and police buildings and grounds. All state laws apply to the campus community. College Police Department officers are licensed Peace Officers of the State of Texas; they are specifically trained and educated to protect life and both college and personal property. These officers are vested with full authority to enforce all Texas laws and rules, regulations, and college policies, including the Code of Student Conduct.

The college complies with the provisions of the Campus Security Act of 1990, Public Law 101-542. Copies of the document for each campus are available upon request through the College Police Department.

Student Organizations

Information about participation in any organization may be obtained through the Student Programs and Resources (SPAR) Office. The development of student organizations is determined by student interest. Categories of organizations include:

- Co-curricular organizations pertinent to the educational goals and purpose of the institution;
- Social organizations to provide an opportunity for you to make friends and establish a sense of community with fellow students;
- Service organizations to promote your involvement in the community; and
- Pre-professional and academic organizations to contribute to your career development.

Tutoring Services

The college may provide individual and small group tutoring as an academic support service for students needing extra help with coursework and/or study skills. You should seek these services early in the semester.

Athletics

Intercollegiate Athletics

The intercollegiate athletic program provides student athletes opportunities to compete in sports in an educational environment. Bringing together those students with motor skills beyond the level of the college physical education class and/or intramural offerings, the program promotes physical fitness, intellectual development, social interaction, sportsmanship, and team commitment.

The athletic program strives to bring together both participants and spectators of diverse ethnic and cultural backgrounds. Participation on athletic teams is voluntary on a non-scholarship basis for women and men meeting requirements established by the Metro Athletic Conference and the National Junior College Athletic Association (N.J.C.A.A.). Most teams are associated with the N.J.C.A.A., and our conference champions compete at regional, district and national tournaments. In the last several years, the college teams have been the N.J.C.A.A. Division III national champion in baseball and numerous sports. For more information regarding eligibility, rules, standards, and sports offered contact the school Athletic Department or Physical Education Office.

Intramural Sports

The Intramural Sports Program provides opportunities for students to participate in a variety of individual, dual and team sports in a supervised recreational setting. Students and employees can enrich their college life, have fun, make new acquaintances and benefit from exercise through the Intramural Sports Program. For additional information, contact the intramural director in the Physical Education Office, or contact the Student Programs and Resources (SPAR) Office.
Academic Information

Degree Requirements

The college confers the Associate in Arts Degree, Associate in Sciences Degree, the Associate in Applied Sciences Degree, the Associate of College/University Transfer Degree, Certificates and Fields of Study awards to students who have completed all stated requirements.

If you are seeking a certificate or associate degree, you must submit official transcripts of all previous work attempted before a certificate or degree will be awarded. If you fail to submit official transcripts from other institutions you have attended, you will not receive a degree or certificate.

Students must meet all Texas Success Initiative (TSI) standards in order to receive a degree from the college.

To qualify for a second degree or certificate, you must fulfill the residence requirement and must complete all required courses in the plan for the second degree or certificate.

For any degree or certificate earned in the college a student must earn at least 25% of the credit hours required for graduation through instruction (not credit-by-examination) by the college of the DCCCD granting the award. The degree must be awarded by a college that offers the program in which you majored. The Registrar must approve correspondence work for graduation credit. If you qualify for a degree from more than one college of the DCCCD, you must indicate which college is to award the degree. The following courses will not be counted toward any degree requirements: Courses numbered below 1000, ARTS 1170, MUSI 9176, and DRAM 1170.

Associate in Arts and Associate in Sciences Degrees

These degrees are designed as the equivalent of the first half of a baccalaureate degree. Both are general plans, and may or may not satisfy the requirements of a specific transfer university. Students desiring to transfer should seek one of these degrees after consultation with the college Counseling/Advising Center. However, in keeping with Texas State law, students who complete the 48 hour credits of the core curriculum are assured that the core should transfer to any Texas public college or university; in such instances, the core should be substituted for the requirements of the receiving institution. Therefore, in pursuing a degree, students are encouraged to complete the entire core within the college. However, care should be taken in the selection of math and science courses to ensure that those courses also meet requirements of the proposed major at the transfer institution.

Students transferring from another Texas public college or university who have completed that institution's core requirements are assured that DCCCD will accept the completion of that core in lieu of its own toward the requirements for the Associate in Arts or the Associate in Sciences degree. In order to receive either of these degrees, students should complete the college's 48-hour core curriculum and a minimum of 13 additional elective hours. Students should look and follow the degree outline for those degree requirements.

The Associate in Sciences degree differs from the Associate in Arts degree by requiring an additional 3 hours to be selected from a course with the prefix of BIOL, BCIS, COSC, CHEM, MATH, PHYSICS, or GEOL. Students are not eligible to receive both degree titles.

A maximum of four physical education activity hours may be counted as credit toward requirements for graduation. The GPA for graduation is based on the credit earned for all courses taken in colleges of the DCCCD and for all credit which is transferred from other institutions. The following courses will not count toward graduation nor the GPA for graduation: Courses numbered below 1000, ARTS 1170, MUSI 9176, and DRAM 1170.

Students who wish to complete a degree totally through distance learning courses should read the section entitled Distance Learning Program and consult the degree plan outline located elsewhere in this catalog.

Fields of Study

The Texas Higher Education Coordinating Board has created Fields of Study designed to transfer as a block of credit to any Texas public college or university. Such Fields of Study comprise the courses a student should complete at the freshman and sophomore level that will lead to a specific major in a degree. Students' transcripts will include a notation indicating a specific Field of Study has been completed. In order for such a notation to appear, students must successfully complete specific courses within each Field of Study. No course substitutions, other than those shown within the degree plan, will be permitted.

In addition, students may wish to combine a completed Field of Study with the core curriculum requirements to complete the appropriate...
Associates degree. In order to do so, students should complete the courses indicated in the degree plans located elsewhere in this catalog. However, care must be taken as in some instances students may have to make a choice between pursuing the degree or the official Field of Study because of the number of hours required. As additional Fields of Study are made available, information may be located on the college web page.

At the time of printing this catalog, the following Fields of Study, or majors, are available:

Field of Study Degrees

• Associate in Sciences Degree with a
  Field of Study in Business
• Associate in Sciences Degree with a
  Field of Study in Computer Science
• Associate in Arts Degree with a
  Field of Study in Criminal Justice
• Associate in Sciences Degree with a
  Field of Study in Engineering Technology—
  Computer Engineering Technology
• Associate in Sciences Degree with a
  Field of Study in Engineering Technology—
  Electrical Engineering Technology
• Associate in Sciences Degree with a
  Field of Study in Engineering Technology—
  Electronic Engineering Technology
• Associate in Arts Degree with a
  Field of Study in Mass Communication—
  Advertising & Public Relations
• Associate in Arts Degree with a
  Field of Study in Mass Communications—
  Broadcast Journalism
• Associate in Arts Degree with a
  Field of Study in Mass Communications—

Associate in College/University Transfer Degree

Only students who plan to transfer to a private or out-
of-state college or university may earn an Associate in College/University Transfer through an individually-negotiated degree plan that incorporates those elements of the Associate in Arts or Associate in Sciences Degree that fall within the student’s transfer plan. Students must have completed a minimum of 61 credit hours; earned a grade of "C" or better in English 1301, the selected college level math course, and speech (if required); a grade point average of at least "C" (2.00) based upon GPA (2); and have met all TSI standards (if students are not TSI exempt) to receive this degree. These 61 hours may be earned at any college of the DCCCD and must include:

- History 1301 and 1302 (6 credit hours)
- Government 2301 and 2302 (6 credit hours)
- English 1301 (3 credit hours)
- A college-level math course numbered 1300 or above (3 credit hours)
- Either Speech 1311 or 1315 (3 credit hours)
- 3 credit hours to be selected from Arts 1301, 1303, 1304;
  Dance 2303; Drama 1310, 2366; Humanities 1301; or
  Music 1306; 1308, 1309

The remaining hours will be comprised of courses equivalent to those designated by the student’s selected private or out-of-state transfer institution as being applicable to the baccalaureate degree being sought. In no case will course prerequisites be waived. Students who qualify for an Associate in Arts or the Associate in Sciences degree will be granted that degree rather than the Associate in College/University Transfer degree. Students who qualify for the Associate in Arts or the Associate in Sciences degree are not eligible for the Associate in College/University Transfer degree.
Students who wish to transfer to another Texas public college or university should follow the Associate in Arts/Associate in Sciences degree plans because those degree patterns include the 48 credit hour core requirements. Such students are not eligible to apply for an Associate in College/University Transfer degree.

**Associate in Applied Sciences Degree**

This degree is designed to teach specific career/technical skills. The requirements for each major in the Associate in Applied Sciences Degree are clearly shown in the curriculum patterns in this catalog. Students seeking such a degree should become familiar with the specific required courses in the appropriate curriculum pattern.

Students must have a minimum of 60 credit hours with a grade of "C" or better in each of the following three general education courses: English 1301 or English 1302, whichever is required), Speech 1311 or 1315 (whichever is required), and Mathematics 1314 or higher or Science (whichever is required). Each Associate in Applied Sciences Degree requires students to take three credit hours from the general education categories of Humanities or Fine Arts and three credit hours from Social Sciences or Behavioral Sciences (the specific curriculum pattern will cite what students must take to meet these requirements). Additionally, each student must earn a grade point average of at least 2.00 ("C"), based on GPA #2, and meet all TSI standards in Reading, Writing, and Mathematics. The GPA is based only on the credit hours used to meet degree requirements and the following courses will not count toward graduation or the GPA for graduation: Courses numbered below 1000, Arts 1170, Drama 1170, and Music 9176.

Specific degree requirements for each career and technical program can be found in this catalog. For some programs, more than 60 credit hours are required. All prescribed requirements for the specific program degree in which the student is enrolled must be completed. These programs may also have other criteria in addition to degree requirements. See the Career and Technical Programs section of this catalog for a more detailed explanation.

**Certificate Program Requirements**

Certificate Programs are part of the Career and Technical Program offerings. In order to be awarded a certificate, you must complete all program course requirements with a grade point average of 2.00 ("C") or better. Only the grades for the specific courses required in the certificate program will be used in calculating the GPA to determine eligibility for these awards.

Some certificate programs do not require you to meet TSI standards, but course prerequisite requirements for such certificates must be met. When you seek a TSI waiver based upon participation in one of these certificate programs, you may not enroll in any course other than those required for completing the certificate program requirements. If you attempt other coursework, your TSI waived status will end and you must meet the TSI standards that apply to students not enrolled in a TSI waived certificate program.

The specific requirements for each certificate program are outlined within each technical specialization. See Career and Technical Programs.

**Older Course Work Taken**

Some course descriptions have a statement that indicates a course formerly was known as "Prefix and Number." While this often means the new course replaces the former course, this is not true in all cases. For example, if the new course has a different amount of credit hours, a different course title, or the same course number is listed under one or more courses, the newer course will not automatically replace the former course in the records of students. Students who wish to use the older course to fulfill a degree plan requirement will need to contact the college Admissions Office or appropriate division office to process a substitution form.

**Course Prerequisites**

Course prerequisites must be met at the point of registration. Students are expected to take either courses or meet assessment standards in order to meet the course prerequisites. The college reserves the right to administratively withdraw students who have not met the specific course prerequisites. In such cases, students will be notified and given the opportunity to register for a replacement course.

**STUDENTS WHO PLAN TO TRANSFER**

**Core Curriculum**

Every Texas public college and university is required by Texas law to have a core curriculum that, if completed at one institution, should transfer and take the place of the core at the receiving institution. Therefore, if your plans include transferring to a Texas public university, it is to your distinct advantage to complete the core at this college since the core should transfer as a block of credit to the receiving university. In addition, the core is the very basis of the Associate in Arts or Associate in Sciences degrees. If you complete the core of 48 hours, you need only an additional 13 hours in order to receive a degree.

If you take some of the college's core but do not complete it, you are assured that core courses will transfer and apply to the receiving institution's core. Most universities will not accept a grade of D in transfer as meeting core requirements. In addition, you should take care in the selection of math and science courses to ensure they are applicable to the major you wish to pursue.

The core curriculum is predicated on the judgment that series of basic intellectual competencies—reading, writing, speaking, listening, critical thinking, and computer literacy—are essential to the learning process in any discipline. Although students can be expected to come to college with some experience in exercising these competencies, they often need further instruction and practice to meet college standards and, later, to succeed in both their major field of academic study and their chosen career or profession. Therefore, the following 6 intellectual competencies can be found throughout the college core:

- **READING:** Reading at the college level means the ability to analyze and interpret a variety of printed materials—books, articles, and documents. A core curriculum should offer students the opportunity to master both general methods of analyzing printed materials and specific methods for analyzing the subject matter of individual disciplines.
3. Recognize the importance of maintaining health and wellness;
4. Develop a capacity to use knowledge of how technology, science, and media affect their lives;
5. Develop personal values for ethical behavior;
6. Develop the ability to make aesthetic judgments;
7. Use logical reasoning in problem solving; and
8. Integrate knowledge and understand the interrelationships of the scholarly disciplines.

Disciplinary courses within a core curriculum should promote outcomes focused on the intellectual core competencies, as well as outcomes related to establishing perspectives, and the basic concepts in the discipline. The DCCCD core curriculum includes courses that satisfy specific exemplary educational objectives.

COMPONENT AREA OF COMMUNICATION

The objective of a communication component of a core is to enable students to communicate effectively in clear and correct prose in a style appropriate to the subject, occasion, and audience. The exemplary educational objects are:

• To understand and demonstrate writing and speaking processes through invention, organization, drafting, revision, editing, and presentation.
• To understand the importance of specifying audience and purpose to select appropriate communication choices.

Perspectives in the Core Curriculum

The objective of disciplinary studies within a core curriculum is to foster multiple perspectives as well as to inform and deliver content. An imperative of a core curriculum is that it contain courses that help students attain the following perspectives:

1. Establish broad and multiple perspectives on the individual in relationship to the larger society and world in which he or she lives, and to understand the responsibilities of living in a culturally and ethnically diversified world;
2. Stimulate a capacity to discuss and reflect upon individual, political, economic, and social aspects of life in order to understand ways in which to be a responsible member of society;
3. Recognize the importance of maintaining health and wellness;
4. Develop a capacity to use knowledge of how technology and science affect their lives;
5. Develop personal values for ethical behavior;
6. Develop the ability to make aesthetic judgments;
7. Use logical reasoning in problem solving; and
8. Integrate knowledge and understand the interrelationships of the scholarly disciplines.

Every college graduate should be able to apply basic mathematical tools in the solution of real-world problems. The exemplary educational objectives are:

• To apply arithmetic, algebraic, geometric, higher-order thinking, and statistical methods to modeling and solving real-world situations.
• To represent and evaluate basic mathematical information verbally, numerically, graphically, and symbolically.
• To expand mathematical reasoning skills and formal logic to develop convincing mathematical arguments.
• To use appropriate technology to enhance mathematical thinking and understanding and to solve mathematical problems and judge the reasonableness of the results.
• To interpret mathematical models such as formulas, graphs, tables, and schematics, and draw inferences from them.

COMPONENT AREA OF MATHEMATICS

The objective of the mathematics component of the core is to develop a quantitatively literate college graduate. Every college graduate should be able to apply basic mathematical tools in the solution of real-world problems. The exemplary educational objectives are:

• To apply arithmetic, algebraic, geometric, higher-order thinking, and statistical methods to modeling and solving real-world situations.
• To represent and evaluate basic mathematical information verbally, numerically, graphically, and symbolically.
• To develop mathematical reasoning skills and formal logic to develop convincing mathematical arguments.
• To use appropriate technology to enhance mathematical thinking and understanding and to solve mathematical problems and judge the reasonableness of the results.
• To interpret mathematical models such as formulas, graphs, tables, and schematics, and draw inferences from them.
• To recognize the limitation of mathematical and statistical models.
• To develop the view that mathematics is an evolving discipline, interrelated with human culture, and understand its connections to other disciplines.

The following math courses include the above exemplary educational objectives: Math 1314, 1324, 1332, 1333, 1348, 1411, 2342, 2412, or 2442 or higher level math.

COMPONENT AREA OF NATURAL SCIENCES

The objective of the study of a natural sciences component of a core curriculum is to enable the student to understand, construct, and evaluate relationships in the natural sciences, and to enable the student to understand the bases for building and testing theories. The exemplary educational objectives are:

• To understand and apply method and appropriate technology to the study of natural sciences.
• To recognize scientific and quantitative methods and the differences between these approaches and other methods of inquiry and to communicate findings, analyses, and interpretation both orally and in writing.
• To identify and recognize the differences among competing scientific theories.
• To demonstrate knowledge of the major issues and problems facing modern science, including issues that touch upon ethics, values, and public policies.
• To demonstrate knowledge of the interdependence of science and technology and their influence on, and contribution to, modern culture.

The following science courses include the above exemplary educational objectives: Biology 1406, 1407, 1408, 1409, Chemistry 1405, 1407, 1411, 1412, Geology 1401, 1403, 1404, 1445, Physics 1401, 1402, 1405, 1407, 1411, 1412, 1415, 1417, 2425, and 2426.

COMPONENT AREA OF SOCIAL AND BEHAVIORAL SCIENCES

The objective of the humanities and visual and performing arts component of a core curriculum is to increase students' knowledge of how social and behavioral scientists discover, describe, and explain the behaviors and interactions among individuals, groups, institutions, events, and ideas. Such knowledge will better equip students to understand themselves and the roles they play in addressing the issues facing human society. The exemplary educational objectives are:

• To employ the appropriate methods, technologies, and data that social and behavioral scientists use to investigate the human condition.
• To examine social institutions and processes across a range of historical periods, social structures, and cultures.
• To analyze and critique alternative explanatory systems or theories.
• To develop and communicate alternative explanations or solutions for contemporary social issues.
• To analyze the effects of historical, social, political, economic, cultural, and global forces on the areas under study.
• To comprehend the origins and evolution of U.S. and Texas political systems, with a focus on the growth of political institutions, the constitutions of the U.S. and Texas, federalism, civil liberties, and civil and human rights.
• To understand the evolution and current role of the U.S. in the world.
• To differentiate and analyze historical evidence (documentary and statistical) and differing points of view.
• To recognize and apply reasonable criteria for the acceptability of historical evidence and social research.
• To analyze, critically assess, and develop creative solutions to public policy problems.
• To recognize and assume one's responsibility as a citizen in a democratic society by learning to think for oneself, by engaging in public discourse, and by obtaining information through the news media and other appropriate information sources about politics and public policy.
• To identify and understand differences and commonalities within diverse cultures.

The following social and behavioral science courses include the above exemplary educational objectives: History 1301, 1302, Government 2301, 2302, Anthropology 2346, 2351, Economics 1303, 2301, 2302, 2311, Psychology 2301, 2314, 2316, Sociology 1301, 1306, and 2319.

The DCCCD core of 48 credit hours is composed of the following courses:
COMMUNICATIONS – 9 credit hours (Select each of the following)
- English 1301: A grade of "C" or better required.
- English 1302, and one of the following:
  - Speech 1311*, Speech 1315*, any Foreign Language Course 1311 or higher, or an American Sign Language course.
*Students must select Speech 1311 or 1315 if seeking an AA or AS degree. A grade of "C" or better is required if you select Speech 1311 or Speech 1315.

MATHMATICS – 3 credit hours (Select one from the following)
- Math 1314, 1324, 1332, 1333, 1348, 1414, 2342, 2412, 2442, or higher level. A grade of "C" or better required.

LAB SCIENCES – 8 credit hours (Select two from the following)
- Biology 1406, 1407, 1408, 1409; Chemistry 1405, 1407, 1411, 1412; Geology 1401, 1403, 1404, 1445; Physics 1401, 1402, 1405, 1407, 1411, 1412, 1415, 1417, 2425, 2426.

Note: This requirement cannot be met by using the following combinations:
- Biology 1406 and 1408;
- Chemistry 1405 and 1411;
- Physics 1401 and 1405;
- Physics 1401 and 2425;
- Physics 1405 and 2425.

SOCIAL/BEHAVIORAL SCIENCES – 15 credit hours (Select each of the following)
- History 1301, 1302;
- Government 2301, 2302

(Select one from the following)
- Anthropology 2346, 2351; Economics 1303, 2301, 2302, 2311; Psychology 2301, 2314, 2316; Sociology 1301, 1306, 2319

HUMANITIES/VISUAL AND PERFORMING ARTS – 9 credit hours (Select one from each of the three groupings)

I.
- Arts 1301, 1303, 1304
- Dance 2303
- Drama 1310, 2366
- Humanities 1301
- Music 1306, 1308, 1309

II.
- English 2321, 2322, 2323, 2326, 2327, 2328, 2331, 2332, 2333

III.
- Cultural Studies 2370
- History 2321, 2322, 2380, 2381
- Philosophy 1301, 2306, 2307, 2317
- Religion 1304

OTHER – 4 credit hours
(Select each from the following)
- Physical Education 1164 and
- Computer Science 1300 or higher level COSC course.
Academic Transfer Programs

The college offers a broad range of educational opportunities for the student whose goal is to transfer to a four-year institution. In addition to offering a strong, creative foundation for the freshman and sophomore years, the academic transfer curriculum is coordinated with a number of Texas four-year institutions to ensure the transfer of credits. Although each four-year school is different, you may guarantee the transferability of your courses by being active and responsible in the advisement process. By consulting the four-year institution regularly and taking advantage of the resources available at the college, you may ensure that the transfer process is a positive experience.

Another means of ensuring success in transferring to a Texas public college or university is to complete the core curriculum at this college since the entire core should transfer as a block of 48 credits. In addition, if you complete a Field of Study Associate in Arts/Associate in Sciences degree, the curriculum should transfer and count toward the specific major at all Texas public institutions. To ensure guaranteed transfer, you are strongly encouraged to check with the university where you plan to transfer.

Earning an Associate Degree Prior To Transferring

You may elect to earn a two-year associate degree. The Associate in Arts and the Associate in Sciences degrees are designed specifically for those students who plan to transfer to a Texas four-year institution. Both of these degrees include the core curriculum. The flexibility of these degree programs also allows you to complete many of the introductory courses specifically related to your major field of study. You should also keep in mind the Associate in Arts/Associate in Sciences Field of Study degrees. The entire curriculum of the Field of Study degrees will transfer to all Texas public colleges and universities. However, in some cases students may have to select between completion of the core or the Field of Study in those instances when the combined total of hours exceeds 66 hours. In addition, the college offers “Emphasis” degrees that feature “majors” which are recommended to students transferring in a specific discipline. See degree plans in this catalog.

The Associate of College/University Transfer Degree is an individually negotiated degree designed to permit students to take only those courses that will apply toward a specific major only at a specific private or out-of-state college or university. Students should see an advisor at the college for more information.

Transfer Policy

The Texas Higher Education Coordinating Board (THECB) requires all public colleges and universities to accept transfer of credit for successfully completed courses as applicable to an associate or baccalaureate degree in the same manner as credit awarded to non-transfer students in that degree program.

Institutions are not required to accept in transfer more credit hours in the major area of a degree program than the number set out in any applicable Board-approved Field of Study Curriculum for that program. In any degree program for which there is no Board-approved Field of Study Curriculum, institutions are not required to accept in transfer more lower-division course credit in the major applicable to a baccalaureate degree than the institution allows their non-transfer students in that major. An institution of higher education may deny the transfer of credit in courses with a grade of “D” as applicable to the student’s field of study curriculum courses, core curriculum courses, or major. No university shall be required to accept in transfer or toward a degree program, more than sixty-six (66) semester credit hours of lower-division academic credit. Universities, however, may choose to accept additional credit hours.

Transfer Dispute Resolution

If an institution of higher education does not accept course credit earned by a student at another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of the course credit is denied, and shall include in that notice the reasons for denying the credit. Attached to the written notice shall be the procedures for resolution of transfer disputes for lower-division courses as outlined in this section, accompanied by clear instructions outlining the procedure for appealing the decision to the Commissioner.

(1) A student who receives notice may dispute the denial of credit by contacting a designated official at either the sending or the receiving institution.

(2) The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Board rules and guidelines.

(3) If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student received written notice of denial, the sending institution may notify the Commissioner in writing of its denial and the reasons for the denial.

The Commissioner or the Commissioner’s designee shall make the final determination about a dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institution.

For further information, please contact the DCCCD Office of Transfer Services and University Relations at:
Phone: 214-860-2185
Fax: 214-860-2677
E-mail: ags1132@dcccd.edu
Mail: DCCCD, 701 Elm Street, Dallas, Texas 75202

48
Choosing A Major and Developing An Educational Plan

You may be entering college with a clear idea of what major you will choose and which senior institution you plan to attend. But, if you are like many students, you may not know where you will transfer or in what discipline you may major.

If you are undecided about a major at the university, you are encouraged to take courses in the core curriculum as these will transfer to all Texas public universities. During the first semester, you should investigate your interests. By the second or third semester, you should begin to develop a clear sense of which senior institution you will attend and the requirements for your chosen degree program. Working closely with a counselor or advisor, and using current information from four-year institutions, you should follow the Associate in Arts/Associate in Sciences Degree plan because they incorporate the core curriculum. The counseling and advising personnel at the college can help you develop a degree plan for almost any major. Listed below are some of the four-year majors you can begin in the college:

Accounting  
Advertising  
Agriculture  
American Studies  
Anthropology  
Architecture  
Art  
Biological Science  
Botany  
Business Administration  
Chemistry  
Computer Science  
Dance  
Dental Hygiene  
*Denistry  
Dietetics  
Drama  
Economics  
Engineering  
English  
Entomology  
Finance  
Fine Arts  
Foreign Languages  
Forestry  
Geography  
Geology  
Health Sciences  
History  
Industrial Arts  
Interior Design  
Journalism  
*Law  
Legal Science  
Liberal Arts  
Life Sciences  
Management  
Legal Science  
Liberal Arts  
Life Sciences  
Management

Marine Biology  
Marketing  
Mathematics  
Medical Technology  
*Medicine  
Meteorology  
Microbiology  
Music  
Music Education  
Nursing  
Occupational Therapy  
Oceanography  
Optometry  
Pharmacy  
Philosophy  
Photography  
Photography  
Physical Education  
Physical Science  
Physical Therapy  
Physics  
Political Science  
Psychology  
Public Relations  
Radio/TV/Film  
Recreation  
Social Work  
Sociology  
Speech  
Communication  
Speech Pathology  
Teacher Preparation  
Telecommunications  
Theatre  
*Veterinary  
Medicine  
Wildlife Mgt.  
Zoology

*These fields require study beyond the bachelor's degree.

On this website, students will find:
- Tips on how to transfer successfully
- Answers to most commonly asked transfer questions
- Transfer guides to specific majors at approximately 30 Texas universities
- Transfer admission information for Texas universities
- Course-by-course equivalencies for college courses at Texas universities
- Details on the Transfer Guarantee Program
- Educational resources for students and counselors/advisors.
- DCCCD - University Articulation Agreements

College Resources for Transfer Students

The college offers many resources designed specifically for those students planning to transfer to a university. You should take advantage of these resources early in your college experience, particularly if you have not chosen a major or have not selected a university. Many of the resources can assist you in making informed decisions when selecting courses, choosing a transfer institution, and completing all of the necessary steps in the transfer process.

Transfer Guides

Transfer Guides offer a listing of courses, by course numbers, necessary for a number of majors at many institutions throughout Texas. Transfer Guides may be available for the following majors:

Accounting  
Advertising Art  
Aerospace Engineering  
Agriculture  
Architecture  
Art  
Biology  
Business Administration  
Chemistry  
Chemical Engineering  
Civil Engineering  
Computer Science  
Criminal Justice  
Dental Hygiene  
E-Commerce  
Economics  
Electrical Engineering  
English  
Exercise and Sports Studies  
Fashion Design  
Fashion Merchandising  
Finance  
Foreign Languages  
Geography  
Geology  
History  
Motel & Restaurant Management  
Industrial Engineering  
Interior Design  
Kinesiology  
*Exercise and Sports Science  
Legal Science  
Management  
Marketing  
Mathematics  
Medical Technology  
Music  
Music Education  
Nursing  
Occupational Therapy  
Pharmacy  
Photography  
Physical Education  
Physical Therapy  
Physician Assistant  
Physics  
Political Science  
Pre-Law  
Pre-Medicine  
Pre-Veterinary Medicine  
Psychology  
Radio/TV/Film  
Social Work  
Sociology  
Speech  
Speech Pathology  
Audiology  
Teacher Preparation  
Theatre  
Undecided

Special Opportunities for Students Wishing to Transfer

The DCCCD Transfer Services and University Relations home page address is http://www.dcccd.edu/transfer/
Although officials at the various universities have reviewed the information in these guides, the content is subject to change. It is the student's responsibility to verify the accuracy of this information with the receiving institution. Counselors and academic advisors can also assist students in preparing for majors other than those listed above.

Course-by-Course Equivalency Guides

Equivalency Guides offer a listing of how every course transfers to each specific senior institution. This information can be helpful to you if you have selected a senior institution but have not chosen a major yet. You should note that the transfer equivalencies shown on these guides offer information on how, or if, courses are generally accepted by the senior institution, and do not indicate how these courses will apply toward a particular major or degree program. A counselor or advisor can assist you in determining whether courses apply to a particular major.

Common Course Numbering System

To help meet your transfer needs, the college is a member of the Texas Common Course Numbering System Consortium. All Texas community/junior colleges participate in this system. Most universities are cooperating with this new numbering system indicating courses equivalent to the common course system. By Fall 2005, many state universities may have adopted this same numbering system.

Colleges teach courses similar in nature, and these courses have been designated by a common number. The common number facilitates the transfer of these courses between and among the participating institutions. Further in this catalog you will find course descriptions for every course offered in the college. Course descriptions will indicate if a course has been assigned a common course number. You should not assume that only courses with common course numbers will transfer.

Choosing A Catalog Year

The college catalog has any degree or certificate program requirements of 5 years. This means you are expected to complete within five (5) years as outlined in the catalog in affect at the time of your entrance to the college. You may elect to utilize a more recent catalog year in which you were enrolled, provided the degree requirements are met during that 5-year period and the requisite courses are still offered. If you plan to transfer, you should keep a copy of the catalog dated at the time you entered college, the catalog year you followed for your graduation requirements, a copy of degree plan from the DCCCD web page, the catalog of the university to which you wish to transfer, and the transfer guide valid at the time you enrolled at the college. You may wish to maintain a copy of all course syllabi, particularly if you plan to transfer to either a private university or one located out of state.

Other Things to Consider

During the time you are enrolled in the college, you should begin to determine the necessary steps for completing the transfer admission process. The process may require a great amount of preparation, and you should be certain you understand all of the requirements for admission, such as:

- Application deadlines,
- Minimum grade-point average requirements,
- Limits on the number of credit hours that are acceptable in transfer,
- Policies regarding acceptance of repeated courses,
- Housing information, and
- Financial aid application procedures.

Of equal importance is a personal visit to the chosen institution. Many senior institutions plan special activities and campus visitation periods where you can meet with representatives from all areas of the institution.

There is a limit on the number of hours taken by any one student in which the state of Texas will reimburse universities. By law, some Texas public universities may charge a higher rate of tuition to students who exceed the limit. Contact the college or university to which you plan to transfer and obtain more information concerning tuition fees.

Other Educational Programs

American English and Culture Institute

The Dallas County Community College District offers an intensive English program called the American English and Culture Institute (AECI) for international students preparing to study in American colleges and universities or planning to work in fields where English is the primary language. The AECI is a year-round program of English and culture study that is offered in ten-week sessions and divided into proficiency levels of one through four. Students who score higher than 117 but less than 197 on the computer-based TOEFL or who score higher than 430 but less than 530 on the paper-based TOEFL will be considered for the AECI.
Career and Technical Programs

You can prepare for a career as a skilled employee after one or two years of college study if you enroll in one of our many Career and Technical Programs. These programs are established after studies verify that related employment opportunities exist in business and industry. With the assistance and cooperation of representatives from local business, industry, and public agencies, the Career and Technical Programs are designed to meet increasing local and regional workforce needs. These programs provide you with the opportunity to develop the necessary competencies to meet the demands of area employers.

Career and Technical courses are accredited-college courses that lead to a Certificate or an Associate in Applied Sciences Degree. We offer placement assistance to you as you complete course work in our Career and Technical Programs. We maintain a continuous relationship with local and regional industries to keep you informed of employment opportunities.

In addition to classroom instruction, the college offers external learning experiences programs. These are competency-based learning experiences provided at a work site which enhance lecture and laboratory instruction. See External Learning Experiences for Career and Technical Programs.

Certificate and associate degree Career and Technical Programs are designed for you to complete within one or two years. The Bill Priest Institute offers certificate programs designed to be completed in less than one year.

The College offers a Guarantee for Job Competency for all students who earn a certificate or an Associate in Applied Sciences Degree.

Credit-By-Examination

If you think you already meet the requirements of a course by experience or previous training, you may request credit-by-examination. You may not request credit-by-examination for courses in which you are currently enrolled. The Registrar's Office has information about the courses for which credit-by-examination is available. The examination may be an approved subject examination (not a general examination) of the College-Level Examination Program (CLEP), Advanced Placement Exams (CEEB), Defense Activity for Nontraditional Education Support (DANTES), or an instructor-made test, depending on the course. You should ensure college acceptance of specific national exams prior to taking them. Scores for national testing programs, such as CLEP, AP, and DANTES, will be valid for 10 years.

You must pay a test administration service charge for each course examination. This service charge must be paid prior to taking the examination and is not refundable. Final acceptance of credit-by-examination for specific degree purposes is determined by the degree-granting institution. If you are planning to use credit-by-examination to meet degree requirements at other institutions, you should check the receiving institution's requirements.

You must be currently enrolled as a credit student at the college to receive credit-by-examination. Although your current enrollment in a course may normally make you ineligible for national testing programs, the Foreign Language Curriculum Committee permits an exception to this policy for students enrolled in foreign language courses. You may earn as many credits through examination as your ability permits and needs require, but at least 25% of the credit hours required for graduation must be taken through instruction and not through credit-by-examination.

Credit-by-examination may be attempted only one time in any given course, and a minimum score must be earned in order for credit to be recorded. Those who successfully complete an approved credit-by-examination may choose to have either the grade earned, if it is made available, or "CR" recorded on the transcript. Only letter grades of A, B, or C for credit-by-exam will be calculated into the GPA. If a student chooses "CR" for a credit-by-exam or if "CR" is the only option available to students, the "CR" cannot be calculated into the GPA. Students who meet the minimum passing standard on Computerized CLEP exams will be awarded "CR". The option for a letter grade is currently not available.

As of the publication date of this catalog, the following national tests are approved for credit-by-examination procedures:
### CLEP Computerized Test Subject Exams

(CLEP General Exams are NOT approved)

*See Advisement for test limitations for these computerized CLEP exams*

*Students taking Advanced Placement Exams have a choice of receiving a grade or "CR" for credit, except for the AP language exams for which only "CR" may be granted. For all but the AP language exams, a score of 3 equals C; a score of 4 equals B; a score of 5 equals A. If you take any of the tests listed above, you should check with the Registrar's Office to ensure these tests will be accepted in lieu of coursework. You should do this prior to taking the test as the previous list may change. You may challenge courses not on this list by taking an instructor-made examination. If you are interested in this method, contact the appropriate academic division office.

### CERTIFIED PROFESSIONAL SECRETARY (CPS) EXAM

Students who can provide documentation from the Institute for Certifying Secretaries that they have passed all sections of the CPS should be granted credit for 15 hours from the courses listed below. Such students must complete 12 college level hours within the DCCCD and at least two courses must be completed in Office Technology with a grade of C or better. Credit earned through the CPS is applicable only to the Associate of Applied Sciences in Office Technology program. The student may select no more than 15 hours for the list below and ACR© should be shown on transcript.

Continuing Education Programs

Within the college, continuing education programs deliver flexible, diverse, visionary instruction responsive to the needs of public, private, and corporate citizens. Continuing Education programs provide workforce training, personal and professional development courses and other outreach programs to enhance individual, community and economic development including customized training for business and industry.

Continuing education instructors are professionals from the community chosen for their knowledge, expertise and experience in their fields. Training and instruction are offered as courses, programs, seminars, workshops and distance learning opportunities. Registration is continuous, convenient and customer-oriented with new classes starting throughout the year on weekdays and weekends both during the day and evening hours. Continuing education classes are offered at the college and in a variety of locations throughout the community. For specific information on public course offerings, contact college and request a current Continuing Education Schedule or find it online at www.dcccd.edu.

A variety of student services are available for Continuing Education students including financial aid, library privileges, job placement assistance, tutoring and academic/career advising. Some scholarship and grant funds may be available for specific non-credit programs and courses. To apply for these funds, contact the College's Continuing Education or Financial Aid Office.

Continuing Education Units

Continuing Education Units (CEUs) are transcripted upon successful completion of all requirements, competencies and learning outcomes for approved workforce education courses. In all recognized educational circles, one CEU is equal to 10 contact hours of participation in an organized continuing education or extension experience. The CEU is a means of recording and accounting for continuing education activities and meeting the certification requirements of certain professional organizations.

Credit for Experiential Learning

Because individuals learn in a variety of ways and through a multitude of experiences, the college has established a means by which students may earn credit for college-equivalent education acquired through earlier schooling, work or other life experiences. In order to petition for experiential learning the student must be currently enrolled in the college assessing the learning experiences.

A student may be able to transcript college credit based on recommendations of the College Credit Recommendation Service of the American Council on Education. Such credit is granted as "CR." Evaluation and awarding of credit is the responsibility of the college where the student is enrolled.

A student may also petition for credit for other experiential learning. Portfolio assessment is one method by which the prior learning may be documented. Currently enrolled students may petition for credit by developing a portfolio that describes and documents pertinent learning comparable to that available in a specified college course. A faculty member in the appropriate program or discipline area evaluates the portfolio and determines commensurate credit. Credit is recorded as "CR." A second method is for the student to enroll in an existing section of a course (after consultation with the instructor) and develop an individualized plan for participation and testing based on the instructor's evaluation of skill and experience levels. Completion of this method results in the award of a letter grade. Finally, any district curriculum committee has the option of designing a program unique to their discipline.

The number of equivalent credits awarded may not exceed 25% of the total number of credits required for the specific degree or certificate. The number of equivalent credits awarded may not exceed the total number of credits required for the students specific associate degree or certificate objectives. No graduation, residency, degree or certificate program requirements will be waived as a result of credits earned through this process.

Developmental Education

Developmental education courses are designed to provide students with academic skills necessary for success in college-level courses and to fulfill the Texas Success Initiative (TSI) standards. Many levels of developmental reading, writing, and math classes are offered to enable students to complete the required prerequisites for college-level work and to satisfy TSI standards. Developmental courses are listed in the catalog as DREA for developmental reading, DWRI for developmental writing, and DMAT for developmental math. These courses carry institutional credit but do not count toward a degree or certificate. Students who wish to improve their skills in reading, writing, and math may also enroll in developmental courses even if not required because of low test scores. Instructional formats vary and may include computer-based, self-paced, lecture, and online offerings.

The State of Texas financially subsidizes the education of college students. In other words, the tuition paid by any student represents only a portion of the real costs of any developmental education courses. As the State of Texas will pay for only 27 hours of attempted Developmental Studies courses, students may be required to pay a higher rate of tuition for any developmental hours beyond the 27 hour limit. Developmental courses are ANY courses numbered 0099 and below. These courses include Developmental Reading, Developmental Math, Developmental Writing, English for Speakers of Other Languages (ESOL) and others.
eConnect

The Dallas County Community College District offers to students, eConnect, a web interface that provides online student services. The Student Menu allows you to:

- Complete your admissions application
- Search, register and pay for credit classes
- View your credit class schedule and grades
- Access your financial information
- Buy your books online
- Access your student records
- Ad/change your email address
- Fill out your Student Information Profile
- Request privacy of your directory information
- Request a transcript

For more information on the latest enhancements and added features, please see what's new and improved at eConnect at http://econnect.dcccd.edu

English for Speakers of Other Languages (ESOL)

English for Speakers of Other Languages (ESOL or ESL) courses are offered to provide academic English skills to students whose first or native language is other than English. Besides preparing students for the college learning experience in the areas of oral communication, reading, writing, and grammar, these courses teach students the skills needed to meet the requirements of the Texas Success Initiative (TSI, formerly TASP). Non-native English speaking students who wish to enroll in college-level courses, but who have not met language-related TSI standards or DCCCD prerequisites for doing so, may be expected to enroll in ESOL courses to meet those requirements. Appropriate tests or methods may be used to determine students' skill levels for ESOL course placement as well as to meet TSI requirements.

All non-native English speakers are welcome to study in the Dallas County Community College District, regardless of language level, background, or residency status. Because these students do have a wide variety of language experiences and needs, oral communication, reading, writing, and grammar courses are offered at various levels. This allows each student to focus on his or her areas of English language learning need and helps to ensure individual success in college studies. In addition, a selection of learning modes may be available for students to choose from, including lecture, online instruction, computer-aided instruction, fast-track, learning community, and intensive formats.

Evening & Weekend College

Most courses offered during the day are also available in the evening or on the weekend. Courses are offered both on campus and at selected community locations.

Evening and weekend courses offer high quality instruction and excellent facilities. Student services, including advisement, health, library, bookstore, food services, financial aid, and recreation may be available. Instructors are selected from the full-time college staff, from out-standing Dallas-area educators, and from other professional specialists. To enroll in evening and weekend courses, contact the college Admissions Office.

External Learning Experiences for Career and Technical Programs

An external learning experience for Career and Technical Programs is a competency-based learning experience, paid or unpaid, that enhances lecture and laboratory instruction, and is provided at a work site appropriate to the program. An external learning experience allows you to have practical, hands-on training and to apply learned concepts and theories in a workplace setting. Four types of external learning experiences are available: co-ops, practica, internships and clinicals. Clinical experiences must take place in a health care setting and you must not be paid for the learning experience.

External Learning Experience work sites must be approved by the college, and employers must be willing to enter into training agreements with the college and the student/employee. The college will assist you in seeking approved employment, if needed. Career and Technical Programs that include external learning experiences are indicated in this catalog. Prior to enrolling in one of these courses, you must consult with the program’s External Learning Experience Coordinator. External Learning Experience Student Handbook can be found at http://www.dcccd.edu/vceas/workft/ele_student_handbook.htm.

Human Development Courses

The Human Development curriculum is comprised of several courses providing a theoretical and practical foundation in human growth and development across the life span. These courses are organized around different topics including educational and career/life planning; interpersonal communication; personal and social growth; learning theory and study skills; and success in college. The college may offer special sections of Human Development courses that emphasize various issues such as understanding multi-cultural concepts; making life transitions, and appreciating gender differences for special populations including women returning to school, adults making career or job changes, at-risk students, young adults, or academically under-prepared students.

Some Human Development courses transfer to colleges and universities as elective credit. These courses use an experiential model that allows for the use of a variety of teaching and learning strategies including small group work, journal writing, mini-lectures, selected readings, classroom discussion, team teaching, peer teaching, outside guest speakers, psychometric testing, and volunteer experiences in the community.
International Studies/Study Abroad Opportunities

An important part of the commitment of the colleges of the DCCCD to enhancing student appreciation and understanding of diverse cultures is its international studies and study abroad programs. Therefore, any program offered by another college of the DCCCD is open to students of this college. These programs are available in a variety of countries during fall and spring semesters and in the summer and are available to students of this college. Semester-length programs may be currently available in England, France, Costa Rica, Spain, and Italy. In most programs, no prior knowledge of a foreign language is required. Many
of the colleges also offer study-abroad opportunities during the summer sessions. College faculty teach these courses, which normally last two to four weeks. In previous years, these courses have been offered in Austria, Australia, China, Dominican Republic, France, Great Britain, Italy, Jamaica, Mexico, Portugal, Russia, Senegal, and Spain. For information about any of the semester or summer programs, contact the District Office of Student and Academic Programs 214-860-2410 or contact the study abroad advisor of the college. There are also other non-semester length courses offered during the year.

Texas residents enrolled in colleges that are members of the North Texas Community College Consortium may enroll in DCCCD international courses by paying "in-District" tuition. These colleges include: Brookhaven, Cedar Valley, Cisco, Collin County, Eastfield, El Centro, Grayson County, Hill, Kilgore, LeCroy Center, McLennan, Mountain View, Navarro, North Central Texas, Northeast Texas, North Lake, Panola, Paris, Priest Institute, Richland, Tarrant County, Texas State Technical at Marshall and Waco, Trinity Valley, Tulsa, Tyler, Vernon, Weatherford and the University of North Texas.

Non-Credit Student (Audit)

A person who meets the admission requirements may, with the consent of the division dean and instructor, enroll in a credit course as a non-credit student. As a non-credit student, you may attend class, but you will not receive a final grade or credit for the course. An instructor may give you exams if the instructor determines the examination is an essential component of the learning process. The college has the right to restrict registration in some courses for students wishing to audit.

Reserve Officers Training Corps

The college offers a Reserve Officers Training Corps (ROTC) program in cooperation with the University of Texas at Arlington. The ROTC program provides a unique opportunity for you to assess and develop your leadership skills by being exposed to a variety of leadership styles, techniques and tools. It also develops college-educated officers for the active Army and the reserve components, giving you the opportunity to pursue either a civilian or military career after completing college.

ROTC credits may be used to complete a college degree by applying them toward elective credit. Military science may be declared as a minor course of study in many degree programs at The University of Texas at Arlington. To be eligible, you must be enrolled in the ROTC program, must receive acceptance of military science as a minor from your major degree department, and must complete 18 hours of military science, 10 of which are advanced. If you participate in ROTC while enrolled in the college, you will be eligible to apply at UTA for ROTC scholarships to complete degrees at UTA. The U.S. Army Scholarship Program provides an excellent way for you to obtain assistance in financing a college education. Every scholarship provides for payment of all expenses incurred for fees and tuition, an allowance for books and supplies, and $200 a month for up to 10 months per year.

Service Learning

Service Learning combines academic instruction with active community service, utilizing critical, reflective thinking to examine the world around you and your civic responsibilities. It is a mutually beneficial partnership, allowing you to apply what you have learned in the classroom into the real world while developing new skills in a service position in the community. You get a chance to improve your critical thinking skills, explore career possibilities, and make a difference by meeting community needs and increasing community support. The colleges offer you an opportunity to serve at a wide variety of charitable and social agencies. The college is proud to be a member of both the Texas Campus Compact and the National Campus Compact, organizations which are strongly committed to the integration of Service Learning into college curriculum.

Servicemen's Opportunity College

In cooperation with other community colleges in the United States, the colleges participate in the Servicemen's Opportunity College. Through this program, you can plan an educational experience regardless of where the military requires you to serve. While military service, per se, carries no equivalent college credit, coursework earned in the military may result in equivalent college credit with appropriate documentation. For further information contact the Registrar's Office.

Tech Prep

Tech Prep is a college program that begins in high school; it is advanced placement for technical careers that prepares students for direct entry into the workplace upon completion of an associate degree or a post secondary certificate program.

College Tech Prep programs are sequences of courses developed cooperatively between school districts and DCCCD, and approved by both the Texas Education Agency (TEA) and the Texas Higher Education Coordinating Board (THECB).
High school students must follow these steps to participate in Tech Prep:

- Choose a Tech Prep career program offered at your high school after reviewing options with your high school counselor.
- Complete the suggested high school Tech Prep classes with a minimum overall average of 80.
- Ask the high school counselor to fill out a "Transfer of Tech Prep College Credit" form.
- Within 15 months after high school graduation:
  - enroll at any DCCCD college
  - meet with a Tech Prep advisor at the college
  - declare a major and file a degree plan in any degree or certificate program.

For more information about current Tech Prep programs, contact your high school counselor or career and technology teacher or call the college’s Tech Prep office. See this website for more information: www.dcccd.edu/vcealdtechp/

Tomorrow’s Teachers

Tomorrow’s Teachers is a first-of-its-kind, collaborative initiative among Dallas County independent school districts, the college and area four-year universities. The overall objective of the kindergarten-through-college program is to transform Dallas-area students into Dallas-area public school teachers.

Tuition for college and Dallas-area state universities is very affordable, but even modest tuition can sometimes be a barrier to education. Tomorrow’s Teachers tackles this issue head on. Traditional financial aid in the form of student loans and grants is available through the college and all area four-year universities. Special funding programs are available, such as Rising Star, which guarantees all qualifying Dallas County high school graduates the opportunity to attend the first two years of college tuition free, books and fees included. In addition, the Tomorrow’s Teachers program is a clearinghouse for scholarships earmarked specifically for students entering the teaching profession. See http://www.dcccd.edu/vcealdtechp/ for more information about Tomorrow’s Teachers.

Workforce Education Course Manual (WECM)

The Workforce Education Course Manual (WECM) is a statewide inventory of workforce education courses offered for semester credit hours and Continuing Education Units (CEUs). These courses are offered by the colleges to respond rapidly to the needs of business and industry. The WECM offers a means for the college to continually design and update high, quality workforce courses by receiving input from business and industry and community college faculty throughout Texas. The Texas Higher Education Coordinating Board approves all courses cited in the WECM for use by all Texas public community and technical colleges. Therefore, if you earn semester credit hours and CEUs by successfully completing the requirements for the course(s), you will be able to transfer the credits or CEUs to another Texas public community or technical college that also offers the same course(s).

Student Obligations

Attending Classes

You are expected to attend regularly all classes in which you enroll. You have the responsibility to attend class and to consult with the instructor when an absence occurs. Instructors are responsible for describing attendance policies and procedures to you. If you are unable to complete a course (or courses) in which you are enrolled, it is your responsibility to withdraw from the course by the appropriate date. If you do not withdraw, you will receive a performance grade, usually a grade of “F.”

Under Texas Education Code, Section 51.911, all institutions of higher education shall excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence. If a student and an instructor disagree about the nature of the absence being for the observance of a religious holy day, or if there is similar disagreement about whether the student has been given a reasonable time to complete any missed assignments or examinations, either the student or the instructor may request a ruling from the President of the institution or his or her designee. The student and instructor shall abide by the decision of the chief executive officer or his/her designee.

Dropping A Course or Withdrawing from College

To drop a class or withdraw from the college, you must follow the prescribed procedure. It is your responsibility as a student to drop or withdraw. Failure to do so will result in your receiving a performance grade, usually a grade of “F.” Should circumstances prevent you from appearing in person to withdraw from the college, you may withdraw by the following:

- Mail or FAX to the registrar indicating which courses and by including your social security number or college I.D. number and signature; through the college online registration system; or through the “telephone registration” system. A drop/withdrawal request by any means must be received in the Registrar’s Office by the official drop/withdrawal deadline. No drop or withdrawal requests are accepted by telephone unless through the “telephone registration” system. If you drop a class or withdraw from the college before the official drop/withdrawal deadline, you will receive a “W” (Withdraw) in each class dropped.
- The deadline for receiving a “W” is indicated on the academic calendar and the current class schedule. See Refund Policy for possible refund eligibility. Students who drop or withdraw should be aware of the course repeat policy in the next paragraph.

Repeating Courses

The State of Texas financially subsidizes the education of college students. In other words, the tuition paid by any student represents only a portion of the real cost of any credit and many Continuing Education courses since the State pays the remainder of the costs. The Texas State Legislature has
mandated that effective with the Fall 2002 Semester, most credit and Continuing Education courses may be attempted only two times; the State will no longer subsidize a student's enrollment for these courses for a third or subsequent attempt. Therefore, students may have to pay a higher rate of tuition or may be denied registration for a course for the third or subsequent time they attempt a course. Students should see an academic advisor to determine if they are repeating a course at least the third time. Students should carefully select courses. They should also take care in dropping a course as any future retake of that course may result in a higher rate of tuition or they may be denied registration for that course. See the following web page for information about courses exempt from this ruling and for cross-lists of both academic and continuing education courses: https://www1.dcccd.edu/catalog/ss/oep/repeating_courses.cfm.

Students Called into Active Duty

If you are called to report to active duty, please bring your official orders to the Admissions Office for processing. The Texas Higher Education Coordinating Board rules (chapter 21 Section 21.5) indicate, "If a student withdraws from an institution because the student is called into active military service, the institution, at the student's option, shall:

1. refund the tuition and fees paid by the student for the semester in which the student withdraws;
2. grant a student, who is eligible under the institution's guidelines, an incomplete grade in all courses by designating "withdrawn-military" on the student's transcript; or
3. as determined by the instructor, assign an appropriate final grade or credit to a student who has satisfactorily completed a substantial amount of course work and who has demonstrated sufficient mastery of the course material.

Grades & Transcripts

Grades and Grade Point Average

Final grades are reported for each student for every course according to the following grading system.

<table>
<thead>
<tr>
<th>Grade Interpretation</th>
<th>Grade Point Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4 points</td>
</tr>
<tr>
<td>B</td>
<td>3 points</td>
</tr>
<tr>
<td>C</td>
<td>2 points</td>
</tr>
<tr>
<td>D</td>
<td>1 point</td>
</tr>
<tr>
<td>E*</td>
<td>Not computed</td>
</tr>
<tr>
<td>F</td>
<td>0 points</td>
</tr>
<tr>
<td>I</td>
<td>Not computed</td>
</tr>
<tr>
<td>WX</td>
<td>Not computed; re-enrollment required</td>
</tr>
<tr>
<td>W</td>
<td>Not computed</td>
</tr>
<tr>
<td>CR</td>
<td>Not computed</td>
</tr>
</tbody>
</table>

*Used only with developmental studies courses.

Grade points earned for each course are determined by multiplying the number of points for each grade by the number of credit hours the course carries. For example, if you take a three-hour course and earn an "A" you will accumulate 12 grade points for that course. Your grade point average is computed by adding the total grade point values for all courses and dividing by the number of credit hours attempted during the same period. For example, if you take the following courses, you will earn the following grades and have a grade point average of 2.93:

<table>
<thead>
<tr>
<th>Credit Hours</th>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>2-hour course</td>
<td>A</td>
<td>8</td>
</tr>
<tr>
<td>3-hour course</td>
<td>B</td>
<td>12</td>
</tr>
<tr>
<td>4-hour course</td>
<td>C</td>
<td>6</td>
</tr>
</tbody>
</table>

Total Credit Hours: 12
Total Grade Points: 35

35/12 = 2.93

Your transcript and grade reports will indicate two different Grade Point Averages, called GPAs. GPA (1) is based upon all courses completed in colleges of the DCCCD in which you received a performance grade of A-F. GPA (1) is used to determine Suspension/Probation status and athletic participation eligibility. GPA (2) is based upon grade points earned in all college-level courses taken at the college and all other colleges of the DCCCD in which you received a performance grade of A-F. Courses numbered below 1000, ARTS 1170, MUSI 9176, and DRAM 1170 are not used in the calculation of GPA (2). GPA (2) is used to determine eligibility for graduation, honor rolls, and eligibility in Who's Who in American Junior Colleges. It is also the GPA that may be considered by four-year institutions if you transfer.

For repeated courses, only the latest grade earned is included in cumulative grade point averages even if the latest grade is lower than a preceding grade. However, transcripts do indicate all work attempted and completed at all of the colleges of the DCCCD. When you withdraw from a course being
without your signature, the instructor must include a statement "F." 90 days, the "I" is converted to a performance grade, usually an "F." An incomplete grade of "I" may be given when an unforeseen emergency prevents you from completing the work in a course. The "I" must be converted to a performance grade (A-F) within 90 days after the first day of classes in the subsequent regular semester. If the work is not completed after 90 days, the "I" is converted to a performance grade, usually an "F." An Incomplete Contract is used to assign an incomplete grade and states the requirements for the satisfactory completion of the course. The Incomplete Contract must be agreed upon and signed by the instructor, you, and the appropriate division dean and submitted with the final grade report. When an Incomplete Contract must be submitted without your signature, the instructor must include a statement indicating that you are aware of and agree with the contract.

If you do not complete course requirements, you may receive a "WX" grade when the instructor determines that reasonable progress has been made and when you can re-enroll for course completion prior to the certification date in the next regular semester. If you do not complete the course requirements, the "WX" is converted to a performance grade.

An "E" grade may be given when an instructor wishes to indicate that you have made progress in a developmental studies course. An "E" grade is non-punitive and is not computed. The "E" grade provides more flexibility for re-

Acceptable Scholastic Performance
College work is measured in terms of credit hours. The number of credit hours offered for each course is listed with the course description in this catalog. In college-level courses (those numbered above 1000), the number of credit hours a course has is indicated by the second digit of the course number. A course numbered 1301 is a 3-hour credit course, one numbered 2401 is a 4-hour course, etc.

Acceptable scholastic performance is the maintenance of a grade point average, based on GPA (1), of 2.0 (on a 4.0 scale) or better. You may not be graduated from any degree or certificate program unless you have a cumulative grade point average of 2.0, based on GPA (2), or better. Grade points and hours earned in courses numbered below 1000, ARTS 1170, MUSI 9176, and DRAM 1170 cannot be used to meet graduation requirements.

Grade Reports
Grade reports are no longer mailed to students. Students may acquire their grades online through www.econnect.dcccd.edu or by telephone at 972-613-1818.

Transcript of Credit
The transcript of credit is a chronological listing of college credit classes attempted within the DCCCD seven-college system. The transcript is official if the document is embossed with the college seal and imprinted with the signature of the Registrar. It includes both GPA (1) and GPA (2).

Upon your written request, the Registrar's Office will send an official transcript to you or to any college or agency named. A minimum of two working days is required for processing. A transcript will be released only if all obligations to the DCCCD have been settled. Transfer credits from other institutions are not recorded on transcripts. If you desire a transcript of work completed at another institution, you must secure it from that institution.

Transcript Evaluations
If you have completed course work at a regionally accredited college or university, and you will be working toward an associate degree or a certificate at the college, you should contact the Registrar's Office to request a transcript evaluation. The college will inform transfer students of the amount of credit which will transfer, if not prior to your enrollment, but at least prior to the end of the first academic term in which you are enrolled.

Transcript Request
To request a free copy of your transcript, write or fax the Admissions Office at the college of the DCCCD you last attended. You can also make your request online through the DCCCD website. The registrar needs a dated and signed request that includes the following:

- Your name
- a copy of your driver's license
- your Social Security number (optional)
- when you attended
- where to send the transcript

Your signature is REQUIRED. The Registrar cannot fill the request without it. College addresses and telephone numbers can be found at http://www.dcccd.edu/maps/maps.htm.
Probation, Suspension & Dismissal

Scholastic Probation

If you have completed a total of nine (9) credit hours with a performance grade of "A," "B," "C," "D" or "F" and have a grade point average based on GPA(1) of less than 2.0, you will be placed on scholastic probation. While on scholastic probation, you may have coursework and total hours limited, but you may re-enroll at the college if you earn a minimum 2.0 grade point average based on GPA(1) in each semester or summer session. While on scholastic probation, if you fail to meet the above requirements in a semester or summer session, you will be placed on scholastic suspension and will not be allowed to register.

Scholastic Suspension

If you are on scholastic probation and become ineligible to re-enroll, you shall be suspended from the college for not less than one semester.

After you have served a first suspension, you may petition for readmission. If readmission is approved, you may then continue to re-enroll with completion of a semester or summer session with a GPA of 2.0 or greater.

Academic Dismissal

If you do not meet the required standards and are placed on continued scholastic suspension for a second time, you will be academically dismissed for a period of 12 months. Prior to applying for readmission, you must present to the admissions committee a written explanation of how you plan to improve your academic standing. You may be readmitted on continued scholastic probation, and your coursework and total hours may be limited.

Indefinite Academic Dismissal

If you are readmitted after having been on scholastic suspension and academic dismissal, and subsequently fail to achieve a GPA (1) of 2.0 greater, you shall be placed on indefinite academic dismissal. After a period of more than 12 months, only the Vice President of Student Development or designee may recommend you for readmission.

It is your responsibility to understand and comply with the college's academic standards and procedures of the institution.

