The Computer Skills Placement Test (CSP) is designed to assess the computer literacy skills that you need to be successful in your college career. It consists of a total of 60 questions over six areas (10 questions per area): Basic Concepts, File Management, Information and Communication, Word Processing, Spreadsheets, and Presentations. You will have 70 minutes to complete the CSP. The sample questions below are similar to those you may see on the CSP. There are a combination of multiple choice and “click on the screen” questions. Take a moment to review these questions and familiarize yourself with the Microsoft Office 2007 software (Word, Excel, Powerpoint). It is important to be aware that although there may be more than one way to accomplish a task in the Office products, each question is asking for one specific method. Pay particular attention to the toolbars and their contents, and read the questions carefully (answers are located at the end of this document).

**Basic Concepts**

1. Which of the following is an input device?
   - Speakers
   - Mouse
   - Monitor
   - Printer

2. Which of the following has the highest memory capacity?
   - Internal hard disk
   - Zip disk
   - DVD

3. Which of the following is used to measure hard drive capacity?
   - bps
   - Gigahertz
   - Gigabyte
   - dpi

4. Which of the following is an output device?
   Indicate your answer by clicking on the picture.
Word Processing

5. Which tab would you click to check the spelling on the document below?

![Microsoft Word screenshot showing the spelling checker feature]

The college’s open door admissions policy ensures that every person who can benefit from higher education has the opportunity to enroll. Students admitted are automatically admitted to the seven colleges of the Dallas County Community College District composed of Brookhaven, Cedar Valley, Eastfield, El Centro, Mountain View, North Lake and Richland colleges. Admitted students may take courses at any of the colleges under certain conditions.

6. After highlighting the passage below, where would you click on the toolbar to double-space it?