If you are on academic suspension or academic dismissal from another institution, you are ineligible for admission to the college unless you have met the academic standards required by the college.

Graduation Requirements

In addition to other graduation requirements, you are expected to complete within five (5) years the course and hour degree requirements as outlined in the catalog in effect at the time of your entrance to the college. You may have the option to select a more recent catalog year in which you were enrolled, provided the degree requirements are met within five (5) years of the catalog selected and the requisite courses are still offered.

To qualify for a second degree or certificate, you must fulfill the residence requirement and must complete all required courses in the plan for the second degree or certificate. The college reserves the right to modify curricula or to make changes as appropriate.

You, the student, have the ultimate responsibility to select and register for courses meeting graduation requirements.

Associate Degree Plans

If you are seeking an associate degree, you should request a degree plan from the Registrar's Office no later than at the end of your freshman year and preferably sooner. Official transcripts of all previous college work must be on file at the time you request a degree plan. The application for the granting of the degree should be filed in the Registrar's Office prior to the deadline announced by the registrar.

Certificate Plans

If you are following a one-year certificate program, you should request an official plan during your first semester of enrollment. The application for the granting of the certificate should be filed in the Registrar's Office prior to the deadline announced by the registrar.

Graduation Ceremony

An annual graduation ceremony is held at the conclusion of the spring semester. Participation is ceremonial only and confers on a student no rights to a degree. If you graduate in December, you may participate in the next commencement if you desire; likewise if you graduate in July or August, you may participate in the spring commencement if you desire, but you are not required to do so. You should notify the Registrar's Office if you wish to participate in the commencement ceremony. Instructions for graduation are mailed to all candidates prior to commencement. The college may schedule additional graduation ceremonies.

Waiving of Scholastic Deficiency for Graduation Purposes

Any student in an academic transfer program may transfer to an Associate in Applied Sciences Degree or certificate program. In such a case, you may choose to have any grades below "C" disregarded. The procedure for disregarding low grades below a "C" may only be exercised while you are in that career program. The GPA for an Associate in Applied Sciences Degree or certificate is based only on the hours used to meet degree requirements; however, the overall GPA (2) must still be 2.0 or above. If you change to an academic transfer program, the original conditions of the academic transfer program must be followed, including the calculation of a cumulative grade point average of all college credits earned. The procedure for waiving scholastic deficiency applies both to students of this college and to students transferring from other institutions. If you wish to use the procedure for waiving scholastic deficiency, you should indicate this in writing to the registrar prior to registration, and you should inform a counselor of your intentions during the preregistration advisement session.
Academic Recognition & College Honors

Full-time students who complete at least 12 hours of college-level credit and earn a grade point average of 3.5-3.79 are listed on the Vice President's Honor Roll. Full-time students who complete at least 12 hours of college-level credit and average 3.8-4.0 are placed on the President's Honor Roll. Part-time students who take six to 11 college-level credit hours and maintain a 3.5 or higher grade point average are placed on the Academic Recognition List. GPA (2) is used to determine academic recognition.

Phi Theta Kappa

Phi Theta Kappa is the international honor society for community colleges. Founded in 1918 to give prestigious recognition to students with excellent scholarship and character, Phi Theta Kappa has always maintained fidelity to its founders' commitment to provide enrichment in four hallmarks: scholarship, leadership, service, and fellowship. Phi Theta Kappa features some of the nation's finest educational programs for community college students. These programs form the cornerstone of the DCCCD's successes in nurturing scholarship, leadership, service, and fellowship. Many scholarship opportunities are available including the USA All-American Scholarships and the Guistwhite Scholarship Program.

Who's Who Among Students in American Community Colleges

Selections to Who's Who Among Students in America Community Colleges are made each fall. Who's Who is a highly regarded honor reserved for outstanding second-year college students eligible for the program. In general, students are recognized at graduation and at convocation in the spring.

Bill J. Priest Institute for Economic Development

Business and Industry Services

The DCCCD's Bill Priest Institute and seven colleges strive to meet the business community's training needs. The DCCCD offers credit and non-credit training, and frequently customizes training to meet the unique needs for specific businesses. Training is offered at the work site or at any DCCCD location, and trainers are industry-experienced experts who know their subjects well. For information about business and industry services at any DCCCD location, call (214) 860-2135.

Job Profiling and Matching

Using the Job Profiling and Matching services, the Bill Priest Institute can help your organization evaluate your hiring needs, profile your jobs and scientifically match those needs with qualified applicants.

ACT Center

Training employees to be productive and skillful is one of the most expensive problems facing companies. To help combat this, the Bill Priest Institute has partnered with ACT, best known for its college entrance exam, to be the Dallas headquarters for a testing and training center designed to help businesses and individuals achieve their goals while boosting the skills of our workforce. The Bill Priest Institute's ACT Center™ offers convenient and affordable access to more than 2,000 high-tech, web-based job training and testing programs. The Act Center is an invaluable addition to the DCCCD. The ACT Center provides:

- Local training or distance learning (when appropriate technology is available).
- On-demand learning opportunities for individuals or groups.
- A backup source of training, even when training is typically conducted by training staff of the corporation.
- Individualized, self-paced courseware that will save time and money by not duplicating what employees already know.
- Latest state-of-the-art technology for delivering training, education, and assessments.

Tom Peters! Company

The Bill Priest Institute is the first Texas college to join the Tom Peters Alliance, a partnership between the Tom Peters company and educational institutions nationwide designed to engage a dynamic delivery system for business performance improvement consultation and training programs. The training services, which are about bringing passion, caring and commitment to work, include: The Leadership Challenge™ Workshop; Leadership is Everyone’s Business™ Workshop; Tom Peters WOW! Projects™ Workshop; and Brand You™ Inspire Performance Workshop.

ISO 9000 Implementation

Your competitors enjoy a preferred status with customers, have increased bid opportunities, and can more readily seek sales abroad. Many companies want ISO 9000 certification but have been discouraged by the high cost of using outside resources to become prepared. Others that try to prepare with internal resources have found the documentation process overwhelming. The Bill Priest Institute, in association with QRX Incorporated, the Texas Manufacturing Assistance Center and accredited registrars, offers a cost-effective ISO 9000 program to help you improve your company's competitive position. Combining training sessions and workshops, benchmarking with peer groups, coaching and feedback from internationally recognized ISO/OS 9000 experts, the program ensures measurable improvements in your company's processes - even before you gain certification. With no prior ISO 9000 experience, your company can become certified in less than one year.

Fast Track Business Software Workshops

The Bill Priest Institute offers Fast Track computer software workshops at the Universities Center at Dallas (UCD), conveniently located in downtown Dallas. Specially designed to meet business needs, individuals or small groups of employees learn the latest skills in the software applications they use the most while missing only one day of work.
Office Space and Services

Keeping overhead expenses to a minimum is critical to a start-up company's survival. That's why the Bill Priest Institute leases office space at affordable rates to small businesses at 1402 Corinth Street, conveniently located just south of downtown Dallas. The Business Incubation Center offers young, service-oriented companies the facilities and services necessary to thrive during the first four years of operation. Easy access to the Small Business Development Centers' on-site training and counseling is an added bonus. Finding assistance with creating your own marketing plan or obtaining a patent is as simple as walking down the hall to visit with one of the SBDC's counselors.

A variety of lease options is available—from single offices to four-office suites. Rates for office space are designed to provide maximum flexibility and diverse options. Space cost is based on actual square footage leased upon move-in. The following services are available:

- Daily office cleaning
- Fax machines
- Copiers
- Secure garage parking
- 24-hour security and access

Small Business Development Centers

The Small Business Development Centers (SBDCs) of the DCCCD are partnership programs with the U.S. Small Business Administration (SBA). SBDCs are dedicated to giving business owners free counseling and affordable training on a variety of important topics.

Experts assist you in getting your business off the ground by helping you write your business plan, acquire financing and market your products and services. If you're already in business and need help marketing on the Internet, getting a patent, obtaining government contracts, complying with environmental regulations, or entering international markets, our SBDCs can point you in the right direction.

Nationally certified counselors address:

- Management issues
- Marketing
- Accessing capital
- Business expansion
- Buying or selling a business
- International trade
- Government contracting
- Patents, copyrights and trademarks
- Environmental regulation compliance
- Technology and manufacturing

Distance Learning

Technology has revolutionized almost every aspect of our lives. We communicate, work and travel with greater speed and precision. We now use the Internet for everything from trading stocks to grocery shopping—so, it only makes sense that we would use technology for education and learning.

Imagine taking classes from the convenience of your home, office or wherever your laptop can take you. That's what the Dallas TeleCollege and distance learning is all about. The Dallas County Community College District (DCCCD) has been in the distance learning business for over 25 years. In 1991, the LeCroy Center for Educational Telecommunications (LCET) was established to house the rapidly growing and expanding distance learning and course development program. Today the DCCCD has over 15,000 distance learning enrollments every year.

Distance learning is a collaborative effort of all seven colleges of the DCCCD, each accredited by the Commission of Colleges of the Southern Association of Colleges and Schools. This program draws its strength from its faculty and the integrity of the course content, from technical to baccalaureate-transfer classes, offered by the colleges. Faculty ensure the continued success of distance learning courses by facilitating vigorous student interaction via multiple technologies.

Many aspects of the district-wide distance learning administration, technology infrastructure and instructional support service function are housed at the R. Jan LeCroy Center for Educational Telecommunications, located adjacent to the Richland College campus in North Dallas. In addition to Dallas TeleCollege, the LeCroy Center operates:

- Dallas TeleLearning (telelearning, dcccd.edu), one of the nation's premier producers of educational telecommunications and distance learning products;
- Dallas Teleconferences, award-winning producer of international teleconferences on topics supporting education and training for educational institutions, businesses and government agencies; and
- STARLINK, a Texas-statewide videoconference network that produces and distributes staff development programming primarily for 90-two year colleges, technical institutions, state agencies and other public entities.

DALLAS TeleCollege

The options for distance learning are accessible to students locally, nationally and internationally. DALLAS TeleCollege is the DCCCD's "virtual campus." This virtual campus gives students the ability to access to college courses without having to come to the campus location. DALLAS TeleCollege continuously increases access to DCCCD programs and courses offered via distance learning by coupling instruction that can be offered at a true-distance, without campus-based requirements, with an array of student services accessible to students anywhere, anywhere. Dallas Telecollege offers everything you need, virtually.

Students may apply for the following degrees through distance education; the Associate of Arts Degree, the Associate of Sciences Degree, and the Associate in Business Degree.
Admissions

Dallas TeleCollege Admissions is located at the R. Jan LeCroy Center for Educational Telecommunications. Dallas TeleCollege admissions policies are those of the DCCCD. See Getting Started. Dallas TeleCollege is a collaborative effort of all seven DCCCD colleges. You may apply for admissions to the DCCCD online, or for more information about Dallas TeleCollege Admissions contact the office directly at: www.telecollege.dcccd.edu.

Dallas TeleCollege Admissions
9596 Walnut St.
Dallas, TX 75243-2112
Phone: (972) 669-6414
If outside of Dallas: 1 (888) 468-4268

Registration

Dallas TeleCollege Online Registration is housed at the R. Jan LeCroy Center for Educational Telecommunications. All district policies and requirements apply to Dallas TeleCollege registrations.

Dallas TeleCollege class schedules are available online at the Dallas TeleCollege homepage at www.telecollege.dcccd.edu. Dallas TeleCollege offers regular semester (fall, spring and summer) courses, following the Academic Calendar of the DCCCD. In addition, the Dallas TeleCollege offers many courses through Open Enrollment. Open Enrollment sections are 16-week sessions that begin every month.

Students registering in Dallas TeleCollege sections (9000-level) may access online registration at the Dallas TeleCollege homepage at www.telecollege.dcccd.edu. For more information about Dallas TeleCollege Registration, contact the office directly at:

Advising

Dallas TeleCollege makes academic advising accessible and convenient to students needing the flexibility of campus-free education and services. Distance learners in need of assistance with a variety of advising issues including degree planning, schedule building, determining TSI standards and course prerequisites may contact a Dallas TeleCollege Academic Advisor. The Dallas TeleCollege self assessment tool, "Is Distance Learning Right For Me", allows students to self-access whether they possess characteristics that would best position them for success in a distance learning environment. The tool is available on the Dallas TeleCollege website at www.telecollege.dcccd.edu.

Dallas TeleCollege Academic Advising is available online at the Dallas TeleCollege homepage at www.telecollege.dcccd.edu or by phone at (972) 669-6417, or if outside Dallas, toll-free at 1 (888) 468-4268.

Financial Aid

Financial aid is available for courses offered through Dallas TeleCollege, as it would be for the same courses offered through DCCCD colleges. All district and federal financial aid policies and requirements apply to Dallas TeleCollege students and courses. For more information regarding financial aid see the Financial Aid section of this catalog.

A Dallas TeleCollege Financial Aid Advisor is available to all Dallas TeleCollege students at the Dallas TeleCollege homepage, www.telecollege.dcccd.edu. Students utilizing financial aid interested in Dallas TeleCollege sections are encouraged to contact the Dallas TeleCollege Financial Aid Advisor. The site is also a rich resource of web-based information regarding financial aid, including links to online FAFSA (Free Application for Federal Student Aid) and other web-based resources.

Learning Resources

Dallas TeleCollege makes available and maintains various learning resources. The Dallas TeleCollege library is made possible through a partnership with Richland College. The online library makes available the latest in web-based library and reference tools including online databases, the DCCCD library catalog, online research assistance, an online "Ask a Librarian" feature, bibliographies, quotations and more. The Dallas TeleCollege Library may be accessed through the Dallas TeleCollege homepage at www.telecollege.dcccd.edu.

Dallas TeleCollege also supports a variety of learning resources in the areas of study skills and writing skills. The Dallas TeleCollege Online Writing Lab allows you to submit short questions about grammar, punctuation, and spelling. The Online Writing Lab staff will read and comment on short essays sent via e-mail.

For more information about these and other learning resources available through Dallas TeleCollege, visit the homepage, at www.telecollege.dcccd.edu.

Course Formats

Distance learning courses are offered in a number of formats. Each format may utilize a variety of learning technologies, such as video and CD-ROM, which are designed to enhance the learning experience. Course formats are either offered completely at a distance or require on campus visits.

Completely at a Distance

• Online Course
Online courses are delivered using only computers and computer peripherals. Students are required to have reliable Internet access and the latest version of Internet browser software. The online classroom is used to deliver instruction, facilitate interactions between faculty and students.

• Telecourse PLUS Course
The Telecourse PLUS incorporates the use of video and the online classroom. The course includes a pre-produced video series with print materials. Students are required to have access to local cable for viewing or a VHS format videocassette player. Students are also required to have reliable Internet access and the latest version of Internet browser software. The online classroom is used to deliver instruction, facilitate interactions between faculty and students, and more.
On-Campus Requirements

• Telecourse
  The Telecourse allows the students to work and learn independently, with campus-based requirements including orientations, testing, and review sessions. The course includes a pre-produced video series with print materials. Class interaction is offered through telephone, fax and mail. Students are required to have access to local cable for viewing or a VHS format videocassette player.

• Campus-Based Distance Learning
  Campus-based distance learning courses may include any of the above formats along with on-campus requirements. This means that students must visit the campus for a portion of their class. Most student services are also delivered on campus and not at a distance.

• Individualized Distance Learning Courses (IDL)
  IDL courses are individual study courses that use print materials and required activities related to course topics. This self-paced course requires a faculty-to-student agreement for specific work assignments and/or projects. Additional requirements include a study-faculty orientation, written assignments, and tests. Contact your instructor for more information.

Learning Technologies

Course formats may include one or more of the following learning technologies:

• Internet
  Courses utilizing the Internet require students have Internet access and the latest version of a browser (Netscape or Internet Explorer).

• Video Series
  Several course formats such as telecourses utilize pre-produced video series which can be viewed in the following ways:
  - Local Cable TV – Videos can be viewed through many local cable channels at scheduled times.
  - Videotapes – Videotapes may be leased from our online bookstore and viewed on a video cassette player or viewed on campus in the media center.
  - Video Streaming – Video streaming allows you to view video lesson programs from your home or office computer. This service requires broadband connectivity such as DSL, cable modems, or wireless connections, and payment of a fee.
  - CD-ROM/DVD – in some cases videos may be available on CD-ROM and/or DVD.

• CD-ROM
  The CD-ROM format is a student-centered instructional design using fully integrated multimedia course delivery along with supported print materials. This format brings video programs, interactive computer-based activities, and Internet resources to the student's desktop. Materials include a pre-produced video series along with print materials.

For more information about Dallas Telecollege Administration and Student Services visit our website at www.telecollege.dcccd.edu.
Degrees Offered

Associate in Arts Degree, Associate in Sciences Degree, Fields of Study, and Emphasis Degrees

In addition to the Associate in Arts and Associate in Sciences Degrees offered, a student may also complete an official Field of Study.

The Texas Higher Education Coordinating Board has created Fields of Study, which are designed to transfer as a block of credit to any Texas public college or university. Fields of Study are comprised of courses a student should complete at the freshman and sophomore level that will lead to a specific major in a degree. Students' transcripts will include a notation that states a specific Field of Study has been completed. In order for such a notation to appear, students must successfully complete specific courses comprising the Field of Study. No course substitutions, other than those shown within the plan, will be permitted.

In addition, students may wish to combine a completed Field of Study with the college core curriculum requirements to complete the appropriate Associates degree. In order to do so, students should complete the courses indicated in the degree plans located elsewhere in this catalog. However, students may have to make a choice between pursuing the degree or the official Field of Study because of the number of hours required. As additional Fields of Study are made available, information may be located on the college web page. The following Fields of Study are currently available:

- Associate in Sciences Degree with a Field of Study in Business
- Associate in Sciences Degree with a Field of Study in Computer Science
- Associate in Arts Degree with a Field of Study in Criminal Justice
- Associate in Sciences Degree with a Field of Study in Engineering Technology—Computer Engineering Technology
- Associate in Sciences Degree with a Field of Study in Engineering Technology—Electrical Engineering Technology
- Associate in Sciences Degree with a Field of Study in Engineering Technology—Electronics Engineering Technology
- Associate in Arts Degree with a Field of Study in Mass Communications—Advertising and Public Relations
- Associate in Arts Degree with a Field of Study in Mass Communications—Broadcast Journalism
- Associate in Arts Degree with a Field of Study in Mass Communications—Journalism
- Associate in Arts Degree with a Field of Study in Music
- Associate in Arts Degree with a Field of Study in Teacher Preparation for Pre-K - Grade 4
- Associate in Sciences Degree with a Field of Study in Teacher Preparation for Grades 4-8 Certification

The college also offers a number of "emphasis" degrees in specific majors. An "emphasis" degree is one designed by the college. It includes the college core curriculum required in all degrees plus courses within the student's desired major. Students pursuing an "emphasis" degree should work closely with an advisor to ensure all courses will transfer and count toward the major at the selected institution to which the student plans to transfer. An "Articulated Emphasis" degree is one that will transfer to specified universities. As additional Emphasis Degrees are made available, information may be located on the college web page. The following Emphasis Degrees are currently available:

- Associate in Arts Degree with an Emphasis in Art
- Associate in Arts Degree with an Emphasis in Bilingual Teacher Preparation for Early Childhood Pre-K - Grade 4
- Associate in Sciences Degree with an Emphasis in Bilingual Teacher Preparation for Early Childhood Pre-K - Grade 4
- Associate in Sciences Degree with an Emphasis in Bilingual Teacher Preparation for Early Childhood, Grade 4-8
- Associate in Arts Degree in Early Childhood Education—Grade 4 Teacher Preparation
- Associate in Sciences Degree with an Emphasis in Electrical Engineering
- Associate in Arts Degree with an Emphasis in Humanities
- Associate in Sciences Degree with an Emphasis in Mathematics
- Associate in Arts Degree with an Emphasis in Peace Studies
- Associate in Arts Degree with an Emphasis in Photographic/Imaging
- Associate in Arts Degree with an Emphasis in Teacher Preparation—Teacher Preparation General Education
- Associate in Arts Degree with an Emphasis in Teacher Preparation—Urban Education

See specific degree plans and certificate plans under the Associate in Applied Sciences, Emphasis Degrees and Field of Study Degrees for degree offerings by DCCCD college locations.
ASSOCIATE IN ARTS DEGREE
Available at all DCCCD Colleges

Degree Code: AA.ARTS
In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 61 credit hours including all the required courses listed.
2. Earn a grade of "C" or better in English 1301, either Speech 1311 or Speech 1315 and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

This degree may be taken through a combination of on-campus and distance education offerings, or if planned correctly, the degree may be completed entirely through distance education. Receiving institutions are not required to accept a grade below "C" in transfer.

Students who plan to transfer must work closely with an advisor.

Fields of Study Offerings

The Texas Higher Education Coordinating Board has created Fields of Study, which are designed to transfer as a block of credit to any Texas public college or university. Fields of Study are comprised of courses a student should complete at the freshman and sophomore level that will lead to a specific major in a degree. Students' transcripts will include a notation that states a specific Field of Study has been completed. In order for such a notation to appear, students must successfully complete specific courses comprising the Field of Study. No course substitutions, other than those shown within the plan, will be permitted.

Field of Study in Business—Available at all DCCCD Colleges
Speech 1315; Economics 2301 and 2302; BCIS 1405; Accounting 2301 or 2401 and 2302 or 2402; Math 1325 or 1425.

Field of Study in Computer Science—Available at Brookhaven, Cedar Valley, Eastfield, Mountain View, North Lake & Richland Colleges
Math 2414, 2513; Physics 2425 and 2426; Computer Science 1436, 1437, 2425 and 2436.

Field of Study in Criminal Justice—Available at Cedar Valley, Eastfield & Mountain View Colleges
Criminal Justice 1301, 1306, 1310, 2313 and 2328.

Field of Study in Engineering Technology—Computer Engineering Technology—Available at Mountain View & Richland Colleges
Math 2414, 2513; Physics 1401 and 1402; Chemistry 1411; English 2311; Engineering Technology 1401, 1402 and 1407.

Field of Study in Engineering Technology—Electrical Engineering Technology—Available at Richland College
Math 2414, 2513; Physics 1401 and 1402; Chemistry 1411; English 2311; Engineering Technology 1401, 1402 and 1407.

Field of Study in Engineering Technology—Electronics Engineering Technology—Available at Mountain View & Richland Colleges
For math, students may select option A or B (OPTION A: take Math 1314 or 1414 and 1316 or 2412; OR OPTION B: take Math 2414 and 2513). Physics 1401 and 1402 or 2425 and 2426; Chemistry 1411; English 2311; Engineering Technology 1401, 1402 and 1407.

Field of Study in Mass Communications—Advertising and Public Relations—Available at Brookhaven & Richland Colleges
All students pursuing this degree MUST complete Option A or B:

OPTION A
Select each of the following courses: Journalism 1307, 2327; Drama 2330 AND
Select one course from the following: Journalism 2305, 2311, 2315, 2332; Photography 2356; Communications 1336, 1337

OPTION B
Select each of the following courses: Journalism 1307 and Journalism 2327, or Drama 2330 AND
Select two courses from the following: Journalism 2305, 2311, 2315, 2332; Photography 2356; Communications 1336, 1337

Field of Study in Mass Communications—Broadcast Journalism—Available at Richland College
All students pursuing this degree MUST complete Option A or B:

OPTION A
Select each of the following courses: Journalism 1307, 1335; Drama 2336 AND
Select one course from the following: Journalism 2311, 2315, 2332; Communications 1336, 1337

OPTION B
Select each of the following courses: Journalism 1307 and Journalism 1335 or Drama 2366 AND
Select two courses from the following: Journalism 2311, 2315, 2332; Communications 1336, 1337

69
Field of Study in Mass Communications-Journalism-Available at Brookhaven, Eastfield & Richland Colleges

All students pursuing this degree MUST complete Option A or B:

**OPTION A**
Students must take: Journalism 1307 AND
Select one course from the following courses: Journalism 1335, *2311, 2327, 2330 AND
Select two courses from the following: Journalism 2305, *2311, 2315; Photography 1316

* Journalism 2311 is not repeatable for credit and will satisfy only one requirement.

**OPTION B**
Students must take: Journalism 1307 AND
Select two courses from the following: Journalism 1335, *2311, 2327, 2330 AND
Select one course from the following: Journalism 2305, *2311, 2315; Photography 1316

* Journalism 2311 is not repeatable for credit and will satisfy only one requirement.

Field of Study in Music—Available at all DCCCD Colleges
MUSI 1308; Four semester hours from MUEN 1121, 1122, 1123, 1131, 1132, 1133, 1134, 1135, 1136, 1137, 1151, 1152, 1153, 2123, 2141; Eight semester hours from MUAP 1101, 1105, 1109, 1113, 1115, 1117, 1121, 1125, 1129, 1133, 1137, 1141, 1145, 1149, 1153, 1157, 1158, 1161, 1165, 1169, 1177, 1181, 2201, 2205, 2209, 2213, 2215, 2217, 2221, 2225, 2229, 2233, 2237, 2241, 2245, 2249, 2253, 2257, 2258, 2261, 2265, 2269, 2277, 2281; Sixteen semester hours from MUSI 1116, 1117, 1311, 1312, 2311, 2312, 2116, 2117.

Field of Study in Teacher Preparation for Pre-K - Grade 4—Available at Brookhaven, Cedar Valley, Eastfield, Mountain View & Richland Colleges
TECA 1303, 1311, 1318 and 1354.

Field of Study in Teacher Preparation for Grades 4-8 Certification—Available at Brookhaven, Eastfield, Mountain View & Richland Colleges
EDUC 1301; TECA 1354; Math 1350 and 1351.
ASSOCIATE IN SCIENCES DEGREE WITH A FIELD OF STUDY IN BUSINESS
This plan is an official Field of Study Degree approved by the Texas Higher Education Coordinating Board
Available at all DCCCD Colleges

Degree Code: AS.FS.BUSINESS
This degree plan is designed to meet the needs of students who plan to major in Business and transfer to a four-year college/university. This curriculum applies to the Bachelor of Arts, Bachelor of Science, or Bachelor of Business Administration as deemed appropriate by the awarding institution. The field of study in business included in this degree is approved by the Texas Higher Education Coordinating Board. This degree plan will constitute a 61-64 semester credit hour transfer block to any public Texas four-year college or university. Transferring students shall not be required to repeat courses transferred as part of the field of study curriculum. Completion of the field of study curriculum shall not prevent a receiving institution from requiring additional lower-division courses that may be necessary for specific degree programs. Receiving institutions are not required to accept a grade below “C” in transfer.

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 61 credit hours including all the required courses listed;
2. Earn a grade of "C" or better in English 1301, Speech 1315, and Math 1324;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

Total Credit Hours 61-64

Student's transcript will indicate the Field of Study has been completed upon successful completion of the following courses: Speech 1315; Economics 2301 and 2302; BCIS 1405; Accounting 2301 or 2401 and 2302 or 2402; Math 1325 or 1425.
ASSOCIATE IN SCIENCES DEGREE WITH A FIELD OF STUDY IN COMPUTER SCIENCE

This plan is an official Field of Study Degree approved by the Texas Higher Education Coordinating Board. Available at Brookhaven, Cedar Valley, Eastfield, Mountain View, North Lake and Richland Colleges.

Degree Code: AS.FS.COMP.SCI

This degree plan is designed to meet the needs of students who plan to major in Computer Science and transfer to a four-year college or university. The Texas Higher Education Coordinating Board approves the field of study in Computer Science included in this degree. This degree plan will constitute a semester credit hour transfer block to any public Texas four-year college or university with a Computer Science Major. Transferring students shall not be required to repeat courses transferred as part of the field of study curriculum. Completion of the field of study curriculum shall not prevent a receiving institution from requiring additional lower-division courses that may be necessary for specific degree programs. Because of the complexity of requirements, students must plan very carefully and work with an advisor.

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 67 credit hours including the courses listed below;
2. Earn a grade of "C" or better in English 1301, either Speech 1311 or Speech 1315, and the first college-level math course;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

It is recommended that students complete the math sequence, physics sequence, and computer science sequence at the same institution to reduce the likelihood of potential gaps in the curriculum.

INSTITUTIONAL OPTIONS
Select each of the following:
- Physical Education 1164
- Computer Science 1436

REQUIRED COMPUTER SCIENCE FIELD OF STUDY COURSES
Select each of the following:
- Computer Science 1437
- Computer Science 2436
- Computer Science 2425
- Mathematics 2414

TOTAL CREDIT HOURS
Note: State universities are required to accept only 66 hours in transfer; therefore, it is strongly suggested that students check with their receiving university regarding the acceptance of any credit hours over the 66 credit hour maximum. Students may have to make a choice between completing the Field of Study or the degree.

Student’s transcript will indicate the Field of Study has been completed upon successful completion of the following courses: Math 2513 and 2414; Physics 2425 and 2426; Computer Science 1436, 1437, 2425 and 2436.

1 Mathematics 2513 has the prerequisite of Mathematics 2412, which has the prerequisite of Mathematics 1316, which has the prerequisite of Mathematics 1314 or 1414, which has the prerequisite of two years of high school algebra and an appropriate assessment score or Developmental Mathematics 0099 or 0093.

2 Physics 2425 has the prerequisite of credit or concurrent enrollment in Mathematics 2513.

3 Physics 2426 has the prerequisite of Physics 2425 and credit or concurrent enrollment in Mathematics 2414.

4 Computer Science 1436 is not part of the Computer Science major requirements at The University of Texas at Austin, University of Texas at Arlington, University of Texas at Dallas, and Texas A & M University.

5 Computer Science 1437 has the prerequisite of Computer Science 1436. Computer Science 1437 is not part of the Computer Science major requirements at The University of Texas at Austin. Preparatory courses such as Computer Science 1436 and Computer Science 1437 will assist students that need additional background but do not apply toward the computer science major requirements.

6 Computer Science 2436 has the prerequisite of Computer Science 1437.

7 Computer Science 2425 has the prerequisite of Computer Science 1436. Computer Science 2425 is not part of the Computer Science major requirements at The University of Texas at Austin or Texas A & M University, but may be applied to general degree requirements.

8 Mathematics 2414 has the prerequisite of Mathematics 2513 or equivalent. Some universities require the completion of Mathematics 2315 as well; Mathematics 2315 has the prerequisite of Mathematics 2414.
ASSOCIATE IN SCIENCES DEGREE WITH A FIELD OF STUDY IN
ENGINEERING TECHNOLOGY - COMPUTER ENGINEERING TECHNOLOGY
This plan is an official Field of Study Degree approved by the Texas Higher Education Coordinating Board
Available at Mountain View and Richland Colleges

Degree Code: AS.FS.COMP.ENGR.TECH
In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 72 credit hours including all the required courses listed;
2. Earn a grade of "C" or better in English 1301, either Speech 1311 or Speech 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

Students who plan to transfer must work closely with an advisor. This plan allows transfer to all Texas public institutions offering a degree in this discipline including the University of Houston, University of Houston-Downtown and Prairie View A&M. Students should check with the transfer institution to determine the total number of transfer credits the institution will accept. Students who do not plan to transfer may wish to look at related Associate in Applied Sciences degrees and/or certificates.

ASSOCIATE IN ARTS DEGREE WITH A FIELD OF STUDY IN MASS COMMUNICATIONS - ADVERTISING AND PUBLIC RELATIONS
Available at Brookhaven and Richland Colleges

Degree Code: AA.FS.ADV/PUB.REL

In order to be eligible to receive this AA degree, a student must:
1. Complete a minimum of 64 credit hours including all the required courses listed;
2. Earn a grade of “C” or better in English 1301, either Speech 1311 or 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 (“C”);
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

This degree may be taken through a combination of on-campus and distance education offerings; or if planned correctly, the degree may be completed entirely through distance education. Receiving institutions are not required to accept a grade below “C” in transfer.

Students who plan to transfer must work closely with an advisor.

REQUIRED MASS COMMUNICATIONS - ADVERTISING AND PUBLIC RELATIONS FIELD OF STUDY COURSES

All students pursuing this degree **MUST** complete Option A or B:

**OPTION A**
Select each of the following courses:
- Journalism 1307, 2327
- Drama 2330

Select one course from the following:
- Journalism 2305, 2311, 2315, 2332
- Photography 2356
- Communications 1336, 1337

**OPTION B**
Select each of the following courses:
- Journalism 1307 and Journalism 2327 or Drama 2330

Select two courses from the following:
- Journalism 2305, 2311, 2315, 2332
- Photography 2356
- Communications 1336, 1337

| Total Credit Hours | 64 |

Student's transcript will indicate the Field of Study has been completed upon successful completion of the following courses: **Journalism 1307 and 9 credit hours from Option A OR Journalism 1307 and 9 credit hours from Option B.**
ASSOCIATE IN ARTS DEGREE WITH A FIELD OF STUDY IN
MASS COMMUNICATIONS - BROADCAST JOURNALISM
Available at Richland College

Degree Code: AA.FS.BROADCAST

In order to be eligible to receive this AA degree, a student must:
1. Complete a minimum of 64 credit hours including all the required courses listed;
2. Earn a grade of "C" or better in English 1301, either Speech 1311 or 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

This degree may be taken through a combination of on-campus and distance education offerings; or if planned correctly, the degree may be completed entirely through distance education. Receiving institutions are not required to accept a grade below "C" in transfer.

Students who plan to transfer must work closely with an advisor.

REQUIRED MASS COMMUNICATIONS - BROADCAST JOURNALISM FIELD OF STUDY COURSES

All students pursuing this degree **MUST** complete Option A or B:

**OPTION A**
*Select each of the following courses:*
- Journalism 1307, 1335
- Drama 2366

*Select one course from the following:*
- Journalism 2311, 2315, 2332
- Communications 1336, 1337

**OPTION B**
*Select each of the following courses:*
- Journalism 1307 and Journalism 1335 or Drama 2366

*Select two courses from the following:*
- Journalism 2311, 2315, 2332
- Communications 1336, 1337

| Total Credit Hours | 64 |

Student's transcript will indicate the Field of Study has been completed upon successful completion of the following courses: *Journalism 1307 and 9 credit hours from Option A OR Journalism 1307 and 9 credit hours from Option B.*
ASSOCIATE IN ARTS DEGREE WITH A FIELD OF STUDY IN
MASS COMMUNICATIONS - JOURNALISM
Available at Brookhaven, Eastfield and Richland Colleges

Degree Code: AA.FS.JOURN

In order to be eligible to receive this AA degree, a student must:

1. Complete a minimum of 64 credit hours including all the required courses listed;
2. Earn a grade of "C" or better in English 1301, Speech 1311 or 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

This degree may be taken through a combination of on-campus and distance education offerings; or if planned correctly, the degree may be completed entirely through distance education. Receiving institutions are not required to accept a grade below "C" in transfer.

Students who plan to transfer must work closely with an advisor.

*Select one course from the following:*
Journalism 2305, *2311, 2315*
Photography 1316

* Journalism 2311 is not repeatable for credit and will satisfy only one requirement.

**Total Credit Hours**

64

Student’s transcript will indicate the Field of Study has been completed upon successful completion of the following courses: *Journalism 1307 and 9 credit hours from Option A OR Journalism 1307 and 9 credit hours from Option B.*
ASSOCIATE IN ARTS DEGREE WITH A FIELD OF STUDY IN MUSIC

This plan is an official Field of Study Degree approved by the Texas Higher Education Coordinating Board
Available at all DCCCD Colleges

Degree Code: AA.FS.MUSIC
This degree plan is designed to meet the needs of students who plan to major in Music and transfer to a four-year college/university. This curriculum applies to the Bachelor of Music degree, but also may be applied to the Bachelor of Arts or other baccalaureate-level music degree as deemed appropriate by the awarding institution. The field of study in music included in this degree is approved by the Texas Higher Education Coordinating Board. This degree plan will constitute a 66-semester credit hour transfer block to any public Texas four-year college or university.

Transferring students who have completed the field of study curriculum must satisfy the competency and proficiency requirements of the receiving institution. Transferring students shall not be required to repeat courses transferred as part of the field of study curriculum. However, diagnostic assessment of transfer students is permissible if the receiving institution routinely conducts diagnostic assessment of native students at the same point in the program of study.

Completion of the field of study curriculum shall not prevent a receiving institution from requiring additional lower-division courses that may be necessary for specific degree programs. Receiving institutions may require transfer students in specialized programs (e.g., jazz studies, performance, composition, music therapy, etc.) to take additional degree-specific lower-division courses that are not included in the field of study curriculum. Receiving institutions are not required to accept a grade below "C" in transfer.

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 66 credit hours including all the required courses listed;
2. Earn a grade of "C" or better in English 1301, either Speech 1311 or Speech 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

</tbody>
</table>

*If the institution to which the student wishes to transfer requires only one music literature course, the student should take MUSI 1308. If it requires two music literature courses, the student should not take Psychology 2301, but should take MUSI 1308 and 1309.*

### REQUIRED MUSIC ENSEMBLE FIELD OF STUDY COURSES

Select four semester hours from the following:

- MUEN 1121, 1122, 1123, 1131, 1132, 1133, 1134, 1135, 1136, 1137, 1151, 1152, 1153, 2123, 2141

(Courses may be repeated for credit.)

### APPLIED STUDY

I. Select eight semester hours in the major applied area of study of the following:

- MUAP 1101, 1105, 1109, 1113, 1115, 1117, 1121, 1125, 1129, 1133, 1137, 1141, 1145, 1149, 1153, 1157, 1158, 1161, 1165, 1169, 1177, 1181, 2201, 2205, 2209, 2213, 2215, 2217, 2221, 2225, 2229, 2233, 2237, 2241, 2245, 2249, 2253, 2257, 2258, 2261, 2265, 2269, 2277, 2281

(Courses may be repeated for credit.)

II. Applied/class piano

- MUSI 1181, 1182, 2181, 2182; MUAP 1169, 2269, 2369

The actual number of hours in piano is determined by the college based upon student's level and piano proficiency. If the institution determines the student needs 4 hours of piano, the science requirement is reduced to 4 hours.

### THEORY/AURAL SKILLS

Select 16 hours from the following:

- MUSI 1116, 1117, 1311, 1312, 2311, 2312, 2116, 2117

(Courses may be repeated for credit.)

### TOTAL CREDIT HOURS

- 66-67

**Note:** State universities are required to accept only 66 hours in transfer; therefore, it is strongly suggested that students check with their receiving university regarding the acceptance of any credit hours over the 66 credit hour maximum. Students may have to make a choice between completing the Field of Study or the degree.

Student's transcript will indicate the Field of Study has been completed upon successful completion of the following courses: MUSI 1308; Four semester hours from MUEN 1121, 1122, 1123, 1131, 1132, 1133, 1134, 1135, 1136, 1137, 1151, 1152, 1153, 2123, 2141; Eight semester hours from MUAP 1101, 1105, 1109, 1113, 1115, 1117, 1121, 1125, 1129, 1133, 1137, 1141, 1145, 1149, 1153, 1157, 1158, 1161, 1165, 1169, 1177, 1181, 2201, 2205, 2209, 2213, 2215, 2217, 2221, 2225, 2229, 2233, 2237, 2241, 2245, 2249, 2253, 2257, 2258, 2261, 2265, 2269, 2277, 2281; Sixteen semester hours from MUSI 1116, 1117, 1311, 1312, 2311, 2312, 2116, 2117.
ASSOCIATE IN ARTS DEGREE WITH A FIELD OF STUDY IN
TEACHER PREPARATION FOR PRE-K - GRADE 4

This plan is an official Field of Study Degree approved by the Texas Higher Education Coordinating Board
Available at Brookhaven, Cedar Valley, Eastfield, Mountain View and Richland Colleges

Degree Code: AA.FS.TCH.PRP.PREK-4

This degree plan is an officially approved plan by the Texas Higher Education Coordinating Board for students who wish to pursue a Bachelor of Science in Human Sciences or Bachelor of Science in Interdisciplinary Studies with a concentration in Child and Family Studies/Child Development to become an Early Childhood teacher. Receiving institutions are not required to accept a grade below "C" in transfer.

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 61 credit hours as shown below;
2. Earn a grade of "C" or better in English 1301, either Speech 1311 or Speech 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

Total Credit Hours 61-65

Student's transcript will indicate the Field of Study has been completed upon successful completion of the following courses: TECA 1303, 1311, 1318 and 1354.
ASSOCIATE IN SCIENCES DEGREE WITH A FIELD OF STUDY IN TEACHER PREPARATION FOR GRADES 4-8 CERTIFICATION

This plan is an official Field of Study Degree approved by the Texas Higher Education Coordinating Board
Available at Brookhaven, Eastfield, Mountain View and Richland Colleges

Degree Code: AS.FS.TCH.PRP.4-8
This degree plan is an officially approved plan by the Texas Higher Education Coordinating Board for students who wish to pursue a Bachelor of Science in Human Sciences or Bachelor of Science in Interdisciplinary Studies with a concentration in Child and Family Studies/Child Development to become a teacher in Texas. Receiving institutions are not required to accept a grade below "C" in transfer.

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 61 credit hours as shown below;
2. Earn a grade of "C" or better in English 1301, either Speech 1311 or Speech 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

*Before taking one, student should ensure the course is the correct one as approved by the university where the student plans to transfer and count it in their Bachelor of Science with a major in one of the following disciplines: Mathematics, Science, Mathematics/Science Composite, Social Sciences/Language Arts Composite, or Interdisciplinary Studies (Generalist and Bilingual Generalists).

Total Credit Hours 61-65

Student's transcript will indicate the Field of Study has been completed upon successful completion of the following courses: EDUC 1301; TECA 1354; Math 1350 and 1351.
Emphasis Degrees

The college offers a number of “emphasis” degrees in specific majors. An “emphasis” degree is one designed by the college. It includes the college core curriculum required in all degrees plus courses within the student’s desired major. Students pursuing an “emphasis” degree should work closely with an advisor to ensure all courses will transfer and count toward the major at the selected institution to which the student plans to transfer. An “Articulated Emphasis” degree is one that will transfer to specified universities. As additional Emphasis Degrees are made available, information may be located on the college web page. The following Emphasis Degrees are currently available:

**Associate in Arts Degree with an Emphasis in Art**—Available at all DCCCD colleges.

**Associate in Arts Degree with an Emphasis in Bilingual Teacher Preparation for Early Childhood Pre-K - Grade 4**—Available at Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View and Richland Colleges. This degree is transferable to the University of North Texas (Dallas or Denton Campus).

**Associate in Sciences Degree with an Emphasis in Bilingual Teacher Preparation for Early Childhood Pre-K - Grade 4**—Available at Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View and Richland Colleges. This degree is transferable to the University of North Texas (Dallas or Denton Campus).

**Associate in Sciences Degree with an Emphasis in Bilingual Teacher Preparation, Grade 4 - B**—Available at Brookhaven, Eastfield, El Centro, Mountain View and Richland Colleges. This degree is transferable to the University of North Texas (Dallas or Denton Campus).

**Associate in Arts Degree with an Emphasis in Early Childhood Education - Grade 4 Teacher Preparation**—Available at Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View and Richland Colleges. This degree is transferable to the University of Texas at Arlington.

**Associate in Sciences Degree with an Emphasis in Electrical Engineering**—Available at Richland College in conjunction with the University of Texas at Dallas.

**Associate in Arts Degree with an Emphasis in Humanities**—Available at Brookhaven, Cedar Valley, Eastfield, Mountain View, North Lake and Richland Colleges.

**Associate in Sciences Degree with an Emphasis in Mathematics**—Available at all DCCCD colleges.

**Associate in Arts Degree with an Emphasis in Peace Studies**—Available at Richland College. This degree is transferable to the University of North Texas Political Science Department.

**Associate in Arts Degree with an Emphasis in Photographic Imaging**—Available at Richland College.

**Associate in Arts Degree with an Emphasis in Teacher Preparation—Teacher Preparation General Education**—Available at Brookhaven, Eastfield and Richland Colleges.

**Associate in Arts Degree with an Emphasis in Teacher Preparation—Urban Education**—Available at El Centro and Richland Colleges. This degree is transferable to the University of Texas at Arlington and Texas Woman’s University.
ASSOCIATE IN ARTS DEGREE WITH AN EMPHASIS IN ART
Available at all DCCCD Colleges
This is an "Emphasis" degree. Students should read and understand the paragraphs below.

Degree Code: AA.ARTS.ARTS
This degree plan is designed to meet the needs of students who plan to transfer to a four-year college/university with a major in Art. Students planning to continue their Art studies as a transfer student should check specific requirements at the transfer institution. This is a general plan and it may not satisfy all the requirements of a specific transfer four-year college/university. Students should work closely with an academic advisor/counselor.

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 63 credit hours including all the required courses listed;
2. Earn a grade of “C” or better in English 1301, either Speech 1311 or 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 (“C”);
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

ASSOCIATE IN ARTS DEGREE IN BILINGUAL TEACHER PREPARATION FOR 
EARLY CHILDHOOD PRE-K - GRADE 4 
Available at Brookhaven, Eastfield, Mountain View, and Richland Colleges 
and Transferable to the University of North Texas (Dallas or Denton Campus)

Degree Code: AA.UNT.BIL.PREK-4

This is an “Articulated Emphasis” degree. Students should read and understand the paragraphs below.

This degree plan is designed to meet the needs of students who plan to major in Teacher Preparation, Bilingual, Pre-K - Grade 4 and who plan to transfer to UNT (Dallas or Denton Campus). Students who complete this plan, including all degree requirements and the additional hours as shown in the plan, and meet the admissions requirements of UNT (Dallas or Denton Campus) will be granted full junior status at UNT (Dallas or Denton Campus) to pursue a bachelor’s degree in this discipline. Students MUST take the THEA (Texas Higher Education Assessment) test and score at least 240 on Reading, 220 on Writing, and 230 on Math in order to be accepted into this program at UNT.

This plan incorporates the DCCCD 48-hour core that will be accepted in full by UNT (Dallas or Denton Campus) for its own core and an additional 15-16 hours in order to receive the AA degree. Students completing this plan will also receive a notification on their transcript that they have completed the Texas Higher Coordinating Board’s approved Field of Study in Teacher Preparation for Pre-K - Grade 4. This plan also includes an additional 18 hours beyond the AA degree and are approved by UNT to count toward the major.

In order to be eligible to receive this AA degree, a student must:
1. Complete a minimum of 63 credit hours indicated in this plan (students are strongly encouraged to complete the additional 18 hours shown in this plan);
2. Earn a grade of “C” or better in English 1301, Speech 1315, and Math 1314 or 1414;
3. Receive a GPA (2) of at least 2.00 (“C”);
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements through the college awarding the degree.

Students who plan to transfer must work closely with an advisor.

FOR EARLY CHILDHOOD PRE-K - GRADE 4
Available at Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View, and Richland Colleges
and Transferable to the University of Texas at Arlington

Degree Code: AS.UTA.BIL.PREK-4

This is an "Articulated Emphasis" degree. Students should read and understand the paragraphs below.

Students completing all courses in this plan will receive an AS degree and will be assured all courses with a grade of "C" or better will transfer into UTA's College of Education for a Bachelor of Arts Degree in Child Studies with teacher certification in Early Childhood - Grade 4/Bilingual. Students will be admitted into the program with a DCCCD GPA (2) of at least 2.75. Students MUST take the THEA (Texas Higher Education Assessment) test and score at least 270 on Reading, 220 on Writing, and 230 on Math in order to be accepted into this program at UTA.

This AS plan incorporates the core curriculum plus 18 hours toward the degree. The AS degree will be awarded when students complete all requirements at a minimum of 66 credit hours. Students are also permitted to acquire an additional 12-14 hours beyond the AS degree before transferring to UTA.

In order to be eligible to receive this AS degree, a student must:
1. Complete a minimum of 66 credit hours indicated in this plan (students are strongly encouraged to complete the additional 12-14 hours shown in this plan);
2. Earn a grade of "C" or better in English 1301, either Speech 1311 or Speech 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

Students who plan to transfer must work closely with an advisor.

ASSOCIATE IN ARTS DEGREE
EARLY CHILDHOOD EDUCATION - GRADE 4 TEACHER PREPARATION
Available at Brookhaven, Eastfield, Mountain View, and Richland Colleges
and Transferable to the University of Texas at Arlington

Degree Code: AA.UTA.TCH.PREP.GRD4

This is an "Articulated Emphasis" degree. Students should read and understand the paragraphs below.

Students completing all courses in this plan will receive an AA degree and will be assured all courses with a grade of "C" or better will transfer into UTA's College of Education for a Bachelor of Arts Degree in Child Studies with teacher certification in Early Childhood - Grade 4. Students will be admitted into the program with a DCCCD GPA (2) of at least 2.75. Students MUST take the THEA (Texas Higher Education Assessment) test and score at least 270 on Reading, 220 on Writing, and 230 on Math in order to be accepted into this program at UTA.

Students who do not wish to seek the aforementioned degree at UTA should not complete this AA degree. This AA plan incorporates the core curriculum plus 14 hours toward the degree. The AA degree will be awarded when students complete all requirements at a minimum of 63 credit hours. Students are also permitted to acquire an additional 14 hours beyond the AA degree before transferring to UTA.

In order to be eligible to receive this AA degree, a student must:
1. Complete a minimum of 63 credit hours indicated in this plan (students are strongly encouraged to complete the additional 14 hours shown in this plan);
2. Earn a grade of "C" or better in English 1301, Speech 1311 or Speech 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

Students who plan to transfer must work closely with an advisor.

ASSOCIATE IN SCIENCES DEGREE WITH AN EMPHASIS IN
ELECTRICAL ENGINEERING
Available at Richland College in conjunction with The University of Texas at Dallas

Degree Code: to be assigned

This is an "Articulated Emphasis" degree with the University of Texas at Dallas.

Students who complete this degree with a GPA of 2.50 with no grade below that of "C" and who meet all admissions requirements at UTD will be accepted into UTD's Bachelor of Science in Electrical Engineering program. Students should follow this plan only if they wish to transfer to UTD in Electrical Engineering. Students wishing to transfer to another university should not assume this entire plan will transfer.

In order to be eligible to receive this AS degree, a student must:
1. Complete a minimum of 66 credit hours indicated in this plan (students also should complete the additional eight hours as shown in order to be accepted into the UTD program);
2. Earn a grade of "C" or better in English 1301, either Speech 1311 or 1315, and Math 2513;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

Students who plan to transfer must work closely with an advisor.

Students completing this degree must submit to UTD a completed Texas Common Application within 12 months of their anticipated enrollment at UTD.
ASSOCIATE IN ARTS DEGREE WITH AN EMPHASIS IN HUMANITIES
Available at Brookhaven, Cedar Valley, Eastfield, Mountain View, North Lake and Richland Colleges

This is an “Emphasis” degree. Students should read and understand the paragraphs below.

Degree Code: AA.Humanities

This plan is designed to meet the needs of students who plan to transfer to a four-year college/university with a major in Humanities. Students planning to continue their Humanities studies as transfer students should check specific requirements at the transfer institution. This is a general plan and it may not satisfy all the requirements of a specific transfer institution. Students should work closely with an academic advisor/counselor.

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 63 credit hours including all the required courses listed;
2. Earn a grade of “C” or better in English 1301, either Speech 1311 or Speech 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 (“C”);
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

This degree may be taken through a combination of on-campus and distance education offerings, or if planned correctly, the degree may be completed entirely through distance education. Receiving institutions are not required to accept a grade below “C” in transfer. Students who plan to transfer must work closely with an advisor.

ASSOCIATE IN ARTS DEGREE WITH AN EMPHASIS IN PEACE STUDIES
Available at Richland College and Transferable to University of North Texas Political Science Department

Degree Code: to be assigned

This is an “Articulated Emphasis” degree. Students should read and understand the paragraphs below.

The plan is designed to meet the needs of students who plan to transfer to the University of North Texas and pursue a minor in Peace Studies. Students who wish to transfer to another university must confirm this plan with that institution.

In order to be eligible to receive this AA degree, a student must:

1. Complete a minimum of 61 credit hours including all the required courses listed;
2. Earn a grade of “C” or better in English 1301, Speech 1311 or Speech 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 (“C”);
4. Meet all Texas Success Initiative (TSI) standards; and
5. Complete 25% of the degree requirements at Richland College.

This degree may be taken through a combination of on-campus and distance education offerings; or if planned correctly, the degree may be completed entirely through distance education. UNT is not required to accept a grade below “C” in transfer.

Students who plan to transfer must work closely with an advisor.

ASSOCIATE IN ARTS DEGREE WITH AN EMPHASIS IN PHOTOGRAPHIC/IMAGING
Available at Richland College
This is an "Emphasis" degree. Students should read and understand the paragraphs below.

Degree Code: AA.PHOTO.IMAGING
This degree plan is designed to meet the needs of students who plan to transfer to a four-year college/university with a major in Photographic/Imaging. Students planning to continue their Photographic/Imaging studies as a transfer student should check specific requirements at the transfer institution. This is a general plan and it may not satisfy all the requirements of a specific transfer four-year college/university. Students should work closely with an academic advisor/counselor.

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 63 credit hours including all the required courses listed;
2. Earn a grade of "C" or better in English 1301, either Speech 1311 or Speech 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

ASSOCIATE IN ARTS DEGREE WITH AN EMPHASIS IN TEACHER PREPARATION - TEACHER PREPARATION GENERAL EDUCATION
Available at Brookhaven, Eastfield and Richland Colleges

This is an "Emphasis" degree. Students should read and understand the paragraphs below.

Degree Code: AA.TEACHER.PREP.GEN
This degree plan is designed to meet the needs of students who plan to transfer to a four-year college/university with a major in an academic subject. Students planning to continue their teacher preparation studies as a transfer student should check on specific requirements at the transfer institution. This is a general plan and it may not satisfy all the requirements of a specific transfer four-year college/university. Students should work closely with an academic advisor/counselor.

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 61 credit hours including all the required courses listed;
2. Earn a grade of "C" or better in English 1301, either Speech 1311 or Speech 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 ("C");
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

ASSOCIATE IN ARTS DEGREE WITH AN EMPHASIS IN TEACHER PREPARATION - URBAN EDUCATION
Available at El Centro and Richland Colleges and Transferable to UT Arlington and Texas Woman’s University
This is an “Articulated Emphasis” degree. Students should read and understand the paragraphs below.

Degree Code: AA.URBAN.ED.03
This degree plan is designed to meet the needs of students who plan to major in Urban Education and pursue a teaching career. This plan will transfer directly into the Bachelor of Arts degree in Child Studies (with EC4 and EC4 Bilingual teacher certification) at UT Arlington. It will also transfer directly into the Bachelor of Science degree in Interdisciplinary Studies (with EC4 and EC4 Bilingual teacher certification) at Texas Woman’s University. Students should work closely with an advisor if they plan to transfer into teacher certification programs at other universities.

In order to be eligible to receive this degree, a student must:
1. Complete a minimum of 61 credit hours including all the required courses listed;
2. Earn a grade of “C” or better in English 1301, either Speech 1311 or Speech 1315, and the selected college-level mathematics course;
3. Receive a GPA (2) of at least 2.00 (“C”);
4. Meet all Texas Success Initiative (TSI) standards and course prerequisites; and
5. Complete 25% of the degree requirements at the college awarding the degree.

FAST TRACK DEGREE OPTION
Available ONLY at Richland College.

**Associate in Arts, Associate in Sciences or Associate in Sciences Degree in Business Field of Study Fast Track Option**

This degree plan is designed to meet the needs of students who want to complete the Associate Degree in 12 months. Core courses and electives for the Fast Track Option may be taken in a variety of formats including regular-length semester classes, telecourses, May Term classes, Winter Term classes or other flexible schedule options. Courses and electives designed specifically for the Fast Track Option begin every four, six or eight weeks to allow students maximum flexibility in their schedules. The Fast Track Option may be completed using a day, evening or combined schedule of classes.

In order to receive an Associate in Arts, Associate in Sciences or Associate in Sciences in Business degree, a student must:

1. Complete a minimum of 61 credit hours (see curriculum pattern for Associate in Arts, Associate in Sciences or Associate in Sciences in Business Degree).
2. Receive a grade of "C" or better in core courses.
3. Have a passing score on all sections of THEA (for students entering the DCCCD Fall, 1989, or thereafter).

Students planning to transfer to a four year institution must consult the catalog of that institution to insure selected courses will both transfer and apply toward the intended major. Material about transfer information is available in the advising Center.

111
ACCOUNTING

Effective September 1, 2003, this award has been deactivated for Eastfield College. For current students, the award will be closed on or before September 1, 2006. New students should not attempt to pursue this award.

Offered at Brookhaven, Cedar Valley, Eastfield (see above), El Centro, Mountain View, North Lake and Richland

(Except in Applied Sciences Degree, Tech Prep Enhanced Skills Certificate)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.ACCT.03

This degree is designed to prepare students for various career opportunities in accounting. Students may specialize in the areas of financial, managerial, cost, tax, and/or small business accounting. Emphasis is placed on internal accounting procedures and generally accepted accounting principles. This program is intended to provide a foundation on which the graduate can build an accounting career through expanded experience and/or further education.

SPCH 1315 Fundamentals of Public Speaking ...(3)
Elective¹ Business/Technical..........................3-4

SEMESTER III

ECON 2301 Principles of Economics I.................3
++MATH 1324 Mathematics for Business and Economics I.............3
Elective¹ Business/Technical..........................3-4
Elective² Accounting Specialty........................3
Elective³ Social/Behavioral Science....................3

SEMESTER IV

ECON 2302 Principles of Economics II...............3
ENGL 1302 Composition II............................3
Elective¹ Business/Technical..........................3-4
Elective² Accounting Specialty........................3
Elective³ Humanities/Fine Arts........................3

Minimum Hours Required ........................................60-66

Upon completion of Semester I courses, the Accounting Clerk Certificate will be conferred.
Upon completion of Semester I and Semester II courses, the Accounting Assistant Certificate will be conferred.
Upon completion of Semester I through Semester IV courses, the Associate in Applied Sciences Degree in Accounting will be conferred.

+ACNT 1303 is recommended prior to ACCT 2301 or ACCT 2401 for a student with no accounting background. ACNT 1303 and ACNT 1304 are included in the Elective¹ (Business/Technical) list in this program.
++Any student demonstrating proficiency by previous training, experience, or placement tests may substitute a course from the Elective¹ (Business/Technical) list.
+++Any three-credit mathematics courses assigned the MATH rubric may be substituted except students cannot take MATH 1371, MATH 1372, MATH 1373, MATH 1374, or MATH 1375.

Elective¹-The Business/Technical elective may be selected from the following fields/courses:

Accounting (ACNT, ACCT), Business (BUSG, BUSI), any computer course (ITCC, ITMC, ITSC, ITSE, ITNW, ITSW, INEW, COSC), ECON 1303, ENGL 2311, Management (HRPO, BMGT), Marketing (MRKG), Mathematics (MATH), Office Technology (POFI, POFT). The practicum courses (ACNT 1366 and ACNT 2366) are recommended for students employed in a general business area. The cooperative education courses (ACNT 1380 and ACNT 2380) are recommended for students employed in the accounting area.

Elective²-The Accounting Specialty elective must be selected from the following accounting courses:

ACNT 1329 Payroll and Business Tax Accounting................3
ACNT 1331 Federal Income Tax: Individual.......................3
ACNT 1350 Cooperative Education-Accounting....................3
ACNT 1391 Special Topics in Accounting.........................3
ACNT 2303 Intermediate Accounting I........................3
ACNT 2304 Intermediate Accounting II........................3
ACNT 2309 Cost Accounting..................................3
ACNT 2311 Managerial Accounting.............................3
ACNT 2380 Cooperative Education-Accounting....................3

Elective³-The Social/Behavioral Science elective must be selected from the DCCCD Core Curriculum for Social/Behavioral Sciences.

Elective⁴-The Humanities/Fine Arts elective must be selected from the DCCCD Core Curriculum for Humanities/Fine Arts.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
TECH PREP ENHANCED SKILLS CERTIFICATE

This Enhanced Skills Certificate is attached to the Associate in Applied Sciences Degree in Accounting and provides the student advanced skills required by the industry to specialize in Accounting Technician.

ACCOUNTING TECHNICIAN

Effective September 1, 2003, this award has been deactivated for Eastfield College. For current students, the award will be closed on or before September 1, 2006. Effective January 1, 2004, this award has been deactivated for North Lake College. For current students, the award will be closed on or before January 1, 2006. New students should not attempt to pursue this award.

Offered at Brookhaven, Cedar Valley, Eastfield (see above), El Centro, Mountain View, North Lake and Richland

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: ES.ACCT.TECH.04

ACCOUNTING ASSISTANT

Effective September 1, 2003, this award has been deactivated for Eastfield College. For current students, the award will be closed on or before September 1, 2006. New students should not attempt to pursue this award.

Offered at Brookhaven, Cedar Valley, Eastfield (see above), El Centro, Mountain View, North Lake and Richland (Certificate)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C1.ACCT.ASSIST.03

The program is designed to provide the student with an expanded knowledge of basic accounting and business principles while emphasizing the development of communication and human relations skills necessary for advancement in accounting or other business-related careers. The courses required for this certificate are applicable to the Associate in Applied Sciences Degree in Accounting.

Minimum Hours Required: 30-34

This is a Tech Prep Program. Students interested in pursuing this Tech Prep Enhanced Skills Certificate should consult their advisor.
+ACNT 1303 is recommended prior to ACCT 2301 or ACCT 2401 for a student with no accounting background. ACNT 1303 and ACNT 1304 are included in the Elective^1 (Business/Technical) list in this program.

++Any student demonstrating proficiency by previous training, experience, or placement tests may substitute a course from the Elective^1 (Business/Technical) list.

Elective^1—The Business/Technical elective may be selected from the following fields/courses:

Accounting (ACNT, ACCT), Business (BUSG, BUSI), any computer course (ITCC, ITMC, ITSC, ITSE, ITNW, ITSW, INEW, COSC), ECON 1303, ENGL 2311, Management (HRPO, BMGT), Marketing (MRKG), Mathematics (MATH), Office Technology (POFI, POFT). The practicum courses (ACNT 1366 and ACNT 2366) are recommended for students employed in a general business area. The cooperative education courses (ACNT 1360 and ACNT 2380) are recommended for students employed in the accounting area.

ACCOUNTING CLERK

Effective September 1, 2003, this award has been deactivated for Eastfield College. For current students, the award will be closed on or before September 1, 2006. New students should not attempt to pursue this award.

Offered at Brookhaven, Cedar Valley, Eastfield (see above), El Centro, Mountain View, North Lake and Richland

(Certificate)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C1.ACCT.CLERK.03

This program is designed to provide the student with the skills necessary to obtain entry-level employment in accounting. Emphasis is on the development of basic accounting, spreadsheet, word processing, and ten-key skills. The courses required for the certificate are applicable to the Accounting Assistant Certificate and the Associate in Applied Sciences Degree in Accounting.

BUSINESS ADMINISTRATION

Offered at all seven campuses

(Associate in Applied Sciences Degree)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.BUSI.ADMIN

The Associate in Applied Sciences Degree in Business Administration is designed for students seeking a broad program of study in all phases of business practices. This degree focuses not only at the core of management (principles of management, organizational behavior, and personnel administration) but also encompasses the critical areas of business operations (principles of marketing, accounting, and business law).

+MATH – Students must select a Mathematics course from the DCCCD Mathematics CORE list.

++Elective – Students must select a course in Biology (BIOL), Chemistry (CHEM), Geology (GEOL) or Physics (PHYS) from the DCCCD Lab Science CORE list.

+++Elective - Students must take 3 hours of any college level courses to satisfy these electives.

++++ Elective – Students must select from the DCCCD Humanities/Fine Arts CORE list.

**Students may substitute ACNT 1303 and ACNT 1304. Only three hours may be applied to the required number of hours for granting the degree.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
**BUSINESS ADMINISTRATION—HUMAN RESOURCES ASSISTANT**

*Cedar Valley, Eastfield, Mountain View, North Lake and Richland only*

(Certificate)

This certificate program prepares students for entry-level clerical positions in human resources.

- **Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.**
- **Students must complete 25% of the degree requirements at the college awarding the degree.**

Degree Plan Code: C1.BUSADM.HR.ASST.04

**COMPUTER INFORMATION TECHNOLOGY -- CISCO NETWORKING INTERN**

*El Centro, North Lake and Richland only*

(Skills Achievement Award)

- **Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.**
- **Students must complete 25% of the degree requirements at the college awarding the degree.**

Degree Plan Code: SA.CISCO.INTERNAL.04

This sequence is for students who wish to learn about design and installation of local area networks, and basic router configuration. Upon completion, the student will have acquired the skills needed for employment in the networking industry as an intern.

**Prerequisite:** A working knowledge and understanding of personal computers and operating systems obtained in ITSC 1401 (Introduction to Computers) or equivalent experiences approved by an Information Technology faculty member.

COMPUTER INFORMATION
TECHNOLOGY -- DBA

El Centro, North Lake and Richland only

(Certificate)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C1.CIT.DBACERT.04

This certificate option is designed to provide training for those desiring a basic understanding of the duties of an Oracle Database Administrator. Courses will assist the graduate in preparation for the Oracle certification exams. Students must complete the following Oracle courses in sequence: ITSE 1345/1445, ITSE 2356/2456, ITSE 2358/2458, and ITSE 2429.

Prerequisite: Basic understanding of problem solving, logic structures, and relational database concepts as obtained in ITSC 2435 and either ITSW 1307/1407, or ITSE 1346, or equivalent experiences approved by designated Information Technology personnel.

COMPUTER INFORMATION
TECHNOLOGY – INFORMATION SECURITY

Cedar Valley, Eastfield, El Centro, Mountain View, North Lake and Richland only

(Certificate)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C1.CIT.INFO.SECUR.04

This certificate provides hands-on, in-depth training to meet industry demands and concerns in protecting critical information infrastructures against cyber threats. The graduate will be qualified for entry-level positions in a network environment dealing with security challenges.

The Information Security Certificate is an advanced certificate and requires extensive knowledge of the computer field. It is recommended that you have one or more of the following: Certificate and/or AAS in networking, BS or BA in Computer Science, or Cisco CCNA, Novell CNE, Microsoft MCSA and/or MCSE, A+ and Network+, SCRA, UNIX certification, or other vendor specific certifications or equivalent experience approved by designated Information Technology personnel. It is recommended that you discuss your computer knowledge with one of the instructors teaching the courses to insure you have the required foundation to succeed.

Minimum Hours Required..............................................28
1 Course covers security concepts and terminology, in addition to secure communications and Operating System security. Prerequisite: Documented operating system experience and instructor approval.

3 Course (Operating Systems Security) covers cryptography, authentication, access control, operating system security, and data backups. Prerequisite: ITNW 2417 (Network Security).

5 Course (Subtitle: Security Management Practices) covers cyber law and ethics, policies and procedures, risk management, and disaster recovery and business continuity planning. Prerequisite: ITNW 2478 (Incident Response and Handling).

---

COMPUTER INFORMATION TECHNOLOGY – HELP DESK/USER SUPPORT TECHNICIAN

This award is pending Texas Higher Education Coordinating Board approval effective Summer 2004.

Offered at all seven campuses

(Certificate)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C1.CIT.HELP.DESK

This certificate is designed to provide lower level tech support skills needed to assist customers, clients, or members of a firm or organization. They field telephone calls, and email messages from customers seeking guidance on technical problems. They diagnose the problem patiently and walk the customer through the problem-solving steps. Strong problem-solving, analytical, and communication skills are needed.

Courses may be substituted for ITSC 1401, BCIS 1405, or COSC 1401 for those who demonstrate current computer literacy.

Prerequisite: Keyboarding skills

COMPUTER INFORMATION TECHNOLOGY -- NETWORK ADMINISTRATOR AND SUPPORT

Brookhaven, Cedar Valley, El Centro, Mountain View, North Lake and Richland

(Associate in Applied Sciences Degree, Tech Prep Enhanced Skills Certificate)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.CIT.NWK.ADMIN.04

This associate degree program provides education and training for individuals interested in developing their knowledge and skills as networking professionals. The program also provides preparatory training for those wishing to take the MCSE, MCDBA, MCSD, MCSA, MCAD, CCNA, CCNP, or SCSA certification examinations. Students will select courses in their area of specialization. In order to be considered as having met the requirements for all awards, students must complete one Primary Specialization and one Secondary Specialty Track in Semesters III and/or IV.

Credit may be given and course substitutions made for those who have acquired A+ and/or Net+ certification.

CREDIT HOURS

SEMESTER I

E Introduction to Visual Studio.NET

F Developing Microsoft Web Applications Using ASP.NET and Microsoft Visual Studio.NET (MS 2310)

G Developing Microsoft .NET Applications for Windows (Visual Basic.NET—MS 2565) OR Developing Microsoft .NET Applications for Windows (Visual C#.NET—MS 2555)

H Developing XML Web Services Using Microsoft ASP.NET (MS 2524)

I Developing Component-based Applications Using Microsoft .NET Enterprise Services (MS 2557)

This is a Tech Prep program. Students interested in pursuing the Tech Prep Enhanced Skills certificate need to consult with their advisor.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
COMPUTER INFORMATION TECHNOLOGY -- NETWORKING PROFESSIONAL

El Centro, Mountain View, North Lake and Richland only

(Certificate)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C1.CIT.NWK.PROF.04

This certificate will examine complex networking concepts, such as troubleshooting tools and more sophisticated configurations. Upon completion, the student will have acquired skills needed to prepare for certification as a Cisco Certified Network Professional.

Prerequisite: CCNA Certification and successful completion of skills-based exam or completion of Cisco 4 (ITCC 1446).

Minimum Hours Required ........................................... 16

Upon completion of ITCC 2444, Network Troubleshooting: Cisco 8, the student is eligible to take the CCNP (Cisco Certified Networking Professional) credentialing exam.

COMPUTER INFORMATION TECHNOLOGY -- NETWORKING SUPPORT

Brookhaven, Cedar Valley, El Centro, Mountain View, North Lake and Richland only

(Certificate)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C1.CIT.NWK.SUPP.04

This certificate offers multiple specialty options for development of networking systems engineer, software developer, database administrator, and systems administrator. The program also provides preparatory training for those wishing to take the MCSE, MCDBA, MCSD, MCSA, and MCAD certification examinations.

NOTE: Students must select and complete one specialty track to be considered as having met the requirement for this award.

Prerequisite: For all Tracks, basic understanding of personal computers/terminology and operating systems as obtained in ITSC 1401 or BCIS 1405 or COSC 1401 or equivalent experience approved by designated Information Technology personnel. MCSD and MCAD Tracks require problem solving and logic structures as obtained in ITSC 2435.

(continued on next page)
MCSE Track - Semester I (Two or Three Courses)
ITMC 1401 Microsoft Windows Network and Operating Systems Essentials
ITMC 1441 Implementing Microsoft Windows Professional and Server
ITMC 1419 Installing and Administering Microsoft Windows Server Operating Systems
AND
ITMC 1458 Supporting Microsoft Windows Client Network Operating Systems

MCSE Track - Semester II (Two Courses)
ITMC 1442 Implementing a Microsoft Windows Network Infrastructure
ITMC 1443 Implementing and Administering Microsoft Directory Services

MCDBA Track - Semester I (Two or Three Courses)
ITMC 1401 Microsoft Windows Network and Operating Systems Essentials
ITMC 1441 Implementing Microsoft Windows Professional and Server
ITMC 1419 Installing and Administering Microsoft Windows Server Operating Systems
AND
ITMC 1458 Supporting Microsoft Windows Client Network Operating Systems

MCDBA Track - Semester II (Two Courses)
ITMC 1403 Querying Microsoft SQL Server with Transact-SQL
ITMC 2403 Administering a Microsoft SQL Server Database

MCSD Track - Semester I (Three Courses)
ITSE 1442 Introduction to C Programming
ITSE 1431 Introduction to Visual Basic Programming
ITMC 1345 Enterprise Development Using Microsoft Visual Basic.NET
ITSE 1402 Computer Programming
ITSE 2449 Advanced Visual BASIC Programming
ITSE 2455 Advanced Programming

MCSD Track - Semester II (Two Courses)
ITSE 1302 Computer Programming
ITSE 1402 Computer Programming
ITSE 2450 Mastering Enterprise Development Using Microsoft Visual Basic
ITSE 2459 Advanced Computer Programming
ITSE 2302 Intermediate Web Programming
ITSE 2402 Intermediate Web Programming

MCSA Track - Semester I (Two or Three Courses)
ITMC 1401 Microsoft Windows Network and Operating Systems Essentials
ITMC 1441 Implementing Microsoft Windows Professionals and Server
ITMC 1419 Installing and Administering Microsoft Windows Server Operating Systems
AND
ITMC 1458 Supporting Microsoft Windows Client Network Operating Systems

MCSA Track - Semester II (Two Courses)
ITNW 1492 Special Topics in Computer Systems Networking and Telecommunications

One Course from Microsoft MCSA Electives
ITMC 1442 Implementing a Microsoft Windows Network Infrastructure
ITNW 1492 Special Topics in Computer Systems Networking and Telecommunications
ITMC 2403 Administering a Microsoft SQL Server Database
ITMC 2404 Implementing and Managing Microsoft Exchange
ITSY 1442 Information Technology Security
ITMC 2436 Designing Microsoft Exchange for the Enterprise
ITMC 2437 Programming a Microsoft SQL Server Database

(continued on next page)
ITMC 2455 Deploying and Managing Microsoft Internet Security and Acceleration Server..........................4
ITNW 1403 Managing a Microsoft Windows Network Environment.................................4

Any ITSE, itsw, ITSC, ITNW, ITCC, ITMC, INEW, ITSy, BCIS, COSC or CPMT 4-credit-hour course.

3 MCAD Track - Semester II (Two Courses)

ITSE 1491  Special Topics in Computer
Programming OR ...................... (4)

A Introduction to Microsoft Visual Basic.NET (MS 2559) or Introduction to C#.NET (MS 2609)
B Programming with Microsoft Visual Basic.NET (MS 2373) or Programming with C#.NET (MS 2124)
C Programming with the Microsoft .NET Framework (Visual Basic.NET—MS 2415) OR Programming with the Microsoft .NET Framework (Microsoft Visual C#.NET—MS 2349)
D Programming with ADO.NET (MS 2389)
E Introduction to Visual Studio.NET
F Developing Microsoft Web Applications Using ASP.NET and Microsoft Visual Studio.NET (MS 2310)
G Developing Microsoft .NET Applications for Windows (Visual Basic.NET—MS 2565) OR Developing Microsoft .NET Applications for Windows (Visual C#.NET—MS 2555)
H Developing XML Web Services Using Microsoft ASP.NET (MS 2524)
I Developing Component-based Applications Using Microsoft.NET Enterprise Services (MS 2557)
COMPUTER INFORMATION TECHNOLOGY -- ORACLE ASSOCIATE

El Centro, North Lake and Richland only

(Skills Achievement Award)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: SA.ORACLE.ASST

This sequence is for students who wish to prepare for the Oracle Certified Associate (OCA) certification exam. At this apprentice skill level, Oracle Associates have a foundation knowledge that will allow them to act as a junior team member working with database administrators or application developers performing simple, operational tasks on an Oracle database with database software and graphical utilities associated with managing the database.

Prerequisite: Basic understanding of problem solving, logic structures, and relational database concepts as obtained in ITSC 2435, and either ITSW 1307/1407 or ITSE 1346 or equivalent experiences approved by designated Information Technology personnel.

COMPUTER INFORMATION TECHNOLOGY -- ORACLE PROFESSIONAL

El Centro, North Lake and Richland only

(Skills Achievement Award)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: SA.ORACLE.PROF

This sequence is for students who wish to prepare for the Oracle Certified Professional (OCP) certification exam. At this skill level, Oracle Professionals have knowledge that will allow them to perform network administration duties of Backup/Recovery and Performance Tuning.

Prerequisite: Completion of ITSE 1345/1445 and ITSE 2346/2456 or equivalent experiences approved by designated Information Technology personnel.

TECHNOLOGY --
PERSONAL COMPUTER SUPPORT

Offered at all seven campuses

(Associate in Applied Sciences Degree)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.CIT.PC.SUPP.04

This associate degree program trains the student to troubleshoot software and hardware problems, implementing corrections where possible; to evaluate new software and hardware; to install hardware and software, including equipment assembly and diagnostics; and to assist in the development and presentation of training courses for users. The graduate will be qualified to provide support for personal computer users in a corporate environment.

Course(s) may be substituted for ITSC 1401, BCIS 1405, or COSC 1401 for those who demonstrate current computer literacy.

COMPUTER INFORMATION TECHNOLOGY -- SOFTWARE PROGRAMMER/DEVELOPER

Offered at all seven campuses

(Associate in Applied Sciences Degree)

• Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
• Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.CIT.PROG.DEV.04

This associate degree program is designed to provide in-depth skills and knowledge in one primary programming language and an operating system from the same platform, plus additional knowledge of a secondary language. The graduate will be qualified to work as an entry-level programmer in an applications setting to support the information processing function of the organization.

Course(s) may be substituted for ITSC 1401, BCIS 1405, or COSC 1401 for those who demonstrate current computer literacy.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
This certificate option is designed to provide skills and knowledge in a primary programming language of choice, an operating system from the same platform, and database concepts. Graduates will be qualified to work as an assistant in a programming environment with data and coding. Course(s) may be substituted for ITSC 1401, BCIS 1405 or COSC 1401 for those who demonstrate current computer literacy.

This certificate option is designed to provide advanced skills and knowledge in a primary programming language of choice, introductory skills and knowledge in a second programming language, and additional knowledge in one individually chosen area of Information Technology (database, computer organization, etc.). Graduates will be qualified to work as associates in a technical programming environment.

Minimum Hours Required: 25-31
COMPUTER INFORMATION
TECHNOLOGY -- SQL SERVER

This award is pending Texas Higher Education Coordinating Board approval effective Summer 2004.

Cedar Valley, El Centro, Mountain View, North Lake and Richland only

(Certificate)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C1.CIT.SQL

This Certificate provides students with the knowledge and skills required to install, configure, administer, and troubleshoot the client-server database management system of Microsoft SQL Server™.

Prerequisite: Basic understanding of personal computer and operating systems as obtained in ITSC 1401 or BCIS 1405 or COSC 1401 or equivalent experience approved by designed Information Technology personnel.

CREDIT HOURS

| SEMESTER I | Microsoft Windows Network and Operating Systems Essentials | 4 |
| ITMC 1401  | Implementing Microsoft Windows Professional and Server | 4 |
| ITMC 1441  | Installing and Administering Microsoft Windows Server Operating Systems | 4 |

COMPUTER INFORMATION TECHNOLOGY -- UNIX

Effective June 1, 2004, this award has been deactivated for Richland College. For current students, the award will be closed on or before June 1, 2007. New students should not attempt to pursue this award.

Brookhaven, North Lake and Richland (see above) only

( Associate in Applied Sciences Degree)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.CIT.UNIX.04

This associate degree program will provide training and education for individuals interested in developing their knowledge and skills as a UNIX user or system administrator. The objectives of the program are to provide instruction in both fundamental and advanced UNIX skills and to help the student acquire general knowledge about UNIX design and operation. Various versions of UNIX such as Solaris and/or Linux may be covered during the course of the program to better prepare students for real-world situations. The UNIX AAS degree includes all topics covered in the UNIX System Administrator certificate along with additional course work designed to provide a broad base of computer experience.

Course(s) may be substituted for ITSC 1401, BCIS 1405, or COSC 1401, for those who demonstrate current computer literacy.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
COMPUTER INFORMATION TECHNOLOGY -- UNIX ADMINISTRATOR

Effective June 1, 2004, this award has been deactivated for Richland College. For current students, the award will be closed on or before June 1, 2007. New students should not attempt to pursue this award.

Brookhaven, North Lake and Richland (see above) only

(Certificate)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C1.CIT.UNIX.ADMIN.04

This certificate option prepares the student to be a UNIX system administrator. Students will learn basic and advanced hands-on skills associated with the UNIX user interface environment, file system structure, account setup and maintenance, system security, shell scripting, and other general tasks associated with day-to-day UNIX management operations in both standalone and networked systems. Multiple versions of UNIX such as Solaris and/or Linux may be presented to better enable student success in varying commercial environments.

Course(s) may be substituted for ITSC 1401, BCIS 1405, or COSC 1401 for those who demonstrate current computer literacy.

COMPUTER INFORMATION
TECHNOLOGY --
VISUAL STUDIO DEVELOPER

This award is pending Texas Higher Education
Coordinating Board approval effective Summer 2004.

Cedar Valley, Eastfield, El Centro, Mountain View, North
Lake and Richland only

(Certificate)

• Students pursuing this certificate are waived from
  the Texas Success Initiative (TSI) standards, but
  must meet course prerequisites.
• Students must complete 25% of the degree
  requirements at the college awarding the degree.

Degree Plan Code: C1.CIT.VISUAL.ST

This Certificate provides programmers with skills to
evaluate Microsoft .NET tools and technologies, primarily
Microsoft Visual Studio® .NET. The courses cover
resources for creating applications, components, and
services built on the .NET Framework.

Prerequisite: Prior programming language, preferably
Visual Basic, C++, or C#.

COMPUTER INFORMATION TECHNOLOGY -- WEB DEVELOPER SPECIALIST

Effective June 1, 2003, this award has been deactivated for El Centro College. For current students, the award will be closed on or before June 1, 2006. New students should not attempt to pursue this award.

Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View, North Lake and Richland (see above)

(Certificate)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C2.CIT.WEB.DEVEL.04

This certificate option trains the student to design and develop web pages and web business applications. It prepares the student to enter the workforce as a member of the company web development team for Internet/Intranet applications.

Prerequisite: Basic understanding of personal computer and operating systems as obtained in ITSC 1401 or BCIS 1405 or COSC 1401 or equivalent experience approved by designated Information Technology personnel.

EDUCATIONAL PERSONNEL

Richland only (El Centro is an authorized site)

(Associate in Applied Sciences Degree)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.ED.PERSONNEL

This program is designed to prepare educational personnel in a wide range of competencies needed for effective roles in public and nonpublic schools. A student can take courses required for the one year Educational Assistant Certificate and continue in the program to receive the two-year Associate in Applied Sciences Degree.

Educational personnel are employed under job titles such as teacher aide, assistant teacher, library assistant, P.E. aide, study hall teacher, tutor, tutoring coordinator, youth worker, special education aides, etc. Individuals working with handicapped children have found this program to be especially beneficial.

The courses offered at both El Centro College and Richland College are under the administration of Richland College. Students apply for admission and attend classes at El Centro or Richland but receive their degrees from Richland.

Ask about special articulation agreements that utilize this program as the first two years of area University Teacher Education Programs.

EDUCATIONAL PERSONNEL -- BILINGUAL/ESL OPTION

Richland only (El Centro is an authorized site)

(Associate in Applied Sciences Degree)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.EDU.PERS.BI/ESL

The Bilingual/ESL Option in the Educational Personnel Program is designed to prepare the student to assist in the instructional development of children who have a limited English proficiency.

The Associate in Applied Sciences Degree is awarded for successful completion of at least 64 credit hours as outlined.

Ask about special articulation agreements that utilize this program as the first two years of area University Teacher Education Programs.

Students may ONLY take one (1) Special Topics course for this certificate.
ELECTRONIC COMMERCE

Brookhaven, Eastfield, Mountain View, North Lake and Richland only

( Associate in Applied Sciences Degree, Tech Prep)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.ELECT.COMM.03

The degree is designed to meet the needs of professionals in the rapidly changing world of Internet commerce. Electronic Commerce includes all aspects of business processes enabled by Internet technologies. The increasing volume of transactions that take place electronically is a revolution in business practices. This program introduces students to Electronic Commerce through marketing, management, communications, and Web site design and development. It is available on-campus or online. Most of the classes in this degree transfer to the University of Texas at Arlington's Web Design/E-Commerce Bachelor of Arts Degree in Interdisciplinary Studies.

ENGINEERING TECHNOLOGY -- ELECTRONICS TECHNOLOGY

Richland only

(Appendix in Applied Sciences Degree, Tech Prep)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.ENGINEER.ELECTRO

To meet the needs of the rapidly changing and expanding field of industrial electronics, this program stresses electronic principles and hands-on experience that can be applied to many aspects of advanced electronics. The Electronics core is complemented by Engineering Technology instruction in areas such as CAD, Fluid Power, Mechanics and Manufacturing. This program prepares individuals for technician level employment in electronics and related industries.

ENGINEERING TECHNOLOGY --
COMPUTER AIDED DESIGN

Richland only

(Associate in Applied Sciences Degree, Tech Prep)

• Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
• Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.ENGINEER.CAD

Design skills are required of today's CAD professionals. Knowledge of FEA, material analysis, applied mechanics, design for manufacture and CAD/CAM provides a strong base of information needed in design development.

This program stresses the entire product development process, using the parametric approach and integrating the computer as a true instrument of design - not a drafting tool.

ENGEERING TECHNOLOGY--INTEGRATED CIRCUIT LAYOUT

Richland and Eastfield only

(Associate in Applied Sciences Degree)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.ENGR.INTR.CT.LAY

The Integrated Circuit Layout program trains the student to prepare layout drawings and designs of integrated circuits from schematics using computer-aided design equipment. The program aids the student in developing the skills necessary to convert logic diagrams to cell drawings in accordance with design rules. Students will perform design rule checks and prepare databases for pattern generation. Emphasis is placed on working closely with all members of the semiconductor manufacturing design team.

INTERNATIONAL BUSINESS AND TRADE

Richland only

(Associate in Applied Sciences Degree)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.IBUS.TRAD.03

The International Business and Trade Program prepares students for entry-level employment in such positions as specialists in exporting and importing for the critically important and growing international trade community. Most students focus on careers in international marketing, export or import management including supply chain management, international transportation and logistics, import-export trading, or various international business support services. Skills developed for the export and import of goods and services are presented in the context of the global economy and cross-cultural awareness and communications. Emphasis is placed on the contribution of exports to the local, state, and national economies. Students will have the opportunity to participate in activities related to the Export Assistance Center of the U.S. Department of Commerce, the Export-Import Bank through the Greater Dallas Chamber, the International Trade Center, SBDC, The Dallas Council on World Affairs, the North Texas Customs Brokers and Foreign Freight Forwarders Association, and Women in International Trade of Texas and other international organizations.

Entrepreneurs, managers of firms with export potential, international agents, traders, or brokers, customer sales and service representatives, transportation managers, product managers, documentation clerks, letters of credit specialists, and global e-commerce entrepreneurs or aspirants to these fields may all benefit from the International and Trade Program. An International Business and Trade Certificate and an Import-Export Certificate will expedite your entrance to the international arena. The Import-Export Certificate is offered concurrently through the Continuing Education Division. The International Business and Trade Program is a World Trade Week educational award winner of the International Trade Association of Dallas/Fort Worth.

MANAGEMENT

Offered at all seven campuses

(Associate in Applied Sciences Degree)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.MANAGEMENT

The Management Program provides an opportunity for students to acquire knowledge in the management field and at the same time update and sharpen personal management skills. In addition to learning about supervision, personnel management, human relations psychology, problem-solving, decision-making, and other related business topics, students also participate in on-the-job management-training courses with their present employers. These management training courses at work allow students to apply what is learned in the classroom environment and obtain the valuable practical experience necessary to become competent business managers. The Management Program allows students the opportunity to bridge the gap between theory and practice as professional managers. This degree program provides an external learning experience and/or capstone experience.

*MATH - Students must select a Mathematics course from the DCCCD Mathematics/Science CORE list.

**Elective - Students must select a course in Biology (BIOL), Chemistry (CHEM), Ecology (ECOL), or Physics (PHYS) from the DCCCD Lab Science CORE list.

***Elective - Students must select a course from the DCCCD Humanities/Fine Arts CORE list.

++++ Elective - Students must take 6 hours of any college level courses to satisfy these electives.

*Students may substitute ACNT 1303 Introduction to Accounting I and ACNT 1304 Introduction to Accounting II. Only three hours may be applied to the required number of hours for granting the degree.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
MANAGEMENT

Offered at all seven campuses

(Associate in Applied Sciences Degree)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.MANAGEMENT

The Management degree is accepted for transfer by many of the area universities and colleges. The degree is designed for working students. Students can earn a business related degree in the shortest amount of on-campus time. This degree provides the foundation courses needed for a bachelor degree in the various business disciplines offered by many universities.

Students learn practical management skills which have immediate applicability in the business world. They also learn theoretical concepts which support these skills. These skills enhance their visibility on the job as professional managers.

A significant and unique benefit of the Management degree is experienced by participating in the Management cooperative work experience classes. These classes allow students to earn 12 of the total required credit hours by applying practical management concepts to their present jobs. During this educational process faculty provide continuous, individualized career and academic guidance to students. Students attend core courses once a week.

The Management degree effectively bridges the gap between management theory and management practice. It is designed to be a benefit to the new manager, the seasoned manager and the aspiring manager.

MULTIMEDIA TECHNOLOGY -- MULTIMEDIA WEB DESIGN

Richland only

(Associate in Applied Sciences Degree)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.MULT.WEB.DES.03

The Associates in Applied Sciences in Multimedia Web Design is designed to enable students to participate as creative and resourceful members of a web development team. Upon successful completion of this program, the student will be experienced in cross-platform development and editing of graphics, audio files, and animations for use on the Internet. This degree provides an external learning experience.

ITSE 1391 Special Topics in Computer Programming ......................... 3
ITSE 1402 Computer Programming .................................................... 4
ITSE 1407 Introduction to C++ Programming ...................................... 4
ITSE 2302 Intermediate Web Programming ....................................... 3
ITSE 2402 Intermediate Web Programming ....................................... 4
ITSW 1307 Introduction to Database .................................................. 3

**Other science classes may be substituted for ECOL 1305.**

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
MULTIMEDIA TECHNOLOGY --
INTERNET COMMUNICATIONS

Richland only

(Level I Certificate)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C1.MULT.INTER.I.03

The Internet Communications Certificate programs teach the design and development of web sites for corporate, commercial and educational uses. Special emphasis is placed on incorporating multimedia elements to develop dynamic web sites. In addition to learning advanced HTML and page layout techniques, students learn basic client-side scripting. Classes also address networks, security, and legal issues as they relate to the Internet.

| IMED 1345 Interactive Multimedia I | 3 |
| IMED 1391 Special Topics in Educational/Instructional Media Technology/Technician | 3 |
| IMED 2305 Multimedia Courseware Development II | 3 |
| IMED 2315 Web Page Design II | 3 |
| IMED 2415 Web Page Design II | 4 |
| IMED 2341 Advanced Digital Video | 3 |
| IMED 2345 Interactive Multimedia II | 3 |
| IMED 2351 Multimedia Programming | 3 |
| INEW 2104 Advanced Web Page Programming | 3 |
| ITSE 2313 Web Authoring | 3 |
| ITSE 2413 Web Authoring | 4 |
| ITSE 1311 Web Page Programming | 3 |
| ITSE 1391 Special Topics in Computer Programming | 3 |
| ITSE 1402 Computer Programming | 4 |
| ITSE 1407 Introduction to C++ Programming | 4 |
| ITSE 2320 Intermediate Web Programming | 3 |
| ITSE 2402 Intermediate Web Programming | 4 |
| ITSW 1307 Introduction to Database | 3 |

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
OFFICE TECHNOLOGY -- ADMINISTRATIVE SUPPORT

Effective January 1, 2003, this award has been deactivated for Mountain View College. For current students, the award will be closed on or before January 1, 2006. New students should not attempt to pursue this award.

Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View (see above), North Lake and Richland

(Certificate)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C2.OFCT.ADM.SUPPT.04

The Administrative Support Certificate prepares students for a successful career as an office professional. The Certificate is developed to the specifications of the local job market.

# # # Any student selecting POFI 1341 Computer Applications II and POFI 1441 Computer Applications II must select two separate applications to have each course count as meeting the requirement.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
Effective January 1, 2003, this award has been deactivated for Mountain View College. For current students, the award will be closed on or before January 1, 2006. Effective January 1, 2004, this award has been deactivated for North Lake College. For current students, the award will be closed on or before January 1, 2007. Effective June 1, 2004, this award has been deactivated for Eastfield College. For current students, the award will be closed on or before June 1, 2007. New students should not attempt to pursue this award.

Brookhaven, Eastfield (see above), El Centro, Mountain View (see above), North Lake (see above) and Richland (Associate in Applied Sciences Degree, Tech Prep)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.OFCT.NAVY.6/04

The DCCCD Navy Yeoman Option is developed in agreement with the United States Navy. This program is designed for Navy recruits only and incorporates the certificate programs leading to the Associate in Applied Sciences Degree in the Tech Prep Office Technology program. Each certificate serves as an exit point or as an incentive to continue to build promotion points and credentials while pursuing the Associate in Applied Sciences Degree during Navy training.

Exit Points:

Following the exit points within the curriculum pattern the student may:

1. Choose to enlist in the Navy September 1 after high school graduation. By completing all the tech prep high school courses and the courses listed in Summer I and II, the student will also graduate from one of the DCCCD Colleges with an Office Assistant Certificate.

2. Choose to continue during the Fall semester at the DCCCD college and defer enlistment in the Navy until January 1. This recruit will earn both the Office Assistant Certificate and the Software Application Specialist Certificate.

3. Choose to continue in the Spring semester at the DCCCD college and enlist in the Navy June 1, one year after high school graduation. This recruit will earn the Office Assistant Certificate, the Software Application Specialist Certificate and the Administrative Support Certificate. After the specialized Navy training, the yeoman will qualify for the AAS degree.

The Software Application Specialist Certificate will help to prepare students for individual Microsoft Office Specialist exams at the proficient level.

Students who previously passed specific Microsoft Office Specialist certification exams will be eligible to receive credit for equivalent POFI courses. Consult the Office Technology advisor for details.
ORNAMENTAL HORTICULTURE TECHNOLOGY

Richland only

(Associate in Applied Sciences Degree, Tech Prep)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.ORNAMENTAL

The Associate in Applied Science degree is a comprehensive curriculum designed as an advanced level program to prepare students to enter the horticulture industries. Students select the emphasis of study in one of the following: Nursery/Greenhouse; Landscape/Turf Management; Landscape Design; or Floral/Interiorscape. The program emphasis chosen by the student will determine the skills and the employment options available.

ORNAMENTAL HORTICULTURE TECHNOLOGY – NURSERY/GREENHOUSE MANAGEMENT SPECIALIST

Richland only

(Certificate)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C1.ORNAM.NURSERY

This 32 credit hour certificate prepares the student to enter the horticulture industries. The program places emphasis on those skills required for success to enter nursery and greenhouse operations such as retail/wholesale nurseries and greenhouse growing facilities.

Ornamental Horticulture Technician courses must be taken before entry into any other certificate or degree plan.
Effective September 1, 2004, this award has been deactivated for Richland College. For current students, the award will be closed on or before September 1, 2007. New students should not attempt to pursue this award.

Richland (see above) only

(Associate in Applied Sciences Degree, Tech Prep)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.ORNAM.GREENHOUSE

This option prepares a student to enter the florist industry. The program places emphasis on those skills required for success in wholesale greenhouse flower production, retail floral design and sales, and retail greenhouse florist production and sales. Upon graduation, a student is qualified to enter a wide number of positions in crop production, sales and distribution, floral design and flower shop management.

Minimum Hours Required: 65

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
Effective September 1, 2004, this award has been deactivated for Richland College. For current students, the award will be closed on or before September 1, 2007. New students should not attempt to pursue this award.

Richland (see above) only

(Associate in Applied Sciences Degree, Tech Prep)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Plan Code: AAS.ORNAM.INTERIORSC

This option prepares an individual to enter the interiorscape industry which includes designing and maintaining tropical plants in commercial buildings, offices, and malls. The students will study design principles, management methods, tropical plant identification and maintenance, greenhouse production, and plant propagation techniques. Hands-on experience is emphasized in the coursework in addition to cooperative work experience.

ORNAMENTAL HORTICULTURE
TECHNOLOGY -- LANDSCAPE
MANAGEMENT

Effective September 1, 2004, this award has been deactivated for Richland College. For current students, the award will be closed on or before September 1, 2007. New students should not attempt to pursue this award.

Richland (see above) only

(Associate in Applied Sciences Degree, Tech Prep)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.ORNAM.LAND.MANAG

This option prepares the student to enter the landscape contracting and the landscape installation and maintenance businesses. The student expands his preparation to meet his own specific goals through directing two semesters of cooperative work experience toward areas in which he desires greater preparation. Landscape management is the fastest growing field in ornamental horticulture and provides excellent employment opportunities. A student completing this option is also well prepared for work in city park departments.

REAL ESTATE

Cedar Valley, North Lake and Richland only

(Associate in Applied Sciences Degree)

• Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
• Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.REAL.ESTATE.02

The program in real estate is designed to develop the fundamental skills, attitudes and experiences which enable the student to function in decision-making positions in the real estate profession. Successful completion of the program leads to the Associate in Applied Sciences Degree and may be applied toward licensing requirements as determined by the Texas Real Estate Commission.

NOTE: Students enrolling in this program who plan to transfer to a four-year institution should consult an advisor or counselor regarding transfer requirements and the transferability of these courses to the four-year institution of their choice.
REAL ESTATE

Cedar Valley, North Lake and Richland only

(Certificate)

- Students pursuing this certificate are waived from the Texas Success Initiative (TSI) standards, but must meet course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: C1.REAL.ESTATE.02

This 15- to 16-hour Certificate program develops the basic skills for a real estate salesperson. Three of the five courses are required by the Texas Real Estate Commission for Licensure.

NOTE: A total of at least 15 semester credit hours is required to receive the Real Estate Certificate.
SEMICONDUCTOR MANUFACTURING -- EQUIPMENT TECHNICIAN

Richland only

(Associate in Applied Sciences Degree, Tech Prep)

• Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
• Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.SEMICONDUCTOR.MANUF

Richland College has partnered with Collin County Community College and industry to develop this program for students who are interested in working for companies who use the latest equipment and the latest technological developments in the field of semiconductors. The increasing demand for semiconductor products challenges the industry to find the highly skilled and knowledgeable technicians needed in semiconductor manufacturing. This program has been designed to provide the student with the skills to perform technical duties associated with the installation, repair, maintenance and calibration of equipment used for the manufacture and test of semiconductor products.

TRAVEL, EXPOSITION AND MEETING MANAGEMENT

Richland only

(Associate in Applied Sciences Degree, Tech Prep Enhanced Skills)

- Students pursuing this award are required to meet Texas Success Initiative (TSI) standards and course prerequisites.
- Students must complete 25% of the degree requirements at the college awarding the degree.

Degree Plan Code: AAS.TRAVEL.EXPO.MEET

This program is designed to develop the necessary knowledge and skills so that a graduate may advance in career paths appropriate to an individual's particular interests, in the travel and tourism industry. Individual areas of specialization include: (a) convention/meeting planner, (b) exposition/trade show planner, or (c) travel agency operations. In addition to specific technical skills and knowledge related to the travel and tourism field, the graduate will have received instruction in other areas such as principles of management, applied mathematics, reading and writing skills, and verbal communication skills.

Course Descriptions

The course description section of the catalog includes a complete list of those Academic and WECM courses available at one or more colleges within the Dallas County Community College District. Not all courses are offered at all of the colleges. To determine which courses are available at specific colleges, please consult the college course schedule. There are two categories of courses: (1) academic courses and (2) WECM or technical courses.

The actual course prefix/number has a specific meaning or identifier for each number. The first digit indicates freshman [1] or sophomore [2] level; the second digit indicates credit hours; for academic courses the third digit, if “7,” “8,” or “9,” generally indicates courses that are not Texas Common Course Numbers. While for WECM courses, the “7” indicates Local Need; “8” indicates External Learning; and “9” indicates Special Topics. The fourth digit is a free number. To help meet your transfer needs, the college is a member of the Texas Common Course Numbering System Consortium. Course descriptions will indicate if a course has been assigned a common course number. The common course number facilitates the transfer of these courses between and among the participating institutions. All Texas community/junior colleges, including the DCCCD colleges, participate in this system. Most Texas public universities are cooperating with this new numbering system by indicating which courses are equivalent to the common course number.

Most course descriptions are developed based upon the descriptions published by the Texas Higher Education Coordinating Board (THECB) in the Lower Division Academic Course Guide Manual (LDACGM) and the Workforce Education Course Manual (WECM).

ACADEMIC/GENERAL EDUCATION COURSES

Academic courses or general education courses, as they are sometimes referred to, are those courses that have been designated by the Texas Higher Education Coordinating Board for transfer among community colleges and state public four year colleges and universities as freshman and sophomore general education courses. These courses can be found in the Lower Division Academic Course Guide Manual (LDACGM). You may view/access the manual on the THECB website at http://www.thecb.state.tx.us/ctf/acgm2k/ACGM-LD.htm. (Please note: The above web address is upper and lower case sensitive.)

The Lower Division Academic Course Guide Manual (LDACGM) is the official list of approval numbers for general academic transfer courses that may be offered for state funding by public community and technical colleges in Texas. The LDACGM serves as the generic course inventory for all community and technical colleges in Texas. Courses listed in the manual may be offered and reported for funding without requesting approval from the Coordinating Board. If a community or technical college wishes to offer a course not listed here, or offer an LDACGM course for more credit or contact hours than listed, it must request approval for such a course on the basis of “unique need”. These courses are listed on the DCCCD Academic Unique Need Inventory. The state will not fund academic courses at community and technical colleges that are not listed either in the LDACGM or on the college’s Academic Unique Need Inventory.
WECM/TECHNICAL COURSES

WECM (Workforce Education Course Manual) courses are those courses that have been designated by the Texas Higher Education Coordinating Board as workforce education (technical) courses offered for credit and CEUs (Continuing Education Units). While these courses are not designed to automatically transfer to public four-year colleges and universities, they are designated to transfer among state community colleges. These courses can be found in the Workforce Education Course Manual. You may view/access the manual on the THECB website at http://www.thecb.state.tx.us/ctc/ip/wecm2000/index.htm.

The Workforce Education Course Manual (WECM) is a statewide inventory of workforce education courses offered for semester credit hours and Continuing Education Units (CEUs). These courses are used by the college to respond rapidly to the needs of business and industry. The WECM offers a means for the college to continually design and update high quality workforce courses by receiving input from business/industry and community college faculty throughout Texas.

The Texas Higher Education Coordinating Board approves all courses cited in the WECM for use by the Texas public community and technical colleges. Therefore, if students earn semester credit hours and CEUs by successfully completing the requirements for the course(s), they will be able to transfer the credits or CEUs to another Texas public community or technical college offering the same course(s).
**Figure 1 - Academic/General Education Course**

**ENGL 1301 Composition I (3)**  
(This is a common course number.)

- **Prerequisite:** One of the following must be met:  
  1. Developmental Reading 0093 AND Developmental Writing 0093;  
  2. English as a Second Language (ESOL) 0044 AND 0054; or  
  3. have met Texas Success Initiative (TSI) Reading and Writing standards.  
This course focuses on student writing. It emphasizes reading and analytical thinking and introduces research skills. Students practice writing for a variety of audiences and purposes. (3 Lec.)  
(Coordinating Board Academic Approval Number 2304015112)

**Figure 2 - WECM/Technical Course**

**ACNT 1380 Cooperative Education - Accounting (3)**  
(This is a WECM course number.)

- **Prerequisite:** Accounting 2301 or Accounting 2401, Accounting 1303, or concurrent enrollment and instructor approval.  
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 20 Ext.)
ACCT 2301 is a 3 credit hour lecture course. ACCT 2401 is a 4 credit hour lecture and laboratory course. Either course will meet degree requirements.

### ACCT 2301 Principles of Accounting I (3)
*(This is a Texas Common Course Number.)*

This course covers the theory and practice of measuring and interpreting financial data for business units. Basic concepts, principles, and procedures are applied to the following topics: operating cycle, accruals and deferrals, financial statements, internal controls, receivables, inventory, fixed assets, and liabilities. This course is cross-listed as Accounting 2401. The student may register for either Accounting 2301 or Accounting 2401, but may receive credit for only one of the two. (3 Lec.)

(Coordinating Board Academic Approval Number 5203015104)

ACCT 2302 is a 3 credit hour lecture course. ACCT 2402 is a 4 credit hour lecture and laboratory course. Either course will meet degree requirements.

### ACCT 2302 Principles of Accounting II (3)
*(This is a Texas Common Course Number.)*

Prerequisite: Accounting 2301 or Accounting 2401. This course is a continuation of Accounting 2301 or Accounting 2401. This course covers the theory and practice of measuring and interpreting financial data for business units, with emphasis on corporations and managerial applications. Basic concepts, principles, and procedures are applied to the following topics: preparation and analysis of financial statements, budgeting, cash flow, cost systems, responsibility accounting, and cost-volume-profit analysis. This course is cross-listed as Accounting 2402. The student may register for either Accounting 2302 or 2402, but may receive credit for only one of the two. (3 Lec.)

(Coordinating Board Academic Approval Number 5203015104)

### ACNT 1303 Introduction to Accounting I (3)
*(This is a WECM Course.)*

A study of analyzing, classifying, and recording business transactions in a manual and computerized environment. Emphasis on understanding the complete accounting cycle and preparing financial statements, bank reconciliations, and payroll. (3 Lec.)

### ACNT 1311 Introduction to Computerized Accounting (3)
*(This is a WECM Course.)*

Prerequisite: Accounting 2301 or Accounting 2401, Accounting 1303, or concurrent enrollment. Introduction to utilizing the computer in maintaining accounting records, making management decisions, and processing common business applications with primary emphasis on a general ledger package. (2 Lec., 2 Lab.)

### ACNT 1313 Computerized Accounting Applications (3)
*(This is a WECM Course.)*

Prerequisite: Accounting 2301 or Accounting 2401, Accounting 1303, or concurrent enrollment. A study of utilizing the computer to develop and maintain accounting record keeping systems, make management decisions, and process common business applications with emphasis on utilizing a spreadsheet and/or data base package/program. (2 Lec., 2 Lab.)

### ACNT 1329 Payroll and Business Tax Accounting (3)
*(This is a WECM Course.)*

Prerequisite: Accounting 2301 or Accounting 2401, Accounting 1303, or concurrent enrollment. A study of payroll procedures, taxing entities, and reporting requirements of local, state, and federal taxing authorities in a manual and computerized environment. (3 Lec.)

### ACNT 1331 Federal Income Tax: Individual (3)
*(This is a WECM Course.)*

Prerequisite: Accounting 2301 or Accounting 2401. Basic instruction in the tax laws as currently implemented by the Internal Revenue Service providing a working knowledge of preparing taxes for the individual. (3 Lec.)

### ACNT 1380 Cooperative Education - Accounting (3)
*(This is a WECM Course.)*

Prerequisite: Accounting 2301 or Accounting 2401, Accounting 1303, or concurrent enrollment and instructor approval. Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 20 Ext.)

### ACNT 1391 Special Topics in Accounting (3)
*(This is a WECM Course.)*

Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (3 Lec.)

### ACNT 2303 Intermediate Accounting I (3)
*(This is a WECM Course.)*

Prerequisite: Accounting 2301 or Accounting 2401. Critical analysis of generally accepted accounting principles, concepts, and theory underlying the preparation of financial statements. Emphasis on current theory and practice. (3 Lec.)
ACNT 2304 Intermediate Accounting II (3)
(This is a WECM Course.)
Prerequisite: Accounting 2303. Continued in-depth analysis of generally accepted accounting principles underlying the preparation of financial statements, including comparative analysis and statement of cash flows. (3 Lec.)

ACNT 2309 Cost Accounting (3)
(This is a WECM Course.)
Prerequisite: Accounting 2302 or Accounting 2402. A study of budgeting and cost control systems including a detailed study of manufacturing cost accounts and reports, job order costing, and process costing. Includes introduction to alternative costing methods such as activity-based and just-in-time costing. (3 Lec.)

ACNT 2311 Managerial Accounting (3)
(This is a WECM Course.)
Prerequisite: Accounting 2302 or Accounting 2402. A study of practical applications of accounting with emphasis on cost behavior, capital management decisions, budgeting, financial statement analysis, and income taxation. (3 Lec.)

ACNT 2380 Cooperative Education - Accounting (3)
(This is a WECM Course.)
Prerequisite: Accounting 1380 and instructor approval. Career-related activities encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.
(1 Lec., 20 Ext.)

ANTH 2301 Physical Anthropology (3)
(This is a Texas Common Course Number.)
Corequisite: Students must concurrently be enrolled in ANTH 2301 and ANTH 1101. Overview of human origins and biocultural adaptations. Also introduces methods and theory in the excavation and interpretation of material remains of past cultures. (3 Lec.)
(Coordinating Board Academic Approval Number 4503015125)

ANTH 1370 American Indian Culture (3)
(This is a Unique Need Course.)
Native Americans are studied from three perspectives: Native American history and prehistory; traditional Indian cultures; and native Americans today. The latter theme stresses current topics such as discrimination, poverty, employment, reservations, The Bureau of Indian Affairs, self-determination, health care, etc. (3 Lec.)
(Coordinating Board Academic Approval Number 0502029325)

ANTH 2302 Introduction to Archeology (3)
(This is a WECM Course.)
This course is an anthropological approach to archeology. Topics include an introduction to the study of humanity’s past. How archeologist retrieve, process, analyze and interpret surviving prehistoric materials is covered, as well as a survey of world prehistory through Neolithic times. (3 Lec.)
(Coordinating Board Academic Approval Number 4503015125)

ANTH 2346 Introduction to Anthropology (3)
(This is a Texas Common Course Number.)
This course surveys the origin of mankind involving the processes of physical and cultural evolution, ancient man, and preliterate man. Attention is centered on fossil evidence, physiology and family/group roles and status. (3 Lec.)
(Coordinating Board Academic Approval Number 4502015325)

ANTH 2351 Cultural Anthropology (3)
(This is a Texas Common Course Number.)
This course introduces students to the elements and processes that create culture, society and social interaction. Language, cross-cultural communication, fieldwork, and analysis of multi-cultural societies are covered. A special emphasis is given to cross-cultural comparison and analysis of basic social institutions on a global scale in order to provide students with an appreciation and understanding of the underlying unity of diverse cultural expressions. (3 Lec.)
(Coordinating Board Academic Approval Number 4502015325)

ANTH 2380 The Heritage of Mexico (3)
(This is a Texas Common Course Number.)
The first part of the course deals with the archeology of Mexico beginning with the first humans to enter the North American continent and culminating with the arrival of the Spanish in 1519 A.D. Emphasis is on archaic cultures, the Maya, the Toltec, and Aztec empires. The second part of the course deals with Mexican history and modern relations between the United States and Mexico. This course is cross-listed as History 2380. The student may register for either History 2380 or Anthropology 2380, but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015325)

ARAB 1470 Beginning Arabic I (3)
(This is a Unique Need Course.)
This course is an introductory course intended for students with little or no knowledge of the language. It's aim is to present essential vocabulary and grammar, and to develop the pronunciation, listening, reading, and writing skills necessary for basic communication and comprehension. Customs and cultural insights are also presented. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1601015325)
ARAB 1471 Beginning Arabic II (4)
(This is a Unique Need Course.)
Prerequisite: Arabic 1470 or the equivalent or demonstrated competence approved by the instructor. This course continues the oral practice, reading, writing, grammar and cultural studies begun in Arabic 1470. Students are expected to acquire a substantial amount of vocabulary and begin to deal with idiomatic language and more advanced syntax. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1601019213)

ARAB 2370 Intermediate Arabic I (3)
(This is a Unique Need Course.)
Prerequisite: Arabic 1471 or the equivalent or demonstrated competence approved by the instructor. This course is designed to further develop students' overall language proficiency and cultural knowledge through more advanced reading, listening, speaking and writing exercises. Grammatical concepts are reviewed and expanded. (3 Lec.)
(Coordinating Board Academic Approval Number 1601019313)

ARAB 2371 Intermediate Arabic II (3)
(This is a Unique Need Course.)
Prerequisite: Arabic 2370 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of Arabic 2370. The stress is on reading, composition, grammatical complexities, and intense oral practice, with continued studies of the culture. (3 Lec.)
(Coordinating Board Academic Approval Number 1601019413)

ARTC 1301 Basic Animation (3)
(This is a WECM Course Number.)
Examination of concepts, characters, and storyboards for basic animation production. Emphasis on creating movement and expression utilizing traditional or electronically generated image sequences. (2 Lec., 4 Lab.)

ARTC 1302 Digital Imaging I (3)
(This is a WECM Course Number.)
Digital imaging using raster image editing and/or image creation software: scanning, resolution, file formats, output devices, color systems, and image-acquisitions. (2 Lec., 4 Lab.)

ARTC 1307 Design Communication I (3)
(This is a WECM Course Number.)
Prerequisite: ARTC 1305, 2305, and 2311, or demonstrated competence approved by the instructor. Study of design development relating to graphic design terminology, tools and media, and layout and design concepts. Topics include integration of type, images and other design elements, and developing computer skills in industry standard computer programs. (2 Lec., 4 Lab.)

ARTC 1345 3-D Modeling and Rendering (3)
(This is a WECM Course Number.)
Prerequisite: IMED 1301. A studio course in the theory and technique of three-dimensional (3-D) modeling utilizing appropriate software. Topics include the creation and modification of 3-D geometric shapes; a variety of rendering techniques; and use of camera light sources, texture, and surface mapping. (2 Lec., 4 Lab.)

ARTC 1353 Computer Illustration (3)
(This is a WECM course number.)
Prerequisite: ARTC 1302. Implementation of software for illustration and/or photo manipulation for reproduction. (2 Lec., 4 Lab.)

ARTC 2305 Digital Imaging II (3)
(This is a WECM Course Number.)
Principles of digital image processing and electronic painting. Emphasis on bitmapmed- or raster-based image marking and the creative aspects of electronic illustration for commercial and fine art applications. (2 Lec., 4 Lab.)

ARTS 1301 Art Appreciation (3)
(This is a Texas Common Course Number.)
Films, lectures, slides, and discussions focus on the theoretical, cultural, and historical aspects of the visual arts. Emphasis is on the development of visual and aesthetic awareness. (3 Lec.)
(Coordinating Board Academic Approval Number 5007035126)

ARTS 1303 Survey of Art History (3)
(This is a Texas Common Course Number.)
This course covers the history of western art from prehistoric time through the Gothic period. It explores the cultural, geophysical, and personal influences on art styles. (3 Lec.)
(Coordinating Board Academic Approval Number 5007035226)

ARTS 1304 Survey of Art History (3)
(This is a Texas Common Course Number.)
This course covers the history of art from the Renaissance through the present. It explores the cultural, geophysical, and personal influences on art styles. (3 Lec.)
(Coordinating Board Academic Approval Number 5007035226)

ARTS 1311 2D Design (3)
(This is a Texas Common Course Number.)
Basic concepts of design with two-dimensional materials are explored. The use of line, color, illusion of space or mass, texture, value, shape, and size in composition is considered. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004015326)

ARTS 1312 3D Design (3)
(This is a Texas Common Course Number.)
Basic concepts of design with three-dimensional materials are explored. The use of mass, space, movement, and texture, line, plane, volume, color, and scale is considered. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004015326)
ARTS 1316 Drawing I (3)
(This is a Texas Common Course Number.)
This beginning course investigates various media, techniques, and subjects. It explores perceptual and descriptive possibilities and considers drawing as a developmental process as well as an end in itself.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055226)

ARTS 1317 Drawing II (3)
(This is a Texas Common Course Number.)
Prerequisite: Arts 1316. This course is an expansion of Arts 1316. It stresses the expressive and conceptual aspects of drawing, including advanced composition arrangements, a range of wet and dry media, and the development of an individual approach to theme and content. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055226)

ARTS 2316 Advanced Design (3)
(This is a Texas Common Course Number.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. This course will focus on two- or three-dimensional projects in a special topics area. Emphasis is on individual expression. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004015326)

ARTS 2317 Painting I (3)
(This is a Texas Common Course Number.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. This studio course stresses fundamental concepts of painting with acrylics and oils. Emphasis is on painting from still life, models, and the imagination.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085226)

ARTS 2318 Painting II (3)
(This is a Texas Common Course Number.)
Prerequisite: Arts 2316. This course continues Arts 2316. Emphasis is on individual expression.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085226)

ARTS 2322 Drawing III (3)
(This is a Texas Common Course Number.)
Prerequisite: Arts 1317. Arts 1311, Arts 1312 and Arts 1316 are recommended for Art Majors. This course covers the analytic and expressive drawing of the human figure. Movement and volume are stressed.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055326)

ARTS 2324 Drawing IV (3)
(This is a Texas Common Course Number.)
Prerequisite: Arts 2323, sophomore standing, or demonstrated competence approved by the instructor. This course continues Arts 2323. Emphasis is on individual expression.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007055326)

ARTS 2326 Sculpture I (3)
(This is a Texas Common Course Number.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. Various sculptural approaches are explored. Different media and techniques are used.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007095126)

ARTS 2327 Sculpture II (3)
(This is a Texas Common Course Number.)
Prerequisite: Arts 2326. This course continues Arts 2326. Emphasis is on individual expression.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007095126)

ARTS 2333 Printmaking I (3)
(This is a Texas Common Course Number.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. Basic printmaking processes are introduced. Included are planographic, intaglio, stencil and relief processes.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007105128)

ARTS 2334 Printmaking II (3)
(This is a Texas Common Course Number.)
Prerequisite: Arts 2333. This course is a continuation of Printmaking I.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007105128)

ARTS 2346 Ceramics I (3)
(This is a Texas Common Course Number.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. This course focuses on the building of pottery forms by coil, slab, and use of the wheel. Glazing and firing are also included.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007115128)

ARTS 2347 Ceramics II (3)
(This is a Texas Common Course Number.)
Prerequisite: Arts 2346 or demonstrated competence approved by the instructor. Glaze technology is studied. Advanced problems in the creation of artistic and practical ceramic works.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007115128)

ARTS 2348 Digital Art I (3)
(This is a Texas Common Course Number.)
Prerequisite: Recommended prerequisites for Art Majors, ARTS 1311 and ARTS 1316. Studio art course that explores the potential of the computer hardware and software media for their visual, conceptual, and practical uses in the visual arts.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004025128)

ARTS 2349 Digital Art II (3)
(This is a Texas Common Course Number.)
Prerequisite: ARTS 2348. Studio art course that continues the exploration of the computer hardware and software media for their visual, conceptual, and practical uses in the visual arts.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5004025128)
ARTS 2356 Photography I (3)
(This is a Texas Common Course Number.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. Creative use of the camera is studied. Photosensitive materials are examined as a means of making expressive graphic images. Emphasis is on black and white processing and printing techniques. This course is cross-listed as Photography 2356. The student may register for either Arts 2356 or Photography 2356, but may receive credit for only one of the two.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5006055126)

ARTS 2357 Photography II (3)
(This is a Texas Common Course Number.)
Prerequisite: Arts 2356. This course is a continuation of Arts 2356. Emphasis is on individual expression. This course is cross-listed as Photography 2357. The student may register for either Arts 2357 or Photography 2357, but may receive credit for only one of the two.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5006055226)

ARTS 2366 Watercolor I (3)
(This is a Texas Common Course Number.)
Prerequisite: Recommended prerequisites for Art Majors, Arts 1311, Arts 1312, Arts 1316, and Arts 1317. This course explores studio techniques in water base media. Emphasis is placed on exploration of a variety of modes and techniques as a means to original expression. This course may be repeated for credit.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085326)

ARTS 2367 Watercolor II (3)
(This is a Texas Common Course Number.)
Prerequisite: Arts 2366. This course continues the development of skills in water base media.
(2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 5007085328)

ARTS 2389 Academic Cooperative in Art, Photography/Digital Imaging (3)
(This is a Texas Common Course Number.)
An instructional program designed to integrate on-campus study with practical hands-on work experience in the humanities and/or fine arts. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of languages, art, music, philosophy, or religion. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 2401035212)

BCIS 1405 Business Computer Applications (4)
(This is a Texas Common Course Number.)
The main focus of this course is on business applications of software, including word processing, spreadsheets, databases, presentation graphics, and business-oriented use of the Internet. Topics include computer terminology, hardware, software, operating systems, and information systems. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601015103)

BCIS 1431 Programming in Visual BASIC (4)
(This is a Texas Common Course Number.)
Prerequisite: BCIS 1405 or COSC 1401 or demonstrated competence approved by the instructor. Introduction to business programming techniques using Visual BASIC with an emphasis on the fundamentals of design, development, testing, implementation, and documentation. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1102025204)

BCIS 2390 Systems Analysis and Design (3)
(This is a Texas Common Course Number.)
Prerequisite: Any programming course or demonstrated competence approved by the instructor. Analysis of business information needs and preparation of specifications and requirements for appropriate data system solutions. Topics include information requirements analysis, specification development and writing, prototype evaluation, and network application interfaces. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1105015104)

BCIS 2431 Advanced Programming in Visual BASIC (4)
(This is a Texas Common Course Number.)
Prerequisite: BCIS 1431 or demonstrated competence approved by the instructor. Advanced applications and business programming techniques using Visual BASIC. Topics include file access methods, data structures, modular programming, program testing, and documentation. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1102025304)

BIOL 1406 Biology for Science Majors I (4)
(This is a Texas Common Course Number.)
Prerequisite: One of the following must be met: (1) Developmental Reading 0093 AND Developmental Writing 0093; (2) English as a Second Language (ESOL) 0044 AND 0054; or (3) have met Texas Success Initiative (TSI) Reading and Writing standards. An introductory survey of contemporary biology for students majoring in the sciences. Topics emphasized will include the chemical basis of life, structure and function of cells, energy transformations, and molecular biology and genetics. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601015103)

BIOL 1407 Biology for Science Majors II (4)
(This is a Texas Common Course Number.)
Prerequisite: Biology 1406. Biology for Science Majors I. An introductory survey of current biological concepts for students majoring in the sciences. Emphasis will be placed on topics which include evolution, biological diversity, ecology, and comparative structure and function of organisms. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 2601015103)
BIOl 1408 Biology for Non-Science Majors I (4)  
(This Is a Texas Common Course Number.)  
Presentation of biological concepts for the non-science major. Emphasis will be on scientists and their contributions to the field, scientific problem solving, unity of life including cells and genetic information, energy pathways important to life, and current issues in biology. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 2601015103)

BIOl 1409 Biology for Non-Science Majors II (4)  
(This Is a Texas Common Course Number.)  
Presentation of biological concepts for the non-science major. Emphasis will be on current biological concepts pertaining to evolutionary and behavioral adaptations, biological diversity, ecology, form and function of organisms. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 2601015103)

BIOl 1411 Introductory Botany (4)  
(This Is a Texas Common Course Number.)  
Prerequisite: One of the following must be met: (1) Developmental Reading 0093 AND Developmental Writing 0093; (2) English as a Second Language (ESOL) 0044 AND 0054; or (3) have met Texas Success Initiative (TSI) Reading and Writing standards. This course introduces plant form and function. Topics ranging from the cell through organs are included. Emphasis is on the vascular plants, including the taxonomy and life cycles of major plant divisions. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 2603015103)

BIOl 2401 Anatomy and Physiology I (4)  
(This Is a Texas Common Course Number.)  
Prerequisite: Biology 1406 or SCIT 1407. This course examines cell structure and function, tissues, and the skeletal, muscular, and nervous systems. Emphasis is on structure, function, and the interrelationships of the human systems. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 260705103)

BIOl 2402 Anatomy and Physiology II (4)  
(This Is a Texas Common Course Number.)  
Prerequisite: Biology 2401. This is the second course of a two-course sequence. Structure and function as related to the human circulatory, respiratory, urinary, digestive, reproductive, and endocrine systems are studied. Emphasis is placed on the interrelationships of these systems. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 260705103)

BIOl 2416 Genetics (4)  
(This Is a Texas Common Course Number.)  
Prerequisite: Biology 1406. This course focuses on genetics. Topics include Mendelian inheritance, recombinant genetics, the biochemical theory of genetic material, and mutation theory. Plant and animal materials are used to study population genetics, linkage, gene structure and function, and other concepts of heredity. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 2608045103)

BIOl 2420 Microbiology for Non-Science Majors (4)  
(This Is a Texas Common Course Number.)  
Prerequisite: Biology 1406 or SCIT 1407 or BIOl 2401. An overview of the morphology, physiology, and taxonomy of representative groups of pathogenic and non-pathogenic organisms. Emphasis is placed on applications to humans and techniques used in growing pure cultures of microorganisms on selected media. A brief preview on public health issues is also presented. Designed for non-science majors and allied health students. (3 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 2605035103)

BIOl 2421 Microbiology for Science Majors (4)  
(This Is a Texas Common Course Number.)  
Prerequisite: Biology 1406, Biology 1407 and Chemistry 1411. A study of the morphology, physiology, and taxonomy of representative groups of pathogenic and non-pathogenic organisms. Emphasis is placed on relationships that influence humans: public health, infectious diseases, and immunology, biotechnology, and environmental and industrial applications. Lab experimentation with pure cultures and selected media will be used to study extensively the medical, environmental, and industrial importance of these microbes. Designed for students in science or preprofessional programs. (3 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 2605035103)

BMGT 1191 Special Topics in Business Administration and Management, General (1)  
(This Is a WECM Course Number.)  
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec.)

BMGT 1303 Principles of Management (3)  
(This Is a WECM Course Number.)  
Concepts, terminology, principles, theories and issues in the field of management. (3 Lec.)

BMGT 1382 Cooperative Education - Business Administration And Management, General (3)  
(This Is a WECM Course Number.)  
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. The student should have previous credit in or concurrent enrollment in BMGT 1301 or demonstrated competence approved by the instructor. (1 Lec., 14 Ext.)
BMGT 1383 Cooperative Education - Business Administration And Management, General (3)
(This Is a WECM Course Number.)
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. The student should have previous credit in or concurrent enrollment in HRPO 2301 or demonstrated competence approved by the instructor. (1 Lec., 14 Ext.)

BMGT 1391 Special Topics in Business Administration and Management, General (3)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (3 Lec.)

BMGT 2303 Problem Solving and Decision Making (3)
(This is a WECM Course Number.)
Decision making and problem solving processes in organizations, utilizing logical and creative problem solving techniques. Application of theory is provided by experiential activities such as small group discussions, case studies, and the use of other managerial decision aids. (3 Lec.)

BMGT 2331 Total Quality Management (3)
(This is a WECM Course Number.)
Quality of productivity in organizations. Includes planning for quality throughout the organization, analysis of costs of quality, and employee empowerment. (3 Lec.)

BMGT 2341 Strategic Management (3)
(This is a WECM Course Number.)
Strategic management process involving analysis of how organizations develop and implement a strategy for achieving organizational objectives in a changing environment. (3 Lec.)

BMGT 2347 Critical Thinking and Problem Solving (3)
(This is a WECM Course Number.)
Instruction in interpreting data for effective problem solving and recommending corrective action with emphasis on a structured approach to critical thinking and problem solving in a team environment. (3 Lec.)

BMGT 2382 Cooperative Education - Business Administration And Management, General (3)
(This is a WECM Course Number.)
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. The student should have previous credit in or concurrent enrollment in HRPO 2307 or demonstrated competence approved by the instructor. (1 Lec., 14 Ext.)

BMGT 2383 Cooperative Education - Business Administration And Management, General (3)
(This is a WECM Course Number.)
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. The student should have previous credit in or concurrent enrollment in BMGT 2303 or demonstrated competence approved by the instructor. (1 Lec., 14 Ext.)

BMGT 2384 Cooperative Education - Operations Management and Supervision (3)
(This is a WECM Course Number.)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 20 Ext.)

BUSG 1302 E-Business Management (3)
(This is a WECM Course Number.)
Prerequisite: Integrated Software Applications I. Unique aspects of creating and managing an E-Commerce business; topics address the Internet, infrastructure for electronic commerce, markup languages, web-based tools and software, security issues, electronic payment systems, strategies for marketing, sales and purchasing, legal, ethical and tax issues, management functions including how managers plan, exercise leadership, organize, and control the operations. (3 Lec.)

BUSG 1315 Small Business Operations (3)
(This is a WECM Course Number.)
A course in the unique aspects of managing a small business. Topics address management functions including how managers plan, exercise leadership, organize, and control the operations. (3 Lec.)
BUSG 1341 Small Business Financing (3)
(This is a WECM Course Number.)
A study of the financial structure of a small business. Topics address business finance, including where the funds come from and what they are used for; budgeting including planning and preparing, record keeping, taxation, insurance, and banking. (3 Lec.)

BUSG 2309 Small Business Management (3)
(This is a WECM Course Number.)
A course on how to start and operate a small business. Topics include facts about a small business, essential management skills, how to prepare a business plan, financial needs, marketing strategies, and legal issues. (3 Lec.)

BUSI 1301 Introduction to Business (3)
(This is a Texas Common Course Number.)
This course provides an introduction to business operations. Topics include: the business system, legal forms of business, organization and management, business functions (production, marketing, finance, risk management, information systems, accounting) and the environments affecting business (the economy, labor, government regulation, social responsibility, law, international business, and technology). (3 Lec.) (Coordinating Board Academic Approval Number 5201015104)

BUSI 1307 Personal Finance (3)
(This is a Texas Common Course Number.)
Personal financial issues are explored. Topics include financial planning, insurance, budgeting, credit use, home ownership, savings, investment, and tax problems. (3 Lec.) (Coordinating Board Academic Approval Number 1904015109)

BUSI 2301 Business Law (3)
(This is a Texas Common Course Number.)
This course presents the legal principles affecting business decisions. The law of contracts, agency, sales, negotiable instruments, and secured transactions are specifically covered. (3 Lec.) (Coordinating Board Academic Approval Number 2201015124)

CDEC 1359 Children with Special Needs (3)
(This is a WECM Course Number.)
A survey of information regarding children with special needs including possible causes and characteristics of exceptionalities, intervention strategies, available resources, referral processes, the advocacy role, and legislative issues. (3 Lec.)

CETT 1331 Technical Programming (3)
(This is a WECM Course Number.)
Prerequisite: Credit or concurrent enrollment in MATH 1414 or the equivalent. Introduction to a high level programming language such as BASIC, PASCAL, or "C". Topics include structured programming and problem solving as they apply to technical applications. (2 Lec., 4 Lab.)

CETT 1403 DC Circuits (4)
(This is a WECM Course Number.)
A study of the fundamentals of direct current including Ohm's law, Kirchhoff's laws and circuit analysis techniques. Emphasis on circuit analysis of resistive networks and DC measurements. This course is cross-listed as CETT 1303. The student may register for either CETT 1403 or CETT 1303, but may receive credit for only one of the two. (3 Lec., 3 Lab)

CETT 1405 AC Circuits (4)
(This is a WECM Course Number.)
Prerequisite: CETT 1403. A study of the fundamentals of alternating current including series and parallel AC circuits, phasors, capacitive and inductive networks, transformers, and resonance. This course is cross-listed as CETT 1305. The student may register for either CETT 1405 or CETT 1305, but may receive credit for only one of the two. (3 Lec., 3 Lab.)

CETT 1425 Digital Fundamentals (4)
(This is a WECM Course Number.)
An entry level course in digital electronics covering number systems, binary mathematics, digital codes, logic gates, Boolean algebra, Karnaugh maps, and combinational logic. Emphasis on circuit logic analysis and troubleshooting digital circuits. This course is cross-listed as CETT 1325. The student may register for either CETT 1425 or CETT 1325, but may receive credit for only one of the two. (3 Lec., 3 Lab)

CETT 1429 Solid State Devices (4)
(This is a WECM Course Number.)
Prerequisite: CETT 1403 and credit or concurrent enrollment in CETT 1405. A study of diodes, transistor characteristics and other semiconductor devices, including analysis of static and dynamic characteristics, biasing techniques, and thermal considerations. This course is cross-listed as CETT 1329. The student may register for either CETT 1429 or CETT 1329, but may receive credit for only one of the two. (3 Lec., 3 Lab)

CETT 1457 Linear Integrated Circuits (4)
(This is a WECM Course Number.)
Prerequisite: CETT 1429. A study of the characteristics, operations, stabilization, testing, and feedback techniques of linear integrated circuits. Application in computation, measurements, instrumentation, and active filtering. (3 Lec., 3 Lab)

CETT 2337 Microcomputer Control (3)
(This is a WECM Course Number.)
Prerequisite: CETT 1425. A study of microprocessors and microcomputers with an emphasis on embedded controllers for industrial and commercial applications. Topics include RAM, ROM and input/output (I/O) interfacing. Introduction to programming. (2 Lec., 2 Lab.)
CHEM 1405 Introductory Chemistry I (4)  
(This is a Texas Common Course Number.)  
Prerequisite: Developmental Mathematics 0091 or the equivalent. This course is for non-science majors. Fundamental concepts are presented in lecture and laboratory including the periodic table, atomic structure, chemical bonding, reactions, stoichiometry, states of matter, properties of metals, nonmetals and compounds, acid-base theory, oxidation-reduction and solutions. Descriptive chemistry is emphasized. (3 Lee., 3 Lab.)  
(Coordinating Board Academic Approval Number 4005015103)

CHEM 1407 Introductory Chemistry II (4)  
(This is a Texas Common Course Number.)  
Prerequisite: Chemistry 1405 or demonstrated competence approved by the instructor. This course is for non-science majors. It surveys organic chemistry and biochemistry. The reactions, syntheses, nomenclature, uses, purposes and properties of the important classes of organic and biochemical compounds are studied. (3 Lee., 3 Lab.)  
(Coordinating Board Academic Approval Number 4005015103)

CHEM 1411 General Chemistry I (4)  
(This is a Texas Common Course Number.)  
Prerequisite: Developmental Mathematics 0093 or the equivalent and one of the following: high school chemistry, Chemistry 1405, or the equivalent. This course is for science and science-related majors. Fundamental concepts of chemistry are presented including measurement and the metric system, the history of chemistry, the mole concept, chemical reactions and stoichiometry, energy and chemical reactions, states and properties of matter, the periodic table, chemical bonding, atomic and molecular structure, gas laws, and concentrations of solutions:  
(3 Lee., 3 Lab.)  
(Coordinating Board Academic Approval Number 4005015203)

CHEM 1412 General Chemistry II (4)  
(This is a Texas Common Course Number.)  
Prerequisite: Chemistry 1411. This course is for science and science-related majors. It is a continuation of Chemistry 1411. Topics include states of matter, phase diagrams and intermolecular interactions; reaction kinetics, chemical equilibrium, modern acid-base theory, buffers, chemical thermodynamics, colligative properties of solutions, electrochemistry and nuclear chemistry. Topics may further include transition-metal chemistry, an introduction to organic chemistry and qualitative inorganic analysis. (3 Lee., 3 Lab.)  
(Coordinating Board Academic Approval Number 4005015203)

CHEM 2423 Organic Chemistry I (4)  
(This is a Texas Common Course Number.)  
Prerequisite: Chemistry 1412. This course is for science and science-related majors. It introduces the fundamental classes of organic (carbon) compounds, and begins the study of aliphatic and aromatic compounds, including nomenclature, structure and isomerism, stereochemistry, types of reactions, common mechanisms and syntheses. Lab includes synthesis, purification by distillation, extraction, recrystallization and chromatography, and identification by physical and chemical means and may include spectroscopic identification. (3 Lee., 4 Lab.)  
(Coordinating Board Academic Approval Number 4005045203)

CHEM 2425 Organic Chemistry II (4)  
(This is a Texas Common Course Number.)  
Prerequisite: Chemistry 2423. This course is for science and science-related majors. It is a continuation of Chemistry 2423. Topics include properties and syntheses of aliphatic and aromatic systems of aldehydes, ketones, carboxylic acids, esters, ethers, alcohols, amines and amides. Spectroscopy is included. Further topics may include polyfunctional and heterocyclic compounds, amino acids, proteins, lipids, and carbohydrates. Laboratory includes spectroscopy and qualitative organic analysis, and further work in synthesis. (3 Lee., 4 Lab.)  
(Coordinating Board Academic Approval Number 4005045203)

CHIN 1311 Introduction to Chinese (3)  
(This is a Texas Common Course Number.)  
CHIN 1311 is an introduction to the regular Chinese course sequence; it is not a substitute for CHIN 1411. The focus is on pronunciation and the communications skills using basic vocabulary and grammar. Customs and cultural insights are also presented. Students who wish to continue their studies will next enroll in CHIN 1411. This course is cross-listed as Chinese 1411. The student may register for either Chinese 1311 or Chinese 1411, but may receive credit for only one of the two. (3 Lee., 1 Lab.)  
(Coordinating Board Academic Approval Number 1603015113)

CHIN 1411 Beginning Chinese I (4)  
(This is a Texas Common Course Number.)  
This course is an introductory course intended for students with little or no knowledge of the language. Its aim is to present essential vocabulary and grammar, and to develop the pronunciation, listening, reading, and writing skills necessary for basic communication and comprehension. Customs and cultural insights are also presented. This course is cross-listed as Chinese 1311. The student may register for either Chinese 1411 or Chinese 1311, but may receive credit for only one of the two. (3 Lee., 2 Lab.)  
(Coordinating Board Academic Approval Number 1603015113)
CHIN 1412 Beginning Chinese II (4)  
(This Is a Texas Common Course Number.)  
Prerequisite: Chinese 1411 or the equivalent or demonstrated competence approved by the instructor.  
This course continues the oral practice, reading, writing, grammar and cultural studies begun in Chinese 1411.  
Students are expected to acquire a substantial amount of vocabulary and begin to deal with idiomatic expressions and more advanced syntax. (3 Lec., 2 Lab.)  
(Coordinating Board Academic Approval Number 1603015113)

CHIN 2311 Intermediate Chinese I (3)  
(This Is a Texas Common Course Number.)  
Prerequisite: Chinese 1412 or the equivalent or demonstrated competence approved by the instructor.  
This course is designed to further develop students' overall language proficiency and cultural knowledge through more advanced reading, listening, speaking and writing exercises. Grammatical concepts are reviewed and expanded. (3 Lec.)  
(Coordinating Board Academic Approval Number 1603015213)

CHIN 2312 Intermediate Chinese II (3)  
(This Is a Texas Common Course Number.)  
Prerequisite: Chinese 2311 or the equivalent or demonstrated competence approved by the instructor.  
This course is a continuation of Chinese 2311. The stress is on reading, composition, grammatical complexities, and intense oral practice, with continued studies of the culture. (3 Lec.)  
(Coordinating Board Academic Approval Number 1603015213)

COSC 1300 Computer Literacy (3)  
(This Is a Texas Common Course Number.)  
The student will develop the ability to use computer-based technology in communicating, acquiring information and solving problems. Additionally, the student will evaluate the effects and implications of information technology on various aspects of society. COSC 1300 may not be applied towards a computer science major or minor. (2 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 1101015107)

COSC 1401 Microcomputer Concepts and Applications (4)  
(This Is a Texas Common Course Number.)  
This course introduces the use of computers in business organizations, professional activities and personal life. Topics include terminology, hardware and software, applications and systems development, networking and the use of contemporary software. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 1101015207)

COSC 1415 Introduction to Computer Science and Programming (4)  
(This Is a Texas Common Course Number.)  
This introductory course is designed to meet the requirements for a four-year degree with a major or minor in computer science, mathematics, or a scientific field. This course focuses on problem-solving using modular design techniques implemented with a structured programming language. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 1102015207)

COSC 1436 Programming Fundamentals I (4)  
(This Is a Texas Common Course Number.)  
Introduces the fundamentals concepts of structured programming. Topics include software development methodology, data types, control structures, functions, arrays, and the mechanics of running, testing, and debugging. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 1102015507)

COSC 1437 Programming Fundamentals II (4)  
(This Is a Texas Common Course Number.)  
Prerequisite: Computer Science 1436 and college-level algebra or higher. Review of control structures and data types with emphasis on structured data types. Applies the object-oriented programming paradigm, focusing on the definition and use of classes along with the fundamentals of object-oriented design. Includes basic analysis of algorithms, searching and sorting techniques, and an introduction to software engineering.  
(3 Lec., 3 Lab.)

COSC 2415 Advance Computer Science and Programming (4)  
(This Is a Texas Common Course Number.)  
Prerequisite: Computer Science 1415 and Mathematics 1414 or demonstrated competence approved by the instructor. This course is a continuation of Computer Science 1415 and is designed to meet the requirements for a degree in computer science or a related field. Topics include structured problem-solving, elementary and advanced data structures, the use of pointer variables and references, and an introduction to object-oriented programming. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 1102015307)

COSC 2425 Computer Organization and Machine Language (4)  
(This Is a Texas Common Course Number.)  
Prerequisite: COSC 1436 or demonstrated competence approved by the instructor. Basic computer organization; instruction cycle; digital representation of data and instructions; assembly language programming, assembler, macros, subroutines, and program linkages. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 1102015407)
COSC 2436 Programming Fundamentals III (4)
(This is a Texas Common Course Number.)
Prerequisite: Computer Science 1437. Further applications of programming techniques, introducing the fundamental concepts of data structures and algorithms. Topics include recursion, fundamental data structures (including stacks, queues, linked lists, hash tables, trees, and graphs), and algorithmic analysis. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1102015707)

CPMT 1305 IT Essentials I: PC Hardware and Software (3)
(This is a WECM Course Number.)
An introduction to information technology and data communication. Includes topics on personal computer hardware and software and basic networking concepts. Licensing/Certification Agency: Cisco Corporation. (2 Lec., 4 Lab.)

CPMT 1308 Fundamentals of Web Design (3)
(This is a WECM Course Number.)
An introduction to Web site production processes and design elements involving layouts, navigation and interactivity. This course will help students prepare for career opportunities as a Web designer, entry-level Graphical Designer, Web project manager, and Webmaster. Licensing/Certification Agency: Cisco Corporation. (2 Lec., 4 Lab.)

CPMT 1309 IT Essentials II: Network Operating Systems (3)
(This is a WECM Course Number.)
Prerequisite: CPMT 1305 or instructor approval. An overview of network operating systems and specifically covers the Linux Red Hat Network operating system. Students will learn how to use the Linux operating system, the K Desktop Environment (KDE) and GNU Network Object Model (GNOME). Licensing/Certification Agency: Cisco Corporation. (2 Lec., 4 Lab.)

CPMT 1405 IT Essentials I: PC Hardware and Software (4)
(This is a WECM Course Number.)
An introduction to information technology and data communication. Includes topics on personal computer hardware and software and basic networking concepts. Licensing/Certification Agency: Cisco Corporation. (3 Lec., 4 Lab.)

CPMT 1408 Fundamentals of Web Design (4)
(This is a WECM Course Number.)
An introduction to Web site production processes and design elements involving layouts, navigation and interactivity. This course will help students prepare for career opportunities as a Web designer, entry-level Graphical Designer, Web project manager, and Webmaster. Licensing/Certification Agency: Cisco Corporation. (3 Lec., 4 Lab.)

CPMT 1409 IT Essentials II: Network Operating Systems (4)
(This is a WECM Course Number.)
Prerequisite: CPMT 1405 or instructor approval. An overview of network operating systems and specifically covers the Linux Red Hat Network operating system. Students will learn how to use the Linux operating system, the K Desktop Environment (KDE) and GNU Network Object Model (GNOME). Licensing/Certification Agency: Cisco Corporation. (3 Lec., 4 Lab.)

CPMT 1447 Computer System Peripherals (4)
(This is a WECM Course Number.)
Prerequisite: CETT 1403. This course is an in-depth study of principles and practices involved in computer system troubleshooting techniques, programs, and the use of specialized test equipment. The student will develop hardware and software troubleshooting techniques and perform procedures used in troubleshooting. (3 Lec., 3 Lab.)

CPMT 1449 Computer Networking Technology (4)
(This is a WECM Course Number.)
Prerequisite: CETT 1403. This is a beginning course in computer networks with focus on networking fundamentals, terminology, hardware, software, and network architecture. A study of local/wide area networking concepts and networking installations and operations. (3 Lec., 3 Lab.)

CPMT 2233 Computer Integration (2)
(This is a WECM Course Number.)
An advanced course in integration of hardware, software, and applications. Customization of computer systems for specific applications in engineering, multimedia, or data acquisition. (2 Lec.)

CPMT 2434 Network Security (4)
(This is a WECM Course Number.)
Prerequisite: CCNA 4 or current CCNA certification. Focus on overall security processes with particular emphasis on hands-on skills in the following areas: security policy design and management; security technologies, products and solutions; firewall and secure router design, installation, configuration and maintenance; AAA implementation using routers and firewalls; VPN implementation using routers and firewalls. Licensing/Certification Agency: Cisco Corporation. (3 Lec., 4 Lab.)

CPMT 2437 Microcomputer Interfacing (4)
(This is a WECM Course Number.)
Prerequisite: CETT 2435. An interfacing course exploring the concepts and terminology involved in interfacing the internal architecture of the microcomputer with commonly used external devices. (3 Lec., 3 Lab.)
DANC 1151 Rehearsal and Performance I (1)
(This is a Texas Common Course Number.)
This course supplements beginning dance technique classes. Basic concepts of approaching work on the concert stage: stage directions, stage areas, and the craft involved in rehearsing and performing are emphasized. This course may be repeated for credit. (4 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DANC 1152 Rehearsal and Performance II (1)
(This is a Texas Common Course Number.)
Prerequisite: Dance 1151 or demonstrated competence approved by the instructor. This course supplements intermediate dance technique classes. It is a continuation of Dance 1151 with emphasis on more advanced concepts as they apply to actual rehearsals and performances. This course may be repeated for credit. (4 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DANC 1247 Jazz I (2)
(This is a Texas Common Course Number.)
The basic skills of jazz dance are introduced. Emphasis is on technique and development, rhythm awareness, jazz styles, and rhythmic combinations of movement. This course may be repeated for credit. (1 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DANC 1248 Jazz II (2)
(This is a Texas Common Course Number.)
Prerequisite: Dance 1247 or demonstrated competence approved by the instructor. Work on skills and style in jazz dance is continued. Technical skills, combinations of steps into dance patterns, and exploration of composition in jazz form are emphasized. This course may be repeated for credit. (1 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DANC 1341 Ballet I (3)
(This is a Texas Common Course Number.)
This course explores basic ballet structure and terminology. Included are posture, balance, coordination, rhythm, and flow of physical energy through the art form. Instruction in beginning adagio, petit allegro, grand allegro, inside and outside turns and various jumps are studied. This course may be repeated for credit. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DANC 1342 Ballet II (3)
(This is a Texas Common Course Number.)
Prerequisite: Dance 1341. This course is a continuation of Dance 1341. Emphasis is on body directions and stamina. More complex combinations using advanced patterning will be studied. This course may be repeated for credit. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5003015226)
DANC 1345 Modern I (3)
(This is a Texas Common Course Number.)
This course explores basic modern techniques. Emphasis is on technique development, and familiarity with contemporary meters and rhythms. An awareness of major influences on concert dance is developed. This course may be repeated for credit. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DANC 1346 Modern II (3)
(This is a Texas Common Course Number.)
Prerequisite: Dance 1345. This course continues and further develops an exploration of Dance 1345. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DANC 2103 Hip Hop I (1)
(This course is considered as a PHED activity course.)
This course explores basic hip hop techniques. Emphasis is on technique development and familiarity with contemporary meters and rhythms. This course may be repeated for credit. (1 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

DANC 2104 Hip Hop II (1)
(This course is considered as a PHED activity course.)
Prerequisite: Dance 2103 or demonstrated competence approved by instructor. This course continues and further develops an exploration of Dance 2103. This course may be repeated for credit. (1 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

DANC 2247 Jazz III (2)
(This is a Texas Common Course Number.)
Prerequisite: Dance 2246. This course consists of the development of proper performance framing. Complex jazz rhythms, turns, jumps, and intricate elements of choreography are introduced. This course may be repeated for credit. (1 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DANC 2248 Jazz IV (2)
(This is a Texas Common Course Number.)
Prerequisite: Dance 2247. This course is a further exploration of Dance 2247. This course may be repeated for credit. (1 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DANC 2301 Ballet Independent Study (3)
(This is a Texas Common Course Number.)
Prerequisite: Successful completion of Ballet II and consent of instructor. Individualized format for giving students the opportunity to participate in ballet courses which allows flexibility of both schedule and intensity. Must be completed in two consecutive semesters (including summer). This course may be repeated for credit. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DANC 2303 Dance Appreciation (3)
(This is a Texas Common Course Number.)
The cultural, historical and aesthetic qualities of dance are presented through lectures, films, videos, demonstrations and dance productions. Primitive, classical and contemporary dance forms are included. (3 Lec.)
(Coordinating Board Academic Approval Number 5003015426)

DANC 2341 Ballet III (3)
(This is a Texas Common Course Number.)
Prerequisite: Dance 1342. The development of ballet techniques is continued. More complicated exercises at the barre and center floor are included. Emphasis is on long series of movements, adagio and jumps. Precision of movement is stressed. This course may be repeated for credit. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DANC 2342 Ballet IV (3)
(This is a Texas Common Course Number.)
Prerequisite: Dance 2341. Individual proficiency, artistry and technical virtuosity are developed. This course may be repeated for credit. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DANC 2345 Modern III (3)
(This is a Texas Common Course Number.)
Prerequisite: Dance 2345. This course is a further exploration of Dance 2345. This course may be repeated for credit. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DANC 2346 Modern IV (3)
(This is a Texas Common Course Number.)
Prerequisite: Dance 2346. This course consists of the development of complex falls, combinations, phrasing, and dramatic emphasis. This course may be repeated for credit. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5003015226)

DCLS 0100 College Learning Skills (1)
This course is for students who wish to extend their learning skills for academic or career programs. Individualized study and practice are provided in reading, study skills, and composition. This course may be repeated for a maximum of three credits. Students may enroll in up to three different sections of CLS during one semester. This course does not count as Texas Success Initiative (TSI) remediation. (1 Lec.)

DCOM 0120 Communication Skills (3)
This course is for students with significant communication problems. It is organized around skill development, and students may enroll at any time (not just at the beginning of a semester) upon the referral of an instructor. Emphasis is on individual needs and personalized programs. Special attention is given to oral language. Contacts are made with other departments to provide other ways of learning for the students. This course should not be used for Texas Success Initiative (TSI) remediation. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 3201085178)
DFTG 1309 Basic Computer-Aided Drafting (3)
(Prerequisite: An appropriate assessment test score. This course is designed to develop the skills and learning skills are strengthened. Emphasis is on individual needs and personalized programs. This course may be repeated if topics and learning outcomes vary. This course should not be used for Texas Success Initiative (TSI) remediation. (2 Lab.)

DFTG 1394 Special Topics in Electrical/Electronics Drafting and Electrical/Electronics CAD/CADD (3)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)

DFTG 1405 Technical Drafting (4)
Introduction to the principles of drafting to include terminology and fundamentals, including size and shape descriptions, projection methods, geometric construction, sections, auxiliary views, and reproduction processes. This course is cross-listed as DFTG 1305. The student may register for either DFTG 1405 or DFTG 1305, but may receive credit for only one of the two. (2 Lec., 4 Lab.)

DFTG 2312 Technical Illustration (3)
Prerequisite: DFTG 1309 or DFTG 1409. Topics include pictorial drawing including isometrics, obliques, perspectives, charts, and graphs; shading and transfer lettering; and use of different media. (2 Lec., 4 Lab.)

DFTG 2340 Solid Modeling/Design (3)
A computer-aided modeling course. Development of three-dimensional drawings and models from engineering sketches and orthographic drawings and utilization of three-dimensional models in design work. This course is cross-listed as DFTG 2440. The student may register for either DFTG 2340 or DFTG 2440, but may receive credit for only one of the two. (2 Lec., 4 Lab.)

DFTG 2344 Strength of Materials (3)
The study of internal effects of forces acting upon elastic bodies and the resulting changes in form and dimensions, including units on stress, shear, bending moments, and simple beam design. (2 Lec., 4 Lab.)

DFTG 2350 Geometric Dimensioning and Tolerancing (3)
Geometric dimensioning and tolerancing, according to standards, application of various geometric dimensions and tolerances to production drawings. (2 Lec., 4 Lab.)

DFTG 2374 Integrated Circuit Design (3)
Skill development in the layout of integrated circuits using current computer hardware and software. Instruction in layout technology and laboratory exercises to enable students to layout simple digital integrated circuits from schematic diagrams and design rules. (2 Lec., 4 Lab.)

DFTG 2375 Advanced Integrated Circuit Design (3)
Prerequisite: DFTG 2374. Skill development in the layout of complex integrated circuits using current computer hardware and software. Instruction in layout technology and laboratory exercises to enable students to layout complex analog integrated circuits from schematic diagrams and design rules. (2 Lec., 4 Lab.)

DLEA 0094 Learning Skills Improvement (1)
Learning skills are strengthened. Emphasis is on individual needs and personalized programs. This course may be repeated if topics and learning outcomes vary. This course should not be used for Texas Success Initiative (TSI) remediation. (2 Lab.)

Developmental Mathematics courses offer a review of mathematical skills. Developmental Mathematics 0099 or Developmental Mathematics 0093 satisfies prerequisites for Mathematics 1314, 1324, 1332, 1333, 1414 and 2342. Developmental Mathematics 0097 or Developmental Mathematics 0091 satisfies prerequisites for TECM 1341.

DMAT 0066 Concepts in Basic Mathematics (3)
Prerequisite: An appropriate assessment test score. This course is designed to develop the skills and understanding to perform the fundamental operations on whole numbers, fractions and decimals. Topics include the base ten system, rounding, prime numbers, factors, least common multiples and conversions between decimals and fractions. (3 Lec.)

DMAT 0090 Pre Algebra Mathematics (3)
Prerequisite: An appropriate assessment test score. This course is designed to develop an understanding of fundamental operations using whole numbers, fractions, decimals, and percentages and to strengthen basic skills in mathematics. The course is planned primarily for students who need to review basic mathematical processes. This is the first three-hour course in the developmental mathematics sequence. (3 Lec.)
DMAT 0097 Algebra Fundamentals I (3)
Prerequisite: Developmental Mathematics 0096 or 0090 or an appropriate assessment test score. This is a course in introductory algebra which includes operations on real numbers, polynomials, special products and factoring, and linear equations. Also covered are graphs, systems of linear equations and simple exponents. (3 Lec.) (Coordinating Board Academic Approval Number 3201045119)

DMAT 0098 Algebra Fundamentals II (3)
Prerequisite: One year of high school algebra and an appropriate assessment test score or Developmental Mathematics 0097 or Developmental Mathematics 0091. This course is a course in introductory algebra which includes rational expressions, inequalities and quadratic equations. Also included are properties of real numbers, the straight line, absolute value equations and advanced factoring. (3 Lec.) (Coordinating Board Academic Approval Number 3201045119)

DMAT 0099 Algebra Fundamentals III (3)
Prerequisite: One year of high school algebra and an appropriate assessment test score or Developmental Mathematics 0098. This is a course in intermediate algebra which further develops rational expressions, roots, exponents and radicals. Also covered are quadratic inequalities, relations functions and graphs and system of non-linear equations. (3 Lec.) (Coordinating Board Academic Approval Number 3201045119)

DRAM 1120 Theater Practicum I (1)
(This is a Texas Common Course Number.) Practicum in theater with emphasis on technique and procedures with experience gained in play productions. This course may be repeated for credit. (3 Lab.) (Coordinating Board Academic Approval Number 5005065326)

DRAM 1121 Demonstration Lab (1)
(This is a Texas Common Course Number.) Scenes studied in various theatre classes are demonstrated to show contrast and different styles. This course may be repeated for credit. (1 Lab.) (Coordinating Board Academic Approval Number 5005065326)

DRAM 1142 Introduction to Costume (1)
(This is a Texas Common Course Number.) Principles and techniques of costume design and construction for theatrical productions. (3 Lab.) (Coordinating Board Academic Approval Number 5005025326)

DRAM 1161 Musical Theater I (1)
(This is a Texas Common Course Number.) Study and performance of works from the musical theater repertoire. (3 Lab.) (Coordinating Board Academic Approval Number 5009036126)

DRAM 1162 Musical Theater II (1)
(This is a Texas Common Course Number.) Study and performance of works from the musical theater repertoire. (3 Lab.) (Coordinating Board Academic Approval Number 5009036126)

DRAM 1220 Theater Practicum I (2)
(This is a Texas Common Course Number.) Practicum in theater with emphasis on technique and procedures with experience gained in play productions. This course may be repeated for credit. (6 Lab.) (Coordinating Board Academic Approval Number 5005065326)

DRAM 1221 Theater Practicum II (2)
(This is a Texas Common Course Number.) Practicum in theater with emphasis on technique and procedures with experience gained in play productions. This course may be repeated for credit. (6 Lab.) (Coordinating Board Academic Approval Number 5005065326)

DRAM 1242 Introduction to Costume (2)
(This is a Texas Common Course Number.) Principles and techniques of costume design and construction for theatrical productions. (6 Lab.) (Coordinating Board Academic Approval Number 5005025326)

DRAM 1310 Introduction to the Theater (3)
(This is a Texas Common Course Number.) The various aspects of theatre are surveyed. Topics include plays, playwrights, directing, acting, theatres, artists, and technicians. (3 Lec.) (Coordinating Board Academic Approval Number 5005015126)

DRAM 1322 Movement for the Stage (3)
(This is a Texas Common Course Number.) Movement is studied as both a pure form and as it is used in all theatrical styles, and in the development of characterization. (2 Lec. 3 Lab.) (Coordinating Board Academic Approval Number 5005035326)

DRAM 1323 Theater Workshop (3)
(This is a Texas Common Course Number.) A course in theatre with emphasis on performance techniques in musical and repertory theatre with practical performance experience. This course may be repeated for credit. (2 Lec., 3 Lab.) (Coordinating Board Academic Approval Number 5005065326)

DRAM 1330 Stagecraft I (3)
(This is a Texas Common Course Number.) The technical aspects of play production are studied. Topics include shop procedures, the planning and fabrication of scenic elements, and backstage operations. (2 Lec., 3 Lab.) (Coordinating Board Academic Approval Number 5005025126)

DRAM 1336 Television Production I (3)
(The Texas Common Course Number is COMM 1336.) Station organization, studio operation, and the use of studio equipment are introduced. Topics include continuity, camera, sound, lights, and videotape recording. This course is cross-listed as COMM 1336. The student may register for either DRAM 1336 or COMM 1336, but may receive credit for only one of the two courses. (2 Lec., 3 Lab.) (Coordinating Board Academic Approval Number 1002025206)
DRAM 1337 Television Production II (3)
(The Texas Common Course Number is COMM 1337.)
Prerequisite: Drama 1336. This course is a continuation of Drama 1336. Emphasis is on the concept and technique of production in practical situations. This course is cross-listed as COMM 1337. The student may register for either DRAM 1337 or COMM 1337, but may receive credit for only one of the two courses. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1002025206)

DRAM 1341 Make-Up for the Stage (3)
(This is a Texas Common Course Number.)
The craft of make-up is explored. Both theory and practice are included. (3 Lec.)
(Coordinating Board Academic Approval Number 5005025226)

DRAM 1351 Acting I (3)
(This is a Texas Common Course Number.)
The theory of acting and various exercises are presented. Body control, voice, interpretation, characterization, and stage movement are included. Both individual and group activities are used. Specific roles are analyzed and studied. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005065126)

DRAM 1352 Acting II (3)
(This is a Texas Common Course Number.)
Prerequisite: Drama 1351 or demonstrated competence approved by the instructor. This course is a continuation of Drama 1351. Emphasis is on characterization and ensemble acting. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005065126)

DRAM 2120 Theater Practicum III (1)
(This is a Texas Common Course Number.)
Practicum in theater with emphasis on technique and procedures with experience gained in play productions. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5005065326)

DRAM 2121 Theater Practicum IV (1)
(This is a Texas Common Course Number.)
Practicum in theater with emphasis on technique and procedures with experience gained in play productions. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 5005065326)

DRAM 2189 Academic Cooperative (1)
(This is a Texas Common Course Number.)
An instructional program designed to integrate on-campus study with practical hands-on work experience. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of drama. (3 Lab.)
(Coordinating Board Academic Approval Number 2401035212)

DRAM 2220 Theater Practicum III (2)
(This is a Texas Common Course Number.)
Practicum in theater with emphasis on technique and procedures with experience gained in play productions. This course may be repeated for credit. (6 Lab.)
(Coordinating Board Academic Approval Number 5005065326)

DRAM 2289 Academic Cooperative I (2)
An instructional program designed to integrate on-campus study with practical hands-on work experience. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of drama. (6 Lab.)
(Coordinating Board Academic Approval Number 2401035212)

DRAM 2324 Broadcast Communications I (3)
(The Texas Common Course Number is COMM 2324.)
Basic techniques of television and video performance are introduced. (3 Lec.)
(Coordinating Board Academic Approval Number 0907015306)

DRAM 2325 Broadcast Communications II (3)
(The Texas Common Course Number is COMM 2325.)
Prerequisite: Drama 2324 or demonstrated competence approved by the instructor. This course is a continuation of Drama 2324. Emphasis is on radio and television as mass media and practical applications in both radio and television. (3 Lec.)
(Coordinating Board Academic Approval Number 0907015306)

DRAM 2331 Stagecraft II (3)
(This is a Texas Common Course Number.)
Emphasis is placed on the design process and individual projects. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 5005025126)

DRAM 2336 Voice and Articulation (3)
(This is a Texas Common Course Number.)
Students may register for either Speech 1342 or Drama 2336 but may receive credit for only one of the two. Emphasis is on improving voice and pronunciation. (3 Lec.)
(Coordinating Board Academic Approval Number 5005035226)

DRAM 2351 Acting III (3)
(This is a Texas Common Course Number.)
Emphasis is on individual need of the performer and the various styles of production. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5005065126)

DRAM 2352 Acting IV (3)
(This is a Texas Common Course Number.)
Emphasis is on individual need of the performer and the various styles of production. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5005065126)

DRAM 2361 History of Theater I (3)
(This is a Texas Common Course Number.)
Drama is surveyed from its beginning through the 16th century. The theatre is studied in each period as a part of the total culture of the period. (3 Lec.)
(Coordinating Board Academic Approval Number 5005065126)

DRAM 2362 History of Theater II (3)
(This is a Texas Common Course Number.)
Drama is surveyed from the 17th century through the 20th century. The theatre is studied in each period as a part of the total culture of the period. (3 Lec.)
(Coordinating Board Academic Approval Number 5005055126)
DRAM 2363 History of Musical Theater I (3)  
(This is a Texas Common Course Number.)  
Development of Musical theater from the earliest times through the 20th century. (3 Lec.)  
(Coordinating Board Academic Approval Number 5005055126)

DRAM 2366 Film Appreciation I (3)  
(This is a Texas Common Course Number.)  
Emphasis on the analysis of the visual and aural aspects of selected motion pictures, dramatic aspects of narrative films, and historical growth and sociological effect of film as an art. (3 Lec.)  
(Coordinating Board Academic Approval Number 5006025126)

DRAM 2367 Film Appreciation II (3)  
(This is a Texas Common Course Number.)  
Prerequisite: DRAM 2366. Emphasis on the analysis of the visual and aural aspects of selected motion pictures, dramatic aspects of narrative films, and historical growth and sociological effect of film as an art. (3 Lec.)  
(Coordinating Board Academic Approval Number 5006025126)

DRAM 2374 Lighting Design (3)  
(This is a Unique Need Course.)  
The design and techniques of lighting are covered. Topics include instrumentation, electricity, control and practical experience. (2 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 5005029126)

Students can improve their academic success by taking the appropriate reading courses. For an assessment of which course to begin with, talk with a reading faculty member or a counselor.

DREA 0090 Developmental Reading (3)  
This course presents basic reading comprehension and vocabulary skills. Basic study skills are introduced. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085212)

DREA 0091 Developmental Reading (3)  
This course continues the development of reading comprehension and vocabulary skills. Study skills are also included. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085212)

DREA 0093 Developmental Reading (3)  
This course offers further development of reading comprehension, vocabulary, and study skills. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085212)

Students can improve their writing skills by taking Developmental Writing. These courses are offered for three hours of credit.

DWRI 0090 Developmental Writing (3)  
This course introduces the writing process. Course topics include practice in getting ideas, writing and rewriting, making improvements, and correcting mistakes. A learning lab is available to provide additional assistance. (3 Lec.)  
(Coordinating Board Academic Approval Number 4506015125)

DWRI 0091 Developmental Writing (3)  
This course focuses on the writing process. Course topics include inventing, drafting, revising, and editing multi-paragraph papers. Building reading skills, using resources, developing thinking skills, and improving attitudes toward writing comprise other course topics. A learning lab is available to provide additional assistance. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085312)

DWRI 0093 Developmental Writing (3)  
This course refines student writing skills in inventing, drafting, revising, and editing multi-paragraph papers. (3 Lec.)  
(Coordinating Board Academic Approval Number 3201085312)

NOTE: This course will carry a Dallas County Community College prefix of "ECOL"; however, it may also be identified by a common course number for transfer evaluation purposes. Both are listed in the course description.

ECOL 1305 People and Their Environment (3)  
(The Texas Common Course Number is GEOL 1305.)  
Environmental awareness and knowledge are emphasized. Topics include pollution, erosion, land use, energy resource depletion, overpopulation, and the effects of unguided technological development. Proper planning of societal and individual action in order to protect the natural environment is stressed. (3 Lec.)  
(Coordinating Board Academic Approval Number 0301025301)

ECON 1303 Economics of Contemporary Social Issues (3)  
(This is a Texas Common Course Number.)  
This course is an application of the basic economic concepts to the study of social issues and issues of public policy. Topics such as the environment, health care, welfare reform, poverty, job security and economic growth are discussed. This course may also serve as preparation for Economics 2301 and Economics 2302, but will not replace either of these courses where they are required in a specific degree plan. (3 Lec.)  
(Coordinating Board Academic Approval Number 1904025209)

ECON 2301 Principles of Economics I (3)  
(This is a Texas Common Course Number.)  
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the Texas Success Initiative (TSI) standard in Reading. An introduction to principles of macroeconomics is presented. Economic principles are studied within the framework of classical, Keynesian, monetarist and alternative models. Emphasis is given to national income determination, money and banking, and the role of monetary and fiscal policy in economic stabilization and growth. Other topics include international trade and finance. (3 Lec.)  
(Coordinating Board Academic Approval Number 4506015125)
ECON 2302 Principles of Economics II (3)
(This is a Texas Common Course Number.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the Texas Success Initiative (TSI) standard in Reading. The principles of microeconomics are presented. Topics include the theory of demand, supply, and price of factors. Income distribution and theory of the firm are also included. Emphasis is given to microeconomic applications of international trade and finance as well as other contemporary microeconomic problems. (3 Lec.)
(Coordinating Board Academic Approval Number 4506015125)

ECON 2311 Economics of Global Issues (3)
(This is a Texas Common Course Number.)
This course examines the history and theory of international trade and global economic development. Economic, social, cultural, and political issues which impact the global economy and basic human welfare are studied. This course is cross-listed as Geography 2312. The student may register for either Economics 2311 or Geography 2312, but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 4507015225)

EDTC 1164 Practicum (or Field Experience)-Teacher Assistant/Aide (1)
(This is a WECM Course Number.)
Prerequisite: The completion of two EDTC courses and Instructor's approval. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student’s general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (10 Lab.)

EDTC 1165 Practicum (or Field Experience)-Teacher Assistant/Aide (1)
(This is a WECM course number.)
Prerequisite: The completion of two EDTC courses and Instructor's approval. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student’s general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (10 Lab.)

EDTC 1194 Special Topics in Teacher Assistant/Aide (1)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec.)

EDTC 1294 Special Topics in Teacher Assistant/Aide (2)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (2 Lec.)

EDTC 1301 Instructional Practices: Educational Processes (3)
(This is a WECM Course Number.)
A study of the role and responsibility of the instructional teacher assistant with emphasis on development of professionalism and effective communication strategies with adults. Topics include the various code of ethics governing the educational field, the issue of confidentiality, learners' rights and responsibilities, and challenges facing schools. (3 Lec.)

EDTC 1307 Teaching Reading in the Elementary School (3)
(This is a WECM Course Number.)
Fundamental concepts and principles of reading instruction. Topics include readiness, beginning reading instruction, how literacy emerges, classroom learning environments, word-attach skills, study skills, comprehension, other aspects of the reading program, and examination of varied materials and techniques for teaching reading. (3 Lec.)

EDTC 1321 Bilingual Education (3)
(This is a WECM Course Number.)
A course in the core techniques of bilingual education. Topics include awareness of cultural diversity, teaching techniques, material development, and historical and philosophical concepts of bilingual/bicultural education. (3 Lec.)

EDTC 1325 Principles and Practices of Multicultural Education (3)
(This is a WECM Course Number.)
Examination of cultural variations found in our society and reflected in our pluralistic classrooms. Topics include culturally influenced behavior, major cultures, cultural diversity, and the process of intercultural communication and teaching, including differences in lifestyles, communication styles, learning styles, and various sources of stress for diverse cultural groups. (3 Lec.)

EDTC 1341 Computer Instruction for Educators (3)
(This is a WECM Course Number.)
A course in specialized computer utilization for educators. Topics include the integration of educational computer terminology, systems operations, software, and multimedia in the contemporary classroom environment. (2 Lec., 2 Lab.)
EDTC 1364 Practicum (or Field Experience)-Teacher Assistant/Aide (3)
(This is a WECM Course Number.)
Prerequisite: The completion of two EDTC courses and Instructor's approval. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (21 Lab.)

EDTC 1365 Practicum (or Field Experience)-Teacher Assistant/Aide (3)
(This is a WECM Course Number.)
Prerequisite: The completion of two EDTC courses and Instructor's approval. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (21 Lab.)

EDTC 1391 Special Topics in English Teacher Education (3)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary.
(3 Lec.)

EDTC 1394 Special Topics in Teacher Assistant/Aide (3)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary.
(3 Lec.)

EDUC 1301 Introduction to Education (3)
(This is a Texas Common Course Number.)
A study of the role and responsibilities of teachers and school organizations, including an enriched integrated pre-service course and content experience that: 1) provides active recruitment and support of undergraduates interested in a teaching career; 2) provides students with opportunities to participate in early field experiences; 3) provides students with support from college and school faculty in small cohort groups, introducing and analyzing the culture of schooling and classrooms. (3 Lec.)
(Coordinating Board Academic Approval Number 1301015109)

EDUC 1325 Principles and Practices of Multicultural Education (3)
(This is a Texas Common Course Number.)
An examination of cultural diversity found in society and reflected in the classroom. Topics will include the study of major cultures and their influence on lifestyle, behavior, learning, intercultural communication and teaching, as well as psychosocial stressors encountered by diverse cultural groups. (3 Lec.)
(Coordinating Board Academic Approval Number 1301015109)

EDUC 2301 Introduction to Special Education (3)
(This is a Texas Common Course Number.)
An introduction to special education including characteristics, problems, and needs of the exceptional learner. Public and private services available to the handicapped citizen. Field trips may be required. (3 Lec.)
(Coordinating Board Academic Approval Number 1310015109)
(Also see Developmental Reading and Developmental Writing.) Additional instruction in writing and reading is available through the Learning Skills Center.

ENGL 1111 Creative Writing (1)
(This is a Texas Common Course Number.)
This course is an imaginative writing workshop. It may include fiction, non-fiction, poetry, or drama. (1 Lec.)
(Coordinating Board Academic Approval Number 2305015112)

ENGL 1301 Composition I (3)
(This is a Texas Common Course Number.)
Prerequisite: One of the following must be met: (1) Developmental Reading 0093 AND Developmental Writing 0093; (2) English as a Second Language (ESOL) 0044 AND 0054; or (3) have met Texas Success Initiative (TSI) Reading and Writing standards. This course focuses on student writing. It emphasizes reading and analytical thinking and introduces research skills. Students practice writing for a variety of audiences and purposes. (3 Lec.)
(Coordinating Board Academic Approval Number 2304015112)

ENGL 1302 Composition II (3)
(This is a Texas Common Course Number.)
Prerequisite: English 1301 and have met Texas Success Initiative (TSI) standard in Reading and Writing. In this course students refine the writing, research, and reading skills introduced in English 1301. A related goal is the development of critical thinking skills. Writing assignments emphasize argumentation and persuasion. Students will also write a formal research paper. (3 Lec.)
(Coordinating Board Academic Approval Number 2304015112)

ENGL 2307 Creative Writing (3)
(This is a Texas Common Course Number.)
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. The writing of fiction is the focus of this course. Included are the short story, poetry, and short drama. (3 Lec.)
(Coordinating Board Academic Approval Number 2305015112)

ENGL 2307 Creative Writing (3)
(This is a Texas Common Course Number.)
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. The writing of fiction is the focus of this course. Included are the short story, poetry, and short drama. (3 Lec.)
(Coordinating Board Academic Approval Number 2305015112)
ENGL 2308 Creative Writing (3)
(This is a Texas Common Course Number.)
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. Advanced experience in the techniques of imaginative writing. May include fiction, non-fiction, poetry, or drama. (3 Lec.)
(Coordinating Board Academic Approval Number 2305015112)

ENGL 2311 Technical Writing (3)
(This is a Texas Common Course Number.)
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. The technical style of writing is introduced. Emphasis is on the writing of technical papers, reports, proposals, progress reports, and descriptions. (3 Lec.)
(Coordinating Board Academic Approval Number 2311015112)

English In The Sophomore Year

ENGL 2321 British Literature (3)
(This is a Texas Common Course Number.)
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. This course includes selections in British Literature organized by movements, schools, periods, or themes. For repeatability purposes, students who take English 2321 should not also take English 2322 or 2323. (3 Lec.)
(Coordinating Board Academic Approval Number 2308015112)

ENGL 2322 British Literature (3)
(This is a Texas Common Course Number.)
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. This course includes significant works of British and Commonwealth writers from their beginnings through the 18th century. For repeatability purposes, students who take English 2321 should not also take English 2322 or 2323. (3 Lec.)
(Coordinating Board Academic Approval Number 2308015112)

ENGL 2323 British Literature (3)
(This is a Texas Common Course Number.)
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. This course includes significant works of British and Commonwealth writers from the 19th century to the present. For repeatability purposes, students who take English 2321 should not also take English 2322 or 2323. (3 Lec.)
(Coordinating Board Academic Approval Number 2308015112)

ENGL 2326 American Literature (3)
(This is a Texas Common Course Number.)
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. This course includes selections in American Literature organized by movements, schools, periods, or themes. For repeatability purposes, students who take English 2326 should not also take English 2327 or 2328. (3 Lec.)
(Coordinating Board Academic Approval Number 2307015112)

ENGL 2327 American Literature (3)
(This is a Texas Common Course Number.)
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. This course includes significant works of American writers from their beginnings to the 19th century. For repeatability purposes, students who take English 2326 should not also take English 2327 or 2328. (3 Lec.)
(Coordinating Board Academic Approval Number 2307015112)

ENGL 2328 American Literature (3)
(This is a Texas Common Course Number.)
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. This course includes significant works of American writers from the 19th century to the present. For repeatability purposes, students who take English 2326 should not also take English 2327 or 2328. (3 Lec.)
(Coordinating Board Academic Approval Number 2307015112)

ENGL 2331 World Literature (3)
(This is a Texas Common Course Number.)
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. This course includes selections in World Literature organized by movements, schools, periods, or themes. For repeatability purposes, students who take English 2331 should not also take English 2332 or 2333. (3 Lec.)
(Coordinating Board Academic Approval Number 1601045213)

ENGL 2332 World Literature (3)
(This is a Texas Common Course Number.)
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. This course includes selections in World Literature organized by movements, schools, periods, or themes. For repeatability purposes, students who take English 2331 should not also take English 2332 or 2333. (3 Lec.)
(Coordinating Board Academic Approval Number 1601045213)
ENGL 2333 World Literature (3)  
(This is a Texas Common Course Number.)  
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. This course includes significant works representing a variety of cultures from approximately 1600 C.E. to the present. For repeatability purposes, students who take ENGL 2331 should not also take ENGL 2332 or 2333. (3 Lec.)  
(Coordinating Board Academic Approval Number 1601045213)

ENGL 2342 Studies in Literature (3)  
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. This course includes selections in literature organized by genre, period, or geographical region. Course descriptions are available each semester prior to registration. This course may be repeated for credit. (3 Lec.)  
(Coordinating Board Academic Approval Number 1601045113)

ENGL 2343 Studies in Literature (3)  
Prerequisite: English 1301, English 1302 and have met Texas Success Initiative (TSI) standards in Reading and Writing. This course includes selections in literature organized by theme, interdisciplinary content or major author. Course descriptions are available each semester prior to registration. This course may be repeated for credit. (3 Lec.)  
(Coordinating Board Academic Approval Number 1601045113)

ENGR 1172 Introduction to Experimental Techniques (1)  
(This is a unique need course.)  
Prerequisite: MATH 2412 or the equivalent. Electrical Engineering fundamentals laboratory that stresses laboratory procedures; learning use of common laboratory equipment such as power supplies, multimeters, signal generators, and oscilloscopes; making measurements; familiarization with simple DC resistor circuits; Ohm’s law; analyzing AC signals, including frequency, period, amplitude, and rms value; inductors, capacitors and DC transients; measuring phase shift in an AC circuit due to an inductor or capacitor; and basics of laboratory report writing. (3 Lab.)  
(Coordinating Board Academic Approval Number 1410019110)

ENGR 1304 Engineering Graphics I (3)  
(This is a Texas Common Course Number.)  
Introduction to spatial relationships, multiview projection and sectioning, dimensioning, graphical presentation of data, and fundamentals of computer graphics. (2 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 1513015102)

ENGR 2110 Introduction to Digital Systems Laboratory (1)  
(This is a unique need course.)  
Prerequisite: COSC 1415. Corequisite: ENGR 2310. Laboratory to accompany ENGR 2310. The purpose of this laboratory is to give students an intuitive understanding of digital circuits and systems. Laboratory exercises include construction of simple digital logic circuits using prototyping kits and board-level assembly of a personal computer. (3 Lab.)  
(Coordinating Board Academic Approval Number 1503039111)

ENGR 2300 Applied Linear Algebra (3)  
(This is a unique need course.)  
Prerequisite: MATH 2315. Matrices, vectors, determinants, linear systems of equations, Gaussian-Jordan elimination, vector spaces, basis, eigenvalues, eigenvectors, numerical methods in linear algebra using MATLAB, computer arithmetic, Gaussian elimination, LU factorization, iterative solutions to linear systems, iterative methods for estimating eigenvalues, singular value decomposition, QR factorization. (3 Lec.)  
(Coordinating Board Academic Approval Number 1410019210)

ENGR 2301 Engineering Mechanics I - Statics (3)  
(This is a Texas Common Course Number.)  
Prerequisite: PHYS 2425. Corequisite: MATH 2414. Calculus-based study of composition and resolution of forces, equilibrium of force systems, friction, centroids, and moments of inertia. (3 Lec.)  
(Coordinating Board Academic Approval Number 1411015210)

ENGR 2302 Engineering Mechanics II - Dynamics (3)  
(This is a Texas Common Course Number.)  
Prerequisite: ENGR 2301. Corequisite: MATH 2315. Calculus-based study of dynamics of rigid bodies, force-mass-acceleration, work-energy, and impulse-momentum computation. (3 Lec.)  
(Coordinating Board Academic Approval Number 1411015310)

ENGR 2305 Circuits I for Electrical Engineering (3)  
(This is a Texas Common Course Number.)  
Prerequisite: MATH 2414. Corequisite: MATH 2315. Principles of electrical circuits and systems. DC, transient, and sinusoidal steady-state analysis. This course must have three lecture hours per week and could include one hour per week of a lab. (3 Lec.)  
(Coordinating Board Academic Approval Number 1410015110)

ENGR 2310 Introduction to Digital Systems (3)  
(This is a unique need course.)  
Prerequisite: COSC 1415. Corequisite: ENGR 2110. Introduction to hardware structures and assembly-language concepts that form the basis of the design of modern computer systems. Internal data representation and arithmetic operations in a computer. Basic logic circuits. MIPS assembly language. Overview of PC architecture. (3 Lec.)  
(Coordinating Board Academic Approval Number 1503039211)
ENGT 1401 Circuits I for Engineering Technology (4)
(This is a Texas Common Course Number.)
Prerequisite: MATH 1314, MATH 1414 or the equivalent.
Fundamental concepts of electrical science including potential, current and power in DC circuits.
Fundamental laws and relationships applied to the analysis of circuits and networks: capacitance, inductance and magnetism; and single-frequency concepts; use of calculators and computer software in design and analysis of circuits. Standard instrumentation used in test and measurement of DC circuits and systems will be introduced. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1503035111)

ENGT 1402 Circuits II for Engineering Technology (4)
(This is a Texas Common Course Number.)
Prerequisite: ENGT 1401 and either MATH 1316 or MATH 2412. Complex AC circuit including transient analysis. Network theorems are applied to the solution of AC circuits. Resonance, filters, AC power and three-phase circuits are covered in detail. Continued application of calculators and computer design and analysis of circuits. Standard instrumentation used in testing AC circuits and systems and measurement of AC circuits and systems will be introduced. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1503035211)

ENGT 1407 Digital Fundamentals (4)
(This is a Texas Common Course Number.)
Prerequisite: MATH 1314, MATH 1414 or the equivalent. Analysis, design, and simulation of combinational and sequential systems using classical Boolean algebra techniques, laboratory hardware experiments and computer simulation. Introduction to programmable logic devices (PLDs) and application-specific integrated circuits using software tool to the design and analysis of digital logic circuits and systems. Standard instrumentation used in testing digital circuits and systems will be introduced. (3 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 1503035311)

ENTC 1191 Special Topics in Engineering Technology/Technician, General (1)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary.
(1 Lec.)

ENTC 1291 Special Topics in Engineering Technology/Technician, General (2)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary.
(2 Lec.)

ENTC 1301 Robotics I (3)
(This is a WECM Course Number.)
Prerequisite: Credit or concurrent enrollment in MATH 1414 or the equivalent. An introduction to Robots/Automation. Topics include history, terminology, classification of robots, basic components, control systems, AC and hydraulic servomechanisms, programming, sensors, types of drive, end-of-arm tooling, end effectors, safety and design procedures.
(2 Lec., 3 Lab.)

ENTC 1380 Cooperative Education - Engineering Technology, General (3)
(This is a WECM Course Number.)
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.
(1 Lec., 20 Ext.)

ENTC 1391 Special Topics in Engineering Technology/Technician, General (3)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary.
(2 Lec., 2 Lab.)

ENTC 1491 Special Topics in Engineering Technology/Technician, General (4)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary.
(2 Lec., 4 Lab.)

ENTC 2301 Robotics II (3)
(This is a WECM Course Number.)
Prerequisite: ENTC 1301. The study of industrial robots, programming languages, and software integrated to develop work cells and complete robotic systems. Topics include automation basics, interfacing, safety, and design procedures.
(2 Lec., 3 Lab.)

ENTC 2380 Cooperative Education - Engineering Technology, General (3)
(This is a WECM Course Number.)
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.
(1 Lec., 20 Ext.)
ENTC 2435 Computer Integrated Manufacturing (4)  
(This is a WECM Course Number.)  
Prerequisite: ENTC 2301. Concepts of CIM are introduced. Emphasis on using computers to automate a total manufacturing system. Hands-on experiences integrating CAD/CAM, robotics, fluid power, CNC machines, vision systems, recognition equipment, PLCs and conveyor systems. (3 Lec., 3 Lab.)

The English for Speakers of Other Languages ESOL curriculum is designed to develop a student's pre-academic language proficiency in the areas of listening, speaking, reading, and writing. The plan of study consists of sixteen courses divided into four proficiency levels and four skill areas (Listening-Speaking, Reading, Writing, and Grammar). The credit curriculum is designed to interface both with other ESOL programs and with developmental studies or college level programs on each campus. A student enters this program by taking an English placement test and then by being advised by a specially trained ESOL academic advisor.

ESOL 0031 • ESOL 0034 (Listening/Speaking)  
These courses prepare students to communicate orally in both public and academic environments. Emphasis is placed on developing language functions, pronunciation, and listening skills, and improving social and intercultural communication skills. Activities range from one-on-one conversation and brief descriptions to formal oral presentations and debates.

ESOL 0041 • ESOL 0044 (Reading)  
These courses engage students in reading material from daily experience and prepare them for college reading tasks. Each course instructs students in reading skills, vocabulary development, critical thinking skills, and the use of resources.

ESOL 0051 • ESOL 0054 (Writing)  
These courses are designed to help students increase fluency and build confidence in writing. The courses focus on writing as a process. Through inventing, drafting, and revising, students write for specific audiences and purposes.

ESOL 0061 • ESOL 0064 (Grammar)  
These courses are designed to complement the ESOL 0051-0054 writing series. They provide instruction and practice with discrete grammar points necessary for effective writing.

El programa de crédito académico de Ingles Como Segundo Idioma ESOL está diseñado para desarrollar el dominio del idioma pre-académico del estudiante en las áreas de escuchar, hablar, leer y escribir. El plan de estudio consiste en dieciséis cursos divididos en cuatro niveles de dominio y cuatro áreas de habilidades (Escuchar/Hablar, Lectura, Escritura y Gramática). El programa de crédito académico está diseñado para complementar otros programas de ESOL y con los estudios de desarrollo o programas de nivel universitario de cada campus. El estudiante comienza este programa al tomar un examen de clasificación y después de una entrevista individual con un asesor académico entrenado especialmente en ESOL.

ESOL 0031 • ESOL 0034 (Escuchar y Conversar)  
Estos cursos preparan al alumno para comunicarse con confianza en situaciones sociales y académicas. Se desarrollan las varias funciones del lenguaje, se mejora la pronunciación y comprensión auditiva y se practica la comunicación académica y transcultural. Las actividades didácticas incluyen describir lugares y objetos, proyectos en grupo, presentaciones orales y debates formales.

ESOL 0041 • ESOL 0044 (Lectura)  
Estos cursos permiten a los estudiantes el acceso a material de lectura de la vida diaria y los prepara para tareas de lectura académica. Cada curso instruye a los estudiantes en habilidades de lectura, desarrollo de vocabulario, pensar en forma crítica y el uso de los varios recursos disponibles en la institución.

ESOL 0051 • ESOL 0054 (Escritura)  
Estos cursos están diseñados con el objeto de ayudar los alumnos a obtener fluidez y confianza en escritura. Los cursos se enfocan en el proceso de escritura. A través de crear, planear y revisar, los estudiantes producirán escritos para diferentes audiencias y con diversos propósitos.

ESOL 0061 • ESOL 0064 (Gramática)  
Estos cursos están diseñados para complementar la serie de Escritura 0051-0054. Dichos cursos proveen instrucción y ejercicios prácticos, así como puntos esenciales de gramática necesarios para la efectiva comunicación escrita.

ESOL 0031 ESL Listening/Speaking (3)  
This course focuses on developing basic social and pre-academic listening and speaking skills. It includes skills such as describing, giving directions, and learning to understand explanations. Conversation conventions will be practiced as well as non-verbal communication skills. (Pronunciation is introduced through the study of basic phonetic segments and intonation patterns.) (3 Lec.) (Coordinating Board Academic Approval Number 3201085578)
ESOL 0032 ESL Listening/Speaking (3)
This course develops intermediate social and pre-academic listening and speaking skills through situational activities. Students will express ideas and opinions in small groups and learn to understand and react appropriately. Intercultural communication will be incorporated. (Pronunciation skills will be practiced through identifying phonetic correctness and applying concepts of stress and intonation.) (3 Lec.)
(Coordinating Board Academic Approval Number 3201085578)

ESOL 0033 ESL Speaking (3)
This course develops public/academic oral language skills through active participation in group projects and presentations. Rhetorical skills such as narration and description will be practiced, and improving cross-cultural communication skills will be emphasized. (Pronunciation skills, including stress and intonation, will be refined with focused effort on areas of need through monitoring of oral production.) (3 Lec.)
(Coordinating Board Academic Approval Number 3201085578)

ESOL 0034 ESL Academic Speaking (3)
This course stresses academic speaking skills. Students learn formal presentation techniques as they defend a point of view and participate in seminars, panels, and debates. Formal rhetorical skills such as cause/effect, process, and summary will be practiced. The course will emphasize the value of cultural diversity. (Pronunciation skills, including stress and intonation, will continue to be refined with focused effort on areas of need through monitoring of oral production.) (3 Lec.)
(Coordinating Board Academic Approval Number 3201085578)

ESOL 0041 ESL Reading (3)
This course focuses on language development through reading activities. It includes reading comprehension, vocabulary building, study skills techniques, and intercultural sharing. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085578)

ESOL 0042 ESL Reading (3)
This course continues language development through reading comprehension and vocabulary building. It introduces paragraph organization, idiom study, and adapting reading rate for different purposes. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085578)

ESOL 0043 ESL Reading (3)
This course includes specific reading comprehension skills, reading efficiency strategies, critical thinking skills, vocabulary expansion, and the use of campus resources such as labs and libraries. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085578)

ESOL 0044 ESL Reading (3)
This course is designed to build on skills taught in previous reading classes but with a more academic emphasis. Students are taught reading skills and critical thinking skills as they relate to academic topics and to literature. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085578)

ESOL 0045 Developmental Reading for Non-Native Speakers (1)
This course provides individualized instruction in order to fulfill the Texas Success Initiative (TSI) remediation requirement for reading. The content will include a review of reading comprehension, vocabulary development and critical thinking skills. This course is only open to students whose first language is not English. (1 Lec.)
(Coordinating Board Academic Approval Number 3201085478)

ESOL 0051 ESL Writing (3)
This course stresses the creation of sentences and groups of sentences. It also introduces basic spelling rules and vocabulary development. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085778)

ESOL 0052 ESL Writing (3)
This course introduces the development of controlled and guided paragraphs using a variety of organizational structures and stresses logic patterns of English. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085778)

ESOL 0053 ESL Writing (3)
This course stresses the process of paragraph writing and the characteristics of effective paragraph structure. It also introduces modes of discourse such as description, cause-effect, and comparison-contrast. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085778)

ESOL 0054 ESL Writing (3)
This course emphasizes modes of discourse in expository writing for academic purposes. Particular attention is given to improving unity, coherence, transition, and style as students progress to multi-paragraph compositions. Paraphrasing and summarizing are also introduced. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085778)

ESOL 0055 ESL Writing (1)
This course provides individualized instruction in order to fulfill the Texas Success Initiative (TSI) remediation requirement for writing. Content will include a review of single and multi-paragraph compositions, sentence structure, and edited American usage. This course is open only to students whose first language is not English. (1 Lec.)
(Coordinating Board Academic Approval Number 3201085478)
ESOL 0061 ESL Grammar (3)
This course introduces the basic aspects of English grammar needed to write simple and compound sentences. It includes the study of basic verb tenses, parts of speech, subject-verb agreement, and question formation. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085778)

ESOL 0062 ESL Grammar (3)
This course reviews basic elements of English grammar introduced in ESOL 0061 and introduces grammar points necessary for writing controlled paragraphs. It includes further study of verb tenses, parts of speech, and question formation and introduces two-word verbs, modals, gerunds, and infinitives. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085778)

ESOL 0063 ESL Grammar (3)
This course reviews grammar points studied in ESOL 0061 and ESOL 0062 and introduces elements necessary for students to write effective one-paragraph essays. It continues the study of verb tenses, parts of speech, and modals and introduces adverb, adjective, and noun clauses. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085778)

ESOL 0064 ESL Grammar (3)
This course reviews grammar points studied in ESOL 0061, ESOL 0062, and ESOL 0063 and analyzes complex elements of those points. In addition, it introduces passive voice and conditional sentences. (3 Lec.)
(Coordinating Board Academic Approval Number 3201085778)

FMKT 1401 Floral Design (4)
(This is a WECM Course Number.)
Principles of floral art with an emphasis in commercial design. Topics include basic design styles and color harmonies; identification, use, and the care and processing of cut flowers and foliages; mechanical aids and containers; personal flowers; holiday designs; and plant identification and care. (2 Lec., 6 Lab.)
(Coordinating Board Academic Approval Number 3201085778)

FMKT 2331 Advanced Floral Design (3)
(This is a WECM Course Number.)
Prerequisite: FMKT 1401, or approval from instructor. An in-depth coverage of advanced floral design practices for the retail floral industry. Topics include contemporary floral arrangement styles and trends. (2 Lec., 3 Lab.)

FREN 1311 Introduction to French (3)
(This is a Texas Common Course Number.)
FREN 1311 is an introduction to the regular French course sequence; it is not a substitute for FREN 1411. The focus is on pronunciation and the communications skills using basic vocabulary and grammar. Customs and cultural insights are also presented. Students who wish to continue their studies will next enroll in FREN 1411. This course is cross-listed as French 1411. The student may register for either French 1311 or French 1411, but may receive credit for only one of the two. (3 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 1609015113)

FREN 1411 Beginning French I (4)
(This is a Texas Common Course Number.)
This course is an introductory course intended for students with little or no knowledge of the language. Its aim is to present essential vocabulary and grammar, and to develop the pronunciation, listening, reading, and writing skills necessary for basic communication and comprehension. Customs and cultural insights are also presented. This course is cross-listed as French 1311. The student may register for either French 1411 or French 1311, but may receive credit for only one of the two. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1609015113)

FREN 1412 Beginning French II (4)
(This is a Texas Common Course Number.)
Prerequisite: French 1411 or the equivalent or demonstrated competence approved by the instructor. This course continues the oral practice, reading, writing, grammar and cultural studies begun in French 1411. Students are expected to acquire a substantial amount of vocabulary and begin to deal with idiomatic language and more advanced syntax. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1609015113)

FREN 2303 Introduction to French Literature (3)
(This is a Texas Common Course Number.)
Prerequisite: French 2312 or demonstrated competence approved by the instructor. This course is an introduction to French literature. It includes readings in French literature, history, culture, art, and civilization. (3 Lec.)
(Coordinating Board Academic Approval Number 1609015313)

FREN 2304 Introduction to French Literature (3)
(This is a Texas Common Course Number.)
Prerequisite: French 2312 or demonstrated competence approved by the instructor. This course is a continuation of French 2303. It includes readings in French literature, history, culture, art, and civilization. (3 Lec.)
(Coordinating Board Academic Approval Number 1609015313)
FREN 2306 French Conversation (3)  
(This is a Texas Common Course Number.)  
Prerequisite: French 1411 and 1412 or the equivalent or demonstrated competence approved by the instructor. This course is designed to strengthen and improve oral skills in the language. Oral activities focus on current events, cultural, historical and social issues. Audio-visual media are used to explore French life and society. This course is intended to complement French 2311. This course may be repeated for credit. Topics vary from semester to semester. (3 Lec.)  
(Coordinating Board Academic Approval Number 1609015413)

FREN 2311 Intermediate French I (3)  
(This is a Texas Common Course Number.)  
Prerequisite: French 1412 or the equivalent or demonstrated competence approved by the instructor. This course is designed to further develop students' overall language proficiency and cultural knowledge through more advanced reading, listening, speaking and writing exercises. Grammatical concepts are reviewed and expanded. (3 Lec.)  
(Coordinating Board Academic Approval Number 1609015213)

FREN 2312 Intermediate French II (3)  
(This is a Texas Common Course Number.)  
Prerequisite: French 2311 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of French 2311. The stress is on reading, composition, grammatical complexities, and intense oral practice, with continued studies of the culture. (3 Lec.)  
(Coordinating Board Academic Approval Number 1609015213)

GEOG 1301 Physical Geography (3)  
(This is a Texas Common Course Number.)  
The physical composition of the earth is surveyed. Topics include weather, climate, topography, plant and animal life, land, and the sea. Emphasis is on the earth in space, use of maps and charts, and place geography. (3 Lec.)  
(Coordinating Board Academic Approval Number 4507015125)

GEOG 1303 World Regional Geography (3)  
(This is a Texas Common Course Number.)  
A study of major developing and developed regions with emphasis on awareness of prevailing world conditions and developments, including emerging conditions and trends, and awareness of diversity of ideas and practices to be found in those regions. Course content may include one or more regions. (3 Lec.)  
(Coordinating Board Academic Approval Number 4507015325)

GEOL 1403 Physical Geology (4)  
(This is a Texas Common Course Number.)  
This course is for science and non-science majors. It is a study of earth materials and processes. Included is an introduction to geochemistry, geophysics, the earth's interior, and magnetism. The earth's setting in space, minerals, rocks, structures, and geologic processes are also included. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 406015103)

GEOL 1404 Historical Geology (4)  
(This is a Texas Common Course Number.)  
This course is for science and non-science majors. It is a study of earth materials and processes within a developmental time perspective. Fossils, geologic maps, and field studies are used to interpret geologic history. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 406015103)

GEOL 1447 Meteorology (4)  
(This is a Texas Common Course Number.)  
This course will cover weather phenomena and the modern methods of study and presentation of this information. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 406015103)

GERM 1311 Introduction to German (3)  
(This is a Texas Common Course Number.)  
GERM 1311 is an introduction to the regular German course sequence; it is not a substitute for GERM 1411. The focus is on pronunciation and the communications skills using basic vocabulary and grammar. Customs and cultural insights are also presented. Students who wish to continue their studies will next enroll in GERM 1411. This course is cross-listed as German 1411. The student may register for either German 1311 or German 1411, but may receive credit for only one of the two. (3 Lec., 1 Lab.)  
(Coordinating Board Academic Approval Number 1605015113)

GERM 1411 Beginning German (4)  
(This is a Texas Common Course Number.)  
This course is an introductory course intended for students with little or no knowledge of the language. Its aim is to present the essential vocabulary and grammar, and to develop the pronunciation, listening, reading, and writing skills necessary for basic communication and comprehension. Customs and cultural insights are also presented. This course is cross-listed as German 1311. The student may register for either German 1411 or German 1311, but may receive credit for only one of the two. (3 Lec., 2 Lab.)  
(Coordinating Board Academic Approval Number 1605015113)

GERM 1412 Beginning German (4)  
(This is a Texas Common Course Number.)  
Prerequisite: German 1411 or the equivalent or demonstrated competence approved by the instructor. This course continues the oral practice, reading, writing, grammar and cultural studies begun in German 1411. Students are expected to acquire a substantial amount of vocabulary and begin to deal with idiomatic language and more complicated syntax. (3 Lec., 2 Lab.)  
(Coordinating Board Academic Approval Number 1605015113)
GERM 2311 Intermediate German (3)
(This is a Texas Common Course Number.)
Prerequisite: German 1412 or the equivalent or demonstrated competence approved by the instructor. This course is designed to further develop students' overall language proficiency and cultural knowledge through more advanced reading, listening, speaking and writing exercises. Grammatical concepts are reviewed and expanded. (3 Lec.)
(Coordinating Board Academic Approval Number 1605015213)

GERM 2312 Intermediate German (3)
(This is a Texas Common Course Number.)
Prerequisite: German 2311 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of German 2311. The stress is on reading, composition, grammatical complexities, and intense oral practice, with continued studies of the culture through contemporary literature. (3 Lec.)
(Coordinating Board Academic Approval Number 1605015213)

GOVT 2301 American Government (3)
(This is a Texas Common Course Number.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the Texas Success Initiative (TSI) standard in Reading. This course is an introduction to the study of political science. Topics include the origin and development of constitutional democracy (United States and Texas), federalism and intergovernmental relations, local governmental relations, local government, parties, politics, and political behavior. (To ensure transferability, students should plan to take both Government 2301 and 2302 within the DCCCD.) (3 Lec.)
(Coordinating Board Academic Approval Number 4510025125)

GOVT 2302 American Government (3)
(This is a Texas Common Course Number.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the Texas Success Initiative (TSI) standard in Reading. The three branches of the United States and Texas government are studied. Topics include the legislative process, the executive and bureaucratic structure, the judicial process, civil rights and liberties, and domestic policies. Other topics include foreign relations and national defense. (To ensure transferability, students should plan to take both Government 2301 and 2302 within the DCCCD.) (3 Lec.)
(Coordinating Board Academic Approval Number 4510025125)

HALT 1296 Special Topics in Nursery Operations and Management (2)
(This is a WECM Course Number.)
Field course in horticulture to study Texas native plants in their natural environment. The class will study the different regional ecosystems such as the Trans-Pecos, High Plains, East and West Cross Timbers, Central Texas (Hill Country), Piney Woods of East Texas, the Valley, the Gulf Coast and the Post Oak Belt. Students will learn about the varied soil types, rainfall, temperature ranges, and elevation of the regions. This course may be repeated if topics and learning outcomes vary. (6 Lab.)

HALT 1303 Herbaceous Plants (3)
(This is a WECM Course Number.)
An in-depth study of herbaceous plant material. Topics include practices and procedures used in the identification, growth, propagation, maintenance, and utilization of herbaceous plants in the horticulture industry. (2 Lec., 3 Lab.)

HALT 1305 Horticultural Soils (3)
(This is a WECM Course Number.)
A study of the physical properties of soil including structure and texture. Topics include the origin and development of soils, the composition of a soil horizon, and the interrelationship between soil fertility and plants. (2 Lec., 3 Lab.)

HALT 1319 Landscape Construction (3)
(This is a WECM Course Number.)
Exploration of landscape construction materials and the methods used for installation. Topics on soil preparation, including wood, concrete, and masonry construction; and landscape lighting, including pools, spas, and general construction details. (2 Lec., 3 Lab.)

HALT 1320 Horticulture Calculations (3)
(This is a WECM Course Number.)
Skill development in and reinforcement of the formulas and calculations commonly used in the horticulture industry. Emphasis on business calculations and problem-solving skills. (3 Lec.)

HALT 1324 Turfgrass Science and Management (3)
(This is a WECM Course Number.)
In-depth coverage of various species of warm and cool season grasses including their uses, application, adaptability, environmental tolerances, anatomy, and physiological responses. (2 Lec., 3 Lab.)

HALT 1331 Woody Plant Materials (3)
(This is a WECM Course Number.)
An in-depth study of the woody plant materials used in the horticulture industry. Topics include identification, characteristics, adaptation, cultural requirements, pest and disease problems, and use in the landscape. (2 Lec., 4 Lab.)
HALT 1333 Landscape Irrigation (3)
(This is a WECM Course Number.)
In-depth coverage of irrigation systems including equipment, design, performance, and maintenance. Topics include residential and commercial applications, troubleshooting, repair, and technological advances in irrigation systems. (2 Lec., 3 Lab.)

HALT 1351 Landscape Business Operations (3)
(This is a WECM Course Number.)
Prerequisite: Approval from professor. Instruction in the structure of the landscape business including cost estimation; organization; equipment needs; interpretation of financial reports; and material, labor and equipment management. Emphasis on the types of landscape operations, marketing, legal forms, construction law and safety. (2 Lec., 3 Lab.)

HALT 1353 Landscape Computer Design (3)
(This is a WECM Course Number.)
A course in computer-aided landscape design. Emphasis on the application of design concepts and techniques using software. (2 Lec., 3 Lab.)

HALT 1391 Special Topics in Horticulture Services Operations and Management, General (3)
(This is a WECM Course Number.)
Prerequisite: Approval from professor. Topics address recently identified current events, skills, knowledge’s and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec., 5 Lab.)

HALT 1401 Principles of Horticulture (4)
(This is a WECM Course Number.)
An overview of the horticulture industry, plant science, terminology, classification, propagation, environmental responses, and careers and opportunities in the field of horticulture. (3 Lec., 3 Lab.)

HALT 1422 Landscape Design (4)
(This is a WECM Course Number.)
Prerequisite: Approval from professor. A study of the principles and elements of landscape design. Topics include client interview, site analysis, plan view, scale, plant selection, basic drawing and drafting skills and plan preparation. (2 Lec., 6 Lab.)

HALT 2314 Plant Propagation (3)
(This is a WECM Course Number.)
A study of the sexual and asexual propagation of plants used in horticulture. Topics include propagation by seeds, cuttings, grafting, budding, layering, division, separation, and tissue culture; and environmental factors of propagation. (2 Lec., 3 Lab)

HALT 2320 Nursery Production and Management (3)
(This is a WECM Course Number.)
Prerequisite: Approval from professor. An overview of the procedures for establishing and operating a commercial nursery. Topics include site selection, structures, equipment, stock selection, production practices, harvesting, marketing and management practices. (2 Lec., 3 Lab.)

HALT 2323 Horticultural Pest Control (3)
(This is a WECM Course Number.)
Examination of federal, state, and local laws and regulations governing the control of horticultural pests. Topics include procedures; methods; safety requirements; integrated pest management (IPM); and chemical, natural, and biological controls. (2 Lec., 3 Lab)

HALT 2331 Advanced Landscape Design (3)
(This is a WECM Course Number.)
Prerequisite: Approval from professor. In-depth coverage of advanced practices in landscape planning for commercial and residential landscapes. Topics include advanced design analysis, architectural elements, space articulation, and land engineering concepts. (2 Lec., 3 Lab.)

HALT 2341 Interiorscaping (3)
(This is a WECM Course Number.)
Prerequisite: Approval from professor. Instruction in the selection, propagation, culture, and marketing of foliage plants and other tropical and subtropical plants used in interiorscapes. Topics include the principles of interiorscaping and the care of plants in indoor environments. (2 Lec., 3 Lab.)

HALT 2380 Cooperative Education-Applied Horticulture/Horticultural Operations, General (3)
(This is a WECM Course Number.)
Prerequisite: Approval from professor. Career-related activities encountered in the student’s area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (1 Lec., 15 Lab.)
HALT 2402 Greenhouse Crop Production (4)
(This is a WECM Course Number.)
Prerequisite: Approval from professor. In-depth coverage of the production of crops within the controlled environment of greenhouses. Topics include growing techniques, environment control, crop rotation, scheduling, preparation for sale and marketing. (2 Lec., 6 Lab.)

HDEV 0092 Student Success (3)
In this orientation course, students are introduced to academic and personal goal-setting and learning skills that enhance their chances for educational success. Students will learn how to develop positive attitudes toward themselves, improve communication and decision-making skills, and make effective use of campus resources. This course supports students enrolling in other appropriate remediation. (3 Lec.)
(Coordinating Board Academic Approval Number 3201995178)

HDEV 0100 Educational Alternatives (1)
The learning environment is introduced. Career, personal study skills, educational planning, and skills for living are all included. Emphasis is on exploring career and educational alternatives and learning a systematic approach to decision-making. A wide range of learning alternatives is covered, and opportunity is provided to participate in personal skills seminars. This course may be repeated for credit. (1 Lec.)
(Coordinating Board Academic Approval Number 3201995178)

HDEV 1372 Cognitive Processes: The Master Student Course (3)
(This is a Unique Need Course.)
This course is an overview of the processes of learning, memory, perception, language and thought. Special emphasis is placed upon the practical applications of these psychological principles for students to learn, practice and adopt in support of their success in college. Adaptation to the higher education atmosphere is also emphasized. (3 Lec.)
(Coordinating Board Academic Approval Number 4203019125)

HDEV 2315 Principles and Processes of Personal and Social Adjustment (3)
(The Texas Common Course Number is PSYC 2315.)
Designed as an Applied Psychology and Human Relations course, this course is an intensive theoretical and practical study of interpersonal communication processes. The course content surveys the major psychological principles of communication and utilizes an experiential model for the practical application of skill based competencies. Students develop an awareness and understanding of their own feelings, values, attitudes, and behaviors and also explore the processes by which these factors effect the quality of their interactions with others. (3 Lec.)
(Coordinating Board Academic Approval Number 4201015625)

HIST 1301 History of the United States (3)
(This is a Texas Common Course Number.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the Texas Success Initiative (TSI) standard in Reading. The history of the United States is surveyed from the European background and first discoveries. The pattern of exploration, settlement, and development of institutions is followed throughout the colonial period and the early national experience to 1877. (3 Lec.)
(Coordinating Board Academic Approval Number 4508025125)

HIST 1302 History of the United States (3)
(This is a Texas Common Course Number.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the Texas Success Initiative (TSI) standard in Reading. The history of the United States is surveyed from the Reconstruction era to the present day. The study includes social, economic, and political aspects of American life. The development of the United States as a world power is followed. (3 Lec.)
(Coordinating Board Academic Approval Number 5401025225)

HIST 2301 History of Texas from 1500 to the Present (3)
(This is a Texas Common Course Number.)
A survey of Texas development from early Spanish colonization (1500) to the establishment of the modern urban state. The course emphasizes the variety of influences from Indian, Spanish and American cultures. The social, political and economic evolution of the state, including the multi-ethnic character of its population, is studied. (3 Lec.)
(Coordinating Board Academic Approval Number 5401025225)

HIST 2311 Western Civilization (3)
(This is a Texas Common Course Number.)
The civilization in the West from ancient times through the Enlightenment is surveyed. Topics include the Mediterranean world, including Greece and Rome, the Middle Ages, and the beginnings of modern history. Particular emphasis is on the Renaissance, Reformation, the rise of the national state, the development of parliamentary government, and the influences of European colonization. (3 Lec.)
(Coordinating Board Academic Approval Number 5401015425)

HIST 2312 Western Civilization (3)
(This is a Texas Common Course Number.)
This course is a continuation of History 2311. It follows the development of Western civilization from the Enlightenment to current times. Topics include the Age of Revolution, the beginning of industrialism, 19th century, and the social, economic, and political factors of recent world history. (3 Lec.)
(Coordinating Board Academic Approval Number 5401015425)

Other topics include requests for bid, payments including letters or credit, insurance, and other trade terminology. (3 Lec.) (Coordinating Board Academic Approval Number 5401015325)</td>
</tr>
</tbody>
</table>
IBUS 1302 Principles of Imports Exports II (3)
(This is a WECM Course Number.)
The practices and processes of import management operations, including government controls. Skill development in the preparation and understanding of import documents such as customs invoices, packing lists, and commercial invoices. The student will process appropriate import documentation and utilize selected regulations of daily operations. (3 Lec.)

IBUS 1305 Introduction to International Business and Trade (3)
(This is a WECM Course Number.)
The techniques for entering the international marketplace. Emphasis on the impact and dynamics of sociocultural, demographic, economic, technological, and political-legal factors in the foreign trade environment. Topics include patterns of world trade, internationalization of the firm, and operating procedures of the multinational enterprise. (3 Lec.)

IBUS 1341 International Purchasing (3)
(This is a WECM Course Number.)
The skills needed by a buyer in international purchasing or sourcing. Topics include the advantages and the barriers of purchasing internationally, global sourcing, and purchasing processes, including issues of contract administration, location, and evaluation of foreign suppliers, total cost approach, exchange fluctuations, customs procedures, and related topics. (3 Lec.)

IBUS 1349 International Information Systems (3)
(This is a WECM Course Number.)
A course in managing information systems and technology for multinational corporations. Skill development in the use of appropriate software and the National Trade Data Base. Topics include the role of global strategic information systems as applied to problem solving and current transportation and customs software, such as the Automated Broker Interface. (3 Lec.)

IBUS 1351 Coordination in Multinational Industries (3)
(This is a WECM Course Number.)
Introduction to the essential relationship between domestic and foreign industries engaged in shared production. Topics include economic development through international co-production agreements with governments, technology transfer, labor, legal and financial management factors, and practical applications for such agreements, such as those for Mexican maquiladora operations. (3 Lec.)

IBUS 1354 International Marketing Management (3)
(This is a WECM Course Number.)
Analysis of international marketing strategies using trends, costs, forecasting, pricing, sourcing, and distribution factors. Development of an international export/import marketing plan based on the student's research of a firm's direct and indirect global environment. Opportunities for international trade are identified. (3 Lec.)

IBUS 1373 Global Logistics Management (3)
(This is a WECM Local Need Course.)
Develop skills and understanding in global logistics processes, procedures, and regulations used in transportation, physical distribution, warehousing, inventory control, materials, packaging, plant and warehouse location, risk management, and networks for logistics, suppliers, and information. Utilize decision making and case resolution techniques to solve problems and to develop logistical and information networks for supply chain management appropriate for global corporations. (3 Lec.)

IBUS 1391 Special Topics in International Business (3)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Business, industrial, or service requirements in the international arena will determine specific topics or skill development offered, such as new software packages, regulation updates, or market research information. This course may be repeated if topics and learning outcomes vary. (3 Lec.)

IBUS 2331 International Human Resource Management (3)
(This is a WECM Course Number.)
A study of the effects of the process of internationalization on human resource management including the requirements of local or host-country nationals, expatriates, or parent-country nations, and third-country nationals. Emphasis on Asia-Pacific, Europe, Latin America, and emerging economies. A staffing plan for an international environment including processes from recruitment to evaluation and labor regulations is prepared. (3 Lec.)

IBUS 2335 International Business Law (3)
(This is a WECM Course Number.)
A course in law as it applies to international business transactions in the global political-legal environment. Study of interrelationships among laws of different countries and the legal effects on individuals and business organizations. Topics include agency agreements, international contracts and administration, regulation of exports and imports, technology transfers, regional transactions, intellectual property, product liability, and legal organization. (3 Lec.)
IBUS 2339 International Banking and Finance (3)
(This is a WECM Course Number.)
A course in international monetary systems, financial markets, flow of capital, foreign exchange, and financial institutions. Topics include export-import payments and financing, the preparation of letters of credit, related shipping documentation, and electronic transfers. An introduction to multinational financial decisions, such as financing foreign investment or working capital is provided. (3 Lec.)

IBUS 2341 International Comparative Management (3)
(This is a WECM Course Number.)
A study of cross-cultural comparisons of management and communications processes. Emphasis on cultural and geographic distinctions and antecedents that affect individual, group and organizational behavior. Topics include sociocultural, demographic, economic, technological, and political-legal environments of cluster countries and their relationship to organizational communication and decision making in the international or multicultural environment. (3 Lec.)

IBUS 2345 Import Customs Regulations (3)
(This is a WECM Course Number.)
A study of the duties and responsibilities of the licensed customs broker or customhouse broker. Topics include processes for customs clearance including appraisement, bonded warehouse entry, examination of goods, harmonized tariffs, fees, bonding penalties, quotas, immediate delivery, consumption, liquidation, computerized systems, laws, and regulations. The student will take sample examinations in preparation for the United States Customs Brokers examination and solve complex problems involving customs regulations and processes. (3 Lec.)

IBUS 2366 Practicum-International Business (3)
(This is a WECM Course Number.)
Prerequisite: Nine credit hours in International Business and Trade. Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be for pay or no pay. (20 Ext.)

IMED 1191 Special Topics in Educational/Institutional Media Technology/Technician (1)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and attitudes or behaviors pertinent to multimedia technology or occupations in the field. Focus is on concepts relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec., 2 Lab.)

IMED 1211 Storyboard (2)
(This is a WECM Course Number.)
Introduction to the techniques of storyboarding including organizing a project's content and arranging it in a visual format. (2 Lec.)

IMED 1291 Special Topics in Educational/Institutional Media Technology/Technician (2)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and attitudes or behaviors pertinent to multimedia technology or occupations in the field. Focus is on concepts relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec., 2 Lab.)

IMED 1301 Introduction to Multimedia (3)
(This is a WECM Course Number.)
A survey of the theories, elements, and hardware/software components of multimedia. Topics include digital image editing, digital sound and video editing, animation, web page development, and interactive presentations. Course emphasis is on conceptualizing and producing effective multimedia presentations. (2 Lec., 4 Lab.)

IMED 1305 Multimedia Courseware Development I (3)
(This is a WECM Course Number.)
Instruction in courseware development. Topics include interactivity, branching, navigation, evaluation techniques and interface/information design using industry standard authoring software. (2 Lec., 4 Lab.)

IMED 1316 Web Page Design I (3)
(This is a WECM Course Number.)
Instruction in Internet web page design and related graphic design issues including mark-up languages, web sites, Internet access software, and interactive topics. (2 Lec., 4 Lab.)

IMED 1341 2-D Interface Design (3)
(This is a WECM Course Number.)
Prerequisite: IMED 1301. Skill development in the interface design process including selecting interfaces that are meaningful to users and relative to a project's content and delivery system. Emphasis on aesthetic issues such as iconography, screen composition, colors, and typography. (2 Lec., 4 Lab.)

IMED 1345 Interactive Multimedia I (3)
(This is a WECM Course Number.)
Exploration of the use of graphics and sound to create time-based interactive multimedia animations using industry standard authoring software. (2 Lec., 4 Lab.)
IMED 1351 Digital Video (3)  
(This Is a WECM Course Number.)  
Prerequisite: IMED 1301 for Multimedia Program and IMED 1343 for Internet Development Technologies Program. Skill development in producing and editing video and sound for multimedia productions. Emphasis is placed on the capture, editing, and outputting of video using a desktop digital video workstation. This course is cross-listed as IMED 1451. The student may register for either IMED 1351 or IMED 1451, but may receive credit for only one of the two. (2 Lec., 4 Lab.)

IMED 1391 Special Topics In Educational/Institutional Media Technology/Technician (3)  
(This Is a WECM Course Number.)  
Topics address recently identified current events, skills, knowledge, and attitudes or behaviors pertinent to multimedia technology or occupations in the field. Focus is on concepts relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)

IMED 2305 Multimedia Courseware Development II (3)  
(This Is a WECM Course Number.)  
In-depth coverage of programming/scripting using an authoring system with emphasis on advanced development of courseware products. (2 Lec., 4 Lab.)

IMED 2311 Portfolio Development (3)  
(This Is a WECM Course Number.)  
Emphasis on preparation and enhancement of portfolio to meet professional standards. Topics also include professional organizations, presentation skills, and job-seeking techniques. Departmental approval required for enrollment. (2 Lec., 4 Lab.)

IMED 2313 Project Analysis and Design (3)  
(This Is a WECM Course Number.)  
Prerequisite: Completion of two semesters of multimedia coursework. Introduction to the multimedia planning process including costing, preparation, production legal issues, and guidelines for pre-production preparation. Creation of a comprehensive design document including target audience analysis, purpose and goals, objectives, content outline, flow chart, and storyboard. Emphasis is placed on content design and production management. This is the capstone class for the Level I multimedia certificates. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)

IMED 2315 Web Page Design II (3)  
(This Is a WECM Course Number.)  
Prerequisite: IMED 1316. A study of hypertext mark-up language (HTML) and interesting layout techniques for creating engaging well designed web pages. Emphasis is on identifying the target audience and producing a web site according to physical and technical limitations, cultural appearance, and legal issues. This course is cross-listed as IMED 2415. The student may register for either IMED 2315 or IMED 2415, but may receive credit for only one of the two. (2 Lec., 4 Lab.)

IMED 2341 Advanced Digital Video (3)  
(This Is a WECM Course Number.)  

IMED 2345 Interactive Multimedia II (3)  
(This Is a WECM Course Number.)  
Prerequisite: IMED 1345. Instruction in the use of scripting language to create time-based interactive multimedia projects. Topics include building a user interface, writing script, using commands and functions, testing, and debugging. (2 Lec., 4 Lab.)

IMED 2351 Multimedia Programming (3)  
(This Is a WECM Course Number.)  
Prerequisite: IMED 2305 and IMED 2345. Advanced topics in multimedia programming including the use of custom scripts for data tracking. Emphasis is on developing multimedia programs customized to the client's needs. (2 Lec., 4 Lab.)

IMED 2388 Internship-Educational/Instructional Media Technology/Technician (3)  
(This Is a WECM Course Number.)  
Prerequisite: Completion of the Level I Multimedia Certificate. An experience external to the college for an advanced student in the field of interactive media. The internship involves a written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college and that are directly related to specific occupational outcomes. This may be a paid or unpaid experience. This course may be repeated if topics and learning outcomes vary. (15 Ext.)
IMED 2409 Internet Commerce (4)
(This is a WECM Course Number.)
An overview of the Internet as a marketing and sales tool with emphasis on developing a prototype for electronic commerce. Topics include database technology, creating web sites in order to collect information, performing online transactions, and generating dynamic content. (3 Lec., 3 Lab.)

IMED 2415 Web Page Design II (4)
(This is a WECM Course Number.)
A study of hypertext mark-up language (HTML) and interesting layout techniques for creating engaging well designed web pages. Emphasis on identifying the target audience and producing a web site according to physical and technical limitations, cultural appearance, and legal issues. This course is cross-listed as IMED 2315. The student may register for either IMED 2415 or IMED 2315, but may receive credit for only one of the two. (3 Lec., 3 Lab.)

INEW 2334 Advanced Web Page Programming (3)
(This is a WECM course number.)
Prerequisite: Intermediate Web page generation skills or instructor approval. Advanced applications for Web authoring. Topics may include Perl Script, Common Gateway Interface (CGI), Database Interaction, Active Server Pages, Java applets, Javascripts, tables, HTML, and/or interactive elements. This course may be repeated if topics and learning outcomes vary. This course is cross-listed as INEW 2434. The student may register for either INEW 2334 or INEW 2434, but may receive credit for only one of the two. (2 Lec., 4 Lab.)

INEW 2434 Advanced Web Page Programming (4)
(This is a WECM Course Number.)
Prerequisite: Intermediate web generation skills or instructor approval. Advanced applications for Web authoring. Topics may include Perl Script, Common Gateway Interface (CGI), Database Interaction, Active Server Pages, Java applets, Javascripts, tables, HTML, and/or interactive elements. This course is cross-listed as INEW 2334. The student may register for either INEW 2434 or INEW 2334, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

INEW 2438 Advanced JAVA Programming (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 2417 or instructor approval. A continuation of advanced JAVA programming techniques such as servlets and advanced graphical functions. (3 Lec., 4 Lab.)

INEW 2440 Object Oriented Design (4)
(This is a WECM Course Number.)
Large system analysis and design concepts from the object-oriented perspective. Students will build/use case models, sequence diagrams, class diagrams and state charts. Topics will include determining what objects will be required, what members an object requires, and relationships between objects. (3 Lec., 4 Lab.)

INMT 1343 CAD-CAM (3)
(This is a WECM Course Number.)
Computer-Assisted applications in integrating engineering graphics and manufacturing. Emphasis on the conversion of a working drawing using CAD-CAM software and related input and output devices to translate into machine code. (2 Lec., 4 Lab.)

INMT 1447 Industrial Automation (4)
(This is a WECM Course Number.)
Prerequisite: CETT 1405. A study of the applications of industrial automation systems including identification of system requirements, equipment integration, motors, controllers, and sensors. Coverage of set-up, maintenance, and testing of the automated systems. (3 Lec., 3 Lab.)

INTC 1307 Electronic Test Equipment (3)
(This is a WECM Course Number.)
Prerequisite: Credit or concurrent enrollment in CETT 1405. A study of the theory and application of analog and digital meters, oscilloscopes, frequency generation, frequency measurements, and special measuring instruments. Emphasis on accuracy and limitations of instruments and calibration techniques. (2 Lec., 3 Lab.)

ITAL 1311 Introduction to Italian (3)
(This is a Texas Common Course Number.)
ITAL 1311 is an introduction to the regular Italian course sequence; it is not a substitute for ITAL 1411. The focus is on pronunciation and the communications skills using basic vocabulary and grammar. Customs and cultural insights are also presented. Students who wish to continue their studies will next enroll in ITAL 1411. This course is cross-listed as Italian 1411. The student may register for either Italian 1311 or Italian 1411, but may receive credit for only one of the two. (3 Lec., 1 Lab.)

ITAL 1411 Beginning Italian I (4)
(This is a Texas Common Course Number.)
This course is an introductory course intended for students with little or no knowledge of the language. Its aim is to present essential vocabulary and grammar, and to develop the pronunciation, listening, reading, and writing skills necessary for basic communication and comprehension. Customs and cultural insights are also presented. This course is cross-listed as Italian 1311. The student may register for either Italian 1411 or Italian 1311, but may receive credit for only one of the two. (3 Lec., 2 Lab.)

Coordinating Board Academic Approval Number 1609025113

Coordinating Board Academic Approval Number 1609025113
ITAL 1412 Beginning Italian II (4)
(This is a Texas Common Course Number.)
Prerequisite: Italian 1411 or the equivalent or demonstrated competence approved by the instructor. This course continues the oral practice, reading, writing, grammar and cultural studies begun in Italian 1411. Students are expected to acquire a substantial amount of vocabulary and begin to deal with idiomatic language and more advanced syntax. (3 Lec., 2 Lab.) (Coordinating Board Academic Approval Number 1609025113)

ITAL 2311 Intermediate Italian I (3)
(This is a Texas Common Course Number.)
Prerequisite: Italian 1412 or the equivalent or demonstrated competence approved by the instructor. This course is designed to further develop students' overall language proficiency and cultural knowledge though more advanced reading, listening, speaking and writing exercises. Grammatical concepts are reviewed and expanded. (3 Lec.) (Coordinating Board Academic Approval Number 1609025213)

ITAL 2312 Intermediate Italian II (3)
(This is a Texas Common Course Number.)
Prerequisite: Italian 2311 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of Italian 2311. The stress is on reading, composition, grammatical complexities, and intense oral practice, with continued studies of the culture. (3 Lec.)

ITCC 1201 CCNA 1: Networking Basics (2)
(This is a WECM Course Number.)
Prerequisite: Advanced level of understanding of personal computers and operating systems approved by designated Information Technology personnel. A course introducing the basics of networking including network terminology, local area networks (LAN) and wide area networks (WAN). Topics include network protocols such as TCP/IP, Open System Interconnection (OSI) models, cabling and routers. Licensing/Certification Agency: Cisco Corporation. (2 Lec.)

ITCC 1205 CCNA 2: Router and Routing Basics (2)
(This is a WECM Course Number.)
Prerequisite: ITCC 1402 or ITNW 1313. An introduction to basic Cisco router configuration for local area networks. Topics include initial router configuration for TCP/IP, management of Cisco IOS and router configuration files, routing protocols, and access control lists. Licensing/Certification Agency: Cisco Corporation. (2 Lec.)

ITCC 1241 CCNA 3: Switching Basic and Intermediate Routing (2)
(This is a WECM Course Number.)
Prerequisite: ITCC 1406 or ITNW 1317. A course focusing on advanced topics including IP addressing techniques, intermediate routing protocols, CLI configuration of switches, Ethernet switching, VLANs, Spanning Tree Protocol, and VLAN Trunking Protocol. Licensing/Certification Agency: Cisco Corporation. (2 Lec.)

ITCC 1245 CCNA 4: WAN Technologies (2)
(This is a WECM Course Number.)
Prerequisite: ITCC 1442 or ITNW 1340. This course focuses on advanced IP addressing techniques (Network Address Translation [NAT], Port Address Translation [PAT], and DHCP), WAN technology and terminology, PPP, ISDN, DDR, Frame Relay, network management and introduction to optical networking. In addition, the student will prepare for the CCNA exam. Licensing/Certification Agency: Cisco Corporation. (2 Lec.)

ITCC 1402 CCNA 1: Networking Basics (4)
(This is a WECM Course Number.)
Prerequisite: Advanced level of understanding of personal computers and operating systems approved by designated Information Technology personnel. A course introducing the basics of networking including network terminology, local area networks (LAN) and wide area networks (WAN). Topics include network protocols such as TCP/IP, Open System Interconnection (OSI) models, cabling and routers. Licensing/Certification Agency: Cisco Corporation. (3 Lec., 4 Lab.)

ITCC 1406 CCNA 2: Router and Routing Basics (4)
(This is a WECM Course Number.)
Prerequisite: ITCC 1402 or ITNW 1313. An introduction to basic Cisco router configuration for local area networks. Topics include initial router configuration for TCP/IP, management of Cisco IOS and router configuration files, routing protocols, and access control lists. Licensing/Certification Agency: Cisco Corporation. (3 Lec., 4 Lab.)

ITCC 1442 CCNA 3: Switching Basic and Intermediate Routing (4)
(This is a WECM Course Number.)
Prerequisite: ITCC 1406 or ITNW 1317. A course focusing on advanced topics including IP addressing techniques, intermediate routing protocols, CLI configuration of switches, Ethernet switching, VLANs, Spanning Tree Protocol, and VLAN Trunking Protocol. Licensing/Certification Agency: Cisco Corporation. (3 Lec., 4 Lab.)
ITCC 1446 CCNA 4: WAN Technologies (4)
(This is a WECM Course Number.)
Prerequisite: ITCC 1442 or ITNW 1340. This course focuses on advanced IP addressing techniques (Network Address Translation [NAT], Port Address Translation [PAT], and DHCP), WAN technology and terminology, PPP, ISDN, DDR, Frame Relay', network management and introduction to optical networking. In addition, the student will prepare for the CCNA exam. Licensing/Certification Agency: Cisco Corporation. (3 Lec., 4 Lab.)

ITCC 2432 Advanced Routing: Cisco 5 (4)
(This is a WECM Course Number.)
Prerequisite: CCNA certification and successful completion of skills-based exam or successful completion of CCNA 4: WAN Technologies (ITCC 1446 or ITNW 1344). A study of advanced network deployment issues and methods used to configure CISCO routers for effective LAN and WAN traffic management. Topics include designing scalable internetworks, managing traffic, configuring OSPF in single and multiple areas, configuring EIGRP, and configuring and using interior and border gateway routing protocols. Licensing/Certification Agency: Cisco Corporation. (3 Lec., 4 Lab.)

ITCC 2436 Remote Access: Cisco 6 (4)
(This is a WECM Course Number.)
Prerequisite: ITCC 2432 or instructor approval. Designing and building remote access networks with Cisco products. Topics include assembling and cabling WAN components, configuring network connections via asynchronous modem, ISDN, X.25, and frame relay architectures and associated protocols. Licensing/Certification Agency: Cisco Corporation. (3 Lec., 4 Lab.)

ITCC 2440 Multilayer Switching: Cisco 7 (4)
(This is a WECM Course Number.)
Prerequisite: ITCC 2432 or instructor approval. An introduction to Cisco switches and how to use Cisco switches effectively in networks. Topics include switching concepts, virtual LANs, switch architecture (hardware and software), switch configuration, management and troubleshooting. Licensing/Certification Agency: Cisco Corporation. (3 Lec., 4 Lab.)

ITCC 2444 Network Troubleshooting: Cisco 8 (4)
(This is a WECM Course Number.)
Prerequisite: ITCC 2440, ITCC 2432 and ITCC 2436 or instructor approval. A study of troubleshooting methods for internetworks. Topics include Cisco Troubleshooting Tools, diagnosing and correcting problems with TCP/IP, Novell, and AppleTalk networks, and with Frame Relay and ISDN network connections. Licensing/Certification Agency: Cisco Corporation. (3 Lec., 4 Lab.)

ITMC 1138 Microsoft® Certified Systems Engineer Certification Preparation I (1)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Prepares students for the MCSE Exam. Includes installation, configuration, and administration of Microsoft® Windows client operating system. Licensing/Certification Agency: Microsoft® Corporation. (3 Lab.)

ITMC 1139 Microsoft® Certified Systems Engineer Certification Preparation II (1)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. The "inner workings" of Windows Server. Focus on installation issues, network shares, and NTFS permissions for a host of shared devices including files, directories, printers, and Internet access. Includes locating, configuring, performing start and stop processes, and understanding the use of file systems in the Windows client operating system. Licensing/Certification Agency: Microsoft® Corporation. (3 Lab.)

ITMC 1344 Enterprise Development Using Microsoft.NET® (3)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor. Utilizing Microsoft.NET® framework to develop, share, and maintain objects across distributed networks including the Internet. The course will include multi-platform access to data stored on a Microsoft® Structured Query Language (SQL) server database, 3-tier, and n-tier implementation, and use of the Internet as the enterprise connectivity medium in corporate applications. Licensing/Certification Agency: Microsoft® Corporation. (2 Lec., 4 Lab.)

ITMC 1345 Enterprise Development Using Microsoft® Visual Basic.NET (3)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor. Visual Basic.NET (VB.NET) programming language for developing, distributing, and maintaining objects across distributed networks including the Internet. Includes using VB.NET to access data stored on a Microsoft® Structured Query Language (SQL) server database and allows implementation as a middleware (business rules) application. Licensing/Certification Agency: Microsoft® Corporation. (2 Lec., 4 Lab.)
ITMC 1401 Microsoft® Windows Network and
Operating System Essentials (4)
(This is a WECM Course Number.)
An introduction to Microsoft® Windows network operating systems and to the fundamentals of networking technologies that they support. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 1403 Querying Microsoft® SQL Server with
Transact-SQL (4)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. In depth coverage of the technical skills required to write basic Transact-SQL queries for Microsoft® SQL Server. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 1419 Installing and Administering Microsoft®
Windows Server Operating Systems (4)
(This is a WECM Course Number.)
Prerequisite: ITMC 1401 or instructor approval. An introduction to Microsoft® Windows server operating systems in a single domain environment. Topics include basic installation, configuration tasks, and day-to-day administration tasks in a Windows based network. Licensing/Certification Agency: Microsoft® Corporation. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITMC 1441 Implementing Microsoft® Windows
Professional and Server (4)
(This is a WECM Course Number.)
Prerequisite: ITMC 1401 or instructor approval. In-depth coverage of the knowledge and skills necessary to install and configure Microsoft® Windows on stand-alone computers and on client computers that are part of a workgroup or domain and the skills and knowledge necessary to install and configure Windows Server to create file, print, and servers. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 1442 Implementing a Microsoft® Windows
Network Infrastructure (4)
(This is a WECM Course Number.)
Prerequisite: ITMC 1441 or ITMC 1458 or instructor approval. Skills development in installing, configuring, managing, and supporting a network infrastructure that uses the Microsoft® Windows server family of products. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 1443 Implementing and Administering
Microsoft® Directory Services (4)
(This is a WECM Course Number.)
Prerequisite: ITMC 1442 or instructor approval. Provides students with the knowledge and skills necessary to install, configure, and administer Microsoft® Windows Active Directory service. Focuses on implementing Group Policy and understanding the Group Policy tasks required to centrally manage users and computers. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 1458 Supporting Microsoft® Windows Client
Network Operating Systems (4)
(This is a WECM Course Number.)
Prerequisite: ITMC 1419 or instructor approval. Skill development for customizing, configuring, supporting, and troubleshooting Windows. Licensing/Certification Agency: Microsoft® Corporation. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITMC 2126 Microsoft® Certified Systems Engineer
Certification Preparation III (1)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Configuring a number of critical network services. Includes review of the most common TCP/IP interconnectivity services such as DNS, DHCP, Remote Access, Network Protocols, IP Routing, and WINS. Licensing/Certification Agency: Microsoft® Corporation. (3 Lab.)

ITMC 2127 Microsoft® Certified Systems Engineer
Certification Preparation IV (1)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Implementing and administering a Windows Directory Services Infrastructure. Includes configuring a number of critical Active Directory issues. Licensing/Certification Agency: Microsoft® Corporation. (3 Lab.)

ITMC 2128 Microsoft® Certified Systems Engineer
Certification Preparation V (1)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. The entire set of skills required to design a directory services infrastructure. Includes details on how to make a new or existing network successfully take advantage of Active Directory. Licensing/Certification Agency: Microsoft® Corporation. (3 Lab.)
ITMC 2129 Microsoft® Certified Systems Engineer Certification Preparation VI (1)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Creating a Networking Services Infrastructure design. Licensing/Certification Agency: Microsoft® Corporation. (3 Lab.)

ITMC 2139 Microsoft® Certified Systems Engineer Certification Preparation VII (1)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Analysis of the business requirements for computer network security. Includes designing a network security solution that meets business requirements. Licensing/Certification Agency: Microsoft® Corporation. (3 Lab.)

ITMC 2355 Deploying and Managing Microsoft® Internet Security and Acceleration Server (3)
(This is a WECM Course Number.)
Prerequisite: ITMC 1442 or instructor approval. Advanced concepts of deploying and managing Microsoft® Internet Security and Acceleration (ISA) Server in an enterprise environment. Licensing/Certification Agency: Microsoft® Corporation. This course is cross-listed as ITMC 2455. The student may register for either ITMC 2355 or ITMC 2455, but may receive credit for only one of the two. (2 Lec., 4 Lab.)

ITMC 2401 Supporting and Maintaining a Microsoft® Windows NT Server (4)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Skills development in maintaining, configuring, troubleshooting, or optimizing servers, clients, users, resource access, network services, and remote access. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2402 Designing and Implementing OLAP Solutions Using Microsoft® SQL Server (4)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Mastery of the knowledge and skills necessary to design, implement, and deploy OLAP solutions by using Analysis Services. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2403 Administering a Microsoft® SQL Server Database (4)
(This is a WECM Course Number.)
Prerequisite: Skills equivalent to those obtained in ITMC 1403 or instructor approval. In-depth coverage of the knowledge and skills required to install, configure, administer, and troubleshoot the client-server database management system of Microsoft® SQL Server databases. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2404 Implementing and Managing Microsoft® Exchange (4)
(This is a WECM Course Number.)
Prerequisite: Active directory course and/or experience or instructor consent. In-depth coverage of the knowledge and skills required to install and administer Microsoft® Exchange. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2405 Upgrading Microsoft® Exchange Server (4)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Advanced concepts in upgrading Microsoft® Exchange Server. Topics include issues and procedures related to upgrading, restructuring, and providing co-existence during the deployment process. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2406 Populating a Data Warehouse with Microsoft® SQL (4)
(This is a WECM Course Number.)
Advanced concepts designing a data warehouse and populating data marts by using Data Transformation Services (DTS) in Microsoft® SQL Server. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2408 Administering Microsoft® Systems Management Server (4)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Mastery of the knowledge and skills required to administer Microsoft® systems management server. Licensing/Certification Agency: Microsoft® Corporation. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITMC 2409 Deploying and Supporting Microsoft® SMS Server (4)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Mastery of the knowledge and skills required to deploy and support Microsoft® systems management server. (3 Lec., 4 Lab.)

ITMC 2430 Updating Support Skills for Microsoft® Windows (4)
(This is a WECM Course Number.)
Provides Microsoft® Windows support professionals with the knowledge and skills necessary to support newer versions of Microsoft® Windows. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)
ITMC 2431 Designing a Microsoft® Windows Directory Services Infrastructure (4)
(This is a WECM Course Number.)
Prerequisite: ITMC 1443 or instructor approval. Advanced concepts in the knowledge and skills necessary to design a Microsoft® Windows directory services infrastructure. Strategies are presented to assist the student in identifying the information technology needs of the organization, and to designing the Active Directory structure that meets those needs. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2432 Designing a Microsoft® Windows Networking Services Infrastructure (4)
(This is a WECM Course Number.)
Prerequisite: ITMC 1443 or instructor approval. Provides experienced support professionals with the information and skills to create a networking services infrastructure design that supports the required network applications. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2433 Designing a Secure Microsoft® Windows Network (4)
(This is a WECM Course Number.)
Prerequisite: ITMC 1443 or instructor approval. Provides students with the knowledge and skills necessary to design a security framework for small, medium, and enterprise networks by using Microsoft® Windows networking technologies. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2434 Designing a Microsoft® Windows Upgrade Strategy (4)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Topics cover the knowledge and skills necessary to select and design a strategy to migrate from Microsoft® Windows NT Server directory services infrastructure to a Microsoft® Windows Active Directory service by describing the planning processes and implications involved. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2435 Analyzing and Tuning Microsoft® Windows and Microsoft® BackOffice Server Performance (4)
(This is a WECM Course Number.)
Topics cover the knowledge and necessary skills to monitor, analyze, and optimize the performance of a computer running Microsoft® Windows and the latest version of Microsoft® BackOffice Server family. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2436 Designing Microsoft® Exchange for the Enterprise (4)
(This is a WECM Course Number.)
Prerequisite: Active directory course and/or experience or instructor approval. Mastery of the knowledge and skills necessary to design a Microsoft® Exchange organization for an enterprise environment. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2437 Programming a Microsoft® SQL Server Database (4)
(This is a WECM Course Number.)
Prerequisite: ITMC 1441 or ITMC 1458 or instructor approval. Mastery of programming and implementing a database solution by using SQL Server. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2438 Implementing Business Logic with MDX in Microsoft® SQL Server (4)
(This is a WECM Course Number.)
Advanced concepts and skills necessary to use multidimensional expression (MDX) to add calculated members and other dynamically calculated values to a Microsoft® SQL Server Analysis Services cube by using SQL Server. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITMC 2455 Deploying and Managing Microsoft® Internet Security and Acceleration Server (4)
(This is a WECM Course Number.)
Prerequisite: ITMC 1442 or instructor approval. Advanced concepts of deploying and managing Microsoft® Internet Security and Acceleration (ISA) Server in an enterprise environment. Licensing/Certification Agency: Microsoft® Corporation. This course is cross-listed as ITMC 2355. The student may register for either ITMC 2455 or ITMC 2355, but may receive credit for only one of the two. (3 Lec., 4 Lab.)

ITNW 1192 Special Topics in Business Systems Networking and Telecommunications (1)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec.)
ITNW 1280 Cooperative Education - Computer Systems Networking and Telecommunications (2)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment. Career-related activities, encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.
(1 Lec., 10 Ext.)

ITNW 1292 Special Topics in Business Systems Networking and Telecommunications (2)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. This course may be repeated if topics and learning outcomes vary. (2 Lec.)

ITNW 1303 Managing a Microsoft® Windows Network Environment (3)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Installation and configuration tasks and network and operating system management tasks. Includes troubleshooting tasks, hardware and software installations. Configurations, upgrades, and some network and system operations in a Microsoft® Windows network environment.
(2 Lec., 4 Lab.)

ITNW 1316 Netware Administration (3)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. An introduction to Netware administration. This course is cross-listed as ITNW 1416. The student may register for either ITNW 1316 or ITNW 1416, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)

ITNW 1321 Introduction to Networking (3)
(This is a WECM Course Number.)
Introduction to the fundamentals, basic concepts, and terminology of networks. Topics include the access and use of the Internet and networking hardware and software, including current developments in networking. This course is cross-listed as ITNW 1421. The student may register for either ITNW 1321 or ITNW 1421, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)

ITNW 1340 I·Net+ (3)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Various responsibilities and tasks required for an Internet Developer. Prepares individuals to pass the Computing Technology Industry Association (CompTIA) Net+ certification exam. Licensing/Certification Agency: Computing Technology Industry Association. (2 Lec., 4 Lab.)

ITNW 1351 Fundamentals of Wireless LANs (3)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Designing, planning, implementing, operating, and troubleshooting wireless LANs (WLANs). Includes WLAN design, installation, and configuration; and WLAN security issues and vendor interoperability strategies. (2 Lec., 4 Lab.)

ITNW 1353 Supporting Network Server Infrastructure (3)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Skills development in installing, configuring, managing, and supporting a network infrastructure. This course is cross-listed as ITNW 1453. The student may register for either ITNW 1353 or ITNW 1453, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)

ITNW 1358 Network+ (3)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Prepares individuals for a career as a Network Engineer in the Information Technology support industry. Includes the various responsibilities and tasks required for service engineer to successfully perform in a specific environment. Prepares individual to pass the Computing Technology Industry Association (CompTIA) Network+ certification exam. Licensing/Certification Agency: Computing Technology Industry Association. (2 Lec., 2 Lab.)

ITNW 1380 Cooperative Education-Business Systems Networking and Telecommunications (3)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment. Career-related activities, encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.
(1 Lec., 20 Ext.)
**ITNW 1392 Special Topics in Business Systems Networking and Telecommunications (3)**
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)

**ITNW 1403 Managing a Microsoft® Windows Network Environment (4)**
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Installation and configuration tasks and network and operating system management tasks. Includes troubleshooting tasks, hardware and software installations. Configurations, upgrades, and some network and system operations in a Microsoft® Windows network environment. (3 Lec., 4 Lab.)

**ITNW 1416 Netware Administration (4)**
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. An introduction to Netware administration. This course is cross-listed as ITNW 1316. The student may register for either ITNW 1416 or ITNW 1316, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

**ITNW 1421 Introduction to Networking (4)**
(This is a WECM course.)
Introduction to the fundamentals, basic concepts, and terminology of networks. Topics include the access and use of the Internet and networking hardware and software, including current developments in networking. This course is cross-listed as ITNW 1321. The student may register for either ITNW 1421 or ITNW 1321, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 3 Lab.)

**ITNW 1425 Fundamentals of Networking Technologies (4)**
(This is a WECM Course Number.)
Instruction in networking technologies and their implementation. Topics include the OSI reference model, network protocols, transmission media, and networking hardware and software. (3 Lec., 4 Lab.)

**ITNW 1437 Introduction to the Internet (4)**
(This is a WECM Course Number.)
Introduction to the Internet with emphasis on using the World Wide Web to locate, transfer, and publish information. Survey of emerging technologies on the Internet. (3 Lec., 4 Lab.)

**ITNW 1440 I-Net+ (4)**
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Various responsibilities and tasks required for an Internet Developer. Prepares individuals to pass the Computing Technology Industry Association (CompTIA) Net+ certification exam. Licensing/Certification Agency: Computing Technology Industry Association. (3 Lec., 4 Lab.)

**ITNW 1446 Microsoft® Exchange Server - Concepts and Administration (4)**
(This is a WECM Course Number.)
Skills development in the day-to-day management of an established Exchange Server Organization using Microsoft® Exchange Server. (3 Lec., 4 Lab.)

**ITNW 1448 Implementing and Supporting Client Operating Systems (4)**
(This is a WECM Course Number.)
Prerequisite: Basic networking and operating system essentials skills or instructor approval. Skills development in the management of client/desktop operating systems. (3 Lec., 4 Lab.)

**ITNW 1451 Fundamentals of Wireless LANs (4)**
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Designing, planning, implementing, operating, and troubleshooting wireless LANs (WLANs). Includes WLAN design, installation, and configuration; and WLAN security issues and vendor interoperability strategies. (3 Lec., 4 Lab.)

**ITNW 1453 Supporting Network Server Infrastructure (4)**
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Skills development in installing, configuring, managing, and supporting a network infrastructure. This course is cross-listed as ITNW 1353. The student may register for either ITNW 1453 or ITNW 1353, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

**ITNW 1454 Implementing and Supporting Servers (4)**
(This is a WECM Course Number.)
Prerequisite: Basic networking and client operating system essentials skills or instructor approval. A course in the development of skills necessary to implement, administer, and troubleshoot information systems that incorporate Windows-based Servers in a networked computing environment. (3 Lec., 4 Lab.)
ITNW 1456 Implementing Microsoft® Internet Explorer (4)
(This is a WECM Course Number.)
Prerequisite: Basic networking and client operating system essentials skills or instructor approval. An introduction to the architecture and features of Microsoft® Internet Explorer. Topics include set up, configuration, use, and deployment of Internet Explorer in a network environment. (3 Lec., 4 Lab.)

ITNW 1480 Cooperative Education-Business Systems Networking and Telecommunications (4)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment. Career-related activities, encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 30 Ext.)

ITNW 1492 Special Topics in Computer Systems Networking and Telecommunications (4)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITNW 2126 Advanced Topics in UNIX (1)
(This is a WECM Course Number.)
Prerequisite: ITSC 2437 or instructor approval. Operating system installation, system management, and UNIX pitfall avoidance. (4 Lab.)

ITNW 2321 Networking with TCP/IP (3)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Set up, configure, use, and support Transmission Control Protocol/Internet Protocol (TCP/IP) on networking operating systems. This course is cross-listed as ITNW 2421. The student may register for either ITNW 2321 or ITNW 2421, but may receive credit for only one of the two. (3 Lec.)

ITNW 2335 Network Troubleshooting and Support (3)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Troubleshoot and support networks with emphasis on solving real world problems in a hands-on environment. Topics include troubleshooting and research techniques, available resources, and network management hard/software. This course is cross-listed as ITNW 2435. The student may register for either ITNW 2335 or ITNW 2435, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)

ITNW 2354 Internet/Intranet Server (3)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Designing, installing, configuring, maintaining, and managing an Internet server. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)

ITNW 2357 Designing a Network Infrastructure (3)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Provides senior support professionals with the information and skills to create a networking services infrastructure design that supports the required network applications. This course is cross-listed as ITNW 2457. The student may register for either ITNW 2357 or ITNW 2457, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)

ITNW 2401 Administering Servers (4)
(This is a WECM Course Number.)
Post-installation and day-to-day administration tasks of various operating system servers. (3 Lec., 4 Lab.)

ITNW 2413 Networking Hardware (4)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Maintain network hardware devices. Topics include network cables, servers, and workstations; network connectivity devices such as routers, hubs, bridges, gateways, repeaters, and uninterruptible power supplies; and other networking hardware devices. This course is cross-listed as ITNW 2313. The student may register for either ITNW 2413 or ITNW 2313, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITNW 2415 Wide Area Networks (4)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Introduce technologies and protocols used to move data, voice, and video across long distances. Basic concepts of how information is transported over a wide area network (WAN) from the physical layer to the application layer are also introduced. This course is cross-listed as ITNW 2315. The student may register for either ITNW 2415 or ITNW 2315, but may receive credit for only one of the two. (3 Lec., 4 Lab.)
ITNW 2421 Networking with TCP/IP (4)
(This Is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Set up, configure, use, and support Transmission Control Protocol/Internet Protocol (TCP/IP) on networking operating system. This course is cross-listed as ITNW 2321. The student may register for either ITNW 2421 or ITNW 2321, but may receive credit for only one of the two. (3 Lec., 4 Lab.)

ITNW 2425 Supporting Proxy Services (4)
(This Is a WECM Course Number.)
Prerequisite: ITMC 1442 or instructor approval.
An introduction to Network Proxy Services including installation, configuration, and troubleshooting Basic architecture, controlling Internet access, administration, configuring the cache, and methods of improving performance. (3 Lec., 4 Lab.)

ITNW 2435 Network Troubleshooting and Support (4)
(This Is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Troubleshoot and support networks with emphasis on solving real world problems in a hands-on environment. Topics include troubleshooting and research techniques, available resources, and network management hard/software. This course is cross-listed as ITNW 2335. The student may register for either ITNW 2435 or ITNW 2335, but may receive credit for only one of the two. (3 Lec., 4 Lab.)

ITNW 2453 Supporting Proxy Services (4)
(This Is a WECM Course Number.)
Prerequisite: ITMC 1442 or instructor approval.
An introduction to Network Proxy Services including installation, configuration, and troubleshooting Basic architecture, controlling Internet access, administration, configuring the cache, and methods of improving performance. (3 Lec., 4 Lab.)

ITNW 2454 Internet/Intranet Server (4)
(This Is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Designing, installing, configuring, maintaining, and managing an Internet server. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITNW 2455 Administering Microsoft® SQL Server (4)
(This Is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Administering SQL Server is a skills development course in the installation, configuration, administration, and troubleshooting of SQL Servers client/server database management system version. This course is cross-listed as ITNW 2355. The student may register for either ITNW 2455 or ITNW 2355, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITNW 2456 Designing Network Directory Infrastructure Servers (4)
(This Is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Design, implement, and support network operating system, server directory infrastructure. (3 Lec., 4 Lab.)

ITNW 2457 Designing a Network Infrastructure (4)
(This Is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Provides senior support professionals with the information and skills to create a networking services infrastructure design that supports the required network applications. This course is cross-listed as ITNW 2357. The student may register for either ITNW 2457 or ITNW 2357, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITNW 2458 Designing and Implementing Mail Servers (4)
(This Is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. An in-depth study of electronic messaging using mail servers. (3 Lec., 4 Lab.)

ITNW 2459 Web Server Support and Maintenance (4)
(This Is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Instruction in the installation, configuration, and implementation of Internet Web servers. (3 Lec., 4 Lab.)

ITSC 1191 Special Topics in Computer and Information Sciences, General (1)
(This Is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. This course may be repeated if topics and learning outcomes vary. (1 Lec.)

ITSC 1280 Cooperative Education-Business-Computer and Information Sciences (2)
(This Is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment. Career-related activities, encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 10 Ext.)
ITSC 1291 Special Topics in Computer and Information Sciences, General (2)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. This course may be repeated if topics and learning outcomes vary. (2 Lec.)

ITSC 1358 UNIX System Administration I (3)
(This is a WECM Course Number.)
Prerequisite: ITSC 1407 or instructor approval. Provide new system administrators the basics of administering UNIX workstations. Students will perform basic system administration tasks, such as installing a standalone system, adding users, backing up and restoring file systems, and adding new printer support. Emphasis on the procedures needed to perform these system administration tasks. Introduces the concept of the system and disk management. (2 Lec., 4 Lab.)

ITSC 1380 Cooperative Education - Computer and Information Sciences, General (3)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment. Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 20 Ext.)

ITSC 1381 Cooperative Education - Computer and Information Sciences (3)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment. Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 20 Ext.)

ITSC 1391 Special Topics in Computer and Information Sciences, General (3)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)

ITSC 1401 Introduction to Computers (4)
(This is a WECM Course Number.)
Overview of computer information systems. Introduces computer hardware, software, procedures, and human resources. Explores integration and application in business and other segments in society. Fundamentals of computer problem-solving and programming may be discussed. Examines applications and software relating to a specific curricular area. (3 Lec., 4 Lab.)

ITSC 1402 Computer Control Language (4)
(This is a WECM Course Number.)
Prerequisite: ITSC 1411, AS/400 Operating System I for AS/400 certificate or degree or ITSC 1407, UNIX Operating System I for UNIX certificate or degree or instructor approval. Study of personal computer operating systems. Topics include command language of mid-range/mainframe computers. Topics include command formats, file management, job scheduling, resource management, and utilities. (3 Lec., 3 Lab.)

ITSC 1405 Introduction to PC Operating Systems (4)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of personal computers and operating systems as obtained in ITSC 1401 or BCIS 1405 or COSC 1401 or equivalent experience approved by instructor. Study of personal computer operating systems. Topics include installation and configuration, file management, memory and storage management, control of peripheral devices, and use of utilities. (3 Lec., 3 Lab.)

ITSC 1407 UNIX Operating System I (4)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of personal computers and operating systems as obtained in ITSC 1401 or BCIS 1405 or COSC 1401 or equivalent experience approved by instructor. Study of the UNIX operating system including multi-user concepts, terminal emulation, use of system editor, basic UNIX commands, and writing script files. Topics include introductory systems management concepts. (3 Lec., 3 Lab.)

ITSC 1409 Integrated Software Applications I (4)
(This is a WECM Course Number.)
Integration of applications from popular business productivity software suites. Instruction in embedding data, linking and combining documents using word processing, spreadsheets, databases, and/or presentation media software. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)
ITSC 1413 Internet/Web Page Development (4)
(This is a WECM Course Number.)
Instruction in the use of Internet services and the fundamentals of web page design and web site development. This course may be repeated when topics and learning outcomes vary. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITSC 1421 Intermediate PC Operating Systems (4)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of personal computers and operating systems as obtained in ITSC 1401 or BCIS 1405 or COSC 1401 or equivalent experience approved by instructor. Continued study in advanced installation and configuration troubleshooting, advanced file management, memory and storage management. Update peripheral device drivers, and use of utilities to increase system performance. (3 Lec., 3 Lab.)

ITSC 1425 Personal Computer Hardware (4)
(This is a WECM course number.)
Prerequisite: Basic understanding of personal computers and operating systems as obtained in ITSC 1401 or BCIS 1405 or COSC 1401 or equivalent experience approved by instructor. A study of current personal computer hardware including personal computer assembly and upgrading, setup and configuration, and troubleshooting. (3 Lec., 3 Lab.)

ITSC 1429 Fundamentals of Solaris 8 Operating Environment (SA·118) (4)
(This is a WECM Course Number.)
Designed for the student interested in Solaris certification, this course is for new users and covers how to use the basic Solaris operating environment. Topics include fundamental command-line features of the Solaris operating environment file system, file permissions, the VI text editor, command shells, and basic network use. Licensing/Certification Agency: Sun Microsystems. (3 Lec., 3 Lab.)

ITSC 1447 UNIX System Administration II (4)
(This is a WECM Course Number.)
Prerequisite: ITSC 1458 or instructor approval. Provides students with the necessary skills to administer UNIX workstations in a network environment. System security features will be presented. (3 Lec., 3 Lab.)

ITSC 1452 Solaris Operating Environment 8 Systems Administrations II (SA-288) (4)
(This is a WECM Course Number.)
Prerequisite: ITSC 1454 or instructor approval. Designed for the student interested in Solaris certification. This course covers how to install and maintain Sun systems, configure and troubleshoot the Network File System (NFS) environment, and configure the Network Information Services (NIS) environment. Licensing/Certification Agency: Sun Microsystems. (3 Lec., 3 Lab.)

ITSC 1454 Solaris Operating Environment 8 Systems Administrations (SA-238) (4)
(This is a WECM Course Number.)
Prerequisite: ITSC 1456 or instructor approval. Designed for the student interested in Solaris certification. This course provides students with the necessary knowledge and skills to perform the essential system administration tasks in a Solaris 8 Operating Environment. Instructional topics include essential tasks of standalone installation, file system management, backup procedures, process control, user administration, and device management. Licensing/Certification Agency: Sun Microsystems. (3 Lec., 3 Lab.)

ITSC 1456 Shell Programming (SL-120) (4)
(This is a WECM Course Number.)
Prerequisite: ITSC 1429 or instructor approval. Designed for the student interested in Solaris certification. This course provides students with the knowledge to read, write, and debug C shell scripts. Students are taught how to develop simple scripts to automate frequently executed sequences of commands, and how to use conditional logic, user interaction, loops, and menus to enhance the productivity and effectiveness of the user. This course is intended for programmers who are familiar with the Solaris operating environment and who would like to read and understand various C shell scripts and write their own shell scripts to automate their day-to-day tasks. Licensing/Certification Agency: Sun Microsystems. (3 Lec., 3 Lab.)

ITSC 1458 UNIX System Administration I (4)
(This is a WECM Course Number.)
Prerequisite: ITSC 1407 or instructor approval. Provides new system administrators the basics of administering UNIX workstations. Students will perform basic system administration tasks, such as installing a standalone system, adding users, backing up and restoring file systems, and adding new printer support. Emphasis on the procedures needed to perform these system administration tasks. Introduces the concept of the system and disk management. (3 Lec., 3 Lab.)

ITSC 1480 Cooperative Education-Computer and Information Sciences (4)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment. Career-related activities, encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 30 Ext.)
ITSC 1491 Special Topics in Computer and Information Sciences, General (4)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITSE 1191 Special Topics in Computer Programming (1)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec.)

ITSE 1280 Cooperative Education-Computer Programming (2)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment. Career-related activities, encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (2 Lec., 4 Lab.)

ITSE 1281 Cooperative Education-Computer Programming (2)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment. Career-related activities, encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 10 Ext.)

ITSE 1291 Special Topics in Computer Programming (2)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. This course may be repeated if topics and learning outcomes vary. (2 Lec.)

ITSE 1302 Computer Programming (3)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming with emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. This course is cross-listed as ITSE 1402. The student may register for either ITSE 1302 or ITSE 1402, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)

ITSE 1311 Web Page Programming (3)
(This is a WECM Course Number.)
Instruction in Internet Web page programming and related graphic design issues including mark-up language, Web sites, Internet access software, and interactive topics. May include use of HTML, CGI, JAVA, Javascript, or ASP. This course is cross-listed as ITSE 1411. The student may register for either ITSE 1311 or ITSE 1411, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)
ITSE 1345 Introduction to Oracle SQL (3)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. An introduction to the design and creation of relational databases using Oracle. Topics include storing, retrieving, updating, and displaying data using Structured Query Language (SQL). This course is cross-listed as ITSE 1445. The student may register for either ITSE 1345 or ITSE 1445, but may receive credit for only one of the two. (2 Lec., 4 Lab.)

ITSE 1346 Database Theory and Design (3)
(This is a WECM Course Number.)
Introduction to the analysis and utilization of data requirements and organization into normalized tables using the four normal forms of database design. (2 Lec., 4 Lab.)

ITSE 1350 System Analysis and Design (3)
(This is a WECM Course Number.)
Prerequisite: Any ITSE programming course or instructor approval. Comprehensive introduction to the planning, design, and construction of computer information systems using the systems development life cycle and other appropriate design tools. (2 Lec., 4 Lab.)

ITSE 1354 Oracle Application Server (3)
(This is a WECM Course Number.)
Prerequisite: Previous Oracle skills or instructor consent. Introduction of knowledge and skills related to Oracle Application Server. Includes e-commerce solution, web related content management, business logic implementation, security, and object. (2 Lec., 4 Lab.)

ITSE 1356 Introduction to XML (3)
(This is a WECM Course Number.)
Prerequisite: Basic web page generation skills or instructor approval. Introduction of skills and practice related to the Extensible Markup Language/Simple Object Access Protocol. Topics to be covered will include: elements, attributes, namespaces, entities, and what constitutes a well-formed document. (2 Lec., 2 Lab.)

ITSE 1358 Oracle Topics: Portal (3)
(This is a WECM Course Number.)
Prerequisite: Previous Oracle skills or instructor consent. Introduction of interactive programming on the Web using Oracle’s browser-based technology for information portals. Emphasizes knowledge and practice skills to master portal creation, database browsing, application development, component management and performance. (2 Lec., 2 Lab.)

ITSE 1359 Introduction to Scripting Languages (3)
(This is a WECM Course Number.)
Prerequisite: Basic web page generation skills or instructor approval. Introduction to the Perl programming language with the utilization of the three basic types of scalars, arrays and hashes, the control structures, regular expressions, I/O, and textual analysis. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)

ITSE 1380 Cooperative Education-Computer Programming (3)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment. Career-related activities, encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 20 Ext.)

ITSE 1381 Cooperative Education-Computer Programming (3)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment. Career-related activities, encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 20 Ext.)

ITSE 1391 Special Topics in Computer Programming (3)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)

ITSE 1402 Computer Programming (4)
(This is a WECM course number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming with emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. This course is cross-listed as ITSE 1302. The student may register for either ITSE 1402 or ITSE 1302, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)
ITSE 1407 Introduction to C++ Programming (4)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming using C++. Emphasis on the fundamentals of structured design with development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. (3 Lec., 4 Lab.)

ITSE 1411 Web Page Programming (4)
(This is a WECM Course Number.)
Instruction in Internet Web page programming and related graphic design issues including mark-up language, Web sites, Internet access software, and interactive topics. May include use of HTML, CGI, JAVA, Javascript, or ASP. This course is cross-listed as ITSE 1311. The student may register for either ITSE 1411 or ITSE 1311, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITSE 1414 Introduction to RPG Programming (4)
(This is a WECM Course Number.)
Prerequisite: ITSC 1411 AS/400 Operating System I or instructor consent. Introduction to computer programming using RPG IV. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. (3 Lec., 4 Lab.)

ITSE 1422 Introduction to C Programming (4)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming using C. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. (3 Lec., 4 Lab.)

ITSE 1431 Introduction to Visual BASIC Programming (4)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming using Visual BASIC. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. (3 Lec., 4 Lab.)

ITSE 1440 Mastering Distributed Application Design and Development Using Microsoft® Visual Studio (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 1431 or ITSE 2449 or instructor approval. An introduction to the creation of enterprise-level applications and the use of appropriate design tools and technology with Microsoft® Visual Studio. Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITSE 1444 Mastering Microsoft® Visual Basic Development (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 2450 or ITSE 1440 or instructor approval. Skill development in the creation of database applications using component object model (COM). Licensing/Certification Agency: Microsoft® Corporation. (3 Lec., 4 Lab.)

ITSE 1445 Introduction to Oracle SQL (4)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. An introduction to the design and creation of relational databases using Oracle. Topics include storing, retrieving, updating, and displaying data using Structured Query Language (SQL). This course is cross-listed as ITSE 1355. The student may register for either ITSE 1445 or ITSE 1355, but may receive credit for only one of the two. (3 Lec., 4 Lab.)

ITSE 1449 Programming Logic and Design (4)
(This is a WECM Course Number.)
A disciplined approach to problem-solving with structured techniques and representation of algorithms using appropriate design tools. Discussion of methods for testing, evaluation, and documentation. (3 Lec., 4 Lab.)

ITSE 1450 System Analysis and Design (4)
(This is a WECM Course Number.)
Prerequisite: Any ITSE programming course or instructor approval. Comprehensive introduction to the planning, design, and construction of computer information systems using the systems development life cycle and other appropriate design tools. (3 Lec. 3 Lab.)

ITSE 1480 Cooperative Education-Computer Programming (4)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment. Career-related activities, encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 30 Ext.)
ITSE 1491 Special Topics in Computer Programming (4)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITSE 2302 Intermediate Web Programming (3)
(This is a WECM Course Number.)
Prerequisite: Basic Web Page generation skills or instructor approval. Intermediate applications for web authoring. Topics may include server side including (SSI), Perl, HTML, JAVA, JavaScript, and/or ASP. This course is cross-listed as ITSE 2402. The student may register for either ITSE 2302 or ITSE 2402, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)

ITSE 2305 Windows Programming (3)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming for windows. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. This course is cross-listed as ITSE 2405. The student may register for either ITSE 2305 or ITSE 2405, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)

ITSE 2313 Web Authoring (3)
(This is a WECM Course Number.)
Instruction in designing and developing web pages that incorporate text, graphics, and other supporting elements using current technologies and authoring tools. This course is cross-listed as ITSE 2413. The student may register for either ITSE 2313 or ITSE 2413, but may receive credit for only one of the two. (2 Lec., 4 Lab.)

ITSE 2354 Advanced Oracle PL/SQL (3)
(This is a WECM Course Number.)
Prerequisite: ITSE 1345 or instructor approval. A continuation of Oracle SQL. Topics include hierarchical queries, set based queries, correlated subqueries, scripting, and scripting generation. (2 Lec., 4 Lab.)

ITSE 2359 Advanced Computer Programming
(This is a WECM Course Number.)
Prerequisite: ITSE 1302 or instructor consent. Further applications of programming techniques. Topics include file access methods, data structures, modular programming, program testing, and documentation. This course is cross-listed as ITSE 2459. The student may register for either ITSE 2359 or ITSE 2459, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (2 Lec., 4 Lab.)

ITSE 2401 Windows Programming Using C++ (4)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming for windows using C++. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. (2 Lec., 4 Lab.)

ITSE 2402 Intermediate Web Programming (4)
(This is a WECM Course Number.)
Prerequisite: Basic Web Page generation skills for Computer Information Technology Programs or ITSE 2413 for Internet Development Technologies Programs or instructor approval. Intermediate applications for web authoring. Topics may include server side including (SSI), Perl, HTML, JAVA, JavaScript, and/or ASP. This course is cross-listed as ITSE 2402. The student may register for either ITSE 2402 or ITSE 2302, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITSE 2405 Windows Programming (4)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to computer programming for windows. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. This course is cross-listed as ITSE 2405. The student may register for either ITSE 2405 or ITSE 2305, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)
ITSE 2409 Database Programming (4)
This is a WECM course number.
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Application development using database programming techniques emphasizing database structures, modeling, and database access. (3 Lec., 4 Lab.)

ITSE 2413 Web Authoring (4)
(This is a WECM Course Number.)
Instruction in designing and developing web pages that incorporate text, graphics, and other supporting elements using current technologies and authoring tools. This course is cross-listed as ITSE 2313. The student may register for either ITSE 2413 or ITSE 2313, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITSE 2417 JAVA Programming (4)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to JAVA programming with object-orientation. Emphasis on the fundamental syntax and semantics of JAVA for applications and web applets. (3 Lec., 4 Lab.)

ITSE 2421 Object-Oriented Programming (4)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of problem solving and logic structures used with computers obtained in ITSC 2435 or equivalent experiences approved by instructor consent. Introduction to object-oriented programming. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes object-oriented programming techniques, classes, and objects. (3 Lec., 4 Lab.)

ITSE 2429 Oracle Network Administration and Performance Tuning (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 2358 or ITSE 2458 or instructor approval. Introduction to Oracle Client/Server connectivity and distributed databases including configuring, administering, tuning, troubleshooting Oracle SQL *Net and related tools. (2 Lec., 4 Lab.)

ITSE 2431 Advanced C++ Programming (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 1407 or instructor approval. Further application of C++ programming techniques including subjects such as file access, abstract data structures, class inheritance, and other advanced techniques. (3 Lec., 4 Lab.)

ITSE 2433 Implementing a Database on Microsoft® SQL Server (4)
(This is a WECM Course Number.)
Prerequisite: ITMC 1403 or equivalent experience approved by instructor consent. Skills development in the implementation of a database solution using Microsoft® SQL Server client/server database management system. (3 Lec., 4 Lab.)

ITSE 2437 Assembly Language Programming (4)
(This is a WECM Course Number.)
Prerequisite: Any ITSE programming course or instructor consent. Comprehensive coverage of low-level computer operations and architecture. Includes design, development, testing, implementation, and documentation of programs; language syntax; data manipulation; input/output devices and operations; and file access. (3 Lec., 4 Lab.)

ITSE 2439 Advanced Windows Programming Using C++ (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 2401 or instructor approval. Further applications of windows programming techniques using C++ including file access methods, data structures, modular programming, program testing, and documentation. (3 Lec., 3 Lab.)

ITSE 2443 Advanced Windows Programming (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 2405 or instructor consent. Further applications of windows programming techniques, including file access methods, data structures, modular programming, program testing, and documentation. (3 Lec., 4 Lab.)

ITSE 2445 Data Structures (4)
(This is a WECM Course Number.)
Prerequisite: Any ITSEIntroductory programming course or instructor approval. Further applications of programming techniques. Includes an in-depth look at various data structures and the operations performed on them. (3 Lec., 3 Lab.)

ITSE 2447 Advanced Database Programming (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 2409 or instructor consent. Application development using complex database programming techniques emphasizing multiple interrelated files, menu design, security implementation, and multiple access. (3 Lec., 4 Lab.)

ITSE 2449 Advanced Visual BASIC Programming (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 1431 or instructor consent. Further applications of programming techniques using Visual BASIC. Topics include file access methods, data structures, modular programming, program testing, and documentation. (3 Lec., 4 Lab.)
ITSE 2450 Mastering Enterprise Development Using Microsoft® Visual Basic (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 1431 or ITSE 2449 or instructor approval. In-depth development of client/server solutions using component object modeling (COM). Licensing/Certification Agency: Microsoft® Corporation.
(3 Lec., 4 Lab.)

ITSE 2454 Advanced Oracle PL/SQL (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 1445 or instructor approval. A continuation of Oracle SQL. Topics include hierarchical queries, set-based queries, correlated subqueries, and scripting generation.
(3 Lec., 3 Lab.)

ITSE 2455 Advanced C Programming (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 1422 or instructor consent. Further applications of programming techniques using C. Topics include file access methods, data structures, modular programming, program testing, and documentation.
(3 Lec., 4 Lab.)

ITSE 2456 Oracle Database Administration I (4)
(This is a WECM Course Number.)
Prerequisite: Previous Oracle skills or instructor approval. Fundamentals of the tasks and functions required of a database administrator using Oracle. This course is cross-listed as ITSE 2356. The student may register for either ITSE 2456 or ITSE 2356, but may receive credit for only one of the two.
(3 Lec., 4 Lab.)

ITSE 2457 Advanced Object-Oriented Programming (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 2421 or instructor consent. Application of advanced object-oriented programming techniques such as abstract data structures, class inheritance, virtual functions, and exception handling.
(3 Lec., 4 Lab.)

ITSE 2458 Oracle Database Administration II (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 2456 or instructor consent. A continuation of Oracle Database Administration I. Topics include recovery procedures, logical backups, standby database capabilities, and performance tuning on the Oracle Server. Common performance problems and the use of diagnostic tools to troubleshoot and optimize throughput will be discussed. This course is cross-listed as ITSE 2358. The student may register for either ITSE 2458 or ITSE 2358, but may receive credit for only one of the two.
(3 Lec., 4 Lab.)

ITSE 2459 Advanced Computer Programming (4)
(This is a WECM Course Number.)
Prerequisite: ITSE 1402 or instructor consent. Further applications of programming techniques. Topics include file access methods, data structures, modular programming, program testing, and documentation. This course is cross-listed as ITSE 2359. The student may register for either ITSE 2459 or ITSE 2359, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary.
(3 Lec., 4 Lab.)

ITSW 1281 Cooperative Education—Data Processing Technology/Technician (2)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment. Career-related activities, encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.
(1 Lec., 10 Ext.)

ITSW 1307 Introduction to Database (3)
(This is a WECM Course Number.)
Introduction to database theory and the practical applications of a database. Topics include terminology, database design, table structures, report forms, queries, and macros. This course is cross-listed as ITSW 1407. The student may register for either ITSW 1307 or ITSW 1407, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary.
(2 Lec., 2 Lab)

ITSW 1310 Introduction to Presentation Graphics Software (3)
(This is a WECM Course Number.)
Prerequisite: Basic understanding of personal computers and operating systems as obtained in ITSC 1401 or BCIS 1405 or COSC 1401 or equivalent experience approved by instructor. Instruction in the utilization of presentation software to produce multimedia presentations. Graphics, text, sound, animation, and/or video may be used in presentation development. This course is cross-listed as ITSW 1410. The student may register for either ITSW 1310 or ITSW 1410, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary.
(3 Lec.)
ITSW 1380 Cooperative Education-Data Processing Technology/Technician (3)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment.
Career-related activities, encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.
(1 Lec., 20 Ext.)

ITSW 1381 Cooperative Education-Data Processing Technology/Technician (3)
(This is a WECM Course Number.)
Prerequisite: Instructor approval prior to enrollment.
Career-related activities, encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.
(1 Lec., 20 Ext.)

ITSW 1401 Introduction to Word Processing (4)
(This is a WECM Course Number.)
Prerequisite: Keyboarding skills required. An overview of the production of documents, tables, and graphics. Topics include entry and editing, reformatting, search and replace, cut-and-paste, file and print operations, and spelling checkers. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITSW 1404 Introduction to Spreadsheets (4)
(This is a WECM Course Number.)
Prerequisite: Keyboarding skills recommended. Introduction in the concepts, procedures, and importance of electronic spreadsheets. Topics include formula creation, template design, formatting features, statistical, mathematical and financial functions, file operations, report generation, graphics, and introduction to macro programming. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITSW 1407 Introduction to Database (4)
(This is a WECM Course Number.)
Prerequisite: Keyboarding skills recommended.
Introduction to database theory and the practical applications of a database. Topics include terminology, database design, table structures, report forms, queries and macros. This course is cross-listed as ITSY 1207. The student may register for either ITSW 1407 or ITSY 1207, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITSW 1410 Introduction to Presentation Graphics Software (4)
(This is a WECM course number.)
Prerequisite: Basic understanding of personal computers and operating systems as obtained in ITSC 1401 or BCIS 1405 or COSC 1401 or equivalent experience approved by instructor. Instruction in the utilization of presentation software to produce multimedia presentations. Graphics, text, sound, animation and/or video may be used in presentation development. This course is cross-listed as ITSW 1310. The student may register for either ITSW 1410 or ITSW 1310, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 4 Lab.)

ITSY 1300 Fundamentals of Information Security (3)
(This is a WECM Course Number.)
Basic information security goals of availability, integrity, accuracy, and confidentiality. Vocabulary and terminology specific to the field of information security are discussed. Identification of exposures and vulnerabilities and appropriate countermeasures are addressed. The importance of appropriate planning and administrative controls is also discussed.
(2 Lec., 4 Lab.)

ITSY 1342 Information Technology Security (3)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Instruction in security for network hardware, software, and data, including physical security; backup procedures; relevant tools; encryption; and protection from viruses. (2 Lec., 4 Lab.)

ITSY 1400 Fundamentals of Information Security (4)
(This is a WECM Course Number.)
Basic information security goals of availability, integrity, accuracy, and confidentiality. Vocabulary and terminology specific to the field of information security are discussed. Identification of exposures and vulnerabilities and appropriate countermeasures are addressed. The importance of appropriate planning and administrative controls is also discussed.
(3 Lec., 4 Lab.)

ITSY 1442 Information Technology Security (4)
(This is a WECM Course Number.)
Prerequisite: Prior networking course, networking experience or instructor approval. Instruction in security for network hardware, software, and data, including physical security; backup procedures; relevant tools; encryption; and protection from viruses. (3 Lec., 4 Lab.)
ITSY 2300 Operating System Security (3)
(This is a WECM Course Number.)
Prerequisite: ITSY 1342 or instructor approval.
Safeguard computer operating systems by
demonstrating server support skills and designing and
implementing a security system. Identify security threats
and monitor network security implementations. Use best
practices to configure operating systems to industry
security. (2 Lec., 4 Lab.)

ITSY 2301 Firewalls and Network Security (3)
(This is a WECM Course Number.)
Prerequisite: ITSY 1342 or instructor approval. Identify
elements of firewall design, types of security threats and
responses to security attacks. Use best practices to
design, implement, and monitor a network security plan.
Examine security incident postmortem reporting and
ongoing network security activities. (2 Lec., 4 Lab.)

ITSY 2341 Security Management Practices (3)
(This is a WECM Course Number.)
Prerequisite: ITSY 2301 or instructor approval. In-depth
coverage of security management practices, including
asset evaluation and risk management; cyber law and
ethics issues; policies and procedures; business
recovery and business continuity planning; network
security design; and developing and maintaining a
security plan. (2 Lec., 4 Lab.)

ITSY 2342 Incident Response and Handling (3)
(This is a WECM Course Number.)
Prerequisite: ITSY 2300 or instructor approval. In-depth
coverage of incident response and incident handling,
including identifying sources of attacks and security
breaches; analyzing security logs; recovering the system
to normal; performing postmortem analysis; and
implementing and modifying security measures.
(2 Lec., 4 Lab.)

ITSY 2343 Computer System Forensics (3)
(This is a WECM Course Number.)
Prerequisite: ITSY 2342 or instructor approval. In-depth
study of system forensics including methodologies used
for analysis of computer security breaches. Gather and
evaluate evidence to perform postmortem analysis of a
security breach. (2 Lec., 4 Lab.)

ITSY 2359 Security Assessment and Auditing (3)
(This is a WECM Course Number.)
Prerequisite: ITSY 2300 and ITSY 2301 or instructor
approval. Capstone experience for the security
curriculum. Synthesizes technical material covered in
prior courses to monitor, audit, analyze, and revise
computer and network security systems to ensure
appropriate levels of protection are in place.
(2 Lec., 4 Lab.)

ITSY 2400 Operating System Security (4)
(This is a WECM Course Number.)
Prerequisite: ITSY 1442 or instructor approval.
Safeguard computer operating systems by
demonstrating server support skills and designing and
implementing a security system. Identify security threats
and monitor network security implementations. Use best
practices to configure operating systems to industry
security. (3 Lec., 4 Lab.)

ITSY 2401 Firewalls and Network Security (4)
(This is a WECM Course Number.)
Prerequisite: ITSY 1442 or instructor approval. Identify
elements of firewall design, types of security threats and
responses to security attacks. Use best practices to
design, implement, and monitor a network security plan.
Examine security incident postmortem reporting and
ongoing network security activities. (3 Lec., 4 Lab.)

ITSY 2441 Security Management Practices (4)
(This is a WECM Course Number.)
Prerequisite: ITSY 2401 or instructor approval. In-depth
coverage of security management practices, including
asset evaluation and risk management; cyber law and
ethics issues; policies and procedures; business
recovery and business continuity planning; network
security design; and developing and maintaining a
security plan. (3 Lec., 4 Lab.)

ITSY 2442 Incident Response and Handling (4)
(This is a WECM Course Number.)
Prerequisite: ITSY 2400 or instructor approval. In-depth
coverage of incident response and incident handling,
including identifying sources of attacks and security
breaches; analyzing security logs; recovering the system
to normal; performing postmortem analysis; and
implementing and modifying security measures.
(3 Lec., 4 Lab.)

ITSY 2443 Computer System Forensics (4)
(This is a WECM Course Number.)
Prerequisite: ITSY 2442 or instructor approval. In-depth
study of system forensics including methodologies used
for analysis of computer security breaches. Gather and
evaluate evidence to perform postmortem analysis of a
security breach. (3 Lec., 4 Lab.)

ITSY 2459 Security Assessment and Auditing (4)
(This is a WECM Course Number.)
Prerequisite: ITSY 2400 and ITSY 2401 or instructor
approval. Capstone experience for the security
curriculum. Synthesizes technical material covered in
prior courses to monitor, audit, analyze, and revise
computer and network security systems to ensure
appropriate levels of protection are in place.
(3 Lec., 4 Lab.)
JAPN 1311 Introduction to Japanese (3)
(This is a Texas Common Course Number.)
JAPN 1311 is an introduction to the regular Japanese course sequence; it is not a substitute for JAPN 1411. The focus is on pronunciation and the communications skills using basic vocabulary and grammar. Customs and cultural insights are also presented. Students who wish to continue their studies will next enroll in JAPN 1411. This course is cross-listed as Japanese 1411. The student may register for either Japanese 1311 or Japanese 1411, but may receive credit for only one of the two. (3 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 1603025113)

JAPN 1411 Beginning Japanese (4)
(This is a Texas Common Course Number.)
This course is an introductory course intended for students with little or no knowledge of the language. Its aim is to present essential vocabulary and grammar, and to develop the pronunciation, listening, reading, and writing skills necessary for basic communication and comprehension. Japanese customs, culture, and institutions are also presented. This course is cross-listed as Japanese 1311. The student may register for either Japanese 1411 or Japanese 1311, but may receive credit for only one of the two. (3 Lec. 2 Lab.)
(Coordinating Board Academic Approval Number 1603025113)

JAPN 1412 Beginning Japanese (4)
(This is a Texas Common Course Number.)
Prerequisite: Japanese 1411 or the equivalent or demonstrated competence approved by the instructor. This course continues the conversation, reading, writing, and grammar begun in Japanese 1411. Students are expected to acquire a substantial amount of vocabulary, and will continue study of Japanese culture, customs, and institutions. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1603025113)

JAPN 2311 Intermediate Japanese (3)
(This is a Texas Common Course Number.)
Prerequisite: Japanese 1412 or the equivalent or demonstrated competence approved by the instructor. This course is designed to further develop students' overall language proficiency through more advanced reading, listening, speaking and writing exercises. Japanese language structures, vocabulary and the phonetic system are reviewed. The study of culture and institutions is continued. (3 Lec.)
(Coordinating Board Academic Approval Number 1603025213)

JAPN 2312 Intermediate Japanese (3)
(This is a Texas Common Course Number.)
Prerequisite: Japanese 2311 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of Japanese 2311. The stress is on reading, composition, grammatical complexities, and intense oral practice, with continued studies of the culture. (3 Lec.)
(Coordinating Board Academic Approval Number 1603025213)

NOTE: These courses carry a Dallas County Community College prefix of "JOUR"; however, most can be identified by a Common Course Number for transfer evaluation purposes. Both are listed in the course descriptions.

JOUR 1129 News Publications I (1)
(The Texas Common Course Number is COMM 1129.)
Prerequisite: Demonstrated competence or approved by the instructor. All publication courses must be taken in sequence. (3 Lab.)
(Coordinating Board Academic Approval Number 0904015406)

JOUR 1130 News Publications II (1)
(The Texas Common Course Number is COMM 1130.)
Prerequisite: JOUR 1129. All publication courses must be taken in sequence. Individual assignments are made for student media. Assignments may be in writing, advertising, photography, cartooning, and editing. Students are required to work at prescribed periods under supervision and must attend staff meetings. (3 Lab.)
(Coordinating Board Academic Approval Number 0904015406)

JOUR 1307 Introduction to Mass Communications (3)
(The Texas Common Course Number is COMM 1307.)
This course surveys the field of mass communications. Emphasis is on the role of mass media in modern society. (3 Lec.)
(Coordinating Board Academic Approval Number 0901025106)

JOUR 1335 Survey of Broadcasting (3)
(The Texas Common Course Number is COMM 1335.)
This course stresses broadcast organization and operations and includes the theoretical and historical aspects of broadcasting. It introduces students to the social, political, technical and economic aspects of the broadcasting industry. (3 Lec.)
(Coordinating Board Academic Approval Number 0901025206)

JOUR 2129 News Publications III (1)
(The Texas Common Course Number is COMM 2129.)
Prerequisite: JOUR 1130. All publication courses must be taken in sequence. Individual assignments are made for student media. Assignments may be in writing, advertising, photography, cartooning, and editing. Students are required to work at prescribed periods under supervision and must attend staff meetings. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 0904015406)
JOUR 2310 News Publications IV (1)
(The Texas Common Course Number is COMM 2310.)
Prerequisite: JOUR 2129. All publication courses must be taken in sequence. Individual assignments are made for student media. Assignments may be in writing, advertising, photography, cartooning, and editing. Students are required to work at prescribed periods under supervision and must attend staff meetings. This course may be repeated for credit. (3 Lab.)
(Coordinating Board Academic Approval Number 0904015406)

JOUR 2305 Editing and Layout (3)
(The Texas Common Course Number is COMM 2305.)
Editing and layout processes, with emphasis on accuracy and fairness, including the principles and techniques of design. (3 Lec.)
(Coordinating Board Academic Approval Number 0904015106)

JOUR 2311 News Gathering and Writing (3)
(The Texas Common Course Number is COMM 2311.)
Prerequisite: Typing ability. This course focuses upon recognizing newsworthy events, gathering information and writing the straight news story. It provides a basis for future study in newspaper and magazine writing, advertising, broadcast journalism and public relations. Students are required to write for the campus newspaper. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 0904015706)

JOUR 2315 News Gathering and Writing II (3)
(The Texas Common Course Number is COMM 2315.)
Prerequisite: Journalism 2311 or professional experience approved by the instructor. This course is a continuation of Journalism 2311. Students study and practice writing more complex stories, such as features, profiles, follow-up stories, and sidebars. Students are required to write for the campus newspaper. (2 Lec., 3 Lab.)
(Coordinating Board Academic Approval Number 0904015806)

JOUR 2327 Principles of Advertising (3)
(The Texas Common Course Number is COMM 2327.)
Fundamentals of advertising, including advertising appeals, print and broadcast copy writing, and design and selection of media will be covered. Typography as it relates to advertising is stressed. The course will provide students with the concepts they will need to go into the advertising field and into advanced advertising courses. (3 Lec.)
(Coordinating Board Academic Approval Number 0909035106)

JOUR 2330 Introduction to Public Relations (3)
(The Texas Common Course Number is COMM 2330.)
Exploration of the history and development of public relations. Presentation of the theory behind and process of public relations, including the planning, implementation, and evaluation of PR campaigns. (3 Lec.)
(Coordinating Board Academic Approval Number 0909025106)

JOUR 2332 Radio/Television News (3)
(The Texas Common Course Number is COMM 2332.)
Preparation and analysis of news styles for the electronic media. (3 Lec.)
(Coordinating Board Academic Approval Number 0904025206)

KORE 1311 Introduction to Korean (3)
(This is a Texas Common Course Number.)
KORE 1311 is an introduction to the regular Korean course sequence; it is not a substitute for KORE 1411. The focus is on pronunciation and the communications skills using basic vocabulary and grammar. Customs and cultural insights are also presented. Students who wish to continue their studies will next enroll in KORE 1411. This course is cross-listed as Korean 1411. The student may register for either Korean 1311 or Korean 1411, but may receive credit for only one of the two. (3 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 1603035113)

KORE 1411 Beginning Korean I (4)
(This is a Texas Common Course Number.)
This course is an introductory course intended for students with little or no knowledge of the language. Its aim is to present essential vocabulary and grammar, and to develop the pronunciation, listening, reading, and writing skills necessary for basic communication and comprehension. By the end of the semester, students are expected to master Hangul, the Korean writing system. Customs and cultural insights are presented. This course is cross-listed as Korean 1311. The student may register for either Korean 1411 or Korean 1311, but may receive credit for only one of the two. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1603035113)

KORE 1412 Beginning Korean II (4)
(This is a Texas Common Course Number.)
Prerequisite: Korean 1411 or the equivalent or demonstrated competence approved by the instructor. This course continues the oral practice, reading, writing, grammar and cultural studies begun in Korean 1411. Students are expected to acquire substantial amount of vocabulary and begin to deal with idiomatic language and more advanced syntax. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1603035113)

KORE 2311 Intermediate Korean I (3)
(This is a Texas Common Course Number.)
Prerequisite: Korean 1412 or the equivalent or demonstrated competence approved by the instructor. This course is designed to further develop students' overall language proficiency and cultural knowledge through advanced reading, listening, speaking and writing exercises. Grammatical concepts are reviewed and expanded. (3 Lec.)
(Coordinating Board Academic Approval Number 1603035213)
KORE 2312 Intermediate Korean II (3)
(ThIs Is a Texas Common Course Number.)
Prerequisite: Korean 2311 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of Korean 2311. The stress is on reading, composition, grammatical complexities, and intense oral practice, with continued studies of the culture. This course also concentrates on the introduction of approximately 120 Chinese characters related to Korean vocabulary words. (3 Lee.)
(Coordinating Board Academic Approval Number 1603035213)

LIBR 1370 College Library Research Methods and Materials (3)
(ThIs Is a Unique Need Course.)
This course is a survey of college research methodologies and materials with emphasis on search strategies appropriate for college-level research in the undergraduate disciplines, the structure and assessment of information sources within society, and the organization of academic libraries. Attention will also be given to the formal presentation of research results, including models of academic writing, bibliographic preparation and documentation standards. (3 Lee.)
(Coordinating Board Academic Approval Number 2501019112)

(See Developmental Mathematics also. Supplementary instruction in mathematics is available through the learning center.)

The following MATH courses meet the requirements for Core Curriculum EXCEPT: TECM 1303, TECM 1317, TECM 1341 and TECM 1349.

MATH 1314 is a 3 credit hour lecture course. MATH 1414 is a 4 credit hour lecture course. Either course will meet degree requirements.

MATH 1316 Plane Trigonometry (3)
(ThIs Is a Texas Common Course Number.)
Prerequisite: MATH 1314 or MATH 1414 or equivalent, or approval of instructor. This course is a study of angular measures, functions of angles, identities, solutions of triangles, equations, inverse trigonometric functions, and complex numbers. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015319)

MATH 1324 Mathematics for Business and Economics (3)
(ThIs Is a Texas Common Course Number.)
Prerequisite: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 0099 or Developmental Mathematics 0093. This course includes equations, inequalities, matrices, linear programming; linear, quadratic, polynomial, rational, exponential, and logarithmic functions; and probability. Applications to business and economics problems are emphasized. (3 Lec.)
(Coordinating Board Academic Approval Number 2703015219)

MATH 1325 Business Calculus and Applications I (3)
(ThIs Is a Texas Common Course Number.)
Prerequisite: MATH 1324, MATH 1314 or MATH 1414. This course includes limits, differential calculus, integral calculus, and appropriate applications. This course is cross-listed as Math 1425. The student may register for either Math 1325 or Math 1425, but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 2703015219)

MATH 1332 College Mathematics I (3)
(ThIs Is a Texas Common Course Number.)
Prerequisite: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 0099 or Developmental Mathematics 0093. Designed for liberal arts students, this course includes the study of sets, logic, sets of numbers, and mathematical systems. Additional topics will be selected from mathematics of finance, introduction to computers, introduction to statistics, and introduction to matrices. Recreational and historical aspects of selected topics are also included. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015119)

MATH 1350 Teaching Math in Elementary and Middle School I (3)
(ThIs Is a Texas Common Course Number.)
Prerequisite: MATH 1314 or MATH 1414 or the equivalent. Concepts of sets, functions, numeration systems, number theory, and properties of the natural numbers, integers, rational, and real number systems with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4-8) teacher certification. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015619)

MATH 1351 Teaching Math in Elementary and Middle School II (3)
(ThIs Is a Texas Common Course Number.)
Prerequisite: MATH 1350. Concepts of geometry, probability, and statistics, as well as applications of the algebraic properties of real numbers to concepts of measurement with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4-8) certification. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015619)

MATH 1370 Business Calculus and Applications II (3)
(ThIs Is a Unique Need Course.)
Prerequisite: MATH 1325. This course includes applications of differential equations, functions of several variables, least squares modeling, multiple integrals, and infinite series. (3 Lec.)
(Coordinating Board Academic Approval Number 2701019819)
MATH 1414 is a 4 credit hour lecture course. MATH 1314 is a 3 credit hour lecture course. Either course will meet degree requirements.

MATH 1414 College Algebra (4)
(This is a Texas Common Course Number.)
Prerequisite: Two years of high school algebra and an appropriate assessment score or Developmental Mathematics 0099 or Developmental Mathematics 0093. This course is study of relations and functions including polynomial, rational, exponential, logarithmic, and special functions. Other topics include complex numbers, systems of equations and inequalities, theory of equations, progressions, the binomial theorem, proofs, and applications. This course is cross-listed as Math 1314. The student may register for either Math 1414 or Math 1314, but may receive credit for only one of the two. (4 Lec.)
(Coordinating Board Academic Approval Number 2701015419)

MATH 2305 Discrete Mathematics (3)
(This is a Texas Common Course Number.)
Prerequisite: Mathematics 2513 and an introductory programming course. This course is a study of sets, algebraic structures (relations, functions, groups, and Boolean Algebra), combinatorics, graphs, logic, algorithms, and applications to computing devices. (3 Lec.)
(Coordinating Board Academic Approval Number 2705015119)

MATH 2315 Calculus III (3)
(This is a Texas Common Course Number.)
Prerequisite: MATH 2414 or equivalent. This course is a study of topics in vector calculus, functions of several variables, and multiple integrals, with applications. (3 Lec.)
(Coordinating Board Academic Approval Number 2701015919)

MATH 2318 Linear Algebra (3)
(This is a Texas Common Course Number.)
Prerequisite: Mathematics 2513 or equivalent. This course is a study of matrices, linear equations, dot products, cross products, geometrical vectors, determinants, n-dimensional space, and linear transformations. This course is cross-listed as Math 2418. The student may register for either Math 2318 or Math 2418, but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 2701016119)

MATH 2320 Differential Equations (3)
(This is a Texas Common Course Number.)
Prerequisite: Mathematics 2414 or demonstrated competence approved by the instructor. This course is a study of ordinary differential equations, including linear equations, systems of equations, equations with variable coefficients, existence and uniqueness of solutions, series solutions, singular points, transform methods, boundary value problems, and applications. This course is cross-listed as Math 2420. The student may register for either Math 2320 or Math 2420, but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 2703015119)

MATH 2342 Introductory Statistics (3)
(This is a Texas Common Course Number.)
Prerequisite: Two years of high school algebra and an appropriate assessment test score or Developmental Mathematics 0093 or Developmental Mathematics 0099. This course is a study of collection and tabulation of data, bar charts, graphs, sampling, measures of central tendency and variability, correlation, index numbers, statistical distributions, probability, and application to various fields. This course is cross-listed as Math 2442. The student may register for either Math 2342 or Math 2442, but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 2705015119)

MATH 2412 Precalculus Mathematics (4)
(This is a Texas Common Course Number.)
Prerequisite: MATH 1316. This course consists of the study of algebraic and trigonometric topics including polynomial, rational, exponential, logarithmic and trigonometric functions and their graphs. Conic sections, polar coordinates, and other topics of analytic geometry will be included. (4 Lec.)
(Coordinating Board Academic Approval Number 2701015819)

MATH 2414 Calculus II (4)
(This is a Texas Common Course Number.)
Prerequisite: Mathematics 2513 or equivalent. This course is a study of techniques of integration, polar coordinates, parametric equations, topics in vector calculus, sequences, series, indeterminate forms, and partial differentiation with applications. (4 Lec.)
(Coordinating Board Academic Approval Number 2701015919)

MATH 2420 Differential Equations (4)
(This is a Texas Common Course Number.)
Prerequisite: Mathematics 2414 or demonstrated competence approved by the instructor. This course is a study of ordinary differential equations, including linear equations, systems of equations, equations with variable coefficients, existence and uniqueness of solutions, series solutions, singular points, transform methods, boundary value problems, and applications. This course is cross-listed as Math 2320. The student may register for either Math 2420 or Math 2320, but may receive credit for only one of the two. (4 Lec.)
(Coordinating Board Academic Approval Number 2703015119)
MATH 2513 Calculus I (5)
(This is a Texas Common Course Number.)
Prerequisite: MATH 2412 or MATH 1348 or equivalent.
This course is a study of limits, continuity, derivatives, and integrals of algebraic and transcendental functions, with applications. (5 Lec.)
(Coordinating Board Academic Approval Number 2701015919)

MRKG 1311 Principles of Marketing (3)
(This is a WECM Course Number.)
Introduction to basic marketing functions, identification of consumer and organizational needs, explanation of economic, psychological, sociological, and global issues, and description and analysis of the importance of marketing research. (3 Lec.)

MRKG 2312 e-Commerce (3)
(This is a WECM Course Number.)
Prerequisite: Integrated Software Applications I for E-Commerce Program or none for Internet Development Technologies Programs. Explore electronic tools utilized in marketing; focus on marketing communications in developing customer relationships. (3 Lec.)

MRKG 2381 Cooperative Education - Marketing/Marketing Management, General (3)
(This is a WECM Course Number.)
Prerequisite: Completion of two courses in Business Marketing or demonstrated competence approved by the instructor. Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 15 Ext.)

MUAP 1101-1181 Applied Music-Minor (1)
These courses are open to students enrolled in music theory, ensembles, and other music major and minor courses. They provide private instruction in the student's secondary area and consist of a one-half hour lesson a week. Private music may be repeated for credit. (1 Lec.)

MUAP 1101 Applied Music-Violin (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1105 Applied Music-Viola (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1109 Applied Music-Cello (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1113 Applied Music-Double Bass (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1115 Applied Music-Electric Bass (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1117 Applied Music-Flute (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1121 Applied Music-Oboe (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1125 Applied Music-Bassoon (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1129 Applied Music-Clarinet (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1133 Applied Music-Saxophone (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1137 Applied Music-Trumpet (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1141 Applied Music-French Horn (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1145 Applied Music-Trombone (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1149 Applied Music-Baritone (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1153 Applied Music-Tuba (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)

MUAP 1157 Applied Music-Percussion (1)
(This is a Texas Common Course Number.)
This course may be repeated for credit. (Coordinating Board Academic Approval Number 5009035426)
MUAP 1158 Applied Music-Drum Set (1)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1161 Applied Music-Guitar (1)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1165 Applied Music-Organ (1)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 1169 Applied Music-Piano (1)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2201-2281 Applied Music-Concentration (2)  
These courses are open to students enrolled in music theory, ensembles, or other music major and minor courses. They provide private instruction in the area of the student's concentration and consist of one hour of instruction per week. Private music may be repeated for credit. (1 Lec.)  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2201 Applied Music-Violin (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2205 Applied Music-Viola (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035430)

MUAP 2209 Applied Music-Cello (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2213 Applied Music-Double Bass (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2215 Applied Music-Electric Bass (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2217 Applied Music-Flute (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2221 Applied Music-Oboe (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2225 Applied Music-Bassoon (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2229 Applied Music-Clarinet (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2233 Applied Music-Saxophone (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2237 Applied Music-Trumpet (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2241 Applied Music-French Horn (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2245 Applied Music-Trombone (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2249 Applied Music-Baritone (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2253 Applied Music-Tuba (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2257 Applied Music-Percussion (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2258 Applied Music-Drum Set (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2261 Applied Music-Guitar (2)  
(This is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)
MUAP 2265 Applied Music-Organ (2)  
(This Is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2269 Applied Music-Piano (2)  
(This Is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2277 Applied Music-Harp (2)  
(This Is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUAP 2281 Applied Music-Voice (2)  
(This Is a Texas Common Course Number.)  
This course may be repeated for credit.  
(Coordinating Board Academic Approval Number 5009035426)

MUEN 1122 Jazz Ensemble (1)  
(This Is a Texas Common Course Number.)  
Prerequisite: Demonstrated competence approved by the instructor. The jazz ensemble rehearses and performs a variety of jazz styles. This course may be repeated for credit. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009035526)

MUEN 1123 Band (1)  
(This Is a Texas Common Course Number.)  
Prerequisite: Demonstrated competence approved by the instructor. The band studies and performs a wide variety of music in all areas of band literature. This course may be repeated for credit. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009035526)

MUEN 1131 Keyboard Ensemble (1)  
(This Is a Texas Common Course Number.)  
Prerequisite: Demonstrated competence approved by the instructor. A group of keyboard instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009035526)

MUEN 1134 Guitar Ensemble (1)  
(This Is a Texas Common Course Number.)  
Music composed and arranged for a guitar ensemble is performed. Works for a guitar and a different instrument or for guitar and a voice are also included. This course may be repeated for credit. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009035526)

MUEN 1135 Percussion Ensemble (1)  
(This Is a Texas Common Course Number.)  
Prerequisite: Demonstrated competence approved by the instructor. A group of percussion instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009035526)

MUEN 1136 String Ensemble (1)  
(This Is a Texas Common Course Number.)  
Prerequisite: Demonstrated competence approved by the instructor. A group of string instrumentalists read and perform literature for small ensembles. This course may be repeated for credit. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009035626)

MUEN 1137 Symphonic Wind Ensemble (1)  
(This Is a Texas Common Course Number.)  
Prerequisite: Demonstrated competence approved by the instructor. In the symphonic wind ensemble, students study and perform stylistic literature of all periods. This course may be repeated for credit. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009035626)

MUEN 1151 Vocal Ensemble (1)  
(This Is a Texas Common Course Number.)  
Prerequisite: Demonstrated competence approved by the instructor. Activities include study and performance of specialized choral literature suitable for more advanced students. This course may be repeated for credit. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009035626)

MUEN 1153 Madrigal Singers (1)  
(This Is a Texas Common Course Number.)  
A group of vocalists read and perform literature for small ensembles. Membership is by audition with the appropriate director. This course may be repeated for credit. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009035626)

MUEN 2141 Chorus (1)  
(This Is a Texas Common Course Number.)  
Prerequisite: Demonstrated competence approved by the instructor. A wide variety of music representing the literature of the great eras of music history is studied and performed. This course may be repeated for credit. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009035626)

MUSI 1116 Musicianship I (1)  
(This Is a Texas Common Course Number.)  
Prerequisite: Music 1300, Music 1304 or consent of the instructor. Keyboard skills and aural skills (including sight-singing and ear training) are developed. It is recommended that students enrolled in Music 1311 enroll in this course. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009045626)

MUSI 1117 Musicianship II (1)  
(This Is a Texas Common Course Number.)  
Prerequisite: Music 1116. This course is a continuation of Music 1116. It is recommended that students enrolled in Music 1312 enroll in this course. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009045626)
MUSI 1160 Italian Diction (1)
(This Is a Texas Common Course Number.)
The phonetic sounds of the Italian language are studied. Included is selected vocabulary. This course is primarily for voice majors. (2 Lab.)
(Coordinating Board Academic Approval Number 5009085326)

MUSI 1161 English Diction (1)
(This Is a Texas Common Course Number.)
The phonetic sounds of the English language are studied. Included is selected vocabulary. This course is primarily for voice majors. (2 Lab.)
(Coordinating Board Academic Approval Number 5009085326)

MUSI 1181 Piano Class I (1)
(This Is a Texas Common Course Number.)
This course is primarily for students with no piano background. It develops basic musicianship and piano skills. (2 Lab.)
(Coordinating Board Academic Approval Number 5009075126)

MUSI 1182 Piano Class II (1)
(This Is a Texas Common Course Number.)
Prerequisite: Music 1181 or demonstrated competence approved by the instructor. The study of piano is continued. Included are technique, harmonization, transposition, improvisation, accompanying, sight reading, and performing various styles of repertoire. (2 Lab.)
(Coordinating Board Academic Approval Number 5009075126)

MUSI 1183 Voice Class I (1)
(This Is a Texas Common Course Number.)
This course is for non-voice majors. It presents the principles of breathing, voice production, tone control, enunciation, and phrasing in two group lessons a week. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009085126)

MUSI 1184 Voice Class II (1)
(This Is a Texas Common Course Number.)
This course is a continuation of Music 1183. It is open to all non-voice majors. Emphasis is on solo singing, appearance in studio recital, stage deportment, and personality development. Two group lessons are given a week. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009085126)

MUSI 1192 Guitar Class I (1)
(This Is a Texas Common Course Number.)
An introductory course in acoustic guitar playing based on acoustic and classical guitar technique. Music reading of melodic, harmonic, and rhythmic exercises are learned to gain initial mastery of the fundamental techniques of guitar playing. Introductory elements about the history and culture of the guitar are included in this course. (2 Lab.)
(Coordinating Board Academic Approval Number 5009035126)

MUSI 1193 Guitar Class II (1)
(This Is a Texas Common Course Number.)
Prerequisite: Music 1192 or demonstrated competence approved by the instructor. This course is a continuation of Music 1192. Emphasis is on classical guitar techniques and music reading skills. (2 Lab.)
(Coordinating Board Academic Approval Number 5009035126)

MUSI 1263 Jazz Improvisation (2)
(This Is a Texas Common Course Number.)
The art of improvisation is introduced. Basic materials, aural training, analysis, and common styles are presented. (1 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 5009036526)

MUSI 1300 Foundations of Music I (3)
(This Is a Texas Common Course Number.)
This course is the initial course to prepare students with limited music training for Music 1311. It focuses on notation (music reading), musical terminology, analysis, listening to and creating rhythmic and melodic responses. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045426)

MUSI 1304 Foundations of Music II (3)
(This Is a Texas Common Course Number.)
Prerequisite: Music 1300 or demonstrated competence approved by the instructor. This course prepares students with limited music training for Music 1311 and increases their general music understanding. Emphasis is on rhythmic and melodic training, chord functions, melody, textures, and basic analysis of music. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045426)

MUSI 1306 Music Appreciation (3)
(This Is a Texas Common Course Number.)
The basic elements of music are surveyed and examined in the music literature of western civilization, particularly from the Baroque Period to the present. Cultural influences on the music of each era are observed. (3 Lec.)
(Coordinating Board Academic Approval Number 5009025126)

MUSI 1308 Music Literature (3)
(This Is a Texas Common Course Number.)
The music of recognized composers in the major periods of music history is examined. Topics include the characteristics of sound, elements of music, performance media, and musical texture. Emphasis is on the music of the late Gothic, Renaissance, and Baroque eras. (3 Lec.)
(Coordinating Board Academic Approval Number 5009025226)
MUSI 1309 Music Literature (3)  
(This is a Texas Common Course Number.)  
This course is a continuation of Music 1308. The compositional procedures and forms used by composers are studied. Emphasis is on the Classical, Romantic, and Modern periods. (3 Lec.)  
(Coordinating Board Academic Approval Number 5009025226)  

MUSI 1310 History of Jazz/Rock Music (3)  
(This is a Texas Common Course Number.)  
The study of social and musical influences on Jazz/Rock music and the influence of Jazz/Rock Music on society and the music industry. (3 Lec.)  
(Coordinating Board Academic Approval Number 5009025326)  

MUSI 1311 Music Theory I (3)  
(This is a Texas Common Course Number.)  
Prerequisite: Music 1300 and 1304 or demonstrated competence approved by the instructor. This course is designed for music majors and minors. Emphasis is on notation, cadences, classification of diatonic triads, scales, and modes. It is recommended that students enrolled in Music 1116 enroll in this course. (3 Lec.)  
(Coordinating Board Academic Approval Number 5009045126)  

MUSI 1312 Music Theory II (3)  
(This is a Texas Common Course Number.)  
Prerequisite: Music 1311 or demonstrated competence approved by the instructor. This course focuses on part-writing and harmonization with triads and their inversions. Also included is a chord vocabulary expanded to include materials from the common practice period as well as contemporary periods. It is recommended that students enrolled in Music 1117 enroll in this course. (3 Lec.)  
(Coordinating Board Academic Approval Number 5009045126)  

MUSI 1386 Composition (3)  
(This is a Texas Common Course Number.)  
Prerequisite: Music 1311 and 1312 or demonstrated competence approved by the instructor. This course covers composing in small forms for simple media in a variety of styles. (3 Lec.)  
(Coordinating Board Academic Approval Number 5009045326)  

MUSI 1390 Digital Music Production (3)  
(This is a Texas Common Course Number.)  
Prerequisite: One semester of music theory and keyboard or demonstrated competence approved by the instructor. This course is designed to introduce major/non-major music students to the MIDI technology as an extension of the music theory/keyboard curriculum. Various MIDI devices, computer hardware, and computer software will be explored. This course may be repeated for credit. (2 Lec., 1 Lab.)  
(Coordinating Board Academic Approval Number is 5009045826)  

MUSI 2116 Musicanship III (1)  
(This is a Texas Common Course Number.)  
Prerequisite: Music 1116 and 1117 or demonstrated competence approved by the instructor. Keyboard and aural skills (including sight-singing and ear training) are developed. It is recommended that students enrolled in Music 2311 enroll in this course. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009045726)  

MUSI 2117 Musicanship IV (1)  
(This is a Texas Common Course Number.)  
Prerequisite: Music 2116 or demonstrated competence approved by the instructor. This course is a continuation of Music 2116. It is recommended that students enrolled in Music 2312 enroll in this course. (3 Lab.)  
(Coordinating Board Academic Approval Number 5009045726)  

MUSI 2160 German Diction (1)  
(This is a Texas Common Course Number.)  
The phonetic sounds of the German language are studied. Included is selected vocabulary. This course is primarily for voice majors. (2 Lab.)  
(Coordinating Board Academic Approval Number 5009085326)  

MUSI 2161 French Diction (1)  
(This is a Texas Common Course Number.)  
The phonetic sounds of the French language are studied. Included is selected vocabulary. This course is primarily for voice majors. (2 Lab.)  
(Coordinating Board Academic Approval Number 5009085326)  

MUSI 2181 Piano Class III (1)  
(This is a Texas Common Course Number.)  
Prerequisite: Music 2181 or demonstrated competence approved of the instructor. This course is a continuation of functional keyboard skills, including harmonization, sight-reading, accompanying styles, improvisation, and technical exercises. It is designed for the music major preparing for the piano proficiency exam, but is also open to any interested student. It is recommended that music majors also study privately. (2 Lab.)  
(Coordinating Board Academic Approval Number 5009075126)  

MUSI 2182 Piano Class IV (1)  
(This is a Texas Common Course Number.)  
Prerequisite: Music 2181 or demonstrated competence of the instructor. This course is a continuation of functional keyboard skills in Music 2181 with greater emphasis on advanced harmonization and appropriate technical skills. It is designed as a preparation for the piano proficiency exam for the music major, but is also open to any interested student. It is recommended that music majors also study privately. (2 Lab.)  
(Coordinating Board Academic Approval Number 5009075126)
MUSI 2311 Music Theory III (3)
(There is a Texas Common Course Number.)
Prerequisite: Music 1311 and 1312 or demonstrated competence approved by the instructor. This course is a continuation of the study of music theory. It includes the materials of modulation, larger forms, and thematic development, and more advanced analysis. It is recommended that students enrolled in Music 2116 enroll in this course. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045226)

MUSI 2312 Music Theory IV (3)
(There is a Texas Common Course Number.)
Prerequisite: Music 2311 or demonstrated competence approved by the instructor. This course is a continuation of the topics developed in Music 2311. The preceding materials are expanded to include melody, harmony, tonality, and the formal processes of 20th century music. It is recommended that students enrolled in Music 2117 enroll in this course. (3 Lec.)
(Coordinating Board Academic Approval Number 5009045226)

MUSI 9176 Recital (1)
This is an on-campus concert/seminar series designed to provide a laboratory and listening experience as an extension of classroom music studies. Concerts, seminars and workshops are presented by guest artists and lecturers, faculty members and students. This is a one-hour credit course. This course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 5009030026)

NUTR 1322 Principles of Nutrition (3)
(The Texas Common Course Number is HECO 1322.)
This is an introduction to human nutrition. Topics will include classes, sources, and function of nutrients, digestion and absorption, and metabolism with applications to normal and therapeutic nutritional needs. (3 Lab.)
(Coordinating Board Academic Approval Number 1905025109)

PHED 1100 Beginning Lifetime Sports Activities (1)
(There is a Texas Common Course Number.)
Beginning level skills in various lifetime sports are presented as well as rules, strategies, and concepts of the sport. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1102 Beginning Soccer (1)
(There is a Texas Common Course Number.)
Course content emphasizes the basic playing skills of both indoor and outdoor soccer at the beginner level, as well as rules, strategies, safety, offensive and defensive patterns of play, and competitive activities. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1104 Beginning Softball (1)
(There is a Texas Common Course Number.)
Course content includes the basic playing skills of softball at the beginner level, as well as rules, strategies, safety, offensive and defensive elements, and competitive activities. These common elements will be applied to fast pitch, slow pitch, and coed softball. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1107 Intramural Athletics (1)
(There is a Texas Common Course Number.)
Intramural competition in a variety of activities is offered for men and women. Individual and team competition are offered. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1109 Beginning Golf (1)
(There is a Texas Common Course Number.)
Course content emphasizes the basic skills involved in club selection, golf course analysis, shot selection and execution of the golf swing. Rules, scoring, handicapping, and etiquette are included. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1110 Beginning Tennis (1)
(There is a Texas Common Course Number.)
This course emphasizes the acquisition of beginning level skills in the execution of forehand strokes, backhand strokes, the serve, and the volley. Rules, strategies of the singles and doubles games, etiquette, safety, and competitive activities are included. Equipment is furnished. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1111 Beginning Bowling (1)
(There is a Texas Common Course Number.)
Basic bowling skills at the beginner level as well as rules, strategies, safety, scoring and competitive activities are emphasized. All classes are conducted at an off-campus bowling lane. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1114 Beginning Swimming (1)
(There is a Texas Common Course Number.)
This course is designed to teach a non-swimmer or a shallow water swimmer to become a safe and efficient deep-water swimmer. After the development of sufficient skills to perform a modified crawl stroke, the elementary back stroke, survival floating, jumping into deep water, leveling off and changing directions, swimmers will be able to swim in deep water. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1116 Conditioning Exercise (1)
(There is a Texas Common Course Number.)
This course focuses on understanding exercise and its effect on the body. Cardiovascular endurance, muscular strength, endurance and flexibility are improved through a variety of conditioning activities. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)
PHED 1117 Beginning Basketball and Volleyball (1)
(This is a Texas Common Course Number.)
Basic basketball and volleyball skills are taught. Rules, game strategies and competitive activities are included. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1119 Beginning Weight Training (1)
(This is a Texas Common Course Number.)
Instruction in weight training and conditioning techniques are stressed. Emphasis is placed on muscular strength and endurance. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1120 Beginning Self-Defense (1)
(This is a Texas Common Course Number.)
Various forms of self-defense are introduced. The history and philosophy of the martial arts are explored. The student should progress from no previous experience in self-defense to an adequate skill level covering basic self-defense situations. Both mental and physical aspects of the arts are stressed. Uniform required. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1122 Outdoor Education (1)
(This is a Texas Common Course Number.)
Knowledge and skills in outdoor education and camping are presented. Planned and incidental experiences take place, including a week-end camp-out. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1123 Beginning Walking for Fitness (1)
(This is a Texas Common Course Number.)
This course is designed for the student who desires cardiovascular fitness by means of a low impact method. Maximum physical fitness is achieved by vigorous walking. The heart rate is elevated to the appropriate target zone for peak conditioning. An extensive warm-up and cool down increases joint and muscle flexibility. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1124 Beginning Aerobics (1)
(This is a Texas Common Course Number.)
This course emphasizes the development of cardiovascular endurance by utilizing choreographed routines which may combine basic dance patterns with walking, jogging, jumping, etc. Individual fitness levels are accommodated by the intensity of the workout. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1125 Aquatic Fitness (1)
(This is a Texas Common Course Number.)
This course is designed to promote fitness through the use of water-related activities compatible with a pool environment. Emphasis is placed on water resistant exercises, lap swimming utilizing various kicks and strokes, relays, and a variety of aquatic games. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1130 Intermediate Lifetime Sports Activities (1)
(This is a Texas Common Course Number.)
Intermediate and intermediate/advanced skills in a variety of lifetime sports are presented. Students participate in a selected sport. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1131 Intermediate Soccer (1)
(This is a Texas Common Course Number.)
Basic skills and techniques are refined beyond the beginner level. Analysis and practice of strategies, safety, offensive and defensive patterns of play and competitive activities are covered. Course emphasis is placed on the development and preparation for participation on an intercollegiate team. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1132 Intermediate Softball (1)
(This is a Texas Common Course Number.)
Emphasis is placed on game strategy, base coaching, preparing a lineup, conducting drills, and performance on hitting, catching, and throwing. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1134 Intermediate Physical Fitness (1)
(This is a Texas Common Course Number.)
Basic skills and techniques of fitness-related activities are developed beyond the beginner level. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1136 Intermediate Golf (1)
(This is a Texas Common Course Number.)
Basic skills and techniques are refined beyond the beginner level. Analysis and practice of the golf swing, swing theory and methods, strategy, and actual golf course playing are emphasized. Equipment is furnished. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1137 Intermediate Tennis (1)
(This is a Texas Common Course Number.)
Emphasis is placed on refinement of basic skills and specialty shots. Competitive activities in singles, doubles and mixed doubles will be included. Equipment is furnished. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)

PHED 1140 Intermediate Swimming (1)
(This is a Texas Common Course Number.)
The correct performance of the crawl, elementary back stroke, side and breast strokes will be emphasized. Some speed and endurance swimming will be required. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085123)
PHED 1141 Intermediate Weight Training (1)  
(These is a Texas Common Course Number.)  
Skills and instruction in weight training techniques are developed beyond the beginner level. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1142 Intermediate Self-Defense (1)  
(These is a Texas Common Course Number.)  
Students will be introduced to intermediate forms of defense and combinations of self defense methods. Emphasis is on practical application of self defense movements. Uniform required. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1144 Intermediate Walking for Fitness (1)  
(These is a Texas Common Course Number.)  
Students participate in a low impact exercise walking program beyond the beginning level. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1145 Intermediate Aerobics (1)  
(These is a Texas Common Course Number.)  
This course emphasizes the development of cardiovascular endurance through a combination of walking, jogging, jumping, etc. Individual fitness levels are developed beyond the beginner level. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1146 Intermediate Basketball (1)  
(These is a Texas Common Course Number.)  
Basic skills and techniques are refined beyond the beginner level. Analysis and practice of shooting, passing, dribbling, team play, strategies, and competitive play covered. Course emphasis is placed on the development and preparation for participation on an intercollegiate team. Equipment is furnished. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1147 Intermediate Volleyball (1)  
(These is a Texas Common Course Number.)  
Basic skills and techniques are refined beyond the beginner level. Analysis and practice of the forearm pass, setting, spiking, serving, team play, strategies, and competitive play are covered. Course emphasis is placed on the development and preparation for participation on an intercollegiate team. Equipment is furnished. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1148 Intermediate Baseball (1)  
(These is a Texas Common Course Number.)  
Basic skills and techniques are refined beyond the beginner level. Analysis and practice of hitting, fielding, pitching, team play, and competitive play are emphasized. Baseball history and interpretation of the rules are also covered. Course emphasis is placed on the development and preparation for participation on an intercollegiate team. Equipment is furnished. (3 Lab.)

PHED 1150 Intermediate Bowling (1)  
(These is a Texas Common Course Number.)  
This course is designed for students seeking improvement in the lifetime sport of bowling. The course covers a review of history, etiquette, care and selection of equipment, rules and scoring. Additional information will be provided on handicap, league play, variation of grips, spot bowling and alley textures. (3 Lab.)  
(Coordinating Board Academic Approval Number 3601085123)

PHED 1164 Beginning Physical Fitness (1)  
(These is a Texas Common Course Number.)  
Students are introduced to wellness related concepts and activities for the purpose of gaining knowledge and skills necessary to evaluate personal fitness level and to develop a personal lifelong fitness program. Activities include, but are not limited to: aerobics, circuit training, muscular development, flexibility, agility exercises, weight training and body composition. (3 Lab.)  
(Coordinating Board Academic Approval Number 3105015223)

PHED 1251 Scuba Diving (2)  
(These is a Texas Common Course Number.)  
This course includes instruction in the proper use of equipment, safety, physiology and open water diving. Students completing course requirements receive certification through one of several major accredited associations. (1 Lec., 2 Lab.)  
(Coordinating Board Academic Approval Number 3601085323)

PHED 1252 Advanced Open Water Scuba (2)  
(These is a Texas Common Course Number.)  
Prerequisite: Physical Education 1251 or appropriate certifying agency entry level certificate. Instruction will include the introductory knowledge and skill development in the open water environment for the student to participate in underwater investigation, deep diving, search and light salvage, and limited visibility/night diving. Safety, special equipment, dive planning and dive buddy procedures will be covered. Upon successful completion of the course, the student will receive advanced open water certification through a qualified certifying agency. (1 Lec., 2 Lab.)  
(Coordinating Board Academic Approval Number 3601085323)

PHED 1270 Divemaster (2)  
(These is a Unique Need Course.)  
Prerequisite: Physical Education 1252 or advanced certification from any of the national certifying organizations. This course is designed for the advanced diver who seeks additional training as an instructional assistant responsible for the organization, teaching and safety of scuba divers. Students who successfully complete this course will receive divemaster certification. (1 Lec., 2 Lab.)  
(Coordinating Board Academic Approval Number 3601089323)
PHED 1304 Health for Today (3)
(This is a Texas Common Course Number.)
Emphasis is placed on relating course content to lifestyle to foster a better understanding of the major health issues of today. Current issues include, but are not limited to: emotional health, chemical use and abuse, human sexuality, major diseases, physical fitness, nutrition, aging, death and dying. This course does not satisfy the physical education activity course requirement. (3 Lec.)
(Coordinating Board Academic Approval Number 5115045116)

PHED 1306 Advanced First Aid and Emergency Care (3)
(This is a Texas Common Course Number.)
This course covers the theory and practice in advanced first aid and emergency care. Various aspects of safety education also are included. The course content has been selected from nationally recognized organizations in safety education and first aid. This course does not satisfy the physical education activity course requirement. (3 Lec.)
(Coordinating Board Academic Approval Number 5115045316)

PHED 1308 Sports Officiating I (3)
(This is a Texas Common Course Number.)
This course is for students who choose officiating for an avocation and who want to increase their knowledge and appreciation of sports. Sports covered in this course are football, basketball, and other sports as appropriate. Students are expected to officiate intramural games. This course does not satisfy the physical education activity course requirement. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 3101015123)

PHED 1309 Sports Officiating II (3)
(This is a Texas Common Course Number.)
This course is for students who choose officiating for an avocation and who want to increase their knowledge and appreciation of sports. Sports covered in this course are softball, track and field, baseball, and other sports as appropriate. Students are expected to officiate intramural games. This course does not satisfy the physical education activity course requirement. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 3101015123)

PHED 1321 The Coaching of Football and Basketball (3)
(This is a Texas Common Course Number.)
The skills and techniques of coaching football and basketball are presented. Included are the history, theories, philosophies, rules, terminology, and finer points of the sports. Emphasis is on coaching techniques. This course does not satisfy the physical education activity course requirement. (2 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 3105055123)

PHED 2155 Advanced Life Saving (1)
(This is a Texas Common Course Number.)
Prerequisite: Demonstrated competence approved by the instructor. Successful completion of this course qualifies students for the Red Cross Life Guarding Certificate. (3 Lab.)
(Coordinating Board Academic Approval Number 3601085323)

PHED 2255 Water Safety Instructor (2)
(This is a Texas Common Course Number.)
Prerequisite: Current Advanced Life Saving Card. The principles and techniques for instructors in water safety and life saving classes are covered. Completion of the course qualifies the student to test for certification by the Red Cross as a water safety instructor. A uniform is required. (1 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 3601085323)

PHIL 1301 Introduction to Philosophy (3)
(This is a Texas Common Course Number.)
An introduction to the ideas about such things as the good life, reality, God, the acquisition and characteristics of knowledge, and the nature of humans. Students will evaluate both ancient and modern theories about these issues in terms of their logic, historical significance, and meaning in everyday life, as they practice the methods for doing philosophy. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015112)

PHIL 1313 Critical Thinking (3)
(This is a Texas Common Course Number.)
This course is designed to improve students' critical thinking ability. Students will both analyze and construct arguments. Elementary deductive forms, common fallacies, and inductive reasoning are considered. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015712)

PHIL 2303 Logic (3)
(This is a Texas Common Course Number.)
The critical and correct construction and analysis of arguments using induction, deduction and scientific reasoning. Students will practice analyzing fallacies, definitions, analogies, and uses of language. They will learn to use some of the elementary tools of formal logic, such as Venn diagrams, truth tables, and formal proofs using the rules of inference. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015212)

PHIL 2306 Ethics (3)
(This is a Texas Common Course Number.)
Consideration of what constitutes a good and a moral life. Using classical and contemporary theories, students will weigh such ingredients as pleasure, duty, power, and love as they apply to current issues of daily living. Students may consider ethical problems in business, law, and medicine. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015312)
PHIL 2307 Introduction to Social and Political Philosophy (3)
(This is a Texas Common Course Number.)
The relationships of philosophical ideas to the community are presented. Emphasis is on concepts of natural rights, justice, education, freedom, and responsibility (3 Lec.)
(Coordinating Board Academic Approval Number 3801015412)

PHIL 2316 History of Ancient Philosophy (3)
(This is a Texas Common Course Number.)
The history of philosophy from pre-Socratic times to the Renaissance is examined. Connections are made between the pre-Socratics, Plato, and Aristotle; Stoicism, Epicureanism, and Scholasticism are considered (3 Lee.)
(Coordinating Board Academic Approval Number 3801015512)

PHIL 2317 History of Modern Philosophy (3)
(This is a Texas Common Course Number.)
The history of philosophy from the Renaissance through the 19th century is examined. Emphasis is on continental rationalism, British empiricism, Kantian metaphysics and epistemology, and the Hegelian system as it relates to 20th century philosophies. The historical relationships among these schools of thought are explored. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015512)

PHIL 2318 Contemporary Philosophy (3)
(This is a Texas Common Course Number.)
As a third course in the history of philosophy sequence, this course examines philosophic movements in the 20th and 21st centuries. Emphasis may vary from semester to semester. Existentialism, logical positivism, linguistic philosophy, among others, as well as individual philosophers, may be considered. (3 Lec.)
(Coordinating Board Academic Approval Number 3801015512)

PHIL 2389 Academic Cooperative in Philosophy (3)
(This is a Texas Common Course Number.)
This course will integrate on-campus study with practical hands-on experience. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of philosophy. (1 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 2401035212)

NOTE: These courses have a Dallas County Community College prefix of "PHOT;" however, some can be identified by a Common Course Number for transfer evaluation purposes. Both are listed in the parenthetical notes in the course descriptions.

PHOT 1316 Introduction to Photography and Photojournalism (3)
(The Texas Common Course Number is COMM 1316.)
Photography and photojournalism are introduced. Topics include the general mechanics of camera lenses and shutters and the general characteristics of photographic films, papers, and chemicals. Darkroom procedures are presented, including enlarging, processing, contact printing, and exposing films and papers. Artificial lighting is introduced. (2 Lec., 4 Lab)
(Coordinating Board Academic Approval Number 0904015506)

PHOT 1317 Advanced Photography and Photojournalism (3)
(The Texas Common Course Number is COMM 1317.)
Prerequisite: Photography 1316 or demonstrated competence approved by the instructor Techniques learned in Photography 1316 are refined. Emphasis is on photographic communication. (2 Lec., 4 Lab.)
(Coordinating Board Academic Approval Number 0904015512)

PHOT 2324 Introduction to Multimedia (3)
(The Texas Common Course Number is COMM 2324.)
Prerequisite: Photography 1316 or Art 2356, Photography 2325. This course will provide students with an exploration of the latest computer hardware and software applications used to produce multimedia presentations. Students will experience the areas of digital sound reproduction, the creation of computer animation, converting video into digital images, and digital editing techniques. (2 Lec., 4 Lab)
(Coordinating Board Academic Approval Number 0907015306)

PHOT 2325 Introduction to Digital Imaging (3)
(The Texas Common Course Number is COMM 2325.)
Prerequisite: Photography 1316 or Art 2356 is recommended for this course. This is a broad-based, introductory course which explores the creation and manipulation of images on the computer. The course content will include an introduction to the computer system, an overview of desktop publishing and graphic programs, use of the digital camera, scanning-in photographs, and exploring techniques of photo-manipulation. (2 Lec., 4 Lab)
(Coordinating Board Academic Approval Number 0907015306)
PHOT 2326 Advanced Digital Imaging (3)  
(This is a Texas Common Course Number.)  
Prerequisite: Photography 2325 is required. In addition, Photography 1316 or Art 2356 is recommended. This course will explore in greater depth the applications covered in the Introduction to Digital Photography (Photography 2325) class. Students will work to master the technical complexities of digital photography and seek to clarify a personal direction through extended projects. (2 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 0907015306)

PHOT 2356 Commercial Photography I (3)  
(This Texas Common Course Number is ARTS 2356.)  
Prerequisite: Photography 1316 or 1317 or demonstrated competence approved by the instructor and commercial or contract photography is studied. Field, studio, and darkroom experiences for various kinds of photography are discussed. Social, portrait, studio, fashion, publicity, landscape, and product photography, as well as portfolio development, are included. The use of natural and artificial lighting is covered. This course is cross-listed as Arts 2356. The student may register for either Photography 2356 or Arts 2356, but may receive credit for only one of the two. (2 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 5006055126)

PHOT 2357 Commercial Photography II (3)  
(This Texas Common Course Number is ARTS 2357.)  
Prerequisite: Photography 1316 or 1317 or demonstrated competence approved by the instructor. This course is a continuation of Photography 2356. Publicity, architectural, interior, and advertising photography are included. The latest equipment, papers, films, and techniques are explored. Exchanges may be made with sample clients, employers, studios, and agencies. This course is cross-listed as Arts 2357. The student may register for either Photography 2357 or Arts 2357, but may receive credit for only one of the two. (2 Lec., 4 Lab.)  
(Coordinating Board Academic Approval Number 5006055226)

PHYS 1405 Concepts in Physics (4)  
(This is a Texas Common Course Number.)  
This course is for non-science majors. It introduces principles of physics and does not require a mathematical background. Emphasis is on classical mechanics and thermodynamics. Historical developments and their impact on daily life are included. The principle of energy conservation is stressed, and current problems of worldwide energy production are examined. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4008015103)

PHYS 1407 Concepts in Physics (4)  
(This is a Texas Common Course Number.)  
This is for non-science majors. It introduces principles of physics and does not require a mathematical background. Emphasis is on modern developments in physics. Topics include acoustics, electricity, and magnetism, light and the electromagnetic spectrum, atomic physics, and relativity. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4008015103)

PHYS 1411 Fundamentals of Astronomy (4)  
(This is a Texas Common Course Number.)  
This course concerns fundamental aspects of the solar system and the historical development of astronomical ideas. Included are studies of the celestial sphere and motions of the earth, the moon, planets, and other minor bodies. The origin and evolution of the solar system are also covered. The laboratory includes outdoor viewing sessions and study of celestial motions, elementary navigation, constellation identification, and telescope construction. This course is cross-listed as Physics 1311. The student may register for either Physics 1411 or Physics 1311, but may receive credit for only one of the two. (3 Lec., 3 Lab)  
(Coordinating Board Academic Approval Number 4002015103)

PHYS 1412 General Introductory Astronomy (4)  
(This is a Texas Common Course Number.)  
This course concerns fundamental properties of stars, stellar systems, star clusters, nebulae, interstellar gas and dust, and galaxies. Included is the study of the sun, Milky Way Galaxy, stellar evolution, black holes, and current cosmological ideas. The laboratory includes outdoor viewing sessions and study of timekeeping, use of spectra, and motions of stars and galaxies. This course is cross-listed as Physics 1312. The student may register for either Physics 1412 or Physics 1312, but may receive credit for only one of the two. (3 Lec., 3 Lab.)  
(Coordinating Board Academic Approval Number 4002015103)
PHYS 1415 Physical Science (4)  
(This is a Texas Common Course Number.)  
This course is primarily for non-science majors. It is a study of the basic principles and concepts of physics, chemistry, and nuclear science. The three basic sciences are related to the physical world at an introductory level. (3 Lec., 3 Lab)  
(Coordinating Board Academic Approval Number 4001015103)

PHYS 1417 Physical Science (4)  
(This is a Texas Common Course Number.)  
This course is for non-science majors. It focuses on the interaction of the earth sciences and the physical world. Geology, astronomy, meteorology, and space science are emphasized. Selected principles and concepts are explored. This course is cross-listed as Geology 1401. The student may register for either Physical Science 1417 or Geology 1401, but may receive credit for only one of the two. (3 Lec., 3 Lab)  
(Coordinating Board Academic Approval Number 4001015103)

PHYS 2425 General Physics (4)  
(This is a Texas Common Course Number.)  
Prerequisite: Credit or concurrent enrollment in Mathematics 2513. This course is designed primarily for physics, chemistry, mathematics, and engineering majors. The principles and applications of mechanics, wave motion, and sound are studied. Emphasis is on fundamental concepts, problem-solving, notation, and units. The laboratory includes a one-hour problem session. (3 Lec., 3 Lab)  
(Coordinating Board Academic Approval Number 4008015403)

PHYS 2426 General Physics (4)  
(This is a Texas Common Course Number.)  
Prerequisite: Physics 2425 and credit or concurrent enrollment in Mathematics 2414. This course presents the principles and applications of heat, electricity, magnetism, and optics. Emphasis is on fundamental concepts, problem-solving, notation, and units. The laboratory includes a one-hour problem session. (3 Lec., 3 Lab)  
(Coordinating Board Academic Approval Number 4008015403)

POFI 1301 Computer Applications I (3)  
(This is a WECM Course Number.)  
Prerequisite: Keyboarding proficiency. Overview of computer applications including current terminology and technology. Introduction to computer hardware, software applications, and procedures. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)

POFI 1341 Computer Applications II (3)  
(This is a WECM Course Number.)  
Continued study of current computer terminology and technology. Advanced skill development in computer hardware, software applications, and procedures. This course is cross-listed as POFI 1441. The student may register for either POFI 1341 or POFI 1441, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)

POFI 1349 Spreadsheets (3)  
(This is a WECM Course Number.)  
In-depth coverage in the use of a spreadsheet software application. This course may be repeated if topics and learning outcomes vary. (2 Lec., 3 Lab.)

POFI 1441 Computer Applications II (4)  
(This is a WECM Course Number.)  
Prerequisite: Computer Applications I or equivalent. Continued study of current computer terminology and technology. Advanced skill development in computer hardware, software applications, and procedures. This course is cross-listed as POFI 1341. The student may register for either POFI 1441 or POFI 1341, but may receive credit for only one of the two. This course may be repeated if topics and learning outcomes vary. (3 Lec., 2 Lab.)

POFI 2301 Word Processing (3)  
(This is a WECM Course Number.)  
Prerequisite: Keyboarding proficiency. In-depth coverage of word processing software application. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)

POFI 2331 Desktop Publishing for the Office (3)  
(This is a WECM Course Number.)  
Prerequisite: Keyboarding proficiency. In-depth coverage of desktop publishing terminology, text editing, and use of design principles to create publishing material using word processing desktop publishing features. Emphasis on layout techniques, graphics, and multiple page displays. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)

POFI 2340 Advanced Word Processing (3)  
(This is a WECM course number.)  
Prerequisite: POFI 2301 or instructor consent. Continuation of the study of word processing including advanced applications in merging, macros, graphics, desktop publishing, and extensive formatting for technical documents. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)
POFT 1127 Introduction to Keyboarding (1)
(This is a WECM Course Number.)
Skill development in keyboarding with emphasis on alphabet, number, and symbol keys by touch. (3 Lab.)

POFT 1192 Special Topics in Administrative Assistant/Secretarial Science, General (1)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec.)

POFT 1193 Special Topics in General Office/Clerical and Typing Services (1)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation which are relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (2 Lab.)

POFT 1292 Special Topics in Administrative Assistant/Secretarial Science, General (2)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (2 Lec.)

POFT 1301 Business English (3)
(This is a WECM Course Number.)
Introduction to a practical application of basic language usage skills with emphasis on fundamentals of writing and editing for business. (2 Lec., 2 Lab.)

POFT 1309 Administrative Office Procedures I (3)
(This is a WECM Course Number.)
Prerequisite: Basic keyboarding skills. Study of current office procedures, duties, and responsibilities applicable to an office environment. (2 Lec., 2 Lab.)

POFT 1313 Professional Development for Office Personnel (3)
(This is a WECM Course Number.)
Preparation for the work force including business ethics, interpersonal relations, professional attire, and career advancement. (2 Lec., 2 Lab.)

POFT 1319 Records and Information Management I (3)
(This is a WECM Course Number.)
Introduction to basic records and information management. Includes the life cycle of a record, manual and electronic records management, and basic filing procedures and rules. (2 Lec., 2 Lab.)

POFT 1321 Business Math (3)
(This is a WECM Course Number.)
Instruction in the fundamentals of business mathematics including analytical and problem-solving skills for critical thinking in business applications. (3 Lec.)

POFT 1325 Business Math and Machine Applications (3)
(This is a WECM Course Number.)
Skill development in the use of electronic calculators and business math functions. Emphasis on business problem-solving skills using spreadsheet software and/or electronic calculation/keyboard. (2 Lec., 2 Lab.)

POFT 1328 Business and Professional Presentations (3)
(This is a WECM Course Number.)
Prerequisite: Keyboarding proficiency.
Skill development in planning and conducting business presentations on an individual and/or group basis including communication and media skills. This course may be repeated if topics and learning outcomes vary. (2 Lec., 2 Lab.)

POFT 1329 Keyboarding and Document Formatting (3)
(This is a WECM Course Number.)
Preparation for the work force including business ethics, interpersonal relations, professional attire, and career advancement. (2 Lec., 2 Lab.)

POFT 1380 Cooperative Education-Administrative Assistant/Secretarial Science, General (3)
(This is a WECM Course Number.)
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 20 Ext.)

POFT 1381 Cooperative Education-Administrative Assistant/Secretarial Science, General (3)
(This is a WECM Course Number.)
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 20 Ext.)

Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. (1 Lec., 15 Ext.)
PSYC 2301 Introduction to Psychology (3)
(This Is a Texas Common Course Number.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the Texas Success Initiative (TSI) standard in Reading. Introduction to Psychology surveys major topics in the study of behavior. Factors which determine and affect behavior are examined. Psychological principles are applied to the human experience. (3 Lec.)
(Coordinating Board Academic Approval Number 4201015125)

PSYC 2302 Applied Psychology (3)
(This Is a Texas Common Course Number.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the Texas Success Initiative (TSI) standard in Reading. Psychological facts and principles are applied to problems and activities of life and will be used to examine basic aspects of human relationships in society. This course will involve the direct application of psychological principles to human relations problems in such areas as business, health occupations, social service agencies, and interpersonal relationships. (3 Lec.)
(Coordinating Board Academic Approval Number 4201015225)

PSYC 2306 Human Sexuality (3)
(This Is a Texas Common Course Number.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the Texas Success Initiative (TSI) standard in Reading. Topics include physiological, psychological, and sociological aspects of human sexuality. This course is cross-listed as Sociology 2306. The student may register for either Psychology 2306 or Sociology 2306, but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 4201015325)

PSYC 2314 Developmental Psychology (3)
(This Is a Texas Common Course Number.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the Texas Success Initiative (TSI) standard in Reading and Psychology 2301 recommended. This course is a study of human growth, development, and behavior. Emphasis is on psychological changes during life. Processes of life from prenatal beginnings through adulthood and aging are included. (3 Lec)
(Coordinating Board Academic Approval Number 4207015125)

PSYC 2316 Psychology of Personality (3)
(This Is a Texas Common Course Number.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the Texas Success Initiative (TSI) standard in Reading and Psychology 2301 recommended. This course is an introduction to the study of personality. Topics of personality and adjustment will be studied in the context of various personality theories. Emphasis will be on the application of those topics. (3 Lec)
(Coordinating Board Academic Approval Number 4201015725)

PSYC 2319 Social Psychology (3)
(This Is a Texas Common Course Number.)
Prerequisite: Psychology 2301. Theories of individual behavior in the social environment are surveyed. Topics include the socio-psychological process, attitude formation and change, interpersonal relations, and group processes. This course is cross-listed as Sociology 2326. The student may register for either Psychology 2319 or Sociology 2326, but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 4216015125)

PSYC 2371 Current Issues in Psychology (3)
(This Is a Unique Need Course.)
This course provides an in-depth study of current issues in psychology. Topics include: abnormal psychology, psychology of the offender, death and dying, and gender roles. Topics may vary from semester to semester. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 4201019125)

QCTC 1343 Quality Assurance (3)
(This Is a WECM Course Number.)
Prerequisite: Credit or concurrent enrollment in MATH 1414 or the equivalent. Information on quality assurance principles and applications; designed to introduce the student to the quality assurance profession. (3 Lec.)

NOTE: HPRS 1204, 1291, 1202, 2300, 2231, 2201 are all health occupations core curriculum courses. These courses are listed and described in a separate section of the college catalog: Health Occupations Core Curriculum.

RELE 1105 Uniform Standards of Professional Appraisal Practices (1)
(This Is a WECM Course Number.)
Provides instruction on current provisions of the Uniform Standards of Professional Appraisal Practice (USPAP). (1 Lec.)

RELE 1191 Special Topics in Real Estate (1)
(This Is a WECM Course Number.)
Topics address recently identified current event, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec.)
RELE 1201 Principles of Real Estate (2)
( This is a WECM Course Number.)
An overview of licensing as a real estate broker and salesperson, ethics of practice, titles to and conveyancing of real estate, legal descriptions, law of agency, deeds, encumbrances and liens, distinctions between personal and real property, contracts, appraisal, finance and regulations, closing procedures, and real estate mathematics. Also includes federal, state, and local laws relating to housing discrimination, housing credit discrimination, and community reinvestment. This course must be taken concurrently with RELE 2209. This course is cross-listed as RELE 1301. The student may register for either RELE 1201 or RELE 1301, but may receive credit for only one of the two. (2 Lec.)

RELE 1291 Special Topics In Real Estate (2)
( This is a WECM Course Number.)
Topics address recently identified current event, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (2 Lec.)

RELE 1301 Principles of Real Estate (3)
( This is a WECM Course Number.)
An overview of licensing as a real estate broker and salesperson, ethics of practice, titles to and conveyancing of real estate, legal descriptions, law of agency, deeds, encumbrances and liens, distinctions between personal and real property, contracts, appraisal, finance and regulations, closing procedures, and real estate mathematics. Also includes federal, state, and local laws relating to housing discrimination, housing credit discrimination, and community reinvestment. This course is cross-listed as RELE 1201. The student may register for either RELE 1301 or RELE 1201, but may receive credit for only one of the two. (3 Lec.)

RELE 1303 Real Estate Appraisal (3)
( This is a WECM Course Number.)
A study of the central purposes and functions of an appraisal, social, and economic determinant of value, appraisal case studies, cost, market data and income approaches to value estimates, final correlations, and reporting. (3 Lec.)

RELE 1307 Real Estate Investment (3)
( This is a WECM Course Number.)
Financing, evaluation, and management of real estate investment. Emphasis on real estate investment characteristics, techniques of investment analysis, time-valued money, discounted investment criteria, leverage, and applications to property tax implications of owning real estate. (3 Lec.)

RELE 1309 Real Estate Law (3)
( This is a WECM Course Number.)
Provides a study of legal concepts of real estate, land description, real property rights, estates in land, contracts, conveyances, encumbrances, foreclosures, recording procedures, and evidence of title. (3 Lec.)

RELE 1311 Law of Contracts (3)
( This is a WECM Course Number.)
Includes the elements of a contract, offer and acceptance, the statute of frauds, specific performance and remedies for breach, unauthorized practice of law, commission rules relating to use of adopted forms and owner disclosure requirements. (3 Lec.)

RELE 1315 Property Management (3)
( This is a WECM Course Number.)
A study of the role of the property manager, landlord policies, operational guidelines, leases, lease negotiations, tenant relations, maintenance reports, habitability laws, and the Fair Housing Act. (3 Lec.)

RELE 1319 Real Estate Finance (3)
( This is a WECM Course Number.)
An overview of the U.S. monetary system, primary and secondary money markets, sources of mortgage loans, federal government programs, loan applications, processes and procedures, closing costs, alternative instruments, laws affecting mortgage lending, and the State Housing Agency. (3 Lec.)

RELE 1321 Real Estate Marketing (3)
( This is a WECM Course Number.)
A study of real estate professionalism and ethics; characteristics of successful salespersons; time management; psychology of marketing; listing procedures; advertising; negotiating and closing financing; and the deceptive trade practice act, consumer protection act, and commercial code. (3 Lec.)

RELE 1323 Real Estate Computer Application (3)
( This is a WECM Course Number.)
A study of the availability of technology, especially software, and its ability to help a real estate agent become more productive. Includes data base mapping interest and software application. (3 Lec.)

RELE 1324 Loan Origination and Quality Control (3)
( This is a WECM Course Number.)
An introduction to the mortgage loan application process. Topics include regulatory compliance and documentation; real estate contracts; the mortgage application process, interview techniques; credit, income and property qualification, quality controls and procedures. (3 Lec.)
RELE 1325 Real Estate Mathematics (3)  
(This is a WECM Course Number.)  
Mathematical logic and basic arithmetic skills including percentages, interest, time-valued money, depreciation, amortization, proration, and estimation of closing statement. (3 Lec.)

RELE 1327 Real Estate Commercial Appraisal (3)  
(This is a WECM Course Number.)  
Principles and techniques used in the valuation of commercial property. Topics include purposes and functions of an appraisal, social and economic forces affecting value, appraisal case studies, cost, and income approaches to value. (3 Lec.)

RELE 1329 Fundamentals of Environmental Issues (3)  
(This is a WECM Course Number.)  
A study of environmental issues affecting the real estate industry including hazardous substances, underground storage tanks, and wetlands. (3 Lec.)

RELE 1381 Cooperative Education - Real Estate (3)  
(This is a WECM Course Number.)  
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. (1 Lec., 20 Ext.)

RELE 1391 Special Topics In Real Estate (3)  
(This is a WECM Course Number.)  
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (3 Lec.)

RELE 1406 Real Estate Principles (4)  
(This is a WECM Course Number.)  
Overview of real estate broker and salesman license; ethical practice; titles and conveyance of real estate; legal descriptions; law of agency, deeds; encumbrances and liens; personal and real property; contracts; appraisal; finance and regulations; closing procedures; real estate mathematics; and federal, state, and local laws relating to housing discrimination; housing credit discrimination, and community reinvestment. (4 Lec.)

RELE 2209 Principles of Real Estate II (2)  
(This is a WECM Course Number.)  
An overview of licensing as a real estate broker and salesperson, ethics of practice, titles to and conveyancing of real estate, legal descriptions, law of agency, deeds, encumbrances and liens, distinctions between personal and real property, contracts, appraisal, finance and regulations, closing procedures, and real estate mathematics. Also includes federal, state, and local laws relating to housing discrimination, housing credit discrimination, and community reinvestment. This course must be taken concurrently with RELE 1201. This course is cross-listed as RELE 2309. The student may register for either RELE 2209 or RELE 2309, but may receive credit for only one of the two. (2 Lec.)

RELE 2301 Law of Agency (3)  
(This is a WECM Course Number.)  
A study of law of agency including principal-agent and master-servant relationships, the authority of an agent, the termination of an agent's authority, the fiduciary and other duties of an agent, employment law, deceptive trade practices, listing or buying procedures, and the disclosure of an agency. (3 Lec.)

RELE 2305 Real Estate Inspections (3)  
(This is a WECM Course Number.)  
A study of the different types of building systems and materials used in the design and construction of real property. Covers residential construction and commercial building systems and materials. Includes different structural building systems with emphasis on wood-related products, concrete and concrete masonry, brick, stone and steel units. The Texas Real Estate Commission Promulgated Property Condition Addendum will be addressed along with inspector and client agreements, tools and procedures, and electro-mechanical systems. (3 Lec.)

RELE 2309 Principles of Real Estate II (3)  
(This is a WECM Course Number.)  
An overview of licensing as a real estate broker and salesperson; ethics of practice; titles to and conveyancing of real estate; legal descriptions; law of agency; deeds; encumbrances and liens; distinctions between personal and real property; contracts; appraisal; discrimination; housing credit discrimination, and community reinvestment. This course is cross-listed as RELE 2209. The student may register for either RELE 2309 or RELE 2209, but may receive credit for only one of the two. (3 Lec.)

RELE 2331 Real Estate Brokerage (3)  
(This is a WECM Course Number.)  
A study of law of agency, planning and organization, operational policies and procedures, recruiting, selection and training of personnel, records and control, and real estate firm analysis and expansion criteria. (3 Lec.)
RELI 1317 The History and Literature of the Bible (3)
(This Texas Common Course Number is PHIL 1317.)
This course presents a history and literature of both the
Hebrew people during the Old Testament period and the
Christian movement during the New Testament period
with emphasis upon the origins and development of the
religious ideas and institutions of the biblical people
(3 Lec.)
(Coordinating Board Academic Approval Number 3802015212)

RELI 2321 Contemporary Religious Problems (3)
(The Texas Common Course Number is PHIL 2321.)
Both classic and recent issues are explored. Such topics
as the nature of religion, the existence of God, world
religions, mysticism, sexuality and religion, and the
interpretation of death are included. This course may be
offered with emphasis on a specific topic, such as death
and dying (3 Lec.)
(Coordinating Board Academic Approval Number 3802015312)

RUSS 1311 Introduction to Russian (3)
(This is a Texas Common Course Number.)
RUSS 1311 is an introduction to the regular Russian
course sequence; it is not a substitute for RUSS 1411.
The focus is on pronunciation and the communications
skills using basic vocabulary and grammar. Customs
and cultural insights are also presented. Students who
wish to continue their studies will next enroll in RUSS
1411. This course is cross-listed as Russian 1411. The
student may register for either Russian 1311 or Russian
1411, but may receive credit for only one of the two.
(3 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 1604025113)

RUSS 1411 Beginning Russian (4)
(This is a Texas Common Course Number.)
This course is an introductory course intended for
students with little or no knowledge of the language. Its
aim is to present essential vocabulary and grammar, and
to develop the pronunciation, listening, reading, and
writing skills necessary for basic communication and
comprehension. Customs and cultural insights are also
presented. This course is cross-listed as Russian 1311.
The student may register for either Russian 1411 or Russian
1311, but may receive credit for only one of the two.
(3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1604025113)

RUSS 1412 Beginning Russian (4)
(This is a Texas Common Course Number.)
Prerequisite: Russian 1411 or the equivalent or
demonstrated competence approved by the instructor.
This course continues the oral practice, reading, writing,
grammer and cultural studies begun in Russian 1411.
Students are expected to acquire a substantial amount
of vocabulary and begin to deal with idiomatic language
and more advanced syntax. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1604025113)
RUSS 2311 Intermediate Russian (3)
(This is a Texas Common Course Number.)
Prerequisite: Russian 1412 or the equivalent or demonstrated competence approved by the instructor. This course is designed to further develop students' overall language proficiency and cultural knowledge through more advanced reading, listening, speaking and writing exercises. Grammatical concepts are reviewed and expanded. (3 Lec.)
(Coordinating Board Academic Approval Number 1604025213)

RUSS 2312 Intermediate Russian (3)
(This is a Texas Common Course Number.)
Prerequisite: Russian 2311 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of Russian 2311. The stress is on reading, composition, grammatical complexities, and intense oral practice, with continued studies of the culture. (3 Lec.)
(Coordinating Board Academic Approval Number 1604025213)

SMFT 1343 Semiconductor Manufacturing Technology I (3)
(This is a WECM Course Number.)
A study of the processes, materials, and equipment used in the manufacturing of semiconductors, including an overview of the semiconductor industry, related terminology, and standard safety practice. (2 Lec., 2 Lab.)

SMFT 2343 Semiconductor Manufacturing Technology II (3)
(This is a WECM Course Number.)
Prerequisite: SMFT 1343 and CETT 1429. The continuation of Semiconductor Manufacturing I covering the processes, materials, and equipment used in the manufacturing of semiconductors. Topics address process-yield analysis and process troubleshooting. (2 Lec., 2 Lab.)

SOCI 1301 Introduction to Sociology (3)
(This is a Texas Common Course Number.)
Prerequisite: Developmental Reading 0093 or English as a Second Language (ESOL) 0044 or have met the Texas Success Initiative (TSI) standard in Reading and Writing. This course is a sociological study of social behavior processes and structures, emphasizing diversity and commonality among human beings. Topics are examined through several sociological perspectives, encouraging critical thinking and personal responsibility about social issues. (3 Lec.)
(Coordinating Board Academic Approval Number 4511019125)

SOCI 1306 Contemporary Social Issues (3)
(This is a Texas Common Course Number.)
This course is a sociological study of social issues which typically include criminal behavior, social justice, poverty, social stratification, demographic shifts, health care, public policy, civil rights and social activism. Specific topics may vary from semester to semester to address contemporary social concerns. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015225)

SOCI 2301 Marriage, Family, and Close Relationships (3)
(This is a Texas Common Course Number.)
Marriage, choosing of a partner, love and attachment, parenting, communication, conflict and conflict resolution are analyzed. Family forms, relationships, and functions are included. Sociocultural differences in close relationships and family behavior are also included. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015425)

SOCI 2319 Race, Ethnicity and Community (3)
(This is a Texas Common Course Number.)
This course focuses on cultural, social, and institutional factors affecting relationships within and among ethnic, cultural, and racial groups. Emphasis is on current problems and intergroup relations, social movements, and related social changes, as well as community building and conflict resolution. The historic contributions of the groups may be presented. (3 Lec.)
(Coordinating Board Academic Approval Number 4511015325)

SOCI 2372 Communication and Negotiation Skills for Conflict Resolution (3)
(This is a Unique Need Course.)
This course teaches how to recognize negative communication styles and the technique necessary to break impasses, and create options or agreement; skills include how to build an atmosphere that fosters negotiation and how to mediate "win-win" solutions. This course is cross-listed as Psychology 2372. The student may register for either Sociology 2372 or Psychology 2372, but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 4511019225)

SOCI 2373 Introduction to Mediation (3)
(This is a Unique Need Course.)
This course defines the process of mediation, its history and development, and examines theories of conflict resolution and negotiation. Explores the use of mediation in domestic, commercial, educational, and other settings. Within each of these contexts, laws, ethics, gender considerations, psychology, sociology, and cultural diversity will be explored. This course is cross-listed as Psychology 2373. The student may register for either Sociology 2373 or Psychology 2373, but may receive credit for only one of the two. (3 Lec.)
(Coordinating Board Academic Approval Number 4511019125)

SPAN 1100 Spanish Conversation (1)
(This is a Texas Common Course Number.)
Prerequisite: Spanish 1411 or Spanish 1412. This course is a further exploration of the Spanish language through creative problem-solving while utilizing the basic elements of the Spanish language. The course may be repeated for credit. (2 Lab.)
(Coordinating Board Academic Approval Number 1609055413)
SPAN 1311 Introduction to Spanish (3)
(This is a Texas Common Course Number.)
SPAN 1311 is an introduction to the regular Spanish course sequence; it is not a substitute for SPAN 1411. The focus is on pronunciation and the communications skills using basic vocabulary and grammar. Customs and cultural insights are also presented. Students who wish to continue their studies will next enroll in SPAN 1411. This course is cross-listed as Spanish 1411. The student may register for either Spanish 1311 or Spanish 1411, but may receive credit for only one of the two. (3 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 1609055113)

SPAN 1411 Beginning Spanish (4)
(This is a Texas Common Course Number.)
This course is an introductory course intended for students with little or no knowledge of the language. Its aim is to present essential vocabulary and grammar, and to develop the pronunciation, listening, reading, and writing skills necessary for basic communication and comprehension. Customs and cultural insights are also presented. This course is cross-listed as Spanish 1311. The student may register for either Spanish 1411 or Spanish 1311, but may receive credit for only one of the two. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1609055113)

SPAN 1412 Beginning Spanish (4)
(This is a Texas Common Course Number.)
Prerequisite: Spanish 1411 or the equivalent or demonstrated competence approved by the instructor. This course continues the oral practice, reading, writing, grammar and cultural studies begun in Spanish 1411. Students are expected to acquire a substantial amount of vocabulary and begin to deal with idiomatic language and more advanced syntax. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1609055113)

SPAN 2306 Spanish Conversation (3)
(This is a Texas Common Course Number.)
Prerequisite: Spanish 1411 and 1412 or the equivalent or demonstrated competence approved by the instructor. This course is designed to strengthen and improve oral skills in the language. Oral activities focus on current events, cultural, historical and social issues. Audiovisual media are used to explore Hispanic life and society. This course is intended to complement Spanish 2311. Topics vary from semester to semester. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055413)

SPAN 2311 Intermediate Spanish (3)
(This is a Texas Common Course Number.)
Prerequisite: Spanish 1412 or the equivalent or demonstrated competence approved by the instructor. This course is designed to further develop students' overall language proficiency and cultural knowledge through advanced reading, listening, speaking and writing exercises. Grammatical concepts are reviewed and expanded. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055213)

SPAN 2312 Intermediate Spanish (3)
(This is a Texas Common Course Number.)
Prerequisite: Spanish 2311 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of Spanish 2311. The stress is on reading, composition, grammatical complexities, and intense oral practice, with continued studies of the culture. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055213)

SPAN 2316 Spanish for Business I (3)
(This is a Texas Common Course Number.)
Prerequisite: Spanish 2311 or the equivalent or demonstrated competence approved by the instructor. This course exposes students to the Spanish language used in business, including the terminology and idioms of Spanish business language in special oral and written communication. Emphasis is placed on the structure and content of Spanish business correspondence. Authentic materials are used to give students a contemporary view of business as it is conducted in Hispanic society. This course is not a substitute for Spanish 2311 or 2312. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055413)

SPAN 2317 Spanish for Business II (3)
(This is a Texas Common Course Number.)
Prerequisite: Spanish 2316 or the equivalent or demonstrated competence approved by the instructor. This course is devoted to the continued development of business language skills with a focus on the accurate use of business vocabulary and business style. Emphasis is on preparing students to function using Spanish in a business setting via practice of receptive and productive linguistic skills. The course also provides training in cross-cultural communication skills and is designed to help students achieve levels of proficiency to meet foreign language needs for business and international trade. This course is not a substitute for Spanish 2311 or 2312. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055413)

SPAN 2321 Introduction to Spanish Literature (3)
(This is a Texas Common Course Number.)
Prerequisite: Spanish 2312 or the equivalent or demonstrated competence approved by the instructor. This course is an introduction to Spanish literature. It includes readings in Spanish literature, history, culture, art, and civilization. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055313)

SPAN 2322 Introduction to Spanish Literature (3)
(This is a Texas Common Course Number.)
Prerequisite: Spanish 2312 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of Spanish 2321. It includes readings in Spanish literature, history, culture, art, and civilization. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055313)
SPAN 2324 Spanish Conversation and Culture Through Reading (3)
(This is a Texas Common Course Number.)
Prerequisite: Three semesters of college Spanish or the equivalent. A reading and conversation course focusing on discussion of contemporary prose. This course seeks to improve comprehension and speaking skills in Spanish. This course may be repeated for credit. (3 Lec.)
(Coordinating Board Academic Approval Number 1609055313)

SPCH 1311 Introduction to Speech Communication (3)
(This is a Texas Common Course Number.)
Prerequisite: One of the following must be met: (1) Developmental Reading 0093 AND Developmental Writing 0093; (2) English as a Second Language (ESOL) 0044 AND 0054; or (3) have met Texas Success Initiative (TSI) Reading and Writing standards. Theory and practice of speech communication behavior in one-to-one, small group, and public communication situations are introduced. Students learn more about themselves, improve skills in communicating with others, and prepare and deliver formal public speeches. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015112)

SPCH 1315 Fundamentals of Public Speaking (3)
(This is a Texas Common Course Number.)
Prerequisite: One of the following must be met: (1) Developmental Reading 0093 AND Developmental Writing 0093; (2) English as a Second Language (ESOL) 0044 AND 0054; or (3) have met Texas Success Initiative (TSI) Reading and Writing standards. An introductory course to develop the student's skills, knowledge, and understanding of the public speaking process. Topics include the principles of reasoning, audience analysis, collection of materials, outlining, and delivery. Emphasis is on the oral presentation of well-prepared speeches, using computer technology when appropriate. (3 Lec.)
(Coordinating Board Academic Approval Number 2310015112)

TECA 1303 Family and the Community (3)
(This is an academic transfer credit course number.)
A study of the relationship between the child, the family, the community, and early childhood educators, including a study of parent education, family and community lifestyles, child abuse, and current issues. (3 Lec.)
(Coordinating Board Academic Approval Number 1907065209)

TECA 1311 Introduction to Early Childhood Education (3)
(This is an academic transfer credit course number.)
An introduction to the profession of early childhood education, focusing on developmentally appropriate practices, types of programs, historical perspectives, ethics, and current issues. If you enroll in this academic transfer credit course, you may also be required to enroll in course CDEC 1174. (3 Lec.)
(Coordinating Board Academic Approval Number 1907065109)

TECA 1318 Nutrition, Health and Safety (3)
(This is an academic transfer credit course number.)
A study of nutrition, health, and safety, including community health, universal health precautions, and legal implications. Practical applications of these principles in a variety of settings. (3 Lec.)
(Coordinating Board Academic Approval Number 1907065209)

TECA 1354 Child Growth and Development (3)
(This is an academic transfer credit course number.)
A study of the principles of normal child growth and development from conception to adolescence. Focus on physical, cognitive, social, and emotional domains of development. (3 Lec.)
(Coordinating Board Academic Approval Number 1907065209)

TECM 1303 Technical Mathematics (3)
(This is a WECM Course Number.)
A review of mathematical functions including fractions, decimals, proportions, perimeters, areas, volumes of geometric figures, and certain algebraic/trigonometric functions, as required by specific businesses and industries for successful on-the-job performance. (3 Lec.)

TECM 1317 Technical Trigonometry (3)
(This is a WECM Course Number.)
Prerequisite: TECM 1341. Study of triangular measurement and calculation in technical applications. Presentation of trigonometry ratio, solution of right triangles, oblique triangles, and vector analysis as used in industrial applications. (3 Lec.)

TECM 1341 Technical Algebra (3)
(This is a WECM Course Number.)
Prerequisite: One year of high school algebra and an appropriate assessment test score or Developmental Mathematics 0097 or Developmental Mathematics 0091 or equivalent. Application of algebra to technical occupations. Topics include principles of linear equations, simultaneous equations, and manipulation of powers and roots. Emphasis on stated word problems relevant to technical and vocational occupations. (3 Lec.)

TECM 1349 Technical Math Applications (3)
(This is a WECM Course Number.)
Prerequisite: TECM 1317. Fundamentals of trigonometry and geometry as used in a variety of technical settings. Topics include the use of plane and solid geometry to solve areas and volumes encountered in industry. (3 Lec.)

TRVM 1101 Customer Sales and Service (1)
(This is a WECM Course Number.)
Practical information and techniques to create excellent customer sale and service unique to the travel public. (1 Lec.)
TRVM 1117 Cruises (1)
(This is a WECM Course Number.)
Current issues and trends related to the cruise industry. Includes a discussion of the many types of cruise lines and the reasons for the popularity of this mode of travel. (1 Lec.)

TRVM 1191 Special Topics in Travel and Tourism (1)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec., 16 Ext.)

TRVM 1291 Special Topics in Travel and Tourism (2)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary. (1 Lec., 2 Lab.)

TRVM 1300 Introduction to Travel and Tourism (3)
(This is a WECM Course Number.)
An overview of the travel industry. Emphasis on travel careers and the impact on society. In addition, this course includes transportation, lodging, hospitality, cruise, group, tours, parks convention centers, governmental agencies and associations. (3 Lec.)

TRVM 1306 Travel Automation I (3)
(This is a WECM Course Number.)
Prerequisite: POFT 1127. An introduction to computer training using one of the major computer reservation systems for the travel industry. (2 Lec., 3 Lab.)

TRVM 1308 Travel Destinations I - Western Hemisphere (3)
(This is a WECM Course Number.)
Study of countries located in the Western Hemisphere including Canada, United States, Latin America, South America, and the Caribbean Islands. Emphasis on the culture, customs, climate, physical features, language, currency, tourist and seasonal attractions. In addition this course includes the study of tourism destination including natural and man-made attractions in each country. (3 Lec.)

TRVM 1323 Group Tour Operations (3)
(This is a WECM Course Number.)
A study of the role of the group planner, selling to groups, and planning itineraries, including components of a tour package, tour costing, advertising, and promotion, group dynamics, and tour guide qualifications. (3 Lec.)

TRVM 1325 Exposition and Trade Show Management (3)
(This is a WECM Course Number.)
A broad-based introduction to the principles and skills required for the management of expositions. Examination of the fundamental business philosophy of expositions and their position in the marketplace. An overview of the major issues in exposition management including needs assessment, budget strategies, site selection, floor plan development, contractor relationships, sales and marketing and related management issues. (3 Lec.)

TRVM 1327 Special Events Design (3)
(This is a WECM Course Number.)
Focus on planning and managing special events in the meeting planning area. An overview of the entire sequence of events from conceptual stage of the first meeting through completion of the event. Emphasis on technical planning skills including site selection, negotiating with suppliers, devising meeting specifications, preparing a budget, and working with facility staff to manage a successful event. (3 Lec.)

TRVM 1331 Introduction to Hospitality Industry (3)
(This is a WECM Course Number.)
An exploration of the hospitality industry with emphasis on history and development. Topics include food, beverage, and lodging management. (3 Lec.)

TRVM 1341 Travel Destinations II - Eastern Hemisphere (3)
(This is a WECM Course Number.)
Study of countries located in the Eastern Hemisphere including Europe, Asia, Africa, Middle East, Commonwealth of Independent States, Australia, and New Zealand. Emphasis on the culture, customs, climate, physical features, language, currency, tourist and specific seasonal attractions. In addition this course will include the study of tourism destinations including natural and man-made attractions in countries located in the Eastern Hemisphere. (3 Lec.)

TRVM 1345 Travel and Tourism Sales and Marketing Techniques (3)
(This is a WECM Course Number.)
A study of marketing, sales techniques, promotions, and advertising theories as applied to the travel and tourism industry. Coverage of the marketing mix in travel, market segmentation, market planning, and the use of advertising and other communication techniques. Emphasis on buyer motivation, telephone sales techniques, profitable travel counseling, and the use of promotional material in selling travel. (3 Lec.)
TRVM 1391 Special Topics in Travel and Tourism (3)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary.
(3 Lec.)

TRVM 1491 Special Topics in Travel and Tourism (4)
(This is a WECM Course Number.)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course may be repeated if topics and learning outcomes vary.
(4 Lec.)

TRVM 2300 Applied Industry On-Line and Software Products (3)
(This is a WECM Course Number.)
Prerequisite: ITSC 1401 or knowledge of Microsoft Office. Overview of the on-line and software products used to assist the industry professional.
(2 Lec., 2 Lab.)

TRVM 2301 Introduction to Convention/Meeting Management (3)
(This is a WECM Course Number.)
Overview of the meetings and conventions industry and the various aspects and skills involved in planning and managing meetings and conventions. Emphasis on types of meetings, meeting markets, industry suppliers, budget and program planning, site selection and contract negotiations, registration and housing, food and beverage requirements, functions and meeting room setup, and audiovisual requirements.
(3 Lec.)

TRVM 2331 Convention and Exposition Law and Ethics (3)
(This is a WECM Course Number.)
Application of general legal principles and statutory requirement for meetings, conventions and trade shows. Emphasis on ethical considerations to problems faced by meeting planners, hotels, and convention centers in the negotiation and implementation of agreements for meetings and similar events. In addition this course will cover legal issues for travel and suppliers.
(3 Lec.)

TRVM 2333 Applied Convention/Meetings Management (3)
(This is a WECM Course Number.)
Prerequisite: TRVM 2301. Discussion of meeting planning with emphasis on the key areas of meeting management. Topics include needs assessment, identifying meeting objectives, program development, facility selection, negotiations, contracts, meeting and function space set-up, promotion and publicity, budgeting, evaluation, and legal issues.
(3 Lec.)

TRVM 2341 International Convention/Meeting Management (3)
(This is a WECM Course Number.)
Prerequisite: TRVM 2301. A discussion of meeting planning notes and responsibilities in an international context. Topics address foreign currency, customs and laws, shipping, international planning resources, marketing, and language interpretation.
(3 Lec.)

TRVM 2343 Exposition Service Contracting (3)
(This is a WECM Course Number.)
Prerequisite: TRVM 1325. A discussion of logistical support systems of expositions and trade shows. Topics include designing floor plans, installation and dismantling of exhibits, freight, and drayage abilities, contracting labor, and working with unions. Instruction in selecting service contractors and hall management.
(3 Lec.)

TRVM 2355 Exposition and Trade Show Operations (3)
(This is a WECM Course Number.)
Prerequisite: TRVM 1325. A discussion of management of the specific problems of trade shows and exhibitions, including design, construction, and regulation. Logistics for planning events, including crowd control, special effects, lighting, decorations and audio. Procedures for conduction fairs, festivals, sporting events, and grand openings.
(3 Lec.)

TRVM 2380 Cooperative Education - Travel and Tourism (3)
(This is a WECM Course Number.)
Prerequisite: Student must have completed basic courses including: TRVM 1300 and TRVM 2301. Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through paid work experience.
(1 Lec., 15 Ext.)

TRVM 2435 Travel Automation II (4)
(This is a WECM Course Number.)
Required prerequisite: TRVM 1306. A continuation of the study of airline computer reservation systems. Emphasis on reserving cars and hotels, using queues, creating passenger profiles, interpreting air fares, rules, and routing, and explaining these to passengers.
(3 Lec., 2 Lab.)
VIET 1311 Introduction to Vietnamese (3)
(This Is a Texas Common Course Number.)
VIET 1311 is an introduction to the regular Vietnamese course sequence; it is not a substitute for VIET 1411. The focus is on pronunciation and the communications skills using basic vocabulary and grammar. Customs and cultural insights are also presented. Students who wish to continue their studies will next enroll in VIET 1411. This course is cross-listed as Vietnamese 1411. The student may register for either Vietnamese 1311 or Vietnamese 1411, but may receive credit for only one of the two. (3 Lec., 1 Lab.)
(Coordinating Board Academic Approval Number 1614085113)

VIET 1411 Beginning Vietnamese I (4)
(This Is a Texas Common Course Number.)
This course is an introductory course intended for students with little or no knowledge of the language. Its aim is to present essential vocabulary and grammar, and to develop the pronunciation, listening, reading, and writing skills necessary for basic communication and comprehension. Customs and cultural insights are also presented. This course is cross-listed as Vietnamese 1311. The student may register for either Vietnamese 1411 or Vietnamese 1311, but may receive credit for only one of the two. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1614085113)

VIET 1412 Beginning Vietnamese II (4)
(This Is a Texas Common Course Number.)
Prerequisite: Vietnamese 1411 or the equivalent or demonstrated competence approved by the instructor. This course continues the oral practice, reading, writing, grammar and cultural studies begun in Vietnamese 1411. Students are expected to acquire a substantial amount of vocabulary and begin to deal with idiomatic language and more advanced syntax. (3 Lec., 2 Lab.)
(Coordinating Board Academic Approval Number 1614085113)

VIET 2311 Intermediate Vietnamese I (3)
(This Is a Texas Common Course Number.)
Prerequisite: Vietnamese 1412 or the equivalent or demonstrated competence approved by the instructor. This course is designed to further develop students' overall language proficiency and cultural knowledge through more advanced reading, listening, speaking and writing exercises. Grammatical concepts are reviewed and expanded. (3 Lec.)
(Coordinating Board Academic Approval Number 1614085213)

VIET 2312 Intermediate Vietnamese II (3)
(This Is a Texas Common Course Number.)
Prerequisite: Vietnamese 2311 or the equivalent or demonstrated competence approved by the instructor. This course is a continuation of Vietnamese 2311. The stress is on reading, composition, grammatical complexities, and intense oral practice, with continued studies of the culture. (3 Lec.)
(Coordinating Board Academic Approval Number 1614085213)
### Texas Department of Health

**Recommended Adult Immunization Schedule**

<table>
<thead>
<tr>
<th>Vaccine/Toxoid Biological</th>
<th>Primary Schedule &amp; Boosters</th>
<th>Indications</th>
<th>Major Precautions &amp; Contraindications Other Than Primary Allergies</th>
<th>Special Considerations</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tetanus-Diphtheria Toxoid</td>
<td>2 doses (IM) 4 weeks apart with 3rd dose (booster) 6-12 months after a booster every 10 years.</td>
<td>All Adults</td>
<td>Consider Human Tetanus Immune Globulin (TIG) for dirty wounds in patients with incomplete immunizations.</td>
<td></td>
</tr>
<tr>
<td>Measles Mumps Rubella (MMR) Vaccine</td>
<td>1 dose (SC); boosters for measles are necessary for certain adults.</td>
<td>Measles/Mumps for adults born after 1/1/57 who lack a vaccine history for measles and mumps since their 1st birthday OR serological proof of immunity OR a physician validated statement of Measles/Mumps illness. 2 doses of measles vaccine are recommended for persons at high risk of exposure (e.g. medical personnel). Rubella for any adult who lacks documentation of rubella vaccine since the 1st birthday OR serological proof of immunity.</td>
<td>Pregnancy; immunocompromised hypersensitivity to neomycin and/or eggs</td>
<td>Persons vaccinated with killed measles vaccine (1963-1967) should be revaccinated with live measles vaccine; MMR is the vaccine of choice if the person is likely to be susceptible to more than 1 agent</td>
</tr>
<tr>
<td>Hepatitis B Vaccine</td>
<td>2 doses (IM) 4 weeks apart; 3rd dose 5 months after 2nd.</td>
<td>Adults at increased risk of occupational, environmental, social, or family exposure</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Influenza Vaccine (Split or Whole Vaccine)</td>
<td>1 dose annually (IM)</td>
<td>Adults with high-risk conditions; adults &gt; or = 65 years old; health care workers</td>
<td>Hypersensitivity to eggs; may be given during pregnancy to high-risk patients.</td>
<td></td>
</tr>
<tr>
<td>Pneumococcal Polysaccharide Vaccine (23 Valent)</td>
<td>1 dose (IM or SC); boosters after 6 years indicated for certain</td>
<td>Underlying health conditions; adults 65 years old and older; adults with anatomic or functional asplenia</td>
<td>Pregnancy</td>
<td>Immune response is better if vaccinated prior to splenectomy</td>
</tr>
</tbody>
</table>

**ALERT!!**

**MEASLES** (aka. rubella, Red Measles, Hard Measles, 10-day Measles)

Measles is a highly contagious viral disease. Antibiotics are NOT available to treat persons infected with this organism. Recent outbreaks of this illness have included many hospitalizations and several deaths among college-aged persons, for these reasons it is strongly recommended that students of Institutions of Higher Education have two doses of the vaccine prior to beginning classes. Most young adults have had only one dose.

The measles vaccine is most often given in combination with the vaccines for mumps and rubella which are also caused by viruses.

**TETANUS** (aka. Lockjaw)

The illness caused by tetanus results from the poison produced by a bacteria. Again this is a very difficult illness to treat once it occurs and prevention is the most appropriate choice. The vaccine is effective for about 10 years and needs to be boosted at that interval. It is now common for older adults to develop Tetanus in the United States as many adults do not receive the recommended 10 year boosters. The Tetanus vaccine should be given in combination with the diphtheria vaccine.

**POLIOMYELITIS**

In the United States, polio immunization is not routinely recommended for persons 18 years of age or older. However, if travel to other parts of the world is planned, a physician should be contacted for specific recommendations.

**SECTION 51.933TEX. EDU. CODE**

The campus health centers have information regarding local providers of immunization services. Check with the health center for specific local information.
Equal Educational and Employment Opportunity Policy

Educational opportunities are offered by the Dallas County Community College District without regard to race, color, age, national origin, religion, sex, disability or sexual orientation. The college provides equal opportunity in accord with federal and state laws. Equal educational opportunity includes admission recruitment, extra-curricular programs and activities, access to course offerings, counseling and testing, financial aid, employment, health and insurance services and athletics. Existing administrative procedures of the college are used to handle student grievances. To file a grievance, refer to the student grievance procedure in the catalog.

Family Educational Rights and Privacy Act of 1974

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day the College receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written, requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes is inaccurate. Students may ask the College to amend a record that they believe is inaccurate. They should write the College official responsible for the records, clearly identify the part of the record they want amended, and specify why it is inaccurate.

If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including campus law enforcement personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing a task.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill the official's professional responsibility.

4. The right to file a complaint with U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202-4605

5. Directory information includes:

a. name;
b. home address;
c. home telephone number;
d. e-mail addresses;
e. field of study;
f. photograph;
g. date and place of birth;
h. dates of attendance;
i. enrollment status, i.e., full-time, part-time, undergraduate, graduate
j. degrees, certificates and other honors and awards received;
k. the type of award received, i.e., academic, technical, tech-prep, or continuing education;
l. participation in officially recognized activities;
m. weight and height of members of athletic teams;
n. student classification;
o. name of the most recent previous institution attended; or,
p. similar information.

Students may request that all or any part of the directory information be withheld from the public by giving written notice to the Registrar's Office during the first 12 class days of a fall or spring semester or the first four class days of a summer session.

Student Consumer Information Services

Pursuant to the Educational Amendment of 1980, Public Law 96-374, the college provides all students with information about its academic programs and financial aid available to students.

Student Right-to-Know Act

Under the terms of the Student Right to Know Act, the college maintains and updates on an annual basis, student persistence, graduation rates, transfer rates and other relevant statistics. To obtain copies of these reports, contact the District Office of Research. College crime statistics may be obtained from college police/security offices. (Published in compliance with the Student Right-to-Know and Campus Security Act; Public Law 101-542.)

Equity in Athletics Disclosure Act

All coeducational institutions of higher education that participate in any Federal student financial aid program and have intercollegiate programs must provide information concerning their intercollegiate athletics programs under the Equity in Athletics Disclosure Act of 1994, Section 360B of Public Law 103-382. This Act and accompanying federal regulations requires that intercollegiate athletics information be made available for inspections by students, prospective students and the public. The college web site or Physical Education Office can provide this information.

Drug-Free Schools and Communities Act

To satisfy the requirements of the "Drug Free Schools and Communities Act," the colleges and facilities are committed to creating an educational and work environment free from use or distribution of illicit drugs and
abuse of alcohol. The college prohibits the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities. Information and confidential referrals concerning counseling and treatment programs for drug and alcohol abuse may be obtained from the Counseling/Advisement Center, Health Center, and location Human Resources Office.

Standard of Conduct
As a college student, you are considered a responsible adult. Your enrollment indicates acceptance of the Code of Student Conduct published in this catalog. If you are unable to complete the course (or courses) for which you have registered, it is your responsibility to withdraw formally from the course (or courses). Failure to do so will result in your receiving a performance grade, usually an "F".

Children on Campus
The institution strives to protect an environment most conducive to teaching and learning for all enrolled students. Children who are taking part in organized scheduled activities or who are enrolled in specific classes are welcomed. Minor children, however, should not be brought to the institution unless closely supervised by their parent. Minor children should not be brought into classrooms, laboratories, or other facilities of the college. This practice is disruptive to the learning process. In the case of an emergency where the student-parent has no alternative but to bring the child to campus, classroom faculty or the administrative heads of other units have full discretion as to whether a child may be allowed to quietly stay in the location. These individuals may require that children be removed by the student-parent from the setting if, in their opinion, the presence of the child is deemed to be disruptive to the learning process. For reasons of security and child welfare the institution will not permit unattended children to be left anywhere on the premises. Parents who have problems with childcare should visit the advisement/counseling center to receive referrals to childcare services in the area.

CODE OF STUDENT CONDUCT

Educational opportunities are offered by the Dallas County Community College District without regard to race, color, age, national origin, religion, sex, disability or sexual orientation.

The Code of Student Conduct, Student Grievance Procedure, Computer Use Policy, Computer Software Policy, Firearms Policy and Communicable Disease Policy are common to all the colleges of the Dallas County Community College District. Certain words in the policies and procedures have been changed to reflect a college perspective; for instance, "District" may have been changed to "college." A complete listing of policies and procedures may be found in the DCCCD Policies and Procedures Manual in the college president’s Office.

Purpose
The purpose of policies about student conduct and discipline are to provide guidelines for the educational environment of the college. This environment views students in a holistic manner, encouraging and inviting them to learn and grow independently. Such an environment presupposes both rights and responsibilities. Free inquiry and expression are essential parts of this freedom to learn, to grow and to develop. However, this environment also demands appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students must exercise these freedoms with responsibility.

Policies, Rules, and Regulations

Interpretation of Regulations: Disciplinary regulations at the college are set forth in writing in order to give students general notice of prohibited conduct. The regulations should be read broadly and are not designed to define misconduct in exhaustive terms.

Inherent Authority: The college reserves the right to take necessary and appropriate action to protect the safety and well-being of the campus community.

Student Participation: Students are asked to assume positions of responsibility in the college judicial system in order that they might contribute their skills and insights to the resolution of disciplinary cases. Final authority in disciplinary matters, however, is vested in the college administration and in the Board of Trustees.

Standards of Due Process: Students who allegedly violate college policy are entitled to fair and equitable proceedings. The focus of inquiry in disciplinary proceedings shall be the guilt or innocence of those accused of violating disciplinary regulations. Formal rules of evidence shall not be applicable, nor shall deviations from prescribed procedures necessarily invalidate a decision or proceeding, unless significant prejudice to a student respondent or the college may result.

Accountability: Students may be accountable to both civil authorities and to the college for acts which constitute violations of law and this code. Disciplinary action at the college will normally proceed during the pendency of criminal proceedings and will not be subject to challenge on the ground that criminal charges involving the same incident have been dismissed or reduced. Students who participate in a college course through the R. Jan LeCroy Center for Educational Telecommunications are subject to the code of student conduct and are assigned a college for that purpose.

Definitions
Definitions to be used in this policy are as follows:

1. "Designated administrator or DA" shall mean an administrator or the officer or officer directly responsible for student affairs in the college.
2. A "student" shall mean one who is currently enrolled in the college.
3. The term "college-sponsored activity" means any activity on or off campus which is initiated, aided, authorized, or supervised by the college.
4. A "college" or "institution" means the colleges of the Dallas County Community College District, including the Bill J. Priest Institute of Economic Development.
5. "College premises" means buildings or grounds owned, leased, operated, controlled, or supervised by the college.
6. "Published college regulation or policy" means standards of conduct or requirements located in the:
   a. College catalog.
   b. Board of Trustees policies and administrative procedures manual.
   c. Student handbook.
   d. Any other official publication.

Bill J. Priest Institute for Economic Development
The president of the Bill J. Priest Institute for Economic Development (BPI) and college presidents are authorized to promulgate written regulations which apply only to students who are subject to provisions of the federal Workforce Investment Act (WIA), as amended, its regulations, and other similar federal programs. BPI or college regulations should be designed to foster good work habits, promote skills desired by local employers, and encourage success in obtaining and maintaining a job. WIA students are subject to conduct standards in the code of student conduct as well as BPI or College regulations; however, the remainder of the code is not applicable to such students. A WIA student who allegedly violates the code and/or BPI or College regulations must be given an opportunity to appeal expulsion, suspension, or other disciplinary sanctions in a manner determined by the college president. WIA students may file grievances with the WORKSOURCE of Dallas, North Texas Consortium and other WIA authorized WIA program managers.

Responsibility
Each student shall be charged with notice and knowledge of the contents and provisions of the District's policies, procedures, and
All students shall obey the law, show respect for properly constituted authority, and observe correct standards of conduct. In addition to activities prohibited by law, the following types of behavior shall be prohibited.

1. Intentionally causing physical harm to any person on college premises or at college-sponsored activities, or intentionally or recklessly causing reasonable apprehension of such harm or hazing.
2. Unauthorized use, possession, or storage of any weapon on college premises or at college-sponsored activities.
3. Intentionally initiating or causing to be initiated any false report, warning, or threat of fire, explosion, or other emergency on college premises or at college-sponsored activities.
4. Intentionally interfering with normal college or college-sponsored activities, including but not limited to, studying, teaching, research, college administration, or fire, security, or emergency services.
5. Knowingly violating the terms of any disciplinary sanction imposed in accordance with college policies, regulations, and procedures.
6. Unauthorized distribution or possession for purposes of distribution of any controlled substance or illegal drug on college premises or at college-sponsored activities.
7. Intentionally or maliciously furnishing false information to the college.
8. Sexual harassment.
9. Forgery, unauthorized alteration, or unauthorized use of any college document or instrument of identification.
10. Unauthorized use of computer hardware or software.
11. Scholastic dishonesty shall constitute a violation of these rules and regulations and is punishable as prescribed by college policies. Scholastic dishonesty shall include, but not be limited to, cheating on a test, plagiarism, and collusion. Cheating on a test shall include:
   a. Copying from another student's test paper.
   b. Using test materials not authorized by the person administering the test.
   c. All forms of academic dishonesty, including cheating, fabrication, facilitating academic dishonesty, plagiarism, and collusion.
   d. Collaborating with or seeking aid from another student during a test without permission from the test administrator.
   e. Knowingly using, buying, selling, stealing, or soliciting, in whole or in part, the contents of an unadministered test.
   f. The unauthorized transporting or removal, in whole or in part, of the contents of the unadministered test.
   g. Substituting for another student, or permitting another student to substitute for one's self, to take a test.
   h. Bribery another person to obtain an unadministered test or information about an unadministered test.
   "Plagiarism" shall be defined as the appropriating, buying, receiving as a gift, or obtaining by any means another's work and the unacknowledged submission or incorporation of it in one's own written work.
   "Collusion" shall be defined as the unauthorized collaboration with another person in preparing written work for fulfillment of course requirements.
12. Intentionally and substantially interfering with the freedom of expression of others on college premises or at college-sponsored activities.
13. Theft of property or of services on college premises or at college-sponsored activities; having possession of stolen property on college premises or at college-sponsored activities.
14. Intentionally destroying or damaging college property or property of others on college premises or at college-sponsored activities.
15. Failure to comply with the direction of college officials, including campus security/safety officers, acting in performance of their duties.
16. Violation of published college regulations or policies. Such regulations or policies may include those relating to entry and use of college facilities, use of vehicles and media equipment, campus demonstrations, misuse of identification cards, and smoking.
17. Use or possession of any controlled substance or illegal drug on college premises or at college-sponsored activities.
18. Unauthorized presence on or use of college premises.
19. Nonpayment or failure to pay any debt owed to the college with intent to defraud. (Appropriate personnel at a college may be designated by college or District officials to notify students of dishonored checks, library fines, nonpayment of loans, and similar debts. Such personnel may temporarily "block" admission or readmission of a student until the matter is resolved. If the matter is not settled within a reasonable time, such personnel shall refer the matter to the DA for appropriate action under this code. Such referral does not prevent or suspend proceeding with other appropriate civil or criminal remedies by college personnel.)
20. Use or possession of an alcoholic beverage on college premises with the exception of:
   a. Specific beverage-related courses with the EI Centro food service program or the International Sommelier Guild's Diploma Program at Bill Priest Institute; or
   b. A course that requires the use of alcohol and is approved by the Texas Commission on Law Enforcement Officers' Standards and Education.

Disciplinary Proceedings: Investigation, Conference and Complaint

Any student violating this policy shall be subject to disciplinary sanctions including suspension, in accordance with The Code of Student Conduct. A "violation" means an act or omission which is contrary to a published college regulation or policy. Sanctions for violations of prohibited conduct for (1) through (6) may result in expulsion; for (7) through (13) may result in suspension; (14) through (20) may result in sanctions other than expulsion or suspension. Repeated or aggravated violations of any provision of this code may also result in expulsion or suspension or in the imposition of such lesser penalties as are appropriate.

"Aggravated violation" means a violation which resulted or foreseeable could have resulted in significant damage to persons or property or which otherwise posed a substantial threat to the stability and continuance of normal college or college-sponsored activities.

Disciplinary Proceedings: Investigation, Conference and Complaint

When the Designated Administrator (DA) directly responsible for student affairs or discipline receives information that a student has allegedly violated a published college regulation or policy, the DA shall investigate the alleged violation, that may include a discussion with a student. After completing the preliminary investigation, the DA may:
1. Dismiss the allegation as unfounded, either before or after conferring with the student;
   or
2. Proceed administratively, which includes a summons, conference and disposition.
3. Upon appeal, prepare a complaint based on the alleged violation for use in disciplinary hearings along with a list of witnesses and documentary evidence supporting the allegation.
4. The DA will notify the individual who filed the complaint of the disposition of the complaint. If the DA dismisses the allegation, the individual may appeal, in writing, to the President within five (5) working days after disposition.

The president or a designee may suspend a student immediately and without prior notice for an interim period pending disciplinary proceedings, when there is evidence that the continued presence of the student on college premises poses a substantial threat to himself or herself, to others, or to the stability and continuance of normal college functions. A student who is suspended on an interim basis shall be given an opportunity to appear before the president or a designee within five (5) working days from the effective date of the interim suspension. A
hearing with the President shall be limited to the following issues only:
1. The reliability of the information concerning the student's conduct, including the matter of his or her identity; and
2. Whether the conduct and surrounding circumstances reasonably indicate that the student's continued presence on college premises poses a substantial threat to himself or herself, to others or to the stability and continuance of normal college functions.

After the hearing, the President or designee may modify the interim suspension as reasonable to protect the student, public, and college.

No person shall search a student's personal possessions for the purpose of enforcing this code unless the student's prior permission has been obtained or unless a law enforcement officer conducts the search as authorized by law.

Summons
The DA shall summon a student regarding an alleged violation of this code by sending the student a letter. The letter shall be sent by certified mail, return receipt requested, addressed to the student at his or her last known address as it appears in the records of the Registrar's Office or shall be delivered personally to the student.

The letter shall direct a student to appear at a specific time and place not less than five (5) working days after the date of the letter, unless the student can show good cause as prescribed below. The letter shall describe briefly the alleged violation and cite the published college regulations or policy which allegedly has been violated. The DA has authority to place a student on disciplinary probation if the student fails, without good cause, to comply with a letter of summons, or to apply sanctions against the student as provided in this code.

Disposition
At a conference with a student in connection with an alleged violation of this code, the DA shall provide the student with a copy of this code and discuss administrative disposition of the alleged violation.
1. If a student accepts the administrative disposition, the student shall sign a statement that he or she understands the charges, his or her right to a hearing or to waive same, and the penalty or penalties imposed, and that he or she waives the right to appeal. The student shall return the signed form by 5:00 p.m. of the day following administrative disposition. Failure to return this form, waives the student's right to appeal.
2. If a student refuses administrative disposition of the alleged violation, the student is entitled to a hearing as provided herein. The DA shall note the date of refusal in writing and the student shall acknowledge in writing such date.
3. Administrative disposition means:
   a. The voluntary acceptance of the penalty or penalties provided in this code.
   b. Other appropriate penalties administered by the DA.
   c. Without recourse by the student to hearing procedures provided herein.

The DA shall prepare an accurate, written summary of each administrative disposition and send a copy to the student (and, if the student is a minor, to the parent or guardian of the student), to the Director of Campus Security, to the complainant, and to other appropriate officials.

Hearing Committee
When a student refuses administrative disposition of a violation, the student is entitled to a hearing before the Student Discipline Committee. The hearing request must be made to the Designated Administrator (DA) (or officer directly responsible for student affairs or discipline) in writing, on or before the sixth (6th) working day after the date of refusal of administrative disposition. The committee shall be composed of equal number of students, administrators, and faculty of the college. The committee and its chair shall be appointed by the President for each hearing on a rotating basis or on the basis of availability. The committee chair will be selected from the administration or faculty.

The chairman of the committee shall rule on the admissibility of evidence, motions, and objections to procedure, but a majority of the committee members may override the chairman's ruling. All members of the committee are expected to attend all meetings and are eligible to vote in the hearing.

The chairman shall set the date, time, and place for the hearing and may summon witnesses and require the production of documentary and other evidence.

The DA shall represent the college before the Student Discipline Committee and present evidence to support any allegations of violations.

Notice
The committee chairman shall notify the student of the date, time, and place for the hearing by sending the student a letter by certified mail, return receipt requested, addressed to the student at his or her last known address appearing in the Registrar's Office records. The letter shall specify a hearing date not less than five (5) nor more than ten (10) working days after date of the letter. If a student is under 18 years of age, a copy of the letter shall be sent to the parents or guardian of the student.

The chairman may for good cause postpone the hearing as long as all interested parties are notified of the new hearing date, time, and place.

Content of Notice
The notice shall advise the student of the following right:
1. To a private hearing or a public hearing (as he or she chooses).
2. To appear alone or with legal counsel if the alleged violation subjects the student to expulsion or suspension. The role of legal counsel is limited as provided in the code.
3. To have a parent or legal guardian present at the hearing.
4. To know the identity of each witness who will testify.
5. To cause the committee to summon witnesses, and to require the production of documentary and other evidence possessed by the College.
6. To cross-examine each witness who testifies.

Failure to Comply with Notice
A student who fails to appear after proper notice and without good cause will be deemed to have pleaded guilty to the violation pending against the student. The committee shall impose appropriate penalty and notify the student in the same manner as the notice of hearing.

Role of Legal Counsel
Legal counsel who represents a student in a hearing where the alleged violation subjects the student to expulsion or suspension is limited to advising and assisting the student. This limitation means that legal counsel shall not cross-examine witnesses, make objections, testify, or perform other similar functions generally associated with legal representation. The same preceding limitation applies to counsel who represents the college. Student representation by legal counsel is not permitted in a hearing where the alleged violation does not subject the student to expulsion or suspension.

Preliminary Matters
Charges arising out of a single transaction or occurrence, against one or more students, may be heard together, or, upon request by one of the students-in-interest, separate hearings may be held.

There will be disclosure of all evidence to both sides prior to the hearing. At least by 12:00 noon, five (5) full working days before the hearing date, the student concerned shall furnish the committee chairman with:
1. The name of each witness he or she wants summoned and a description of all documentary and other evidence possessed by the college which he or she wants produced.
2. An objection that, if sustained by the chairman of the Student Disciplinary Committee, would prevent the hearing.
3. The name of the legal counsel, if any, who will appear with the student.
4. A request for a separate hearing, if any, and the grounds for such a request.
Hearing Procedure

The hearing shall be conducted by the chairman who shall provide opportunities for witnesses to be heard. The college will be represented by legal counsel if the student is represented by legal counsel in a hearing where the student is subject to expulsion or suspension.

If a hearing may result in expulsion or suspension of a student, the college will have a court reporter present to transcribe the proceedings. If a hearing will not result in expulsion or suspension of a student, legal representation is not permitted and recording of the hearing by any means is not permitted unless authorized by law.

If the hearing is a private hearing, the committee shall proceed generally as follows:

1. Persons present shall be the complainant, the DA, and the student with a parent or guardian if desired.
2. Before the hearing begins, the DA or the student may request that witnesses remain outside the hearing room.
3. The DA shall read the complaint.
4. The DA shall inform the student of his or her rights, as stated in the notice of hearing.
5. The DA shall present the institution's case.
6. The student may present his or her defense.
7. The DA and the student may present rebuttal evidence and argument.
8. The committee, by majority vote, shall determine the guilt or innocence of the student regarding the alleged violation.
9. The committee shall state in writing each finding of a violation of a published college regulation or policy. Each committee member concurring in the finding shall sign the statement. The committee shall notify the student in the same manner as the notice of hearing.
10. A determination of guilt shall be followed by a supplemental proceeding in which either party may submit evidence or make statements to the committee concerning the appropriate penalty to be imposed. The past disciplinary record of a student shall not be submitted to the committee prior to the supplemental proceeding. The committee shall determine a penalty by majority vote and shall inform the student, in writing, of its decision as in 9 above.

Evidence

Legal rules of evidence shall not apply to hearings under this code. Evidence that is commonly accepted by reasonable persons in the conduct of their affairs is admissible. Irrelevant, immaterial, and unduly repetitious evidence may be excluded.

The committee shall recognize as privileged communications between a student and a member of the professional staff of the Health Center, Counseling or Guidance Center where such communications were made in the course of performance of official duties and when the matters discussed were understood by the staff member and the student to be confidential. Committee members may freely question witnesses.

The committee shall presume a student innocent of the alleged violation until there is a preponderance of evidence, presented by the DA, that the student violated a published college regulation or policy.

All evidence shall be offered to the committee during the hearing.

A student defendant may choose not to testify against himself or herself. The committee will make a determination based on the evidence presented.

Record

The hearing record shall include: a copy of the notice of hearing; all documentary and other evidence offered or admitted in evidence; written motions, pleas, and other materials considered by the committee; and the committee's decisions.

Petition for Administrative Review

A student is entitled to appeal in writing to the President who may alter, modify, or rescind the finding of the committee and/or any penalty imposed by the committee. A student is ineligible to appeal if the penalty imposed by the appeals committee is less than suspension or expulsion. The President shall automatically review every penalty of expulsion. Sanctions will not be imposed while appeal is pending.

A student is entitled to appeal in writing to the Board through the President, the Chancellor, and the Chairman of the Board. An appeal from the Student Discipline Committee is by review of the record (not de novo).

A petition for review is informal but shall contain, in addition to the information required, the date of the Student Discipline Committee's action and the student's reasons for disagreeing with the committee's action. A student shall file his or her petition with the President on or before the third working day after the day the Discipline committee determines the penalty. If the President rejects the petition, and the student wishes to petition the Chancellor, he or she shall file the petition with the Chancellor on or before the third working day after the President rejects the petition in writing. If the Chancellor rejects the petition, and the student wishes to petition the Board of Trustees, he or she shall file the petition with the Chairman of the Board on or before the third working day after the day the Chancellor rejects the petition in writing.

The President, the Chancellor, and the Board in their review may take any action that the Student Discipline Committee is authorized to take; however, none may increase the penalty. They may receive written briefs and hear oral argument during their review.

A petition for review is informal but shall contain, in addition to the information required, the date of the Student Discipline Committee's action and the student's reasons for disagreeing with the committee's action. A student shall file his or her petition with the President on or before the third working day after the day the Discipline committee determines the penalty. If the President rejects the petition, and the student wishes to petition the Chancellor, he or she shall file the petition with the Chancellor on or before the third working day after the President rejects the petition in writing. If the Chancellor rejects the petition, and the student wishes to petition the Board of Trustees, he or she shall file the petition with the Chairman of the Board on or before the third working day after the day the Chancellor rejects the petition in writing.

The President, the Chancellor, and the Board in their review may take any action that the Student Discipline Committee is authorized to take; however, none may increase the penalty. They may receive written briefs and hear oral argument during their review.

The President, the Chancellor, and the Board in their review may take any action that the Student Discipline Committee is authorized to take; however, none may increase the penalty. They may receive written briefs and hear oral argument during their review.
3. Capricious, or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

Authorized Disciplinary Penalties
The DA or the student discipline committee may impose one or more of the following penalties for violation of a Board policy, college regulation, or administrative rule:
1. An "admonition" means a written reprimand from the DA to the student on whom it is imposed.
2. "Warning probation" means further violations may result in suspension. Disciplinary probation may be imposed for any length of time up to one calendar year and the student shall be automatically removed from probation when the imposed period expires.
3. "Disciplinary probation" means further violations may result in suspension. Disciplinary probation may be imposed for any length of time up to one calendar year and the student shall be automatically removed from probation when the imposed period expires. Students may be placed on disciplinary probation for engaging in activities as illustrated by, but not limited to, the following: being intoxicated, misuse of I.D. card, creating a disturbance in or on college premises, and gambling.
4. "Withholding of transcript or degree" may be imposed upon a student who fails to pay a debt owed the college or who has a disciplinary case pending final disposition or who violates the oath of residency. The penalty terminates on payment of the debt or the final disposition of the case or payment of proper tuition.
5. "Bar against readmission" may be imposed on a student who has left the college on enforced withdrawal for disciplinary reasons.
6. "Restitution" means reimbursement for damage to or misappropriation of property. Restitution may take the form of appropriate service to repair or otherwise compensate for damages.
7. "Suspension of rights and privileges" is an elastic penalty which may impose limitations or restrictions to fit the particular case.
8. "Suspension of eligibility for official athletic and non-athletic extracurricular activities" prohibits, during the period of suspension, the student on whom it is imposed from joining a registered student organization; taking part in a registered student organization's activities, or attending its meetings or functions; and from participating in an official athletic or non-athletic extracurricular activity. Such suspension may be imposed for any length of time up to one calendar year. Students may be placed on disciplinary suspension for engaging in activities as illustrated by, but not limited to, the following: having intoxicating beverages in any college facility, with the exception of specific beverage-related courses within the El Centro food service program; giving false information in response to requests from the college; instigating a disturbance or riot; stealing; any attempt at bodily harm, which includes taking an overdose of pills or any other act where emergency medical attention is required; and conviction of any act which is classified as a misdemeanor or felony under state or federal law.
9. "Denial of degree" may be imposed on a student found guilty of scholastic dishonesty and may be imposed for any length of time up to and including permanent denial.
10. "Suspension from the college" prohibits, during the period of suspension, the student on whom it is imposed from being initiated into an honorary or service organization; from entering the college campus except in response to an official summons; and from registering, either for credit or for noncredit, for scholastic work at or through the college.
11. "Expulsion" is permanent severance from the college.
   A sanction imposed at one college shall apply to all colleges of the College District.

Hazing
1. Personal Hazing Offense
   A person commits an offense if the person commits any of the following:
   1. Engages in hazing.
2. Solicits, encourages, directs, aids, or attempts to aid another person in engaging in hazing.
3. Recklessly permits hazing to occur.
4. Has firsthand knowledge of the planning of a specific hazing incident involving a student, or firsthand knowledge that a specific hazing incident has occurred, and knowingly fails to report said knowledge in writing to the DA or other appropriate official of the institution.

2. Definition
   "Hazing" means any intentional, knowing, or reckless act, occurring on or off the campus of an educational institution, directed against a student, by one person alone or acting with others, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization whose members are or include students at an educational institution. The term includes but is not limited to:
   1. Any type of physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activity.
   2. Any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small place, calisthenics, or any other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
   3. Any activity involving consumption of a food, liquid, alcoholic beverage, liquor, drug, or any other substance which subjects the student to an unreasonable risk of harm or which adversely affects the mental or physical health or safety of the student.
   4. Any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame, or humiliation, or that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described above.
   5. Any activity that induces, causes, or requires the student to perform a duty or task which involves a violation of the Penal Code.

Student Grievance Procedure

Definition
A student grievance is a college-related problem or condition which a student believes to be unfair, inequitable, discriminatory, or a hindrance to the educational process. A grievance also includes discrimination on the basis of race, color, age, national origin, religion, sex, disability or sexual orientation.

Scope
The student grievance procedure is not intended to supplant the Code of Student Conduct, which allows the student procedural due process in disciplinary proceedings initiated by the college. This student grievance procedure is designed to provide the student with the opportunity to file a grievance, as defined above, and to provide a process for resolution of the grievance. A student may file a grievance concerning a policy, procedure, rule or grade if discrimination on the basis of race, color, age, national origin, religion, sex, disability or sexual orientation is the basis for the grievance. This student grievance procedure is not designed to include changes in policy nor does it apply to grading practices. Recommendations for initiating new policy or changing established policy are handled through normal administrative channels. A grade dispute that is not established policy are handled through normal administrative channels. A grade dispute that is not based on an allegation of discrimination is handled under the Grade Dispute Resolution listed below.

Grade Dispute Resolution
Students who wish to dispute a credit course grade may sequentially follow the steps below unless the dispute is resolved at a preceding step:
1. Discuss the dispute with the instructor who awarded the grade.
2. Discuss the dispute with the appropriate division dean.
3. Appeal, in writing, to the appropriate vice-president.
4. Appeal, in writing, to the college president whose decision is final.

A student will receive a written response within ten (10) working days after a written appeal. The appropriate faculty member will be notified in writing regarding the resolution of the matter. A grade dispute will not be considered later than the end of the semester following the semester in which the grade was awarded. If a written appeal is filed, the Board is not required to take any action concerning a grade dispute, but is required to listen if the grade dispute is presented at a public meeting.

Sexual Harassment

The student grievance procedure is not applicable to complaints of sexual harassment. All students shall report complaints of sexual harassment informally to location human resources personnel or location representatives selected by the highest level administrator at the location or formally to the vice chancellor of educational affairs as provided in the sexual harassment procedure.

Informal Procedures

Students who wish to file a college-related grievance should, but are not required, to discuss it with the college employee most directly responsible for the condition which brought about the alleged grievance. If the grievance is not resolved to the student’s satisfaction, the student may appeal to the next level of authority. The student may consult with the administrative offices to determine the next level of authority. If an appeal does not resolve the grievance, the student may proceed to the appropriate vice-president with a written presentation of the grievance. If the vice-president level of appeal does not prove satisfactory to the student, the student may seek review under the formal procedures below.

Other Procedural Matters

If a student files a grievance informally by discussing it with the college employee most directly responsible, etc., the following procedures apply. The student shall discuss the grievance fully at each level in the process. At each level of authority, a decision shall be made based on common sense and good judgement of a reasonable person. Each level may seek the appropriate authority, if necessary, to resolve the grievance. The entire informal procedure should take no longer than 30 days.

Formal Procedures

Procedures for appeals are as follows:

1. A student who wishes a grievance to be heard by an appeal committee must submit a request in writing to the vice-president of student development (VPSD) or employee who is responsible for student development.
2. The VPSD or responsible employee will convene and chair the appeal committee.
3. The appeal must be heard by the committee within ten class days of the request unless extended with the agreement of both the student and the VPSD or responsible employee.
4. The committee will be ad hoc and will consist of two students, two faculty members, and one staff member who is either an administrator or a noncontractual employee. It is the responsibility of the college president or designee to appoint all committee members and the appointor shall examine each member to ensure their impartiality.
5. The appeal committee will make findings and send its decision to the college president. A grievant may seek review of an adverse decision through the president. The decision of the president shall be final.

Board Action

By law, the board of trustees is not required to take any action concerning a grievance, but is required to listen if the grievance is presented at a public meeting.

Appeal Committee Procedures

1. If a student requests a hearing by an appeal committee, a grievance must be in writing and contain:
   a. the student's name and address;
   b. the nature of the grievance, including the date it occurred;
   c. the corrective action sought; and
   d. any other relevant information.
2. A grievance filed, either informally or formally, will not be considered unless it is filed not later than 120 days after the event or occurrence giving rise to the grievance or knowledge of the event or occurrence. The entire formal procedure should take no longer than 30 days.
3. In conducting the appeal committee hearing, the VPSD or responsible employee is authorized to:
   a. require any student or employee to provide a written statement along with any documents concerning the events and circumstances that may have given rise to the grievance;
   b. require any student or employee to appear and testify;
   c. question each individual who testifies; and
   d. copy all documents.

This is not an adversarial proceeding. A VPSD or responsible employee shall conduct a hearing in a professional and cooperative manner and all participants are expected to do likewise.

1. Failure to comply with a summons or order from the VPSD or responsible person may result in disciplinary action.
2. The appeal committee shall base its decisions during a hearing and make a recommendation upon the common sense and good judgement of a reasonable person.
3. The VPSD or responsible employee shall ensure that all relevant evidence is obtained from parties during the hearing.
4. An attorney or other representative of a grievant may present a grievance to the appeal committee, but this presentation does not include questioning or cross-examining witness (including the grievant), objecting to testimony or documents, or similar actions undertaken by an attorney to represent a client.

Coordinators

Coordinator(s) for the Rehabilitation Act of 1973 (Section 504), Americans with Disabilities Act of 1990 (Title II) and Education Amendments of 1972 (Title IX)

Roger Bennett - Executive Dean for Fine Arts & Physical Education
Title IX Coordinator

Cedar Valley College
Dr. Claire Gauntlett – Dean of Institution Effectiveness & Research
Section 504, Title II, and Title IX Coordinator
The college is committed to providing an educational and work climate that is conducive to the personal and professional development of each individual. To fulfill its multiple missions as an institution of higher education, the college encourages, supports, and protects First Amendment rights. The college also strives to protect the collegiality, diversity, pluralism, and the uniqueness of the individual learning, the college encourages a climate that values and nurtures rights and to enhance the self-esteem of all its members. Faculty, staff, and students should be aware that any form of illegal harassment or discrimination against any individual is inconsistent with the values and ideals of our community.

As an institution of higher education, the college encourages, supports, and protects First Amendment rights and an open environment to pursue scholarly inquiry and to share information. Access to networking computer information in general and to the Internet, in particular, supports the academic community by providing a link to electronic information in a variety of formats and covering all academic disciplines. As with any resource, it is possible to misuse computing resources and facilities and to abuse access to the Internet. The following statements address, in general terms, the institution's policies concerning computing use.

The chancellor is authorized to promulgate policies and procedures to implement this policy. Refer to the Business Procedures Manual for additional information.

Use of College Resources
Use of college computing resources and facilities requires that individual users act in compliance with college policies and procedures, and failure to comply may result in restriction or revocation of access to college resources. Computing "resources and facilities" include, but are not limited to college-owned host computer systems, networks, peripheral equipment (such as modems, terminals, and printers), computers and workstations, software, data sets, storage devices (such as CD-ROMS, hard end soft disks and the like), and all computer communications controlled, administered, or accessed directly or indirectly by the college or by any user. The college provides users with an account that permits use of the computing resources and facilities within policies and procedures established by the college. Any person who uses college computing resources and facilities through college-owned equipment (such as public access computers at the libraries and computer labs) is also a user and is permitted to use the computing resources and facilities within policies and procedures established by the college. Users must respect the integrity of computing resources and facilities, respect the rights of other users, and comply with all relevant laws (local, state, federal and international), college policies and procedures, and contractual agreements. Employees who use college computers or facilities must comply with the Texas Public Information Act and the Local Government Records Act as described in CR (Regulation). The college reserves the right to limit, restrict, or deny computing resources and facilities for those who violate college policies, procedures, or local, state or federal laws.

Freedom of Expression
Censorship is not compatible with the goals of the college. The college shall not limit adult users' voluntary access to any information due to its content when it meets the standard of legality. A minor's parent may permit a minor user to have voluntary access to any information that meets the standard of legality.

Privacy
The general right to privacy is extended to the electronic environment to the extent possible. Users have a weakened expectation of privacy when using computing resources and facilities owned by public institutions such as the college. Issuance of a password or other means of access is to ensure appropriate confidentiality of college files and information. It is not a guarantee of privacy nor a license for abuse or improper use of the institution's computing resources and facilities. Privacy is mitigated by the Texas Public Information Act, administrative review, computer system administration, audits, and the nature of the electronic medium itself. Contents of electronic files will be examined or disclosed only when authorized by the user, approved by designated college officials, or required by law.

Intellectual Property
All users should be aware that property laws apply to the electronic environment. Users must abide by all software licenses, college copyright and software policies and procedures, and applicable federal and state law. Users should assume that works communicated through a network are subject copyright unless specifically stated otherwise. Unless permission of the author is obtained, use of any electronically transmitted information must comply with the "fair use" principle found in federal copyright law and CR Regulation.

Criminal and Illegal Acts
Computing resources of the college, which include the hardware, software, and network environment, shall not be used for illegal activities. Any illegal use of these resources will be dealt with by the appropriate college authorities and/or other legal and law enforcement agencies. Criminal and illegal use may involve, but is not limited to: unauthorized access, intentional corruption or misuse of computing resources, theft, defamation, obscenity, child pornography, and harassment based upon race, ethnicity, national origin, disability, age, religion or sex.

Authorized Use
Computing resources are provided by the college to accomplish tasks related to the institution's mission. Some computers may be dedicated to specific enterprises or teaching missions that limit their use. Incidental personal use of computing resources is acceptable if the use:
1. imposes no measurable cost on the college;
2. is not harmful to the college;
3. is not a hindrance to the daily operations of the college; and
4. has no adverse effect upon an individual's job or educational performance.
Unauthorized Use

Unauthorized use of the institution's computing resources and facilities includes but is not limited to: illegal activities; failure to comply with laws, license agreements, and contracts governing network software and hardware use; abuse of communal resources; use of computing resources for unauthorized commercial purposes or personal gain; failure to protect the user's password or use of the user's account; breach of computer security, harmful access or invasion of privacy; use of computing resources for anonymous or identity-masked messages to other college users; or unauthorized encryption. Refer to the Business Procedures Manual for additional information.

Individual Responsibility for Use of Computing Resources and Facilities

All users will use these resources and facilities in accordance with college policies and procedures as well as all laws. Failure to fulfill these responsibilities may lead to the cancellation of computer access, other disciplinary action by the college and/or referral to legal and law enforcement agencies, in accord with existing college policies and procedures. Individuals using the institution's computing resources or facilities shall:

1. Use college computing resources and facilities in accord with this policy, and respect the rights of other computer users by complying with laws, license agreements and contracts.

2. Use communal resources with respect for others. Disruptive mailings and print jobs, typing up work stations, and other disproportionate use of computing facilities prevent others from using these resources.

3. Use of college computing accounts must be limited to authorized purposes. Use of college-owned resources and facilities shall be limited to college-related business or incidental personal use as defined in this policy. Use of computing resources for unauthorized commercial purposes or personal gain is prohibited.

4. Protect the individual's password and use of the individual's account. The user shall not use another person's identification, account or password without his or her permission. Confidential information contained on various computers shall not be shared with others except when those persons are authorized to receive the information. Users shall not intentionally seek, read, provide, remove, reconfigure or modify information in or obtain copies of any files, accounts, software, hardware, programs, or passwords belonging to other computer users or the college without the permission of those other computer users or the college. A user must obtain written permission from the owner of a file to alter or copy a file if the file does not belong to the user or the file has been sent to the user by the owner.

5. Report improper use of computer resources and facilities which may include:
   a. Breach of computer security
   b. Unauthorized access to computing resources
   c. Release of password or other confidential information on computer security
   d. Harmful access
   e. Alteration, damage, or destruction of data
   f. Injection of a destructive computer virus
   g. Invasion of privacy
   h. Reading files without authorization
   i. Criminal and illegal acts

6. Comply with requests concerning computing from the system operator.

7. Report any incidents of harassment and/or discrimination using college computing resources and facilities in accord with the institution's policy. It may be harassment if the behavior:
   a. is unwelcome;
   b. interferes with the user's ability, or the ability of others to work or study;
   c. creates an intimidating, hostile or offensive environment.

Alternatively, users may file a grievance through appropriate channels.

8. Respect the forum (talk groups, bulletin boards, public computing facilities) when communicating ideas to others via college computing facilities and resources (includes access to external networks). All communications should reflect high ethical standards and mutual respect and civility. Users may use external network (e.g., BITNET, Internet) links solely for the purposes permitted in these policies and in the external network guidelines. Users are responsible for obtaining and adhering to all of the policies published by the external networks they use. The ability to connect to external systems through the college systems does not imply the right to connect to these systems or to make use of these systems unless properly authorized by the owners of those systems.

Computer Software and Copyright Law

The college respects the copyrights of others. With very few exceptions, all computer software and documentation is protected by federal copyright law. The unauthorized or unlicensed use, duplication or copying of computer software or documentation is contrary to college policy and is a violation of the law. Violators of any copyright are subject to both civil and criminal penalties and/or disciplinary action. College regulations and procedures will establish guidelines for the use of computer resources and local area networks.

Computer Software Policy

It is the policy of the college to respect the copyrights of others. With very few exceptions, all computer software and documentation is protected by federal copyright law. The unauthorized or unlicensed use, duplication or copying of computer software or documentation is contrary to college policy and is a violation of the law. Violators of any copyright are subject to both civil and criminal penalties and/or disciplinary action. Students may use individually owned software on college computers only if the user can provide proof of a license from the copyright owner or will sign a statement to that effect. Additionally, installation of any individually software may need to first be approved by the appropriate college official. Students may have access to computer networks only to further the institutional goals of the college.

Communicable Disease Policy

Purpose: The college acknowledges the serious threat to our community and nation posed by the AIDS epidemic. This policy and other procedures developed by the president shall emphasize educating employees and students concerning AIDS and managing each case of AIDS individually with sensitivity, flexibility, and concern for the individual as well as employees and students. In addition, this policy defines and addresses other communicable diseases which from time to time arise in the colleges and District among students and employees.

Philosophy: Decisions concerning a person who has a communicable disease shall be based upon current and well-informed medical judgment which includes the nature of the disease, risk of transmission to others, symptoms, and special circumstances of the person, and balancing identifiable risks and available alternatives to respond to a student or employee with a communicable disease.

Nondiscrimination

Students: No student will be required to cease attending a college or participating in college functions solely on the basis of diagnosis of a communicable disease.

Employees: An employee who has a communicable disease will be treated in the same manner as other employees who have other illnesses or injuries.

Confidentiality

The college shall comply with applicable statutes and regulations which protect the privacy of persons who have a communicable disease.
DCCCD Board of Trustees

Jerry Prater
   Chair

Pattie T. Powell
   Vice Chair

Kitty Boyle

Charletta Compton

John R. (Bob) Ferguson III

Diana Flores

Martha Sanchez Metzger
Education
The president shall develop and maintain a comprehensive educational program regarding HIV infection for students and employees. Each college shall have a communicable disease coordinator. The coordinator shall be a registered nurse who has received training in communicable disease. It is strongly encouraged to report the disease to the coordinator.

Counseling
The communicable disease coordinator shall refer students and employees to sources of testing for HIV infection and counseling upon voluntary request. An individual shall bear the expenses of such testing and counseling.

Firearms Policy
Firearms are strictly forbidden upon any campus (including all buildings and grounds) and all other locations owned, operated or leased by the Dallas County Community College District. This prohibition applies to any person including a person who processes a license to carry a handgun under the Concealed Handgun Law.

Sexual Offender Registration Act
A registered sex offender who is present at a college or District Office as a student, employee, volunteer or contract worker, is required to register at the college police department where the offender is present according to the Texas Code of Criminal Procedure.
